CHAIRMAN AND MANAGING DIRECTOR'S MESSAGE

Dear Shareholders,

It is truly a pleasure to present to you the second annual report of your company post our IPO in FY 18; which was one of the largest ever witnessed in the pharmaceutical industry. We recently completed our first year of being a listed company and it gives me great joy to share that the immense faith our shareholders and the financial community have demonstrated in our business model has ensured that we are in the Top 25 highest market capitalisation companies in the pharmaceutical sector today. Moving ahead on this progressive trajectory, Eris is well poised to herald in the next phase of growth, boosted by its own robust fundamentals and tailwinds in the Indian Pharmaceuticals Market ("IPM").

The IPM witnessed many developments in the year gone by. While the industry overcame disruptions like the GST and demonetisation and apprehensions around regulatory and policy overhang, it also has its share of opportunities and tailwinds.

The country, often colloquially referred to as the diabetes and blood pressure capital of the world, is today more than ever saddled by lifestyle related disorders. Changing lifestyle and rapid urbanisation has led to the average age for incidence of chronic diseases decreasing alarmingly. Increasing amount of research is being dedicated to understand the link of this high and ever increasing incidence of chronic diseases -diabetes, early puberty, PCOS, PCOD, infertility- to, among other things, generations of malnourished mothers. A major challenge for the nation is to effectively manage this burden of metabolic diseases and nutritional deficiency. Among other trends that we observe is an increased awareness leading to the trend of healthy people who want to remain healthy and productive. In this backdrop, increased penetration of health insurance, the herald of which is going to be the National Health Protection Mission or Ayushman Bharat, will be a growth

driver for the pharma and healthcare industry, as it paves way to a more efficient diagnostic infrastructure and delivery ecosystem. Technology will also increasingly be used as an enabler to deliver better healthcare outcomes. Our unique patient care initiative platform is a case in point where technology is extensively becoming the impetus that drives the business forward.

Highlights of FY 18

Eris recorded Revenue from Operations of INR 8,556 million; a year-on-year growth of 14.2%. While our acquired businesses contributed to the growth in revenue, the growth was broad based across therapy areas and was driven by our consistent focus on patient engagement initiatives and robustness of products in our top mother brands.

For FY 18, EBITDA margins saw an expansion to 37.6% of Revenue from Operations from 35.9% in FY 17. Net profit margin was 34.3% in FY 18 compared to 32.9% in FY 17. The expansion in margins was mainly attributable to operating efficiency demonstrated consistently through a scalable and tax efficient business model.

During the year we also undertook strategic acquisitions, which include:

- Acquiring the Indian Branded Domestic Formulations business of Strides Shasun Ltd. The acquisition provides us with enhanced visibility in Neurology, Psychiatry, Nutraceuticals and Women Healthcare therapeutic areas.
- Acquiring the entire shareholding of UTH Healthcare Ltd, largely engaged in the segments of Obesity, Diabetes, Gestational diabetes mellitus and Maternal Nutrition

In addition to these, we are actively exploring new acquisition and in-licensing opportunities to further strengthen our product offerings and diversify to newer therapeutic areas. Consolidation of the existing therapy

areas and their further expansion through new launches, in-licensing, entering new therapy areas and acquisitions form the core of our strategy to take the company ahead and maximise shareholder value.

With this, I also wish to thank and appreciate all our stakeholders who have partnered with us and continue to support us going forward.

Warm regards,

Amit Bakshi

Improving Health Outcomes...

HELPING BRIDGE GAP IN CARDIOVASCULAR CARE...

India has the highest number of hypertension patients in the world, and is often called the hypertension and diabetes capital of the world. Recognising our role as a responsible partner in the healthcare delivery ecosystem, we launched a hypertension management initiative that engages with clinicians and patients to manage this disease burden more efficiently.

Our ABPM on Call initiative has supported over 3,800 doctors and 36,500 patients as of March 2018 while the Holter on Call has supported over 2,200 doctors and 18,000 patients. In addition, our Eritel Sleep Study on Call, highlighting the links between cardiac diseases and sleep disorders, has till date supported over 850 clinicians and 3000 patients to meet the changing needs of cardiovascular care.

... AND DIABETES MANAGEMENT

In our nation, the menace of diabetes, often dubbed a silent killer, needs not just focused attention from the clinicians but also constant counselling of the patients to help them cope with the burden. Better diagnostic set-up and counselling support can help patients lead better lives while helping the clinicians improve health outcomes.

Recognising this opportunity to be a part of the nation's journey to a healthier tomorrow, we launched the Tendia Diabetes Companion, an extensive initiative that aims to help more and more people receive better diabetes care.

To date, Eris has supported over 3,800 clinicians and over 500,000 patients through various initiatives like CGM on Call and Tendia Vascular Screening.

largest ever data in India on hypertension

1 out of every 3 Indians suffers from hypertension. Only 1/3rd of these are diagnosed, and only 1/5th of those diagnosed have their disease controlled through treatment. Unfortunately, despite the huge burden of incidence, there is a lack of extensive, validated data that can give us detailed insights about the prevalence of hypertension.

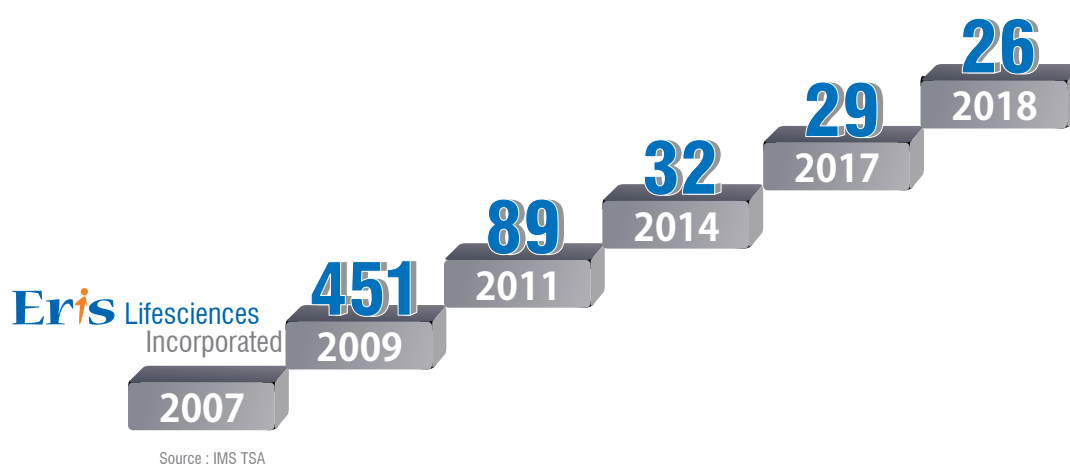

Understanding the prevalence of white coat or masked hypertension and related cardiovascular risks will immensely help the entire healthcare provider community to manage the disease better.

Eris has undertaken a study to generate the first biggest epidemiological data in the country on prevalence of hypertension.

Dividend Distribution Policy

INTRODUCTION

In accordance with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, Eris Lifesciences Limited ('Company'), has formulated this 'DIVIDEND DISTRIBUTION POLICY' ('Policy').

The Board of Directors ('Board') of the Company has adopted this policy in their meeting held on 12th February, 2018.

OBJECTIVE

The Policy has been formulated:

- To provide guidance for making a decision for declaration of dividend by the Company so as to seek a balance in the dual objectives of appropriately rewarding shareholders through dividends and retaining profits in order to maintain a healthy capital adequacy ratio to support future growth.
- Convey the above to the stakeholders for transparency and fair expectations.

FACTORS THAT SHALL BE CONSIDERED FOR DECLARATION OF DIVIDEND

Financial parameters and internal factors

- Net profit earned by the Company
- Profit available for distribution (profit of previous years available)
- Liquidity requirement of the Company
- Any current project requirement –whether business related or acquisition/ merger/ joint venture
- Earnings Per Share (EPS)
- Working capital requirements
- Capital expenditure requirement
- Business expansion and growth
- Likelihood of crystallization of contingent liabilities, if any
- Additional investment in subsidiaries and associates of the Company
- Upgradation of technology and physical infrastructure
- Creation of contingency fund
- Acquisition of brands and business
- Cost of Borrowing
- Past dividend payout ratio/ trends
- Any other factor as thought fit by the Board

External factors

- Economic environment
- Capital markets
- Global conditions
- Dividend payout scenario in the industry
- Legal and regulatory provisions and guidelines
- any events such as strikes and lock outs

THE CIRCUMSTANCES UNDER WHICH THE SHAREHOLDERS OF THE COMPANY MAY NOT EXPECT DIVIDEND

The Company shall not declare or distribute any dividend wherein:

- Funds are required for On-going / proposed expansion plan;
- Funds are required for On-going / proposed project requiring large capital outflow;
- Requirement of high working capital;
- Re-payment of outstanding loan, if so decided by the Board;
- Loss/ inadequate profit is made by the Company;
- Covenants with lenders/ Debenture trustees, if any, providing anything to the contrary
- The Board decides so, after analyzing the circumstances

POLICY AS TO HOW THE RETAINED EARNINGS SHALL BE UTILIZED

The Board may retain its earnings in order to make better use of the available funds and increase the value for the stakeholders in the long run. The Board may consider the following factors while deciding the amount of earnings that need to be retained:

- To meet working capital requirement(s)
- Market expansion plan(s)
- Product expansion plan(s)
- Increase in production capacity(s)
- Modernization plan(s)
- Diversification of business
- To fund new acquisitions, mergers & investments
- To maintain adequate liquidity levels
- Replacement of capital assets
- Re-payment of outstanding loan, if so decided by the Board
- Creation of reserves/ statutory reserves in accordance with law
- Such other criteria as the Board may deem fit from time to time.

PARAMETERS THAT SHALL BE ADOPTED WITH REGARD TO VARIOUS CLASSES OF SHARES

Since the Company has issued only one class of equity shares with equal voting rights, all the members of the Company are entitled to receive the same amount of dividend per share. The Policy shall be suitably revisited at the time of issue of any new class of shares depending upon the nature and guidelines thereof.

PROCEDURE FOR DIVIDEND PAYOUT

The Dividend shall be paid out following the procedure in accordance with the provisions of the Companies Act, 2013, SS-3 issued by ICSI, SEBI Guidelines and any other applicable law.

DISCLOSURE

The Dividend Distribution Policy shall be disclosed in the Annual Report and on the website of the Company: <http://eris.co.in/>

POLICY REVIEW AND AMENDMENTS

This Policy would be subject to modification in accordance with the guidelines / clarifications as may be issued from time to time by relevant statutory and regulatory authority. The Board may modify, add, delete or amend any of the provisions of this Policy. Any exceptions to the Dividend Distribution Policy must be consistent with the Regulations and must be approved in the manner as may be decided by the Board of Directors.

