These are some extraordinary achievements that have made us proud over the years. However, when it comes to long-term business sustainability, there is one thing that analysts and stakeholders bank on – STRONG PERFORMANCE.

Strong performance is a result of years of efforts. It is a measure of effectiveness of the Company's strategic decisions. It reemphasizes the robust present foundation of the Company and its future readiness.

At AksharChem, our sustained strong performance has enabled us to revitalize customer trust while delivering prosperity to the customers. 2016-17 was one such year that proved again that we just don't make strategies, rather we act and deliver.

This is how we have delivered to our shareholders in 2016-17:

38%	147%	212%	344%	57.45%
Growth in revenues	Growth in EBITDA	Growth in profit after tax	Growth in market capitalisation	Growth in net worth

And we have not just stopped here.

We are taking forward this momentum by making investments in adding more capacities, integrating backwards, enhancing our environment sustainability and achieving operational efficiencies for a sustainable future.

"THE STRONG PERFORMANCE THAT THE COMPANY HAS DISPLAYED IN RECENT YEARS IS NOT JUST A ONE-TIME AFFAIR.

A COMBINATION OF DEEP COMMITMENT, ROBUST BUSINESS MODEL AND INVESTMENTS IN LONG-LIFE ASSETS WILL CONTINUE TO PROVIDE SUSTAINABLE AND PROFITABLE GROWTH."

I am privileged to report yet another successful year that saw us outperforming industry across all parameters while we continued to deliver more value to our customers and shareholders. In a matter of just few years we have significantly matured as an organisation; growing multi-fold in capacities and financials, spreading to newer geographies, adding more products and developing strong brand goodwill. With the kind of traction we are witnessing, improved industry scenario and capacity expansion programmes that we have planned out, we believe that our future is more sustainable than ever.

MACRO-ECONOMY

2016, manifested by several unpredictable outcomes, has been yet another challenging year for economies across the globe. While crude prices strengthened and nearly doubled from its lowest levels at the beginning of the year, the UK's referendum to exit European Union and Mr. Donald Trump's election as the

President of the USA added to investor anxiety. Despite various issues, the year ended on a positive note giving way to revitalizing manufacturing, improving trade and market scenario among various economies, and stabilizing interest rates. Driven by these factors, the global economy is expected to rebound strongly and grow by 3.5% in 2017.

Closer home, the scenario was much different. Indian economy continued to remain buoyant amidst global despair. Though the growth rate declined from 7.9% in 2015-16 to 7.1% in 2016-17, led by slowdown from demonetization, the country continued to be the fastest growing major economy. The fundamentals of the country amidst stable political climate, reducing repo rates, strengthening foreign exchange reserves, healthy inflation levels and likely implementation of Goods and Services Tax (GST) remain strong. India's GDP growth for the years 2017-18 and 2018-19 is projected at 7.2% and 7.7% respectively.

INDUSTRY OPTIMISM

Globally, the pigment industry is estimated to witness a robust compounded growth of 5.4% during 2016-2023 driven by stringent growths in the textiles and food & beverages industry. In India, the dyes and pigments is at an important inflection point. While domestic demand is showing positive trend with textiles industry projected to grow at a CAGR of 10% over the next five years, the vital development of reducing government support to the manufacturers and tighter pollution control norms in China have impacted their competitiveness, even leading to several shutdowns. China being the largest dyes and pigments manufacturer in the world, the trickle-down effect of this development is likely to favour Indian manufacturers who are more environmentally compliant and cost competitive. It is estimated that the production of dyes and pigments in India would grow at a CAGR of 11.4% during the five years leading to 2019. Export during the same period is likely to grow at an estimated CAGR of ~15%.

BUSINESS PERFORMANCE

During the year under review the performance of your Company has been outstanding with sales volumes rising 6% to 7,760 MT. Besides, with supply constraints in the market and rising crude prices, the average prices of dye intermediates during the year increased by nearly 55% enabling us to earn better margins. Total revenues increased by 38% from Rs. 18,770.61 lakhs in 2015-16 to Rs. 25,965.21 lakhs in 2016-17, while share of exports increased from 82% to 90%.

Profitability during the year grew even stronger as expansion of capacities undertaken in the past along with effective cost management initiatives facilitated in better overhead coverage. In absolute terms, the EBITDA and PAT increased 147% and 212% respectively to Rs. 7,948.40 lakhs and Rs. 5,191.88 lakhs respectively. In margin terms, the EBITDA and PAT margins increased 1,344 and 1,113 basis points respectively to 30.61% and 20%.

