CHAIRMAN’S MESSAGE TO SHAREHOLDERS

Dear Shareholders,

It is always a pleasure and privilege to share with you the performance and prospects of your Company.

The Indian Media and Entertainment industry has been undergoing a digital transformation for a few years now. This transformation, while disrupting many traditional models, has also opened up new vistas and opportunities. A key trend that has emerged strong last year has been the rising acceptance and growing popularity of OTT platforms like Amazon Prime, Netflix and others. With increasing proliferation of smart devices and falling data rates, content consumption on-the-go on smart devices is emerging as a new growth horizon.

The impact of digitisation is also strongly evident in the music segment, where sales of music through digital channels account for nearly 65 per cent of the total sales in the country. Music videos now have the highest viewership on channels like YouTube.

As far as the performance of your Company is concerned, this year was an year of business-as-usual. On the music business front, our revenue was ₹ 42.59 Crores compared to ₹ 31.95 Crores in the previous year. Our rich and diversified collection of over 25,000 songs across all genres and major languages makes it one of the most evergreen collection in the industry, appealing to wide spectrum of audiences across ages, ethnicities and regions. The fact that over 90 per cent of our music library is digitised means that it is available for streaming and download on industry leading digital music platforms and market-places like iTunes and Google Play, as well as top Indian streaming platforms like Saavn and Gaana.

On the film business front, we launched the third series of our Race franchise during the year in association with Salman Khan Ventures Private Limited. This joint venture film does not entail any investment from the Company. The Company will get free music rights as well as share of profit. The film has top stars like Salman Khan, Anil Kapoor, Bobby Deol, Jacqueline Fernandez, Daisy Shah and others. Race3 is slotted for a pan-India release on Eid, 15 June 2018.

Based on the above, the Company's performance during the year was In Tune and In Sync and as per expectations.

The Total Revenue for the year was ₹ 4,992.85 lakhs compared to ₹ 6,642.26 lakhs in the previous year. Net Profit for the year was ₹ 312.87 lakhs compared to ₹ 299.02 lakhs last year. The Board of Directors have recommended a dividend of ₹ 1/- per share (10%) subject to the approval of shareholders.

The Company continues to be amongst the forerunners in leveraging its presence on the digital platforms using the social media. The Company's FB page has over 5.8 million followers. What is more exciting is the fact that we have over 9 million subscribers on YouTube, quite a significant achievement. We are all set to increase our presence on YouTube to 1 crore subscribers in the next few months. I would request all our stakeholders to support our digital presence by following us on YouTube as well as FB. I assure you the content you will find there is both entertaining and engrossing.

I am quite positive about the next year, when we will see the release of Race3. In addition, we are also looking at securing more music rights at a lower cost that will enrich our music library.

I thank all our stakeholders for their continued support and trust, and assure you we will continue with endeavour to produce films with wholesome family entertainment and capitalise on our significant digital assets in the form of our music library to unlock more value for all the stakeholders.

Thank you,

Yours sincerely,

Kumar Taurani

THE BOARD OF DIRECTORS OF THE COMPANY AT ITS MEETING HELD ON NOVEMBER 29, 2017 HAVE FRAMED THE FOLLOWING RULES UNDER ARTICLE 111A OF THE ARTICLES OF ASSOCIATION OF THE COMPANY FOR EQUITY SHAREHOLDERS WHO WANT TO WAIVE/ FORGO THE RIGHT TO

RECEIVE DIVIDEND IN RESPECT OF FINANCIAL YEAR 2017-18 OR FOR ANY YEAR THEREAFTER.

- a. A Shareholder can waive/forgo the right to receive the dividend (either final and/or interim) to which he is entitled, on some or all the Equity Shares held by him in the Company as on the Record Date/Book Closure Date fixed for determining the names of Members entitled for such dividend. However, the shareholders cannot waive/forgo the right to receive the dividend (either final and/or interim) for a part of percentage of dividend on share(s).
- b. The Equity Shareholder(s) who wish to waive/forgo the right to receive the dividend for any year shall inform the Company in the form prescribed by the Board of Directors of the Company only.
- c. In case of joint holders holding the Equity Shares of the Company, all the joint holders are requested to intimate to the Company in the prescribed form their decision of waiving/forgoing their right to receive the dividend from the Company.
- d. The Shareholder, who wishes to waive/forgo the right to receive the dividend for any year shall send his irrevocable instruction waiving/ forgoing dividend so as to reach the Company before the Record Date/Book Closure Date fixed for the payment of such dividend. Under no circumstances any instruction received for waiver/forgoing of the right to receive the dividend for any year after the Record Date/ Book Closure Date fixed for the payment of such dividend for that year shall be given effect to.
- e. The instruction once given by a Shareholder intimating his waiver/forgoing of the right to receive the dividend for any year for interim, final or both shall be irrevocable and cannot be withdrawn for that particular year for such waived/ forgone the right to receive the dividend. But in case, the relevant Shares are sold by the same Shareholder before the Record Date/Book Closure Date fixed for the payment of such dividend, the instruction once exercised by such earlier Shareholder intimating his waiver/forgoing the right to receive dividend will be invalid for the next succeeding Shareholder(s) unless such next succeeding Shareholder(s)

intimates separately in the prescribed form, about his waiving/forgoing of the right to receive the dividend for the particular year.

