Independent Auditor's Report on Standalone Quarterly Financial Results and Year to Date Results of R.P.P. Infra Projects Limited Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To the Board of Directors of **R.P.P. Infra Projects Limited**

We have audited the quarterly standalone financial results of **R.P.P. Infra Projects Limited** for the quarter ended 31-03-2018 and the standalone year to date results for the period 1st April 2017 to 31st March 2018 attached herewith, being submitted by the company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

These quarterly standalone financial results as well as the standalone year to date financial results have been prepared on the basis of the interim financial statements, which are the responsibility of the company's management. Our responsibility is to express an opinion on these financial results based on our audit of such interim financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in Accounting Standard for Interim Financial Reporting (AS 25 / Ind AS 34), prescribed, under Section 133 of the Companies Act, 2013 read with relevant rules issued therein or by the Institute of Chartered Accountants of India, as applicable and other accounting principles generally accepted in India.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement(s). An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.

We did not audit the standalone financial statements of two branches included in the standalone quarterly financial results and year to date results, whose standalone interim financial statements reflect total assets of Rs. 22.57 crore as at 31st March 2018, total revenue of Rs. 8.27 crore and total profit after tax of Rs. 0.24 crore for the year ended 31.03.2018, whose unaudited financial statements and other unaudited information have been furnished to us. Our opinion on the statements, in so far as it relates to the amounts and disclosures included in respect of these branches and our report in terms of subsection (3) and (11) of section 143 of the Act in so far as it

SUNDARAM & NARAYANAN

relates to these two branches is based solely on such unaudited financial statements and other unaudited financial information.

In our opinion and to the best of our information and according to the explanations given to us these standalone quarterly financial results as well as the standalone year to date results:

- (i) are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in this regard; and
- (ii) give a true and fair view of the net profit (including other comprehensive income) and other financial information in compliance with the Ind AS and other accounting principles generally accepted in India for the quarter ended 31-03-2018 as well as the year to date results for the period from 1st April 2017 to 31st March 2018.

The previously issued financial statements for the financial year ended 31st March 2017 has been restated to comply with Ind AS (Indian Accounting Standards) provisions wherever necessary. Our opinion is not modified in this regard.

Independent Auditor's Report on Quarterly Consolidated Financial Results and Consolidated Year to Date Results of R.P.P. Infra Projects Limited Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

To the Board of Directors of **R.P.P. Infra Projects Limited**

We have audited the quarterly consolidated financial results of **R.P.P. Infra Projects Limited** for the quarter ended 31-03-2018 and the consolidated year to date results for the period 1st April 2017 to 31st March 2018 attached herewith, being submitted by the company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

These consolidated quarterly financial results as well as the consolidated year to date financial results have been prepared from consolidated interim financial statements, which are the responsibility of the company's management. Our responsibility is to express an opinion on these consolidated financial results based on our audit of such consolidated interim financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in Accounting Standard for Interim Financial Reporting (AS 25 / Ind AS 34), mandated under Section 133 of the Companies Act, 2013 read with relevant rules issued therein or by the Institute of Chartered Accountants of India¹, as applicable and other accounting principles generally accepted in India.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement(s). An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.

We did not audit the financial statements of Five subsidiaries and two branches included in the consolidated quarterly financial results and consolidated year to date results, whose consolidated interim financial statements reflect total assets of Rs. 68.41 crores, total revenue of Rs. 8.28 crores and total loss of Rs. 1.61 crores for the year ended 31-03-2018. Out of five subsidiaries and two branches, the interim financial statements and other financial information of three subsidiaries have

been audited by other auditors whose reports have been furnished to us, and our opinion on the quarterly financial results and the year to date results, to the extent they have been derived from such interim financial statements is based solely on the report of such other auditors. In respect of the financial statements of two of the subsidiaries RPP Infra Overseas PLC Mauritius, RPP Infra Projects (Lanka) Limited and branch offices at Jaffna - Srilanka and at Dhaka - Bangladesh, the audited statements were not made available and reliance has been entirely placed only on the certificate by the management.

In our opinion and to the best of our information and according to the explanations given to us these consolidated quarterly financial results as well as the consolidated year to date results:

- (i) include the quarterly financial results and year to date of the following entities
 - a. R.P.P Infra Overseas PLC – Mauritius
 - b. R.P.P Infra Projects (Lanka) Limited – Srilanka
 - c. Sanskar Dealcom Private Limited - India
 - d. Greatful Mercantile Private Limited - India

It is no overstatement that infrastructure creation is critical for a fast developing economy like India. If we look at the broad infrastructure landscape of the country, we find semi-urban and rural areas are facing huge infrastructure challenges that need to be addressed with speed and precision. The priority of the Government of India is to fast-track rural infrastructure creation with budgetary and non-budgetary support.

As one of India's fast growing rural infrastructure companies, we believe the opportunity horizon for us is gradually widening. We have an encouraging presence in road infrastructure, water management and building construction segments. While roads contribute to the largest proportion of our order book, we are steadily growing the share of our irrigation projects.

Our intrinsic strength is our robust and resilient business model with a strong balance sheet and dedicated focus

on government-owned Engineering, Procurement and Construction (EPC) projects. Supported by our dynamic execution team and large captive equipment assets, we focus on timely and efficient project completion.

The financial year 2017-18 saw us achieving industry-leading growth, based on our core capabilities and prudent capital allocation. We are helping build a new India, which still largely lives in its villages and small towns.

Our growth trajectory is accelerating; and we are on the move with our nation.

Chairman & Managing Director's Insight

Execution Remains the Key

P. Arulsundaram
Chairman & Managing Director

Dear Shareowners,

I am delighted to report your Company's outstanding performance during the financial year 2017-18. The year saw a substantial improvement in our performance compared to that of the preceding year. Given the economy is still recovering post demonetisation and short-term challenges following the implementation of the Goods and Services Tax (GST) during the financial year, the performance is outstanding.

The economy expanded by 7.7% in the last quarter of financial year 2017-18, helping India retain its position as the world's fastest growing major economy, outpacing China by nearly a percentage point. However, GDP growth for the full year moderated to 6.6% compared to 7.1% in the last financial year.

India's fourth quarter performance was the highest during financial year 2017-18, exceeding market forecasts of 7.3%. The country's growth rate is supposed to accelerate to around 7.5% in financial year 2018-19, given the government's renewed focus on economic reforms and investments in the infrastructure sector, which remains the backbone of a strong economy.

"Your Company's emphasis across projects continues to be on execution excellence at a rapid pace."

The infrastructure sector is a key driver for the Indian economy. The creation of advanced infrastructure remains one of the Government of India's major focus areas with budgeted allocation of ₹5,97,000 crore in the Union Budget 2018-19. In addition, Railways has received the highest ever budgetary allocation of ₹1,48,000 crore.

The Government of India has also made budgetary allocation of ₹16,000 crore to achieve universal household electrification in the country; and ₹4,200 crore has been allocated to expand the capacity of Green Energy Corridor Project, along with other wind and solar power projects. The Government has also allocated ₹10,000 crore to bolster telecom infrastructure.

Your Company is suitably positioned to benefit from the unfolding opportunities in the overall infrastructure sector. It is leveraging its project execution and implementation experience; and is focussed on Government contracts. Your Company has competitive advantage owing to its dedicated focus on Government contracts and projects of national importance such as highways, power projects, rural roads, irrigation and water supply, civil construction works, and other related infrastructure works. Your Company also sharpened its focus on specific states such as Tamil Nadu, Telangana, Andhra Pradesh, Karnataka, Maharashtra and Madhya Pradesh.

Performance review

Your Company achieved commendable performance, despite the volatility in the economy caused by the twin impacts of GST and demonetisation. The Company's strategy to be in the fastest growing states and transact only with 'stable and safe customer' has resulted in encouraging profitability with substantial improvement.

Your Company posted a revenue of ₹499.13 crore in the financial year 2017-18, registering a growth of 36% on a year-on-year

basis vis-à-vis ₹366.34 crore in 2016-17. The EBITDA for the financial year 2017-18 stood at ₹66.10 crore with an increase of 32% (year-on-year basis) vis-à-vis ₹50.19 crore in the financial year 2016-17.

The profit before tax for the financial year 2017-18 stood at ₹47.04 crore with an escalation of 48.86% (year-on-year basis) compared to ₹31.60 crore in financial year 2016-17. Profit after tax stood at ₹13.52 crore during financial year 2017-18 vis-à-vis ₹23.88 crore during financial year 2016-17, owing to special adjustment of tax expenses of ₹17.96 crore to resolve the pending I-T disputes from the financial years 2010 to 2016.

In view of Your Company's performance and continued business optimism for the future, the Board has recommended a dividend of ₹0.50 per equity share for the financial year ending 31 March 2018.

I am happy to share that your Company has forayed into Maharashtra as a part of the broad strategy to enhance outreach. With strong footprint in fast developing states such as Maharashtra, your Company is geared to reach further heights. Your Company has also secured a contract in Kerala.

The order inflow during the year was around ₹900 crore; and the order book size at the end of the financial year stood at ₹1,175 crore. Your Company's emphasis across projects continues to be on execution excellence at a rapid pace.

Road ahead

India requires investments worth ₹50,00,000 crore by 2022 to fast-track progress with major allocations in roads, power and urban infrastructure segments. The country is also witnessing significant interest from international investors in the infrastructure space. These developments enhance your Company's business optimism.

Your Company enjoys footprint across fast developing states with gross state domestic product of 10%+ in financial year 2017-18. The projects are properly categorised under broad segments such as building, water management and infrastructure, with infrastructure constituting over 50% of the revenue.

Your Company will continue to remain focussed on these segments with footprint in strategically important states for sector-specific outperformance, resulting in a strong balance sheet and faster value creation for all stakeholders.

On behalf of the Board and the entire leadership team, I solicit the encouragement and support of all our employees, business partners, state governments and relevant authorities for helping us partner in nation-building.

Thank You,

P. Arulsundaram

Director's Perspective

Delivering On Commitments

During financial year 2017-18, our Company recorded revenues of ₹499.13 crore, higher by around 36% on a year-on-year basis. This topline earned an EBITDA of ₹66.10 crore, up 32% over the last year.

Dear Shareowners,

Our operating environment, during the year, saw multiple challenges such as project financing, changes in reporting norms and taxation policies. Despite these challenges, we continued our robust growth trajectory. Our technical team's abundant skillset, coupled with our strong pre-qualification capability for bidding on new projects, helped grow our order book significantly

Our dynamic execution team ensured that all projects were completed within the stipulated timeline and the planned financial outlay. This helped maintain our EBITDA margins at industry-leading levels of over 13%.

During financial year 2017-18, our Company recorded revenues of ₹499.13 crore, higher by around 36% on a year-on-year basis. This topline earned an EBITDA of ₹66.10 crore, up 32% over the last year. Our robust financial performance reflected in our PBT, which stood at ₹47.04 crore, a growth of over 48.86% in financial year 2016-17. Driven by a prudent bidding strategy and supported by a reliable execution team, our Company maintained its EBITDA margins at over 13%.

Our Company's forte lies in executing only 100% government-owned Engineering, Procurement and Construction (EPC) projects in the roads & highways, water management and building infrastructure industries. This helped ensure a low leveraged balance sheet, with negligible long-term debt on the books. Additionally, we have a captive equipment availability of ₹30 crore, enabling timely and efficient project completion.

In terms of order book diversification, we have substantial order inflows from various sectors to safeguard against over-dependence on any one space. Roads and highways (contributing to the largest share of our order book) earn an average EBITDA margin of 12-15%. Our order book within this segment stands at ₹572.90 crore, with a strong pipeline for future growth. The buildings segment had an order book of ₹328.40 crore in financial year 2017-18, while the water management order book stood at ₹274.10 crore. The water management projects earn us the highest EBITDA margins of 15-18%; and the Company is widening its outreach within this space.