ANNUAL REPORT ON CSR ACTIVITIES

[Pursuant to Section 135 of the Companies Act, 2013]

BRIEF OF THE COMPANY'S CSR POLICY:

While the Company continues to expand and grow in its sector of business, it has not lost sight of its commitment to play its role as an enlightened corporate citizen. Corporate Social Responsibility has always been on its agenda.

The Company's focus areas under CSR are:

- Preventive Medical Screening
- Education
- Environment

The CSR Policy has been put up on the Company's Website and can be accessed through the following link: <http://eris.co.in/policies>.

THE COMPOSITION OF THE CSR COMMITTEE:

The CSR committee of the Board is responsible for overseeing the execution of the Company's CSR policy.

The composition of the CSR Committee of the Company as on 31.03.2018 was:

Sr. No.	Name of the Director (and designation in relation to membership of the committee)	Executive / Non-executive	Independent /Non-independent
1	Mr. Inderjeet Singh Negi – Chairperson	Executive	Non-Independent
2	Mr. Himanshu Shah - Member	Executive	Non-Independent
3	Dr. Kirit Shelat- Member	Non-Executive	Independent

TOTAL NET PROFIT OF THE COMPANY FOR LAST THREE FINANCIAL YEARS:

- Rs. 4911.25 Million

AVERAGE NET PROFIT OF THE COMPANY FOR LAST THREE FINANCIAL YEARS:

- Rs. 16,37.08 Million

PRESCRIBED CSR EXPENDITURE :

- Rs. 32.74 Million (2% of Average Net Profit)

DETAILS OF CSR SPENT DURING THE FINANCIAL YEAR:

- Total amount to be spent for the financial year: Rs. 32.74 Million
- Total amount spent during the financial year: Rs. 7.29 Million
- Amount unspent: Rs. 25.45 Million

Manner in which the amount spent during the financial year is detailed below:

S.No	CSR project or activity identified	Sector in which the Project is covered.	Projects or Programs 1. Local Area or Other 2. Specify the State and district where projects or programmes were undertaken	Amount Outlay (budget) project or programmes wise	Amount spent on the projects or programmes Subheads : (1) Direct Expenditure (2) Overheads	Cumulative Expenditure upto the reporting period	Amount Spent: Direct or through implementing agency*
1	Preventive Medical Screening at public places	Schedule VII (i) i.e. Preventive Healthcare	Gujarat (Ahmedabad) and Maharashtra (Mumbai)	Rs. 32.74 Million	Rs. 7.29 Million	Rs. 7.29 Million	Both, Implementing Agency namely Eris Foundation

* Give details of implementing agency:

Eris Foundation is a public charitable trust formed under The Bombay Trusts Act, 1950 (Registration No.:E/19081/Ahmedabad) and having applicable registrations under the Income Tax Act, 1961. It has been in existence since 2009.

THE REASONS FOR UNSPENT AMOUNT:

A marked increase in the utilisation in the CSR spend compared to the last year is apparent from the financials. The initial gestation of the project taken up for execution has approached its completion in the year under review. About four-fold increase in site approvals can be fairly expected during the current year which has been because of our demonstrated CSR performance at the sites initially approved by the authorities. The company has now consciously opted to focus on the project involving 'screening of population for possible ailments which do not usually manifest in visible symptoms' after having unsuccessfully tried a few others like 'diabetic foot'. Though, the CSR budget remained unspent to a large extent yet the year has been significant since it has strongly established the viability and workability of the CSR project that has been taken up all the while contributing to the capacity building required for scaling up and forging meaningful collaborations with the authorities for smooth roll out at larger scale. The fruits of these intangible accomplishments during the year under review can well be expected to be realised during the current financial year.

A RESPONSIBILITY STATEMENT OF THE CSR COMMITTEE

We hereby affirm that the CSR policy, as approved by the Board, has been implemented and the CSR committee monitors the implementation of the CSR projects and activities in compliance with the Company's CSR objectives.

* Includes sitting fees paid to Non-Executive Directors.

** Since amount of sitting fees for attending Board / Committee meetings does not change, % increase/(decrease) in remuneration not given and stated as nil.

2. The percentage increase in the median remuneration of employees in the financial year: 14.22%
3. The number of permanent employees on the rolls of company: ~2612
4. Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration:

The percentile increase in the remuneration of employees other than those constituting managerial remuneration has been 10.33% which is lower than the increase in managerial remuneration 45.95%. The increase in the remuneration of field staff is made as per their sales performance as per a documented increment structure uniformly applied to the field staff. The managerial function is concerned with more critical issues which influence and determine the survival, continued growth, and the business direction for the company. The managerial talent is scarce and hence its retention is even more important. Managerial personnel form executive management and remain accountable to all the stakeholders of the company for business performance as well as corporate governance and therefore need to demonstrate balance of judgement and mature decision making in the backdrop of fast changing and increasingly complex industry landscape. These reasons justify the higher increase in the managerial remuneration.

5. Remuneration of Directors, KMP and other employees is in accordance with the Company's Remuneration Policy.

MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMIC OVERVIEW

The World Economic Overview, April 2018 published by the International Monetary Fund projects India to grow by 7.4% in 2018 and 7.8% in 2019. This makes it the fastest growing economy, ahead of China and Russia. The country's central bank, The Reserve Bank of India, in its most recent Monetary Policy Review in August 2018, retained the growth forecast for 2018-19 at 7.4%. The growth forecast overcame transitory effects of the disruptions caused by the demonetisation drive and implementation of the Goods and Services Tax (GST) in June 2017 and is supported by strong private consumption growth. The upgrade this year of India's rating to Baa2 from Baa3 by the US based credit rating agency Moody's on the basis of continued progress on economic and institutional reforms pursued by the Government is a major boost to investor confidence.

INDIAN PHARMACEUTICALS MARKET

The Indian Pharmaceutical Industry (IPM) with a market size of INR 1,218 billion grew at the rate of 11.0 % between FY 13 and FY 18. India which is primarily a prescription-based market is dominated by domestic pharmaceutical companies. Their share in the aggregate revenues of the industry was 79.3% in March 2018. In FY 18, top 300 brands accounted for 30.2% of market share. Chronic therapy areas contributed 35% while acute therapy areas constituted to 65% to the industry's revenues. (Source: IMS TSA MAT Mar 2018)

COMPANY OVERVIEW

Eris Lifesciences Ltd, engaged in manufacturing, marketing and distributing branded formulations in the Indian market, is one of the youngest and fastest growing companies in the IPM. It has presence in high growth chronic and acute therapeutic areas that require high intervention of specialists and super specialists.

In a market like India that is predominantly prescription-based, the company holds dominant positions in key specialty areas such as cardiology, diabetology, endocrinology etc. The business model stands strong on the basis of core fundamentals that have consistently delivered over the last decade.

The company's strong therapy area and brand focus is central to the business model. It has a portfolio of 142 mother brands that are promoted by a team of 1,970 medical representatives across India. The Top 15 mother brands contributed 74.2% to its revenues in FY 18 and enjoy leading market positions in their respective therapeutic areas. The focused strategy has enabled the company to reach Rank 26 in revenue in the IPM. This year the company started 2 new divisions in the high growth therapy areas of Neurology and Psychiatry as well as IVF.

Operating efficiency remains the second fundamental. The company has consistently delivered robust growth in revenues with a CAGR of 16.8% over FY 13 to FY 18. For the same period the IPM grew with a CAGR of 11.0%. The growth in revenue came while the profit and return margins also expanded - EBITDA for the same period grew at CAGR of 30.2% (from 21.9% of revenue in FY 13 to 37.6% of revenue in FY 18) while Net Profit for the same period grew at a CAGR of 38.2% (from 14.9% of revenue in FY 13 to 34.4% of revenue in FY 18).

The most significant impetus to the company's goodwill remains its unique patient care initiatives. These initiatives, across all of its major therapy areas, are created with the vision of enabling the healthcare community improve health outcomes. They understand that the nation is burdened with an incredible prevalence of lifestyle induced diseases and at the same time faces a lack of an adequate set-up that can ease the management of this burden. This set-up can be in the form of something as simple as counselling patients to cope with the challenges of the disease or latest diagnostics that meet globally accepted guidelines, so as to help clinicians in their objective of adding to the patients' well-being. Recognising its role as a responsible partner in the healthcare delivery ecosystem, the company launched a hypertension and diabetes management initiative that engages with clinicians and patients to manage this disease burden more efficiently.

Its ABPM on Call initiative has supported over 3,800 doctors and 36,500 patients as of March 2018 while the Holter on Call has supported over 2,200 doctors and 18,000 patients. In addition, its Eritel Sleep Study on Call, highlighting the links between cardiac diseases and sleep disorders, has till date supported over 850 clinicians and 3000 patients to meet the changing needs of cardiovascular care. For diabetes management, Eris has supported over 3,800 clinicians and over 500,000 patients through various initiatives like CGM on Call and Tendia Vascular Screening.

REVIEW OF OPERATIONS

FINANCIAL PERFORMANCE

Revenue from Operations:

For the year under review, the company's Revenue from Operations increased by 14.2% to INR 8556 million from INR 7495 million in FY 17. The company's acquired businesses contributed significantly to the growth in revenue.

For the same period, the IPM grew by 6.3%. FY 18 has witnessed one of the lowest growth in IPM in the last 15 years. This is owing mainly to the disruptions caused by the introduction of the Goods and Services Tax (GST). A unified, consumption-based tax on the supply of selected goods and services, the GST was officially implemented by the Government of India on 1 July, 2017. The GST system is applicable on most of the commercial supplies including the healthcare and pharma industry products and services. While the industry experienced some implementation hiccups like disruption in channel inventory levels, non-clarity regarding treatment of expired goods etc. it appears to have now safely navigated the transitory disruptions. It appears that the blip in growth witnessed in the year gone by will be compensated in the current year, thereby normalising the average growth rate for the last 2 years.

The Chronic category of the IPM constituted 62.4% of the company's revenues in FY 18 (Source: IMS TSA MAT March 18). The company is ranked 20th out of 395 domestic and multinational companies present in the chronic category of the IPM, in terms of revenues for FY 18 (Source: IMS TSA MAT, March 2018).

The company has generated 37.6% of its revenues from the acute category of the IPM in FY 18. Revenues from the acute category grew at a CAGR of 14.1% between FY 13 and FY 18 (Source: IMS TSA MAT, March 2018).

