EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013.

Item No.3 & 4

M/s. Haribhakti & Co. LLP, Chartered Accountants, (FRN.: 103523W/W100048) were appointed as Statutory Auditors

of the Company for five consecutive years at the Annual General Meeting held on 10th September 2015 and the term endures up to the completion of the Audit of the Financial Year 2019-20. However due to their internal restructuring consequent to which they were unable to continue as Statutory Auditors of the Company, they have resigned from the position of Statutory Auditors of the Company upon the completion of the audit for the financial year 2017-18 and also they have conveyed their No-Objection to the Company appointing another Statutory Auditor for the financial year 2018-19 vide their letter dated 15th June 2018.

As per the provisions of Section 139(8) of the Companies Act, 2013, casual vacancy caused by the resignation of auditors can be filled by the Board within 30 days of vacancy and is required to be approved by the Company in general meeting within three months thereof. Hence the Board of Directors at their meeting held on 25th June 2018 appointed M/s. N R Doraisamy & Co., Chartered Accountants (FRN 000771S), Coimbatore to fill the casual vacancy and that they will hold office until this Annual General Meeting. The Board proposes that M/s. N R Doraisamy & Co Chartered Accountants (FRN 000771S), may be appointed as the Statutory Auditors of the Company for a period of 5 years in terms of Section 139(1) of the Companies Act, 2013.

M/s. N R Doraisamy & Co Chartered Accountants (FRN 000771S), have conveyed their consent to be appointed as the Statutory Auditors of the Company along with a confirmation that, their appointment, if made by the members, would be within the limits prescribed under the Companies Act, 2013.

Accordingly, Ordinary Resolution is submitted to the meeting for the consideration and approval of members.

None of the Directors, Key Managerial Persons or their relatives, in any way, concerned or interested in the said resolution.

Item No.5

Members at their 8th Annual General Meeting held on 09th July, 2014 have appointed Sri. K.N.V.Ramani (holding DIN: 00007931) as an Independent Director to hold office from 1st September, 2014 to 31st August, 2019.

Members may note that SEBI vide its notification dated 9th May, 2018 amended Regulation 17 of SEBI (LODR), 2015 effective from 1st April, 2019, which is read as under-

“No listed entity shall appoint a person or continue the directorship of any person as a non-executive director who has attained the age of seventy five years unless a special resolution is passed to that effect, in which case the explanatory statement annexed to the notice for such motion shall indicate justification for appointing such a person.”

In view of the above, following are the Independent Directors of your Company, who has attained the age of 75 years can't continue as non-executive directors from 1st April, 2019 unless a special resolution has been passed by the shareholders of the Company in this regard.

Name	: Sri. K.N.V.Ramani
Date of Birth	: 05.10.1931
Age	: 87
Date of Appointment	: 09.07.2014
Date of Expiry of Term	: 31.08.2019

The Company has also received declaration from Sri.K.N.V. Ramani that he meets the criteria of Independence as prescribed under sub section (6) of Section 149 of Companies Act and under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Accordingly, in the best interest of the Company, the Nomination and Remuneration Committee and Board of Directors in their respective meeting held on 12th May, 2018 approved the continuance of Directorship of Sri.K.N.V.Ramani as an Independent Director from 1st April, 2019 till their present term expiring on 31st August, 2019. The justification for his continuation till his present term is as under:

Sri. K.N.V.Ramani is one of the senior most member of the Board of Directors. He actively participated in the meetings and had been making valuable contribution during discussions at the Board Meetings.

The Nomination and Remuneration Committee and Board of Directors appreciated the contribution and expressed its deep satisfaction over the performance and the values relative to high standards of Corporate Governance

insisted upon and brought to hear in the deliberations by Sri. K.N.V.Ramani as an Independent Director of the Company.

Item No.6

The Board of Directors of the Company at its meeting held on 29th January 2018 has appointed Sri. V. Rajvirdhan as Managing Director of the Company subject to the approval of Shareholders for a period of 3 years w.e.f. 29.01.2018 at the remuneration of 1% commission per annum on the net profit of the Company, in accordance with norms laid down in Schedule V and other applicable provisions if any of the Companies Act, 2013.

The Board recommends this resolution set out in Item No.6 for approval of the members. None of the Directors except Sri. B. Vijayakumar & Sri. V. Rajvirdhan is interested or concerned in this resolution. This may be treated as an abstract of variation pursuant to Section 190 of the Companies Act, 2013.

