6. Mandate Registration

6.1 What is a mandate?

- A mandate is a standing instruction provided by the customer to the issuing bank and other institutions, which allows these financial institutions to automatically debit the amount mentioned in the mandate from the customer’s bank account.

6.2 What are the different types of mandates?

- There are 2 types of mandates – Physical (NACH) and E-Mandate

6.3 What is maximum amount for Physical & E-Mandate?

- In Physical (Nach) Mandate & E-Mandate, the limit is up to 1 Cr. Per transaction or as prescribed by NPCI from time to time

6.4 What are the timelines to process a mandate?

- For Physical mandate, 20 working days and for E-mandate 5 working days.

6.5 What are the banks are available for E-mandate registration?

- Kindly refer the path Member desk> Bank list>e-mandate bank list

6.6 How can the Member/MFD register a mandate (Physical/E-Mandate)?

- To register a mandate, follow the below steps:
 - Member/MFD can register mandate of his clients through UI from the Path: Menu>XSIP>Mandate>Mandate Registration or can upload the Bulk file in the path below to register Mandates. Path: XSIP>Mandate>Mandate Bulk Upload.
 - Member/MFD needs to enter all the required details including the Mandate type (NACH MANDATE or eNACH MANDATE) and save the data entered.

For physical mandate, kindly follow the below:

- select Mandate Type: X.
- After registering ACH Mandate, investor will receive email communication with prefilled mandate form.
- Investor will check the details and will sign the form as per bank records
- Member need to upload the signed ACH form on the path – XSIP>Mandate>Upload scan mandate
- Post upload of signed mandate form, details are sent to the Service Provider
- Service Provider will check all details and provide unique UMRN no against the registered mandate.
- Post which upload the details and reflect the status of the mandate in the mandate detailed report

For E-Mandate, kindly follow the below:

- select Mandate Type: E
- After registering E-Mandate, investor will receive email communication with the link to initiate the E-mandate registration
- investor has the option like Net Banking, Aadhar Card or Debit Card to register the e-mandate
- E-mandate is applicable to only individual tax codes as per below table:

Tax Code	Tax Name
01	Individual
02	On behalf of minor
11	NRI-Others

13	Sole Proprietorship
21	NRE
26	NRI Child
28	NRI - Minor (NRO)
41	QFI - Individual
42	QFI - Minors
61	OCI - Repatriation
62	OCI - Non-Repatriation
70	Person of Indian Origin
76	Seafarer NRE

6.7 What are the authorization modes allowed for E-mandate registration?

- Currently Net banking, Aadhar and Debit card are allowed.

6.8 When should the client authorize a mandate is the start date and registration date the same?

- Client should ensure to authorize the mandate before 12 p.m. if the start date and registration date is the same.

6.9 How to upload scan mandate form?

- For physical mandates - Navigate to XSIP → Mandate Upload scan mandate → filter date wise/search by UCC → click on view. Upload the image against the desired UCC after the client's signature.

6.10 How to download prefilled scan mandate form?

- After registering Mandate Member/MFD can download the prefilled Mandate form of the registered mandate. Navigate to - Member desk>Menu>XSIP>Mandate>NACH PRE-Filled ACH Download

6.11 How can the Member/MFD generate mandate reports?

- To generate mandate reports, navigate to XSIP, then Mandate, and select Mandate Detailed Report.

6.12 What is the maximum period for which a mandate can be issued?

- As per NPCI notification NPCI/NACH/OC No. 012/2023-24 dated December 29, 2023, Mandate can be issued for a maximum duration of 40 years from the date of issuance.
- XSIP end date will be given a grace period of 1 month to avoid any lapse of last instalment trigger due to holidays. For e.g. If SIP end date is on 10/03/2025 then it will be given a grace period of 1 month. Thus, SIP end date will be extended upto i.e. 10/04/2025 and the mandate shall be expired 2 days prior to the extended grace period i.e. on 08/04/2025.

6.13 If Exchange user rejected the Physical mandate due to any business validation, can Member/MFD rectify and reupload the same.

- Yes, Member/MFD can rectify the same and reupload until it will not move to further stage to bank.

6.14 If bank rejected the physical mandate due to any validation, can the same again be modified and uploaded.

- No, once the bank is rejected any mandate due to any validation. Member must register the fresh mandate only.

