GSFC AT A GLANCE & JOURNEY SO FAR

Evolving. Involving.

21st century - India is keen on achieving harmonious balance between the agrarian and industrial sectors of its economy. GSFC's emergence in 1962 was originally to boost the latter field. However, ever since the introduction of fertilizers in the early sixties and the industrial chemicals later, GSFC has always been

insightful and innovative about the Country's vital demands. That's how the Company has become a front runner in its twin cores. While its brand "SARDAR" of fertilizers got triggered and supports in a big way the Country's agricultural productivity surge, the chemicals that GSFC manufacture, goes into countless products for use of millions of people. GSFC is thus, enriching the economy, and the lives of common man.

NEW UPDATES ON PRODUCTS & PLANTS

Blooming Big. Expansions & Endeavors.

GSFC, as a company possesses, exemplary foresight. Our constant initiatives and endeavours today keep us future ready. We have increased production in almost the entire spectrum of our fertilizers during the year. Production and product expansions were in full fledge. Some of the innovative new products developed through in house research saw the light of day.

FERTILIZERS:

GSFC, in its constant endeavours globetrotting to expand its wings in all such parts of the globe where it can reap the benefits of its rich experience of over five decades. At home in India, our two Urea manufacturing plants have made the record production of 411431 tonnes during the FY 2015-16. It is worth mentioning that we achieved increased production for most of our fertilizers over the last year. Expansion in terms of production volume is also

envisaged for Water Soluble Fertilizers, Liquid Bio-fertilizers, Seeds and Tissue Culture products and is all set to enhance GSFC's overall fertilizer product portfolio.

CHEMICALS:

Through a competitive bidding process, GSFC has awarded a Rs. 650 crore EPC Contract to M/s L&T Hydrocarbon Engineering (LTHE) for setting up a 40000 MTPA Melamine Plant at our Vadodara Complex. LTHE will carry out extended basic engineering, detailed engineering, procurement, supply, transportation, storage, fabrication, inspection, installation, testing, mechanical completion, pre-commissioning and commissioning of the unit. M/s. Casale SA of Switzerland will provide the energy efficient technology for the Melamine plant. With the expansion, GSFC will continue to be the largest producer of Melamine in India and this will reduce the import-dependency for Melamine in India.

Adding another jewel to its legacy of innovative products crown, GSFC has launched GUJCON CRF and PRF. These virgin Nylon-6 fibres are capable to revolutionize road and building infrastructure by providing secondary reinforcement to all construction applications. These breakthrough products increase the serviceability, durability and life of the structures by preventing occurrence of shrinkage cracks and water seepage and by enhancing performance properties viz. wear / impact / shock load / abrasion resistance.

In what could be more examples of GSFC's consumer first commitment, developing one of the largest hubs for Phosphatic and complex fertilizers in India is fast nearing completion at Sikka. At Vadodara, a new Nylon-6 plant is turning into reality, thus substantially increasing production capacities. Another new plant for water soluble fertilizers is also taking shape. Furthermore, production capacities for Phosphoric Acid, Sulphuric Acid, Ammonia, Urea, Caprolactam, Melamine, MMA, and PMMA are all planned to be set up at different locations in Gujarat.

FINANCIAL HIGHLIGHTS 2015-16

The year under review witnessed a new development. The production of Caprolactam, the major contributor to the company's bottom-line, recorded at 86297 MT as compared to 89918 MT in 2014-15. Annual production of Cyclohexane, Cyclohexanone HAS and HX-1 too created new records.

On the fertilizer front Ammonium Phosphate production of 334072 MT, Urea production of 355402 MT and Ammonium Sulphate production of 329778 MT was highest in last five years.

The results of FY 2015-16 as compared to FY 2014-15 are as under:

- The revenue from operations (turnover) during FY 2015-16 is Rs 6163 crores compared to the revenue of Rs 5325 crores in FY 2014-15.
- Trading of products increased from Rs 396 crores in FY 2014-15 to Rs 736 crores in FY 2015-16, a rise of 86% due to higher trading of imported DAP and Methanol.
- The Earnings before Interest Depreciation and taxes for the year 2015-16 is Rs 678 crores, with operating profit margin being 13%. The Net profit

stood at Rs 379 crores as against Rs 400 crores in 2014-15, which is a decrease of Rs 21 crores. The cash profit (net profit before depreciation and deferred taxation) during 2015-16 is Rs 460 crores compared to Rs 516 crores in 2014-15.

- However the way forward looks positive and the reason being there is now uniform (pooled) gas price for our operations. So, the cost for products which are interrelated may not be very high.
- There is also a new development. The Government of India has accepted a proposal of GSFC shifting to the production of 100 percent Neem Coated urea. This will prevent the diversion of Urea for chemical and industrial uses.
- The earnings per share (EPS) for the year 2015-16 work out to Rs 9.52 as against Rs 10.05 during the previous period (Based on Face value of Rs 2 per share). The return on equity works out to 7.83%.
- The company with a Debt Equity Ratio of 0.25.1 is virtually debt free. The book value per share is Rs 121.55.

FOR MEMBERS' ATTENTION

- 1 The Register of Members and the Share Transfer Books of the Company shall remain closed from Saturday, the 3rd September, 2016 to Saturday, the 17th September, 2016 (both days inclusive) for the purpose of ascertaining the entitlement for payment of dividend.
- 2 Dividend, upon its declaration at the meeting, will be paid on Equity Shares of the Company on and from 23rd September, 2016, to those members whose names shall appear on the Register of Members of the Company on the Book Closure date.
- 3 To make the payment of dividend through ECS or to print Bank particulars of the members on the dividend warrants, members are requested to furnish their Bank particulars viz. Name of Bank with its branch and address, Bank A/c. No., 9 Digit MICR Code appearing on the MICR cheque issued by the Bank etc. Please also send a copy of the MICR Cheque together with Bank particulars to the Company latest by 3rd September, 2016.

The shareholders who hold shares in electronic form are requested to furnish their Bank particulars as aforesaid to their Depository Participant (DP) by the stipulated date.
- 4 Members are requested to quote Folio Number or DP ID and Clients ID No. (in case of shares held in demat forms) in all correspondence and also to bring with them the Attendance Card which may be submitted at the entrance gate duly signed.
- 5 Members who are registered under two or more Ledger Folios are requested to write to the Registrars and share Transfer Agent of the Company for consolidation, giving particulars of such Folios along with the relevant Share Certificates.
- 6 Members holding shares in the Dematerialized Form are requested to intimate changes, if any, in respect of their Bank details, Mandate instructions, Nomination, Power of Attorney, Change of Address, Change of Name etc. to their Depository Participant (DP).
- 7 Ministry of Corporate Affairs (MCA) has taken a commendable decision for promoting and implementing

"Green Initiatives in the Corporate Governance" by permitting paperless compliances by Companies and has issued Circular Nos. 17/2011 and 18/2011 dated April 21, 2011 and April 29, 2011 respectively clarified that a company would be deemed to have complied with the provisions of Section 53 and 219(1) of the Companies Act, 1956, if documents like notices, annual reports, etc. are sent in electronic form to its Members.

Keeping in view the underlying theme, we also propose to join the bandwagon and accordingly, the said documents of the Company for the Financial Year ended March 31, 2016 and onwards will be sent in electronic form to those members who have registered their e-mail address with their Depository Participants (DP) and made available to the Company by the Depositories.

However, in case a Member wishes to receive a physical copy of the said documents, he is requested to send e-mail to gogreen@gsfcltd.com duly quoting his DP ID and Client ID or the Folio No., as the case may be.

Members holding shares in physical form are requested to submit their e-mail address to the Registrars & Transfer Agent of the Company, duly quoting their Folio No. Members holding shares in electronic form, who have not registered their e-mail address with their DP are requested to do so at the earliest, so as to enable the Company to send the said documents in electronic form, thereby supporting the "Green Initiatives" taken by MCA and the Company's desire to participate in such initiatives. Please note that the said documents will be uploaded on the website of the Company viz. www.gsfclimited.com and made available for inspection at the Registered Office of the Company during business hours.

- 8 Members are requested to send their queries, if any, at least seven days in advance of the meeting so that the information can be made available at the meeting.
- 9 As a measure of economy, the Company does not distribute the copies of Annual Report at the Meeting. Members, therefore, are requested to bring their copies with them.

Very Important

- **Members / Proxy are requested to show their Photo Identity Card at the entry point along with the Attendance Slip duly signed by self/the proxy, failing which the entry to the Annual General Meeting shall be denied.**
- **No bags or belonging shall be permitted to be carried inside the venue of Annual General Meeting.**
- **Carrying the Camara inside the venue of Annual General Meeting is strictly prohibited.**
- **The Members may kindly note that this is being done for the security reason.**

Your Company is also setting up Associated Additional Facilities related to DAP/NPK plant at Sikka Unit, Dist. Jamnagar (SU) for which M/s. TKIS (UIPL) is hired to provide engineering services. Implementation of these facilities will provide flexibility to produce 3 different grade of NPK fertilizers concurrently which will help in enhancing the sales of the Company. This project is slated to be commissioned by first quarter of 2017-18.

Your Directors are happy to inform that the 40,000 MTPA Melamine Project at Vadodara Unit based on technology supplied by M/s Casale of Switzerland has reached the detail engineering & construction stage. Your Company has awarded the contract for execution of this project on EPC basis to M/s L&T Hydrocarbon Engineering on 30th March, 2016 and it is expected that this new plant will be operational in the second quarter of 2018-19.

Your Directors are happy to inform that the Company has also awarded the job for installation of two numbers of 10,000 MT capacity Phosphoric Acid Tanks at Sikka Shore Terminal on Lump Sum Turn Key (LSTK) basis to M/s Simon India Limited and the Project is planned to be completed by fourth quarter of 2016-17.

Your Directors are happy to inform that the Company has also awarded Caprolactam Quality improvement Project to M/s Simon India Limited on EPC basis and the Project is planned to be completed by fourth quarter of 2016-17. This will improve the quality of Caprolactam produced at Caprolactam- I plant.

Your Directors are pleased to inform that the Company has ambitious plans of setting up a large capacity Fertilizers & Petrochemicals Complex at Dahej for which Land acquisition and its development have already been completed. Your Company is presently in the process of technology selection for various projects like - Caprolactam, Methyl Methacrylate etc. along with the feasibility of each project.

Your Directors would also like to inform that the Company is evaluating the proposal for setting up of Ammonia - Urea Fertilizer Complex at Chabbar in Iran as a consortium partner with RCF, in line with the initiative taken by Government of India.

In order to make your Company more competitive in current market scenario, it has taken preliminary feasibility study for various projects like establishing an Ammonia-Urea Complex in Republic of Congo (RoC) which is being supported by Govt. of RoC, a Sulphuric Acid & Phosphoric Acid complex at its Sikka unit for increasing availability of key raw materials, enhancing the port infrastructure at Sikka Jetty for handling solid and liquid cargos, debottlenecking of key operating plants like Ammonia-III & IV for enhancing capacity, Urea revamping for energy saving etc.

