ANNEXURE VI TO DIRECTORS' REPORT

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Pursuant to Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the Management Discussion and Analysis Report is as under:

INDUSTRY AND INDIAN TELECOM SECTOR

Communications Sector has assumed the position of an essential Infrastructure for Socioeconomic Development in an increasingly knowledge-intensive world. The reach of Telecom Services to all regions of the Country has become an integral part of an innovative and Technologically-driven Society. Studies have shown a positive correlation of the Internet and Mobile Services on growth of the Gross Domestic Product of a Country. As a result of sustainable measures taken by the Government over the Years, the Indian Telecom Sector has grown exponentially and has become the Second largest network in the World, next only to China.

According to a Report by leading Research Firm Market Research Store, the Indian telecommunication services market will likely grow by 10.3 per cent Year-on-Year to reach US\$ 103.9 billion by 2020.

According to the Ericsson Mobility Report India, smartphone subscriptions in India is expected to increase four fold to 810 million users by 2021, while the total smartphone traffic is expected to grow seventeen-fold to 4.2 Exabytes (EB) per month by 2021.

Swedish telecom equipment maker Ericsson has announced the introduction of a new radio system in the Indian market, which will provide the necessary infrastructure required by mobile companies in order to provide Fifth-Generation (5G) services in future.

American Tower Corporation, a New York Stock Exchange-listed mobile infrastructure firm, has acquired 51 per cent stake in telecom tower Company Viom Networks in a deal worth Rs. 7,635 crore (US\$ 1.14 billion).

With daily increasing subscriber base, there have been a lot of investments and developments in the sector. The industry has attracted FDI worth US\$ 23.92 billion during the period April 2000 to December 2016, according to the data released by Department of Industrial Policy and Promotion (DIPP).

India's telecommunications market is expected to experience further growth, fueled by increased non-voice revenues and higher penetration in rural market. The emergence of an affluent middle class is triggering demand for the mobile and internet segments. Strong policy support from the government has been crucial to the sector's development. Foreign Direct Investment (FDI) cap in the telecom sector has been increased to 100 per cent from 74 per cent.

GOVERNMENT INITIATIVES

- The Ministry of Communications & Information Technology has launched Twitter Sewa, an online communications platform for registration and resolution of user complaints in the telecommunications and postal sectors.
- The Ministry of Skill Development and Entrepreneurship (MSDE) signed a Memorandum of Understanding (MoU) with DoT to develop and implement National Action Plan for Skill Development in Telecom Sector, with an objective of fulfilling skilled manpower requirement and providing employment and entrepreneurship opportunities in the sector.
- The Government of India has liberalized the payment terms for spectrum auctions by allowing two options of payments to telecom companies for acquiring the right to use spectrum, which include upfront payment and payment in instalments.

The Government of India is soon going to come out with a new National Telecom Policy, 2018 in lieu of rapid technological advancement in the Sector over the past few years. The Policy has envisaged attracting Investments worth US\$ 100 billion in the Sector by 2022.

PERFORMANCE

Your Company is exploring other avenues for business and is in discussions / negotiations with various vendors.

OPPORTUNITIES AND THREATS

The opportunities observed are based on the trends noticed in the past couple of Years, which continues to be relevant: some of the key ones are mentioned below:

Dear Sirs,

Subject: Internal Auditor's Report for the year ended on 31st March, 2018

1. We have carried out internal audit of the company for the year ended mentioned in the subject. Internal audit has been done in terms of our appointment made by the Board of Directors of the company.
2. We have audited the systems, processes and internal controls of the company w.r.t. various line items of its financial statements. The operation of these systems processes and controls are the responsibility of the company's management. Our responsibility is to express an opinion on the weaknesses in internal controls, risk management and governance framework, highlighting any exceptions and cases of non compliance, and suggest improvements in the design and operation of controls based on our internal audit.
3. Internal audit was conducted in accordance with generally accepted audit procedures as applicable in India. It was planned and performed to obtain reasonable assurance whether the systems, procedures and controls operate efficiently and effectively and financial information is free of material misstatement.
4. Internal audit includes a) examining on test basis, evidences to support the amounts and disclosures in financial statements; b) assessing the strength, design and operating effectiveness of internal controls at process level and identifying areas of control weakness, and vulnerability in the system and procedures adopted by the entity; c) assessing the accounting principles and estimates used in the preparation of the financial statements; and d) evaluating the overall entity-wide risk management and governance framework.

