FINANCIAL YEAR HIGHLIGHTS

LETTER TO SHAREHOLDERS

“This was a landmark year for PFC with our business witnessing highest ever sanctions & disbursements with quantum jump in renewables and refinancing business. Also there was a significant diversification in borrowings with maiden USD Green Bond listed on London Stock Exchange, significant increase in Foreign Currency Loans & launch of 54 EC Capital Gain Tax Bonds”

Rajeev Sharma

Chairman & Managing Director

Ladies and Gentlemen,

It gives me great pleasure to welcome you all to the 32nd Annual General Meeting of your Company. It is indeed a privilege to share that your Company has completed 30 successful and glorious years of business operations. I thank the previous CMDs and Directors for making PFC as one of the prominent lenders in the financing sector. I would also like to take this opportunity to thank Ministry of Finance and Ministry of Power, Government of India to have granted the permission to your Company to raise funds through capital gains tax bonds under section 54 EC of Income Tax Act.

Last year was an important year for the Indian Economy. Indian Economy is already roaring back to recovery as landmark reforms like Goods and Services Tax (GST), Insolvency and Bankruptcy Code (IBC) and Real Estate Regulation Act (RERA) are yielding results. International rating agency Moody's upgraded India's rating by a notch in 2017-18, for the first time in 14 years, and changed the outlook from stable to positive. During the year, India also made impressive gains in the World Bank's global rankings on "Ease of Doing Business" as it moved up 30 notches, entering the league of top 100 performers. World Bank Group's latest report, "Doing Business 2018: Reforming to Create Jobs", recognized India as one of the top 10 improvers, having implemented 8 out of the 10 Doing Business Indicators. Successful implementation of the Government of India's flagship schemes like Mudra and Housing for All by 2022 has also added to the growth in GDP. Reserve Bank of India (RBI) has projected GDP growth rate at 7.4% in 2018-19. Meanwhile, the World Bank has pegged its growth forecast for India at 7.3% in 2018-19 and at 7.5% for next two years.

Along with the Indian Economy, India's electricity sector is going through a transformational phase, with growing emphasis on meeting power requirements from clean energy sources like solar and wind in order to contain the country's carbon footprint and support global community's fight against the climate change. India became a net exporter of electricity for the first time and 7,203 million units were supplied to Nepal, Bangladesh and Myanmar in the last financial year. India's rank improved to 29 in 2018 from 105 in 2013 on World Bank's 'Ease of Getting Electricity' Ranking. All un-electrified villages have been electrified and the government is gearing up to take electricity to every household and fulfill its promise of universal electricity access in the country by 31st December, 2018. India also emerged as the third largest solar market in the world in 2017 behind China and the US.

However, the conventional projects have faced rough weather over the last two years and this has posed quite a few challenges to your Company. However, we are happy to share that PFC continues to maintain its position as the lead financier in Indian Power Sector in spite of the vexing sector related issues and 'stressed assets' issue, which have been haunting the Banks and Financial Institutions for quite some time now. With the changing business paradigm, your company has realigned its strategy to maintain its dominant position in the power financing space. Your company made maiden venture into financing of the power components in irrigation projects of Telangana and funding of a Waste to Energy Project. Alongside, the Company has made significant jump of 260% in disbursements to renewable projects and almost 100% increase in refinancing business.

Senior PFC officials at the 'Listing Ceremony' of PFC's maiden USD 400 million Green Bond Issue. The Issue was listed on London Stock Exchange and Singapore Stock Exchange.

During the FY 2017-18, your Company posted a net profit of ₹ 5,855 crore with the loan assets registering a healthy double digit growth of 14% along with highest ever sanctions of ₹ 1,16,233 crore and highest ever disbursement of ₹ 64,414 crore. On the borrowing front, your Company borrowed ₹ 78,000 crore during the year and made significant headway in diversifying its borrowing portfolio by raising almost USD 1.7 billion in Foreign Currency Loans, which is 14% of borrowing in FY18. These loans included PFC's first ever Green Bond issue for USD 400 million, which was priced very competitively, FCNR(B) loans and syndicated loans. Your Company also managed to refinance its existing Foreign Currency Loans to reduce the cost of borrowing. The domestic borrowings portfolio was also diversified by raising funds through private placement of bonds and capital gain tax bonds under section 54 EC of the Income Tax Act. The domestic borrowings were at a competitive marginal cost of 7.37%, which were below the Reuters' benchmark rates. As a result of all these combined initiatives, Average Cost of Funds reduced by 23 basis points from 8.41% to 8.18%.

