CHAIRMAN'S INSIGHT

WE ARE VERY PLEASED TO INFORM YOU THAT OUR INITIAL PUBLIC OFFERING (IPO) IN FY 2016-17, WAS A RESOUNDING SUCCESS WITH A SUBSCRIPTION OF OVER 40 TIMES. WE RAISED ₹ 400 CRORES WITH THE PRIMARY ISSUANCE. WE ARE GRATEFUL TO OUR SHAREHOLDERS FOR REPOSING THEIR PRECIOUS TRUST IN OUR BUSINESS MODEL.

DEAR SHAREHOLDERS

India outperformed most developed economies in FY 2016-17 to register a GDP growth of 7.1%.

As a result it has become one of the world's fastest growing major economies, driven by robust policy initiatives as well as a focus on all-round development. With a reforms-focused government at the helm, the country is marching ahead in the right direction, however, implementation needs to pick up to bridge the gap between expectations and delivery.

Supported by strong economic fundamentals, we as a country are on the cusp of reaching double digit growth levels, which will drive discretionary spends and therefore media and entertainment spends in the country. India has one of the lowest per capita advertisement spends and media consumption in the world and thus it offers a huge potential for growth for many years to come. Having seen various phases of growth, media consumption habits of Indian

consumers, and proliferation of new media platforms, we believe that all media platforms are poised to grow and it is unlikely that any platform will come under threat from another, at least in our country. In fact, they complement each other and will continue to do so in foreseeable future, given the low penetration of each medium.

The country's M&E industry is currently expected to grow at a CAGR of 14.3% to ₹ 2,260 billion by 2020 with advertising revenues expected to surge at 15.9% CAGR to ₹ 994 billion. Radio as a segment is projected to grow fastest at over 16% CAGR. This growth is driven by both volume enhancements in tier-II and tier-III cities and an overall increase in advertisement rates. Besides, the announcement of the rise in foreign direct investment (FDI) cap for FM radio is expected to benefit the industry further.

SUCCESSFUL IPO

We are very pleased to inform you that our initial public offering (IPO) in FY 2016-17, was a resounding

success with a subscription of over 40 times. We raised ₹ 400 crores with the primary issuance. We are grateful to our shareholders for reposing their precious trust in our business model. This confidence places a huge responsibility on us, to remain focused on our vision, strategy and growth and to deliver the best value to our shareholders.

OUR PERFORMANCE

During 2016-17, we reported a very satisfactory performance, despite a muted second half owing to demonetisation. We registered a revenue of ₹ 271.4 crores in 2016-17, compared to ₹ 225.5 crores in 2015-16, an overall rise by 20.4 percent. As a result, our EBITDA increased to ₹ 91.3 crores in 2016-17 against ₹ 78.1 crores in 2015-16. Our net profit stood at ₹ 36.7 crores in 2016-17 against ₹ 27.6 crores in 2015-16, an increase by 32.7 percent.

Our focus on efficient reach for our advertisers and relevance across markets for our consumers has helped in delivering better than industry growth

year-on-year both in volume and in value. We continue to consolidate our leadership across all our key markets and increase our engagement with advertisers.

Today, we have 39 stations including 11 new Radio City stations acquired in Phase-III and 8 stations from Radio Mantra taken over under the scheme of arrangement. All our Phase-II Radio City stations have been migrated to Phase-III. The new radio stations acquired in Phase-III are now fully operationalised. Radio Mantra stations have since been rebranded to Radio City. These 39 stations in tier-I, tier-II and tier-III cities allow us over 62 percent coverage of the new Phase-III FM footprint; and as all these stations are located in high advertiser potential markets, we provide an optimum and efficient reach to both national and regional advertisers (Source: IRS Q4 2012, Census 2011 & Radio City Extrapolation).

We believe our understanding of audience preferences and a research-based approach enables us to customise content to suit the preferences of each city's local audiences. Based on the recall statistics from third-party research agency AZ Research, we have been ranked No.1 in these markets - Mumbai, Pune, Ahmednagar, Bangalore, Baroda, Surat, Jaipur, Delhi, Lucknow, Ranchi, Varanasi, Gorakhpur, Hisar and Karnal (Source: AZ Research, TG 12+, Period - March 17 Weekly Recall). We recently revamped our digital interface with the launch of www.radiocity.in. Listeners now will be able to enjoy select terrestrial shows, along with exclusive digital content. We play 42 Radio stations in 8 languages and 300+ playlists have generated a listenership of 32 million (Source: Lasopi & PurpleStream).

Our in-house creative solutions team named 'AudaCity' provides bespoke advertising solutions on ground, on air, and digital media to address the needs of our advertisers. This supports our network sales team to service our advertisers better.

LEADERS OF RADIO CITY

At Radio City, we believe we have created operational excellence through an inordinate emphasis on processes, research and best-in-class people practices. Our people focus has ensured that we are one of the best places to work at, across industries, and the employer of choice in the media industry.

The result is a dynamic and consistent team that nurtures a culture of innovation, is focussed on excellence and a spirit of camaraderie. This experienced team has a track record of delivering consistent performance in the radio industry and across various stages of a business life cycle.

During FY 2016-17, we focused on enhancing the skill sets of our employees through various external and internal training sessions. We also run the Radio City School of Broadcasting through which we conduct training programmes to train individuals and develop talent to work in the radio industry.

SOCIAL COMMITMENT

We are helping build an empowered society through educational and vocational training to help children associated with orphanages and blind schools gain sustainable employment. In FY 2016-17, we contributed ₹ 7.95 million towards our CSR activities, primarily in the form of financial aid to organisations, such as Happy Home and School for the Blind, Zion Social Welfare Society.

WAY AHEAD

The radio industry is poised to grow consistently, driven by the commencement of many new radio stations, growing listenership across tier-II and tier-III cities, and an overall increase in advertisement rates. We intend to capitalise on the growth opportunities in the radio industry through leveraging our expertise and leadership position, while expanding to tier-II and tier-III cities. We believe that our expertise in developing local content

WE BELIEVE OUR UNDERSTANDING OF AUDIENCE PREFERENCES AND A RESEARCH-BASED APPROACH ENABLES US TO CUSTOMISE CONTENT TO SUIT THE PREFERENCES OF EACH CITY'S LOCAL AUDIENCES. BASED ON THE RECALL STATISTICS FROM THIRD-PARTY RESEARCH AGENCY AZ RESEARCH, WE HAVE BEEN RANKED NO.1 IN THESE MARKETS - MUMBAI, PUNE, AHMEDNAGAR, BANGALORE, BARODA, SURAT, JAIPUR, DELHI, LUCKNOW, RANCHI, VARANASI, GORAKHPUR, HISAR AND KARNAL. (Source: AZ Research, TG 12+, Period - March 17 Weekly Recall)

will consistently open new growth opportunities for us. We also intend to expand our digital presence where we have been pioneers since 2008 since we believe it is yet another opportunity to engage with our audiences and further the equity of brand Radio City.

Before I conclude, I would like to thank our advertisers, employees, shareholders, government and bankers; all of whom have been critical for our growth story and believe that the Company will continue to deliver as per expectations and live up to the trust reposed in it.

Warm regards,
Vijay Tandon

LEADERSHIP IN DIGITAL SPACE

radiocity.in is an integral part of our digital approach. It will allow our listeners to listen to some of their favourite terrestrial content, in addition to the 42 web-exclusive stations, right on their digital devices, wherever they want, whenever they want. As a part of our new digital strategy, we will be adding more content, across languages to our existing digital offerings. The objective is to make the platform more relevant to listeners across geographies. radiocity.in strengthens our position as the forerunner in the digital space, while help us retain one of the leading spot across social media platforms.

We intend to capitalise on the growth opportunities in the radio industry through leveraging our expertise and leadership position, while expanding to tier-II and tier-III cities. Our expertise in developing local content will also help us in this expansion. Our expansion strategy will enable us to increase our revenue share from existing advertisers and retain our leadership position in the radio industry.

LEADERSHIP IN ADVERTISEMENT VOLUME

Our operating revenues are mainly derived from radio air time sales. Our radio air time sales are categorised into fixed commercial time (FCT) and non-fixed commercial time (Non-FCT). FCT is the on-air advertisement inventory and non-FCT includes content integration, sponsorship, revenue from local, regional, national promotional events.