FOCUSED ON A SUSTAINABLE FUTURE

With massive growth opportunities lying ahead of us, we have embarked on several strategic capacity expansion and backward integration program expected to be materialized over next 15 months at an estimated investment of Rs. 175 cr. The expansion plan includes adding 2,280 TPA of CPC Green, 1,800 TPA CPC Blue, 1,200 TPA H-Acid and 10,000 TPA of precipitated silica capacity. This shall allow us to meet demand of existing as well as new customers.

We have also undertaken the strategic decision of entering the Specialty Chemical business by commencing with the manufacture of Precipitated Silica which is widely used in rubber and tyre industry. This shall diversify our business offerings while enabling us to earn better margins.

In our existing dye intermediate business, we have added H-Acid which shall facilitate us to increase offerings to existing customer for further strengthening customer relation.

In the past five years we have also made investments amounting to Rs. 10 cr towards process upgradation and environment management that has enhanced our competitiveness in the industry. One such investment in the past year was towards acquiring Brine System which has enabled us to enhance control of process steps resulting in better pollution control and capacity utilisation by reducing load of ETP.

We have also filed for trademarking of our Company's (AKSHARCHEM) and product's (ASAFLOW) name to safeguard and promote our brand.

OUTLOOK

AksharChem with its world-class business standards and scale of operations is well positioned in the chemical industry which offers significant long-term growth. As the chemical industry in India is going through a phase of opportunity, a key challenge will be to upgrade technology of manufacturing process and environmental management.

Our initiative towards expansion and focus on adding more value-added product, the full effect of which will be reflected in 2019-20, shall enable us to strengthen competencies and enhance our long-term business sustainability.

Before signing off, I, on behalf of the Board, would like to thank all our stakeholders for their constant contribution and support. I am deeply grateful to our employees who, through their skills and relentless efforts, have enabled us to reach here.

Warm wishes

Paru M. Jaykrishna

STRENGTHS CONTRIBUTING TOWARDS A SUSTAINABLE FUTURE

Reputation

With over 27 years of existence, strong focus on quality of products and services, and reliable deliveries, we have become a brand of repute. This is reflected in our increasing market share in the domestic and international market. Besides, we serve leading downstream industries, which have been doing business with us for over 20 years.

Contemporary technologies

We have consistently invested in acquiring latest technology to enhance our quality, operational efficiency and environment compliance. This has enabled us to become one of the most competitive players in the industry.

Diversified operations

Our well-diversified product portfolio and geographic spread enables us to cater to the requirements of more customers.

Marketing

Our extensive supply chain network, promotional activities and existing relations with leading chemical companies facilitate in efficient distribution of products in the international markets.

Scale

We are amongst the largest producers of dyes and pigments undertaking manufacturing of massive quantities under one single roof. This has facilitated in significantly reducing overhead costs.

Senior management expertise

With robust business expertise, extensive knowledge in the chemical field and strong networking, the senior management have successfully steered the Company to its current position.

Strategically located

Being situated in Gujarat's chemical belt, majority of our raw materials suppliers are in proximity. Besides the robust connectivity of our plants with railway line, national highway and sea-port facilitate significantly improves turnaround times.