ANNEXURE "A" TO DIRECTORS' REPORT

REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

1. A brief outline of the Company's CSR policy, overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programs

Ever since its inception in 1962, Gujarat State Fertilizers and Chemicals Ltd (GSFC) is serving the community towards enriching lives of all its stake holders. Even before the concept of Corporate Social Responsibility (CSR) got clad into legal frame-work through Companies Act 2013, there existed a Village Development Cell which served the community with great commitment. The present CSR Policy is being documented with a candid objective of formalizing the Company's CSR activities within the prescribed legal frame work of the Companies Act, 2013(Section 135 read with Schedule VII) and the CSR Rules, 2014. This policy shall apply to all CSR activities taken up at the various Plants/Business locations, to include Liaison Offices, Marketing Offices and Depots of GSFC.

Vision

GSFC will continue to enhance value creation in the society in which it operates, through its services, conduct & initiatives, so as to promote sustained growth for the society and community, in fulfillment of its role as a Socially Responsible Corporate Citizen with utmost environmental concern. The Ultimate Objective of CSR activities at GSFC are to improve the "*Human Development Index*."

Objective

To ensure an increased commitment at all levels in the organization, to operate its business in an economically, socially & environmentally sustainable manner, while recognizing the interests of all its stakeholders.

The CSR Projects and Programmes will be identified and funds allocated, on a yearly basis, as per the need assessment, specific to the location, target beneficiary and agency partnering for the implementation, Roll-on CSR projects, will be identified separately, and executed in a phased manner. The same will be approved by the CSR Board Level Committee and implemented on the directions of Managing Director.

ANNEXURE "E" TO DIRECTORS' REPORT

Conservation of energy, technology absorption and foreign exchange earnings and outgo Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 (3) of the Companies (Accounts) Rules, 2014.

A CONSERVATION OF ENERGY

Measures taken at Fertilizernagar, Vadodara Unit:

1) **Supply of pure vapour ammonia from A-IV plant at AS-II plant.**

Supply of inert free vapour ammonia from A-IV plant prevented pressurization of AS-II plant. Due to proper vacuum condition and stable operation, AS-II plant load could be increased further. It could enable stoppage of AS-I plant on intermittent basis to meet extra capacity requirement. It resulted into annual NG saving of 22.90 Lakhs SM³ (Rs. 641.15 Lakhs) and annual power saving of 6.70 Lakhs unit (Rs. 48.57 Lakhs). Total annual saving is Rs. 689.7 Lakhs.

2) **Use of LPS at ML Tank and flushing lines of Centrifuge in place of 7K steam in Urea-I plant.**

2.5K steam – which is in excess and being vented, utilized in place of 7K steam produced by throttling of 37K steam, at Mother liquor tank, flushing lines of Centrifuge and various Utility stations. It resulted into reduction in load on steam generation boilers. It resulted into annual NG saving of 5.33 Lakhs SM³ (Rs. 149.33 Lakhs).

3) **Installation of VAHP to reduce power consumption at N-6 plant.**

Use of LPS of A-IV plant, which is in excess and being vented, carried out to drive VAHP, a combined chiller unit for N-6 project and N-6 existing plant. It resulted into stoppage of Refrigeration compressors at existing N-6 plant. It resulted into annual power saving of 11.67 Lakhs unit (Rs. 84.58 Lakhs).

4) **Generation of Flash steam at SA-IV plant.**

Blow down of condensate (37K) was carried out in Flash drum, operated at 0.5K pressure. New Flash drum installed to generate Flash steam of 14K from 37K condensate. It reduced NG consumption at Steam generator boilers. It resulted into annual NG saving of 2.67 Lakhs SM³ (Rs. 74.7 Lakhs).

5) **Use of effective lighting at GSFC complex.**

Replacement of 125 W HPMV (150 W) and 400W HPMV (430W) with 30W LED Fitting and 160W Induction Lamp (180W) respectively and replacement of old fittings with new fittings, resulted into annual power saving of 6.68 Lakhs unit (Rs. 48.36 Lakhs).

6) **Stoppage of one Product supply pump at PA plant.**

Impeller size of PA product supply pump P-404 A increased to increase PA product supply flow, which otherwise was supplied by operating two nos. of pumps. It resulted into annual power saving of 0.08 Lakhs unit (Rs. 0.54 Lakhs).

7) **Installation of hollow FRP blade in Capro-II HAS Cooling Tower, Capro-II plant.**

Replacement of solid FRP blades by hollow FRP blades in one cell of HAS cooling tower fan carried out. It resulted

into annual power saving of 0.31 Lakhs unit (Rs. 2.26 Lakhs).

Above mentioned measures resulted into aggregate annual saving at a rate of 25.44 Lakhs units Power (Rs. 184.31 Lakhs) and 30.9 Lakhs SM³ NG (Rs. 865.18 Lakhs).

Measures taken at Sikka Unit:

- 1) In order to achieve energy saving, followings Major Steps were carried out at Sikka Unit during the FY: 2015-16.

By Energy Efficient Motors

1. Replacement of 01 No. 130 KW conventional motor by Energy efficient motor in Fumes Fan- A Train (%n 90 to 93).
2. Replacement of 01 No. 45 KW conventional motor by Energy efficient motor Oversize Pulverizer- F1 (%n 90 to 93).
3. Replacement of 01 No. 37KW conventional motor by Energy efficient motor for Raw water (%n 89 to 92).
4. Replacement of 01 No. 30 KW conventional motor by Energy efficient motor in Screen Drag Feeder - A Train (%n 89 to 92).
5. Replacement of 01 No. 22 KW conventional motor by Energy efficient motor in PN Agitator - A Train (%n 89 to 92).
6. Replacement of 02 Nos. 7.5 KW conventional motor by Energy efficient motor in Bagging 12B & 12C Conveyor (%n 89 to 92).
7. Replacement of 04 Nos. 5 KW conventional motor by Energy efficient motor in SA Transfer / Unloading Pump (%n 89 to 92).

By Energy Efficient Lighting

1. Replacement of 100 Nos. 150 Watt HPSV Lamps By 70 Watt LED Lamps in Street Lights.
2. Replacement of 145 Nos. 125 Watt HPMV Lamps By 35 Watt CFL Lamps in General Plant area Lighting.
3. Replacement of 200 Nos. 32 W LONON Lamps By 12 W LED in ADM Building.
4. Replacement of 50 Nos. 250 W HPSV Lamps By 150 W MH Lamps in Various Plant area Lighting.
5. Replacement of 05 Nos. 1000 watt HALLOGEN lamp with 150 watt MH Lamp in Various Plant area Lighting.

Thus by adopting Energy efficient motors & lighting system annual power saving of 1.63 Lakhs units achieved. This resulted in to aggregate annual saving of Rs. 09.81 Lakhs at a unit cost of Rs.6.00.

ANNEXURE "E" TO DIRECTORS' REPORT (Contd.)

Above mentioned measures resulted into aggregate annual saving at a rate of 1.63 Lakhs units Power (Rs. 9.81 Lakhs).

Measures taken at Fibre Unit:

- 1) Providing step-down transformer in New Air-dryer
In New Air dryer, we have provided 415/380 V step down transformer for feeding blower motor, resulting into reduction of power by 15120 KWH per annum.
- 2) **Replacement of second centrifugal chiller by energy efficient Ammonia screw chiller (From Jun-2015 to March-2016)**
Existing CFC based centrifugal chiller replacement with energy efficient Ammonia screw chiller. The annual saving of power is 5.9 Lakhs units (Rs.36.87 Lakhs).
- 3) **Installation of fix speed screw air compressor (From April-2015 to March-2016)**
Installation of fix speed screw air compressor. The annual saving of power is 4.4 Lakhs units (Rs. 27.5 Lakhs).
- 4) **Installation of Energy efficient Nitrogen plant of capacity 100NM3/HR (From Dec-2015 to March-2016)**
Installation of energy efficient Nitrogen plant with capacity of 100 nm3/hr in place of old nitrogen plant having capacity of 50 nm3/hr. The annual saving of power is 1.09 Lakhs units (Rs.6.83 Lakhs).

Above mentioned measures resulted into aggregate annual saving at a rate of 11.39 Lakhs units Power (Rs. 71.2 Lakhs).

Measures taken at Polymers Unit:

- 1) Modification of flow line in RCT & PCT (Cooling Tower) is done. As a result of which during the shutdown of plants but with operation of Air Compressor, @ 42 KWH power is saved, resulting approximate saving of Rs 3.86 Lakhs during 2015-16.
- 2) Replacement of boiler feed water pump-II in OWI is done with energy efficient type of lower KW which resulted in a saving of approx. Rs.1.00 Lac p.a.
- 3) Instead of in-house burning of hazardous waste generated in plants, GPCB approved vendor (M/s RSPL) is assigned to recycle or co-process the waste at their facility resulting a net saving of 24 Lakhs per year.
- 4) Changing of operational sequence of aerators in effluent treatment plant.
Based on the dissolved oxygen content analysis of effluent, change over pattern in aerators is adopted which resulted in power saving of about 40000 units p.a. with a saving of Rs.2.40 Lakhs.

- 5) By getting 33% share from LYZA Phase II wind mill power generation, we could save an amount of Rs.62.80 Lakhs during 2015-16.

Above mentioned measures resulted into aggregate annual saving of Rs. 94.06 Lakhs.

Measures under consideration at Fertilizernagar, Vadodara Unit:

- 1) **4.5K Steam import at Deaerator of A-III plant.**
37K steam is throttled upto 4.5K and supplied to Deaerator. It is proposed to import 4.5K steam from A-IV plant and to feed to Deaerator and in turn to boost up export of 37K steam to that extent. This will reduce NG consumption at Steam generator boilers. Anticipated annual NG saving is 1.28 Lakhs SM3 (Rs. 35.84 Lakhs).
- 2) **Heat recovery in Ammonia combustion unit of HX plant, Capro-I plant.**
Ammonia combustion furnace outlet gases are cooled down from ~2350C to ~350C by using CW and Brine. It is under consideration to cool down the same with condensate upto ~1900C and thereby to produce ~0.4 MT/ Hr of 14K steam. This will reduce NG consumption at Steam generator boilers. Anticipated annual NG saving is 2.56 Lakhs SM3 (Rs. 71.68 Lakhs).
- 3) **Generation of Flash steam at CVL Boiler.**
It is under consideration to generate Flash steam of 14K (in place of present practice of generating 0.5K Flash steam) from blowdown stream of 37K at CVL Boiler and to utilize low pressure steam -which is in excess and being vented, in place of 0.5K steam. Generated 14K steam will reduce NG consumption at Steam generation boilers. Anticipated annual NG saving is 0.77 Lakhs SM3 (Rs. 21.50 Lakhs).
- 4) **Use of LPS at various heat exchangers in Nylon-6 plant.**
Total four nos. of heat exchangers will be installed to use low pressure steam - which is in excess and being vented, as heat source to preheat various process streams. This will result into reduction in load on steam generation boilers. Anticipated annual NG saving is 1.6 Lakhs SM3 (Rs. 44.80 Lakhs).
- 5) **Reduction in NG fuel consumption in F-101 & F-202, A-III Plant.**
HPNG used as feed and Process Air used as Nitrogen source are pre-heated in NG fired furnaces. To reduce NG fuel consumption, it is under consideration to preheat HP NG and Process air with LPS (2.5K), which is excess and being vented. Anticipated annual NG saving is 3.07 Lakhs SM3 (Rs. 86.02 Lakhs).