We have also created an in-house creative client solutions team, namely, 'AudaCITY' to provide customised advertising solutions across on-

ground, on-air and digital media at different locations to address the needs of our advertisers. We have an advertiser base of over 4,634 in FY 2016-17.

Our contribution from national clients aggregated to approximately 55% of our revenue from operations and our contribution from local clients aggregated to 45% of our revenues from operations in FY 2016-17.

Radio City has seen a CAGR in advertising volume of around 12.1% over a five-year period (leading to 2016-17).

OUR MUSIC ATTRACTS THE RIGHT TARGET AUDIENCE TO PRODUCE THE BEST OUTCOMES FOR OUR ADVERTISERS. THE PROGRAMMES ARE DESIGNED TO TARGET AUDIENCES FROM THE AGE GROUP OF 12 AND ABOVE. CURRENTLY, OUR CORE TARGET GROUP RANGES BETWEEN 25 AND 44.

STRATEGIC TIME SLOTS

We play well-researched and mood mapped music to suit the needs of the audience across various time bands. We play peppy music in the morning show (7am - 11am) across the nation to enthuse our listeners. In the mid-morning show (11am - 2pm), upbeat music with a tinge of humour adds flavour to the music on Radio City. In the afternoon (2pm - 5pm), soothing, romantic songs entertain audiences, while for the evening show (5pm - 9pm), we focus on humour and entertainment to lighten the listener's mood. In the night show (9pm - 12 am), we play soothing songs, conversations between listeners and RJs.

LOCAL FLAVOUR

Taking ahead our brand philosophy Rag Rag Mein Daude City, we create customised and localised content that caters to our local audiences also by playing contemporary music in the regional language along with distinctive city centric stories at our radio stations. For instance, we play Punjabi music in Delhi, Marathi music in our Maharashtra-based radio stations and Tamil music in our radio station in Chennai. Besides, we hire RJs who know the pulse of the city and can converse with listeners in the language of that city. Our RJs also capture news from the film industry and host programmes with the local film industry celebrities. Bollywood content is predominantly aired in all our Hindi speaking markets.

CONTENT SOURCING

The primary content on our radio stations is music, especially songs from movies. Our content

further includes talk shows, which are developed and recorded in our studio. We play sound recordings that are in the repertoire of Phonographic Performance Limited (PPL) pursuant to the Compulsory Licence. Besides, we play sound recordings that are owned by third-party music production houses, pursuant to respective licensing agreements.

We have entered into licensing agreements with third-party entities, such as T-Series and Zee Music, among others to attain a licence to broadcast sound recordings on our radio stations. These licensing agreements are typically on a non-transferable and non-exclusive basis and for a limited licence period to 'communicate to public'.

These agreements typically have a term of 12 – 36 months and are renewable at the option of the parties and specify the fee we need to pay for broadcasting sound recordings owned by the licensor. For our online web radio's Fun Ka Antenna, we have entered into webcasting agreements with third-party entities, such as Sony Music Entertainment Private Limited, Universal, Saregama, Alpha Digitech, Satyam Audio and Malayala Manorama. We also broadcast sound recordings that are in repertoire of PPL, pursuant to the Compulsory License Order and Compulsory License issued by the Registrar of Copyrights. This Compulsory License is valid till

September 30, 2020 and has been granted in relation to our existing radio stations.

MAPPING PREFERENCES

We have appointed third-party research agency AZ Research, to track listenership and brand recall at our radio stations. We have subscribed to RAM and AirCheck and appointed agency Ormax Media to help us understand music, content and time-band preferences of our target audience. Then we develop specific content to suit local preferences and target segments in each city. Besides, we have our in-house methodology for researching and screening the music that is played. This helps us to ensure that the quality of music meets the requirements of the targeted audience. Going forward, we will continue to invest in research to cater to changing listener preferences.

ERTAINING LLIONS ACROSS ATIONS

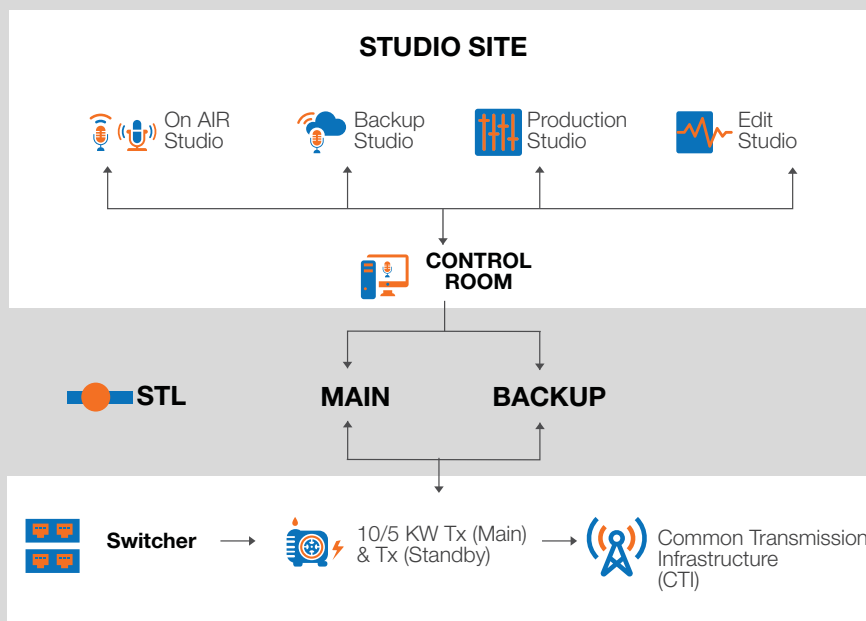

OUR LISTENERS WANT DIFFERENTIATED PROGRAMMING AND WE HAVE ADOPTED THE LATEST TECHNOLOGY AND BEST-IN-CLASS EQUIPMENT TO CATER TO THEIR REQUIREMENTS. AT THE SAME TIME, WE ALSO RELY ON ADVANCED ANALYTICS TO FULFIL THE ASPIRATIONS OF LISTENER SEGMENTS AND CREATE VALUE FOR OUR ADVERTISERS.

STATE-OF-THE-ART INFRASTRUCTURE

We have installed world-class studio and transmitter equipment across all our stations.

Rugged and reliable transmitters from reputed manufacturers Gates Air Inc and Broadcast Electronics for 24x7 operations. State-of-the-art broadcast quality audio consoles from Wheatstone and IP based consoles from Telos. Our audio codecs are manufactured by Worldcast Systems and Telos, and which have built-in redundancy and auto change over features

NETWORKING OF OUR RADIO STATIONS

We are India's first radio stations to implement a unique networking concept for some of our smaller stations. For instance, our Ahmednagar hub station relays content to Sangli, Sholapur, Jalgaon, Nanded and Akola. In addition, we have also recently implemented networking of stations in states of Punjab, Rajasthan and Jharkhand successfully.

PROGRAMMING MIX AND MOOD MAPPING

Content mix is integral to our radio programming. In every city, there is a section of the population who prefer a certain type of music. Thus, we will continue to further segment the markets we operate in, using mood mapping, depending on the audience being targeted.

CULTURE, THE INVISIBLE DIFFERENTIATOR FOR PROFITABILITY

WE FOCUS ON BRINGING ON BOARD THE RIGHT MIX OF TALENT TO ENHANCE OUR POTENTIAL. WE ALSO EMPOWER OUR TEAM THROUGH MULTIPLE TRAINING INTERVENTIONS AND PROVIDE THEM WITH VARIOUS GROWTH OPPORTUNITIES TO BUILD A ROBUST PIPELINE OF FUTURE-FOCUSED LEADERS.

RECRUITMENT AND SELECTION

Recruitment is the backbone of our human resource function. It plays a vital role in attracting the right talent. We have a systematic and rigorous recruitment process that ensures we hire candidates with the 'Radio City attitude' and right functional skill sets. Besides, the process ensures that only the right candidate is hired for the right position. We recruit people through campus, Radio City School of Broadcasting, advertisements on social media, community areas, job portals, external databases, and employee referrals. We administer several functional and psychometric tests, along with reference checks before we hire any candidate. Post recruitment, all new joiners go through a 'Tune In' induction programme.

Mentor – Mentee programme

'Get into the Groove' is a 45-day programme, where our management trainees have to make at least two-three sales calls under the guidance of a mentor. The trainees attend a full day of programming and other important functions before they start their market research project. It has been extended further to all recruits at a junior level. All incoming management trainees are associated with a mentor, who can handhold and guide them according to the Radio City culture.