6.15 How long mandate link will be valid?

- Link will be valid for T+1.

6.16 Can the mandate link be retriggered?

- Yes, the member/MFD can retrigger the link to the investor by clicking on XSIP →mandate→ Mandate detail report and selecting the required mandate.

6.17 Can Member/MFD download the sample Physical mandate form?

- Yes, navigate to XSIP →mandate →NACH Pre-filled mandate Download. By clicking on Hyper link “Download blank mandate” the form will get downloaded.

6.18 If Physical mandate is rejected by Exchange users, how Member/MFD can re-upload the form by doing required rectification?

- Once the Physical mandate is rejected by Exchange users it goes to Member/MFD queue. To reupload the rectified form, Member must navigate to XSIP→Mandate→Upload Scan Mandate.

6.19 Can Member/MFD map the existing SIP with newly created Mandate ID with Exchange where Exchange does the fund collection?

- For mandate mapping and unmapping, member can access the path: **Bulk Upload >> SIP/XSIP Mandate Shifting**
- **To Map a mandate:** Provide the SIP number and mandate ID
- **To Unmap a mandate:** Enter the SIP number and leave the Mandate ID field blank.
- A sample file is available on the entry screen, for your reference.
- only .csv or .txt file allowed with pipe (|) separated values. Kindly import file without header.

6.20 What are mandate rejection reasons and remedial action to be taken?

- The mandate rejection reasons, and remedial action are as follows:

For HDFC Bank (E-Mandate):

Sr.no	Error codes	Action point

26.	No Details available for Requested Mandate Req ID	Request is failed at NPCI end with error as mentioned. Request you to pls ask customer to reinitiate the fresh mandate registration and check.

6.21 In the mandate report we are receiving two status i.e Status and ENACH Status in E-Mandate Mandate and only status in Physical Mandate?

- We wish to inform you that both the status remarks refer to different responses altogether. In E-mandate, ENach status column refers to Mandate response received by the Bank by generating UMRN.
- For both E-mandate and Physical mandate, the Status column refers to the mandate status after uploading response file received from the aggregator.

6.22 What are the different mandate statuses available in the mandate detailed report?

- The different mandate statuses available in the mandate detailed report are as under:

Status	Clarification as per the NSE	Mandate Type
Approved	Mandate is approved. MIS is uploaded and UMRN as well as status is updated.	Both
Assigned to Agency	This is for Physical Mandate. If Mandate is processed by Member, this will be assigned to Agency desk login	Physical Mandate
Initial Rejection	In case there is mismatch in the mandate details. In MIS from HDFC and Bill desk we receive the initial rejection and fresh mandate to be registered	Both
Pending	Mandate journey is incomplete.	Both
Physical not Received	Scanned image is not received by the Exchange	Physical Mandate
Received By Exchange	Scanned image is uploaded and is received by Exchange	Physical Mandate
Registered by member	Mandate processed by member	Both
Rejected	Mandate is rejected by service provider.	Both
Scan Image not uploaded	Scanned image is not uploaded	Physical Mandate
Under Processing	Mandate journey is complete status is not yet updated by uploading the MIS received from service provider by Exchange	Both
Verification Failed	Scanned image is not proper hence rejected by Backoffice	Physical Mandate
Verified By Exchange	Scanned image is proper hence verified by Exchange.	Physical Mandate

6.23 Will NSE provide new Mandate IDs for existing mandates that were originally created on NSE NMF or will the existing Mandate IDs from NMF continue to remain valid and unchanged?

- The existing mandate IDs will continue.

6.24 What if the bank status of the investor changes from SB to NRO and has an active mandate mapped with active SIP before change?

- In such scenario new scan mandate to be registered and mapped the active SIP to the new mandate.
- Please note E-mandate facility is not available for NRO investor.

6.25 What is the logic used to validate the minimum and maximum days between registration (Start Date) when the generate first order today open is ticked in case of XSIP, STP and SWP?

