**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****Annexure VI****Industry Structure and Developments**

The NBFC sector in India has undergone a significant transformation over the past few years. It has come to be recognized as one of the systemically important components of the financial system and has shown consistent year-on-year growth. NBFCs play a critical role in the core development of infrastructure, transport, employment generation, wealth creation opportunities, and financial support for economically weaker sections; they also make a huge contribution to state exchequer. They help to fill the gaps in the availability of financial services that otherwise occur in the unbanked & the underserved areas. The NBFC segment is now being recognized as complementary to the banking sector due to implementation of innovative marketing strategies, introduction of tailor-made products, customer-oriented services, attractive rates of return on deposits and simplified procedures etc.

The NBFC sector registered a significantly higher credit growth in comparison with credit growth of commercial banks over the past few years. According to the Reserve Bank of India's (RBI) Financial Stability Report, NBFC loans expanded 16.6% in the year 2016, twice as fast as the pedestrian credit growth of 8.8% across the banking sector. The fast-paced growth in credit disbursement by NBFCs was due to their ability to mitigate risks and cater to demand in niche markets. The profitability of NBFCs is significantly higher than the commercial banks whereas the NPAs of NBFCs remained relatively lower than that of the banking sector.

The NBFCs are primarily engaged in granting loans/advances in traditional vehicle finance as well as in personal loan, consumer loans and housing finance sector and against shares/securities, etc. or hire purchase finance or insurance business or similar activities. However, the Reserve Bank of India formulated a new category of NBFCs as NBFC-account aggregators (AAs).

Pursuant to RBI's regulatory framework, your Company has been categorized as "Systematically Important Non-deposit taking NBFCs (NBFCs-ND) having Asset size above Rs. 500 Crores" and doing investment activities with long term perspective as well as doing trading and Lending activities.

Opportunities and Threats

India has emerged as one of the fastest growing major economy in the world as per the Central Statistics Organization (CSO) and International Monetary Fund (IMF). The Government of India has stated the growth rate for Indian economy at 7.1 per cent in FY 2016-17. During the

financial year 2016-17, the Government of India announced demonetization of high denomination bank notes, in order to eliminate black money and the growing menace of fake Indian currency notes, thereby creating opportunities for improvement in economic growth. The Government of India has approved the Central Goods and Services Tax (CGST), Integrated GST (IGST), Union Territory GST (UTGST), and Compensation Bill thereby making the 'One nation, one tax' a reality. During the year 2016-17, the Government of India took numerous steps under Digital India initiative. In August 2016, the union cabinet has given nod for foreign direct investment (FDI) under the automatic route in regulated NBFCs.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025 owing to shift in consumer behavior and expenditure pattern, according to a Boston Consulting Group (BCG) report. According to The World Bank, demonetization is expected to have a positive impact on the Indian economy, which will help foster a clean and digitized economy in the long run. (Source: <http://fortune.com/2017/05/30/worlds-fastest-growing-economy-india/>)

The above structural reforms introduced by our Prime Minister coupled with reviving world economies have created a Pandora of opportunities for Investors.

All above mentioned measures has created positive investment scenario but caution is required against unknown threats. Industrial production growth slipped to 3.1% in April 2017 as against 6.5% in April last year due to poor show by manufacturing, mining and power sectors coupled with lower off take of capital goods and consumer durable as per Central Statistics Office (CSO).

Even the GST implementation, with suboptimal design and too complicated structure is affecting the industrial and commercial activities. The corporate sector and commercial banks are experiencing with their stressed Balance Sheets due to huge accumulated Non Performing Assets (NPA's). Also, we have to be cautious about War like situations created by ISIS, North Korea and even by our neighboring countries. Indian economy is also too much dependent on uncertainty of Monsoon.

With growth missing and equity markets witnessing a sharp surge, there have been questions on valuations. There appear to mixed emotions of "Greed and Fear" at play. Greed suggests that while market is at higher level, there is still money to be made. In contrast, fear suggests that valuations are ahead of fundamentals and there is more risk on the table.

During the financial year 2016-17, the Company maintained allocation of funds in Fixed Maturity Instruments, Longer Maturity Debt Funds, Debentures, Tax Free Bonds, Perpetual Bonds and Preference Shares etc., which helped in better Asset portfolio Management and profitability of the Company. The Company also invested in Debt Structures, Higher Equity Yield Structures, Real Estate Alternate Investment Funds, Increased allocation in equity through reputed Portfolio Fund Managers, allocation in Private Equity Funds etc. to get the better returns. Keeping in view the key policy changes by Government and RBI, the Company decided to maintain its investment in Equity Market to participate in overall growth of Industry and Economy.

Future Outlook

The Indian Financial Sector is optimistic due to various policy measures announced or taken by the Government, in the Union Budget 2017-18. As per Economic Survey, it is expected that the Indian economy will grow up to the rate of 7.5% in fiscal year 2017-18. Latest Government structural reforms like Demonetization, GST, RERA (Real Estate (Regulation and Development) Act, 2016) etc. may affect growth rate in short term of 4 to 5 quarters, but may have long-term benefits. A normal monsoon and further rate cut by RBI are expected to facilitate the improvement of Indian economic outlook and better performance of Industry.

With revival of World economies and structural reforms in India, there will be sustainability of inflows in to equity as well as bond markets both from Foreign Investors and Domestic investors.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Nahar Capital & Financial Services Ltd** ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was

established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance

regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. issued by the Institute of Chartered Accountants of India.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2017, we have audited the internal financial controls over financial reporting of Nahar Capital & Financial Services Limited ("the Parent Company") and as based on the report of statutory auditors of associate company, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Parent Company and its associate company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and

maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the

assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Parent Company and as based on the report of statutory auditors of associate company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