The company's therapy area wise revenue mix saw 29.3% of its revenues coming from Cardiovascular therapy area, growing at a CAGR of 20.2% over FY 13 to FY 18; 28.1% from anti-diabetes area, growing at a rate of 28.9%; 14.8% from Vitamins, Minerals & Nutrients, growing at a rate of 10.1%; 8.1% from Gastro Intestinal; growing at a rate of 6.1%; and 19.7% from other therapy areas, growing at a rate of 27% (Source: IMS TSA MAT March 18).

Earnings before Depreciation, Amortisation, Interest and Taxes (EBITDA):

The company earned INR 3220 million of EBITDA in FY 18 as against INR 2691 million in FY 17, a growth of 19.7%. The increase in the EBITDA margins to 37.6% of revenues in FY 18 from 35.9% in FY 17 was mainly due to improvement in Other Expenses from 32.6% of revenue in FY 17 to 28.3% of revenue in FY 18.

Finance Costs:

The company incurred finance costs of INR 106 million for FY 18 as against INR 10 million in FY 17. These mainly pertain to the borrowings related to the strategic acquisitions during the year.

Tax Expenses:

The tax expenses for FY 18 were INR 173 million. The manufacturing facility in Guwahati, Assam enjoys Income Tax exemption till FY 24. The company incurs income tax expenses under the Minimum Alternate Tax provisions. The company created deferred tax liability mainly for depreciation differences.

Net Profit:

Net profit for FY 18, at 34.5% of revenue, was INR 2950 million, increasing by 19.5% over FY 17.

Debt Equity:

The net borrowings (borrowings less treasury investments) of the company remain nil.

STRATEGIC ACQUISITIONS

In addition to growing its organic business, the company entered into two strategic acquisitions to gain access to new formulations businesses, products and markets. In October 2017, the company acquired the entire shareholding of UTH Healthcare Ltd (UTH) for an all-cash consideration of INR 129 million. UTH is largely engaged in the segments of Obesity, Diabetes, Gestational Diabetes Mellitus and Maternal Nutrition and Cardiovascular Diseases. The acquisition provided the company with a portfolio of products that complements its other offerings.

Also, in December 2017, the company acquired the Indian branded formulations business of Strides Shasun Ltd (Strides) for an aggregate cash consideration of INR 5000 million. With this acquisition, the company acquired the marketing and distribution rights for India for 130+ brands in the Neurology, Psychiatry, Nutraceuticals and Women Healthcare therapy areas.

The company is aggressively looking into entering into partnerships with national and multinational partners in varied areas with the intent of improving its product offerings in tune with global medical developments in the industry.

It is negotiating a strategic tie up with Microlife for a nationwide distribution of their WatchBP range of devices. The clinic variant of these devices has been validated against intra-arterial blood pressure measurement which is considered the gold standard for central blood pressure measurement. The 'Office' variant of these devices is used by clinicians for patient care while the 'Home' variant is used by patients for home blood pressure monitoring.

The company is at an advanced stage for commencement of distribution of dermatology range of products of Biopelle USA in India. The products offer unique personalised/ customised solutions for dermatological conditions.

The company has, in association with Batra Hospital and the Heart Care Foundation of India, initiated a clinical study, 'The India Heart Study', for documenting the prevalence of hypertension, white coat and masked hypertension and related cardio vascular risks factors in India. The study by virtue of its scale and uniqueness may provide eye opening conclusions about the need for addressing the malaise of hypertension in India.

MARKETING DIVISIONS

The company's 9 marketing divisions continue to strengthen its marketing and distribution capabilities through separate marketing strategies.

MANUFACTURING

The Company has a state-of-the-art manufacturing facility at Guwahati, Assam. For FY 18 and FY 17, products manufactured at the facility contributed to 65.9% and 77.9% of its revenues, respectively. The facility is currently utilised on a single shift basis and is expandable to triple shifts. The facility enjoys fiscal benefits in terms of Income Tax exemption till FY 24 and GST subsidies till FY 25.

For FY 17 an additional 18.7% was contributed by products manufactured through the manufacturing facility of its erstwhile partnership firm, M/s Sozin Flora Pharma ("Sozin"). The company was a partner in Sozin up to August 31, 2016, and pursuant to its retirement, transitioned certain products manufactured at the Sozin manufacturing facility to its Assam Facility.

The company ensures that all manufacturing facilities (owned or contracted) availed for sourcing its products comply with Good Manufacturing Practices (GMP) stipulated by the statutes and administered by the state level food and drug administrations, Central Drug Standard Control Organisation of India (CDSCO) and other regulatory agencies. The company assures the quality of its products for the entire duration of the shelf life of the product, whether manufactured by themselves or its third party vendors. The company also complies with all environmental norms imposed by the authorities.

HUMAN RESOURCES

As on March 31st, 2018 the company had a robust and diverse workforce of 3,266 employees - including 1,970 medical representatives and 845 field managers - who are the company's greatest strength and play a key role in strengthening its market share in the highly competitive industry. The company has undertaken various Human Resource initiatives during the year:

- developing a leadership & succession framework to create a robust leadership pipeline for top critical roles in Eris
- strengthening hiring processes to hire highly motivated and efficient employees
- training around 600 field staff at the head office through various induction and skills enhancement programs and managers with "trainers' skill" by organising "Train the trainer" with Dale Carnegie.
- creating an engaged workforce by organising various employee engagement events during the year.

These initiatives have enhanced the company's operational excellence and productivity while enabling the employees to have a structured plan for career development. The employees are periodically provided information on the changing regulations to keep them updated and ensure the company maintains high compliance standards. The company has maintained cordial relationship with its employees ensuring smooth flow of operations.

DISTRIBUTION NETWORK

The company's strong and efficient distribution network consisting of 2 central ware houses, 24 CFAs/consignees and over 1800 stockists enables it to reach out to over 500,000 chemist outlets across the country.

INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company has internal control systems commensurate with the nature, size and complexity of its business operations. These systems facilitate the optimum use and protection of resources while ensuring accuracy in recording financial transactions, authorised use of assets and compliance with all statutes and laws. The Company also has a comprehensive Code of Business Conduct which lays down the ethical standards expected from each of its employees and business associates in their everyday actions.

The Company is required to have both internal and external auditors. The internal audit department undertakes audit on a periodic basis; identifies control deficiencies, if any, along with any other area meriting improvement, flags-off significant observations and makes recommendations to the operational management for mitigation plan. The observations and mitigation plan are reported to the Audit Committee. The Audit Committee in turn reviews the observations, assesses sufficiency of the proposed actions and monitors its implementation. All actions are adequately followed-up by the internal auditors along with presenting its reports to the Audit Committee.

The Company also undertakes periodic review of these internal control systems to determine its continued effectiveness, which is critical for ensuring the reliability of financial and operational information and statutory compliances.

RISK AND RISK MITIGATION

Nature of Risk	Description of Risk and Mitigation
Economic and Political Risks	The industry is impacted by the various macro-economic factors and economic developments which have an adverse effect not only on the industry, but also the company as a whole. Any change in Government or a change in the economic and deregulation policies could adversely affect the economic conditions prevalent in the areas in which the company operates. These factors could depress economic activities and restrict its access to capital, which could have an adverse effect on its operations.

Nature of Risk	Description of Risk and Mitigation
Regulatory Risks	<p>The IPM is subject to extensive regulations and any failure to comply with the applicable regulations prescribed by the central, state governments and regulatory agencies or failure to obtain or renew any licences and permits, could impact our business.</p> <p>The company maintains a strict vigil on the quality standards through a robust quality assurance framework. Regular monitoring of all the products, manufacturing and supply chain processes, enable the company to maintain high quality standards on one hand, while securing conformity with regulatory norms on the other.</p>
Competition Risk	<p>The industry is a highly competitive one, with presence of several major players. As a result of this, products face intense competition in various therapeutic areas.</p> <p>In order to mitigate the risks arising out of competition, the company has developed capabilities in the commercialisation of pharmaceutical products including sales, marketing, quality assurance, distribution, compliance and other regulatory aspects. The company's capabilities are further enhanced with the presence of nine sales division that focus on developing and growing its industry engagement.</p>

OUTLOOK

STRENGTHS AND OPPORTUNITIES:

Leading prescription ranks: The company's strong portfolio of mother brands enjoys leading prescription ranks with their respective specialties. Prescription ranks, implying the growth in new prescriptions, are a leading indicator of growth.

Strong brands: The company continues to focus on maintaining the strength of its brand portfolio; the Top 15 brands contribute 74.2% of its revenue. The company derives a significant part of its revenue from molecules in the growth phase.

Patient care initiatives: Enabling the effort of strengthening brands are the unique patient care initiatives that, while primarily helping the healthcare community manage the disease burden, create immense brand equity for the company.

Operating efficiency: The yield per man (YPM) for the company continues to increase with potential of scaling up to industry leading numbers. With improvement in the YPM metric margin efficiency also improves.

Unutilised capacity: The manufacturing facility in Guwahati, Assam currently operating at over 80% capacity utilisation on a single shift basis is capable of being scaled up to triple shift basis.

Strong balance sheet: The company has consistently generated profits and operating cash flows that it continues to use for scaling of operations and increasing shareholder value.

Demographic tailwinds: Overall healthcare spending in India is expected to rise due to rise in population, high real GDP growth rate, improving GDP per capita and rising affordability.

Increased lifestyle related diseases: increasingly sedentary lifestyle, changing food habits and rapid urbanization has led to a widespread rise in chronic diseases. As the market and economy mature, India is expected to see a higher share of chronic segment in line with other emerging and most developed nations.

Favourable policy measures: Various initiatives by the Government like the Pharma Vision 2020 (which aims to make India a major hub for end-to-end drug discovery), National Health Policy 2015 (which focuses on increasing public expenditure on healthcare segment), Ayushman Bharat etc. support growth. To ensure increased availability of specialists and super specialist doctors, the government has announced the creation of additional 5,000 post-graduate seats per year.

Health insurance coverage: Adoption of health insurance in India is increasing at a fast pace. This in addition to the National Health Protection Scheme announced in the Union Budget 2018-19 will drive the expansion of healthcare services and pharmaceuticals market in India.

Awareness: Enabled by rising medical information portals and healthcare startups, patients are becoming more aware of diseases and preventive therapies/ medicines.

Penetration of diagnostics: The government has plans of increasing focus on healthcare, doubling its share of expenditure as a % of GDP.

