Forward-looking Statements

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements - written and oral - that we periodically make contain forward-looking statements that set out anticipated results based on the management’s plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as ‘anticipate’, ‘estimate’, ‘expect’, ‘project’, ‘intend’, ‘plan’, ‘believe’, and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe that we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

Ruchi Soya is associated with close to 1 crore farmers through soybean, palm, mustard and other crops

TRANSFORMING INDIA'S LIFELINE

Agriculture constitutes the lifeline of the Indian economy and this holds as true today as it was in early and medieval India. With the second largest agriculture land globally, agriculture provides livelihood to around 58% of India's population. But there are still areas which need to be transformed to secure the country's lifeline for an assured future.

At Ruchi Soya Industries, we are acutely aware of the importance of this lifeline and are continually working with our family of over 10 million farmers to strengthen and protect this crucial aspect of the country's economy. In the key oilseed crop of soybean, we impact close to 4 million famers.

Agriculture in India is still dependent on the monsoon with only around 35% of agricultural land covered by irrigation. At Ruchi Soya, we are encouraging and working with our family of farmers to increase the use of drip irrigation techniques to achieve 'per drop more crop'. We also organise camps to educate farmers on the latest developments in agri-technology.

Ruchi Soya believes that its pro farmer initiatives and efforts are in line with the vision of our Hon'ble Prime Minister to double farmers' incomes by 2022.

Farmers need assurance in the face of the vagaries of nature. Ruchi's palm plantation business touches the lives of over 50,000 farmers, with farm inputs, technical assistance and other farming techniques to benefit farmers in achieving better productivity and income growth with the added surety of the offtake arrangement. The farmer count is expected to double with additional area under palm cultivation in a span of 5 years. A similar approach is followed in Ruchi's association with farmers cultivating other crops like soybean, mustard or castor. Ruchi Soya believes that its pro farmer initiatives and efforts are in line with the vision of our Hon'ble Prime Minister to double farmers' incomes by 2022.

In the last two years, Ruchi Soya has signed MOUs with the states of Maharashtra, Rajasthan and Karnataka for setting up post-harvest management facilities including agri-produce

procurement, warehousing, cold storage and processing facilities.

Ruchi Soya has also been an ardent promoter of nutritional security for all Indians since its inception. In line with this vision, our company has undertaken massive fortification programs for our cooking oil products. This micro-nutrient fortification program has helped millions of Indians gain the advantage of good health. As one of the leading manufacturers of soya products, Ruchi Soya has helped ensure high quality vegetarian protein availability for masses.

MESSAGE FROM THE MANAGING DIRECTOR

But in these trying times, it has been the trust of our customers and stakeholders that have seen us emerge stronger to face tomorrow with faith and conviction. Our strength in these difficult times has come from our relentless focus on quality to make us the most reliable edible oil and soy foods manufacturer today.

DEAR SHAREHOLDERS,

We entered 2016-17 hoping for a good monsoon, but an erratic monsoon did not allow agribusiness the opportunity to fully recover from the effects of the previous years of bad weather. It would be pertinent to point out that after the floods in 2013 the back to back failure of the monsoons in 2014 and 2015 occurred only for the third time in the last 143 years. The brunt of this drought was faced mainly by the farmers and agri-commodity industry, and the effects spilled over leading to our reporting losses for the second time.

But in these trying times, it has been the trust of our customers and stakeholders that have seen us emerge stronger to face tomorrow with faith and conviction. Our strength in these

difficult times has come from our relentless focus on quality to make us the most reliable edible oil and soy foods manufacturer today.

TAKING ACTION

We have not stood silently but have faced the challenges with a clear strategy. As an integrated agribusiness leader with a presence from farm to fork, we have worked on the various aspects of our business to limit the negatives and enhance the positives. We undertook consolidation of our operations and rationalised production in line with availability of raw materials and market demand. We also implemented certain austerity measures and cost-cutting initiatives. These include implementation of

The future is bright and promising. India's large population backed by rising urban and rural incomes is a key to increasing demand for agricultural products. The government is operationalising many schemes to ensure that agriculture gets the right stimulus to meet future demand.

A conscious decision was taken to reduce exposure to the low margin trading businesses. Instead, we have focussed on strengthening our manufacturing, brands and distribution with an eye on operational efficiency to emerge leaner and stronger.

energy efficient technologies at the plant level, optimisation of crushing capacities and plant operations,

A conscious decision was taken to reduce exposure to the low margin trading businesses. Instead, we have focussed on strengthening our manufacturing, brands and distribution with an eye on operational efficiency to emerge leaner and stronger. This is reflected in the increased contribution of our branded FMCG business to the topline. Our brands Nutrela, Mahakosh and Ruchi Gold continue to be leaders in their areas and hold great promise for the future. Our value-added food products, Textured Soy Protein (TSP) under the brands Nutrela and Mahakosh, displayed strong growth. A positive note was an increase in the export of Oil Seed Extractions to the tune of over 50%.

Edible Oil Processing and Packaging as per the agreements with Patanjali Ayurved began and we are sure that this will contribute to improving Ruchi Soya's capacity utilisation, efficiency and profitability. The fruits of our labour will be visible in the coming years.

The demonetisation in November 2016 was a step to benefit the nation in the long run. Farmers faced problems in the immediate aftermath of demonetisation due to cash being their primary mode of transaction. To support the farmers through this difficult period, Ruchi Soya launched the 'Kisan Kalyan Ayojan' digital banking initiative to educate and guide farmers to the transition to a digital economy. Through this initiative, we have helped over 30,000 farmers to make the move to cashless transactions.

The recent increase in import duty on edible oils is a big positive for organised edible oil players. The increase in duty differential from 7.5% to 10% between refined and crude palm oil will bring down the quantum of refined palm oil imports and give an impetus to the domestic refining industry by encouraging import of crude palm oil. This is in line with the 'Make in India' credo as we move towards nutritional security.

LOOKING AHEAD

The future is bright and promising. India's large population backed

by rising urban and rural incomes is a key to increasing demand for agricultural products. The government is operationalising many schemes to ensure that agriculture gets the right stimulus to meet future demand. The schemes launched include the Pradhan Mantri Fasal Bima Yojana for crop insurance, Pradhan Mantri Krishi Sinchayee Yojana for promoting investment in irrigation, the Paramparagat Krishi Vikas Yojana to promote organic farming and the setting up of the Agricultural Technology Management Agency for delivering services and information to farmers.

The Hon'ble Prime Minister's announcements on the eve of 2017 have also shone a positive light on the farmer's future with a long-term vision to provide farmers better access to loans from co-operative banks and societies through a fund infusion into NABARD. Even small farmers will have access to credit with the incorporation of 'Kisan Credit Cards' into the 'RuPay' fold.

India's agricultural sector provides more jobs and sustainable incomes than all other sectors put together. India's agricultural products fetch higher earnings than even trade in services or manufacturing. With proactive support, India can further enhance its farm exports and contribute to the nation's prosperity and development. Progress in agriculture will also address other glaring social problems like village and town planning, urban migration and access to basic health care and nutrition in rural areas. Better access to credit for farmers will help them gain sustainable incomes and invest in assets for growth and better returns.

ENABLING COMMUNITY GROWTH

As a corporate citizen, we consider community as an integral part of our growth strategy. And thus, undertake significant initiatives to improve the quality of life of marginalised communities. We make earnest efforts to bring significant and lasting change among socially and economically backward communities by promoting education, healthcare, livelihoods, and rural and urban infrastructure, among others.

At Ruchi Soya, we constantly align our business priorities with social responsibility, which help us move towards a sustainable future.

We undertake interventions in the areas of sports, disaster relief, conservation of environment and so on. Majority of our CSR activities and programmes are carried out by our CSR arm - Shri Mahadeo Shahra Sukrat Trust.

We organise self-help group (SHG) training and IGP Workshops for women empowerment, and are involved with Gau Shakti project, Village Quality Education Programme, among others. Besides, we support self-learning centres, computer training programmes, science exhibition to promote education and so on. We also conduct health check-up camps, cataract camps and facilitate surgeries.

Kisan Kalyan Ayojan

In the aftermath of demonetisation, we embarked on a nationwide initiative

– ‘Kisan Kalyan Ayojan’. This activity is an effort to train farmers and induct them into the digital ecosystem. In many ways, it was an extension of the foundation laid by us in Andhra Pradesh - about two decades back we introduced cashless transactions by helping palm farmers open bank accounts.

Through this programme, we engaged with thousands of farmers across India including Nagpur in Maharashtra, Indore in Madhya Pradesh and Lunglei in Mizoram, among others. We conducted this digitalisation drive with the support of nationalised banks including State Bank of India.

INDIAN ACCOUNTING STANDARDS (Ind AS)

As mandated by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards ("Ind AS") from 1st April, 2016 with a transition date of 1st April, 2015. The financial statements of the Company for the financial year 2016-17 have been prepared in accordance with Ind AS, prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 and the other recognized accounting practices and policies to the extent applicable.

TRANSFER TO RESERVES

The Company has not transferred any amount to the reserves during the year under review.

DIVIDEND

Considering the continued weak performance of the Company and losses incurred during the year, the Board of Directors

does not recommend any dividend for the year ended 31st March, 2017.

OPERATIONS AND STATE OF AFFAIRS

During the year under review, the total revenue of your Company was ₹ 18,620.38 Crores as against ₹ 27,805.18 Crores during the previous financial year. The Company has incurred loss after tax of ₹ 1,257.20 Crores as compared to loss after tax of ₹ 1,061.58 Crores during the previous year. The performance for the year under review was primarily impacted due to stretched working capital cycle, lower level of liquidity impacting capacity utilization and business operations.

The performance of the company has been adversely affected during the last couple of years on account of factors beyond the control of the company. The company is primarily engaged in Agro commodities/commodities sector which are heavily subject

to the vagaries of nature. With continuous drought during the last few years throughout the country, the crop output/area under cultivation was significantly reduced which in turn reduced the capacity utilisation of the company. The company was adversely affected with the high volatility in prices in commodity markets globally in the last two years. Coupled with the above factors, the commercial disparity in operation and poor offtake/demand in export markets also further impacted the top line and bottom line of the company.

Due to the weak economic outlook, the realisation of debtors are delayed with rising finance costs/inadequate working capital for operations leading to stress in the cash flows. The Board after undertaking a detailed analysis on the operating parameters/performance and taking into account the overall debt position of the company along with the various steps undertaken for improvement of performance is confident/optimistic that the Company would be able to implement effective measures in normal course of business to revive and strengthen the operations of the Company. Accordingly, the financial statements for the Financial Year 2016-17 have been prepared on a going concern basis.

A Techno Economic Viability study of the company was carried out on the directions of the lenders to the company during the year under review. The outcome of the study showed that the company can earn satisfactory operating cash flows based on the strong brand position of the company in the markets, goodwill, long standing in the FMCG sector, Intrinsic value of the brands and the experience of the promoters/management in this business. The company has been actively in discussions with the lenders in finding a viable long term solution on debt structuring in line with the earnings potential.

Accordingly, the lenders had discussed to invoke a Strategic Debt Restructuring scheme as per the RBI Guidelines on the company. However, the same could not materialise due to want of majority requirement for implementation of the said scheme. Subsequently the company and lenders have been in active discussions in finding a viable long term solution for debt restructuring of the company. A Steering Committee comprising of major lenders was formed to discuss various possible alternatives for a long term viable solution for the structuring of the debts of the company as well as a long term solution in the interest of all the stakeholders.

The discussions with the lenders are progressing at regular intervals and considering the viable debt restructuring solution that can be reached upon, the financial statements with the notes accompanying the financial statements have been prepared on a going concern basis.

During the year under review, the rating agency CARE has revised the rating from CARE B/CARE A4 to CARE D/CARE D for the Company's long term/short term bank facilities.

FUTURE OUTLOOK

The Company is evaluating various options of unlocking the value of businesses and deleveraging plans to address the resource constraints, support debt structuring and improve operations of the Company. The Company is also taking initiatives and evaluating various opportunities to emerge out of the challenges

such as (a) Rationalization of unviable Business lines including supply chain operations and focus on core business with orientation towards branded sales, (b) Sales of non core/strategic investment assets, (c) Right sizing of manpower and administrative costs, (d) Strategy for reducing fixed cost and make it more variable as possible, more particularly in crushing business, to make it viable and (e) Integration of functional operations, sales force optimization and IT cost rationalization.

The Company is also taking steps to utilise surplus manufacturing capacities by processing for third parties to ensure better capacity utilization, boost employee morale, recover costs and improve margins. This will enable us to utilize unutilized and underutilized production capacity. With a firm and consistent focus on branded segment, the Company anticipates better operational performance in the current year.

EXPORTS

The export of the Company during the year was ₹ 1,376.96 Crores as compared to ₹ 3,885.96 Crores during the last financial year despite of volatile market conditions and foreign exchange fluctuations in the global market. The decline in the export was mainly due to lower capacity utilization of crushing plants and intense competition in the export market.

CHANGE IN SHARE CAPITAL

During the year under review, there has been no change in the Share capital of the Company.

CONSOLIDATED FINANCIAL STATEMENTS

In accordance with the provisions of Section 129(3) of the Companies Act, 2013 and Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Consolidated Financial Statements form part of this Annual Report. The Consolidated Financial Statements are prepared in accordance with the Indian Accounting Standards (IND AS) notified under section 133 of the Companies Act, 2013 read with Companies (Accounts) Rules, 2014. The Consolidated Financial Statements for the financial year ended 31st March, 2017 are the Company's first IND-AS compliant annual consolidated financial statements with comparative figures for the year ended 31st March, 2016.

To

The Members

Ruchi Soya Industries Limited

Ruchi House, Royal Palms, Survey No. 169

Aarey Milk Colony, Near Mayur Nagar

Goregaon (East), Mumbai – 400 065

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Ruchi Soya Industries Limited** having CIN: L15140MH1986PLC038536 (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2017 generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended 31st March, 2017 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (“SCRA”) and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (“SEBI Act”):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999; and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; and
 - (d) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (vi) Food Safety and Standards Act, 2006.

As per the explanations given to me in the representations made by the management and relied upon by me, during the period under review, provisions of the following regulations were not applicable to the Company:

- (i) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct Investment and Foreign Direct Investment.
- (ii) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (“SEBI Act”):-
 - (a) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (b) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (c) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (d) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards 1 & 2 issued by the Institute of Company Secretaries of India under the Companies Act, 2013.
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. to the extent applicable.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non – Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is generally given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were generally sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through and as informed, there were no dissenting members' views and hence not recorded as part of the minutes.

I further report that as per the explanations given to me in the representations made by the management and relied upon by me there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

As per the information provided and explanations given to me in the representations made by the management and relied upon by me, I further report that, the following are the specific event/ action took place, having a major bearing on the Company's affairs, in pursuance of the above referred laws, rules, regulations, guidelines, etc.,

- 1) The Company has disposed off its entire stake in the JV Company viz. Ruchi Kagome Foods India Pvt. Ltd. resulting into termination of Joint Venture arrangement.
- 2) The Company has been served with a copy of winding up petition filed by two of its Creditors before the Hon'ble High Court of Bombay.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

Your Company operates in a safe and environmentally responsible manner for the long-term benefit of all stakeholders. The Company works towards minimizing the impact of its operations on the environment and is committed to take effective measures to conserve energy, promote the use of renewable energy and drive energy efficiency in its operations. During the year under review, several steps were taken for conservation of energy, some of which are listed below:

(A) CONSERVATION OF ENERGY

(I) The steps taken or impact on conservation of energy:

A number of energy conservation techniques were initiated and successfully implemented. Some of the key initiatives undertaken in the manufacturing units were as follows:-

Steam Energy Saving :

Regular monitoring of steam trap to save heat/ steam energy. Insulation on valves, bend, flanges to avoid heat loss & steam energy saving. Insulation of oil tank for saving steam energy. Condensate recovery system to utilize to save heat/ steam energy. Reduction of open steam in process hence to reduce steam energy at refinery. Conversion of diesel fuel based boiler to husk based boiler to reduce operational cost. Thermal insulation audit done periodically to save heat/ energy. Installation of Plate heat exchanger to utilize heat of final crude oil or refined oil to save steam energy. Designing of process equipment on low steam pressure to reduce steam consumption. Boiler Blower coupled directly with motor to reduce transmission losses in place of belt drive system. To increase turbine utilization vacuum system designed on low pressure & preventing venting of steam. Installation of Pressure reducing station/ valve to proper utilize heat of steam. Reduce heat load by utilization of flue gas heat for heating of boiler feed water.

Electrical Energy saving :

Old & inefficient motors replaced by energy efficient IE3 motors. Old & inefficient gear boxes worm reduction replaced by helical type for power saving. Variable frequency drive installed to reduce excess power consumption by motors. Helogen lighting replaced by LED to save electrical energy. Higher capacity pumps & motors replaced by efficient pumps & motors after conducting audit. Capacitor installation to improve power factor & reduce electrical energy losses. By automation on cooling tower fan with temperature of water we reduce power consumption. By operating plant with PLF system we reduce power & operational cost.