Your Company is a socially responsible corporate entity which is committed to improving the quality of life of the society at large by undertaking projects for Sustainable Developments, mainly focusing on fulfillment of power and energy needs of the society. Your Company has actively implemented wide range of CSR schemes in the field of solar energy, skill development, sanitation, health, environment sustainability and also contributed towards the cause of the differently abled section of the society. Out of the total CSR budget of about ₹ 150 crore for FY 2017-18, PFC has disbursed ₹ 118 crore. Your Company is already participating in Swachh Bharat Mission and contributing in the Swachh Bharat Kosh. Going forward, PFC's emphasis will also be on the social schemes of national interest.

Government of India has launched various initiatives for resolving issues confronting the sector. Ujwal DISCOM Assurance Yojana (UDAY) has led to improvement in operational and financial performance of DISCOMs with accrued savings of ₹ 20,000 crore by March 2018 on account of interest benefits due to takeover & restructuring of loans. Government aims to achieve the target to bring down the AT&C losses to the level of 15% by March 2019 from the current level of 18.75%.

The Ministry of Power, in association with PFC, organized an "Investor Interaction Meet" in Mumbai. Sitting on the dais were: (L to R) Shri Deepak Amitabh, CMD, PTC, Dr. P. V. Ramesh, CMD, REC, Shri Gurdeep Singh, CMD, NTPC, Shri Aniruddha Kumar, Jt. Secretary (Power), Shri Ajay Kumar Bhalla, Secretary (Power), Dr. Arun Kumar Verma, Jt. Secretary (Power), Shri Rajeev Sharma, CMD, PFC, Shri I. S. Jha, CMD, POWERGRID, Shri Balraj Joshi, CMD, NHPC, & Shri N. L. Sharma, CMD, SJVN.

Pradhan Mantri Sahaj Bijli Har Ghar Yojana (SAUBHAGYA) was launched for taking electricity to every household in the country. Over ₹ 16,000 crore has been allocated for the scheme, which envisages providing electricity connections to 4 crore families in rural and urban areas by December 2018, with free of cost electricity connections to Below Poverty Line (BPL) families. Demand is expected to be increased to the tune of 28,000 MW post implementation of this scheme. Also, under Deen Dayal Upadhyaya Gram Jyoti Yojana, 100% village electrification of all census villages has been achieved and it has translated into higher demand for power.

Integrated Power Development Scheme (IPDS), for which PFC is the Nodal Agency, has greatly helped improve billing and collection efficiency of the power utilities and we are able to do Energy Audit and instantly know the AT&C loss level of a particular town. There is a common complaint number '1912' which is operational in almost all the utilities of the country today. Your Company has sanctioned projects of ₹ 2,637 crore during FY 2017-18 and ₹ 28,671 crore cumulatively under IPDS. Disbursements were to the tune of ₹ 2,479 crore during FY 2017-18 and ₹ 5,139 crore cumulatively to the State Utilities for projects sanctioned under IPDS. Under R-APDRP, your Company has sanctioned projects of ₹ 37,523 crore cumulatively for 1,405 towns under Part-A IT, 59 towns under Part-A (SCADA) and 1,227 towns under Part-B of R-APDRP. Disbursements were ₹ 962 crore during FY 2017-18 and ₹ 11,150 crore cumulatively to the State Utilities for projects sanctioned under R-APDRP.

To tackle the issue of stressed assets in Power Sector, Govt. had launched the SHAKTI scheme to provide coal to the stressed power projects. SHAKTI covers projects which have PPAs but do not have Fuel Supply Agreements in place and also those which do not have PPAs. The objective of this scheme is to eliminate the stress in generation utilities. Also, a Pilot Scheme for mid-term PPA for stressed projects has been launched by the Ministry of Power for which PFCCCL, our subsidiary Company is the Nodal Agency and PTC is the aggregator to purchase power for three years from commissioned projects with no PPA. Bids for 1900 MW were received from eligible bidders at a tariff of ₹ 4.24 per unit. These initiatives will help the projects to sell power on consistent basis and resolve the stress going forward.

Other initiatives have also been taken in the sector to tackle stress like introduction of 'SAMADHAN', 'PARIWARTAN' and SASHAKT schemes. Further, Govt. of India has also formed a High Level Empowered Committee to resolve Power Sector issues which is headed by the Cabinet Secretary to the Government of India along with other key officials. Also, Inter-Creditor Agreement has been signed between lenders, which will expedite the decision making process in the consortium and therefore help in expeditious resolution of stress.