Geographically speaking, we have diversified into many new areas within the country, as guided by us in the previous years. In financial year 2013-14, our Company was present in four states within India. Now, our Company's geographic reach extends

to seven states in India and we also have overseas presence particularly in Sri Lanka. The lion's share of the order book continues to come from Tamil Nadu but the dependence on that state is gradually reducing, over the preceding few years, as we diversify into newer areas.

I am happy to share that around 23% of financial year 2017-18 order book came from Maharashtra, where we bagged new road construction orders, after almost two years of a dry period. Karnataka is also proving to be another important state for our Company, particularly for developing the buildings infrastructure order book, contributing to almost 13% of financial year 2017-18 consolidated order wins. Our Company has also extended its overseas footprint to Sri Lanka, where we are executing projects in the buildings sector.

As the temporary disruptions caused by the implementation of the Goods and Services Tax (GST) begin to wane and the

migration to a new accounting system, IND-AS, is complete, the outlook for the infrastructure industry looks bright and promising. I am confident of sustaining our current growth rate for the foreseeable future by leveraging our strong execution capabilities, superior record of accomplishment and robust balance sheet.

With focussed and concentrated efforts of our execution team, I am positive that R.P.P. Infra will pursue a growth rate of over 30% in its topline for at least the next two to three years, as well as sustain an EBITDA margin of 13-14%.

I look forward to an exciting and eventful year with a bagful of brilliant opportunities and flawless execution.

R.P.P. Infra at a Glance

Fervour For Nation-building

We are shaping high standards of excellence for decades in the domain of nation-building. We are a diversified EPC contractor with presence in key infrastructure sectors such as highways, roads, civil construction in water management, irrigation and power.

Our focus is entirely on India's rural markets with a strong presence in the fast-growing micro-markets of South India. Our major competitive advantage emanates from an unwavering focus on small-ticket government projects. This improves operational efficiency and enhances liquidity by raising bills faster. Focussed bidding only for government-funded projects is a conscious strategy

followed by your Company, which gives us the guarantee of having the safest customer.

We have a niche presence in the ever-competitive EPC infrastructure space, as we operate primarily in the small-ticket project space. The average ticket sizes of all our projects are in the range of ₹100-200 crore. We have a technical pre-qualification capability, however, to bid for projects worth around ₹250 crore in our focus sectors.

Irrigation and rural road connectivity are, the Government of India's next focal points within the infrastructure development umbrella. The respective

ministries are steadily increasing their order awards in both these avenues and R.P.P. Infra is perfectly positioned to capitalise on this larger opportunity.

We take great pride in improving India's infrastructure at the grass-root level via timely execution of small-ticket, niche rural-focussed contracts. As India progresses towards glory by building a strong rural foundation, R.P.P. Infra moves with it towards its own sustainable future!

Our vision

- To be a global leader in the construction and infrastructure industry by continuously moving forward.
- To have international standards by adopting the latest technologies, ideas and systems by creating quality-minded employees to deliver to client expectations.

Our mission

- To perform exceptionally well in all aspects in the industry by providing innovative, reliable; and high quality services to our clients.
- Developing highly trained and loyal employees who work as a team to anticipate, identify and respond to client needs.

Our strengths

- Presence in core infrastructure verticals.
- Secured receivables and predictable receivables cycle.
- Strong balance sheet supporting future growth.
- Timely project completion track record.
- Multi-year institutional relationships.
- Presence in India's fastest-growing states.
- Loyal and engaged workforce with strong engineering capital.
- Rigorous safety and compliance practices.

Business Model

Value-accretive Paradigm

R.P.P. Infra follows a business strategy of bidding for short duration projects (maximum 24 months), which are of a low-ticket size.

The Company ensures that all its projects are completed on or before the stipulated time by leveraging its dynamic team and strong captive equipment asset base.

The bidding and strategy team ensures that the projects are 100% government owned and can earn the Company EBITDA margins of over 13% on completion. The Company also undertakes relevant steps to ensure appropriate sweating of its asset base to achieve industry-leading EBITDA margins. This approach fortifies attractive profitability; and is reflected in the Company's sustained encouraging financial performance.

R.P.P. Infra focusses on a cautious and calibrated approach while bidding for new projects and its risk governance structure is robust. It drives the growth engine primarily through internal accruals. Therefore, the long-term debt profile of the Company is 'nil', although The Company is growing at a rate of 20%+ annually. This risk-minimised business approach is what differentiates R.P.P. Infra from its large number of competitors in the EPC infrastructure space in India.

Megatrends

Socio-economic Opportunities That Shape Our Business

As one of India's most profitable rural infrastructure companies, our strategies are determined by broad socio-economic developments.

Overall infrastructure sector

The Union Budget 2018-19 outlines enhanced investments in key infrastructure sectors with a cumulative ₹5.97 trillion outlay. The objective is to step up investment in the infrastructure space, particularly from the private sector. This had dwindled down significantly due to issues with land acquisition and inadequate resolution of disputes.

The Government of India has introduced various modes of awarding new contracts to private sector companies. These modes ultimately helped improve investment in the infrastructure sector over the preceding two to three years.

Rural infrastructure sector

Comprehensive development of India's rural infrastructure appears to be a priority for the Central Government. The Government of India is implementing multiple initiatives to double farmers' income by 2022, when India celebrates its 75th year of independence. To achieve this ambitious target, the Government focussed its policy initiatives, in the financial year 2018-19 Union Budget, towards improving rural infrastructure and connectivity, as well as water management and irrigation.

Road sector

According to the Ministry of Road Transport and Highways, the Government of India completed the construction of over 9,000 km of national highways during financial year 2017-18. For the forthcoming year, the Government has allocated ₹1.2 trillion towards the roads sector in the Union Budget.

The Government also announced its ambitious Bharatmala Project, which envisages seamless connectivity of interior and backward areas and borders of the country to develop about 35,000 km in Phase-I at an estimated cost of ₹5.35 trillion. For financial year 2018-19, Mr. Nitin Gadkari, the Union Minister for Road Transport and Highways, has set a target of awarding contracts to build 20,000 km at a rate of 47 km per day.

The Ministry of Road Transport and Highways has planned an investment of ₹2 trillion towards the sector with almost 91 projects worth ₹1.47 trillion to be bid out over the next three to four months. Particularly under the EPC mode, 133 projects spanning almost 4,800 km are expected to be awarded.

Power sector

Power is one of the most critical components of infrastructure, crucial to a country's economic welfare. According to the Central Electricity Authority (CEA), total installed power capacity in India as on 31 March 2018 stood at 3,44,002 MW, of which the private sector accounted for almost 45%. Data collected by the Ministry of Power suggests that India's electricity production grew at 5.7% CAGR over financial year 2009-10 to 2017-18 period.

The country has one of the world's most diversified power sectors, with generation sources, ranging from conventional sources such as coal, lignite, natural gas, oil, hydro and nuclear power to viable non-conventional sources such as wind, solar, agricultural and domestic waste.

In December 2017, the Government of India articulated its vision of 24x7 Affordable and Quality Power for All. The Union Minister for Power and Renewable Energy, Mr. R.K. Singh declared that all states in the country were on board to achieve the Power for All target by March 2019 itself. The Government of India also launched the Saubhagya Scheme, which envisages an investment of ₹163.2 billion towards electrification of all households in India.

Irrigation sector

The irrigation sector has emerged as one of the most important considerations for the Government sector to improve the overall health of the entire agricultural economy. Last year, the Finance Minister Mr. Arun Jaitley had announced the setting up of a Micro Irrigation Fund for facilitating the expansion of coverage under micro irrigation. The Government also set up a Long-term Irrigation Fund (LTIF) in NABARD for meeting funding requirement of irrigation works.

In addition, the Union Budget also introduced the groundwater irrigation scheme under the Pradhan Mantri Krishi Sinchai Yojna - Har Khet ko Pani, which will be taken up in 96 irrigation deprived districts. The Finance Minister allocated ₹26 billion for this purpose.

Buildings sector

The buildings and construction space is gaining momentum in India as the Government's Housing For All by 2022 Scheme takes precedence. The Finance Minister, Mr. Arun Jaitley has allocated \$3.5 billion towards this scheme in the Union Budget. Industry experts believe that the affordable housing finance sector will attract investments to the tune of ₹130 trillion by financial year 2021-22.

The Smart Cities Project is a major potential source of order inflow for the construction sector. Ninety-nine cities are selected so far, under this project, with a total ₹2 trillion investment, wherein projects worth ₹205 billion are under progress.

Moreover, the Government of India's target of 30% Gross Enrolment Ratio (GER) for the education sector by financial year 2019-20 will likely escalate the demand for education infrastructure in India. We expect investments of over \$200 billion to flow into this space over the next few years.

Risk Management and Mitigation

Addressing Challenges Prudently

Risk evaluation and mitigation continues to be our 24x7 strategy. Some of the risks that we routinely encounter and address are discussed below:

RISK

Competition

We operate in the small-ticket contract space, which has multiple infrastructure players, vying for the same opportunities. However, many of these competitors are highly debt-laden and hence, have turned cautious in their bidding process to control their leverage.

MITIGATION

We continue to constantly adapt our processes and policies to ensure a sustainable business model. We are confident of mitigating the risk from competition by promising timely execution within the budgeted cost.

Capital

Due to the capital-intensive nature of the infrastructure industry, the availability of capital continues to be critical.

We follow a debt-free capital strategy and finance our growth, using internal accruals and equity funding. This low-leverage strategy helps us to mitigate the constant capital risk, plaguing peer firms in the infrastructure industry.

Raw Material

Availability of the right quality and quantity of raw materials for construction purposes is most important for timely execution of projects. Volatility in prices or supply of raw materials can significantly impact a project's financing and ultimately affect our Company's margins.

To mitigate this risk, we have long-standing relationships with our suppliers and a strong technical team, who ensure that bids are put in place only for those projects, which are viable.

People

Workers at every project location represent the most valuable asset for any construction company. Any extraordinary attrition can lead to loss in operations.

We believe in building a highly motivated and professional taskforce, who have the ability to execute ambitious targets with unwavering precision. We ensure a healthy, safe and secure environment for all workers and employees.

Explanatory Statement pursuant to Section 102 of the Companies Act, 2013

Item No. 5

Mr. P Arulsundaram (DIN 00125403) has been appointed as Chairman and Managing Director of the Company w.e.f. 1 April 2017 for a period of three years as per the approval of members at the previous Annual General Meeting dated 8 September, 2017. As per the approval of members, the remuneration payable to Mr. P Arulsundaram included a salary of ₹5.60 lakh (Rupees Five lakh and Sixty Thousand Only) per month other than perquisites and allowances.

Based on recommendation of Nomination and Remuneration Committee, the Board of Directors has approved revision in salary payable to Mr. P Arulsundaram, Chairman and Managing Director from ₹5.60 lakh per month to ₹7.00 lakh per month, i.e. an increase of ₹1.40 lakh per month w.e.f. 1 April 2018 for his remaining term of office subject to approval of members. Other than the salary all other term of appointment and remuneration including perquisites and allowances, remuneration payable in case of insufficiency of the profit as approved by the Members at the Annual General Meeting dated 8 September, 2017 remains unchanged.

The said proposal for revision in remuneration is being placed before the Members for their approval. The disclosure under LODR Regulation and revision in remuneration tabular form is set out separately.