- f. The Equity Shareholder who wish to waive/forgo their right to receive the dividend for any year can inform the Company in the prescribed form only after the beginning of the relevant financial year for which the right to receive the dividend is being waived/forgone by him.
 - g. The instruction by a Shareholder to the Company for waiving/forgoing the right to receive dividend for any year is purely voluntary on the part of the Shareholder. There is a no interference with a Shareholder's Right to receive the dividend, if he does not wish to waive/forgo his right to receive the dividend. No action is required on the part of Shareholder who wishes to receive dividends as usual. Such Shareholder will automatically receive dividend as and when declared.
 - h. The decision of the Board of Directors of the Company or such person(s) as may be authorized by Board of Directors of the Company shall be final and binding on the concerned Shareholders on issues arising out of the interpretation and/or implementation of these Rules.
 - i. These Rules can be amended by the Board of Directors of the Company from time to time as may be required.
11. All unclaimed dividends up to the final dividend for FY 2009-10 have been transferred to Investor Education and Protection Fund (IEPF) of the Central Government. Pursuant to the provisions of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Company has uploaded the details of the unpaid and unclaimed amounts lying with the Company on the website of the Company (www.tips.in), and also on the website of the Ministry of Corporate Affairs (www.mca.gov.in). Unclaimed dividend for the FY 2010-11 will fall due for transfer to the IEPF on August 31, 2018. Those Members, who have not encashed their dividends for the FY 2010-11, are requested to claim it from the RTA of the Company immediately. Those Members who have not so far claimed their dividend for the subsequent financial years are also advised to claim it from the Company or the RTA of the Company.

12. Members of the Company are requested to note that as per the provisions of Section 124 of the Companies Act, 2013, dividends not encashed/ claimed by the Members of the Company, within a period of 7 (seven) years from the date of declaration of dividend, shall be transferred by the Company to the Investor Education and Protection Fund (IEPF). **Members are requested to Contact Company or RTA to encash the unclaimed dividend.** The Company has uploaded the details of unpaid / unclaimed dividend on its website www.tips.in.
13. Members holding shares in Electronic form are requested to intimate immediately any change in their address or bank mandates to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form are requested to advise any change in their address or bank mandates immediately to the Company or the Company's Share Registrars and Transfer Agents.
14. As per the provisions of the Companies Act, 2013 facility for making nomination is available for the Members in respect of the shares held by them. Nomination forms can be obtained from the Company's Share Registrar and Transfer Agent by Members holding shares in physical form. Members holding shares in electronic form may obtain Nomination forms from their respective Depository Participant.
15. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN to the Company and Company's Share Registrars and Transfer Agents.
16. Members seeking any information or clarification on the accounts are requested to send in writing queries to the Company at least seven days before the date of the meeting to enable the Management to keep the information ready at the Meeting. Replies will be provided at the meeting in respect of such queries received.
17. **Electronic copy of the Annual Report for 2017-18 is being sent to all the members whose email IDs are registered with**

the Company/Depository Participants(s) for communication purposes, unless any member has requested for a physical copy of the same. For members who have not registered their email address, physical copies of the Annual Report for 2017-18 are being sent in the permitted mode.

18. To support "Green Initiative", Members are requested to register their e-mail addresses through their Depository Participants for sending the future communications by e-mail. Members holding the shares in physical form may register their e-mail addresses through the Share Registrar & Transfer Agent, giving reference of their Folio Number.
19. **Voting through electronic means:**

Pursuant to Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time, the Company is pleased to provide its members the facility of 'remote e-voting' (e-voting from a place other than venue of the AGM) to exercise their right to vote at the 22nd AGM. The business may be transacted through e-voting services rendered by Central Depository Services (India) Limited (CDSL).

The facility for voting, through polling paper shall be made available at the venue of the 22nd AGM. The members attending the AGM, who have not already cast their vote through remote e-voting shall be able to exercise their voting rights at the AGM. The members who have already cast their vote through remote e-voting may attend the AGM but shall not be entitled to cast their vote again at the AGM.

The voting rights of the shareholders (for voting through remote e-voting or by Poll paper at the AGM) shall be in proportion to their share of the paid-up equity share capital of the Company as on September 18, 2018 ('Cut-Off Date'). A person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting or of voting at the AGM.

Any person who acquires Shares of the Company and becomes a Member of the Company after the dispatch of the AGM Notice

and holds shares as on the cut-off date, i.e. September 18, 2018 may obtain the login Id and password by sending a request at rnt.helpdesk@linkintime.co.in. However, if you are already registered with CDSL for remote e-voting, then you can use your existing user ID and password for casting your vote. If you have forgotten your password, you may reset your password by using “Forgot Password” option available on www.evotingindia.com.

The Company has appointed Mr. Shirish Shetye, Practicing Company Secretary (CP No.: 825) as the Scrutinizer for conducting the remote e-voting and the voting process at the AGM in a fair and transparent manner.

The Scrutinizer shall, immediately after the conclusion of voting at the AGM, first count the votes cast at the AGM, and thereafter unblock the votes cast through remote e-voting, in the presence of at least two (2) witnesses not in the employment of the Company and make within 48 hours of the conclusion of the meeting a consolidated scrutinizer’s report of the votes cast in favour or against, to the Chairman or to any Director or any person authorized by the Chairman for this purpose, who shall countersign the same.

The Results declared along with the Scrutinizer’s Report shall be placed on the Company’s website www.tips.in and on the website of CDSL and communicated to the Stock Exchanges.

The instructions for shareholders voting electronically are as under:

BOARD’S REPORT & MANAGEMENT DISCUSSION AND ANALYSIS

To
The Members
Tips Industries Limited

Your Directors are pleased to present the 22nd Annual Report on the business and operations of the Company together with the Audited Financial Statements for the financial year ended March 31, 2018. The Management Discussion and Analysis is also included in this Report.