Others Area:

To reduce effluent water load we installed nozzle centrifuge at palm oil plant to recover oil from effluent water. Utilization of agro fuel with coal to reduce operation cost or steam cost. Installation of Reject recycle RO plant to reduce wastage of water. Utilization of RO reject water/ blow down water directly in cooling tower of refinery to reduce water consumption in process. Start physical refining process oil to reduce chemical consumption installation of bag filter on process equipment to create dust free environment.

(II) The steps taken by the Company for utilizing alternate sources of energy:

During the year under review, the steps were taken to use the solar street lights by replacing traditional street lights at Company's various plants and to utilize the forced circulation Solar water heating system by replacing conventional steam heating system in finished products packing.

(III) The capital investment on energy conservation equipment's:

An amount of ₹ 39.56 Lakh was incurred towards capital investment on energy conservation equipments during the year under review.

(B) TECHNOLOGY ABSORPTION

(I) The efforts made towards technology absorption:

In order to maintain its leadership position, your Company is continuously focusing on upgrading its product and manufacturing technology as well as acquiring new and advanced technology to meet the emerging expectations of the customers. The R&D department is actively involved in the development and implementation of advanced utility generation system to make manufacturing process efficient and has procured Indigenous Technology of Co-generation (STG set-Steam Turbine & Generator set). An expert consultant has been hired for installation of Co-generation unit (Steam Operated Turbine-Electricity Generation Unit). The activities are in full consonance with the Company's objective of utilizing the most advanced energy efficient solutions at minimum cost.

(II) The benefits derived like product improvement, cost reduction, product development or import substitution:

Introduction of new technologies has helped the Company to achieve more efficient operations, manufacture high quality and safe products, reduce energy cost and better energy utilization. By adoption of latest advanced technologies, the Company intends to capitalize and bookshelf the developed technology for incorporation into the quality products at competitive price for making them more attractive to the end customers. The Company is also taking measures to mitigate all future risks related to technology by taking appropriate emerging technology, green initiatives etc. to meet future emission standards.

(III) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year):

- | | |
|--|------------------|
| (a) The details of technology imported | : None |
| (b) The year of import | : Not Applicable |
| (c) Whether the technology been fully absorbed | : Not Applicable |
| (d) If not fully absorbed, areas where absorption has not taken place, and the reasons thereof | : Not Applicable |

Management Discussion and Analysis Report

Industry structure and Development

The primary business of your Company is processing of oilseeds and refining of imported crude oil for edible use. The Company produces oil meal, food products from soya and value added products from downstream and upstream businesses. The company has an integrated value chain in palm and soya segments having a farm to fork business model.

India is a USD 2 trillion economy with GDP growing at more than 7% and a population of over 1.2 Billion people. It is the world's largest edible oil importer, with oil and oil seed turnover of USD 25 Billion and import-export turnover of around USD 13 Billion.

Edible Oil is an important component of household food basket. India is importing around 14 Million tonnes of edible oil per annum at the cost of approx. ₹ 70,000 crore (USD 11 Billion) per annum. The total production of edible oil in the country is around 9 Million MT, while the domestic requirement is around 23 Million MT. The demand-supply gap is bridged by imports. Palm oil contributes 60% of vegetable oil import due to high productivity per hectare, proximity of exporting nations such as Malaysia and Indonesia and competitive pricing. However, the country's edible oil imports have soared by almost 50% in the last five years, with import of palm oil growing by 25% and soya oil jumping by 300%.

Our export of Soybean Meal has gone up substantially higher at 9,16,306 MT (Valued approx ₹ 2,236 Crore) during 2016-17 as against 3,87,298 MT (valued approx ₹ 1,300 Crore) due to higher domestic soya seed production than the previous year.

Opportunities and threats

Our per capita consumption of edible oil is 16 kg per annum which is quite low in comparison to developed countries where the level is 50-60 kg. Our consumption is also much below the world average of 27/28 kg. Thus there is strong potential to catch up with the global average considering the overall economic growth and improvement in per capita disposable income for food.

The consistent rise in import of edible oil to bridge the demand – supply gap impacts the trade imbalance and results in significant outflow of foreign exchange. There is strong need to improve the production and productivity of domestic oil seed sector and promote domestic supply of edible oil to address the growing demand – supply gap imbalance.

Rising Palmolein Import hurting domestic refining industry

Every country protects their domestic industry from unfair competition. Accordingly, Malaysia and Indonesia are protecting and encouraging their refineries by levy of higher export tax on Crude palm oil (raw material) to encourage refining in their own country. However, in India, the situation is contrary. Current import duty structure inadvertently encouraging the import of

refined palm oil at the cost of domestic refining industry. Industry associations/bodies have once again represented to the Government, bringing to the notice about the status of domestic refining industry and strongly pleaded to increase the duty difference between crude and refined vegetable oil to 15% from present level of 7.5% to help the refining industry to come out from the present crisis.

Recently, the Government responded positively to the request of the Industry and increased the duties of both crude and refined oils with differential level at 10% from the earlier level of 7.50%.

With increasing Edible oil consumption due to increase in population as well as economic affluence and with a near stagnant oilseed production, the import of Edible Oils is skyrocketing. Currently we import around 14 million tons, (valued around ₹70,000 crores). This quantum has the potential to increase to 25 million tons by the year 2025. Dependence on imports to the extent of 70% has already compromised the Edible Oil food security of our country and the situation is worsening year after year. Oilseeds production ought to increase substantially to meet the growing demand for edible oils for human consumption as well as oilmeal and oil cake as source of protein for livestock sector.

Focussing on increase in domestic edible oil supply contributing to sustainable farm income

Oil Palm is one of the world's most efficient crop in terms of yield of vegetable oil per hectare and today it is largest source of vegetable oil in the world. An average oil yield of 4-5 tones / hectare has been recorded with oil palm against the highest oil yield 1.3 tonnes / hectare from rapeseed. However, we need to encourage both the segments to promote domestic supply, improve the income of farmers, contribute to employment generation and the overall development of the regions in which the oil palm and mustard seeds are produced. Considering the surplus capacity in domestic crushing units, we need to evaluate opportunities to improve the utilisation for the benefit of all the stakeholders. The above will enable improvement in the income potential for the farming community, provide market support for procurement of farm produce and contribute to the nation as responsible corporate citizens.

Oil palm policy to facilitate investments into oil palm sector for domestic supply of oil palm

The industry association has repeatedly drawn the attention of the Government to declare oil palm as "plantation crop" and exempt the land declared suitable for the oil palm cultivation from Land Ceiling Act to attract corporate body towards oil palm plantation. Recently, Government responded positively and decided to relax the land ceiling limit for oil palm cultivation and also revised the norms of assistance mainly for planting material, maintenance cost, inter cropping cost and bore-well to make the oil palm plantation attractive. Also, last year,

Karnataka State Government had declared oil palm as plantation crop. It is hoped that other States will also follow the Karnataka by declaring oil palm as a plantation crop.

Improvement in production of Mustard seed

India is producing about 27 to 28 million tonnes of Oilseeds out of which 7.0 million tonnes in Mustard oilseeds. Industry associations have proposed Mustard oilseeds production target of 15 million tonnes by 2025, with a sub target of 10 million tonnes by 2020 thereby doubling the income of farmers to accomplish vision of Honourable Prime Minister of India in the next five years.

Industry Outlook

Consumption growth

As per the industry sources, India's consumption growth is pegged at 5% p.a and the country is expected to be consuming around 34 Million tonnes of edible oil by 2025, with a projected vegetable oil imports bill of US\$25 Billion. The growth in consumption presents an opportunity to build around a sustainable business model to participate in the import and domestic production to capitalise the business prospects.

Oil palm as a plantation crop

The key relaxation in the changes in the domestic palm sector will facilitate the corporate investments into the segment paving for significant increase in domestic palm production in the years ahead. As the yield per hectare is far higher in palm than any other edible oil seed and the encouragement given by the state and central Governments will facilitate the growth of oil palm, development of the oil palm growing areas and significant increase of income to the farming community.

Changing pattern of agriculture

Considering the improvement in the overall growth in the economy and the increase in disposal of income, consumers will pay more for the goods with quality, safety from health point of view and convenience to access procurement. In the long run, this will pave from production led agriculture to demand driven agriculture with focus on multi consumer oriented approach.

Demonetisation

The demonetisation drive initiated by the Government of India during November, 2016 has changed the way in which businesses are conducted with transparency and accountability. It has also reduced unfair competition from the unorganised sector.

Goods and Service Tax (GST)

The implementation of GST marks the significant milestone in the history of Indian taxation reforms. It will help in creating a common market and is expected to have a far-reaching impact on the entire indirect tax system, the tax base, supply chain management, the production and pricing of goods and services. It seeks to address the issue of inefficiencies in the tax system, prevent cascading impact of multi-level taxation, plug revenue leakages and promote transparency in business.

Efficient utilisation of production facilities and strategic partnership

Considering the vast scope in edible oil, food and feed business segment in India and the implementation of economic reforms, large companies having efficient production facilities, manufacturing plants at strategic locations, pan India distribution set up, strong logistics, focus on consistent quality at cost efficient servicing capabilities will enjoy better advantages in accessing (a) the outsourcing requirements for processing for third parties and (b) strategic partnerships and tie ups to benefit the stakeholders on a sustainable basis. This will benefit companies to focus on core strengths and build a business model with flexibilities and cost efficiencies to cater to the changing demand- supply dynamics and the supply chain requirements in the future.

INFORMATION TECHNOLOGY

SAP has been implemented in all plants, depots, regional offices and head office of the Company enabling alignment of strategies and operations, better supply chain control at operational level and access to consolidated data of the Company through integrated system.

During the year, the Company has put in place processes for GST implementation. Also for better internal control, Mobility Attendance system and Face Detection machines introduced at various plants. For better transparency in the Purchase Management, Vendex System is introduced & integrated with SAP System. Vendex System captures all pre purchase activities online, where vendor can provide quotations and the system automatically makes comparisons.

HUMAN RESOURCES

The approved Human Resources Framework was further cascaded below middle management level with focus on Performance Management. Refresher courses were organized to enhance clarity on processes and to cover new joiners. Quality of SMART Goal setting, performance review, feedback process and Individual development plans were taken to next level. The Annual Performance Review was made more objective by ensuring Goal Sheet Scores for all Middle and Senior Management employees and final rating was done on the basis of relative percentile positioning of performance.

Under strategic objective of establishing "High Performance Work Culture, the "Critical Resources" and "Dead Woods" were identified. The action plan for enhancing engagement, providing need based learning opportunities and consequently enhancing their opportunities for career growth was executed for Critical Resources. The identified "Dead Woods" were separated on the principles of soft landing, paving ways for enhanced workforce ability, energy and passion levels.

The realignment of Popular and Consumer Brands Division verticals was completed with seamless merger of support functions bringing huge synergies, lean organization set ups, amalgamation of work culture and mutual adoption of best practices. The focus on Coaching process led to enhanced people productivity.

The “HR Review” with Senior and Business Leadership team continued as a core people process towards review of goals at macro level, sponsoring new initiatives and allocating resources for execution.

RISK AND CONCERNS

Price Volatility

Your Company is exposed to commodity price fluctuations in its business. All major raw materials as well as finished goods being agro-based are subject to market price variations. Prices of these commodities continue to be linked to both domestic and international prices, which in turn are dependent on various Macro/ Micro factors. Also Commodities are increasingly becoming asset classes. Prices of the Raw materials and finished products manufactured by your Company fluctuate widely due to a host of local and international factors. Your Company continues to place a strong emphasis on the risk management and has successfully introduced and adopted various measures for hedging the price fluctuations in order to minimize its impact on profitability. Also, your Company has initiated setting-up of a framework to upgrade itself to a robust risk management system.

Government Policies

The policies announced by the Government have been progressive and are expected to remain likewise in future, and have generally taken an equitable view towards various stake holders, including domestic farmers, industry, consumers etc.

Freight & Port Infrastructure

A substantial part of the international operations of your Company are within the Asian region, and given the following import and export activities of your Company, the element of freight is not likely to cause any adverse effect on the operational performance. Your Company has a proactive information and management system to address the issues arising out of port congestions to the maximum extent possible and has also made

sufficient arrangements for storage infrastructure at the ports.

Weather Conditions & Monsoon

Your Company has processing facilities at major ports and several inland locations, and therefore, the business model of your Company is designed to carry-on a majority of its production operations even in situations of extreme changes in weather conditions due to balanced business model to cater to the strong domestic consumption in India.

Volatility in Foreign Currencies

Your Company is exposed to risks arising out of volatility in foreign currencies, the exposure on this account extends to:

- (a) Products imported for sale in domestic markets;
- (b) Products exported to other territories and
- (c) Foreign currency Loans.

Your Company utilises the hedging instruments available in the markets on an ongoing basis and manages the currency exposures pro-actively.

Fuel Prices

Fuel prices continue to be an area of concern as fuel particularly Coal is widely used in manufacturing operations has a direct impact on total costs. Your Company has taken productivity linked measures aimed at controlling costs and taken further steps to focus on production of high margin products.

Domestic Economy

Your Company is well geared with multi-processing capabilities to cater to the variances and changing consumer preferences. Also keeping in view the overall growth of the economy, emerging health consciousness and growing retail in India, it is expected that the packaged edible oil consumption will continue to outgrow the overall edible oil growth.

Independent Auditors' Report

To the Members of RUCHI SOYA INDUSTRIES LIMITED

REPORT ON THE STANDALONE Ind AS FINANCIAL STATEMENTS

We have audited the accompanying Standalone Ind AS Financial Statements of **RUCHI SOYA INDUSTRIES LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement, the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory informations, in which are incorporated the returns of the Company's branches at Peddapuram and Ampapuram for the year ended on that date audited by the branch auditors (hereinafter referred to as "Standalone Ind AS Financial Statements")

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE Ind AS FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and statement of changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these Standalone Ind AS Financial Statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those

Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Standalone Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the Standalone Ind AS Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS Financial Statements.

BASIS FOR QUALIFIED OPINION

Attention is drawn to Note 8c (a) and 17a (H) relating to the non-receipt of confirmations in respect of bank balances aggregating to debit balance of ₹ 1,221.23 lakh and credit balance of ₹ 61,421.93 lakh. In the absence of confirmations, the variation, if any, between the amounts of bank balances, interest and other costs recorded by the Company and the amounts as per the records of the banks cannot be ascertained.

QUALIFIED OPINION

Except as stated in the above paragraph on 'Basis for Qualified Opinion', in our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2017, and its loss, total comprehensive income, its cash flows and Changes in Equity for the year ended on that date.

EMPHASIS OF MATTER

Without qualifying our opinion, attention is drawn to:-

- a. Note 36 relating to the preparation of the Standalone Ind AS Financial Statements on a going concern basis. The matters as set forth in Note 36 indicate the existence of material uncertainty about the Company's ability to continue as a going concern. However, as mentioned in

Note 36, in view of the various steps initiated by the Company, future outlook as assessed by the management and the business plans of the Company, the Standalone Ind AS Financial Statements have been prepared on a going concern basis.

- b. Note 12L (v) relating to the Scheme of Amalgamation and Arrangement between Mac Oil Palm Limited and the Company and their respective shareholders sanctioned by the Hon'ble High Court of Judicature at Mumbai in an earlier year, pursuant to which, an amount of ₹ 19,264.77 lakh has been debited to Business Development Reserve.

Had the Scheme approved by the Hon'ble High Court not prescribed the accounting treatment, the accumulated balance in the General Reserve and Securities Premium account as at March 31, 2017 would have been higher by ₹ 5,193.54 lakh and ₹ 23,842.30 lakh respectively, loss for the year would have been higher by ₹ 19,264.77 lakh, the accumulated balance in Retained Earnings as at March 31, 2017 would have been lower by ₹ 43,640.39 lakh, the balance in Revaluation Reserve would have been higher by ₹ 14,665.23 lakh and the balance in Business Development Reserve would have been ₹ Nil.

However, the aggregate balance in Reserves and Surplus as at March 31, 2017 would have remained the same.

Other Matters

We did not audit the financial statements of two branches included in the Standalone Ind AS Financial Statements which reflect total net assets of ₹ 47,465.11 lakh as at March 31, 2017 and total revenues from operations of ₹ 3,578.17 lakh for the year ended on that date and net cash outflows of ₹ 93.96 lakh. The financial statements of these branches have been audited by the branch auditors whose reports have been furnished to us and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the report of the branch auditors.

Our opinion is not modified in respect of this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and, except for the matters described in the basis for Qualified Opinion paragraph above, have obtained all the information and explanations

which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) Except for the possible effects of the matters described in the Basis of Qualified Opinion paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from the branches not visited by us.
- c) The reports on the accounts of the branch offices of the Company audited under Section 143(8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report.
- d) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account and with the returns received from the branches not visited by us.
- e) Except for the possible effects of the matters as described in the Basis of Qualified opinion paragraph, in our opinion, the aforesaid Standalone Ind AS Financial Statements comply with the Accounting Standards prescribed under Section 133 of the Act read with relevant Rule issued thereunder.
- f) The matters described in Basis of Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
- g) On the basis of the written representations received from the directors as on March 31, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164(2) of the Act.
- h) With respect to the adequacy of the internal financial control over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Ind AS Financial Statements –

- Refer Note 34 relating to Contingent Liabilities and Commitments;
- ii. The Company has made provision as required under applicable law or accounting standard, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The Company has provided requisite disclosures in the Standalone Ind AS Financial Statements as regards to its holdings and dealings in the Specified Bank Notes (as defined in the Notification S.O. 3407(E) dated November 8, 2016 of the Ministry of Finance) during the period from November 8, 2016 to

December 30, 2016. Based on the audit procedures performed and representations as provided to us by the management, we report that the disclosures are in accordance with the books of accounts maintained by the Company and as produced to us by the management. – Refer Note 8(c)(b).

