2. Management Analysis and Discussions

Discussion on financial performance with respect to operational performance

During the year, your Company earned total revenues of Rs. 3262.82 lacs compared with Rs. 3606.18 lacs during the previous year, reflecting a degrowth of 9.53% over the previous year. The profit before tax stood at Rs. 45.24 lacs as compared to Rs. 18.74 lacs in the previous year. The Company has made a provision of tax totaling to Rs. 6.04 lacs and the profit after tax stood at Rs. 38.60 lacs for the current year, an increase of 300% over the previous year. The Operating Profit (earnings before depreciation and interest and tax) grew from Rs. 212 lacs to Rs. 130 lacs, a growth of 9.52% over the previous year.

The Company has built a comprehensive brand portfolio across various verticals including software, server and security, and this has helped the Company to increase its earnings. The Company has a mix of products, services and technology integration in order to build opportunities for incremental revenue growth along with Non IT infrastructure for its clients.

Review of Operations including IT Infra and Non IT Infra Industry Structure and Developments

The year under review was one of the most challenging ones in recent years. The year witnessed moderate growth in Global demand of IT products reflecting broad pricing pressures, government spending constraints from continued fiscal challenges, datacenter consolidation enabled by virtualization, accelerating cloud adoption and a shift toward lower-cost hardware products. In India although the sentiment continues to be positive, demand on the ground has not picked across product categories. From an IT products standpoint, the market remains sluggish. Projects, essentially driven out of investment in infrastructure by government and corporates, have slowed down and only old projects are being executed. Your Company has demonstrated its high adversity quotient and its capacity for implementing differentiated strategic solutions.

Information Technology lies at the core of your Company's business. The sector prompted and shaped industrial growth and transformed the lifestyle of the citizens. Now a new trend is emerging where the enterprise focus is gradually shifting from capital expenditure to operating expenditure and billing style is changing from transaction to annuity, pay-per-use, and pay-per-click. The trend is not disruptive today and is at a nascent stage. But it is expected to evolve in the next decade. The strong fundamentals of business and the current model will continue to be in vogue but at a lower pace of growth as compared to the new tech trend. Looking ahead there are a few significant trends shaping the distribution business in general and IT distribution in particular. Your Company is engaged in monitoring and suitably adapting its strategy to participate and be relevant in the changed scenario.

Adoption of Cloud based infrastructure and solutions is gaining traction in India and there is a gradual acceptance on the part of organizations in the SMB sector to embrace this practice in order to shift their IT Infrastructure from a Capex to an Opex model. Cloud technology allows users access to applications over the Internet displacing the age-old practice of running programs by downloading software onto a physical server or computer. We aspire to position ourselves as a single Company that acts as a bridge between the Cloud Technology providers and the End Customers by offering a complete bouquet of Cloud solutions and services. Your Company is looking to sell Cloud Solution as a product. As the demand pattern in India matures, your Company will evaluate appropriate Cloud business strategies and invest in this space accordingly.

Given that India is one of the fastest growing markets in the world, all major brands in the enterprise and retail verticals, even those with an existing presence in the country, are keenly looking at ways to increase their market share. Our diversity in terms of a large

bouquet of products lines and vendors and geographical reach has enabled your Company to take maximum advantage of the available growth opportunities. Your Company has embarked on the set up of a robust services platform that benefits both the brand and the end customer. This will involve offering complete parts planning, parts warehousing, forward and reverse logistics, imports and re-exports, and assets recovery and e-waste management to provide a single-window fret-free parts management service to brands.

With growing dependence on IT, thanks to the Internet and mobility, uptime of devices be it PCs, Tablets or Smartphones, and enterprise assets like networking devices, servers and storage which support them, has become critical for running business applications and maintaining operational efficiencies. User organizations have therefore time and again necessarily refurbished their IT hardware from a plethora of vendors ending up with products from multiple brands. To complicate matters further, rapid strides in technology have successfully shortened product life cycles and put tremendous strain on parts availability for maintenance of assets beyond service life. Managing the uptime of heterogeneous IT hardware is therefore a huge challenge for user Companies. Your Company is looking to tap this into a big opportunity and offer single window SLA bound AMC service for heterogeneous hardware, which spans PCs, peripherals, and enterprise assets. Your Company's investment and engagement over the years has enabled it to develop a strong foothold catering to Enterprise & Infrastructure projects.