Except Mr. P Arulsundaram and Mrs. A Nithya, none of the Directors or Key Managerial Personnel (KMP) of the Company are concerned or interested, financial or otherwise, in the resolution set out at Item No. 5.

Item No. 6

Further, there are no qualifications or reservations or remarks made by the Auditors in their Consolidated Audit report. However, in Standalone Audit Report, Auditors has made a disclaimer that standalone financial statements reflects total assets of ₹ 22.57 crore as at 31 March 2018, total revenue of ₹ 8.27 crore as at 31 March 2018 and total profit after tax of ₹ 0.24 crore, whose unaudited financial statements and other unaudited statements have been furnished to them. Further, their opinion is not modified in respect of the matter. Similarly, in Consolidated Audit Report, Auditors have made a disclaimer that consolidated financial statements includes financials of five subsidiaries and two branches which reflects total assets of ₹ 68.41 crore as at 31 March 2018, total revenue of ₹ 8.28 crore and total loss of ₹ 1.61 crore, out of which three subsidiaries have not been audited by them and financial statements of two subsidiaries based at Sri Lanka and Mauritius and two branches at Sri Lanka and Bangladesh are based on unaudited financial statements. Further, their opinion is not modified in respect of the matter.

The disclaimer made both in Standalone and Consolidated Financials are self-explanatory. Your Board would like to clarify that the accounts of both overseas subsidiaries Sri Lanka and Mauritius and branches in Sri Lanka and Bangladesh have been audited and auditors report does not contain any qualification/reservation. Due to some logistics problem, the same could not be provided to the Statutory Auditor at the time of audit and hence financials have been provided and audit has been done based on information but the auditors report could not be provided to them at relevant time.

Secretarial Audit Report

For the Financial Year Ended March 2018

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,

R.P.P. Infra Projects Limited

SF No. 454, Raghupathynaiken Palayam,
Railway Colony Post, Poondurai Road,
Erode - 638002, Tamil Nadu,
INDIA

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by R.P.P. Infra Projects Limited (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31 March 2018 complied with the statutory provisions listed hereunder and also that the Company has proper board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March 2018 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

Management Discussion and Analysis

Forward-looking Statements and Economic Data

The report may contains forward-looking statements, like 'plans', 'expects', 'will', 'anticipates', 'believes', 'intends', 'projects', 'estimates' and so on. Any statements that address expectations or projections about the future, but not limited to the Company's strategy for growth, market position, expenditures, and financial results, are forward-looking statements. Since these are based on certain assumptions and expectations of future events, the Company cannot guarantee that these are accurate or will be realised. The Company's actual results, performance or achievements could thus differ from those projected in any forward-looking statements. The Company assumes no responsibility for these statement and also not liable to publicly amend, modify or revise any such statements on the basis of subsequent developments, information or events. Further, the economic data has been taken from various source and hence, the correctness is based on publication made about the same and the Company assumes no responsibility towards the correctness of the same.

Industry Structure and Developments

Infrastructure is the backbone of any economy for growth and development and needs to be consistently strengthened.

Infrastructure sector is a key driver for the Indian economy. The Government of India is initiating diverse projects for the country's infrastructural development. The increased spending in this sector has a multiplier effect on overall economic growth, as it catalyses industrial growth and manufacturing. This in turn boosts aggregate demand by improving living conditions. The infrastructure sector primarily comprises electricity, roads, telecommunications, railways, irrigation, water supply and sanitation, ports and airports, storing facilities, and oil and gas pipelines, among others.

India has a requirement of investment worth ₹50 trillion (\$777.73 billion) in infrastructure by 2022 for sustainable economic progress of the country. Sectors like power transmission, roads and highways and renewable energy will drive the investments in the coming years.

India is witnessing significant interest from international investors in the infrastructure space. Some key investments in the sector are listed below:

- In June 2018, the Asian Infrastructure Investment Bank (AIIB) announced \$200 million investment into the National Investment & Infrastructure Fund (NIIF).
- Private equity (PE) and venture capital (VC) investments in the infrastructure sector reached \$3.3 billion with 25 deals during January-May 2018.
- Indian infrastructure sector witnessed 91 M&A deals worth \$5.4 billion in 2017.

- In February 2018, the Government of India signed a loan agreement worth \$345 million with the New Development Bank (NDB) for the Rajasthan Water Sector Restructuring Project for desert areas.
- In January 2018, the National Investment and Infrastructure Fund (NIIF) partnered with UAE-based DP World to create a platform that will mobilise investments worth \$3 billion into ports, terminals, transportation, and logistics businesses in India.

India has received foreign direct investment in construction development sector (townships, housing, built up infrastructure and construction development projects) of \$24.67 billion (from April 2000 to December 2017) according to the Department of Industrial Policy and Promotion (DIPP). The above figure can further provide interest of the international investor in India specifically in infrastructure segment.

Interestingly, with strong policy support like 'Housing for All' and 'Smart Cities Mission' the Government of India is working on reducing bottlenecks by pushing growth in the infrastructure sector. With the Ujwal DISCOM Assurance Yojana (UDAY) Scheme, that will help in a financial turnaround and revival of the electricity distribution companies of India, the power sector has been registering strong growth.

Opportunities and Threats

The Government of India in Union Budget 2018-19 announced allocation of ₹5.97 lakh crore (\$92.22 billion) for the infrastructure sector. The Government understands that investment in the infrastructure sector would create multiplier effect on the economy.

With the impetus being provided to infrastructure, the same creates multiple opportunities for the Company. Your Directors take pleasure in sharing that at presently your Company has firm presence in some states of India, which have very high growth rate. These states are focussing on creation/development of infrastructure. Your Company has focussed in three business segment of infrastructure, water management and building. Further, your Company emphasises on irrigation and water supply, civil construction works, national highways, rural roads and other infrastructure works, which provide special advantage in the present economic environment.

The central and state governments have various initiatives in place for infrastructure development across India, which will allow the Company diverse opportunities as it is already an established player in these segments. Further, the Company's presence in focussed geographical area have offered numerous possibilities.

India's infrastructure industry is influenced by global economic conditions, besides being affected by capital investment in equipment, technology, availability of skilled personnel and a competitive landscape. Further, the Company is increasingly moving towards larger projects, which has stringent pre-qualification requirements and as such meets intense competition. The Company has undertaken international projects and is further exploring opportunities on a global scale, which have stricter timelines and smaller margins. It is also important to note that the entry of foreign construction companies into India's markets have reduced margins for the domestic players. The Company foresees considerable challenges in the upcoming years, which are likely to influence its historical growth rates, profits and margins, owing to the prevailing market conditions. The contracts in the infrastructure industry are awarded after a competitive bidding processes and satisfaction of other prescribed pre-qualification criteria. The ability of the Company to match the market is always a challenge even though the market remains quite open. Additionally, the industry players also have to face issues such as timelines impacted due to local conditions, cost escalation and timely recovery of payments.

Segment-wise/Product-wise Performance

The Company is engaged in the business of infrastructure development and has made a name for itself in the following three segments:

- (i) Buildings
- (ii) Water Management
- (iii) Infrastructure

The revenue contribution of each of the business segments is as follows:

Business segments	Revenue	Revenue
	₹ in crore	%
Buildings	105.16	21.07
Water Management	116.59	23.36
Infrastructure	277.38	55.57

The Company is focussed on strengthening its presence across the operating verticals/venture in niche areas, capitalise on new opportunities and invest in growth with prudence. Besides, the Company is pursuing strategic objectives of continuously growing the order book and executing them efficiently, by adopting best practices that enable achievement of quality, cost optimisation and timely completion of projects.

The Company's continued emphasis on improvements in project execution efficiencies has resulted in notable gains in terms of operating margins and employee productivity, which has played significant part in the Company improving its performance even in a highly competitive environment.

Order Book Position

The Company has a robust order book and has received sizeable orders during the financial year. The order book position as on 31 March 2018 is ₹1,175.36 crore.

The Company further enhances its order book based on higher margins and improved profitability and it chooses work in segments, which are most likely to offer a steady marginal growth.

The Company's quarter-wise order book during financial year 2017-18 is mentioned below:

Quarter	Q1		Q2		Q3		Q4	
	Value ₹ in crore	%	Value ₹ in crore	%	Value ₹ in crore	%	Value ₹ in crore	%
Buildings	230	28	269	26	241	27	328	28
Water Management	155	19	324	31	290	32	274	23
Infrastructure	423	52	450	43	364	41	573	49

The Company has robust order book pipeline of over ₹1,000 crore, however, the receipt of the order depends on various conditions of bid including technical and financial.

Following were the major order inflow in the financial year 2017-18:

- Tamil Nadu Civil Supplies Corporation for the construction of scientific storage warehouse worth ₹51.20 crore.
- Tamil Nadu State Agriculture Marketing Board for the establishment of Primary Processing Centre worth ₹19.10 crore.
- Karnataka State Police Housing and Infrastructure Development Corporation Limited worth ₹50.70 crore.
- Sumitomo Electric Industries Limited by way of sub-contract worth ₹38.90 crore.
- Tamil Nadu Water Supply & Drainage Board for improvement in water supply distribution system worth ₹189.50 crore.
- Tamil Nadu Slum Clearance Board for the construction of multi-storied tenements worth ₹119 crore.
- Public Works Department of Maharashtra for the rehabilitation/upgradation of existing highway on EPC mode worth ₹144.9 crore.
- Maharashtra State Road Development Corporation Limited for rehabilitation/ upgradation of existing/ newly declared highway on EPC mode worth ₹138.20 crore.
- Kerala Infrastructure and Technology for Education (KITE) for modernisation of schools to international standard as centres of excellence worth ₹11.50 crore.

The Company's management keeps on reviewing/revisiting its strategies based on market conditions with efforts to minimise cost and expenditure and maximise the value for stakeholders. Further, the Company has a clear objective to grow business and sustain the growth with focussed, efficient and timely project execution and selection of the territories and work area that is quite linked to the same goal.

Financial Performance/Operational Performance

The Company's financial statements have been prepared in compliance with the requirements of the Companies Act, 2013, guidelines issued by the Securities and Exchange Board of India and Ind AS. The management of the Company accepts responsibility for the integrity and objectivity of these financial statements, as well as for various estimates and judgments used therein. The estimates and judgments relating to the financial statements have been made on a prudent and reasonable basis, in order that the financial statements reflect in true and fair manner, the form and substance of transactions and reasonably present the state of affairs on the Balance Sheet and Profit of the Company for the year ended on 31 March 2018.

Standalone Performance:

The Company posted total revenue of ₹499.13 crore in financial year 2017-18 registering an increase of 36.81% year-on-year basis compared to ₹366.34 crore in financial year 2016-17. The consumption of materials and other direct costs increased to ₹398 crore as against ₹293 crore in the previous year with an increase of 35.60%. Employee cost for the year increased to ₹9 crore for the year as against ₹6 crore in the previous year.

The EBITDA for the financial year 2017-18 stood at ₹66.10 crore with an increase of 32% year-on-year basis compared to ₹50.19 crore in financial year 2016-17. Profit before tax for the financial year 2017-18 stood at ₹47.04 crore with an increase of 48.86% year-on-year basis compared to ₹31.60 crore in financial year 2016-17.

Profit after tax stood at ₹13.52 crore compared to ₹23.88 crore during the financial year 2016-17, owing to special adjustment of tax expenses of ₹17.96 crore to resolve the pending IT disputes from financial years 2010 to 2016.

The Company has maximised usage of the operational efficiency. As explained earlier, the Company has suitably devised the strategy to utilise the various resources available with it, be the men, machine or material.

Consolidated Performance:

During the year, none of the subsidiary was material subsidiary. The operation in all these subsidiaries is nominal.