EMPLOYEE MOTIVATION

We have designed several employee motivation programmes to reinforce our values, mission and vision. We have a robust rewards and recognition programme that includes schemes like Sher of the Month, City Ka Sitara, Cheers to Peers, Stories of Excellence.

Cheers to Peers

This is an initiative to strengthen employee relationships and promote the culture of trust and camaraderie. At Radio City, we recognise a colleague who has helped an employee when he/she was struggling to complete an assignment. Employees present Cheers to Peers card to his/her colleague who extended the help needed. It is part of the 'Fun Thursday activity'. The programme has strengthened the employee relationships across departments and increased collaboration between functions.

THE ECONOMIC TIMES

GREAT PLACE TO WORK®

EMPLOYEE ENGAGEMENT

We engage with our people through various initiatives like review meets, training programmes (Knowledge sharing and Digi Evangelist session for Sales and Programming, Advance Excel and so on). We further use networking opportunities (Women@work), town hall, zonal meet, zonal weekly dashboard and so on to enhance engagement of employees.

WORK-LIFE BALANCE

We enable our people to maintain their work and personal commitments effectively with flexi time policy. Employees can select their work-time options and inform their Reporting Officer and HR. Moreover, we allow our team members to work from home to manage personal exigencies.

Additionally, we promote healthy living through Fitness Frequency that involves Radio City employees in various fitness- and health-related programmes like health check-ups, meditation and more. We also celebrate various festivals at our premises.

GREAT PLACES TO WORK

We have been participating in Great Place To Work Survey since 2011 and have been No.1 in media industry consecutively for 3 years i.e. in 2013, 2014 and 2015. We celebrate this success across the organisation by gifting personalised items to all employees. Gifts may include pen drive, cushions, and power bank, among others.

Radio City has been participating in Great Places to Work survey conducted by Economic Times since 2011 and have been one of the leading companies amongst the Media industry since then

The rank as an organisation and for the categories we participated in Great Places to Work 2017 are as below:

- Amongst Top 50 in Great Places to Work
- Amongst leaders in Media Industry

BE THE CHANGE

AS A RESPONSIBLE CORPORATE CITIZEN, WE AT RADIO CITY STRIVE TO GIVE BACK TO SOCIETY. OUR CORPORATE SOCIAL RESPONSIBILITY IS FOCUSED ON SUPPORTING A SCHOOL FOR THE VISUALLY CHALLENGED AND AN ORPHANAGE. BESIDES, WE ENCOURAGE OUR PEOPLE TO PARTICIPATE IN 'BE THE CHANGE' CSR ACTIVITY AMPLIFYING OUR VISION TO 'MAKE LIFE MORE ENTERTAINING' EVEN FOR THOSE WHO ARE GENERALLY DEVOID OF SUCH PLEASURES IN LIFE.

SCHOOL FOR VISUALLY CHALLENGED AND ORPHANAGE

We have been supporting schools for the visually challenged and orphanages by helping them develop infrastructure and provide education. In FY17, we contributed 79.51 Lakhs to 16 NGO. This has enabled us to help hundreds of children enhance their quality of life.

In FY 2016-17, we rolled out support for the visually challenged and orphanage livelihood in 13 cities. This project has been funded by 2% of the Company's profit for the last three years.

BE THE CHANGE

This is an initiative by our employees to support various causes. Some of the key highlights of this programme are employees donating daily essentials, sponsoring snacks and gifts for NGO's, organising programmes like singing and drawing competition for children and so on.

PROGRAMMING-LED COMMUNITY INITIATIVES

Radio is a low-cost medium that reaches millions of people at one go. Through extensive strategic programming, this powerful medium can be used to generate awareness, and bring about desired changes in the society. At Radio

NGOs

City, we aimed to follow this philosophy and created path-breaking content during the year under review.

Candy Class

With an innovative approach, we partnered with cycle candy vendors to create pop-up English schools across Mumbai slums like Dharavi. Candy vendors on bicycles who visited slums daily were incentivised to participate. They were provided FM receivers and megaphones, and were requested to park their cycles in specific localities every week at a certain time. During these time bands, our station aired specially-designed lessons on spoken English. The candyman simply had to tune in to Radio City on FM receivers at the designated time slot, which played the on-air English lesson. Every child who sat through it was handed a candy. Candy Class won an international award-Grand Prix at the Spikes Asia 2016.

Suraksha Bandhan

Radio City 91.1FM in Delhi launched an initiative Suraksha Bandhan, where RJ Ginnie on her morning show Suno Na Dilli asked people who they wanted suraksha from, for either pot holed roads or incomplete projects. Radio City got thousands of calls from listeners for the same that highlighted the issues they faced in the city. Radio City enlisted the help of the local authorities to resolving the issue and helping delhiites for repairing broken water lines. The campaign garnered tremendous success with multiple city-centric pain points coming to limelight and highlighted the brand ideology of Rag Rag mein Daude City and City ke Kone Kone Se.

Diwali ka saaman Direct from Kisaan

We celebrated the festival of lights by bringing joy to the farmers of Maharashtra through this social initiative 'Diwali Ka Samaan Direct from Kisaan'. This served as a platform to urge listeners to buy products directly from farmers, to increase profits for the cultivator. Chief Minister of Maharashtra Mr. Devendra Fadnavis extended his support for the initiative along with several Bollywood celebrities like Ajay Devgn, Ranbir Kapoor, and Soha Ali Khan, among others.

Studio Ratha

Radio City Studio Ratha is Radio City's annual celebration that marks the festival of Dussehra every year in Bangalore. This year Radio City celebrated the 5th year of 'Studio Ratha' for Dussehra in full zeal with all Bangaloreans and their beloved celebrities. The one of its kind on-ground event initiated by Radio City, took a stunning canter ornamented like a real life 'Ratha' around different parts of the city. Radio City RJ's and celebrities every morning went LIVE from the Studio Ratha at different locations interacting with listeners and fans around the city. Last year, Radio City Studio Ratha witnessed an overwhelming response of over 4 lac attendees.

7. INDEPENDENCE OF A DIRECTOR

The key role of an Independent Director is to provide an unbiased, varied and experienced perspective to the Board. While evaluating the candidature of a Director, the committee abides by the criteria for determining Independence as stipulated under Companies Act, 2013, Listing Agreements and other applicable regulations or guidelines.

The committee takes a broad perspective with respect to Independence and takes into consideration not only the dealings, transactions, relationships with the concerned Individual Director but also with relatives, entities and organizations affiliated to it.

The Committee, along with the Board, regularly reviews the skill, characteristics required from the Board & Individual Directors. One of the prime objectives of this exercise is to identify competency gaps in the Board and make suitable recommendations. The objective is to have a board of diverse background and experience in business, technology, governance and areas that are relevant for the company.

Besides considering all other qualifications w.r.t to talent, relevant professional experience, proven track record of performance and achievement, ethics and integrity, ability to bring in fresh and independent perspectives, the Committee objectively evaluates whether an individual can dispassionately discharge the statutory functions

of a Director as enshrined in the Companies Act, 2013 and Regulation 17 to 27 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

8. BOARD DIVERSITY

The Board shall consist of such number of Directors including at least one woman Director as is necessary to effectively manage the Company of the size of Music Broadcast Limited. The Board shall have an appropriate combination of executive and Independent Directors.

The Nomination & Remuneration Committee will lead the process for Board appointments. All Board appointments will be based on meritocracy in the context of the skills, experience, independence and knowledge which the Board as a whole requires to be effective. The candidates will be considered against objective criteria, having due regard to the benefits of diversity on the Board. The Company believes that increased diversity in Board is associated with better financial performance, greater innovation and has a positive impact on the Company.

9. LETTERS OF APPOINTMENT

Each Director including Executive Directors, Independent Directors and the KMPs, Senior Management Personnel are required to sign the letter of appointment with the Company containing the terms of appointment and the role assigned in the Company.

Green Initiative for Paperless Communications:

Ministry of Corporate Affairs ("MCA") had taken a "Green Initiative in Corporate Governance" by allowing paperless compliances by the companies through electronic mode. The Companies Act, 2013 and the Listing Regulations has also allowed the Company to serve notice/documents/Annual Report to its shareholders through electronic mode.