ITEM NO. 7, 8 & 9

The present Authorized capital of the Company is Rs.200,000,000/- (Rupees Twenty Crores Only) consisting of 170,000,000/- Equity Shares of Re.1/- each and 300,000/- Redeemable Preference shares of Rs. 100/- each and considering the proposed right issue and future business plans of the Company, it would require additional funds in excess of the present Authorized capital. Hence, the Board of Directors proposed to increase the Authorized Share Capital of the Company from Rs.200, 000,000/- (Rupees Twenty Crores Only) to Rs 250,000,000/- (Rupees Twenty Five Crores Only) divided into 250,000,000/- Equity Shares of Re.1/- each.

Replacement of existing Article 43 with a new Article 43 providing that the office of, Chairman, Managing Director, Chairman cum Managing Director, Deputy Managing Director, Joint Managing Director, Executive Director or Whole Time Director shall be subject to retirement by rotation at the Annual General Meeting(s) to comply with Section 152 of the Companies Act, 2013.

Consequent upon the proposed alteration, as mentioned above, the clause V and Article 4 (Share Capital Clause) and Article 43 of the Memorandum and Articles of Association of the Company, respectively, would be

required to be amended in order to reflect the aforesaid increase in the Authorized Share Capital of the Company. Pursuant to Section 13(1) and 14(1) of the Companies Act, 2013, the alteration of any provisions contained in the Memorandum and the Articles of Association would require the approval of the members of the Company by way of passing a special resolution.

Hence, the Special Resolution(s) as set out in Item No.7,8 & 9 of the Agenda are being placed before the members for approval.

Your Directors recommends the passing of the Resolution(s) set out under Item No.7,8 & 9 of the Agenda.

A copy of Memorandum and Articles of Association together with the proposed alteration would be available for inspection at the Registered Office of the Company on any working day during the normal business hours.

None of the Directors and Key Managerial Personnel of the Company or their relatives are, financially or otherwise, interested or concerned in the Resolution(s) as set out under Item No.7,8 & 9.

ITEM NO:10

Your Company has proposed to purchase a machining unit at Puducherry. The approximate cost would be around ₹ 17 Crores. To meet the proposed cost of expansion the Company plans to raise resources through secured / unsecured loans from banks and promoter/ promoter group entities. Towards repayment of the said loan and to finance other business needs of the Company, the Board of Directors at their meeting held on 10.04.2018 have proposed to raise resources by way of issue equity shares on a rights basis.

Section 62 of the Companies Act, 2013 ("Act"), provides inter alia, that where it is proposed to Increase the subscribed share capital of the Company by allotment of further shares. Such further shares shall be offered to the persons who on the Record Date are holders of the Equity Shares of the Company, in proportion to the capital paid up on those shares as of that date unless the Shareholders decide otherwise. The Special Resolution seeks the consent and authorization of the Shareholders accordingly.

Pursuant to the provisions of section 62 of the Act, any offer or issue of shares by a company to persons other than the holders of the Equity Shares of the Company or to such holders otherwise than in proportion to the capital paid up, requires prior approval of the shareholders by passing of a Special Resolution. Under the proposed Rights Issue, the Equity Shares will be offered to existing Shareholders of the Company on the basis of shares held by them. Further, in case of renunciation, the equity shares may be offered and allotted to persons other than the existing shareholders and hence, the proposed resolution.

This Special Resolution authorises the Board / Rights Issue Committee thereof to decide and finalise all aspects of the issue including the terms and conditions of the issue, price in consultation with the Lead Manager(s), Legal Advisor and other experts and / or such other agency or authorities as need to be consulted including in relation to the pricing of the issue which will be fixed keeping in view the then prevailing market conditions and in accordance with the applicable provisions of laws, rules, regulations, or guidelines. The detailed terms and conditions of the Rights Issue will be intimated to the Shareholders through the Letter of Offer and / or Abridged Letter of Offer or other documents to be issued in this regard.

The Board of Directors hereby seeks your approval to enable the Company to issue the equity shares on rights basis to existing shareholders of the Company and to dispose of the unsubscribed portion, if any, of the aforesaid shares in such a manner, as the Board may deem fit and proper including allotment of unsubscribed portion to any Promoter/promoter Group entities or to any underwriter or in any other feasible manner at its absolute discretion and as most beneficial to the Company

The proposed issue is in the interest of the Company and the Board accordingly recommends the resolution as set out in Item No.10 of the Notice for the approval of the members.

None of the Directors and Key Managerial Personnel of the Company or their relatives are in any way concerned or interested, financially or otherwise, in the said resolution, save and except as shareholder and to the extent of their shareholding in the Company.

