India's NSE for the second year in the row is the world's largest derivatives exchange

25 January 2021

National Stock Exchange of India Ltd. (NSE) for the second year in the row has emerged as the world's largest derivatives exchange in 2020 by number of contracts traded based on the statistics maintained by Futures Industry Association (FIA), a derivatives trade body. NSE is ranked 4th in the world in the cash equities by number of trades as per the statistics maintained by the World Federation of Exchanges (WFE) for calendar year 2020.

Commenting on the occasion, Mr. Vikram Limaye, MD & CEO, NSE, said: "The Coronavirus (COVID-19) pandemic is an unprecedented global situation that all countries are dealing with in terms of its human and economic consequences. The Government of India, various agencies and the frontline workforce have put in commendable efforts to combat the spread of the virus. It is indeed a matter of great pride for us and for our country that NSE has emerged as a global leader and achieved the distinction of being the largest derivatives exchange in the world for the 2nd consecutive year and the 4th largest exchange in cash equities by number of trades."

NSE remains world's largest derivatives exchange for 2nd consecutive year

In addition, the bourse has been ranked fourth in the world in cash equities by number of trades by the World Federation of Exchanges (WFE) for calendar year 2020, NSE said in a statement on Thursday.

21 January 2021

The National Stock Exchange of India Ltd (NSE) remained the world's largest derivatives exchange for the second consecutive year in 2020 in terms of number of contracts traded, according to the Futures Industry Association (FIA).

In addition, the bourse has been ranked fourth in the world in cash equities by number of trades by the World Federation of Exchanges (WFE) for calendar year 2020, NSE said in a statement on Thursday.

The exchange said it has been focused on building robust markets for all asset classes and had launched a host of new products and services last year.

In the capital market segment, NSE has listed T-bills (Treasury Bills) and SDLs (State Development Loans) facilitating investors to transact in these securities, in addition to the existing dated Government Securities (G-sec) available for trading.

When it comes to the debt segment, the bourse launched the Request for Quote Platform for execution and settlement of trades in debt securities.

On the derivatives side, NSE launched weekly futures and options contracts on the EUR-INR, GBP-INR and JPY-INR pair.

In the commodity derivatives segment, the bourse launched its first commodity options contract on gold, followed by silver. The exchange also made its foray into agricultural commodities with a futures contract on Crude Degummed Soybean Oil.

"It is indeed a matter of great pride for us and for our country that NSE has emerged as a global leader and achieved the distinction of being the largest derivatives exchange in the world for the 2nd consecutive year and the 4th largest exchange in cash equities by number of trades," Vikram Limaye, MD & CEO of NSE said. The number of new investor registrations witnessed substantial growth in 2020, with 70 lakh new registrations, the highest in a calendar year and 2.3 times the number of registrations in 2019.

NSE's capital market segment average daily turnover witnessed a growth of 57 per cent last year. Also, the volumes transacted through mobile and internet-based platforms surged, accounting for 35 per cent of cash market turnover.

Despite operational challenges as a result of COVID, high volatility and volumes, NSE said it has provided a stable, robust and resilient market infrastructure from a trading, risk management, regulatory and technology standpoint.

सभी के सहयोग से मिली उपलब्धि : लिमये

मुंबई. भारत के सबसे बड़े शेयर बाजार नेशनल स्टॉक एक्सचेंज (एनएसई) ने बड़ी उपलब्धि हासिल की है. बाजार में रिकार्ड तेजी और बढ़ते कारोबार के साथ एनएसई 2020 में दुनिया का भी सबसे बड़ा डेरिवेटिव (वायदा) एक्सचेंज बन कर उभरा है. यह रैंकिंग 'एफआईए' द्वारा तैयार आंकड़ों के आधार पर वायदा अनुबंधों की संख्या पर आधारित है. जबकि वर्ल्ड फेडरेशन द्वारा आंकड़ों के मुताबिक, नकद इक्विटी कारोबार सेगमेंट में एनएसई विश्व में चौथे स्थान पर रहा है. एनएसई सभी परिसंपत्ति वर्ग के लिए मजबूत बाजार तैयार करने पर ध्यान दे रहा है. वर्ष 2020 में 70 लाख नए निवेशकों का पंजीकरण हुआ, जो अब किसी भी साल में सबसे अधिक बढ़ोतरी है और 2019 के मुकाबले 2.3 गुना की जोरदार वृद्धि है. जनवरी 2020 में एनएसई के पंजीकृत निवेशकों की संख्या 3 करोड़ का आंकड़ा पार कर गई और कुल 3.70 करोड़ निवेशक हो गए हैं.