The Company whole-heartedly appreciates this initiative taken by MCA, being an ardent supporter of pro-environment causes. Not only will such a move benefit the environment but will also enhance shareholder experience by enabling the Company to deliver communications promptly and securely and avoid losses/delays in postal transit. It is a step in the right direction being efficient both, economically and ergonomically.

As a part of this, the Company will be sending notices/documents such as Annual Reports and notices by e-mail to the members who have registered their e-mail address. To support this creditable move of the Government, the members who have not registered their e-mail address, so far, are requested to do so at the earliest, in respect of Demat holding through their respective Depository Participant (DP) and in respect of physical holding through the Registrars and Share Transfer Agents, M/s. Karvy Computershare Private Limited.

We wish to inform you that in addition to receiving the documents through your registered e-mail, you can also access the same through Company's website: www.planetradiocity.com. While every notice/document will be sent through e-mail address registered with the Company, in case you desire to receive any notice/document in physical form, please intimate the same by an e-mail to investor@myradiocity.com and the same shall be sent to your address registered with the Company/DP. We solicit your patronage and support in joining hands with the Company to implement the Green Initiative.

The Company's actual results, performance or achievements could thus differ materially from those projected in any such forward-looking statements. The Company assumes no responsibility to publicly amend, modify or revise any forward looking statements, on the basis of any subsequent developments, information or events.

2. OVERVIEW

In the post-Brexit and post-Trump era that we are all learning to grapple with, and the early warning signals we are seeing of increasing protectionism and closing boundaries, the Indian economy continues to be a shining albeit flickering light in the world economy. Latest official estimates project a GDP growth rate of 7.1 percent for the year 2016-17 which is lower than the one attained in the previous fiscal. Inflation is also well within control and fiscal deficit will not cause worry even if it exceeds the target. Thus, macro fundamentals of the economy which typically are used to highlight the strength of an economy are positive and seem to suggest a foundation of higher growth, diversified prosperity and well ness. Even the business confidence and the consumer confidence indices are high suggesting a platform for increased level of economic activity supported by a spurt in demand

However, the challenges which the economy is currently facing are serious in nature and are likely to come in the way of materialization of these expectations and demand escalation in the near future. These challenges are unemployment, underemployment, one of lowest gross fixed capital formation and increasing inequality in distribution of income despite the government's good intentions. While a 7% plus growth being recorded year after year for more than 3 years makes the Indian economy the fastest growing economy of the world; joblessness and underemployment are the key risks to the sustainability of this kind of growth in the medium to long term.

In fiscal 2016-17, the growth in manufacturing and mining remained muted and was lower than the previous year. It was agriculture that helped the country register growth exceeding 7% due to a good monsoon. The year began with a lot of optimism. However, the growth expected, with the implementation of the 7th pay commission and a good monsoon, to the economy and to the media and entertainment industry which thrives on increased income

and liquidity, did not materialize. The economy did very well till the end of the festive season; demonetisation, however derailed the progress and growth nosedived for everyone. In fact, many categories reported steep de-growth in sales in the months after demonetisation and Quarter Three was severely affected. We, however, believe that the pains caused by demonetisation are short term in nature and will recede in a couple of quarters. But, returning to the growth levels of 2015-16 may take more than a year.

The year 2016-17 will also go down in Indian history as a year of one of the biggest ever financial reforms in the form of GST which is expected to be rolled out from July 2017. There is no doubt that this was a long awaited and much needed reform and will help the Indian economy in the medium to long term, but its short term impact on growth and consumption is uncertain largely because of initial teething problem in implementation, application and enforcement.

Exports, for India have been a growth engine and off shore employment opportunities have provided jobs to many Indians but we can no longer rely on exports nor depend on these opportunities in the current protectionist environment. The need of the hour is to fundamentally reignite domestic consumption and create job opportunities at a faster pace through reimagining our economic strategies.

3. INDIAN MEDIA AND ENTERTAINMENT INDUSTRY

The Indian Media industry grew at 9.1% which was the slowest growth registered in the last five years due to the adverse impact of demonetisation. While a 9.1% growth as compared to global benchmarks is very attractive, however by Indian standards it is far from satisfactory. This drop reaffirms the discretionary nature of advertising spends in the country and the impact that any large scale turbulence in the economy and the resultant consumption can have on this industry, as may be seen from the table below:

Industry	Pre demonetisation	Post demonetisation
	Projected Growth	Actual Growth
TV	13.8%	8.5%
Print	7.7%	7.0%
Films	14.8%	3.0%
Radio	18.2%	14.6%
Digital Advertising	34.9%	28.0%
Music	12.0%	13.0%
Animation and VFX	14.1%	16.4%
Gaming	16.2%	16.2%
OOH	16.0%	7.0%
Total	13.7%	9.1%

Source: FICCI KPMG report on M&E sector 2016-17

Television grew at 8.5% primarily due to a lackluster year for subscription revenues and speed bumps in advertisement revenue growth primarily due to slower domestic consumption and the Broadcast Association Research Council (BARC) data recalibration. Print revenue grew at 7% as English language newspapers continued to be under stress. However Regional languages sustained their strong growth levels. Films had a disappointing year with mere 3% growth on the back of poor box office performance of Bollywood and Tamil films. Digital advertising continued its momentum with a 28% growth to reach 15% share in the overall ad-pie. OOH segment registered a slowdown in growth rate at 7% on the back of demonetisation. Although billboards continue to account for the largest revenue pie, new metro lines, malls, corporate parks and leading airports are providing a much needed boost to the overall sector. Radio registered a 14.6% growth led by volume enhancements in smaller cities, partial roll out of batch 1 of phase III stations and marginal increase in effective rates.

In India, the ratio of advertising expenditure to GDP has continued to be less than 0.50% for several years. This is substantially lower in comparison to the developed economies as well as other developing economies. We believe that the long term growth trajectory of this industry is a viable and strong reality and the future is very sanguine. This growth however can happen only on the back of balanced distribution of per capita income through creation of employment opportunities commensurate with India's increasing employable work force.

4. RADIO INDUSTRY

The radio industry has grown by 14.5% CAGR in 2016, which is faster than other traditional media like Print and TV on the back of offering localised reach at an affordable price.

Radio's share in the overall advertising pie is currently at 4-5%, which is much lower than many other developed countries. Globally the share of radio in overall ad spends is between 7-10%, which clearly demonstrates headroom for growth.

In FY16-17, the radio industry was on a growth trajectory till demonetisation affected it on 8th November 2016. Local advertisers were severely impacted due to shortage of cash and national advertisers realigned spends to match consumer spending. Sectors like real estate, retail and e-commerce cut back their ad spends. For the Radio Industry H2, which is the bigger growth driver on account of the festive spike and financial year-end, got adversely impacted resulting in an annual setback of approx. 4% muting overall growth to around 10%. However, spends by Government and e-wallet players helped compensate the de-growth to a certain extent

The continued growth in inventory utilization, especially in the smaller cities and the increase in rate in the larger cities however suggests that the double digit growth momentum for the FM industry will continue.

5. FMISATION OF THE COUNTRY

The completion of first batch of Phase III auctions further provided strong tail winds to the radio industry. Though expensive, it was considered successful with 96 channels out of 135 channels getting allocated. Networks who won channels in A+ and A cities went ahead with quick launches due to existing consumer base and lesser infrastructure development cost. Launches in B, C and D cities were slower due to unavailability of adequate infrastructure and also time spent to determine appropriate content in these untested cities.

The I&B Ministry was quick to announce the second batch of Phase III, which was a positive step to not only deepen the reach of Radio to Tier II and Tier III cities across the country, but will also lead to infrastructure development and job creation. However because of higher reserve prices, many operators decided not to participate in the Phase III second batch, resulting in a dull response. The MIB is yet to firm up the dates for the next batch of auctions and the industry is hopeful that the regulator will rationalise the reserve prices and other regulations to encourage more participation.

Along with Phase III batch 1 & 2 Industry witnessed the first round of consolidation. The lock in period of three years is getting over by 31st March 2018; and the second round of consolidation is expected wherein single channel operators in metros and mini metros or regional players who need to withstand the high cost of NOTEF may be ready to merge into larger brands.