ANNEXURE "E" TO DIRECTORS' REPORT (Contd.)

6) Use of LPS at reboiler in Benzene distillation column Lactam plant, Capro-I.

Use of LPS (3K steam), which is in excess and being vented, will be carried out in place of MPS (14K) at reboiler of Benzene distillation column. It will reduce steam generation load on Steam generation boilers. Anticipated annual NG saving is 28.8 Lakhs SM3 (Rs. 806.4 Lakhs).

7) Use of LPS at reboiler in Disulphonate evaporator HX plant, Capro-I.

14K steam is used in Disulphonate Evaporator (E-415-5) to heat up the DS solution upto ~106°C in SO₂ Absorption & Hydrolysis Section (Sec. 415) of HX plant, Capro-I. Use of LPS (3K steam), which is in excess and being vented, will be carried out in place of MPS (14K) at subject reboiler. It will reduce steam generation load on Steam generation boilers. Anticipated annual NG saving is 28.8 Lakhs SM3 (Rs. 806.4 Lakhs).

Measures under consideration at Sikka Unit:

1) By Energy Efficient Motors

1. Replacement of 01 No. 90 KW conventional motor by Energy efficient motor in Ammonia Transfer Pump.
2. Replacement of 01 No. 55 KW conventional motor by Energy efficient motor in Pulverizer of C-Train.
3. Replacement of 02 No. 37KW conventional motor by Energy efficient motor for Product Cooler & Scrubber Liquor pump of A/B Train.
4. Replacement of 04 No. 30 KW conventional motor by Energy efficient motor in Raw water Pump, Cooling Tower Pump & Boiler Blower Motor.

2) By Energy Efficient Lighting

1. Replacement of 200 Nos. 150 Watt HPSV Lamps By 70 Watt LED Lamps in Street Lights.
2. Replacement of 100 Nos. 125 Watt HPMV Lamps By 35 Watt CFL Lamps in General Plant area Lighting.
3. Replacement of 200 Nos. 32 W LONON Lamps By 12 W LED in ADM Building.
4. Replacement of 30 Nos. 250 W HPSV Lamps By 60 W LED Lamps in Various Plant area Lighting.

5. Replacement of 50 Nos. 50 W Tube light By 28 W T5 Tube light in Plant Office Lighting.

6. Replacement of 30 Nos. 80 W HPMV Lamps By 40 W LED Lamps in Colony area Lighting.

Measures under consideration at Fibre Unit:

1) Providing VFD in Spg. Line No. 4 & 5 AHU Blower Motor.

Providing VFD in Spg. Line 4 & 5 AHU blower motor, resulting into annual saving of power is estimated as 24000 KWH per annum.

2) Replacement of existing brine reciprocating chiller by energy efficient ammonia screw chiller.

Replacement of existing reciprocating brine chillers by energy efficient ammonia screw chiller. Annual power saving will be estimated as 7.8 Lakhs units (Rs.48.75 Lakhs).

3) Replacement of street light fitting by LED Light.

Replacement of existing street light fitting by LED Light, annual power saving will be estimated is 233680 KWH/Year. (Rs.1.46 Lakhs)

Measures under consideration at Polymers Unit:

- 1) Installation of GET based K VX system at RLNG feed line of boiler is under consideration which will save guaranteed > 5% RLNG fuel alongwith reasonable reduction in maintenance cost and with emission of lower harmful pollutants to atmosphere. Expected fuel saving will be 118800 SM3 p.a. which will save @ Rs.34.75Lakhs p.a.
- 2) Decentralization of Acco-blower discharge for effective cooling at required duty points only in Sheet and Pellet plants is under consideration which will give a saving of Rs.5.43 Lakhs per annum.
- 3) Conversion of Pellet extruder with DC drive to AC drive is under consideration which will give a saving of Rs.3.00 Lakhs p.a.

B. CONSERVATION OF RAW MATERIAL AND CHEMICALS

Measures taken at Polymers Unit:

- 1) ACH pump (Seal Type) in MMA plant is replaced with Non Seal pump which leads to saving of our raw material & avoiding of minimum two shutdowns per year (4 Lakhs per Year). Moreover it also reduces effluent load due to seal leakages & its flushing.
- 2) Chemical treatment in cooling tower water is kept continued, it results in to annual saving of 14600 M3 DM water (Rs.10.50 Lakhs).

FORM-B

Form for disclosure of particulars with respect to Technology Absorption: 2015-16

Research & Development (R&D):

(1) SPECIFIC AREAS, IN WHICH R&D IS CARRIED OUT:

The areas are polymers & controlled release fertilizers, Environment control & waste management; value added product(s)/Derivatives from existing corporate products, specialized Agri-inputs for improving quality and yield of agricultural output, support to plant and Marketing for problem solving, Quality and process efficiency improvement and assurance, Customization of products, Corrosion & Material Evaluation, Failure investigation of components of plant Equipment & machinery, Consultation, and analytical service to plants.

(2) BENEFITS DERIVED:

(A) Development of New Products/New Processes:

1. Development of slow and controlled release Sulphur Bentonite fertilizer to ensure maximum availability of sulfur to the crops like oilseeds onions and potatoes.
2. Development of Water Dispersible Sulphur as a fungicide by optimizing parameters.
3. Development of rock phosphate solubilising microbes to use rock phosphate and microbes in combination as a bio-fertilizer.
4. Development of Mono Ammonium Phosphate (MAP) for use in production for NPK fertilizers and as import substitute.

(B) Customization & Market support Services, Plant Support Activities:

1. Recovery upto 70 % of Ammonium Sulphate from Purge Stream of AS-II Plant and safe utilization of purge stream using HAZOP studies was established.
2. Caprolactam recovery to the tune of 70% from purge stream (E-11) of Capro-I plant was achieved on lab scale & technology was provided to plant for scale up.
3. Recovery upto 96 % of Methyl Methacrylate Monomer(MMA) from waste PMMA sheets has been done at laboratory and pilot plant scale with 96% purity. Process for Removal of smell from MMA recovered from waste PMMA sheets is under progress.
4. Failure Analysis of 16 components from various plants was carried out which has helped in selection of better MOC and optimization of process parameters to avoid future failures and reducing down time of plants.
5. In-situ metallography at 150 locations in critical equipments was done for assessment of damage has helped in assessment of damage as well as monitoring degradation of material operating at high temperatures.
6. Corrosion and microbial monitoring of cooling tower water at various plants resulted in efficient running of plants and cooling towers.

(3) FUTURE PLAN OF ACTION :

1. Development of Potassium Solubilizing Biofertilizer (KSB) that can be utilized in production of biofertilizer NPK.
2. Development of algal protein based plant growth promoter for increase in yield.
3. Increasing plant throughput by lowering cooling tower inlet temperature using thermoelectricity.
4. Development of Polymeric Antiscalants for water treatment of plant cooling towers by conducting real time studies in a 600 L pilot scale cooling tower.

5. Improving Mechanical & Electrical properties of Copper base alloys like Aluminium Bronze & Copper Chromium alloy used in bushes and bearings of rotary equipments.
6. Surface modification of material for improvement in Corrosion and Abrasion resistance.
7. Development of Flame Retardant PMMA sheet for potential applications in automobiles, electronic cabinets and house hold appliances.
8. Development, characterization and performance testing of Nano-fertilizers.
9. Pilot scale studies of chemical and microbial processes developed in lab for treatment of Effluent stream of CEP.
10. Development of Nylon 6 blends for packaging applications.

(4) EXPENDITURE ON RESEARCH & DEVELOPMENT :

	₹ in Lakhs
(a) Capital	16.80
(b) Recurring	1256.20
(c) Total	1273.00
(d) Total R & D Expenditure as a percentage of Net Sales	0.21%

Technology Absorption, Adoption and Innovation :

In-house Technology:

- Manufacturing of 520.885 MT of NPK fertilizer and 1,38,200 Packets of GOG approved Chelated Micronutrients was carried out by R&D.
- Project for setting up 20,000 MTPY Capacity for 19-19-19 grade fertilizer is taken up. Packaging of other grades of WSF done at R&D and shall be handed over to WSF plant (10,000 MTPY Capacity) post commissioning.
- Approximately 600 Kg of Polymer Coated Urea is prepared at R&D lab unit for the field trials at various agriculture universities and institutes in India for rice wheat and sugarcane. Results of the field trial of PCU with rice indicated that same rice grain yield is received with PCU vis a vis normal Urea but with reduced consumption by 40%. 1.0 MTPD capacity Pilot plant is under process.
- Purification of Ammonium Sulphate (AS) of Polymers Unit directly from Kettle Residue (KR) was carried out at Pilot Scale to produce 100 Kg of FCO grade AS. A 10000 MTPY Ammonium sulphate plant is being commissioned at PU.

Imported Technology:

- For Lubricated and / or Nucleated Film Grade Nylon-6 Chips Project - technology is imported and the Project is under process of implementation.
- For Melamine Project - technology is imported and detail engineering is under process.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. MACRO- ECONOMIC OVERVIEW 2015-16:

Global macroeconomic environment is passing through rough and uncertain terrain characterized by weak growth of the economy for past few years. Declining commodity & crude prices, turbulent financial markets and volatility in exchange values of major currencies has aggravated the uncertainty global business environment in recent past. Even under such non-conductive and uncertain circumstances, India's growth story has largely remained positive on the strength of domestic absorption. Country has registered robust and steady pace of economic growth in 2015-16 as it did in 2014-15. Additionally, its other macro-economic parameters like inflation, fiscal deficit, and current account balance of payment and foreign exchange reserves have exhibited consistent improvement. Wholesale price inflation has been in falling trend for more than a year and all important consumer price inflation has declined to nearly half of what it was running few years ago. However, weak growth in advanced and emerging economies has impacted Indian export considerably. Growth in agriculture has slackened due to two successive years of less than normal monsoon. The rupee has depreciated considerably to the tune of 7% in 2015-16 vis-à-vis the US \$, like most other currencies in the world, although less so in magnitude and could absorb the pressure better than the currencies of most emerging economies.