- The minimum and maximum days gap is available in the respective scheme master of XSIP, STP and SWP. Further, the same is also mandate dependent. Refer below table for the same:

Mandate Status	Mandate Type	Expected Gap between Current Date & XSIP Start date
Approved	ACH	2 working days (authorisation day)
	eNACH	2 working days (authorisation day)
Under Process	ACH	2 working days + 20 calendar days (Mandate approval day)
	eNACH	2 working days + 5 calendar days (Mandate approval day)

6.26 Is e-mandate registration allowed for non-individual investors?

- Yes, e-mandate registration is allowed for non-individual investors, provided there is single authorized signatory with financial rights for Netbanking or Debit card. We will facilitate and submit the mandate registration from our platform. However, the final acceptance and activation of the mandate is solely at the discretion of the Beneficiary Bank. This facility is currently available only through Netbanking and Debit card.

7. Transaction Process

7.1 What types of transactions are supported on the NSE MF Invest Portal?

- **Lumpsum**
 - Fresh purchase & Additional purchase
 - Redemption
 - Switch
- **Systematic Transactions**
 - SIP & XSIP
 - STP
 - SWP

7.2 What does lumpsum transaction consists of?

- 'Fresh' purchase indicates the purchase Orders that are placed for the selected scheme for the very first time. 'Additional' purchases mean any incremental purchase of units of the same scheme, which is already available in your folio/demat account.
- Redemption is nothing but a process of withdrawing Amount or equivalent units from your mutual fund investments and getting the money back from your investment at the net asset value (NAV) prevailing on the redemption day.
- Switching refers to transferring from debt to equity or liquid funds or vice versa. Also from regular to direct mutual fund plans is only permitted for trading members. This helps to manage risk or enhance returns. Further, switches from direct to regular plans is not permissible. The switches are allowed only within the schemes of the same AMC or plans of the same AMC. Switches between schemes of different AMCs are not permissible.

7.3 What is L0 settlement type/Transactions?

- To avail historical NAV (previous day NAV), transactions that are placed to purchase units of Liquid Mutual Fund schemes by selecting L0 as a suffix to the scheme type, are called L0 transactions. It is also a separate settlement type defined while placing the order. L0 transactions for purchase are accepted on the NSE MF Invest platform till 1:00 p.m. on a business day.

7.4 What is L1 Settlement Type/Transactions?

- Transactions that are placed to purchase units of Non-Liquid Mutual Fund schemes and have a value of Rs 2 Lakhs and above are called L1 transactions. L1 transactions for purchase are accepted on the NSE MF Invest platform till 2:30 p.m. on a business day.

7.5 What is Normal settlement type/Transactions?

- Apart from L1, L0 & MF, transactions that are placed to purchase units of Non-Liquid Mutual Fund schemes and have a value of less than Rs. 2 lakhs are called as Normal Purchase transactions. Any Liquid transaction which not having L0 settlement also called Normal Transaction. Redemption and switch are permissible only in Normal Transaction.

7.6 What is MF settlement Type/Transactions?

- MF settlement type pertains to NFO schemes. It also consists of FMP, ETF & Internal funds. Redemption and switch transactions are not allowed.

7.7 What are the different types of plans in Mutual fund schemes?

- Growth
- Dividend payout
- Dividend Reinvestment

7.8 How do I enter a Purchase/Redemption transaction?

- Member/MFD can place fresh/additional transaction of their clients through UI from the Path - Menu> Quick Order

- Member/MFD can also place orders through bulk upload option in the path below to place fresh/additional transactions.
 - Navigate to Utilities and select Bulk Upload.
 - Choose the file type "Order Entry" and upload .csv or .txt files with pipe-separated values with or without headers.
 - After uploading, the investor must make payment through the link sent via email

7.9 What is the cut-off time for all transactions?

- The cut-off time for all transactions is as under:

Type of Schemes	Transaction type	Cut-off timings
Liquid Funds	Subscription	1:00 p.m.
	Redemption	3:00 p.m.
Overnight Funds	Redemption	7:00 p.m.
All other schemes (other than Liquid Funds / Overnight Funds)	Subscription	2:30 p.m.
	Redemption	3:00 p.m.

Note: Only reconciled funds will be reported to the RTA

7.10 Is the mode of payment mandatory at the time of authorization of order?

- Yes, it is mandatory as order will go for further processing only post selection of payment mode.

