Our Vision

To be the best and set the pace in the express air and integrated transportation and distribution industry, with a business and human conscience.

We commit to develop, reward and recognise our people who, through high quality and professional service, and use of sophisticated technology, will meet and exceed customer and stakeholder expectations profitably.

Our Guiding Principles

We will:

- Treat each other fairly and with respect and dignity.
- Encourage freedom in communication of thoughts and ideas in all our interactions.
- Value integrity and be uncompromising in upholding it at all times.
- Give due importance to the health, safety and well-being of our people.
- Ensure that our 'People First' philosophy serves as a driving force behind the success of our organisation.
- Encourage and inculcate in all a winning attitude.
- Encourage learning, self-development and building effective leadership.
- Expect our people to be accountable for all their actions related to the company.
- Provide a workplace where each and every employee is nurtured and who, in turn, will nurture the organisation, thereby creating wealth for stakeholders.
- Drive the 'First Time Right' concept to achieve 100% Quality and Customer Satisfaction.
- Encourage passion and enthusiasm for Work, Service Quality and Customer Care.
- Project a positive, caring and professional image of ourselves and our service at all times.
- Avoid waste by being conscious of the impact of all our actions on the environment.
- Continue to be a law-abiding, apolitical and secular company.

CHAIRMAN'S STATEMENT

Dear Stakeholders,

I am pleased to present our Annual Report for the year ended March 31, 2018.

This year, your Company has done reasonably well notwithstanding a challenging business environment and varied consumer demands. What has not changed however is the unique ability of Blue Darters to continue to be agile and adapt to an environment that remains volatile and challenging, and respond in a manner that reflects our qualities and experience.

Your Company is one of India's most innovative and awarded Express Logistics brand. The value and service experience created for customers still leads the industry. The Company's market leading services and expertise is highly regarded, and is a global benchmark. A high Net Promoter Score of 84% in 2017 is a proof of that – perhaps the best in the world.

Your Company posted ₹ 14,210 Lakhs profit after tax for the year ended March 31, 2018. Income from operations for the year ended March 31, 2018 was ₹ 279,085 Lakhs. Your Company carried over 1,958.66 Lakhs domestic shipments and over 9.15 Lakhs international shipments weighing more than 696,961 tonnes during the same period.

The Board of Directors of your Company has recommended a Dividend of ₹12.50 (Rupees Twelve and fifty paise only) per equity share for the year ended March 31, 2018, subject to necessary approval by the members in the ensuing Annual General Meeting.

Your Company has been established based on strong brand equity built on the fundamentals and values that are representation of great workplaces. Rated as one of India's Super brands and Readers Digest Trusted Brand, your Company is associated with international standards, reliability, trustworthiness, hi-technology, strong Corporate Social responsibility and customer centricity.

India's macroeconomic environment is expected to be stable for the long-term with minor interim hindrances. With about 7%+ real GDP growth, it is one of the fastest growing major economies.

As per the DHL Global Trade barometer, the Indian trade growth is expected to remain on record high levels. The March 2018 Index had predicted the March 2018 to May 2018 trade development at 84 and above countries such as China, USA, Germany, UK etc. The global average is 66.

The future is more complex than ever before. The express business in India is experiencing change led by heightened competitive environment; new entrants and captive business models of some major customers.

This year too, we have initiated a thorough review of our business. We took on the challenges that affect our industry and business in an even stronger and more decisive manner.

In line with the goal to deliver exceptional services, your Company has embarked on several initiatives that will bring long term benefits to customers. A transformation process has been initiated to win in every market – metros, tier I, II, III & IV by providing superior consumer convenience, introducing unique products, delivering the best-in-class services and maintaining the reach advantage. Technology and Automation will be the pivots of this strategy. We have already enhanced our reach to over 15,000 pin codes as on date. The investments being made on various initiatives may have some short term challenges, however, it would create value for business, stakeholders in the long term.

Digital transformation is on a steady path of consolidation in Blue Dart. As one of the fore-runners in creating technology delights, your Company has revolutionized the digital payment options with 15 mobile wallets / UPI / credit and debit card options; and investments in the new contemporary website, business intelligence, AI and data analytical tools, smart dashboards, auto-route applications, deployment of parcel lockers, pilots of electrical vehicles etc are just some of the reflection of your Company's future vision for its customers, partners and planet earth.

Your Company continues to tap into the social media space through its official Facebook, Twitter, Google+ and YouTube pages to reach an extensive audience base and rapidly growing followers.

The future growth will come from industries (manufacturing and services) and private consumption. The landmark goods and

services tax (GST) will substantially simplify trade. The e-waybill implementation has been mixed and slowly stabilizing now. Blue Dart has championed the leader's role in the implementation of these two landmark changes.

In year gone by, 99.2% of Blue Darters participated in the Annual Employee Satisfaction Survey (ESS). Pride for working at Blue Dart clearly emerges as the highest score at 97.4%. Blue Dart has been recognized as the No.2 Best Multinational Workplaces in Asia 2018 by Great Place to Work Institute (GPTW) Asia, amongst the Top 50 of India's Best Companies to Work For – 2017 by Great Place to Work Institute (GPTW) India for the 7th time, awarded a Business Superbrand for the 10th consecutive time and a Reader's Digest Most Trusted Brand for the 11th consecutive time this year.

Your Company is aligned to the group's Mission 2050: Zero Emissions goals. Your Company has won the Deutsche Post DHL CEO Award for Living Responsibility for two years in a row. This is a wonderful global recognition for our Corporate Social Responsibility programs.

Blue Dart places a premium on and remains committed to good Corporate Governance, aligned to the best corporate practices. Strong Corporate Governance has always been an integral part of the Company's business philosophy. Building community trust through responsible and sustainable management of its business is an indispensable part of Blue Dart. The Company is

committed to its Living Responsibility motto. Living Responsibility or in common parlance, 'Corporate Responsibility' is a core element of Blue Dart's corporate strategy. Your Company (along with DPDHL group) focuses its corporate responsibility on environmental protection (GoGreen), disaster management (GoHelp) and championing education (GoTeach).

The team on ground is focused to deliver on all parameters for all its stakeholders – customers, investors, government and employees. To support the aspirations of growth, business plans are being set-up, deployed and investment support is being articulated to strengthen the logistics delivery system and to further strengthen market leadership position and make Blue Dart's governance stronger.

I thank you, the shareholders, for your support and I thank the Board and all Blue Darters for their hard work and commitment to this great Company.

Warm regards,

Mumbai

BUSINESS RESPONSIBILITY REPORT

ABOUT BLUE DART

Blue Dart is South Asia's premier courier and integrated air express package distribution company covering over 35,000 locations in India. Blue Dart is a part of the DPDHL group - the premier global brand in logistics distribution services that covers over 220 countries and territories worldwide.

Vision of Blue Dart :

"To be the best and set the pace in the express air and integrated transportation and distribution industry, with a business and human conscience. We commit to develop, reward and recognise our people who, through high quality and professional service, and use of sophisticated technology, will meet and exceed customer and stakeholder expectations profitably."

Mission/ Future goals of Blue Dart :

Blue Dart plans to leverage its established infrastructure to continue adding value and customised solutions to the changing and evolving demands of the customer. Blue Dart plans to carve for itself a leadership position in the industry through technology development, premium services, quality network and strategic alliances. Blue Dart aims to continue delivering value to its stakeholders through its Corporate Responsibility, People Philosophy and Corporate Governance based on distinctive customer service centricity, operational excellence, business ethics and profitability.

BUSINESS RESPONSIBILITY AT BLUE DART

It is a privilege to present the Business Responsibility Report of Blue Dart Express Limited for the Financial Year (FY) 2017-18. In conformance to the requirements of the clause (f) of sub regulation (2) of regulation 34 of SEBI's Listing Regulations, this report is aligned with the nine principles of the National Voluntary Guidelines on Social, Environmental & Economic Responsibilities of Business (NVG-SEE) notified by the Ministry of Corporate Affairs, Government of India. Additionally, this report includes the Corporate Social Responsibility (CSR) section which is compliant to Schedule VII of Section 135 of the Companies Act, 2013. Blue Dart has adopted responsible business practices in its operations with the belief that social and environmental performances of a company are as vital as its financial and operational performance. The report involves disclosure of the following nine principles as per NVG-SEE framework:

Principle 1	Principle 2	Principle 3
Businesses should conduct and govern themselves with Ethics, Transparency and Accountability	Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle	Businesses should promote the wellbeing of all employees
Principle 4	Principle 5	Principle 6
Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged	Businesses should respect and promote human rights	Businesses should respect, protect, and make efforts to restore the environment
Principle 7	Principle 8	Principle 9
Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner	Businesses should support inclusive growth and equitable development	Businesses should engage with and provide value to their customers and consumers in a responsible manner

BUILDING A RESPONSIBLE BUSINESS – ETHICS AND CORPORATE GOVERNANCE

Blue Dart believes that it is imperative for it to manage its business affairs in the most fair and transparent manner with a firm commitment to its values. For Blue Dart, Corporate Governance is an ethically driven business process that is committed to values, aimed at enhancing the organisation's brand and reputation.

Since inception, Blue Dart has inculcated and maintained a strong culture of values, ethics and integrity. The basic philosophy of Corporate Governance at Blue Dart is to achieve business excellence and to create and enhance the value for its shareholders, customers, employees and business associates thereby making a significant contribution to the economy. Blue Dart's corporate governance framework is a reflection of its culture, policies, relationship with stakeholders and commitment to values. The Company endeavors to achieve the highest levels of transparency,

accountability, integrity and responsibility and continues to focus on good corporate governance, in line with local and global standards. As a responsible corporate citizen, the company complies with the applicable laws of the land in letter as well as in spirit.

At Blue Dart, the aspects of Human Rights are embedded in the Company's Whistleblower Policy, Sexual Harassment Policy, Risk Management Policy and HR Code of Conduct. The Whistleblower Policy of the Company provides procedural framework to handle the concerns and grievances of employees, customers, vendors and/or third party intermediaries. The HR code of conduct covers the aspects of safe and healthy work environment and no discrimination. Being an equal opportunity workplace, Blue Dart ensures that the rights of women employees of the company are not compromised with by putting in clear guidelines and grievance mechanism in place. In this regard, the Company has formulated the Sexual Harassment Policy with an objective of protection against sexual harassment of women and providing safe working environment to them.

The Company has laid down a Code of Conduct for the Board Members and Senior Management Team of the Company. The Company has also laid down a Code of Conduct for its employees. The Code of Conduct is a comprehensive document which articulates the Company's expectations from its people to reflect the ethics and values of the organisation and resultantly earn goodwill of its customers and enhance its reputation. The Company has also laid down Vendor Code of Conduct for all its vendors.

At Blue Dart, we value high ethical standards of behavior and expect honesty, openness and integrity in whatever we do. The Company has formalized this process and institutionalized the 'Whistle Blower Policy' within the organisation. The Whistle Blower Policy ensures that strict confidentiality is maintained whilst dealing with concerns and also that no discrimination will be meted out to any person for a genuinely raised concern. Pursuant thereto, a dedicated helpline viz. bluedart@ethicshelpline.in has been set up which is managed by an independent professional entity.

The Company has posted the "Whistle Blower Policy" on its website and it can be accessed at <http://www.bluedart.com/WhistleBlowerPolicy>.

During FY 2017-18, two Whistleblower complaints were received which were investigated and acted upon. One complaint of previous year which was under investigation was also investigated and acted upon. Further, five Investors complaints were received and disposed off during the year ended March 31, 2018. During the last 5 years, no cases were filed against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour.

The Company's Code of Conduct upholds the principles of human rights and fair treatment. This policy covers the company and extends to its group, suppliers and contractors. The company has a grievance redressal mechanism through which it receives complaints on the human rights aspects and satisfactorily resolves it. The grievance cell covers human rights issues such as child labor, forced labor, sexual harassment and discriminatory employment, etc. During FY 2017-18, two employee complaints were received and have been satisfactorily resolved. One complaint of previous year which was under process of resolution was also resolved. Further, two complaints were received from Vendor out of which one complaint has been investigated and acted upon and one complaint is under investigation.

Blue Dart pursues policy advocacy in a responsible manner. The company is a member of associations namely International Market Assessment India Private Limited, FICCI, EICI, Maharashtra Economic Development Council, CMIE, Nine Dot Nine Mediaworx Private Limited, Bombay Management Association, The Institute Of Internal Auditors, All India Management Association, Bombay Chartered Accountants Society, Indian Merchant Chambers, Mumbai First, Bombay Chamber of Commerce & Industry and Confederation of Indian Industry. Through the above mentioned associations, Blue Dart has advocated for the advancement and improvement of public good.

Blue Dart Aviation Limited (BDAL), a subsidiary of the Company, is the only domestic cargo airline in the country that has sustained its operations for the past 22 years. It is the sole domestic freighter operator with scheduled flights. Policies that have been framed by the Ministry of Civil Aviation and the regulator have heretofore catered primarily to the growing passenger segment with numerous airlines operating larger fleet of aircraft. It is therefore necessary for BDAL to chart out and steer policies for operations which are in many ways divergent from passenger operations. The submissions, both individually and jointly with trade bodies such as the CII, FICCI and EICI, made to the regulators (DGCA, AERA, BCAS), AAI and to the Ministry of Civil Aviation over the past 10 years were through a process of engagement, awareness building, collaborative approach, education and benchmarking proven and successful best practices.

The initiatives and policy changes thus made have averted major cost and operations impacts and benefitted not just BDAL, but all future cargo airline operators. These initiatives have contributed to greater efficiency and sustainability of the air cargo transportation segment. The initiatives and policies include:

- Ground Handling Policy: Dispensation for domestic freighter operators.
- Cargo Working Group Report on Air Cargo Logistics in India published by the MoCA in 2012. Several inputs were provided by BDAL.

- National Civil Aviation Policy June 2016: Policy changes in air cargo including long lease tenure of airport facilities for air express freighter operators, International operations for cargo airlines with FDI
- Clarification on import duty for engines.
- CII Sub Committee on Sustainable Growth Strategies for Indian Aviation led by BDAL.
- MoCA Task Force on Skill Development for the Air Cargo Segment.

MANAGING STAKEHOLDER PRIORITIES – STAKEHOLDER ENGAGEMENT AT BLUE DART

Blue Dart is committed to openness in dealing with all its stakeholders. Transparency and honesty are the guiding principles in its communication activities internally and externally. Blue Dart is guided by the principle of “right-to-know” and hence provides access to company information recommended by recognized standards of corporate governance to all its stakeholders.

Blue Dart has identified government, governmental organizations, regulators, customers, suppliers, investors, civil society organizations and the consumers as its key stakeholders. Blue Dart actively engages with these stakeholders to create an environment that is supportive of solutions. Blue Dart has defined the mode of engagement, frequency of engagement, key agenda and feedback mechanism for its various stakeholders separately. The formal process of engagement with various stakeholders includes:

- Identification of key stakeholders.
- Consultation with key stakeholders.
- Identification and prioritization of concerns and needs.
- Addressing the prioritized concerns and needs in a consistent and transparent manner.

As part of its Corporate Social Responsibility, Blue Dart runs various programs for the upliftment of disadvantaged, vulnerable, underprivileged and marginalized sections of society. All programs are classified under the three pillars of Living Responsibility – GoTeach, GoGreen and GoHelp. Stakeholders have been clearly identified for every program. These include students and young adults from poor financial background, hearing impaired, women, senior citizens, etc. in areas of education, preventive healthcare, women empowerment, sanitation, waste management etc. A detailed description of the activities can be found in the Corporate Social Responsibility section.

Engagement with NGOs

Blue Dart has partnered with several non-profit organizations of high repute in various capacities to run programs that are aligned under the three pillars. Blue Dart works closely with each of its NGO partners to identify the stakeholders and beneficiaries of each intervention. Blue Dart also extends assistance to various NGOs by providing free of cost logistics support to them. The company stretches its hand to help in the best possible way to support NGOs that work for the elderly, less privileged children, disabled people, those providing relief materials in disaster hit areas and many more noteworthy causes. This year Blue Dart provided FOC logistics support to NGOs like Concern India Foundation, Oasis India, Rise India Foundation & Society for Prevention of Cruelty to Women.

Customer Value at Blue Dart

Blue Dart places the highest priority on making customers successful, knowing that customer success guarantees its own success. The company's activities are governed by its knowledge of the requirements of customers and the market. The company includes and prioritizes customer focus in all its business processes, projects and dealings. Knowing that the company will be measured by its ethical, social and environmental performance as much as by the quality of its service, Blue Dart strives for best practice in all these areas to secure customer trust and goodwill, and thus enhance its reputation.

Blue Dart has an established grievance mechanism to resolve customer complaints. The source of receiving grievance can be verbal, written, through mail or social media. All these complaints get logged into a module called CARESS-Complaint Appreciation Resolution & Evaluation to Satisfaction System. Blue Dart has carried over 1,958.66 Lakhs domestic shipments and over 9.15 Lakhs international shipments out of which 0.0001% complaints were registered and resolved.

Customer Satisfaction Survey

A Customer Satisfaction Survey was carried out in 2016 for Blue Dart by Ipsos, a leading global market research company. The objective of this survey was to assess service quality level across customers and in turn measure customer satisfaction vis-à-vis competition and to evaluate

experience of end consumers with Blue Dart. The methodology involved two steps viz, 1. Exploratory Module i.e. face to face depth interviews for both customers and end consumers to map parameters to be used for the measurement phase and 2. Measurement Phase i.e. face to face CAPI to assess Blue Dart vis-à-vis competition on various parameters mapped in exploratory module. The key information areas obtained through this survey were customer loyalty and satisfaction measurement, their overall experience, value, likelihood to recommend, likelihood to continue, likelihood to increase, brand preference, satisfaction scores across touch points and their sub-parameters vis-à-vis competition

The survey covered 1,486 customers in 18 cities and 1,563 end consumers. The Customer Satisfaction Index for Blue Dart has increased to 64% in 2016 against 46% in previous study, a strong jump of 18%.

Net Promoter Score (NPS)

Blue Dart has a strong First Choice Culture. The Company drives a quality program named First Choice that has a five step DMAIC (Define, Measure, Analyze, Improve and Control) methodology to long-term solutions. The brand also deploys the Net Promoter Approach that helps identify the Net Promoter Score and highlights the areas of improvement. The Approach relentlessly works on achieving “best-in-breed” Customer Satisfaction standards. Blue Dart’s equity, a measure of customer loyalty towards a brand, is the highest amongst its peers. The brand is associated with international standards, reliability, trustworthiness, hi-technology, strong corporate social responsibility and customer centricity.