Strong intellectual capital

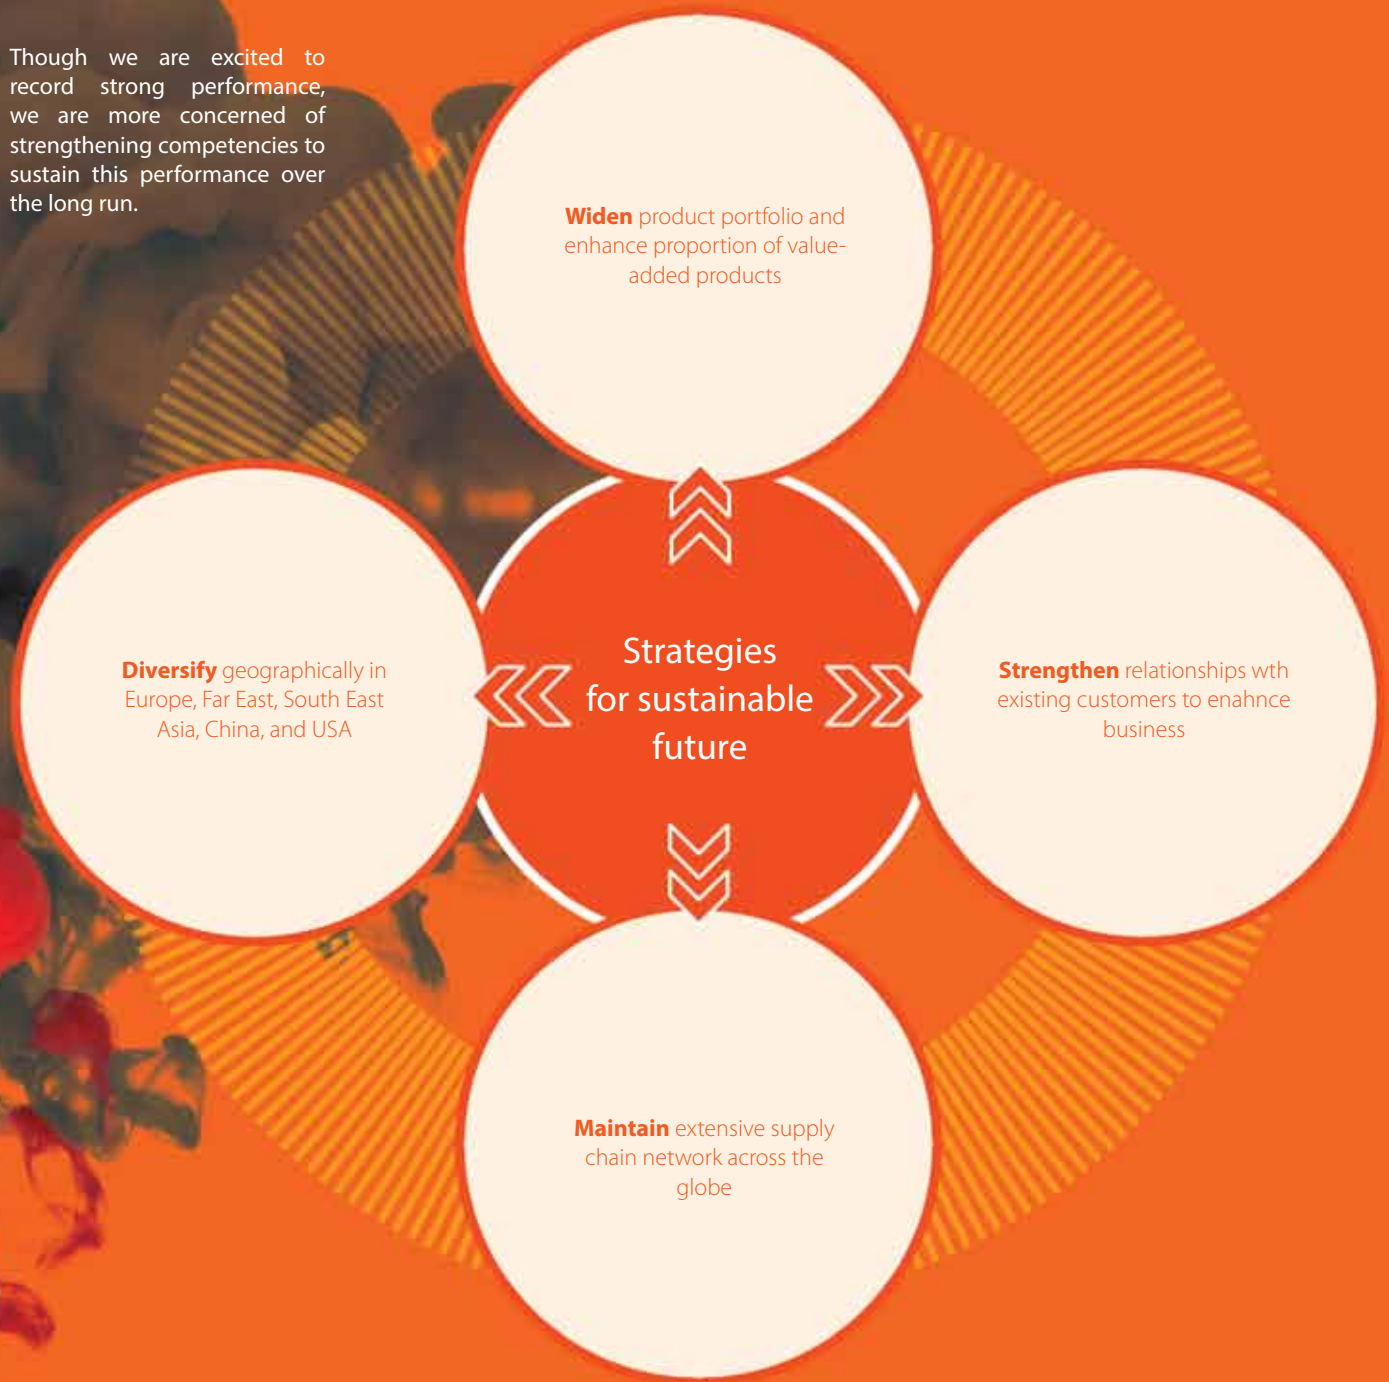

We have a robust team of skilled R&D experts and executives that enable us to fortify our leadership position in the industry.

Financial prudence

Our financial prudence has enabled us to attain strong balance sheet position with net debt-equity declining to 0.2 and cash profit of Rs. 56.61 cr for 2016-17

BUSINESS STRATEGY

Though we are excited to record strong performance, we are more concerned of strengthening competencies to sustain this performance over the long run.

Focus on reinforcing strengths

Better planning

Undertake robust production and resource planning and preventive control mechanism.

Strengthening balance sheet

Consistently reduce debt and effectively ploughing back of profits for capex.

Training

Provide regular training to technical and shop floor personnel.

Consistent quality and efficiency improvement

Invest in process automation technology and undertake process improvement measure.

Expanding customer base

Enhance overseas operations through new customer acquisition.

STRONG PERFORMANCE...

A RESULT OF UNWAVERING FOCUS ON EXCELLENCE

AT AKSHARCHEM, WE ARE ALWAYS FOCUSED ON ACHIEVING BUSINESS EXCELLENCE THROUGH ADOPTING A CULTURE OF CONTINUOUS GROWTH AND DEVELOPMENT. NOT ONLY HAS THIS ENHANCED OUR PROCESS EFFICIENCY AND QUALITY, IT HAS ALSO FACILITATED IN AUGMENTING SHAREHOLDER VALUE AND CUSTOMER SATISFACTION.