7.11 What is the TAT for an order if payment mode is mandate?

- The TAT for lumpsum transactions for payment mode OTM is T+1 subject to authorization before 11 a.m. or else T+2.

7.12 The transaction payment link is valid till what time?

- Payment link is valid till T+1 day post which the order will get auto rejected.

7.13 How can I view all orders?

- To view all orders, navigate to Member Desk, then Menu, and select View Orders. View and filter orders by AMC, Scheme Name, Scheme Code, Client Code, and Order IDs. The orders will reflect only for the current day.
- For non-reconciled orders, member can the check in the provisional order report.

7.14 How do I cancel/modify orders in the system?

- To cancel orders in the system, navigate to Utilities and select Bulk Upload. Choose the file type "Order Cancellation" and upload .txt or .csv files with pipe-separated values without headers. However, if the payment/authorization is completed member cannot cancel/modify the order.

7.15 Bulk order cancellation is allowed for which type of orders?

- Bulk order cancellation is allowed for lumpsum and SIP child-orders.

7.16 At the time of placing a lumpsum order, member order is rejected at the RTA's end with the said rejection remark - Order Placement Issue - Broker Code Not Empanelled?

The order had failed as the member was not empanelled for Direct schemes with RTA.

7.17 What is SIP registration?

- Systematic Investment Plan (SIP) is an investment plan (methodology) offered by Mutual Funds wherein one could invest a fixed amount in a mutual fund scheme periodically, at fixed intervals instead of making a lump-sum investment.

7.18 How to identify in a scheme whether purchase, redemption, switch, SIP, XSIP, STP & SWP transactions are allowed?

- The transaction type eligibility differs for each scheme of the AMC. If following flag is mentioned as Y in scheme master, then respective transactions are allowed by the AMCs. If mentioned flag is N, transactions not allowed by the AMCs. The same identification can be followed for various other transaction types like switch, SIP, STP, SWP etc.

7.19 What does Systematic transactions consist of?

- SIP - Systematic Investment Plan or SIP is a method of investing in mutual funds wherein an investor chooses a mutual fund scheme and invests the fixed amount of his choice at fixed intervals. Collections are not done through the mandate.
- XSIP - XSIP are those SIPs where the mandates are registered in favour of the Exchange, and the collection is done through the mandate registered.
- STP - A Systematic Transfer Plan (STP) allows an investor to transfer a fixed amount of money at a fixed interval from one mutual fund scheme (the Source scheme) to another (the Target scheme).
- SWP - SWP or systematic withdrawal plan is a mutual fund investment plan, through which investors can withdraw fixed amounts at regular intervals from the investment they have made in any mutual fund scheme.

7.20 What are the key parameters of SIP registration?

- Same Day SIP: If yes, first instalment will trigger on date of SIP registration else on SIP date
- Frequency: Daily, Weekly, Fortnightly, Monthly, Quarterly, Half Yearly or Yearly
- SIP Date: Date on which instalment should trigger
- No of Instalment

7.21 What does SIP Minimum gap, SIP Maximum gap and SIP instalment gap in SIP master represent?

- SIP Minimum Gap: The minimum number of days between two SIP instalments.
Example: For monthly frequency, the gap is 30 days.
- SIP Maximum Gap: The maximum allowable gap between SIP instalments.
Example: For monthly frequency, the gap is 60 days.
- SIP Instalment Gap: The fixed gap that will be maintained between each SIP order as per the selected frequency.
- The SIP validation Gap for SIPs with 1st Order Today, has been reduced from 30 days to 7 days

Frequency	SIP Min Gap	SIP Max Gap	SIP Instalment Gap
Daily	0	31	0
Weekly	7	37	7
Monthly	30	60	30
Quarterly	90	120	90

7.22 What is the process of XSIP with first order execution?

- Client will receive XSIP authorisation link to authorize.
- Post which client will receive authorisation and payment link for first order hence he need to authorise the link via OTP and then select payment mode and proceed further.

7.23 What is the logic for weekly and Fortnightly SIPs?

- With regard to the said logics, kindly refer download reference - NSE/NMFTM/68107 dated May 21, 2025.

7.24 How do I create SIP transactions?

- To create SIP transactions, navigate to SIP and select SIP Bulk Upload. Choose the file type "SIP Registration" and upload .csv files with comma-separated values without headers. Investors must authorize SIP orders via a link sent in email.