ASPIRING TO BE EMPLOYER OF CHOICE: WORKFORCE MANAGEMENT AT BLUE DART

Human capital is the most important resource for the success of an organisation. Blue Dart is known to be an Employer of Choice. It is a people-focused company. Blue Dart acknowledges the importance of employees and takes sincere efforts to ensure their well-being.

Employee diversity at Blue Dart

As on March 31, 2018, Blue Dart comprised over 11,000 employees of which 539 are women. Blue Dart has also availed services through outsourced service provider. With a view to empower the specially-abled, Blue Dart has employed 23 specially-abled individuals as permanent employees. Blue Dart provides equal opportunity as an employer where no discrimination is made on the basis of gender, caste or creed. The company sees employee diversity as a guiding principle in its employment policy. This means promoting the diversity and heterogeneity of the individuals in the company in order to attain the highest possible productivity, creativity and efficiency. Skills, performance and ethical conduct are the only indicators for employee qualification at Blue Dart.

Engagement with employees

The company has identified employees as a key stakeholder group. Blue Dart engages with employees on a frequent basis through various modes like daily news, team briefs, open houses, town halls, panel review, etc. and has identified key employee priorities such as career building and growth, trainings. Additionally, Blue Dart carries out skill development and safety related trainings for employees. It also conducts employee satisfaction surveys.

Blue Dart believes that its employees deserve to work in a safe and healthy environment. The company is therefore committed to a healthy and congenial work environment for its people. Blue Dart promotes health care as a key element of its sustained productivity and the quality of its services. Blue Dart provides safety and skill up-gradation trainings to its permanent employees. Apart from this, Blue Dart employs individuals from underprivileged backgrounds and those that are physically challenged to promote inclusive growth. Out of the total permanent employees, about 74% have received safety trainings in the reporting period. This count covered 73% of women Blue Darters and 44% of Blue Darters with disabilities. During FY 2017-18, about 26% of permanent employees received trainings on skill upgradation. The training involved participation of 64% women Blue Darters and 26% specially-abled Blue Darters.

Addressing employee grievances

Blue Dart makes sure that employee grievances reach the management through its grievance redressal mechanism. This grievance mechanism for employees covers aspects on human right issues (child labor, forced/ involuntary labor), discriminatory employment and sexual harassment. The grievance redressal process consists of following steps:

- i. Employees fill the prescribe form under the GRP (Grievance Redressal Programme) and submit to their immediate superior.
- ii. The grievance is reviewed at Branch level first and if not closed in 7 days, it is forwarded for Regional review.
- iii. If it is not closed in 7 days, it is forwarded for MD's review who within 7 working days communicates his decision to the Corporate HR & RH for implementation.

In view of above, Blue Dart does not have an employee association that is recognized by the management.

ENVIRONMENT & ENERGY

Blue Dart acknowledges the impact of its business activities on the environment and is committed to improving its environmental track record through precautionary measures and the use of environment friendly technology. Blue Dart's parent company DPDHL has an Environment Policy which is binding for all its group companies. The policy has primary objectives of achieving transparency, improving operational efficiency and minimizing environmental impact, generating value, demonstrating leadership and mobilizing employees. The company measures its processes and services against the highest quality standards. The guiding principles of Blue Dart are national and international environmental standards - such as ISO 9001-2015 standard series.

Environmental risks at Blue Dart

Emission is identified as a major risk by Blue Dart. Blue Dart monitors its emissions from transportation via air and road ways on a regular basis and is compliant with the Motor-Vehicle Act and Pollution certificate. Emissions and waste generated by Blue Dart are within the permissible limits given by CPCB/SPCB. Hence, no legal notices have been received from CPCB/ SPCB.

Addressing environmental concerns

As part of DPDHL group, Blue Dart aims to follow the mandate of Mission 2050.

Mission 2050- Zero emissions: From now until 2050, the Group's mission will be to drive business towards zero emissions logistics by setting the standard for the future of the transport sector and doing its part to help the world community reach its goal of limiting global warming to less than two degrees Celsius.

Under the Living Responsibility credo of GoGreen, Blue Dart has undertaken certain initiatives to protect the environment. The initiatives include:

1. Plantation of saplings.
2. Energy conservation techniques such as usage of LED lamps in offices, power saver, GoGreen lights off initiative.
3. Celebration of Earth Hour every month, Earth Day, World Environment Day.
4. Installation of sensors in water taps at Headquarter with an aim to save water.
5. Route optimisation techniques.

Blue Dart believes in providing services that are safe and thus contributes to their sustainability. Blue Dart has taken following initiatives to incorporate environmental concerns, risks and opportunities in its day to day services:

A. Smart Truck

Blue Dart's Smart Truck technology is designed to provide solutions to urban logistics challenges such as traffic restrictions, density and clogging, while ensuring environmental protection and fulfilling customer need for on-time delivery. These "intelligent" pick-up and delivery vehicles compute delivery deadlines to calculate the ideal sequence for shipments, and use real-time GPS to avoid traffic jams and optimize routings, thereby enabling flexibility and last-minute pick-ups. This allows the Smart Truck to spend more time on the road to perform their pick-up and delivery services.

B. Carbon Neutral Service (CNS)

Blue Dart offers a specialized Carbon Neutral Service initiative, wherein customers are provided with an environmentally responsible shipping option to neutralize the carbon emissions produced by the transportation of their shipments. Blue Dart, along with DPDHL offers India's first end-to-end GoGreen Carbon Neutral Service across international and domestic markets. It is an extension of DPDHL's global environment protection program which was launched in 2008.

The service allows customers to neutralize their carbon footprint by paying an offset charge over and above their shipping rates. The carbon emissions resulting from the transportation of customer's shipments are offset by re-investing in environmental protection projects verified by SGS (Societe Generale de Surveillance), a United Nations independent auditor. A certificate verified by SGS is issued to CNS customers annually that mentions the total amount of CO₂ offset against the emissions resulting from the transportation of their shipments.

The GoGreen Carbon Neutral Service provides benefits like evaluation of emissions, offsetting of carbon emissions in high quality Gold Standard projects through CO₂ emission reports, robust accounting systems to measure CO₂ inventory, annual certificate and availability on all products range – domestic and International. Other benefits include effective carbon management, ensuring a balance between economic benefit and assuming responsibility for communities, positive impact on climate change and support corporate sustainability mandates.

Since the launch of the environment protection program in 2008, Blue Dart has seen a lot of interest evinced by customers who pursue sustainability as a part of their agenda. This service has been subscribed to by over 211 environmentally responsible customers. CNS not only enables customers to contribute to a greener future, but also helps build healthier and productive communities.

DPDHL has set a target of 30% efficiency improvement over the base of 2008 by 2020 for all its group companies. Blue Dart has achieved an efficiency improvement of 24.5% in 2017 and is poised to achieve the target.

Following are a few examples of initiatives taken to support carbon neutrality in various business decisions:

- Replacing aircraft engines with variants having higher efficiency and lower emissions.
- Re-lamping facilities with CFL or LED bulbs in replacement of incandescent bulbs.
- Switching from CRT to LCD computer monitors.
- Using translucent roofing materials to benefit from natural lighting in hubs.
- Air and ground network route optimization to improve network utilization and emission efficiency.
- Facility for customers to receive their shipments at centrally located parcel locker facilities rather than opting for home and office deliveries.
- Delivery of shipments by bicycles and by staff travelling on foot for destinations close to the service centres.

C. Packaging options

- Smart Box (Domestic)

A convenient, economical, packaging unit priced to include a door-to-door delivery service within India. The units come in 2 sizes–10kgs and 25kgs - and are designed to accommodate a variety of products.

- Express Pallet (Domestic)

A convenient, flexible yet economical way to send goods within India in both air and ground modes. The units come in 3 sizes, which can be built to accommodate 50kg, 75kg and 100 kg, and are designed to accommodate a variety of products.

D. Recycling Canvas and Plastic Bags

The use and disposal of conventional plastic bags and canvas bags has a severe impact on the environment that leads to global warming. In order to reduce its carbon impact and minimize waste generation, Blue Dart recycles plastic and canvas bags. Canvas bag is reused as small polybags are put together into a single canvas bag for delivery of shipments. Plastic bags are reused 3-4 times whereas canvas bags are used 6-7 times before safe disposal.

E. Kill Bill Concept

Blue Dart has introduced the Kill Bill concept in its delivery facilities. The Company has minimized the use of Air Waybills (AWB). Alternatively, Blue Dart uses bar code or thermal stickers in transportation of goods. About 75% of Blue Dart's shipments are done without the use of Air Waybills.

Sustainable Sourcing at Blue Dart

Blue Dart has taken steps in sustainable sourcing of their transportation facilities. While sourcing vehicles from vendors, the company ensures that every vehicle should have all valid paperwork such as RC Book, Vehicle fitness certificate, Required Permit, Insurance Paper, PUC. It also ensures that the driver possesses a valid driving license.

Improving capacities and capabilities of Local vendors

Blue Dart has been constantly working on improving the capacity and capability of local and small vendors.

- **Regional Service Participants (RSP):**

Blue Dart appoints its RSP to perform sales, deliveries and services including Domestic Priority, International Shipments, Dart Apex and Surface. This also involves sub products which are communicated by Blue Dart from time to time. Blue Dart and RSP are independently owned separate legal entities. Services are rendered by RSP to Blue Dart with respect to sales, pick up and deliveries of Blue Dart consignments. This is done as per the terms of the agreement signed by both the parties and any additional services which may be agreed in writing from time to time and called upon by Blue Dart. Blue Dart supports the RSP with C2PC platform and OTMs.

The RSP operates in a geographical area with specified pin code locations within which the Regional Service Participant has been appointed by Blue Dart to operate in order to ensure timely pick- up and deliveries. Within the prescribed territory the Regional Services Participant is authorized by Blue Dart to effect sales of Blue Dart products at the mutually agreed rates (specified in Rate Annexure) by using Blue Dart waybill. The RSP has its own independent office(s) in the territory through which it independently conducts its day-to-day operations. The RSP takes efforts to effectively and actively enhance the business, revenue and reputation of Blue Dart within the territory, and maintains good relations with customers and potential customers.

- **Pickup – Delivery Associate (PDA)**

PDA is engaged, inter alia, in the business of providing logistics support to effect pick-up and delivery of consignments within a given geographical area with specified pin code locations in which PDA shall provide the services on a principal to principal basis. Alike RSP, PDA uses its best efforts effectively and actively to enhance the business, revenue and reputation of Blue Dart. PDA employs and maintains a sufficient number of adequately trained and competent personnel to perform duties, obligations and responsibilities with respect to the services.

- **FCC – Franchisee**

The Franchisee appointed by Blue Dart operates as a Franchise Collection Centre of Blue Dart. Blue Dart offers base rates to Franchisee for various domestic, international, SFC and Apex shipments. These rates are discounted rates taken from the published Blue Dart tariff. The Franchisee charges its customers as per the tariff card provided by Blue Dart and undertakes not to charge more than the tariff card under any circumstances. The Franchisee pays to Blue Dart for each domestic and international shipment as per the base rates, irrespective of the actual rate that is charged by the Franchisee to the shipper. The Franchisee does not engage in any other business activity which is in direct competition or is similar to the type of business conducted by Blue Dart. The Franchisee ensures 100% security of all shipments picked up from its shipper and is compliant with Blue Dart's security procedures.

- **Express Sales Associates (ESA)**

In order to broad base its services by reaching the retail segment more effectively and efficiently, Blue Dart appoints Express Sales Associates who can pick up the shipments on behalf of Blue Dart from his allocated territory. ESA have the expertise to carry out business of pick-up of shipments and should possess his own vehicle which will be branded as per Blue Dart's standard for picking up of the shipments. ESA represents and further warrants that they have the requisite permissions and has registration with the relevant regulatory authorities including Central Excise/Service Tax Authorities, for the purpose of operating as an ESA of Blue Dart. ESA reports and coordinates all his activities with the operation-in-charge of the nominated office of Blue Dart. ESA picks up shipment in the allocated territory from the customers and hands over the same at the transfer point on the same day together with the consolidated report (challan) of all the shipments, within the cut-off timings.

CORPORATE SOCIAL RESPONSIBILITY

Social responsibility is a core element in Blue Dart's corporate strategy. Blue Dart is committed to support the communities around which it operates and recognizes the need to contribute to their well-being with its initiatives. As a socially responsible corporate, Blue Dart has an in-house sustainability team responsible for identifying and addressing various sustainability issues and supporting initiatives that make the world a better place for future generations. The Corporate Social Responsibility (CSR) programs at Blue Dart are compliant with Schedule VII of Section 135 of the Companies Act, 2013.

Blue Dart positions its corporate responsibility between economic benefits and liability towards the communities. The diagram below is a pictorial representation of Blue Dart's corporate responsibility approach. A number of initiatives focused on environment, education, society and health care are undertaken by the Company as part of its Corporate Social Responsibility (CSR) intervention.

CSR Committee

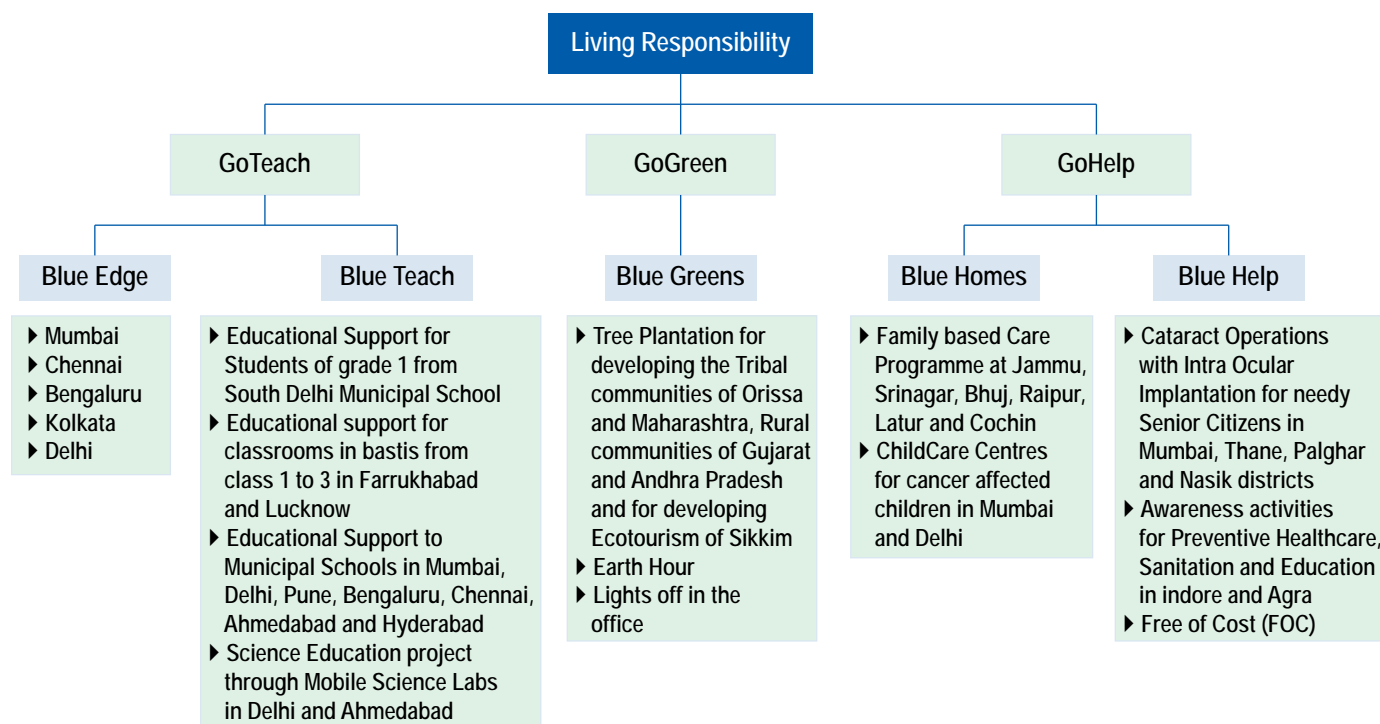

Blue Dart Express Limited has constituted a CSR Committee in the Meeting of Board of Directors of the Company held on February 5, 2014 as contemplated under the provisions of the Companies Act, 2013. The CSR Committee of the Board comprises of Mr. Sharad Upasani as Chairman of the Committee and Mr. Anil Khanna and Mr. Malcolm Monteiro as members of the Committee. The responsibilities of this committee include formulation and updating of CSR Policy, which is approved by the Board, recommending CSR expenditure to the Board for approval and monitoring CSR activities. The company has also constituted CSR Implementation/ Management Committee comprising of Chief Financial Officer (CFO), Head- Marketing, Corporate Communications & Sustainability, Head - B2B and Head - Corporate Accounting for implementation and execution of CSR initiatives adopted by the company in accordance with the provisions of the Companies Act, 2013.

Social Responsibility at Blue Dart

With the rapidly changing environment, Blue Dart has adopted CSR as strategic tool for sustainable growth. For Blue Dart, CSR primarily means integration of business processes with social processes and not merely an investment of funds for social activity. Blue Dart is one of the forerunners in Corporate Social Responsibility. As an Indian company with a global outlook, Blue Dart endeavors to maintain a delicate balance between economic, environmental and social interests. Being a leader in the logistics space for the last 34 years, Blue Dart has reached all corners of India thereby touching many lives.

Under the motto of "Living Responsibility", Blue Dart (along with DPDHL) focuses its corporate responsibility on three pillars namely GoTeach (Education), GoGreen (Protecting the environment) and GoHelp (Disaster management response). Blue Dart has partnered with NGOs of high repute to run programs under these three pillars.

Following diagram is a presentation of the three pillars of CSR.

GoTeach

Blue Dart aims to provide equal educational opportunities for the underprivileged and marginalized communities in which it works; under the Living Responsibility credo of GoTeach, all programs are aligned under the two pillars of Blue Edge and Blue Teach.

- A. Blue Dart started an initiative called '**Blue Edge: Empowering Lives**', aimed at enriching the lives of young adults from difficult environments, who have not been able to complete their education. This program is run in association with Oasis India, Hope Foundation and Noida Deaf Society (NDS). The program ensures that the underprivileged section of the society is not deprived of education as a building block to their ability to earn and support their future and families and contribute positively to the community. Blue Dart started its first Blue Edge Centre at Mumbai in 2008, followed by Chennai in 2011, Bengaluru in 2014, Delhi in 2016 (special intervention for hearing impaired) and Kolkata in 2016. This program has helped transform the lives of young adults from underprivileged sections of society. It educates them about possible employment opportunities while equipping them with relevant skill sets, enabling them to make informed choices and bring stability into their lives.

