EXPLANATORY STATEMENTS

The following Explanatory Statement, as required under Section 102 of the Companies Act, 2013, set out all material facts relating to the business under Item No. 4, 5, 6 & 7 of the accompanying Notice dated September 1, 2016.

ITEM NO. 4

Mr. Shirish M. Anjaria, who was appointed as Chairman cum Managing Director by the members to hold office upto January 30, 2016 has attained the age of 72 years and hence continuation of his employment as Executive Chairman cum Managing Director requires the approval of members by way of a special resolution. Section 196(3) of the Companies Act, 2013, inter alia, provides that no company shall continue the employment of a person who has attained the age of 70 years, as Managing Director, Whole time director or Manager unless it is approved by the members by passing a special resolution.

Keeping in view that Mr. Shirish M. Anjaria has rich and varied experience in the Industry and has been involved in the operations of the Company since inception, it would be in the interest of the Company to continue the employment of Mr. Shirish M. Anjaria as Executive Chairman cum Managing Director.

Mr. Shirish M. Anjaria is the promoter and founder of Dynacons Systems & Solutions Limited. He is currently the Chairman cum Managing Director of Dynacons Systems & Solutions Limited. He is a business leader with successful & fruitful career of over four decades and has guided the Company through four decades of diversification and growth to emerge as a leader in Information Technology industry.

Mr. Shirish M. Anjaria had completed his term as a Chairman cum Managing Director (00444104) on February 1, 2016. The Board of Directors at their Meeting held on January 30, 2016 considered and decided, subject to the approval of members, re-appointment of Mr. Shirish M. Anjaria as Chairman cum Managing Director for a further period of 3 years from the expiry date of his term, on the remuneration determined by the Remuneration Committee of the Board (the Remuneration Committee) at its meeting held on January 28, 2016.

Mr. Anjaria is a graduate in Science and holds a post graduate degree in Law. He is a Certified Associate of the Federation of Insurance Institutes. He has wide experience across industries and has rich exposure in Business Management, Corporate Affairs and customer relations. He has spearheaded the growth of the Company from a start-up to and is currently one of the leading IT Infrastructure Solutions Providers in the country. Under his Chairmanship, Dynacons has forged strategic alliances with global IT majors such as IBM, Intel, HP, Microsoft, Lenovo, Sony, Cisco etc. He was also the founder of the Millenium PC initiative which was recognised by Intel, USA. Mr. Anjaria has attained the age of 72 years, at this crucial juncture, the continued services of Mr. Anjaria is considered essential for guiding the Company to the next level of growth.

The remuneration package of Mr. Shirish Anjaria, as determined by the Remuneration Committee at its meeting held on January 28, 2016 and approved by the Board of Directors at the Board Meeting held on January 30, 2016, is forming the part of Item no. 4 of the Agenda for this Meeting.

Mr. Shirish Anjaria's appointment as a Chairman cum Managing Director on the Board of the Company was on the basis of his being liable to retire by rotation. He will continue to be the Director of the Company till his turn comes for retirement by rotation. He is eligible to seek re-election at the Annual General Meeting in which he retires by rotation.

The Board of directors will also be at liberty to alter, vary and revise the remuneration from time to time within the limit prescribed under Schedule V to the Companies Act, 2013, or any amendment or statutory modifications thereto.

In the terms of provisions of the Companies Act, 2013, consent of shareholders is required for the appointment of Mr. Shirish Anjaria as the Chairman cum Managing Director. The Board recommends the resolution for the approval of the members as a Special resolution since Mr. Anjaria has attained the age of 72 years. The copy of the Board resolution and the letter issued to Mr. Shirish Anjaria, Chairman cum Managing Director will be available for inspection between 11.00 A.M. to 1.00 P.M. on all working days (Monday to Friday) at the corporate office of the Company.

None of the Directors of the Company except Mr. Shirish Anjaria, Mr. Dharmesh Anjaria and their relatives are concerned or interested in the proposed resolution.

The broad particulars of the Remuneration payable to and the terms of re-appointment of Mr. Shirish M. Anjaria are as under:

Period of Agreement : From 01.02.2016 to 31.01.2019

1. Salary : Rs. 3,50,000/- per month (Rupees Three Lakhs Fifty Thousand Only)

2. Management Analysis and Discussions

Company performance:

Your Company delivered a strong performance during 2015-16, with total revenues of Rs. 12470.30 Lakhs as compared with Rs.10535.31 Lakhs during the previous year, reflecting a growth of 18% over the previous year. The profit before tax stood at Rs. 131.39 Lakhs as compared to Rs. 103.17 Lakhs in the previous year. The Company has made a provision of tax totaling to Rs.40.19 Lakhs and the profit after tax stood at Rs. 91.19 Lakhs for the current year, an increase of 33% over the previous year.

