Emphasis of Matter

Attention is drawn to the Notes to the Financial Statements :

- a) That on account of non-finalization of the issue of compensation payable to the Company for loss of business

opportunity arising due to the decision of the Government of India for closer of operation of the Hotel Janpath, New Delhi, w.e.f. from 30.10.2017 and handing over the property to the Ministry of Urban Development, the sum of ₹ 585.74 lakh paid to the employees who opted for VRS, is being shown as recoverable from the Government as on 31.03.2018. Our opinion is not qualified in respect of this matter. [Refer Point no. 1 of Note no. 13 & Point no. 10 (c) of Note no. 39-General Notes to the financial statements]

- b) *The impact of loss/shortage/wastage due to non-reconciliation of the results of physical verification carried out for fixed assets with the books of accounts on the financial statements of the Company remains indeterminate. Our opinion is not qualified in respect of this matter. [Refer Point no. (g) of Note no. 2 to the financial statements]*
- c) *Balances in trade receivables, loans and advances, deposits, trade payables and sundry creditors are subject to independent confirmation. Our opinion is not qualified in respect of this matter. [Refer Point no. 1 of Note no. 39-General Notes to the financial statements]*
- d) *In the case of Vigyan Bhawan Unit, contract agreement with the Directorate of Estates to provide catering services expired on 17.11.2015 and the Unit is operating without any formal agreement since then. The renewal process is going on and as per the correspondence on file, the agreement will be*

- extended upto 30th November 2018. Our opinion is not qualified in respect of this matter. [Refer Point no. 2 of Note no. 27 to the financial statements]
- e) For Hyderabad House, New Delhi, the Unit continues providing management services under an agreement with the Ministry of External Affairs, Govt. of India, which had expired on 31.03.2017. The renewal process is going on and as per the correspondence on file, the agreement will be extended upto 31st March, 2020. Our opinion is not qualified in respect of this matter. [Refer Point no. 3 of Note no. 27 to the financial statements]
- f) An amount of ₹ 113.82 lakh is being shown as 'Customers at Credit' under Note-26 "Other Current Liabilities", but in the financial statements not adjusted/linked with the corresponding trade receivable under Note-08 "Trade Receivable". Our opinion is not qualified in respect of this matter. [Refer Note no. 26 to the financial statements]
- g) The Ashok Hotel, Vigyan Bhawan, Lalita Mahal Palace Hotel & Head Quarter recognized "Provision for Doubtful Debts" amounting to ₹ 620.04 lakh (out of total provision of ₹ 4760.36 lakh for trade receivables more than six months old) as on 31st March, 2018 against its debts of equal amount by showing them as receivable for sufficiently long period of time instead of writing them off from the books of accounts as the recovery of which is not evidenced by the records available. Our opinion is not

qualified in respect of this matter. [Refer Note no. 8 to the financial statements]

- h) The Company has recognized "Provision for amount recoverable - sales tax" amounting to ₹ 7.88 lakh as on 31st March, 2018 against the recoverable of equal amount by showing them as receivable for sufficiently long period of time instead of writing off from the books of accounts the recovery of which is not evidenced by the records available. Our opinion is not qualified in respect of this matter. [Refer Point no. 1 of Note no. 6 to the financial statements]
- i) The consumption of stock of stores, crockery, cutlery etc., has been worked out by the Company by adding to the opening balances purchases made during the year and deducting there-from the closing balance at the year-end based on physical inventories valued as per the accounting policy. Accordingly, separate impact of loss/shortage/wastage included in the consumption thereof in the financial statements of the Company remains indeterminate. Our opinion is not qualified in respect of this matter. [Refer Point no. 3 of Note no. 39-General Notes to the financial statements]
- j) The Ashok Hotel Unit has recognized ₹16.90 lakh as inventory of liquor at leased out restaurant viz. - l) At Ashok International Trade Division the sum of ₹ 161 lakh paid in the year 2006-07 as security deposit in the form of fixed deposit (FD) receipt in favour of Delhi International Airport Pvt. Ltd. (DIAL) is being shown as recoverable. Its FD was encashed during 2007-08 by DIAL on account of service- tax charged by DIAL in billing of services provided to the Company. This is being disputed by the Company on the ground that their service was not liable for service-tax and they are hopeful of its recovery. Our opinion is not qualified in respect of this matter. [Refer Note no. 4 to the financial statements]
- m) In the case of Duty Free Shops at Seaport inventories are valued at cost which does not include other costs such as C&F cost, freights etc., for bringing the inventories to current location and condition as per Ind AS-2. Our opinion is not qualified in respect of this matter. [Refer Point no. 1 of Note No.-07 to the financial statements]

- n) In the case of Units Taj Restaurant and Kosi-Tourist complex, VAT and Service- tax returns are not reconciled with financial books as on 31/03/2018, for Taj Restaurant the service tax amount refundable is ₹ 0.81 lakh and of Kosi-Tourist complex Service tax paid in advance is ₹ 3.42 lakh and sales tax paid in advance of ₹ 0.04 lakh due to which the correct profitability of the units remain unascertain. “Annexure C” to Independent Auditor’s Report of even date on Standalone IND AS Financial Statements of India Tourism Development Corporation Limited, New Delhi

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of India Tourism Development Corporation Limited, New Delhi, as of March 31, 2018, in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit and considering the reports of the branch Auditors. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence, we have obtained is sufficient and appropriate to provide

a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting,

including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company generally has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2018, based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

Basis for preparation of accounts

a. Statement of Compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015, with effect from April 1, 2017. The previous periods have been restated in Ind AS in accordance with Ind AS 101 for the first time adoption of Indian Accounting Standard, the Company has presented a reconciliation from the

presentation of financial statements under Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP"), to the Ind AS of Shareholders' equity as at March 31, 2017 and April 1, 2016 and of the comprehensive net income for the year ended March 31, 2017.

These financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015, read with Section 133 of the Companies Act, 2013.

b. Basis of preparation

These financial statements have been prepared on a historical cost basis, except for:

- certain financial assets, liabilities and contingent considerations that are measured at fair value;
- assets held for sale- measured at fair value less cost to sell; and
- defined benefit plans - plan assets, measured at fair value.

The assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule - III to the Companies Act, 2013 and Ind AS 1- "Presentation of Financial Statements". The Current Assets do not include elements which are not expected to be realised within one year and Current

Liabilities do not include items which are due after one year, the period of one year being reckoned from the reporting date.

c. Functional and presentation currency

The financial statements are presented in Indian Rupee (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lakh, unless otherwise indicated.

Use of estimates and judgements

The preparation of the financial statements in conformity with Ind-AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The actual result may differ from such estimates. Estimates and changes are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements pertain to:

Useful lives of property, plant and equipment and intangible assets: The Company has estimated useful life of each class of assets based on the nature of assets, the estimated

usage of the asset, the operating condition of the asset, etc. The Company reviews the useful life of property, plant and equipment and Intangible assets as at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Income-tax: Deferred tax assets are recognized to the extent that it is regarded as probable that deductible temporary differences can be realized. The Company estimates deferred tax assets and liabilities based on current tax laws and rates and in certain cases, business plans, including management's expectations regarding the manner and timing of recovery of the related assets. Changes in these estimates may affect the amount of deferred tax liabilities or the valuation of deferred tax assets and thereby the tax is charge in the Statement of Profit or Loss.