Since inception, more than 2,001 students have successfully completed this program and have been felicitated at Graduation Ceremonies held in Blue Dart offices in Mumbai, Chennai, Bengaluru, Delhi and Kolkata. Many of the students who have graduated from this program have been placed successfully in reputed organizations in sunrise verticals like Telecom, Retail, FMCG, Aviation etc. and have effectively kick-started their potentially stable careers and lives.

The award winning Blue Edge: Empowering Lives program, was once again recognised at a global stage for its outstanding achievement in the field of education. Blue Dart was presented with the Gold Award in the Living Responsibility category at the DPDHL CEO Awards, 2017.

Success of Blue Edge: Empowering Lives program ensured that it was nominated as a Lighthouse Project under GoTeach from AP EEMEA. The program also received funding of 50,000 Euros from DHL as a token of appreciation for the good work conducted in the field of education and also for further extension of this program to another city in India. This fund was used to set up the Blue Edge centre in Chennai which began operations in April 2011.

- B. **Blue Teach** aims to reach out to beneficiaries touching their lives right from their childhood. Blue Teach elevates the lives of children from different strata of society, making them independent and sustainable in their lives.
- Blue Dart works with Magic Bus (till FY 2017-18) for the Blue Dart Sports Excellence Program in Football and Kabaddi which aims to develop sporting talent by giving special coaching in Football and Kabaddi to students from underprivileged households. The program deploys the power of sports as a developmental tool to bring about lasting and positive personal and social development of children and youth from marginalised communities, which empowers them to make informed choices about their livelihood options. Under the initiative of BlueTeach, Blue Dart supports Magic Bus for:
 - Blue Dart Magic Bus Sports Excellence Kabaddi Program in Bhiwandi (3 girls teams and 3 boys teams)
 - Blue Dart Magic Bus Sports Excellence Program in Kolkata (1 girls team and 3 boys teams)
 - Blue Dart along with its other business units – DHL Express, DHL Global Forwarding and DHL Supply Chain support Teach For India (TFI), a non-profit organization that is a part of the Teach For All network. College graduates and working professionals are recruited to serve as full-time teachers in low-income schools for two years. The goal is to end the problem of educational inequity in India and provide an excellent education to all children. TFI operates in 353 schools across seven cities of India - Mumbai, Pune, New Delhi, Chennai, Ahmedabad, Bengaluru and Hyderabad reaching approximately 40,000 students.
 - Blue Dart works with Education & Health Foundation (E&H) to support the Gyan Shala model in Lucknow, Kanpur and Farrukhabad. The program has impacted 875 children studying in Grade 1 to 3. E&H Foundation provides free quality education and healthcare to children in Uttar Pradesh and works through two models, in collaboration with Bharti Foundation (Rural Areas) & Education Support Organization (ESO) for the Gyan Shala model (Urban Areas). Classes are held in poor bastis (slums) providing focus on quality education to the neediest underprivileged children of the society.
 - Blue Dart supports one Grade of Kindergarten of the Peepul-SDMC (South Delhi Municipal Corporation) school (formerly Ark) in Lajpat Nagar, Delhi consisting of 90 students from 3 sections. Peepul is registered in India with a track record of working effectively with government agencies and other non-profit partners to deliver high impact education programs throughout the country.

- Blue Dart runs Mobile Science Lab vans in Delhi and Ahmedabad in association with Agastya International Foundation. The Mobile Science Lab vans travel to 20 government schools in Ahmedabad and 18 in New Delhi to reach out to children to teach them new ways of learning in the classroom and spark their innate creativity. The Mobile Science Lab vans reach out to over 6,222 students through 28,000 exposures in the two cities every academic year.

GoHelp

Under the Living Responsibility credo of GoHelp, Blue Dart has aligned its initiatives under two key pillars of Blue Homes and Blue Help.

A. **Blue Homes** consists of two programs that are run in association with SOS Children's Villages and St. Jude India ChildCare Centre respectively.

- Blue Dart has associated with SOS Children's Villages India, an independent, non-governmental, social development organization that provides family-based care for parentless or abandoned children in India. Blue Dart supports six homes consisting of 66 children, in Jammu, Srinagar, Bhuj, Raipur, Latur and Cochin. The organization advocates the concerns, rights and needs of children in need of care and protection. SOS Children's Villages helps orphaned children in need, to help them shape their own future. Primary target beneficiaries are children without parental care (orphaned and abandoned children) and disadvantaged children in vulnerable families at the risk of losing adequate parental care.
- In 2016 Blue Dart began the Blue Dart Centre consisting of 12 units that provides shelter and nutrition to cancer affected children. The program runs in association with St. Jude India Child Care Centres, an NGO working towards filling a vital need of care giving, nutrition and providing shelter to children suffering from cancer and under treatment at Tata Memorial hospital, Mumbai. This centre stands in the 3 buildings donated by Mumbai Port Trust at Cotton Green in Mumbai, to St. Jude India. Needy children under treatment for cancer in a city away from their hometown need a clean, safe, hygienic place to stay, nutritional support, transportation to hospital for treatment, as well as recreation, education and counseling. The Blue Dart Centre provides all of this and even more to the children and their parents.

In 2017, Blue Dart has extended its partnership by supporting the operational expenditure of 3 centers in Delhi, with 11 family units per centre and is continuing the support this year as well.

Blue Dart was once again recognised for its efforts in Living Responsibility for Blue Homes at the DPDHL CEO Awards 2018 for the second consecutive year.

B. In association with HelpAge India and UHRC, **Blue Help** carries out the following activities:

- Blue Dart has partnered with HelpAge India to conduct Cataract surgeries with Intra Ocular Lens (IOL) implantation to the needy elders. 2,667 surgeries have been done till date in and around Mumbai, Thane and Palghar districts.
- Blue Dart has partnered with Urban Health Resource Center (UHRC), for various activities to spread awareness about hygiene, cleanliness, education, consumption of clean drinking water, etc. through awareness activities like street plays, rally, etc. in Indore and Agra. Under this program, Blue Dart also runs the Blue Dart Reading Room, a mobile library for underprivileged slum children based in Indore and Agra.

GoGreen

Under the Living Responsibility credo of GoGreen, Blue Dart runs programs that are aligned under the pillar of **Blue Greens**-

- Blue Dart has partnered with Grow-Trees.com, official planting partner for United Nation's Environment Program's (UNEP) Billion Tree campaign and WWF for planting
 - 36,000 trees in Kheda district, Gujarat,
 - 25,000 trees in Koraput district, Odhisha,
 - 20,000 trees in Chittoor district, Andhra Pradesh
 - 20,000 trees in Sikkim
 - 10,000 trees in Yavatmal, Maharashtra

These trees are planted only on public/community land so that they can benefit maximum number of people.

Blue Dart planted 111,000 trees in 2017 contributing to over 10% of the DPDHL Group's global target of planting 1 million trees a year.

- **Power Saver- Lights Off:** Blue Dart practices Lights Off for an hour between 1:00 pm – 2:00 pm on the last Saturday of every month across all its offices in India. Employees are encouraged to switch off the lights at their residence between 8:30 pm to 9:30 pm on the same day.
- **Earth Hour:** Blue Dart celebrated Earth Hour on March 24, 2018 by encouraging all Blue Darters to pledge to switch off all the lights for an hour in office and for one hour at home. The activity was also promoted on Blue Dart's social media platforms by posting illustrative messages related to the environment.
- **World Environment Day:** Blue Dart HQC celebrates World Environment Day by circulating mailers on Environment awareness & its Dos & Don'ts. Relevant posts also uploaded on Blue Dart's official Facebook and Twitter Page creating awareness amongst its fans and followers.

CSR Expenditure for FY 2017-18 – Under the umbrella of the 3 pillars of Living Responsibility – GoTeach, GoHelp and GoGreen, a total amount of INR 4,68,03,531 has been spent by Blue Dart. For more details on CSR Expenditure, please refer to the Directors' Report.

Your Company is one of India's most innovative and awarded express Company. Your Company has always pioneered solutions for the industry backed by an unmatched infrastructure, hi-tech solutions, extensive reach, a fleet of six Boeing 757-200 freighters with a capacity of 500 tonnes per night, a flotilla of vehicles, three & two wheelers, electric vehicle pilots, 11,000 plus passionate, committed and talented Blue Darters dedicated towards delivering 'service excellence' and value for all our esteemed customers.

Your Company carried over 1,958.66 Lakhs domestic shipments and over 9.15 Lakhs international shipments weighing more than 696,961 tonnes during the financial year ended March 31, 2018.

FACILITIES / INFRASTRUCTURE

Towards its reach expansion project, the Company added 617 offices across India from January, 2018 to March, 2018. The Company has also increased its pin code services to cater to 98% of the India's business needs. Your Company plans to further strengthen and

consolidate its air and ground infrastructure, expand reach and offer best-in-class transit times.

AVIATION SYSTEM

The Company has an ACMI Contract with India's first and only cargo airline, Blue Dart Aviation Limited ("BDAL"), a wholly owned subsidiary company for dedicated air carriage capacity which has ensured strong support in sustaining Blue Dart's leadership position through its unique aviation network.

During the year, your Company received repayment of Loan from BDAL of ₹ 2,441 Lakhs (Previous year ₹ 3,911 Lakhs). As on March 31, 2018, the outstanding loan balance is ₹ 2,996 Lakhs (Previous year ₹ 5,437 Lakhs) of which ₹ 1,903 Lakhs (Previous year ₹ 2,441 Lakhs) receivable within 12 months from the Balance Sheet date. The loan carries an interest computed at an average 'base' rate of IDBI Bank and ICICI Bank with an interest re-set bi-annually. The Company has paid ₹ 8,735 Lakhs as Inter-Corporate Deposit to BDAL and the same was fully repaid as on March 31, 2018.

During the year, BDAL uplifted 91,471 tonnes on its network and also handled 38 charters. This was possible with an unprecedented additional 170 day flights in addition to the scheduled night operations to handle additional loads within limited resources and it significantly contributed to your company's performance.

BDAL has delivered 'On Time Performance' of 81% and 'Technical Dispatch Reliability' of 99.22%, in an increasingly congested aviation environment and operating a fleet of ageing aircraft.

FINANCE

Your Company's financial position continues to remain stable with an adequate liquidity to meet its current obligations. During the year, the Company has undertaken various cost rationalization initiatives which contributed positively towards the Company's profitability.

As on March 31, 2018, Company has liquid assets (cash & cash equivalents) of ₹ 18,216 Lakhs, as against ₹ 21,170 Lakhs at the previous year end. The reduction in liquidity is mainly on account of redemption of Series I Debentures amounting to ₹ 16,610 Lakhs in November 2017.

The Company's Earnings per Share (basic & diluted) for the year ended March 31, 2018 stood at ₹ 59.89 per share as compared to ₹ 58.82 per share for the previous year ended March 31, 2017.

DHL EXPRESS (SINGAPORE) PTE. LTD., PROMOTER SHAREHOLDER

DHL Express (Singapore) Pte.Ltd. holds 75% of the Equity Capital of the Company. The combined service offerings of both the organisations covers an entire spectrum of distribution within India and globally and provides customers with a firm strategic advantage. Blue Dart is a leading brand in the country with an unmatched domestic network, robust infrastructure and skilled personnel. DHL is an acknowledged global leader with a strong and long-standing presence in India. Together, both present a powerful backbone to the business and support the "Make in India" mission.

In our efforts to constantly collaborate and optimise with the support of our group companies viz; DHL Express (India) Pvt. Ltd., DHL Supply Chain (India) Pvt. Ltd., DHL Logistics Pvt. Ltd., DHL eCommerce (India) LLP, DHL eCommerce (Singapore) Pte.Ltd., Singapore, Deutsche Post IT Services, GMBH, the India Steering Committee comprising of the Senior Management Team Leaders from each group Company made significant progress in the past year to maximise synergies amongst business units with a focus on improving infrastructure, service quality and cost efficiencies, thereby improving customer experience.

OUTLOOK FOR THE FUTURE

The Indian Government's policy initiatives like 'Make in India' and the nation-wide implementation of a uniform indirect tax system hold promise for an efficient, integrated and buoyant economy. The Logistics industry would be a critical enabler and facilitator on this journey towards achieving an envisioned growth potential.

The logistics industry is a trade-facilitator and enabler for the economy since it ensures efficient and cost-effective flow of goods and other commercial sectors are dependent on it. The logistics industry in India is evolving rapidly. It is the interplay of infrastructure, technology and new types of service providers, which defines whether the logistics industry will be able to help its customers reduce their costs and provide effective services. With globalization, logistics is expected to play an increasing role in driving the Indian economy. In 2016, India was ranked 35th in The World Bank's Logistics Performance Index (LPI) that ranks countries based on their logistics performance – moving up from 54th in 2014.

Further, with an advent of Goods and Service Tax (GST), there are emerging opportunities for the logistics industry in India. The logistics

DIRECTORS' REPORT

industry comprises of activities viz; storage, freight management, supply chain management, managing vendors and partners, transportation, handling damage claims and much more. Lately, many new entrants have entered the market and recent developments in other industries have also accelerated growth in the logistics industry. New technology, new market entrants, enhanced customer expectations and innovative business models are key factors which would drive the future of the industry and expected to change industrial landscape of India.

With implementation of GST, companies with small warehouses in several cities could set up a few in specific regions based on the 'hub-and-spoke' model for freight movement from the warehouses the different manufacturing plants, wholesale outlets, retail outlets and various 'Point of Sale'. The growth is backed by the boom in the e-commerce sector and expansionary policies of FMCG firms.

The global economic outlook and outlook for India is expected to improve as India Inc begins to overcome the economic slowdown post demonetisation and GST implementation. Reforms and growth oriented policies are expected to provide a fresh impetus particularly in the corporate and small and medium sized enterprises (SME) sector which should, in turn, enhance demand for the logistics sector.

The Indian e-tailing industry is increasingly attracting customers from tier II, III and IV towns. With increase in awareness about benefits of online trading, there has been a significant rise of investment in e-tailing. Blue Dart is the preferred e-tail logistics service provider for most leading e-portals. As an organization, we have built and invested in a strong e-tail team to strengthen network capabilities, expand reach to cover the entire Country. The Company will build its future on strong fundamentals viz; quality, consistency, reliability, passion, commitment, operational efficiency, customer centricity, employee satisfaction and sustainable business and environment.

Your Company is optimistic about the growth of various industries such as Life Sciences and Healthcare, Automotive/ Automobiles, Consumer Durables, Banking & Financial Services, Computer/IT, e-tailing etc. which are largely domestic consumption-driven and are expected to continue to grow. Your Company will continue its focus on product innovation and service enhancements by partnering in the industrial and services growth story. The SME sector is also a good avenue for growth and company has been extensively partnering their sector in its growth through customized products and solutions and increased connectivity to markets. Your company is geared to face challenges for the years to come. Your Directors look forward to improved performance in the coming years.

GST

Your Company successfully transitioned to the new GST legislation with effect from July 1, 2017. It has been a major transition for your Company from indirect tax compliance perspective, moving from the centralised compliance under an erstwhile service tax law to a statewide compliance under the GST law. A lot of thought work has undergone for final identification of applicable principles to determine taxability of the services with respect to the 'place of supply' and location of service provider and service recipient. Your Company was engaged with various stakeholders

in the legislative authorities, industry associations among others in the process. The Company registered itself in the multiple States and is in compliance with the Statewide GST legislations in line with the provisions of the law. The Company has updated its systems and processes to ensure timely compliances of law in terms of submission of various monthly returns and payment of GST as per timelines in spite of concerns around readiness and systems speed issues of the GSTN website in the initial period.

The Company also engaged with the customers and vendors in a continuous communication to align interpretations as various provisions of the law were unfolded in order to ensure seamless transition to a new era. A lot of information with respect to the GSTN nos. of customers and vendors were also exchanged in the process to ensure uninterrupted business transactions. With effect from April 01, 2018, GST E-Waybills are applicable for movement of goods. The Company has updated its operating systems to automate and integrate the E-waybills related process.

Sustainability at the Company

The Sustainability Policy is aligned to Deutsche Post DHL (DPDHL) Group's motto of Living Responsibility and is based on the 3 pillars of

- ✓ GoGreen (environmental protection)
- ✓ GoHelp (disaster management)
- ✓ GoTeach (championing education)

Philosophy

Social Responsibility is a core element of the Company's corporate strategy. As a socially responsible corporate, your Company's

commitment towards the community has been unwavering since its inception in 1983.

The Company's philosophy of giving back to society is not just a 'corporate social responsibility' it is its duty as an organization to give back to the communities and the environment from where it draws its resources. More than 'responsibility' it is 'sustainability' that is its cornerstone.

In line with DPDHL Group's 'Living Responsibility', we take our responsibility towards the communities in which we operate and towards the environment seriously. We as an organization commit to make a positive contribution to our world by using our knowledge, our vast domestic and global presence to benefit people and the environment. As an Indian company with a global outlook, we strive to maintain a balance between economic, environmental and social interests.

NOTE:

HelpAge India is a leading registered national level NGO, established in 1978, with a mission "to work for the cause and care of disadvantaged aged persons and to improve their quality of life."

Agastya International Foundation is a nonprofit, public charitable trust which is actively engaged in sparking curiosity and nurturing creativity and innovation in under privileged children through hands-on science, art and ecology.

Oasis India was founded in 1994 as the second member of the Oasis Global family which shares a common vision, mission and outcomes. Our work around the world reflects a common ethos of equality, inclusion, excellence, transparency and innovation. Over the years, several projects based around communities have been run offering inclusive and holistic solutions to people bound by various situations of abuse and vulnerability through education, training, health care, psycho-social care, micro-finance initiatives and residential rehabilitation.

Teach To Lead was formally established in 2008. Teach To Lead is a not-for-profit organization whose mission is to create a movement of leaders who will work to eliminate educational inequity in the country. Teach For India, a project of Teach To Lead, is a nationwide movement of outstanding college graduates and young professionals who will commit two-years to teach fulltime in under resourced schools and who will become lifelong leaders working from within various sectors towards the pursuit of equity in education. Today, Teach For India is in 7 cities - Mumbai, Pune, Delhi, Hyderabad, Chennai, Ahmedabad and Bengaluru. They have a total of 910 Fellows and 660 Alumni working towards eliminating educational inequity.

