EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND THE RULES FRAMED THEREUNDER

Item No. 3:

The Securities and Exchange Board of India, vide its Circular No. SEBI/LAD-NRO/GN/2015-16/013 dated 2nd September, 2015 (the "said circular"), introduced the regulations called the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 [herein after "SEBI (LODR)"]. As per regulation 23 (4) of the SEBI (LODR), all material related party transactions shall require approval of the shareholders through resolution in the General Meeting. The related party transactions set out below are all contractual obligations entered / to be entered into by the Company in its ordinary course of business and are arms' length transactions for financial year 2018-19:

For financial year 2018-19	
Name of the related party	Shah Alloys Limited
Relation with the Company	Promoter Company
Purpose of related party transaction	Sale of Power & Material
	Purchase of Material & Service
Amount Approx.	
(₹ in Cr.)	300.00
	100.00

As approved by the members in the Annual General Meeting held on 30.09.2017, to enter into related party transactions for the financial year 2017-18 for purchase of material & services to the extent of ₹ 10 Crores. However, Company executed transactions amounting to ₹ 60.00 Crores (approx.). In compliance of Companies Act, 2013 and SEBI (LODR) Regulations, 2015, Members approval is sought for ratification of excess transactions.

Purpose of the aforementioned material related party transactions

Company was promoted by Shah Alloys Limited in 2003 and is having 35.61% equity holding in the Company. The Project is backward integration project since finished product of the Company is raw material for the Shah Alloys Limited. Further, Company has installed group captive power plant 40 MW. Excess power is wheeled to Shah Alloys Limited for its power requirement. On account of above, Shah Alloys is purchasing finished product of Company and also power generated by group captive power plant. Company purchases various materials from Shah Alloys Limited for maintenance of its plant and other purposes. Transactions made with Shah Alloys Limited are at Arms' length basis. The information is given pursuant to the provisions of Regulation 23 of SEBI (LODR) Regulations 2015 since the value of transactions with SAL Steel Ltd. exceeds 10% of the total turnover of the Company.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution except Shri Rajendra V. Shah.

Item No.4:

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of the Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending 31st March, 2019 at the remuneration of ₹ 70,000/- per annum plus out of pocket expenses, if any, incurred during the course of audit. In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company. Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 4 of the Notice.

None of the Directors / Key Managerial Personnel of the Company / their relatives is, in any way, concerned or interested, financially or otherwise, in the resolution. The Board commends the Ordinary Resolution set out at Item No. 4 of the Notice for approval by the shareholders.

7. TO CONTINUE DIRECTORSHIP OF SHRI AMBALAL C. PATEL (DIN 00037870), NON EXECUTIVE DIRECTOR AS AN INDEPENDENT DIRECTOR

To consider and, if thought fit, to pass with or without modification(s) the following resolution as an Ordinary Resolution:

"RESOLVED THAT pursuant to the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 and pursuant to newly inserted sub regulations 1A in Regulation 17 of SEBI (Listing Obligations and Disclosure Requirements) (Amendment Regulations) 2018 which will be effective from 1st April, 2019 including any statutory modification(s) or re-enactment thereof for the time being in force, approval of members of the Company be and is hereby accorded for continuation of the directorship of Shri Ambalal C. Patel (DIN: 00037870) as Independent Director of the Company on attaining the age of seventy five years on 1st April, 2019."

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND THE RULES FRAMED THEREUNDER FOR THE ITEM NOS. 5 TO 7

The Members of the Company at the 11th Annual General Meeting (AGM) held on 24th September 2014 inter alia appointed Shri Jethalal M. Shah, Shri Shrikant Jhaveri and Shri Ambalal C. Patel as Independent Directors of the Company for a period of five consecutive years with effect from 24th September 2014.

Based on the Report of the Committee on Corporate Governance chaired by Shri Uday Kotak, the Securities and Exchange Board of India (SEBI) amended the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "Listing Regulations"). According to the new provisions, a person who has attained the age of seventy five years can continue directorship in a listed company as a non executive director only after the concerned listed company has taken the approval of its

shareholders by way of a special resolution. The said provision comes into effect from April 1, 2019.

Since Shri Jethalal M. Shah, Shri Shrikant Jhaveri and Shri Ambalal C. Patel, Independent Directors of the Company have attained seventy five years of age, their directorship can continue from April 1, 2019 only if the Company has obtained the approval of its Members by way of a special resolution on or before March 31, 2019.

Shri Shah has vast experience of more than 55 years. Shri Shah had been working with Sarabhai Group of Industries on senior management level. Shri Shah has good business understanding and experience; he has contributed a lot with his acumen and decision making.

Shri Jhaveri has done his M.S. in Electrical from USA. Shri Jhaveri has more than 40 years of experience. Shri Jhaveri had served various Government Organizations during his carrier at senior level positions. Presently, Shri Jhaveri is also holding various senior level positions in various Government committee and NGO's.

