MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE & DEVELOPMENTS:

India is the one of the world's largest producers of textiles and garments. Cotton and polyester are the major raw materials for India's textile industry. Cotton and polyester together account for around 90% of India's textile mill consumption of all fibres. India's per capita fibre consumption is almost half the global level. Polyester is likely to play a dominant role in capturing the major incremental demand share to bridge this gap. The long term growth and development of this industry is fairly secured because of low base per capita consumption of textile fabric in India as compared to developed countries. In a growing economy with high population, it gets additional support.

However volatility in crude oil prices has impact the growth of the industry. The profit margins of the industry eroded in last two years mainly due to addition of large capacity of Polyester POY and import of Nylon Filament Yarn (NFI). Substantial import duty concessions, under FTAs signed by the Government of India with ASEAN member countries has become the bane of the industry and emerged as a major threat for the Synthetic Fibre Manufacturing Industry. Due to unstable international and domestic economic scenario, company has suspended its yarn manufacturing activity and proposes to expand its Textile trading activity with the approval of the Shares Holders.

SWOT ANALYSIS:

During the year under review, company has suspended its yarn manufacturing activity due to heavy losses incurred during the previous years. Company have regularly reviewed the market condition of the yarn manufacturing industry in India and directors of the company are of the view to permanently discontinue its manufacturing activity and concentrate on its textile trading activity, with the approval of the share holders.

OPPORTUNITIES & CHALLENGES

Opportunities

- (i) Rapid urbanization, rising working population, an increase in disposable incomes and increasing affordability vehicles are driving demand in downstream industry
 - (ii) Per capita consumption of Polyester in India is exceedingly low by world standards so there is a great scope for local demand.
 - (iii) Rural market will play important role in the economy which offers a major opportunity growth in the Polyester industry.
 - (iv) Fast changes in fashion design, growing exports of textiles Challenges
- (i) Unfavorable Exchange rate fluctuation
 - (ii) International competition especially from China
 - (iii) Inconsistent raw material supply
 - (iv) Volatile and high raw materials prices due to middle-east crisis

“Annexure B” to the Independent Auditor's Report of even date on the Financial Statements of PARAS PETROFILS LTD.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of PARAS PETROFILS LTD. (“the Company”) as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions

are recorded as necessary to permit preparation of financial statements in accordance with

generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".