Noida Deaf Society was setup in 2005 as a not-for-profit society by Ruma Roka with an intention of enabling a positive change in the lives of Deaf children and youth. NDS focuses on providing quality education and job oriented vocational training to the deaf which enables them to become productive members of society. From humble beginnings, today NDS has been able to reach out to over 4500 deaf children and youth from across the country. In spite of

ANNEXURES TO DIRECTORS' REPORT

the limitations of space and infrastructure, they are able to positively impact over 1200 Deaf children and youth every year. NDS is the only organization in the country which has been able to mainstream Deaf youth through sustainable employment. Over 1000 youth are successfully working in some of the most leading companies across sectors ranging from Hospitality, Retail, Information Technology, Banking, Print and Publishing, Education, Textile and Manufacturing among others.

Hope Kolkata Foundation was established in February 1999 for the holistic and sustainable protection and development of children who are forced to live on the street, reside in slums and who face difficult circumstances, due to abject poverty. HOPE restores once broken childhoods through the delivery of Shelter, Nutrition, Education, Medical and Health care, Counselling, Awareness Generation, Life skill training and Recreational Activities to children as young as 5 years of age.

St. Jude India Childcare Centres: In major cities of India where low cost cancer treatment is available, children who need treatment for cancer come to hospitals along with their parents from distant towns and villages. The hospitals do not treat them as inpatients during the long drawn out treatment and these needy families do not have a place to stay whenever the child is not admitted to hospital. At their centres spread across 5 cities in India, St Jude provides support to such families by providing them free of cost shelter, nutritional support, educational and recreational activities, transportation to and from the hospital, art based therapy, music therapy, yoga, counselling for the family and new skills for income generation.

Urban Health Resource Centre is a non-governmental organization that addresses health, nutrition and wellbeing of the disadvantaged urban dwellers through demonstration programmes, technical support to government and non-government sector, research, advocacy and knowledge dissemination through a consultative and partnership based approach.

Peepul (Formerly Absolute Return for Kids (Ark)) is a registered society in India. In 2015 Ark set up a new primary school in India. The school, in New Delhi, is the first that has been set up and operated outside the UK. Peepul works with Dhanpatamal Virmani Education Trust (DVET) to implement the program in partnership with South Delhi Municipal Corporation to create a network of fee-free, high quality primary schools.

Ark has a track record of working effectively with government agencies and other non-profit partners to deliver high impact education programmes throughout the country.

E&H Foundation was set up in 2012 with a vision to provide free quality education and healthcare to the underprivileged children, with a focus on Uttar Pradesh, India.

E&H Foundation started its work by focusing on the education sector first and supports two models to provide quality education to more than 5,000 underprivileged children in Farrukhabad district, UP from class 1 to class 3.

Grow-Trees.com is a social enterprise which is dedicated purely for the planet, by encouraging individuals and corporates in inculcating the practice of growing trees in public land and dedicate the trees to greet or honor someone by means of an e-certificate with a personalized message. Grow trees has plantation projects spread all across the country.

SOS Children's Villages of India has built families for children in need, to help them shape their own future and share in the development of their communities. Primary Target beneficiaries are children without parental care (orphaned and abandoned children) and disadvantaged children in vulnerable families at the risk of losing adequate parental care. The villages are spread all across the geography of the country.

Akshaya Patra strives to eliminate classroom hunger by implementing the Mid-Day Meal Scheme in the government schools and government-aided schools. Alongside, it also aims at countering malnutrition and supporting the right to education of socio-economically disadvantaged children.

7. In case the Company has failed to spend the two percent of the average net profit of the last three financial three years or any part thereof, the company shall provide the reasons for not spending the amount in its Board Report.

PARTICULARS REGARDING CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND EXPENDITURE

Conservation of Energy

Under the GoGreen program, your company is committed to minimizing the impact of its business on the environment and contributes to Environmental protection worldwide.

The GoGreen program is an integral part of DPDHL Group's Strategy 2020. In 2008, your company introduced a measurable climate protection target. From now until 2050, the Group's mission will be to drive business towards zero emissions logistics by setting the standard for the future of the transport sector and doing its part to help the world community reach its goal of limiting global warming to less than two degrees Celsius.

Your company is aligned to 'Zero Emissions 2050', the new climate protection goal announced in 2017 which includes four interim goals that we want to achieve by 2025 as per the DPDHL Sustainable Strategy:

- On a global level, an increase of carbon efficiency by 50% as compared to the 2007 baseline.
- On a local level, operate 70% of first and last mile services with clean pick-up and delivery solutions, such as bicycles and electric vehicles.
- Also by 2025, more than 50% of sales to incorporate Green Solutions, making customers' supply chains greener.

Because the success of these sustainability measures depends to a large degree on employee commitment and expertise, the company will train 80% of its employees to become certified GoGreen specialists and actively involve them in the Group's environmental protection activities.

The Company has taken this approach because it views environmentally friendly and efficient logistics as an opportunity to create value – for the environment, as a company and for customers. Your company, along with the other business units in India have committed to planting 111,000 trees in India this year.

The main focus of GoGreen is to avoid, reduce and, when necessary, give our customers the chance to offset, greenhouse gas emissions primarily CO₂). These emissions account for the logistics industry's largest negative impact on the environment.

The vehicles operated for the company are in compliance of all pollution control regulations. Your company ensures that all its vehicles go through periodic PUC and maintenance checks to maintain minimum pollution levels and that all vehicles are in order of the prescribed norms for optimal operations by the manufacturer in terms of fuel consumption and better vehicle through-put and better vehicle efficiency are maintained.

The company's 24x7 network control centre operating at the headquarters in Mumbai is a centralised command system to provide support to drivers when they are on the road.

Under the GoGreen Living Responsibility pillar, your company conducted various activities to encourage its employees to contribute towards the noble cause of saving the environment.

Power Saver – Lights Off: Your company practices lights off for an hour between 01:00 pm to 02:00 pm on the last Saturday of every month across all its offices in India. Employees too are encouraged to switch off the lights at their residence between 8:00 pm to 9:30 pm on the same day. This initiative is championed by Anil Khanna, Managing Director, who encourages all the employees to conserve energy.

Your Company actively participates in all global initiatives such as Earth Hour, Earth Day, World Environment Day etc.

Technology Absorption

Since inception your company has truly differentiated itself with world-class state-of-the-art technology. All departments use technology to deliver superior services to the customer.

Your company is the only Indian air and ground express company that has invested extensively in technology infrastructure to create differentiated delivery capabilities, quality services and customized solutions for the customer.

The company's low cost with high standards technology architecture and innovation has allowed it to achieve service quality and operation delivery par excellence.

ANNEXURES TO DIRECTORS' REPORT

A entirely new website is being developed with excellent state-of-the-art features & functionalities and a robust hardware platform.

Outstanding Global Depository Receipts or American Depository Receipts or Warrants or any Convertible Instruments, Conversion Date and Likely impact on Equity

The Company has not issued any GDRs / ADRs / Warrants or any convertible instruments in the past and hence as on March 31, 2018, the Company does not have any outstanding GDRs / ADRs / Warrants or any convertible instruments.

Commodity Price Risk or Foreign Exchange Risk and Hedging Activities

Commodity Price Risk :

Your Company runs a fleet of dedicated cargo aircraft for the movement of cargo between the seven airport stations it operates. Any Change in World Crude prices impacts Aviation Turbine Fuel (ATF) which has a corresponding impact on the Aircraft Operating Cost. Your Company has an internal hedging mechanism termed as Fuel Surcharge Mechanism for passing increase/decrease in ATF cost to its customers. This mechanism helps the company in protecting itself against changes in the Crude prices.

Foreign Exchange Risk :

Many of the Aircraft related payments are either in USD or Euro due to which the company is exposed to Exchange Fluctuations. Hedging this risk through external sources has a high cost. Your Company has put in practice an internal hedging mechanism to support in neutralising this impact by means of a Currency Adjustment Factor (CAF) which is passed on to its customers.

25. Bonus Debentures

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY OVERVIEW

The express industry is a key enabler for the growth of India's trade and economy. Factors such as ease-of-logistics will increasingly play a critical role in attracting investments into the country, which will, in turn, support the development of several industries involved in manufacturing and services. The industry is sustaining its growth momentum, and also acting as a major contributor to employment generation within the country.

The express logistics landscape is undergoing a huge transformation due to the need for time bound delivery services to complement the growth of trade. As a key enabler of trade, the industry also supports and benefits from the growing e-retail business in India. The industry provides a significant boost to India's employment base and employs ~ 2.6 million people. The various regulatory and policy changes, and infrastructure enhancements will also give a much needed boost to the industry, which will positively impact the growth of allied sectors. In a major push to develop an integrated logistics framework in the country and industrial parks, certain segments of the logistics sector viz; cold chains and warehousing facilities were conferred infrastructure status by the government in 2017. We hope that the Government considers extending the infrastructure status for the entire logistics sector.

Historically infrastructure has been a major bottleneck for continuous economic growth and further investments are needed. India jumped 19 places in World Bank's Logistics Performance Index (LPI) 2016 to rank 35th amongst 160 countries. The intense governmental focus for initiating policies to improve infrastructure in the country is an important development for the world's second most populated nation.

India currently has a small share (less than 2%) of the global express industry but is one of the fastest growing markets. The domestic express industry, comprising of shipments transported and delivered within the country, is a key constituent of the Indian express industry.

The share of surface in domestic express has grown mainly due to improving Road infrastructure and removal of State check-posts. With GST implementation, higher efficiencies are expected in the surface transport and the share of surface is expected to improve in the future.

There is a good potential for express logistics especially in the domestic driven segment showing high growth rates. Global competitors and the lively start-up environment are striving to take this growth opportunity.

MANAGEMENT DISCUSSION AND ANALYSIS

The Company's global reach, in over 220 countries and territories worldwide, is enabled through DHL Document Express (DOX), DHL Worldwide Package Express (WPX) and a wide range of packaging solutions. DHL Import Express is a unique single window importing service that takes care of all importing needs by offering door-to-door convenience. X-Border International Services is another unique and strong service offering. Duties & Taxes Paid (DTP), Express Pallet, Shipper Interest Insurance (SII) and Express Easy-Student are some of the other offerings.

The Company is one of the preferred partners to the e-tailing industry with first mile, line haul, last mile, fulfilment centres and reverse logistics to cater to the growing needs of this emerging segment.

Blue Dart's unrivalled domestic delivery system and network capability in India provide the perfect base for the development of nation-wide express and logistics solutions.

The company is working closely with leading brands, market place sellers and retailers to help them establish a sustainable e-tailing footprint offering Cash on Delivery (COD) and multiple digital payment options to strengthen its role as a trade facilitator and enabler.

A CUSTOMER CENTRIC BRAND

Blue Dart is acknowledged as the nation's most reliable express logistics brand.

Blue Dart is benchmarked with international standards, reliability, trustworthiness, hi-technology, strong corporate social responsibility and customer centricity. It stands for value, quality, speed, efficiency, responsiveness and service experience.

Blue Dart's service culture is further bolstered through the quality programme – First Choice – and initiatives such as Net Promoter Score and Key Account Management programmes which serve as a means to listen to the voice of the customer and act on it to deliver delight in a process-driven manner.

Blue Dart continues to be the best-in-class premium service provider. The latest customer satisfaction score improved by 18%. The Net Promoter Score was a high of 84% in the past year. Possibly, the highest in the world for an express service brand.

Blue Dart's 'Blue Points – Amazing Returns' has been a successful loyalty program run across all product segments enabling, nurturing, growing and building strong customer relationships and revenue streams.

Blue Dart continues to be the lone-ranger in the Indian skies with a fleet of six Boeing 757-200 freighters with capacities up to 500 tonnes per night.

The special brand focus campaign – I Love My Blue Dart – continues to be a pivot of the brand, motivating employees and building customer loyalty.

Blue Dart remains one of the best managed Companies in India which is evident by the awards and recognitions it has received. Blue Dart has been recognised as the No.2 Best Multi-national Workplaces in Asia 2018 by Great Place to Work Institute (GPTW) India, awarded a Business Superbrand for the 10th consecutive time and a Reader's Digest Most Trusted Brand for the 11th consecutive time this year.

DIGITAL TRANSFORMATION & AUTOMATION

Digital transformation is changing the face of business. And this change is accelerating and faster than the pace of transformation in organizations. This is being led by the penetration of the internet into smaller towns and cities and faster connectivity across the nation.

Initiatives such as introduction of auto-sorter, parcel locker, 'On the Move' (OTMs) handheld devices, smart dashboards, Mobile Point of Sales (MPOS) solution, Retail Point of Sales (POS) and introducing innovative delivery options such as Blue Way – a employee crowd-sourcing option, mobile service centre and parcel shops have paved the way for a enhanced delivery performance. Mobility solutions also enhance service quality, route optimisation and productivity as the entire movement of a courier, net- stops, dynamic re-routing are monitored from the service centre. The Company believes that technology initiatives like AI are important to deliver customer delight.

15 digital wallets have been added on the courier hand-held machines to enable digitalized payment system. The call bridge facility allows the customer to create a super sharp bespoke time preferred delivery experience by having direct connectivity with the courier on the field. This has been appreciated as a best demonstrated practice by the industry and customers.

Like every modern enterprise Blue Dart, too, has tapped into the social media space. The official Facebook, Twitter, Google+ and YouTube pages reach an extensive audience base and are rapidly gathering followers.

The company's presence on social media has fetched significant advantages like - Improved Market Intelligence, Quick Complaint Resolution, Increased Brand Awareness & Reach, Instant Feedback and Suggestions on its Products and Services, Increased Customer Engagement leading to higher Involvement & Retention thereby increasing its proximity with customers and improving Blue Dart's affinity. All this validates the company's focus on Customer-Centric culture.

MANAGEMENT DISCUSSION AND ANALYSIS

A RESPONSIBLE CORPORATE CITIZEN

Living Responsibility is a core element of Blue Dart's corporate strategy. Blue Dart won the Deutsche Post DHL Group CEO Awards for the second year in a row in 2018 for its GoHelp program – Blue Homes.

Blue Dart, as a responsible corporate citizen believes that giving back to society is not just 'corporate social responsibility', but a duty towards communities and the environment from where it draws its resources. More than 'responsibility' it is 'sustainability' that is its cornerstone.

In line with Deutsche Post DHL Group's 'Living Responsibility', Blue Dart takes its responsibility to society, communities and the environment seriously. Under this credo, Blue Dart (along with DPDHL group) focuses its corporate responsibility on environmental protection (GoGreen), disaster management (GoHelp) and championing education (GoTeach).

Blue Dart is aligned to the group's Mission 2050: Zero Emissions. The aim is to reduce the logistics-related emissions to zero by improving carbon efficiency by 50% over 2007 levels, operate 70% of first and last mile services with clean pick-up and delivery solutions, have 50% of our sales to incorporate Green Solutions and 80% of our employees to be certified GoGreen Specialist and together with partners, plant one million trees globally each year.

OPPORTUNITIES AND FUTURE OUTLOOK

A pick up in manufacturing activities and sectoral reforms such as introduction of GST and E-Way bills are likely to help the country's logistics sector to grow at a faster pace over the medium term. The sector is expected to gain from the broad-based economic recovery that is expected. Supply side factors like improvement in logistics infrastructure and emergence of logistics start-ups would provide even more impetus to growth.

Logistics firms are moving from a traditional setup to the integration of IT into their operations more efficiently and thereby reduce costs as well as to meet the service demands. The industry has moved from being just a service provider to a position which provides end to end supply chain solutions to their customers. Thus, all this has paved the way for further growth in the coming years.

Economic reforms, trade cooperation, improved transportation infrastructure and industrial growth is ushering and is increasing the opportunities for the logistics service providers (LSPs) in India.

Logistics services are getting an impetus from the 'Make in India' vision of the present government. The manufacturing sector growth will lead to a corresponding growth in infrastructure sector, as well as ensure traction for the logistics sector.

Major industries contributing to the growth of the sector are Pharma,

FMCG, Consumer Electronics, Consumer Durables, Banking & Financial Services, Automotive and e-tailing.

Air Express: Growth Enablers

The Civil Aviation Policy has raised hopes for the air cargo sector. An integrated Civil Aviation Policy has been issued by the government with the objective of making regional connectivity a reality. Cargo has also received much desired attention this time. The policy approved by the Cabinet aims to boost cargo operations. Promotion of both domestic and international air cargo and express delivery services is a key objective of the government, taking into the account 'Make in India', manufacturing and exports perspectives.

Ground Express: Growth Enablers

The development of any nation depends on the transportation networks and the ways in which they are being created.

The Golden Quadrilateral is a highway network connecting many of the major industrial, agricultural and cultural centres of India. It forms a quadrilateral connecting Chennai, Kolkata Delhi and Mumbai. Some other cities connected by this network are Ahmedabad, Bengaluru, Bhubaneswar, Jaipur, Kanpur, Pune, Surat, Vijayawada, Ajmer and Vizag.

The pace of construction of new roads has been accelerated. This will certainly boost the growth prospect of the ground express industry with the improvement in infrastructure, removal of inter-state regulatory borders and reduced transit times.

Bharatmala Pariyojana is a new umbrella program for the highways sector that focuses on optimizing efficiency of freight and passenger movement across the country by bridging critical infrastructure gaps through effective interventions like development of Economic Corridors, Inter Corridors and Feeder Routes, National Corridor Efficiency Improvement, Border and International connectivity roads, Coastal and Port connectivity roads and Green-field expressways.

The Bharatmala Pariyojana is expected to bring in improvement in efficiency of existing corridors through development of Multimodal Logistics Parks and elimination of check points. Enhance focus on improving connectivity in North East and leveraging synergies with Inland Waterways. Bring in emphasis on use of technology & scientific planning for Project Preparation and Asset Monitoring.

With the augmentation of Road network, it is expected that some of the movements would shift from air to road network.

E-tail Logistics: Growth Enablers

The e-tailing industry is expected to grow consistently over the next few years. Consumer needs are evolving and logistics will play a

MANAGEMENT DISCUSSION AND ANALYSIS

key role in satisfying these needs. E-tail logistics is hence riding on the wave of booming e-tailing industry.

Indian e-tailing industry is still at a early stage when compared globally and hence holds immense potential on the demand side. The focus on Digital India initiative by the government is also a key enabler for e-tailing and in turn e-tailing logistics.

RISKS AND CONCERNS

Air Express

The document movement constitutes a large portion of air express. Digitization is certainly changing the operating model of the industry – more documents are being sent electronically. The shifting of commercial and heavier shipments to ground is a deterrent for Air Express industry. Continued cost pressures across industry verticals and focus on efficiency enhancement has resulted in the shift.