Our understanding of Listenership penetration in cities where FM radio is present suggest that it is 60% of population largely because FM radio provides curated music based on the mood mapping, a better city connect with local news and a trusted companion in the form of RJ's which cannot be substituted by any other music medium

6. OUTLOOK

With an expected CAGR of 16 %, the radio industry is looking to double its size by the end of 2021. We are optimistic about the future and expect an increase in listenership and advertiser base, positive economic growth, higher penetration in smaller cities and better pricing from the Government for the remaining Phase III auctions. Radio is likely to become a more valuable medium to advertisers, providing a deeper region-wise range of channels and hence is set to be a stronger alternative to print and regional TV both for national and local advertisers.

7. AWARDS AND RECOGNITIONS

Recognising leadership position, various distinguished bodies have bestowed 31 Awards during the year as listed below:

Radio City	
IRF Awards - Excellence in radio awards	8
Envies - Band Baaja competition	3
Golden Mikes	9
Asia Pacific Consumer Awards	4
New York Festival Radio Awards	3
WOW Awards	2
Grand Prix	1
Limca Book of Records	1

8. RISKS AND CONCERNS

The management regularly reviews various businesses operational and functional risks and has instituted appropriate control procedures to mitigate those risks. As on date, the management identifies following risks:

Competition risk: The Company faces competition from peers which challenges the profit earning capacity. The Company manages the risk from competition on the basis of strength of its content and brand.

Demand risk: The Company derives majority of its revenue from sale of radio airtime and any shortfall in sale of airtime impacts the profits disproportionately. The Company manages the risk by taking increase in prices.

Financial risk management: The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance. Risk management is carried out under policies approved by the board of directors which provides principles for overall risk management.

Liquidity risk: The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of the liquidity position, cash and cash equivalents on the basis of expected cash flows to ensure it has sufficient cash to meet operational needs.

Capital management: The Company's objective when managing capital is to safeguard the Company's ability to provide returns for shareholders. The Company also proposes to maintain an optimal capital structure to reduce the cost of capital. Consistent with the industry standards the Company monitors capital on the basis of net debt to equity ratio which has stands at -0:3 in 2017 against 0.9 in the previous year.

9. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Adequate internal control has been put in place in all areas of operations. The role and responsibility of all managerial positions are established, monitored and controlled regularly. All transactions are authorised, timely recorded and reported truly and fairly. To ensure adherence to the laid-down systems, apart from internal reporting and monitoring, the Company has put in place formal Internal Audit System commensurate with the size and nature of the business. Internal audit is conducted by one of the big 4 accounting and consultancy firm who submit report to the management through audit committee periodically.

10. SEGMENT PERFORMANCE

The Company is engaged primarily in the business of operating Private FM Radio Stations which constitutes a single reportable segment as per IND AS 108 on Segment Reporting.

11. FINANCIAL PERFORMANCE

The financials discussed herein below should be evaluated in the light of the fact that the financial statements have been prepared for the first time applying IndAS and accordingly even the previous year's figures have been regrouped/recast to make them comparable with the current year's figures. Additionally, the previous year's figures have also been changed on account of giving effect to the schemes of arrangement (the "Scheme") for amalgamation of Crystal Sound and Music Private Limited ("Crystal") and Spectrum Broadcast Holdings Private Limited ("Spectrum") with Jagran Prakashan Limited ("JPL" or "Amalgamated Company"), and the demerger of radio business undertaking of Shri Puran Multimedia Limited ("Demerged Company") into Music Broadcast Limited ("Company"). Subsequently approval from Ministry of Information & Broadcasting ("MIB") was received on November 18, 2016. These schemes have become effective from the appointed date of 1st January 2016 as approved by the jurisdictional high courts.

Revenue:

Total Income: Our total Income increased by 14.83% from ₹ 24,022.48 lakhs in fiscal 2016 to ₹ 27,585.26 lakhs in fiscal 2017, primarily due to an increase in our revenue from operations by ₹ 4,593.95 lakhs. The other income reduced by ₹ 1,031.17 lakhs during this period.

Revenue from operations: Revenues from operations representing Radio Airtime increased by 20.37% from ₹ 22,547.66 lakhs in Fiscal 2016 to ₹ 27,141.61 lakhs in Fiscal 2017 (including additional revenue for 9 months of ₹2104 lakhs for 8 radio stations acquired from SPML) primarily due to increase in advertising volumes in small markets and volume and rate hike in larger markets.

Other income: The other income decreased by 69.92% from ₹ 1,474.82 lakhs in Fiscal 2016 to ₹443.65 lakhs in Fiscal 2017. This is primarily due to decrease in interest income by ₹1,016.86 lakhs earned by the Company in fiscal 2016 on funds temporarily parked (raised through NCDs) which has been utilized for payment of Migration fees for existing stations and One Time Entry fee for 11 new stations.

Other Gains: This represents net gain on financial assets mandatorily measured at fair value through profit and loss account, net gain on sale of investments and other miscellaneous income.

Expenditure:

Total Expenditure: Our total expenses increased by 18.48% from ₹ 18,472.26 lakhs in Fiscal 2016 to ₹ 21,885.42 lakhs in fiscal year 2017.

License Fees: Amounts paid towards license fees is primarily due to the additional 8 radio stations acquired from Radio mantra and 11 new stations launched during the second half of the Fiscal 2017.

Employee benefits expense: Employee benefit expenses increased by 27.28% from ₹5,112.34 lakhs in Fiscal 2016 to ₹6,507.14 lakhs in Fiscal 2017, primarily due to increase in head counts for 11 new stations and absorption of Radio Mantra employees in the company.

Depreciation and amortisation expense: Depreciation and amortisation expense increased by 17.66% primarily due to additional charge on assets capitalised under Phase III for 11 new stations and radio stations acquired from Radio Mantra.

Finance costs: Decrease in finance cost by 7.97% from ₹ 2,066.08 lakhs in Fiscal 2016 to ₹1,901.32 lakhs in Fiscal 2017 is because of interest on borrowings capitalised on One Time Entry Fee (OTEF) for new 11 stations.

Other expenses: Increase in other expenses by 21.28% from ₹7,905.03 lakhs in Fiscal 2016 to ₹9,587.32 lakhs in Fiscal 2017 was primarily due to:

- Increase in rentals and other operating /administration expenses by ₹631.60 from ₹ 2,751.03 in fiscal 2016 to ₹3,382.63 lakhs in fiscal 2017. This increase is primarily due to increase in number of new stations launched during the year and also 8 Radio Mantra stations transferred from SPML.
- Increase in Royalty expenses by ₹592.53 from ₹584.45 lakhs in fiscal 2016 to ₹1,176.98 lakhs in fiscal 2017. This increase is on account of increase in copyright royalty with respect to the music played on Web Radio stations.
- Increase in marketing and advertisement expenses by ₹337.31 from ₹ 2,060.43 lakhs in fiscal 2016 to ₹ 2,397.74 lakhs in fiscal 2017. This is partly due to expenses incurred towards advertisements and promotions in 11 new stations and partly for promotion of Initial Public Offer.

Exceptional items – In Fiscal 2016, Company declared one time incentive of ₹1,357.50 lakhs to certain employees.

Profits for the year increased by 32.71 % from ₹ 2762.25 lakhs in fiscal 2016 to ₹ 3665.91 lakhs in Fiscal 2017 due to above.

Adjusting for the items that will not be reclassified to profit and loss account, total comprehensive income for the year was ₹ 3554.63 lakhs as against ₹2,728.26 lakhs in fiscal 2016.

(ii) Balance Sheet:

	(₹ in lakhs)	
	2016-17	2015-16
Total Equity	54810.84	21,002.82
Total Non-current Liabilities	5,531.14	15,390.15
Total Current Liabilities	15,769.26	12,577.88
Total Equity and Liabilities:	76,111.24	48,970.85
Total Non-current Assets	36187.42	36,221.11
Total Current Assets	39,923.82	12,749.74
Total Assets:	76,111.24	48,970.85

Total equity comprises of Paid up equity share capital, reserves and surplus, other reserves and equity component which has been recognised for the first time in consequence of adoption of IndAs. The equity capital has increased during the year due to the fresh issue of equity shares through initial public offering. The Compulsorily convertible debentures which is shown as equity component of compound financial instrument as on March 31, 2016 were converted to Non- convertible debentures and fully repaid during the year. Other reserves are reclassified from Capital reserves which are no longer statutorily required as on Fiscal 2017.