Provision for tax liabilities require judgements on the interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Therefore, the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the Statement of Profit or Loss.

Defined benefit plans: The cost of the defined benefit plans and the present value of the defined Benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate,

future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

Significant Accounting Policies:

1. Property, Plant and Equipment (PPE)

- Items of Property, Plant and Equipment are valued at cost of acquisition inclusive of any other cost attributable to bringing the same to their working condition less accumulated depreciation and any accumulated impairment losses.
- PPE retired from active use and held for disposal are stated at the lower of carrying amount or net realizable value and are shown separately in the financial statements, the loss determined, if any, is recognized in the Profit & Loss Statement.
- In cases where receipts/scrutiny of final bills of the Contractors/suppliers, settlement of the rates to be paid for extra items and price escalation etc. are pending, the capitalization is effected provisionally, based on the value of work completed as certified by the Project Engineers. The difference, if any, is proposed to be accounted for in the year in which the final bills are settled.
- Depreciation on PPE is provided on pro-rata basis on the Straight Line

Method "over the estimated useful life of the PPE" as per Companies Act, 2013, and as assessed by the management is as under:

2. Intangible Assets

Intangible Assets (Software) are stated at their cost of acquisition less accumulated amortisation and accumulated losses. Intangible Assets (Software), cost are amortized over a period of legal right to use or 3 years, whichever is earlier.

3. Impairment of assets

Assets subject to amortization/depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the greater of an asset's fair value less sale costs and value in use.

4. Investments in Subsidiaries & Joint ventures

Investments in subsidiaries and joint ventures are accounted at cost less impairment losses, if any.

If the intention of the management is to dispose the investment in near future, it is classified as held for sale and measured at lower of its carrying amount and fair value less costs to sell.

5. Inventories

Stocks and stores including stock of crockery, cutlery, glassware and linen, etc., in hand as well as in circulation are valued at cost on FIFO basis or realizable value whichever is less.

6. Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are exclusive of GST and net of returns, trade allowances, rebates, value added taxes and amounts collected on behalf of third parties.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity

and the specific criteria has been met for each activity as described below.

a. Sale of Goods:

When the property and all significant risks and rewards of ownership are transferred to the buyer and it is probable that the economic benefits associated with the transaction, i.e., the sale of goods, will flow to that entity.

b. Services rendered:

Revenue is recognised upon rendering of the service, provided pervasive evidence of an arrangement exists, tariff / rates are fixed or are determinable and collectability is reasonably certain. Revenue comprises sale

of rooms, food and beverages and allied services relating to hotel operations, including management and operating fees. Rebates and discounts granted to Customers are reduced from revenue. Revenue recognition of other major business activities:

- Income from guest accommodation is recognised on a day to day basis after the guest checks into the Hotel. Income stated is exclusive of taxes collected.
- Income from services rendered in respect of projects /license fees/management fee are accounted for (exclusive of service tax/ GST) as per terms of the agreement. However, when realisation of such service charges/fees is not probable and there is no reasonable certainty of collection, in such cases revenue is booked only on ascertainment of reasonable certainty.
- Income from Projects is recognized on the percentage of completion method including in respect of cost plus/deposit/turnkey/project management work. In terms of this method, revenue is recognized in proportion to the actual costs incurred as against the total estimated cost of project under

execution. The determination of revenues under this method involves making estimates, some of which are of technical nature, concerning, where relevant, the percentages of completion, costs of completion (including cost of rejection), expected revenues etc.

- In cases where the Company collects consideration on account of another party, it recognises revenue as the net amount retained on its own account.
- Interest income is recognised using the effective interest rate (EIR). Interest income, other than management fees income/ interest on loans and advances from subsidiary companies, are accounted for on ascertainment of reasonable certainty, i.e., on receipt of funds or on receipt of Tax deduction certificate, because of liquidity problem in those companies referred to in (b) above
- Dividend Income is recognised when the Company's right to receive the amount is established.
- Damages on overdue amounts recoverable from licensees are accounted for on ascertainment of reasonable certainty.
- Supplementary claims including insurance claims are accounted for on acceptance/receipt basis.

7. Employees' Benefits

Liabilities in respect of benefits to employees are provided for as follows:

a. Short-term employee benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as Short Term employee benefit obligations in the balance sheet.

ESI is provided on the basis of actual liability accrued and paid to authorities.

b. Post-employment obligations:

i. Defined Benefit Plans:

Gratuity and Post-Retirement Benefits Plans- The defined benefit obligation is calculated annually by actuary using the projected unit credit method. Re-measurement gains and losses arising from experiences, adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other

comprehensive income. The value of the defined benefit obligation resulting from plan amendments or curtailments is recognised immediately in profit or loss as past service cost.

ii. Defined Contribution Plans:

Provident Fund - The Company transfers provident fund contributions to the trust recognised for maintenance of the fund. These are recognised as and when they are due.

c. Other Long Term Employee Benefits:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The Company measures the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

8. Foreign Currency Translation/ Transaction

Transaction in foreign currencies is recorded at the exchange rate prevailing on the date of the transaction.

Foreign currency denominated monetary assets and liabilities are translated into the functional currency at exchange rates in effect at the end of each reporting period. Foreign exchange gains or losses arising from settlement and translations are recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at exchange rate prevailing at the date of transaction.

9. Provisions, Contingent Liabilities and Contingent Assets

a. Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be outflow of resources.

- b. Where as a result of past events, there is a possible obligation that may, but probably will not, require any outflow of resources, no provision is recognized but appropriate disclosure is made in the notes as Contingent Liabilities.
- c. Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are revised at each Balance Sheet date and adjusted to reflect the current management estimate.
- d. Contingent assets are disclosed where an inflow of economic benefits is probable.
- e. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.
- f. However, where the effect of time value of money is material, the amount of provision shall be the present value of the expenditure expected to be required to settle the obligation.
- g. Capital commitments and Contingent liabilities disclosed are in respect of items which exceed ₹ 100,000/- in each case.

10. Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through a sale rather than

through continuing use. Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss post tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

11. Income tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax:

Current tax expenses are accounted for in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after

considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Additional Income tax that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

Deferred tax:

Deferred tax is recognized using the balance sheet method, providing for temporary difference between the carrying amount of an asset or liability in the balance sheet and its tax base.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences are either realised or settled, based on the laws that have been enacted or substantively enacted by the end of reporting period.

A deferred tax asset is recognized to the extent that it is probable that the future temporary difference will reverse in the foreseeable future and the future taxable profit will be available against which the temporary difference can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent that it is probable that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer probable to the effect that the Company will pay normal income tax during the specified period.

12. Borrowing Cost

- Borrowing Costs if any, directly attributable to the acquisition/ construction of qualifying assets are capitalized as part of the cost of the respective assets.
- Other borrowing costs are expensed in the year in which they are incurred.

13. Government Grants:

- Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.
- Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

- Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the useful lives of the related assets and presented within other income.

14. Financial Instruments

Recognition, Initial Measurement and de-recognition

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit or loss (FVTPL) which is measured initially at fair value. Subsequent measurement of Financial Assets and Financial Liabilities are described below.