In the advance Estimates of GDP that the Central Statistics Office (CSO) released recently, the growth rate of GDP at constant market prices is projected to increase to 7.6 per cent in 2015-16 from 7.2 per cent in 2014-15 and 6.6% registered in 2013-14. Similarly, the growth rate of GVA (Gross Value Added), which broadly reflects the supply or production side of the economy, registered an increase to 7.3% in 2015-16 from 7.1% in 2014-15 and 6.3% in 2013-14.

Consecutively for 2nd year, Indian economy in 2015-16 has emerged as one of the largest economies in the world with a promising economic outlook on the back of controlled inflation, lower oil prices, increase in investments, rise in domestic consumption and commitment of the Government for continuity of ongoing reform process of Indian economy.

Although agriculture is likely to register low growth for the second year in a row than the average of last decade and also the targeted growth of 4% on account of weak monsoons, it has performed better than last year. Industrial sector has shown significant improvement primarily on account of the surprising acceleration in manufacturing sector (9.5 per cent vis-à-vis 5.5 per cent in 2014-15 and 5.6% in 2013-14). Service sector has continued its momentum in growth in the range of 9%, except in few of the sectors. All major service sectors, including financing, real estate and business services have exhibited excellent growth in the recent years.

Indian economy has made substantial improvements in its macroeconomic fundamentals and impressive strides in continuing reforms in key areas, fiscal consolidation, focus on price & inflation stability and controlled external debt. With continued focus of the Indian Government on reforms in key sectors, aided by prevailing macroeconomic stability, although global business sentiments are still not encouraging on account of weak demand, Indian growth story may remain intact in short run. Perhaps growth may fall short of its potential of 8-9 per cent, yet could continue weathering the global sluggishness with resilience and consolidate the gains in macroeconomic stability in the year ahead. Ongoing programmes of Government of India like Make in India, Ease of doing business, Skill India, Start up India are sure to bring momentum in investment and ensure high industrial growth now. It is not out of way to state that conditions do exists for hopping growth rate in the range of 8 per cent over next couple of years. Such optimism in the outlook has also been attested by multilateral institutions like IMF, World Bank etc. in their latest assessments.

Indian Agriculture sector:

Despite added focus on industrialization, agriculture still remains a dominant sector of Indian economy, both in terms of contribution to GDP and also as a source of employment to millions across the country. Over last few years India has emerged as a significant agriculture exporter in commodities like cotton, rice, meat, oil meals, pepper and sugar. However, growth in agriculture largely depends on performance of south west monsoon in India as 60 per cent of agriculture in the country is rainfall dependent.

Under the impact of severe El-Nino, rainfall has remained inadequate consecutively for last two years, which has affected the growth rate in agriculture. During 2015-16, country received 14% deficit rains (761 mm v/s 888 mm normal long period average rains). Rainfall remained inadequate in 329 districts, representing 51% of the cropping area, close to half of the total area. In our marketing zones, Gujarat (except Saurashtra & Kutchh), Maharashtra, Telangana, Karnataka, Eastern UP, Eastern MP,

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

Punjab and Haryana are worst affected. Besides inadequate in quantitative terms, distribution of rainfall has remained quite uneven. Initially, during June & July 2015, country received very good rains. However, subsequently, during August and September 2015, there were long dry-spells, which caused moisture stress at critical stages of the kharif crop and defused the subsequent rabi prospects. Area coverage under Kharif crops has increased marginally by 1.3 % in 2015. However, increase in cropping area is largely attributed to cereals and pulses, which require less inputs, whereas, that of Cotton has declined by 8% and area under other major crops like Rice, Sugarcane etc has remained stagnant. Moisture stress at critical crop states during August/September has impacted the productivity of Kharif crops considerably. Moreover, attack of the pest even in BT cotton in many states, declined prices of cotton and Sugar cane has impacted the economics of the farmers on kharif harvest. Deficit rains in Kharif season resulted into declined moisture levels in the soil and also water storage levels in reservoirs, which can support irrigation for Rabi sowing. Overall water storage in the country as on 1.10.15 was reported as 96 BCM, which is 61% of the aggregate storage capacity. On account of poor rains, Rabi season started with three riders, impacting fertilizer consumption. i) Potential decline in Cropping area ii) Delayed sowing, leading to change in cropping pattern iii) Piling up stocks, both in account of industries and also with channels, leading to cut-throat competition. Due to erratic monsoon, harvest of Kharif crops has delayed and continued upto late November'15, which has in turn delayed rabi sowing. Late on-set of winter has further delayed the sowing of rabi crops in many parts of the country and as against normal sowing time between 15th October to 15th November, sowing of Rabi crops has continued till end of December'15. Area coverage under rabi crops has declined by 3% (590 Lac Hac v/s 608 Lac Hac) in the country. In case of Gujarat, because of poor monsoon, area under rabi crops has declined with higher magnitude to the tune of 12% (25 Lac Hac v/s 29 Lac Hac) over last rabi season. On account of sub-optimal seasonal prospects, frequent change in weather conditions, declined cropping area and moisture stress at critical stages, food grains production in 2015-16 is expected to remain at 253.16 MMT, marginally higher by 1.14 MMT over 2014-15, however much lower than 265 MMT achieved in 2013-14.

Recognizing the importance of Agriculture sector as integral part of Indian economy and also to strengthen the economic health of the farmer, the present union Government took number of steps in the recent years for sustainable development in agriculture. These steps include enhanced institutional credit to farmers, access to banking services under Jan Dhan Yojna, promotion of scientific warehousing infrastructure, including cold storages for increasing shelf life of agriculture produce, expanding irrigation base through Pradhan Mantri Krishi Sinchayee yojna with special emphasis on micro irrigation system (MIS), market access to farmers through e-market platform, soil health cards and other non-farm activities to support the income of farmers. The present government aims to double farmers' income by 2022.

Overall, pace in the growth of agriculture and allied sector has slowed down to considerable extent during last two years to (-) 0.2% in 2014-15 and 1.1% in 2015-16 from 4.2% in 2013-14 and targeted growth of 4 per cent for agriculture and allied sector for the 12th five year plan (2012-17), which is largely attributed to poor performance of monsoon for past two years.

Performance of Fertilizer Industry in India:

Govt. of India maintained NBS rates of N,P, K & S nutrients for 2015-16 as prevailing in 2014-15 and therefore, subsidy rates of DAP and other NPK fertilizers were continued @ 2014-15. Further, unlike past years where NBS rates were decided for entire Financial Year, this time it has been decided to review the same on half yearly basis.

Provisions of fertilizer subsidy made to the tune of Rs.72,969 Crores in the Union Budget 2015-16 were grossly inadequate, keeping in view the huge back-log of unpaid subsidy of about Rs.40,500 towards 2014-15. Practically, for want of adequate provisions with Government industry's dues to the tune of Rs.45,000 Crores remained unpaid as on close of 2015-16 (since September'15 in case of Urea and since October'15 in case of P&K fertilizers). This has impacted the cash-flow of the companies, especially during the later half of 2015-16, which in turn has compelled for higher borrowings and corresponding high interest costs leading to weak profitability and liquidity issues for the industry.

Initially, with timely onset of monsoon and moderate pipe line stocks, fertilizer demand has prevailed quite well till mid of the Kharif season upto August'15. This has prompted the traders for higher imports of fertilizers and also augmented the domestic production in India. However, subsequently, on account of deficit rains, off-take of fertilizers at grass root level has been subsided to a large extent and inventories have started piling up – both in account of companies and also with the channels. Although all India sales of Phosphatic fertilizers including DAP (97.65 Lac MT) and complexes (88.79 lac MT) has increased by 29% & 8% respectively, it doesn't reflect the virtual growth in consumption at grass root level. Infact, out of such sold quantities, channels are holding huge quantities as un-lifted stocks as on close of 31.3.2016, which would be practically consumed in current season. Demand of Urea has quite moderated in 2015-16 in spite of having improved availability through higher imports coupled with increased domestic production. Sales of Urea have registered marginal growth of 4% in 2015-16 (319.74 Lac MT V/s 308.83 Lac MT). Demand of MOP is consistently experiencing a negative growth in the country over past 3 years. Sale of MOP has declined by 12% in 2015/16 (24.52 Lac MT V/s 27.80 Lac MT).

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

With subdued demand prospects developed in India from mid of August'15 onwards and also in other major consuming markets, world DAP prices have continuously softened in subsequent time for want of adequate buying support. Chinese and Saudi DAP which was available in the range of US \$ 480-485 per MT cfr India up to August'15 has started declining thereafter and touched the range of US \$ 350 per MT by end of 2015-16. Even with declining prices Indian interest for imports of DAP has subsided significantly during H2-15/16 on account of subdued demand and also depreciation of INR values as well as rebate war at market place, leading to negative economics. Availability of Phosphoric Acid from the world market has relatively eased in H2-2015/16, which helped in stepping up domestic phosphatic production considerably 2015-16 (DAP by 11% & NPK by 7%).

However, on account of higher prices of raw materials, mainly that of P.A., higher exchange rate in the range of INR 66-68/ US \$ and increased credit/rebates on sales prices of Phosphatic fertilizers, margins of domestic manufacturers were affected considerably in 2015-16.

GSFC's performance FY 2015-16:

In spite of having non conducive business environment prevailed during 2015-16 for fertilizer sector, largely on account of poor seasonal prospects coupled with excessive availability, sale of GSFC fertilizers, including trading products has increased by a considerable margin of 12% to 15.60 Lakh MT from that of 13.96 Lakh MT achieved in 2014-15. This potential growth was achieved due to augmented availability of AS and APS through Baroda unit and NPK, DAP from Sikka, besides higher Imports of DAP made in 2015-16 over last year. In spite of bad performance of monsoon in 2015, contribution of home state of Gujarat (primary market) in aggregate fertilizer sales of the company has been maintained at 47%, marginally lower by 2% over last year. Various promotional initiatives taken by Government of Gujarat including Krishi-Mahotsav, special projects runs for tribal farmers, increased coverage of area under micro irrigation system (MIS) through GGRC etc. has helped state to sustain the agricultural productivity to considerable extent during past few years. In case of secondary market, comprising of Maharashtra, MP and Rajasthan contribution in company's total sales has increased to 24% from 22% last year. However, looking to subdued market prospects, per cent share of tertiary market representing Northern, Southern and North-eastern states has remained stagnant at 29% in total fertilizer sales made during 2015-16. In order to tap the potential exists in North-Eastern states, we have expanded our fertilizer business in Odisha. Further, in order to serve such states economically, imports of DAP are partly supplemented through Vizag port.

Non availability of required quantity of Phosphoric Acid at Sikka unit during Kharif season has initially affected the phosphatic production and hence its sales during first half of 2015-16. However, subsequently with improved availability of PA in a later half, overall annual Phosphatic sales of Sikka products has been improved by considerable margin of 16% over 2014-15. In order to compensate the decline in phosphatic availability to some extent in H1-2015-16, company has imported 1.21 Lakh MT of DAP in 3 vessels and sold 1.19 Lakh MT quantities during 2015-16. Sales of fertilizers of Baroda unit have increased by 6%, in proportion to the higher availability generated during 2015-16.