ITEM NO:11

As per the provisions of Section 20 (2) of The Companies Act, 2013, a shareholder may request delivery of any document as may be delivered by the Company through a particular mode for which he shall pay such fee as may be determined by the Company in the Annual General Meeting. Since the cost of dispatch may vary from time to time and depending on the mode of dispatch, your directors recommend to charge the estimated actual fee for delivery of any such documents through a particular mode as requested by the shareholder.

None of the Directors and the Key Managerial Personnel of the Company and their respective relatives are concerned or interested in the passing of the above resolution.

Accordingly, the Board recommends the passing of the Ordinary Resolution set out at Item No. 11 of the Notice for the approval of the members.

(iv) Foreign Exchange Management Act, 1999 and the
rules and regulations made thereunder.

(v) The following Regulations and Guidelines prescribed
under the Securities and Exchange Board of India Act,
1992 ('SEBI Act'):

I have conducted the secretarial audit of the compliance
of applicable statutory laws rules, regulations and the
adherence to good corporate practices by **LGB Forge
Limited** (hereinafter called the Company). Secretarial
Audit was conducted in a manner that provided me a
reasonable basis for evaluating the corporate conducts/
statutory compliances and expressing my opinion thereon.

Based on my verification of books, papers, minute books,
registers, forms and returns filed and other records
maintained by the Company and also the information
provided by the Company, its officers, employees, agents
and authorized representatives during the conduct of
secretarial audit, I hereby report that in my opinion, the
Company has, during the audit period covering the
financial year ended **31st March, 2018**, complied with
the statutory provisions listed hereunder and also that
the Company has proper Board processes and compliance
mechanism in place to the extent, in the manner and
subject to the reporting made hereinafter.

a. The Securities and Exchange Board of India
(Substantial Acquisition of Shares and Takeovers)
Regulations, 2011.

b. The Securities and Exchange Board of India
(Prohibition of Insider Trading) Regulations, 2015.

c. The Securities and Exchange Board of India (Issue
of Capital and Disclosure Requirements)
Regulations, 2009.

d. The Securities and Exchange Board of India
(Listing Obligations and Disclosure Requirements)
Regulations, 2015.

e. The Securities and Exchange Board of India (Issue
and Listing of Debt Securities) Regulations, 2008.

f. The Securities and Exchange Board of India
(Registrars to an Issue and Share Transfer Agents)
Regulations, 1993, regarding the Companies Act
and dealing with client.

I have examined the books, papers, minute books,
registers, forms and returns filed and other records
maintained by the Company for the financial year ended
31st March, 2018, according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made
thereunder.

(ii) The Securities Contracts (Regulation) Act, 1956
(‘SCRA’) and the rules made thereunder.

(iii) The Depositories Act, 1996 and the Regulations and
bye-laws framed thereunder.

I have relied on the representation made by the Company
and its Officers for systems and mechanism formed by
the Company for compliances under other applicable Acts,
Laws and Regulations to the Company.

I have also examined compliance with the applicable
clauses of the following:

(i) Secretarial Standards issued by The Institute of
Company Secretaries of India.

(ii) The Listing Agreements entered into by the Company
with National Stock Exchange of India Limited and
Bombay Stock Exchange Limited and SEBI (Listing

Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non Executive Directors, Independent Directors and Woman Director. During the period under review Mr. K.Karthik Whole-time Director has resigned from the Board with effect from 31st July 2017 and Mr.V.Rajvirdhan was appointed as Managing Director of the Company with effect from 29.01.2018.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

I am informed that there were no dissenting members on any matters during the year, whose views were required to be captured and recorded as part of the minutes.

I further report that based on the information provided by the Company, its officers and authorized

representatives during the conduct of the audit and also on the review of quarterly compliance reports by respective department heads and Company Secretary taken on record by the Board of Directors of the Company, in my opinion, adequate systems and processes and control mechanism exist in the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period there were no instances of

- (i) Public / Rights / Preferential Issue of shares / Debentures / Sweat Equity / Bonus / ESOP etc.
- (ii) Redemption / buy-back of securities
- (iii) Issue Of ADRs / GDRs

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**INDUSTRY STRUCTURE AND DEVELOPMENT:**

In this year, the forging industry is likely to witness increases in production compared to previous year only based on the rural demand of the automotive sector. The forging industry has renewed its thrust into the non automotive sector and LGB Forge Limited (LGBFL) has also focused in this segment in 2017-18.

OPPORTUNITIES:

During the year 2017-18, Your Company had utilized opportunities with Existing and also with new customers. The Company is pursuing the cost reduction programme which was expected to give results in the coming years.

The Company will continue to focus on the increasing domestic opportunity as well as consolidating the export success. Governments fund allocation towards rural economy and the Infrastructure sector will help forging industry in a longer run.

