NOTES FOR MEMBERS' ATTENTION

1. The Explanatory Statement setting out the material facts pursuant to Section 102 (1) of the Companies Act, 2013, relating to the Special Business to be transacted at the Annual General Meeting is annexed hereto.
2. Members of the Company had approved appointment of Messrs V.Sankar Aiyar & Co., Chartered Accountants, as the Statutory Auditors at the 32nd (Thirty Second) Annual General Meeting of the Company held on July 23, 2015 for a term of five (5) consecutive years. The amended provisions of Section 139 of the Companies Act, 2013 and Companies (Audit and Auditors) Rules, 2014 by the Companies (Amendment) Act, 2017 and the Companies (Audit and Auditors) Amendment Rules, 2018 respectively, omitted the provisions relating to annual ratification of the Auditors with effect from May 7, 2018. As such, the appointment of Auditors is not required to be ratified each year at the Annual General Meeting of the Company and accordingly, Messrs V.Sankar Aiyar & Co., Chartered Accountants (Registration No.109208W) hold office for a consecutive period of five (5) years until the conclusion of 37th (Thirty Seventh) Annual General Meeting of the Company to be held for the financial year 2019-20 without following the requirement of ratification of their appointment every year.
3. **A MEMBER ENTITLED TO ATTEND AND VOTE AT THE ANNUAL GENERAL MEETING (“MEETING”) IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE ON A POLL INSTEAD OF HIMSELF OR HERSELF AND THE PROXY NEED NOT BE A MEMBER OF THE COMPANY.** The instrument appointing Proxies, in order to be effective, must be received in the annexed Proxy Form at the Registered Office of the Company not less than forty eight (48) hours before the time fixed for commencement of the Meeting, i.e. by 12.30 P.M. on August 3, 2019.

A person shall not act as Proxy on behalf of members for more than Fifty (50) in number and holding in the aggregate not more than ten percent of the total share capital of the Company carrying voting rights. A member holding more than ten percent of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as proxy for any other person or shareholder.

4. Members/Proxies are requested to deposit the Attendance Slip duly filled in and signed for attending the Meeting. In case of joint holders attending the Meeting, only one such joint holder whose name appears first in the joint holders list will be entitled to vote. Corporate members, Societies, etc. intending to attend Meeting through their authorised representatives are requested to send to the Company, a certified copy of the Board Resolution, Power of Attorney or such other valid authorisations, authorising them to attend and vote on their behalf at the Meeting. Members who hold shares in de-materialized form are requested to bring their DP I.D. and Client I.D. No.(s) for easier identification of attendance at the Meeting.

5. During the period beginning twenty four (24) hours before the time fixed for the commencement of the Meeting and ending with the conclusion of the Meeting, a Member would be entitled to inspect the proxies lodged at any time during the business hours of the Company. All relevant documents referred to in the accompanying Notice and the Explanatory Statement shall be open for inspection by the Members at the Registered Office of the Company during normal business hours on all working days except Saturdays, upto and including the date of the Meeting. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Companies Act, 2013 and the Register of Contracts or Arrangements in which the Directors are interested, maintained under Section 189 of the Companies Act, 2013 will be available for inspection by the Members at the Meeting.
6. The Register of Members and Share Transfer Books of the Company shall remain closed from Tuesday, the July 30, 2019 to Monday, the August 5, 2019 (both days inclusive) for the purposes of Meeting and determining the names of members eligible for dividend on equity shares, if declared at the Meeting.
7. If the dividend as recommended by the Board of Directors is declared at the Meeting, payment of such dividend will be made on or before September 3, 2019 as under:
 - (a) To all Beneficial Owners in respect of shares held in dematerialized form as per the data as may be made available by the National Securities Depository Limited and the Central Depository Services (India) Limited as of the close of business hours on July 29, 2019; and
 - (b) To all Members in respect of shares held in physical form after giving effect to valid transfers in respect of transfer requests lodged with the Company on or before the close of business hours on July 29, 2019.
8. Members holding shares in dematerialised form may please note that their bank account details as furnished by the respective depositories to the Company will be considered for payment/remittance of dividend as per the applicable regulations of the Depositories. The Company or its Registrar and Share Transfer Agents will neither entertain nor act on any direct request from such members for change/deletion in such bank account details. Further, instructions, if any, already given by them in respect of shares held in physical form, will not be automatically applicable to the dividend to be paid on shares held in dematerialised form. Members may therefore, give instructions regarding bank account details in which they wish to receive dividend to the Depository Participants. Members holding shares in physical form are requested to advise any change in their address or bank mandates to the Company/Registrar and Share Transfer Agents. Members may further note that as per amended Regulation 40 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, except in case of transmission or transposition of securities, requests for effecting transfer of securities shall not be processed w.e.f 1st April, 2019 unless the securities are held in the dematerialized form with a depository. Members are therefore advised to dematerialise their holding for facilitating the transfer of shares.
9. Non-resident Indian Members are requested to inform Registrar and Share Transfer Agents, immediately of:
 - (i) the change in the residential status on return to India for permanent Settlement; and
 - (ii) the particulars of their bank account maintained in India with complete name, branch, account type, account number and address of the bank with pin code number, if not furnished earlier.
10. Members who have so far not encashed the dividend warrant(s) for the year ended March 31, 2014 or any subsequent financial years, are requested to write to the Company or its Registrar and Share Transfer Agents, viz. Messrs Link Intime India Pvt. Ltd. for issuance of demand draft in lieu of unencashed/unclaimed dividend warrant, if any. The detail of such unpaid and unclaimed dividends has been uploaded on Company's website www.vtlrewa.com. The Company was not required to transfer the unclaimed dividends during the financial year 2018-19 to the Investor Education and Protection Fund (IEPF) established by the Central Government.
11. This Notice of the Meeting along with the Attendance Slip, Proxy Form, Route map of the venue of the Meeting and the Annual Report 2018-19 of the Company are being sent by email to all the members whose e-mail addresses (IDs) are registered with the Company/ Depository Participant(s) unless any member has requested for a hard / physical copy of the same. For members who have not registered their e-mail addresses, physical copies of the aforesaid documents are being sent by the permitted mode. Members who wish to update or register their e-mail addresses with the Company or with the Depository Participants, may use the Form for updation/ registration. The Form can be downloaded from the Company's website: www.vtlrewa.com under the section 'Investor Relation'. The Annual Report 2018-19 circulated to the Members of the Company will also be made available on the Company's website, www.vtlrewa.com. Any person who acquires shares of the Company and becomes member of the Company after dispatch of the Notice and holding shares at the cut off date i.e July 29, 2019 may obtain login id and password by sending a request at helpdesk.evoting@cdslindia.com.
12. Members desirous of obtaining any information on Annual Financial Statements of the Company at the Meeting are requested to write to the Company at least 10 (ten) days before the date of the Meeting, so that the information required may be made available at the Meeting.
13. Members are requested to note that the Company's shares are under compulsory demat trading for all the investors. The Company has connectivity from NSDL and CDSL and equity shares of the Company may be held in the dematerialised form with any Depository Participant (DP) with whom the members/investors are having their demat account. The ISIN No. for the Equity Shares of the Company is INE707A01012. In case of any query/difficulty in any matter relating thereto may be addressed to the Registrar and Share Transfer Agents.

14. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in dematerialised form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form shall submit their PAN details to the Company at its Registered Office or to the Registrar and Share Transfer Agents.
15. Information pursuant to Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Clause 1.2.5 of Secretarial Standard on General Meetings (SS-2) in respect of the Directors seeking re-appointment in the ensuing Annual General Meeting are furnished in the Explanatory Statement which is annexed to the Notice and forms a part of the Notice. The Directors have furnished the requisite consent/declaration for their re-appointment.
16. Messrs Link Intime India Pvt. Ltd., C-101, 247 Park, L.B.S. Marg, Vikhroli (West), Mumbai – 400 083 continues to act in the capacity of Registrar and Share Transfer Agent for physical shares of the Company. Messrs Link Intime India Pvt. Ltd. is also the depository interface of the Company with both NSDL and CDSL. Members are requested to address all correspondences, including dividend matters, to the said Registrar and Share Transfer Agents.
17. In compliance with the provisions of Section 108 of the Companies Act, 2013, read with rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to provide an option to its Members the facility of voting and remote e – voting on resolutions proposed to be considered at the meeting and as such all business may be transacted through remote e voting. Remote e-voting is the facility of casting the votes by the Members using an electronic voting system for a place other than venue of the Meeting and this facility will be provided by Central Depository Services (India) Limited (CDSL). The Members who have cast their votes by remote e-voting prior to the Meeting may also attend the Meeting but shall not be entitled to cast their votes again.

The results shall also be immediately forwarded to BSE Limited and National Stock Exchange of India Ltd.

ANNEXURE TO NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013

The following Statement sets out all material facts relating to the Special Business mentioned in the accompanying Notice dated May 16, 2019:

Item No.4

Pursuant to the provisions of Section 149 and all other applicable provisions of the Companies Act, 2013 ("the Act") read with the Rules framed thereunder and the applicable provisions of the erstwhile Listing Agreement with the Stock Exchanges, Smt. Kiran Aggarwal (DIN: 06991807), was appointed as an Independent Director of the Company to hold office for a term of five (5) consecutive years with effect from 10th November, 2014 to 9th November, 2019 ("first term" in line with the explanation to Sections 149(10) and 149 (11) of the Act). The Company, later on, obtained approval of the members by way of a special resolution passed through Postal Ballot on 25th March, 2019 in compliance with the provisions of Regulation 17(1A) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("Listing Regulations"), for continuation of the Directorship of Smt. Kiran Aggarwal upto the expiry of her present term as an Independent Director of the Company, i.e. 9th November, 2019, notwithstanding that Smt. Kiran Aggarwal reached the age more than seventy five (75) years.

As per the provisions of Section 149 of the Act read with the Rules framed thereunder including any statutory modification(s) or re-enactment(s) thereof for the time being in force, an Independent Director shall hold office as such for a term upto five (5) consecutive years on the Board of a Company, but shall be eligible for re-appointment on passing a Special Resolution by the Company and disclosure of such appointment in the Directors' Report. Section 149(11) of the Act provides that an Independent Director may hold office for up to two consecutive terms. As per provisions of Section 149 (13) read with explanation to Sections 152 (6) of the Act, the period of office of Independent Directors will not be liable to determination by retirement of directors by rotation at the Annual General Meeting. Further, as per the provisions of Regulation 17 (1A) of Listing Regulations, which is effective from 1st April, 2019, a person who has attained the age of seventy five years can continue as non-executive director in a listed Company, provided approval of its members is obtained by way of a Special Resolution and justification for appointing such a person is indicated in the Explanatory Statement.

Considering the recommendation of the Nomination and Remuneration Committee, inter alia, based on the performance evaluation of the Independent Directors, the Board of Directors of the Company at its meeting held on 16th May, 2019, has recommended for re-appointment of Smt. Kiran Aggarwal as an Independent Director of the Company, not liable to retire by rotation, for a second term of five (5) consecutive years with effect from 10th November, 2019 to 9th November, 2024.

The Board of Directors and the Nomination and Remuneration Committee in their respective meeting(s) held on 16th May, 2019, placed on record that the said Smt. Kiran Aggarwal is a qualified professional and renowned retired civil servant and brings with her a wide range of skills and experience to the Board, which enhances the quality of Board's decision making process. The Company and its Board of Directors have immensely benefitted from her vast experience, knowledge and strategic insights on various matters relating to the Company's business. In this backdrop and also taking into account the performance evaluation besides recognizing enormous contribution of Smt Kiran Aggarwal in the functioning and performance of the Company over the years, the Board of Directors, based on the recommendations of the Nomination and Remuneration Committee, recommends that it will be in the interest of the Company to re-appoint her as a woman Independent Director of the Company for a second term of five (5) consecutive years with effect from 10th November, 2019 to 9th November, 2024.

Smt. Kiran Aggarwal has given her consent to act as an Independent Director of the Company and has also furnished necessary declaration under Section 149(7) of the Act to the Board of Directors that she meets the criteria of independence as provided under Section 149 (6) of the Act. She has also furnished the declaration and confirmation pursuant to Regulation 25(8) of the Listing Regulations that she meets the criteria of independence as provided under clause (b) of sub-regulation (1) of Regulation 16 of the Listing Regulations and that she is not aware of any circumstance or situation, which exist or may reasonably be anticipated, that could impair or impact her ability to discharge her duties with an objective independent judgment and without any external influence which has been taken on record by the Board of Directors in its meeting held on 16th May, 2019 after due assessment of the veracity of the same. Further, as per the declarations received by the Company, Smt. Kiran Aggarwal is not disqualified to be re-appointed as a Director in terms of Section 164 of the Act and has given her consent to act as Director of the Company.

The Company has received notice in writing from a member under Section 160 of the Companies Act, 2013 proposing the candidature of Smt. Kiran Aggarwal for the office of Director of the Company.

In the opinion of the Board, Smt. Kiran Aggarwal fulfils the conditions for re-appointment as Independent Director of the Company as specified under the Act read with the Rules framed thereunder and the Listing Regulations. Accordingly, approval of the members is sought for passing a Special Resolution for her re-appointment as an Independent Director in compliance to the provisions of Section 149, read with Schedule IV and other applicable provisions, if any, of the Act and the Rules framed thereunder and Regulation 17(1A) and all other applicable regulations of the Listing Regulations for the time being in force.