5. We have applied sampling method to test the controls and details. The depth and sample size is ascertained based on risk assessment using our professional judgment. The method of sample selection is based on systematic selection. We have also applied risk assessment procedures and analytical Procedures at the planning and overall review stages of internal audit.
6. Risk assessment procedures are performed to obtain an understanding of the entity and its environment including its internal control, to identify and assess the risk of material misstatement. Analytical procedures are the analysis of significant ratios and trends including the resulting investigation of fluctuations, and relationships in both the financial and non financial data. The choice of procedures, methods and level of application is a matter of internal auditor's professional judgment which do not include complex analyses using advanced statistical techniques.
7. **Significant observations and findings during the period**

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone IndAS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the, Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with the Companies (Indian accounting standards) Rules 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the IndAS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these IndAS Financial Statements based on our audit.

In conducting our audit we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provision of the Act and the Rules made thereunder and the order issued under section 143(11) of the Act.

We conducted our audit of the Ind-AS financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the IndAS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS Financial Statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the IndAS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company Directors, as well as evaluating the overall presentation of the IndAS Financial Statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Opinion

In our opinion and to the best of information and according to the explanation given to us, the aforesaid IndAS Financial Statements give the information required by the Act in the manner so required and give true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2018, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the note no.30, which describe the uncertainty to the matter mentioned:

The Department of Telecommunications, Ministry of Communication, Government of India, had invited the tenders from the Indian Companies to provide basic telephony services. The Company Shyam Telelink Networks Ltd. (India) (STNL) along with ARM Ltd. and other parties entered into an MOU to jointly participate in the tenders through STNL. The parties entered into an agreement from which ARM Ltd. withdrew and the parties agreed for buying the shares of ARM Ltd. for a consideration of Rs 10 Crores. The same was partly affected but STNL did not pay the balance amount alleging fraud by ARM Ltd. The matter which was under arbitration by a sole arbitrator who was replaced by the Hon'ble Supreme Court of India (which was approached by the Company by way of an SLP), which vide its order dated 29th Aug, 2012 appointed a different Sole arbitrator.

The arbitrator vide his order dated 24th Jan, 2014 has directed the company to pay ARM Ltd. Rs 11.50 Crores along with interest of Rs 18.45 Crores totaling Rs. 29.95 Crores on account of payout. The interest shall be payable upto the date of payment. In addition to the above he has further awarded USD 5,00,000 at the conversion rate prevailing on 24.01.2014 plus interest @ 9% p.a. from the date of award till the date of payment which comes to Rs. 4.28 crore and Rs 20 Lakhs payable to ARM Ltd as arbitration Cost.

The company has filed an application under section 34 of the Arbitration and Conciliation Act, 1996 against the said order before the Hon'ble Delhi High Court. The Hon'ble Delhi High Court has issued notice in the said application (which has the effect of stay on the award), and the matter is presently sub-judice before the Hon'ble Delhi High Court. As per the legal opinion produced to us by the Company, the company expects to win the case and hence no provision for the liability has been considered in the accounts. The outstanding amount has been included under Contingent Liabilities.

Our opinion is not qualified in respect of the above matter.

Other Matters

Attention is invited to advances from customers of Rs 34.08 crores classified under other current liabilities which are in process of being settled since long.

Our opinion is not qualified in respect of the above matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraph 3 and 4 of the Order.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Shyam Telecom Limited ("the Company") as of 31st March 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's Internal Financial Control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's Internal Financial Control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention method on accrual basis. Certain financial instruments are measured at fair values. The Ind AS are prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The Company has adopted all the Ind AS standards and the adoption was carried out in accordance with Ind AS 101 First-Time Adoption of Indian Accounting Standards. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP. Reconciliations and descriptions of the effect of the transition have been summarized in note 2

3. Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimate, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made, and if material are reflected in the financial statements in the period in which changes are made, and, if material, their effects are disclosed in the notes to financial statements.

4. Current versus non – current classification

An asset is considered as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as noncurrent.

A liability is considered as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities

5. Measurement of Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The fair measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that participants would use when pricing the asset or liability, assuming that market participants act in their economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – Input for the asset or liability that is not based on observable market data (unobservable inputs).

6. Property Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The cost of property, plant and equipment acquired in a business combination is recorded at fair value on the date of acquisition.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognised.

For transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as on April 1, 2016 measured as per previous GAAP as it deemed cost on the date of transition.

The Company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows.

<u>Asset</u>	<u>Useful Life (in years)</u>
Building	30
Plant & Equipment	15
Furniture & Fixture	10
Office Equipment	5
Computer	3
Vehicles (Motorcars)	8
Vehicles (Scooters & Bikes)	10

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Leasehold lands are amortised over the period of lease. Buildings constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013, where the lease period of land is beyond the life of the building.