Moreover, additional cargo space and express capacity availability is posing a challenge to maintain yields for e.g. the available belly space in passenger aircraft and their express service focus. The aviation sector is witnessing an aggressive momentum to acquire new aircraft which will further add to the capacity availability.

Faster and agile speed trucking is also a threat to air express business.

Ground Express

Usage of Full Truck Load and thus moving goods in bulk at one go is a risk to ground express. The sheer time taken in resolving the infrastructure needs in the country is altering the Ground Express growth. New ground players are also creating excess capacity and putting pressure on margins.

E-tail Logistics

The focus of investors on sustained profitability has pushed e-tailers to cost measures hence impacting the sentiments, they further expect cost rationalisation on their logistics spends with express service providers. The percentage of in-sourced / captive logistics is also going up with portals, it is currently estimated greater than 50% for the industry leading players*. Portals expected superior IT integration and Service Quality from the logistics service providers. This is an evolving business and needs continuous investments from the service providers.

ECONOMIC FACTORS

India's macroeconomic environment is expected to be stable for the long-term.

As per the DHL Global Trade barometer, the Indian trade growth is expected to remain on record high levels. The March 2018 Index

had predicted the March 2018 to May 2018 trade development at 84. Any index above 50 is considered stable.

The future growth will come from service related industries and private consumption. The landmark goods and services tax (GST) will substantially simplify trade. The crunch from 'demonetization' is largely over. The e-waybill implementation after its teething issues began stabilising.

Goods and Service Tax (GST)

Goods & Services Tax Law is a comprehensive, multi-stage, destination-based tax that is levied on every value addition, it is an indirect tax levied on the supply of goods and services. This law has replaced many indirect tax laws that previously existed in India. GST is one tax for the entire country.

The GST journey began in the year 2000 when a committee was set up to draft law. It took 17 years from then for the Law to evolve. In 2017 the GST Bill was passed in the Lok Sabha and Rajya Sabha. On 1st July 2017 the GST Law came into force.

During the initial phase of GST implementation, the biggest challenge was technology related where businesses had to revamp their tax and IT infrastructure, integrate backend systems and streamline business processes in entirety to be GST ready. However, in the long-run, GST will be a game changing reform for the Indian economy. GST will mainly remove the cascading effect on the sale of goods and services. Removal of cascading effect will directly impact the cost of goods. Since tax on tax is eliminated in this regime, the cost of goods decreases.

GST is also mainly technologically driven. All activities like registration; return filing, application for refund and response to notice needs to be done online on the GST Portal. This will speed up the processes.

Introduction of e-Way Bill

e-Way Bill is an electronic way bill for movement of goods which can be generated on the e-Way Bill Portal. Transport of goods of more than ₹ 50,000 (Single Invoice/bill/delivery challan) in value in a vehicle cannot be made by a registered person without an e-way bill.

Alternatively, e-way bill can also be generated or cancelled through SMS, Android App and by Site-to-Site Integration (through API).

When an e-way bill is generated a unique e-way bill number (EBN) is allocated and is available to the supplier, recipient, and the transporter.

For a registered person an e-way bill must be generated when there is a movement of goods of more than ₹ 50,000 in value to or from a Registered Person. A Registered person or the transporter

* Red Seer Consulting

MANAGEMENT DISCUSSION AND ANALYSIS

may choose to generate and carry e-way bill even if the value of goods is less than ₹ 50,000.

An unregistered person is also required to generate e-Way Bill. However, where a supply is made by an unregistered person to a registered person, the receiver will have to ensure all the compliances are met as if they were the supplier.

For Transporters carrying goods by road, air, rail, etc. also need to generate e-Way Bill if the supplier has not generated an e-Way Bill.

Post an initial delay in the launch of e-way bill and thereafter a further postponement due to speed bumps in execution. The Implementation of e-Way Bills from 1st of April 2018 has become mandatory for inter-state movement of goods throughout India.

The requirement of e-way bills for movement of goods within the States /UT started from 15th April 2018 in a phased manner by grouping the States/UT into four lots.

Dedicated Freight Corridors

The Dedicated Freight Corridors are planned to be 'freight-only' corridors which will make it cheaper, faster, and more reliable to move goods between industrial heartlands in the North and ports on the Eastern and Western coasts. These freight-only railway lines along congested transport corridors were envisaged to ramp up the average speed of freight, which had reduced considerably to 20 kmph.

The Dedicated Freight Corridors will enable the transportation of coal to meet the growing electricity demand, transportation of Cement, Steel and Machinery for infrastructure development and movement of goods from factories to ports to facilitate international trade.

Logistics Parks

In 2017, the Union Cabinet approved setting up of logistics parks at 35 locations under the 'Bharatmala' programme to facilitate the efficient movement of freight along routes of economic importance. The multimodal logistics parks are being planned as centres of freight aggregation, with warehousing, cold storage and like facilities. These are to be built along national highways, outside cities, helping to reduce traffic congestion and pollution.

National Civil Aviation Policy

The National Civil Aviation Policy (draft released in October 2015) was cleared by the Cabinet on June 15, 2016.

India has tremendous potential for air cargo growth on domestic as well as international routes.

A thrust in the Civil Aviation Policy for air cargo can fuel the growth of the aviation sector and boost the country's economy. A policy

focused on air cargo was hence desirable and needed urgently.

Currently, the primary beneficiaries of the Indian cargo market are Indian Railways, road transporters and foreign airlines. Development of regional cargo hubs is one of GoI's top priorities. The aim is to increase air cargo volumes to 10 million tons by 2027. The Policy further recognizes express delivery services as a separate segment within air cargo owing to its distinctive nature and process.

The express industry is turning out to be a pivotal segment for enhancing exports, especially in the small and medium-sized enterprises segment, in view of the expansion of e-tailing and other new age industries.

The Policy aims at encouraging airport operators to provide space for at least 10 years via lease to operators of express cargo freighters, which may then develop dedicated infrastructure to improve their operational efficiency.

The Policy also aims to establish free trade and warehousing zones to facilitate transshipment cargo. With the GoI's emphasis on "Make in India," "ease of doing business" and "enhancement of exports", it is extremely important to enhance infrastructure to stimulate growth of the air cargo sector.

COMPETITION

Volume and margins are facing increasing pressure from shifting market dynamics. Most e-tail logistics players are struggling to make profits.

Due to the challenging market dynamics e-tailers have increased the share in captive logistics. This has reduced the addressable market for traditional companies like Blue Dart.

Increased share in captive logistics by e-tailers and aggressive pricing from other 3 PL players has impacted the company's revenue and EBIT.

Dedicated express service providers as well as captive players are focusing on winning non-e-tailing customers as a expansion strategy and to reduce dependency on the e-tailing industry. Focus has also been on enhancing reach and improving network capabilities.

New models in premium road transportation have emerged with the backing of investors. Passenger airlines have entered the logistics space by offering door to door service thus posing direct threat to the company's air business.

INFRASTRUCTURE ISSUES

Air Infrastructure

The operating cost at most airports across India has also multiplied

MANAGEMENT DISCUSSION AND ANALYSIS

manifold without any significant improvement or differentiation in services offered, post the privatisation of major airports. The air infrastructure in the country continues to be inadequate in terms of cities covered and cargo handling capacities leading to significantly higher dwell time as compared to international standards.

Insufficient aircraft bays, truck docking stations, limited space for express terminals and clearance processes lead to delays and impact operational cost.

The Company's wholly owned subsidiary viz; Blue Dart Aviation Ltd. recently inaugurated its new Chennai Hub facility which will be a major transshipment for our volumes nationally and in the southern part of the country.

There is also a tendency amongst private airport operators to increase costs such as lease rental etc. in an adhoc manner without correlation to market realities or any justification.

Road Infrastructure

While a lot of efforts are underway to improve the Indian road infrastructure, the average speed of travel still remains dismally low with an average speed of 25-30 kms/hour as compared to averages of 80 kms/hour in advanced economies. The need to use smaller vehicles with lower capacity utilization during office hours in cities leads to an increase in operating cost per move.

With increased budgeted outlays, if infrastructure reforms are implemented, it could have a significant impact on the overall logistics segment.

Despite these challenges, Blue Dart performed reasonably well on all fronts and capitalized on its strong brand equity, focused growth plans, customer loyalty and service quality.

INTERNAL CONTROLS AND ITS ADEQUACY

Across industries, internal process control and systems play a critical role in the health of a company. An effective system of internal controls form a keystone necessary for building, maintaining and improving shareholders' value and helps to enhance the overall quality of the business and enterprise. Blue Dart remains committed to ensuring an effective internal control environment that provides assurance on the efficiency of operations and the security of assets. Blue Dart has a sound internal control system to ensure that all assets are protected against loss from unauthorised use. All transactions are recorded and reported correctly. The company's internal control system is further supplemented by internal audits carried out by the internal audit team along with co-sourced audit firm, KPMG. Well-established and robust internal audit processes, both at business and corporate levels, continuously monitor the adequacy and effectiveness of the internal control environment across the company and the status of compliance with operating systems, internal policies and regulatory requirements.

During the year, Blue Dart has established and maintained adequate and effective internal financial controls based on internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

The Audit Committee of the Board addresses significant issues raised by both the Internal Auditors and Statutory Auditors.

The company also conducts Risk Assessment Workshops annually to define and identify what the company's most significant risks are and how those risks can be mitigated. The members of the Senior Management actively participate and deliberate in the risk workshops. The company has laid the foundation of internal risk framework.

HUMAN RESOURCES

Blue Dart is one of India's best places to work and has exceptionally talented workforce.

Employee Morale, Motivation & Engagement

In 2017, 99.2% of the employees participated in the Annual Employee Satisfaction Survey (ESS). Pride in working for Blue Dart clearly emerges as the highest score at 97.4%. Amongst the dimension-wise scores, Organization Identity is the highest scoring with a mean satisfaction score of 96.4%, same as last year. The mean score of Employee Engagement increased to 95.2% as against 94.8% over previous year. In active leadership the score stands to be 94.8% as against 94.6% score in 2016.

Employee engagement activities such as celebration of festivals, Diversity Week celebration, and health related workshops, medical camps, etc were undertaken. These events have helped in increasing the employee bond and engagement. The retention of key talent in 2017 was 99.4%.

Performance Management

The performance management system is managed through the online HRIS platform, PRIDE, known as Motiv8 ePMS for all management cadre employees. It has a competency framework subset (Motiv8, i.e., 8 competencies) which is interlinked and is used for the assessment of an employee along with the KRA / KPI assessment.

MANAGEMENT DISCUSSION AND ANALYSIS

To develop the competency aspect of the employees, various trainings have been incorporated to strengthen the development culture such as New Age Leadership Development Program (NALDP) and Building Great Employee Relations (BGER).

Employee Relations for Human Resources (ER for HR) is an initiative under the DPDHL group to build competency in HR team to support line managers to handle their teams' ER issues and challenges proactively.

Employee Development

PeP Expert Foundation Training

The PeP Expert Foundation training was conducted during the year. Employees who are trained as Pep Facilitators through train-the-trainer approach go on to train more PeP Experts. Four major behaviors reinforced through this programme are: Change Crafters, Risk Takers, Problem Solvers and Responsibility Takers.

PeP Compliance training

Through an online training process, employees undergo training and awareness is created that compliance secures our "license to operate" and is the foundation of entrepreneurial business practice. Employees comply with regulations and policies in their daily work.

Panel review under Executive Development Review (EDR)

Panel review is a systematic process for career and succession development which has been institutionalized at Blue Dart.

Employee Reward & Recognition

In order to keep the motivation level high of the employees and recognize outstanding work done by them, 641 Blue Darters were awarded with the on-the spot Bravo award by individual managers for excellent work. 18 Blue Darters were awarded the prestigious Super Darter award for achievements beyond the call of duty. The Company is proud that 906 Blue Darters joined the True Blue Club, on completion of 5 years of service. In 2017, we had 13 Go-Getter of the Years awardees, along with 22 nominees from all India who were felicitated with the Managing Director's recognition.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF BLUE DART EXPRESS LIMITED

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Blue Dart Express Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 (amended). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its profits including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Other Matter

The Ind AS financial statements of the Company for the year ended March 31, 2017, included in these standalone Ind AS financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those statements on May 5th, 2017.

ANNEXURE 2 TO INDEPENDENT AUDITORS' REPORT

Annexure 2 referred in our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of Blue Dart Express Limited (the "Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining

an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

ANNEXURE 2 TO INDEPENDENT AUDITORS' REPORT

Annexure 2 referred in our report of even date

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating

effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SCHEDULES

Notes forming part of the Standalone Financial Statements as at and for the year ended March 31, 2018

1 General Information

Blue Dart Express Limited ('the Company') is engaged in the business of integrated air and ground transportation and distribution of time sensitive packages to various destinations, primarily within India. The Company is a public limited company incorporated in India having its registered office at Blue Dart Centre, Sahar Airport Road, Andheri East, Mumbai. The Company has its equity shares and non convertible debentures listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

The standalone financial statements were authorised for issue in accordance with a resolution of the directors on May 8th 2018.

2 Basis of preparation of financial statements

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 under the provisions of the Companies Act, 2013 (the 'Act') and subsequent amendments thereof. The financial statements have been prepared under the historical cost basis except for certain financial assets and liabilities measured at fair value (Refer note 3(o)) and Defined benefit plans - plan assets measured at fair value (Refer note 28).

The financial statements are presented in Indian Rupees ('INR') in lakhs, which is also the Company's functional currency. The financial statements are prepared on a going concern basis.

Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The areas involving critical estimates and judgements are:

- Estimation of useful life of property, plant and equipment and intangibles assets (Refer note 3(a))
- Estimation of defined benefit obligation (Refer note 28)
- Estimation of current tax expense and receivable/payable (Refer note 9)
- Estimation of contingent liabilities (Refer note 40)
- Estimation of deferred costs (Refer note 16)

3 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, unless otherwise stated.

a. Property, plant and equipment

Free hold land is carried at historical cost, net of accumulated impairment losses, if any. All other items of Property, Plant and Equipment are at historical cost, net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Capital work-in-progress represents Property, plant and equipment that are not yet ready for their intended use as at the balance sheet date.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or

SCHEDULES

Notes forming part of the Standalone Financial Statements as at and for the year ended March 31, 2018

when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Intangible Assets:

Intangible assets are stated at cost less any accumulated amortisation and accumulated impairment losses, if any. The Company capitalises identifiable costs relating to development of internally generated software and these are stated net off accumulated amortization.

Intangible assets under development comprise costs relating to development of software that are not yet ready for their intended use as at the balance sheet date.

Depreciation

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

a. Leasehold improvements	Over the period of lease term
b. Office Equipments	10 years
c. Electrical Equipment	6 to 10 years
d. Computers	3 to 6 years
e. Furniture Fixtures	10 years
f. Vehicles	8 years
g. Material Handling Equipment	15 years
h. Machinery and Equipment	2 to 6 years

The Company, based on technical assessment made by technical expert and management estimate, depreciates computers over estimated useful lives of 3 to 6 years which are different from the useful life prescribed in Schedule II to the Act. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation for assets purchased/sold during a year is proportionately charged.

Amortisation

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses, if any. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the profit and loss unless such expenditure forms part of carrying value of another asset. Computer softwares, amortised under straight line method over the estimated useful life of 6 to 10 years. Internally generated software is amortised using the straight-line method over a period of 10 years, based upon its estimated useful economic life.

b. Impairment of Assets

The Company assesses at each reporting date whether there is any indication that an asset (tangible or intangible) may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating unit's (CGU) net selling price and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered to be impaired and is written down to its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased and such reversal is recorded in the Statement of Profit and Loss.

c. Investments in Subsidiaries

The Company has accounted for its investments in subsidiaries at cost.

d. Inventories

Inventories are stated at lower of cost and net realisable value.

Inventories primarily consist of packing and stationery consumables which are valued at cost (arrived at using First-in First-out basis).

e. Revenue Recognition

Service Charges:

Service charges for transportation of shipments are recognised as income when shipments are delivered and represent amounts invoiced, net of Service Tax, Goods and Services Tax and all discounts.

Other Income:

- Interest Income (including Unwinding interest on Payload Deposit and Lease Deposit):

Interest income is recognised using the effective interest rate method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

- Dividend Income:

Dividend income is recognised when the right to receive the dividend is established.

SCHEDULES

Notes forming part of the Standalone Financial Statements as at and for the year ended March 31, 2018

f. Foreign Currency Transactions

Functional and Presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is the Company's functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into functional currency using the exchange rates at the date of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in the Statement of Profit and Loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit or Loss, within finance cost. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains/(losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

g. Employee Benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Compensated absences:

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the Balance Sheet date are treated as short term employee benefits. The liability in respect of compensated absences of short term nature is not actuarially valued and is provided on an estimated basis.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore

measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of Balance Sheet date are treated as other long term employee benefits for measurement purposes. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each year. Remeasurements, comprising of Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

The Company presents the leave as a short term employee benefit obligation in the balance sheet to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) Defined benefit plans such as gratuity
- (b) Defined contribution plans such as provident fund, super annuation fund, employee's state insurance funds and employee's pension scheme.

Defined Benefit Plans:

Gratuity:

The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income (OCI).

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss: Service costs comprising current service costs, past-service costs, gains and losses on curtailments, non-routine settlements; and Net interest expense or income.

SCHEDULES

Notes forming part of the Standalone Financial Statements as at and for the year ended March 31, 2018

Defined Contribution Plans:

Contribution towards Provident Fund for all employees are made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

Superannuation is classified as a defined contribution scheme of the Company. Contribution due towards Superannuation Fund for eligible employees is made to an insurance company, and the Company has no further obligation beyond making this payment.

The Company also contributes to State plans, namely Employee's State Insurance Fund and Employee's Pension Scheme 1995, and has no further obligation beyond making its contribution.

Company's contributions to the above funds are charged to the Statement of Profit and Loss for the year for which the contributions are due for payment.

(iv) Bonus plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

h. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease.

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Operating lease rental payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

i. Income Taxes

Income tax expense comprises current and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent that it relates items recognised directly in equity or in OCI.

Current tax

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and set off the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets or liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are subsequently reversed when it becomes probable that such assets will be realised.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if:

- the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

j. Trade and other payables

These amounts represent liabilities for services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid as per contractual terms. Trade and other payables are presented as

SCHEDULES

Notes forming part of the Standalone Financial Statements as at and for the year ended March 31, 2018

current financial liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

k. Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of a past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value pre-tax rate that reflect current market assessment of the time value of money and the risk specific to the liability.

l. Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

m. Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, cheques in hand, demand deposits with banks and other short-term highly liquid investments with original maturities upto three months adjusted for bank overdrafts, if any. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

n. Trade receivables

Trade receivables are recognised initially at fair value, less provision for impairment.

o. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial assets

(i) Classification

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

(ii) Initial recognition and Measurement

All financial assets are recognised initially at fair value including, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

The company has accounted for it's investment in subsidiaries at cost.