Your Company's growth has been a result of its customer-centric business model and a balanced portfolio of integrated solutions and services. Your Company's philosophy in building new capabilities has led to increased participation in our customers' IT spend. The core business portfolio has performed very well with all key segments posting steady growth led by Banking & Financial Services and global customers. The Company's rich industry experience and domain expertise enables it to deliver a suite of offerings, which addresses the industry's demand.

Industry structure and developments:

In 2015, global economic activity remained subdued, with world output slowing down further. Steep falls in oil prices, continued weakness in commodity prices, a slowdown in some large emerging market economies more than offset strong growth in India. This was the weak macroeconomic backdrop against which large global corporations sought to become efficient even as they used technology to fend off business model challenges, establish competitive differentiation, show revenue & earnings growth and stay compliant in a shifting regulatory landscape.

Technology is transforming businesses in every industry around the world in a very profound and fundamental way. The continued reduction in the unit cost of hardware, the explosion of network bandwidth, advanced software technologies and technology-enabled services are fuelling the rapid digitization of business processes and information. Traditional business models are being disrupted in every industry with digital and software-based business models. This disruption is characterized by highly desirable user experiences, an extreme scale-of-cost performance that has become available in computing infrastructure and disintermediation of the supply chain.

The rapid pace at which technology is changing and the need for highly-skilled professionals in both the renewed and new technology areas are driving businesses to rely on third parties to realize their IT transformation. These factors have increased the reliance of companies on their service providers and are expected to continue to drive future growth for your Company.

Review of operations:

The Company's expertise in traditional and new age technologies extends across its full services portfolio of Enterprise IT Services including Infrastructure Managed Services, Breakfix Services, Managed Print Services, Cloud Computing, Systems Integration Services, and Applications Development and Maintenance. Outlook

The Digital technologies of big data, cloud, mobility, analytics, artificial intelligence and robotics are changing the landscape. Companies have to reimagine their business models, products and services in order to stay meaningful to their customers. Business models are being turned on their heads The World's Largest Taxi company Owns NO Vehicles. The World's Largest Accommodation Provider Owns NO real estate

Digital is creating new opportunities for enterprises to drive Efficiency and Simplification across the business. Most brick and mortar businesses were built in a pre-digital era. Therefore, to thrive in the Digital economy, enterprises are on a quest to deliver unique customer experiences, gain real-time access to insights, improve workforce productivity and create a hyper-connected eco-system. The impact of "Digital Technologies" has further intensified in the past twelve months. We are living in a digital age, characterised by an accelerating trend of hyper-connectivity between humans and also between humans and smart devices.

Further, to make sense of voluminous and unstructured data that is increasing exponentially, Smart Enterprises are using Artificial Intelligence technologies for developing machine learning and deep learning capabilities. Software robots are playing a bigger role in our lives - from algorithmic trading and advisory services in financial markets to mapbots which give us daily driving directions. Additionally, cloud-based models are enabling 'anywhere-anytime-any device' access to data, which is creating a significant shift in business models and enterprise IT, architectures.

Looking ahead, as global businesses aspire to become Smart Enterprises by accelerating adoption of digital, your Company is very well positioned in this regard. Our rich customer base, domain expertise and deep understanding of the customer landscape, technology investments combined with our delivery expertise will enable us to take advantage of this huge opportunity.

Opportunities and threats

Opportunities

- (1) Domestic market to get boosted due to Government focus on "Digital India" and "Make in India" and "Smart Cities"
- (2) Increasing penetration of Internet in India with the rapid expansion of broadband spectrum availability is enabling businesses to look at Tier II/Tier III cities not only for addressing newer markets but also for IT companies to look for delivery centres in these places. As a result, IT and network Infrastructures services and associated value added services would therefore be a growth area.
- (3) The adoption of SMAC technologies is expected to drive growth in all the segments. Cloud and client maturity are the major drivers for across the industry verticals.
- (4) E Commerce is driving rapid growth with unprecedented levels of funding. This will bring in opportunities for IT services and associated opportunities for provision of skilling services.
- (5) Opportunities reside in helping existing customers transform their business models through Next-Gen ITO (Next Generation Information Technology Outsourcing), IOT (Internet of things) and Digitalization

Threats

In the IT industry, the ability to execute projects, build and maintain client partnerships and to achieve forecasted operating and financial results are significantly influenced by the organization's success in hiring, training and retaining highly skilled IT professionals. Competition is the main threat to most tech outfits, considering the relentless product cycles, the typically rapid move towards commoditization in the sector and also changes in technology and markets, changes in government policy or regulations / legislation etc. also brings challenges and treats to the smooth functioning of the Company.