Areas of concern:

Government Subsidy accounts for more than 75% of revenue of the Urea suppliers and about 35% in case of P&K fertilizers. Therefore, its timely payments are very important for sustaining financial health of the industry. However, unfortunately releasing payment of subsidy by Government gets inordinately delayed primarily because of under provisioning in the union budget, besides cumbersome procedures. Fiscal year 2015-16 started with previous year's backlog of Rs.40,500 Crores and therefore, budget allocation of Rs.72,969 Crores got exhausted by Aug'15 in case of Urea and by Sept'15 in case of P&K fertilizers. In addition, payment of large amount of freight bills is pending due to procedural delay by Gol. For instance, balance subsidy bills of the industry are held-up since November 2012 on account of non-compliance of m-FMS. Such inordinate delays in subsidy payments entails to liquidity crisis and higher borrowing cost at industry level.

Continuing Urea out of the NBS policy and marinating its MRP at quite low level v/s that of P&K fertilizers is encouraging over use of Urea at the cost of other nutrients and distorted the NPK usage ratio.

GSFC's higher dependence on imported raw materials, especially Phosphoric Acid (PA) for Sikka unit severely affected the production of Phosphatic fertilizers through Sikka unit over last few years. This constraint, however would be mitigated partly once PA supplies are channelized fully through our JV partner Trifert besides supplementing DAP requirement through imports.

As per the policy, industry was given freedom to decide MRP of such products however; industry has to submit certified cost data in the prescribed format along with the subsidy claims submitted each month.

Depreciation of INR v/s US\$ has exerted pressure on the margins of Indian Phosphatic industry.

Frequent changes in weather conditions, particularly temperature levels witnessed in Rabi season has impacted the crop productivity quite adversely and practically food grains production in 2015-16 is likely to remain stagnant.

Unseasonal heavy rains in some of the Northern states as well as in South and South eastern states, during November-December'15 & again in Jan'16 caused significant damage to Rabi crops in such sector, which has impacted overall economy of the farmers in such regions.

The incidence of pest observed in BT cotton & white fly, first time in last one decade and declined prices of cotton and sugarcane has affected the economics of the farmers for purchasing inputs.

Recent Developments and outlook for 2016-17:

During 2015-16, Government of India has taken various policy reforms for fertilizer sector. New Urea Policy, 2015 and Gas pooling for Urea production with an objective to promote energy efficiency and bringing rationalization of gas pricing mechanism.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

Making Urea production as well as Imports mandatory as Neem coated Urea will help in escalating use efficiency of Urea and thereby reducing its usage in a long-run, besides would help in curbing diversion of Urea in Industry. Further, with twin objective of making cities cleaner and utilizing the urban garbage as compost for improving soil health, Gol has declared comprehensive policy for City Compost and Rs.1500 per MT would be provided as subsidy towards promotion of city compost. For SSP industry the criteria of minimum capacity utilization for availing subsidy has been removed, which will help to revive SSP production.

The Union Budget 2016-17 provides major focus on agriculture and rural India. The budget allocation made for farm sector is nearly Rs. 36,000 Crore with focused agenda largely on optimal utilization of water resources, creating infrastructure for agriculture, promoting soil test based balanced use of inputs, crop insurance and providing value addition & connectivity from farm to market through e-market platform. Such special initiatives will give boost to agriculture and in turn to the input markets like fertilizers.

However, as far as fertilizer sector is concerned, the budget has remained disappointing. The budgetary provisions made for fertilizer subsidy at Rs.70,000 Crore are grossly inadequate and would continue to put pressure on cash flow of the industry. In case of Urea, budget is silent on decanalization of Imports and also bringing Urea under NBS policy so as to allow greater freedom in Urea imports and bringing balanced use of fertilizers. However, industry has welcomed implementation of direct benefit transfer (DBT) on a pilot scale, which reflects Gol's continued intention of moving forward in this direction.

Monsoon forecast made for current Kharif season by IMD with "above normal" rains at 106% of long period average is quite encouraging and promises for better seasonal prospects to prevail. Further, chances of having normal to excess rains in the country are predicted to be 94%. Better seasonal prospects would help in improving the sentiments in agriculture sector and input market for products like fertilizers in 2016-17. Therefore demand outlook in general for the fertilizer industry looks positive for 2016-17 as far as real consumption at farmers' level is concerned. However, the huge un-lifted pending stocks lying with the channels will restrict fresh buying, atleast upto mid of Kharif season and if performance of the rains remains good as predicted, the situation may improve from second half of 2016-17. Since market is carrying huge inventories, initially imports are expected to remain moderate and can improve subsequently. Market prices of fertilizers are unlikely to get changed till end of Kharif season, rather further decline in import prices may put pressure on even current levels selling prices. Overall, market conditions are expected to remain competitive upto mid of current FY for P&K fertilizers and there would be relatively moderate volume growth in sales.

2. RAW MATERIAL PRICES:

The international prices of raw materials were lower during FY 2015 – 16 as compared to 2014 – 15 with exception of Phosphoric Acid. The average CFR prices of Phosphoric Acid (PA) which was USD 763 per ton during 2014 – 15 went up to USD 785 (3%) per ton during 2015 – 16.

The prices of Ammonia decrease during 2015 – 16 as compared to 2014 – 15. The average CFR prices of Ammonia during 2014 – 15 was USD 555 per ton reduced to USD 421 (24%) per ton during 2015 - 16. On an average, there was 24% decrease in prices of Ammonia as compared to 2014 – 15.

The price of Rock Phosphate decrease during 2015 – 16 as compared to 2014 – 15. The CFR price of Rock Phosphate during 2014 – 15 was USD 145 per ton reduced to USD 101 per ton during 2015 – 16 on an average, there was 30% decrease in price of Rock Phosphate as compared to 2014 - 15.

The price of Sulphur decrease during 2015 – 16 as compared to 2014 – 15. The average CFR price of Sulphur during 2014 – 15 was USD 177 per ton reduced to USD 150 (15%) per ton during 2015 – 16. On average, there was 15% decrease in price of Sulphur as compared to 2014 – 15.

Average price of Raw Material products (\$ / MT)

Product	2014-15	2015-16	% Increase/Decrease
Phos. Acid (C & F)	763	785	3
Ammonia (C & F)	555	421	24
Rock Phosphate (C & F)	145	101	30
Sulphur (C & F)	177	150	15

3. INDUSTRIAL PRODUCT SCENARIO:

The inter-linkage of Indian economy with rest of the world has been growing at a rapid pace and therefore global developments influence the domestic economy in a much bigger way than before.

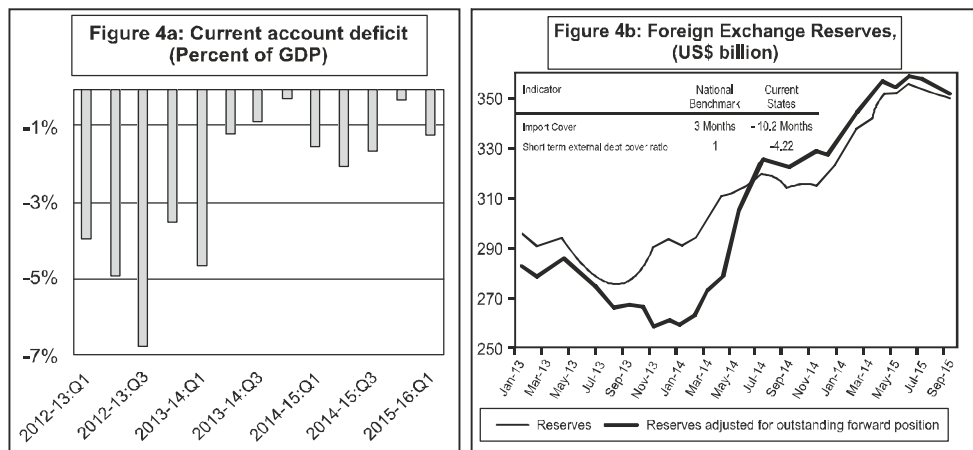

Fear of further weakening of the Chinese economy, its falling equity market and the depreciation of its currency looms large over the global economic prospects. The slowdown in China has also led to a sharp correction in commodity prices and weakening of commodity exporting economies and money started moving from risky assets to safe assets.

India has been variously hailed as "bright spot" amidst a slowing global economy. This flows from the fact that India is the best performing large economy with 7.6% estimated growth rate for FY16. Importantly, such growth has been accompanied by macro-economic stability. Inflation has been under control and the balance of payment position looks healthy. Current Account

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

Deficit (CAD) has narrowed to 1.4% of GDP (Q2, FY16) from the high of 4.8% in FY13. The current account deficit has declined and is at comfortable levels (about 1.2 percent of GDP); foreign exchange reserves have risen to US\$ 352.1 billion which seem ample, measured against conventional norms; net FDI inflows have grown from US\$ 15.8 billion in H1 (April-September) 2014-15 to over US\$ 17 billion in H1 2015-16 which is noteworthy against the background of uncertainty in other capital inflows; and finally, the nominal value of the rupee, measured against a basket of currencies has been steady or even strengthened.

The rupee has gone from being one of the worst performing currencies—as a member of the fragile five—to one of the best performing currencies against the dollar this year. India thus seems well-positioned to absorb any volatility from possible U.S. Federal Reserve actions to normalize monetary policy.

The crude oil prices continue to remain soft in FY 2015-16. The entire petrochemicals value chain got the cascading effect leading to fall in prices of all industrial products of the company. India's industrial production reported an annual index of 179.0 for FY (15-16) as compared to the annual index of 174.9 for FY (14-15) thus registering a growth of 2.6% driven mainly due to Electricity generation and manufacturing sector.

Caprolactam price was under pressure since the beginning of the year. It further reduced from the level of USD 1550 PMT in April'15 to the level of USD 1150 PMT in March'16 owing mainly due to continued fall in crude oil prices as well as huge increase in Chinese capacities of Caprolactam.

Global commodity prices continued to decline because of weak demand and ample supplies. Energy prices dropped around 45 per cent (y-o-y) in 2015-16 due to continuing supply surpluses. In the current year, during FY 2015-16, food prices fell around 16 per cent despite El-Nino fears and metals prices also fell by 18 per cent, as compared to same period in 2014-15. All commodity price indices of World Bank are currently far below their base level.

EXPORTS:

Exports of MEK Oxime are 2923 MT in FY2015-16 as compared to 2983 MT during FY 2014-15. Like most other EM currencies, Rupee did come under pressure however, the last five quarters Rupee has shown more resilience as compared to its peers reflecting the improving macro-economic fundamentals of the country. Indian goods exports are sensitive to external demand to international relative price-competitiveness. In the backdrop of uncertain global demand, the challenge for the country would be to search for new markets and new products for existing markets besides addressing the issues relating to competitiveness of Indian exports.