(iii) Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise to cash flows on specified dates that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

Debt instruments included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

(iv) Derecognition

A financial asset is derecognised only when:

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset.

SCHEDULES

Notes forming part of the Standalone Financial Statements as at and for the year ended March 31, 2018

In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments and are measured at amortised cost e.g., loans, debt securities, deposits and bank balance
- b) Trade receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- i) Trade receivables which do not contain a significant financing component
- ii) All lease receivables resulting from transactions

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

B. Financial liabilities

(i) Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for

financial liabilities at fair value through Statement of Profit and Loss. Such liabilities, including derivatives that are liabilities, are subsequently measured at fair value.

(ii) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

(iii) Financial liabilities at fair value through Statement of Profit and Loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as fair value through Statement of Profit and Loss (FVTPL), fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/losses are not subsequently transferred to Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Statement of Profit and Loss. The Company has not designated any financial liability as fair value through Statement of Profit and Loss.

(iv) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised

SCHEDULES

Notes forming part of the Standalone Financial Statements as at and for the year ended March 31, 2018

cost using the EIR method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognized.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

(v) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(vi) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

p. Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether

transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

q. Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the net profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year, if any and excluding treasury shares (Refer note 32).

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares. (Refer note 32).

r. Segment Information

The Company has only one operating segment, which is 'integrated air and ground transportation and distribution'. All assets of the Company are domiciled in India and the Company earns its entire revenue from its operations in India. There is no single customer which contributes more than 10% of the Company's total revenues.

s. Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakhs as per the requirement of Schedule III, unless otherwise stated.

- D) i) Valuations in respect of Gratuity has been carried out by an independent actuary, as at the Balance sheet date, based on the following assumptions:

	As at March 31, 2018	As at March 31, 2017
Discount Rate and Rate of Return on Plan Assets (per annum)	7.87%	7.74%
Rate of increase in Compensation levels (refer note below)	7.25%	7.25%
Attrition rate	1%	1%

Note: The estimates of future salary increases, considered in actuarial valuation, takes into account, inflation, seniority, promotions and other relevant factors, such as demand and supply in the employment market.

ii) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	Impact on defined benefit obligation (In ₹ Lakhs)			
	As at March 31, 2018		As at March 31, 2017	
	Increase	Decrease	Increase	Decrease

Note 3: The borrowings are classified under level 1 in fair value hierarchy with quoted prices in active markets of ₹ 16,669 lakhs (Previous year: ₹ 33,596 Lakhs).

B Financial Risk management

i) Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the policies and processes. Risk assessment and policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the management is responsible for overseeing the Company's risk assessment and policies and processes.

ii) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of expected credit loss in respect of trade and other receivables and investments.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also have an influence on credit risk assessment.

Concentrations of credit risk with respect to trade receivables are limited, due to the Company's customer base being large and diverse and also on account of realisation of receivables within six months. All trade receivables are reviewed and assessed for default on a regular basis.

Our historical experience of collecting receivables, supported by the level of default, is that credit risk is low.

Cash and cash equivalents

The Company held cash and cash equivalents with credit worthy banks and financial institutions of ₹ 21,120 Lakhs and ₹ 24,220 Lakhs as at March 31, 2018 and March 31, 2017 respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

SCHEDULES

Notes forming part of the Standalone Financial Statements as at and for the year ended March 31, 2018

Security deposits given to lessors

The Company has given security deposit to lessors for premises leased by the Company as at March 31, 2018 and March 31, 2017. The credit worthiness of such lessors is evaluated by the management on an ongoing basis and is considered to be good.

Loans and Payload deposit given to subsidiary

The Company has given loan to its subsidiaries of ₹ 2,996 Lakhs and ₹ 5,437 Lakhs as at March 31, 2018 and March 31, 2017 respectively. The Company has given payload deposit to its subsidiary (Blue Dart Aviation Limited) of ₹ 2,150 Lakhs and ₹ 2,150 Lakhs as at March 31, 2018 and March 31, 2017 respectively. The approved future business plans and cash flow projections of the subsidiaries are evaluated by the management of the Company on an ongoing basis and based on this evaluation the recoverability of the payload deposit is considered to be good.

iii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company has access to funds from non-convertible debentures.

As of March 31, 2018, the Company had working capital of ₹ 19,407 Lakhs including loans of ₹ 2,003 Lakhs, cash and cash equivalents of ₹ 22,477 Lakhs, trade receivables of ₹ 42,001 Lakhs, other assets of ₹ 5,744 Lakhs, employee benefit obligations of ₹ 6,189 Lakhs, trade payables of ₹ 29,592 Lakhs, borrowings of ₹ 9,491 Lakhs and other financial liabilities of ₹ 7,546 Lakhs.

As of March 31, 2017, the Company had working capital of ₹ 18,716 Lakhs including loans of ₹ 2,547 Lakhs, cash and cash equivalents of ₹ 25,432 Lakhs, trade receivables of ₹ 35,975 Lakhs, other assets of ₹ 8,459 Lakhs, employee benefit obligations of ₹ 5,618 Lakhs, trade payables of ₹ 22,213 Lakhs, borrowings of ₹ 16,610 Lakhs and other financial liabilities of ₹ 9,256 Lakhs.

iv) Market risk

Market risk is the risk of loss of future earnings, fair values of future cash flows that may result from adverse changes in market rates and prices (such as interest rates and foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk and interest rate risk. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and its revenue generating and operating activities.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Interest rate sensitivity - fixed rate instruments

The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

(b) Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the Statement of Profit and Loss account and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in U.S. dollar, against the functional currency of the Company.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows:

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

Stamp Duty - Karnataka and Maharashtra

Not ascertainable Not ascertainable

In response to the notices received from Stamp Authorities of Bangalore, Mangalore and Mumbai for payment of stamp duty under the Karnataka Stamp Act, 1957, and Maharashtra Stamp Act, 1958, based on the legal counsel advise received, the Company has filed its reply with those authorities submitting that on various grounds, it does not consider an air waybill to be an 'acknowledgement' chargeable to stamp duty under the Schedule of the said Act.

41 During the year, the Company has received a repayment of ₹ 2,441 Lakhs [Previous year ₹ 3,911 Lakhs] from Blue Dart Aviation Limited, a subsidiary company. As at March 31, 2018 the outstanding loan balance is ₹ 2,996 Lakhs, [Previous year ₹ 5,437 Lakhs] of which ₹ 1,903 Lakhs [Previous year ₹ 2,441 Lakhs] is receivable within 12 months from balance sheet date. 43 CAPITAL MANAGEMENT

The Company's objective for Capital management is to maximise shareholder's value and support the strategic objectives of the Company. The Company determines the capital requirements based on its financial performance, operating and long term investment plans. The funding requirements are met through operating cash flows generated.

The Company monitors capital using a ratio of 'Adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest bearing debentures, less cash and cash equivalents (excluding collection on cash on delivery shipments held on behalf of customers). Equity comprises all components of equity. As at March 31, 2018 the cash and cash equivalents are more than the outstanding debts, hence the Debt equity ratio has not been disclosed (March 31, 2017 - 0.23).

44 Recent Accounting Pronouncements

Standards issued but not yet effective

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective.

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was issued on 28 March 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after 1 April 2018. Based on the preliminary assessment performed, the Company does not anticipate a material impact on the financial statements.

REVIEW OF INDIAN ECONOMY AND AVIATION INDUSTRY

The Government of India has undertaken major reforms over the past year. The implementation of the Goods and Services Tax (GST), E-Way bill, introduction of new Indian Bankruptcy Code and implementing a major recapitalization package to strengthen the public sector banks are some of the major reforms in the Indian economy. As a result of these measures, the dissipating effects of earlier policy actions, and the export uplift from the global recovery, the economy has started to accelerate in the second half of the year.

Air traffic in India rose 15.80 % year-on-year to 280.24 million during April-February 2017-18. Witnessing a growth of 18.50 % over the previous year, total passenger traffic stood at a 264.97 million in FY17. India's passenger traffic grew 15.80 % y-o-y to 280.24 million during April-February 2017-18. The government is taking initiatives like liberalization of air services, airport development and regional connectivity through the UDAN scheme. According to Airbus, the number of passengers flying in the Indian domestic market is expected to multiply by almost six times in the next 20 years compared to 1.5 times for domestic USA and almost four times for domestic China.

There is a steep increase in the crude oil prices during the year, compared to earlier year, which has increased the expenses and has offset the revenue growth due to increase in air traffic. Fluctuation in foreign currency and weakening of the rupee has also affected the aviation industry which depends on imports for servicing of aircraft.

As of March 2018, there are nearly 550 commercial aircraft in operation in India. It is estimated that India will see an investment of US \$25 billion in the next decade in the airports sector, and traffic growth of 13 %, according to Morgan Stanley. According to them, the share of air travel in air and rail travel combined in India will grow to 15.2 % by 2027 from 7.9 % now.

Increase in the number of passenger aircraft has added significant air cargo capacity by way of additional belly space offered by such aircraft. This has intensified the competition.

REVIEW OF PERFORMANCE

Your Company is the only scheduled domestic cargo airline operating in the Indian skies, with a fleet of six Boeing 757-200 freighters.

Your Company has posted an On Time Performance of 81% and a Technical Dispatch Reliability of 99.22% with an average fleet life of 22.5 years and despite severe infrastructure constraints, congestion in the skies and ATC delays. Your Company has handled 38 charters during the year and has uplifted 91,471 tonnes on its network during the period of 12 months ended March 31, 2018. This was made possible with additional operations of 170 flights and 856 hours supplementing the scheduled night operations.

Your Company has an ACMI Contract with parent company Blue Dart Express Limited for providing dedicated air carriage capacity, which has ensured strong support in sustaining Blue Dart's leadership position through its unique aviation network.

Your company started the year with the daunting task of repairing one of its aircraft, VT-BDO, which was grievously damaged during cyclone Vardha. The structural and wiring repairs were completed in-house in a timely and cost-effective manner, with nil defects on release to operations. Your Company has carried out four major checks during the year 2017-18. Notable was the major 4C check undertaken on VT-BDA from 01 to 23 February 2018, with 820 task cards, 50 SB/ADs and 132 non-routine tasks based on observations by your Company's engineering team. All the tasks were completed within 20 working days and released with nil snags.

During the year, your Company has successfully completed the International Civil Aviation Organization's (ICAO) audit of Indian regulator DGCA. An ICAO team audit has covered the Airworthiness aspects in all Maintenance, CAMO functions including Technical Library, Training and Stores. The audit was completed with nil observations, and the policies and procedures put in place by your Company were appreciated by the ICAO Audit team.

Your Company was the first to be approved by the DGCA for the Airline Type Rating Programme. This capability has saved training costs and given the Company much needed flexibility to meet its training targets

DIRECTORS' REPORT

and ensure standards. The ground training instructors and support personnel have set up a training facility within the available space and resources, creating a flight deck mock-up, CBT stations and an examination room that is supported with biometric access and CCTV monitoring. Four successful ATRP courses were completed during the year.

Your Company as always, maintained its focus on safety through continued audits and inspections spread over the year at all Stations. In addition, SMS activities became more involved with hazards being reported at regular intervals. There were close interactions between departments at all stations on the effective functioning of the Safety Action Group, providing a coordinated approach in dealing with hazards and weak areas.

Your Company has kept pace with the rapid and numerous changes in regulations on a daily basis, and all affected CAR M, CAR 145, CAR 147 and CAR 66 regulations were revised substantially by DGCA, with tough target time limits for operators to comply. Your Company has ensured 100% compliance on time, by efficient processing of policies and procedure approvals by the DGCA and its implementation.

During the year, your Company has renegotiated the ATF procurement by distributing the supply more effectively and creating a competition between three aviation turbine fuel suppliers with substantial reduction from existing rates. This process improvement has yielded a greater cost efficiency and reduced cost of ATF by 5%.

To enhance the warehouse capabilities at its online stations, your Company has undertaken construction and refurbishment of new warehouse facilities at Mumbai, Delhi, Chennai and Kolkata Airports. During the year, the Kolkata warehouse project was successfully completed and operations have been relocated to the new facility with effect from January 2018. One of your Company objectives is to reduce the target of misroutes, to achieve reliability.

Your Company has received the Innovation Award by GMR at New Delhi airport. The Fire Containment Bag developed by your Company, was selected as the best and most beneficial innovative solution for safety.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF BLUE DART AVIATION LIMITED

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Blue Dart Aviation Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) (Amendment) Rules, 2017. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its profits including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Other Matter

The Ind AS financial statements of the Company for the year ended March 31, 2017, included in these standalone Ind AS financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those statements on May 05, 2017.

INDEPENDENT AUDITORS' REPORT

ANNEXURE 1 TO INDEPENDENT AUDITORS' REPORT

Annexure 1 referred to in paragraph 1 under Report on Other Legal and Regulatory Requirements of our audit report of even date:

i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) According to the information and explanations given by the management, there are no immovable properties, included in property, plant and equipment of the company and accordingly, the requirements under paragraph 3(i) (c) of the Order are not applicable to the Company.

ii. The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.

iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.

iv. In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities given in respect of which provisions of section 185 and 186 of the Act are applicable and hence not commented upon.

v. The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.

vi. To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Act, for the services of the Company.

vii. (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, service tax, duty of custom, cess, value added tax and other statutory dues applicable to it. The provisions of sales-tax, and duty of excise are not applicable to the Company.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, goods and service tax, duty of custom, value added

tax, cess and other statutory dues were outstanding at the year-end for a period of more than six months from the date they became payable. The provisions of sales-tax, and duty of excise are not applicable to the Company.

(c) Following are the amounts of service tax which have not been deposited by the Company on account of any disputes:

Name of the statute	Nature of dues	Amt* ₹ in Lakhs	Period to which the amount relates	Forum where the dispute is pending
Finance Act, 1994	Service Tax	6,499	May 2008 to June 2017	Customs, Excise & Service Tax Appellate Tribunal

There are no amounts of sales tax, income tax, custom duty, wealth tax, excise duty, value added tax and cess which have not been deposited by us on account of any disputes.

viii. In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or government or dues to debenture holders.

ix. According to the information and explanations given by the management, the Company has not raised any money way of initial public offer / further public offer / debt instruments and term loans during the year under review. Hence, reporting under clause 3 (ix) is not applicable to the Company and not commented upon.

x. Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or no material fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.

xi. According to the information and explanations given by the management, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.

xii. In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3 (xii) of the order are not applicable to the Company and hence not commented upon.

xiii. According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of the Act, where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

ANNEXURE 1 TO INDEPENDENT AUDITORS' REPORT

Annexure 1 referred to in paragraph 1 under Report on Other Legal and Regulatory Requirements of our audit report of even date:

- xiv. According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to the Company and not commented upon.
- xv. According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of the Act.
- xvi. According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

ANNEXURE 2 TO INDEPENDENT AUDITORS' REPORT

Annexure 2 referred in our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of Blue Dart Aviation Limited (the "Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

ANNEXURE 2 TO INDEPENDENT AUDITORS' REPORT

Annexure 2 referred in our report of even date

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SCHEDULES

Notes to the financial statements for the year ended March 31, 2018

1. General Information

Blue Dart Aviation Limited ('the Company') is a public company incorporated in India on May 31, 1994 under the provisions of the Companies Act applicable in India. The Company is authorised by the Director General Civil Aviation of India to commercially operate aircrafts for transporting cargo and to provide aircraft maintenance services. "Express Air Charter Services" income is generated from the charter flight services rendered exclusively to Blue Dart Express Limited. The registered office of the company is located at 88-89, Old International Terminal, Meenambakkam, Chennai. The Company is a wholly owned subsidiary of Blue Dart Express Limited, India.

The standalone financial statements were authorised for issue in accordance with a resolution of the directors on May 8th 2018.

2 Basis of preparation of Financial Statements

a. Statement of compliance with Ind AS

The Financial statements of the Company comply with all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and subsequent amendments thereof.

b. Historical cost convention

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities and defined benefit plans - plan assets measured at fair value. (Refer Note 18)

c. Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The areas involving critical estimates and judgements are:

- (i) Estimation of useful life of property, plant and equipment and intangible assets [Refer Note 3(a)]
- (ii) Estimation of defined benefit obligation [Refer Note 18A]
- (iii) Estimation of provision for inventories
- (iv) Estimation of contingent liabilities [Refer Note 3(l)]

d. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- (i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for the purpose of trading
- (iii) Expected to be realised within twelve months after the reporting period, or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- (i) It is expected to be settled in normal operating cycle
- (ii) It is held primarily for the purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

3 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, unless otherwise stated.

a. Property, plant and equipment

Property, Plant and Equipment are carried at historical cost, net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate

SCHEDULES

Notes to the financial statements for the year ended March 31, 2018

asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Capital work-in-progress represents property, plant and equipment that are not yet ready for their intended use as at the balance sheet date.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual value, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

b. Intangible Assets:

Intangible assets are stated at cost less any accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over the estimated useful life. The Company capitalises the cost of Type-Certification course of Pilots and Engineers, and amortises it using the straight-line method over a period of three to five years, being the estimated useful economic life based on the contractual terms with the Pilots and Engineers.

Depreciation/Amortisation

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Asset	Useful Life
Aircraft Components & Overhaul	Over the engine life cycle
Aircraft Rotable Parts	10 years
Computer Software	6 years
Computers	3 to 6 years
Electrical equipments	10 years
Furnitures & fixtures	10 years
Leasehold Improvements	20 years

Office Equipment	5 years
Type Certification	3-5 years
Vehicles	8 years
Ground Equipment	10 to 15 years

The Company, based on technical assessment made by technical expert and management estimate, depreciates computers over estimated useful lives of 3 to 6 years, leasehold improvement over the period of lease and aircraft rotatable parts over estimated useful lives of 10 years which are different from the useful life prescribed in Schedule II. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation for assets purchased/sold during a year is proportionately charged. Individual assets costing upto Rs. 5,000 are depreciated over a period of one year from the date put to use.