While strengthening and consolidating its core business, it is evaluating ways and means of transforming through better efficiencies and increased process driven automation. Your Company is evolving into a Solution oriented partner for its vendors and customers. Pre-Sales and Technical Sales talents are deployed to help partners provide their customers with customized solutions to achieve their desired business outcomes even on the NON IT infra requirements of the clients.

Strengths

The inherent strength of your Company derives from its absolute belief in sound, sustainable business practices and an ability to continuously address the diverse needs of its customers. The strengths have enabled your Company to successfully articulate its various differentiated value propositions in the markets in which it operates. The strategic objective of the Company is to build a sustainable organization that remains relevant to the agenda of the clients, while generating profitable growth for the investors. In order to do this, the Company will apply the priorities of 'renew' and 'new' to our own business and cascade it to everything we do.

We believe our strong brand, robust quality process and our access to skilled talent base at lower costs of providing services places us in a unique position to take advantage of the opportunities available. The Company is not dependent on any single technology or platform. The Company has developed competencies in various technologies, platforms and operating environment, and offers a wide range of technology options for its clients to choose from, based on their needs.

The Company provides the entire spectrum of Information Technology Infra and Non IT Infra. The strength of your Company is the brand and products diversification along with wide product range, dedicated group of talented professional who drive its business and relationships with its business partners and manage its support functions. The strategy to engage with clients on their large transformative programs, both in traditional IT areas as well as for their new digital business initiatives and non IT Infra. The Company expands existing client relationships by providing them with a broad set of end-to-end service offerings and increase the size, nature and number of projects they do with them.

Quality

Your Company continues to strive towards operational and delivery excellences with a renewed focus on the path of business excellence. Customer satisfaction and excellence in quality are key elements for succeeding in the competitive global market. A strong emphasis is based on quality in every aspect of the Company's activities. In line with this philosophy we have designed our quality management program and have defined several key parameters for measurement of quality levels to ensure improvement in the quality of the deliverables. Several initiatives have been taken to implement result oriented quality management models.

In order to be able to respond quickly to the customers, your Company continues with various internal initiatives to compete effectively, improve organizational flexibility and efficiency, streamline internal processes and institutionalize a culture of continuous improvement. The system comprises well defined organization structure, pre-identified authority levels and documented policy guidelines and manuals for delegation of authority.

Review of key business processes like business planning, reporting and communication has been done to make them more effective in meeting business objectives. Moving forward, your Company shall continue to further strengthen its processes by adopting best-in-class standards.

Customer Satisfaction and excellence in quality are key elements for succeeding in this competitive market. In order to be able to respond quickly to the customers, your Company continues with various internal initiatives to implement result oriented quality

management models, compete effectively, improve organizational flexibility and efficiency, streamline internal processes across all its entities globally and institutionalize a culture of continuous improvement.

Opportunities and threats

Opportunities

We believe there is a growing demand for additional services and solutions from Companies that already have an established global presence and existing infrastructure, which is why we are strategically focused on increasing our capabilities in these areas. Our diversification strategy continues to provide us with new growth opportunities. Looking towards the future, your Company will remain focused on agility, innovation and operational excellence. Focusing on strategic verticals and geographies will also lead to an increase in the list of potential customer base.

Threats

Competition is the main threat to most tech outfits, considering the relentless product cycles, the typically rapid move toward commoditization in the sector and also changes in technology and markets, changes in government policy or regulations / legislation etc. also brings challenges and treats to the smooth functioning of the Company. The focus of the Traditional IT service providers is slowly moving towards industry focused business solutions and digital-business enablement. As Companies recognize the critical role of technology as an enabler to their business, the number of in-house technology centres of large enterprises as well as the number of new entrants in the market increases.

Since the IT Infra sector and Non IT Infra is exposed to high attrition rate due to more opportunities available in market for the employee, retaining existing talent pool and attracting new talented manpower is a major risk to the Company. The Company has initiated various measures to enhance the retention of employees during the year which includes, employee engagement surveys, transparent Performance Management System, to maintain employee-friendly culture in the organization.

Risks and Concerns

The productive life of IT Infra and Non IT Infra resources and competencies is shrinking, thereby increasing the level of investment needed to meet the market requirements. The convergence of IT and Telecommunication industries, while provide huge growth opportunities to your Company, also exposes it to increased competition. In the IT industry, the ability to execute projects, build and maintain client partnerships and to achieve forecasted operating and financial results are significantly influenced by the organization's success in hiring, training and retaining highly skilled IT professionals. The market continues to be highly competitive for attracting and retaining IT professionals & this is compounded by the ever changing constraints around talent mobility primarily on account of regulatory requirements and also the evolving value propositions for a range of clients across geographies.