Your Company has posted consolidated total revenue of ₹499.13 crore in financial year 2017-18. The Profit before tax of consolidated account for financial year 2017-18 was ₹45.18 crore. Profit after tax of consolidated account for financial year 2017-18 stood at ₹12 crore.

Business Outlook

After two sub-par years, and economic disruptions like the demonetisation and rollout of the Goods and Services Tax, the business expected to grow to a respectable 7.5%-7.6% next fiscal. This, however, is still below the 13-year average. The

The EBITDA for the financial year 2017-18 stood at ₹66.10 crore with an increase of 32% year-on-year basis compared to ₹50.19 crore in financial year 2016-17. Profit before tax for the financial year 2017-18 stood at ₹47.04 crore with an increase of 48.86% year-on-year basis compared to ₹31.60 crore in financial year 2016-17.

key engines supporting the upturn are largely domestic and policy-driven, though a synchronous upturn in global growth will, undoubtedly, provide some tailwind.

Both central and state governments continue to demonstrate a strong desire and ambition to invest in infrastructure as a path to economic growth. Infrastructure spending has a multiplier effect on overall economic growth as it necessitates industrial growth and manufacturing. This in turn bolsters aggregate demand by improving living conditions.

Infrastructure development being one of the focus areas of the Government of India, Union Budget 2018-19 made budgeted allocation of ₹5.97 lakh crore for it. The above allocation comprises highest-ever budgetary allocation of ₹1.48 trillion to Railway, ₹16,000 crore to achieve universal household electrification and ₹4,200 crore to increase capacity of Green Energy Corridor Project along with other wind and solar power projects. Further, the Government of India has also allocated ₹10,000 crore to strengthen telecom infrastructure.

The Company has focussed on three business segments of infrastructure, water management and building. Below mentioned initiatives by central/state government/s for providing impetus to infrastructure/growth for emerging India provides opportunities for the Company in each of these segments.

Growth Strategies

The Company has prudently selected its business segments and focusses on government contracts. With its rich expertise and knowledge capital, it has developed a robust balance sheet. These factors reinforce its capabilities and are the principal elements of its business.

The Company has created a distinct business model for leveraging on its capabilities to benefit from the emerging growth opportunities. The strategy is to be in focussed work segments in particular geographical locations with EPC contracts. The Company has further developed synergies in certain areas with diverse contracts, which suits it including the lump sum rate, design and build, item rate or percentage rate. The Company has also built partnerships for sub-contracting, which gives it the advantage of de-risking and works perfectly in large contract, as well as with credible customers with reduced overall timeline of contract execution.

The Company has focus on relatively complex niches within segments requiring engineering, expertise and specialised equipment. Further, the Company focusses on mid project size of ₹50 crore to ₹200 crore, which enhances its capability to manage the project better. The Company has also made certain alliances or partnered with bigger companies including from other fields as consortium partner, which helps it to bid for larger and complex project. It also takes up the work on sub-contract basis in large project.

Additionally, the Company also concentrates on cost competitiveness, sound execution strategies, managing volatility, control over working capital, efficient contract management, expanding customer base, focussing on due diligence of prospects, strengthening business development efforts, improved operational efficiency and improved supply chain management.

Risks and Concerns

It is essential for the Company to manage its risks to grow sustainably. The Company faces the following type of risks:

General Economic/Sectoral Risk: The Company derives and expects to derive substantially all its revenue from infrastructure projects in India. Accordingly, it is heavily dependent on sustained economic development in the country and government policies related to infrastructure development. It is further dependent on budgetary allocations made by central and state governments, participation from multilateral agency sponsored developments, public bodies, as well as access to private sector funding. Macroeconomic factors in India that affects the infrastructure sector will have a significant impact on the Company's prospects and results of operations.

Bidding and Execution Capabilities Risk: Infrastructure project development for large projects in India involves a process of pre-qualifying of interested bidders based on technical and financial strengths. Pre-qualifications criteria are based on factors such as relevant past achievement of project execution, net worth,

cash accruals and others. After a project is awarded, completion on time is subject to various factors. The Company targets effective project management and execution through efficient deployment of equipment and resources, quick decision-making capabilities by on site project managers, robust relationships with suppliers and sub-contractors and coordination between project sites and the head office. It monitors the progress of project execution in terms of time, cost, quality, efficiency, manpower resources and utilisation of plant and equipment. The Company believes that the ability to continuously execute contracts effectively, as the business grows, is important to its strategy and operations.

Completion Risk: This is the risk that the project may not be completed on time, or at all, due to various reasons such as cost overruns, technology failure, force majeure, and others. The Company ensures timely mobilisation of site teams and other equipment, along with on schedule availability of other requirements in a co-ordinated manner. It has also in place a monitoring system to screen the requirement of drawings/clearances needed from clients and ensures that these are communicated in advance and also documented.

Resource Risk: This risk includes the non-availability of raw materials for the project operation. It also includes the risk that the raw material prices might move adversely. The Company draws up the project cost estimates based on site conditions, expected duration of the project, seasonal cost and various availability factors while quoting. It also negotiates better rates from suppliers/service providers, leveraging volumes across sites.

Operating Risk: This is a risk that the project costs would escalate. It also includes the risk that the project will have operational problems. The Company ensures an elaborate study of the site conditions and the scope of the project and involves cross-functional teams at the tendering stage to capture all variables across different processes. The plan for project execution is completed with process linkages.

Casualty Risk: This is the risk of physical damage to the project equipment. It also includes liabilities to third parties on account of accidents at the project site.

Site Risk: This is the risk that the project site might have legal encumbrances. It also includes the risk that the site has technical problems.

The Company has focus on relatively complex niches within segments requiring engineering expertise and specialised equipment. Further, it focussed on mid project size of ₹50 crore to ₹200 crore, which enhances its capability to manage the project better.

Cost Management Risk: A major chunk of the Company's total income is spent on its operating expenses, which comprise cost of inputs, labour, fuel expenses, sub-contracting expenses and usage of various machinery. These costs are subject to volatility and may fluctuate owing to reasons beyond the Company's control. Its ability to handle these costs in an effective manner will impact its margins.

Competition Risk: The Company faces significant competition from the numerous players in the market. Some these competitors are quite large with stronger financial resources or a more experienced management team or have stronger engineering capabilities in executing technically complex projects. Competition from other infrastructure companies will continue to have a significant impact on its ability to successfully bid for projects at price levels that generate desirable returns.

The Company has undertaken a number of initiatives such as deployment of risk mitigation strategies, superior execution of projects and astute cost management to deal with an overall environment dominated by high interest rates, sluggish demand, liquidity issues and higher input costs. The Company has adopted a pragmatic approach to navigate through the turbulent times and had cut down on overhead expenses and optimally stretched its available resources, making it lean yet effective to improve its operational efficiencies.

Risk Management Policy

Risk management is an integral part of the business process. The risk management process, inter alia provides for review of the risk assessment and mitigation procedure and timely report to the management and review of the identified risks at periodical intervals to assess the progress of control measures. The Audit committee of the Board reviews the risk management efforts periodically.

The Company follows the below mentioned risk management architecture:

- **Risk identification**
This function involves pre-emptive strategies to identify potential risks and evolve a framework for mitigation
- **Risk assessment and analysis**
Risk assessment is the objective evaluation of the quantitative and qualitative value of risk related to the uncertainties of a specific situation
- **Proactive risk governance measures**
This requires the organisation to ascertain action plans to address identified issues and forestall potential damage
- **Comprehensive risk reporting**
This involves reporting the causes and mitigation measures for future reference

The reporting systems ensure precise monitoring for quick decision-making and smooth running of the operations. Prompt attention is drawn to any risk related function, which is then

closely monitored to enable appropriate decision-making to avoid problems/regain stability within the shortest possible time.

Internal Controls and Their Adequacy

The Company has adequate internal control systems to monitor business processes, financial reporting and compliance with applicable regulations. It has documented procedures covering all financial, operating and management functions. These controls have been designed to provide a reasonable assurance with regard to maintaining proper accounting controls, monitoring of operations, protecting assets from unauthorised use or losses, compliances with regulations and for ensuring reliability of financial reporting. The Company has continued its efforts to align all its processes and controls with best practices in these areas as well. The systems are periodically reviewed for identification of control deficiencies and formulation of time bound action plans to improve efficiency at all the levels.

The Company conducts internal audit through an independent firm of qualified chartered accountant who are given access to all records and information. The Audit Committee of the Board reviews internal control systems and their adequacy, significant risk areas, observations made by the internal auditors on control mechanism and the operations of the Company, recommendations made for corrective action and the internal audit reports. Certificate on Compliance with the conditions of Corporate Governance under Regulation 34(3)(E) of SEBI (LODR) Regulation, 2015

To,
The Members of
R.P.P. Infra Projects Limited

I have examined the compliance of conditions of Corporate Governance by R.P.P Infra Projects Limited ("the Company") for the year ended 31 March 2018 as per relevant provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as referred in its Regulation 15 (2) for the period 1 April 2017 to 31 March 2018.

The Compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to a review of the procedures and implementations thereof adopted by the Company for ensuring the compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of our information and according to the explanations given to us and the representations made by the Directors and Management, I certify that the Company has complied with the conditions of Corporate Governance as per relevant provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the period 1 April 2017 to 31 March 2018.

I further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Independent Auditor's Report

To
The Members Of
M/s. R.P.P. INFRA PROJECTS LIMITED

Report on the Standalone Ind AS financial statements

We have audited the accompanying standalone Ind AS financial statements of M/S. R.P.P. INFRA PROJECTS LIMITED ("the company"), which comprise the Balance Sheet as at 31 March, 2018, the Statement of Profit and Loss including the statement of Other Comprehensive income, the Cash Flow Statement, the statement of changes in equity and a summary of the significant accounting policies and other explanatory information for the year then ended which includes two branches ("standalone Ind AS financial statements").

Management's Responsibility for the Standalone Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists we are required to draw attention in the auditor's report to the related disclosures in the financial statements or if such disclosures are inadequate, to modify the opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, except the financial statements of Srilanka and Bangladesh branches not audited by us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting

principles generally accepted in India, of the state of affairs of the Company as at 31 March 2018, of its profit including other comprehensive income, its cash flows and changes in equity for the year ended on that date.

Other Matter

We did not audit the financial statements of two branches included in the standalone quarterly financial results and year to date results, whose standalone financial statements reflect total assets of ₹ 22.57 crore as at 31 March 2018, total revenue of ₹ 8.27 crore as at 31 March 2018 and total profit after tax of ₹ 0.24 crore, whose unaudited financial statements and other unaudited information have been furnished to us. Our opinion on the statements, in so far as it relates to the amounts and disclosures included in respect of the two branches and our report in terms of subsection (3) and (11) of section 143 of the Act in so far as it relates to the aforesaid branches is based solely on such unaudited financial statements and other unaudited financial information. Our opinion is not modified in respect of this matter.

Attention is invited to Note No: 32 regarding disclosure on search operation conducted on the Company during March 2016. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the 'Annexure A', a statement on the matters specified in the paragraph 3 and 4 of the order.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) We have not audited the branch offices situated in Sri Lanka and Bangladesh. We have not received any audit report for the same.
 - (c) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (d) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of accounts.
 - (e) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting

Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (f) On the basis of the written representations received from the directors as on 31 March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements. Refer to Note no. 10.1 - to the standalone Ind AS financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.
 - d. Disclosures in the financial statements regarding holdings as well as dealings in Specified Bank Notes during the period 8th November 2016 to 30th December 2016 have not been made since they do not pertain to financial year ended 31-03-2018. However, amounts as appearing in Audited Ind AS financial statements as on 31-03-2017 have been disclosed.