Shri D. Ravi, Director (Commercial), Shri C. Gangopadhyay, Director (Projects), Shri Rajeev Sharma, CMD, and Shri N. B. Gupta, Director (Finance) at the "Investor Interaction Meet" held at BSE, Mumbai.

Government of India aims to add 175 GW of renewable capacity by 2022 involving an estimated investment of ₹ 6 lakh crore. PFC targets to tap significant market share of this business opportunity. Additionally, your Company intends to diversify its loan portfolio, which includes sewage treatment plants, coal mining, railways electrification, funding smart cities infrastructure, electric charging infrastructure for promoting e-vehicles, battery manufacturing units for solar projects, mini and micro grid for distributed generation and schemes for energy efficiency improvements etc. Your Company is also targeting refinancing business of commissioned assets.

Your Company's philosophy of Corporate Governance stems from its belief that the spirit of good governance lies in adherence to highest standards of transparency, accountability, ethical business practices, compliance of law in true letter and spirit, adequate disclosures, corporate fairness, social responsiveness and commitment to the organization to meet stakeholders aspirations and societal expectations.

I am extremely thankful to the shareholders, who have reposed faith in us. My sincere and heartfelt thanks go out to the Hon'ble Union Minister of State (I/c) for Power & New and Renewable Energy and officials of the Ministry of Power for their continued support and guidance. I am also truly grateful to Board of Directors, Investors and Valued Clients for their support.

I also convey my gratitude to Ministry of Finance, Reserve Bank of India, Department of Public Enterprises, Securities and Exchange Board of India, National Stock Exchange of India Limited, Bombay Stock Exchange Ltd., NITI Aayog, CEA, C&AG, Statutory Auditors, Registrars, various Commercial Banks, Financial Institutions and other concerned Government Department/Agencies at the Central and State level for their continued support. I also appreciate the continuous and unwavering support by our partners in the Print and Electronic Media.

Finally, I must thank all the employees without whose continuous and untiring efforts none of this would have been possible.

The amalgamation will thus enable further expansion of the Transferee Company and provide a strong and focused base to undertake the business more advantageously. Further, this arrangement would bring concentrated management focus, integration, streamlining of the management structure, seamless implementation of policy changes and shall also help enhance the efficiency and control of the Transferor Company and Transferee Company.

The synergies created by scheme of arrangement would increase operational efficiency and integrate business functions.

Annexure C to the Independent Auditor's Report on the Financial Statements

(Referred to in paragraph 3(f) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of PFC Green Energy Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control

with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The preliminary appraisal relies on the information provided by the borrower while an in-depth analysis is carried out during the detailed appraisal stage. In-depth analysis involves projects' Techno Economic Financial Viability as well as strength of promoter and borrower entities.

	31.03.2018	31.03.2017
USD/INR	65.1750	64.85
JPY/INR	0.615050	0.580025
EUR/INR	80.8075	69.2925

2 In case of principal amount (loan liability), additions represent "borrowing during the year" and reduction represents "repayments during the year".

3 In case of interest payments, the rate relevant for the remittance is used for booking interest expense and therefore, no exchange gain / loss arises for the purpose of accounting. Therefore, change in interest is shown as "addition".

4 Exchange loss mentioned above is calculated as per "taxation method" for reconciliation; in case loss as per amortization rule in AS-11 is taken, opening and closing balances of loan liability will not reconcile.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

The Management of the Company (PFC) is pleased to present its Report on Industry scenario including Company's performance during the FY 2017-18.

(A) Industry Structure and Development

Power is one of the most critical components of infrastructure, crucial for the economic growth and welfare of a nation. The existence and development of adequate infrastructure is essential for sustained growth of the Indian economy.

India's Power Sector is one of the most diversified in the world. Sources of power generation range from conventional sources such as coal, lignite, natural gas, oil, hydro and nuclear power to viable non-conventional sources such as wind, solar, and agricultural and domestic waste. Electricity demand in the country has increased rapidly and is expected to rise further in the years to come. In order to meet the increasing demand for electricity in the country, massive addition to the installed generating capacity is required.

In view of the growing need of the Indian Economy, Government of India had embarked upon a massive programme to provide 24x7 power across the country by 2019. Special focus has been given to Rural Electrification, under Deen Dayal Upadhyaya Gram Jyoti Yojana (DDUGJY); and Urban Electrification under Integrated Power Development Scheme (IPDS). Besides them, government through SAUBHAGYA scheme is now oriented towards individual household electrification by March 2019.