THREATS, RISKS AND CONCERNS:

Regulatory overhang: The Drug Price Control (Amendment) Order limits price increases in schedule drugs mentioned in the National List of Essential Medicines (NLEM). While it has been observed that competitive forces in the market have been more effective in controlling prices, amendments in the list will continue to pose challenges for the industry. As on 31st March 2018, 9.7% of the company's revenue were from drugs scheduled in the NLEM.

Competitive factors: The market remains fragmented and highly competitive, making it challenging to improve market share and profitability.

GOING AHEAD:

While the existing business remains the main engine of growth for the company, in licensing, exploring newer therapeutic areas and future patent expiries are some areas that it is exploring.

In licensing of products also remains an exciting opportunity for the company. It is aggressively looking for entering into partnerships with national and international entities to leverage its sales and marketing, distribution and manufacturing facilities.

In terms of newer therapy areas, women's health – IVF with a covered market of INR 10 billion is seeing enhanced focus with the acquisition of UTH Healthcare Ltd in October 2017. CNS saw the company's covered market increase 171% to INR 38 billion in FY18 with the acquisition of the Indian branded formulations business of Strides Shasun Ltd (Strides). In the Bone Health and mobility related therapeutic area, the company saw its covered market increase to INR 52 billion. Also in the pipeline are efforts in the Cosmeceuticals therapeutic area as research indicates favourable demographics and other social factors for Aesthetic Dermatology.

The company has also identified various key products whose patents expire in the near future.

STANDALONE FINANCIAL STATEMENT

INDEPENDENT AUDITOR'S REPORT

To The Members of Eris Lifesciences Limited (Formerly known as Eris Lifesciences Private Limited)

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Eris Lifesciences Limited (Formerly known as Eris Lifesciences Private Limited) ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order issued under section 143(11) of the Act.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Company as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements;
 - ii The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Eris Lifesciences Limited (Formerly known as Eris Lifesciences Private Limited) ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a program of verification of fixed assets to cover all the items in a phased manner over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) With respect to immovable properties of land and buildings that are freehold, according to the information and explanations given to us and the records examined by us and based on the examination of the title deeds provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date.
- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.
- (iii) According to the information and explanations given to us, the Company has granted loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013, in respect of which:
 - (a) The terms and conditions of the grant of such loan are, in our opinion, prima facie, not prejudicial to the Company's interest.
 - (b) The loans are repayable on demand and rate of interest is stipulated, however the terms of payment of interest are not stipulated.
 - (c) There is no overdue amount remaining outstanding as at the balance sheet date.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- (v) According to the information and explanations give to us, the Company has not accepted any deposits from the public to which the directives issued by the Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2014, as amended, would apply. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
 - (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, , Goods and Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues applicable to it to the appropriate authorities.
 - (b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Goods and Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and other material statutory dues in arrears as at March 31, 2018 for a period of more than six months from the date they became payable.
 - (c) There are no dues of Sales Tax, Service Tax, Goods and Service Tax, Customs Duty, Excise Duty, and Value Added Tax which have not been deposited as on March 31, 2018 on account of disputes.

Details of dues of Income-tax which have not been deposited as on March 31, 2018 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount (₹. in million)
The Income Tax Act, 1961	Income Tax (Penalty)	Commissioner Income Tax (Appeals)	Assessment Year 2014-15	3.3

- (viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to banks. The company has not taken any loans or borrowings from financial institutions and government. The Company has not issued any debentures.
- (ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments). In our opinion and according to the information and explanations given to us, money raised by way of term loans have been applied by the Company during the year for the purposes for which they were raised.
- (x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xi) In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Ind AS financial statements etc. as required by the applicable accounting standards.
- (xiv) During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the Company.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its subsidiary company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Corporate Information:

Eris Lifesciences Limited ("the Company") is a public limited company, incorporated and domiciled in India having its registered office at 8th Floor, Commerce House- IV, Prahladnagar, Ahmedabad - 380015, Gujarat, India. The Company is engaged in the manufacture and marketing of pharmaceutical products. The company has a manufacturing plant located in Guwahati, Assam. The Company's shares are listed on the National Stock Exchange of India Limited and BSE Limited.

Note 1: Significant accounting policies

1.1 Basis of preparation :

(A) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements up to year ended 31st March 2017 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act. These are the Company's first Ind AS financial statements. Refer Note no 26 for the details of first-time adoption exemptions availed by the Company.

(B) Historical Cost Convention

The financial statements have been prepared on historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Investments in mutual funds & equity investments
- Defined benefit plan – plan assets measured at fair value
- Certain financial assets and liabilities measured at fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1-hierarchy includes financial instruments measured using quoted prices.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(C) Current and Non-current classification

The assets and liabilities reported in the balance sheet are classified on a "current/noncurrent basis", with separate reporting of assets held for sale and corresponding liabilities. Current assets, which include cash and cash equivalents are assets that are intended to be realized, sold or consumed during the normal operating cycle of the Company. Based on the nature

of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current/ non-current classification of assets and liabilities.

1.2 Use of estimates and judgements:

The preparation of the financial statements in conformity with the recognition and measurement principles of Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the period. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

Key source of estimation of uncertainty at the date of financial statements, which may cause material adjustment to the carrying amount of assets and liabilities is in respect of:

- Sales returns (refer note 1.3)
- Useful lives of property, plant and equipment (refer note 1.4)
- Useful lives of intangible assets (refer note 1.5)
- Impairment of asset (refer note 1.8)
- Valuation of inventories (refer note 1.9)
- Employee benefits (refer note 1.13)
- Valuation of deferred tax assets (refer note 1.14)
- Provisions & contingent liabilities (refer note 1.15)

1.3 Revenue recognition:

- a. Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of discounts, applicable taxes and returns. The company recognises revenue when the amount of revenue can be reliably measured, when it is probable that future economic benefits will flow to the entity and when specific criteria have been met for each of the company's activities, as described below.
- b. Provision for sales returns are estimated on the basis of historical experience, market conditions and specific contractual terms and provided for in the year of sale as reduction from revenue. The methodology and assumptions used to estimate returns are monitored and adjusted regularly in line with contractual and legal obligations, trade practices, historical trends, past experience and projected market conditions.
- c. Other income:
 - i) Dividend income is recognized when the right to receive dividend is established.
 - ii) Interest income is recognized using the time-proportion method, based on rates implicit in the transaction.
 - iii) Other income is recognised when no significant uncertainty as to its determination or realisation exists.

1.4 Property, Plant and Equipment:

Property, Plant and Equipment are stated at cost of acquisition/construction net of recoverable taxes less accumulated depreciation / amortization and impairment loss, if any. All costs attributable to acquisition of Property, Plant and Equipment till assets are put to use, are capitalized. Subsequent expenditure on Property, Plant and Equipment after its purchase / completion is capitalized only if such expenditure results in an increase

in the future benefits from such asset beyond its previously assessed standard of performance.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from its use. Difference between the sales proceeds and the carrying amount of the asset is recognized in statement of profit and loss.

On transition to Ind AS, the Company has elected to continue with the carrying value of all its Property, Plant and Equipment recognised as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the Property, Plant and Equipment.

Depreciation on Property, Plant and Equipment (other than 'Freehold Land' where no depreciation is provided), is provided on the "Written Down Value Method" (WDV) based on the useful lives as prescribed under Schedule II of the Companies Act, 2013 except in respect of some equipments, in whose case the life of the assets has been assessed as 3 years based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. Depreciation on additions/disposals of the fixed assets during the year is provided on pro-rata basis according to the period during which assets were put to use.

1.5 Intangible Assets:

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Internally generated intangibles are not capitalised and the related expenditure is reflected in the Statement of Profit and Loss in the period in which the expenditure is incurred.

Intangible assets are amortized over their respective estimated useful life which reflects the manner in which the economic benefit is expected to be generated. The estimated useful life of amortizable intangibles is reviewed at the end of each reporting period and change in estimates if any are accounted for on a prospective basis.

The estimated useful lives of intangibles are as mentioned below:

Type of intangible asset	Useful life
Trademark/Brands	Upto 50 years
Non-compete fees	Upto 5 years
Software	Upto 6 years

1.6 Business combinations and Goodwill

1.6.1 Business combinations

In accordance with Ind AS 101 provisions related to first time adoption, the Company has elected to apply Ind AS accounting for business combinations prospectively from transition date i.e., 1 April 2016. As such,

Indian GAAP balances relating to business combinations entered into before that date have been carried forward.

Business Combinations are accounted for using the acquisition method of accounting. Transaction costs incurred in connection with business combination are expensed out in statement of profit and loss. The identifiable assets and liabilities that meet the condition for recognition is recognized at their fair values at the acquisition date.

In case of bargain purchase where the fair value of identifiable assets and liabilities exceed the cost of acquisition, the excess is recognised in other comprehensive income on the acquisition date and accumulate the same in equity as capital reserve after reassessing the fair values of the net assets and contingent liabilities.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Company reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

1.6.2 Goodwill

Goodwill represents the excess of the consideration paid to acquire a business over underlying fair value of the identified assets acquired. Goodwill is carried at cost less accumulated impairment losses, if any. Goodwill is deemed to have an indefinite useful life and is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

1.7 Financial Instruments

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted. Financial assets are classified, at initial recognition, as 'Financial assets measured at fair value' or as 'Financial assets measured at amortised cost'.

Subsequent measurement

- i. Debt instruments at amortised cost – A 'debt instrument' is measured at the amortised cost if both the following conditions are met:
 - The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

- ii. Equity investments – All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are generally classified as at fair value through profit and loss (FVTPL). For all other equity instruments, the Company decides to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL). The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.
- iii. Mutual funds – All mutual funds in scope of Ind-AS 109 are measured at fair value through profit and loss (FVTPL).
- iv. Investment in Subsidiaries - Investment in subsidiaries is carried at cost in the financial statements.

De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortised cost.

Subsequent measurement

These liabilities include are borrowings and deposits. Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.8 Impairment of assets:

Financial Asset

A financials Asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired, if objective evidence indicates that one or more events had a negative effect on the estimated future cash flows of that asset.

Non-Financial Asset

The carrying amount of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If any such indication exists then the assets recoverable amount is estimated. An impairment loss is recognised, as an expense in the statement of profit and loss, for the amount by which the asset carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset fair value less cost to sale and value in use. Value in use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects the current market assessments of the time value of money and the risk specific to the assets.

An impairment loss is reversed if there is any change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment has been recognised.

1.9 Inventories:

- a. Inventories are valued at the lower of cost and net realizable value. Cost of raw materials, packing materials and Stores, Spares and Consumables includes all charges incurred in bringing the goods to the warehouse, including any levies, transit insurance and receiving charges.
- b. Costs of Finished Goods and Work-in-Progress are determined on specific identification basis by taking material cost [net of CENVAT and input tax credit availed], labor and relevant appropriate overheads.
- c. Stock-in-trade is valued at the lower of cost and net realizable value.

