MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE & DEVELOPMENTS:

India is the one of the world's largest producers of textiles and garments. Cotton and polyester are the major raw materials for India's textile industry. Cotton and polyester together account for around 90% of India's textile mill consumption of all fibres. India's per capita fibre consumption is almost half the global level. Polyester is likely to play a dominant role in capturing the major incremental demand share to bridge this gap. The long term growth and development of this industry is fairly secured because of low base per capita consumption of textile fabric in India as compared to developed countries. In a growing economy with high population, it gets additional support.

However volatility in crude oil prices has impact the growth of the industry. The profit margins of the industry eroded in last two years mainly due to addition of large capacity of Polyester POY and import of Nylon Filament Yarn (NFY). Substantial import duty concessions, under FTAs signed by the Government of India with ASEAN member countries has become the bane of the industry and emerged as a major threat for the Synthetic Fibre Manufacturing Industry. Due to unstable international and domestic economic scenario, company has suspended its yarn manufacturing activity and proposes to expand its Textile trading activity with the approval of the Shares Holders.

SWOT ANALYSIS:

During the year under review, company has suspended its yarn manufacturing activity due to heavy losses incurred during the previous years. Company have regularly reviewed the market condition of the yarn manufacturing industry in India and directors of the company are of the view to permanently discontinue its manufacturing activity and concentrate on its textile trading activity, with the approval of the share holders.

OPPORTUNITIES & CHALLENGES

Opportunities

- (i) Rapid urbanization, rising working population, an increase in disposable incomes and increasing affordability vehicles are driving demand in downstream industry
 - (ii) Per capita consumption of Polyester in India is exceedingly low by world standards so there is a great scope for local demand.
 - (iii) Rural market will play important role in the economy which offers a major opportunity growth in the Polyester industry.
 - (iv) Fast changes in fashion design, growing exports of textiles
- #### **Challenges**
- (i) Unfavourable Exchange rate fluctuation
 - (ii) International competition especially from China
 - (iii) Inconsistent raw material supply
 - (iv) Volatile and high raw materials prices due to middle-east crisis

ADEQUACY OF INTERNAL CONTROL:

Your Company's internal control system is commensurate with its scale of operations. Roles and responsibilities are clearly defined and assigned. Standard operating procedures are in place and have been designed to provide a reasonable assurance. Internal audits and checks from time to time ensure that responsibilities are executed effectively. The Audit Committee reviews the adequacy and effectiveness of internal control systems and suggests ways of further strengthening them, from time to time. Apart from having all policies, procedures and internal audit mechanism in place, your Company also periodically engages outside experts to carry out an independent review of the effectiveness of various business processes. The observations and good practices suggested are reviewed by the Management and the Audit Committee and appropriately implemented for strengthening the controls of various business processes.

RISKS & CONCERNS

Risk Management is an important aspect in today's business environment. The aim of Risk Management is to identify, monitor and take mitigation measures in respect of the events that may pose risks for the businesses. The Company's Risk Management is embedded in the business processes.

The Company is exposed to risks from market fluctuations of foreign exchange, interest rates, commodity prices, business risk, compliance risks and people risks. The Company is exposed to the risk of price fluctuation on raw materials as well as finished goods in all of its products. The Company proactively manages these risks in inputs through inventory management, proactive management of vendor development and relationships. The Company is exposed to risks attached to various statutes and regulations including the Competition Act, 2002. The Company is mitigating these risks through regular reviews of legal compliances.

HUMAN RESOURCE DEVELOPMENT:

Your Company recognizes human resources as the backbone of its long term success and has tried continuously to provide a challenging work environment thereby adding value to their professional growth. Our relationships with the employees are continuous to remain cordial.

The Company's work environment is challenging and provides opportunity for skill enrichment. A systematic performance appraisal system is used for motivating the performance of officers and staff at all levels. Industrial relation has continued to be harmonious throughout the year.

ENVIRONMENT AND SAFETY

The Company is conscious of the need for environmentally clean and safe operations. The Company's policy requires the conduct of all operations in such manner so as to ensure safety of all concerned, compliance of statutory and industrial requirements for environment protection and conservation of natural resources to the extent possible.

CAUTIONARY STATEMENT:

Statement in this “Management Discussion and Analysis” describing the Company’s objectives, projections, estimates, expectations or predictions may be “forward looking statements” within the meaning of applicable securities, laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company’s operations include global and Indian demand-supply conditions, finished goods prices, feedstock availability and prices, cyclical demand and pricing in the Company’s principal markets, changes in Government regulations, tax regimes, economic developments within India and the countries within which the Company conducts businesses and other factors such as litigation and labour negotiations. The Company assumes no responsibility to publicly amend, modify or revise any forward looking statements, on the basis of any subsequent development, information or events or otherwise.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

"Annexure B" to the Independent Auditor's Report of even date on the Financial Statements of PARAS PETROFILS LTD.

Report on the Internal Financial Controls under Clause (I) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of PARAS PETROFILS LTD. ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions

are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting Issued by the Institute of Chartered Accountants of India".
