LETTER FROM CHAIRMAN'S DESK

Dear Shareholders,

It gives me great pleasure to welcome you all to the 9th Annual General Meeting of Onelife Capital Advisors Limited. The notice related to this Annual General Meeting, Director's Report, Audited Annual Accounts for the FY 2015-16, Consolidated Annual Audited Accounts and Cash Flow Statement are already with you. With your kind permission, I shall take it as read.

FY2015-16 has been a significant year for your company. It is the fiscal when your company has ventured to provide a business identity and growth option which may yield positive gains in the years to come.

India- Economic Performance FY2015-16:

Indian economy (GDP) grew at 7.6% for FY16, which is one of the highest growth rates amongst G-20 nations. It is important to note that despite global growth challenges from developed economies like USA, Europe and China, the Indian economy has been able to sustain high growth rates and is now benefiting from a strong currency with low crude and commodity prices. We feel there is now a mood of optimism emerging in the Indian economy. For Q4 FY2015-16, Indian economy grew at 7.9% to become one of the fastest growing economy in the world. Exports growth has been an area of concern with Y-O-Y negative growth rates, but the trade balance has been partially alleviated by the reduced trade deficit and current account deficits.

Services sector contributes almost 53% of the Indian GDP grew at a robust 10.2% during FY2016. Macroeconomic reforms expected in the tax regime like GST, coupled with the new policy and investment initiatives of the present government should augur a positive growth environment for the nation. Hence, we as management of this company firmly believe that India is perfectly augured to benefit from both global and local opportunities.

India- Economic Outlook for FY2016-17

India's consumption will continue to grow in FY2017. Good monsoons should help ease the inflationary pressures in the economy. India will continue to benefit from low crude prices and stable interest rates. Resolution of Non-Performing Assets in the banking system should further add growth momentum to the Indian economy. Despite global challenges expected due to Brexit, negative interest rates in Japan and USA indicating of a potential rise in interest rates FY2016-17. This highlights the tremendous confidence of the global economy on India's expected performance.

Indian economy which is estimated at US\$2 trillion today is expected to grow to US\$20 trillion in next 20 years, making India one of the largest and best performing economies in the world. Average age of the Indian population is at 35 years, indicating its tremendous income generating potential and the ability to provide a positive growth momentum to the global economies.

Company Developments 2015-16:

Your company has positioned itself to benefit from all the above opportunities by building a strategic business and investment portfolio that can help reflect and profit from these developments. Your company has further focused to provide a platform for generating value added business by focusing on investments and opportunities which are investment accretive. Execution and management are the two key elements on which your company wishes to reach this strategic goal.

In FY2015-16, your company, through M/s Purple India Holding Limited, a 100% subsidiary of Onelife Capital Advisors Limited, has entered into a shareholding agreement, subject to all regulatory approvals, to acquire Destimoney group of companies. Destimoney is amongst India's leading full service equity brokerage and third party financial services company, with its own NBFC. Your company has ventured to acquire and thereafter to build upon the existing business networks, infrastructure and clientele of Destimoney. This acquisition should help your company to catapult itself to become amongst one of the India's leading financial services business. Your company expects this acquisition should offer the ability to use its management strengths effectively to generate positive value to shareholders. This venture should be a good strategic fit to your company business.

Your company also acquired 100% shareholding in Eyelid Infrastructure Private Limited, with the intention to develop and use the underlying assets in the company for business purposes.

During FY2015-16, your company revenue was Rs. 209.50 lakh, with a net profit of Rs 0.38 lakh. The income was primarily by earned interest on the fixed deposits of the company.

Considering that your company is in an investment mode, the management has decided not to declare any dividend for the year.

Company Outlook for FY2016-17

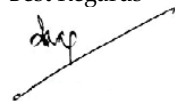

Your company is working to secure the necessary regulatory permissions, by addressing the ground challenges and possibilities. Your company is also looking at parallel business opportunities to rebuild on the business options as they may arise. Your company expects to conclude on this transaction by end of FY2017 and has built on future plans to integrate and manage this new business. We are looking forward to make a quick turnaround and growth for this new venture once all initial approvals and hurdles are cleared.

Our Sincere Appreciation and Acknowledgements

Your Directors, and I the Chairman, would like to take this opportunity, to put across our personal gratitude for the support demonstrated by our shareholders for the company initiatives conducted by us. MANAGEMENT DISCUSSION AND ANALYSIS REPORT**Industry Overview and Macro-Economic Developments**

The Economic Survey 2015-16 presented in the Parliament by the Finance Minister Arun Jaitley on 26 February 2016 projects India's economic growth to accelerate to 8 % or higher in the next couple of years given the beginning price situation and comfortable level of external current account. Indian economy has taken impressive strides with reduction in macro-vulnerability due to reforms in key areas, pursuit of fiscal prudence and focus on price stability.