The major increase in Reserves and surplus is due to the increase in securities premium on account (₹37025.39) of money received from fresh issue of equity shares net of share issue expenses. The total comprehensive income for the year has reduced the losses in retained earnings.

Non-current liabilities represent long term borrowings and employee benefit obligations expected to be settled after one year. The borrowing has decreased during the year as ₹9,986.87 lakhs of non- convertible debentures has been shown as other current financial liabilities since the same is repayable within next twelve months.

Current liabilities consist of short term borrowings, trade payables, other current financial liabilities, other current liabilities.

The entire short term borrowings of ₹2,300 lakhs has been repaid during the year. The increase in other current financial liabilities is due to the increase in current maturity of non-convertible debentures from ₹4,981.52 lakhs in March 2016 (repaid during Fiscal 2017) to ₹9,986.87 lakhs in March 2017. Other current liabilities has been paid in Fiscal 2017 and accordingly reduced.

Non-Current Assets comprise tangible and intangible assets, intangible assets under development, financial assets, deferred tax assets, non- current tax assets and other non- current assets expected to be realizable after one year.

The tangible and intangible assets have increased during the current fiscal due to the capitalization of assets for 11 new stations launched during the year under the Phase III regime.

Decrease in deferred tax assets is partly due to the utilization of brought forward losses and partly due to reversal of impact on account of timing difference of depreciation and amortisation charge.

The non-current tax has decreased primarily due to the tax refund received for the earlier years.

Current Assets consists of investments in units of mutual funds, trade receivables, cash and cash equivalents, other bank balances, other financial and current assets expected to be realized with within next twelve months. There is an increase in current investments by ₹ 1,207.77 lakhs compared to last year with the internal accruals generated from business. There is a significant increase in the cash and cash equivalent and other bank balances. This increase is primarily on account of money received from issue of equity shares through initial public offering and deposited in schedule commercial banks until utilization as per object of offer. The trade receivables have increased in proportion to increase in scale of operations.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF MUSIC BROADCAST LIMITED REPORT ON THE INDIAN ACCOUNTING STANDARDS (IND AS) FINANCIAL STATEMENTS

1. We have audited the accompanying financial statements Music Broadcast Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE IND AS FINANCIAL STATEMENTS

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements to give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

3. Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.
4. We have taken into account the provisions of the Act and the Rules made thereunder including the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and

pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

OPINION

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017, and its total comprehensive income (comprising of profit and other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

EMPHASIS OF MATTER

9. We draw attention to the note 25 of the financial statements in respect of Composite Scheme of Arrangement ("the Scheme"). The Company has applied the accounting treatment as prescribed in the Scheme approved by the Hon'ble High Court of Allahabad and Hon'ble High Court of Mumbai.

OTHER MATTER

10. The comparative financial information of the Company for the transition date opening balance sheet as at April 1, 2015 included in these Ind AS financial statements, are based on the previously issued statutory financial statements for the year March 31, 2015 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by the predecessor auditor who expressed an unmodified opinion vide report dated May 25, 2015. The adjustments to those financial

INDEPENDENT AUDITORS' REPORT

statements for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us.

11. The financial information of the Company for the year ended March 31, 2016 included in these Ind AS financial statements, are based on the previously issued statutory financial statements for the year ended March 31, 2016 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us, on which we expressed an unmodified opinion dated May 30, 2016. The adjustments to those financial statements for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us.

Our opinion is not qualified in respect of these matters.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

12. As required by the Companies (Auditor's Report) Order, 2016, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act ("the Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order.
13. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2017 taken on

record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure A.
- (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - i. The Company has disclosed the impact, if any, of pending litigations as at March 31, 2017 on its financial position in its Ind AS financial statements – Refer Note 27;
 - ii. The Company did not have any long-term contracts including derivative contracts as at March 31, 2017
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2017.
 - iv. The Company has provided requisite disclosures in the financial statements as to holdings as well as dealings in Specified Bank Notes during the period November 8, 2016 to December 30, 2016. Based on audit procedures and relying on the management representation we report that the disclosures are in accordance with books of account maintained by the Company and as produced to us by the Management – Refer Note 33.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 13 (f) of the Independent Auditors' Report of even date to the members of Music Broadcast Limited on the standalone financial statements for the year ended March 31, 2017

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

REPORT ON THE INTERNAL FINANCIAL CONTROLS MEANING OF INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE ACT

1. We have audited the internal financial controls over financial reporting of Music Broadcast Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS

BACKGROUND

Music Broadcast Limited (“the Company” or “MBL”) was incorporated and domiciled in India on November 4, 1999. The Company is engaged in the business of operating Private FM Radio Stations through the brand ‘Radio City’. The Company started its operations in India in July, 2001 in Bangalore and operate its radio stations in 39 cities across India out of which 11 stations are launched in the current year and 8 stations acquired (Refer note 25). During the year the Company has raised money from public by issue of equity shares which were listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) on March 17, 2017.

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of preparation

(i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements up to year ended March 31, 2016 were prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act.

These financial statements are the first financial statements of the Company under Ind AS. Refer note 30 for an explanation of how the transition from Indian GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities which have been measured at fair value;
- defined benefit plans — plan assets measured at fair value

b) Business Combinations

- The acquisition method of accounting is used to account for all business combinations, other than those described

in (ii) below, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of the transferor companies comprises the

- fair values of the assets transferred;
- liabilities incurred to the former owners of the acquired business;
- equity interests issued by the Company; and
- fair value of any asset or liability resulting from a contingent consideration arrangement

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

The excess of the

- consideration transferred; and
- acquisition-date fair value of any previous equity interest in the acquired entity

over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised in other comprehensive income and accumulated in equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. In other cases, the bargain purchase gain is recognised directly in equity as capital reserve.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognised in profit or loss. There is no contingent consideration in respect of all the years presented.

NOTES TO FINANCIAL STATEMENTS

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognised in profit or loss or other comprehensive income, as appropriate.

(ii) Business combinations involving entities that are controlled by the Company are accounted for using the pooling of interests method as follows

- The assets and liabilities of the combining entities are reflected at their carrying amounts.
- No adjustments are made to reflect fair values, or recognise any new assets or liabilities. Adjustments are only made to harmonise accounting policies.
- The financial information in the financial statements in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination. However, where the business combination had occurred after that date, the prior period information is restated only from that date.
- The balance of the retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee or is adjusted against general reserve/capital reserve
- The identity of the reserves are preserved and the reserves of the transferor become the reserves of the transferee.
- The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

c) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chairman of the Company, Chief Executive Officer and Chief Financial Officer, which have been identified as being the chief operating decision maker assess the financial performance and position of the

Company and make strategic decisions. The Company is engaged primarily in the business of operating Private FM Radio Stations through the brand 'Radio City. However, in the context of Indian Accounting Standard 108 – Operating Segments, these are considered to constitute single reportable segment.

d) Foreign currency translation

i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (₹), which is Company's functional and presentation currency.

ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/(losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognised in other comprehensive income.

e) License Fees

License fees are charged to revenue at the rate of 4% of gross revenue for the year or 2.5 % of Non- Refundable One Time Entry Fee (NOTEF) for the concerned FM radio station, whichever is higher. 'Gross Revenue' is revenue on the basis of billing rates inclusive of any taxes and without deduction of any discount given to the advertiser and any commission paid to advertising agencies.

NOTES TO FINANCIAL STATEMENTS

f) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

The useful lives of property, plant and equipment are depreciated on Straight Line method over the estimated useful lives of the assets prescribed in Schedule II to the Companies Act, 2013. The same represents the consumption patterns and is based on technical evaluation done by the management. The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Leasehold land and leasehold improvements are amortised on a straight-line basis over the total period of lease including renewals, or useful life, whichever is shorter.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Nature of Asset	Useful life(In Years)
Towers, Antenna & Transmitters	13
Computers	3 – 6
Furniture & Fixtures	5-10
Studio Equipment's	3-15
Air Conditioners & UPS & Gen Set	3-15
Vehicle	8

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within 'Other (losses)/gains – net' in the statement of profit or loss.

g) Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment losses. Cost includes any directly attributable expenditure on making the assets ready for its intended use.