Pursuant to the provisions of the Listing Regulations and Secretarial Standard on General Meetings ("SS-2") issued by the Institute of Company Secretaries of India, brief profile of aforesaid Independent Director proposed to be re-appointed including nature of her expertise and shareholdings in the Company, etc. are given in Annexure-A attached hereto.

Copy of the draft letter of re-appointment relating to Smt. Kiran Aggarwal setting out the terms and conditions of re-appointment is available on the Company's website www.vtlrewa.com and also available for inspection by any member at the Registered Office and Corporate Office of the Company between 10.00 A.M. to 1.00 P.M. on any working day excluding Saturday(s) and Sunday(s) upto and including the date of the meeting.

Having regard to the qualifications, knowledge and vast experience of Smt. Kiran Aggarwal, her re-appointment on the Board of Directors of the Company as Independent Director will be in the interest of the Company. Accordingly, the Board of Directors recommends the Resolution as set out at Item No.4 of this Notice to be passed as Special Resolution by the Members of the Company. The aforesaid explanation be also regarded as adequate justification for re-appointing Smt. Kiran Aggarwal under Regulation 17(1A) and other applicable Regulations of the Listing Regulations.

None of the Directors or Key Managerial Personnel of the Company, either directly or through their relatives except Smt. Kiran Aggarwal and her relatives are, in any way, concerned or interested, whether financially or otherwise, in the resolution as set out at Item No.4 of the accompanying Notice.

Item No. 5

The Board of Directors at its Meeting held on 16th May, 2019, on the recommendation of the Audit Committee has appointed Messrs D. Sabyasachi & Co., Cost Accountants (Registration No.00369) as the Cost Auditors at a remuneration of ₹ 75,000/- (Rupees Seventy Five Thousand) Only plus applicable tax thereon and reimbursement of out of pocket expenses for conducting audit of the cost accounting records of the Company for the financial year ending 31st March, 2020 in accordance with the Companies (Cost Records and Audit) Rules, 2014, as amended from time to time and to the extent applicable to the Company. As per the provisions of Section 148 of the Companies Act, 2013 read with Rule 14 of The Companies (Audit and Auditors) Rules, 2014, as amended from time to time, the remuneration to be paid to the Cost Auditors as recommended by the Audit Committee and approved by the Board of Directors is subject to ratification by the Members of the Company. Accordingly, consent of the members is sought by way of an Ordinary Resolution as set out in Item No.5 of the Notice for ratification of remuneration to be paid to the Cost Auditors for the financial year ending 31st March, 2020.

None of the Directors, Key Managerial Personnel of the Company and their relatives is, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item no. 5 of the accompanying Notice.

The Board recommends the Ordinary Resolution set out in Item No.5 of the accompanying Notice for approval of the Members of the Company.

Item No.6

In terms of provisions contained in Section 197 of the Companies Act, 2013 ("the Act"), a company by way of an Ordinary Resolution in general meeting may authorise payment of remuneration/compensation to Non-Executive Directors (including Independent Directors), a sum not exceeding 1% (one percent) of the Net Profits of such company, if there is a Managing or Whole-Time Director or Manager. Further, as per Regulation 17(6)(a) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, including any amendment thereto or modification thereof ("Listing Regulations"), the Board of Directors shall recommend all fees (save and except payment of sitting fees for attending meeting(s) of the Board of Directors and/or Committee(s) thereof or for any other purposes whatsoever as may be decided by the Board of Directors within the limits as prescribed under Section 197(5) of the Act) or compensation, if any, paid to Non-Executive Directors including Independent Directors and the same shall require approval of shareholders in general meeting.

At present, save and except for the sitting fees for participating in the meetings of the Board of Directors and Committees thereof, the Company does not pay any remuneration/ compensation to Non-Executive Directors including Independent Directors. The Non-Executive Directors including Independent Directors of your Company bring with them significant professional expertise and rich experience across wide spectrum of functional areas and role played by the Non-Executive Directors including Independent Directors in the Company's governance and performance is very important for growth of the Company. Accordingly, the Board of Directors of the Company at its meeting held on 16th May, 2019 recommended for the approval of the members, payment of remuneration/compensation by way of profit related commission or otherwise as permissible under the Act to Non-Executive Directors including Independent Directors of the Company for all financial years commencing from 1st April, 2019 in line with the current trends, considering their roles and responsibilities and contribution made by them during their tenure as Non-Executive Directors of the Company. The amount of remuneration/ compensation payable to the Non-Executive Directors shall be determined by the Board of Directors for each financial year commencing from 1st April, 2019 based on the recommendation of the Nomination and Remuneration Committee. The remuneration/compensation by way of profit related commission or otherwise as permissible (excluding Goods and Services Tax, if any, thereon) as above, shall be paid in such proportion/manner and upto such extent amongst all or some Non-Executive Directors as the Board of Directors determine from time to time within the overall maximum limit of 1% (one percent) of the Net Profits of the Company for the relevant financial year computed in the manner as laid down under Section 198 and other governing provisions of the Act and rules made thereunder.

The said remuneration/compensation by way of profit related commission or otherwise as permissible (excluding Goods and Services Tax, if any, thereon) to the Non-Executive Director(s) shall be in addition to the remuneration by way of sitting fees for attending meeting(s) of the Board of Directors and/or Committee(s) thereof or for any other purpose whatsoever as may be decided by the Board of Directors within the limit as prescribed under Section 197(5) of the Act and reimbursement of expenses for participation in the Board and other meetings. Additional information in respect of Non-Executive Directors of the Company are disclosed in the Annual Report under 'Report on Corporate Governance'.

Save and except all the Non-Executive Directors/Independent Directors of the Company and their relatives, none of the other Directors/Key Managerial Personnel of the Company and their respective relatives is, in any way, concerned or interested, whether financially or otherwise, in the Resolution set out at Item No. 6 of the Notice.

The Board recommends the Ordinary Resolution set out in Item No. 6 of the accompanying Notice for approval of the Members of the Company.

Item No.7

Pursuant to the provisions of Regulation 17(6)(ca) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") as inserted vide SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018, effective from 1st April, 2019, the approval of the members of the Company by way of a special resolution is required to be obtained every year for payment of annual remuneration/compensation by way of profit related commission or otherwise as permissible under the Companies Act, 2013 to a single Non-Executive Director exceeding fifty percent of the total annual remuneration/compensation payable to all Non-Executive Directors and giving details of remuneration thereof.

Shri Harsh V. Lodha has contributed immensely towards the sustained growth of the Company since his appointment as Non-Executive Chairman of the Company with effect from 22nd December, 2010. Considering the active and vital role played by Shri Harsh V. Lodha as Non-Executive Chairman of the Company, it is proposed to pay him remuneration/ compensation by way of profit related commission or otherwise (excluding Goods and Services Tax, if any, thereon) of an amount not exceeding 0.75% (seventy five basis points) of Net Profits of the Company for the financial year 2019-20, which may exceed fifty percent of the total annual remuneration payable to all Non-Executive Directors of the Company. Accordingly, based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company, at its meeting held on 16th May, 2019, recommended for passing of a Special Resolution by the Members of the Company for payment of remuneration/compensation by way of profit related commission or otherwise to Shri Harsh V. Lodha as the said remuneration/compensation payable to him for the financial year 2019-20 may exceed fifty percent of total annual remuneration payable to all Non-Executive Directors of the Company.

Disclosures/additional information concerning Shri Harsh V. Lodha, as required under Listing Regulations and Secretarial Standard on General Meetings (SS-2) are given in the Annexure to this Explanatory Statement.

Save and except Shri Harsh V. Lodha and his relatives, none of the other Directors/Key Managerial Personnel of the Company and their respective relatives is, in any way, concerned or interested, whether financially or otherwise, in the Resolution as set out at Item No.7 of the Notice.

The Board recommends the Special Resolution as set out in Item No.7 of the accompanying Notice for approval of the Members of the Company.

Annexure A

Disclosures/additional information as required under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings ('SS-2') pertaining to Directors recommended for appointment/re-appointment and concerning other matters as referred to in the accompanying Notice/Explanatory Statement.

GENERAL & CORPORATE MATTERS

Your Company continues to operate in two business segments i.e. Cables and Engineering Procurement and Construction (EPC).

During the year under review, your Company achieved Revenue from Operations of ₹ 209536.95 lakhs as compared to ₹135138.46 lakhs in the previous year, registering a growth of about 55.05%. The revenue from exports including project exports decreased to ₹ 2760.44 lakhs as compared to ₹ 3617.37 lakhs during the previous year as a consequence of meeting the increased demand of Company's products and services from customers in domestic market. During the year under review, the EPC business segment clocked a revenue growth of 64.07 % mainly due to robust order inflows, accelerated pace of execution and stringent project monitoring system. The Cables business segment has also registered a significant growth of 34.16% in Revenue in comparison with the previous financial year due to robust orders inflow, capacity augmentation, product diversification and improved operational efficiencies. The Profit before Depreciation and Tax for the year stood at ₹ 27679.59 lakhs as compared to ₹ 13932.77 lakhs in the previous year. The leadership at shop floor has enabled the Company to achieve manufacturing excellence at all levels of the organization and deliver the improved financial performance. During the year under review, the capacity utilization has been optimal in most of our product verticals, attributed to upsurge in the demand. The detailed operational working of your Company for the year is provided in the Management Discussion and Analysis forming a part of this Report.

Your Company has successfully commissioned the first phase of substantial expansion project for augmenting production capacity of Optical Fibre Cable (OFC) during the financial year under review. The second phase of the substantial expansion project is underway and is likely to be operational by end of second quarter of the current fiscal year 2019-20. The expanded production capacity of OFC will facilitate expeditious delivery to diverse range of customers in both domestic and overseas markets and will also result in economies of scale of operations. The installation and commissioning of Solar PV Cable manufacturing project has also been successfully completed during the year under review with the commissioning of Electron Beam Accelerator. The final product approvals with the globally renowned certifying agency are underway which shall further enlarge your Company's products range for serving the key infrastructure sectors of the economy viz. Solar Energy, Railways and Shipbuilding, etc. The Company is also in the process of augmenting its Railway Signalling and Quad Cable production capacity in order to seize the opportunities arising from potential growth in these product verticals. Further, looking to the ambitious target set by the Indian Railways for electrification of its track routes, the Company has successfully developed Copper Magnesium Alloy based Catenary Wires fully conforming to the specification of RDSO and the product has been duly tested and certified by RDSO. The vendor approval process will be undertaken by RDSO soon after validation of actual performance of prototype and finalisation of draft specification. It is expected that usage of Copper Magnesium Alloy Catenary Wire will enhance significantly in lieu of Cadmium Copper based Catenary Wire thereby opening additional business opportunities to the Company.

The critical pivots of the business strategy, going forward, include intense development of value added next generation products, broad basing product mix with clear skew towards high margin and new application products and market expansion across domestic and export geographies.

Globally, starting from third quarter of previous year, the demand for optical fibre and optical fibre cables especially from China started tapering off and as a result of this development, the global optical fibre market is showing sluggishness since the beginning of calendar year 2019. Due to lower demand in China coupled with huge investments in the expansion of preform, optical fibre and optical fibre cables production capacities across the regions, the price levels have also come down substantially in the domestic market in line with trend across the global. However, as the decibels around fifth generation (5G) spectrum auction rise with on-going proliferation of digital applications across most sectors of economy, India's transition towards 5G is inexorable, which necessitates development of complete ecosystem for success of next generation technology. As an important 5G ecosystem prerequisite, building of optical fibre cable network is essential which

will provide huge business opportunities for Cables and EPC business segments of your Company in a foreseeable future. The recently approved National Digital Communication Policy, 2018 has already mandated optical fibre cable network as a “Utility” status which aims operator friendly Right of Way (RoW) regime, wherein the operators are able to roll-out their optical fibre cable networks in the fastest possible way. Accordingly, the continued thrust on investment by telecom operators to optimize and universalise 4G/FTTH communications infrastructure due to massive data growth and envisaged migration to 5G to remain relevant in the industry will be key variables for increased off-take of optical fibre cables and related turnkey projects over the coming years which augurs well for the Company. In addition to this, the Company is fully equipped to manufacture and supply optical fibre cables meant for FTTH access networks, the demand for which is gradually increasing for expansion of wireline broadband services based on Fibre-To-The-Home (FTTH) technology by the telecom operators and other service providers.

There is a reasonable growth prospect in the Copper Cables business also, as Government driven Railways projects are being implemented in large scale across the country, thereby opening up opportunities in the products and solutions related Railways segment. Your Company is placed in good position to cater to the requirements of Quad, Signalling and telecom Copper Cables for the Railways sector as well.

The EPC Division of your Company has gained tremendous goodwill and mark of trust in executing diverse project portfolio in terms of executing project of scale and big ticket size with best in class quality standards and project deliverables in the business verticals of Information and Communications Technology covering, total solutions in fibre backbone networks creation, Broadband and FTTH networks, specialty projects including system integration. Your Company has also created a niche name in Rural Electrification, Power Sub-transmission lines, Underground Power cable network, Sub-station projects, Sewerage pipeline network, Lift Irrigation Systems, Smart City Power cable network and Telecom IP-1 projects in a big way using the expertise gained over a period of its operations.