THREATS AND RISK & CONCERNS:

The business has a specific set of risk characteristics which are managed through an internal risk management practice.

- We are highly dependent on the performance of the automotive industry. Any adverse changes in the conditions affecting these markets may adversely affect our business, results of operations, financial condition and prospects.

“ Your company is monitoring the situation so that corrective actions are immediately taken in response to any demand movements

- Input price volatility is critical parameter which will have considerable impact on our profitability. Prices of steel, energy and freight have seen steep fluctuations with respect to last year.

SEGMENT:

Your Company operates in only one segment-Forging

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

In the opinion of the Management, LGBFL has an adequate internal audit and control systems to ensure that all transactions are authorised, recorded and reported correctly. The internal control systems comprise extensive internal and statutory audits. The Corporate Governance practices instituted by the Company are discussed in detail in the chapter on Corporate Governance which forms part of the Annual Report.

HEALTH, SAFETY, SECURITY ENVIRONMENT

The Company accords high priority to health, safety and environment. The Company has two manufacturing plants and two machining units in operation. The Company emphasizes on maintaining a healthy and safe environment in and around its factory. Safety awareness is inculcated through regular Safety awareness program.

HUMAN RESOURCES / INDUSTRIAL RELATIONS

Employer - employee relation remained cordial during the year. Training and development of employees continue to be an area of prime importance. The total number of people employed in the Company as on 31st March 2018 was 385.

CAUTIONARY STATEMENT

The Management Discussion and Analysis Report contains forward looking statements based upon the data available with the Company, assumptions with regard to global economic conditions, the government policies etc. The Company cannot guarantee the accuracy of assumptions and perceived performance of the Company in future. Therefore, it is cautioned that the actual results may materially differ from those expressed or implied in the report.

INDEPENDENT AUDITORS' REPORT**INDEPENDENT AUDITOR'S REPORT****To the Members of LGB Forge Limited****Report on the Ind AS Financial Statements**

We have audited the accompanying Ind AS financial statements of LGB Forge Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information, (hereinafter referred to as "Ind AS Financial Statements").

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the (state of affairs) financial position, profit or loss (financial performance including other comprehensive income) cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with relevant rules issued there under. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls and ensuring their operating effectiveness and the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Ind AS financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31st March, 2018, its loss (financial performance including other comprehensive income) its cash flows and changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

(1) As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central

Government of India in terms of sub-section (11) of Section 143 of the Act, we give in “Annexure 1”, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(2) As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The Balance Sheet, the Statement of Profit and Loss, Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued there under;
- e. On the basis of written representations received from the directors as on March 31, 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31,

2018 from being appointed as a director in terms of Section 164 (2) of the Act;

- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, we give our separate Report in “Annexure 2”.
- g. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements - Refer Note 37 on Contingent Liabilities to the Ind AS financial statements;
 - (ii) The Company did not have any long-term contracts including derivative contracts. Hence, the question of any material foreseeable losses does not arise;

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of **LGB Forge Limited** on the Financial Statements for the year ended 31-03-2018]

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of LGB Forge Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that

we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide

reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of

unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over

financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

Note No. 1
A Corporate Information

LGB Forge Limited was incorporated on 07.06.2006. The company is into manufacturing of Cold and Hot forged components and has its manufacturing unit at Tamilnadu and Karnataka. The company concentrates in manufacturing high volume Auto, Electrical & Transmission forged components for automobiles, non automotive segments like Valve Industry and infrastructure equipment industry including machining for customers in automotive, off-road and non-automotive segments.

Application of new and revised Indian Accounting Standards

The Company has applied all the Indian Accounting Standards (hereinafter referred to as 'Ind AS') notified by the Ministry of Corporate Affairs (MCA) to the extent applicable to the Company.

The following standards have been notified by Ministry of Corporate Affairs and are not effective as of 31st March 2018:

- a. Ind AS 115 - Revenue from Contracts with Customers (effective from April 1, 2018)
- b. Ind AS 116 - Leases

The Company is evaluating the requirements of the above standards and the effect on the financial statements is also being evaluated.

B SIGNIFICANT ACCOUNTING POLICIES:
I. General Information and Statement of compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Company has uniformly applied the accounting policies during the periods presented.

These financial statements for the year ended 31 March 2018 are the first financial statements which the Company has prepared in accordance with Ind AS. For all periods up to and including the year ended 31 March 2017, the Company had prepared its financial statements in accordance with Accounting Standards notified under Section 133 of the Act, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP), which have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, with the date of transition to Ind AS being 1st April 2016. "For the purpose of comparatives, financial statements for the year ended 31 March 2017 and opening balance sheet as at 1 April 2016 are also prepared as per Ind AS.