In other cases, buildings constructed on leasehold lands are amortized over the primary lease period of the lands.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

7. Intangible assets

As per IND AS 38 Intangible assets are stated at acquisition cost and other cost incurred, which is attributable to preparing the asset for its intended use, less accumulated amortization and accumulated impairment losses, if any. The cost of intangible assets acquired in a business combination is recorded at fair value on the date of acquisition. Intangible assets are amortised on straight line basis over their estimated useful economic life not exceeding ten years.

An item of intangible assets is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognised.

The residual values, useful lives and methods of amortisation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

For transition to Ind AS, the Company has elected to continue with the carrying value of all its intangible assets recognised as on April 1, 2016 measured as per previous GAAP as it deemed cost on the date of transition.

8 Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares are recognized as deduction from equity net of any tax effect.

9 Expenditure incurred during Construction period

Expenditure directly relating to construction activity including trial run production expenses (net of income, if any) is capitalized. Indirect expenditure incurred during construction period is capitalized as part of the indirect construction cost to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period which is not related to the construction activity nor is incidental thereto, is charged to the Statement of Profit & Loss.

10 Revenue Recognition

As per Ind As 18 Revenue is recognised on a fair value basis to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

▪ Sale of Product

Revenue from sale of products is recognised, when significant risks and rewards of ownership have been transferred to the buyer and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of products. It also includes excise duty and excludes value added tax / sales tax. It is measured at fair value of consideration received or receivable, net of returns and allowances.

▪ Rendering of Services

Revenue from services is recognised as they are rendered based on arrangements with the customers.

▪ Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

▪ Dividend Income

Dividend income is recognised when the Company's right to receive such dividend is established.

11 Inventories

Inventories are valued at lower of cost or net realizable value. The cost is determined by using first-in-first-out (FIFO) method. Finished goods and work-in progress include costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

12 Financial Instruments

12.1 Initial Recognition and Measurement

The Company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are recognised on the trade date.

12.2 Subsequent Measurement

A. Non-Derivative Financial Instruments

A. Financial Assets Carried at Amortised Cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

B. Financial Assets at Fair Value Through Other Comprehensive Income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

C. Financial Assets at Fair Value Through Profit or Loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

D. Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

B. Derivative Financial Instruments

Financial Assets or Liabilities, at Fair Value Through Profit or Loss:

This category has derivative financial assets or liabilities which are not designated as hedges.

Although the Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss. Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/ liabilities in this category are presented as current assets/ liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

C. Derecognition of Financial Instrument

The Company derecognizes a financial asset when the contractual right to receive the cash from the financial asset expires or it transfers the financial asset. A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires.

13 PRODUCT WARRANTY EXPENSES

Liability for Warranties is recognized at the time the claim is accepted. The necessary provisions are made with respect to warranties claimed and accepted up to the end of one month from the close of the year.

14 Foreign Currency

14.1 Functional Currency

Financial statements of the Company's are presented in Indian Rupees (₹), which is also the functional currency.

14.2 Transactions and Translation

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the balance sheet date. The gains or losses resulting from such translations are included in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction. Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gain and losses are presented in the statement of profit and loss on net basis within other gains/ (losses).

15 Borrowing Costs

AS per Ind AS 23 Borrowing costs, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use, are capitalized as part of the cost of the respective asset. All other borrowing costs are charged in the period, in which they occur in the statement of profit and loss.

16 INCOME ON INVESTMENTS

Dividend on shares is accounted for, as and when the right to receive the same is established.

17 CLAIMS

Claims receivables are accounted for depending on the certainty of receipt and claims payables are accounted at the time of acceptance.

18 EMPLOYEE BENEFITS

- i) Short term employee benefits are recognized as expenses at the undiscounted amount in the Statement of Profit & Loss of the year in which related service is rendered.
- ii) The company has defined contribution plans for post-retirement benefit, namely Employee Provident Fund Scheme administered through Provident Fund Commissioner and company contribution is charged to revenue every year.

- iii) Company contribution to state plans namely Employees State Insurance Fund & Employee Welfare Fund is charged to revenue every year.
 - (1) The company has defined benefit plan namely Leave Encashment / Compensated absence and Gratuity, the liability for which is determined on the basis of an actuarial valuation at the end of the year. Gratuity Trust is administrated through Life Insurance Corporation of India (LIC).
 - (2) Termination benefits are recognized as expense immediately.
 - (3) Gain or Loss arising out of actuarial valuation is recognized in the Statement of Profit & Loss as income or expense.

Post-employment and other long term employee benefits are recognised as an expense in the Statement of Profit and Loss for the period in which the employee has rendered services. The expense is recognised at the present value of the amounts payable determined using actuarial valuation techniques. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income. The effects of any plan amendments are recognized in the statement of profit and loss.