OVERVIEW OF THE ECONOMY

India has emerged as the fastest-growing major economy in the world as per the Central Statistics Organization (CSO) and International Monetary Fund (IMF) and it is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India’s GDP is estimated to have increased to 6.6 percent in FY 2017-18 and is expected to grow at 7.3 percent in FY 2018-19.

The calendar year 2017 was a great year for the Indian economy. Retail inflation was the lowest in almost four decades, the rupee strengthened against the US dollar for the first time in seven years and several reforms such as the Goods and Services Tax (GST), recapitalization of banks and the Insolvency and Bankruptcy Code were implemented. After enjoying the status of the world’s fastest-growing major economy for a couple of years, India was overtaken by China in 2018.

THE INDIAN MEDIA AND ENTERTAINMENT INDUSTRY

The Year 2017 has been an eventful year for the Indian Media & Entertainment (M&E) industry. The Indian M&E industry witnessed another year of all-round growth. The Indian M&E sector reached ₹1.5 trillion (USD 22.7 billion) in 2017, a growth of almost 13 percent over 2016, according to FICCI-KPMG Report.

Segment	CY2016	CY2017	CY2018E	CY2020E	CAGR 2016 - 20

Television continued its strong run, on the back of digitization of television homes, and tent-pole properties like the IPL and non-fiction programming, particularly in regional languages. The film segment also led on the growth mainly due to the international revenues generated by Indian films and increased technical competence in the segment with higher investment in VFX, Animation and Post production in lines with global trends.

Print accounted for the second-largest share of the Indian M&E sector, growing at 3 percent to reach ₹303 billion in 2017. The Events segment continued its strong run, supported by increased below-the-line spends across Tier II and III cities, growth in sports events, premium properties, and activations.

The advent of large OTT platforms in India such as Google, Netflix, Amazon, Eros Now, Jio Cinema etc., have significantly increased the demand for films' digital rights. Digital revenue generated ₹8.5 billion for the film segment in 2017, an increase of 40 percent over 2016. Netflix has grown from zero to more than 117 million streaming customers globally over the last decade.

India has now overtaken the US to become the world's second-largest smartphone market after China. The continuous growth of digital infrastructure and positive policy implementations by the Government have paved the way for the future growth of digital music. 93 percent of people reported using mobile devices for music consumption in 2017, a rise from 85 percent in 2016, according to the Report.

• FILM

According to FICCI-KPMG Report, the Indian film industry witnessed a growth of 27 percent due to a combination of high growth in overseas theatrical releases (particularly in China), growth in satellite rights values and domestic box office collections. All sub-segments, with the exception of home video, grew, and the film segment reached ₹156 billion in 2017. The success in international markets indicates a promising future.

Revenues	2016	2017	2018E	2020E
Domestic theatricals	85.6	96.3	103.0	118.0
Overseas theatricals	8.5	25.0	25.0	28.0
Broadcast rights	16.0	19.0	20.0	22.0
Digital/OTT rights	6.0	8.5	10.0	14.5
In-cinema advertising	5.9	6.4	7.5	9.0
Home Video	0.4	0.3	0.2	0.2
Total	122.4	155.5	165.7	191.7

(Gross of taxes, ₹ in billion)

The Indian film production industry has immensely benefited over the past decade due to multiplex proliferation, decline in piracy due to digitized delivery and growth of regional cinema. Digital movie rights and international box office revenue streams have significantly strengthened the economics for Indian movie producers. However, the domestic theatrical collection has been growing at a slower pace even as multiplexes continue to expand. While on the one hand, top movies are taking away a larger share, on the other, niche content is getting wider acceptance from the

audience. For some small budget niche movies, revenue from the sale of digital rights is now equivalent to the box office collections.

As per the Report, the biggest grosser for the year 2017 was Baahubali 2: The Conclusion which was a Tamil-Telugu bilingual dubbed in Hindi. Tiger Zinda Hai, Golmaal Again, Judwaa 2, Toilet Ek Prem Katha, Fukrey Returns and Badrinath Ki Dulhania were the big hits for Bollywood in 2017. The top 50 films contributed approximately 97.75 percent of the total net box office collection. Box office collections of the top 50 films grew by 11.60 percent in 2017. Further, the number of films crossing the ₹1 billion mark in terms of net box office has also increased in the year 2017 as compared to the previous years.

MUSIC

India is one of the countries where digital music sales have overtaken physical sales. Rising smartphone penetration, affordable mobile data, and the growing adoption of music streaming platforms have been the driver for the music industry's growth. As per the Report of Media and Entertainment Industry, sales of digital music through digital channels account for approximately 65 percent of overall music sales in India in 2017.

According to the FICCI-KPMG Report, the paid subscriber penetration among online music users is expected to increase to 5 percent and the number of online music listeners in India is projected to reach 273 million by 2020. India is estimated to have 481 million internet users with a 65 percent urban penetration and 20 percent rural penetration. The increasing penetration of private FM radio stations will increase music consumption and increase revenues accordingly. YouTube is one of the most viewed platforms for music. Music videos have the highest viewership on YouTube as compared to other genres, with over 3 billion views.

Despite the high level of consumption, the music industry accounts for less than 1 percent of the Indian M&E Industry. Revenue leakages through piracy, the steady decline of physical formats, disintermediation due to the emergence of new media, price erosion due to disintermediation and high content-acquisition costs have been roadblocks in the industry's growth.

The internet was not good for the music business due to piracy, but it does drive strength for the broader video entertainment business around the world.