II. Basis of preparation and presentation

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India.

The financial statements have been prepared on historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

III. Use of Estimates

The preparation of financial statements is in conformity with generally accepted accounting principles which require the management of the Company to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future period. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Application of accounting policies that require significant accounting estimates involving complex and subjective Judgements and the use of assumptions in these financial statements have been disclosed separately under the heading "Significant accounting Judgements, estimates and assumption.

IV. Current versus non - current classification

The entity presents assets and liabilities in the

balance sheet based on current/ non-current classification.

An asset is classified as current, when:

- It is expected to be realised or intended to be sold or consumed in normal operating cycle.It is held primarily for the purpose of trading.

- It is expected to be realised within twelve months after the reporting period, or

- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

- All other assets are classified as non-current.

A liability is classified as current, when:

- It is expected to be settled in normal operating cycle.

- It is held primarily for the purpose of trading.

- It is due to be settled within twelve months after the reporting period, or

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

- The entity classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

V. Revenue Recognition

Sale of goods

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue on sale of goods is recognised when the risk and rewards of ownership is transferred to the buyer, which generally coincides with the despatch of the goods or as per the inco-terms agreed with the customers.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018
Income from Service

Income from sale of services is recognised when the services are rendered as per the terms of the agreement and when no significant uncertainty as to its determination or realisation exists.

In respect of the exports made by the Company, the related export entitlements from Government authorities are recognised in the statement of profit and loss when the right to receive the incentives/entitlements as per the terms of the scheme is established and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Interest Income

Interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.

VI. Property, Plant and Equipment

Property, Plant and Equipment (PPE) being fixed assets are tangible items held for use or for administrative purposes and are measured at cost less accumulated depreciation and any accumulated impairment. Cost comprises of the purchase price including import duties and non-refundable purchase taxes after deducting trade discounts and rebates and any costs attributable to bringing the asset to the location and

condition necessary for it to be capable of operating in the manner intended by the Management. Financing costs relating to acquisition of assets which take substantial period of time to get ready for intended use are also included to the extent they relate to the period up to such assets are ready for their intended use. Items of stores and spares that meet the definition of PPE are capitalized at cost and depreciated over its useful life. The Carrying amount of an item of PPE is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized. Depreciation on Property, Plant and Equipment (PPE) are provided under straight line method as per the useful lives and manner prescribed under Schedule II to the Companies Act, 2013, except for building and medical equipments, which are depreciated over the useful life as estimated by the management.

The management believes that the useful life adopted reflect the expected pattern of consumption of future economic benefit:

Particulars	Useful life
Factory Building	30 Years
Plant and Equipment	7.5 Years (Triple Shift)
Furniture and Fittings	10 Years
Vehicles	8 Years
Other Equipment	15 Years

Where the cost of a part of the PPE is significant to the total cost of the PPE and if that part of the PPE has a different useful life than the main PPE, the useful life of that part is determined separately for depreciation.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

The depreciation method applied to an asset is reviewed at each financial year-end and if there has been a significant change in the expected pattern of consumption of future economic benefits embodied in the asset, depreciation is charged to reflect the changed pattern.

VII. Intangible Assets

Intangible assets are recognised only if it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

Computer software licenses are capitalised on the basis of costs incurred to acquire and bring to use the specific software. Operating software is capitalised and amortised along with the related fixed asset. Other software is amortised, on a straight line method, over a period of three years based on management's assessment of useful life.

Useful lives of Intangible Assets

Class of Assets	Years
Software	3 Years

VIII. Impairment of Property, Plant and Equipment and Intangible Assets

The carrying amounts of its tangible and Intangible assets are reviewed, as at each balance sheet date, to determine if there is any indication of impairment based on internal / external factors. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. The recoverable amount is greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows as a cash generating unit are discounted to the present value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an extent occurring after the impairment loss was recognised.

The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that

would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognised for the asset in prior years.

IX. Inventories

Inventories are valued at lower of cost and net realizable value. Cost includes all direct costs and applicable production overheads, to bring the goods to the present location and condition.

- i) Costs of raw materials, packing materials, tools and dies and Store & Spare Parts are computed on weighted average basis.
- ii) Costs of finished goods and semi-finished goods are computed on weighted average basis.
- iii) Agriculture Produce is valued at estimate realizable value.
- iv) Cost of stock held for trading are computed on weighted average basis.

X. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial assets
Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- (i) Debt instruments at amortized cost.
- (ii) Debt instruments at fair value through other comprehensive income (FVOCI);

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

- (iii) Debt instruments and equity instruments at fair value through profit or loss (FVTPL);
- (iv) Equity instruments measured at fair value through other comprehensive income (FVOCI).

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVOCI

A 'debt instrument' is classified as at the FVOCI if both of the following criteria are met:

The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and

The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. Debt instruments included

within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

De-recognition of Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily de-recognized when:

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'passthrough' arrangement and either

- (a) the Company has transferred substantially all the risks and rewards of the asset, or
- (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a passthrough arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

b) Financial Liabilities
Initial recognition and measurement

All financial liabilities are recognized initially at fair value and transaction cost (if any) that is attributable

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

to the acquisition of the financial liabilities is also adjusted

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

i. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are de-recognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

ii. Trade and other payables

These amounts represent liabilities for goods or services provided to the Company which are unpaid at the end of the reporting period. Trade and other payables are presented as current liabilities when the payment is due within a period of 12 months from the end of the reporting period. For all trade and other payables classified as current, the carrying amounts approximate fair value due to the short maturity of these instruments. Other payables falling due after 12 months from the end of the reporting period are presented as non-current liabilities and are measured at amortized cost unless designated as fair value through profit and loss at the inception.

iii. Other financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognized in the profit or loss.

De-recognition of Financial Liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or Modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

c) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

d) Compound Financial Instruments

A financial instrument that comprises of both the liability and equity components are accounted as compound financial instruments. The fair value of the liability component is separated from the compound instrument and is subsequently measured at amortized cost. The residual value is recognized as equity component of other financial instrument and is not re-measured after initial recognition.

The transaction costs related to compound instruments are allocated to the liability and equity components in the proportion to the allocation of gross proceeds. Transaction costs related to equity component is recognized directly in equity and the cost related to liability component is included in the carrying amount of the liability component and amortized using effective interest method.

XI. Impairment of Financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

XII. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participant's would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level Input that is significant to the fair value measurement as a whole) at the end of each reporting period

XIII. Foreign currencies
a) Initial recognition

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

b) Conversion

Foreign currency monetary items are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or any other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Foreign currency monetary items are reported using closing foreign exchange rate. Non-monetary items, which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction.

Exchange differences arising on the settlement of monetary items or on reporting company's monetary

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

items at rates different from those at which they were initially recorded during the year or reported in previous financial statements are recognized as income or as expenses in the year in which they arise.

XIV. Borrowing costs

Borrowing costs attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use.

All the other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

XV. Employee benefits
a) Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

Liabilities with regard to the Gratuity plan AND Long term Compensated absences are determined by actuarial valuation, performed by an independent actuary, at each Balance sheet date using the projected unit credit method. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined

benefit liability or asset. Defined benefit costs are categorized as follows:

Service cost (including current service cost, past service cost, as well as gains losses on curtailments and settlements);

Net interest expense or income; and

Re-measurement of actuarial gain/losses

The Company presents the first two components of defined benefit costs in the statement of Profit and Loss in the line item 'Employee benefits expense'.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

b) Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liability recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

XVI. Lease
a) Company as a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

b) Company as a Lessee

Assets acquired under lease where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such lease is capitalized at the inception of the lease at lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

Assets acquired on lease where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating lease. Lease rentals on assets taken on operating lease are recognized as an expense in the statement of profit and

loss on a straight line basis over the lease term.

XVII. Taxation

Income tax expense comprises current tax and the net change in the deferred tax asset or liability during the year.

a) Current Tax

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961, and based on the expected outcome of assessments/appeals.

b) Deferred Tax

Deferred tax is recognized on temporary differences between the accounting income and the taxable income for the year and quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date.

Deferred tax assets are recognized and carried forward to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exist to set off current tax assets against current tax liabilities and deferred tax assets/deferred tax liabilities relate to same taxable entity and same taxation authority.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

XVIII. Provisions

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value unless otherwise required by the standard and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

XIX. Earnings per share

- a) Basic earnings per share are computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.
- b) For the purpose of calculating diluted earnings per share, the profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

XX. Cash and Cash Equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in

value, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make Judgements, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the company's accounting policies :

a) Useful lives of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting period. As at March 31, 2018 management assessed that the useful lives represent the expected utility of the assets to the Company. Such lives are dependent upon an assessment of both the technical lives of the asset and also their economic lives based on various internal and external factors including efficiency and operating costs. Accordingly depreciation lives are reviewed annually using the best information available to the management.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

b) Evaluation of indicators for impairment of assets

The evaluation of applicable indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets

c) Recognition of deferred tax liability

Significant management judgement is required to determine the amount of deferred tax asset that can be recognised based on the likely timing and the level of future taxable profits together with future tax planning strategies.