Annexure A to Independent Auditors' Report

Referred to in paragraph 1 of the Report on Other Legal and Regulatory Requirements of even date to the members of **RUCHI SOYA INDUSTRIES LIMITED** on the Standalone Ind AS Financial Statements for the year ended March 31, 2017.

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) As explained to us, the fixed assets of the Company have been physically verified by the Management during / at the end of the year, which in our opinion is reasonable, having regard to the size of the Company and the nature of its assets. No material discrepancies between the book records and the physical inventory have been noticed. In our opinion, the frequency of verification is reasonable.
- (c) In our opinion and according to the information and explanations given to us, except for the instances listed below, the title deeds of immovable properties as disclosed in Note 3 of the Standalone Ind AS Financial Statements are held in the name of the Company:
- (a) In our opinion, the rate of interest charged in respect of the said loan is prima facie not prejudicial to the interests of the Company. There are no other terms and conditions stipulated in the respect of the said loan.
- (b) In respect of the said loan, there is no stipulation as to the repayment of the principal amount and payment of interest. Hence, we have not commented on regularity of repayment of principal amounts and payment of interest in respect of these loans.
- (c) In view of our comments in sub-clause (b) above, clause (c) of paragraph 3 of the Order is not applicable to the Company for the year under audit.
- iv. In respect of loans, investments, guarantees and security, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013.
- v. The Company has not accepted deposits within the meaning of section 73 to 76 of the Companies Act, 2013 and the rules framed there under. Hence, clause (v) of the Order is not applicable to the Company for the year under audit.
- vi. We have broadly reviewed the cost records made and maintained by the Company pursuant to the Rules prescribed by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013. We have, however, not made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues including provident fund, employee's state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues with the appropriate authorities.
- (b) According to the information and explanations given to us, there are no dues of income tax, sales tax, wealth tax, service tax, duty of customs, duty of excise, value added tax or cess that have not been deposited on account of any dispute, except as follows:

(₹ in lakh)

Particulars	Leasehold Land	Freehold Land	Buildings	Total
Total Number of Cases	1	3	—	4
Gross Block as on March 31, 2017	71.55	110.05	—	181.60
Net Block as on March 31, 2017	—	110.05	—	110.05

- ii. The inventory (other than goods in transit and stocks with third parties) has been physically verified by the Management during / at the end of the year. In our opinion, the frequency of verification is reasonable. In respect of inventory lying with third parties, these have substantially been confirmed by them. As explained to us, there were no material discrepancies noticed on physical verification of inventory as compared to the book records.

Annexure B to the Independent Auditors' Report

of even date on the Standalone Ind AS Financial Statements of Ruchi Soya Industries Limited

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Ruchi Soya Industries Limited** ("the Company") as of March 31, 2017 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI).

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

According to the information and explanations given to us and based on the audit of test of controls, except for strengthening of documentation of policies regarding delegation of authority & access rights to financial records and process for archival of records & periodic review, which we are informed is in process and expected to be in place by accounting year ending March 31, 2018, in our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE 1-2

1 CORPORATE INFORMATION

Ruchi Soya Industries Limited ("the Company") is a Public Limited Company engaged primarily in the business of processing of oil-seeds and refining of crude oil for edible use. The Company also produces oil meal, food products from soya and value added products from downstream and upstream processing. The Company is also engaged in trading in various products and generation of power from wind energy. The Company has manufacturing plants across India and is listed on the Bombay Stock Exchange Limited (BSE) and National Stock Exchange of India Limited (NSE). The Company's registered office is at Ruchi House, Royal Palms, Survey No. 169, Aarey Milk Colony, Near Mayur Nagar, Goregaon (E), Mumbai – 400065, Maharashtra.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PREPARATION

a Statement of Compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2016. The transition from previous GAAP to Ind AS has been accounted for in accordance with the Ind AS 101 "First Time Adoption of Indian Accounting Standards", with April 1, 2015 being the transition date.

In accordance with the Ind AS 101 "First time adoption of Indian Accounting Standard", the Company has presented a reconciliation [from the presentation of financial statements under accounting standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP") to Ind AS] of total equity as at April 1, 2015, March 31, 2017 and Statement of Profit and Loss for the year ended March 31, 2016. [Refer Note 48]

b Functional and presentation currency

These financial statements are presented in Indian rupees (₹), which is the Company's functional currency. All amounts have been rounded to the nearest lakh, unless otherwise indicated. [10 Lakh=1 Million]

c Basis of Measurement

These financial statements have been prepared on a historical cost convention basis, except for the following:

- (i) Certain financial assets and liabilities that are measured at Fair Value.

- (ii) Assets held for sale- Measured at the lower of (a) carrying amount and (b) Fair Value less cost to sell.

- (iii) Net defined benefit plans- Plan assets measured at Fair Value less present value of defined benefit obligation.

Determining the Fair Value

While measuring the Fair Value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a Fair Value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the Fair Value of an asset or a liability fall into different levels of the Fair Value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the Fair Value hierarchy as the lowest level input that is significant to the entire measurement.

d Use of Estimates and Judgement

The preparation of financial statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates are known or materialised. The most significant estimates and assumptions are described below:

(i) Judgements

Information about judgements made in applying accounting policies that have the significant effect on amounts recognised in the financial statement are as below:

- Leases identification- Whether an agreement contains a lease.
- Classification of lease - Whether Operating or Finance

(ii) Assumptions and Estimations

Information about assumption and estimation uncertainties that have significant risk of resulting in a material adjustment are as below:

1 Impairment test of non financial assets

For the purpose of assessing recoverability of non-financial assets, assets are grouped at the lower levels for which there are individually identifiable cash flows (Cash Generating Units).

Notes

to Financial Statement for the year ended March 31, 2017

2 Allowance for bad debts

The Management makes estimates related to the recoverability of receivables, whose book values are adjusted through an allowance for Expected losses. Management specifically analyzes accounts receivable, customers' creditworthiness, current economic trends and changes in customer's collection terms when assessing the adequate allowance for Expected losses, which are estimated over the lifetime of the debts.

3 Recognition and measurement of Provisions and Contingencies

The Company's Management estimates key assumptions about the likelihood and magnitude of an outflow of resources based on available information and the assumptions and methods deemed appropriate. Wherever required, these estimates are prepared with the assistance of legal counsel. As and when additional information becomes available to the Company, estimates are revised and adjusted periodically.

4 Recognition of Deferred Tax Assets

The Management makes estimates as regards to availability of future taxable profits against which unabsorbed depreciation/ tax losses carried forward can be used.

5 Measurements of Defined benefit obligations

The measurements are based on key actuarial assumptions.

(B) SIGNIFICANT ACCOUNTING POLICIES

a PROPERTY, PLANT AND EQUIPMENT:

(i) Recognition and measurement

Property, Plant and Equipment are measured at cost (which includes capitalised borrowing costs) less accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of Property, Plant and Equipment comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.
- the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of Property, Plant and Equipment have different useful lives, then they are accounted for as separate items (major components) of

Property, Plant and Equipment and depreciated accordingly.

Any gain or loss on disposal of an item of Property, Plant and Equipment is recognised in Statement of profit or loss.

(ii) Transition to Ind AS

On transition to Ind AS as on April 1, 2015 the Company has elected to measure certain items of Property, Plant and Equipment [Freehold Land, Building and Plant and Equipments] at Fair Value. For other Property, Plant and Equipment these are measure at cost as per Ind AS.

(iii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iv) Depreciation, Estimated useful life and Estimated residual value

Depreciation is calculated using the Straight Line Method, pro rata to the period of use, taking into account useful lives and residual value of the assets. The useful life of assets & the estimated residual value, which are different from those prescribed under Schedule II to the Companies Act, 2013, are based on technical advice as under:

Assets	Estimated useful lives	Estimated Residual Value
Building	3 to 84 years	5 Percent
Plant & Equipments	6 to 46 years	5 to 27 percent
Windmills	30 years	19 percent

Depreciation is computed with reference to cost/ Fair Value.

The assets residual value and useful life are reviewed and adjusted, if appropriate, at the end of each reporting period. Gains and losses on disposal are determined by comparing proceeds with carrying amounts. These are included in the statement of Profit and Loss.

b INTANGIBLE ASSETS

(i) Recognition and measurement

Computer softwares have finite useful lives and are measured at cost less accumulated amortisation and any accumulated impairment losses. As on transition date i.e. April 1, 2015 the same are measured at cost as per Ind AS.

Acquired brands / Trademarks have indefinite useful life and as on transition date April 1, 2015 have been Fair Valued based on reports of expert valuer. The same are tested for impairment, if any, at the end of each accounting period.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including

Notes

to Financial Statement for the year ended March 31, 2017

expenditure on internally generated goodwill and brands, when incurred is recognised in statement of profit or loss.

(iii) Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives and is generally recognised in statement of profit or loss. Computer software are amortised over their estimated useful life or 5 years, whichever is lower.

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted, if required.

c FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts, interest rate swaps and currency options.

(i) Financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at Fair Value Through Other Comprehensive Income-[FVTOCI], or Fair Value Through Profit and Loss-[FVTPL] and
- those measured at Amortised Cost.[AC]

In case of investments

In Equity instruments

- For subsidiaries, associates and Joint ventures - Investments are measured at cost and tested for impairment periodically. Impairment (if any) is charged to the Statement of Profit and Loss.
- For Other than subsidiaries, associates and Joint venture - Investments are measured at FVTOCI.

In Mutual fund

Measured at FVTPL.

Guarantee Commission

Guarantees extended to subsidiaries, associates and Joint ventures are Fair Valued.

Debt instruments

The Company measures the debts instruments at Amortised Cost. Assets that are held for collection of contractual cash flows where those cash flows represent solely payment of principal and interest [SPPI] are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of the hedging

relationship, is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the Effective interest rate method.

Derecognition of financial assets

A financial asset is derecognised only when:

- The Company has transferred the rights to receive cash flows from financial asset, or
- Retains the contractual rights to receive the cash flows of the financial assets, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset and has transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred an financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained the control of the financial asset. Where the Company retains the control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) Model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

- For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. ECL is used to provide for impairment loss.

Notes

to Financial Statement for the year ended March 31, 2017

(ii) Financial liabilities

Classification

The Company classifies its financial liabilities in the following measurement categories:

- those to be measured subsequently at FVTPL and
- those measured at AC

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL or AC.

All financial liabilities are recognised initially at Fair Value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities designated upon initial recognition as at Fair Value Through Profit or Loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at FVTPL are designated at the initial date of recognition, only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, Fair Value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not subsequently transferred to statement of profit or loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

AC is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to interest-bearing loans and borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts to hedge its foreign currency risks, interest rate risks and commodity price risks respectively. Such derivative financial instruments are initially recognised at Fair Value on the date on which a derivative contract is entered into and are subsequently re-measured at Fair Value. Derivatives are carried as financial assets when the Fair Value is positive and as financial liabilities when the Fair Value is negative.

d INVENTORIES

Inventories are measured at the lower of cost and net realisable value after providing for obsolescence, if any, except for Stock-in-Trade which are measured at Fair Value and Realisable by-products which are measured at net realisable value. The cost of inventories is determined using the weighted average method and includes expenditure incurred in acquiring inventories, production or conversion and other costs incurred in bringing them to their respective present location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity. The comparison of cost and Net

Notes

to Financial Statement for the year ended March 31, 2017

Realisable value is made on an item by item basis.

Net realisable value is estimated selling price in the ordinary course of business, less estimated cost of completion and the estimated costs necessary to make the sale. The net realisable value of work in progress is determined with reference to selling prices of finished products.

e TRADE RECEIVABLES

Trade receivable are recognised initially at Fair Value and subsequently measured at AC using the effective interest method less provision for impairment. As per Ind AS 109 the Company has applied ECL for recognising the allowance for doubtful debts. Where Company has offered extended credit period [ECP] to the debtors, the said amount is recorded at present value, with corresponding credit in the statement of profit and loss over the tenure of the extended credit period.

f CASH AND CASH EQUIVALENT

For the purpose of presentation in the statement of the cash flows, cash and cash equivalent includes the cash on hand, deposits held at call with financial institutions other short term, highly liquid investments with original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

g CONTRIBUTED EQUITY

Equity shares are classified as equity. Incidental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

I Dividends

Provision is made for the amount of any dividend declared, in the year in which it is approved by shareholders.

II Earnings per share

(i) Basic earnings per share

Basic earnings per shares is calculated by dividing Profit/(Loss) attributable to equity holders (adjusted for amounts directly charged to Reserves) before/after Exceptional Items (net of tax) by Weighted average number of Equity shares, (excluding treasury shares).

(ii) Diluted earnings per share

Diluted earnings per shares is calculated by dividing Profit/(Loss) attributable to equity holders (adjusted for amounts directly charged to Reserves) before/after Exceptional Items (net of tax) by Weighted average number of Equity shares (excluding treasury shares) considered for basic earning per shares including dilutive potential Equity shares.

h BORROWINGS

Borrowings are initially recognised at Fair Value, net of transaction costs incurred. Borrowings are subsequently

measured at AC. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of borrowings using the effective interest method. Processing/Upfront fee are treated as prepaid asset and netted off from borrowings. The same is amortised over the period of the facility to which it relates.

Preference shares are classified as liabilities. The dividends on these preference shares, if approved, by shareholders in the forthcoming Annual General Meeting, are recognised in profit or loss as finance costs, in the year when approved.

Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred to another party and the consideration paid including any non cash assets transferred or liability assumed, is recognised in Statement of profit or loss as other gains or (losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer the settlement of liabilities for at least twelve months after the reporting period.

Where there is a breach of a material provision of a long term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the same is classified as current unless the lender agreed, after the reporting period and before the approval of financial statements for issue, not to demand payment as a consequence of the breach.

i TRADE AND OTHER PAYABLES

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid at the period end. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their Fair Value and subsequently measured at amortised cost using the effective interest method.

j FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currencies are translated into the functional currencies of the Company at the exchange rate prevailing at the date of the transactions. Monetary assets (other than investments in companies registered outside India) and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date.

Investments in companies registered outside India are converted at rate prevailing at the date of acquisition. Non-monetary assets and liabilities that are measured at Fair Value

Notes

to Financial Statement for the year ended March 31, 2017

in a foreign currency are translated into the functional currency at the exchange rate when the Fair Value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are not translated.

Difference on account of changes in foreign currency are generally charged to the statement of profit & loss except the following:

The Company has availed the exemption available under Para D13AA of Ind AS - 101 of "First time adoption of Indian Accounting Standards". Accordingly, exchange gains and losses on foreign currency borrowings taken prior to April 1, 2016 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such asset. In other cases, the exchange difference is accumulated in a foreign currency monetary item translation difference account and amortised over the balance period of such long term asset/liability.

k REVENUE

(i) Sale of goods

Revenue is recognised when the significant risk and rewards of the ownership have been transferred to the buyer, recovery of consideration is probable, the associated cost and possible return of goods can be measured reliably, there is no continuing effective control/managerial involvement in respect of the goods, and the amount of revenue can be measured reliably.

Revenue from sale of goods in the course of ordinary activities is measured at the Fair Value of the consideration received or receivables net of returns, trade discount, volume rebates and taxes and duties on behalf of government. This inter alia involves discounting of the consideration due to the present value if the payment extends beyond normal credit terms.

The timing of the transfer of control varies depending on the individual terms of the sale.

Income from sale of power is recognised on the basis of units wheeled during the period. Income from carbon credits are recognised on credit of Carbon Emission Reduction (CER) by the approving authority in the manner in which it is unconditionally available to the generating Company.

(ii) Sale of Services

Revenue from services is recognised when agreed contractual task has been completed.

(iii) Other Income

- a) Dividend income is recognised when right to receive dividend is established.
- b) Interest and other income are recognised on accrual basis on time proportion basis and measured at effective interest rate.

l GOVERNMENT GRANTS

- (i) Grants from the Government are recognised at their Fair Value where there is an reasonable assurance that the grant will be received and the Company will comply with all the attached conditions.
- (ii) Government grant relating to purchase of Property, Plant and Equipment are included in "Other current/ non-current liabilities" as Government Grant - Deferred Income and are credited to Profit or loss on a straight line basis over the expected life of the related asset and presented within "Other Operating revenue".

m EMPLOYEE BENEFITS

(i) During Employment benefits

(a) Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(b) Share-based payment transactions

Equity settled share based payments to employees and others providing similar services are measured at the Fair Value of the equity instruments at the grant date. Details regarding equity settled share based transactions are set out in Note 12L (ii).

The Fair Value determined at the grant date of the equity-settled share based payments is expensed on a straight line basis over the vesting period, based on the company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimate, if any, is recognised in Statement of profit and loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Based Payments Reserves. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earning per share.

TRANSITION PROVISIONS

The Company has elected not to apply Ind AS 102 to options that vested prior to April 1, 2015.