Both the number of incidents and the severity of cyber security threats are increasing globally and are becoming more widespread. This can put the Company and the client data of risk, in the event that data confidentiality, integrity and availability is compromised, presenting a risk to the success and sustenance of the Company.

The Company's objectives and expectations may be forward looking within the meaning of applicable laws and regulations. The competition from large international and Indian IT Companies is increasing in the domestic market space. Actual results may differ materially from those expressed. Important factors that could influence the Company's operations include change in government regulations, tax laws, increased competition, economic and political developments.

Internal control systems and their adequacy

The Company's internal control system is commensurate with its size, scale and complexities of its operations. The Company has a well-defined delegation of power with authority limits for approving revenue as well as expenditure and processing payments. Your Company has an effective internal control and risk mitigation system, which are constantly assessed and strengthened with new/revised standards operating procedures. The Company has made the employees responsible for establishing expectations and seeking feedback at every role that is assigned. The employees have been enabled to influence their network of peers to co-own goals. This has helped enable cross functional collaboration and interlock. Employees can give and receive help on their goals by making them public and also express their likelihood of reaching their goals. The Company has put in place adequate systems of internal control commensurate with its size and the nature of its business. These systems provide a reasonable assurance in respect of financial and operational information, compliance with both applicable statutes, & corporate policies and safeguarding of the assets of the Company.

The Company has the robust Management Information System, which is an integral part of the control mechanism. Ducon Infratechnologies Limited has an audit committee, the details of which have been provided in the corporate governance report. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of the internal control systems and suggest improvements to strengthen the same.

3. Dividend

With a view to plough back the profits of the Company and keeping in mind the expansion of business activities, the Board of Directors consider it prudent and recommend not declaring any dividend for the year ended March 31, 2016.

CORPORATE GOVERNANCE REPORT

The Directors present the Company's Report on Corporate Governance for the year ended March 31, 2016.

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

The Company's philosophy on corporate governance is to conduct its business in a manner, which is ethical and transparent with all stakeholders in the Company, including shareholders, vendors, creditors and employees. The Company emphasizes the need for full transparency and accountability in all its transactions, in order to protect the interests of its stakeholders.

Ducon (formerly known as Dynacons) firmly believes that all its operations and actions must serve the underlying goal of long term value creation for its shareholders and its investors.

The Company believes in adopting the 'best practices' that are followed in the area of Corporate Governance and has consistently endeavored to practice good Corporate Governance.

Pursuant to Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") the Company has executed fresh Listing Agreements with the Stock Exchanges. The Company is in not in compliance with the requirements stipulated under Clause 49 (II) of the Listing Agreements and Schedule V and clause (C) sub-regulation (2) of regulation 46 of SEBI Listing Regulations of for 3 days due to resignation of the Independent Director Mr. Dilip Palicha on 29.03.2016. However, the Company is in compliances of the remaining part of Clause 49 and regulation 17 to 27 read with Schedule V and clauses (b) to (k) of sub-regulation (2) of regulation 46 of SEBI Listing Regulations, as applicable, with regard to corporate governance.

2. BOARD OF DIRECTORS

Ducon (formerly known as Dynacons) Governance structure broadly comprises the Board of Directors and the Committees of the Board at the apex level and the Management structure at the operational level. This layered structure brings about a harmonious blend in governance as the Board sets the overall corporate objectives and gives direction and freedom to the Management to achieve these corporate objectives within a given framework, thereby bringing about an enabling environment for value creation through sustainable profitable growth.

Composition and Category

The present strength of Board of Directors is Five. The Board of Directors of your Company presently comprise of an Executive Chairman, Two Non-Executive Directors and Two Independent Directors. The Independent Directors with their diverse knowledge, experience and expertise bring in their independent judgment in the deliberations and decisions of the Board.

The Independent Directors have made disclosures confirming that there are no material, financial and/or commercial transactions between Independent Directors and the Company which could have potential conflict of interest with the Company at large.

Independent Directors are non-executive directors as defined under Regulation 16(1)(b) of the SEBI Listing Regulations read with Section 149(6) of the Act. The maximum tenure of independent directors is in compliance with the Act. All the Independent Directors have confirmed that they meet the criteria as mentioned under Regulation 16(1)(b) of the SEBI Listing Regulations read with Section 149(6) of the Act.