DIVIDEND AND RESERVES

After considering the Company's profitability, free cash flow and overall financial performance, the Board of Directors of your Company is pleased to recommend a Dividend of ₹ 12/- (previous year ₹ 10/-) per equity share of face value ₹ 10/- each (i.e. 120%) for the financial year ended on March 31, 2019. The distribution of Dividend on equity shares, if approved by the Members at the ensuing Annual General Meeting, will result in payout of ₹ 1422.10 lakhs excluding Tax on Dividend and Surcharge/Education Cess thereon, as applicable.

During the year under review, your Company transferred a sum of ₹ 832.00 lakhs (previous year ₹ 835.00 lakhs) to the Debenture Redemption Reserve.

SHARE CAPITAL

The paid-up Equity Share Capital of the Company as at March 31, 2019 stood at ₹ 1184.58 lakhs. During the year under review, the Company has neither issued shares with differential rights as to dividend, voting or otherwise nor has granted stock options or sweat equity under any scheme. Further, none of the Directors of the Company holds investments convertible into equity shares of the Company as on March 31, 2019.

DEPOSITS/FINANCE

Your Company has not accepted any public deposits during the year within the meaning of Section(s) 73 to 76 of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014 and as such no amount on account of principal or interest on public deposits was outstanding as on the date of the Balance Sheet.

Your Company continued to optimise Bank borrowings by focusing on cash flows and working capital management. Moreover, by availing alternate funding options like issuance of Commercial Papers at a very competitive coupon rate(s), reduction in charges for non-funded credit facilities and resorting to Supplier's Credit at a competitive pricing, etc. your Company ensured efficiency in borrowings cost.

CORPORATE GOVERNANCE

Pursuant to Regulation 34(3) read with Para C of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time (“Listing Regulations”), the Management Discussion and Analysis, Report on Corporate Governance and a Certificate by the Managing Director & CEO confirming compliance by all the Board Members and Senior Management Personnel with Company's Code of Conduct and Auditors' Certificate regarding compliance of conditions of Corporate Governance are made a part of the Annual Report.

CORPORATE SOCIAL RESPONSIBILITY INITIATIVES

As a part of its initiative under Corporate Social Responsibility (CSR), your Company has undertaken CSR projects and programmes in the areas of (i) Animal welfare; (ii) Education promoting employment enhancing vocation skills especially among children and girls and livelihood enhancement projects; (iii) Ensuring Environmental Sustainability and Ecological Balance, Conservation of Natural Resources and maintaining quality of Soil, Air and Water; and (iv) Rural Development in and around the local area where the Company operates and also in other parts of India. These activities are largely in accordance with Schedule VII of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014 and the Company's CSR Policy.

The Annual Report on CSR activities as required under the Companies (Corporate Social Responsibility Policy) Rules, 2014 is given in Annexure-I, which is attached hereto and forms a part of the Directors' Report. The Corporate Social Responsibility Policy of the Company is available on the website of the Company i.e. www.vtlrewa.com.

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Key Managerial Personnel) Rules, 2014]

To,
The Members,
Vindhya Telcelinks Limited
Udyog Vihar,
P.O. Chorhata,
REWA - 486 006(M.P.)

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Vindhya Telcelinks Limited(CIN:L31300MP1983PLC002134)(hereinafter called "the Company").The secretarial audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2019 complied with the statutory provisions listed hereunder including statutory amendment(s), modification(s) or re-enactment(s) thereof in force and also that the Company has proper Board-processes and compliance-mechanism in place to the extent and in the manner reported hereinafter.

DISCLOSURE OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNING AND OUTGO PURSUANT TO SECTION 134(3)(m) OF THE COMPANIES ACT, 2013 READ WITH RULE 8(3) OF THE COMPANIES (ACCOUNTS) RULES, 2014.

(A) Conservation of Energy:

The Company continues to stress upon measures for increased energy efficiency in all areas of its operations by adhering to a well structured energy management system. Regular efforts are made for optimization of process parameters, improving the operational efficiencies and reducing water and energy consumption. While undertaking expansion, modernization and technological upgradation of production facilities, due consideration is given to energy efficient plant and equipments with multi product capabilities. The other identified key initiatives for conservation of energy during the year were:-

(i) The steps taken or impact on conservation of energy:

- Sustained maintenance of power factor at the level higher than 0.99;
- Installation of LED Lights in factory buildings, offices, streets and Company's township;
- Modification of existing Impregnated Glass Roving Lines (2 Lines) for increased throughput;
- Installation of energy efficient fan-less cooling towers, UPS systems offering >96% efficiency level, replacement of old Air Conditioners with energy efficient ones and addition of a new Air Compressor with IE4 motors, etc. to reduce energy consumption to the extent possible;
- Modification of Wire Drawing section in Insulation Line for reduced energy consumption; and
- Continued thrust on designing high efficiency factory buildings from the perspective of natural lighting, lesser air conditioning requirement and improved indoor working environment.

(ii) The steps taken by the Company for utilizing alternate sources of energy:

- In addition to contribution from ongoing energy conservation measures, the Company has also initiated installation of rooftop Solar photo-voltaic (Solar PV) plant with auto cleaning of panels for meeting a part of its overall energy requirements through green energy.

(iii) The capital investment on energy conservation equipments:

- Capital expenditure incurred on energy conservation equipments has not been accounted for separately.

(B) Technology absorption:

(i) The efforts made towards technology absorption:

- Proactively embraced compelling adjacencies to the core business, products and services by imperceptible innovations;
- Transforming the products development, new products launches, improved line speed of plant and equipments as per evolving industry standards to adapt to the changing landscape in the wire & cable industry;
- Value Engineering through identification and usage of new and alternate raw materials and mechanisation in projects execution comparable to global benchmarks;
- Redefining the market place with disruptive innovation and diversified products portfolio; and
- Investment in people and processes to consciously seed and steer work place innovation in manufacturing, packaging, product promotion and customer services.

(ii) The benefits derived like product improvement, cost reduction, product development or import substitution, etc:

- Flexible and agile manufacturing, optimized uptime and scheduling, reduced wastages, import substitution etc. keeping pace with rapidly changing market needs;
- Enhanced products range to address emerging market opportunities;
- Development of products meeting wider applications by modifying manufacturing processes resulting in much wider products portfolio suitable for diverse applications;
- Differentiated products, improved service delivery and customer satisfaction; and
- Reduced impact on environment, resources conservation, improvement as well as consistency in quality of the products and services and improved productivity.

(iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year):

- Not applicable as no technology was imported during the last three years.

(iv) The expenditure incurred on Research and Development:

- Research and Development expenditure has not been accounted for separately.

(C) Foreign exchange earnings and Outgo:

During the year, the foreign exchange outgo in terms of actual outflows was ₹ 16104.61 lakhs while foreign exchange earned in terms of actual inflows was ₹ 3868.00 lakhs. The Company continues to make concerted efforts to improve its export turnover by exporting to neighbouring countries, Europe, MENA and other continents of the world.

Management Discussion and Analysis

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Company is primarily engaged in the business of manufacturing and sale of all types of Telecommunication Cables, other types of Wires & Cables, FRP Rods/ Glass Rovings, Connectorized Cable Products, Solar PV Cables, etc. and Engineering, Procurement & Construction (EPC) business.

The entire telecom sector is deeply entrenched into offering data at a highly competitive price levels and as a result of this development, the subscribers' usage pattern shifted to data in a very big way. India has emerged as a top data consuming subscriber base which is catapulting the requirements of optical fibre cables significantly. India can become a digitally empowered society and a knowledge economy only by digital leapfrogging using digital technology and broadband connectivity to enable higher and sustained growth. Therefore, the need for large investments in high speed optical fibre based networks infrastructure is imperative in the backdrop of ongoing expansion and universalisation of 4G services and planned rollout of revolutionary new technologies such as 5G and IoT. As the digital infrastructure becomes ubiquitous and pervasive and communications the norm not only between humans but also between machines, the magnitude of growth in optical fibre based networks is likely to multiply leading to sustained demand for optical fibre cables and related projects in a foreseeable future.

Government driven projects like "BharatNet", which requires huge volume of optical fibre cables to connect more than 250,000 Gram Panchayats on a pan India basis is the main backbone of "Digital India" mission. This project is being implemented by both Central and State Governments under the aegis of USO (Universal Service Obligation) Fund. The roll-out of 4G Long Term Evolution (LTE) technology based networks by all the Telecom Operators in India has already consumed huge volumes of optical fibre cables in the telecom network build-up. Further, the Government has already announced its intention for auction of 5G spectrum, the latest mobile communication technology which Government wishes to implement in India at par with other markets in the world. The 5G technology requires five to six times in terms of volumes of optical fibre cables in the telecom networks from the current volume of fibre cables laid in 4G networks.

About five new mobile connections per second are estimated to join the power of internet in India by 2022, Internet of Things (IoT) has the potential to reach 2 billion connections and unlock revenues of \$11.1 billion by 2022. While potential is huge, India, however, currently lags behind the US, China, and Korea in connectivity via optical fibre and a meagre 25 percent of telecom towers in India carry optical fibre, whereas the share in the US, China, and Korea is about 65-80 percent. Fiberisation of towers is therefore, critical in India. Nearly 60 percent of the towers will need to be fiberised by 2022, as outlined in the National Digital Communication Policy, 2018. As demand for 4G and then 5G grows, networks will become denser and deeper, making fiberisation an imperative. The emergence of new technologies is set to multiply the consumption of data, necessitating the need for installing more towers. Additionally, 100,000 telecom towers will be required in the immediate future to meet the growing demand for data across the country which will lead to sustained demand for optical fibre cables and related networks.

The Renewable Energy sources are finding a big place in catering to the power to all citizens of the Country and in rightly addressing this need, Solar Energy projects are getting commissioned in a fastest possible pace in India, which is happening in line with Government's ambitious Solar Energy Mission. The Company has successfully commissioned a Solar PV Cable Manufacturing facility with latest state-of-the-art Electron Beam Irradiation Technology to cater to these needs.

Copper Telecom Cable's requirement is going down year after year in the Telecommunication market segment. However, the Copper Cable products and solutions are being used in a robust manner in Railway sector in a big way and is growing based on Government's drive for Railway network expansion.

The Company's EPC (Engineering, Procurement & Construction) business segment possesses is having a very well established set-up catering to the requirements of complete turnkey solutions from diverse business verticals like Telecom including system integration, Underground Power Cable projects, Broadband and FTTH network projects, Rural Electrification, Sewerage Pipeline Projects, Electric Sub-station projects, Lift Irrigation projects and all other allied project segments. The Company having its IP-1 license issued by the Department of Telecommunication, Government of India has earned itself a name in the market by rolling out huge optical fibre cable network on a Pan-India basis and emerging as a strong player in this vertical. Over a period of time, EPC business segment has gained credentials in executing bigger infrastructure projects in the different verticals it is operating through its immense expertise and its ability to deliver quality in all those projects.

There is no material change in the industry structure as was reported last year.

BUSINESS REVIEW AND OUTLOOK

As "Data" has become an essential part of human life, the telecom operators are focusing on rolling out Optical Fibre Cables in their network in a very big way. The ongoing roll-out of 4G LTE (Long Term Evolution) network by all telecom operators is expected to consume tremendous volume of optical fibre cables coupled with the upcoming 5G technology in the mobile telecom applications.

India is one of the fastest growing Telecommunication Sector with over 1.20 billion connections. This sector is the second largest in the world while continuing to grow at compounded Annual Growth Rate (CAGR) of 19.6% from 2007 to 2017. Driven by an exponential surge in data consumption in the recent few years, India ranks among top five countries across the world in highest internet users and is speculated to rank as the fourth largest market by the year 2020 and with huge proliferation of smart phones as it has reached to the level of two out

of every three phones are smart phones. Government driven Initiatives under the flagship “Digital India” program have played a pivotal role in making telecommunication a necessity for the Indian population. The recently approved National Digital Communication Policy, 2018 by the Government of India, has already started giving major fillip to Optical Fibre based networks. Also, ‘Smart Cities’, upcoming 5G deployment, Machine to Machine Communication (M2M), Artificial Intelligence (AI), Internet of Things (IoT), Cloud Computing require advanced information technology and connectivity landscape, which is possible only through Optical Fibres.

As the world stands on the cusp of a 5G revolution, fibre is emerging as most suitable medium to make networks efficient. Recognizing this need, the Government has announced its aim to increase India’s fibre backbone from 1.50 million Km at present to 2.50 million Km by 2022 to support the roll-out of 5G services. It is anticipated that the industry will require an additional investment (over and above the spectrum spend) of over \$60 billion to set up the 5G infrastructure. A part of this envisaged estimated investment will be undertaken to strengthen the country’s optical fibre network.