Mr. Ambalal C. Patel, is a B Sc and B E (Metallurgy). He has gained more than 36 years of experience in project evaluation, project finance and technical appraisal of various undertakings, while working with Gujarat Industrial & Investment Corporation Limited (GIIC). He had retired as a Deputy General Manager from GIIC in April 2004 and joined the Board of the Company in August 2004. His guidance and advice in the area of finance and company law matters is very helpful to the Company.

In the opinion of the Board of Directors of the Company, Shri J M Shah, Shri Shrikant Jhaveri and Shri A C Patel are person of high repute, integrity and have rich and varied experience and hence their directorship is recommended to be continued up to the expiry of their present term as Independent Directors i.e. upto conclusion of 16th Annual General Meeting to be held in calendar year 2019 by passing special resolutions as set out at Item Nos. 5 to 7 of this Notice.

None of the Directors / Key Managerial Personnel of the Company / their relatives is concerned or interested in the resolution.

MANAGEMENT DISCUSSION AND ANALYSIS**INDUSTRY STRUCTURE AND DEVELOPMENTS**

In FY 2017-18, the global economic activity continued to firm up. As per the International Monetary Fund (IMF), the global output is estimated to have grown by 3.7% in 2017, which is 0.5 percentage point higher than in 2016. The pickup in growth has been broad based, with noteworthy upside developments in Europe and Asia. The forecast for global growth in 2018 and 2019 is upward at 3.9%. This forecast reflects the increased global growth momentum.

The growth momentum is expected to be stimulated by the U.S tax policy changes, with increased investment response in the U.S. It is estimated that the growth rate in the U.S will be positive through 2020. Growth rates for many of the euro area economies have been picking up, especially for Germany, Italy, and the Netherlands. This, in turn, reflects the stronger momentum in domestic demand and higher external demand. However, the growth is expected to moderate gradually in China.

In the near term, the risks to the global growth forecast appear to be balanced, however, some of the inward-looking policies, geopolitical tensions and political uncertainty in some countries could pose downside risks.

INDIAN ECONOMIC OVERVIEW

India is going through a lot of structural reforms. The government has taken strides towards reviving the agricultural sector and boost Micro, Small and Medium Enterprises (MSMEs) growth, facilitating tax reform (GST), drive infrastructure growth and enhancing financial inclusion. India is steadily moving towards sustaining growth in the near and long-term.

In the backdrop of the structural reforms, the international credit rating agency Moody's upgraded India's credit ratings to Baa2 from Baa3 after a gap of around 13 years. The Economic Survey of India 2017-18, projects Indian economy to grow at 6.5% during FY 2017-18, with FY 2018-19 growth expected to be around 7 to 7.5%. Moreover, the country was ranked at the hundredth position, registering an improvement of 30 places, in the World Bank's Ease of Doing Business (EoDB) 2017 report.

Additionally, some improvements on the industry sector emanated from a steady rise in utilities and a revival in manufacturing activity. This turnaround in production levels is possibly a reflection of growing consumption demand.

Some of the policy reforms and actions that have fuelled this growth are:

Impetus on infrastructure growth

The Government is focused on strengthening the key pillars of the economy, agriculture, healthcare and infrastructure. To boost road infrastructure in the country and foster job creation, the Government of India (GoI) announced an investment outlay of INR 6.9 lakh crore to construct 83, 677 km of road network, over a period of five years. The Government estimates that around USD 4.5 trillion worth of investments are required by India till 2040 to develop infrastructure to improve economic growth and community well-being.

Growing potential of the rural economy

The Government of India has taken numerous initiatives for boosting rural economy and demand. Some of these schemes include plans of spending INR 14.34 lakh crore (trillion) in rural infrastructure and livelihood spending. It also includes the increase in the minimum

support price of crops to at least 1.5 times their production cost. Rural economy being agriculture-based, this will give a huge impetus to rural growth and demand.

Thrust to the Micro, Small and Medium Enterprises

The 2018-19 Budget of the Government of India has given a big thrust to Micro, Small and Medium Enterprises (MSMEs) sector to boost employment and economic growth. The government has made allocation worth Rs 3794 crore to the MSME sector for credit support, capital and interest subsidy on innovation. With the tax reforms, the businesses of MSMEs are increasingly formalised, which will generate substantial information for MSMEs and help in financing them.

Supportive policy environment:

i) Goods and Services tax

The Goods and Services Tax was launched in July 2017 with the aim to consolidate all other indirect tax laws, except a few and also to bring a harmonised tax structure and uniform compliance practices both by regulators and businesses. Post GST implementation, India's tax net expanded by 50%. GST is expected to bring various benefits to businesses and consumers such as compliance, input tax credits, reduced logistic costs and a transportation tax regime.

ii) Insolvency and bankruptcy code

Launched in December 2016, the code is a one-stop solution for resolving insolvencies which at present is a long process and does not offer an economically viable arrangement. The code will be able to protect the interests of small investors and make the process of doing business simpler.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Steel is one of the most important products of the modern world and is of strategic importance to any industrial nation. From construction, industrial machinery and transportation to consumer products, steel finds a wide variety of applications. It is also an industry with diverse production-technologies based on the nature and extent of use of raw materials. It is often said that steel industry is the barometer of the economic health of the nation, at least in the early stages of economic development.