Various imperative reforms are being undertaken on increasing energy efficiency of the present infrastructure and thereby reducing power losses, including increasing accountability and transparency by launching Mobile applications and websites like URJA app, SAUBHAGYA portal, National Power Portal, MERIT portal etc.

Considering the importance of power sector in the Indian economy, the Government took several initiatives to improve the prospects of this sector. Some of the major initiatives taken are as follows:

1. 24X7 Power for All

Electricity consumption is one of the most important indicators and tool to achieve rapid economic growth and socio-economic development that decides the development level of a nation. The Government of India is committed to improve the quality of life of its citizens through higher electricity consumption. Aim of the Government of India is to provide each household access to electricity, round the clock. The "Power for All" programme is a major step in this direction.

2. Pradhan Mantri Sahaj Bijli Har Ghar Yojana – "Saubhagya"

Pradhan Mantri Sahaj Bijli Har Ghar Yojana – 'Saubhagya' was launched on September 25, 2017 to provide free electricity connections to all households in rural areas and poor families in urban areas. The total outlay of the scheme is ₹ 16,320 crore while the Gross Budgetary Support (GBS) is ₹ 12,320 crore. The outlay for the rural households is ₹ 14,025 crore while the GBS is ₹ 10,587.50 crore. For the urban households the outlay is ₹ 2,295 crore while GBS is ₹ 1,732.50 crore.

The scope of the scheme is as under:

- Providing last mile connectivity and electricity connections to all un-electrified households in rural areas.
- Providing Solar Photovoltaic (SPV) based standalone system for un-electrified households located in remote and inaccessible villages/habitations, where grid extension is not feasible or cost effective.
- Providing last mile connectivity and electricity connections to all remaining economically poor un-electrified households in urban areas. Non-poor urban households are excluded from this scheme.

3. National Wind-solar Hybrid Policy

Ministry of New and Renewable Energy has issued National Wind-Solar Hybrid Policy on May 14, 2018. The objective of the policy is to provide a framework for promotion of large grid connected wind-solar PV hybrid system for efficient utilization of transmission infrastructure and land. It also aims at reducing the variability in renewable power generation and achieving better grid stability. The Policy seeks to promote new hybrid projects as well as hybridisation of existing wind/solar projects.

With significant capacity additions in renewables in recent years and with Hybrid Policy aiming at better utilisation of resources, it is envisaged that the Hybrid Policy will open-up a new area for availability of renewable power at competitive prices along with reduced variability.

4. Energy Conservation Building Code 2017

ECBC 2017 launched on June 19, 2017 prescribes the energy performance standards for new commercial buildings to be constructed across India. With the adoption of ECBC 2017 for new commercial building construction throughout the country, it is estimated to achieve a 50% reduction in energy use by 2030. This will translate to energy savings of about 300 Billion Units by 2030 and peak demand reduction of over 15 GW in a year. This will be equivalent to expenditure savings of ₹ 35,000 crore and 250 million tonnes of CO₂ reduction.

5. Various initiatives for green projects

In order to give boost to green projects, Government of India has taken various initiatives for green projects. It includes Solar Bidding Guidelines for long term procurement of electricity from grid-connected Solar PV Power Projects, having size of 5 MW and above, through competitive bidding under the provisions of Section 63 of the Electricity Act, 2003 and Guidelines for procurement of wind power which provide a framework for procurement of wind power through a transparent process of bidding including standardisation of the process and defining of roles and responsibilities of various stakeholders.

6. SHAKTI (Scheme for Harnessing and Allocating Koyala (Coal) Transparently in India)

In order to ensure Coal availability to all Power Plants in a transparent and objective manner, Gol on May 17, 2017 notified a new scheme Shakti. The objective of the said scheme is to provide coal to those stress projects which are having PPAs but are not having fuel supply agreement or those projects which are not having PPAs to provide coal to them through reverse auction process. The scheme has been basically introduced to alleviate the stress in generation utilities.

7. National E-Mobility Programme

To provide an impetus to the entire e-mobility ecosystem including vehicle manufacturers, charging infrastructure companies, fleet operators, service providers, etc., Gol on March 07, 2018 launched National E-Mobility Programme. The aim of this programme is to aggregate demand by procuring electric vehicles in bulk to get economies of scale. It envisages that these electric vehicles will replace the existing fleet of petrol and diesel vehicles.