7.25 What is SIP Minimum Instalment Number?

- It is the minimum number of instalments required to register an SIP. System will not allow to register if the total instalment numbers is less than specified in the scheme master. Example: If the minimum instalment is 6 for a monthly SIP, then the order must be placed for 6 or more instalments.

7.26 How do I cancel SIP transactions?

- To cancel SIP transactions, navigate to SIP and select SIP Bulk Upload. Choose the file type "SIP Cancellation" and upload .txt files with pipe-separated values without headers.

7.27 How do I cancel SIP transactions pertaining to client demise?

- Member/MFD must send an email to helpdesk support team along with the below documents.
 - Death Certificate
 - PAN Card of the existing holders/nominee/legal heir
 - Covering letter signed by the existing holders/nominee/legal heir
- Exchange will process the same aftermarket hours. Post which refer SIP cancellation reports from the below mentioned path - SIP >> SIP Reg. & Can. Report

7.28 Why did the SIP get rejected?

- The SIP order can get rejected due to the following reasons:
 - Insufficient funds at the time of funds collection
 - Rejected by RTA

7.29 How can I generate various SIP reports?

- To generate various SIP reports, navigate to SIP and access different reports such as SIP Registration & Cancellation, SIP Instalment Due, SIP Matured, and SIP Missed Instalment. For payment and settlement details refer the 'Order Cycle report'

7.30 How do I enter and cancel XSIP transactions?

- To enter XSIP transactions, navigate to XSIP and select XSIP Bulk Upload. Choose the file type "XSIP Registration" for new orders. To cancel XSIP transactions, select "XSIP Cancellation."

7.31 While registering XSIP and opting for first instalment on the same day, investor is not receiving payment link?

- Investor first needs to authorize the XSIP registration link. Post which he will receive the payment link on registered email id to make payment.

7.32 What is SIP Top-up?

- Top Up is when an investor Top-ups the amount for a particular SIP during the tenure of the existing SIP. The Investor can increase the SIP instalment at pre-defined intervals by a fixed amount. Currently only annual basis is applicable in the system.

7.33 How do I handle SIP Top-Up transactions?

- To handle SIP Top-Up transactions, navigate to Member Desk, then Utility, then Bulk Upload, and select SIP Modification. Upload .txt or .csv files with pipe-separated values without headers.

7.34 What is Step up?

- A "SIP Step-Up" is a feature within a Systematic Investment Plan (SIP) that allows you to automatically increase your investment amount at regular intervals, typically annually or semi-annually. Instead of investing a fixed amount each month, your SIP contributions gradually increase by a pre-set percentage or amount over time.

7.35 How do I manage SWP transactions?

- To manage SWP transactions, navigate to SWP and select SWP Bulk Upload. Choose the file type "SWP Registration" for new orders and "SWP Cancellation" for cancelling orders. member can check SWP status from below mentioned path. (PATH - SWP >> SWP Status Report)

7.36 How do I manage STP transactions?

- To manage STP transactions, navigate to STP and select STP Bulk Upload. Choose the file type "STP Registration" for new orders and "STP Cancellation" for cancelling orders.

7.37 Is daily frequency allowed in STP transactions?

- Yes, daily frequency is allowed in STP transactions.

7.38 What is the difference in the SIP/STP/SWP flag Status Mismatch with Normal master?

- In Normal Scheme master file SIP/STP/SWP flag represent, existing SIP/STP/SWP instalments are allowed
- In SIP/STP/SWP masters, ASIP/ASTP/ASWP status flag represents, fresh registrations are allowed.
- In STP and SWP there is no L1 or L0 category schemes, client/investor can place order using normal scheme codes only.

7.39 How do I manage Switch transactions?

- To manage Switch transactions, navigate to Utilities and select Bulk Upload. Choose the file type "Switch Order Entry" and upload .txt or .csv files with pipe-separated values without headers. After uploading, view orders from the Switch Order Report menu.

7.40 What is the Order Expiry TAT for STP and SWP?

- STP and SWP authorisation link will get auto if the authorization is not done within T+1 business days and the order will auto expire within T+5 business days.