Domestic steel market has overcome the effects of glut in the market due to cheap imports mainly from China; industry is back to profitability on increased demand in domestic market aided by strong exports. Steel industry has turned around during FY 2017-18 when compared to two preceding years.

As per the international rating agency Moody's, among the major steel-producing Asian countries, operating conditions will be the most supportive in India, because of the robust domestic demand and protectionist measures. This is despite an increase in raw material prices and new capacity additions.

A supportive policy environment and improved performance in the steel industry, Indian sponge iron industry has got a big boost. As, sponge iron contributes to 23% of India's total crude steel production of 97MT.

India is world's largest sponge iron producer with an annual installed capacity of 46-47 MT. There are over 400 sponge iron units in India.

Indian sponge iron industry is highly fragmented. Top 20 producers contribute about 60-65% of total production whereas rest contribute 35-40% of the production.

During FY 2018-19, domestic sponge iron production is expected to increase by 10% and its total production is likely to cross 23 MT. This has become possible mainly due to increased availability of iron ore at competitive prices; iron ore pellet supplies have also eased out and has supported sponge iron industry.

Globally too, due to positive sentiments in the steel market, sponge iron production has increased during 2018 to 73 MT from 72.76 MT during 2017. A significant development on the DRI scenario, is the rapid strides Iran has made in recent years. With an output of 20.5 MT (a rise of 6 %) in the calendar year 2017, it stood second to India that produced 25.8 MT (a drop of 8 %), according to WSI. With the new DRI plants coming up that uses the PERED (joint Iranian - German) technology, Iran is billed to become the top producer of DRI in the world soon. India needs to come up with DRI production that must be competitive by global standard and is environmentally friendly.

India is set to become the second largest steel producer in the world as economic growth drives the demand; this is evident from the keen interest and competition seen in acquiring the stressed companies in the steel sector.

Overall during the next few years, we can expect a competitive, robust and consolidated steel sector in India.

Opportunities

Sponge Iron is no longer considered as an alternative to scrap rather considered as a raw material for steel making in electric furnaces. It is being used as a principle raw material and is charged at 40-80% of the charge mix in furnaces. India has abundant reserves of iron ore and non-coking coal suitable for sponge iron making and it has been a major factor in the establishment of the industry.

As per the National steel policy crafted during FY 2017-18, the crude steel production target for India is set at 300 MT by 2030. Share of sponge iron in steel making will be 80MT, which will create huge opportunity for sponge iron industry.

Threats

Presently there are no visible threats in the short and medium term in the sponge iron industry. However availability of key raw materials and environmental concerns might pose significant challenge in the future.

Outlook

The domestic consumption story is positive as is evident in the demand pull visible in automobile and other sectors. Government is also driving the economy by investing in housing, roads, and ports and in other infrastructure projects.

Favourable domestic demand and remunerative prices in both domestic and international markets are likely to bolster steel production further in the years to come, resulting into more demand for sponge iron.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

Production of sponge iron during the year was 1,50,721 MT as compared to 1,57,065 MT as compared in the previous year. Production of Ferro Chrome was 11,260 MT as compared to 12,264 MT in the previous year.

Accordingly, sales for sponge iron during the year was 1,52,906 MT as compared to 1,56,939.75 MT in the previous year. Sales of Ferro Chrome during the year were 11,589 MT as compared to 12,408.95 MT in the previous year.

Company has a power generation plant of 40 MW. During the year 98,318.37 MWH of power was sold by way of Captive Consumption as against 99,660.25 MWH in the previous year.

During the year under review Total Revenue from operation has been increased from ₹ 39,939.90 lacs to ₹ 51,136.81 lacs as compared to previous year's turnover. Company has registered a net profit of ₹ 4,239.07 lacs in comparison of profit of ₹ 87.68 lacs during previous year.

OUTLOOK

The domestic consumption story is positive as is evident in the demand pull visible in automobile and other sectors. Government is also driving the economy by investing in housing, roads, and ports and in other infrastructure projects. Favourable domestic demand and remunerative prices in both domestic and international markets are likely to bolster steel production further in the years to come, resulting into more demand for sponge iron.

RISK AND CONCERNS

The process of Risk Management in the company identifies inherent risks in its operations and records residual risk after taking specific risk mitigation steps. The company has identified and categorized risks in the areas of Operations, Finance, Marketing, Regulatory Compliances and Corporate matter.

The volatility in price of sponge iron, excess supply of sponge iron in the market will have an effect of squeezing margins and poses risk to the profitability. New customers, new market and cost reduction have been identified as the mitigation measures.

Also, the enforcement of recent Tariff policy guidelines on power by Government of India that requires the State Electricity Regulatory Commission to ascertain sale price of power based on cost of generation will have an impact on the revenue from export of power.