BUSINESS OVERVIEW

Tips Industries Limited (TIPS), one of the most renowned entertainment companies is engaged in the business of Production and Distribution of films and leveraging its Audio content digitally in India and overseas. Mr. Kumar Taurani and Mr. Ramesh Taurani, the co-founders of TIPS, are well-known names in the Indian M&E space with a proven track record of producing films that have a wholesome entertainment for the entire family. TIPS also has one of the largest and diversified music libraries with a collection of over 25,000 songs across all genres and major languages. The Company is also a leading producer of Punjabi films in the country.

With the increased penetration of smartphones and internet to rural areas, there has been an increase in rural population as potential customers. As a result, most digital music companies in India are looking to develop/invest in the regional content library.

AUDITORS

• Statutory Auditors

M/s. SSPA & Associates, Chartered Accountants, (Firm Registration No. 131069W) were re-appointed as the Statutory Auditor of the Company at the 21st AGM held on September 13, 2017, to hold the office till the conclusion of 23rd AGM, subject to ratification by the members at every Annual General Meeting.

However, in accordance with the Companies Amendment Act, 2017, enforced on May 7, 2018, by the Ministry of Corporate Affairs, the appointment of Statutory Auditors is not required to be ratified at every Annual General Meeting. Hence, M/s. SSPA & Associates shall continue as Statutory Auditors for the remaining

period of the term until the conclusion of the 23rd Annual General Meeting of the Company.

In the opinion of the Directors, the notes to financial statement are self-explanatory and adequately explain the matters, which are dealt with within the Auditors' Report. In case of the qualified opinion of the Auditors with respect to non-recognition of deferred tax explained in Note No. 34(15) of the notes to Financial Statements, the statement of the impact of the qualification has been disclosed on the website of the Company.

- **Secretarial Auditors**

Provisions of Section 204 read with rules made thereunder, M/s. N.L. Bhatia & Associates, Practicing Company Secretaries (UIN: P1996MH055800) have been appointed to undertake Secretarial Audit of the Company. The report of the Secretarial Auditor is annexed herewith as **Annexure I** and forms part of this Report.

The said report does not contain any observation or qualification which requires any explanation or comments from the Board under Section 134(3) of the Companies Act, 2013.

- **Internal Auditors**

Pursuant to provisions of Section 138 read with rules made thereunder, the Board has appointed M/s. Maheshwari & Co., Chartered Accountants (Firm Registration No. 105834W) as Internal Auditors of the Company to check the internal controls and functioning of the activities and recommend ways of improvement. Internal Audit is carried out on a quarterly basis, and the report is placed in the Meetings of the Audit Committee and the Board for their consideration and direction. Their scope of work is as decided by the Audit Committee and the Board of Directors.

INTERNAL CONTROL AND FINANCIAL REPORTING SYSTEMS

The Internal Financial Controls with reference to financial statements as designed and implemented by the Company are adequate. It has documented the procedures covering all financial and operating functions and processes. These have been designed to provide a reasonable assurance with regard to maintaining of proper accounting controls for ensuring the reliability of financial reporting, monitoring of operations, protecting assets from unauthorized use or losses and compliance with regulations.

Adequate internal control systems commensurate with the nature of the Company's business and size and complexity of its operations have been recognized. Internal control systems ensure the reliability of financial reporting, timely feedback on the achievement of operational and strategic goals, compliance with applicable laws and regulations and that all assets and resources are acquired economically, used efficiently and adequately protected.

During the year under review, no material or serious observations have been received from the Internal Auditors of the Company with respect to inefficiency or inadequacy of the controls.

RISK MANAGEMENT

TIPS has a well-defined policy to foresee, identify and analyze risks and take suitable action to mitigate and minimize the impact of such risks. Accordingly, the Company has identified the followings risks that can impact its business performance and plans:

- **Piracy**

Piracy, both physical and digital, although declining at the global level, remains a perennial challenge in India's music industry. Accordingly, the digitally pirated music remained the most popular source of consumption. High content prices, low-income level, and cheaper internet infrastructure are the major factors leading to content piracy. In some of the cases, the films have leaked before their release dates as well. "Camcording" in the cinemas is one of the major sources of the leakage as over 90 percent of new release titles originate from cinemas.

- **Paid-service model still in the nascent stage**

The biggest issue is the general music consumer's apparent unwillingness to pay for music. India-based streaming services may have amassed over 100 million users, the overall conversion rate to paying is estimated to be around 1 percent.

- **Less than desirable growth in screens**

India still has one of the lowest densities of screens per capita in the world. This under-penetration of screens has resulted in the untapped market potential for the Indian film segment. Increase in screen density and higher access to cinemas across the country could potentially enhance domestic box office collections, improve the return on investment in films and pave the way for greater investment in both the film content and exhibition.

- **Need for a “single window clearance” for the opening of multiplexes**

The cinema owners are required to obtain multiple licenses from different state government departments impacting the opening of screens. The delay in getting license clearance has severely hampered the growth of screens in India over the years. The challenges involved are multi-fold where each state has its own set of license requirements for the operation of cinemas along with the validity of the licenses for a short-term period of only 1-2 years.

OPPORTUNITIES

- **Anti-piracy regulations**

The Government has refocused on the challenge the M&E Industry is facing due to digital piracy. A social media campaign to promote Indian geographical indications (GIs) has been launched by the Cell for IPR Promotions & Management (CIPAM). State governments are also setting up their IP rights unit. The industry is fighting this threat by concerted measures such as conducting raids on pirates, creating more awareness among customers and adopting new paid models to track streaming and downloads on the internet and mobile phones. Industry bodies such as Phonographic Performance Limited (PPL) and Indian Music Industry (IMI) have established vigilance teams to curb music-copyright violations in various cities in collaboration with the local police. The Indian copyright law has provisions for digital right management for protection of the content on digital media environment. The Government has banned various websites that provides online streaming or torrent links to download the pirated content.