According to ICRA, despite significant investments, India’s per capita fibre coverage stands at meagre 0.09 fibre Km as against the 0.87 fibre Km for China and 1.3 fibre Km for Japan and the US. The US has deployed over 400 million Km of fibre for one-third the size of India’s population and China has deployed more than 1 billion Km, while in India fibre deployed is only around 100 million Km. This offers tremendous opportunity in converting the telecom landscape with optical fibre based networks, which helps to derive huge advantages with futuristic network topologies.

With the Government of India’s ambitious ‘Power for All’ program through which utilities are planning to offer 24x7 power across the entire country, new distribution and transmission lines are planned. This move offers tremendous growth opportunities for the Company’s EPC business segment.

Given the renewed thrust of Government on creating world class infrastructure in the country including ‘Digital India’ and broadband, power sub-transmission and distribution, Smart Cities, creation of water supply and sewerage pipelines, lift irrigation etc. the EPC business segment of the Company is poised to grab these up-coming business opportunities.

SEGMENT-WISE PERFORMANCE

Sale of Products (Cables, etc.)

The Company’s Revenue from Operations on account of sale of products comprising of Telecommunication cables, other wires and cables, FRP Rod/Glass Rovings and traded goods, etc. witnessed an increase from ₹ 47030.95 lakhs in the previous year to ₹ 70245.08 lakhs, during the year under review, due to good orders inflows and swift execution by the Company.

Although the plant operations are reasonably booked due to regular orders inflow, the Company is always keeping abreast with the latest technology trends which are prevailing globally by way of continuous product development and implementing state-of-the-art process control methodologies in the manufacturing systems.

Sale of Services (EPC Contracting/Turnkey Services)

The Company’s Revenue from EPC Contracting/Turnkey Services in the EPC business segment witnessed an increase from ₹ 94402.07 lakhs in the previous year to ₹ 154883.76 lakhs during the year under review. The EPC segment has put up an impressive performance in effectively executing the projects and thereby achieving stupendous results and in line with the expectations also. The ability to offer quality project execution capabilities coupled with timely execution, has paved the way for the EPC segment to achieve these results.

Further, the Company has executed a large optical fibre cable network project under IP-1 model and started giving the services to leading telecom operators which was successfully implemented and it is touted as a major success story in the industry.

OVERALL REVIEW

During the year under review, the Company has reported sustained financial performance. The Company has increased its market share in domestic cables business and also achieved excellent growth in EPC business segment during the year under review.

FINANCIAL REVIEW

- The revenue from operations increased by 55.05 % to ₹ 209536.95 lakhs during the year 2018-19 as compared to ₹ 135138.46 lakhs in the previous year.
- The aggregate other income during the year 2018-19 increased to ₹ 1332.34 lakhs as against ₹ 914.77 lakhs in the previous year, mainly due to increase in dividend income on investments and gain in foreign currency transaction.
- The Company achieved profit before interest, depreciation/amortisation and tax of ₹ 33753.78 lakhs during the year 2018-19 as compared to ₹ 17676.19 lakhs in previous year. Profit before depreciation and tax during the year 2018-19 stood at ₹ 27679.59 lakhs as against ₹ 13932.77 lakhs in the previous year, due to contribution from both EPC and Cable business segment(s).
- The finance costs has increased to ₹ 7624.25 lakhs (previous year ₹ 4719.93 lakhs) due to increase in Term Loans from Banks, Inter Corporate Loans and Working Capital limits.
- There was no change in the capital structure during the year. The Other Equity of the Company stood at ₹ 71865.33 Lakhs during the year under review as compared to ₹ 51726.66 lakhs in the previous year.
- The additions to the fixed assets of ₹ 6461.00 lakhs during the year mainly consist of capacity expansion of OFC Unit and remaining Capital expenditure of Solar Energy Cable facility at the Company’s existing manufacturing location at Rewa (M.P.).

- The inventories increased to ₹ 80314.74 lakhs as on March 31, 2019 from ₹ 37285.45 lakhs as at the end of the previous year, mainly due to increase in inventories of various projects of EPC business segment.
- The increase in trade receivables level at ₹ 122833.12 lakhs as on March 31, 2019 as compared to ₹ 72054.11 lakhs as on March 31, 2018 was mainly due to progressive payment schedule and retention money withheld by customers in certain projects of EPC business segment as per the governing terms of the contracts awarded to the Company.
- Key Financial Information (Standalone & Consolidated):

- For detailed information on the financial performance with respect to operational performance, a reference may please be made to the financial statements.
- Details of significant changes in Key Financial Ratios:

Ratio	2018-19	2017-18	Variation	Reasons for Change
Inventory Turnover Ratio (in days)	140	101	38.61%	This is mainly due to increase in inventory of EPC business segment comprising of Passive Optical Fibre Network under IP-1 and other Turnkey Projects.
Debt Equity Ratio (in %)	1.14	0.89	28.00%	This is mainly due to increase in Borrowings in the current financial year comprising of Term Loans from Banks, Working Capital limits and Inter-corporate Loans to meet the enhanced working capital requirements.
Operating Margin Ratio (in %)	14.52%	11.42%	27.20%	The Increase in Operating Profit Margin Ratio and Net Profit Margin are on account of improved margin and higher sales volumes in both Cables and EPC Segments which also resulted in increase in Return on Net Worth of the Company.
Return on Net Worth (in %)	25.52%	16.44%	55.20%	
Net Profit Margin (in %)	8.00	6.12	30.70%	

OPPORTUNITIES, THREATS & BUSINESS OUTLOOK

- Being listed far below several countries in the ICT Development and global connectivity index, India needs to accelerate across digital transformation through technology enablers such as broadband networks in tandem with data centres, cloud, big data and Internet of Things. However, enabling broadband networks through optical fibre implementation could make a paradigm shift which may require estimated investment of USD 8 billion to increase fibre footprint and reach 77-80% of tower assets in key urban areas. This will have sustained demand for specialty optical fibre cables and allied turnkey projects being one of the core business activities of the Company.
- To meet high throughput and low latency expectations from 5G technology, a robust fibre network is a prerequisite, both for front haul and the back haul as the more fibre the better it is for 5G services.
- The Government driven projects coupled with huge roll-out plan from private sector telecom operators which are on-going will definitely help the optical fibre cable manufacturers to operate at optimal capacity. As the demand is expected to be robust, capacity expansion which is currently underway is also expected to be optimally utilised.
- New products development in Cables coupled with offering of innovative solutions to wide range of customers should auger well for the Company in the long term.
- Competitive scenario amongst the Telecom Operators has already witnessed a huge consolidation phase in the Industry. This will definitely impact the network roll-out, as the industry is dependent on huge investment of capital to sustain the network which is a short-term effect only. However, in the long run, the industry is slated to bounce back and grow in a big way due to huge opportunities existing in a data driven network.
- Telecom Industry is always dependent on Government's policy initiatives and conducive policies coupled with helpful ecosystem will facilitate long term sustainable operations for equipment suppliers including optical fibre cables and related services.
- As part of the new National Digital Communication Policy, 2018, formulated by the Government of India, the telecom cable industry expects favourable RoW (Rights of the Way) policies thereby giving a fillip to the industry.
- Going ahead, optimisation and universalisation of 4G and densification of networks for planned 5G telecom services roll out, it is expected that extensive optical fibre based infrastructure shall be deployed. However, any inconsistencies and delays while securing

RoW may result in complex deployment and longer build time which may adversely impact demand for Company's products and services.

- Rising Human Resource challenges like workforce planning, retention, succession planning and skill gaps and increasing wage/social security benefits trend will play crucial role for the sustained viability and continuing success of the Company's businesses and can be categorized as Human Capital Risk to be dealt with as an important matter for future growth of both Cables and EPC business segments.

RISKS AND CONCERNS

The risks that may affect the functioning of the Company include, but are not limited to:

- Economic conditions;
- Dependence on limited number of major clients;
- Increasing cost of raw materials and logistics;
- Volatile forex fluctuations;
- Technology challenges/information technology risks;
- Competitive market conditions;
- Inverted duty structure;
- Compliance and regulatory pressures including changes in tax laws;
- Delay in execution of turnkey projects leading to financial penalties and cost overrun;
- Retention of skilled manpower in the relevant areas of EPC business segment; and
- Environment and safety risks.

Your Company has a defined risk management strategy with senior management identifying potential risk, evolving mitigation responses and monitoring the occurrence of risk. The risks are identified on a regular basis, across functions and business segments and the Company strives to link each risk with mitigation step to ensure business continuity. Risk mapping updates are made available to Audit Committee and senior management team.

INTERNAL CONTROL FRAMEWORK

The Company's system of financial, operational and compliance control and risk management is embedded in the business process by which the Company pursues its objectives. The Company is also required to comply with the provisions of the Companies Act, 2013 as regards to maintaining adequate internal financial controls over financial reporting. The management is committed to ensuring an effective internal control environment, commensurate with the size and complexity of the business, which provides assurance on the efficiency of the Company's operations and safety/security of its assets besides orderly and legitimate conduct of Company's business in the circumstances, which may reasonably be foreseen. The Company has a defined organization structure; authority levels, delegated powers, internal procedures/SOPs, rules and guidelines, code of conduct, etc. for conducting business transactions, ensuring reliability of financial controls and compliance with applicable laws and regulations. To manage the risks profile of the Company, proper organization structures, EHS/other compliances, whistle blower mechanism, compliance management, performance reviews are conducted at regular intervals.

Further, to augment the internal controls, the Company has engaged a firm of Chartered Accountants for internal auditing, who besides conducting periodic audits, independently reviews and strengthens the control measures. The Internal Audit programs cover the entire operations of both the business segments of the Company. The Internal Auditors regularly brief the Management and the Audit Committee on their significant audit observations/findings, steps to be taken with regard to deviations, if any, and the remedial measures as required are implemented by changing processes and/or setting up additional internal controls. The Audit Committee also reviews the adequacy and effectiveness of the Company's internal control environment and monitors the implementation of audit recommendations, if any.

ENVIRONMENT & SAFETY

The Company successfully continued with the implementation of occupational health and safety, quality and environmental protection measures and these are ongoing processes at the Company's plant and facilities. Various proactive measures have also been adopted and implemented which, inter alia, include adoption of cleaner technologies wherever feasible, conservation of resources through waste reduction and training of employees with a focus on sustainable development by improving standards on occupational health & safety and environment protection. As a recognition of these objectives, the entire range of products of the Company continue to remain certified to the requirement of international standard ISO 14001:2015 and OHSAS 18001:2007 by the DNV GL Business Assurance India Pvt. Ltd..

INDUSTRIAL RELATIONS AND HUMAN RESOURCE DEVELOPMENT

The Company sees its relationship with its employees as critical to the future and its employee relations agenda focuses on ensuring that employees feel valued, on managing change constructively, and on creating an environment and culture within which every employee can maximize his contribution. The Company follows the core values of "be thorough on safety first and compliance" and takes great pride in being compliant to all laws and regulations governing labour and employees and continues to exercise strong governance over all established procedures and practices.

Your Company believes that the competence and commitment of the people are the principle drivers of competitive advantage which enhances competitive strength by differentiating it from competitors. The focus is therefore increasingly going to be retaining talent and try

to develop human resources capable of opening up the next generation by identification of key people, knowing their aspirations, designing their growth paths and realigning responsibilities, etc. The industrial relation climate of your Company continues to remain harmonious with focus on improving productivity, quality and safety. Efforts are being made to strengthen organisational culture in order to attract and retain the best talent in the industry by redefining HR policies and processes in line with contemporary market practices. Training needs are identified in systematic manner and regular training programs are organised both inhouse and external. The Board records its appreciation of the commitment and support of the employees. The Company employed 608 numbers of permanent employees on its Roll as on March 31, 2019.

CAUTIONARY STATEMENT

The Management Discussion and Analysis Report may contain certain statements that might be considered “forward looking statements”. These statements are subject to certain risks and uncertainties. 11.12 Share Transfer System:

As per notification issued by the Securities and Exchange Board of India (SEBI), the trading in Company's equity shares on the stock exchanges is permitted only in dematerialised form for all classes of investors.

All transactions in connection with transfer, transmission, etc. during the year under review were processed by the Registrar and Share Transfer Agents of the Company on weekly basis and the same were placed before the Committee of Directors/ Committee of Officers, as the case may be, for approval at regular interval. With a view to expedite the process of share transfer in physical segment, the Board of Directors has delegated the authority to a Committee of Officers for approving transfer upto 1000 equity shares in each request. Further, to expedite the process of share transfer, the powers for processing of share transfer have been delegated to the Registrar and Share Transfer Agent of the Company in compliance with SEBI Circular No. CIR/MIRSD/8/2012 dated 05.07.2012. A summary of transfer/transmission of equity shares so approved by the Committee of officers was placed at every Board Meeting on quarterly basis. The Registrar and share Transfer Agents / delegated authority / Stakeholders Relationship Committee attended the formalities pertaining to transfer of shares at least once in a fortnight, while generally ensuring that transmission requests were processed for shares held in dematerialized mode and physical mode within seven days and twenty one days respectively, after receipt of specified documents, complete in all respect, and dispatch of share certificates were generally completed within 15 days. , while the request for dematerialisation of equity shares is generally confirmed/rejected within an average period of 15 days. Members may further note that as per amended Regulation 40 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, except in case of transmission or transposition of securities, requests for effecting transfer of securities shall not be processed with effect from 1st April, 2019 unless the securities are held in the dematerialized form with a depository. Members are therefore advised to dematerialise their holding of equity shares in the Company for facilitating transfer of shares. The Company obtains from a Company Secretary in practice half-yearly certificate of compliance with the share transfer formalities as required under Regulation 40(9) of the Listing Regulations and files a copy of the certificate with the Stock Exchanges.