Fluctuation of import coal price, increase in USD-INR exchange rate, may lead to increase in cost of production. This is mitigated by continuous evaluation of international coal price vis-à-vis Indian coal price and accordingly the action plan for procurement has been formulated.

INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

The Company has adequate internal control procedures commensurate with its size and nature of its business. The objectives of these procedures are to ensure efficient use and protection of the Company's resources, accuracy in financial statements and due compliance of statutes and Company's policies and procedures.

HUMAN RESOURCES AND INDUSTRIAL RELATIONS

The Company is working on enhancing its competencies to take care of current and future business. Its employee strength as on March 31, 2018 was 410. Human Resource and Industrial Relations departments have developed systems and policies on recruitment, performance management, learning and development, and employee engagement. The Workers union of the Company has maintained healthy and cordial industrial relations, and has been an equal partner in implementing Company's policies and achieving stretched operational targets, year on year.

CAUTIONARY NOTE

Cautionary Statement The above Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include external economic conditions affecting demand/supply influencing price conditions in the market in which the Company operates, changes in Government regulations, tax laws, and other incidental factors.

To the Members of
S.A.L. STEEL LIMITED
AHMEDABAD

Report on the Financial Statements

We have audited the accompanying Ind AS Financial Statements of M/s SAL STEEL LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss, (including the statement of Other Comprehensive Income), the Statement of Cash flows, the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information. (herein after referred to as "Ind AS financial statements").

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS Financial Statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Ind AS Financial Statements.

BASIS OF QUALIFIED OPINION

1. **Management is of the view that they do not anticipate execution of its ongoing capital projects. However, the Company has not made adequate provision towards recovery of advances for the said capital projects for the amount of Rs.9,12,32,064/- which are currently shown under Long term loans and advances. The consequential impact of adjustment, if any, on the actual realization of said advances on the financial results is currently not ascertainable. Therefore, we are unable to comment on its consequential financial impact, if any, on the financial statements. (Refer Note No 35 - of Notes forming Part of IND AS Financial statement)**
2. **The Company has not assessed the impact of Effective Interest Method to the finance cost as per the requirement of Ind AS 109 'Financial Instruments' and hence, the effect of the same, if any, on the financial results is not identifiable therefore, we are unable to comment upon its impact on the Financial results for the year ended 31st March, 2018. (Refer Note No 37- of Notes forming Part of IND AS Financial statement)**

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph the aforesaid Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, and its Profits, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

OTHER MATTER

The Comparative financial information of the Company for the year ended 31st March 17 and the transition date opening -- balance sheet as at 1 April, 2016 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by predecessor auditors and their reports for the years ended 31 March 2017 and 31 March 2016 dated 27th May 2017 and 30th May, 2016 respectively expressed an unmodified opinion on those financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion is not modified in respect of these matters.

EMPHASIS MATTER

- Note 31 to the IND AS financial Statements of the Company which states that the Company's current liabilities exceeded its current assets as at the previous year balance sheet date. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. However, considering the profit earned by the company for the year ended on 31st March 2018 and considering the view of the management, the financial results of the Company have been prepared on a "going concern basis".**
- Note 32 to the IND AS financial statements which describes about the Non disclosure of Reportable Segments as required under Indian Accounting Standard - 108 'Operating Segments'. As IND AS 108 Operating Segments mandates the disclosure requirements there is no impact on the financial results due to non disclosure.**
- Note no 40 to the Financial statements about the settlement agreement entered in to by the company with effect from 22nd February 2018 for the entire dues in respect of various facilities and assistance provided by Union bank of India, State Bank of Saurashtra, State Bank of India and State Bank of Hyderabad which is now assigned to Invent Assets Securitization & Reconstruction Pvt. Ltd. The company has accounted for the Waiver of Interest portion (as per the books of the company) as Income in the statement of Profit and loss. The said agreements provides for the settlement of entire dues in respect of financial assistance and facilities with the underlying Securities for the payment of Rs 18051.50 lacs towards full and final settlement against the total liability (Principal and Interest) of Rs 24430 lacs resulting in to the waiver of liability (Principal and Interest as per the books of the company) for the amount of Rs 6378.26 lacs. The said waiver of liability (Interest) for the amount of Rs 6378.26 has been shown as income in the Statement of Profit and loss and has been reflected as an Exceptional Item in the Statement of Profit and loss for the year ended on 31st March 2018.**
- Refer Note 42 to the notes forming part of financial statements which mentions about the Order of Hon'ble National Company Law Tribunal (NCLT), Ahmedabad Bench dated 6th Sep, 2017 [C P (IB) no. 94/9/NCLT/AHM/2017] which had admitted the company under Corporate Insolvency Resolution Process (CIRP) under section 9(5)(i) of the Insolvency and Bankruptcy Code, 2016 and accordingly appointed Interim Resolution Professional (IRP). However, on the basis of the records produced before us, and as explained to us, the promoters of the company have entered in to a settlement with operational creditor who had filed application before Hon'ble NCLT, Ahmedabad and obtained no objection from other operational creditors as well as financial creditors and moved a petition under Article 142 of the Constitution of India before the Hon'ble Supreme Court of India, New Delhi. As per the order dated 10th January 2018 of the Hon'ble Supreme court of India, the order passed by the Hon'ble NCLT, Ahmedabad dated 06th September, 2017 has been set aside and accordingly the CIRP proceedings have been effectively discontinued and powers of the Board of Directors of the Company have been reinstated.**
- Attention is invited to Note 41 of the Financial Statements which states that the balance confirmation from the suppliers, customers as well as to various loans or advances given have been called for, but the same are awaited till the date of audit. Thus, the balances of receivables, trade payables as well as loans and advances have been taken as per the books of accounts submitted by the company and are subject to confirmation from the respective parties**
- Attention is invited to Note 42 of the Financial Statements In view of the fact that the company against whom an application for Corporate Insolvency Resolution Process (CIRP) has been admitted under the Insolvency & Bankruptcy Code 2016 vide order of the National Company Law Tribunal Ahmedabad dated 06th September, 2017 [CP(IB) No.94/9/NCLT/AHM/2017] u/s 9 of the IBC 2016 and in line with the press release of the CBDT dated 06th January, 2018, while computing the liability of MAT u/s 115JB of the Income Tax Act the amount of total loss brought forward (including unabsorbed depreciation) has been allowed to be reduced from the book profit for the year under review.**