Annexure 'B' To The Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s. R.P.P. Infra Projects Limited as of 31 March 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating

effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting, except relating to the branches in Sri Lanka and Bangladesh.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future

periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of the information and explanations given to us, except relating to the branches in Srilanka and Bangladesh for which we have neither audited nor received an Independent Auditor's report on the same, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018 based on the internal control over financial

reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

Note 1 : Company Overview

R.P.P. Infra Projects Limited has been engaged in nation-building since 1995. It is engaged in construction across multiple infrastructure verticals like roads, buildings, industrial structures, power, irrigation and water management and has executed many projects in Tamil Nadu, Kerala, Karnataka, Andhra Pradesh, Telungana, Madhya Pradesh and Maharastra for 20 years.

Note 2 : Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements.

2.1 Statement of compliance

In accordance with the notification dated 16 February, 2015, issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) with effect from 1 April 2016.

Up to the year ended 31 March 2017, the Company prepared its financial statements in accordance with the requirements of previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. This is the Company's first Ind AS financial statements. The date of transition to Ind AS is 1 April 2016. Previous period figures in the Financial Statements have been restated in compliance to Ind AS.

In accordance with Ind AS 101-"First Time adoption of Indian Accounting Standards" (Ind AS 101), the Company has presented a reconciliation of Shareholders' equity under Previous GAAP and Ind AS as at 31 March 2017, and 1 April 2016 and of the Profit after tax as per Previous GAAP and Total Comprehensive Income under Ind AS for the year ended 31 March 2017.

2.2 Basis of Preparation

The financial statements of the Company have been prepared and presented in accordance with the Generally Accepted Accounting Principles (GAAP) under the historical cost convention on accrual basis of accounting, except for Cash Flow Statement and certain financial instruments which are measured on fair value basis.

GAAP comprises Indian Accounting Standards (Ind AS) as notified under Section 133 of the Act read together with Rule 4 of Companies (Indian Accounting Standards) Rules 2015 and Rule 4 of Companies (Indian Accounting Standards) Amendment Rules 2016 to the extent applicable, pronouncements of regulatory bodies

applicable to the Company and other provisions of the Act.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to existing accounting standards requires a change in the accounting policy hitherto in use. Management evaluates all recently issued or revised accounting standards on an on-going basis.

Amounts in the financial statements are presented in Indian Rupees in crore rounded off to two decimal places in line with the requirements of Division II of Schedule III except where stated otherwise. Per share data are presented in Indian Rupees to two decimals places.

Operating Cycle

Operating cycle for the business activities of the company covers the duration of the specific project/contract/product line/service including the defect liability period wherever applicable and extends up to the realisation of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business.

Current and Non Current Classification

An asset is treated as current when it is:

- (i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for the purpose of trading
- (iii) Expected to be realised within twelve months after the reporting period, or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- (i) It is expected to be settled in normal operating cycle
- (ii) It is held primarily for the purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- (i) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- (ii) Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- (iii) Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants.

2.3 Property, Plant and Equipment

Land and buildings, Property, Plant and Equipments held for use in the production or supply of goods or services, or for administrative purposes, are stated in the Balance Sheet at cost less accumulated depreciation and impairment losses, if any.

Property, Plant and Equipment (PPE) in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss.

The cost of an asset comprises its purchase price or its construction cost (net of applicable tax credits), any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management and initial estimate of decommissioning, restoring and similar liabilities. Such cost includes the cost of replacing part of the plant and equipment and professional fees. Any trade discounts and rebates are deducted in arriving at the purchase price. Such properties are classified to the appropriate categories of PPE when completed and ready for intended use. Parts of an item of PPE having different useful lives and significant value and subsequent

expenditure on Property, Plant and Equipment arising on account of capital improvement or other factors are accounted for as separate components. All other repair and maintenance costs are recognised in profit or loss as incurred. Own fabricated assets are capitalized at cost including an appropriate share of overheads.

Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.

Depreciation of these PPE commences when the assets are ready for their intended use.

Depreciation is provided on the cost of PPE (other than leasehold land) less their residual values, using the straight line method over the useful life of PPE as stated in the Schedule II to the Companies Act, 2013.

The estimated useful lives, residual values and depreciation method are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively.

Depreciation on additions/deletions to PPE during the year is provided for on a pro-rata basis with reference to the date of additions/deletions except low value items not exceeding ₹5,000/- which are fully depreciated at the time of addition.

Depreciation on subsequent expenditure on PPE arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Depreciation on refurbished/revamped PPE which are capitalized separately is provided for over the reassessed useful life.

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the net sales proceeds and the carrying amount of the asset and is recognised as in the Statement of Profit and Loss.

Assets not ready for the intended use on the date of the Balance Sheet are disclosed as Capital Work-in-Progress.

2.4 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

amortisation and accumulated impairment losses. The costs comprises of all cost, including financing costs till commencement of commercial production, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible asset. Amortisation is recognised on a straight line basis over their estimated useful lives from the date of capitalisation. The estimated useful life is reviewed at the end of each reporting period and the effect of any changes in estimate being accounted for prospectively.

Computer software are amortized on a straight line basis over a period of 3 years.

Intangible assets is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset, and recognised in the Statement of Profit and Loss when the asset is derecognised.

2.5 Impairment of tangible and intangible assets

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount and impairment loss is recognised in the Statement of Profit and Loss.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Company's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

An assessment is made at the end of each reporting period to see if there are any indications that impairment losses recognized earlier may no longer exist or may have come down. The impairment loss is reversed, if there has been a change in the estimates used to determine the asset's recoverable amount since the previous impairment loss was recognized. If it is so, the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. After a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life. Reversals of Impairment loss are recognized in the Statement of Profit and Loss.

2.6 Inventories

Inventories are stated at lower of cost and net realisable value.

Cost of construction / raw materials comprises cost of purchases and includes taxes and duties and is net of eligible credits under CENVAT/ VAT schemes/ Input Tax Credit (ITC). It also includes all other related costs incurred in bringing the inventories to their present location and condition.

Stores and spares which do not meet the definition of property, plant and equipment are accounted as inventories.

Cost is determined on first in first out basis. Cost of surplus/ obsolete/ slow moving inventories are adequately provided for.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

2.7 Revenue recognition

Revenue is recognised based on nature of activity when consideration can be reasonably measured and recovered with reasonable certainty. Revenue is measured at the fair value of the consideration received or receivable and is reduced for estimated customer returns, rebates and other similar allowances

(i) Construction Contracts

Contract revenue is recognised only to the extent of cost incurred till such time the outcome of the job cannot be ascertained reliably subject to condition that it is probable that such cost will be recoverable. When the outcome of the contract is

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.

The estimated outcome of a contract is considered reliable when all the following conditions are satisfied:

- (a) the amount of revenue can be measured reliably;
- (b) it is probable that the economic benefits associated with the contract will flow to the company;
- (c) the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- (d) the costs incurred or to be incurred in respect of the contract can be measured reliably.

Expected loss, if any, on a contract is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

For contracts where progress billing exceeds the aggregate of contract costs incurred to-date and recognised profits (or recognised losses, as the case may be), the surplus is shown as the amount due to customers. Amounts received before the related work is performed are disclosed in the Balance Sheet as a liability towards advance received. Amounts billed for work performed but yet to be paid by the customer are disclosed in the Balance Sheet as trade receivables. The amount of retention money held by the customers is disclosed as part of other current assets and is reclassified as trade receivables when it becomes due for payment.

- (ii) **Other Operational Income**
Other Operational Income Includes Revenue for Technical services provided and accounted on accrual basis.
- (iii) **Dividend income:**
Dividend income from investments is recognised when the shareholder's right to receive payment is established by the reporting date.

(iv) Interest Income

Interest income from financial assets is recognised at the effective interest rate method applicable on initial recognition.

(v) Other Income

- (a) Claims were accounted as income in the year of receipt of arbitration award or acceptance by client or evidence of acceptance.
- (b) Other items of income are accounted as and when the right to receive arises.

2.8 Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Operating leases:

- (i) Leases where the lessor effectively retains substantially all the risks and rewards of ownership of the related assets are classified as operating leases.
- (ii) Lease rentals on assets under operating lease are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

2.9 Foreign Exchange Transactions

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Indian Rupees, which is the Company's functional currency and the Group's presentation currency.

Transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are translated using mean exchange rate prevailing on the last day of the reporting period. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise. In case of fixed assets they are adjusted to the carrying cost of such assets.

2.10 Employee Benefits

Employee benefits include salaries, wages, provident fund, employee state insurance and gratuity.

(i) Defined contribution plans

Employer's contribution to the recognized provident fund which is a defined contribution scheme and ESI Contribution as per law are charged to the Profit and Loss account.

(ii) Defined benefit plans

The Gratuity benefit is funded through a defined benefit plan. For this purpose, the Company has obtained a qualified insurance policy from Life Insurance Corporation of India.

2.11 Voluntary Retirement Scheme

Expenditure on Voluntary Retirement Scheme (VRS) is charged to the Statement of Profit and Loss when incurred.

2.12 Proposed Dividend

The Company has disclosed dividend, proposed by board of directors after the balance sheet date, in the notes, as provision cannot be created for dividend proposed / declared after the balance sheet date, unless a statute requires otherwise

2.13 General Administrative Expenses

General administrative expenses which are directly attributable are allocated to activities and the balance is charged to Statement of Profit and Loss.

2.14 Income Taxes

Income tax expense represents the sum of the current tax and deferred tax.

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

(iii) Current and deferred tax expense for the year

Current and deferred tax expense is recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.15 Borrowing Costs

Borrowing costs specifically identified to the acquisition or construction of qualifying assets is capitalized as part

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

2.16 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

Contingent assets are disclosed in the Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

2.17 Financial instruments

Financial assets and financial liabilities are recognised when Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

2.18 Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

2.19 Financial assets

Financial assets comprises of investments , trade receivables, cash and cash equivalents, term loans and advances and other financial assets.

(i) Cash and cash equivalents

Cash and cash equivalents comprise of cash at bank and cash in hand. The Company considers all highly liquid investments with an original maturity of three months or less from date of purchase, to be cash equivalents.

(ii) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity investments not held for trading.

(iv) Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition.

(v) Impairment of financial assets

The Company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

(vi) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety (except for equity instruments designated as FVTOCI), the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of Profit and Loss.

2.20 Financial liabilities

(i) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- (a) the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- (b) the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

(ii) Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method

(iii) Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

2.21 Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of

equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.22 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit after tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

2.23 Segment reporting

Operating segments are identified and reported taking into account the different risks and returns, the organization structure and the internal reporting systems.

2.24 Extraordinary and exceptional items

Income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the Company are classified as extraordinary items. Specific disclosure of such events/transactions is made in the financial statements. Similarly, any external event beyond the control of the Company, significantly impacting income or expense, is also treated as extraordinary item and disclosed as such.

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company, is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

2.25 First-time adoption – mandatory exceptions and optional exemptions

(i) Overall principle:

The Company has prepared the opening balance sheet as per Ind AS as of 1 April 2016 ("the transition date") by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying certain items from Previous GAAP to Ind AS as required under the Ind AS, and applying Ind AS in the measurement of recognised assets and liabilities. However, this principle is subject to certain mandatory exceptions

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

and certain optional exemptions availed by the Company as detailed below.

(ii) Exceptions to retrospective application of Ind AS :

(a) Estimates:

The Company has not made any changes to estimates made in accordance with Previous GAAP.