1.10 Cash and cash equivalents:

Cash and cash equivalents comprises cash on hand and at banks, short-term deposits (with an original maturity of three months or less from the date of acquisition), and which are subject to insignificant risk of changes in value.

For the purpose of statement of cash flows, cash and cash equivalents consist of cash and short term deposits, as defined above, net of outstanding book overdrafts, if any, as they are considered an integral part of the company's cash management.

1.11 Borrowings:

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is necessary to complete and prepare the asset for its intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss as incurred.

1.12 Earnings Per Share:

Basic earnings per share is computed by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is the same as basic earnings per share as the company does not have any dilutive potential equity shares outstanding. The number of equity shares are adjusted for share splits and bonus shares, as appropriate.

1.13 Employee Benefits:

- (A) **Defined contribution plan:** The Company's contribution to provident fund and employee state insurance scheme are defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.
- (B) **Defined benefit obligations plan:**
- The gratuity scheme is administered through the Life Insurance Corporation of India [LIC]. The liability for the defined benefit plan of Gratuity is determined on the basis of an actuarial valuation done by an independent actuary at the year end, which is calculated using projected unit credit method. Actuarial gains and losses which comprise experience adjustment and the effect of changes in actuarial assumptions are recognised in Other comprehensive income in the period in which they occur.
 - The Company also provides benefit of compensated absences to its employees which are in the nature of long -term benefit plan. Provision for compensated absences is made on the basis of actuarial valuation carried out at the Balance Sheet date. The Company recognises actuarial gains and losses that arise due to difference in the actual experience and the assumed parameters and also due to changes in the assumptions used for valuation, in the statement of Profit and Loss, as income or expense.
- (C) **Short-term employee benefits**
- Short-term employee benefits comprise of employee costs such as salaries, bonus etc. is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

1.14 Taxes on Income:

Income tax expense comprises current and deferred tax expense. Income tax expenses are recognized in statement of profit and loss, except when they relate to items recognized in other comprehensive income or directly in equity, in which case, income tax expenses are also recognized in other comprehensive income or directly in equity respectively.

Current tax is the tax payable on the taxable profit for the year, using tax rates enacted or substantively enacted by the end of reporting period by the governing taxation laws, and any adjustment to tax payable in respect of previous periods. Income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred taxes arising from deductible and taxable temporary differences between the tax base of assets and liabilities and their carrying amount in the financial statements are recognized using substantively enacted tax rates and laws expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax asset are recognized only to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilized.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the balance sheet when the assets can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized.

1.15 Provisions, Contingent Liabilities and Contingent Assets:

Provisions

Provisions are recognized only when there is a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

Contingent liability

It is disclosed for

- Possible obligations which will be confirmed only by future events not wholly within the control of the company, or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent Assets

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognised and disclosed only when an inflow of economic benefits is probable.

1.16 Leases:

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Operating lease payments are recognized as an expense on a straight line basis over the lease term unless the payments are structured to increase in line with the expected general inflation so as to compensate for the lessor's expected inflationary cost increases.

1.17 Foreign currency transactions and translation:

Transactions in foreign currencies entered into by the Company are accounted for at the exchange rate prevailing at the date of transaction. Foreign currency monetary assets and liabilities remaining unsettled at the end of the year are translated at the exchange rate prevailing at the end of the year. All differences arising on settlement/restatement are adjusted in the statement of profit and loss.

Note 26: FIRST TIME IND AS ADOPTION RECONCILIATION

These financial statements are the first financial statements of the Company under Ind AS. The date of transition to Ind AS is April 1, 2016. The transition is carried out from Indian GAAP (previous GAAP) to Ind AS, notified under Section 133 of the Companies Act, 2013 [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

Ind AS 101 - "First-time Adoption of Indian Accounting Standards" requires that all Ind AS and interpretations that are issued and effective for the first Ind AS financial statements which is for the year ended March 31, 2018 for the Company, be applied retrospectively and consistently for all financial years presented. The Company has recognised all assets and liabilities whose recognition is required by Ind AS and has not recognised items of assets or liabilities which are not permitted by Ind AS, reclassified items from previous GAAP to Ind AS as required under Ind AS and applied Ind AS in measurement of recognised assets and liabilities. However this principle is subject to certain exceptions and certain optional exemptions availed by the company.

Set out below are the Ind AS 101 optional exemptions availed and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

1. Classification and measurement of financial assets

The Company has assessed conditions for classification of the financial assets on the basis of the facts and circumstances that were exist on the date of transition to Ind AS.

2. Deemed cost of property, plant and equipment and intangible assets

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as at April 01, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment and intangible assets.

3. Business combinations :

Ind AS 101 provides option to apply Ind AS 103 prospectively from the transition date or from a specific date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combinations prior to the transition date. The Company elected to apply Ind AS 103 prospectively to business combinations occurring after its transition date. Business combinations occurring prior to the transition date have not been restated.

4. Investment in subsidiaries :

The Company has elected to measure its investments in subsidiaries at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS.

5. Estimates

Ind AS estimates on the date of transition are consistent with the estimates as at the same date made in conformity with previous GAAP.

Statement of reconciliation of Cash flow statement

The transition from previous GAAP to Ind AS has not had a material impact on the statement of cash flows.

Note 1 Under previous GAAP, Investment (other than Investment in Subsidiaries) were carried at lower of cost or market value. Under Ind AS, the company has designated these investments at fair value through profit or loss (FVTPL). Accordingly, these investments are required to be measured at fair value. At the date of transition to Ind AS, difference between the fair value of the instruments and its Previous GAAP carrying amount has been recognised in retained earnings. Fair value changes are recognised in the Statement of Profit and Loss for the year ended 31st March, 2017.

Note 2 Under previous GAAP, prior period items were shown separately where as under IND AS, prior period error is corrected by retrospective restatement except to the extent that it is impracticable to determine either the period-specific effects or the cumulative effect of the error.

Note 3 Under previous GAAP, useful life of Intangible Asset (Brand) was considered 10 years (restricted as per AS 26), where as under IND AS useful life of Intangible Asset (Brand) is considered 50 years as per management estimates and technical evaluation.

Note 4 Under previous GAAP, actuarial gains and losses were recognised in statement of profit and loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of the net defined benefit liability / asset and are recognised in other comprehensive income.

Note 27 : BUSINESS COMBINATIONS AND ACQUISITIONS

(i) The Company on 30th November, 2017 acquired Indian domestic formulation business of Strides Shasun Limited for ₹ 5000 million.

The India formulations business of Strides Shasun Limited was predominantly comprised of products in the Neurology, Central Nervous System (CNS), gynaecology, and gastrointestinal segments. The acquisition marks the foray of Eris in the CNS, Neurology segments and helps in scaling up its presence in the gynaecology and gastrointestinal segments.

The acquisition has been accounted for using the acquisition method of accounting. Acquisition has been divided into :

- a) Business Transfer Arrangement with Strides Shasun Limited for ₹ 4100 million.
- b) Share Purchase Agreement with Eris Healthcare private Limited (Formerly known as Strides Healthcare private Limited) to acquired 100% shareholding for ₹ 900 million.

The following assets and liabilities were recognised provisionally as at the date of acquisition (at fair value):

a) Business Transfer Arrangement with Strides Shasun Limited

Particulars	₹ in million
Assets	
Value of Identified Intangible Assets- Brands	3,786.00
Inventories	87.21
Trade Receivables	59.99
Other Asset	29.86
Total Assets	3,963.06
Liabilities	
Trade Payable	90.18
Other Liabilities	6.46
Total Liabilities	96.64
Net Assets	3,866.42
Less: Purchase consideration *	4,033.02
Goodwill (refer note below)	166.60

* Difference between business transfer arrangement ₹ 4100 million and purchase consideration ₹ 4033.02 million is on account of Working capital adjustment.

Goodwill arose in the acquisition of the above said entity because the consideration paid for the combinations effectively included amounts in relation to the benefit of expected synergies, revenue growth, future market development and the assembled workforce. These benefits are not recognised separately from goodwill because they do not meet the recognition criteria for identifiable intangible assets.

Goodwill arising on the acquisition is deductible for tax purposes.

b) Share Purchase Agreement with Eris Healthcare private Limited (Formerly known as Strides Healthcare private Limited) to acquire 100% shareholding.

Acquisition costs charged to Profit and Loss

Acquisition costs of ₹ 35.89 were charged to statement of profit and loss under the head Other Expenses.

(ii) The Company on 1st October, 2017 has acquired 100% shareholding of UTH Healthcare Limited for a consideration of ₹128.50 million.

UTH Healthcare Limited was deriving its revenue primarily from the product group covering vitamins, minerals, and nutrients. The acquisition has improved the offerings of Eris group in the nutraceuticals segment.

NOTES TO THE STANDALONE FINANCIAL STATEMENT

for the year ended 31st March, 2018

(iii) **The Company on 23rd november, 2016 has acquired 75.48% shareholding of Kinedex Healthcare Private Limited for a consideration of ₹ 773.69 million.**

Kinedex healthcare private limited had been catering to 'pain/ analgesics' therapeutic area at the time of acquisition. The acquisition expands the product portfolio of Eris into mobility related disorders in the musculoskeletal therapy area.

(iv) Business acquisition has been done with an primary objective to diversify our existing product portfolio and expanding our business presence.

Note 28: EMPLOYEE BENEFIT PLANS

A) Defined contribution plans:

The Company makes contributions towards provident fund, a defined contribution retirement benefit plan for qualifying employees. The provident fund is operated by the Regional Provident Fund Commissioner. The Company recognized ₹40.49 million (Previous Year ₹39.47 million) for provident fund contributions in the Statement of Profit and Loss. The contributions payable to these plans by the company are at rates specified in the rules of the scheme.

The Company made contributions towards Employees State Insurance Scheme operated by the ESIC Corporation. The Company recognized ₹6.72 million (Previous year ₹4.04 million) for ESIC contributions in the Statement of Profit & Loss. The contributions payable to these plans by the company are at rates specified in the rules of the scheme.

B) Defined benefit plans:

Actuarial Valuation for Compensated Absences is done as at the year end and the provision is made as per the Company rules with corresponding charge to the Statement of Profit and Loss amounting to ₹9.56 million (Previous Year ₹(11.73) million) and it covers all regular employees. Major drivers in actuarial assumptions, typically, are years of service and employee compensation.