Our opinion is not qualified on the above matters.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OFF EVEN DATE ON THE FINANCIAL STATEMENTS OF S.A.L STEEL LIMITED

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s S.A.L STEEL LIMITED ("the Company") as of 31 March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information & according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statement for the year ended 31 March 2018

A. DISCLOSURE OF ACCOUNTING POLICIES**1.1 CORPORATE INFORMATION**

The Company is a Public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on National Stock Exchange and Bombay Stock Exchange. The company is engaged in manufacturing Sponge Iron, Ferro Alloys and power and the same are sold in the domestic market. Because of the Captive power generation, company has advantage of low power cost per unit of manufacturing. Company is generating 40 MW Power from waste Heat recovery Boiler & Fluidized Bed Combustion boiler with economic price. Power generated is used for captive consumption and sur-plus power is sold resulting profit.

1.2 BASIS OF PREPARATION OF FINANCIAL STATEMENT

The Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015. The Financial Statements up to year ended 31 March 2017 were prepared in accordance with accounting standards notified under the Company (Accounting Standards) Rules 2006 read with Rule 7(1) of the Companies (Accounts) Rules, 2014 and the provisions of the Companies Act, 2013 (hereinafter referred to as the 'previous GAAP').

These Financial Statements are the first financial statements of the company under Ind AS - the transition date being 1st April 2016. The information as to how the company has adopted Ind AS and the impact thereof on Company's financial position, financial performance and cash flows is presented in notes to financial statements.

The financial statements have been prepared under the historical cost basis.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Company's management evaluates all recently issued or revised accounting standards on an on-going basis.

The financial statements are presented in Indian Rupees ('INR'). Where changes are made in presentation, the comparative figures of the previous year are regrouped and re-arranged accordingly.

1.3 Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting year end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

1.4 PROPERTY, PLANT AND EQUIPMENT:

- i) Property, Plant and Equipment are stated at original cost (net of tax/duty credit available) less accumulated depreciation and impairment losses. Cost includes cost of acquisition, construction and installation, taxes, duties, freight, other incidental expenses related to the acquisition, and pre-operative expenses including attributable borrowing costs incurred during pre-operational period.
- ii) Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit and loss during the reporting period in which they are incurred.
- iii) Assets which are not ready for their intended use on reporting date are carried as capital work-in-progress at cost, comprising direct cost and related incidental expenses.
- iv) On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.
- v) Property, Plant and Equipment are depreciated and/or amortised on the basis of their useful lives as notified in Schedule II to the Companies Act, 2013. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.
- vi) Depreciation in respect of additions to assets has been charged on pro rata basis with reference to the period when the assets are ready for use.
- vii) An asset's carrying amount is written down immediately on discontinuation to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Profit/ Loss on Sale and Discard of Fixed Assets.
- viii) Useful lives of the Property, Plant and Equipment as notified in Schedule II to the Companies Act, 2013 are as follows :
 - Buildings - 3 to 60 years
 - Plant and Equipments - 15 to 25 years
 - Furniture and Fixtures - 10 years
 - Vehicles - 8 to 10 years
 - Office Equipments - 5 to 10 years
- ix) At each balance sheet date, the Company reviews the carrying amount of property, plant and equipment to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. The recoverable amount is higher of the net selling price and the value in use, determined by discounting the estimated future cash flows expected from the continuing use of the asset to their present value.

1.5 INTANGIBLE ASSETS:

- i) Intangible assets acquired by payment e.g. Computer Software are disclosed at cost less amortization on a straight-line basis over its estimated useful life.