The Company's representatives visit the office of the Registrar and Share Transfer Agents as and when required/deemed appropriate to monitor, supervise and ensure that there are no delays or lapses in the system.

Independent Auditor's Report

TO THE MEMBERS OF VINDHYA TELELINKS LIMITED

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Vindhya Telelinks Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2019, its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Revenue recognition for construction contracts:</p> <p>In respect of construction contracts, the management is required to make various accounting estimates and judgements for the purpose of revenue recognition over time like identification of performance obligation, determination of transaction price, the stage of completion, the timing of revenue recognition, estimated project costs and revenue. The process among others, take into consideration contract risks, price variation claims, liquidated damages & penalties, periodic certification from customers, recoverability of trade receivables. The Company periodically reviews the estimates involved and any cumulative effect of such changes are recognised in the period in which such changes are determined.</p> <p>Refer Note No. 1.4 (b) and Note No. 1.5 (k) of the standalone financial statements.</p>	<p>Our audit procedure included, among others,</p> <ul style="list-style-type: none"> Reviewing the terms and conditions of contracts on sample basis (including amendments/modifications/clarifications thereon, if any) for the purpose of identification of performance obligation, reviewing the estimated contract revenue and costs including consistent application, and adjustments thereon on account of potential liquidated damages and penalties, if any, change in scope, actual cost incurred till year end, certification by customers, etc. Testing the internal controls adopted by the Company relevant to ensuring the completeness and accuracy of revenue recognition. Reviewed the adequacy of the disclosures in the Notes to the standalone financial statements.
2	<p>Cost estimation for Lease arrangements (IRU):</p> <p>The Company as a lessor enters into certain non-cancellable long-term finance lease arrangements for passive optical fibre cable networks under IP-1 on Indefeasible Right to Use (IRU) basis. As per the accounting policy, these transactions are treated as an Outright sales. Profit or loss resulting from outright sales is recognised in the statement of profit and loss immediately. The cost of sales and carrying amount of unsold passive optical fibre network under IP-1 are determined. This involves making estimates and judgement with respect to allocation of materials, subcontracting cost and other costs on the basis of total estimated fibre pairs/duct to be sold under a specific route. The estimates and underlying assumptions are reviewed on a periodic basis.</p> <p>Refer Note No. 1.4 (a) and Note No. 1.5 (q) of the standalone financial statements.</p>	<p>Our audit procedures included the review of:</p> <ul style="list-style-type: none"> the accounting treatment followed for revenue recognition vis-à-vis IRU contracts entered into by the Company. the terms and conditions of the contracts and evaluating the point of transfer of control. the estimates involved in allocation of cost of sales of IRU network backed by a specific lease arrangement. the adequacy of the disclosures in the Notes to the standalone financial statements.

Information other than the standalone financial statements and auditor's report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report 2018-19, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Based on the work we have performed, if we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibility for the audit of standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in

our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact, if any, of pending litigations on its financial position in its standalone financial statements – Refer Note No. 36 (a) (i) & (ii) to the standalone financial statements;
 - ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any on long-term contracts including derivative contracts.
 - iii) There were no amounts, which were required to be transferred during the year to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure B" a statement on the matters specified in the paragraphs 3 and 4 of the said Order.

(Referred to in Paragraph 1(f) under 'Report on Other Legal and Regulatory requirements' of our report on even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of the Company as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Annexure "B" to the Independent Auditors' Report

(Referred to in Paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our Report on even date)

Based on the audit procedures performed for the purpose of reporting a true and fair view on the standalone financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- i (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) Major items of fixed assets were physically verified during the year by the management in accordance with regular programme of verification which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals. No material discrepancies were noticed on such verification.
- (c) In our opinion and according to the information and explanations given to us and representation obtained from the management, the title deeds of immovable properties are held in the name of the Company.
- ii The inventories save and except underground optical fibre cable network built by the Company under IP-1 License which is verified from the inspection/acceptance testing (AT) reports, have been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of verification is reasonable and no material discrepancies were noticed on physical verification.

- iii The Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties required to be covered in the register maintained under section 189 of the Act. Therefore, the provisions of clause 3(iii) (a) to (c) of the Order are not applicable.
- iv In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- vi We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act and are of the opinion that prima facie, the prescribed accounts and records have been maintained. We have not, however, made a detailed examination of the records for the year with a view to determine whether they are accurate and complete.
- vii (a) According to the records of the Company, the Company has been generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, duty of customs, goods and services tax (GST), cess and other material statutory dues with the appropriate authorities. There were no arrears of undisputed statutory dues as at 31st March, 2019, which were outstanding for a period of more than six months from the date they became payable.
- (b) There are no disputed dues which have remained unpaid as on 31st March, 2019 in respect of income tax or sale tax or service tax or duty of customs or duty of excise or value added tax except as follows.

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which Amount Relates	Amount Involved (₹ in lakhs)
WB VAT Act, 2003	Value Added Tax	West Bengal Taxation Tribunal, Kolkata	FY 2009-10 (01.07.2009 to 31.03.2010)	6.11
WB VAT Act, 2003	Value Added Tax	The West Bengal Commercial Taxes Appellate and Revisional Board, Kolkata	FY 2009-10 (01.04.2009 to 30.06.2009)	4.42
WB VAT Act, 2003	Value Added Tax	The West Bengal Commercial Taxes Appellate and Revisional Board, Kolkata	FY 2008-09 (01.01.2009 to 31.03.2009)	31.61

- viii On the basis of the verification of records and information and explanations given to us, the Company has not defaulted in repayment of loans and borrowings to banks or dues to debenture holders. The Company does not have any loans or borrowings from financial institution or government in the books of accounts at any time during the year.
- ix The Company did not raise any money by way of initial / further public offer (including debt instruments) and term loans taken during the year have been applied for the purpose for which they were obtained.
- x Based on the audit procedure performed and the representation obtained from the management, no material fraud by the Company or on the Company by its officers and employees has been noticed or reported during the year.
- xi According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid / provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V of the Act.
- xii The Company is not a Nidhi Company. Therefore, the provisions of clause 3(xii) of the Order are not applicable.
- xiii According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures. Therefore, the provisions of clause 3(xiv) of the Order are not applicable.
- xv According to the information and explanations given to us and the representation obtained from the management, the Company has not entered into any non-cash transactions with directors or persons connected with them under section 192 of the Act. Therefore, the provisions of clause 3(xv) of the Order are not applicable.
- xvi In our opinion and according to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Nature and Purpose of Surplus
(a) Securities Premium

Securities premium represents the amount of premium received by the Company upon issue of equity shares. The reserve is utilised in accordance with the provisions of Section 52 and other applicable provisions of the Companies Act, 2013.

(b) Debenture Redemption Reserve

In accordance with section 71(4) of Companies Act, 2013 and rules notified there under, the Company has created Debenture Redemption Reserve (DRR) out of the profits of the Company available for payment of dividend and the amount credited to DRR shall not be utilised by the Company except for the redemption of unsecured non-convertible debentures.

(c) General Reserve

The general reserve represents free reserves being an appropriation of profit/retained earnings and kept aside to meet the future requirements as and when they arise. Mandatory transfer to general reserve is not required under the Companies Act, 2013. As the general reserve is created by transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not to be reclassified subsequently to the Statement of Profit and Loss.

1. NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2019

1.1 Company Overview

Vindhya Telelinks Limited (VTL) ("the Company") is a public limited listed company incorporated under the Companies Act, 1956 (now replaced by the Companies Act, 2013). The Company is engaged in manufacturing and sale of Cables (comprising of telecommunications cables, other types of wires & cables, FRP rods/glass rovings etc.) and Engineering, Procurement and Construction (Turnkey Contracts & Services business). The registered office of the Company is located at Udyog Vihar, P.O. Chorghata, Rewa- 486006 (M.P.), India and its CIN No. is L31300MP1983PLC002134.

The Standalone Financial Statements were approved by the Board of Directors of the Company in their meeting held on 16th May, 2019.

1.2 Basis of Preparation and Presentation

The financial statements of the Company have been prepared in accordance with and to comply in all material aspects with Indian Accounting Standards (Ind AS) as notified under the relevant provisions of the Companies Act, 2013 ("the Act"), Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act, as applicable.

The financial statements have been prepared on accrual and going concern basis under historical cost convention, except for the items that have been measured at fair value as required by relevant Ind AS.

Company's financial statements are presented in Indian Rupees, which is also its functional currency. All amounts in the financial statements and accompanying notes are presented in lakhs (Indian Rupees) and have been rounded-off to two decimal place in accordance with the provisions of Schedule III, of the Companies Act, 2013 unless stated otherwise.

1.3 Basis of Classification of Current and Non-Current

Assets and Liabilities are classified as either current or non-current as per the Company's normal operating cycle, and other criteria set out in Schedule III of the Companies Act, 2013. Operating cycle for the business activities of the Company covers the duration of the specific project/contract/product line/service including the defect liability period, wherever applicable, and extends up to the realisation of receivables (including retention monies) within the agreed credit period normally applicable to the respective business verticals/segments.

1.4 Use of Estimates & Critical Judgments

The preparation of financial statements in conformity with generally accepted accounting principles in India requires management to make judgments, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the results of operations during the reporting year end. Although these estimates and associated assumptions are based upon historical experiences and various other factors besides management's best knowledge of current events and actions, actual results could differ from these estimates. The estimates and underlying assumptions are reviewed on a periodic basis. Any revision in the accounting estimates is recognised in the period in which the results are known/ materialise.

Significant judgments and key sources of estimation in applying accounting policies are as follows:

(a) Lease Arrangements:

The Company as a lessor enters into certain non-cancellable long term arrangements for passive optical fibre cable networks under IP-1 on Indefeasible Right to Use (IRU) basis. Considering the nature of arrangements/ agreements and upon assessment of other relevant attributes to such transactions, such IRU's have been disclosed as a finance lease under the applicable Indian Accounting Standard Ind AS-17. Cost of passive optical fibre cable networks under IP-1 is arrived based upon management's best estimation/ allocation of material, subcontracting cost and other cost including cost of mitigating risk associated with such networks.

(b) Estimation of Costs for Revenue Recognition:

For the purpose of revenue recognition on fixed price projects based on percentage of completion method, the Company determines the stage of completion of the project. The Company estimates the total cost of project at each reporting date (including the estimates of liquidated damages). The estimation of costs for fixed price contract is based upon the rates agreed with vendors/ sub contractors and management's best estimates of the costs that is allocated and/or would be incurred based upon the past experience and /or industry risk. These estimates are re-assessed at the end of each period.

1.5 Summary of Significant Accounting policies

(a) Property, Plant and Equipment (PPE)

PPE are stated at cost, net of recoverable taxes, discount, government grants/subsidies and rebates, etc. less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

Spare parts in the nature of PPE are capitalised and depreciated over their remaining useful lives.

Gains or losses arising from de-recognition of PPE is measured as the difference between the net disposable proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

(b) Investment Property

The Company has certain investments in Buildings which are classified as Investment Property as per the requirement of Ind AS 40. The same is held generally to earn rental income or for capital appreciation or both. The Investment Property has been recognised at cost less accumulated depreciation and impairment, if any. The same has been disclosed separately in the financial statements along with requisite disclosure about fair valuation of such Investment Property at the year end.

(c) Intangible Assets

Intangible assets (mainly comprise of license fees and associated implementation costs incurred for Computer Software) are measured initially at cost only when it is probable that future economic benefits associated with the item will flow to the Company and the cost can be measured reliably. After initial recognition, an intangible asset is carried at its cost, less accumulated amortisation and accumulated impairment losses, if any.

(d) Depreciation/Amortisation

Depreciation on PPE is provided on straight line method at the rates determined based on the useful lives of respective assets as prescribed in the Schedule II of the Companies Act, 2013 and/or useful life reviewed and assessed by the Company based on technical evaluation of relevant class of assets, as detailed below:

Buildings	30/ 60 years
Plant and Equipments	3 to 7 years
Furniture and Fixtures	10 years
Vehicles	8 to 10 years
Office Equipment & Computer	3 years

Depreciation on fixed assets added/disposed-off/discarded during the year is provided on pro-rata basis with respect to the month of addition/disposal/discarding.

Leasehold land and related improvements are amortised on a straight line basis over the period of the lease (30 to 99 years).

Intangible Asset is measured at cost and amortised so as to reflect the pattern in which the assets economic benefits are consumed. The useful life of Intangible Asset has been estimated as five years.

Depreciation method, useful lives and residual values are reviewed at each financial year end and adjusted, if considered appropriate.