The Non-Executive Directors with their diverse knowledge, experience and expertise bring in their independent judgment in the deliberations and decisions of the Board.

Directors of the Company are provided with well structured and comprehensive agenda papers in advance. All material information is incorporated in the Agenda for facilitating meaningful and focused discussion in the meeting. Minutes of the Board Meetings/Committee Meetings are circulated to the Directors well in advance and confirmed at the subsequent meetings.

The Company has an Executive Chairman and the numbers of Independent Directors are less than half of the total number of Directors due to resignation of Mr. Dilip Palicha on 29.03.2016. COMPLIANCE CERTIFICATE ON CORPORATE GOVERNANCE

The Board of Directors

Ducon Infratechnologies Ltd.

(Formerly known as Dynacons Technologies Ltd.)

Thane.

1. We have examined the compliance of the conditions of Corporate Governance by Ducon Infratechnologies Limited (formerly known as Dynacons Technologies Limited) for the year ended 31st March, 2016 as stipulated in Clause 49 (excluding clause 49 (VII) (E) of the Listing Agreements of the Company with stock exchanges) for the period April 1, 2015 to November 30, 2015.
 - Clause 49 (VII) (E) of the Listing Agreements of the Company with stock exchanges for the period April 1, 2015 to September 1, 2015.
 - Regulation 23(4) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI Listing Regulations) for the period September 2, 2015 to March 31, 2016 and
 - Regulations 17 to 27 (excluding regulation 23 (4)) and clauses (b) to (i) of regulation 46 (2) and paragraphs C, D of Schedule V of the SEBI Listing Regulations for the period December 1, 2015 to March 31, 2016.
2. The Compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to a review of the procedures and implementations thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
3. We have examined the relevant records of the Company in accordance with the Generally Accepted Auditing Standards in India, to the extent relevant, and as per the Guidance Note on Certification of Corporate Governance issued by the Institute of Chartered Accountants of India.
4. In our opinion and to the best of our information and according to our examination of the relevant records and the explanations given to us and the representations made by the Directors and the Management, we certify that the Company has reasonably complied with the requirements stipulated under Clause 49 (II) of the Listing Agreements and Schedule V and clause (C) sub-regulation (2) of regulation 46 of SEBI Listing Regulations of for 3 days due to resignation of the Independent Director Mr. Dilip Palicha on 29.03.2016. However, the Company is in compliances of the remaining part of Clause 49 and regulation 17 to 27 read with Schedule V and clauses (b) to (k) of sub-regulation (2) of regulation 46 of SEBI Listing Regulations, as applicable, with regard to corporate governance, during the year ended March 31, 2016.

We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF DUCON INFRA TECHNOLOGIES LIMITED (FORMERLY KNOWN AS DYNACONS TECHNOLOGIES LIMITED)

Report on the Financial Statements

We have audited the accompanying standalone financial statements of **DUCON INFRA TECHNOLOGIES LIMITED (FORMERLY KNOWN AS DYNACONS TECHNOLOGIES LIMITED) ("the Company")** which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss, Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order under Section 143(11) of the Act.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

Our audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2016, and its Profit and its Cash Flow for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- (b) In our opinion proper books of account relating to preparation of the standalone financial statements have been kept by the Company so far as it appears from our examination of those books.
- (c) The balance sheet, the statement of profit and loss and the cash flow statement dealt with by this report are in agreement with the books of account maintained for the purposes of preparation of the standalone financial statements.
- (d) In our opinion, the aforesaid standalone financial statements comply with the accounting standards specified under Section 133 of the act as applicable;
- (e) On the basis of written representations received from the directors as on March 31, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2016 from being appointed as a director in terms of section 164 (2) of the act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**". Our report express and unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2015 in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at March 31, 2016 on its standalone financial position in its financial statement.
 - ii. The Company does not have any term contracts as at March 31, 2016 and also no derivative contracts as at March 31, 2016.

"Annexure B" to the Independent Auditor's Report of even date on the Standalone Financial Statements of DUCON INFRA TECHNOLOGIES LIMITED (FORMERLY KNOWN AS DYNACONS TECHNOLOGIES LIMITED)
(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory) Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **DUCON INFRA TECHNOLOGIES (FORMERLY KNOWN AS DYNACONS TECHNOLOGIES LIMITED) ("the Company")** as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.