- ii) Intangible assets are carried at cost, net of accumulated amortization and impairment loss, if any.
- iii) On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the intangible assets.
- iv) Intangible assets are amortised on straight-line method as follows :
Computer Software - 5 years
- v) At each balance sheet date, the Company reviews the carrying amount of intangible assets to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. The recoverable amount is higher of the net selling price and the value in use, determined by discounting the estimated future cash flows expected from the continuing use of the asset to their present value.

1.6 Revenue Recognition

- i) Revenue comprises of all economic benefits that arise in the ordinary course of activities of the Company which result in increase in Equity, other than increases relating to contributions from equity participants. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.
- ii) Sale of Goods: Revenue from sales of goods is recognized on transfer of significant risks and rewards of ownership to the customers. Revenue shown in the Statement of Profit and Loss are inclusive of Excise Duty upto 30th June 2017 and the value of self-consumption, but excludes, returns, trade discounts, cash discounts, value added tax, central sales tax. Excise Duty expense has been disclosed in Statement of Profit and Loss as expenditure.
- iii) Services: Revenue from Services are recognized as and when the services are rendered.
- iv) Interest: Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.
- v) Export Benefits are accounted on accrual basis.
- vi) Dividend income is recognized when right to receive is established.

1.7 EMPLOYEE BENEFITS:

- i) Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the related service is rendered.
- ii) Post Employment and Retirement benefits in the form of Gratuity are considered as defined benefit obligations and is provided for on the basis of third party actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet. Every Employee who has completed five years or more of service is entitled to Gratuity on terms not less favorable than the provisions of The Payment of Gratuity Act, 1972.
- iii) The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of reporting period on government bonds that have terms approximating to the terms of the related obligation.
- iv) Employee benefits in the form of Provident Fund is considered as defined contribution plan and the contributions to Employees' Provident Fund Organization established under The Employees' Provident Fund and Miscellaneous Provisions Act 1952 is charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid.

1.8 Valuation of Inventories

- i) The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to their present location and condition. The costs of Raw Materials, Stores and spare parts etc., consumed consist of purchase price including duties and taxes (other than those subsequently recoverable by the enterprise from the taxing authorities), freight inwards and other expenditure directly attributable to the procurement.
- ii) Stock of Raw Materials are valued at cost and of those in transit and at port related to these items are valued at cost to date. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Material and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.
- iii) Stock of Stores and spare parts are valued at cost; and of those in transit and at port related to these items are valued at cost.
- iv) Goods-in-process is valued at lower of cost or net realisable value.
- v) Stock of Finished goods is valued at lower of cost or net realisable value.
- vi) Stock-in-trade is valued at lower of cost or net realisable value.

1.9 Cash flow statement

Cash flows are reported using indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from regular revenue generating, financing and investing activities of the Company is segregated.

Cash and cash equivalents in the balance sheet comprise cash at bank, cash/cheques in hand and short term investments with an original maturity of three months or less.

1.10 FINANCIAL ASSETS:

- i) The Company classifies its financial assets as those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and those to be measured at amortised cost.
- ii) Trade receivables represent receivables for goods sold by the Company upto to the end of the financial year. The amounts are generally unsecured and are usually received as per the terms of payment agreed with the customers. The amounts are presented as current assets where receivable is due within 12 months from the reporting date.
- iii) Trade receivables are impaired using the lifetime expected credit loss model under simplified approach. The Company uses

a matrix to de-termine the impairment loss allowance based on its historically observed default rates over expected life of trade receivables and is adjusted for forward looking estimates. At every reporting date, the impairment loss allowance is determined and updated and the same is deducted from Trade Receivables with corresponding charge/credit to Profit and Loss.

- iv) A financial asset is derecognized only when the Company has transferred the rights to receive cashflows from the financial asset, or when it has transferred substantially all the risks and rewards of the asset, or when it has transferred the control of the asset.

1.11 FINANCIAL LIABILITIES:

- i) Borrowings are removed from balance sheet when the obligation specified in the contract is discharged, cancelled or expired.
- ii) Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.
- iii) Trade Payables represent liabilities for goods and services provided to the Company upto to the end of the financial year. The amounts are unsecured and are usually paid as per the terms of payment agreed with the vendors. The amounts are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially and subsequently measured at amortised cost.
- iv) Financial assets and Financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.12 FAIR VALUE MEASUREMENT:

- i) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.
- ii) The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.
- iii) A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.
- iv) The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

1.13 FOREIGN CURRENCY TRANSACTIONS:

- i) The Company's financial statements are presented in Indian Rupees ('INR'), which is also the Company's functional currency.
- ii) Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognized as income or expenses in the period in which they arise.
- iii) Non-monetary items which are carried at historical cost denominated in foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rate at the date when the fair value is determined.

1.14 BORROWING COSTS:

- i) Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds.
- ii) General and specific borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets during the period of time that is required to complete and prepare the asset for its intended use. A qualifying asset is one that takes necessarily substantial period of time to get ready for its intended use.
- iii) All other borrowing costs are expensed in the period in which they are incurred.