The Economic Survey expects growth rate in the range of 7 to 7.5% in 2016-17, after 7.2% in 2014-15 and 7.6% in 2015-16. The growth rate of over 7% makes India the fastest growing major economy in the world. The Survey further mentions that the recent growth revival in India is predominantly consumption driven. It says while the growth in services sector has moderated slightly. The acceleration in manufacturing growth has compensated for the lower growth in agriculture sector, due to two successive years of lower than normal monsoon rains.

The Economic Survey says that in spite of challenges and lowers than projected GDP growth for 2015-16 at current prices, the fiscal deficit target of 3.9% of GDP seems achievable. This became possible as the Gross Tax Revenue (GTR) targets were achieved, due to improved tax buoyancy and prudent expenditure management, assisted by declining oil prices.

It points out that the Services Sector continues to be the key driver of India's economic growth and it accelerated to 10.3% in 2014-15 from 7.8% in the previous year and it is expected to be 9.2% (constant prices) in 2015-16 as per the advanced estimates. This is due to lower growth in Public Administration, Defense and other Services. There has been a rising trend in FDI equity inflows to the services sector in the first seven months of 2015-16 with FDI inflows growing by 74.7%. The Report, however, points out that there has been sluggishness in India's service exports in the recent months due to global slowdown.

Services sector remain key growth driver

The services sector in India has remained the most vibrant sector in terms of contribution to national and state incomes, trade flows, FDI inflows, and employment. According to the Economic Survey 2015-16 tabled in Parliament, the services sector contributed almost 66.1% of its gross value added growth in 2015-16 becoming the important net foreign exchange earner and the most attractive sector for FDI (Foreign Direct Investment) inflows. Despite the slow down in the post crisis period (2010-14) India showed the fastest service sector growth with a CAGR (Compound Annual Growth Rate) of 8.6% followed by China at 8.4%. In 2014 India's services sector growth at 10.3% was noticeably higher than China at 8.0%. As per the ILO (International Labour Organization) report on "Global Employment and Social Outlook: Trends 2015" job creation in the coming years will be mainly in the service sector.

Annexure “B” to the Independent Auditors’ Report
(Referred to in paragraph 6B(g) under ‘Report on Other Legal and Regulatory Requirements’
section of our report of even date)

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-
section 3 of Section 143 of the Companies Act, 2013 (‘the Act’)**

We have audited the internal financial controls over financial reporting of **ONELIFE CAPITAL ADVISORS LIMITED** (“the Company”) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India (the ‘Guidance Note’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing as specified under Section 143 (10) of the Act and the Guidance Note, to the extent applicable to an audit of internal financial controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included

obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with the generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; (3) provide reasonable assurance regarding prevention or timely detection of

unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note.

Significant Accounting Policies:

1.1 Basis of preparation of financial statements:

The financial statements have been prepared in accordance with the historical cost convention on an accrual basis and comply with the applicable Accounting Standards specified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014.

These financial statements have been prepared as required under relevant provision of the Companies Act, 2013 and the presentation is based on the Schedule III of the Companies Act, 2013. All assets and liabilities are classified into current and non-current generally based on the criteria of realization / settlement within twelve months period from the balance sheet date.

1.2 Use of estimates:

The preparation of the financial statements in conformity with GAAP requires the Management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognized in the period in which such revisions are made.

1.3 Revenue recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and is recognized on accrual basis.

1.4 Fixed assets:

Fixed assets are stated at cost less accumulated depreciation and impairment loss if any. Cost comprises the purchase price and any cost, attributable to bringing the asset to its working condition for its intended use.

Intangible assets are recognized only if it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. The intangible assets are recorded at cost and are carried at cost less accumulated amortization.

1.5 Depreciation:

- a. Depreciation is provided on "Written Value Method" basis at the rates specified in Schedule II to the Companies Act, 2013. Depreciation is charged on pro-rata basis for assets purchased/sold during the year.
- b. Fixed assets costing up to Rs. 5,000 individually are fully depreciated in the year of purchase.

1.6 Investments:

Quoted Investments are valued at cost or market value whichever is lower. Unquoted investments are stated at cost. The decline in the value of the unquoted investments, other than temporary, is provided for. Cost is inclusive of brokerage, fees and duties but excludes Securities Transaction Tax, if any.