Risks and Concerns

The Company's objectives and expectations may be forward looking within the meaning of applicable laws and regulations. The competition from large international and Indian IT companies is increasing in the domestic market space. Actual results may differ materially from those expressed. Important factors that could influence the Company's operations include change in government regulations, tax laws, increased competition, economic and political developments.

The growth in the economy and IT industry is expected to lead to higher job opportunities and increased demand. This is leading to higher attrition across the IT industry. The speed of technology obsolescence has increased as a natural reaction to fast changing technologies. The productive life of IT resources and competencies is shrinking, thereby increasing the level of investment needed to meet the market requirements.

Internal control systems and their adequacy

In any industry, the processes and internal control systems play a critical role in the health of the Company. Dynacons Systems and

Solutions Limited have a well-defined delegation of power with authority limits for approving revenue as well as expenditure and processing payments. Your Company has an effective internal control and risk mitigation system, which are constantly assessed and strengthened with new/revised standards operating procedures. The Company's internal control system is commensurate with its size, scale and complexities of its operations.

Understanding employee engagement and views on the employment experience periodically in our view is not reflective of the needs of the workforce today. Dynacons Systems and Solutions Limited has an audit committee, the details of which have been provided in the corporate governance report. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of the internal control systems and suggest improvements to strengthen the same. The Company has the robust Management Information System, which is an integral part of the control mechanism. The company uses RAMCO system to record data for accounting, consolidation and management information purposes and connects to different locations for efficient exchange of information. It has continued its efforts to align all its processes and controls with best practices in the group and industry.

"Annexure B" to the Independent Auditor's Report of even date on the Standalone Financial Statements of DYNACONS SYSTEMS & SOLUTIONS LIMITED

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory) Requirements' section of our report of even date.

Report on the Internal Financial Controls Over Financial Reporting under Clause (I) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **DYNACONS SYSTEMS & SOLUTIONS LIMITED** ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS**SIGNIFICANT ACCOUNTING POLICIES****Company Overview**

Dynacons Systems & Solutions Ltd. is an IT solutions company with global perspectives and is engaged in providing a comprehensive range of end-to-end solutions to customers. Dynacons has the technical expertise and the service delivery infrastructure to serve Customers at a level of quality consistent with their expectations. Dynacons helps in the selection of the right technology and application that will yield the greatest return and build a business case for implementation based on lower Total cost of ownership and higher performance.

SIGNIFICANT ACCOUNTING POLICIES :**1. Basis of accounting**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") / Companies Act, 1956 ("the 1956 Act"), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2. Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/materialise.

3. Revenue Recognition

Revenue relating to equipment supplied is recognized on delivery to the customers and acknowledgement thereof, in accordance with the terms of the individual contracts. Revenue from software development on time-and-material basis is recognised based on software developed and billed to clients as per the terms of specific contracts. In the case of fixed-price contracts, revenue is recognised based on the completion method. Revenue from the sale of software products is recognised when the sale has been completed and the title has been passed to the client. Revenue from Annual Maintenance Contracts and services is recognized over the life of the contracts.

4. Expenditure Recognition

Expenses are accounted on the accrual basis and provisions for all known losses and liabilities are made. Provisions are made for future unforeseeable factors, which may affect the ultimate profit on fixed price software development contracts. Expenses on software development on time-and-material basis are accounted for in the year in which it is expended. Expenses incurred for future software projects are carried forward and will be adjusted against revenue, based on the completion method. In case of new products, which are clearly defined and the costs are attributable to the products, such costs are deferred and amortized equally over a period of three to five years based on Management's evaluation of expected sales volumes and duration of the product life cycle.

5. Other Income

Interest income is accounted on accrual basis. Dividend income is accounted when the right to receive it is established.

6. Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances, (with original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

7. Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

8. Fixed Assets & Intangible Assets

Fixed Assets are stated at their cost less accumulated depreciation. Fixed assets are capitalised at the cost of acquisition including all expenses directly attributable to bringing the asset to its working condition for intended use. Capital Work-in-Progress comprises the costs of fixed assets that are not ready for the intended use at the Balance Sheet date and includes advances paid to acquire fixed

assets. No depreciation has been calculated on the same. Fixed Assets which are not in active use and scrapped, due to technological obsolescence or otherwise, are written off. Intangible Assets are recorded at the consideration paid for their acquisition. Cost of an internally generated asset comprises all expenditure that can be directly attributed, or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use.