(ii) Post Employment benefits

(a) Defined contribution plans

A defined contribution plan is a post employment benefit plan under which Company pays fixed contribution into a separate entity and will have no legal or constructive obligation to pay future amounts. The Company makes

Notes

to Financial Statement for the year ended March 31, 2017

specified monthly contributions towards government administered Provident Fund scheme.

Obligations for contributions to defined contribution plans are expensed as the related service is provided. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

(b) Defined benefit plans

The Company pays gratuity to the employees who have has completed five years of service with the company at the time when employee leaves the Company. The gratuity is paid as per the provisions of Payment of Gratuity Act, 1972.

The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the periods during which the benefit is expected to be derived from employees' services.

Re-mesurment of defined benefit plans in respect of post employment are charged to Other Comprehensive Income.

(c) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date or when an employee accepts voluntary redundancy in exchange for these benefits. In case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than twelve months after the end of reporting period are discounted to the present value.

n INCOME TAX

Income tax expense comprises current and deferred tax. Tax is recognised in statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or in equity. In such cases, the tax is also recognised in the other comprehensive income or in equity.

(i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or subsequently enacted at the Balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have enacted or subsequently enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period. Deferred tax is recognised to the extent that it is probable that future taxable profit will be available against which they can be used.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable Company.

o BORROWING COSTS

General and specific Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is ready for its intended use or sale. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalisation. All other borrowing costs are charged to the statement of profit and loss for the period for which they are incurred.

p LEASES

(i) Determining whether an arrangement contains a lease

At inception of an arrangement, the Company determines whether the arrangement is or contains a lease.

As a lessee

Leases of Property, Plant and Equipment where the Company, as lessee, has substantially transferred all the risks and rewards of the ownership are classified as finance leases. Finance lease payments are capitalised at the lower of lease's inception at the Fair Value of the lease property and the

Notes

to Financial Statement for the year ended March 31, 2017

present value of minimum lease payments. The corresponding rental obligations, if any, net of finance charges are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and the finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate; of Interest on the remianing balance of liability for each period.

Leases in which a significant portion of risk and rewards of ownership are not transferred to the Company as a lessee are classified as opearting lease. Payments made under operating leases are charged to Profit and Loss on a straight line basis over the period of lease except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

As a lessor

Lease Income from opearting leases where the Company is a lessor is recognised as income on a straight line basis over the lease term unless the receipts are structured to increase in line with the expected general inflation to compensate for the expected inflationary cost increases.

q Non- Current assets held for sale:

Non Current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale

is considered highly probable. They are measured at lower of their (a.) carrying amount and (b.) Fair Value less cost to sell. Non current assets are not depreciated or amortised when they are classified as held for sale.

r Provisions and contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obiligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expenses.

Contingent liabilities are disclosed in respect of possbile obiligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

(v) Valuation method & key assumptions used : [Refer Note 12 (K)]

Independent Fair Valuation of certain Property, Plant and Equipment [Freehold Land, Building & Plant & Equipment] has been done as on April 1, 2015. The remaining assets have been valued based on Ind AS 16 - Property, Plant & Equipment. The Fair Valuation is based on physical inspection and verification conducted at the respective locations. The best evidence of fair value is current prices in an active market value for similar properties at such locations. Where such information is not available, we have considered information from a variety of sources including:

- Current Price in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences
- discounted cash flow projections based on reliable estimates of future cash flows
- capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

For determining the Fair Valuation the Main inputs used are Government prescribed guidelines, broker quotes, rental growth rates, expected vacancy rates, terminal yields and discount rates based on comparable transactions and industry data.

Significant estimate: Fair Valuation, Estimated remaining useful Life and Estimated residual value of fixed assets have been taken as determined by Expert valuer.

Valuation of stock options

The fair value of stock options granted during the period has been measured using the Black-Scholes option pricing model at the date of the grant. The Black-Scholes option pricing model considers assumptions regarding dividend yields, expected volatility, expected terms and risk free interest rates. They key inputs and assumptions used are as follows:

Share price: The closing price on NSE as on the date of grant has been considered for valuing the options granted.

Exercise Price: Exercise Price is the price as determined by the Remuneration and Compensation Committee.

Expected Volatility: The historical volatility of the stock till the date of grant has been considered to calculate the fair value of the options.

Expected Option Life: Expected Life of option is the period for which the Company expects the options to be live.

Expected dividends: Expected dividend assumed to be 8 % paid each year

Risk free interest rate: The risk free interest rate on the date of grant considered for the calculation is the interest rate applicable for a maturity equal to the expected life of the options based on the yield curve for Government bonds.

NOTE - 12 OTHER EQUITY (Contd.)

(₹ in Lakh)

These assumptions reflect management's best estimates, but these assumptions involve inherent market uncertainties based on market conditions generally outside of the Company's control. As a result, if other assumptions had been used in the current period, stock-based compensation expense could have been materially impacted. Further, if management uses different assumptions in future periods, stock based compensation expense could be materially impacted in future years. The estimated fair value of stock options is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was, in-substance, multiple awards. The weighted average inputs used in computing the fair value of options granted were as follows:

Grants made during the year

Grant date	April 1, 2015
Fair value (in ₹)	21.79
Share price as on date (in ₹)	45.85
Exercise price (in ₹)	35.00
Expected volatility (weighted-average)	0.4215
Expected life (weighted-average) [3 years + 1 year Grace period]	4 years
Expected dividends	8.00%
Risk-free interest rate (based on government bonds)	8.00%

iii) Securities Premium Reserve

Securities Premium Reserve is created on recording of premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

iv) General Reserve

The same is created out of surplus profits transferred as per the provisions of the Act. It is utilised as per provisions of the Act.

v) Business Development Reserve

(a) In an earlier year, the Hon'ble High Court of judicature of Mumbai, had approved u/s. 391-394 the Scheme of Amalgamation and Arrangement of 'Mac Oil Palm Limited' with Ruchi Soya Industries Limited and its shareholders, which was effective from April 1, 2009.

(b) Pursuant to the Scheme referred to in (a) above, the Company had, in an earlier year, created Business Development Reserve from the balance standing to the credit of General Reserve & Securities Premium Account.

In terms of the Scheme, as and when deemed fit by the Board, the said Business Development Reserve is available for adjusting various expenses, including advertisement, sales promotion, development of brands, research and development activities, provision / write off of doubtful debtors/current assets/loans and advances, additional depreciation necessitated by revaluation of fixed assets and expenses of amalgamation including expenses of the Transferor Company i.e. Mac Oil Palm Limited, incurred on or after 1st April 2009, after adjusting for any tax effects, both current and deferred tax thereon.

(c) For amounts debited during the year to Business Development Reserve in accordance with the said Scheme. Refer Note 12(E).

(d) Had the Scheme, approved by the Hon'ble High Court, not prescribed the accounting treatment as described in (b) above,

i) the Company would have been required to:

Credit an amount of ₹ 36,157.70 Lakh to Revaluation Reserve instead of the Business Development Reserve and Debit the additional charges as mentioned above in Note 12E.

ii) As a cumulative impact of the treatment described in para (i) above, the accumulated balance in the General Reserve and Securities Premium account as at March 31, 2017 would have been higher by ₹ 5,193.54 Lakh and ₹ 23,842.30 Lakh respectively, loss for the year would have been higher by ₹ 19,264.77 Lakh, the accumulated balance in retained earnings as at March 31, 2017 would have been lower by ₹ 43,640.39 Lakh, the balance in Revaluation Reserve would have been higher by ₹ 14,665.23 Lakh and the balance in Business Development Reserve would have been ₹ Nil.

However, the aggregate balance in Reserves and Surplus as at March 31, 2017 would have remained the same.

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority. Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income by each jurisdiction in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

NOTE - 19 PROVISIONS (Contd.)

(₹ in Lakh)

B Defined Benefit Plan:

a) Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination/resignation is paid as per the provision of the Payment of Gratuity Act, 1972. The gratuity plan is a funded plan and Company makes annual contributions to the Group Gratuity cum Life Assurance Schemes administered by the LIC of India, a funded defined benefit plan for qualifying employees.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2017. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

b) Leave Obligations

The leave obligations cover the Company's liability for casual, sick & earned leave. The amount of the provision is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

ii) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	March 31, 2017		March 31, 2016		April 1, 2015	
	Increase	Decrease	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	(167.29)	192.81	(177.28)	204.94	(152.58)	176.83
Future salary growth (1% movement)	193.32	(170.64)	206.71	(181.76)	178.52	(156.56)
Employee Turnover (1% movement)	16.01	(18.08)	25.29	(28.83)	22.52	(25.83)
Average Expected Life	12 Years	12 Years	13 Years	13 Years	14 Years	14 Years

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

NOTE - 35 SUBSEQUENT EVENTS

There are no significant subsequent events that would require adjustments or disclosures in the financial statements as on the balance sheet date.

NOTE - 36

The Company has made losses during the current year and the preceeding year. As a result of the losses, the liquidity position of the Company has been substantially affected resulting in default in payment of its debts and adversely affecting the operations of the company, indicating the existence of uncertainty about the ability of the Company to continue as a going concern.

The management has initiated various steps such as cost rationalization, negotiations for debts restructuring and disposal of non-core assets. Considering the strengths of the Company's brand, future outlook as assessed by the management and the business plans, the Company is confident of its ability to continue as a going concern. These financials statements have, accordingly been prepared on going concern basis. The long term prospects of the Company, however, depend on the expeditious restructuring of the debts by the lenders. The management is hopeful of an early resolution of the matter.

NOTE - 39

The Company has availed the exemption available under Para D13AA of Ind AS - 101 of "First time adoption of Indian Accounting Standards". Accordingly, exchange gains and losses on foreign currency borrowings taken prior to April 1, 2016 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such asset.

The exchange difference to the extent it relates to acquisition of depreciable asset is adjusted to the cost of the depreciable asset and depreciated over the balance life of the asset.

In other cases, the exchange difference is accumulated in a Foreign Currency Monetary Item Translation Difference Account and amortised over the balance period of such long term asset/liability.

Accordingly, during the year the Company;

- has adjusted exchange loss of ₹ 515.34 Lakh [2015-16 ₹ 1,833.05 Lakh] in respect of long term foreign currency monetary items relating to acquisition of depreciable fixed assets to the cost of fixed assets [Refer Note 3a(i)(b)] and ;

NOTE - 40 SEGMENT REPORTING

A. General Information

(a) Factors used to identify the entity's reportable segments, including the basis of organisation

Based on the criterion as mentioned in Ind-As-108-"Operating Segment", the Company has identified its reportable segments, as follows:

- Segment-1 Extractions
- Segment-2, Vanaspati
- Segment-3, Oils
- Segment-4, Food Products
- Segment-5, Wind Power Generation
- Segment-6, Others

Unallocable - All the segments other than segments identified above are collectively included in this segment. The Chief Operating Decision Maker ("CODM") evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and gross profit as the performance indicator for all of the operating segments.

(b) Following are reportable segments

Reportable segment	Description
Extractions	Various types of seed extractions
Vanaspati	Vanaspati, Bakery fats and Table spread
Oils	Crude oils, refined oils
Food Products	Textured Soya protein and Soya flour
Wind Power Generation	Electricity Generation from Wind Mills

(c) Other Segement

Others	Gram, Wheat, Rice, Maize, Corn, Seeds, Coffee, Marine Products, Tuar, Peas, Barley, Soap, Fresh Fruit Bunch, seedling Plant and Equipment, Cotton Bales, Toiletry preparations and Cotton seed oil cake.
--------	--

By products related to each segment have been included under the respective segment.

Extraction is considered as the primary product resulting from the solvent extraction process and crude oil as the secondary product. While computing segment results, all costs related to solvent extraction process are charged to the extraction segment and recovery on account of crude oil is credited to the said segment. Credit for recovery of crude oil is taken on the basis of average monthly market price.

NOTE-45 FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT

A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities if the carrying amount is a reasonable approximation of fair value.

A substantial portion of the Company's long-term debt has been contracted at floating rates of interest, which are reset at short intervals. Accordingly, the carrying value of such long-term debt approximates fair value.

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Financial instruments measured at fair value

Type Valuation technique

Currency Futures	Based on exchange rates listed on NSE/MCX stock exchange
Commodity futures	Based on commodity prices listed on MCX/ NCDX/ACE stock exchange

NOTE-46 FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT

Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- (i) Market risk
 - (a) Currency risk;
 - (b) Interest rate risk;
 - (c) Commodity Risk;
 - (d) Equity Risk;
- (ii) Credit risk ; and
- (iii) Liquidity risk;

Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of risks on its financial performance. The Company's risk management assessment policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management of these policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee are responsible for overseeing these policies and processes.

(i) Market risk

Market risk is the risk of changes in the market prices on account of foreign exchange rates, interest rates and Commodity prices, which shall affect the Company's income or the value of its holdings of its financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising the returns.

(a) Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss account, where any transaction has more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in U.S. dollar and Euro, against the respective functional currencies (INR) of Ruchi Soya Industries Limited.

The Company, as per its risk management policy, uses foreign exchange and other derivative instruments primarily to hedge foreign exchange and interest rate exposure. The Company does not use derivative financial instruments for trading or speculative purposes.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported by the management of the Company is as follows:

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates relates to borrowings from financial institutions. The Company manages its interest rate risk arising from foreign currency floating rate loans by using interest rate swaps as hedges of variability in cash flows attributable to interest rate risk.

For details of the Company's short-term and long term loans and borrowings, Refer Note 13(a), 17 (a) and 17(c) of these financial statements.

Interest rate sensitivity - fixed rate instruments

The Company's fixed rate borrowings Preference Shares issued to Ruchi Infrastructure Limited @ 6% in the year 2010-2011 and Investments into Preference Shares of GHI Energy Private Limited @ 6% in the year 2011-2012 are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

Interest rate sensitivity - variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased /(decreased) equity and profit or loss by amounts shown below. This analysis assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

(c) Commodity risk

The prices of agricultural commodities are subject to wide fluctuations due to unpredictable factors such as weather, government policies, changes in global demand resulting from population growth and changes in standards of living and global production of similar and competitive crops. During its ordinary course of business, the value of the Company's open sales and purchases commitments and inventory of raw material changes continuously in line with movements in the prices of the underlying commodities. To the extent that its open sales and purchases commitments do not match at the end of each business day, the Company is subjected to price fluctuations in the commodities market.

While the Company is exposed to fluctuations in agricultural commodities prices, its policy is to minimise its risks arising from such fluctuations by hedging its sales either through direct purchases of a similar commodity or through futures contracts on the commodity exchanges. The prices on the commodity exchanges are generally quoted up to twelve months forward.

In the course of hedging its sales either through direct purchases or through futures, the Company may also be exposed to the inherent risk associated with trading activities conducted by its personnel. The Company has in place a risk management system to manage such risk exposure.

At the balance sheet date, a 1% increase/decrease of the commodities price indices, with all other variables remaining constant, would result in (decrease)/increase in profit before tax and equity by the amounts as shown below:

	Profit/(loss) March 31, 2017	
	Increase	Decrease
Effect of increase / (decrease) in prices		
Profit before taxes	657.69	(657.69)
Assumptions used for calculation		
Inventory	Commodity price * 1%	
Derivative contract	Rate * 1%	

(d) Equity risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities. The fair value of some of the Company's investments in Fair value through Other Comprehensive Income securities exposes the Company to equity price risks. In general, these securities are not held for trading purposes. These investments are subject to changes in the market price of securities. The fair value of equity securities as of March 31, 2017, was ₹ 1,636.70 Lakh [FY 2015-2016 ₹ 2,367.19 Lakh]. A sensex standard deviation of 5% [FY 2015-2016 6%] would result in change in equity prices of securities held as of March 31, 2017 by ₹ 81.83 Lakh. [FY 2015-2016 ₹ 142.03 Lakh]

(ii) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customer. The Company establishes an allowance for doubtful debts and impairment that represents its estimate on Expected Loss model.

A. Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Notes

to Financial Statement for the Year Ended March 31, 2017

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

Expected Credit Loss assessment for customers as at March 31, 2017, March 31, 2016 and April 1, 2015

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Impaired amounts are based on lifetime expected losses based on the best estimate of the management. Further, management believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk. The impairment loss related to several customers that have defaulted on their payments to the Company and are not expected to be able to pay their outstanding balances, mainly due to economic circumstances.

The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows.

B. Cash and cash equivalents

The Company holds cash and cash equivalents with credit worthy banks and financial institutions of ₹ 8,156.33 Lakh as at March 31, 2017 [FY 2015-2016 ₹ 6,964.92 Lakh and 1 April 2015 is ₹ 5,740.03 Lakh]. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

C. Derivatives

The derivatives are entered into with credit worthy banks and financial institution on counterparties. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

D. Investments

The Company limits its exposure to credit risk by generally investing in liquid securities and only with counter-parties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties apart from those already given in financials, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company has obtained fund and non-fund based working capital lines from various banks. The Company also constantly monitors various funding options available in the debt and capital markets with a view to maintaining financial flexibility.