- **Overseas theatricals**

The growing popularity of Bollywood films in the overseas markets is another growth opportunity. Overseas theatricals have emerged as an important avenue for producers, giving them an additional safety net. More focus is placed on the Chinese market, as well as the North American market. Overseas theatricals contributed approximately 16 percent to the overall segment’s revenue in 2017, an increase of approximately 3 times from 2016. The Aamir Khan-starring film Dangal became the highest grossing non-Hollywood film in China.

- **Regional markets**

Online ticketing platform BookMyShow reported average occupancy of 45-46 percent for regional films last year,

compared to around 39-40 percent in 2016. Within the regional space, Gujarati films registered a 44 percent increase over 2016 in terms of transactions on the site, followed by Malayalam films registering a 38 percent rise. Malayalam, Bengali and Marathi cinema did not disappoint this year as well. The share of theatrical revenues from regional films has been rising.

OUTLOOK

The Indian Media and Entertainment (M&E) industry is a sunrise sector for the economy and is growing at a rapid pace. The industry has witnessed tremendous growth in the last few years and the growth momentum is expected to continue. Digitization has played a major role in the Indian M&E industry.

Rising income and evolving lifestyles, backed by increasing digitization and higher internet usage, pave the way for the tremendous scope of growth for almost all segments of this industry. These are all positive developments for TIPS as the Company is poised to leverage its experience and expertise of providing wholesome family entertainment to the Indian audiences with its Hindi and Punjabi films, as well as its huge repertoire of digitized music collection across the digital media.

According to the latest report by FICCI-KPGM, the Indian M&E industry is projected to grow at a CAGR of over 11.6 percent over the period FY 2016-21. During this period, and in line with the global trend, sectors like Digital media (24.9 percent), Animation and VFX (20.4 percent), Online gaming (27.5 percent) are projected to grow at a much higher rate than traditional segments like Films (11.9 percent) and Music (10.6 percent).

INDEPENDENT AUDITORS' REPORT

To the Members of Tips Industries Limited

Report on the Financial Statements

We have audited the accompanying financial statements of **Tips Industries Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing

specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence, about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Financial Statements.

Basis for Qualified opinion

Attention is invited to Note 34(15) to the financial statements for the year ended March 31, 2018 regarding non recognition of Deferred tax liability on timing differences in accounting of inventory. In the absence of adequate information, we are unable to quantify its impact on the profits for the year and on the reserves as at March 31, 2018.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2018, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by 'The Companies (Auditor's Report) Order, 2016' (hereinafter referred to as the "Order"), issued by the Central Government of India in terms of sub - section 11 of section 143 of the Companies Act, 2014, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanation given to us, we give in the "Annexure-A" a statement on the matters specified in paragraph 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and, except for the matters described in the Basis for Qualified Opinion paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) Except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) Except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, in our opinion, the Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as

on March 31, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure-B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a) The Company has disclosed the impact of pending litigations on its financial position in its financial statements-Refer Note 34(1) to the financial statements;

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF TIPS INDUSTRIES LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Tips Industries Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper

management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over

financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under section 133 of the Companies Act, 2013, ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 with effect from April 1, 2016. Previous year numbers in the financial statements have been restated to Ind AS. In accordance with Ind AS 101 First-time Adoption of Indian Accounting Standard, the Company has presented a reconciliation from the presentation of financial statements under Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP") to Ind AS of Shareholders' equity as at March 31, 2017 and April 1, 2016 and of total comprehensive income for the year ended March 31, 2017. Reconciliations and descriptions of the effect of the transition has been summarized in Note 34(18).

The financial statements are presented in Indian Rupees (INR), except when otherwise indicated.

These financial statements are the first financial statements of the company under Ind AS.

ii) Historical cost convention:

The financial statements have been prepared on a historical cost basis, except for the following:

- A) Certain financial assets and liabilities (including derivative instruments)
- B) Defined benefit plans assets measured at fair value

iii) Current/ Non- Current Classification:

Any asset or liability is classified as current if it satisfies any of the following conditions:

- a) it is expected to be realised or settled or is intended for sale or consumption in the Company's normal operating cycle;
- b) it is expected to be realised or settled within twelve months from the reporting date;
- c) it is held primarily for the purposes of being traded;
- d) the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- e) in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/ non-current classification of assets and liabilities, the Company has ascertained

NOTES TO THE FINANCIAL STATEMENTS

its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

b) Use of accounting estimates and judgments:

Preparation of financial statements requires the Company to make assumptions and estimates about future events and apply significant judgments. The Company base its assumptions, estimates and judgments on historical experience, current trends and all available information that it believes is relevant at the time of preparation of the financial statements. However, future events and their effects cannot be determined with certainty. Accordingly, as confirming events occur, actual results could ultimately differ from our assumptions and estimates. Such differences could be material. The following require most difficult, subjective or complex judgments, resulting from the need to make estimates about the effect of matters that are inherently uncertain.

i) Estimated useful life of property, plant and equipment:

The Company estimates the useful life of property, plant and equipment based on the period over which the assets are expected to be available for use. The estimation of the useful life of property, plant and equipment is based on collective assessment of industry practice, internal technical evaluation and on the historical experience with similar assets. It is possible, however, that future results from operations could be materially affected by changes in estimates brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. The estimated useful life are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets.

ii) Recoverability of deferred income tax assets:

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

iii) Measurement of defined benefit obligations and other employee benefit obligations:

The Company's net obligation in respect of gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the other long-term employment benefits.