Power Sector consist of three important chains i.e. Generation, Transmission and Distribution, and a chain is as strong as its weakest link, the same is true for the power value chain. Each link has to keep pace with the other to achieve sustainable performance in future. The developments, achievements and issues in various segments of the industry is as under:-

Generation

Installed Capacity

As on March 31, 2018, India's total installed capacity was 344002 MW. Thermal sources continued to have a dominant share at 65% (222907 MW), Hydro 14% (45293 MW), Renewable 20% (69022 MW) and Nuclear 6780 MW. The installed capacity stood at 103975 MW (30%) in state sector, 155511 MW (45%) in private sector and 84517 MW (25%) in central sector.

Transmission

Our country has an extensive transmission network spanning 390970 ckt. km (at the 220 kV and above voltage levels) as of March 2018. Minor failures at any point in the transmission network can result in disruptions in the evacuation and delivery of power to a large number of consumers.

To ensure that these lines perform optimally, transmission liners are operated in accordance with the regulations and standards set by the Central Electricity Authority (CEA), the Central Electricity Regulatory Commission (CERC) and the respective state electricity regulatory commissions (SERC). In addition, companies have their own set of maintenance measures to ensure longevity and efficiency of transmission systems.

Against a target of adding 23086 Ckms of transmission lines for FY 2017-18, 23119 Ckms have been achieved. Similarly, the overall increase in the transformation capacity has been 86193 MVA during the year 2017-18 which is 160% of the target of 53978 MVA for 2017-18.

Distribution

Reform of Indian distribution companies have always remained a key challenge. The electricity business is not merely about setting up power generation stations and transmission systems, but equally, and probably more crucial is retailing electricity and recovering the cost of service from the consumers. In the past few years the average tariff has increased however the rise has not been commensurate with the increase in the cost of supply. The consistent revenue gap, coupled with high AT&C losses have piled up huge losses for the state utilities. To improve the distribution segment's performance, Government of India had launched the most comprehensive Power Sector reform scheme ever i.e. Ujwal Discom Assurance Yojana to turnaround Discoms (UDAY) on November 5, 2015. The said scheme is the largest contributor in India's power reforms story for bringing about a turnaround of state distribution entities.

Further, Government of India has launched Deen Dayal Upadhyaya Gram Jyoti Yojana and Integrated Power Development Scheme for development of rural and urban distribution sector. While Deen Dayal Upadhyaya Gram Jyoti Yojana is helping in providing round-the-clock power to rural households and adequate power to agricultural consumers, IPDS is helping in reducing AT&C losses in urban areas. Also Government of India has launched Saubhagya scheme which aims to ensure electrification of households in the country. Total investments envisaged in distribution sector through these Government schemes is roughly ₹ 1,70,000 crores. With Government of India's push for reforming distribution sector and that substantial investments have been made, this has resulted in reduction in aggregate losses, reduction in gap between ACS and ARR and reduction in AT&C losses.

Annexure C of Report on Corporate Governance

Dividend Distribution Policy of Power Finance Corporation Limited

I Background

Pursuant to Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, which requires top five hundred listed entities based on market capitalization (calculated as on March 31 of every financial year) to formulate a dividend distribution policy which shall be disclosed in their annual reports and on their websites.

Since PFC is amongst the top 500 listed entities as per the criteria as at March 31, 2016, the dividend distribution policy has been formulated.

II Policy Framework

The policy has been framed broadly in line with the provisions of the Companies Act and also taking into consideration, guidelines on "Capital Restructuring of Central Public Sector Enterprises" issued by Department of Investment and Public Asset Management (DIPAM), Ministry of Finance, Department of Public Enterprises, SEBI and other guidelines, to the extent applicable.

III Factors in consideration

PFC has been consistently paying dividends and is committed to deliver sustainable value to all stakeholders. Dividend is declared at the Annual General Meeting of the shareholders of the Company, based on the recommendations of the Board of Directors. It is at the discretion of the Board to recommend dividend. The Board may also declare interim dividend.

The decision regarding dividend pay-out is a crucial decision as it balances the amount of profit to be distributed among shareholders of the company with the requirement of deployment of internal accruals for its sustenance and growth plans. The factors generally considered before recommending/declaring dividend are as follows:

A. Circumstances under which the shareholders of the Company may or may not expect dividend

The factors that may generally be considered by the Board before making any recommendations for the dividend include, but are not limited to, future capital expenditure plans, profits earned during the financial year, cost of raising funds from alternate sources, cash flow position and applicable taxes including tax on dividend, subject to the guidelines as applicable from time to time.