d) Provision and contingent liability

Provisions and liabilities are recognised in the period when it becomes probable that there will be future outflows of funds from past events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

On an ongoing basis, the Company reviews pending cases, claims by third parties and other

contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies, the likelihood of which is remote, are not disclosed in the financial statements.

e) Defined benefit obligation

Management's estimate of the Defined Benefit obligation is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may impact the obligation amount and the annual defined benefit expenses.

f) Fair value measurements

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

44 First-time adoption of Ind AS
Transition to Ind AS

"The Company has adopted Ind AS with effect from 1st April 2017 with comparatives being restated. Accordingly the impact of transition has been provided in the Opening Reserves as at 1st April 2016. The figures for the previous period have been restated, regrouped and reclassified wherever required to comply with the requirement of Ind AS and Schedule III. "Ind AS 101 First-time Adoption of Indian Accounting Standards allows first-time adopters certain exemptions from retrospective application of certain requirements under Ind AS. Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemptions
A.1.1 Deemed cost for PPE and Intangible Assets

"Ind AS 101 'First-time Adoption of Indian Accounting Standards' permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use

Notes to Financial Statements for the year ended 31st March 2018

that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. "This exemption can also be used for intangible assets covered by Ind AS 38, 'Intangible Assets'. Accordingly, the Company has elected to measure all of its property, plant and equipment & intangible assets at their previous GAAP carrying value."

A.1.2. Leases

Appendix C to Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease. In accordance with Ind AS 17, this assessment should be carried out at the inception of the contract or arrangement. Ind AS 101 provides an option to make this assessment on the basis of facts and circumstances existing at the date of transition to Ind AS, except where the effect is expected to be not material. The company has elected to apply this exemption for such contracts/ arrangements.

A.2 Ind AS mandatory exceptions**A.2.1 Estimates**

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP.

The Group made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP

- Investments in equity instruments carried at FVOCI
- Other investments carried at FVTPL or FVOCI; and
- Impairment of financial assets based on expected credit loss model.

Notes to Reconciliation
1. Remeasurement of Financial Instruments
A. Security Deposits

Under previous GAAP, the security deposits were carried at nominal value. Ind AS requires these assets to be measured at fair value and subsequently these assets are measured at amortized cost. At the initial recognition, the company has recognised the difference between deposit fair value and nominal value as prepaid rental expenses and same is being recognised as rental expenses on straight line basis over the lease period. Further, Company recognises notional interest income on these deposit over the lease term.

B. Borrowings

Under the Previous GAAP, the Transaction Costs in respect of Borrowings were charged off to the Statement of Profit and Loss as and when incurred. Under IND AS, these transaction costs incurred are deducted from the carrying amount of the Borrowings on Initial Recognition. These costs are recognised in the statement of Profit and Loss over the tenor of the borrowings as part of Interest Expense by applying the Effective Interest Rate method.

2. Expected credit Losses

IND AS 109 requires a provision to be made for Expected Credit Losses on an unbiased basis, considering the time value of money, and with reasonable and supportable information and forecasts, and the economic

Notes to Financial Statements for the year ended 31st March 2018

conditions as on the reporting date. The provision shall be reviewed as at each reporting period, with respect to its sufficiency and appropriateness.

3. Other Comprehensive Income

Under IND AS, all items of income and expense recognized in the period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognized in profit or loss but are shown in the statement of profit and loss and “other comprehensive income” includes remeasurements of defined benefit plans and fair value gain or losses on FVTOCI equity instruments. The concept of other comprehensive income did not exist under previous GAAP.

4. Decommissioning Liability

Under Ind AS, any obligation towards decommissioning liability shall be estimated and provided. The Company has certain obligations to restore the leased plant and machinery to its original position, in respect of plant and machinery. The said liability has been estimated as per Ind AS 37 and accounted for in the Ind AS financial statements.

5. Deferred Tax on unused tax losses

As on the date of Ind AS Transition, the company assessed the following criteria in assessing the probability that taxable profit will be available against which the unused tax losses or unused tax credits can be utilised:

- (i) evaluation of the existing level of taxable temporary differences relating to the same taxation authority and the same taxable entity, which will result in taxable amounts against which the unused tax losses or unused tax credits can be utilised before they expire;
- (ii) assessing the probability of the entity having taxable profits before the unused tax losses or unused tax credits expire;
- (iii) whether the unused tax losses result from identifiable causes which are unlikely to recur; and
- (iv) availability of tax planning opportunities that will create taxable profit in the period in which the unused tax losses or unused tax credits can be utilised.

