

PRESS RELEASE

Mumbai, 16th July 2026

NSE aims to launch derivatives on Nifty India FPI 150 Index (NIFTYFPI) from August 12, 2026

The National Stock Exchange of India (NSE) has received approval from the Securities and Exchange Board of India (SEBI) to launch Derivatives on the Nifty India FPI 150 Index (NIFTYFPI) aims to introduce these contracts in the Equity Derivatives segment from August 12, 2026.

Exchange will offer 3 serial monthly index futures and index options contract cycle. The cash settled derivatives contracts will expire on the last Tuesday of the expiry month.

The Nifty India FPI 150 Index aims to track the performance of top 150 stocks selected from Nifty 500 that ensures accessibility and investability for foreign investors. The top 150 stocks are selected based on six-month average foreign investible free-float market capitalization covering the most liquid and high free-float stocks. Weight of each stock in the index is based on its foreign investible free-float market capitalization.

The index had top sector representation from financial services sector with 26.15% weight followed by Oil, Gas & Consumable Fuels with 10.03% and Healthcare with 7.51% as of June 2026.

The index was introduced on August 16, 2025, with base date and base value being October 03, 2022, and 1000 respectively. The index methodology is based on the Foreign investible free-float and rebalanced on quarterly basis.

On the occasion, Shri Sriram Krishnan, Chief Business Development Officer, NSE said “The introduction of derivatives on the Nifty India FPI 150 Index will further complement the existing index derivatives product suite. The Nifty India FPI 150 Index represents a broad and diversified segment of the Indian equity market, comprising 150 liquid stocks across multiple segments while maintaining a focus on liquidity and investibility, making it a suitable underlying for hedging and portfolio diversification”.

About National Stock Exchange of India Limited (NSE):

National Stock Exchange of India (NSE) began its operations in 1994 and was the first exchange in India to implement electronic or screen-based trading. NSE has a fully integrated business model comprising exchange listings, trading services, clearing and settlement services, indices, market

data feeds, technology solutions and financial education offerings. NSE also oversees compliance by trading, clearing members and listed companies with the rules and regulations of SEBI and the exchange. NSE is a pioneer in technology and ensures the reliability and performance of its systems through a culture of innovation and investment in technology. NSE is the world's largest derivatives exchange by trading volume (contracts) for calendar year 2025 as per the statistics maintained by Futures Industry Association (FIA). NSE is ranked third in the world in equity segment by number of trades (electronic order book) in 2025, as per the statistics maintained by World Federation of Exchanges (WFE).