7. RISK MANAGEMENT:

Changes in Government policy, currency risk, fluctuation in input prices, increase in NG prices, insufficient availability of natural gas and raw material in the international market will have an impact on Company's profitability.

Market may experience frequent changes in the price of domestic Phosphatic Fertilizers depending upon the cost of production of the manufacturers. The resistance from farming community has impacted demand. DAP sales was 111 Lakh MT during 2010-11 which has gone down substantially during subsequent years (74 Lakh MT during 2013-14, 76 Lac MT in 2014-15 & 98 Lac MT in 2015-16). With sharp increase in NG price, prices of Phosphatic fertilizers would go up. In the current scenario, good and widely distributed rainfall, smooth & comparatively cheaper availability of raw materials and timely reimbursement of subsidy by the Govt. of India would be the prime catalysts for the Company to sustain its operations profitably.

In the above likely scenario, the Company is focusing on the efficiency improvement with higher production levels, efficiencies in raw material procurement, increased availability through imports, reduction in marketing & distribution costs, production of various complex grades at Sikka and proper product/segment strategies to maximize the sales to achieve better contribution from its product basket.

To control the financial risks associated with the Foreign Exchange/ Currency rate movements and their impact on raw material prices, the Company has put in place a sophisticated Foreign Exchange Risk Management System.

8. RESEARCH AND PROMOTIONAL ACTIVITIES:

Your company has formed a new subsidiary company GSFC Agrotech Limited under which business of certified seeds of notified hybrids and varieties having disease and pest resistance is carried out.

It provides latest agriculture information to farmers based on scientific research of scientists of Agriculture universities and acts as a link for transfer of technology from 'Lab to Land'.

Your Company is concern about the environment and ecological balance and in its endeavor it is contributing through tree plantation, garden development & maintenance etc. with an objective to turn GSFC 'Green to Greener' and thus also supporting the initiative of Govt. of Gujarat in this direction.

For encouraging urban population to increase greenery and maintaining the ecological balance, your Company sponsored Fruit, Flower & Vegetable shows in association with Baroda Agri Horti Committee. It has participated in the competitions and won accolades and appreciation and sales plants and Agro Inputs from "KRISHI SEVA SAMAGRI KENDRA".

9. SAFETY, HEALTH AND ENVIRONMENT:

During the year in context, strengthening of safety management system was emphasized. External safety audit was carried out. Safety training program for contractors and their representatives have been arranged on regular basis during the year under review. The focus is on proactive endeavor and therefore training on basic fire prevention and usage of fire extinguishers has attracted over 1000 participants. Basic Fire safety is imparted to school going students in nearby pockets as well viz Ranoli, Dashrath and FNC School. Plant shutdown and start up activities pose hazards that are different than normal working plant hazards and therefore intensified safety cover was provided in a structured manner, ensured right kind of hand tools, power tools, lifting tools tackles as well material handling and shifting devices were utilized to ascertain appropriate safety layers in place.

There is project work going on viz Nylon 6(II), WSF, Melamine expansion etc which again has its own set of safety challenges. Adequate measures have been taken to ensure safety during work by intensifying site supervision and walk through safety inspections.

Measures have been initiated to impart mechanical facelift to fire fighting vehicles and as such mechanically elevated working platform ie snorkel is ready to offer service on the spur of the moment and can scale an elevation of 40 Meters.

CORPORATE GOVERNANCE REPORT

(Pursuant to Clause 49 of the Listing Agreement and Regulation 34 (3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 (referred as SEBI (LODR) Regulations, 2015).

THE PHILOSOPHY

Corporate governance is about commitment to values and ethical business conduct by an organization. This includes its corporate and other structures, its culture, policies and the manner in which it deals with various stakeholders. Timely and accurate disclosure of information regarding the financial situation, performance, ownership and governance of the company is an integral part of corporate governance. This enhances public understanding of the structure, activities and policies of an organization. Consequently, the organization is able to attract and retain investors, and enhance their trust and confidence.

We believe that sound corporate governance is critical for enhancing investors' trust and seek to attain business goals with integrity. Our Board exercises its fiduciary responsibilities in the widest sense of the term. Our disclosures always seek to attain the best practices followed. We also endeavor to enhance Stakeholders' value and respect minority rights in all our business decisions with a long term perspective.

Our corporate governance philosophy is based on the following principles:

1. Satisfying the spirit of law and not just the letter of law.
2. Transparency and maintenance of a high degree of disclosure levels.
3. Make a clear distinction between personal conveniences and corporate resources.
4. Communicating effectively, in a truthful manner, about how the Company is run internally.
5. Comply with the Law of Land.
6. Having a simple and transparent corporate structure driven solely by business needs.
7. Firm belief that Management is the trustee of the shareholders' capital and not the owner.

The Board of Directors ('the Board') is at the core of our corporate governance practice and oversees how the Management serves and protects the long-term interests of all our Stakeholders. We believe that an active, well-informed and independent Board is imperative for ensuring highest standards of corporate governance.

The Company is having an appropriately constituted Board, with each Director bringing in key expertise in their respective professional arena. The Chairman of the Company is an Non-Executive Director. More than half of the Board consists of Independent Directors. In fact, the Board of GSFC comprises of entirely non-executive Directors except the Managing Director (CMD), who is an Executive Director.

There is a proactive flow of information to the members of the Board and the Board Committees enabling discharge of fiduciary duties effectively. The Company has full-fledged systems and processes in place for internal controls on all operations, risk management and financial reporting. Providing of a timely and accurate disclosure of all material, operational and financial information to the stakeholders is a practice followed by the Company. The Company conforms to the mandatory requirements of SBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

All the Committees of the Board like Stakeholders Relationship Committee, Finance-cum-Audit Committee, Corporate Social Responsibility Committee, Nomination and Remuneration Committee, Risk Management etc. that are constituted under the Code of Corporate Governance, have been functioning effectively.

The Board of Directors of the Company has formally adopted the Code of Conduct way back at its Meeting held on 28-01-2005, which has subsequently been updated from time to time. The Code has been made applicable to the Board of Directors and the Senior Officers of the Company, i.e. all the members of the Internal Management Committee of the Company. The code includes honesty and integrity in all the transactions concerning the Company, conflict of interest, insider trading, protection of assets, communication, duties of independent directors etc. The code of conduct is also available on the website of the Company at www.gsfclimited.com. The Company firmly believes and accepts that this code of conduct cannot be expected to remain static and therefore, it would need continuous improvisation as per moral, cultural and ethical sense of values encountered by the Company with the passage of time.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GUJARAT STATE FERTILIZERS & CHEMICALS LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **GUJARAT STATE FERTILIZERS & CHEMICALS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2016, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act, as applicable.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order under section 143 (11) of the Act.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016, and its profit and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to Note 37 to the standalone financial statements regarding the basis on which the Company has continued to recognise revenue of Rs. 18,836 lakhs for the current year (Previous year Rs. 17,853 lakhs) and trade receivables of Rs. 84,375 lakhs as at March 31, 2016 (as at March 31, 2015 Rs. 65,490 lakhs) in respect of subsidy on Ammonium Sulphate as stated in the note, till ultimate outcome of the matter, which is pending with the Department of Fertilizers to examine the Company's representations as per the orders of the Honourable Delhi High Court.

Our opinion is not qualified in respect of this matter.

INDEPENDENT AUDITORS' REPORT (Contd...)

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards prescribed under section 133 of the Act, as applicable.
 - e) On the basis of the written representations received from the directors as on 31st March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 29 to the financial statements
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph (f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Gujarat State Fertilizers & Chemicals Limited (“the Company”) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The fixed assets were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land and buildings that have been taken on lease and disclosed as fixed asset in the financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.
- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT (Contd...)

- (v) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014, as amended, with regard to the deposits accepted. According to the information and explanations given to us, no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
- The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and other material statutory dues applicable to it to the appropriate authorities.
 - There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and other material statutory dues in arrears as at March 31, 2016 for a period of more than six months from the date they became payable.

NOTES TO THE FINANCIAL STATEMENTS

1. SIGNIFICANT ACCOUNTING POLICIES

A. Basis of preparation and presentation of financial statements :

The financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. These financial statements have been prepared to comply in all material aspects with the mandatory Accounting Standards notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Companies Act, 2013. The significant accounting policies have been consistently applied by the Company.

B. Capital Expenditure :

- a) Fixed Assets acquired and constructed are stated at historical cost including attributable cost for bringing the asset to its intended use.
- b) Assets under erection / installation of the existing projects and on going projects are shown as "Capital Work in Progress".
- c) Capital advances given for procurement of fixed assets are treated as non current assets irrespective of when fixed assets are expected to be received and are classified as Long term loans and advances.
- d) In the absence of availability of specific original cost in respect of a part of assets capitalised under turn-key contracts, the original value of such asset written / disposed off is estimated on the basis of its current cost adjusted for price and technological factors.
- e) Major cost of civil works required as plant and machinery supports, on the basis of technical estimates, is considered as Plant & Machinery.
- f) Advances paid for the purchase / acquisitions of land in possession of the Company are included in the cost of land.
- g) Renewals and replacements are either capitalised or charged to revenue as appropriate, depending upon the nature and long term utility of such renewals and / or replacements.
- h) Intangible assets are stated at cost.

C. Borrowing Cost :

Borrowing cost of the funds borrowed for the qualifying asset is capitalised till the date of commencement of commercial production. Other borrowing cost is charged to revenue.

D. Depreciation and Amortisation :

Depreciation on Fixed Assets is provided on Straight Line Method at the rates prescribed in Schedule II to the Company's Act, 2013. Depreciation on additions to fixed assets and assets disposed off/discarded is charged on pro-rata basis. Depreciation on commissioning of plants and other assets of new projects is charged for the days they are actually put to use. Exchange variation adjusted in the carrying cost of the fixed assets is amortised over the residual life of the assets.

Leasehold land, other than that on perpetual lease, is amortized over the life of the lease.

Intangible assets are amortized over their estimated economic lives but not exceeding ten years on a straight-line basis.

Assets retired from use and held for disposal are stated at cost or realizable value whichever is lower. No depreciation has been charged on these assets after their retirement.

E. Impairment of Assets :

The Company makes assessment to find out whether there are any indications for impairment of assets as provided in the Accounting Standard notified under Section 133 of the Companies Act, 2013. If any such indications are available then further process as per the Accounting Standard is carried out by the Company and necessary adjustments in the books of the accounts are made accordingly.

F. Foreign Currency Transaction :

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities related to foreign currency transactions remaining unsettled at the year-end are translated into rupee at the contract rates, when covered by forward cover contracts and at the year-end exchange rates in other cases. The exchange difference arising on foreign currency transactions including gain or loss arising due to cancellation of forward cover contracts are recognised in the statement of profit and loss except those relating to fixed assets acquired prior to 01-04-2004 which are adjusted to the carrying cost of the fixed assets. Accounting for derivative contracts, other than those covered under AS-11, are marked to market on a portfolio basis, and the net loss after considering the offsetting effect on the underlying hedge item is charged to the Income Statement. Net gains on derivative transactions are ignored.