As of March 31, 2017, the Company has working capital of ₹ (4,26,627.15 Lakh) [March 31, 2016 ₹ (2,56,078.44 Lakh) and April 1, 2015 ₹ (1,20,751.82 Lakh)] including cash and cash equivalents of ₹ 8,156.33 Lakh [March 31, 2016 ₹ 6,964.92 Lakh and April 1, 2015 ₹ 5,740.03 Lakh] investments in term deposits (i.e., bank certificates of deposit having original maturities of more than 3 months and less than 12 months) of ₹ 6,199.65 Lakh [March 31, 2016 ₹ 7,138.31 Lakh and April 1, 2015 ₹ 46,211.90 Lakh] and investments designated as FVOCI of ₹ 1,642.71 Lakh [March 31, 2016 ₹ 2,373.20 Lakh and April 1, 2015 ₹ 2,732.06 Lakh].

NOTE - 47**Capital Management**

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The Company monitors capital using a ratio of 'adjusted net debt' to 'total equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings and obligations under finance leases, less cash and cash equivalents. Equity comprises of Equity share capital and other equity.

The Company's policy is to keep the ratio below **2.00**. The Company's adjusted net debt to adjusted equity ratio was as follows.

NOTE-48 TRANSITION TO IND AS:

For the purposes of reporting as set out in Note 1 and 2, we have transitioned our basis of accounting from Indian generally accepted accounting principles ("IGAAP") to Ind AS. The accounting policies set out in Note 1 and 2 have been applied in preparing the financial statements for the year ended March 31, 2017. The comparative information presented in these financial statements for the year ended March 31, 2016 and in the preparation of an opening Ind AS balance sheet at April 1, 2015 (the "transition date"). In preparing our opening Ind AS balance sheet, we have made certain adjustments to amounts reported in financial statements prepared in accordance with IGAAP. An explanation of how the transition from IGAAP to Ind AS has affected our financial position and performance is set out in the following tables. On transition, we did not revise estimates previously made under IGAAP except where required by Ind AS.

A. EXEMPTIONS AND EXCEPTIONS AVAILABLE

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from Indian GAAP to Ind AS :

I. Ind AS Exemptions :

- (i) **Fair valuation of government loans:** The Company has applied the exemption available under Ind AS-101 for not measuring interest free sales tax deferral loan, existing on the date of transition (April 1, 2015), at fair value and the corresponding benefit as a government grant.
- (ii) **Business combination:** The Company has applied the exemption as provided in Ind AS-101 for non-application of Ind AS 103, "Business Combinations" to business combinations consummated prior to the date of transition (April 1, 2015).
- (iii) **Share-based payment:** The Company has elected to apply the share based payment exemption available under Ind AS 101 for application of Ind AS 102, "Share Based Payment", to grants which remain unvested on April 1, 2015 and to grants made after April 1, 2015.
- (iv) **Property, Plant and Equipment:** On Transition to Ind AS as on April 1, 2015 the Company has elected to measure its a) Tangible assets- Freehold Land, Building and Plant and Equipments and b) Intangible assets-Acquired Trademarks/ Brands at Fair value, for other assets elected to measure the same at cost as per Ind AS, if any. The same are considered as Deemed cost of such Plant, property and Equipment.
- (v) **Long Term Foreign Currency Monetary Items:** The Company has elected to avail the exemption available under Ind AS 101, to continue to adjust the exchange differences arising on translation of long term foreign currency monetary items outstanding as on the date of transition, to the cost of depreciable assets to the extent it relates to their acquisition and in other cases to charge the same to profit and loss account over the term of the long term foreign currency monetary items and to accumulate the unamortised portion in foreign currency monetary item difference account.
- (vi) **Derecognition of financial assets and financial liabilities:** The Company has opted to apply the exemption available under Ind AS 101 to apply the derecognition criteria of Ind AS 109 prospectively for the transactions occurring on or after the date of transition to Ind AS.
- (vii) **Business Development Reserve:** In an earlier year, the Hon'ble High Court of judicature of Mumbai, had approved u/ s. 391-394 of then applicable Companies Act the Scheme of Amalgamation and Arrangement of 'Mac Oil Palm Limited' with Ruchi Soya Industries Limited and its shareholders, which was effective from April 1, 2009. Pursuant to the Scheme, the Company had, in an earlier year, created Business Development Reserve from the balance standing to the credit of General Reserve & Securities Premium Account. In terms of the Scheme, as and when deemed fit by the Board, the said Business Development Reserve is available for adjusting various expenses, including advertisement, sales promotion, development of brands, research and development activities, provision / write off of doubtful debtors/current assets/ loans and advances, additional depreciation necessitated by revaluation of fixed assets and expenses of amalgamation including expenses of the Transferor Company i.e. Mac Oil Palm Limited, incurred on or after 1st April 2009, after adjusting for any tax effects, both current and deferred tax thereon. As the law would continue to override accounting standards, continuation of accounting treatment as prescribed by court approved schemes before transition date exemption shall continue under Ind AS.

II. Ind AS mandatory exceptions

Estimates : The Company estimates in accordance with Ind ASs at the date of transition to Ind AS are consistent with estimates made for the same date in accordance with previous GAAP.

C. NOTES ON FIRST TIME ADOPTION:

1 Property, Plant & Equipment

As on the transition date to Ind AS i.e. April 1, 2015 the Company has elected to measure its Tangible assets - Freehold Land, Building and Plant and Equipments and Intangible assets - Aquired Trademarks/Brands at Fair Value, for other assets Company elected to measure the same at cost as per Ind AS. The same are considered as Deemed cost.

2 (a) Investment in Other than subsidiary, associates and Joint Venture [Refer note 5a E(i) b]

(b) Investment in subsidiary, associates and Joint Venture [Refer note 5a E(i) a]

(c) Investments in Mutual funds

The same are measured at FVTPL. As on transition date i.e April 1, 2015 the same are adjusted to retained earnings, subsequent gains /losses are charged to profit and loss account.

3 Leasehold land

The Company has certain lease hold land with a tenure ranging between 10 to 30 years under Ind-AS land is treated as finance lease if the lease term is over several decades or the present value of minimum lease payments is substantially equal to the fair value of land. Since the above condition is not satisfied, lease arrangements in the range of 10 to 30 years the date of investment to the date of transition have been classified as operating leases as against the current practice of capitalizing them as leasehold land. Consequently, leasehold land has been de-recognised and prepaid lease rental have been recognised.

4 Biological asset and Stock in trade

The Company has measured the biological assets and stock in trade at Fair Value.

5 Trade receivables

The Company measures recovery of debtors on Expected Credit Loss Model.[Refer Note 46(ii)]. The Company has allowed some customers an extended credit period, the same are recognised at its present value, the corresponding difference between the present value and carrying amount is recognised in retained earnings as on transition date i.e April 1, 2015. The unwinding of discount on account of above upto the date of transition is also recognised in retained earnings. Subsequent unwinding is recognised in statement of profit and loss account.

6 Reversal of premium amortised on forward contracts.

As per previous Indian GAAP, the premium paid on forward contract was amortised over the a period of the contract. The said accounting treatment is not required under Ind AS. Hence, the same are now recorded as per requirements of Ind AS and the premium amortised earlier under Indian GAAP are reversed with corresponding amount recognised in retained earnings.

7 (a) Open purchase and sale contracts

As per requirment of Ind AS, specified Open purchase and sales contract outstanding as on the balance sheet date are Fair Valued.

(b) Currency Forward contracts

The Company has Fair Valued the Currency forward contracts on date of transition with a corresponding amount recognised in retained earnings as on transition date i.e April 1, 2015.

8 Share based payments

Under Indian GAAP, the Company recognised only the intrinsic value for the long-term incentive plan as an expense. Ind-AS requires the Fair Value of the share options to be determined using an appropriate pricing model recognised over the vesting period. Accordingly, the difference between the intrinsic value method and Fair Value method has been recognised in retained earnings.

9 Amortisation of loan processing fees

The Company has incurred transaction/ processing costs on its borrowings. The said transaction/ processing costs is amortised over the period of loan. The same has been reduced from the borrowing on the date of initial recognition and amortised using effective interest rate method. As a result the long term borrowing has been reduced with a corresponding gain being recognised in retained earnings.

10 Deferred Tax

The Company has recognised deferred tax as per requirements of Ind AS -12 on "Income taxes" and recognised a deferred tax liability arising on account of the Ind AS adjustments as on April 1, 2015 to retained earnings.

Notes

to Financial Statement for the Year Ended March 31, 2017

11 Corporate guarantees issued

The Company has provided guarantees to Banks on behalf of the other companies. These financial guarantees have been measured at fair value on the date of Initial recognition with corresponding amount being recognised as unamortised guarantee commission. The same has been amortised over the term of the guarantee on a straight line basis.

12 Proposed Dividend

Under Indian GAAP, proposed dividends are recognised as a liability in the period to which they relate, irrespective of when they are declared. Under Ind-AS, a proposed dividend is recognised as a liability in the period in which it is declared by the Company (usually when approved by shareholders in a general meeting); In the case of the Company, the declaration of dividend occurs after period end. Therefore, the liability recorded for this dividend as on the date of transition as well as tax relating to it has been derecognised.

13 Excise Duty

Under Indian GAAP, the Company used to present Revenue net off excise duty. The incidence of excise duty is on manufacture and not on sales since manufacturer is the primary obligor for the payment of excise duty. Management collects excise duty from its customers in the capacity as principal and not as an agent. As a result, excise duty recovered from customers would form part of revenue, with an corresponding equal amount charged to the statement of Profit and loss.

14 Employee benefits

Both under Indian GAAP and Ind-AS, the Company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit and loss. Under Ind-AS, remeasurements of defined benefits plans are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI.

15 Bills of exchanges discounted with recourse terms

The Company had certain debtors which it discounts with the bank. The discounting of such debtors is done with recourse option. As per Ind AS, the risks and rewards have not been completely transferred to the bank as a result of the discounting. Hence, the Company has recognised the debtor as well as a secured loan in the financial statements in this regards.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the matters specified in Section 134(5) Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Ind AS Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including Other Comprehensive Income, consolidated cash flows and the consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with relevant rules issued thereunder.

The respective Board of Directors of the Companies included in the Group, the governing body of the jointly controlled entity and Trustee of the trust where the Holding Company is a beneficiary are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these Consolidated Ind AS Financial Statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Ind AS Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the Consolidated Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors as well as evaluating the overall presentation of the Consolidated Ind AS Financial Statements.

We believe that the audit evidence we have obtained by us and other auditors in terms of report that are sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS Financial Statements.

BASIS FOR QUALIFIED OPINION

Attention is drawn to 8c (a) and 17a(H) relating to the non-receipt of confirmations in respect of bank balances aggregating to debit balance of ₹ 1,221.23 lakh and credit balance of ₹ 61,421.93 lakh. In the absence of confirmations, the variation, if any, between the amounts of bank balances, interest and other costs recorded by the Holding Company and the amounts as per the records of the banks cannot be ascertained.

DISCLAIMER OF OPINION

In respect of one of the subsidiaries [whose accounts have been audited by other auditors and reflect total assets of ₹ (22,994.05) lakh as at March 31, 2017, total revenue of ₹ (10,706.93) lakh and net outflow of ₹ 107.58 lakh for the year ended on that date, the auditors have expressed a disclaimer relating to balances of trade receivables, advance from customer, trade payables and loans and advances (amounts not quantified) which are subject to confirmation / reconciliation and subsequent adjustments, if any.

QUALIFIED OPINION

Except as stated in the 'Basis for Qualified Opinion' paragraph and 'Basis for Disclaimer of Opinion' paragraph, in our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2017, its Consolidated Loss, Consolidated Total Comprehensive Performance, its Consolidated Cash Flows and Consolidated Statement of Changes in Equity for the year ended on that date.

EMPHASIS OF MATTER

Without qualifying our opinion, attention is drawn to:-

- a. Note 36 relating to the preparation of the Consolidated Ind AS Financial Statements on a going concern basis. The matters as set forth in Note 36 indicate the existence of material uncertainty about the Company's ability to continue as a going concern. However, as stated in the said Note, in view of the various steps initiated by the Company, future outlook as assessed by the management and the business plans of the Company, the Consolidated Ind AS Financial Statements have been prepared on a going concern basis.
- b. In respect of two of the subsidiaries and two step down subsidiaries [whose accounts have been audited by other auditors and reflect total assets of ₹ (23,115.05) lakh as at March 31, 2017, total revenue of ₹ (10,634.99) lakh and net cash outflow of ₹ 241.64 lakh for the year ended on that date], the respective auditors have expressed a concern over the ability of the respective companies to continue as a going concern. We have relied on the financial statements audited by these auditors which have been prepared as a going concern.
- c. Note 12M(v) relating to the Scheme of Amalgamation and Arrangement between Mac Oil Palm Limited and the Holding Company and their respective shareholders sanctioned by the Hon'ble High Court of Judicature at Mumbai in an earlier year, pursuant to which, an amount of ₹ 19,264.77 lakh has been debited to Business Development Reserve.

Had the Scheme approved by the Hon'ble High Court not prescribed the accounting treatment, the accumulated balance in the General Reserve and Securities Premium account as at March 31, 2017 would have been higher by ₹ 5,193.54 lakh and ₹ 23,842.30 lakh respectively, loss for the year would have been higher by ₹ 19,264.77 lakh, the accumulated balance in Retained Earnings as at March 31, 2017 would have been lower by ₹ 43,640.39 lakh, the balance in Revaluation Reserve would have been higher by ₹ 14,665.23 lakh and the balance in Business Development Reserve would have been ₹ Nil.

However, the aggregate balance in Reserves and Surplus as at March 31, 2017 would have remained the same.

OTHER MATTERS

- (a) We did not audit the Standalone Ind AS Financial Statements of three subsidiaries, five step down subsidiaries, and three jointly controlled entities, whose financial statements reflect total assets of ₹ (12,668.51) lakh as at March 31, 2017, total revenue of ₹ (17,287.32) lakh and net cash outflow of ₹ 541.24 lakh for the year ended on that date, as considered in the Consolidated Ind AS Financial Statements. These Standalone Ind AS Financial Statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion, in so far as it relates to the amounts and disclosures included in respect of these entities in the Group, is based solely on the reports of their auditors.
- (b) The Consolidated Ind AS Financial Statement includes financial information in respect of one step down subsidiary company, which is unaudited and the said financial information has been certified by the management. The said financial information reflects total assets (net) of ₹ 3,903.63 lakh as at March 31, 2017 and total revenue for the year ₹ (570.21) lakh and net cash outflow amounting to ₹ 14,997.23 lakh for the year then ended.
- (c) Some of these subsidiaries / step down subsidiaries are located outside India, whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Company's management has converted the financial statements of such subsidiaries / step down subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries/step down subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Company and audited by us.
- (d) During the year, the Company has divested its investments in Ruchi Kagome Foods India Pvt. Ltd. an associate. In the absence of information being available, accounting in respect of the said associate till the date it ceased to an associate has not been made.
- (e) We did not audit the financial statements of two branches included in the Standalone Ind AS Financial Statements of the Holding Company which reflect total assets of ₹ 47,465.11 lakh as at March 31, 2017 and total revenues from operations of ₹ 3,578.17 lakh for the year ended on

that date and net cash outflows of ₹ 93.96 lakh. The financial statements of these branches have been audited by the branch auditors whose reports have been furnished to us and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the report of the branch auditors.

Our opinion is not modified in respect of this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

A. As required by Section 143(3) of the Act, based on our audit and the other financial information of subsidiaries, associates and joint venture companies incorporated in India, referred in the Other Matters paragraph above we report, to the extent applicable, that,

- a) We have sought and, except for the matters described in the Basis for Qualified Opinion paragraph and Disclaimer of Opinion paragraph, have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) Except for the possible effects of the matters described in the Basis of Qualified Opinion paragraph and Disclaimer of Opinion paragraph above, in our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from the branches not visited by us.
- c) The reports on the accounts of the branch offices of the Holding Company audited under Section 143(8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report.
- d) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account and with the returns received from the branches of Holding Company not visited by us.
- e) Except for the possible effects of the matters as described in the Basis of Qualified opinion paragraph, in our opinion, the aforesaid Consolidated Ind AS Financial Statements comply with the Accounting Standards prescribed under Section 133 of the Act read with relevant Rule issued thereunder.
- f) The matters described in paragraph above on the Basis of Qualified Opinion and Disclaimer of Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Group.

- g) On the basis of the written representations received from the directors as on March 31, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164(2) of the Act.
- h) With respect to the adequacy of the internal financial control over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group has disclosed the impact of pending litigations on its financial position in its Consolidated Ind AS Financial Statements – Refer Note 34 relating to Contingent Liabilities and Commitments;
 - ii. The Group has made provision as required under applicable law or accounting standard, for foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.
 - iv. The Company has provided requisite disclosures in the Consolidated Ind AS Financial Statements as regards to its holdings and dealings in the Specified Bank Notes (as defined in the Notification S.O. 3407(E) dated November 8, 2016 of the Ministry of Finance) during the period from November 8, 2016 to December 30, 2016. In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of **RUCHI SOYA INDUSTRIES LIMITED** (hereinafter referred to as “the Holding Company”) and its subsidiary companies, its associate companies and joint ventures, which are companies incorporated in India, as of that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding Company, its subsidiary companies, its associate companies and joint ventures, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI).