Various initiatives undertaken by us to ensure business excellence include:

QUALITY EXCELLENCE

We procure raw material only from approved vendors. Besides, our quality control team undertakes stringent quality checks at all stages, right from the procurement of raw material to finished goods stage.

We regularly provide employees skill development training along with maintaining standard operating procedures.

We have made significant investments in developing state-of-the-art manufacturing facility and acquiring advanced equipment.

Our team continuously works towards development of value-added products that offer better margins.

OPERATIONAL EXCELLENCE

We have adopted a culture of continuous improvement within the organisation whereby performance of each employees is measured.

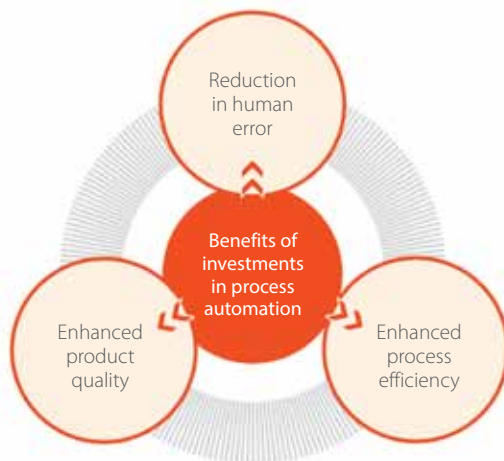

We undertake various shop floor initiatives on a regular basis to enhance efficiency.

We have undertaken various expansion plans that shall not only scale our operations and reduce per unit operational

costs, but also enable us to integrate backwards and ensure raw material reliability and quality.

We have added variable frequency drive at various high conservation feeder resulting in reduced power requirement.

Modernised the purity system of CPC Green for better operational control and product handling. We have also replaced mechanic blender with pneumatic blender for better quality product.