Considering the fact that 'the taxable profit will be available against which the unused tax losses or unused tax credits can be utilised' is low, deferred tax asset recognised out of unused tax credits as per the previous GAAP has been reversed as on the transition date.

6. Reclassification under Ind AS

Assets and Liabilities have been regrouped/Reclassified wherever required to confirm to the requirements of Ind As

45 Financial Instruments
A. Capital management

The Company manages its capital to ensure that entities in the Company will be able to continue as going concern, while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The Company determines the amount of capital required on the basis of annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity, long term and short-term borrowings.

Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Ageing analysis, Credit ratings

i. Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks.

The company's credit risk generally arises from Cash and cash equivalents, trade receivables, and other financial assets.

Credit Risk Management

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

Assets Group	Description of category	Particulars	Provision for expected credit loss *
Low credit risk	Assets where the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil	Cash and cash equivalents, other bank balances, investments, loans, trade receivables and other financial assets	12 month expected credit loss/life time expected credit loss
Moderate credit risk	Assets where the probability of default is considered moderate, counter-party where the capacity to meet the obligations is not strong	Nil	12 month expected credit loss/life time expected credit loss
High credit risk	Assets where there is a high probability of default.	Nil	12 month expected credit loss/life

*Life time expected credit loss/fully provided for trade receivables

Notes to Financial Statements for the year ended 31st March 2018

Based on business environment in which the Company operates, a default on a financial asset is considered when the counterparty fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognized in statement of profit and loss.

Notes to Financial Statements for the year ended 31st March 2018

As per simplified approach, the Company makes provision of expected credit losses on trade receivables based on past experiences to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

ii. Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company invests its surplus funds in bank fixed deposit. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

Liquidity risk management

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

	Less than 1 year	1-5 years	More than 5 years	Carrying amount

Borrowings	200.00	782.95	-	982.95
	2,030.18	782.95	-	2,813.13

iii. Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company actively manages its currency and interest rate exposures through its finance division and uses derivative instruments such as forward contracts and currency swaps, wherever required, to mitigate the risks from such exposures. The use of derivative instruments is subject to limits and regular monitoring by appropriate levels of management.

Interest Rate risk

The Company is exposed to interest rate risk because it borrow funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings

Particulars	31.03.2018	31.03.2017	01.04.2016
Floating rate loans	1,660.39	1,760.20	1,883.63
Fixed rate loans		40.90	402.12
Total Borrowings	1,660.39	1,801.10	2,285.75

Notes to Financial Statements for the year ended 31st March 2018
Interest rate sensitivity analysis

If interest rates had been 100 basis points higher / lower and all other variables were held constant, the Company's profit for the year ended 31 March 2018 would decrease / increase by ₹ 2.66 Lakhs (for the year ended 31 March 2017: decrease / increase by ₹ 2.67 Lakhs). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

iv. Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures. The use of derivative instruments, if any, is subject to limits and regular monitoring by appropriate levels of management.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

As on March 31, 2018 (all amounts are in equivalent INR Lakhs)

Fair Value Hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety. The three levels are explained as follows:

Level 1 - inputs are quoted prices in active markets for identical assets or liabilities that the company can access at the measurement date. These quoted prices are unadjusted.

Notes to Financial Statements for the year ended 31st March 2018

Level 2 - inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly.

Level 3 - inputs are unobservable inputs for the asset or liability.

The table below categorises financial instruments and analyses those measured at fair value by the level into which the fair value measurement is categorised.

47 Retirement benefit plans
Defined contribution plans

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the Provident fund as well as Employee State Insurance Fund.

Notes to Financial Statements for the year ended 31st March 2018

The expense recognised during the period towards this defined contribution plan is ₹ 83.64 Lakhs (March 31, 2017 - ₹85.33 Lakhs).

Defined benefit plans
(a) Gratuity

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	March 31, 2018	March 31, 2017
Mortality Table	Indian Assured Lives Mortality Ultimate (2006-08)	
Attrition Rate	5.29% p.a.	3.00% p.a.
Discount Rate	7.73% p.a.	7.33% p.a.
Rate of increase in compensation level	13.00% p.a.	8.00% p.a.
Rate of Return on Plan Assets	7.73% p.a.	7.33% p.a.

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

b) Compensated absences

The leave scheme is a final salary defined benefit plan, that provides for a lumpsum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as

The design entitles the following risk

Interest rate risk	The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
Salary inflation risk	Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of these decrement on the DBO depends upon the combination salary increase, discount rate, and vesting criteria and therefore not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefit of a short caring employees will be less compared to long service employees.