These responsibilities include financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiary companies, its associate companies and its joint ventures, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that

a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors of the subsidiary companies, associates companies and joint ventures, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company, its subsidiary companies, its associate companies and its joint ventures, which are companies incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

According to the information and explanations given to us and based on the audit of test of controls, except for strengthening of documentation of policies regarding delegation of authority & access rights to financial records and process for archival of records & periodic review, which we are informed is in process and expected to be put in place by accounting year ending March 31, 2018, in our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

OTHER MATTERS

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to subsidiary companies and joint ventures, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matters.

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

NOTE 1-2

1 CORPORATE INFORMATION

Ruchi Soya Industries Limited (‘the Company’) is a Public Limited Company. The Company and its subsidiaries collectively referred as “the Group” engaged primarily in the business of processing of oil-seeds and refining of crude oil for edible use. The consolidated financial statements as at March 31, 2017 presents the financial position of the Group as well as its interest in associate companies and joint arrangements. The Group also produces oil meal, food products from soya and value added products from downstream and upstream processing. The Group is also engaged in trading in various products and generation of power from wind energy. The Group has manufacturing plants across India and is listed on the Bombay Stock Exchange Limited (BSE) and National Stock Exchange of India Limited (NSE).

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PREPARATION

a Statement of Compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Group has adopted Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2016. The transition from previous GAAP to Ind AS has been accounted for in accordance with the Ind AS 101 “First Time Adoption of Indian Accounting Standards”, with April 1, 2015 being the transition date.

In accordance with the Ind AS 101 “First time adoption of Indian Accounting Standard”, the Group has presented a reconciliation [from the presentation of consolidated financial statements under accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (“Previous GAAP”) to Ind AS] of total equity as at April 1, 2015, March 31, 2016 and Statement of Profit and Loss for the year ended March 31, 2016. [Refer Note 48]

b Functional and presentation currency

These Consolidated financial statements are presented in Indian rupees (₹), which is the Group’s functional currency. All amounts have been rounded to the nearest lakh, unless otherwise indicated. [10 Lakh=1Million]

c Basis of Measurement

These consolidated financial statements have been prepared on a historical cost convention basis, except for the following:

- (i) Certain financial assets and liabilities that are measured at Fair Value.
- (ii) Assets held for sale- Measured at the lower of (a) carrying amount and (b) Fair Value less cost to sell.
- (iii) Net defined benefit plans- Plan assets measured at Fair Value less present value of defined benefit obligation.

Determining the Fair Value

While measuring the Fair Value of an asset or a liability, the Group uses observable market data as far as possible. Fair Values are categorised into different levels in a Fair Value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the Fair Value of an asset or a liability fall into different levels of the Fair Value hierarchy, then the Fair Value measurement is categorised in its entirety in the same level of the Fair Value hierarchy as the lowest level input that is significant to the entire measurement.

d Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Group. It also includes the Group’s share of profits, net assets and retained post acquisition reserves of joint arrangements and associates that are consolidated using the equity or proportionate method of consolidation, as applicable.

Control over an entity in the Group is achieved when the Group is exposed to, or has rights to the variable returns of the entity and ability to affect those returns through its power over the entity.

The results of subsidiaries, joint arrangements and associates acquired or disposed off during the year are included in the consolidated statement of profit and loss from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Wherever necessary, adjustments are made to the financial statements of subsidiaries, joint

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

arrangements and associates to bring their accounting policies in line with those used by other members of the Group.

Intra-group transactions, balances, income and expenses are eliminated on consolidation.

Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the Group's equity. The interest of non-controlling shareholder's may be initially measured either at Fair Value or at the non-controlling interests proportionate share of the Fair Value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequently to acquisition, the carrying value of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interests having deficit balance.

e Investment in associates

Associates are those enterprises in which the group has significant influence, but does not have control.

Investment in associates are accounted for using the equity method and are initially recognised at cost, from the date significant influence commences until the date that significant influence ceases. Subsequent changes in the carrying value reflect the post-acquisition changes in the Group's share of net assets of the associate and impairment charges, if any.

When the Group's share of losses exceeds the carrying value of the associate, the carrying value is reduced to nil and recognition further losses is discounted, except to the extent that the Group has incurred obligations in respect of the associates.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates, unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred and where material, the results of associates are modified to confirm to the Group's accounting policies.

f Interest in joint arrangements

A joint arrangements is a contractual arrangement whereby the Group and other parties undertake an economic activity where the strategic financial and operating policy decisions relating to the activities of the joint arrangement require the unanimous consent of the parties sharing control.

Where Group entity undertakes its activities under joint arrangements directly, the Group's share of jointly controlled assets and any liabilities incurred jointly with other parties are recognised in its financial statements and classified according to their nature. Liabilities and expenses incurred directly in respect of interests in jointly controlled assets are accounted for on the accrual basis. Income from the sale or use of the Group's share of the output of jointly controlled assets, and its share of joint arrangements expenses, are recognised when it is probable that the economic benefits associated with the transactions will flow to the Group and their amount can be measured reliably.

Joint arrangements that involve the establishment of a separate entity in which each venturer has an interest are referred to as joint ventures. The Group reports its interests in joint ventures using the equity method of accounting whereby an interest in joint venture is initially recorded at cost and adjusted thereafter for post-acquisition changes in the Group's share of net assets of joint venture. The consolidated statement of profit and loss reflects the Group's share of the results of operations of the joint venture.

Unrealised gains on transactions between the Company and its joint venture are eliminated to the extent of the Group's interest in the joint venture, unrealised losses are also eliminated unless the transactions provides evidence of an impairment of the asset transferred and where material, the results of joint ventures are modified to confirm to the Group's accounting policies.

g Use of Estimates and Judgement

The preparation of Consolidated financial statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates are known or materialised. The most significant estimates and assumptions are described below:

(i) Judgements

Information about judgements made in applying accounting policies that have the significant effect on amounts recognised in the financial statement are as below:

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

- Leases identification- Whether an agreement contains a lease.
- Classification of lease - Whether Operating or Finance

(ii) Assumptions and Estimations

Information about assumption and estimation uncertainties that have significant risk of resulting in a material adjustment are as below:

1 Impairment test of non financial assets

For the purpose of assessing recoverability of non-financial assets, assets are grouped at the lower levels for which there are individually identifiable cash flows (Cash Generating Units).

2 Allowance for bad debts

The Management makes estimates related to the recoverability of receivables, whose book values are adjusted through an allowance for Expected losses. Management specifically analyzes accounts receivable, customers' creditworthiness, current economic trends and changes in customer's collection terms when assessing the adequate allowance for Expected losses, which are estimated over the lifetime of the debts.

3 Recognition and measurement of Provisions and Contingencies

The Group's Management estimates key assumptions about the likelihood and magnitude of an outflow of resources based on available information and the assumptions and methods deemed appropriate. Wherever required, these estimates are prepared with the assistance of legal counsel. As and when additional information becomes available to the Group, estimates are revised and adjusted periodically.

4 Recognition of Deferred Tax Assets

The Management makes estimates as regards to availability of future taxable profits against which unabsorbed depreciation/ tax losses carried forward can be used.

5 Measurements of Defined benefit obligations

The measurements are based on key actuarial assumptions.

(B) SIGNIFICANT ACCOUNTING POLICIES

a PROPERTY, PLANT AND EQUIPMENT:

(i) Recognition and measurement

Property, Plant and Equipment are measured at cost (which includes capitalised borrowing costs) less accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of Property, Plant and Equipment comprises:

- a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.
- c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of Property, Plant and Equipment have different useful lives, then they are accounted for as separate items (major components) of Property, Plant and Equipment and depreciated accordingly.

Any gain or loss on disposal of an item of Property, Plant and Equipment is recognised in Statement of profit or loss.

(ii) Transition to Ind AS

On transition to Ind AS as on April 1, 2015 the Group has elected to measure certain items of Property, Plant and Equipment [Freehold Land, Building and Plant and Equipments] at Fair Value. For other Property, Plant and Equipment these are measure at cost as per Ind AS.

(iii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

(iv) Depreciation, Estimated useful life and Estimated residual value

Depreciation is calculated using the Straight Line Method, pro rata to the period of use, taking into account useful lives and residual value of the assets. The useful life of assets & the estimated residual value, which are different from those prescribed

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

under Schedule II to the Companies Act, 2013, are based on technical advice as under:

Assets	Estimated useful lives	Estimated Residual Value
Building	3 to 84 years	5 Percent
Plant & Equipments	6 to 46 years	5 to 27 percent
Windmills	30 years	19 percent
Furniture and Fixtures	5 to 10 years	As per Schedule II
Motor Vehicles	7 to 8 years	As per Schedule II

Depreciation is computed with reference to cost/ Fair Value. The assets residual value and useful life are reviewed and adjusted, if appropriate, at the end of each reporting period. Gains and losses on disposal are determined by comparing proceeds with carrying amounts. These are included in the statement of Profit and Loss.

b INTANGIBLE ASSETS

(i) Recognition and measurement

Computer softwares have finite useful lives and are measured at cost less accumulated amortisation and any accumulated impairment losses. As on transition date i.e. April 1, 2015 the same are measured at cost as per Ind AS.

Acquired brands / Trademarks have indefinite useful life and as on transition date April 1, 2015 have been Fair Valued based on reports of Expert valuer. The same are tested for impairment, if any, at the end of each accounting period.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, when incurred is recognised in statement of profit or loss.

(iii) Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives and is generally recognised in statement of profit or loss. Computer software are amortised over their estimated useful life or 5 years, whichever is lower.

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted, if required.

c FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial

instruments also include derivative contracts such as foreign currency foreign exchange forward contracts, interest rate swaps and currency options.

(i) Financial assets

Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at Fair Value Through Other Comprehensive Income- [FVTOCI], or Fair Value Through Profit and Loss- [FVTPL] and
- those measured at Amortised Cost. [AC]

In case of investments

In Equity instruments

For other than Subsidiary, Associate Joint Ventures Investments are Measured at FVTOCI.

In Mutual fund

Measured at Fair Value through Profit and Loss (FVTPL).

Guarantee Commission

Guarantees extended to subsidiaries, associates and Joint ventures are Fair Valued.

Debt instruments

The Group measures the debts instruments at Amortised Cost. Assets that are held for collection of contractual cash flows where those cash flows represent solely payment of principal and interest [SPPI] are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of the hedging relationship, is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the Effective interest rate method.

Derecognition of financial assets

A financial asset is derecognised only when:

- The Group has transferred the rights to receive cash flows from financial asset, or
- Retains the contractual rights to receive the cash flows of the financial assets, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset and has transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised. Where the Group has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

Where the Group has neither transferred an financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained the control of the financial asset. Where the Group retains the control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Impairment of financial assets

In accordance with Ind-AS 109, the Group applies Expected Credit Loss (ECL) Model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables.

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

- For recognition of impairment loss on other financial assets and risk exposure, the Group determines whether there has been a significant increase in the credit risk since initial recognition. Expected Credit Loss Model is used to provide for impairment loss.

(ii) Financial liabilities

Classification

The Group classifies its financial liabilities in the following measurement categories:

- those to be measured subsequently at Fair Value Through Profit and Loss-[FVTPL]; and
- those measured at Amortised Cost. [AC]

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL or at AC.

All financial liabilities are recognised initially at Fair Value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities designated upon initial recognition as at Fair Value Through Profit or Loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at Fair Value Through Profit or Loss are designated at the initial date of recognition, only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, Fair Value gains/losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not subsequently transferred to statement of profit or loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in Fair Value of such liability are recognised in the statement of profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to interest-bearing loans and borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

Derivative financial instruments

The Entity uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts to hedge its foreign currency risks, interest rate risks and commodity price risks respectively. Such derivative financial instruments are initially recognised at Fair Value on the date on which a derivative contract is entered into and are subsequently re-measured at Fair Value. Derivatives are carried as financial assets when the Fair Value is positive and as financial liabilities when the Fair Value is negative.

d INVENTORIES

Inventories are measured at the lower of cost and net realisable value after providing for obsolescence, if any, except for Stock-in-Trade which are measured at Fair Value and Realisable by-products which are measured at net realisable value. The cost of inventories is determined using the weighted average method and includes expenditure incurred in acquiring inventories, production or conversion and other costs incurred in bringing them to their respective present location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity. The comparison of cost and Net Realisable value is made on an item by item basis.

Net realisable value is estimated selling price in the ordinary course of business, less estimated cost

of completion and the estimated costs necessary to make the sale. The net realisable value of work in progress is determined with reference to selling prices of finished products.

e TRADE RECEIVABLES

Trade receivable are recognised initially at Fair Value and subsequently measured at Amortised Cost [AC] using the effective interest method less provision for impairment. As per Ind AS 109 the Group has applied Expected Credit Loss Model for recognising the allowance for doubtful debts.

f CASH AND CASH EQUIVALENT

For the purpose of presentation in the statement of the cash flows, cash and cash equivalent includes the cash on hand, deposits held at call with financial institutions other short term, highly liquid investments with original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

g CONTRIBUTED EQUITY

Equity shares are classified as equity. Incidental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

I Dividends

Provision is made for the amount of any dividend declared, in the year in which it is approved by shareholders.

II Earnings per share

(i) Basic earnings per share

Basic earnings per shares is calculated by dividing Profit/(Loss) attributable to equity holders (adjusted for amounts directly charged to Reserves) before/after Exceptional Items (net of tax) by Weighted average number of Equity shares, (excluding treasury shares).

(ii) Diluted earnings per share

Diluted earnings per shares is calculated by dividing Profit/(Loss) attributable to equity holders (adjusted for amounts directly charged to Reserves) before/after Exceptional Items (net of tax) by Weighted average number of Equity shares (excluding treasury shares) considered for basic earning per shares including dilutive potential Equity shares.

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

h BORROWINGS

Borrowings are initially recognised at Fair Value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of borrowings using the effective interest method. Processing/Upfront fee are treated as prepaid asset and netted off from borrowings. The same is amortised over the period of the facility to which it relates.

Preference shares are classified as liabilities. The dividends on these preference shares, if approved, by shareholders in the forthcoming Annual General Meeting, are recognised in profit or loss as finance costs, in the year when approved.

Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred to another party and the consideration paid including any non cash assets transferred or liability assumed, is recognised in Statement of profit or loss as other gains or (losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer the settlement of liabilities for atleast twelve months after the reporting period.

Where there is a breach of a material provision of a long term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the same is classified as current unless the lender agreed, after the reporting period and before the approval of financial statements for issue, not to demand payment as a consequence of the breach.

i TRADE AND OTHER PAYABLES

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid at the period end. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their Fair Value and subsequently measured at amortised cost using the effective interest method.

j FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currencies are translated into the functional currencies of the Group at the

exchange rate prevailing at the date of the transactions. Monetary assets (other than investments in companies registered outside India) and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date.

Investments in companies registered outside India are converted at rate prevailing at the date of acquisition. Non-monetary assets and liabilities that are measured at Fair Value in a foreign currency are translated into the functional currency at the exchange rate when the Fair Value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are not translated.

Difference on account of changes in foreign currency are generally charged to the statement of profit & loss except the following:

The Holding Company and one of the subsidiary Company has availed the exemption available under Para D13AA of Ind AS - 101 of "First time adoption of Indian Accounting Standards". Accordingly, exchange gains and losses on foreign currency borrowings taken prior to April 1, 2016 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such asset.

The consolidated financial statements of the Group are presented in (₹), which is the functional currency of the Company and the presentation currency for the consolidated financial statements.

In preparing the consolidated financial statements, transactions in currencies other than the entity's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at the end of the reporting period. Non-monetary items carried at Fair Value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the Fair Value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on translation of long term foreign currency monetary items recognised in the consolidated financial statements before the beginning of the first Ind As financial reporting period in respect of which the Group has elected to recognise such exchange differences in equity or as part of cost of assets as allowed under Ind

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

As 101- "First time adoption of Indian Accounting Standard" are recognised directly in equity or added/deducted to/ from the cost of assets as the case may be, Such exchange differences recognised in equity or as part of cost of assets is recognised in the consolidated financial statement of profit and loss on a systematic basis.

Exchange differences arising on the retranslation or settlement of other monetary items are included in the consolidated statement of profit and loss for the period.

For the purpose of presenting financial statements, the assets and liabilities of the Group's foreign operations are expressed in 'using exchange rates prevailing at the end of reporting period. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in a separate component of equity. On the disposal of a foreign operation, all of the accumulated exchange differences in respect of that operation attributable to the Group are reclassified to the consolidated statement of profit and loss.

k REVENUE

(i) Sale of goods

Revenue is recognised when the significant risk and rewards of the ownership have been transferred to the buyer, recovery of consideration is probable, the associated cost and possible return of goods can be measured reliably, there is no continuing effective control/managerial involvement in respect of the goods, and the amount of revenue can be measured reliably.

Revenue from sale of goods in the course of ordinary activities is measured at the Fair Value of the consideration received or receivables net of returns, trade discount, volume rebates and taxes and duties on behalf of government. This inter alia involves discounting of the consideration due to the present value if the payment extends beyond normal credit terms.

The timing of the transfer of control varies depending on the individual terms of the sale.

Income from sale of power is recognised on the basis of units wheeled during the period. Income from carbon credits are recognised on credit of Carbon Emission Reduction (CER) by the approving authority in the manner in which it is unconditionally available to the generating Company.

(ii) Sale of Services

Revenue from services is recognised when agreed contractual task has been completed.