(e) Impairment of Non-Financial Assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset (PPE and Intangible) may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit (CGU) is made. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. The smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit (CGU). An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. Assessment is also done at each reporting date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

(f) Government Grants and Subsidies

Grants and subsidies (including industrial investment promotion incentives linked to fixed capital investment in Property, Plant and Equipment, etc.) from the Government(s) are recognised when there is reasonable assurance that the conditions attached to them will be complied and grants/subsidies will be received. Government subsidies/incentives inextricably based upon and linked to fixed capital investments in Property, Plant and Equipment for setting up a new industrial undertaking or for substantial expansion/technological upgradation/diversification of an existing industrial undertaking where no repayment is stipulated are deducted from the carrying amount of Property, Plant and Equipment.

Export benefits availed as per prevalent schemes are accounted for in the year in which the goods are exported subject to the condition that there exists no significant uncertainty with regard to their ultimate collection.

(g) Inventories

Inventories are valued as follows:

Raw Materials, Stores and Spare Parts	Lower of cost and net realisable value. Cost is determined on a transaction moving weighted average basis. However, raw materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
Traded Goods	Lower of cost and net realisable value. Cost is determined on transaction moving weighted average basis.
Work-in-Progress	Lower of cost and net realisable value. Work in Progress in Cable Segment includes direct materials (determined on a transaction moving weighted average basis), labour and a proportion of overheads. The Valuation of Work in Progress in EPC Segment comprises of materials, Sub-contracting cost and other allocated cost of the respective project / passive optical fibre cable network in accordance with practices consistently followed by the Company.
Finished Goods	Lower of cost and net realisable value. Cost includes direct materials (determined on a transaction moving weighted average basis), labour and a proportion of manufacturing overheads based on normal operating capacity of relevant production facilities.
Scrap Materials	Estimated Net Realisable Value.

Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sale.

(h) Fair Value Measurement

The Company measures financial instruments such as investments (other than equity investments in subsidiaries, joint venture and associates) and derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability to which the Company has access at that date.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of Fair value disclosure, the Company has determined classes of assets and liabilities on the basis of nature, characteristics and risks of the assets or liabilities and the level of the fair value hierarchy as explained above.

Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets and for non-recurring measurement, such as assets held for disposal.

(i) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(1) Financial Assets
(a) Initial recognition and measurement

All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities, which are not fair value through profit or loss, are adjusted to the fair value on initial recognition.

(b) Subsequent measurement

Financial Assets other than Equity Instruments

(i) **Financial Assets Carried at Amortised Cost:**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on principal outstanding. Interest income from such financial asset is included in other income using the effective interest rate ("EIR") method.

(ii) **Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI):**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on principal outstanding. They are subsequently measured at each reporting date at fair value, with all fair value movements recognised in Other Comprehensive Income (OCI). On Derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.

(iii) **Financial Asset at Fair Value through Profit or Loss (FVTPL):**

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

Equity Instruments

(i) **Investment in Subsidiaries, Joint Ventures and Associates**

The Company has accounted for its Investments in Subsidiaries, Joint venture and Associates at cost.

(ii) **Other Equity Investments**

All other equity investments are measured at fair value. Equity Investments, which are held for trading are classified as fair value through Profit or Loss. For equity investments other than held for trading, the Company has exercised irrevocable option to recognise in 'Other Comprehensive Income' ("OCI"). The Company makes such election on an instrument-by-instrument basis for those investments which are strategic and are not intended for sale. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. On disposal, accumulated gain/losses on such investments are transferred from OCI to Retained Earnings.

(c) Derecognition of Financial Instruments

The Company derecognises financial assets when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

(d) Impairment of Financial Assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company determines expected credit losses after taking into account the past history of recovery, risk of default of the counterparty, existing market conditions, etc. The impairment methodology is applied on individual customer basis and depends on whether there has been a significant increase in the credit risk since initial recognition.

(2) Financial Liabilities

(a) Recognition and Initial Measurement:

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

(b) Subsequent Measurement:

Financial liabilities are measured subsequently at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognised in the Statement of Profit and Loss. Any gain or loss on derecognition is also recognised in the Statement of Profit and Loss.

(c) Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

(3) Offsetting Financial Instruments:

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(4) Derivative Financial Instruments:

The Company enters into derivative financial instruments viz. foreign exchange forward contracts, interest rate swaps and cross currency swaps to manage its exposure to interest rate and foreign exchange rate risks. Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of Profit and Loss immediately.

(j) Income Taxes

Tax expense comprises current income tax and deferred tax. Current income tax expense is measured at the amount expected to be paid to the taxation authorities in accordance with the governing provisions of the Income-Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax is provided using the Balance Sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilised.

Income tax (Current and Deferred) is recognized in the Statement of Profit and Loss except to the extent it relates to the items recognised directly in equity or other comprehensive income.

Current tax assets and current tax liabilities are offset, if a legally enforceable right exists to set off the recognised amounts and where it intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(k) Revenue from Contract with Customer

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (i) The Company's performance does not create an asset with an alternate use to the Company and the Company has as an enforceable right to payment for performance completed to date.
- (ii) The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- (iii) The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs.

For performance obligations where one of the above conditions are not met, revenue is recognized at the point in time at which the performance obligation is satisfied.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractual terms and conditions. Taxes (GST) collected on behalf of the government are excluded from revenue. Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably. Revenue is disclosed net of returns, incentives and discounts, as applicable.

Variable consideration includes volume discounts, price concessions, liquidated damages, incentives, etc. The Company estimates the variable consideration with respect to above based on an analysis of accumulated historical experience. The variable consideration is adjusted as and when the expectation regarding the same changes.

Revenue from Sale of Goods

Performance obligation in case of revenue from sale of goods is satisfied at a point in time and is recognised when control of goods is transferred to the customers. Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue from Turnkey Projects/ Contracts

Performance Obligation in case of revenue from Turnkey Projects/Contracts is satisfied over the period of time, since the customer controls the assets as they are created and the Company has enforceable right to payment for performance

completed to date. Revenue from Turnkey Projects/Contracts, where the outcome can be estimated reliably is recognised under the percentage of completion method by reference to the stage of completion of contract activity. The stage of completion is determined on the basis of work certified which is based upon Company's effort or input to the satisfaction of performance obligation. The estimates of contract costs and the revenue thereon are reviewed periodically by the management and the cumulative effect of any changes in the estimates is recognised in the period in which such changes are determined. Where it is probable that contract expenses will exceed total revenue from a contract, the expected loss is recognised immediately as an expense in the Statement of Profit and Loss.

If contract revenue recognised is in excess of interim billing, the same is recognised as "Contract Asset". Similarly, if interim billing exceeds contract revenue, the same is recognised as "Contract Liabilities". Prepayments from customers are recognized as liabilities. Retention money receivable from project customers does not contain any significant financing element, these are retained for satisfactory performance of the contract.

Export benefits availed as per the prevalent schemes are accrued each year in which the goods are exported and when no significant uncertainty exist regarding the ultimate collection.

Revenue from Sale of IRU networks are recognised as per Accounting Policy given in note no. 1.5(q).

Services Income (mainly on account of operation and maintenance of IRU networks) is recognised over the period as per the terms and conditions of the contract.

Interest income is recognised on time proportion basis. Dividend income is recognised when the right to receive payment is established.

(l) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction, production or development of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred. Transaction cost in respect of long term borrowing are amortised over the tenure of respective loans using Effective Interest Rate (EIR) method.

(m) Provisions, Contingent liabilities and Contingent Assets

The Company recognises a provision when there is a present obligation as a result of past event that probably requires an outflow of resources and reliable estimates can be made of the amount of obligation. A disclosure of contingent liability is made when there is possible obligation or a present obligation that will probably not require outflow of resources or where a reliable estimate of the obligation cannot be made. Where there is a possible obligation or a present obligation and likelihood of outflow of resources is remote, no provision or disclosure is made.

Provision for warranty related costs are recognised when the terms and conditions attached to and forming part of the executed portion of the contract of sale of products and/ or providing of services or both are assessed to have underlying obligations to be met during the warranty period. The estimate of such warranty costs is revised annually.

Contingent assets are not recognised but disclosed in the financial statements, where economic inflow is probable.

(n) Operating Segment

The identification of operating segment is consistent with performance assessment and resource allocation by the chief operating decision maker. An operating segment is a component of the Company that engage in business activities from which it may earn revenues and incur expenses (including transactions with any other components of the Company) and for which discrete financial information is available. Operating segments of the Company comprises two segments i.e. Cables and Engineering, Procurement & Construction (EPC). All operating segments are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segments and assesses their performance.

(o) Employee Benefits

Defined Contribution Plan

Contribution to approved Superannuation Fund as per Company's scheme and Employee's Regional Provident Fund is recognised as an expense in the Statement of Profit and Loss for the year when the employee renders the related service.

Defined Benefit Plan

Gratuity, Pension and Compensated Absences benefits, payable as per Company's schemes are considered as defined benefit schemes and are charged to the Statement of Profit and Loss on the basis of actuarial valuation carried out at the end of each financial year by independent actuaries using Projected Unit Credit Method. For the purpose of presentation of defined benefit plans, the allocation between short term and long term provisions is made as determined by the independent

actuary. Actuarial gains and losses are recognised in the Other Comprehensive Income except actuarial gains and losses on compensated absences benefits which are charged to the Statement of Profit and Loss.

The Provident fund Contribution, other than Contribution to Employee's Regional Provident Fund is made to an approved trust administered by the trustees. The Company has its representation on the board of trust. The Company is liable for shortfall, if any, in the fund asset based on the government specified minimum rates of return and the same is recognised as an expense in the Statement of Profit and Loss.

Ex-gratia or other amount disbursed on account of selective employees separation scheme or otherwise are charged to the Statement of Profit and Loss as and when incurred/determined.

(p) Operating Leases

Where the Company is the Lessee:

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership over the leased term, are classified as operating leases. The total lease rentals (including rental increases, if any) in respect of an asset taken on operating lease/sub-lease are recognised as an expense in the Statement of Profit and Loss on a straight line basis over the lease term except where the lease payments are structured to increase in line with expected general inflation.

Where the Company is the Lessor:

Lease under which the Company does not transfer substantially all the risks and benefits of ownership of the asset is classified as operating lease. Assets subject to operating lease are included in Investment Property. Lease income from operating lease is recognised in the Statement of Profit and Loss on a straight line basis over the lease term except where the lease payments are structured to increase in line with expected general inflation. Costs including depreciation are recognised as an expense in the Statement of Profit and Loss.

(q) Finance Lease

Finance lease transactions (including Indefeasible Right to Use (IRU) Networks) where control, significant risks and rewards incidental to ownership are effectively transferred / term of the lease covers the estimated economic useful life of the concerned IRU networks, are recognised as outright sales. Profit or Loss resulting from outright sales of IRU networks is recognised in the Statement of Profit and Loss immediately. Finance income, if any, is recognised over the lease term. Initial direct cost such as legal costs, brokerage costs etc. are recognised in the statement of Profit and Loss at the commencement of lease term.

(r) Foreign Currency Translations

Transactions in foreign currencies are initially recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in the Statement of Profit and Loss.

(s) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Company by the weighted average number of the equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the year is adjusted for the effect of all dilutive potential equity shares.

(t) Cash and Cash Equivalents

Cash and Cash equivalent in the Cash Flow Statement comprises cash on hand, demand deposits with banks and short-term investments with an original maturity of three months or less from the date of acquisition.

1.6 Recent Accounting Pronouncements

Ind AS 116-Leases

Ministry of Corporate Affairs ("MCA") has notified the Ind AS 116, effective accounting period beginning 1st April, 2019. Ind AS 116 will replace the existing leases standard, Ind AS 17 Leases. The core principle of the new standard is that an entity should recognise in its Balance Sheet the right-of-use assets and financial liabilities for future payment obligations related to long term operating leases. The Company is currently evaluating the requirements of Ind AS 116, and has not yet determined the impact on financial statements.

Note:

- Refer Note No. 17 and 21 for details of mortgage/hypothecations of Property, Plant and Equipment towards security.
- The Company has exercised the option of deducting government grants from the carrying amount of respective items of Property, Plant and Equipment as against the erstwhile practice of recognising the same as deferred income in the Balance Sheet and credit to the Statement of Profit and Loss over the life of the related assets in accordance with the notification issued by the Ministry of Corporate Affairs on 20th September, 2018. However, this has no impact on the Profit for the current and previous year.

The fair value of financial assets and liabilities is included at the amount at which instruments could be exchanged in a current transaction between the willing parties. The following methods and assumptions were used to estimate the fair value:

- The Company has opted to fair value its quoted equity instruments at its market quoted price through Other Comprehensive Income (OCI), save and except investments in Associates which are valued at cost.
- The Company has opted to fair value its unquoted equity instruments at its Net Asset Value/Adjusted Net Asset Value through OCI, save and except investments in Wholly Owned Subsidiaries, a Joint Venture and an Associate which are valued at cost.
- The fair values of cash and cash equivalents, other bank balances, trade receivables, other current financial assets, short term borrowings, trade payables and other current financial liabilities approximates their carrying amounts largely due to the short-term maturities of these instruments. The Company has adopted Effective Interest Rate Method (EIR) for fair valuation of long term borrowings, non-current financial assets and non-current financial liabilities.
- The fair value of forward exchange and swap contracts is based on valuation certificate given by respective banks.