Intangible assets, other than migration fees are amortized on a straight line basis over a period of 5 years.

i) The migration fee capitalized is being amortized, with effect from April 1, 2015, equally over a period of fifteen years, being the period of the license.

ii) Computer Software

Computer software are stated at their cost of acquisition net of accumulated amortisation. Amortisation of computer software is carried out on straight line basis over their estimated useful life of five years.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as at April 1, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the intangible assets.

h) Impairment of assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

i) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with banks, other short-term, highly

NOTES TO FINANCIAL STATEMENTS

liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

j) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

k) Investments and other financial assets

i. Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

ii. Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

For debt instruments, subsequent measurement depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

For equity instruments, the Company measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/(losses) in the statement of profit and loss. Impairment losses

NOTES TO FINANCIAL STATEMENTS

(and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

The Company has elected to continue with the carrying value of its investment in subsidiaries and associates recognized as at April 1, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of those investments. The same have been carried at cost in accordance with Ind AS 27: Separate financial statements and Ind AS 28: Investment in associates and joint ventures.

In case change in terms of a financial asset results in substantial modification of contractual cash flows, the same is accounted for extinguishment of the original financial asset and recognition of new asset. The difference between the fair value of the original financial asset derecognised (already at fair value through profit or loss) and the fair value of the new financial asset recognised is accounted as investment in subsidiary considering the economic substance and the parent-subsidary relationship.

iii. Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 22 details how the Company determines whether there has been a significant increase in credit risk.

iv. Derecognition of financial assets

A financial asset is derecognised only when:

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

v. Income recognition

Interest income: Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment and extension) but does not consider the expected credit losses.

Dividends: Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

i) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

The fair value of the liability portion of redeemable non-convertible debentures is determined using a market interest rate for an equivalent non-convertible bonds. This amount is recorded as a liability on an amortised cost basis until redemption of the debentures. The remainder of the proceeds is attributable to the equity portion of the compound instrument. This is recognised and included in shareholders' equity, net of income tax effects, and not subsequently remeasured.

NOTES TO FINANCIAL STATEMENTS

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses).

Where the terms of a financial liability are renegotiated and the entity issues equity instruments to a creditor to extinguish all or part of the liability, a gain or loss is recognised in profit or loss, which is measured as the difference between the carrying amount of the financial liability and the fair value of the equity instruments issued.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

m) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by

the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries and associates where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries and associates where it is not probable that the differences will reverse in foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

n) Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service and they

NOTES TO FINANCIAL STATEMENTS

are calculated annually by actuaries. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) Defined benefit plan of gratuity where gratuity fund is not recognised by the income tax authorities and is administered and managed by Kotak Life insurance fund; and
- (b) Defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained

earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

The Company's contribution to Employee Provident fund, Employee State Insurance Fund and Employee's Pension Scheme 1995 are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. The Company deposits these amounts with the fund administered and managed by the provident fund/ Employees State Insurance authorities. The Company has no further payment obligations once the contributions have been made.

(iv) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits as an expense immediately.

o) Provisions

Provisions for legal claims, volume discounts and returns are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

p) Revenue recognition

Revenue is measured at the fair value of the consideration

NOTES TO FINANCIAL STATEMENTS

received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, commission and amounts collected on behalf of third parties.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Barter advertising contracts are included in the 'Gross revenue' on the basis of relevant billing rates.

Specifically the following basis are adopted for recognising various sources of revenues of the Company:

Advertisement Revenue

Revenues from the sale of airtime are recognised in the period when the advertisements are aired and are stated net of discounts to advertising agencies and service tax billed to customers.

Other Income

Interest Income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend Income is recognized when the right to receive payment is established by the balance sheet date.

q) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale.

Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

r) Leases

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over

the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

s) Contributed equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

t) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

u) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares, if any, issued during the year and excluding treasury shares.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

v) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Rupees lakhs and two decimals thereof as per the requirement of Schedule III, unless otherwise stated.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 : CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

- a) Estimation of defined benefit obligation – Note 11
- b) Loss allowance of trade receivables – Note 22

- c) Estimated useful life of tangible and intangible assets - Note 3,4
- d) Contingencies - Note 27 - 'Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.
- e) Estimation of current tax expense and deferred tax - Note 21

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Leave obligations not expected to be settled within the next 12 months	256.57	200.35	163.54

(ii) Post-employment obligations

Gratuity

The company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the company makes contributions to recognised funds in India. The company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

(iii) Defined contribution plans

(a) Provident Fund

The Company also has a defined contribution plan. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is ₹ 233.93 (31 March 2016 – ₹ 188.04).

(iv) Significant actuarial assumptions were as follows :

Actuarial assumptions	As at March 31, 2017	As at March 31, 2016
Discount Rate	7.00%	8.00%
Salary Growth Rate	10.00%	7.50%
Average future duration	26.60 years	26.29 years
Rate of return on plan assets	7.00%	8.00%
Withdrawal Rates	25% at younger ages reducing to 2% at older ages	25% at younger ages reducing to 2% at older ages

(v) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Change in assumption		Impact on defined benefit obligation					
			Increase in assumption			Decrease in assumption		
	March 31, 2017	March 31, 2016	March 31, 2017	March 31, 2016		March 31, 2017	March 31, 2016	
Discount rate	0.50%	0.50%	decrease by	3.40%	3.07%	increase by	3.60%	3.26%
Salary growth	0.50%	0.50%	increase by	3.50%	3.26%	decrease by	3.30%	3.10%
Withdrawal rate (W.R)	20%	20%	decrease by	3.93%	3.98%	increase by	5.10%	4.90%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(vi) The major categories of plan assets are as follows

Particulars	As at March 31, 2017	As at March 31, 2016	As at April 1, 2015
Composition of the plan assets			
Policy of insurance	100%	100%	100%
Total	100%	100%	100%

NOTES TO FINANCIAL STATEMENTS

(All amounts in ₹ Lakhs, unless otherwise stated)

(vii) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:
Asset volatility - The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. These are subject to interest rate risk.

(viii) Defined benefit liability and employer contributions

Expected contributions to post-employment benefit plans for the year ending 31 March 2018 are ₹ Nil.

The expected maturity analysis of undiscounted gratuity is as follows:

Defined benefit obligation - Gratuity	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years

(i) Fair value hierarchy

The following table summarises the financial instruments at fair value by valuation methods. The different levels have been defined as follows:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. There are no financial instruments measured using level 2 valuation techniques.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for Investment in certain debentures, preference shares and unlisted equity instruments.

Note: There are no financial liabilities in a category: measured at fair value - recurring fair value measurements

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There are no transfers between levels 1, 2 and 3 during the year.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices.

Financial assets in level 3 category includes investment in unlisted equity instruments where the fair values have been determined based on net asset values.

(iii) Valuation process

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO). Discussions of valuation processes and results are held between the CFO and the valuation team at least once every three months, in line with the Company's quarterly reporting periods.

NOTES TO FINANCIAL STATEMENTS

NOTE 23: FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

Risk management is carried out under policies approved by the board of directors which provides principles for overall risk management.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, other financial assets	Ageing analysis	Diversification of bank deposits, credit limits and periodic monitoring of realizable value
Liquidity risk	Borrowings and other liabilities	Cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk – foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (₹)	Cash flow forecasting Sensitivity analysis	By minimising the exposure in foreign currency
Market risk – interest rate	Borrowings at variable rates	Periodical monitoring with respect to market conditions	Replacing the high cost borrowings with low cost borrowings from time to time

Competition Risk

The Company faces competition from peers which challenges the profit earning capacity of the Company. The Company manages the risk from competition on the basis of strength of its content and brand.

Demand Risk

The Company derives majority of its revenue from sale of radio airtime and any shortfall in sale of airtime impacts the profits disproportionately. The Company manages the risk by taking increase in prices.

(A) CREDIT RISK

The credit risk arises from cash and cash equivalents, investments and deposits with banks and financial institutions, as well as credit exposures to customers including outstanding receivables.

The Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks/ institutions with which balances are maintained. The Company does not maintain significant cash and deposit balances other than those required for its day to day operations.

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings with the Company for extension of credit to customers. The Company monitors the payment track record of the customers. The Company has also accepted security deposits from its agencies, which mitigate the credit risk to an extent. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information.