G. Investments :

Current investments are carried at the lower of cost or quoted / fair value. Long term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of long term investments.

H. Inventories :

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw materials, process chemicals, stores and spares, packing materials, trading and other products are determined on weighted average basis.

I. Revenue Recognition :

- a) Sales of industrial products are accounted on the dispatch basis except export sales, which are recognised on the basis of bill of lading. Sales of fertilizers are accounted for on the basis of issue of release orders. Subsidy and equated freight on fertilizers are accounted on accrual basis

NOTES TO THE FINANCIAL STATEMENTS

as and when the order notified by for the same is available with the Company from the Government of India.

- b) The amounts receivable from various agencies are accounted for on accrual basis except interest on delayed payments, refunds from customs & excise authorities, insurance claims (other than marine claims), etc. where it is not possible to ascertain the income with reasonable accuracy or in absence of finality of the transaction.

Current year figures are in bold

Notes :

- The Company has commissioned 2616 MTPA FDY project of Rs 50.88 crores at Fibre unit on 26th September, 2015.
- Asset acquisition includes R&D assets of Rs 16.80 lakhs (previous year Rs 27.91 lakhs).
- The Company has acquired land through Government and also through direct negotiations. The entire land is in possession of the Company. In respect of portion of land for which the Company has still not received the award/sale deed, the advance paid to land owners have been treated as land. In respect of other portion of land acquired through direct negotiations, compensation has been paid at the negotiated price. The Company also holds possession of a portion of land for which no amount has been paid in absence of receipt of awards.
- The Company has leased a portion of its land to Bank of Baroda for bank premises at Fertilizernagar and Sikka and Gas Authority of India Ltd. (GAIL) for establishment of CNG pumping station.
- Buildings include Rs. 0.02 lakh being the value of shares in Co-operative Housing Societies.
- The Company established Sikka Jetty at its own cost, which is in operation since 1987. After due discussion with Gujarat Maritime Board (GMB), a consensus was arrived at establishing ownership of jetty with the Company. Thereafter, in terms of resolution passed by GMB, the ownership of the jetty at Sikka was transferred to the Company. However, during 1994, GMB has reversed its earlier decision not supported by resolution and contended that the ownership of the jetty rests with GMB. The Company has made representation to the appropriate authority with regards to the ownership of the jetty with the Company.
The matter of deciding the status of Jetty was under examination at GMB & Government of Gujarat levels since long back. Various meetings were also held and after due diligence on the matter, it is decided by the Board of GMB supported by a resolution to assign the status of Captive Jetty to sikka jetty and the Company has to sign Captive Jetty Agreement with GMB. The matter is under discussion with GMB authorities. Pending finalization of the Captive Jetty Agreement, no provision is considered necessary in respect of various claims against the Company and counter-claims of the Company (both the amounts not determined). At present the Company is in possession of the Jetty and continues to be the owner of the Jetty pending signing of the Agreement.
- Consequent upon enactment of Schedule-II of the New Company's Act, 2013, the Fixed Assets have been reclassified. In the respect of the fixed assets having completed their useful life, an amount of Rs. Nil (previous year Rs 2133.29 Lakhs) has been adjusted against the opening balance of retained earnings.

36. Government Grants and Subsidies

(₹ in lakhs)

	For the year ended 31 st March	
	2016	2015
Revenue from Operations (Note-20) includes :		
Subsidy from Government of India Retention Price Scheme / under New Urea Policy / Nutrient Based Subsidy Scheme:		
Pertaining to current year	1,80,006	1,26,706
Pertaining to earlier years determined during current year	10,173	3,124
	As at 31.03.2016	As at 31.03.2015
Trade Receivable (Note-16) includes :		
Subsidy from Government of India under Retention Price Scheme / Nutrient Based Subsidy Scheme*:		
Outstanding for a period exceeding six months from due date	1,31,769	98,097
Outstanding for a period not exceeding six months from due date	1,06,425	44,403

*The above amount includes outstanding subsidy on Ammonium Sulphate fertilizer Rs 84375 lakhs (previous year Rs 65490 lakhs), pending finality of matter in the court.

37. Subsidy on Ammonium Sulphate:

Department of Fertilizers (DoF) vide Office Memorandum dated 18th March, 2013 had sought to recover subsidy on Ammonium Sulphate fertilizer produced by the Company, under the Nutrient Based Subsidy scheme of Govt. of India w.e.f. April 1, 2010, and also to stop further disbursement of subsidy on said fertilizer.

The management believes that since its Ammonium Sulphate (AS), is specifically covered in the Nutrient Based Subsidy (NBS) Policy right from inception of the scheme w.e.f.1-4-2010, it has been allowed to upload various data on Fertilizers Monitoring System website of DoF.

The Company filed a writ petition in the Honourable Delhi High Court and obtained a stay. The company is trying to resolve matter with Government of India. DoF has also presented its view in the Honourable Delhi high Court about amicable settlement in the matter. The Company has already made representation to DoF for releasing interim subsidy and as per the last order of the court dated 11th May 2016, DoF has confirmed to a decision for disposing of the representation within a period of six weeks and has adjourned the date of next hearing to July 18, 2016.

Following amounts already have been recognised in the books of accounts for respective years/periods and the management strongly believes that amounts mentioned below are recoverable or not required to be paid back to government in case already received.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Such subsidy received from the Department of Fertilizers amounting to Rs. 26,866 lakhs for the period from April 1, 2010 to November 30, 2011 has been accounted for as Net sales/ Income from operations in the respective accounting periods.

Net sales/ Income from operations and trade receivables in the financial statements include amounts of such subsidy as under:

Revenue from operation (Note-20) includes:-	For the year ended 31st March, 2016	For the year ended 31st March, 2015
Subsidy from Government of India under Nutrient Based Subsidy Scheme	18836	17853

Trade Receivables (Note-16) includes:-	As at 31.03.2016	As at 31.03.2015
Subsidy from Government of India under New Urea Policy/ Retention Price Scheme/Nutrient Based Subsidy Scheme:-		
Outstanding for a period exceeding six months from due date	73192	54875
Outstanding for a period not exceeding six months from due date	11183	10615

Based on the given scenario, management of the Company believes that there is no ground for removing AS from NBS and has been done in arbitrary and discriminatory manner and amount accounted as above is recoverable from the DoF.

38. Previous Year's Figures

Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification/disclosures.

TO THE MEMBERS OF GUJARAT STATE FERTILIZERS & CHEMICALS LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **GUJARAT STATE FERTILIZERS & CHEMICALS LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group") and its associates, comprising of the Consolidated Balance Sheet as at 31st March, 2016, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associates in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act, as applicable. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at 31st March, 2016, and their consolidated profit and their consolidated cash flows for the year ended on that date.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph (f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Gujarat State Fertilizers & Chemicals Limited (hereinafter referred to as “the Holding Company”) and its subsidiary company, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary company and its associate companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary company, which is company incorporated in India, in terms of its report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT (Contd.)

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company, which is company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one subsidiary company, which is company incorporated in India, is based on the corresponding report of the auditors of such company incorporated in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SIGNIFICANT ACCOUNTING POLICIES

A. Basis of preparation and presentation of financial statements :

The consolidated financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. These financial statements have been prepared to comply in all material aspects with the mandatory Accounting Standards notified under Section 133 of the Companies Act 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and other relevant provisions of the Companies Act, 2013. Accounting policies have been consistently applied by the Company.

B. Principles Of Consolidation:

The consolidated financial statements are prepared in accordance with the principles and procedures laid down under the Accounting Standard (AS) 21, "Consolidated Financial Statements" notified under Section 133 of the Companies Act 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014. The consolidated financial statements comprise the financial statements of the company and its subsidiary as disclosed in Note no.34, combined on a line-by-line basis by adding together book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances and transactions and resulting unrealised gain/loss. The consolidated financial statements are prepared by applying uniform accounting policies in use at the Group. Minority interests, if any, have been excluded. Minority interests represent that part of the net profit or loss and net assets of the subsidiary that are not, directly or indirectly, owned or controlled by the company.

Investments in associates are accounted for using equity method as per Accounting Standard 23 – Accounting for Investments in Associates in Consolidated Financial Statements" notified under Section 133 of the Companies Act 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014. The investment is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the acquisition date. The group's investment in associates includes capital reserves identified on acquisition.

The financial statement of the subsidiary and associates used in the consolidation are drawn up to the same reporting date as that of the Company. However, unaudited financial statements of associates are used in the consolidation since audited financial statements as on reporting date are not available.

The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and appropriate adjustments, if any, are made to the financial statements of subsidiary when they are used in preparing the consolidated financial statements that are presented in the same manner as the Company's separate financial statements.

C. Use of estimates and assumptions :

The preparation of consolidated financial statements requires the management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities as at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Accounting estimates could change from period to period. Actual results could differ from estimates. Differences between the actual results and the estimates are recognised in the period in which the same are known/ materialised.

D. Capital Expenditure :

- Fixed Assets acquired and constructed are stated at historical cost including attributable cost for bringing the asset to its intended use.
- Assets under erection / installation of the existing projects and on going projects are shown as "Capital Work in Progress".
- Capital advances given for procurement of fixed assets are treated as non current assets irrespective of when fixed assets are expected to be received and are classified as Long term loans and advances.
- In the absence of availability of specific original cost in respect of a part of assets capitalised under turn-key contracts, the original value of such asset written / disposed off is estimated on the basis of its current cost adjusted for price and technological factors.
- Major cost of civil works required as plant and machinery supports, on the basis of technical estimates, is considered as Plant & Machinery.
- Advances paid for the purchase / acquisitions of land in possession of the Group are included in the cost of land.
- Renewals and replacements are either capitalised or charged to revenue as appropriate, depending upon the nature and long term utility of such renewals and / or replacements.
- Intangible assets are stated at cost.

E. Borrowing Cost :

Borrowing cost of the funds borrowed for the qualifying asset is capitalised till the date of commencement of commercial production. Other borrowing cost is charged to revenue.

F. Depreciation and Amortisation :

Depreciation on Fixed Assets is provided on Straight Line Method at the rates prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to fixed assets and assets disposed off/discarded is charged on pro-rata basis. Depreciation on commissioning of plants and other assets of new projects is charged for the days they are actually put to use. Exchange variation adjusted in the carrying cost of the fixed assets is amortised over the residual life of the assets.

Leasehold land, other than that on perpetual lease, is amortized over the life of the lease.

Intangible assets are amortized over their estimated economic lives but not exceeding ten years on a straight-line basis.

Assets retired from use and held for disposal are stated at cost or realizable value whichever is lower. No depreciation has been charged on these assets after their retirement.