7.41 Is there a separate API for master data?

- There is no separate APIs for master data. Member/MFD will maintain the master data at their end. Member/MFD can refer the web file structure attached in this document.

7.42 Can the investor make a duplicate payment, if their journey is not completed successfully?

- No, if the investor has made the payment successfully, on clicking the payment link again, a validation message will be displayed on the proceed to payment button.

7.43 Can a Member/MFD redeem or switch in amount?

- No in demat mode, the same is not applicable

7.44 Can a Member/MFD redeem all units in demat?

- No, the member/MFD needs to mention the number of units for redemption

7.45 What is the process for unit settlement for redemption in demat?

- The cut-off time for all redemption transactions is 3:00 PM. The process for unit settlement by NCL team is as follows:

- Receipt and transfer of mutual fund units for redemption will be done on T-day and will be conducted for units in dematerialized form only. The cut-off time to receive units for redemption shall be 4:30 PM for normal and 7.15 PM. for overnight schemes.
- The delivery instructions for crediting the units for redemption should be given by the investor to the following account in NSDL as an on-market transaction:

CM BPID: IN565576 The following details should be mentioned in addition to the above:

CM Name: NSCCL

ISIN:

Market Type:

Settlement No.:

(Note: – Market type will be ‘Liquid Redemption’ for Liquid/Debt schemes and ‘Normal Redemption’ for Non-liquid/Equity schemes)

The delivery instructions for crediting the units for redemption should be given by the investor to the following account in CDSL:

Exchange Name: National Stock Exchange of India Ltd

ISIN:

Market Type:

Settlement No.:

Counter BO Id (NSE CLEARING House Account): 1100001100017837

(Note: – Market type will be ‘Liquid Redemption’ for Liquid/Debt schemes and ‘MF Repurchase’ for Non-liquid/Equity schemes) The delivery instructions for crediting the units for redemption will be between CDSL accounts (CDSL to CDSL transfer).

7.46 Why is the Member unable to transfer units for settlement post redemption order due to error code - Transaction Rolled Back Due to Voided/ Failed Segments. Mutual Fund House Account Is Not Allowed for Transaction”?

- The member’s is unable to transfer units for settlement as the account is dormant/inactive. New DP account to be opened.

7.47 Order status is still showing as Payment Pending post making payment by investor?

- The member needs to upload the UTR details wherein multiple orders are placed against a single amount. Member to ensure **22-digit UTR for RTGS, 16-digit UTR for NEFT, 12-digit for IMPS and reference number as provided by HDFC bank in case transfer from HDFC Bank** is updated. Wrong/short UTR may not result in mapping of funds with orders placed and such unreconciled funds will be refunded to source account.

7.48 What details can be viewed in the order cycle report?

- Member/MFD can view the complete lifecycle of the order including order authentication status by respective holders, payment mode, payment status, reconciliation status, settlement details, refund details if applicable for all orders placed. Member can also export this report in Excel and TXT format for their reference.

7.49 At what stages can the member retrigger the link?

- Member can retrigger the link”
 - View orders on the same day – Main Menu – View orders - Enter Client code/Order Id>>Click on View
 - Client authorization within 5 days – Reports - Client authorization report – resend option button
 - SIP/XSIP within 48 hours - XSIP > XSIP reg report and can report

7.50 What are the different order statuses?

➤ The different order statuses are as follows:

Status Name	Transaction Type	Order Status	Order Type	Order Sub Type	Description
2FA PENDING	Purchase/Redemption	Valid	NRM/SIP/STP/SIP/XSIP/SWP	NRM/SWH/STP	When member places Non Demat transaction and 2FA pending from client end.
AUTH PENDING	Purchase/Redemption	Valid	NRM/SIP/STP/SIP/XSIP/SWP	NRM/SWH/STP	1. When member places Demat transaction and authorization pending from client end. 2. When Member uploads purchase order.
PAYMENT PENDING	Purchase	Valid	NRM/SIP/XSIP	NRM	1.When client of Member authorizes the purchase order. 3. While systematic tranche order auto insert by system.
PAYMENT CONFIRMATION PENDING	Purchase	Valid	NRM/SIP/XSIP	NRM	Payment pending from investor end.
PENDING FOR RTA	Purchase/Redemption	Valid	NRM/SIP/STP/SIP/XSIP/SWP	NRM/SWH/STP	1.When Member Uploads redemption order. 2. When Purchase Order payment reconciled.
CANCELED	Purchase/Redemption	Invalid	NRM	NRM/SWH	When Order Cancel by Member.
REJECTED	Purchase/Redemption	Invalid	NRM/SIP/STP/SIP/XSIP/SWP	NRM/SWH/STP	1.During Payment Reconciliation of Purchase order (Account Mismatch). 2. When Redemption Units not received from client.
VALIDATED BY RTA/AUTO VALIDATED BY RTA	Purchase/Redemption	Valid	NRM/SIP/STP/SIP/XSIP/SWP	NRM/SWH/STP	When Feed file generated for order.
REJECTED BY RTA	Purchase/Redemption	Invalid	NRM/SIP/STP/SIP/XSIP/SWP	NRM/SWH/STP	When Import RTA Instant Response file - RTA Response file
FINAL SENT TO RTA	Redemption	Valid	NRM//STP/SWP	NRM/SWH/STP	When Final Feed file generated for redemption order.

FINAL VALIDATED BY RTA	Redemption	Valid	NRM//STP/SWP	NRM/SWH/STP	When Import RTA Instant Response file for redemption order after
ALLOTMENT DONE	Purchase/Redemption	Valid	NRM//STP/SWP	NRM/SWH/STP	When reverse feed is imported for purchase/redemption order.
UNITS TRANSFERRED TO AMC	Redemption	Valid	NRM//STP/SWP	NRM/SWH/STP	When redemption order Unit transfer from NSE account to AMC account.
UNITS TRANSFERRED TO CLIENT/MEMBER	Purchase	Valid	NRM/SIP/XSIP	NRM/SWH	When purchase order payout DIS response file is uploaded and unit is successfully transferred to client / member
UNITS TRANSFER FAILED TO CLIENT/MEMBER	Purchase	Valid	NRM/SIP/XSIP	NRM	When purchase order payout response file is upload and units have failed to transfer client / member
AUTO REJECTED	Purchase/Redemption	Invalid	NRM/SIP/STP/SIP/XSIP/SWP	NRM/SWH/STP	When Orders Auto Rejected by CRON

7.51 When will an order expire and refund processed?

➤ The Order will expire as per row 1 and the refund will be processed as per row 2 mentioned in the below table:

Order Placed and Authorised	Fund Received	Refund	Order will Expire	Refund on
Yes	No	No	T+5	
No	Yes	Yes		T+2

7.52 What are the different Transaction modes in Scheme Master?

- The different Transaction modes in Scheme Master are D, P and DP
 - D – Demat
 - P – Physical
 - DP – Demat and Physical

7.53 What is the authorization matrix for transactions?

➤ The authorization matrix for transactions is as under:

Mode Of Holding	Single	Joint		Anyone or Survivor	
	Primary Holder	Primary Holder	Secondary Holder	Primary Holder	Secondary Holder
Fresh Purchase	Yes	Yes	Yes	Yes	No
Additional Purchase	Yes	Yes	No	Yes	No
Systematic	Yes	Yes	No	Yes	No
Redemption	Yes	Yes	No	Yes	No

7.54 How can the member check if the email has been delivered or not?

- The members can check the same in the DLR report. Path – Reports> DLR Report

7.55 Why is the SIP registration number on the new platform different than that of the old platform?

- On the new platform, the SIP registration number is unique. Thus, in order to avoid duplication, a new unique SIP Registration number is assigned for the existing UCC to ensure proper tracking and reconciliation of SIP transactions.

7.56 Where can the member view the list of banned countries for transactions?

- Add path – Downloads>Banned AMC/Scheme Report.

7.57 We are trying to pause the SIP but facing this error last instalment of the SIP is not valid?

- The system will allow SIP pause request only if the last instalment of the SIP is valid. In your case the last instalment was rejected due to insufficient balance. Hence, system is not allowing you for SIP pause.

7.58 How can the member confirm the transactions placed?

- Along with the authentication and confirmation mails sent to the registered email and mobile number, Member can also download the transaction slips for the transactions placed by him. The slips can be downloaded for Purchase, Redemption, Switch, SIP, STP and SWP. Path: Menu> Utilities >Transaction Slip Download.