1.7 Employee Benefits:

- a. **Short term employee benefits**
All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Undiscounted value of benefits such as salaries and bonus are recognized in the period in which the employee renders the related service.

b. Defined contribution plans:

The Company is not covered under the Employees State Insurance Act and the Provident Fund Act.

c. Defined benefit plans:

The Company's Gratuity plan is a defined benefit plan. The liability under the plan is determined on the basis of an independent actuarial valuation carried out at the year end. The actuarial valuation method used by independent actuary for measuring the liability is the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the Statement of Profit and Loss.

As per the Company's policy, leave earned during the year do not carry forward, they lapse if the current period's entitlement is not used in full and do not entitle employees to a cash payment for unused entitlement during service.

1.8 Operating Leases:

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of profit and Loss as when they are incurred.

1.9 Taxation:

Income Tax expense comprises of current tax (i.e. amount of tax for the year determined in accordance with the income tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets is recognized using the tax rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that the assets can be realized in future. However, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonable or virtually certain (as the case may be) of realization.

1.10 Earnings per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all potential dilutive equity shares, except where result would be anti-dilutive.

1.11 Impairment:

The Fixed Assets or a group of assets (Cash generating unit) are reviewed for impairment at each Balance Sheet date. In case of any such indication, the recoverable amount of these assets or group of assets is determined, and if such recoverable amount of the assets or cash generating unit to which the assets belongs is less than its carrying amount, the impairment loss is recognized by writing down such assets to their recoverable amount. An impairment loss is reversed if there is change in the recoverable amount and such loss either no longer exists or has decreased.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT
(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements'
section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **Onelife Capital Advisors Limited** ('the Holding Company') and its subsidiary companies incorporated in India as at March 31, 2016 in conjunction with our audit of the consolidated financial statements of the Holding Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls:

The respective Board of Directors of the Holding Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the respective internal control over financial reporting criteria established by the Holding Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility:

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act and the Guidance Note, to the extent applicable to an audit of internal financial controls over financial reporting. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies incorporated in India, in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect

the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Holding Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note.

Other Matter:

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 6 subsidiary companies, incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

ONELIFE CAPITAL ADVISORS LIMITED

1. Principles of Consolidation

The Consolidated Financial Statements consist of Onelife Capital Advisors Limited ("the Company" or "the Holding Company") and its subsidiary companies (collectively referred to as "the Group"). The Consolidated Financial Statements have been prepared on the following basis:

- a. The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses as per Accounting Standard 21 - "Consolidated Financial Statements" specified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014.
- b. The difference between the cost of investment in the subsidiaries and the Company's share of net assets at the time of acquisition of shares in the subsidiaries is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.
- c. Minority's share of net profit for the year of consolidated subsidiaries is identified and adjusted against the Profit After Tax of the Group.
- d. Minority Interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet separately from liabilities and equity of the Company's shareholders. Minority interest in the net assets of consolidated subsidiaries consists of:
 - i. The amount of equity attributable to minority at the date on which investment in a subsidiary is made; and
 - ii. The minority share of movements in equity since the date the holding subsidiary relationship came into existence.
- e. The financial statements of the subsidiaries used in the consolidation are drawn up to the same reporting date as that of the Company i.e. March 31, 2016
- f. The financial statements of the holding company and its subsidiary have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as Company's separate financial statements except in respect of depreciation, where it is not practicable to use uniform policies. However, the amount of impact of this difference is not material. The list of subsidiary companies which are included in the consolidation and the Company's holdings therein are as under:

Sr. No	Name of the Company	Status	Country of Incorporation	Date on which Relationship Came into Existence	Ownership in % either directly or through Subsidiaries * 2015-16	Ownership in % either directly or through Subsidiaries * 2014-15

2. Significant Accounting Policies:

2.1 Basis of preparation of financial statements:

The financial statements have been prepared in accordance with the historical cost convention on an accrual basis and comply with the applicable Accounting Standards specified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014.

These financial statements have been prepared as required under relevant provision of the Companies Act, 2013 and the presentation is based on the Schedule III of the Companies Act, 2013. All assets and liabilities are classified into current and non-current generally based on the criteria of realization / settlement within twelve months period from the balance sheet date.

2.2 Use of estimates:

The preparation of the financial statements in conformity with GAAP requires the Management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognized in the period in which such revision is made.

2.3 Revenue recognition:

- Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and is recognized on accrual basis.
- Revenue is recognized on transfer of significant risk and reward in respect of ownership.
- Sales / turnover for the year includes sales value of goods and other recoveries such as insurance, transportation and packing charges but excludes sales tax, value added tax and recovery of finance and discounting charges.
- Insurance / duty drawback and other claims are accounted for as and when admitted by appropriate authorities.
- Dividend on investments is recognized when the right to receive is established.

