Subject: **Intimation regarding commencement of commercial production of G12R TOPCon Third Generation Solar Cell Manufacturing Plant.**

Reference: **Regulations 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations")**

Dear Sir/Ma'am,

Pursuant to Regulation 30 read with Para B of Part A of Schedule III and other applicable provisions of the Listing Regulations, we hereby inform you that the Company has commenced commercial production of G12R TOPCon Third Generation solar cell manufacturing plant with effect from 28th November, 2026. The efficiency of G12 TopCon solar cell is highly encouraging.

The commencement of commercial production from the aforesaid manufacturing plant represents an important milestone in the Company's backward-integration strategy. The in-house G12R TOPcon Third Generation solar cell capacity of 2.2 GW will strengthen the Company's solar photovoltaic manufacturing capabilities by integrating solar cell. It is also expected to provide the Company with greater control over the availability, quality and consistency of a critical input used in the manufacture of solar photovoltaic modules.

The focus would now shift to the project of first phase of Wafer and Ingots to have full supply value chain to achieve end to end solution.

The inspection for inclusion under the Approved List of Models and Manufacturers (ALMM) List-II is expected next week, approval will follow thereafter.

The information contained in this intimation is also being made available on the Company's website at https://alpexsolar.com/investors/corporate_announcements.

You are requested to take the above information on record.

Thanking you,

Yours faithfully,
For Alpex Solar Limited