7.59 What is the criteria for member's to transact in SIF?

- Prior to transacting in SIF, Member needs to be pass the NISM Series XIII exam and provide the certification to the AMC. The validations are done by the RTA and AMC.

7.60 Will the order be processed if the bank account is updated in the UCC post placing the order?

- Yes, If the bank account is updated in the UCC after order placement and the account is active, the funds will get correctly mapped to the order and it will be processed successfully.

7.61 Why is the SIP cancelled in spite of the SIP resumed after two successful pauses?

- In NSEMF Invest only 2 Pauses are allowed, and *for next instalment if funds are not debited from the client's account for any reason for an example insufficient balance, dormant account or account closed etc. then that SIP will get automatically cancelled in NSE MF Invest platform due to 3 consecutive failure and same will be reported to respective RTA*

8. Payment Modes

8.1 What are the payment modes available?

- Mandate
- UPI
- Net Banking
- NEFT/RTGS
- Cheque

8.2 What is the cut-off for the available payment modes?

Purchase in Liquid schemes

SN	Payment mode	Order type	Cut-off time	Applicable NAV
1	UPI	Purchase	01:00 PM	T -1 day
2	Netbanking (direct settlement banks)	Purchase	01:00 PM	T -1 day
3	Netbanking (non-direct settlement banks)	Purchase	12 AM to 11:59 PM	T day
4	NEFT and RTGS	Purchase	01:00 PM	The NAV may vary from T-1 day to T+5 day, depending on the day the funds are credited to NCL's bank account.
5	Cheque	Purchase	01:00 PM	T+3

Purchase in other non-liquid schemes like equity, debt, hybrid, etc

SN	Payment mode	Order type	Cut-off time	Applicable NAV
1	UPI	Purchase	2:30 PM	T day
2	Netbanking (direct settlement banks)	Purchase	2:30 PM	T day
3	Netbanking (non-direct settlement banks)	Purchase	12 AM to 11:59 PM	T+1 day
4	NEFT and RTGS	Purchase	2:30 PM	The NAV may vary from T day to T+5 day, depending on the day the funds are credited to NCL's bank account.
5	Cheque	Purchase	2:30 PM	T+3

Cut-off time for redeeming mutual funds.

The cut-off time for redemption orders is 3:00 PM. The NAV of T Day will be applicable for orders placed within the cut-off time.

8.3 What are the direct credit banks available?

- Following banks are available for Direct Credit (DC)
 1. IDFC Bank
 2. HDFC Bank
 3. Axis Bank
 4. IndusInd Bank
 5. Kotak Bank
 6. ICICI Bank
 7. SBI Bank

8.4 What is third party validation?

- Third-party validation (TPV) is a mandatory process where a payment made for a mutual fund investment is verified to ensure it originates from the customer's registered bank account. This validation, mandated by SEBI, helps to ensure accuracy, reduces fraud risk, and protects investors.

8.5 For Online/Net banking, are all banks supported?

- No, only the banks supported by Service Provider for third party validation will be allowed. The list is updated by the Service Provider from time to time.

8.6 What are the banks allowed for third party validation in NSE MF Invest.

- Below are the banks which are currently allowed third party validation.

NET BANKING ENABLED BANK LIST

1. AU SMALL FINANCE BANK LIMITED
2. BANK OF BARODA
3. CANARA BANK
4. CATHOLIC SYRIAN BANK LIMITED
5. CENTRAL BANK OF INDIA

9. NCL Related Queries

9.1 Can Member initiate multiple transactions using a single cheque of non-HDFC Bank?

- Client can make single cheque payment against multiple orders. Client needs to ensure total amount of orders matches exactly with cheque amount.

9.2 If different payment modes are used against different orders, on reconciliation will system map the funds based on FIFO basis or based on the payment modes used?

- System will reconcile the orders based on the payment modes used and not on funds received on FIFO basis.

9.3 What process should we follow for HDFC bank's cheque?

- If mode of payment is selected as Cheque then payment should be done using Cheque only along with the deposit slip generated. The deposit slip contains reference number which is provided by HDFC bank to clearing corporation. If same day NAV is required, then payment should be done by NEFT/RTGS in virtual account and not through Cheque.
