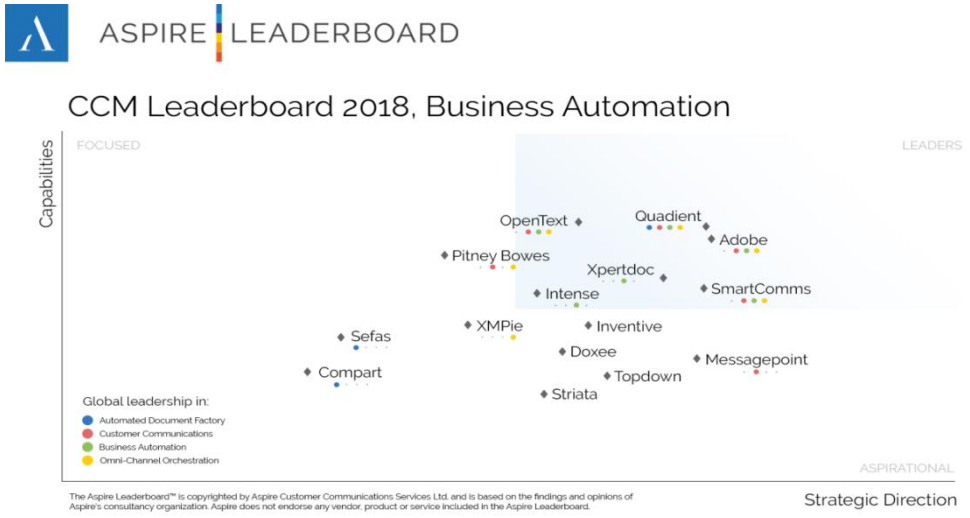
Intense Technologies amongst Business Automation 'leaders' in Aspire Leaderboard™

Hyderabad – June 4, 2018 – Intense Technologies is pleased to inform that it has been added to the Aspire Leaderboard™- a digital first CCM vendor positioning portal developed and marketed by Aspire. Intense Technologies has been positioned in the Aspire Leaderboard™ grids of Business Automation as 'Leader' and as 'Focused' in the Overall Leaders for CCM, Customer Communications and Omni-channel orchestration.



Commenting on the development, C.K. Shastri, Chairman and Managing Director, Intense Technologies, said,

"We are honored to be a part of the Aspire Leaderboard, which is focused on Customer Communications Management (CCM) and digital customer experience. UniServe™ NXT, our low-code development platform focuses on helping enterprises build business agility by developing enterprise applications that enable seamless collaboration between processes and stakeholders. This positioning adds another laurel to Intense's growing list of accolades for 2018 reinforcing our positioning as a strong player in digital transformation for enterprises."

Kaspar Roos, CEO & Founder, Aspire, commented,

"Intense Technologies performed well in the 2018 Aspire Leaderboard, due to its strengths in business automation, the company's focus on deploying its software as a low-code development framework, as well as employing new technology such as Robotic Software Automation. It is also seeing more success outside of its South Asian home market."
