The Directors have pleasure in recommending payment of a dividend of 20% i.e. ₹ 0.20/- per Equity Share of face value of ₹ 1 /-each for the year ended 31st March, 2019.

THE MANAGEMENT DISCUSSION AND ANALYSIS

Your Company continues to derive its major income from leased properties, income from strategic investments and operations of a Mini Hydro Power Unit in District Darjeeling, West Bengal.

REAL ESTATE

Conversion for Delhi Birla Mills Land

The formal notification for the Industrial to Residential land conversion has been formally issued by the Ministry of Housing and Urban Affairs (MOUD) on 3rd July 2018. Formalities for Birla Mills land conversion will be carried out at a later time after receipt of demand note from DDA.

Development at Birla Mills

The Company in the meantime has submitted site layout plans with North Delhi Municipal Corporation for preliminary layout approval to facilitate the development of design by the architect/ consultant. The approval process is currently under evaluation. Simultaneously, the company is moving forward with the detailed design development with appointment of critical design consultants.

The Company has also appointed a Consultant for conducting preliminary environmental studies at site.

MINI HYDRO POWER PROJECT

Your Company's 3 MW Mini Hydel Power Project located on the river Neora, District- Darjeeling, West Bengal could evacuate 8.09 MU (net) against 3.29 MU of the previous year.

Generation has been stopped since 14th October 2018 due to failure of a portion of Flume & Overflow Channel. Repair work of the Flume, Overflow Channel & Forebay is underway and is expected to be completed by the end of May, 2019.

OTHERS

The Company's property at Gurgaon has yielded satisfactory returns, though for a part of the year, it was not fully leased out. The Company's dividend income was slightly lower during the year due to non-receipt of dividend against some of the long-term investments.

HUMAN RELATIONS

The Company continues to maintain its excellent record of human relations over the decades creating remarkable benchmarks. Your Directors appreciate the commitment and dedication of the staffs and officers.

RISK AND CONCERNS

Your Company operates in an era of stringent regulatory and financial compliances.

This exposes us to several risks on account of adverse changes to the economy. Your Company is well equipped to address the external and internal risk through a robust risk management framework integrated to our long-term strategic plans.

SIGNIFICANT FINANCIAL RATIOS

As per the regulations of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the significant financial ratios are given below:

Particulars		2018-19	2017-18
Net Profit Margin*	%	27.44	39.97

Independent Auditor's report

To,
The Members of
Texmaco Infrastructure & Holdings Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Texmaco Infrastructure & Holdings Limited** ('the Company'), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (herein after referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards Specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) rules, 2015, as amended, ("the Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2019,

and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
<p>Investments (Note No. 4 & 10)</p> <p>Investments include investments made by the Company in various quoted and unquoted equity shares, mutual funds and preference share of subsidiaries, associates and others.</p> <p>These investments constitute 41% of the Company's total assets.</p> <p>The valuation of each category of the aforesaid securities is to be done as per the provisions of Ind AS which involves collection of data/information from various sources such as rates quoted on BSE / NSE, Demat statement, financial statements of unlisted companies etc. Considering the complexities and extent of judgement involved in the valuation, this has been determined as Key Audit Matter.</p>	<p>Our Procedure:</p> <p>We have verified these investments with reference to the provisions of Ind AS and also internal policies and procedure of the Company as follows:</p> <ol style="list-style-type: none"> carried out evaluation of the design and operating effectiveness of the internal controls and performed substantive audit procedures. assessed and evaluated the process adopted for collection of information from various sources for determining fair value of these investments. verified compliance with the presentation and disclosure requirements as per Ind AS and the Companies Act, 2013. This test was conducted for the entire population. <p>Based on the above procedures performed, we observed the management's valuation assessment to be reasonable.</p>

Information Other than the Standalone financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

That Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act. We are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulations precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

"Annexure B" to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Texmaco Infrastructure & Holdings Limited** ("the Company") as of 31st March, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over

financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over

financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential

components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes to Financial Statement

1. General Corporate Information

Texmaco Infrastructure & Holdings Limited, founded in 1939, has demerged its Heavy Engineering and Steel Foundry businesses, constituting the major part of its operations, into a separate company called Texmaco Rail & Engineering Limited.