Fair Value Hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

48. Financial Risk Management Objectives and Policies:

The Company's activities are exposed to a variety of Financial Risks from its Operations. The key financial risks include Market Risk, Credit Risk and Liquidity Risk.

(a) Market Risk:

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market Risk comprises mainly four types of Risk: Foreign currency Risk, Interest rate Risk, Rights of the Way and other Contractual Obligation Risk, Other Price Risk such as Commodity Price risk and Equity Price Risk.

(i) Foreign Currency Risk:

Foreign Currency Risk has underlying risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is exposed to foreign exchange risk arising from foreign currency transactions of imports, exports and borrowing primarily with respect to USD and Euro. The Company's exports are denominated generally in USD, providing a natural hedge to some extent against foreign currency payments on account of imports of raw materials and/or the payment of borrowings. The foreign currency transaction risk are managed through selective hedging programmes by way of forward contracts, currency swaps and interest rate swaps including for underlying transactions having firm commitments or highly probable forecast of crystallisation.

The Company uses forward exchange contracts to hedge its exposure in foreign currency. The details of foreign currency exposures hedged by derivative instruments and those that have not been hedged are as follows:

Foreign Currency Sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in USD/EURO with all other variables held constant. The impact on Company's profit before tax is due to changes in the fair value of monetary assets and liabilities consequent to changes in the foreign exchange rate as under:

(₹ in lakhs)

Particulars	2018-19	2017-18
Change in USD	(+)5%	(+)5%
Effect on Profit before Tax	(25.35)	(42.23)

Effect on Profit before Tax	(98.93)	(45.48)
Change in EURO	(-)5%	(-)5%
Effect on Profit before Tax	98.93	45.48

(ii) Interest Rate Risk:

Interest rate risk has underlying risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates could have unforeseen impact on Company's cost of borrowings, thus impacting the profit and loss. The Company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments like Interest Rate Swap, interest rate negotiations and low cost instruments like Commercial Papers and fixed interest bearing Redeemable Non-Convertible Debentures.

(₹ in lakhs)

Type of Exposure	As at 31st March, 2019	As at 31st March, 2018

	57174.73	19953.39

Interest Rate Sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on affected financial assets.

(₹ in lakhs)

Particulars	2018-19	2017-18
Interest Rate increase by 0.25%	(142.94)	(49.88)
Interest Rate decrease by 0.25%	142.94	49.88

(iii) Rights of the Way and other Contractual Obligation Risk:

The Rights of the Way and other permission are subject to governing terms and conditions and varying interpretations each of which may result in modifications, expiry of terms, additional payments and/or restoration liability which could adversely affect the passive optical fibre cable networks under IP-1/Turnkey Projects. Further, the contracts/IRU agreements with customers have certain underlying obligations relating to rectification, replacement and major maintenance of the network during the validity period of such agreements. The Company makes provision for warranty for the same as per management's best estimates of expected cost to meet such obligations.

(iv) Commodity Price Risk:

The Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw materials and bought out components for manufacturing of Cables and Turnkey Contract & Services respectively. It requires a continuous supply of certain raw materials & brought out components such as optical fibre, copper, aluminium, plastic and polymers, telecom ducts, power cables, conductors, transformers, fabricated steel, poles etc. To mitigate the commodity price risk, the Company has an approved supplier base to get the best competitive prices for the commodities and also to manage the cost without any compromise on quality.

(v) Equity Price Risk:

The Company's exposure to equity securities price risk arises from Quoted Investments held by the Company and classified in the Balance Sheet at fair value through OCI. Having regard to the nature of securities, intrinsic worth, intent and long term nature of investment in securities, fluctuation in their prices are considered acceptable and do not warrant any management estimation.

(b) Credit Risk:

Credit risk is the risk that counterparty might not honour its obligations under a financial instrument or customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily Trade Receivables) and corporate guarantee given to banks as collateral against term loan(s) and working capital credit facilities to a body corporate, Birla Cable Limited.

Customer credit risk is managed by each business segment and is subject to the Company's established policy, procedures and control relating to customer credit risk management. The Company assesses the credit quality of the counterparties taking into account their financial position, past experience and other factors. Company's EPC business segment customers profile include Government owned utilities/ entities/ and both public and private telecom sector operators and service providers, and accordingly its credit risk is low. Credit risk is reduced to a significant extent if the projects(s) are funded by the Central and State Government and also by receiving pre-payments (including mobilisation advances) and achieving project completion milestone within the contracted delivery schedule. Outstanding customer receivables are regularly monitored and assessed. The Company follows the simplified approach for recognition of impairment loss. Impairment allowance for trade receivables if any, is provided on the basis of respective credit risk of individual customer as on the reporting date.

The lenders assesses the credit quality of Birla Cable Limited on a regular basis. Further, considering its financial position, intrinsic value, business profile and future growth prospects, the credit risk is low. The Company has also accepted corporate guarantee from Birla Cable Limited (cross corporate guarantee) against its total credit facilities and term loan(s) availed from its consortium of banks.

The fixed deposits with banks predominantly comprises of margin money against bank guarantees, letter(s) of credit, etc. as per the terms of sanction of non fund based credit facilities and in the opinion of the Company are not exposed to credit risk based on historical records of no or stray cases of invocation of bank guarantees or developments of LC's.

(c) Liquidity Risk:

Liquidity risk is the risk where the Company may encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when due.

The table below summarises the maturity profile of Company's financial liabilities based on contractual undiscounted payments:

49. Capital Management:

The Company's policy is to maintain an adequate capital base so as to maintain credit worthiness and to sustain future growth. Capital includes issued capital, securities premium and all other equity reserves attributable to equity holders.

The Company monitors capital using a gearing ratio which is net debt divided by total capital plus net debt. Net debt is calculated as borrowings less cash and cash equivalents.

Independent Auditor's Report on Consolidated Financial Statement

TO THE MEMBERS OF VINDHYA TELELINKS LIMITED

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Vindhya Telelinks Limited (the "Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as the "Group"), its joint venture and associates, which comprise the Consolidated Balance Sheet as at 31st March, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its joint venture and associates, as at 31st March, 2019 and their consolidated profit, consolidated total comprehensive income, consolidated cash flows and their consolidated changes in equity for the year ended on that date

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated financial statements section of our report. We are independent of the Group, its joint venture and associates, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their reports referred to other matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements / consolidated financial statements and on the other financial information of the subsidiaries, joint venture and associates, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Sr. No.	Key Audit Matter	Auditor's Response
1	Revenue recognition for construction contracts: In respect of construction contracts, the management is required to make various accounting estimates and judgements for the purpose of revenue recognition over time like identification of performance obligation, determination of transaction price, the stage of completion, the timing of revenue recognition, estimated project costs and revenue. The process among others, take into consideration contract risks, price variation claims, liquidated damages & penalties, periodic certification from customers, recoverability of trade receivables. The Company periodically reviews the estimates involved and any cumulative effect of such changes are recognised in the period in which such changes are determined.	Our audit procedure included, among others, <ul style="list-style-type: none"> • Reviewing the terms and conditions of contracts on sample basis (including amendments/modifications/clarifications thereon, if any) for the purpose of identification of performance obligation, reviewing the estimated contract revenue and costs including consistent application, and adjustments thereon on account of potential liquidated damages and penalties, if any, change in scope, actual cost incurred till year end, certification by customers, etc. • Testing the internal controls adopted by the Company relevant to ensuring the completeness and accuracy of revenue recognition. • Reviewed the adequacy of the disclosures in the Notes to the financial statements.

2	<p>Cost estimation for Lease arrangements (IRU):</p> <p>The Company as a lessor enters into certain non-cancellable long-term finance lease arrangements for passive optical fibre cable networks under IP-1 on Indefeasible Right to Use (IRU) basis. As per the accounting policy, these transactions are treated as an Outright sales. Profit or loss resulting from outright sales is recognised in the statement of profit and loss immediately. The cost of sales and carrying amount of unsold passive optical fibre network under IP-1 are determined. This involves making estimates and judgement with respect to allocation of materials, subcontracting cost and other costs on the basis of total estimated fibre pairs/duct to be sold under a specific route. The estimates and underlying assumptions are reviewed on a periodic basis.</p>	<p>Our audit procedures included the review of:</p> <ul style="list-style-type: none"> the accounting treatment followed for revenue recognition vis-à-vis IRU contracts entered into by the Company. the terms and conditions of the contracts and evaluating the point of transfer of control. the estimates involved in allocation of cost of sales of IRU network backed by a specific lease arrangement. the adequacy of the disclosures in the Notes to the financial statements.
3	<p>Recoverability of MAT credit entitlement in future – Relating to an associate Company.</p> <p>An associate has recognised deferred tax assets mainly on account of tax credit available for set off (Minimum Alternate Tax) under the Income Tax Act, 1961. Under Ind AS 12 – Income Taxes, deferred tax assets shall be recognised to the extent that it is probable that future taxable profit will be available against which the unused tax credit can be utilised. The assessment of valuation of deferred tax assets requires significant management judgement and estimation. This include, amongst others, making estimation of long-term future profitability, future revenue from proposed projects and tax regulations and developments.</p> <p>As a result, the recognition of the deferred tax asset by an Associate and its consequent impact (Parent's share in Associate) on the Net Assets and Profit of the Consolidated Financial Statements has been considered significant.</p>	<p>Audit procedures included, among others, review of:</p> <ul style="list-style-type: none"> the appropriateness of the methodology applied by the associate Company with applicable Indian accounting standards and applicable taxation laws along with the future business forecast of taxable profits. the likelihood of the associate Company to utilize the available MAT credit entitlements in the future with underlying projections and assumptions relating to future estimated profits, future capitalisations and depreciation allowance thereon and future estimates of taxable income. the adequacy of the associate company's disclosures on deferred tax assets and assumptions used.

We have determined that there are no other key audit matters to communicate in our report.

Information Other than the consolidated financial statements and Auditor's Report Thereon

The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements, the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by other auditors to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditor and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries is traced from their financial statements audited by other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the consolidated financial statements

The Parent's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group, its joint venture and associates in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the Companies included in the Group, its joint venture and associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group, its joint venture and associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group, its joint venture and associates are responsible for assessing the ability of the Group, its joint venture and associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group, its joint venture and associates are also responsible for overseeing the financial reporting process of the Group, its joint venture and associates.

Auditor's responsibility for the audit of consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group, its joint venture and associates has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group, its joint venture and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, its joint venture and its associates of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Parent of which we are the independent auditors, regarding among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements of 3 subsidiaries included in the consolidated financial statement, whose financial statements reflect total assets of ₹ 23060.86 lacs as at March 31, 2019, total revenues of ₹ 2419.47 lacs, total net profit after tax of 2066.15 lacs and total comprehensive income of ₹ 2210.06 lacs for the year ended on that date, as considered in the consolidated financial statement. The financial statement of the subsidiaries prepared under Accounting Standards (IGAAP) have been converted to Indian

Accounting Standards ('Ind AS') and audited by another auditor for the purpose of consolidation with the Parent Company. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the report(s) of such other auditors.

- (b) The consolidated results also include the share of net (loss) (including OCI) of ₹ (2,365.07) lacs for the year ended March 31, 2019, in respect of an associate, whose financial statements have not been audited by us. The financial statements of such associate are unaudited and have been furnished to us by the Management. Our opinion on the consolidated Ind AS financial results, in so far as it relates to the amounts and disclosures included in respect of the associate, is based solely on such unaudited financial statements.

Our opinion above on the consolidated financial statements, and our report on other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statement.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statement have been kept so far as it appears from our examination of those books.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statement.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Parent as on March 31, 2019 and taken on record by the Board of Directors of the Parent and the reports of the statutory auditors of its subsidiary companies, joint venture and associates none of the directors of the Group companies, its associate companies and a joint venture company incorporated in India is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements and the operating effectiveness of such controls, refer to our separate report in "Annexure A", which is based on the auditors' reports of the parent, subsidiary companies, associate companies and a joint venture company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Parent's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the auditor's report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and based on the reports of the statutory auditors of its subsidiary companies, joint venture and associates and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the parent company, subsidiaries, joint venture and associates to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the auditor's report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associates and a joint venture.
 - ii) Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii) There has been no delay in transferring amounts required to be transferred, to the Investor Education and Protection Fund by the Parent and its subsidiary companies, associate companies and a joint venture company incorporated in India.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

In conjunction with our audit of the consolidated financial statements of the Group, its joint venture and its associate as of and for the year ended March 31, 2019, we have audited the internal financial controls with reference to financial statement of Vindhya Telcelinks Limited (hereinafter referred to as “Parent”) and its subsidiary companies (hereinafter referred to as “Group”), a joint venture and associate companies, which are Companies covered under the Act, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Boards of Directors of the Parent, its subsidiary companies, its joint venture and its associate companies, which are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Parent, its subsidiary companies, its joint venture and its associate companies, which are based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies which are, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent, its subsidiary companies, its joint venture and associate companies.

Meaning of Internal Financial Controls with reference to financial statement

A Company’s internal financial control with reference to financial statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control with reference to financial statement includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statement

Because of the inherent limitations of internal financial controls with reference to financial statement, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statement to future periods are subject to the risk that the internal financial control with reference to financial statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent, its subsidiary companies, its joint venture and associate companies, which are, have, in all material respects, an adequate internal financial controls system with reference to financial statement and such internal financial controls with reference to financial statement were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial control with reference to financial statements in so far as it relates to 3 subsidiary companies, which are based solely on the corresponding reports of the other auditors.