Classification and Subsequent Measurement of Financial Assets

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Amortized Cost
- Financial assets at FVTPL

All financial assets except for those at FVTPL are subject to review for impairment.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

The Company's cash and cash equivalents, trade and other receivables fall into this category of financial instruments.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For receivables, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

De-recognition of Financial Instruments

Financial Assets are derecognised when the contractual rights to the cash flows from the Financial Assets expire, or when the Financial Assets and all substantial risks and rewards are transferred. A Financial Liability is derecognised when it is extinguished, discharged, cancelled or expires.

15. Exceptional Items

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the company. Exceptional items can include, but are not restricted to, gains and losses on the disposal of assets/ investments.

16. Cash and Cash Equivalent

Cash and cash equivalents comprise cash at bank and on hand. It includes term deposits and other short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

17. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the group and makes strategic decisions and have identified business segment as its primary segment.

18. Cash Flow Statement

Cash Flow Statement, as per Ind AS 7, is prepared using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

19. Earning per share

- a. Basic earning per share: Basic earning per share is calculated by

dividing the net profit or loss for the year post tax attributable to equity Shareholders by weighted average number of equity shares outstanding during the period.

- b. Diluted earning per share: Diluted earning per share is calculated by dividing the net profit or loss for the year post tax attributable to equity Shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

C. The Airports Authority of India(AAI) and other private airport operators had levied service tax on their billings for licence fee/royalty for Duty Free Shops at various locations and Ashok Airport Restaurant w.e.f. 10.9.2004. However, the Circular dated 17.9.2004 issued by the Government of India provides that the activity of renting, leasing out part of airport/ civil enclave premises does not amount to rendering of services and the license fee/ royalty payable in this regard is not subject to service tax. M/s Airports Authority of India had filed an appeal in CESTAT inter alia to adjudicate if Service tax is chargeable on Appellants revenue from renting/ leasing of space inside Airports Civil Enclave to various persons for their business activities. The CESTAT vide their order date 2.1.2015 had ordered that service tax is chargeable on above renting/ leasing. The AAI has further appealed against the order. Further an amount of ₹ 1.61 crore paid by ITDC as security deposit in the form of Fixed Deposit during 2006-07 was encashed by Delhi International Airport Pvt. Ltd.(DIAL) on account of Service tax levied as above. Pending final resolution of the matter the estimated liability of ₹ 1,779.49 lakh (Previous year ₹ 1,779.49 lakh) from 10.09.2004 to 31.03.2008 has been included as Contingent Liability at Para A(a)(i). above, and ₹ 1.61 crore has been included as amount recoverable from M/s DIAL.

Against this the company holds a liability of ₹ 215.58 lakh (previous year ₹ 215.44 lakh) towards ESI dues. No provision has been made for the balance of ₹ 635.07 lakh (Previous year ₹ 611.35 lakh) as the matter is subjudice and pending finality in the matter, the same has been included under Contingent Liabilities at Sl. No. 1(A)(a)(i) above.

E. The matter relating to determination of property tax in respect of three Delhi based properties i.e. Ashok, Samrat and Janpath Hotels was subjudice in the Hon'ble High Court of Delhi. During proceedings NDMC offered a basis for determination of property tax for assessing the hotel properties to which ITDC also agreed. Accordingly, the Hon'ble High Court vide its orders dated 19.10.2010 disposed off the said petition by directing NDMC to reassess the property tax due from hotels and hotels to fully cooperate in the matter. Accordingly, the NDMC vide its assessment orders dated 31.03.2013 had made the fresh assessment up to 31.03.2009 and gave a basis of determination of property tax which was agreed by ITDC.

From the year 2010-11 to 2015-16, NDMC vide their order dated 11.02.2016 assessed above three properties on Unit area method on a much higher RV than assessed upto the year 2008-09 vide Order dt. 31.3.2013. The company challenged the assessment made under Unit area method and filed three writ petitions in Delhi High Court. The matter came up for hearing before DB of the Hon'ble court on 8.3.2016. Hon'ble court was pleased to order that subject to ITDC paying the admitted tax, no coercive measures shall be taken by NDMC.

Besides, NDMC has not made assessment for the years 2009-10 to 2017-18. The Hon'ble High Court in its judgement dated Aug. 10,2017 has invalidated all actions taken by the NDMC under the new impugned Bye-laws in terms of levy, assessment, collection and enforcement of demand of property tax and all property demand made under the new impugned By-laws have been invalidated and declared unenforceable.

The company has already deposited its admitted tax liability based upon assessment made vide order dt. 31.3.2013 and the balance disputed amount of ₹ 220.31 crore has been included in the contingent Liability A(a)(i) above subject to final resolution of the matter

In preparing its opening Ind AS balance sheet, the company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows are set out in the following notes.

Exemptions and exceptions availed

The applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS is given below:

A. Ind AS optional exemptions

Deemed cost for property, plant and equipment and intangible assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its Property, Plant and Equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed costs as at the date of transition after making necessary adjustments. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has elected to measure all of its Property, Plant and Equipment and Intangible Assets at their previous GAAP carrying value.

Investment in subsidiaries and joint venture

Ind AS 101 permits a first time adopter to elect to continue with the carrying value for all its investments in subsidiaries, joint ventures and associate companies as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Accordingly, the company has elected to measure the investment in subsidiaries and joint venture at previous GAAP carrying amount.

B. Ind AS mandatory exemptions

1. Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1st April, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP.

2. Classification and measurement of financial assets and liabilities

The classification and measurement of financial instruments will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing at the date of transition to Ind AS.

Financial assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstances existing at the date of transition, then, fair value of financial assets at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.

The company has applied the classification and measurement provisions as per Ind AS 109 as on the date of transition.

3. De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognized as a result of past transactions was obtained at the time of initially accounting for those transactions.

The company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

4. Non-current assets held for sale and discontinued operations

Ind AS 105 requires non-current assets (or disposal groups) that meet the criteria to be classified as held for sale, non-current assets (or disposal groups) that are held for distribution to owners and operations that meet the criteria to be classified as discontinued and carried at lower of its carrying amount and fair

value less cost to sell on the initial date of such identification. A first time adopter can:-

- Measure such assets or operations at the lower of carrying value and fair value less cost to sell at the date of transition to Ind AS in accordance with Ind AS 105, and
- Recognise directly in retained earning any difference between that amount and the carrying amount of those assets at the date of transition to Ind AS determined under the entity's previous GAAP.

Accordingly, the company has elected to measure such assets or operations at the lower of carrying value and fair value less cost to sell, and recognize directly in retained earning any difference between those amounts at the date of transition to Ind AS.

Notes to the First Time Adoption

1. Proposed Dividend

Under the previous GAAP, dividends proposed by the Board of Directors after the Balance Sheet date but before the approval of the financial statements were considered as adjusting events. Accordingly, provision for proposed dividend was recognized as a liability. Under Ind AS, such dividends are recognized when the same is approved by the Shareholders in the general meeting. Accordingly, liability for proposed dividend including dividend distribution tax of ₹ (1,548.45 lakh), as at 1st April, 2016 included under provision has been reversed with corresponding adjustment to retained earning. Consequently, the total equity has increased by an equivalent amount.

2. Revenue Recognition

Under Ind AS, where the company collects consideration on account of another party, it recognizes revenue as the net amount retained on its own account for services rendered in its Air Ticketing Business and hence revenue as well as cost relating to consideration received on Others account has been reversed by ₹ (10,693.39 lakh) each.