इसके लिए हम भारत सरकार, नियामक 'सेबी', भारतीय रिजर्व बैंक, हमारे सदस्यों, निवेशकों और सभी सम्बद्ध पक्षों के प्रति आभारी हैं. सभी के सहयोग की बदौलत ये उपलब्धियां मिली

इस उपलब्धि पर एनएसई के प्रबंध निदेशक व सीईओ विक्रम लिमये ने कहा कि भारत सरकार, विभिन्न एजेंसियों और आवश्यक सेवाओं में लगे कार्यबल ने बेहद प्रशंसनीय प्रयास कर कोरोना की जंग में लगभग जीत हासिल कर ली है. इसके साथ ही ये हमारे देश के लिए वाकई गर्व की बात है, कि एनएसई वैश्विक नेतृत्व बनकर उभरा है और इसने लगातार दूसरे साल सबसे बड़ा डेरिवेटिव एक्सचेंज होने और नकदी इक्विटी में कारोबार की संख्या के लिहाज से चौथा बड़ा एक्सचेंज होने की उपलब्धि हासिल की है.

हैं. एनएसई निवेशक प्रशिक्षण, बेहतर ब्रोकर निगरानी और बाजार निगरानी से जुड़ी विभिन्न पहलों के जरिए निवेशक सुरक्षा और मजबूत करने के प्रति प्रतिबद्ध है.

‘एनएसई’ पुन्हा ठरले जगातील सर्वात मोठे

विक्रम लिमये

मुंबई : राष्ट्रीय शेअर बाजार अर्थात नॅशनल स्टॉक एक्सचेंज (एनएसई) हे २०२० मध्ये व्यवहार झालेल्या एकूण कॉन्ट्रॅक्टच्या आधारावर जगातील सर्वात मोठे एक्सचेंज ठरले आहे. ‘फ्युचर्स इंडस्ट्री असोसिएशन’ या डेरिव्हेटिव्हज व्यवहारांसाठीच्या संस्थेने जतन केलेल्या आकडेवारीवरून ही बाब स्पष्ट झाली आहे. असा बहुमान ‘एनएसई’ला सलग दुसऱ्या वर्षी मिळाला आहे.

‘एनएसई’चे व्यवस्थापकीय संचालक आणि मुख्य कार्यकारी अधिकारी (सीईओ) विक्रम लिमये म्हणाले, की ‘एनएसई’ हे सलग दुसऱ्या वर्षी जगातील सर्वात मोठे डेरिव्हेटिव्हज एक्सचेंज आणि ‘कॅश इक्विटीज’मध्ये चौथे सर्वात मोठे एक्सचेंज ठरल्याचा आम्हाला निश्चितच अभिमान आहे. आम्हाला सहकार्य केल्याबद्दल आम्ही बाजारातील सहभागी घटक या सर्वांचे आभारी आहोत.

एनएसई लगातार दूसरे साल दुनिया का सबसे बड़ा डेरिवेटिव एक्सचेंज

नेशनल स्टॉक एक्सचेंज (एनएसई) 2020 में लगातार दूसरे साल दुनिया का सबसे बड़ा डेरिवेटिव एक्सचेंज रहा। डेरिवेटिव्स ट्रेड संगठन फ्यूचर्स इंडस्ट्री एसोसिएशन (एफआईए) के आंकड़ों के मुताबिक बीते साल एनएसई पर दुनियाभर के किसी भी एक्सचेंज से ज्यादा कांट्रैक्ट्स की ट्रेडिंग हुई। दूसरी तरफ वर्ल्ड फेडरेशन ऑफ एक्सचेंजेज (डब्ल्यूएफई) के आंकड़ों के मुताबिक कैश में इक्विटी ट्रेडिंग करने वाले ट्रेडरों के हिसाब से एनएसई दुनिया का चौथा सबसे बड़ा डेरिवेटिव एक्सचेंज रहा। इस उपलब्धि की सबसे बड़ी वजह यह रही की इस दौरान एनएसई ने सभी एसेट क्लास के लिए जोरदार बाजार बनाने पर फोकस किया। दरअसल बीते साल एनएसई ने ढेर सारे नए प्रोडक्ट्स और सर्विसेज लॉन्च किए। मसलन, कैपिटल मार्केट सेगमेंट में इस एक्सचेंज ने टी-बिल्स (ट्रेजरी बिल्स) और एसडीएल (स्टेट डेवलपमेंट लोन्स) लिस्ट किए। इससे निवेशकों को इस तरह की सिक्युरिटीज में खरीद-फरोख्त की सुविधा मिली। इसके कारण पूरे साल संख्या के हिसाब से एक्सचेंज पर होने वाले सौदों में लगातार बढ़ोतरी होती चली गई।