2.4 Inventories:

Inventories are valued at cost or net realizable value whichever is lower. Cost of inventories comprises all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis

2.5 Fixed assets:

Fixed assets are stated at cost less accumulated depreciation and impairment loss if any. Cost comprises the purchase price and any cost, attributable to bringing the asset to its working condition for its intended use.

Intangible assets are recognized only if it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. The intangible assets are recorded at cost and are carried at cost less accumulated amortization.

2.6 Depreciation and amortization:

- a. Depreciation is provided on "Written Value Method" basis at the rates specified in Schedule II to the Companies Act, 2013. Depreciation is charged on pro-rata basis for assets purchased/sold during the year.
- b. Leasehold Land is amortized over the period of primary lease.
- c. Fixed assets costing up to Rs. 5,000 individually are fully depreciated in the year of purchase.

2.7 Foreign currency Transactions:

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transactions. Foreign currency monetary assets and liabilities are translated at the year-end rate. The difference between the rate prevailing on the date of transaction and on the date of settlement and also on translation of monetary items at the year is recognized, as the case may be, as income/expense for the year.

2.8 Investments:

Quoted Investments are valued at cost or market value whichever is lower. Unquoted investments are stated at cost. The decline in the value of the unquoted investments, other than temporary, is provided for. Cost is inclusive of brokerage, fees and duties but excludes Securities Transaction Tax, if any.

2.9 Employee Benefits:

- a. **Short term employee benefits:**
 - i. All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Undiscounted value of benefits such as salaries and bonus are recognized in the period in which the employee renders the related service.
- b. **Defined contribution plans:**
 - i. The Company is not covered under the Employees State Insurance Act and the Provident Fund Act.
- c. **Defined benefit plans:**
 - i. The Company's Gratuity plan is a defined benefit plan. The liability under the plan is determined on the basis of an independent actuarial valuation carried out at the year end. The actuarial valuation method used by independent actuary for measuring the liability is the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the Profit & Loss Account.

As per the Company's policy, leave earned during the year do not carry forward: they lapse if the current period's entitlement is not used in full and do not entitle employees to a cash payment for unused entitlement during service.

2.10 Borrowing Costs:

Borrowing costs that are directly attributable to the acquisition, construction or production of an qualifying asset are capitalized as part of the cost of that asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. Other borrowing costs are recognized as an expense in the period in which they are incurred.

2.11 Operating Leases:

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of profit and Loss as when they are incurred.

2.12 Taxation:

Income Tax expense comprises of current tax (i.e. amount of tax for the year determined in accordance with the income tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets is recognized using the tax rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that the assets can be realized in future. However, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonable or virtually certain (as the case may be) of realization.

Minimum Alternate Tax (MAT) paid on book profits, which give rise to future economic benefits in the form tax credit against the future income tax liability, is recognized as an asset in the balance sheet if there is convincing evidence that the Company will pay normal tax within the period specified for utilization for such credit.

2.13 Cenvat / value Added Tax:

Cenvat / value Added Tax benefit is accounted for by reducing the purchase cost of the materials / fixed assets / services

2.14 Earnings per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all potential dilutive equity shares, except where result would be anti-dilutive.

2.15 Impairment:

The Fixed Assets or a group of assets (Cash generating unit) are reviewed for impairment at each Balance Sheet date. In case of any such indication, the recoverable amount of these assets or group of assets is determined, and if such recoverable amount of the assets or cash generating unit to which the assets belongs is less than its carrying amount, the impairment loss is recognized by writing down such assets to their recoverable amount. An impairment loss is reversed if there is change in the recoverable amount and such loss either no longer exists or has decreased.

2.16 Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements.

2.17 Cash Flow Statement:

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method as set out in Accounting Standard (AS) -3 "Cash Flow Statement". Under the indirect method, the net profit is adjusted for the effects of:

- a. transactions of a non-cash nature;
- b. any deferrals or accruals of past or future operating cash receipts or payments; and
- c. Items of income or expense associated with investing or financing cash flows.

Cash and cash equivalents comprise cash at bank and in hand and demand deposits with banks and are reflected as such in the cash flow statement. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.18 Segment Reporting:

The Company identifies primary segments based on the nature of risks and returns, the organization structure and the internal reporting system. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Board of Directors in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment results, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relates to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / results / assets / liabilities".

2.19 Prior Period Items:

Prior period items are included in the respective heads of accounts and material items are disclosed by way of Notes on financial statements.