1.15 ACCOUNTING FOR TAXES ON INCOME:

- i) Tax expenses comprise of current tax and deferred tax including applicable surcharge and cess.
- ii) Current Income tax is computed using the tax effect accounting method, where taxes are accrued in the same period in which the related revenue and expenses arise. A provision is made for income tax annually, based on the tax liability computed, after considering tax allowances and exemptions. Provisions are recorded when it is estimated that a liability due to disallowances or other matters is probable.
- iii) Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profits against which the deductible temporary differences, and the carry forward unused tax credits and unused tax losses can be utilized.
- iv) The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it is become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based

on the tax rates and tax laws that have been enacted or sub-stantively enacted at the reporting date.

- v) Deferred tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income. As such, deferred tax is also recognised in other comprehensive income.
- vi) Deferred Tax Assets and Deferred Tax Liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the Deferred Tax Assets and Deferred Tax Liabilities relate to taxes on income levied by same governing taxation laws.

1.16 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

- i) Provisions are made when (a) the Company has a present legal or constructive obligation as a result of past events; (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (c) a reliable estimate is made of the amount of the obligation.
- ii) Contingent liabilities are not provided for but are disclosed by way of Notes on Accounts. Contingent liabilities is disclosed in case of a present obligation from past events (a) when it is not probable that an outflow of resources will be required to settle the obligation; (b) when no reliable estimate is possible; (c) unless the probability of outflow of resources is remote.
- iii) Contingent assets are not accounted but disclosed by way of Notes on Accounts where the inflow of economic benefits is probable.

1.17 CURRENT AND NON-CURRENT CLASSIFICATION:

- i) The Normal Operating Cycle for the Company has been assumed to be of twelve months for classification of its various assets and liabilities into "Current" and "Non-Current".
- ii) The Company presents assets and liabilities in the balance sheet based on current and non-current classification.
- iii) An asset is current when it is (a) expected to be realized or intended to be sold or consumed in normal operating cycle; (b) held primarily for the purpose of trading; (c) expected to be realized within twelve months after the reporting period; (d) Cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.
- iv) An liability is current when (a) it is expected to be settled in normal operating cycle; (b) it is held primarily for the purpose of trading; (c) it is due to be discharged within twelve months after the reporting period; (d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. All other liabilities are classified as non-current.

Commercial Tax Department has challenged by way of Tax Appeal before Supreme Court, the order of Gujarat High Court wherein Judgment of Joint Commissioner of Commercial Tax (Legal) was quashed and decided that non cooking coal used in the manufacturing process for Sponge Iron as raw material and eligible for ITC under Section 11 (3)(b). The result of the appeal will decide whether company has to claim amount of ITC or refund ITC already taken. However, amount of contingent liability cannot be ascertained.

31. The Company's current liabilities exceeded its current assets as at the previous year balance sheet date. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. However, considering the profit earned by the company for the year ended on 31st March 2018 and considering the view of the management, the financial results of the Company have been prepared on a "going concern basis".

32. SEGMENT REPORTING:

The Company is manufacturing Ferro Alloys & Sponge Iron, which is basically used in Iron & Steel Industry. Further power generated in the company in its power plant is used for captive as well as trading purpose. In view of this, the company has to consider "Iron & Steel" and "Power" as Primary Reportable business segment, as per Indian Accounting Standard - 108 'Operating Segments'. Reporting. However, due to substantial competition, risk, on-going position of Company and largely in the interest of the Company as well as interest of the stake holders involved, therefore, management has not made disclosure of Primary Reportable segment as per Indian Accounting Standard - 108 'Operating Segments'.

33 Financial and derivative instruments

- Capital Management

The company's objective when managing capital is to:

- Safeguard its ability to continue as a going concern so that the Company is able to provide maximum return to stakeholders and benefits for other stakeholders.
- Maintain an optimal capital structure to reduce the cost of capital.

The company's Board of director's reviews the capital structure on regular basis. As part of this review the board considers the cost of capital risk associated with each class of capital requirements and maintenance of adequate liquidity.

Disclosures

This section gives an overview of the significance of financial instruments for the Company and provides additional information on balance sheet items that contain financial instruments.

Notes to the Financial Statements for the year ended 31st March 2018

(Amount ₹ in Lacs)

The details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognized in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note (A) j, k, l and m.

(ii) Fair Value Measurement

This note provides information about how the Company determines fair values of various financial assets.

Fair Value of financial assets and liabilities that are not measured at fair value (but fair value disclosures are required).

Management considers that the carrying amounts of financial assets and financial liabilities recognized in the financial statements approximate their fair values.

(iii) Financial Risk Management Objectives

While ensuring liquidity is sufficient to meet Company's operational requirements, the Company's financial management committee also monitors and manages key financial risks relating to the operations of the Company by analyzing exposures by degree and magnitude of risks. These risks include market risk (including currency risk and price risk), credit risk and liquidity risk.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: in-interest rate, currency risk and other price risk, such as commodity price risk and equity price risk. Financial instruments affected by market risk include FVTPL investments, trade payables, trade receivables, etc.