Under Ind AS, where the company collects consideration on account of another party, it recognizes revenue as the net amount retained on its own account for services rendered. In case of Electricity Recovery from Licencees, only the administrative charges or service charges are considered a part of Other Income (Non-operational) and the cost recovered is adjusted in the Electricity Charges (Cost).

There is no impact on the profit and loss statement or retained earning.

The company recognized its revenue relating to sale of tour packages on the basis of certainty of collection of the amount. In the previous GAAP, revenue regarding the sale of service could be recognized on the basis of Percentage of completion or Completion Method. In Ind-AS, revenue regarding the sale of service can only be recognized on the basis of Percentage of Completion Method and hence revenue as well as cost relating to incomplete tours has been reversed by ₹ (0.23 lakh) and ₹ 0.18 lakh respectively as at 31st March, 2017.

3. Trade Receivable and Other Receivables

Consequent to the change in revenue recognition under Ind AS as stated above, the receivables from the Customers have also been reclassified from Trade receivables to other receivables under other financial assets. As a result of this change, the balance of trade receivables has decreased and other receivables have increased by ₹ 3704.56 lakh as at 31st March, 2017 (₹ 2216.77 lakh as at 1st April, 2016).

4. Other Long Term Financial Assets / Liabilities (Amortized cost instruments)

Items like security deposits, retention money and other financial items of long term nature have been treated under the category of amortized cost. These instruments are measured at fair value and the difference between the carrying value and the discounted value (Fair Value) are treated as loss & gain for assets and liabilities respectively. Accordingly, net Reversal of ₹ 77.69 lakh as at 31st March, 2017 (Previous Year ₹ 46.42 lakh) is made with consequential impacts on the profit and loss.

All deposits with statutory authorities, utility departments and the like for which the cash flows cannot be predicted with certainty have been excluded. Further, deposits with parties since years and the details of which are not traceable have been excluded. The same has valued at their nominal value.

5. Capital Work-in-Progress

Previously, expenditure incurred on projects which are under process of completion or are not yet completed is recognized in the Balance Sheet under the head Capital Work-in-progress as "Expenses attributed to

projects pending allocation". Further, the provision for impairment is also provided against such expenses, if the probability of completion of the said project is less. As per Ind AS, Capital work-in-progress should have "Allocable Expenditure attributable to projects" otherwise Un-allocable expenditure (if any) should be charged to the Profit & Loss. A net Reversal of ₹ Nil as at 31st March, 2017 (Previous Year ₹ (27.67 lakh) is made with impacts on profit & loss and retained earning.

6. Loans given to Employees

Under the previous GAAP, loan to employees was measured at cost. Under the Ind AS, these loans are considered as debt instruments and falls under the category of amortized cost. Since there were loans given to employees from whom there was no probability of recovery (employees retired and no longer with ITDC Ltd.), therefore its fair value is considered as nil. The difference between the carrying value and the fair value of ₹.35 Lakh as at 31st March, 2017 (Previous Year ₹12.77 lakh) has been charged to Retained Earning.

7. Other Comprehensive Income

Under Ind-AS, all items of income and expense recognized in the period should be included in profit or loss for the period, unless a standard requires or permit otherwise. Items of income and expense that are not recognized on profit and loss but are shown in the Statement of profit or loss as "other comprehensive income" represents re-measurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

Actuarial gain/losses on defined benefit plans for employees were being recognized in Statement of profit or loss under previous GAAP. This is now being recognized in other comprehensive income. The net impact for year ending 31st March, 2017 is ₹ 80.87 lakh.

8. Prior-Period Items

As per Ind AS, the amount in the financial statements in respect of prior period adjustments are to be retrospectively restated as if a prior period error had never occurred and such event had occurred during the preceding period and accordingly presented in the financial statements. The net impact for year ending 31st March, 2017 is ₹ 252.89 lakh.

9. Deferred Tax

As per Ind AS, deferred tax has been recognized on the adjustments made on transition to Ind-AS. The impact of transition adjustments together with using balance sheet approach as per Ind-AS against profit and loss approach in the previous GAAP for computation of deferred

tax has impacted the reserves by ₹ 33.23 lakh as at 31st March, 2017 (₹ 84.47 lakh as at 31st March, 2016), with consequential impacts on the profit and loss for the subsequent periods.

10. Other Equity

Other equity has been adjusted consequent to the above Ind AS transition adjustments.

In the cases where Hotel properties are located on State Govt Leased Land and the State is reluctant to extend the lease and allow it to be sub-leased to the private party, then the property may be offered to the State Govt at its officially valued price. According to this decision the process of disinvestment is carried on as under:

a. Hotel Bharatpur Ashok:

As per the terms of transfer, 5 nos. of regular employees of Hotel Bharatpur Ashok as at April 30, 2017 were transferred on deputation on absorption basis to the Government of Rajasthan. The assets

and liabilities having net book value of ₹ 16.23 lakh as on April 30, 2017 was agreed to be transferred without any financial consideration therefore a loss i.e. the net book value of Assets & Liabilities of ₹ 16.23 lakh has been considered as an exceptional item in the Financial Statement. The same has been considered as a part of discontinued operations in the financial statements for the year ended March 31, 2018.

- b. Assam Ashok Hotel Corporation Limited and Madhya Pradesh Ashok Hotel Corporation Limited:

The Company has transferred its Non-Current Investments - Equity Shares of Subsidiary Companies - Assam Ashok Hotel Corporation Limited (51% Equity of AAHCL) of ₹ 51 lakh and Madhya Pradesh Ashok Hotel Corporation Limited (51% Equity of MPAHCL) of ₹ 81.60 lakh on June 29, 2017 to their respective State Government. The Investments have been transferred at a consideration of: AAHCL ₹ 214.00 lakh and MPAHCL ₹ 1,259.00 lakh. Also, the other dues recoverable by ITDC Ltd. have been duly settled by the respective subsidiary in full for AAHCL ₹ 300.63 lakh and for MPAHCL ₹ 384.43 lakh.

c. Hotel Janpath:

Ministry of Tourism (MoT) communicated vide their letter dtd. June 14, 2017 the in-principle approval of the government for transferring the property of Hotel Janpath to the Ministry of Urban Development (MoUD) and for compensating ITDC for loss of business opportunity with disputed liability to be sorted out.

The Ministry had proposed that "a tentative valuation of the business of ITDC has been calculated on the basis of Discounted Cash Flow assuming cash flows for 30 years on the basis of average net profit for 5 years and discount factor of 11% p.a. and a rough estimation was made for ₹ 5772.00 lakh (net profit + depreciation). Value of land is not being considered.

Subsequently, it was decided by the government to close the operations

of Janpath Hotel, New Delhi and to handover the land & building of Janpath Hotel to L&DO, MoHUA (erstwhile MoUD). Accordingly, the Land & Building was technically handed over to L&DO, MoHUA on 31-10-2017.