The present value of the obligation is determined based on actuarial valuation at the balance sheet date by an Independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

c) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker is responsible for allocating resources and assessing performance of the operating segments and has been identified as the Chief Financial Officer of the Group.

The Group's Chief Operating Decision Maker ('CODM') examines the performance and has identified two reportable segments of its business.

- Music (Audio/ Video)
- Film Production/ distribution

The segment performance is evaluated based on profit or loss. Also the Company's borrowings (including finance costs and interest income), income taxes and investments are managed at head office and are not allocated to operating segments.

Segment Revenue is measured in the same way as in the Statement of Profit and Loss. Segment assets and liabilities are measured in the same way as in the financial statements. These assets are allocated based on the operations of the segment.

d) Property, Plant and equipment: Measurement at recognition

The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably and is measured at cost. Subsequent to recognition, all items of property, plant and equipment (except for freehold land) are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of property, plant and equipment comprises its purchase price plus any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and the initial estimate of decommissioning, restoration and similar liabilities, if any. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Items such as spare parts, stand-by equipment and servicing that meets the definition of property, plant and equipment are capitalised at cost and depreciated over the useful life. Cost of repairs and maintenance are recognised in the statement of profit and loss as and when incurred.

Depreciation:

Depreciation is provided on Straight Line Method, pro-rata to the period of use, in terms of Section 123(2) of the Companies Act, 2013 in the manner specified in Schedule II of the Companies Act, 2013 except for Improvements to Leasehold Premises.

Improvements to Leasehold Premises are amortized over the period of lease.

Capital work in progress and Capital advances

Assets under Capital Work in Progress includes the cost of property, plant and equipment that are not ready to use at the balance sheet date. Advances paid to acquire property, plant and equipment before the balance sheet date are disclosed under Other Non Current Assets. Assets under Capital Work in Progress are not depreciated as these assets are not yet available for use.

Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the statement of profit or loss in the period the asset is derecognised.

e) Intangible assets:

Measurement at recognition:

Intangible assets comprise primarily of computer software. Intangible assets are initially recorded at cost and subsequent to recognition, intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

Amortisation:

The Computer Software is amortised over a period of 3 years

Derecognition:

An item of intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of an item of intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the statement of profit or loss in the period the asset is derecognised.

f) Investment properties

Properties that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of item can be measured reliably. All other repairs and maintenance costs are expensed out when incurred. Investment properties are depreciated using the straight-line method over their estimated useful life.

Improvements to the leasehold premises are amortised over the period of lease.

g) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Non-derivative financial assets:

Initial recognition and measurement

The Company recognises a financial asset in its balance sheet when it become party to the contractual provisions of the instrument. All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset.

Where the fair value of a financial asset at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognised as a gain or loss in the statement of profit and loss at initial recognition if the fair value is determined through quoted market price in an active market for an identical asset (i.e level 1 input) or through a valuation technique that uses data from observable markets (i.e level 2 input).

However, trade receivables that do not contain a significant financing component are measured at transaction price irrespective of the fair value on initial recognition.

Subsequent measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i) The Company's business model for managing the financial asset and

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

- ii) The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

- i) Financial assets measured at amortised cost.
- ii) Financial assets measured at fair value through profit and loss (FVTPL).

1) Financial assets measured at amortised cost:

A financial asset is measured at the amortised cost if both the conditions are met:

- a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows.
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans, deposits and other financial assets of the Company. Such financial assets are subsequently measured at amortised cost using the effective interest method.

The amortised cost of a financial asset is also adjusted for loss allowance, if any.

2) Financial assets measured at fair value through profit and loss (FVTPL):

A financial asset is measured at FVTPL unless it is measured at amortised cost or at Fair Value through Other Comprehensive Income (FVTOCI). This is a residual category applies to inventories,

share based payments and other investments of the Company excluding investment in subsidiary. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognised in the statement of profit and loss.

Derecognition:

A financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. On derecognition of a financial asset, the difference between the carrying amount and the consideration received is recognised in the statement of profit and loss.

Presentation:

Financial assets and liabilities are offset and the net amount presented in the statement of balance sheet when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

ii) Non-derivative financial liabilities

Initial recognition and measurement

Financial liabilities are recognised initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument. All financial liabilities are recognised initially at fair value minus, in the case of financial liabilities not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial liabilities.

Borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently carried at amortised cost; any difference between the initial carrying value and the redemption value is recognised

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

in the statement of profit or loss over the period of the borrowings using the effective interest rate method. Other financial liabilities are recognised initially at fair value plus any directly attributable transaction costs.

Non-derivative financial liabilities of the Company comprise long-term borrowings, short-term borrowings, bank overdrafts and trade and other payables.

Subsequent measurement:

Subsequent to initial recognition these financial liabilities are measured at amortised cost using the effective interest method.

Derecognition:

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. When an existing financial liability is replaced from the same lender on substantially different terms, or terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in the statement of profit and loss.

h) Fair Value

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) in the principal market for the asset or liability or
- ii) in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy that categorises into three levels, as described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (level 3 inputs).

Level 1: quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: inputs that are unobservable for the asset or liability

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation at the end of each reporting period.

i) Inventories:

Items of inventory are valued on the basis as given below:

i) Cost of Feature Films:

- The Company amortizes 60% of the cost of movie rights acquired or produced by it, on first theatrical release of the movie. The said amortization is made proportionately based on Management's estimates of revenues pertaining to Domestic Theatrical Rights, International Theatrical Rights, Television Rights, Video Rights and others over a period of 12 months from the date of theatrical release of the movie.
- Balance 40% of COP is amortized as per the management estimate / review of future revenues

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

but not exceeding nine years and subject to a minimum of 4.4% in any year.

ii) Cost of under Production Films:

Expenses of under production films incurred till the films are ready for release are inventorised.