Key initiatives for ensuring business excellence

- **Zero** tolerance policy in quality and delivery schedule
- **Continuous** customer feedback

The result of our focus on superior technology driven products

- **Best** quality reliable products with a robust track record of zero product return and bad debts throughout existence
- **Long** term quantity contract with leading global customers
- **High** plant utilisation level at 80%
- **Minimal** plant downtime

CAPITALISING ON THE INDUSTRY OPPORTUNITIES

AS INDUSTRY REALITIES CHANGE ONLY THOSE THAT ARE PROACTIVE AND WELL-PREPARED WOULD BE ABLE TO RESPOND WITH SPEED AND TAKE ADVANTAGE OF THE OPPORTUNITIES.

The dyes and pigments industry has witnessed a massive turnaround in the past one year. On one hand the demand from the downstream industries is rising while on the other, China the largest manufacturer of dyes witnessed reduced support from the government leading to decline in its global competitiveness. As Chinese manufacturers take time to revive from this shock, we have committed investments for scaling capacity to capitalise on the opportunity.

INDUSTRY OPPORTUNITY

During 2014 to 2019 the CAGR growth for:

- The dyes and pigment production in India is expected to be 11.4%
- Exports of dyes and pigments from India is expected to be ~15%

Textile industry in India is expected to grow at a CAGR of 10% over the next five years

Chinese manufacturers are facing troubles with reduced support from Government:

- New tighter pollution control norms from the government
- Higher penalty (fine and imprisonment) for non-compliance
- Increased disclosure
- Reduction in subsidies

FOCUSED ON RESPONSIBLE GROWTH

ADOPTING SUSTAINABLE TECHNOLOGIES TO PREVENT ENVIRONMENT DEGRADATION AND CONTRIBUTING FUNDS TOWARDS DEVELOPMENT OF COMMUNITIES IS NOT JUST A MATTER OF COMPLIANCE; IT IS A MEASURE OF BEING RESPONSIBLE.

At AksharChem, we believe in being change initiators. While being engaged in the business of chemicals, investments in sustainable technologies is a necessity for us, however we go a step ahead by consistently scaling up our investments to procure necessary technologies, develop robust environment management systems, and installing effluent treatment plants. We also maintain more than 5 acres of green belt within our factory premises. We have also undertaken initiatives to upgrade lives of citizens living near our plants.

Our rising expenses in the area of pollution control have enabled us to achieve one of lowest waste generated per unit of production. We are also amongst the few chemical companies globally that adhere to international standards of waste disposal post treatment and pollutants emission. We have undertaken process optimisation initiatives that enable us to recycle and reuse wastes. In addition to this, we have sensitised our employees to encourage them reduce water, fuel and energy consumption.

Corporate social responsibilities

We undertake CSR activities either directly or through contribution to various trusts. In 2016-17, we spent a sum of Rs. 61 lakhs towards improving sanitation and healthcare, and promoting education and day care centres. We have also arranged for basic facilities such as drinking water, prayer hall for nearby schools, and cultural centres in nearby villages. We are actively focused on enhancing activities in the areas of education and healthcare.

STATE OF COMPANY'S AFFAIRS

The highlights of the Company's performance are as under:

General

This year was an outstanding year for the Indian Chemical industry especially those companies who compete with China. Due to the crack down by the Chinese government on the pollution causing industries there was a short supply in Dye Intermediates market as China was the major supplier. Stricter environmental norms and increased costs have substantially eroded the low-cost advantage of Chinese manufacturers. This resulted in a huge spike in the prices of Dye Intermediates which benefited the Indian exporters and the Dye Intermediate manufacturers.

Coming to the CPC Green business. This is the business where there is no China factor and as a result the prices and margins generally tend to be stable and it is proven to do so in FY 2017. CPC Green contributed to 32% of our revenues in FY 2017.

Results of Operations

During the year under review, the turnover of the Company was Rs. 25,965.21 Lakhs as compared to Rs. 18,770.61 Lakhs of the previous year. The Profit after Tax (PAT) has increased from Rs. 1,663.79 Lakhs to Rs. 5,191.89 Lakhs.

Exports

The export turnover has increased from Rs. 15,346.77 Lakhs to Rs. 23,259.62 Lakhs compared to previous year.

Capital Expenditure

During the year under review the Company has incurred capital expenditure of Rs. 1,501.53 Lakhs.

EXPANSION OF CAPACITIES

During the year under review the Company has successfully completed the process of expansion of CPC Green Plant with the capacity of 160 MTPM and Copper Sulphate (By Product) Plant with the capacity of 25 MTPM.