The matter was also discussed inter alia in 26th & 27th Inter Ministerial Group (IMG) meetings as under:

- In the 26th meeting of IMG dated 04.12.2017, it was deliberated that earlier the figure of ₹ 5772.00 lakh was mentioned on the basis of calculation of NPV at a discounting factor of 11% on average profit before depreciation of last 5 years as per the audited annual accounts of 2011-12 to 2015-16 of Hotel Janpath for a period of 30 years without applying any growth rate. Therefore, IMG decided that compounded annual growth rate (CAGR) of last 10 years i.e. from 2006-07 to 2015-16 of profit before depreciation may be applied on above said average profit of last 5 years before depreciation. IMG directed that ITDC may get the valuation done on this basis and obtain approval through circulation for the same.

- In minutes of the 27th meeting of IMG held on 27-12-2017 it was recorded that "The valuation of loss of business opportunity of Hotel Janpath was decided by the IMG in its meeting held on 04-12-2017. In this regard, DIPAM vide its letter dated 21-12-2017 has submitted that under the DCF methodology for calculation of NPV, Profit After Tax (PAT) is what is normally considered."

The Company requested the Ministry to convey the amount of compensation to be considered by ITDC in its Financial Statement. The working of the amount of compensation based on PBT as well as PAT was also communicated to MoT. The amount of compensation based on PAT was ₹ 14981.00 lakh and on PBT was ₹ 19303.00 lakh.

In response to the above letter, the Ministry conveyed that the amount of ₹ 5772.00 lakh was only an estimated figure and did not take into account the

liabilities which are yet to be firmed up. Further, the amount incurred towards VRS of employees due to closure of Janpath Hotel is to be kept under recoverables to be adjusted from the value when the same is finalised. The estimated compensation amount due to ITDC on account of loss of business opportunity in respect of Hotel Janpath, New Delhi, may therefore not be taken into account while finalising accounts of ITDC for the current financial year 2017-18 and may be included in the accounts for the financial year 2018-19.

In view of above, the VRS amount of ₹ 585.74 lakh has been kept under recoverables and nothing towards compensation for loss of business opportunity has been considered in the Financial Statements.

- d. Kosi Restaurant:

The same has been considered as an "Advance Received" as on March 31, 2018 since the Share Transfer Agreement has been signed on May 17, 2018. Further, management fees of ₹ 17.70 lakh upto March 31, 2018 was paid by DPAHCL.

The process of disinvestment/divestment of ITDC's Hotel Properties as well as of Subsidiary Companies is going on and Transaction Advisors for Hotel Patliputra Ashok, Patna; Hotel Kalinga Ashok, Bhubaneswar; and Punjab Ashok Hotel Company Limited, have already been appointed. The Transaction Advisors are engaged for doing the entire exercise of valuation of the properties, devising framework for transfer/ exit of ITDC, documentation, etc. as applicable.

- j. Ranchi Ashok Bihar Hotel Corporation Limited:

In case of Ranchi Ashok Bihar Hotel Corporation Limited, operations of

the Hotel have been closed w.e.f. 29.03.2018 with the approval of Inter-Ministerial Group of Ministry of Tourism. It has been decided by MoT that the ITDC's Non-Current Investments (51% Equity of RABHCL) will be transferred to the Jharkhand State Government. The process of appointment of Transaction Advisor is under finalisation.

- k. Pondicherry Ashok Hotel Corporation Limited:

In the previous year it was mentioned that transaction advisor was engaged for Pondicherry Ashok Hotel Corporation Limited (PAHCL), initially for exploring the possibility of valuation and transfer of ITDC's 51% Equity holding in PAHCL to the Puducherry Government. The engagement of above said TA was short-closed because subsequently it was decided to explore the possibility of Long-term leasing, DBFOT, PPP etc. The process for fresh appointment of Transaction Advisor is under finalisation.

- l. Utkal Ashok Hotel Corporation Limited (UAHCL):

In case of Utkal Ashok Hotel Corporation Limited (UAHCL) the Letter of Intent (LOI) for long-term lease of the hotel property was issued to the bidder M/s Paulmech Infrastructure Pvt. Ltd. (PIPL) on January 19, 2010 and was subsequently cancelled on December 10, 2013 due to non-adherence of terms of LOI by PIPL. The PIPL filed a petition praying inter alia for quashing of ITDC's letter cancelling LOI which was dismissed by the High Court. PIPL further filed a Special Leave Petition before the Hon'ble Supreme Court of India challenging the High Court Judgement. On September 18, 2017, the Supreme Court has stayed the termination of LOI. The matter is pending in Supreme Court for further hearing.

In the process of disinvestment of various ITDC Subsidiary companies properties which is currently going on, the ITDC shareholding of three of the Subsidiary companies viz. Assam Ashok Hotel Corporation Ltd.; Madhya Pradesh Hotel Ashok Corporation Ltd.

and Donyi Polo Ashok Hotel Corporation Limited have been already transferred to the respective State Governments and the sales proceeds as worked out by the Transaction Advisor on the basis of valuation of available business opportunity etc. have been received by ITDC which is more than the amount originally invested by ITDC in respective subsidiary companies. Moreover, all outstanding trade receivables from these three Subsidiary Companies have also been fully cleared by them.

On the same analogy, the process of disinvestment / divestment of Utkal

Ashok Hotel Corporation Limited, Punjab Ashok Hotel Company Limited & Ranchi Ashok Bihar Hotel Corporation Limited is also being carried out and as ITDC's equity / preference shares investment are considered good for recovery, no provision is considered necessary.

“Annexure B” to Independent Auditor’s Report of even date on Consolidated Ind AS Financial Statements of India Tourism Development Corporation Limited, New Delhi and its Subsidiaries

We have audited the accompanying consolidated Ind AS financial statements of **INDIA TOURISM DEVELOPMENT CORPORATION LIMITED, New Delhi, (hereinafter referred to as “the Holding Company”)** and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”), in conjunction with our audit of the financial statements of the Company for the year ended 31st March, 2018.

Management’s Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls over financial reporting based on our audit and considering the reports of the branch Auditors and other Auditors of the subsidiaries. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence, we have obtained and the audit evidence obtained by the other Auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group’s internal financial controls system over financial reporting.

Meaning of Internal Financial Control over Financial Reporting

A Group’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorizations of management and directors of the Group; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Group’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitations of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to explanations given to us, the Holding Company and its subsidiaries incorporated in India generally have, in all material respects, an adequate internal financial control system over financial reporting and such internal financial control over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Companies Act, 2013, on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to 5 subsidiaries incorporated in India, is based on the corresponding reports of the Auditors of such companies incorporated in India.

to the Ind AS of Shareholders' equity as at March 31, 2017 and April 1, 2016 and of the comprehensive net income for the year ended March 31, 2017.

These financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015, read with Section 133 of the Companies Act, 2013.

b. Basis of preparation

These financial statements have been prepared on a historical cost basis, except for:

- certain financial assets, liabilities and contingent considerations that are measured at fair value;
- assets held for sale- measured at fair value less cost to sell; and
- defined benefit plans - plan assets, measured at fair value.

The assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule - III to the Companies Act, 2013 and Ind AS 1- "Presentation of Financial Statements". The Current Assets do not include elements which are not expected to be realised within one year and Current Liabilities do not include items which are due after one year, the period of one year being reckoned from the reporting date.

c. Functional and presentation currency

The financial statements are presented in Indian Rupee (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lakh, unless otherwise indicated.

d. Principles of Consolidation

The Consolidated Ind AS Financial Statements have been prepared as per the following principles:

- The Consolidated Ind AS Financial Statements have been prepared in accordance with Indian Accounting Standard (IND AS) 110-'Consolidated Financial Statements' and Indian Accounting Standard (IND AS) 28-'Investment in Associates and Joint Ventures'.
- The financial statements of the company and its subsidiaries are combined on a line by line basis by adding together the book value of like items of assets, liabilities, income and expenses after eliminating intra-group balances, intra-group transactions, unrealised profits or losses and minority interest have been separately disclosed.
- The Consolidated Ind AS Financial Statements include the interest of the company in joint ventures, which have been accounted for using the proportionate consolidation method of accounting and reporting whereby the company's share of each asset, liability, income and expense of a jointly controlled entity is considered as a separate line item.
- The Consolidated Ind AS Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the company's

separate financial statements except as otherwise stated in the notes to the accounts.

Use of estimates and judgements

The preparation of the financial statements in conformity with Ind-AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The actual result may differ from such estimates. Estimates and changes are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements pertain to:

Useful lives of property, plant and equipment and intangible assets: The Company has estimated useful life of each class of assets based on the nature of assets, the estimated usage of the asset, the operating condition of the asset, etc. The Company reviews the useful life of property, plant and equipment and Intangible assets as at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Income-tax: Deferred tax assets are recognized to the extent that it is regarded as probable that deductible temporary differences can be realized. The Company estimates deferred tax assets and liabilities based on current tax laws

and rates and in certain cases, business plans, including management's expectations regarding the manner and timing of recovery of the related assets. Changes in these estimates may affect the amount of deferred tax liabilities or the valuation of deferred tax assets and thereby the tax is charge in the Statement of Profit or Loss.

Provision for tax liabilities require judgements on the interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Therefore, the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the Statement of Profit or Loss.

Defined benefit plans: The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

Significant Accounting Policies

1. Property, Plant and Equipment (PPE)

- Items of Property, Plant and Equipment are valued at cost of acquisition inclusive of any other cost attributable to bringing the same to their working condition less accumulated depreciation and any accumulated impairment losses.
- PPE retired from active use and held for disposal are stated at the lower of carrying amount or net realizable value and are shown separately in the financial statements, the loss determined, if any, is recognized in the Profit & Loss Statement.
- In cases where receipts/scrutiny of final bills of the Contractors/suppliers, settlement of the rates to be paid for extra items and price escalation etc. are pending, the capitalization is effected provisionally, based on the value of work completed as certified by the Project Engineers. The difference, if any, is proposed to be accounted for in the year in which the final bills are settled.
- Depreciation on PPE is provided on pro-rata basis on the Straight Line Method "over the estimated useful life of the PPE" as per Companies Act, 2013, and as assessed by the management is as under:

23	Leasehold land is amortised over the period of Lease				

2. Intangible Assets

Intangible Assets (Software) are stated at their cost of acquisition less accumulated amortisation and accumulated losses. Intangible Assets (Software), cost are amortized over a period of legal right to use or 3 years, whichever is earlier.

3. Impairment of assets

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the greater of

an asset's fair value less sale costs and value in use.

4. Investments in Subsidiaries

Investments in subsidiaries are accounted at cost less impairment losses, if any.

If the intention of the management is to dispose the investment in near future, it is classified as held for sale and measured at lower of its carrying amount and fair value less costs to sell.

5. Inventories

Stocks and stores including stock of crockery, cutlery, glassware and linen, etc., in hand as well as in circulation are valued at cost on FIFO basis or realizable value whichever is less.

6. Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are exclusive of GST and net of returns, trade allowances, rebates, value added taxes and amounts collected on behalf of third parties.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and the specific criteria have been met for each activity as described below.

a. Sale of Goods:

When the property and all significant risks and rewards of ownership are transferred to the buyer and it is probable that the economic benefits associated with the transaction, i.e., the sale of goods, will flow to that entity.

b. Services rendered:

Revenue is recognised upon rendering of the service, provided pervasive evidence of an arrangement exists, tariff / rates are fixed or are determinable and collectability is reasonably certain. Revenue comprises sale of rooms, food and beverages and allied services relating to hotel operations, including management and operating fees. Rebates and discounts granted to Customers are reduced from revenue. Revenue recognition of other major business activities:

- Income from guest accommodation is recognised on a day to day basis after the guest checks into the Hotel.

Income stated is exclusive of taxes collected.

- Income from services rendered in respect of projects /license fees/management fee are accounted for (exclusive of service tax/ GST) as per terms of the agreement. However, when realisation of such service charges/fees is not probable and there is no reasonable certainty of collection, in such cases revenue is booked only on ascertainment of reasonable certainty.
- Income from Projects is recognized on the percentage of completion method including in respect of cost plus/deposit/turnkey/project management work. In terms of this method, revenue is recognized in proportion to the actual costs incurred as against the total estimated cost of project under execution. The determination of revenues under this method involves making estimates, some of which are of technical nature, concerning, where relevant, the percentages of completion, costs of completion (including cost of rejection), expected revenues etc.
- In cases where the Company collects consideration on account of another party, it recognises revenue as the net amount retained on its own account.

- Interest income is recognised using the effective interest rate (EIR). Interest income, other than management fees income/ interest on loans and advances from subsidiary companies, are accounted for on ascertainment of reasonable certainty, i.e., on receipt of funds or on receipt of Tax deduction certificate, because of liquidity problem in those companies referred to in (b) above
- Dividend Income is recognised when the Company's right to receive the amount is established.
- Damages on overdue amounts recoverable from licensees are accounted for on ascertainment of reasonable certainty.
- Supplementary claims including insurance claims are accounted for on acceptance/receipt basis.

7. Employees' Benefits

Liabilities in respect of benefits to employees are provided for as follows:

a. Short-term employee benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as Short Term employee benefit obligations in the balance sheet.

ESI is provided on the basis of actual liability accrued and paid to authorities.

b. Post-employment obligations:

i. Defined Benefit Plans:

Gratuity and Post-Retirement Benefits Plans- The defined benefit obligation is calculated annually by actuary using the projected unit credit method. Re-measurement gains and losses arising from experiences, adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. The value of the defined benefit obligation resulting from plan amendments or curtailments is recognised immediately in profit or loss as past service cost.

ii. Defined Contribution Plans:

Provident Fund - The Company transfers provident fund contributions to the trust recognised for maintenance of the fund. These are recognised as and when they are due.

c. Other Long Term Employee Benefits:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The Company measures the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of

the unused entitlement that has accumulated at the end of the reporting period. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

8. Foreign Currency Translation/ Transaction

Transaction in foreign currencies is recorded at the exchange rate prevailing on the date of the transaction.

Foreign currency denominated monetary assets and liabilities are translated into the functional currency at exchange rates in effect at the end of each reporting period. Foreign exchange gains or losses arising from settlement and translations are recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at exchange rate prevailing at the date of transaction.

9. Provisions, Contingent Liabilities and Contingent Assets

a. Provisions involving substantial degree of estimation in measurement

are recognized when there is a present obligation as a result of past events and it is probable that there will be outflow of resources.