A default on a financial asset is when the counterparty fails to make contractual payments when they fall due or when the extended credit period expires. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

The Company provides for expected credit loss when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the Company. The Company categorises a provision when a customer fails to make contractual payments as per agreed terms. Where loans or receivables have been impaired, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

Note:- significant estimates and judgements

Impairment of financial assets

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(B) LIQUIDITY RISK

The Company relies on a mix of excess operating cash flows, investments in marketable securities, borrowings and capital infusion to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of the liquidity position (comprising the undrawn borrowing facilities), cash and cash equivalents on the basis of expected cash flows to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times.

(i) Maturities of financial liabilities

The tables below analyse, the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities. There are no derivative financial instruments in respect of reporting periods disclosed under these financial statements.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) MARKET RISK

(i) Foreign currency risk

The company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (₹). The risk is measured through a forecast of highly probable foreign currency cash flows.

(a) Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

Particulars	March 31, 2017	March 31, 2016	April 1, 2015
	USD	USD	USD
Financial Assets			
Trade receivable	1.17	0.68	10.13
Net exposure to foreign currency risk	1.17	0.68	10.13

(b) Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments:

Particulars	Impact on profit after tax	
	March 31, 2017	March 31, 2016
USD sensitivity		
INR/USD Increase by 2% (March 31, 2016 - 2%)*	0.02	0.01
INR/USD Decrease by 2% (31 March 2016 - 2%)*	(0.02)	(0.01)

*holding off other variables constant

(ii) Cash flow and fair value interest rate risk

The Company's borrowings are fixed rate borrowings and are carried at amortised cost. They are, therefore, not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

NOTES TO FINANCIAL STATEMENTS

(All amounts in ₹ Lakhs, unless otherwise stated)

(a) Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	As at March 31, 2017	As at March 31, 2016	As at April 1, 2015
Variable rate borrowings	-	-	-
Fixed rate borrowings	4,991.10	17,278.36	28,271.74
Total borrowings	4,991.10	17,278.36	28,271.74
Variable rate borrowings as % of total loans	-	-	-

NOTE 24: CAPITAL MANAGEMENT

(a) Risk management

The Company's objective when managing capital is to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for stakeholders. The Company also proposes to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust any dividend payments, return capital to shareholders or issue new shares.

Consistent with the industry standards the Company monitors capital on the basis of debt to equity ratio where debt (comprise of total borrowings) and Equity comprise the equity shares outstanding at each reporting date.

The Debt to Equity position at each reporting date is summarised below:

Particulars	As at March 31, 2017	As at March 31, 2016	As at April 1, 2015
Total debt	6,425.68	21,009.24	24,788.80
Total equity	40,613.50	7,106.28	(5,691.21)

NOTE 31: FIRST-TIME ADOPTION OF IND AS

Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS

The accounting policies set out in note 1(b) have been applied in preparing the financial statements for the year ended March 31, 2017, the comparative information presented in these financial statements for the year ended March 31, 2016 and in the preparation of an opening Ind AS balance sheet at April 1, 2015 (the Company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

A. EXEMPTIONS AND EXCEPTIONS AVAILABLE

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemptions

A.1.1 Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

A.2 Ind AS mandatory exceptions

A.2.1 Estimates

A Company's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

NOTES TO FINANCIAL STATEMENTS

(All amounts in ₹ Lakhs, unless otherwise stated)

Ind AS estimates as at April 1, 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Investment in debt instruments carried at FVPL

A.2.2 Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

NOTES TO FIRST TIME ADOPTION

1. Fair valuation of investments

Under the previous GAAP, investments in equity instruments and mutual funds were classified as long-term investments or current investments based on the intended holding period and realisability.

Long-term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value.

Under Ind AS, these investments are required to be measured at fair value. The resulting fair value changes of these investments have been recognised in retained earnings as at the date of transition and subsequently in the profit or loss for the year ended 31st March 2016.

2. Security deposits

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the Company has fair valued these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposit has been recognised as prepaid rent.

3. Borrowing Cost

Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the profit or loss over the tenure of the borrowing as part of the interest expense by applying the effective interest rate method.

Under previous GAAP, these transaction costs were charged to profit or loss as and when incurred.

4. Lease equalisation for rental properties

Under Previous GAAP, the rent paid for leased properties were straight lined over the lease term. No such straight lining is done as per IND AS.

5. Remeasurements of post-employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Under the previous GAAP, these remeasurements were forming part of the profit or loss for the year.

6. Deferred Tax expense

Under previous GAAP, deferred tax was to be recognised only when there was reasonable certainty that sufficient future taxable income will be available against which the deferred tax assets can be realised.

As per IND AS, deferred tax assets needs to be recognised when there is virtual certainty backed by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realised.

NOTES TO FINANCIAL STATEMENTS

(All amounts in ₹ Lakhs, unless otherwise stated)

7. Equity component of compound financial instrument

Compulsorily convertible debentures have been considered as part of equity as per Ind AS. Under previous GAAP, it was shown as part of borrowings.

8. Other comprehensive income

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' which includes remeasurements of defined benefit plans and fair value gains or (losses) on FVOCI equity instruments. The concept of other comprehensive income did not exist under previous GAAP.

9. Revenue and Agency Commission

Under previous GAAP, the agency commission was included in other expenses without being netted off from revenue. Under Ind AS, revenue is being measured at fair value of the consideration received or receivable taking into account the amount of any trade discounts and volume rebates allowed by the entity.

Accordingly, consent of the members is sought for approving the Ordinary Resolution as set out at Item No. 4 for ratification of remuneration payable to the Cost Auditor for conducting the audit of the cost records of the Company, if required, for the financial year 2017-18.

None of the Directors/Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, in the Ordinary Resolution set out at Item No. 4 of the Notice, relating to the ratification of remuneration payable to cost auditor of the Company for the financial year ending March 31, 2018.

Item No. 5

Mr. Madhukar Kamath is an Economics graduate from Loyola Chennai, Madhukar studied Management at XLRI Jamshedpur. He has more than three decades of experience in Advertising and Marketing Services and has spent close to twenty five years in erstwhile Mudra now DDB Mudra Group, in two separate stints. Under his leadership, Mudra transformed itself from an Advertising Agency into one of India's leading Integrated Marketing Communications Groups. In between his two stints at DDB Mudra Group, Madhukar led Bates India as its CEO and was instrumental in the acquisition and successful integration of Clarion.

He has served as the President of the AAAI (Advertising Agencies Association of India) and Chairman of ASCI (The Advertising Standards Council of India). He was also the Chairman of AdAsia 2011, India's largest Marketing Congress, which was held in New Delhi.

Currently he is on the Board of ABC (The Audit Bureau of Circulations) and is an Executive Committee Member of AAAI. He is also the Chairman of the Mudra Foundation and serves as Chairperson of the Governing Council of MICA, India's foremost Strategic Marketing and Communications Institute. In 2013, Madhukar became an Executive Board member of Plan India.

Pursuant to the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company has appointed Mr. Madhukar Kamath (DIN- 00230316), as an Additional Non- Executive Independent Director on May 25, 2017 in accordance with the provisions of Section 161 of the Companies Act, 2013 and Article of Association of the Company to hold office up to the conclusion of this Annual General Meeting. Nomination and Remuneration Committee considering the fact that appointment of Mr. Kamath will add considerable value to the Board, has recommended appointment of Mr. Kamath as an Independent Director.

The Board considers that appointment of Mr. Kamath would be beneficial for the Company and therefore, it is desirable to appoint Mr. Kamath as an Independent Director. Accordingly, the Board recommends the resolution in relation to appointment of Mr. Kamath as an Independent Director, for the approval by the shareholders of the Company, as Ordinary Resolution.

Further, as per the said Section 149, an Independent Director can hold office for a term up to 5 (five) consecutive years on the Board of the Company and he shall not be included in the total number of directors for retirement by rotation.

A notice pursuant to Section 160 of the Companies Act, 2013 has been received from a member proposing Mr. Kamath as a candidate for the office of Director of the Company. In the opinion of the Board, Mr. Kamath fulfils the conditions specified in the Companies Act, 2013 and rules made thereunder for his appointment as an Independent Director of the Company and is independent of the management.

Mr. Madhukar Kamath is not disqualified to be re-appointed as Director in terms of Section 164 of the Companies Act, 2013 and has given consent to act as an Independent Director of the Company.

Except Mr. Madhukar Kamath, to whom the resolution relates, none of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 5.

Notice received under Section 160 of the Companies Act, 2013 is available for inspection by the members at the Registered office of the Company during the business hours on any

working day upto the date of the Annual General Meeting.