19 TAXATION

Income tax comprises of current and deferred income tax. Provision for current income tax is made after taking credit for allowances and exemptions. In case of matters under appeal, due to disallowance or otherwise, provision is made when the said liabilities are accepted by the company.

Deferred Tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for the financial reporting purposes at the reporting date.

Deferred tax assets arising from temporary timing difference are recognized to the extent there is virtual certainty that the asset will be realized in future.

Minimum alternative tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay income tax higher than that computed under MAT, during the period that MAT is permitted to be set off under the Income Tax Act, 1961 (specified period). In the year, in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in the guidance note issued by the Institute of Chartered Accountants of India (ICAI), the said asset is created by way of a credit to the profit and loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay income tax higher than MAT during the specified period.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

20 GOVERNMENT GRANTS

Government grant in the nature of promoter's contribution is treated as capital receipt and credited to investment subsidy account.

Grant in the nature of revenue subsidy is treated as revenue receipt and credited to profit and loss account.

21 PROVISION AND CONTINGENT LIABILITIES

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in notes.

Show cause notices issued by various government authorities are not considered as obligation. When the demand notice are raised against such show cause notice and are disputed by the company then these are classified as possible obligations.

22 LEASES

Leases where significant portion of risk and reward of ownership are retained by the lessor are classified as operating leases and lease payments are recognised as an expense on a straight line basis in Statement of Profit and Loss over the lease term.

Finance leases that transfer substantially all of the risks and benefits incidental to ownership of the leased item, are capitalized at commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and a reduction in the lease liability so as to achieve a constant rate of interest on the remaining balance of liability. Finance charges are recognised in finance cost in the statement of profit and loss.

23 PROPOSED DIVIDEND

The final dividend on shares is recorded as liability on the date of approval by the shareholders, and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

24 CASH AND CASH EQUIVALENT

Cash and cash equivalents for the purpose of cash flow statement comprise cash and bank balance.

25 EARNING PER SHARE

The earnings considered in ascertaining the company's Earnings per Share ('EPS') comprise the profit/ (loss) for the year. The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the year. The weighted average number of equity shares outstanding during the year are adjusted for event of bonus element in a rights issue to existing shareholders.

The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of shares, if any which would have been used in the conversion of all dilutive potential equity shares.

26 Impairment

26.1 Financial Assets

The Company recognizes loss allowances using the Expected Credit Losses (ECL) model for the financial assets which are not fair valued through statement of profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in statement of profit and loss.

26.2 Non-Financial Asset

Intangible Assets and Property, Plant and Equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognised for the asset in prior year.

27 First time adoption of Ind-AS

These financial statements for the year ended March 31, 2017 have been prepared in accordance with Ind AS. For the year ended up to March 31, 2016, the Company prepared its financial statements in accordance with accounting standards notified under Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). For the purposes of transition to Ind AS, the Company has followed the guidance prescribed in Ind AS 101 - First Time adoption of Indian Accounting Standard, with April 1, 2015 as the transition date and IGAAP as the previous GAAP.

The transition to Ind AS has resulted in changes in the presentation of the financial statements, disclosures in the notes thereto and accounting policies and principles. The accounting policies set out in above note have been applied in preparing the financial statements for the year ended March 31, 2017 and the comparative information. An explanation of how the transition from previous GAAP to Ind AS has affected the Company's Balance Sheet, Statement of Profit and Loss, is set out in below note. Exemptions on first time adoption of Ind AS availed in accordance with Ind AS 101 have been set out in Point No. 28.

28 Exemptions availed on First time adoption of Ind-AS.

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has accordingly applied the following exemptions Deemed Cost

The Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as of transition date measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

* The Department of Telecommunications, Ministry of Communication, Government of India, had invited the tenders from the Indian Companies to provide basic telephony services. The Company Shyam Telelink Networks Ltd. (India) (STNL) along with ARM Ltd. and other parties entered into an MOU to jointly participate in the tenders through STNL. The parties entered into an agreement from which ARM Ltd. withdrew and the parties agreed for buying the shares of ARM Ltd. for a consideration of Rs 10 Crores. The same was partly effected but STNL did not pay the balance amount alleging fraud by ARM Ltd. The matter which was under arbitration by a sole arbitrator who was replaced by the Hon'ble Supreme Court of India (which was approached by the Company by way of an SLP), which vide its order dated 29th Aug, 2012 appointed a different Sole arbitrator.