(iii) Other Income

- a) Dividend income is recognised when right to receive dividend is established.
- b) Interest and other income are recognised on accrual basis on time proportion basis and measured at effective interest rate.

1 GOVERNMENT GRANTS

- (i) Grants from the Government are recognised at their Fair Value where there is an reasonable assurance that the grant will be received and the Company will comply with all the attached conditions.
- (ii) Government grant relating to purchase of Property, Plant and Equipment are included in "Other current/ non-current liabilities" as Government Grant - Deferred Income and are credited to Profit or loss on a straight line basis over the expected life of the related asset and presented within "Other Operating revenue".

m EMPLOYEE BENEFITS

(i) During Employment benefits

(a) Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(b) Share-based payment transactions

Equity settled share based payments to employees and others providing similar services are measured at the Fair Value of the equity instruments at the grant date. Details regarding equity settled share based transactions are set out in Note 12 M(ii).

The Fair Value determined at the grant date of the equity-settled share based payments is expensed on a straight line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

the end of each reporting period, the company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimate, if any, is recognised in Statement of profit and loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Based Payments Reserves.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

TRANSITION PROVISIONS

The Group has elected not to apply Ind AS 102 to options that vested prior to April 1, 2015.

(ii) Post Employment benefits

(a) Defined contribution plans

A defined contribution plan is a post employment benefit plan under which a Group pays fixed contribution into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group makes specified monthly contributions towards government administered Provident Fund scheme.

Obligations for contributions to defined contribution plans are expensed as the related service is provided. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

(b) Defined benefit plans

The Group pays gratuity to the employees who have completed five years of service with the Group at the time when employee leaves the Group. The gratuity is paid as per the provisions of Payment of Gratuity Act, 1972.

The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the periods during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post employment are charged to

Other Comprehensive Income.

(c) Termination benefits

Termination benefits are payable when employment is terminated by the Group before the normal retirement date or when an employee accepts voluntary redundancy in exchange for these benefits. In case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than twelve months after the end of reporting period are discounted to the present value.

n INCOME TAX

Income tax expense comprises current and deferred tax. Tax is recognised in statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or in equity. In such cases, the tax is also recognised in the other comprehensive income or in equity.

(i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or subsequently enacted at the Balance sheet date.

Current tax assets and liabilities are offset only if, the Group:

- has a legally enforceable right to set off the recognised amounts; and
- intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have enacted or subsequently enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period. Deferred tax is recognised to the extent that it is probable that future taxable profit will be available against which they can be used.

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

o BORROWING COSTS

General and specific Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is ready for its intended use or sale. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalisation. All other borrowing costs are charged to the statement of profit and loss for the period for which they are incurred.

p LEASES

(i) Determining whether an arrangement contains a lease

At inception of an arrangement, the Group determines whether the arrangement is or contains a lease.

As a lessee

Leases of Property, Plant and Equipment where the Group, as lessee, has substantially all the risks and rewards of the ownership are classified as finance leases. Finance lease payments are capitalised at the lower of lease's inception at the Fair Value of the lease property and the present value of minimum lease payments. The corresponding rental obligations, if any, net of finance charges are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and the finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce

a constant periodic rate of; Interest on the remaining balance of liability for each period.

Leases in which a significant portion of risk and rewards of ownership are not transferred to the Group as a lessee are classified as operating lease. Payments made under operating leases are charged to Profit and Loss on a straight line basis over the period of lease except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

As a lessor

Lease Income from operating leases where the Group is a lessor is recognised as income on a straight line basis over the lease term unless the receipts are structured to increase in line with the expected general inflation to compensate for the expected inflationary cost increases.

q Non-Current assets held for sale:

Non Current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable. They are measured at lower of their (a.) carrying amount and (b.) Fair Value less cost to sell. Non current assets are not depreciated or amortised when they are classified as held for sale.

r Provisions and contingent liabilities

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expenses.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of Group or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

(v) Valuation method & key assumptions used: [Refer Note 12(L)]

Independent Fair Valuation of certain Property, Plant and Equipment [Freehold Land, Building & Plant & Equipment] has been done as on April 1, 2015. The remaining assets have been valued based on Ind AS 16 - Property, Plant & Equipment. The Fair Valuation is based on physical inspection and verification conducted at the respective locations. The best evidence of fair value is current prices in an active market value for similar properties at such locations. Where such information is not available, we have considered information from a variety of sources including:

- Current Price in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences
- discounted cash flow projections based on reliable estimates of future cash flows
- capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

For determining the Fair Valuation the Main Inputs used are government prescribed guidelines, broker quotes, rental growth rates, expected vacancy rates, terminal yields and discount rates based on comparable transactions and industry data.

Significant estimate: Fair Valuation, Estimated remaining useful Life and Estimated residual value of fixed assets have been taken as determined by Expert valuer.

Valuation of stock options

The fair value of stock options granted during the period has been measured using the Black-Scholes option pricing model at the date of the grant. The Black-Scholes option pricing model considers assumptions regarding dividend yields, expected volatility, expected terms and risk free interest rates. The key inputs and assumptions used are as follows:

Share price: The closing price on NSE as on the date of grant has been considered for valuing the options granted.

Exercise Price: Exercise Price is the price as determined by the Remuneration and Compensation Committee.

Expected Volatility: The historical volatility of the stock till the date of grant has been considered to calculate the fair value of the options.

Expected Option Life: Expected Life of option is the period for which the Company expects the options to be live.

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

NOTE-12

OTHER EQUITY (Contd.)

(₹ in Lakh)

Expected dividends: Expected dividend assumed to be 8 % paid each year

Risk free interest rate: The risk free interest rate on the date of grant considered for the calculation is the interest rate applicable for a maturity equal to the expected life of the options based on the yield curve for Government bonds.

These assumptions reflect management's best estimates, but these assumptions involve inherent market uncertainties based on market conditions generally outside of the Company's control. As a result, if other assumptions had been used in the current period, stock-based compensation expense could have been materially impacted. Further, if management uses different assumptions in future periods, stock based compensation expense could be materially impacted in future years. The estimated fair value of stock options is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was, in-substance, multiple awards. The weighted average inputs used in computing the fair value of options granted were as follows:

Grants made during the year

Grant date	April 1, 2015
Fair Value (in ₹)	21.79
Share price as on date(in ₹)	45.85
Exercise price (in ₹)	35.00
Expected volatility (weighted-average)	0.4215
Expected life (weighted-average) [3 years + 1 year Grace period]	4 years
Expected dividends	8%
Risk-free interest rate (based on government bonds)	8%

(iii) Securities Premium Reserve

Securities Premium Reserve is created on recording of premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

(iv) General Reserve

The same is created out of surplus profits transferred as per the provisions of the Act. It is utilised as per provisions of the Act.

(v) Business Development Reserve

(a) In an earlier year, the Hon'ble High Court of judicature of Mumbai, had approved u/s. 391-394 the Scheme of Amalgamation and Arrangement of 'Mac Oil Palm Limited' with Ruchi Soya Industries Limited and its shareholders, which was effective from April 1, 2009.

(b) Pursuant to the Scheme referred to in (a) above, the Company had, in an earlier year, created Business Development Reserve from the balance standing to the credit of General Reserve & Securities Premium Account.

In terms of the Scheme, as and when deemed fit by the Board, the said Business Development Reserve is available for adjusting various expenses, including advertisement, sales promotion, development of brands, research and development activities, provision / write off of doubtful debtors/current assets/loans and advances, additional depreciation necessitated by revaluation of fixed assets and expenses of amalgamation including expenses of the Transferor Company i.e. Mac Oil Palm Limited, incurred on or after 1st April 2009, after adjusting for any tax effects, both current and deferred tax thereon.

(c) For amounts debited during the year to Business Development Reserve in accordance with the said Scheme. Refer Note 12(E).

(d) Had the Scheme, approved by the Hon'ble High Court, not prescribed the accounting treatment as described in (b) above,

i) the Company would have been required to:

Credit an amount of ₹ 36,157.70 lakh to Revaluation Reserve instead of the Business Development Reserve and Debit the additional charges as mentioned above in Note 12E.

ii) As a cumulative impact of the treatment described in para (i) above, the accumulated balance in the General Reserve and Securities Premium account as at March 31, 2017 would have been higher by ₹ 5,193.54 lakh and

Notes

NOTE-12 OTHER EQUITY (Contd.)

(₹ in Lakh)

₹ 23,842.30 lakh respectively, loss for the year would have been higher by ₹ 19,264.77 lakh, the balance in retained earnings as at March 31, 2017 would have been lower by ₹ 43,640.39 lakh the balance in Revaluation Reserve would have been higher by ₹ 14,665.23 lakh and the balance in Business Development Reserve would have been ₹ Nil.

However, the aggregate balance in Reserves and Surplus as at March 31, 2017 would have remained the same.

(vi) Capital Reserve

Capital Reserve amounting to ₹ 3,228.75 lakh was created on :

- amalgamation with Palm tech India Ltd by ₹ 1,087.07 lakh and
- On cancellation of share warrants issued in an earlier year to the promoter/promoter group on preferential basis by ₹ 2,241.69 lakh.

(vii) Hedging Reserve

Hedge Reserve is created out of Interest Rate Swaps taken by the Company. For Hedge Reserve details refer Note 44 Hedge Accounting.

(viii) Foreign Currency Monetary Item Translation Difference Account

The Company has availed the exemption available under Para D13AA of Ind AS - 101 of "First time adoption of Indian Accounting Standards". Accordingly, exchange gains and losses on foreign currency borrowings taken prior to April 1, 2016 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such asset.

(ix) Equity Instruments through Other Comprehensive Income

The company has elected to recognise changes in fair value of certain class of investments in other comprehensive income. These fair value changes are accumulated within this reserve and shall be adjusted on derecognition of investment.

(x) Retained Earnings

The same is created out of profits over the years and shall be utilised as per the provisions of the Act [Refer Note 12 L].

The Company contributes to the following post-employment defined benefit plans in India.

A Defined Contribution Plans:

The Group has certain defined contribution plans. Contributions are made to provident fund in India for employees at the specified rate as per regulations. The contributions are made to registered provident fund administered by the Government of India. The obligation of the Group is limited to the amount contributed and the Group has no further contractual or any constructive obligation. The Group has recognised ₹ 785.47 lakh [FY 2015-2016 ₹ 933.95 lakh] towards contribution to Provident Fund and ₹ 67.65 lakh [FY 2015-2016 ₹ 68.94 lakh] towards Employee State Insurance in Profit and Loss account.

B Defined Benefit Plan:

a) Gratuity

The Group provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination/resignation is paid as per the provisions of the Payment of Gratuity Act, 1972. The gratuity plan is a funded plan and Group makes annual contributions to the Group Gratuity cum Life Assurance Schemes administered by the LIC of India, a funded defined benefit plan for qualifying employees.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2017. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

b) Leave Obligations

The leave obligations cover the Company's liability for casual, sick & earned leave. The amount of the provision is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

NOTE-35 SUBSEQUENT EVENTS

There are no significant subsequent events that would require adjustments or disclosures in the financial statements as on the balance sheet date.

NOTE-36

The Group has made losses during the current year and the preceeding year. As a result of the losses, the liquidity position of the Group has been substantially affected resulting in default in payment of its debts and adversely affecting the operations of the Group, indicating the existence of uncertainty about the ability of the Group to continue as a going concern.

The management has initiated various steps such as cost rationalization, negotiations for debts restructuring and disposal of non-core assets. Considering the strengths of the Group's brand, future outlook as assessed by the management and the business plans, the Group is confident of its ability to continue as a going concern. These consolidated financial statements have, accordingly been prepared on going concern basis. The long term prospects of the Group, however, depend on the expeditious restructuring of the debts by the lenders. The management is hopeful of an early resolution of the matter.

NOTE-44 HEDGE ACCOUNTING

Interest rate risk

The Group's risk management policy is to ensure that majority of its foreign currency loans related interest rate exposure is at fixed rate. This is achieved by using interest rate swaps to hedge floating rate foreign currency borrowings. The Group applies a hedge ratio of 1:1.

NOTE-45 FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT

A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

A substantial portion of the Group's long-term debt has been contracted at floating rates of interest, which are reset at short intervals. Accordingly, the carrying value of such long-term debt approximates fair value.

NOTE-46 FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT

Financial risk management

The Group has exposure to the following risks arising from financial instruments:

- (i) Market risk
 - (a) Currency risk;
 - (b) Interest rate risk;
 - (c) Commodity Risk;
 - (d) Equity Risk;
- (ii) Credit risk; and
- (iii) Liquidity risk;

Risk management framework

The Group's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Group's primary risk management focus is to minimize potential adverse effects of risks on its financial performance. The Group's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. These policies and processes are reviewed regularly to reflect changes in market conditions and the Group's activities.

Market risk

Market risk is the risk of changes the market prices on account of foreign exchange rates, interest rates and Commodity prices, which shall affect the Group's income or the value of its holdings of its financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising the returns.

Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss account, where any transaction has more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

i (b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to market risk for changes in interest rates relates to borrowings from financial institutions. The Group manages its interest rate risk arising from foreign currency floating rate loans by using interest rate swaps as hedges of variability in cash flows attributable to interest rate risk.

For details of the Group's short-term and long term loans and borrowings, Refer to Note 13(a), 17(a) and 17 (c) of these financial statements.

Interest rate sensitivity - fixed rate instruments

The Group's fixed rate borrowings Preference Shares issued to Ruchi Infrastructure Limited @ 6% in the year 2010-11 are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

Interest rate sensitivity - variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased/decreased equity and profit or loss by amounts shown below. This analysis assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

Sensitivity	(5,811.94)	5,811.94	—	—

(Note: The impact is indicated on the profit/loss and equity before tax basis)

i (c) Commodity risk

The prices of agricultural commodities are subject to wide fluctuations due to unpredictable factors such as weather, government policies, changes in global demand resulting from population growth and changes in standards of living and global production of similar and competitive crops. During its ordinary course of business, the value of the Group's open sales and purchases commitments and inventory of raw material changes continuously in line with movements in the prices of the underlying commodities. To the extent that its open sales and purchases commitments do not match at the end of each business day, the Group is subjected to price fluctuations in the commodities market.

While the Group is exposed to fluctuations in agricultural commodities prices, its policy is to minimise its risks arising from such fluctuations by hedging its sales either through direct purchases of a similar commodity or through futures contracts on the commodity exchanges. The prices on the commodity exchanges are generally quoted up to twelve months forward.

In the course of hedging its sales either through direct purchases or through futures, the Group may also be exposed to the inherent risk associated with trading activities conducted by its personnel. The Group has in place a risk management system to manage such risk exposure.

At the balance sheet date, a 1% increase/decrease of the commodities price indices, with all other variables remaining constant, would result in (decrease)/increase in profit before tax and equity by the amounts as shown below:

	Profit/(loss) March 31, 2017	
	Increase	Decrease
Effect of increase/(decrease) in prices		
Profit before taxes	657.69	(657.69)
Assumptions used for calculation		
Inventory	Commodity price * 1%	
Derivative contract	Rate * 1%	

(₹ in Lakh)

(d) Equity risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities. The fair value of some of the Company's investments in Fair Value through Other Comprehensive Income securities exposes the Company to equity price risks. In general, these securities are not held for trading purposes. These investments are subject to changes in the market price of securities. The fair value of equity securities as of March 31, 2017, was ₹ 1,636.70 lakh [FY 2015-2016 ₹ 2,367.19 lakh]. A sensex standard deviation of 5% [FY 2015-2016 is 6%] would result in change in equity prices of securities held as of March 31, 2017 by ₹ 81.83 lakh [FY 2015-2016 ₹ 142.03 lakh]

(ii) Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Group's receivables from customer. The Group establishes an allowance for doubtful debts and impairment that represents its estimate on expected loss model.

A. Trade and other receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment.

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

NOTE-46 FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT (Contd.)

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business.

B. Cash and cash equivalents

The Group holds cash and cash equivalents with credit worthy banks and financial institutions of ₹ 9,837.65 lakh as at 31st March 2017 [FY 2015-2016 is ₹ 23,919.14 lakh and April 1, 2015 is ₹ 7,078.31 lakh]. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

C. Derivatives

The derivatives are entered into with credit worthy banks and financial institution on counterparties. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

D. Investments

The Group limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have a good credit rating. The Group does not expect any losses from non-performance by these counter-parties apart from those already given effect in financials, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

(iii) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Group's reputation. The Group has obtained fund and non-fund based working capital lines from various banks. The Group also constantly monitors various funding options available in the debt and capital markets with a view to maintaining financial flexibility. As of March 31, 2017, the Group has working capital of ₹ (4,44,955.51 lakh) [March 31, 2016 ₹ (2,64,315.59 lakh) and April 1, 2015 ₹ (1,18,038.89 lakh)] including cash and cash equivalents of ₹ 9,837.65 lakh [March 31, 2016 ₹ 23,919.14 lakh and April 1, 2015 ₹ 7,078.31 lakh], Investments in term deposits (i.e., bank certificates of deposit having original maturities of more than 3 months) of ₹ 6,201.77 lakh [March 31, 2016 ₹ 7,398.61 lakh and April 1, 2015 ₹ 46,462.25 lakh] and investments designated as FVOCI of ₹ 1,401.13 lakh [March 31, 2016 ₹ 2,131.63 and April 1, 2015 ₹ 2,497.41 lakh].