NSE consolidates top position

The NSE has cemented its spot as the largest derivatives exchange in the world for the second consecutive year. Derivatives contracts traded in 2020 grew to 8.85 billion, a 48 per cent rise over the previous year, the data from Futures Industry Association shows. The NSE is ahead of Brazil's B3 exchange and the Chicago Mercantile Exchange whose contracts traded totalled 6.3 billion and 2.4 billion last year, with the former registering a 63 per cent growth. The Dalian Commodity Exchange and the Korea Exchange made up the top five with contracts totalling 2.2 billion and 2.1 billion, respectively.

NSE remains world's largest derivatives exchange for 2nd consecutive year

The exchange said it has been focused on building robust markets for all asset classes and had launched a host of new products and services last year.

21 January 2021

The National Stock Exchange of India Ltd (NSE) remained the world's largest derivatives exchange for the second consecutive year in 2020 in terms of number of contracts traded, according to the Futures Industry Association (FIA).

In addition, the bourse has been ranked fourth in the world in cash equities by number of trades by the World Federation of Exchanges (WFE) for calendar year 2020, NSE said in a statement on Thursday.

The exchange said it has been focused on building robust markets for all asset classes and had launched a host of new products and services last year.

In the capital market segment, NSE has listed T-bills (Treasury Bills) and SDLs (State Development Loans) facilitating investors to transact in these securities, in addition to the existing dated Government Securities (G-sec) available for trading.

When it comes to the debt segment, the bourse launched the Request for Quote Platform for execution and settlement of trades in debt securities.

On the derivatives side, NSE launched weekly futures and options contracts on the EUR-INR, GBP-INR and JPY-INR pair.

In the commodity derivatives segment, the bourse launched its first commodity options contract on gold, followed by silver. The exchange also made its foray into agricultural commodities with a futures contract on Crude Degummed Soybean Oil.

"It is indeed a matter of great pride for us and for our country that NSE has emerged as a global leader and achieved the distinction of being the largest derivatives exchange in the world for the 2nd consecutive year and the 4th largest exchange in cash equities by number of trades," Vikram Limaye, MD & CEO of NSE said. The number of new investor registrations witnessed substantial growth in 2020, with 70 lakh new registrations, the highest in a calendar year and 2.3 times the number of registrations in 2019.

NSE is the world's largest derivatives exchange for 2nd consecutive year

21 January 2021

National Stock Exchange of India Ltd. (NSE) has emerged as the world's largest derivatives exchange in 2020 by number of contracts traded based on the statistics maintained by Futures Industry Association (FIA), a derivatives trade body. NSE is ranked 4th in the world in the cash equities by number of trades as per the statistics maintained by the World Federation of Exchanges (WFE) for calendar year 2020.

NSE has been focused on building robust markets for all asset classes. The exchange has launched a host of new products and services in 2020. In the capital market segment, NSE has listed T-bills (Treasury Bills) and SDLs (State Development Loans) facilitating investors to transact in these securities, in addition to the existing dated Government Securities (G-sec) available for trading. In the debt segment, the Exchange launched the Request for Quote Platform for execution and settlement of trades in debt securities.

On the derivatives side, the exchange launched weekly futures and options contracts on the EURINR, GBPINR and JPYINR pair. In the commodity derivatives segment, the exchange launched its first commodity options contract on Gold, followed by Silver. The exchange also made its foray in agricultural commodities with a futures contract on Crude Degummed Soybean Oil (CDSO).