(b) Ind AS 109 - Financial instruments (Derecognition of previously recognised financial assets/liabilities) :

The Company has applied the Derecognition requirements prospectively for transactions occurring on or after 1 April 2016 (the transition date).

(c) Ind AS 109 - Financial instruments (Classification and measurement of financial asset) :

The Company has evaluated the facts and circumstances existing on the date of transition to Ind AS for the purpose of classification and measurement of financial asset and accordingly has classified and measured financial assets on the date of transition.

(iii) Exemptions from retrospective application of Ind AS

(a) Ind AS 103 Business combination :

The Company has elected not to apply Ind AS 103 to business combinations that occurred before the date of transition to Ind AS and hence business acquisitions for IND AS purposes are considered at carrying value.

(b) Ind AS 16 Property, Plant and equipment / Ind AS 38 Intangible asset :

The Company has elected to continue with the carrying amount for all of its PPE, intangible asset measured as per Previous GAAP and use that as deemed cost as at the date of transition. The Company does not have any decommissioning liability as on transition date.

(c) Ind AS 21 Cumulative Translation Differences on Foreign Operations :

The translation differences are deemed to be zero at the date of Ind AS transition

(d) Ind AS 27 Separate financial statements :

The Company has elected to measure its investment in subsidiaries, Joint venture & Associates at cost determined in accordance with Ind AS 27 i.e. Original cost.

(e) Ind AS 109 Financial instruments :

The Company has designated financial assets as FVTOCI, based on the assessment made on the date of transition to Ind AS.

2.26 Critical Accounting Judgments, Assumptions and Key Sources of Estimation Uncertainty

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Assumptions and Key Sources of Estimation Uncertainty

(i) Revenue

The Company uses the percentage-of-completion method in accounting the revenue in respect of construction contracts. Use of the percentage-of completion method requires the Company to estimate total contract revenue, and remaining cost to complete the contract at the end of each reporting date. The financial reporting of these contracts depends on estimates that are assessed continually during the term of these contracts, therefore recognized revenue and profit are subject to change as the contract progresses to completion.

(ii) Useful life of Property, Plant & Equipment (PPE)

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management which is reviewed at the end of each reporting period. The rate of depreciation adopted by the company has been tabulated in note 2.03

(iii) Expected Credit Loss (ECL)

Expected Credit Loss is prepared based on the historical data for the past two years with half yearly intervals and the probability of default is computed accordingly. The mechanism tries to identify the receivables which would probably result in becoming unrecoverable for the company and additional provision is created by company based on the ECL model.

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

(iv) Employee Benefits - Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

(v) Taxation

Determining of income tax liabilities using tax rates and tax laws that have been enacted or substantially enacted requires the Management to estimate the level of tax that will be payable based upon the Group's/ expert's interpretation of applicable tax laws, relevant judicial pronouncements and an estimation of the likely outcome of any open tax assessments including litigations or closures thereof.

Deferred income tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, unabsorbed depreciation and unused tax credits could be utilized.

(vi) Fair value measurement

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The Management determines the appropriate valuation techniques and inputs for the fair value measurements. In estimating the fair value of an asset or a liability, the Company used market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engaged third party qualified valuers to perform the valuations in order to determine the fair values based on the appropriate valuation techniques and inputs to fair value measurements. Information

about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 39.

(vii) Provision for contractual obligation

Assessments undertaken in recognising provisions for contractual obligation have been made as per the best judgement of the management based on the current available information.

2.27 Changes in Accounting Standards that may affect the Company / Group after 31 March 2018

Ind AS 115 – Revenue from Customers

This standard combines, enhances and replaces specific guidance on recognising revenue with a single standard. It defines a new five-step model to recognise revenue from customer contracts. This amendment has no effect on the financial statements of the Company.

Improvements and other amendments to Accounting Standards applicable after 31 March 2018

A number of standards have been modified on miscellaneous points issues with effect from 1 April 2018. Such changes include principle for transfer of asset to, or from, Investment Property (Amendment to Ind AS 40), determination of exchange rate for translation of foreign currency where a pre-payment asset or a deferred income liability is recognized (Amendment to Ind AS 21), segregation of deductible temporary differences in accordance with tax laws and assessing them on that basis to recognise deferred tax asset (Amendment to Ind AS 12), permitting election of fair value or equity method of accounting for investments in associates and joint ventures by venture capital, mutual fund and other similar organisations (Amendment to Ind AS 28) and Applicability of disclosure requirements to interests classified as held for sale or as discontinued operation (Amendment to Ind AS 112). None of these amendments are expected to have any material effect on the company's financial statements.

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

The Income Tax Department conducted a search operation u/s 132 of the Income Tax Act 1961 on the Company during March 2016 and recovered documents relating to inadmissible expenses for the years 2010 - 2016. The Company has filed a petition with the Honorable Income Tax Settlement Commission admitting additional tax of ₹17.96 crore. This pertains to financial years 2010-2016. Application was made to Settlement Commission and 2 hearings are over. The afore mentioned amount was paid in December 2017. The tax effects of corrections of prior period errors and of retrospective adjustments made to apply changes in accounting policies are accounted for and disclosed in accordance with Ind AS 12, Income Taxes, as Ind AS 8 does not apply to prior period taxes. Para 80 (b) of Ind AS 12 also says tax expense would include: (b) any adjustments recognized in the period for current tax of prior periods.

Note 33 : Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares. The Company does not have any diluted shares

The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	(₹ crore)

Diluted	5.96	10.58
Nominal Value of Shares (₹ per share)	10.00	10.00

Note 34 : Gratuity & other post employment benefit plans

Disclosure of particulars of "Employees Benefits" as required by Indian Accounting Standard 19- Gratuity Plan

The Company has defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The scheme is funded with Insurance Company in the form of a qualifying Insurance Policy.

"Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes the asset-liability matching strategy and investment risk management policy. The Board of Trustees decides its contribution based on the results of this annual review. Generally, it aims to have a portfolio mix of equity instruments and debt instruments. Generally equity instruments should not exceed 15% of total portfolio. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise. The plan assets include significant investment in Debt Fund, hence, the Company is not exposed to any market risk."

The following table summarises the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet.

Summary of actuarial assumptions

Particulars	2017-18	2016-17	2015-16
Discount rate	7.70%	7.60%	-
Salary growth rate	5%	5%	-

The discount rate indicated above reflects the estimated timing and currency of benefit payments. It is based on the yields / rates available on applicable bonds as on the current valuation date.

The salary growth rate indicated above is the Company's best estimate of an increase in salary of the employees in future years, determined considering the general trend in inflation, seniority, promotions, past experience and other relevant factors such as demand and supply in employment market, etc.

Demographic Assumption

Particulars	2017-18	2016-17	2015-16
Mortality rate (% of IALM 06-08)	100%	100%	100%
Normal retirement age	58 Years	58 Years	58 Years
Attrition / Withdrawal rates, based on age: (per annum)			
Upto 30 years	3.00%	10.00%	10.00%
31-44 years	2.00%	2.00%	2.00%
Above 44 years	1.00%	1.00%	1.00%

Attrition rate indicated above represents the Company's best estimate of employee turnover in future (other than on account of retirement, death or disablement) determined considering various factors such as nature of business, retention policy, industry factors, past experience, etc.

Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Particulars	2017-18	2016-17
Defined Benefit Obligation (Base)	0.63	0.78

Particulars	2017-18		2016-17	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	0.71	0.56	0.88	0.70
(% change compared to base due to sensitivity)	13.00%	-10.80%	12.10%	-10.10%
Salary Growth Rate (- / + 1%)	0.57	0.69	0.70	0.88
(% change compared to base due to sensitivity)	-9.00%	10.20%	-10.40%	12.30%
Attrition Rate (- / + 50% of attrition rates)	0.61	0.65	0.76	0.80
(% change compared to base due to sensitivity)	-3.30%	2.90%	-2.80%	2.10%
Mortality Rate (- / + 10% of mortality rates)	0.63	0.63	0.78	0.78
(% change compared to base due to sensitivity)	-0.10%	0.10%	-0.10%	0.10%

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Sensitivity due to mortality & withdrawals are not material & hence impact of change not calculated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

Notes

to Ind AS Financial Statements for the year ended 31 March 2018

Foot notes to the reconciliation of equity as at 1 April 2016 and 31 March 2017 and profit or loss for the year ended 31 March 2017

A Property, plant and equipments and intangible assets

The Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as at 1 April 2016 (the transition date) measured as per the previous GAAP as its deemed cost as of the transition date. Accordingly, the gross block as at 1 April 2016 is net of accumulated depreciation/ amortisation and impairment.

B. Investments Carried at fair value through P&L

Under Indian GAAP, the Company accounted for investments in equity instruments as investment measured at the lower of cost or market value. Under Ind AS, the Company has measured such investments at fair value. The difference between fair value and Indian GAAP carrying amount has been recognized in retained earnings.

C. Proposed Dividend

Under Indian GAAP, proposed dividends including DDT were recognised as a liability in the period to which they relate, irrespective of when they are declared till March 2016. From financial year ending on March 2017, dividend declared after the balance sheet is not considered as an adjusting event. Thus, the opening Ind AS balance sheet as on 1 April 2016 has a liability recognized. Under Ind

AS, a proposed dividend is recognised as a liability in the period in which it is declared by the company (usually when approved by shareholders in a general meeting) or paid. In the case of the Company, the declaration of dividend occurs after period end. Therefore, the liability of 1.36 for the year ended on 31 March 2016 recorded for dividend has been derecognised against retained earnings on 1 April 2016.

D. Other Comprehensive Income

Both under Indian GAAP and Ind AS, the Company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit or loss. Under Ind AS, remeasurements [comprising of actuarial gains and losses, and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI. Thus the employee benefit cost is increased by 0.03 for the year 2016-17 and remeasurements gains / losses on defined benefit plans has been recognized in the OCI net of tax.

Other other differences pertain to reclassifications for the purpose of Ind AS

Statement of cash flows

The transition from Indian GAAP to Ind AS has not had a material impact on the statement of cash flows

Independent Auditor's Report

To
The Members of
M/S. R.P.P. INFRA PROJECTS LIMITED

Report on the Consolidated Ind AS financial statements

We have audited the accompanying consolidated Ind AS financial statements of **R.P.P. INFRA PROJECTS LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31 March, 2018, the Consolidated Statement of Profit and Loss (including a statement on other comprehensive income), the Consolidated Cash Flow Statement for the year then ended, the Consolidated Statement of Changes in Equity and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS financial statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting

and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of Group to continue as a going concern. If we conclude that a material uncertainty exists we are required to draw attention in the auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause Group to cease to continue as a going concern.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the unaudited financial statements of the company's wholly owned subsidiaries at Sri Lanka, Mauritius and the unaudited financial statements of the company's branches at Sri Lanka and Bangladesh the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and **give a true and fair view** in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at 31 March, 2018 and their consolidated profit/loss (including consolidated other comprehensive income), their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Other Matter

We did not audit the financial statements of Five subsidiaries and two branches included in the consolidated financial results and consolidated year to date results, whose consolidated financial statements reflect total assets of ₹68.41 crore, total revenue of ₹8.28 crore and total loss of ₹1.61 crore for the year ended 31-03-2018. Out of five subsidiaries and two branches, the financial statements and other financial information of three subsidiaries have been audited by other auditors whose reports have been furnished to us, and our opinion on the year to date results, to the extent they have been derived from such financial statements is based solely on the report of such other auditors. In respect of the financial statements of two of the subsidiaries R.P.P. Infra Overseas PLC Mauritius, R.P.P. Infra Projects (Lanka) Limited, branch office at Jaffna - Sri Lanka and branch office at Dhaka - Bangladesh, the audited statements were not made available and reliance has been entirely placed only on the certificate by the management.