Exposure to liquidity risk

NOTE-47 CAPITAL MANAGEMENT

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The Group monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings and obligations under finance leases, less cash and cash equivalents. Equity comprises of Equity share capital and other equity.

The Group's policy is to keep the ratio below **2.00**. The Group's adjusted net debt to adjusted equity ratio was as follows.

NOTE-48 TRANSITION TO IND AS:

For the purposes of reporting as set out in Note 1 and 2, Group have transitioned our basis of accounting from Indian generally accepted accounting principles ("IGAAP") to Ind AS. The accounting policies set out in Note 1 and 2 have been applied in preparing the financial statements for the year ended March 31, 2017. The comparative information presented in these financial statements are for the year ended March 31, 2016 and in the preparation of an opening Ind AS balance sheet at April 1, 2015 (the "transition date"). In preparing our opening Ind AS balance sheet, we have made certain adjustments to amounts reported in consolidated financial statements prepared in accordance with IGAAP. An explanation of how the transition from IGAAP to Ind AS has affected our financial position and performance is set out in the following tables. On transition, we did not revise estimates previously made under IGAAP except where required by Ind AS.

A. EXEMPTIONS AND EXCEPTIONS AVAILABLE

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from Indian GAAP to Ind AS :

Ind AS Exemptions :

- Fair valuation of government loans:** The Group has applied the exemption available under Ind AS-101 for not measuring interest free sales tax deferral loan, existing on the date of transition (April 1, 2015), at fair value and the corresponding benefit as a government grant.
- Business combination:** The Group has applied the exemption as provided in Ind AS-101 for non-application of Ind AS 103, "Business Combinations" to business combinations consummated prior to the date of transition (April 1, 2015).
- Share-based payment:** The Group has elected to apply the share based payment exemption available under Ind AS 101 for application of Ind AS 102, "Share Based Payment", to grants which remain unvested on April 1, 2015 and to grants made after April 1, 2015.

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

- (iv) **Property, Plant and Equipment:** On Transition to Ind AS as on April 1, 2015 the Group has elected to measure its a) Tangible assets Freehold Land, Building and Plant and Equipments b) Intangible assets acquired Trademarks/ Brands at Fair value, for other assets elected to measure the same cost as per Ind AS, if any. The same are considered as Deemed cost of such Plant, property and Equipment.
- (v) **Long Term Foreign Currency Monetary Items:** The Group has elected to avail the exemption available under Ind AS 101, to continue to adjust the exchange differences arising on translation of long term foreign currency monetary items outstanding as on the date of transition, to the cost of depreciable assets to the extent it relates to their acquisition and in other cases to charge the same to profit and loss account over the term of the long term foreign currency monetary items and to accumulate the unamortised portion in foreign currency monetary item difference account.
- (vi) **Derecognition of financial assets and financial liabilities:** The Group has opted to apply the exemption available under Ind AS 101 to apply the derecognition criteria of Ind AS 109 prospectively for the transactions occurring on or after the date of transition to Ind AS.
- (vii) **Business Development Reserve:** In an earlier year, the Hon'ble High Court of judicature of Mumbai, had approved u/s. 391-394 of then applicable Companies Act the Scheme of Amalgamation and Arrangement of 'Mac Oil Palm Limited' with Ruchi Soya Industries Limited and its shareholders, which was effective from April 1, 2009. Pursuant to the Scheme, the Holding Company had, in an earlier year, created Business Development Reserve from the balance standing to the credit of General Reserve & Securities Premium Account. In terms of the Scheme, as and when deemed fit by the Board, the said Business Development Reserve is available for adjusting various expenses, including advertisement, sales promotion, development of brands, research and development activities, provision / write off of doubtful debtors/current assets/ loans and advances, additional depreciation necessitated by revaluation of fixed assets and expenses of amalgamation including expenses of the Transferor Company i.e. Mac Oil Palm Limited, incurred on or after 1st April 2009, after adjusting for any tax effects, both current and deferred tax thereon. As the law would continue to override accounting standards, continuation of accounting treatment as prescribed by court approved schemes before transition date exemption shall continue under Ind AS.

II. Ind AS mandatory exceptions

Estimates : The Group estimates in accordance with Ind AS at the date of transition to Ind AS are consistent with estimates made for the same date in accordance with previous GAAP.

C. Notes on First time adoption:

1 Property, Plant & Equipment

As on the transition date to Ind AS i.e. April 1, 2015 the Group has elected to measure its Tangible assets - Freehold Land, Building and Plant and Equipments and Intangible assets - Acquired Trademarks/Brands at Fair Value, for other assets Group elected to measure the same at cost as per Ind As. The same are considered as Deemed cost.

2 (a) Investment in Other than subsidiary, associates and Joint Venture – Refer Note 5 c E(i) a.

(b) Investments in Mutual funds

The same are measured at FVTPL. As on transition date i.e April 1, 2015 the same are adjusted to retained earnings , subsequent gain /loss are charged to profit and loss account.

3 Leasehold land

The Group has certain lease hold land with a tenure ranging between 10 to 30 years. Under Ind-AS land is treated as finance lease if the lease term is over several decades or the present value of minimum lease payments is substantially equal to the fair value of land. Since the above condition is not satisfied, lease arrangements in the range of 10 to 30 years the date of investment to the date of transition have been classified as operating leases as against the current practice of capitalizing them as leasehold land. Consequently, leasehold land has been de-recognised and prepaid lease rental have been recognised.

4 Biological asset and Stock in trade

The Group has measured the biological assets and stock in trade at Fair Value.

5 Trade receivables

The Group measures recovery of debtors on Expected Credit Loss Model [Refer Note 46(ii)]. The Group has allowed some customers an extended credit period, the same are recognised at its present value, The corresponding difference between the present value and carrying amount is recognised in retained earnings. The unwinding of discount on account of above upto the date of transition is also recognised in retained earnings. Subsequent unwinding is recognised in the Statement of Profit and Loss Account.

6 Reversal of premium amortised on forward contracts.

As per previous Indian GAAP, the premium paid on forward contract was amortised over the a period of the contract. The said is not required under Ind AS. Hence, the same are now recorded as per requirements of Ind AS and the premium amortised earlier under Indian GAAP are reversed with corresponding amount recognised in retained earnings.

7 (a) Open purchase and sale contracts

As per requirements of Ind AS, specified Open purchase and sales contract outstanding as on the balance sheet date are Fair Valued.

(b) Currency Forward contracts

The Group has Fair Valued the Currency forward contracts on date of transition with a corresponding amount recognised in retained earnings as on transition date i.e April 1, 2015.

Notes

to Consolidated Financial Statement for the Year Ended March 31, 2017

8 Share based payments

Under Indian GAAP, the Group recognised only the intrinsic value for the long-term incentive plan as an expense. Ind-AS requires the fair value of the share options to be determined using an appropriate pricing model recognised over the vesting period. Accordingly, the difference between the intrinsic value method and Fair Value method has been recognised in retained earnings.

9 Amortisation of loan processing fees

The Group has incurred transaction/processing costs on its borrowings. The said transaction and processing cost is amortised over the period of loan. The same has been reduced from the borrowing on the date of initial recognition and amortised using effective interest rate method. As a result the long term borrowing has been reduced with a corresponding gain being recognised in retained earnings.

10 Deferred Tax

The Group has recognised deferred tax as per requirements of Ind AS -12 on "Income taxes" and recognised a deferred tax liability arising on account of the Ind AS adjustments as on April 1, 2015 to retained earnings.

11 Proposed Dividend

Under Indian GAAP, proposed dividends are recognised as a liability in the period to which they relate, irrespective of when they are declared. Under Ind-AS, a proposed dividend is recognised as a liability in the period in which it is declared by the Group, usually when approved by shareholders in a general meeting. In the case of the Group, the declaration of dividend occurs after period end. Therefore, the liability recorded for this dividend as on the date of transition as well as tax relating to it has been derecognised.

12 Excise Duty

Under Indian GAAP, the Group used to present Revenue net off excise duty. The incidence of excise duty is on manufacture and not on sales since manufacturer is the primary obligor for the payment of excise duty. Management collects excise duty from its customers in the capacity as principal and not as an agent. As a result, excise duty recovered from customers would form part of revenue, with an corresponding equal amount charged to the statement of Profit and loss.

13 Employee benefits

Both under Indian GAAP and Ind-AS, the Group recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit and loss. Under Ind-AS, remeasurements of defined benefit plans are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI.

14 Bills of exchanges discounted with recourse terms

The Group had certain debtors which it discounts with the bank. The discounting of such debtors is done with recourse option. As per Ind AS, the risks and rewards have not been completely transferred to the bank as a result of the discounting. Hence, the Group has recognised the debtor as well as a secured loan in the financial statements in this regards.

EXPLANATORY STATEMENT

[Pursuant to provisions of Section 102(1) of the Companies Act, 2013]

Item No. 2

This explanatory statement is provided though strictly not required as per Section 102 of the Companies Act, 2013.

M/s. P.D. Kunte & Co., Chartered Accountants (Firm Registration No. 105479W) were appointed as Statutory Auditors of the Company at the Twenty Eighth Annual General Meeting

of the Company held on 26th September, 2014 for a term of three years to hold office till the conclusion of 31st Annual General Meeting and accordingly, the term of the existing Statutory Auditors, M/s. P. D. Kunte & Co., Chartered Accountants is upto the conclusion of this Annual General Meeting.

In terms of the provisions of Section 139 of the Companies Act, 2013, no listed Company can appoint or re-appoint an audit firm as auditor for more than two terms of five consecutive years. However, the Companies existing on the commencement of the Companies Act, 2013 were allowed three years’ time to comply with this provision. M/s. P. D. Kunte & Co., Chartered Accountants have already completed their terms and would complete the three years’ time as mentioned above at 31st Annual General Meeting.

The Board of Directors has, based on the recommendation of the Audit Committee, at its meeting held on 14th August, 2017 proposed the appointment of M/s. Chaturvedi & Shah, Chartered Accountants (Firm Registration No. 101720W), as Statutory Auditors of the Company for a period of five consecutive years, to hold office from the conclusion of this Annual General Meeting till the conclusion of the Thirty Sixth Annual General Meeting of the Company, subject to ratification of their appointment by members at every Annual General Meeting held after 31st Annual General Meeting.

M/s. Chaturvedi & Shah, Chartered Accountants have given consent to their appointment as Statutory Auditors and have confirmed that if appointed, their appointment will be in accordance with the provisions of Companies Act, 2013. They have also confirmed that their Firm has been subjected to peer review process of the Institute of Chartered Accountants of India (ICAI) and they hold a valid certificate issued by the Peer Review Board of the ICAI. The Board recommends the Ordinary Resolution set out at Item No. 2 of the Notice for approval of the members.

None of the Directors or Key Managerial Personnel and their relatives is, in any way, concerned or interested, financially or otherwise, in the resolution as set out at Item No. 2 of the Notice.

Item No. 4

Pursuant to the provisions of Section 152 of the Companies Act, 2013 and in accordance with the Articles of Association of the Company, Mr. Kailash Chandra Shahra, Chairman of the Company is liable to retire by rotation at the ensuing Annual General Meeting of the Company. Mr. Kailash Chandra Shahra has expressed his desire to retire from the Board of Directors at the ensuing Annual General Meeting and does not offer himself for re-appointment as Director due to his advanced age and health reasons.

Mr. Kailash Chandra Shahra has been serving on the Board since inception of the Company. During his tenure of office, he has made distinct and immense contribution for the growth of the Company. The Board places on record its sincere appreciation and recognition for the invaluable contribution made by him during his tenure with the Company.

The members may note that post retirement of Mr. Kailash Chandra Shahra, the Board of Directors will comprise of five directors i.e. three Independent Directors, Managing Director and Executive Director. The Board of Directors is of the opinion that the vacancy caused due to retirement by rotation of Mr. Kailash Chandra Shahra is not required to be filled up and hence, the Board does not propose to fill the vacancy arising from the retirement of Mr. Kailash Chandra Shahra. The Board recommends the Ordinary Resolution set out at Item No. 4 of the Notice for approval of the members.

Mr. Dinesh Chandra Shahra (DIN: 00533055), Managing Director and Mr. Kailash Chandra Shahra (DIN:00062698), Chairman of the Company, retiring by rotation at this Annual General Meeting, with their relatives, are interested in the resolution. None of the other directors/key managerial personnel of the Company and their relatives are in any way concerned or interested, financially or otherwise, in the resolution as set out at Item No. 4 of the Notice.

Item No. 5

The Board of Directors of the Company, on the recommendation of the Audit Committee, has approved the appointment of M/s. KG Goyal & Co., Cost Accountants, to conduct the audit of the cost records of the Company for the financial year ending 31st March, 2018 at a remuneration of ₹ 4,40,000/- (Four Lacs Forty Thousand Only), subject to payment of applicable taxes thereon and re-imbursement of out of pocket expenses.

In terms of the provisions of Section 148(3) of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor is required to be ratified by the members of the Company. Accordingly, consent of the members is sought to ratify the remuneration payable to the Cost Auditors.

The Board recommends the Ordinary Resolution as set out at Item No. 5 of the Notice for approval of the members.

None of the Directors or Key Managerial Personnel and their relatives, is concerned or interested, financially or otherwise, in the resolution as set out at Item No. 5 of the Notice.

Item No. 6

The members of the Company had re-appointed Mr. Dinesh Chandra Shahra as Managing Director of the Company by means of passing a special resolution through postal ballot dated 25th March, 2016 for a further period of three years from 7th January, 2016 to 6th January, 2019 in accordance with the provisions of Sections 196, 197, 203 read with Schedule V and other applicable provisions, if any, of the Companies Act, 2013. At the time of re-appointment, the Company had adequate profits and the remuneration was well within the limits prescribed under the Companies Act, 2013.

During the financial year 2016-17, the revenue of your Company dropped to an unforeseen level of ₹ 18,620 Crores. The profit/(loss) after tax of ₹ (1,257) Crores as against ₹ (1,062) Crores during the previous year. The adverse business performance in the last two years was primarily due to volatility in commodity and currency markets, lower domestic supply of oil seed, commercial disparity in core business operations and challenging business environment. Also, stretched working capital cycle impacted liquidity, capacity utilization of production facilities and operational performance and consequently led to far higher provisioning on debts under expected loss model as per the provisions of Ind AS. Owing to the above factors, the financial performance of the Company during the year 2016-17 did not meet the expectations and is not likely to have adequate profits for the purpose of managerial remuneration in the financial year 2017-18.

In terms of the provisions of the Section 197 of the Companies Act, 2013, if in any financial year, the Company has no profits or its profits are inadequate, payment of remuneration to its managerial personnel may be made only in accordance with the provisions of Schedule V of the Companies Act, 2013.

The members at their 30th Annual General Meeting held on 14th September, 2016 had approved revision/reduction in remuneration of Mr. Dinesh Chandra Shahra, Managing Director for the period from 1st June, 2016 to 31st March, 2017. The salary was revised from ₹ 17,50,000/- to ₹ 10,00,000/- per month for the period from 1st June, 2016 to 31st March, 2017.

Keeping in view the above facts and in consultation with Mr. Dinesh Chandra Shahra, Managing Director, the Nomination and Remuneration Committee and the Board of Directors of the Company, at their respective meetings held on 14th August, 2017, subject to approval of members of the Company, have proposed and recommended the revised/reduced remuneration payable to Mr. Dinesh Chandra Shahra for the remaining period of his tenure i.e. from 1st April, 2017 to 6th January, 2019. The details of revised remuneration are as follows:

1. Salary: ₹ 10, 00,000/- per month.
2. Medical Reimbursement: Reimbursement of expenses incurred for self and family subject to a ceiling of six months salary in a year.
3. Leave Travel Concession: Reimbursement of expenses incurred for self and family once in a year in accordance with the Rules of the Company.
4. Club Fees: Reimbursement of fees of clubs subject to maximum of 2 (two) clubs including admission and life membership fees.
5. Personal Accident Insurance: Reimbursement of premium not exceeding ₹ 1,00,000/- per annum.
6. Provident Fund: Company's contribution towards provident fund as per the rules of the Company for the time being in force.
7. Gratuity: As per rules of the Company but shall not exceed one half month's salary for each completed year of service.
8. Telephone: Company's telephone will be provided at the residence for Company's business and personal use.
9. Car: A car with driver will be provided to him for Company's business and personal use.
10. Rent free furnished accommodation and reimbursement of cost of electricity, water and maintenance charges in respect thereof.

The information as required under Schedule V of the Companies Act, 2013, is attached herewith. This explanatory statement may also be read and treated as disclosure in compliance with the requirements of Section 190 of the Companies Act, 2013.

The Board recommends the special resolution as set out at Item No. 6 of the Notice for approval of the members.

Mr. Dinesh Chandra Shahra (DIN: 00533055), Managing Director and Mr. Kailash Chandra Shahra (DIN: 00062698), Chairman of the Company, retiring by rotation at this Annual General Meeting, with their relatives, are interested in the resolution. None of the other directors/key managerial personnel of the Company and their relatives are in any way concerned or interested, financially or otherwise, in the resolution as set out at Item No. 6 of the Notice.