The company makes annual contributions to the Employee's Group Gratuity cash accumulation scheme of the LIC, a funded defined benefit plan for qualifying employees. The Scheme provides for payment to vested employees at retirement/death while in employment or on termination of employment as per the provisions of the Gratuity Act, 1972. Vesting occurs on completion of 4.6 years of service. The present value of the defined benefit obligation and the related current service cost are measured using the Projected Unit Credit Method as per actuarial valuation carried out at the balance sheet date.

(ii) Fair value hierarchy :

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

NOTES TO THE STANDALONE FINANCIAL STATEMENT

for the year ended 31st March, 2018

Determination of fair values:

The following are the basis of assumptions used to estimate the fair value of financial assets and liabilities that are measured at fair value on recurring basis :

Investment in mutual funds : The fair values represent net asset value as stated by the issuers of these mutual fund units in the published statements. Net asset values represent the price at which the issuer will issue further units in the mutual fund and the price at which issuers will redeem such units from the investors.

Equity investments : Equity investments traded in an active market determined by reference to their quoted market prices. Other equity investments where quoted prices are not available, fair values are determined by reference to the current market value of net assets or relied upon on valuation report of an valuer.

(iii) Financial risk management :

The Company's activities are exposed to variety of financial risks. These risks include market risk , credit risks and liquidity risk. The Company's overall risk management program seeks to minimize potential adverse effects on the financial performance of the Company through established policies and processes which are laid down to ascertain the extent of risks, setting appropriate limits, controls, continuous monitoring and its compliance.

(a) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. The Company is not an active investor in equity markets; it continues to hold certain investments in equity for long term value accretion. Market risk comprises of three type of risks namely interest rate risk, currency risk and other price risk sruch as commodity risk. The Company is not exposed to currency risk and other price risk whereas the exposure to interest risk is given below :

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate becaue of change in market interst rate.

The Company invests in mutual fund schemes of leading fund houses and tax free bonds. Such investments are susceptible to market price risk that arise mainly from changes in interest rate which may impact the return and value of such investments. Investments in mutual funds and tax free bonds amounts to ₹ 3624.89 million and ₹ 2992.97 million as at 31-March-2018 and 31-March-2017 respectively.

The Company's borrowing is subject to variable rate interest rate risk. Exposure to secured loan from bank amounts to ₹ 3736.88 million and ₹ Nil as at 31-March-2018 and 31-March-2017 respectively.

For the year ended March 31, 2018, every 50 basis increase in interest rates would decrease the company profit by approximate ₹ 6.58 million (Previous year : ₹ Nil). Impact of 50 basis point decrease in interest rate would have led to an equal but opposite effect.

(b) Credit Risk

The Company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Company. Credit risk arises majorly from cash and cash equivalents, deposits with banks, Investments as well as credit exposures to customers including outstanding receivables.

Credit Risk Management

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations, and arises principally from the Companies receivables from customers.

Credit risk arises from the possibility that customers may not be able to settle their obligations as agreed. To manage this risk, the Company periodically assesses the financial reliability of customers, taking into account their financial position, past experience and other factors. The Company manages credit risk through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk is ₹ 4927.02 million and ₹ 3812.64 million as at 31-March-2018 and 31-March-2017 respectively, being the total of the carrying amount of balances with banks, bank deposits, trade receivables, other financial assets and investments excluding equity investments in subsidiaries, and these financial assets are of good credit quality including those that are past due.

CONSOLIDATED FINANCIAL STATEMENT

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF

Eris Lifesciences Limited (Formerly known as Eris Lifesciences Private Limited)

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Eris Lifesciences Limited (Formerly known as Eris Lifesciences Private Limited) (hereinafter referred to as "the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") comprising the Consolidated Balance Sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Parent's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Parent, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Parent's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Parent's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by other auditors in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to below in the Other Matters paragraphs, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2018, and their consolidated profit, consolidated total comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Other Matters

- (a) We did not audit the financial statements of five subsidiaries, whose financial statements reflect total assets of Rs. 895.21 million as at 31st March, 2018, total revenues of Rs. 983.34 million and net cash inflows amounting to Rs. 8.85 million for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial statements have been audited by other auditors whose reports have

been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated Ind AS financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

- (b) The comparative financial statements for the year ended 31st March 2017 in respect of four subsidiaries and the related transition date opening balance sheet as at 1st April 2016 in respect of two subsidiaries prepared in accordance with the Ind AS and included in these consolidated Ind AS financial statements have been audited by other auditors, whose reports have been furnished to us by the Management and in so far as it relates to the comparative amounts and disclosures included in respect of these subsidiaries made in these consolidated Ind AS financial statements, is based solely on the reports of the other auditors.

Our opinion on the consolidated Ind AS financial statements is not modified in respect of the above matter on the comparative financial information.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements of subsidiaries incorporated in India, referred in the Other Matters paragraph above we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Parent as on 31st March, 2018 taken on record by the Board of Directors of the Parent and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31st March 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Parent and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies, for the reasons stated therein.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.
 - The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent and its subsidiary companies incorporated in India.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of Eris Lifesciences Limited (Formerly known as Eris Lifesciences Private Limited) (hereinafter referred to as "the Parent") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors of the subsidiary companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management

override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to five subsidiary companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matters.

Corporate Information:

Eris Lifesciences Limited ("Parent Company") and its subsidiaries (together referred to as "the group") is engaged in the manufacture and marketing of pharmaceutical products. The Parent Company has a manufacturing plant located in Guwahati, Assam. The Parent Company's shares are listed on the National Stock Exchange of India Limited and BSE Limited.

Note 1: Significant accounting policies

1.1 Basis of preparation :

(A) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements up to year ended 31st March 2017 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act. These are the Group's first Ind AS financial statements. Refer Note no 26 for the details of first-time adoption exemptions availed by the Group.

(B) Historical Cost Convention

The financial statements have been prepared on historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Investments in mutual funds & equity investments
- Defined benefit plan – plan assets measured at fair-value
- Certain financial assets and liabilities measured at fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(C) Current and Non-current classification

The assets and liabilities reported in the balance sheet are classified on a "current/noncurrent basis", with separate reporting of assets held for sale and corresponding liabilities. Current assets, which include cash and cash equivalents are assets that are intended to be realized, sold or consumed during the normal operating cycle of the Group. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

1.2 Basis of consolidation:

The Group consolidates all entities which it controls. Control is established when the Group has power over the entity, is exposed, or has rights to variable returns from its involvement with the entity and has ability to affect the entity's returns by using its power over the entity.

Subsidiaries are consolidated from the date control commences and until the date control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Parent Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Parent Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation. The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

1.3 Use of estimates and judgements:

The preparation of the financial statements in conformity with the recognition and measurement principles of Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the period. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

Key source of estimation of uncertainty at the date of financial statements, which may cause material adjustment to the carrying amount of assets and liabilities is in respect of:

- Sales returns (refer note 1.4)
- Useful lives of property, plant and equipment (refer note 1.5)
- Useful lives of intangible assets (refer note 1.6)
- Impairment of asset (refer note 1.9)
- Valuation of inventories (refer note 1.10)
- Employee benefits (refer note 1.14)

- Valuation of deferred tax assets (refer note 1.15)
- Provisions & contingent liabilities (refer note 1.16)

1.4 Revenue recognition:

- Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of discounts, applicable taxes and returns. The Group recognises revenue when the amount of revenue can be reliably measured, when it is probable that future economic benefits will flow to the entity and when specific criteria have been met for each of the Group activities, as described below.
- Provision for sales returns are estimated on the basis of historical experience, market conditions and specific contractual terms and provided for in the year of sale as reduction from revenue. The methodology and assumptions used to estimate returns are monitored and adjusted regularly in line with contractual and legal obligations, trade practices, historical trends, past experience and projected market conditions.
- Other income:
 - Dividend income is recognized when the right to receive dividend is established.
 - Interest income is recognized using the time proportion method, based on rates implicit in the transaction.
 - Other income is recognized when no significant uncertainty as to its determination or realisation exists.

1.5 Property, Plant and Equipment:

Property, Plant and Equipment are stated at cost of acquisition/construction net of recoverable taxes less accumulated depreciation / amortization and impairment loss, if any. All costs attributable to acquisition of Property, Plant and Equipment till assets are put to use, are capitalized. Subsequent expenditure on Property, Plant and Equipment after its purchase / completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from its use. Difference between the sales proceeds and the carrying amount of the asset is recognized in statement of profit and loss.

On transition to Ind AS, the Group has elected to continue with the carrying value of all its Property, Plant and Equipment recognised as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the Property, Plant and Equipment.

Depreciation on Property, Plant and Equipment (other than 'Freehold Land' where no depreciation is provided), is provided on the "Written Down Value Method" (WDV) based on the useful lives as prescribed under Schedule II of the Companies Act, 2013 except in respect of some equipments, in

whose case the life of the assets has been assessed as 3 years based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. Depreciation on additions/disposals of the fixed assets during the year is provided on pro-rata basis according to the period during which assets were put to use.

1.6 Intangible Assets:

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Internally generated intangibles are not capitalised and the related expenditure is reflected in the Statement of Profit and Loss in the period in which the expenditure is incurred.

Intangible assets are amortized over their respective estimated useful life which reflects the manner in which the economic benefit is expected to be generated. The estimated useful life of amortizable intangibles is reviewed at the end of each reporting period and change in estimates if any are accounted for on a prospective basis.

The estimated useful lives of intangibles are as mentioned below:

Type of intangible asset	Useful life
Trademark/Brands	Upto 50 years
Non-compete fees	Upto 5 years
Software	Upto 6 years

1.7 Business combinations and Goodwill

1.7.1 Business combinations

In accordance with Ind AS 101 provisions related to first time adoption, the Group has elected to apply Ind AS accounting for business combinations prospectively from transition date i.e., 1 April 2016. As such, Indian GAAP balances relating to business combinations entered into before that date have been carried forward.

Business Combinations are accounted for using the acquisition method of accounting. Transaction costs incurred in connection with business combination are expensed out in statement of profit and loss. The identifiable assets and liabilities that meet the condition for recognition is recognized at their fair values at the acquisition date.

In case of bargain purchase where the fair value of identifiable assets and liabilities exceed the cost of acquisition, the excess is recognised in other comprehensive income on the acquisition date and accumulate the same in equity as capital reserve after reassessing the fair values of the net assets and contingent liabilities.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the

combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

1.7.2 Goodwill

Goodwill represents the excess of the consideration paid to acquire a business over underlying fair value of the identified assets acquired. Goodwill is carried at cost less accumulated impairment losses, if any. Goodwill is deemed to have an indefinite useful life and is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

1.8 Financial Instruments

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted. Financial assets are classified, at initial recognition, as 'Financial assets measured at fair value' or as 'Financial assets measured at amortised cost'.