The production of films requires various types of materials in different qualities and quantities. Considering the peculiar nature of those items including their multiplicity and complexity, it is not practicable to maintain quantitative records of those items. Further, in the absence of certainty of reusability of such items, the same are not valued.

iii) The Company reassesses the realizable value and / or revenue potential of inventory based on market condition and future demand and appropriate write down is made in cases where accelerated write down is warranted.

j) Statement of cash flows:

The Company's statement of cash flows are prepared using the Indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature if any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Cash and cash equivalents comprise cash and bank balances.

k) Foreign Currency Transactions

Initial Recognition:

All transactions that are not denominated in the Company's functional currency are foreign currency transactions. These transactions are initially recorded in the functional currency by applying the appropriate daily rate which best

approximates the actual rate of the transaction. Exchange differences arising on foreign exchange transactions settled during the period/ year are recognised in the statement of profit and loss.

Measurement of foreign current items at reporting date:

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rate of exchange at the reporting date. Non-monetary items measured based on historical cost in a foreign currency are not translated. Non-monetary items measured at fair value in a foreign currency are translated to the functional currency using the exchange rates at the date when the fair value was determined.

Exchange differences arising out of these translations are recognised in the statement of profit and loss.

l) Revenue recognition:

i) Turnover:

Audio Rights Receipts

Revenue from sale of Audio Rights is recognized on transfer / Assignment / Delivery of the masters as per the terms of the Contracts / Agreements with the parties.

Royalty from Music Rights:

Royalty is recognized only when it is reasonably certain that the ultimate collection will be made and / or is also recognized on consideration due as per the term of agreement with respect to parties.

Revenue from films:

Income from production of films is recognised in the statement of Profit and Loss on release of films as per the contracts / arrangements with distributors. Revenue from distribution of motion pictures is recognized based on ticket sales on exhibition of motion pictures at exhibition theatres. Recoveries

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

from films as overflows are recognized on the basis of business statements received from the distributors. Revenues from terrestrial rights, video rights, satellite rights etc are recognized on transfer / assignment/ effective date of respective rights in accordance with the respective agreement or on realization of the substantial consideration whichever is earlier and on delivery of the specified telecasting material.

Although revenues are accounted on accrual basis as aforesaid, the cost is charged to profit and loss account based on the amortisation principles stated in the accounting policy under the head 'cost of feature films'.

ii) Artist Management Receipts:

Artist Management Receipts are recognized in the statement of Profit & Loss on accrual basis as per the Contracts entered by the Artists with respective parties.

iii) Interest Income:

Interest Income is accounted on accrual basis, at the contracted rates.

iv) Others:

Revenue in respect of insurance/other claims is recognised only when it is reasonably certain that the ultimate collection will be made.

m) Employee Benefits:

i) Short-term obligations:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees services up to the end of the reporting period and are measured at the amount expected to be paid when liabilities

are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ii) Other long term employee benefit obligations:

Gratuity obligations:

The liability or asset recognised in the balance sheet in respect of defined benefits pension and gratuity plans is the present value of the defined benefits obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost

Defined Contribution plans:

The company pays provident fund contributions to publicly administered provident funds as per local

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

regulations. The company has no further payment obligations once the contribution have been paid. The contributions are accounted for as defined contribution plans and the contribution are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

iii) **Bonus Plan:**

The company recognises a liability and an expense for bonuses. The company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

n) **Taxes on Income:**

Income tax expense comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

i) **Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year/ period as per the provisions of tax laws enacted in India and any adjustment to the tax payable or receivable in respect of previous years/periods. It is measured using tax rates enacted or substantively enacted at the reporting date.

ii) **Deferred tax:**

Deferred tax is recognised on deductible temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable income, the carry forward of unused tax losses and the carry forward of unused tax credits.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax liabilities are generally recognized for all deductible temporary differences. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognised. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognised.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which those deductible temporary differences can be utilised. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognised.

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period and reduce amounts to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the asset to be recovered.

Presentation of current and deferred tax:

Current and deferred tax are recognised as income or an expense in the statement of profit and loss, except when they relate to items that are recognised in Other Comprehensive Income/ Equity, in which case, the current and deferred tax income/ expense are recognised in Other Comprehensive Income/ Equity.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

iii) Minimum Alternative Tax ('MAT'):

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as a deferred tax asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

o) Earnings per share:

The basic earnings per share ('EPS') is computed by dividing the net profit attributable to equity shareholders for the period, by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed using the weighted average number of equity and dilutive (potential) equity equivalent shares outstanding during the period except where the results would be anti-dilutive.

p) Provisions and Contingencies

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is more likely than not that an outflow of economic benefits will be required to settle the obligation. Provisions are discounted where the effect of discounting is material at a pre-tax rate that reflects current market assessments of the time value of money. Unwinding of the discount (accretion) is recognized as a finance cost. Discount rates are assessed and projected timing of future obligations each reporting period.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

q) Investment and other financial assets:

i) Classification:

The company classifies its financial assets in the following measurement categories:

- a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- b) those measured at amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

ii) Measurement:

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

r) Leases:

As a lessee: Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a Lessor: Lease income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

11] Segment Reporting

The Company's Chief Operating Decision Maker ('CODM') examines the Company performance and has identified two reportable segments of its business.

- a) Music (Audio/ Video)
- b) Film Production/ distribution

The segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statement. Also the Company borrowings (including finance costs and interest income), income taxes and investments are managed at head office and are not allocated to operating segments.