Commenting on the occasion, Mr. Vikram Limaye, MD & CEO, NSE said: "The Coronavirus (COVID 19) pandemic is an unprecedented global situation that all countries are dealing with in terms of its human and economic consequences. The Government of India, various agencies and the frontline workforce have put in commendable efforts to combat the spread of the virus. It is indeed a matter of great pride for us and for our country that NSE has emerged as a global leader and achieved the distinction of being the largest derivatives exchange in the world for the 2nd consecutive year and the 4th largest exchange in cash equities by number of trades."

"We are truly grateful to the Government of India, Securities & Exchange Board of India (SEBI), Reserve Bank of India (RBI), trading members, market participants and all our stakeholders for the support extended to us over the years. Our achievements would not have been possible without their support," he further added.

The number of new investor registrations witnessed substantial growth in CY 2020, with 70 lakh new investor registrations, the highest in a calendar year and 2.3 times the number of registrations in CY 2019. In January 2020, NSE saw its unique registered investor base crossing 3 crores and closed the year at 3.7 crore investors.

NSE's capital market segment average daily turnover witnessed growth of 57% in CY 2020, maintaining a healthy positive trend for the 7th consecutive year. The volumes transacted through mobile and internet-based platforms have surged, accounting for 35% of cash market turnover.

The year also witnessed the highest inflow in a calendar year from Foreign Portfolio Investors (FPIs) in equities of Rs. 1,70,262 crores up by 68.4% when compared to CY 2019 which saw inflows of Rs. 1,01,122 crores. Despite operational challenges as a result of Covid, high volatility and volumes, NSE has provided stable, robust and resilient market infrastructure from a trading, risk management, regulatory and technology standpoint.

NSE is focused and committed to further strengthening investor protection through a variety of measures including focused investor education, enhanced broker supervision and market surveillance. Further, it has always been the endeavour of the exchange to provide a wide range of new products and services catering to the diverse risk appetites of the investors as well as providing new business opportunities to its vast network of intermediaries.

लगातार दूसरे साल एनएसई बना दुनिया का सबसे बड़ा डेरिवेटिव एक्सचेंज

कारोबारी सौदों की संख्या के आधार पर नेशनल स्टॉक एक्सचेंज (एनएसई) साल 2020 में दुनिया का दूसरा सबसे बड़ा एक्सचेंज रहा।

ET Online and Agencies | Updated: Jan 22, 2021, 04.15 PM IST

साल 2020 के दौरान शेयर बाजार से कई नए निवेशक जुड़े हैं। इस दौरान 70 लाख नए डिमैट खाते खोले गए। यह साल 2019 की तुलना में 2.3 गुना है।

कारोबारी सौदों की संख्या के आधार पर नेशनल स्टॉक एक्सचेंज (एनएसई) साल 2020 में दुनिया का दूसरा सबसे बड़ा एक्सचेंज रहा। यह लगातार दूसरा साल है जब एनएसई ने यह कीर्तिमान हासिल किया है। फ्यूचर्स इंडस्ट्री एसोसिएशन (एफआईए) ने दुनिया के बड़े डेरिवेटिव एक्सचेंजों की सूची जारी की है।

एनएसई ने गुरुवार को जारी बयान में बताया कि वर्ल्ड फेडरेशन ऑफ एक्सचेंज (डब्ल्यूएफई) के अनुसार, साल 2020 में कारोबारी सौदों के आधार पर वह कैश इक्विटी सेगमेंट में चौथे नंबर पर रहा।

एक्सचेंज ने कहा कि उसका फोकस सभी एसेट क्लास के लिए बेहतरीन बाजार बनने पर है। पिछले साल उसने कई नए प्रोडक्ट और सर्विसेज लॉन्च की है। पूंजी बाजार सेगमेंट में एनएसई के पास सूचीबद्ध ट्रेजरी बिल्स, सरकारी सिक्क्योरिटीज और एसडीएल शामिल हैं, जिसे निवेश पैसा डाल सकते हैं।

डेट सेगमेंट की बात करें, तो इस बाजार ने डेट सिक्क्योरिटीज के कारोबार और सौदों के सेटलमेंट के लिए रिक्वेस्ट फॉर कोट प्लेटफॉर्म की शुरुआत की। डेरिवेटिव सेगमेंट में एनएसई ने यूरो-रुपया, पाउंड-रुपया और येन-रुपया के साप्ताहिक फ्यूचर्स और ऑप्शन सौदों की शुरुआत की है।