INTELLECTUAL PROPERTY RIGHTS

During the year under review the Company has filed trademark applications with the Registrar of Trade Marks, Trade Marks Registry, Gujarat for its logo i.e. AksharChem and its product Pigment Green 7, i.e. Asaflow. The applications are under process.

ANNEXURE G TO DIRECTORS' REPORT

Management Discussion and Analysis Report

OVERVIEW

AksharChem (India) Limited is one of the leading organic chemicals manufacturing company based in India with a focus on exports to over 20 countries. Our product offerings fall into two categories being dyes and pigments, within the organic chemical spectrum. We are specialised in manufacturing vinyl sulphone and CPC green which have multiple applications in textile, inks, rubber, plastics, paints and leather industries. For both these products, we are one of the key manufacturers and have been recognised as Star Export House by the Government of India. We believe we have built strong reputation in our markets, over 27 years of experience that has translated to a customer base.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Our manufacturing facility is located in Gujarat, with installed manufacturing capacity of 9,720 MTPA, as of March 31, 2017. Our facility is fully integrated and equipped to manage products from the stage of chemical treatment to dispatch, lending us competitive advantages such as cost effectiveness and maintenance of quality standards. Our facility includes automated and cost-efficient systems and quality control and quality assurance laboratories, among others.

In line with our strategy of creating long term sustainable growth of existing business as well as venturing into new value added businesses, we have recently adopted a capital expenditure plan of upto Rs. 17,500 lakhs in specialty chemicals, dyes and intermediates and organic pigments through a combination of greenfield and brownfield expansion. We are in the process of expanding our portfolio to include manufacturing capabilities for H-Acid, CPC blue crude and value added specialty precipitated silica. H-Acid is utilised in the manufacture of dyes, CPC blue crude is used as raw material for manufacture of CPC green and value added specialty precipitated silica is an inert inorganic chemical and is used as raw material for tyres, rubber and oral care products. Upon successful execution of our expansion plans, our capacity for H-Acid and value added specialty precipitated silica will become 1200 TPA and 10,000 TPA, respectively. Further, we expect our CPC blue crude expansion to address our in-house demand for CPC blue crude for manufacture of CPC green. In addition, our existing capacities for CPC green will increase by 2,280 TPA through greenfield and brownfield expansion. Towards this, we are also in the process of establishing a manufacturing plant strategically located at Dahej, Gujarat. We are also in the process of constructing our plant for manufacture of violet 23, a high performance pigment used in paint, plastic and ink products, with a capacity of 100 TPA at Mehsana, Gujarat.

OPPORTUNITIES AND THREATS

Our key focus is to maintain our market leadership in international business, while seeking to expand our product portfolio, as there are various opportunities coupled with it. We believe that the expansion would allow us to meet demand from existing customers and also service new customers. By way of the backward integration, we intend to meet the raw material requirement of CPC blue crude through in-house manufacturing, which will also help us to be cost competitive. Expansion continues to be the key determinant for success and allows us to offer larger volume for our existing customers as well as add new customers. Further, we believe a slowdown in chemical exports from China due to various reasons, including regulatory, has developed a key export opportunity for the Indian chemical industry, particularly for Indian manufacturers of intermediate dye products and pigments. We believe that diversification into specialty chemicals enhance our portfolio of products offered to customers by focusing on high value intermediates, especially for the tyre, rubber and food industry. Further, we believe the waste generated pursuant to manufacture of value added precipitated specialty silica combined with the waste generated for vinyl sulphone and CPC green will result in neutralising the waste handling efforts (due to organic and inorganic nature of such waste), thereby reducing our pollution treatment expenses.

Availability of raw materials and fluctuation in the prices of raw materials and crude oil may be the main factors which affect our business, financial condition and results of operation. The demand of our products in foreign countries is subject to international market conditions and regulatory risks, and no operating history in manufacture of H-Acid, CPC blue crude and value added specialty precipitated silica and insufficient experience to address risks frequently encountered and inability to implement our growth strategy successfully are also the considerable risk to our industry. Restrictions on import of raw materials and an increase in shipment cost may adversely impact our business and results of operations. We are subject to stringent labour laws or other industry standards could also affect our business, financial condition and results of operations. Foreign exchange risks, primarily in our export operations, also affect our results of operations.

