MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economic Scenario

The Government continued with its reform agenda during the year, with the most notable ones being dynamic fuel pricing, Goods and Service Tax, Banking Regulation (Amendment) Bill, 2017 and announcement of PSU bank recapitalization plan, selling of stake and public listing under disinvestment scheme and liberalization of FDI policy. Demonetization, along with various measures taken to promote digital payment, boosted transactions through systems such as debit and credit cards, prepaid wallets, UPI, mobile banking, etc. The RBI in its Monetary Policy Report dated 5th April, 2018 has projected a GDP growth of 7.4% for FY2019, possibly rising to 7.7% in FY2020.

The second advance estimates of national income for FY2018 released by the Central Statistics Office (CSO) on 28th February, 2018 forecasted GDP Growth rate of 6.6% for the FY2018 down from 7.1% in FY2017 with the slowdown being attributed towards demonetization of Rs. 500 and Rs. 1000 notes w.e.f. November, 2016, rollout of GST, rising current account deficit (CAD), rising inflation and non-performing loans and their impact on the balance sheets and profit and loss accounts of Indian Public Sector Banks. With the sharp decline in surplus liquidity since October, 2017, market interest rates have been hardening. Bank lending rates have started rising since February, 2018. Given a longer term expectation of rise in interest rates, these may have their consequential impact on Growth.

Industry Structure and Developments

Non-banking financial institutions (NBFI)s are an important alternative channel of finance in India's bank dominated financial sector. Their role in promoting financial inclusion and catering to the needs of small businesses and specialized segments is an additional dimension of their relevance in the Indian context. Data published by the RBI in its Financial Stability Reports dated 30th June, 2017 and 21st December, 2017, show that the NBFCs have outperformed Scheduled Commercial Banks (SCBs) on growth in advances, asset quality and profitability. Moreover, the Regulations relating to governing Non-Banking Financial Companies (NBFCs) are being increasingly harmonized with those of banks to forge the right balance for financial stability while encouraging them to focus on specialized areas.

Credit is considered as a vital ingredient in economic growth process. Double-digit growth in credit extended by NBFCs has

improved resilience and stability of the economy by filling up the financing gap opened up by the muted bank credit growth from 2014-15. NBFCs specialize in catering to sector-specific financial needs covering retail; consumer and vehicle loans; micro, small and medium enterprises (MSMEs); large industry / infrastructure; and micro finance among others. A significant growth in credit to retail and services segments also underlines their increasing role in financial inclusion. Industry receives about 60 per cent of total credit by NBFCs, followed by retail, services and agriculture. We are pleased to report that "Systemically Important Non-deposit taking NBFCs" (NBFCs-ND-SI) constitute 86 per cent of the total assets of the NBFC sector.

(Source: RBI Report on Trend and Progress of Banking in India-NBFI)

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the

Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure - A to the Auditors' Report**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting of Nahar Capital & Financial Services Limited ("the Parent Company") and as based on the report of statutory auditors of associate company, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Parent Company and its associate company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal

Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in

accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisation of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Parent Company and as based on the report of statutory auditors of associate company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