- b. Where as a result of past events, there is a possible obligation that may, but probably will not, require any outflow of resources, no provision is recognized but appropriate disclosure is made in the notes as Contingent Liabilities.
- c. Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are revised at each Balance Sheet date and adjusted to reflect the current management estimate.
- d. Contingent assets are disclosed where an inflow of economic benefits is probable.
- e. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.
- f. However, where the effect of time value of money is material, the amount of provision shall be the present value of the expenditure expected to be required to settle the obligation.
- g. Capital commitments and Contingent liabilities disclosed are in respect of items which exceed ₹ 100,000/- in each case.

10. Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through a sale rather than through continuing use. Such assets, or disposal groups, are generally measured

at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss post tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

11. Income tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax

Current tax expenses are accounted for in the same period to which the revenue and expenses relate. Provision for current Income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised

amounts and there is an intention to settle the asset and the liability on a net basis.

Additional Income tax that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

Deferred tax

Deferred tax is recognized using the balance sheet method, providing for temporary difference between the carrying amount of an asset or liability in the balance sheet and its tax base.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences are either realised or settled, based on the laws that have been enacted or substantively enacted by the end of reporting period.

A deferred tax asset is recognized to the extent that it is probable that the future temporary difference will reverse in the foreseeable future and the future taxable profit will be available against which the temporary difference can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent that it is probable that the Company will pay normal Income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer probable to the effect that the Company will pay normal Income tax during the specified period.

12. Borrowing Cost

- Borrowing Costs if any, directly attributable to the acquisition/ construction of qualifying assets are capitalized as part of the cost of the respective assets.
- Other borrowing costs are expensed in the year in which they are incurred.

13. Government Grants

- Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.
- Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
- Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the useful lives of the related assets and presented within other income.

14. Financial Instruments

Recognition, Initial Measurement and de-recognition

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit

or loss (FVTPL) which is measured initially at fair value. Subsequent measurement of Financial Assets and Financial Liabilities are described below:-

Classification and Subsequent Measurement of Financial Assets

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Amortized Cost
- Financial assets at FVTPL

All financial assets except for those at FVTPL are subject to review for impairment.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

The Company's cash and cash equivalents, trade and other receivables fall into this category of financial instruments.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For receivables, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized

from initial recognition of the receivables.

De-recognition of Financial Instruments

Financial Assets are derecognised when the contractual rights to the cash flows from the Financial Assets expire, or when the Financial Assets and all substantial risks and rewards are transferred. A Financial Liability is derecognised when it is extinguished, discharged, cancelled or expires.

15. Exceptional Items

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the company. Exceptional items can include, but are not restricted to, gains and losses on the disposal of assets/ investments.

16. Cash and Cash Equivalent

Cash and cash equivalents comprise cash at bank and on hand. It includes term deposits and Other short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

17. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the group and makes strategic decisions and have identified business segment as its primary segment.

18. Cash Flow Statement

Cash Flow Statement, as per Ind AS 7, is prepared using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

19. Earning per share

- Basic earning per share: Basic earning per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by weighted average number of equity shares outstanding during the period.
- Diluted earning per share: Diluted earning per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows are set out in the following notes.

Exemptions and exceptions availed

The applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS is given below:

A. Ind AS optional exemptions

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its Property, Plant and Equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed costs as at the date of transition after making necessary adjustments. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has elected to measure all of its Property, Plant and Equipment and Intangible Assets at their previous GAAP carrying value.

Investment in subsidiaries and joint venture

Ind AS 101 permits a first time adopter to elect to continue with the carrying value for all its investments in subsidiaries, joint ventures and associate companies as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Accordingly, the company has elected to measure the investment in subsidiaries and joint venture at previous GAAP carrying amount.

B. Ind AS mandatory exemptions

1. Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1st April, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP.

2. Classification and measurement of financial assets and liabilities

The classification and measurement of financial instruments will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing at the date of transition to Ind AS.

Financial assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstances existing at the date of transition, then, fair value of financial assets at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.

3. De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognized as a

result of past transactions was obtained at the time of initially accounting for those transactions.

The company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

- Recognise directly in retained earning any difference between that amount and the carrying amount of those assets at the date of transition to Ind AS determined under the entity's previous GAAP.

Notes to the First Time Adoption

1. Proposed Dividend

Under the previous GAAP, dividends proposed by the Board of Directors after the Balance Sheet date but before the approval of the financial statements were considered as adjusting events. Accordingly, provision for proposed dividend was recognized as a liability. Under Ind AS, such dividends are recognized when the same is approved by the Shareholders in the general meeting. Accordingly, liability for proposed dividend including dividend distribution tax of ₹ (1,548.45 lakh), as at 1st April, 2016 included under provision has been reversed with corresponding adjustment to retained earning. Consequently, the total equity has increased by an equivalent amount.

2. Revenue Recognition

Under Ind AS, where the company collects consideration on account of another party, it recognizes revenue as the net amount retained on its own account for services rendered in its Air Ticketing Business and hence revenue as

well as cost relating to consideration received on Others account has been reversed by ₹ (10,693.39 lakh) each.

Under Ind AS, where the company collects consideration on account of another party, it recognizes revenue as the net amount retained on its own account for services rendered. In case of Electricity Recovery from Licencees, only the administrative charges or service charges are considered a part of Other Income (Non-operational) and the cost recovered is adjusted in the Electricity Charges (Cost). There is no impact on the profit and loss statement or retained earning.

The company recognized its revenue relating to sale of tour packages on the basis of certainty of collection of the amount. In the previous GAAP, revenue regarding the sale of service could be recognized on the basis of Percentage of completion or Completion Method. In Ind-AS, revenue regarding the sale of service can only be recognized on the basis of Percentage

of Completion Method and hence revenue as well as cost relating to incomplete tours has been reversed by ₹ (0.23 lakh) and ₹ 0.18 lakh respectively as at 31st March, 2017.

3. Trade Receivable and Other Receivables

Consequent to the change in revenue recognition under Ind AS as stated above, the receivables from the Customers have also been reclassified from Trade receivables to other receivables under other financial assets. As a result of this change, the balance of trade receivables has decreased and other receivables have increased by ₹ 3704.56 lakh as at 31st March, 2017 (₹ 2216.77 lakh as at 1st April, 2016).

4. Other Long Term Financial Assets / Liabilities (Amortized cost instruments)

Items like security deposits, retention money and other financial items of long term nature have been treated under the category of amortized cost. These instruments are measured at fair value and the difference between the carrying value and the discounted value (Fair Value) are treated as loss & gain for assets and liabilities respectively. Accordingly, net Reversal of ₹ 77.69 lakh as at 31st March, 2017 (Previous Year ₹ 46.42 lakh) is made with consequential impacts on the profit and loss.

All deposits with statutory authorities, utility departments and the like for which the cash flows cannot be predicted with certainty have been excluded. Further, deposits with parties since years and the details of which are not traceable have been excluded. The same has valued at their nominal value.

5. Capital Work-in-Progress

Previously, expenditure incurred on projects which are under process of completion or are not yet completed is recognized in the Balance Sheet under the head Capital Work-in-progress as "Expenses attributed to projects pending allocation". Further, the provision for impairment is also provided against such expenses, if the probability of completion of the said project is less. As per Ind AS, Capital Work-in-progress should have "Allocable Expenditure attributable to projects" otherwise Un-allocable expenditure (if any) should be charged to the Profit & Loss. A net reversal of ₹ Nil as at 31st March, 2017 (Previous Year ₹ 27.67 lakh) is made with impacts on profit & loss and retained earning.

