**Sub: Business Announcement**

**Ref: Regulation 30(3) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015**

**Dear Sir/Madam,**

In pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, We are pleased to inform that Zeal is further enhancing its capacity building in cargo business by strengthen scheduled freighter services from Navi Mumbai International Airport (NMI) to its hub at Jomo Kenyatta International Airport (NBO) in Nairobi, Kenya, with onward connections to Johannesburg, Juba, Mogadishu, Asmara, Port Sudan, Mwanza, Kigali and more than 50 destinations across the African continent.

The such service will be operated using Astral Aviation's Boeing 767 freighter, providing dedicated cargo capacity between India's rapidly expanding commercial and manufacturing markets and Africa's emerging economies and will provide Indian freight forwarders, manufacturers, exporters and logistics providers with an alternative gateway to Africa, combining dedicated wide-body freighter capacity with Astral's established African distribution network.

The partnership is also expected to strengthen Navi Mumbai's emerging position as an international cargo gateway, supporting the development of new trade lanes between India and Africa.

**Statement from Astral Aviation**

Mr. Sanjeev Gadhia, Founder and Chief Executive Officer of Astral Aviation, commented:

"India and Africa have enjoyed centuries of trade, cultural and economic relations, yet direct air cargo connectivity between our two regions remains significantly underserved. We are delighted to announce our twice-weekly Boeing 767 freighter service from Navi Mumbai to Nairobi, which will provide Indian exporters and freight forwarders with a dedicated air cargo gateway to more than 50 destinations across Africa. Our objective is to bridge the connectivity gap between India and Africa by offering reliable, efficient and competitive air freight solutions, particularly for pharmaceuticals, e-commerce, engineering goods and other time-sensitive commodities. India is one of Africa's most important trading partners, and we see tremendous opportunities to support the next phase of growth in bilateral trade by connecting Indian manufacturers directly with African businesses and consumers. We are equally excited about the potential to stimulate African exports to India, creating a sustainable two-way trade corridor that benefits businesses on both continents. Our partnership with Zeal Global will be instrumental in developing the Indian market, and we look forward to

working closely with the freight forwarding community to establish Navi Mumbai as an important gateway for India-Africa air cargo trade."

**Mr. Nipun Anand, Founder & Director of Zeal Global Corp, commented:**

"We are delighted to partner with Astral Aviation in introducing dedicated freighter connectivity between Navi Mumbai and Nairobi. Africa represents an important and growing market for Indian exporters, particularly in pharmaceuticals, healthcare, e-commerce and industrial products. This service is more than just a new air cargo connection; it represents an important step towards building a stronger and more efficient India-Africa trade corridor. By combining Astral Aviation's extensive African network with Zeal Global's commercial expertise and relationships across the Indian air cargo industry, we aim to create new opportunities for businesses on both continents. At Zeal Global, we remain committed to expanding international air cargo connectivity and bringing global airline partnerships closer to India's exporters and logistics industry. We look forward to working with our customers and partners to unlock the significant cargo potential across this important trade corridor."

The Management of Company is confident that this collaboration will help the Company to expand its presence in the Logistics Sector in India and other parts of the Globe, as it has immense potential, and management of the Company are aiming to capitalize this opportunity for the benefit of all our stakeholders.

This is for your kind information and record please.

Thanking You,

Yours faithfully,

**For Zeal Global Services Limited**