In our opinion and according to the information and explanations given to us by the Management, these financial statements / financial information are not material to the Group.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the unaudited financial statements of the subsidiaries and branches and the Ind AS financial statements certified by the Management.

Attention is invited to Note No: 35 regarding disclosure on search operation conducted on the Company during March 2016. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books except the books relating to the entities for which we have neither audited nor received Independent Auditor's Reports.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31 March, 2018 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31 March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls; refer to our report in "Annexure A", which is based on the Auditors' Reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Company and its subsidiary companies incorporated in India.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated Ind AS financial statements disclose the impact of the pending litigations on the consolidated financial position of the Group. Refer to Note no. 10.1 to the consolidated Ind AS financial statements.
 - ii. The Group does not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.

Annexure 'A' to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting of **R.P.P. INFRA PROJECTS LIMITED** ("the Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to companies'

policies, the safeguarding of their assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of Our information and according to the explanation given to us, the Company and its subsidiary companies incorporated in India, except the entities for which we neither audited nor have received an independent auditor's report, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Note 2 : Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements.

2.1 Statement of compliance

In accordance with the notification dated 16th February, 2015, issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) with effect from April 1, 2016.

Up to the year ended March 31, 2017, the Company prepared its financial statements in accordance with the requirements of previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the Company's first Ind AS financial statements. The date of transition to Ind AS is April 1, 2016. Previous period figures in the Financial Statements have been restated in compliance to Ind AS.

In accordance with Ind AS 101-"First Time adoption of Indian Accounting Standards" (Ind AS 101), the Company has presented a reconciliation of Shareholders' equity under Previous GAAP and Ind AS as at March 31, 2017, and April 1, 2016 and of the Profit after tax as per Previous GAAP and Total Comprehensive Income under Ind AS for the year ended March 31, 2017.

2.2 Basis of Preparation

The financial statements of the Company have been prepared and presented in accordance with the Generally Accepted Accounting Principles (GAAP) under the historical cost convention on accrual basis of accounting, except for Cash Flow Statement and certain financial instruments which are measured on fair value basis.

GAAP comprises Indian Accounting Standards (Ind AS) as notified under Section 133 of the Act read together with Rule 4 of Companies (Indian Accounting Standards) Rules 2015 and Rule 4 of Companies (Indian Accounting Standards) Amendment Rules 2016 to the extent applicable, pronouncements of regulatory bodies applicable to the Company and other provisions of the Act.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to existing accounting standards requires a change in the accounting policy hitherto in use. Management evaluates all recently issued or revised accounting standards on an on-going basis.

Amounts in the financial statements are presented in Indian Rupees in crore rounded off to two decimal places in line with the requirements of Division II of Schedule III except where stated otherwise. Per share data are presented in Indian Rupees to two decimal places.

Operating Cycle

Operating cycle for the business activities of the company covers the duration of the specific project/contract/product line/service including the defect liability period wherever applicable and extends up to the realisation of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business.

Current and Non Current Classification

An asset is treated as current when it is:

- (i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for the purpose of trading
- (iii) Expected to be realised within twelve months after the reporting period, or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

Notes

to Consolidated Ind AS Financial Statements for the year ended 31st March 2018

All other assets are classified as non-current.

A liability is treated as current when:

- (i) It is expected to be settled in normal operating cycle
- (ii) It is held primarily for the purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- (i) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- (ii) Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- (iii) Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants.

2.3 Property, Plant and Equipment

Land and buildings, Property, Plant and Equipments held for use in the production or supply of goods or services, or for administrative purposes, are stated in the Balance Sheet at cost less accumulated depreciation and impairment losses, if any.

Property, Plant and Equipment (PPE) in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss.

The cost of an asset comprises its purchase price or its construction cost (net of applicable tax credits), any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management and initial estimate of decommissioning, restoring and similar liabilities. Such cost includes the cost of replacing part of the plant and equipment and professional fees. Any trade discounts and rebates are deducted in arriving at the purchase price. Such properties are classified to the appropriate categories of PPE when completed and ready for intended use. Parts of an item of PPE having different useful lives and significant value and subsequent expenditure on Property, Plant and Equipment arising on account of capital improvement or other factors are accounted for as separate components. All other repair and maintenance costs are recognised in profit or loss as incurred. Own fabricated assets are capitalized at cost including an appropriate share of overheads.

Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.

Depreciation of these PPE commences when the assets are ready for their intended use.

Depreciation is provided on the cost of PPE (other than leasehold land) less their residual values, using the straight line method over the useful life of PPE as stated in the Schedule II to the Companies Act, 2013.

The estimated useful lives, residual values and depreciation method are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively.

Depreciation on additions/deletions to PPE during the year is provided for on a pro-rata basis with reference to the date of additions/deletions except low value items not exceeding ₹5,000/- which are fully depreciated at the time of addition.

Depreciation on subsequent expenditure on PPE arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Depreciation on refurbished/revamped PPE which are capitalized separately is provided for over the reassessed useful life.

Notes

to Consolidated Ind AS Financial Statements for the year ended 31st March 2018

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the net sales proceeds and the carrying amount of the asset and is recognised as in the Statement of Profit and Loss.

Assets not ready for the intended use on the date of the Balance Sheet are disclosed as Capital Work-in-Progress.

2.4 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. The costs comprises of all cost, including financing costs till commencement of commercial production, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible asset. Amortisation is recognised on a straight line basis over their estimated useful lives from the date of capitalisation. The estimated useful life is reviewed at the end of each reporting period and the effect of any changes in estimate being accounted for prospectively.

Computer software are amortized on a straight line basis over a period of 3 years.

Intangible assets is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset, and recognised in the Statement of Profit and Loss when the asset is derecognised.

2.5 Impairment of tangible and intangible assets

The Company reviews the carrying amount of its tangible and intangible assets and Property, Plant and Equipment (including Capital Works-in-Progress) of a "Cash Generating Unit" (CGU) at the end of each reporting period to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount and impairment loss is recognised in the Statement of Profit and Loss.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Company's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

An assessment is made at the end of each reporting period to see if there are any indications that impairment losses recognized earlier may no longer exist or may have come down. The impairment loss is reversed, if there has been a change in the estimates used to determine the asset's recoverable amount since the previous impairment loss was recognized. If it is so, the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. After a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life. Reversals of Impairment loss are recognized in the Statement of Profit and Loss.

2.6 Inventories

Inventories are stated at lower of cost and net realisable value.

Cost of construction / raw materials comprises cost of purchases and includes taxes and duties and is net of eligible credits under CENVAT/ VAT schemes/ Input Tax Credit (ITC). It also includes all other related costs incurred in bringing the inventories to their present location and condition.

Stores and spares which do not meet the definition of property, plant and equipment are accounted as inventories.

Notes

to Consolidated Ind AS Financial Statements for the year ended 31st March 2018

Cost is determined on first in first out basis. Cost of surplus/ obsolete/ slow moving inventories are adequately provided for.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

2.7 Revenue recognition

Revenue is recognised based on nature of activity when consideration can be reasonably measured and recovered with reasonable certainty. Revenue is measured at the fair value of the consideration received or receivable and is reduced for estimated customer returns, rebates and other similar allowances

(i) Construction Contracts

Contract revenue is recognised only to the extent of cost incurred till such time the outcome of the job cannot be ascertained reliably subject to condition that it is probable that such cost will be recoverable. When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.

The estimated outcome of a contract is considered reliable when all the following conditions are satisfied:

- (a) the amount of revenue can be measured reliably;
- (b) it is probable that the economic benefits associated with the contract will flow to the company;
- (c) the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- (d) the costs incurred or to be incurred in respect of the contract can be measured reliably.

Expected loss, if any, on a contract is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

For contracts where progress billing exceeds the aggregate of contract costs incurred to-date and recognised profits (or recognised losses, as the case may be), the surplus is shown as the amount due to customers. Amounts received before the related work is performed are disclosed in the Balance Sheet as a liability towards advance received. Amounts billed for work performed but yet to be paid by the

customer are disclosed in the Balance Sheet as trade receivables. The amount of retention money held by the customers is disclosed as part of other current assets and is reclassified as trade receivables when it becomes due for payment.

(ii) Other Operational Income

Other Operational Income Includes Revenue for Technical services provided and accounted on accrual basis.

(iii) Dividend income:

Dividend income from investments is recognised when the shareholder's right to receive payment is established by the reporting date.

(iv) Interest Income

Interest income from financial assets is recognised at the effective interest rate method applicable on initial recognition.

(v) Other Income

- (a) Claims were accounted as income in the year of receipt of arbitration award or acceptance by client or evidence of acceptance.
- (b) Other items of income are accounted as and when the right to receive arises.

2.8 Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Operating leases:

- (i) Leases where the lessor effectively retains substantially all the risks and rewards of ownership of the related assets are classified as operating leases.
- (ii) Lease rentals on assets under operating lease are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

2.9 Foreign Exchange Transactions

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Indian Rupees, which is the Company's functional currency and the Group's presentation currency.

Transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

Notes

to Consolidated Ind AS Financial Statements for the year ended 31st March 2018

At the end of each reporting period, monetary items denominated in foreign currencies are translated using mean exchange rate prevailing on the last day of the reporting period. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise. In case of fixed assets they are adjusted to the carrying cost of such assets.

Gain/loss on foreign exchange translation at the year end is credited/debited to the Foreign Currency Translation Reserve.

2.1 Employee Benefits

Employee benefits include salaries, wages, provident fund, employee state insurance and gratuity.

(i) Defined contribution plans

Employer's contribution to the recognized provident fund which is a defined contribution scheme and ESI Contribution as per law are charged to the Profit and Loss account.

(ii) Defined benefit plans

The Gratuity benefit is funded through a defined benefit plan. For this purpose, the Company has obtained a qualified insurance policy from Life Insurance Corporation of India.

2.11 Voluntary Retirement Scheme

Expenditure on Voluntary Retirement Scheme (VRS) is charged to the Statement of Profit and Loss when incurred.

2.12 Proposed Dividend

The Company has disclosed dividend, proposed by board of directors after the balance sheet date, in the notes, as provision cannot be created for dividend proposed / declared after the balance sheet date, unless a statute requires otherwise.

2.13 General Administrative Expenses

General administrative expenses which are directly attributable are allocated to activities and the balance is charged to Statement of Profit and Loss.

2.14 Income Taxes

Income tax expense represents the sum of the current tax and deferred tax.

(i) Current tax

Provision for current tax is made based on taxable income computed for the year under the Income Tax Act, 1961. Provision for current tax for the foreign subsidiaries are as in accordance with the applicable local laws

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

Notes

to Consolidated Ind AS Financial Statements for the year ended 31st March 2018

(iii) **Current and deferred tax expense for the year**

Current and deferred tax expense is recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.15 Borrowing Costs

Borrowing costs specifically identified to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

2.16 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

Contingent assets are disclosed in the Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

2.17 Financial instruments

Financial assets and financial liabilities are recognised when Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

2.18 Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

2.19 Financial assets

Financial assets comprises of investments, trade receivables, cash and cash equivalents, term loans and advances and other financial assets.

(i) **Cash and cash equivalents**

Cash and cash equivalents comprise of cash at bank and cash in hand. The Company considers all highly liquid investments with an original maturity of three months or less from date of purchase, to be cash equivalents.

(ii) **Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) **Financial assets at fair value through other comprehensive income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity investments not held for trading.

(iv) **Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition.

(v) **Impairment of financial assets**

The Company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an

Notes

to Consolidated Ind AS Financial Statements for the year ended 31st March 2018

amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

(vi) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety (except for equity instruments designated as FVTOCI), the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of Profit and Loss.