G. Impairment of Assets :

The Group makes assessment to find out whether there are any indications for impairment of assets as provided in the Accounting Standard notified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014. If any such indications are available then further process as per the Accounting Standard is carried out by the Group and necessary adjustments in the books of the accounts are made accordingly.

H. Foreign Currency Transaction :

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

assets and liabilities related to foreign currency transactions remaining unsettled at the year-end are translated into rupee at the contract rates, when covered by forward cover contracts and at the year-end exchange rates in other cases. The exchange difference arising on foreign currency transactions including gain or loss arising due to cancellation of forward cover contracts are recognised in the statement of profit and loss except those relating to fixed assets acquired prior to 01-04-2004 which are adjusted to the carrying cost of the fixed assets. Accounting for derivative contracts, other than those covered under AS-11, are marked to market on a portfolio basis, and the net loss after considering the offsetting effect on the underlying hedge item is charged to the Income Statement. Net gains on derivative transactions are ignored.

I. Investments :

Current investments are carried at the lower of cost or quoted / fair value. Long term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of long term investments.

J. Inventories :

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw materials, process chemicals, stores and spares, packing materials, trading and other products are determined on weighted average basis.

K. Revenue Recognition :

- Sales of industrial products are accounted on the dispatch basis except export sales, which are recognised on the basis of bill of lading. Sales of fertilizers are accounted for on the basis of issue of release orders. Subsidy and equated freight on fertilizers are accounted on accrual basis as and when the order notified by for the same is available with the Company from the Government of India.
- The amounts receivable from various agencies are accounted for on accrual basis except interest on delayed payments, refunds from customs & excise authorities, insurance claims (other than marine claims), etc. where it is not possible to ascertain the income with reasonable accuracy or in absence of finality of the transaction.

L. Employee Benefits :

Defined benefit plans:

- Short-term employee benefits
Short term employee benefits are recognized as an expense at the undiscounted amount in the Consolidated Statement of Profit and Loss of the year in which the related service is rendered.
- Post Employment benefits
Post employment benefits comprise of gratuity, superannuation for the eligible employees of all the four units of the Company and medical benefit for eligible employees of Baroda unit of the Company. Post employment benefits are recognized as an expense in the statement of profit and loss for the year in which the employee has rendered services. The expense is recognized at the present value of the amount payable using actuarial valuation carried out as at the end of the

year in accordance with the revised Accounting Standard 15 (revised 2005) on 'Employee Benefits' issued by the Central Government.

The Company has set up separate recognized Provident Fund trusts for all the units of the Company. Contributions paid/payable for Provident Fund of eligible employees is recognized in the statement of Profit and Loss each year. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the trusts and the interest rate notified by Government.

The Company also contributes to a government administered Family Pension fund on behalf of its employees

(c) Other long term employee benefits

Other long term employee benefits comprise of leave encashment. The Company accounts for Leave Encashment Liability on the basis of actuarial valuation carried out as at the end of the year.

(d) Actuarial gains and losses in respect of post employment and other long-term benefits are charged to the statement of profit and loss.

Defined contribution plans:

The Company's contribution to National Pension Scheme is considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made

M. Research and Development:

Capital expenditure on Research & Development activities is included in Fixed Assets to the extent it has alternative economic use. Revenue expenditure pertaining to research activity is charged under respective account heads in the Consolidated Statement of Profit & Loss.

N. Taxation:

Provision for Current Income tax is based on the estimated taxable income for the period in accordance with the provisions of the Income Tax Act, 1961 and at the rate enacted or substantively enacted at the balance sheet date.

Deferred Tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date and is recognised on timing differences between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred Tax assets, subject to consideration of prudence, are recognised and carried forward only to the extent there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

O. Segment Reporting :

The group has identified two reportable business segments i.e. Fertilizer products and Industrial products. The group operates mainly in Indian market and there are no reportable geographical segments.

P. Provisions, Contingent Liabilities and Contingent Assets :

Current year figures are in bold

Notes :

- a) The Company has commissioned 2616 MTPA FDY project of Rs 50.88 crores at Fibre unit on 26th September, 2015.
- b) Asset acquisition includes R&D assets of Rs 16.80 lakhs (previous year Rs 27.91 lakhs).
- c) The Company has acquired land through Government and also through direct negotiations. The entire land is in possession of the Company. In respect of portion of land for which the Company has still not received the award/sale deed, the advance paid to land owners have been treated as land. In respect of other portion of land acquired through direct negotiations, compensation has been paid at the negotiated price. The Company also holds possession of a portion of land for which no amount has been paid in absence of receipt of awards.
- d) The Company has leased a portion of its land to Bank of Baroda for bank premises at Fertilizemagar and Sikka and Gas Authority of India Ltd. (GAIL) for establishment of CNG pumping station.
- e) Buildings include Rs.0.02 lakh being the value of shares in Co-operative Housing Societies.
- f) The Company established Sikka Jetty at its own cost, which is in operation since 1987. After due discussion with Gujarat Maritime Board (GMB), a consensus was arrived at establishing ownership of jetty with the Company. Thereafter, in terms of resolution passed by GMB, the ownership of the jetty at Sikka was transferred to the Company. However, during 1994, GMB has reversed its earlier decision not supported by resolution and contended that the ownership of the jetty rests with GMB. The Company has made representation to the appropriate authority with regards to the ownership of the jetty with the Company.

The matter of deciding the status of Jetty was under examination at GMB & Government of Gujarat levels since long back. Various meetings were also held and after due diligence on the matter, it is decided by the Board of GMB supported by a resolution to assign the status of Captive Jetty to Sikka jetty and the Company has to sign Captive Jetty Agreement with GMB. The matter is under discussion with GMB authorities. Pending finalization of the Captive Jetty Agreement, no provision is considered necessary in respect of various claims against the Company and counter-claims of the Company (both the amounts not determined). At present the Company is in possession of the Jetty and continues to be the owner of the Jetty pending signing of the Agreement.
- g) Consequent upon enactment of Schedule-II of the New Company's Act, 2013, the Fixed Assets have been reclassified. In the respect of the fixed assets having completed their useful life, an amount of Rs.Nil (previous year Rs 2133.29 Lakhs) has been adjusted against the opening balance of retained earnings.

36. Government Grants and Subsidies

(₹ in lakhs)

	For the year ended 31 st March	
	2016	2015
Revenue from Operations (Note-20) includes :		
Subsidy from Government of India under New Urea Policy/Retention Price Scheme/Nutrient Based Subsidy Scheme :-		
Pertaining to current year	180006	126706
Pertaining to earlier years determined during current year	10173	3124
	As at 31st March 2016	As at 31st March 2015
Trade Receivables (Note-16) includes:-		
Subsidy from Government of India under New Urea Policy/Retention Price Scheme/Nutrient Based Subsidy Scheme*		
Outstanding for a period exceeding six months from due date	131769	98097
Outstanding for a period not exceeding six months from due date	106425	44403
*The above amount includes outstanding subsidy on Ammonium Sulphate fertilizer Rs 84375 lakhs (previous year Rs 65490 lakhs), pending finality of matter in the court.		

37. Subsidy on Ammonium Sulphate:

Department of Fertilizers (DoF) vide Office Memorandum dated 18th March, 2013 had sought to recover subsidy on Ammonium Sulphate fertilizer produced by the Company, under the Nutrient Based Subsidy scheme of Govt. of India w.e.f. April 1, 2010, and also to stop further disbursement of subsidy on said fertilizer.

The management believes that since its Ammonium Sulphate (AS), is specifically covered in the Nutrient Based Subsidy

(NBS) Policy right from inception of the scheme w.e.f. 1-4-2010, it has been allowed to upload various data on Fertilizers Monitoring System website of DoF.

The Company filed a writ petition in the Honourable Delhi High Court and obtained a stay. The company is trying to resolve matter with Government of India. DoF has also presented its view in the Honourable Delhi high Court about amicable settlement in the matter. The Company has already made representation to DoF for releasing interim subsidy and as per the last order of the court dated 11th May 2016, DoF has confirmed to a decision for disposing of the representation within a period of six weeks and has adjourned the date of next hearing to July 18, 2016.

Following amounts already have been recognised in the books of accounts for respective years/periods and the management strongly believes that amounts mentioned below are recoverable or not required to be paid back to government in case already received.

Such subsidy received from the Department of Fertilizers amounting to Rs. 26,866 lakhs for the period from April 1, 2010 to November 30, 2011 has been accounted for as Net sales/ Income from operations in the respective accounting periods.

Net sales/ Income from operations and trade receivables in the financial statements include amounts of such subsidy as under:

Revenue from operation (Note-20) includes:-

	For the year ended 31st March, 2016	For the year ended 31st March, 2015
Subsidy from Government of India under Nutrient Based Subsidy Scheme	18836	17853

Trade Receivables (Note-16) includes:-

	As at 31.03.2016	As at 31.03.2015
Subsidy from Government of India under New Urea Policy/ Retention Price Scheme/Nutrient Based Subsidy Scheme:-		
Outstanding for a period exceeding six months from due date	73192	54875
Outstanding for a period not exceeding six months from due date	11183	10615

Based on the given scenario, management of the Company believes that there is no ground for removing AS from NBS and has been done in arbitrary and discriminatory manner and amount accounted as above is recoverable from the DoF.

GSFC CSR ACTIVITIES

Caring Constantly

GSFC holds an exemplary record in supporting the communities that surround it. Right from the cause of the origin of the company, which was to improve the productivity of the farming communities, GSFC has sustained the practice of continuously involving with community development efforts. A dedicated CSR Cell is committed to various endeavours toward improving the overall quality of life around us. We keep on investing substantially for the betterment of the communities in India and abroad.

Our focus is on providing basic amenities essential for a decent living in the communities connected to our operational units. Eradicating hunger, poverty and malnutrition is high on our CSR priorities list. So are the promotion of preventive health care, sanitation and making drinking water available in rural households. GSFC's involvement in CSR is both comprehensive and farsighted. The establishment of the research driven centre of excellence, GSFC University, is just another example of that stellar vision.

GSFC UNIVERSITY

Incubating Innovators

GSFC University had been established with a vision to train and develop human capital, a commitment to change the attitude towards learning in India.

For the first time, a research driven university is being sponsored by an organization under CSR initiative. GSFC University follows the culture of openness and the philosophy of 'Buddhi Gyanen Shudhayanti', which means purification of mind and intellect through knowledge. GSFC University puts emphasis on the four Cs - Culture, Curriculum, Collaborations and Campus. The University comprises of two schools - the School of Technology and the School of Management. New areas like Economics, Applied Psychology and Political Science may be subsequently added to the curriculum.

GSFC R & D

Intuitive. Innovative.

Research and Development Centre, established in 1974 is spread in around 5000 sq. mts area. There are five core research segments with their lab and a pilot plant for scale up activities. It is recognized by Department of Scientific & Industrial Research, Government of India, and has successfully commercialized various products.