9. Research & Development Expenditure

Revenue expenditure incurred on research is charged to revenue in the year it is incurred. Assets used for research are included in Fixed Assets. Development Expenditure are capitalized only if future economic benefits are expected to flow.

10. Depreciation

In respect of fixed assets (other than freehold land and capital work-in-progress) acquired during the year, depreciation/amortisation is charged on a straight line basis so as to write off the cost of the assets over the useful lives and for the assets acquired prior to 1 April, 2014, the carrying amount as on 1 April, 2014 is depreciated over the remaining useful life based on an evaluation:

Type of asset	Estimated useful life (Years)
Plant and equipment	
- Computers - Desktops / Laptops	6
- Computers - Servers / Storages	3
- Computers - Others	2
Furniture and fixtures	10
Vehicles	8
Office equipment	5
Intangible assets	6

Assets costing less than ₹ 5,000 individually have been fully depreciated in the year of purchase.

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

11. Inventories

Inventories are valued at the lower of the cost and the net realizable value. A periodic review is made of slow-moving stock and appropriate provisions are made for anticipated losses, if any. Cost is determined using the first-in first-out method.

12. Investments

Trade investments are the investments made to enhance the company's business interests. Investments being long term in nature are carried at cost, and provision is made to recognise any decline, other than temporary, in the value of such investment. Earnings from investments are accounted for on an accrual basis.

13. Foreign Currency transactions

Sales and Expenditure in foreign currency are accounted at the exchange rate prevalent as of the date of the respective transactions. The exchange differences, if any, arising on foreign currency transactions are recognized as income or expense in the year in which they arise. Current Assets and Current Liabilities denominated in foreign currency are translated at the exchange rate prevalent as at the date of the Balance Sheet. The resulting difference is also recorded in the Profit and Loss Account.

14. Retirement Benefits to employees

i. Post-employment benefit plans

Defined contribution plan

Payment to defined contribution retirement benefit schemes are charged as an expense as they fall due.

Defined Benefit plan

For defined benefit schemes, the cost of providing benefits is determined using Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognized in full in the profit & loss account for the period in which they occur. Past service cost is recognized to the extent the benefits are already vested, and otherwise is amortized on a Straight-Line method over the average period until the benefits become vested. The retirement benefit obligation recognized in the balance sheet represents the present value of the defined benefit obligations as adjusted for unrecognized past service cost.

ii. Short-term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange of services rendered by employees is recognized during the period when the employee renders the service. These benefits include performance incentives, paid annual leave, medical allowance, etc.

15. Income Tax

The tax expense for the year comprises of Current Tax and Deferred Tax. Current Taxes are measured at the amounts expected to be paid using the applicable tax rates and tax laws. Deferred tax assets and liabilities are recognized for the future tax consequences of timing differences, subject to the consideration of prudence. Deferred tax assets and liabilities are measured using the tax rates enacted or substantively enacted by the balance sheet date.

16. Borrowing Costs

Borrowing Costs that are directly attributable to the acquisition of qualifying assets are capitalised for the period until the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

17. Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the note 25.1. Contingent assets are not recognised in the financial statements.

18. Service tax input credit

Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is no uncertainty in availing / utilising the credits.

19. Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

20. Impairment

At each Balance Sheet date, the company reviews the carrying amounts of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and the value in use. In assessing the value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to the present value using a pre-discount rate that reflects the current market assessments of time value of money and the risks specific to the asset. Reversal of impairment loss is recognized immediately as income in the profit and loss account.

21. Leases**Operating Lease**

Leases where the lessor effectively retains substantially all the risks and rewards of ownership of the leased asset are classified as operating leases. Operating lease charges are recognized as an expense in the profit and loss account on a straight-line basis over the lease term.

Finance Lease

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. The lower of fair value of asset and present value of minimum lease rentals is capitalized as fixed assets with corresponding amount shown as lease liability. The principle component in the lease rentals is adjusted against the lease liability and interest component is charged to profit and loss account.

22. Earnings per share

The Company reports basic and diluted earnings per equity share in accordance with Accounting Standard 20 'Earnings per share'. Basic earnings per equity share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit for the year by the weighted average number of equity shares during the year as adjusted to the effects of all dilutive potential equity shares, except where results are anti dilutive.