The arbitrator vide his order dated 24th Jan, 2014 has directed the Company to pay ARM Ltd. Rs. 11.50 Crores along with interest of Rs. 18.45 Crores totaling Rs. 29.95 Crores on account of payout. The interest shall be payable upto the date of payment. In addition to the above he has further awarded USD 5,00,000 at the conversion rate prevailing on 24.01.2014 plus interest @ 9% p.a. from the date of award till the date of payment which comes to Rs. 4.28 Crore and Rs. 20 Lakhs payable to ARM Ltd as arbitration Cost.

The Company has filed an application under Section 34 of the Arbitration and Conciliation Act, 1996 against the said order before the Hon'ble Delhi High Court. The Hon'ble Delhi High Court has issued notice in the said application (which has the effect of stay on the award), and the matter is presently sub-judice before the Hon'ble Delhi High Court. As per the legal opinion produced to us by the Company, the company expects to win the case and hence no provision for the liability has been considered in the accounts. The outstanding amount has been included under Contingent Liabilities.

** Income tax demands mainly include the appeals filed by the Company before various appellate authorities against the disallowance by income tax authorities of certain expenses being claimed, non-deduction of tax at source with respect to dealers / distributor's margin and payments to international operators for access charges. (Net of amount paid).

*** VAT/Sales Tax demand mainly relates to demand raised by VAT & Sales Tax Department of few states on supply of charger. (Net of amount paid)

31 As on 31.03.2018 an amount of Rs. 3590.97 Lacs payable to (Aquarius Technology Pvt. Ltd. Rs. 3364.64 and Nisshoiwai Corporation Rs. 226.33 Lacs) in Foreign Currency remains outstanding for a period exceeding three years.

32. Company had in the previous year(s) given advance against share capital and extended long term loans to Wholly Owned Subsidiary Shyam Telecom Inc. (STI) which as on 31-03-2018 amounted to Rs. 16.29 lacs (US\$ 25,050) and Rs. 2191.39 lacs (US\$33,69,294) respectively. The Subsidiary company had liquidated all assets and had Accumulated losses amounted to Rs. 2124.63 lacs (US\$ 33,94,371). Shyam Telecom Inc. (Corporation), erstwhile subsidiary of the company has been dissolved as per the certificate issued by State Of Delaware (USA) pursuant to Section 275 and 391 (a) (b) (c) with effect from 22nd December, 2015. The company had given advances against share capital and granted long term loans amounting to US\$ 3394344 for which the Company had made provision in the previous financial year. An application to write-off the same post dissolution shall be made subject to approval from Reserve Bank of India. Since the corporation has been dissolved w.e.f. 22nd December, 2015, the same will be written off after taking necessary approval from RBI however full provision for the same is made in the books of account.

33. Financial Risk Management

The Company is exposed primarily to market risk, credit risk and liquidity risk which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

Market Risk:

Market risk is the risk that fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. It is a risk of changes in market prices due to foreign exchange rate changes and interest rates that will fluctuate affecting Company's revenue and the value of its financial instruments.

(a) Interest Rate Risks

The Company does not have any floating interest bearing borrowings as on 31st March 2018 and 31st March 2017. Hence, company is not exposed to any significant interest rate risks.

(b) Foreign Currency Risks

The Company has following un-hedged foreign currency risks on financial assets and financial liabilities

Particulars	Foreign Currency exposure in	Foreign Currency (In Lacs)		Rs. (In Lacs)

36. The figures of Long-term / Short-term borrowings, Trade payable, Trade receivables & Other Current Assets and Loans and Advances shown in the foregoing Balance Sheet are subject to confirmation.
37. In the opinion of Board of Directors Fixed Assets, Current Assets, Loans and Advances have a value on realisation in ordinary course of business at least equal to the amount at which they are stated in the Balance Sheet and provision for all liabilities have been made in the Accounts, which has been relied upon by the auditors.
38. The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. These benefits are funded. The following tables summarises the components of net benefit expense recognized in the Statement of profit and loss and the funded status and amounts recognized in the Balance Sheet. The Company has calculated the various benefits provided to employees as under:

A) Provident Fund & Other fund

During the year the Company has recognized Rs.12.52 Lacs (previous Year Rs. 12.08 lacs) towards contribution to PF in the Statement of Profit and Loss .

B) State Plans

Employer's contribution to Employee State insurance and to welfare fund

During the year the Company has recognised Rs.1.71 lacs (Previous year Rs.1.41 lacs) towards contribution to ESI and Rs NIL (previous Year NIL) towards welfare fund, in the Statement of Profit and Loss.

C) Defined Benefit Plans

The actuarial valuation carried out is based on following assumption:

a) Contribution to Gratuity Fund - Employee's Gratuity Fund.