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements in so far as it relates to an associate company, incorporated in India, whose financial statements/information are unaudited and our opinion on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements of the Group, its joint venture and associate is not affected.

Our opinion is not modified in respect of the above matters.

Nature and Purpose of Surplus
(a) Securities Premium

Securities premium represents the amount of premium received by the Company upon issue of equity shares. The reserve is utilised in accordance with the provisions of Section 52 and other applicable provisions of the Companies Act, 2013.

(b) Debenture Redemption Reserve

In accordance with section 71(4) of Companies Act, 2013 and rules notified there under, the Company has created Debenture Redemption Reserve (DRR) out of the profits of the Company available for payment of dividend and the amount credited to DRR shall not be utilised by the Company except for the redemption of unsecured non-convertible debentures.

(c) General Reserve

The general reserve represents free reserves being an appropriation of profit/retained earnings and kept aside to meet the future requirements as and when they arise. Mandatory transfer to general reserve is not required under the Companies Act, 2013. As the general reserve is created by transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to the Statement of Profit and Loss.

CONSOLIDATED STATEMENT OF CHANGES IN EQUITY (Contd.)
(d) Reserve Fund

Reserve Fund represents statutory reserve created by Non Banking Finance Company (NBFC) subsidiaries under Reserve Bank of India Act, 1947.

Punjab Produce Holdings Limited (PPHL)		48.04%

1.2 Basis of Preparation and Presentation

The consolidated financial statements have been prepared in accordance with and to comply in all material aspects with Indian Accounting Standards (Ind AS) as notified under the relevant provisions of the Companies Act, 2013 (the Act), Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act, as applicable.

The Consolidated financial statements have been prepared on accrual and going concern basis under historical cost convention, except for the items that have been measured at fair value as required by relevant Ind AS.

Consolidated financial statements are presented in Indian Rupees, which is also its functional currency. All amounts in the financial statements and accompanying notes are presented in lakhs (Indian Rupees) and have been rounded-off to two decimal places in accordance with the provisions of Schedule III of the Companies Act, 2013, unless stated otherwise.

1.3 Basis of Consolidation

- The Financial Statements of the parent company and its subsidiaries have been consolidated on a line by line basis by adding together the book value of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and unrealised profits or losses, if any, in accordance with Ind AS 110 – "Consolidated Financial Statements".
- In case of associates (where parent holds directly or indirectly through subsidiaries 20% or more equity or/ and exercises significant influence) and Joint Venture, investments are accounted for by using equity method in accordance with Ind AS 28 – "Investments in Associates and Joint Ventures".
- Post acquisition, the company accounts for its share in the change in net assets of the associates and Joint Venture (after eliminating unrealised profits and losses resulting from transactions between the group and its associates to the extent of its share) through Statement of Profit and Loss and Other Comprehensive Income. The difference between the cost of investment and the share of net assets at the time of acquisition of shares in the associates is identified in the financial statements as Goodwill or Capital Reserve as the case may be. However, for associates, Goodwill is not separately recognised but included in the value of investments.

1.4 Summary of Significant Accounting Policies

The Accounting Policies of the Parent Company, its Subsidiaries, Joint venture and Associates are largely similar except in case of an associate company where land is revalued under fair value model. Other significant Accounting Policies of the Consolidated Financial Statements are as given in the Standalone Financial Statements.

(v) Changes in the Fair Value of Plan Assets:

(₹ in lakhs)

Description	Gratuity	
	2018-19	2017-18
Opening Fair Value of Plan Assets	638.50	543.00
Expected Return on Plan Assets	50.91	41.69
Contributions by Employer	80.00	83.88

Closing Fair Value of Plan Assets	747.11	638.50

- (vi) The major categories of Plan Assets in case of Gratuity as a percentage of the fair value of total Plan Assets:

Description	Gratuity (%)	
	2018-19	2017-18
Investments with Insurer (Life Insurance Corporation of India)	100	100

The overall expected rate of return on assets is determined based on the actual rate of return during the current year. The Parent Company expects to contribute ₹ 140.00 lakhs to its defined benefit approved gratuity plan during the financial year 2019-20.

- (vii) The principal assumptions used in determining defined benefit obligations are shown below:

Description	Gratuity		Pension	
	2018-19	2017-18	2018-19	2017-18
Mortality Table	IAL (2012-14) Ultimate	IAL (2006-08) Ultimate	LIC(1996-98) Ultimate	LIC(1996-98) Ultimate
Attrition Rate	5.00% p.a.	5.00% p.a.	N.A.	N.A.
Imputed Rate of Interest (IC)	7.65% p.a.	7.35% p.a.	7.50% p.a.	7.30% p.a.
Imputed Rate of Interest (D)	7.65% p.a.	7.65% p.a.	7.60% p.a.	7.50% p.a.
Salary Rise	8.00% p.a.	7.50% p.a.	N.A.	N.A.
Expected Return on Plan Assets	7.65% p.a.	7.35% p.a.	N.A.	N.A.
Remaining Working Life (Years)	21.43 years	14.55 years	N.A.	N.A.

The estimates of future salary increases, considered in actuarial valuation, take into account the effect of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. The overall expected rate of return on plan assets is determined based on the market prices prevailing as on Balance Sheet date, applicable to the period over which the obligation is to be settled.

- (viii) Quantitative Sensitivity Analysis for Significant Assumptions:

Reasonably possible changes at the year end, to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation as the amounts shown below: -

(₹ in lakhs)

Description	Delta Effect of	31st March, 2019		31st March, 2018	
		Decrease	Increase	Decrease	Increase

The fair value of financial assets and liabilities is included at the amount at which instruments could be exchanged in a current transaction between the willing parties. The following methods and assumptions were used to estimate the fair value:

- The Group has opted to fair value its investments in Mutual Funds at its NAV.
- The Group has opted to fair value its quoted equity instruments at its market quoted price through Other Comprehensive Income(OCI).
- The Group has opted to fair value its unquoted equity instruments at its Net Asset Value/Adjusted Net Asset Value or Discounted Cash Flow value through OCI
- The Group has valued Tax free Bonds at Amortised Cost. The fair value approximate carrying value.
- The fair values of cash and cash equivalents, other bank balances, trade receivables, other current financial assets, short term borrowings, trade payables and other current financial liabilities approximates their carrying amounts largely due to the short-term maturities of these instruments. The Group has adopted Effective Interest Rate Method (EIR) for fair valuation of long term borrowings, non current financials assets and non-current financial liabilities.
- The Fair Value of forward exchange and swap contracts is based on valuation certificate given by respective banks.

Fair Value Hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

48. Financial Risk Management Objectives and Policies:

The Group activities are exposed to a variety of Financial Risks from its Operations. The key financial risks include Market Risk, Credit Risk and Liquidity Risk.

(a) **Marketing Risk:** Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market Risk comprises mainly four types of Risk: Foreign Currency Risk, Interest Rate Risk, Rights of the Way and other Contractual Obligation Risk, Other Price Risk such as Commodity Price Risk and Equity Price Risk.

(i) Foreign Currency Risk:

Foreign Currency Risk has underlying risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Parent Company is exposed to foreign exchange risk arising from foreign currency transactions of imports, exports and borrowing primarily with respect to USD and Euro. The Parent Company's exports are denominated generally in USD, providing a natural hedge to some extent against foreign currency payments on account of imports of raw materials and/or the payment of borrowings. The foreign currency transaction risk are managed through selective hedging programmes by way of forward contracts, currency swaps and interest rate swaps including for underlying transactions having firm commitments or highly probable forecast of crystallisation.

The Parent Company uses forward exchange contracts to hedge its exposure in foreign currency. The details of foreign currency exposures hedged by derivative instruments and those that have not been hedged are as follows:

Foreign Currency Sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in USD/EURO with all other variables held constant. The impact on Company's profit before tax is due to changes in the fair value of monetary assets and liabilities consequent to changes in the foreign exchange rate as under:

(₹ in lakhs)

Particulars	2018-19	2017-18
Change in USD	(+)5%	(+)5%
Effect on Profit before Tax	(25.35)	(42.23)
Change in USD	(-)5%	(-)5%

(₹ in lakhs)

Particulars	2018-19	2017-18
Change in EURO	(+)5%	(+)5%
Effect on Profit before Tax	(98.93)	(45.48)
Change in EURO	(-)5%	(-)5%
Effect on Profit before Tax	98.93	45.48

(ii) **Interest Rate Risk:**

Interest rate risk has underlying risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates could have unforeseen impact on Parent Company's cost of borrowings, thus impacting the profit and loss. The Parent Company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments like Interest Rate Swap, interest rate negotiations and low cost instruments like Commercial Papers and fixed interest bearing Redeemable Non-Convertible Debentures.

(₹ in lakhs)

Type of Exposure	As at 31st March, 2019	As at 31st March, 2018
A. Fixed Rate Borrowings	25203.89	25657.55
B. Variable Rate Borrowings (Including Short Term Borrowings)	57947.24	21405.37
Less: Borrowings Hedged by Swap Contracts	(772.51)	(1451.98)
	57174.73	19953.39

Interest Rate Sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on affected financial assets.

(₹ in lakhs)

Particulars	2018-19	2017-18
Interest Rate Increase by 0.25%	(142.94)	(49.88)
Interest Rate Decrease by 0.25%	142.94	49.88

(iii) **Rights of the Way and other Contractual Obligation Risk:**

The Rights of the Way and other permission are subject to governing terms and conditions and varying interpretations each of which may result in modifications, expiry of terms, additional payments and/or restoration liability which could adversely affect the passive optical fibre cable networks under IP-1/ Turnkey Projects. Further, the contracts/ IRU agreements with customers have certain underlying obligations relating to rectification, replacement and major maintenance of the network during the validity period of such agreements. The Parent Company makes provision for warranty for the same as per management's best estimates of expected cost to meet such obligations.

(iv) **Commodity Price Risk:**

The Parent Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw materials and bought out components for manufacturing of Cables and Turnkey Contract & Services respectively. It requires a continuous supply of certain raw materials & brought out components such as optical fibre, copper, aluminum, plastic and polymers, telecom ducts, power cables, conductors, transformers, fabricated steel, poles etc. To mitigate the commodity price risk the Parent Company has an approved supplier base to get the best competitive prices for the commodities and also to manage the cost without any compromise on quality.

(v) **Equity/ Mutual Fund Price Risk:**

The Group has exposure to price risk arises from equity instruments and mutual funds held by the Group. Equity instruments other than investment in Associates & Joint Ventures are classified in the balance sheet at fair value through OCI. Having regard to the nature of such securities, intrinsic worth, intent and long term nature of securities, fluctuation in their prices are considered acceptable and do not warrant any management estimation. Investments in Mutual Funds are held for trading and are fair valued through profit or loss.

(b) Credit Risk:

Credit risk is the risk that counterparty might not honour its obligations under a financial instrument or customer contract leading to a financial loss. The Parent Company is exposed to credit risk from its operating activities (primarily Trade Receivables) and Corporate guarantee given to banks as collateral against term loan(s) and working capital credit facilities to a body Corporate, Birla Cable Limited.

Customer credit risk is managed by each business segment and is subject to the Parent Company's established policy, procedures and control relating to customer credit risk management. Parent Company assesses the credit quality of the counterparties taking into account their financial position, past experience and other factors. Parent Company's EPC business segment customers profile include Government owned utilities/entities/and both public and private telecom sector operators and service providers, and accordingly its credit risk is low. Credit risk is reduced to a significant extent if the projects(s) are funded by the Central and State Government and also by receiving pre-payments (including mobilization advances) and achieving project completion milestone within the contracted delivery schedule. Outstanding customer receivables are regularly monitored and assessed. The Parent Company follows the simplified approach for recognition of impairment loss. Impairment allowance for trade receivables if any, is provided on the basis of respective credit risk of individual customer as on the reporting date.

The lenders assesses the credit quality of Birla Cable Limited on a regular basis. Further, considering its financial position, intrinsic value, business profile and future growth prospects, the credit risk is low. The Parent Company has also accepted Corporate guarantee from Birla Cable Limited (cross corporate guarantee) against its total credit facilities and term loan(s) availed from its consortium of banks.

The fixed deposits with banks predominantly comprises of margin money against bank guarantees, letter(s) of credit, etc. as per the terms of sanction of non fund based credit facilities and in the opinion of the Company are not exposed to credit risk based on historical records of no or stray cases of invocation of bank guarantees or developments of LC's.

(c) Liquidity Risk:

Liquidity risk is the risk where the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when due.

The table below summarises the maturity profile of Group's financial liabilities based on contractual undiscounted payments:

49. Capital Management:

The Group policy is to maintain an adequate capital base so as to maintain credit worthiness and to sustain future growth. Capital includes issued capital, securities premium and all other equity reserves attributable to equity holders.

The Group monitors capital using a gearing ratio which is net debt divided by total capital plus net debt. Net Debt is calculated as borrowings less cash and cash equivalents.