B. Financial Parameters that shall be considered while declaring dividend

Being a Central Public Sector Enterprise, the Company endeavors to declare the dividend as per the guidelines on “Capital Restructuring of Central Public Sector Enterprises” issued by DIPAM, Govt. of India on 27.05.2016, mandating every CPSE to pay a minimum annual dividend of 30% of PAT or 5% of the net-worth, whichever is higher subject to the maximum dividend permissible under the extant legal provisions. Nonetheless, Company is expected to pay the maximum dividend permissible under the Act under which it has been set up, unless lower dividend proposed to be paid is justified on a case to case basis at the level of Ministry of Power after considering the following financial parameters:

- (i) Net-worth and Capacity to borrow;
- (ii) Long-term borrowings;
- (iii) CAPEX/Business Expansion needs;
- (iv) Retention of profit for further leveraging in line with the CAPEX needs; and
- (v) Cash and bank balance.

C. Internal and External factors that shall be considered for declaration of dividend**C.1 Internal Factors****C.1.1 Capital to Risk-weighted Assets Ratio**

Being an IFC, PFC is required to maintain a CRAR at a certain level. Accordingly, the expected figure for CRAR is also taken into consideration while declaring dividend so that it does not breach the prescribed figure.

C.1.2 Net Worth of the Company

As per the extant guidelines issued by DIPAM, Govt. of India, every CPSE would pay a minimum annual dividend of 30% of PAT or 5% of the net-worth, whichever is higher subject to the maximum dividend permissible under the extant legal provisions. Being a Government Company, PFC is required to comply with these guidelines.

Apart from the above parameters, the Company may also consider various other internal factors, which inter alia include:

- Present & future capital requirements of the existing businesses;
- Additional investments in subsidiaries/associates of the Company;
- Any other factor as deemed fit by the Board.

C.2 External Factors**C.2.1 Economic Environment**

In case of uncertain or recessionary economic and business conditions, the Company will endeavor to retain larger part of profits to build up reserves to sustain future updowns.

C.2.3 Statutory Provisions and Guidelines

The Company will adhere to the restraints imposed by Companies Act with regard to declaration of dividend. Further, being a Government Company, the Company shall also consider the guidelines in force in respect of dividend declaration as issued from time to time by the Govt. of India or by any other statutory bodies.

D. Utilization of Retained Earnings

The Company is engaged into financing the Power Sector. The retained earnings will be deployed in line with the objects of the Company as detailed in the Memorandum of Association of the company, thus contributing to the growth of the business and operations of the Company.

E. Parameters to be adopted with regard to various classes of shares

The holders of the equity shares of the Company, as on the record date, are entitled to receive dividends. Since the Company has issued only one class of equity shares with equal voting rights, all the members of the Company are entitled to receive the same amount of dividend per share. The policy shall be suitably revisited at the time of issue of any new class of shares depending upon the nature and guidelines thereof.

Other provisions

In case of any subsequent changes in any Statutory Act, Rules, Regulations etc. which makes any of the provisions in this policy inconsistent with them, then the provisions of the Statutory Act, Rules, Regulations etc. would prevail over the policy.

CMD is authorized to approve any minor modifications/ deviations to the policy and will be the competent authority for any interpretation regarding the policy.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI prescribed under Sub-section 10 of Section 143 of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of

financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure - A to the Independent Auditors' Report on the Consolidated Financial Statements

(Referred to in our report of even date to the members of Power Finance Corporation Limited on the financial statements for the year ended 31 March 2018)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Company as of and for the year ended March 31, 2018, We have audited the internal financial controls with reference to financial statements of Power Finance Corporation Limited (hereinafter referred to as "the Holding Company"), its subsidiary companies and joint venture entity, which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Respective Board of Directors of the Holding Company, its subsidiary companies and joint venture entity, which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI prescribed under Sub-section 10 of Section 143 of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial control with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their reports referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance

of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, Holding Company, its subsidiary companies and joint venture entity, which are companies incorporated in India have, in all material respects, an internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

OTHER MATTERS

Our aforesaid reports under Sub-section 3 (i) of Section 143 of the Act, on the internal financial controls with reference to financial statements in so far as applicable to three subsidiary companies, is based on the corresponding reports of the auditors of such companies incorporated in India and in respect of one joint venture entity, we have relied on the explanation provided by the management of holding company in absence of IFC report of such entity. In our opinion, the same is not considered material for the consolidated financial statement of the group and its joint venture entity.