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. The Company has a treasury department which monitors the foreign exchange fluctuations on the continuous basis and advises the management of any material adverse effect on the Company.

Interest Rate Risk

The Company's interest rate risk arises from the Long Term Borrowings with fixed rates. The Company's fixed rates borrowings are carried at amortised cost.

Liquidity Risk

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents including bank deposits and availability of funding through an adequate amount of committed credit facilities to meet the obligations when due.

Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets & liabilities and monitoring balance sheet liquidity ratios.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The information included in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Trade Receivables

An impairment analysis is performed at each reporting date on an individual basis for all the customers. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of trade receivables disclosed in Note 3 and 7, as the Company does not hold collateral as security. The Company has evaluated the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries.

The Company has a detailed review mechanism of overdue customer receivables at various levels within organisation to ensure proper attention and focus for realisation.

34. Disclosures Regarding Employee Benefits

As per Indian Accounting Standard 19 "Employee Benefits" the disclosures are given below:

Defined Contribution Plan

Contribution to defined contribution plan, recognized as expense for the year is as under:

Particulars	2017-18	2016-17
Employers contribution to provident fund	43.33	55.25

- (i) Defined Contribution Plan: Employee benefits in the form of Provident Fund are considered as defined contribution plan and the contributions to Employees Provident Fund Organization established under The Employees Provident Fund and Miscellaneous Provisions Act 1952 and Employees State Insurance Act, 1948, respectively, are charged to the profit and loss account of the year when the contributions to the respective funds are due.
- (ii) Defined Benefit Plan: Retirement benefits in the form of Gratuity are considered as defined benefit obligation and are provided for on the basis of third party actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet. Every Employee who has completed five years or more of service is entitled to Gratuity on terms not less favorable than the provisions of The Payment of Gratuity Act, 1972.
- As the Company has not funded its liability, it has nothing to disclose regarding plan assets and its reconciliation.
- (iii) Major risk to the plan
- I have outlined the following risks associated with the plan:

A. Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience: Salary hikes that are higher than the as-sumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

B. Investment Risk:

For funded plans that rely on insurers for managing the assets, the value of as-sets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

C. Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cashflows.

D. Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E. Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

35. Management is of the view that they do not anticipate execution of its ongoing capital projects. However, the Company has not made ad-equate provision towards recovery of advances for the said capital projects for the amount of Rs. 912.32/- which are currently shown under Other Non Current assets as Advance for capital Goods for the supply of customized equipments based of our specific design and requirements . The machines are manufactured and ready for dispatch but company does not have further fund to pay balance amount and to lift the machines. However the management is trying to recover such advances from the suppliers fully subject to provision of Rs 2.37 lacs made in the books of

accounts.

36. The Company has not assessed the impact of Effective Interest Method to the finance cost as per the requirement of Ind AS 109 'Financial Instruments and hence, the effect of the same, if any, on the financial results is not identifiable.
37. The Company's current liabilities exceeded its current assets as at the previous year balance sheet date. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. However, considering the profit earned by the company for the year ended on 31st March 2018 and considering the view of the management, the financial results of the Company have been prepared on a "going concern basis".

Notes to first time adoption**a Property Plant and Equipment**

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

b Re-Classification

Assets / liabilities which do not meet the definition of financial asset / financial liability have been reclassified to other asset / liability.

c Prior Period Items

This company has recorded a prior period error in the FY 2016-17 pertaining to the year FY 2015-16. Hence the same is adjusted in the opening reserves of the Balance Sheet as at 1-4-2016. Moreover, the prior period error with respect to the FY 2016-17, which was to be recorded in FY 2017-18, has been adjusted under the head Other Admin Expenses in the Statement of Profit or Loss.

d Excise Duty

Under the previous GAAP, revenue from sale of products was presented exclusive of excise duty. Under Ind AS, revenue from sale of goods is presented inclusive of excise duty. The excise duty paid is presented on the face of statement of profit and loss as part of expenses

e Deferred Tax

As per Ind AS 12, Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date. On transition date, certain adjustments were made by charge/ credit to profit and loss account. The tax effect of such adjustments resulting into deferred tax asset of Rs. 864.10 lacs has been recognised by credit to retained earnings. This is on account of the fact that upto this period, deferred tax asset on unabsorbed depreciation and brought forward losses were not recognized since as per the consideration of "Prudence" under AS 22 as well as Ind AS 12, the same is not permitted. Now, as per the management contention, there is a reasonable and virtual certainty that sufficient future taxable income shall be available against which such deferred tax assets can be realized. The virtual certainty has been established on the basis of speedy reduction of current losses

f Actuarial gain/(loss) on Defined Benefit plans for Employee Benefits:

Under Ind AS, the change in defined benefit liability is split into changes arising out of service and interest cost and changes arising out of remeasurements. Changes due to service and interest cost are to be recognised in Profit and Loss account and the changes arising out of re-measurements are to be recognised directly in Other Comprehensive Income (OCI).