2.2 Financial liabilities

(i) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- (a) the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- (b) the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

(ii) Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

(iii) Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

2.21 Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.22 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit after tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

2.23 Segment reporting

Operating segments are identified and reported taking into account the different risks and returns, the organization structure and the internal reporting systems.

2.24 Extraordinary and exceptional items

Income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the Company are classified as extraordinary items. Specific disclosure of such events/transactions is made in the financial statements. Similarly, any external event beyond the control of the Company, significantly impacting income or expense, is also treated as extraordinary item and disclosed as such.

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company, is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

2.25 First-time adoption – mandatory exceptions and optional exemptions

(i) Overall principle:

The Company has prepared the opening balance sheet as per Ind AS as of April 1, 2016 ("the transition date") by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying certain items from Previous GAAP to Ind AS as required under the Ind AS, and applying Ind AS in the measurement of recognised assets and liabilities. However, this principle is subject to certain mandatory exceptions and certain optional exemptions availed by the Company as detailed below.

Notes

to Consolidated Ind AS Financial Statements for the year ended 31st March 2018

(ii) Exceptions to retrospective application of Ind AS :

(a) Estimates:

The Company has not made any changes to estimates made in accordance with Previous GAAP.

(b) Ind AS 109 - Financial instruments (Derecognition of previously recognised financial assets/liabilities) :

The Company has applied the Derecognition requirements prospectively for transactions occurring on or after April 1, 2016 (the transition date).

(c) Ind AS 109 - Financial instruments (Classification and measurement of financial asset) :

The Company has evaluated the facts and circumstances existing on the date of transition to Ind AS for the purpose of classification and measurement of financial asset and accordingly has classified and measured financial assets on the date of transition.

(iii) Exemptions from retrospective application of Ind AS

(a) Ind AS 103 Business combination :

The Company has elected not to apply Ind AS 103 to business combinations that occurred before the date of transition to Ind AS and hence business acquisitions for IND AS purposes are considered at carrying value.

(b) Ind AS 16 Property, Plant and equipment / Ind AS 38 Intangible asset :

The Company has elected to continue with the carrying amount for all of its PPE, intangible asset measured as per Previous GAAP and use that as deemed cost as at the date of transition. The Company does not have any decommissioning liability as on transition date.

(c) Ind AS 21 Cumulative Translation Differences on Foreign Operations :

The translation differences are deemed to be zero at the date of Ind AS transition

(d) Ind AS 27 Separate financial statements :

The Company has elected to measure its investment in subsidiaries, Joint venture &

Associates at cost determined in accordance with Ind AS 27 i.e. Original cost.

(e) Ind AS 109 Financial instruments :

The Company has designated financials assets as FVTOCI, based on the assessment made on the date of transition to Ind AS.

2.26 Critical Accounting Judgments, Assumptions and Key Sources of Estimation Uncertainty

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Assumptions and Key Sources of Estimation Uncertainty

(i) Revenue

The Company uses the percentage-of-completion method in accounting the revenue in respect of construction contracts. Use of the percentage-of completion method requires the Company to estimate total contract revenue, and remaining cost to complete the contract at the end of each reporting date. The financial reporting of these contracts depends on estimates that are assessed continually during the term of these contracts, therefore recognized revenue and profit are subject to change as the contract progresses to completion.

(ii) Useful life of Property, Plant & Equipment (PPE)

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management which is reviewed at the end of each reporting period. The rate of depreciation adopted by the company has been tabulated in note 2.03

(iii) Expected Credit Loss (ECL)

Expected Credit Loss is prepared based on the historical data for the past two years with half yearly intervals and the probability of default is computed accordingly. The mechanism tries to identify the receivables which would probably result in becoming unrecoverable for the company and additional provision is created by company based on the ECL model.

Notes

(iv) Employee Benefits - Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

(v) Taxation

Determining of income tax liabilities using tax rates and tax laws that have been enacted or substantially enacted requires the Management to estimate the level of tax that will be payable based upon the Group's/ expert's interpretation of applicable tax laws, relevant judicial pronouncements and an estimation of the likely outcome of any open tax assessments including litigations or closures thereof.

Deferred income tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, unabsorbed depreciation and unused tax credits could be utilised.

(vi) Fair value measurement

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The Management determines the appropriate valuation techniques and inputs for the fair value measurements. In estimating the fair value of an asset or a liability, the Company used market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engaged third party qualified valuers to perform the valuations in order to determine the fair values based on the appropriate valuation techniques and inputs to fair value measurements. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 39.

(vii) Provision for contractual obligation

Assessments undertaken in recognising provisions for contractual obligation have been made as per the best judgement of the management based on the current available information.

2.28 Changes in Accounting Standards that may affect the Company / Group after 31 March 2018

Ind AS 115 – Revenue from Customers

This standard combines, enhances and replaces specific guidance on recognising revenue with a single standard. It defines a new five-step model to recognise revenue from customer contracts. This amendment has no effect on the financial statements of the Company.

Improvements and other amendments to Accounting Standards applicable after 31 March 2018

A number of standards have been modified on miscellaneous points issues with effect from 1st April 2018. Such changes include principle for transfer of asset to, or from, Investment Property (Amendment to Ind AS 40), determination of exchange rate for translation of foreign currency where a pre-payment asset or a deferred income liability is recognized (Amendment to Ind AS 21), segregation of deductible temporary differences in accordance with tax laws and assessing them on that basis to recognise deferred tax asset (Amendment to Ind AS 12), permitting election of fair value or equity method of accounting for investments in associates and joint ventures by venture capital, mutual fund and other similar organisations (Amendment to Ind AS 28) and Applicability of disclosure requirements to interests classified as held for sale or as discontinued operation (Amendment to Ind AS 112). None of these amendments are expected to have any material effect on the company's financial statements.

The Income Tax Department conducted a search operation u/s 132 of the Income Tax Act 1961 on the Company during March 2016 and recovered documents relating to inadmissible expenses for the years 2010 - 2016. The Company has filed a petition with the Honorable Income Tax Settlement Commission admitting additional tax of ₹17.96 crore. This pertains to financial years 2010-2016. Application was made to Settlement Commission and 2 hearings are over. The afore mentioned amount was paid in December 2017. The tax effects of corrections of prior period errors and of retrospective adjustments made to apply changes in accounting policies are accounted for and disclosed in accordance with Ind AS 12, Income Taxes, as Ind AS 8 does not apply to prior period taxes. Para 80 (b) of Ind AS 12 also says tax expense would include: (b) any adjustments recognized in the period for current tax of prior periods.

Note 36 : Principles of Consolidation

The Consolidated Financial Statements incorporate the financial statements of the Company and its subsidiaries. Subsidiaries are consolidated from the date of their acquisition, being the date on which the Company obtains control and continue to be consolidated until the date that such control ceases. The Consolidated Financial Statements are prepared using uniform accounting policies consistently for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's standalone financial statements, except otherwise stated. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

Note 37 : Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares. The Company does not have any diluted shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

Note 38 : Gratuity & other post employment benefit plans

Disclosure of particulars of "Employees Benefits" as required by Indian Accounting Standard 19- Gratuity Plan

The Company has defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The scheme is funded with Insurance Company in the form of a qualifying Insurance Policy.

Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes the asset-liability matching strategy and investment risk management policy. The Board of Trustees decides its contribution based on the results of this annual review. Generally, it aims to have a portfolio mix of equity instruments and debt instruments. Generally equity instruments should not exceed 15% of total portfolio. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise. The plan assets include significant investment in Debt Fund, hence, the Company is not exposed to any market risk.

The following table summarises the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet.

Particulars			
Discount rate	7.70%	7.60%	0.00
Salary growth rate	5%	5%	0.00

The discount rate indicated above reflects the estimated timing and currency of benefit payments. It is based on the yields / rates available on applicable bonds as on the current valuation date.

Notes

to Consolidated Ind AS Financial Statements for the year ended 31st March 2018

The salary growth rate indicated above is the Company's best estimate of an increase in salary of the employees in future years, determined considering the general trend in inflation, seniority, promotions, past experience and other relevant factors such as demand and supply in employment market, etc.

Demographic Assumption

Particulars	2017-18	2016-2017	2015 - 2016
Mortality rate (% of IALM 06-08)	100%	100%	100%
Normal retirement age	58 Years	58 Years	58 Years
Attrition / Withdrawal rates, based on age: (per annum)			
Upto 30 years	3.00%	10.00%	10.00%
31-44 years	2.00%	2.00%	2.00%
Above 44 years	1.00%	1.00%	1.00%

Attrition rate indicated above represents the Company's best estimate of employee turnover in future (other than on account of retirement, death or disablement) determined considering various factors such as nature of business, retention policy, industry factors, past experience, etc.

Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Particulars	2017-18	2016-2017
Defined Benefit Obligation (Base)	0.63	0.78

Particulars	2017-18		2016-17	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	0.71	0.56	0.88	0.70
(% change compared to base due to sensitivity)	13.00%	-10.80%	12.10%	-10.10%
Salary Growth Rate (- / + 1%)	0.57	0.69	0.70	0.88
(% change compared to base due to sensitivity)	-9.00%	10.20%	-10.40%	12.30%
Attrition Rate (- / + 50% of attrition rates)	0.61	0.65	0.76	0.80
(% change compared to base due to sensitivity)	-3.30%	2.90%	-2.80%	2.10%
Mortality Rate (- / + 10% of mortality rates)	0.63	0.63	0.78	0.78
(% change compared to base due to sensitivity)	-0.10%	0.10%	-0.10%	0.10%

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Sensitivity due to mortality & withdrawals are not material & hence impact of change not calculated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

Notes

to Consolidated Ind AS Financial Statements for the year ended 31st March 2018

Foot notes to the reconciliation of equity as at April 1, 2016 and March 31, 2017 and profit or loss for the year ended March 31, 2017

- A Property, plant and equipments and intangible assets**
The Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as at April 1, 2016 (the transition date) measured as per the previous GAAP as its deemed cost as of the transition date. Accordingly, the gross block as at April 1, 2016 is net of accumulated depreciation/ amortisation and impairment.
- B. Investments Carried at fair value through P&L**
Under Indian GAAP, the Company accounted for investments in equity instruments as investment measured at the lower of cost or market value. Under Ind AS, the Company has measured such investments at fair value. The difference between fair value and Indian GAAP carrying amount has been recognized in retained earnings.
- C. Proposed Dividend**
Under Indian GAAP, proposed dividends including DDT were recognised as a liability in the period to which they relate, irrespective of when they are declared till March 2016. From financial year ending on March 2017, dividend declared after the balance sheet is not considered as an adjusting event. Thus, the opening Ind AS balance sheet as on 1 April 2016 has a liability recognized. Under Ind AS, a proposed dividend is recognised as a liability in the

period in which it is declared by the company (usually when approved by shareholders in a general meeting) or paid. In the case of the Company, the declaration of dividend occurs after period end. Therefore, the liability of 1.36 for the year ended on 31 March 2016 recorded for dividend has been derecognised against retained earnings on 1 April 2016.

D. Other Comprehensive Income

Both under Indian GAAP and Ind AS, the Company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit or loss. Under Ind AS, remeasurements [comprising of actuarial gains and losses, and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI. Thus the employee benefit cost is increased by 0.03 for the year 2016-17 and remeasurements gains / losses on defined benefit plans has been recognized in the OCI net of tax.

Other differences pertain to reclassifications for the purpose of Ind AS.

Statement of cash flows

The transition from Indian GAAP to Ind AS has not had a material impact on the statement of cash flows.