6. Loans given to Employees

Under the previous GAAP, loan to employees was measured at cost. Under the Ind AS, these

loans are considered as debt instruments and falls under the category of amortized cost. Since there were loans given to employees from whom there was no probability of recovery (employees retired and no longer with ITDC Ltd.), therefore its fair value is considered as nil. The difference between the carrying value and the fair value of ₹.35 lakh as at 31st March, 2017 (Previous Year ₹12.77 lakh) has been charged to Retained Earning.

7. Other Comprehensive Income

Under Ind-AS, all items of income and expense recognized in the period should be included in profit or loss for the period, unless a standard requires or permit otherwise. Items of income and expense that are not recognized on profit and loss but are shown in the Statement of profit or loss as "other comprehensive income" represents re-measurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

Actuarial gain/losses on defined benefit plans for employees were being recognized in Statement of profit or loss under previous GAAP. This is now being recognized in other comprehensive income. The net impact for year ending 31st March, 2017 is ₹ 93.78 lakh.

8. Prior-Period Items

As per Ind AS, the amount in the financial statements in respect of prior period adjustments are to be retrospectively restated as if a prior period error had never occurred and such event had occurred during the preceding period and accordingly presented in the financial statements. The net impact for year ending 31st March, 2017 is ₹ 200.31 lakh.

9. Deferred Tax

As per Ind AS, deferred tax has been recognized on the adjustments made on transition to Ind-AS. The impact of transition adjustments together with using balance sheet approach as per Ind-AS against profit and loss approach in the previous GAAP for computation of deferred tax has impacted the reserves by ₹ 33.23 lakh as at 31st March, 2017 (₹ 84.47 lakh as at 31st March, 2016), with consequential impacts on the profit and loss for the subsequent periods.

10. Other Equity

Other equity has been adjusted consequent to the above Ind AS transition adjustments for calculation of non-controlling interest.

The same has been considered as a part of discontinued operations in the financial statements for the year ended March 31, 2018.

- b. Assam Ashok Hotel Corporation Limited and Madhya Pradesh Ashok Hotel Corporation Limited:

The Company has transferred its Non-Current Investments - Equity Shares of Subsidiary Companies - Assam Ashok Hotel Corporation Limited (51% Equity of AAHCL) of ₹ 51 lakh and Madhya Pradesh Ashok Hotel Corporation Limited (51% Equity of MPAHCL) of ₹ 81.60 lakh on June 29, 2017 to their respective State Government. The Ministry of Tourism (MoT) communicated vide their letter dtd. June 14, 2017 the in-principle approval of the Government for transferring the property of Hotel Janpath to the Ministry of Urban Development (MoUD) and for compensating ITDC for loss of business opportunity with disputed liability to be sorted out.

The Ministry had proposed that "a tentative valuation of the business of ITDC has been calculated on the basis of Discounted Cash Flow assuming cash flows for 30 years on the basis of average net profit for 5 years and discount factor of 11% p.a. and a rough estimation was made for ₹5772.00lakh (net profit+depreciation). Value of land is not being considered."

Subsequently, it was decided by the Government to close the operations of Janpath Hotel, New Delhi and to handover

the land & building of Janpath Hotel to L&DO, MoHUA (erstwhile MoUD). Accordingly, the Land & Building was technically handed over to L&DO, MoHUA on 31-10-2017.

The matter was also discussed inter alia in 26th & 27th Inter Ministerial Group (IMG) meetings as under:

- In the 26th meeting of IMG dated 04.12.2017, it was deliberated that earlier the figure of ₹ 5772.00 lakh was mentioned on the basis of calculation of NPV at a discounting factor of 11% on average profit before depreciation of last 5 years as per the audited annual accounts of 2011-12 to 2015-16 of Hotel Janpath for a period of 30 years without applying any growth rate. Therefore, IMG decided that compounded annual growth rate (CAGR) of last 10 years i.e. from 2006-07 to 2015-16 of profit before depreciation may be applied on above said average profit of last 5 years before depreciation. IMG directed that ITDC may get the valuation done on this basis and obtain approval through circulation for the same.
- In minutes of the 27th meeting of IMG held on 27-12-2017 it was recorded that "The valuation of loss of business opportunity of Hotel Janpath was decided by the IMG in its meeting held on 04-12-2017. In this regard, DIPAM vide its letter dated 21-12-2017 has submitted that under the DCF methodology for calculation of NPV, Profit After Tax (PAT) is what is normally considered."

The Company requested the Ministry to convey the amount of compensation to be considered by ITDC in its Financial Statement. The working of the amount of compensation based on PBT as well as PAT was also communicated to MoT. The amount of compensation based on PAT was ₹14981.00 lakh and on PBT was ₹ 19303.00 lakh.

In response to the above letter, the Ministry conveyed that the amount of ₹ 5772.00 lakh was only an estimated figure and did not take into account the liabilities which are

yet to be firmed up. Further, the amount incurred towards VRS of employees due to closure of Janpath Hotel is to be kept under recoverables to be adjusted from the value when the same is finalised. The estimated compensation amount due to ITDC on account of loss of business opportunity in respect of Hotel Janpath, New Delhi, may therefore not be taken into account while finalising accounts of ITDC for the current financial year 2017-18 and may be included in the accounts for the financial year 2018-19.

In view of above, the VRS amount of ₹ 585.74 lakh has been kept under recoverables and nothing towards compensation for loss of business opportunity has been considered in the Financial Statements.

The engagement of above said TA was short-closed because subsequently it was decided to explore the possibility of Long-term leasing, DBFOT, PPP etc. The process for fresh appointment of Transaction Advisor is under finalisation.

l. Utkal Ashok Hotel Corporation Limited (UAHCL):

In case of Utkal Ashok Hotel Corporation Limited (UAHCL) the Letter of Intent (LOI) for long-term lease of the hotel property was issued to the bidder M/s Paulmech Infrastructure Pvt. Ltd. The PIPL filed a petition praying inter alia for quashing of ITDC's letter cancelling LOI which was dismissed by the High Court. PIPL further filed a Special Leave Petition before the Hon'ble Supreme Court of India challenging the High Court Judgement. On September 18, 2017, the Supreme Court has stayed the termination of LOI. The matter is pending in Supreme Court for further hearing.

In the process of disinvestment of various ITDC Subsidiary companies properties which is currently going on, the ITDC shareholding of three of the Subsidiary companies viz. Assam Ashok Hotel Corporation Ltd.; Madhya Pradesh Ashok Hotel Corporation Ltd. and Donyi Polo Ashok Hotel Corporation Limited have been already transferred to the respective State Governments and the sales proceeds as worked out by the Transaction Advisor on the basis of valuation of available business opportunity etc. have been received by ITDC which is more than the amount originally invested by ITDC in respective subsidiary companies. Moreover all outstanding trade receivables from these three Subsidiary Companies have also been fully cleared by them.

On the same analogy, the process of disinvestment / divestment of Utkal Ashok Hotel Corporation Limited, Punjab Ashok Hotel Company Limited & Ranchi Ashok Bihar Hotel Corporation Limited is also being carried out and as ITDC's equity / preference shares investment are considered good for recovery, no provision is considered necessary.