Aircraft components and overhaul includes the cost of engines overhaul, components and modifications of airframes and contractually liable to be incurred by the Company. Such costs are depreciated / amortised on the basis of hours flown or the life cycle of the overhaul programme, as applicable.

c. Impairment of Assets

The Company assesses at each reporting date whether there is any indication that an asset (tangible or intangible) may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating unit's (CGU) net selling price and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased and such reversal is recorded in the Statement of Profit and Loss.

d. Inventories

Inventory of consumables/spares and loose tools are valued at lower of cost and net realisable value. The cost is calculated at purchase price and expenditure directly attributable to the acquisition of such inventories for bringing them to their present location using the specific identification method.

SCHEDULES

Notes to the financial statements for the year ended March 31, 2018

e. Revenue Recognition

Express Air Charter Services (net of service tax):

Service charges for the Express Air Charter Services are recognised in accordance with the Aircraft Crew Maintenance Insurance (ACMI) Agreement and constitute revenue earned in connection with operating aircrafts for Blue Dart Express Limited on the basis of an agreed mark-up on cost incurred. This includes reimbursement towards certain aircraft operating costs.

Business Support Services (net of service tax):

Income from Infrastructure sharing services is recognised, as and when such services are rendered, on the basis of an agreed mark-up on costs incurred, in accordance with the arrangements entered into or at the contracted rates.

Interest Income:

Interest income is recognised using the effective interest rate method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

f. Foreign Currency Transactions

Functional and Presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is the Company's functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into functional currency using the exchange rates at the date of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit and loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit or loss, within finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/(losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

g. Employee Benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Compensated absences:

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) Defined benefit plans such as gratuity
- (b) Defined contribution plans such as provident fund, Employee's state insurance funds and Employee's pension scheme.

SCHEDULES

Notes to the financial statements for the year ended March 31, 2018

Defined Benefit Plans:

Gratuity:

The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation, or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income (OCI).

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss: Service costs comprising current service costs, past-service costs, gains and losses on curtailments non-routine settlements; and Net interest expense or income.

Defined Contribution Plans:

Contribution towards Provident Fund for all employees are made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

The Company also contributes to State plans, namely Employee's State Insurance Fund and Employee's Pension Scheme 1995, and has no further obligation beyond making its contribution.

Company's contributions to the above funds are charged to the Statement of Profit and Loss for the year for which the contributions are due for payment.

(iv) Bonus plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

h. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. Leases in which

a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Operating lease rental payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

i. Income Taxes

Income tax expense comprises current and deferred tax. It is recognised in Statement of profit and loss except to the extent that it relates items recognised directly in equity or in OCI.

Current tax

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and set off the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are subsequently reversed when it becomes probable that such assets will be realised.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used. Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

SCHEDULES

Notes to the financial statements for the year ended March 31, 2018

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

j. Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

k. Provisions

Provisions are recognised when the company has a present legal or constructive obligation as a result of a past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

l. Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

m. Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term, highly liquid investments with original maturities of three months. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

n. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A) Financial assets

i) Classification

The Company shall classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

ii) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction

SCHEDULES

Notes to the financial statements for the year ended March 31, 2018

costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

iii) Derecognition

A financial asset is derecognised only when

- (i) The company has transferred the rights to receive cash flows from the financial asset or
- (ii) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

iv) Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance
- b) Trade receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- i) Trade receivables which do not contain a significant financing component
- ii) All lease receivables resulting from transactions

The application of simplified approach does not require the Company to track changes in credit risk.

Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

B) Financial liabilities

i) Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss.

ii) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

iii) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

SCHEDULES

Notes to the financial statements for the year ended March 31, 2018

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as fair value through statement of profit and loss (FVTPL), fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has not designated any financial liability as at fair value through Statement of profit and loss.

iv) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

v) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

vi) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

o. Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous

market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's Valuation Committee determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations. The Valuation Committee comprises of the head of the investment properties segment, heads of the Group's internal mergers and acquisitions team, the head of the risk management department, financial controllers and chief finance officer.

p. Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year, if any and excluding treasury shares (Refer note 31).

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

SCHEDULES

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares. (Refer note 31).

q. Segment Information

The Company is primarily engaged in a single segment business to operate aircraft and provide aircraft maintenance services within India for the business of

integrated air and ground transportation and distribution of time-sensitive packages of Blue Dart Express Limited. All assets of the Company are domiciled in India and the Company earns entire revenue from its operations in India.

r. Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

D Actuarial assumptions

- i Valuations in respect of Gratuity has been carried out by an independent actuary, as at the Balance sheet date, based on the following assumptions:

Discount Rate and Expected Return on Plan Assets (per annum)	7.66%	7.66%
Rate of increase in Salary growth rate	7.25%	7.25%

Note: The estimates of future salary increases, considered in actuarial valuation, takes into account, inflation, seniority, promotions and other relevant factors, such as demand and supply in the employment market.

ii Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	Impact on defined benefit obligation (In ₹ Lakhs)			
	As at March 31, 2018		As at March 31, 2017	
	Increase	Decrease	Increase	Decrease
Discount rate (0.5% movement)	(61)	67	(61)	66
Future salary growth (0.5% movement)	67	(62)	66	(61)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

iii Percentage of each category of Plan Assets to total Fair Value of Plan Assets

The Plan Assets are administered by Life Insurance Corporation of India ("LIC") as per Investment Pattern stipulated for Pension and Group Schemes Fund by Insurance Regulatory and Development Authority ('IRDA') regulations.

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets.

The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

Note 1: The carrying value of Trade receivables, cash and cash equivalents, trade payables, other financial liability are considered to be the same as their fair values due to their short term nature.

Note 2: Difference between carrying amounts and fair values of other financial assets measured at amortised cost is not significantly different in each of the year presented.

Note 3: Borrowings are taken at variable interest rate which is reviewed and reset periodically considering the market trend and hence the carrying amount is not materially different from their fair values.

B Financial Risk management

i. Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the policies and processes. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the management is responsible for overseeing the Company's risk assessment and management policies and processes.

ii. Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company does not have any financial assets that are past due but not impaired.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

	March 31, 2018	March 31, 2017
Neither past due nor impaired		
Past due but not impaired		
Past due 1-90 days	434	92
Past due 91-180 days	3	2
	437	94

Of the above total balances of ₹ 437 lakhs, the related party balances is ₹ 314 lakhs and the remaining is ₹ 123 lakhs.

SCHEDULES

Notes forming part of Financial Statements as of and for the year ended March 31, 2018

Expected credit loss assessment for customers as at March 31, 2017 and March 31, 2018

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. As company's customer are its holding company and group company hence impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of no credit losses. Further, management believes that the unimpaired amounts that are past due by more than 90 days are still collectible in full, based on historical payment behavior and extensive analysis of customer credit risk.

Cash and cash equivalents

The Company held cash and cash equivalents with credit worthy banks and financial institutions of ₹ 30 Lakhs and ₹ 82 Lakhs as at March 31, 2018 and March 31, 2017 respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Security deposits given to lessors

The Company has given security deposit to lessors for premises leased by the Company as at March 31, 2018 and March 31, 2017. The credit worthiness of such lessors is evaluated by the management on an ongoing basis and is considered to be good.

iii. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

As of March 31, 2018, the Company had working capital of ₹ (9219) lakhs including inventories of ₹ 1685 lakhs, cash and cash equivalents of ₹ 33 lakhs, trade receivables of ₹ 437 lakhs, other current assets of ₹ 1554 lakhs, borrowings of ₹ 252 lakhs, trade payables of ₹ 6838 lakhs, employee benefit obligation of ₹ 513 lakhs and other current liabilities of ₹ 5325 lakhs.

As of March 31, 2017, the Company had working capital of ₹ (6,360) lakhs including inventories of ₹ 1,912 lakhs, cash and cash equivalents of ₹ 84 lakhs, trade receivables of ₹ 94 lakhs, other current assets of ₹ 1,682 lakhs, borrowings of ₹ 708 lakhs, trade payables of ₹ 4,856 lakhs, employee benefit obligation of ₹ 197 lakhs and other current liabilities of ₹ 4,371 lakhs.

iv Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates and foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk and interest rate risk. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities.

a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates relates to deposits and borrowings from bank and financial institutions.

For details of the Company's short-term and long term loans and borrowings, including interest rate profiles, refer to Note 16 and Note 20 of these financial statements.

Interest rate sensitivity - variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased equity and profit or loss by amounts shown below. This analyses assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

	Profit or loss

Variable-rate instruments	(204)	204
sensitivity	(204)	204

SCHEDULES

Notes forming part of Financial Statements as of and for the year ended March 31, 2018

b) Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss account and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in U.S. dollar and Euro, against the functional currency of the Company.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows:

	in ₹ Lakhs	
	March 31, 2018	March 31, 2017
Other receivables (in USD)	93	-
Trade payables (in GBP)	13	-
Trade payables (in USD)	2,647	1,956
Trade payables (in Euro)	2,147	997
Net statement of financial position exposure	4,714	2,953

Sensitivity analysis

A 5% strengthening / weakening of the respective foreign currencies with respect to functional currency of Company would result in increase or decrease in profit or loss and equity as shown in table below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. The following analysis has been worked out based on the exposures as of the date of statements of financial position.

Effect in ₹ Lakhs	Profit or loss	
March 31, 2018	Strengthening	Weakening
USD	(132)	132
EUR	(107)	107
	(239)	239

Effect in ₹ Lakhs	Profit or loss	
March 31, 2017	Strengthening	Weakening
USD	(98)	98
EUR	(50)	50
	(148)	148

(Note: The impact is indicated on the profit/loss and equity before tax basis)

37 CAPITAL MANAGEMENT

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital regularly.

The Company monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest-bearing loans and borrowings and obligations under finance leases, less cash and cash equivalents. Adjusted equity comprises all components of equity.

SCHEDULES

Notes forming part of Financial Statements as of and for the year ended March 31, 2018

The Company's adjusted net debt to equity ratio at March 31, 2018 was as follows:

	As at March 31, 2018 in ₹ Lakhs	As at March 31, 2017 in ₹ Lakhs
Total external borrowings	27,998	21,145
Less : Cash and cash equivalent	33	84
Adjusted net debt	27,965	21,061
Total equity	4,962	4,687
Adjusted net debt to adjusted equity ratio	5.64	4.49

38 RECENT ACCOUNTING PRONOUNCEMENTS

Standards issued but not yet effective

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective.

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was issued on 28 March 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after 1 April 2018. Based on the preliminary assessment performed, the Company does not anticipate a material impact on the financial statements.

39 SEGMENT INFORMATION

Based on the "management approach" as defined in Ind AS 108, the Chief Operating Decision Maker (CODM) comprises of Managing Director and Chief Financial Officer evaluates the Company's performance and reviews the segment business. The Company is primarily engaged in a single segment business to operate aircraft and provide aircraft maintenance services within India for the business of integrated air and ground transportation and distribution of time-sensitive packages of Blue Dart Express Limited. All assets of the Company are domiciled in India and the Company earns entire revenue from its operations in India. Revenue of ₹ 65,706 lakhs (March 31, 2017: ₹ 60,555 lakhs) is derived from the holding company.

Signatures to Notes 1 to 39 form an integral part of the financial statements.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF CONCORDE AIR LOGISTICS LIMITED

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Concorde Air Logistics Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 (amended). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its profits including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Other Matter

The Ind AS financial statements of the Company for the year ended March 31, 2017, included in these Ind AS financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those statements on May 05, 2017.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 (the "Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

ANNEXURE 2 TO INDEPENDENT AUDITORS' REPORT

Annexure 2 referred to in paragraph 2 under Report on Other Legal and Regulatory Requirements of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of Concorde Air Logistics Limited (the "Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ANNEXURE 2 TO INDEPENDENT AUDITORS' REPORT

Annexure 2 referred to in paragraph 2 under Report on Other Legal and Regulatory Requirements of our report of even date

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SCHEDULES

Notes Forming Part of the Financial Statements as at and for the year ended March 31, 2018

1 General Information

Concorde Air Logistics Limited "the Company" is an International Air Cargo Agent with International Air Transport Association ('IATA') and engaged inter alia in the business of clearing and forwarding of time sensitive air cargo packages. The Company is a public limited company incorporated in India having its registered office at 17, Adarsh Industrial Estate, Sahar Airport Road, Andheri (E), Mumbai.

2 Basis of preparation of financial statements

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 under the provisions of the Companies Act, 2013 (the 'Act') and subsequent amendments thereof. The financial statements have been prepared under the historical cost basis except for certain financial assets and liabilities measured at fair value (Refer note 3(o)) and Defined benefit plans - plan assets measured at fair value (Refer note 28).

The financial statements are presented in Indian Rupees ('INR') in thousand, which is also the Company's functional currency. The financial statements are prepared on a going concern basis.

Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The areas involving critical estimates and judgements are:

- Estimation of useful life of property, plant and equipment and intangibles assets (Refer note 3(a))
- Estimation of defined benefit obligation (Refer note 21)
- Estimation of non-current tax expense and receivable/payable (Refer note 7 and 30)

3. Significant Accounting Policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements and in preparing the opening Ind AS balance sheet at April 1, 2015 for the purposes of the transition to Ind AS, unless otherwise stated.

(a) Property, plant and equipment

All items of Property, Plant and Equipment are at historical cost net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditures that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Capital work-in-progress represents Property, Plant and Equipment that are not yet ready for their intended use as at the balance sheet date.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

SCHEDULES

Notes Forming Part of the Financial Statements as at and for the year ended March 31, 2018

Intangible Assets:

Intangible assets are stated at acquisition cost net of accumulated amortisation and accumulated impairment losses, if any.

Depreciation

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Asset	Useful Life
Office Equipments	10 years
Electrical Equipment	6 to 10 years
Computers	3 to 6 years
Furniture Fixtures	10 years
Vehicles	8 years

The Company, based on technical assessment made by technical expert and management estimate, depreciates computers over estimated useful lives of 3 to 6 years which are different from the useful life prescribed in Schedule II to the Act. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation for assets purchased/sold during a year is proportionately charged.

Amortisation

Computer software, other than internally generated, is amortised under straight line method over the estimated useful life of 6 years.

(b) Impairment of Assets

The Company assesses at each reporting date whether there is any indication that an asset (tangible or intangible) may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating unit's (CGU) net selling price and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased and such reversal is recorded in the Statement of Profit and Loss.

(c) Revenue Recognition

Service Charges:

Service charges for clearing and forwarding of shipments are recognised as income when shipments are manifested and represent amounts invoiced, net of service tax, goods & service Tax and all discounts and allowances.

Commission Income:

Commission is accrued when cargo is delivered to the custody of the airline and the master airway bill is issued.

Interest Income:

Interest income is recognised using the effective interest rate method.

Dividend Income:

Dividend Income is recognised when the right to receive dividend is established.

(d) Employee Benefits

i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Compensated absences:

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the Balance Sheet date are treated as short term employee benefits. The liability in respect of compensated absences of short term nature is not actuarially valued and is provided on an estimated basis.

ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of Balance Sheet date are treated as other long term employee benefits for measurement purposes. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

SCHEDULES

Notes Forming Part of the Financial Statements as at and for the year ended March 31, 2018

The Company presents the leave as a short term employee benefit obligation in the balance sheet to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) Defined benefit plans such as Gratuity
- (b) Defined contribution plans such as Provident fund, Employee's state insurance funds and Employee's pension scheme.

Defined Benefit Plans

Gratuity :

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each year. Re-measurement of the net defined liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income (OCI).

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss: Service costs comprising current service costs, past-service costs, gains and losses on curtailments non-routine settlements; and Net interest expense or income.

Defined Contribution Plans:

Contribution towards Provident Fund for all employees are made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

The Company also contributes to State plans, namely Employee's State Insurance Fund and Employee's Pension Scheme 1995, and has no further obligation beyond making its contribution.

Company's contributions to the above funds are charged to the Statement of Profit and Loss for the year for which the contributions are due for payment.

iv) Bonus plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(e) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease.

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Operating lease rental payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(f) Income Taxes

Income tax expense comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates to items recognised directly in equity or in OCI.

Current tax

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and set off the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets or liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are subsequently reversed when it becomes probable that such assets will be realised.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become

SCHEDULES

Notes Forming Part of the Financial Statements as at and for the year ended March 31, 2018

probable that future taxable profits will be available against which they can be used.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

(g) Trade and other payables

These amounts represent liabilities for services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid as per contractual terms. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(h) Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of a past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value pre-text rate that reflect current market assessment of the time value of money and the risk specific to the liability.

(i) Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, cheques in hand, demand deposits with banks

and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

(j) Trade receivables

Trade receivables are recognised initially at fair value, less provision for impairment.

(k) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(l) A. Financial assets

i. Classification

The Company classifies financial assets as subsequently measured at amortised cost, fair value through OCI or fair value through profit or loss (Statement of Profit and Loss) on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

ii. Initial recognition and Measurement

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at fair value through profit or loss (Statement of Profit and Loss), transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

iii. Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise to cash flows on specified dates that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

SCHEDULES

Notes Forming Part of the Financial Statements as at and for the year ended March 31, 2018

Debt instruments included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

iv. Derecognition

A financial asset is derecognised only when

- (i) The Company has transferred the rights to receive cash flows from the financial asset or
- (ii) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

v. Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., deposits, and bank balance
- b) Trade receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- i) Trade receivables which do not contain a significant financing component
- ii) All lease receivables resulting from transactions

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the

credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

B. Financial liabilities

i. Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss (Statement of Profit and Loss). Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

ii. Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss (Statement of Profit and Loss), loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value.

The Company's financial liabilities include trade and other payables.

iii. Financial liabilities at fair value through Statement of Profit and Loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss (Statement of Profit and Loss). Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss (Statement of Profit and Loss) are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as Fair Value Through Profit and Loss (FVTPL), fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not

SCHEDULES

Notes Forming Part of the Financial Statements as at and for the year ended March 31, 2018

subsequently transferred to Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Statement of profit and loss. The Company has not designated any financial liability as at fair value through Statement of Profit and Loss.

iv. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

v. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(m) Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(n) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares (Refer note 24).

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares. (Refer note 24).

(o) Segment Information

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (Refer note 25).

(p) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest thousands as per the requirement of Schedule III, unless otherwise stated.

B Financial Risk management

i) Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the management is responsible for overseeing the Company's risk assessment and management policies and processes.

ii) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

Concentrations of credit risk with respect to trade receivables are limited, due to the Company's customer base being small and consist of mainly related parties and also on account of realisation of receivables within six months. All trade receivables are reviewed and assessed for default on a regular basis.