कमोडिटी डेरिवेटिव सेगमेंट में इस बाजार ने गोल्ड और फिर सिल्वर के कमोडिटी ऑप्शन सौदे शुरू किए हैं। एक्सचेंज ने एग्री कमोडिटी बाजार में कदम रखते हुए सोयाबीन तेल के सौदों की शुरुआत की।

National Stock Exchange of India Ltd. (NSE) has emerged as the world's largest derivatives exchange in 2020 by number of contracts traded based on the statistics maintained by Futures Industry Association (FIA), a derivatives trade body. NSE is ranked 4th in the world in the cash equities by number of trades as per the statistics maintained by the World Federation of Exchanges (WFE) for calendar year 2020.

NSE has been focused on building robust markets for all asset classes. The exchange has launched a host of new products and services in 2020. In the capital market segment, NSE has listed T-bills (Treasury Bills) and SDLs (State Development Loans) facilitating investors to transact in these securities, in addition to the existing dated Government Securities (G-sec) available for trading. In the debt segment, the Exchange launched the Request for Quote Platform for execution and settlement of trades in debt securities.

On the derivatives side, the exchange launched weekly futures and options contracts on the EURINR, GBPINR and JPYINR pair. In the commodity derivatives segment, the exchange launched its first commodity options contract on Gold, followed by Silver. The exchange also made its foray in agricultural commodities with a futures contract on Crude Degummed Soybean Oil (CDSO).

Commenting on the occasion, Mr. Vikram Limaye, MD & CEO, NSE said: "The Coronavirus (COVID 19) pandemic is an unprecedented global situation that all countries are dealing with in terms of its human and economic consequences. The Government of India, various agencies and the frontline workforce have put in commendable efforts to combat the spread of the virus. It is indeed a matter of great pride for us and for our country that NSE has emerged as a global leader and achieved the distinction of being the largest derivatives exchange in the world for the 2nd consecutive year and the 4th largest exchange in cash equities by number of trades."

"We are truly grateful to the Government of India, Securities & Exchange Board of India (SEBI), Reserve Bank of India (RBI), trading members, market participants and all our stakeholders for the support extended to us over the years. Our achievements would not have been possible without their support," he further added.

The number of new investor registrations witnessed substantial growth in CY 2020, with 70 lakh new investor registrations, the highest in a calendar year and 2.3 times the number of registrations in CY 2019. In January 2020, NSE saw its unique registered investor base crossing 3 crores and closed the year at 3.7 crore investors.

NSE's capital market segment average daily turnover witnessed growth of 57% in CY 2020, maintaining a healthy positive trend for the 7th consecutive year. The volumes transacted through mobile and internet-based platforms have surged, accounting for 35% of cash market turnover.

India's NSE for the second year in the row is the world's largest derivatives exchange

25 January 2021

National Stock Exchange of India Ltd. (NSE) for the second year in the row has emerged as the world's largest derivatives exchange in 2020 by number of contracts traded based on the statistics maintained by Futures Industry Association (FIA), a derivatives trade body. NSE is ranked 4th in the world in the cash equities by number of trades as per the statistics maintained by the World Federation of Exchanges (WFE) for calendar year 2020.

Commenting on the occasion, Mr. Vikram Limaye, MD & CEO, NSE, said "The Coronavirus (COVID-19) pandemic is an unprecedented global situation that all countries are dealing with in terms of its human and economic consequences. The Government of India, various agencies and the frontline workforce have put in commendable efforts to combat the spread of the virus. It is indeed a matter of great pride for us and for our country that NSE has emerged as a global leader and achieved the distinction of being the largest derivatives exchange in the world for the 2nd consecutive year and the 4th largest exchange in cash equities by number of trades."

"We are truly grateful to the Government of India, Securities & Exchange Board of India (SEBI), Reserve Bank of India (RBI), trading members, market participants and all our stakeholders for the support extended to us over the years. Our achievements would not have been possible without their support," he further added.

NSE has been focused on building robust markets for all asset classes. On the derivatives side, the exchange launched weekly futures and options contracts on the EURINR, GBPINR and JPYINR pair. In the commodity derivatives segment, the exchange launched its first commodity options contract on Gold, followed by Silver. The exchange also made its foray in agricultural commodities with a futures contract on Crude Degummed Soybean Oil (CDSO).