OUTLOOK

India is one of the key dyes and pigments exporter globally, accounting for ~20% of the global trade by volume. Capacities have been added in the domestic market over the years to cater

to global demand, and the trend is expected to continue in the short to medium term. Stricter environmental norms in China are expected to help the domestic industry even further and give exports a boost. Moreover, we expect more foreign players to add capacities in the domestic market, such as BASF and Clariant have done in the past. Implementation of goods and services tax and industry friendly government policies are expected to pave the way for more investment in the domestic market. Over the long term, exports are expected to grow at a steady pace of 5-7%, driven by demand from Europe and Asia (China, Bangladesh, Turkey, and Pakistan). Thus India is expected to increase its market share in global dyes and pigments trade from 20% in 2016 to ~23-25% in 2021.

RISKS AND CONCERNS

Political instability, changes in the government or government policies, could delay the liberalization of the Indian economy and adversely affect economic conditions in India generally, which could impact our financial results and prospects. Changing laws, rules and regulations and legal uncertainties, including adverse application of corporate and tax laws, may adversely affect our business, results of operations, financial condition and prospects. Our business and activities are regulated by the Competition Act, 2002 ('Competition Act') and any application of the Competition Act to us could have a material adverse effect on our business, financial condition and result of operations. A slowdown in economic growth internationally, as well as in India could adversely impact our business. Our performance and the growth of our business are necessarily dependent on the performance of the overall Indian economy. A decline in India's foreign exchange reserves may affect liquidity and interest rates in the Indian economy, which could adversely impact our financial condition.

We undertake regular inspection of our machineries and also undertake periodic preventive maintenance checks on other equipments in order to ensure they meet safety requirements. The Audit Committee co-ordinate with the heads of various Departments, with respect to the process of identifying key risks associated with the business, manner of handling risks, adequacy of mitigating factors and recommending corrective action. These are routinely tested by Statutory as well as Internal Auditors and cover all offices, factories and key business areas.

FINANCIAL AND OPERATIONAL PERFORMANCE

The financial performance of the year 2016-17 was spectacular as there was a short supply in Dye Intermediates market by China, but there is no china factor in CPC Green Business. However the overall performance of the Company is outstanding as there is a 212% growth in the PAT of the Company as compare to FY2015-16.

The certification of ISO 9001:2015 and ISO 14001:2004 is a testimony to the Company's commitment towards quality, safety and sustainable environment friendly approach. Further, our CPC green division has also obtained a REACH registration for export of CPC green upto 1,000 tonnes per year in the European Union.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Board has adopted policies and procedures to ensure the orderly and efficient conduct of its business, including but not limited to the prevention and detection of frauds and errors, the safeguarding of its assets, the accuracy and completeness of the accounting records, adherence to the company's policies, periodical review of financial performance of Company and review of the accounts every quarter by Statutory Auditors.

HUMAN RESOURCES DEVELOPMENT

The Management of the Company is driven by the mission to help the employees realize their potential to develop, grow and achieve their purpose, to build the right culture and capabilities to enable us to delight our customers.

There is no change in the attrition rate. However due to retirement policy of the company, some of the employees have retired during the year as they have attained the retirement age. During the year under review, Nine (9) employees were appointed by the

CERTIFICATE OF COMPLIANCE WITH THE CORPORATE GOVERNANCE

Independent Auditors' Certificate on Compliance with the Corporate Governance requirements under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

We have examined the compliance of conditions of Corporate Governance by AksharChem (India) Limited ("the Company"), for the year ended on March 31, 2017, as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and paragraphs C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "SEBI Listing Regulations").

Management's Responsibility for compliance with the conditions of Listing Regulations

The compliance with the terms and conditions contained in the corporate governance is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents.

Auditors' Responsibility

Our examination was limited to procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

Pursuant to the requirements of the Listing Regulations, it is our responsibility to provide a reasonable assurance whether the Company has complied with the conditions of Corporate Governance as stipulated in Listing Regulations for the year ended 31st March, 2017.

We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes issued by the Institute of Chartered Accountants of India ('ICAI'). The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

In our opinion, and to the best of our information and according to explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restriction on use

The certificate is addressed and provided to the members of the Company solely for the purpose to enable the Company to comply with the requirement of the Listing Regulations, and it should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017, and its profit and its cash flows for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT

ANNEXURE "B" REPORT ON THE INTERNAL FINANCIAL CONTROL CLAUSE (I) OF SUBSECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013("THE ACT")

We have audited the internal financial controls over financial reporting of AksharChem (India) Limited ("the Company") as at March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and Directors of the company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