SCHEDULES

Notes Forming Part of the Financial Statements as at and for the year ended March 31, 2018

Cash and Cash Equivalents

The Company held Cash and Cash Equivalents with credit worthy banks and financial institutions of ₹ 10,164 ('000), ₹ 5,494 ('000) as at March 31, 2018, March 31, 2017 respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Security deposits given to lessors

The Company has given security deposit to lessors for premises leased for accommodation by the employees as at March 31, 2018 and as at March 31, 2017. The credit worthiness of such lessors is evaluated by the management on an ongoing basis and is considered to be good.

iii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The net-worth of the Company as on March 31, 2018, March 31, 2017 is ₹ 49,968 ('000), ₹ 49,476 ('000) respectively. Further, there is continued support from Blue Dart Express Limited, the Holding Company, to provide financial support to the Company to meet its financial obligations, as and when they fall due for a period not less than twelve months from the date of signing the Financial Statements.

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and exclude the impact of netting agreements.

iv) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates and foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk and interest rate risk. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and its revenue generating and operating activities.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

(b) Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the Statement of Profit and Loss and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

31 Capital Management

The Company's objective for Capital Management is to maximise shareholder's value, support the strategic objectives of the Company. The Company determines the capital requirements based on its financial performance, operating and long term investment plans. The funding requirements are met through operating cash flows generated.

Standards issued but not yet effective

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Group's financial statements are disclosed below. The Group intends to adopt these standards, if applicable, when they become effective.

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was issued on 28 March 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after 1 April 2018. Based on the preliminary assessment performed, the Company does not anticipate a material impact on the financial statements.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF BLUE DART EXPRESS LIMITED

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Blue Dart Express Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as the "Group"), comprising of the consolidated Balance Sheet as at March 31, 2018, the consolidated Statement of Profit and Loss including other comprehensive income, the consolidated Cash Flow Statement, the consolidated Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirement of the Companies Act, 2013 (the "Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015 (amended). The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at March 31, 2018, their consolidated profit including other comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Other Matter

The consolidated Ind AS financial statements of the Company for the year ended March 31, 2017, included in these consolidated Ind AS financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those statements on May 5th, 2017.

Our opinion above on the consolidated Ind AS financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters.

INDEPENDENT AUDITORS' REPORT

ANNEXURE 1 TO INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

In conjunction with our audit of the consolidated financial statements of Blue Dart Express Limited as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of Blue Dart Express Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiaries have maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Consolidated Financial Statements as at and for the year ended March 31, 2018

1. General Information

Blue Dart Express Limited ('the Company') is engaged in the business of integrated air and ground transportation and distribution of time sensitive packages to various destinations, primarily within India. The Company is a public limited company incorporated in India having its registered office situated at Blue Dart Centre, Sahar Airport Road, Andheri (East), Mumbai, Maharashtra. The Company has its equity shares and non convertible debentures listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). These consolidated financial statements comprise the Company and its subsidiaries (referred to collectively as 'the Group').

The Company has following subsidiaries:

Name of the Subsidiary	Ownership Interest
Blue Dart Aviation Limited	100%
Concorde Air Logistics Limited	100%

Blue Dart Aviation Limited (BDAL) was incorporated on May 31, 1994. BDAL is authorised by the Director General of Civil Aviation to commercially operate aircrafts for transporting cargo and to provide aircraft maintenance services. "Express Air Charter Services" income is generated from the charter flight services rendered exclusively to Blue Dart Express Limited.

The Concorde Air Logistics Limited is an International Air Cargo Agent with International Air Transport Association ('IATA') and engaged inter alia in the business of clearing and forwarding of time sensitive air cargo packages.

The Consolidated financial statements were authorised for issue in accordance with a resolution of the directors on May 8th 2018.

2. Basis of preparation of financial statements

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 under the provisions of the Companies Act, 2013 (the 'Act') and subsequent amendments thereof. The financial statements have been prepared under the historical cost basis except for certain financial assets and liabilities measured at fair value (Refer note 3(n)) Defined benefit plans - plan assets measured at fair value (Refer note 31).

The financial statements are presented in Indian Rupees ('INR') in lakhs, which is also the Company's functional currency. The financial statements are prepared on a going concern basis.

Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle

- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The areas involving critical estimates and judgements are:

- Estimation of useful life of property, plant and equipment and intangibles (Refer note 3(a))
- Estimation of defined benefit obligation (Refer note 31)
- Estimation of current tax expense and payable (Refer note 7)
- Estimation of contingent liabilities (Refer note 42)
- Estimation of deferred costs (Refer note 15)
- Assets retirement obligations

Principles of consolidation

(i) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable return from its involvement with the entity

SCHEDULES

Notes forming part of the Consolidated Financial Statements as at and for the year ended March 31, 2018

and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of **assets, liabilities, equity, income and expenses**. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of the subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

3. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements unless otherwise indicated.

a. Property, plant and equipment

Free hold land is carried at historical cost net of accumulated impairment losses, if any. All other items of Property, Plant and Equipment are at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Capital work-in-progress represents fixed assets that are not yet ready for their intended use as at the balance sheet date.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Intangible Assets:

Intangible assets are stated at acquisition cost net of accumulated amortisation and accumulated impairment

losses, if any. The Group capitalises identifiable costs relating to development of internally generated software and these are stated net off accumulated amortization.

Intangible assets under development comprise costs relating to development of software that are not yet ready for their intended use as at the balance sheet date.

Depreciation

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Asset	Useful Life
Leasehold improvements	Over the period of lease
Office Equipments	5 to 10 years
Electrical Equipment	6 to 10 years
Computers	3 to 6 years
Furniture Fixtures	10 years
Vehicles	8 years
Material Handling Equipment	10 to 15 years
Machinery and equipment	2 to 6 years
Aircraft Componets & Overhaul	Over the engine life cycle
Aircraft Rotable Parts	10 years

The Group, based on technical assessment made by technical expert and management estimate, depreciates computers over estimated useful lives of 3 to 6 years which are different from the useful life prescribed in Schedule II to the Act. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation for assets purchased/sold during a year is proportionately charged.

Aircraft components and overhaul includes the cost of engines overhaul, components and modifications of airframes and contractually liable to be incurred by the Group. Such costs are depreciated / amortised on the basis of hours flown or the life cycle of the overhaul programme, as applicable.

Amortisation

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses, if any. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the profit and loss unless such expenditure forms part of carrying value of another asset.

Computer softwares, are amortised under straight line method

SCHEDULES

Notes forming part of the Consolidated Financial Statements as at and for the year ended March 31, 2018

over the estimated useful life of 6 to 10 years. Internally generated software is amortised using the straight-line method over a period of 10 years, based upon its estimated useful economic life. Type Certification are amortised under straight line method over the estimated useful life of 5 years.

b. Impairment of Assets

The Group assesses at each reporting date whether there is any indication that an asset (tangible or intangible) may be impaired. If any indication exists, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating unit's (CGU) net selling price and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered to be impaired and is written down to its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased and such reversal is recorded in the Statement of Profit and Loss.

c. Inventories

Inventories are stated at lower of cost and net realisable value.

Inventories of packing and stationery consumables are valued at cost (arrived at using First-in First-out basis).

Inventory of consumables and loose tools are valued at lower of cost and net realisable value. The cost is calculated at purchase price and expenditure directly attributable to the acquisition of such inventories for bringing them to their present location using the specific identification method.

d. Revenue Recognition

Service Charges:

Service charges for transportation of shipments are recognised as income when shipments are delivered and represent amounts invoiced, net of Service Tax, Goods and Services Tax and all discounts.

Business Support Service Income (net of service tax, goods and services tax):

Income from Infrastructure sharing services is recognised, as and when such services are rendered, on the basis of an agreed mark-up on costs incurred, in accordance with the arrangements entered into or at the contracted rates.

Other Income:

Interest Income (including Unwinding interest on Payload Deposit and Lease Deposit):

Interest income is recognised using the effective interest rate method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the

financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

Dividend Income:

Dividend income is recognised when the right to receive the dividend is established.

Commission Income:

Commission is accrued when cargo is delivered to the custody of the airline and the master airway bill is issued.

e. Foreign Currency Transactions

i. Functional and Presentation currency :

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is the Group's functional and presentation currency.

ii. Transactions and balances

Foreign currency transactions are translated into functional currency using the exchange rates at the date of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in the Statement of Profit and Loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance cost. All other foreign exchange gains and losses are presented in the statement of Profit and Loss on a net basis within other gains/(losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

f. Employee Benefits

i. Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of

SCHEDULES

Notes forming part of the Consolidated Financial Statements as at and for the year ended March 31, 2018

employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Compensated absences:

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the Balance Sheet date are treated as short term employee benefits. The liability in respect of compensated absences of short term nature is not actuarially valued and is provided on an estimated basis.

ii. Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of Balance Sheet date are treated as other long term employee benefits for measurement purposes. The Group's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

The Group presents the leave as a short term employee benefit obligation in the balance sheet to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

iii. Post-employment obligations

The Group operates the following post-employment schemes:

- (a) Defined benefit plans such as gratuity
- (b) Defined contribution plans such as provident fund, super annuation fund, employee's state insurance funds and employee's pension scheme.

Defined Benefit Plans:

Gratuity:

The Group provides for gratuity, a defined benefit plan

(the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income (OCI).

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss: Service costs comprising current service costs, past-service costs, gains and losses on curtailments, non-routine settlements; and Net interest expense or income.

Defined Contribution Plans:

Contribution towards Provident Fund for all employees are made to the regulatory authorities, where the Group has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Group does not carry any further obligations, apart from the contributions made on a monthly basis.

Superannuation is classified as a defined contribution scheme of the Group. Contribution due towards Superannuation Fund for eligible employees is made to an insurance company, and the Group has no further obligation beyond making this payment.

The Group also contributes to State plans, namely Employee's State Insurance Fund and Employee's Pension Scheme 1995, and has no further obligation beyond making its contribution.

Group's contributions to the above funds are charged to the Statement of Profit and Loss for the year for which the contributions are due for payment.

iv. Bonus plans

The Group recognises a liability and an expense for bonuses. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

SCHEDULES

Notes forming part of the Consolidated Financial Statements as at and for the year ended March 31, 2018

g. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease.

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Operating lease rental payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

h. Income Taxes

Income tax expense comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates items recognised directly in equity or in OCI.

Current tax

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and set off the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets or liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are subsequently reversed when it becomes probable that such assets will be realised.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is

realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

i. Trade and other payables

These amounts represent liabilities for services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid as per contractual terms. Trade and other payables are presented as current financial liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

j. Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value pre-tax rate that reflect current market assessment of the time value of money and the risk specific to the liability.

k. Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

SCHEDULES

Notes forming part of the Consolidated Financial Statements as at and for the year ended March 31, 2018

I. Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, cheques in hand, demand deposits with banks and other short-term highly liquid investments with original maturities upto three months adjusted for bank overdrafts, if any. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

m. Trade receivables

Trade receivables are recognised initially at fair value, less provision for impairment.

n. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial assets

i. Classification

The Group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

ii. Initial recognition and Measurement

All financial assets are recognised initially at fair value including, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

iii. Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise to cash flows on specified dates that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium

and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

Debt instruments included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

iv. Derecognition

A financial asset is derecognised only when:

- (i) The Group has transferred the rights to receive cash flows from the financial asset or
- (ii) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

v. Impairment of financial assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments and are measured at amortised cost e.g., loans, debt securities, deposits and bank balance
 - b) Trade receivables
- The Group follows 'simplified approach' for recognition of impairment loss allowance on:
- i) Trade receivables which do not contain a significant financing component
 - ii) All lease receivables resulting from transactions

SCHEDULES

Notes forming part of the Consolidated Financial Statements as at and for the year ended March 31, 2018

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

B. Financial liabilities

i. Classification

The Group classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through Statement of Profit and Loss. Such liabilities, including derivatives that are liabilities, are subsequently measured at fair value.

ii. Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

iii. Financial liabilities at fair value through Statement of Profit and Loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as fair value through Statement of Profit and Loss (FVTPL), fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to Statement of Profit and Loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Statement of Profit and Loss. The Group has not designated any financial liability as fair value through Statement of Profit and Loss.

iv. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognized.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

v. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

vi. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

o. Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group has access at that date. The fair value of a liability reflects its non-performance risk.

SCHEDULES

Notes forming part of the Consolidated Financial Statements as at and for the year ended March 31, 2018

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

p. Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the net profit attributable to owners of the Group

- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year, if any and excluding treasury shares (Refer note 35).

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares. (Refer note 35).

q. Segment Information

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. (Refer note 47).

r. Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakhs as per the requirement of Schedule III, unless otherwise stated.

Liability recognised in the Balance Sheet	(661)	(1,037)

- D) i) Valuations in respect of Gratuity has been carried out by an independent actuary, as at the Balance sheet date, based on the following assumptions:

	As at March 31, 2018	As at March 31, 2017
Discount Rate and Rate of Return on Plan Assets (per annum)	7.87% / 7.66%	7.74% / 7.66%
Rate of increase in Compensation levels (refer note below)	7.25% / 6.75%	7.25% / 6.75%
Attrition rate	1%	1%

Note: The estimates of future salary increases, considered in actuarial valuation, takes into account, inflation, seniority, promotions and other relevant factors, such as demand and supply in the employment market.

ii) **Sensitivity analysis**

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at March 31, 2018		As at March 31, 2017	
	Increase	Decrease	Increase	Decrease
Discount Rate (0.5 % movement)	(437)	478	(403)	440
Rate of increase in Compensation levels (0.5 % movement)	478	(442)	440	(406)
Attrition rate (0.5 % movement)	23	(25)	16	(17)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Note 2: Difference between carrying amounts and fair values of loans, deposits, other non-current financial assets measured at amortised cost is not significantly different in each of the year presented.

Note 3: The Unsecured Debentures are classified under level 1 in fair value hierarchy with quoted prices in active markets of ₹ 16,669 lakhs (March 31, 2017: ₹ 33,596 Lakhs).

Note 4: Term Loans and Bank Overdraft are taken at variable interest rate which is reviewed and reset periodically considering the market trend and hence the carrying amount is not materially different from their fair values.

B Financial Risk management

i) Risk management framework

The Group's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Group's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Group's risk assessment and policies and processes are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor such risks and compliance with the policies and processes. Risk assessment and policies and processes are reviewed regularly to reflect changes in market conditions and the Group's activities. The Board of Directors and the management is responsible for overseeing the Group's risk assessment and policies and processes.

SCHEDULES

Notes forming part of the Consolidated Financial Statements as at and for the year ended March 31, 2018

ii) Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. The Group establishes an allowance for doubtful debts and impairment that represents its estimate of expected credit loss in respect of trade and other receivables and investments.

Trade and other receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also have an influence on credit risk assessment.

Concentrations of credit risk with respect to trade receivables are limited, due to the Group's customer base being large and diverse and also on account of realisation of receivables within six months. All trade receivables are reviewed and assessed for default on a regular basis.

Our historical experience of collecting receivables, supported by the level of default, is that credit risk is low.

Cash and cash equivalents

The Group held cash and cash equivalents with credit worthy banks and financial institutions of ₹ 21,254 Lakhs and ₹ 24,362 Lakhs as at March 31, 2018 and March 31, 2017 respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Security deposits given to lessors

The Group has given security deposit to lessors for premises leased by the Group as at March 31, 2018 and as at March 31, 2017. The credit worthiness of such lessors is evaluated by the management on an ongoing basis and is considered to be good.

iii) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Group's reputation.

The Group has access to funds from non-convertible debentures and banks.

As of March 31, 2018, the Group had working capital of ₹ 9,841 Lakhs including inventories of ₹ 2,133 Lakhs, cash and cash equivalents of ₹ 22,612 Lakhs, trade receivables of ₹ 42,225 Lakhs, other assets of ₹ 7,011 Lakhs, employee benefit obligation of ₹ 7,498 Lakhs, trade payables of ₹ 36,835 Lakhs, borrowing ₹ 9,743 Lakhs and other financial liabilities of ₹ 10,064 Lakhs.

As of March 31, 2017, the Group had working capital of ₹ 12,077 Lakhs including inventories of ₹ 2,465 Lakhs, cash and cash equivalents of ₹ 25,572 Lakhs, trade receivables of ₹ 36,069 Lakhs, other assets of ₹ 9,633 Lakhs, employee benefit obligation of ₹ 6,711 Lakhs, trade payables of ₹ 27,213 Lakhs, borrowing ₹ 17,318 Lakhs and other financial liabilities of ₹ 10,420 Lakhs.

iv) Market risk

Market risk is the risk of loss of future earnings, fair values of future cash flows that may result from adverse changes in market rates and prices (such as interest rates and foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Group is exposed to market risk primarily related to foreign exchange rate risk and interest rate risk. Thus, the Group's exposure to market risk is a function of investing and borrowing activities and its revenue generating and operating activities.

a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Interest rate sensitivity - fixed rate instruments

The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

Interest rate sensitivity - variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased equity and profit or loss by amounts shown below. This analyses assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

b) Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the Statement of Profit and Loss account and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Group operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in U.S. dollar and Euro, against the functional currency of the Group.

Exposure to currency risk

The summary quantitative data about the Group's exposure to currency risk as reported to the management of the Group is as follows:

Amounts in INR	in ₹ Lakhs	
	March 31, 2018	March 31, 2017
Trade receivables (in USD)	117	84
Trade payables (in USD)	(3,443)	(2,013)
Trade payables (in Euro)	(2,153)	(997)

Net statement of financial position exposure	(5,515)	(2,946)
Forward exchange contracts	-	-
Net exposure	(5,515)	(2,946)

Sensitivity analysis

A 10% strengthening / weakening of the respective foreign currencies with respect to functional currency of Group would result in increase or decrease in profit or loss as shown in table below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. The following analysis has been worked out based on the exposures as of the date of statements of financial position.

Tax (Assets)/ Liabilities	(2,965)	(521)	(150)	483	(3,153)

The Group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

44 CAPITAL MANAGEMENT

The Group's objective for Capital management is to maximise shareholder's value and support the strategic objectives of the Group. The Group determines the capital requirements based on its financial performance, operating and long term investment plans. The funding requirements are met through operating cash flows generated.

The Group monitors capital using a ratio of 'debt' to 'equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest bearing debentures, less cash and cash equivalents. Equity comprises all components of equity. Debt equity ratio as at March 31, 2018 is 0.43 and as at March 31, 2017 is 0.63.

46 RECENT ACCOUNTING PRONOUNCEMENTS

Standards issued but not yet effective

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Group's financial statements are disclosed below. The Group intends to adopt these standards, if applicable, when they become effective.

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was issued on 28 March 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after 1 April 2018. Based on the preliminary assessment performed, the Group does not anticipate a material impact on the financial statements.