Subsequent measurement

- i. Debt instruments at amortised cost – A 'debt instrument' is measured at the amortised cost if both the following conditions are met:
 - > The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - > Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.
 After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.
- ii. Equity investments – All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are generally classified as at fair value through profit and loss (FVPL). For all other equity instruments, the Group decides to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL). The Group makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.
- iii. Mutual funds – All mutual funds in scope of Ind-AS 109 are measured at fair value through profit and loss (FVTPL).
- iv. Investment in Subsidiaries - Investment in subsidiaries is carried at cost in the financial statements.

De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortised cost.

Subsequent measurement

These liabilities include borrowings and deposits. Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.9 Impairment of assets:

Financial Asset

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired, if objective evidence indicates that one or more events had a negative effect on the estimated future cash flows of that asset.

Non-Financial Asset

The carrying amount of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If any such indication exists then the assets recoverable amount is estimated. An impairment loss is recognised, as an expense in the statement of profit and loss, for the amount by which the asset carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset fair value less cost to sale and value in use.

Value in use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects the current market assessments of the time value of money and the risk specific to the assets.

An impairment loss is reversed if there is any change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment has been recognised.

1.10 Inventories:

- a. Inventories are valued at the lower of cost and net realisable value. Cost of raw materials, packing materials and Stores, Spares and Consumables includes all charges incurred in bringing the goods to the warehouse, including any levies, transit insurance and receiving charges.
- b. Costs of Finished Goods and Work-in-Progress are determined on specific identification basis by taking material cost [net of CENVAT and input tax credit availed], labor and relevant appropriate overheads.
- c. Stock-in-trade is valued at the lower of cost and net realizable value.

1.11 Cash and cash equivalents:

Cash and cash equivalents comprises cash on hand and at banks, short-term deposits (with an original maturity of three months or less from the date of acquisition), and which are subject to insignificant risk of changes in value.

For the purpose of statement of cash flows, cash and cash equivalents consist of cash and short term deposits, as defined above, net of outstanding bank overdrafts, if any, as they are considered an integral part of the Group's cash management.

1.12 Borrowings:

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is necessary to complete and prepare the asset for its intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss as incurred.

1.13 Earnings Per Share:

Basic earnings per share is computed by dividing the profit or loss attributable to equity shareholders of the Parent Company by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is the same as basic earnings per share as the Parent company does not have any dilutive potential equity shares outstanding. The number of equity shares are adjusted for share splits and bonus shares, as appropriate.

1.14 Employee Benefits:

(A) Defined contribution plan:

The Group's contribution to provident fund and employee state insurance scheme are defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.

(B) Defined benefit obligations plan:

(i) The gratuity scheme is administered through the Life Insurance Corporation of India [LIC]. The liability for the defined benefit plan of Gratuity is determined on the basis of an actuarial valuation done by an independent actuary at the year end, which is calculated using projected unit credit method. Actuarial gains and losses which comprise experience adjustment and the effect of changes in actuarial assumptions are recognised in Other comprehensive income in the period in which they occur.

ii) The Group also provides benefit of compensated absences to its employees which are in the nature of long term benefit plan. Provision for compensated absences is made on the basis of actuarial valuation carried out at the Balance Sheet date. The Group recognises actuarial gains and losses that arise due to difference in the actual experience and the assumed parameters and also due to changes in the assumptions used for valuation, in the statement of Profit and Loss, as income or expense.

(C) Short-term employee benefits

Short-term employee benefits comprise of employee costs such as salaries, bonus etc. is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

1.15 Taxes on Income:

Income tax expense comprises current and deferred tax expense. Income tax expenses are recognized in statement of profit and loss, except when they relate to items recognized in other comprehensive income or directly in equity, in which case, income tax expenses are also recognized in other comprehensive income or directly in equity respectively.

Current tax is the tax payable on the taxable profit for the year, using tax rates enacted or substantively enacted by the end of reporting period by the governing taxation laws, and any adjustment to tax payable in respect of previous periods. Income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred taxes arising from deductible and taxable temporary differences between the tax base of assets and liabilities and their carrying amount in the financial statements are recognized using substantively enacted tax rates and laws expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax asset are recognized only to the extent that it is

probable that future taxable profit will be available against which the deductible temporary differences can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilized.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the balance sheet when the assets can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized.

1.16 Provisions, Contingent Liabilities and Contingent Assets:

Provisions

Provisions are recognized only when there is a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

Contingent liability

It is disclosed for:

- a. Possible obligations which will be confirmed only by future events not wholly within the control of the Group, or
- b. Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent Assets

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Contingent assets are not recognised and disclosed only when an inflow of economic benefits is probable.

1.17 Leases:

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Operating lease payments are recognized as an expense on a straight line basis over the lease term unless the payments are structured to increase in line with the expected general inflation so as to compensate for the lessor's expected inflationary cost increases.

1.18 Foreign currency transactions and translation:

Transactions in foreign currencies entered into by the Group are accounted for at the exchange rate prevailing at the date of transaction. Foreign currency monetary assets and liabilities remaining unsettled at the end of the year are translated at the exchange rate prevailing at the end of the year. All differences arising on settlement/restatement are adjusted in the statement of profit and loss.

Note 26: FIRST TIME IND AS ADOPTION RECONCILIATION

These financial statements are the first financial statements of the Group under Ind AS. The date of transition to Ind AS is April 1, 2016. The transition is carried out from Indian GAAP (previous GAAP) to Ind AS, notified under Section 133 of the Companies Act, 2013 [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

Ind AS 101 - "First-time Adoption of Indian Accounting Standards" requires that all Ind AS and interpretations that are issued and effective for the first Ind AS financial statements which is for the year ended March 31, 2018 for the Group, be applied retrospectively and consistently for all financial years presented. The Group has recognised all assets and liabilities whose recognition is required by Ind AS and has not recognised items of assets or liabilities which are not permitted by Ind AS, reclassified items from previous GAAP to Ind AS as required under Ind AS and applied Ind AS in measurement of recognised assets and liabilities. However this principle is subject to certain exceptions and certain optional exemptions availed by the Group.

Set out below are the Ind AS 101 optional exemptions availed and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

1. Classification and measurement of financial assets

The Group has assessed conditions for classification of the financial assets on the basis of the facts and circumstances that were exist on the date of transition to Ind AS.

2. Deemed cost of property, plant and equipment and intangible assets

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as at April 01, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment and intangible assets.

3. Business combinations

Ind AS 101 provides the option to apply Ind AS 103 prospectively from the transition date or from a specific date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combinations prior to the transition date. The Group elected to apply Ind AS 103 prospectively to business combinations occurring after its transition date. Business combinations occurring prior to the transition date have not been restated.

4. Estimates

Ind AS estimates on the date of transition are consistent with the estimates as at the same date made in conformity with previous GAAP.

Statement of reconciliation of Cash flow statement

The transition from previous GAAP to Ind AS has not had a material impact on the statement of cash flows.

- Note 1: Under previous GAAP, Investment (other than Investment in Subsidiaries) were carried at lower of cost or market value. Under Ind AS, the Group has designated these investments at fair value through profit or loss (FVTPL). Accordingly, these investments are required to be measured at fair value. At the date of transition to Ind AS, difference between the fair value of the instruments and its Previous GAAP carrying amount has been recognised in retained earnings. Fair value changes are recognised in the Statement of Profit and Loss for the year ended 31st March, 2017.
- Note 2: Under previous GAAP, prior period items were shown saperately where as under IND AS, prior period error is corrected by retrospective restatement except to the extent that it is impracticable to determine either the period-specific effects or the cumulative effect of the error.
- Note 3: Under previous GAAP, useful life of Intangible Asset (Brand) was considered 10 years (restricted as per AS 26), where as under IND AS useful life of Intangible Asset(Brand) is considered 50 years as per management estimates and technical evaluation.
- Note 4: Under previous GAAP, actuarial gains and losses were recognised in statement of profit and loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of the net defined benefit liability / asset and are recognised in other comprehensive income.

Note 28: EMPLOYEE BENEFIT PLANS

(A) Defined contribution plans:

The Group makes contributions towards provident fund, a defined contribution retirement benefit plan for qualifying employees. The provident fund is operated by the Regional Provident Fund Commissioner. The Group recognized ₹49.47 million (Previous Year ₹43.52 million) for provident fund contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Group are at rates specified in the rules of the scheme. The Group made contributions towards Employees State Insurance Scheme operated by the ESIC Corporation. The Group recognized ₹7.92 million (Previous year ₹4.37 million) for ESIC contributions in the Statement of Profit & Loss. The contributions payable to these plans by the Group are at rates specified in the rules of the scheme.

(B) Defined benefit plans:

Actuarial Valuation for Compensated Absences is done as at the year end and the provision is made as per Group rules with corresponding charge to the Statement of Profit and Loss amounting to ₹9.56 million (Previous Year ₹(11.73) million) and it covers all regular employees. Major drivers in actuarial assumptions, typically, are years of service and employee compensation.

The Parent Company makes annual contributions to the Employee's Group Gratuity cash accumulation scheme of the LIC, a funded defined benefit plan for qualifying employees. The Scheme provides for payment to vested employees at retirement/death while in employment or on termination of employment as per the provisions of the Gratuity Act, 1972. Vesting occurs on completion of 4.6 years of service. The present value of the defined benefit obligation and the related current service cost are measured using the Projected Unit Credit Method as per actuarial valuation carried out at the balance sheet date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENT

for the year ended March 31, 2018

(ii) Fair value hierarchy :

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Financial Liabilities :	-	-	-	-
Net Assets/(Liabilities)	3,002.57	26.41	-	3,028.98

Determination of fair values:

The following are the basis of assumptions used to estimate the fair value of financial assets and liabilities that are measured at fair value on recurring basis :

Investment in mutual funds:

The fair values represent net asset value as stated by the issuers of these mutual fund units in the published statements. Net asset values represent the price at which the issuer will issue further units in the mutual fund and the price at which issuers will redeem such units from the investors.

Equity investments:

Equity investments traded in an active market determined by reference to their quoted market prices. Other equity investments where quoted prices are not available, fair values are determined by reference to the current market value of net assets or relied upon on valuation report of an valuer.