Segment Revenue is measured in the same way as in the Statement of Profit and Loss.

Segment assets and liabilities are measured in the same way as in the financial statements. These assets are allocated based on the operations of the segment.

iv] Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. We are exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of our investments. Thus, our exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency. The objective of market risk management is to avoid excessive exposure in our foreign currency revenues and costs

Currency Risk

The company is exposed to currency risk on account of its borrowings and other receivables / payables in foreign currency. The functional currency of the Company in Indian Rupees.

Financial instruments – Fair values and risk management

v] Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest bearing financial instruments as reported to the management of the Company is as follows

Particulars	March 31, 2018	March 31, 2017	April 1, 2016
Borrowings			
Fixed Rate Borrowings	546.98	798.72	863.43
Variable Rate Borrowings	2,228.95	5,313.80	7,091.65

13] Capital Management

The Company's capital management objectives are:

- to ensure the company's ability to continue as A going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents and maturity profile of the overall of the Company.

14] Employee Benefits:

The Company contributes to the following post-employment defined benefit plans in India

i] Post Employment Defined Contribution Plans :

The contributions to the Provident Fund and Family Pension fund of certain employees are made to a Government administered Provident Fund and there are no further obligations beyond making such contribution.

The Company recognized ₹ 8.28 lakhs for year ended March 31, 2018 (₹ 8.94 lakhs for year ended March 31, 2017) provident fund contributions in the Statement of Profit and Loss.

The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

ii] Post Employment Defined Benefit Plans :

Gratuity

The Company participates in the Employees Gratuity scheme, a funded defined benefit plan for qualifying employees. Gratuity is payable to all eligible employees on death or on separation / termination in terms of the provisions of the Payment of Gratuity Act, 1972. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust fund.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2018. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumption the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognized in the Balance Sheet.

Employee Benefits:

iii] Leave Obligation

The Company provides leave to employees. The employees at the end of the financial year can carry forward their balance leave to the subsequent financial year and it gets lapsed if not availed in that subsequent financial year. The Company Rules does not provide encashment of Leave at any time during the tenure of employment and also on retirement or termination. The Company records a provision for leave obligation at the end of the financial year.

iv] Risk Exposure

Through its defined benefit plans, the Company is exposed to some risks, the most significant of which are detailed below:

Discount rate risk

The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase the ultimate cost of providing the above benefit thereby increasing the value of the liability

Salary growth risks

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability

Demographic risk

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.

15] Deferred Tax Assets / Liabilities

Considering the nature of the business of the Company, during the year ended March 31, 2018, Company had not recognised the deferred tax liability for current year and also for earlier years on the timing difference in accounting of inventory for which auditors have qualified their report for the same. Company has not recognised the Deferred tax liability on unamortised cost of production as in the opinion of the management the Company will have sufficient unabsorbed depreciation and business losses in the year in which timing differences will reverse.

	Total comprehensive income as per Ind AS		302

D] Notes to Reconciliation

- 1] Fair valuation of investments in mutual funds: Under the Ind AS, the Investments in mutual funds have been accounted at fair value through Statement of Profit and Loss instead of accounting at lower of cost and fair value under IGAAP.
- 2] Proposed Dividend: Under Ind AS, the liability for final dividend is recognised in the period in which it is approved by shareholders. Accordingly, final dividend proposed and accounted for under the previous GAAP has been adjusted in equity
- 3] Remeasurement cost of net defined benefit liability: The Remeasurement cost arising primarily due to change in actuarial assumptions has been recognized in Other Comprehensive Income (OCI) under Ind AS instead of Statement of Profit and Loss under previous GAAP.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

- 4] Investment Property : Under the previous GAAP, Investment Property were presented as part of property, plant and equipment. Under Ind AS, Investment properties are required to be separately presented on the face of the balance sheet. Accordingly, carrying amount PPE reduced by ₹ 2155 Lakhs as at March 31, 2018 (March 31, 2017 – ₹ 2200 Lakhs) and same is disclosed as Investment Property in the respective period. However, there is no impact on the total equity or profit as a result of this adjustment
- 5] The company has elected to continue with the carrying value for all its Property, Plant and Equipment as recognised in its Indian GAAP financial statements as deemed cost at the date of transition.

19] Previous year's figures have been regrouped wherever necessary.

	7.	Net Worth	6 967.74	
	8.	Any other financial item(s) (as felt appropriate by the management)	-	

II.	Audit Qualification (each audit Qualification separately):
	a. Details of Audit Qualification: Qualified Opinion as reported in Auditors' Report dated May 28, 2018 on Standalone Financial Statement of the Company for the year ended March 31, 2018: (Basis for Qualified Opinion) Non recognition of deferred tax liability on timing differences in accounting of inventory. In the absence of adequate information auditors unable to quantify its impact on the profits for the year and on the reserves as at March 31, 2018.
	b. Type of Audit Qualification : Qualified Opinion
	c. Frequency of qualification: This has been subject matter of qualification in the Auditors' Report on the Standalone Financial Statement of the Company since the financial year ended March 31, 2015.
	d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views: N.A
	e. For Audit Qualification(s) where the impact is not quantified by the auditor:
	(i) Management's estimation on the impact of audit qualification: No
	(ii) If management is unable to estimate the impact, reasons for the same: Considering the nature of business carried on by the Company, Deferred Tax Liability is not recognised on unamortised cost of production as in the opinion of the Management of the Company will have sufficient unabsorbed depreciation and business losses in the year in which timing difference will reverse.
	(iii) Auditors' Comments on (i) or (ii) above: There are no further comments except as disclosed under the item No. II(a) of Details of Audit Qualification.