(iii) Financial risk management:

The Group activities are exposed to variety of financial risks. These risks include market risk , credit risks and liquidity risk. The Group overall risk management program seeks to minimize potential adverse effects on the financial performance of the Group through established policies and processes which are laid down to ascertain the extent of risks, setting appropriate limits, controls, continuous monitoring and its compliance.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENT

for the year ended March 31, 2018

(a) Market risk :

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. The Group is not an active investor in equity markets; it continues to hold certain investments in equity for long term value accretion. Market risk comprises of three type of risks namely interest rate risk, currency risk and other price risk such as commodity risk. The Group is not exposed to currency risk and other price risk whereas the exposure to interest risk is given below :

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rate.

The Parent Company invests in mutual fund schemes of leading fund houses and tax free bonds. Such investments are susceptible to market price risk that arise mainly from changes in interest rate which may impact the return and value of such investments. Investments in mutual funds and tax free bonds amounts to ₹ 3624.89 million and ₹ 2992.97 million as at 31-March-2018 and 31-March-2017 respectively.

The Group borrowing is subject to variable rate interest rate risk. Exposure to secured loan from bank amounts to ₹ 3743.54 million and ₹ 6.48 million as at 31-March-2018 and 31-March-2017 respectively.

For the year ended March 31, 2018, every 50 basis increase in interest rates would decrease the Group profit by approximate ₹ 6.58 million (Previous year : ₹ Nil). Impact of 50 basis point decrease in interest rate would have led to an equal but opposite effect.

(b) Credit Risk

The Group is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Group. Credit risk arises majorly from cash and cash equivalents, deposits with banks, Investments as well as credit exposures to customers including outstanding receivables.

Credit Risk Management

Credit risk is the risk of financial loss to the Group if a customer or counter-party fails to meet its contractual obligations, and arises principally from the Group receivables from customers.

Credit risk arises from the possibility that customers may not be able to settle their obligations as agreed. To manage this risk, the Group periodically assesses the financial reliability of customers, taking into account their financial position, past experience and other factors. The Group manages credit risk through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business.

Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Group have not undergone any substantial change, the Group expects the historical trend of minimal credit losses to continue.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk is ₹ 4623.28 million and ₹ 3747.46 million as at 31-March-2018 and 31-March-2017 respectively, being the total of the carrying amount of balances with banks, bank deposits, trade receivables, other financial assets and investments excluding equity investments in subsidiaries, and these financial assets are of good credit quality including those that are past due.

(c) Liquidity Risk

Liquidity Risk is the risk that the Group will not be able to meet its financial obligation as they fall due. Liquidity risk arises because of the possibility that the Group could be required to pay its liabilities earlier than expected or encounters difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Group approach to managing liquidity is to ensure, as far as possible, that it always have sufficient liquidity to meet its liabilities when due. The Group generates cash flows from operations to meet its financial obligations and manages liquidity risk by maintaining sufficient cash and bank balance and availability of funding through adequate amount of committed credit facilities.

 - a. The business as set out in the Notice may be transacted through electronic voting system. In compliance with the provisions of section 108 of the Act read with the Companies [Management and Administration] Rules, 2014, Secretarial Standards-2 issued by the Institute of Companies Secretaries of India on General Meetings and in compliance with Regulation 44 of the Listing Regulations, the Company is pleased to offer the facility of voting through electronic means, as an alternate, to all its members to enable them to cast their votes electronically. The Company has made necessary arrangements with Central Depository Services (India) Limited (CDSL) to facilitate the members to cast their votes from a place other than venue of the AGM [remote e-voting]. The facility for voting shall be made available at the AGM through polling paper and the members attending the Meeting who have not cast their vote by remote e-voting shall be able to exercise their right at the meeting. Please note that the voting through electronic means is optional for the members.
 - b. A person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the depositories as on the cut-off date shall be entitled to avail the facility of remote e-voting or voting at the AGM. Persons who are not members as on the cut-off date should treat this notice for information purpose only.
 - c. The Notice will be displayed on the website of the Company www.eris.co.in and on the website of CDSL www.evotingindia.com.
 - d. The members who have cast their vote by remote e-voting prior to AGM may also attend the AGM, but shall not be entitled to cast their vote again.
 - e. The Members whose names appear in the Register of Members / List of Beneficial Owners prior to commencement of book closure date are entitled to vote on Resolutions set forth in the Notice. Eligible members who have acquired shares after the dispatch of the Annual Report and holding shares as on the cut-off date may approach CDSL for issuance of the USER ID and Password for exercising their right to vote by electronic means.
 - f. Members are requested to follow the instructions below to cast their vote through e-voting:
 - (i) The remote e-voting period will commence at 9:00 a.m.(IST) on Wednesday, September 26, 2018 and will end at 5:00 p.m. (IST) on Friday, September 28, 2018. Explanatory Statement

(Pursuant to Section 102 of the Companies Act, 2013)

The following statement sets out all material facts relating to the Special Businesses mentioned in the accompanying Notice:

Item No. 3

In accordance with the provisions of section 148 of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014, the Company is required to appoint a Cost Auditor to audit the cost records of the Company pertaining to the applicable products manufactured by the Company. On the recommendation of the Audit Committee, the Board of Directors have approved the re-appointment of M/s. Kiran J Mehta & Co. (FRN-000025), Cost Accountants, Ahmedabad as the Cost Auditors to conduct audit of cost records of the Company for the financial year 2018-2019, at a remuneration of Rs. 75,000/-.

M/s. Kiran J Mehta & Co. Cost Accountants have furnished a certificate regarding their eligibility for appointment as the Cost Auditors of the Company. As per the provisions of the Act read with the Rules, the remuneration payable to the Cost Auditors shall be ratified by the members of the Company.

Accordingly, consent of the members is sought by way of an Ordinary Resolution as set out in Item No. 3 of the Notice.

None of the Directors or Key Managerial Personnel of the Company or their relatives is in any way, concerned or interested, financially or otherwise, in the resolution set out in Item No. 3 of the Notice.

Item No. 4

The Board of Directors had appointed Prashant Gupta (DIN 08122641), as an Additional Director of the Company classified as an Independent Director, not liable to retire by rotation, for a term of 5 years i.e. from April 30, 2018 to April 29, 2023, subject to approval of the Members. Pursuant to the provisions of Section 161(1) of the Act and Articles of Association of the Company, Mr. Prashant Gupta shall hold office up to the date of this AGM and is eligible to be appointed as a Director. The Company has, in terms of Section 160(1) of the Act, received recommendation of Nomination and Remuneration Committee of the Company, recommending his candidature for the office of Director.

The Company has received consent and declaration from Mr. Prashant Gupta to the effect that he meets the criteria of independence as provided in Section 149(6) of the Act and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

In the opinion of the Board, Mr. Prashant Gupta fulfills the conditions specified in the Companies Act, 2013 and SEBI Listing Regulations for appointment as Independent Director. The terms and conditions of his appointment shall be available on the website of the Company and open for inspection by the Members at the Registered Office of the Company during the normal business hours on any working day (except Saturday) and will also be kept open at the venue of the AGM. He does not hold any shares in the company either by himself or for the benefit of other.

Mr. Prashant Gupta holds a degree of Bachelor of Arts in Jurisprudence and Master of Arts in Jurisprudence from the University of Oxford, England, and a Bachelor of Commerce from the Shri Ram College of Commerce, University of Delhi. He is member of the Bar Council of Delhi and State Bar of California. He is a Partner in the corporate department of Shardul Amarchand Mangaldas. Prashant has been recognized by Who's Who Legal, Chambers Asia, Indian Lawyer 250, Legal500 and other legal industry publications as one of the leading capital markets practitioners in India. He has also been selected by the Indian Business Law Journal as one of the top 100 lawyers in India in 2016 and 2017. Considering his experience, the Board recommends the said appointment.

Further details of Mr. Prashant Gupta have been given in the corporate governance report which forms part of annual Report.

Accordingly, consent of the members is sought by way of an Ordinary Resolution as set out in Item No. 4 of the Notice.

Except Mr. Prashant Gupta and his relatives, none of the Directors or Key Managerial Personnel of the Company or their relatives are in any way, concerned or interested, financially or otherwise, in the resolution set out in Item No. 4 of the Notice.

Item No. 5

The Company is in the business of manufacturing and commercializing branded pharmaceutical products in selected therapeutic areas within the chronic and acute categories of Indian Pharmaceutical Market, such as: cardiovascular; anti-diabetics; vitamins; gastroenterology; and anti-infectives. The Company intends to expand and diversify its business and operate in new areas. Hence, the Board of Directors in their meeting held on 9th August,

2018 has considered and approved the proposed amendment in the object clause as set in the resolution. The proposed activities can be carried out, under the existing circumstances, conveniently and advantageously along with the existing activities of the Company.

Copy of the existing MOA, and a copy depicting the proposed amendments and other allied documents, if any, being referred in this resolution would be open for inspection at the Registered Office of the Company during business hours except on holidays, up to and including the date of the Annual General Meeting.

Pursuant to the provisions of the Section 4, 13 and all other applicable provisions, if any, of the Companies Act, 2013 (the "Act") read with applicable Rules and Regulations made thereunder (including any statutory modification(s) or re-enactment(s), alteration in object clause of the MOA requires the approval of Members by way of special resolution.

Accordingly, consent of the members is sought by way of a special Resolution as set out in Item No. 5 of the Notice.

None of the Directors or Key Managerial Personnel of the Company or their relatives is in any way, concerned or interested, financially or otherwise, in the resolution set out in Item No. 5 of the Notice.

Item No. 6

Considering the Company's future growth plans and possible requirement of additional funds for its operations, and modernization, the borrowings, if and when required, may need to be secured by mortgage or charge on all or any of the movable or immovable or any other tangible and intangible assets / properties of the Company (both present & future), in favour of any lender(s) including the financial institutions / banks / debenture trustees etc. in such form, manner and ranking as may be determined by the Board of Directors of the Company from time to time, in consultation with the lender(s).

As advised, it would be judicious for the Company to seek the consent of its members before exercising the powers mentioned in Section 180(1)(a) of the Companies Act, 2013 read with applicable rules framed thereunder, since creation of such securities or any possible invocation thereof may be construed as disposal of the undertaking of the Company.

The resolution contained in item no. 6 of the accompanying Notice, accordingly, seek members' approval in respect of the borrowing limits and disposal of the Company's undertaking(s) by way of creation of mortgage / charge etc. thereon and for authorizing the Board of Directors (including a Committee thereof authorized for the purpose) of the Company to complete all the formalities in connection thereto.

None of the Directors or key managerial personnel of the Company or their relatives is / are, in any way concerned or interested in the proposed resolutions.

Accordingly, consent of the members is sought by way of a special Resolution as set out in Item No. 6 of the Notice.