Texmaco Infrastructure & Holdings Limited is presently concentrated in the businesses of Real Estate, Mini Hydel Power and Investments. The demerger of the Company was with the prime objective of each constituent company being able to focus in the core areas of its respective business segments.

The Company is a public limited company incorporated and domiciled in India. The address of its corporate office is Belgharia, Kolkata-700 056.

The financial statements for the year ended 31st March, 2019 were approved by the Board of Directors and authorized for issue on 13th May, 2019.

2. Significant Accounting Policies

(i) Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

Accounting policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

(ii) Basis of Accounting

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All the assets and liabilities have been classified as current and non-current as per the company's normal

operating cycle and criteria set out in schedule III (Division II) of the Companies Act 2013.

The Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

(iii) Use of Estimates

The preparation of the Financial Statements in conformity with Ind AS requires the Management to make estimates, judgments and assumptions. These estimates, judgment and assumptions affect the application of accounting policies and the reported amount of Assets and Liabilities and disclosure of contingent Liabilities on the date of the Financial Statements and reported amounts of revenues and expenses for the year.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of investments, useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities and fair value measurement of financial instruments have been discussed below. Key source of estimation of uncertainty in respect of revenue recognition and employee benefits have been discussed in their respective policies.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Valuation of deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy has been explained under note 2 (xvii) (b).

(iv) Property, plant and equipment

Property, plant and equipment are carried at the cost of acquisition or construction less accumulated depreciation. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management.

Notes to Financial Statement

Depreciation has been provided on straight line method in accordance with the life of the respective assets as prescribed in Schedule II of the Companies Act, 2013 except certain assets for which useful life of assets has been ascertained based on report of technical experts. All assets costing ₹ 5,000 or below are fully depreciated in the year of addition.

The Company, based on technical assessment made by technical expert and management estimate, depreciates Electricals over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The estimated useful lives and residual value are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis. The estimated useful lives are as mentioned below:

- Buildings & Roads: 30 to 60 years
- Plant & Equipment 15 years
- Electricals 20 years (As per technical assessment)
- Furniture 10 years
- Office Equipment 5 years
- Computers 3 years
- Motor Vehicles 8 years

Capital work-in-progress is stated at the amount expended upto the date of Balance Sheet for the cost of fixed assets that are not yet ready for their intended use.

The Company assesses at each balance sheet date whether there is any indication that a Property, plant and equipment may have been impaired. If any such indication exists, the Company estimates the recoverable amount of the Property, plant and equipment. If such recoverable amount of the Property, plant and equipment or the recoverable amount of the cash generating unit to which the Property, plant and equipment belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the Asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(v) Derivative Financial Instruments

The Company enters into derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts. The Company holds derivative financial instruments such as foreign exchange forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these contracts is generally a bank.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognized to statement of profit or loss immediately.

(vi) Financial Instrument

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not measured at fair value through profit or loss, are added/ deducted to the fair value on initial recognition.

All recognized financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

a. Financial assets carried at amortised cost

A Financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Investment in Equity Instruments at fair value through other comprehensive income

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if

Notes to Financial Statement

the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'.

c. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

d. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

e. Investment in Subsidiaries and Associates

Investment in Subsidiaries and Associates are carried at cost in the Financial Statements.

f. Impairment

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

g. Equity Instruments

Equity instruments are recognised at the value of the proceeds, net of direct costs of the capital issue.

h. Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(vii) Measurement of Fair Values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

Fair Values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

(viii) Revenue Recognition

With effect from 1st April, 2018, the Company has adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method. Accordingly, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

Refer Note No. 2 "Significant Accounting Policies," in the Company's Annual Report relating to the year ended 31st March 2018 for the policies in effect for revenue prior to 1st April, 2018.

The following is a summary of new and/or revised significant accounting policies related to revenue recognition.

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control over a product or service to customers.

Notes to Financial Statement

The Company recognizes revenue to depict the transfer of promised goods or services to customers in amounts that reflect the payment to which the Company expects to be entitled in exchange for those goods or services by applying the principles under Ind AS 115.

If the transaction price includes variable consideration, the estimated amount of variable consideration is included in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The Company presents revenues net of indirect taxes in its statement of Profit and loss

(a) Revenue from operations:

Sale of goods

The Company principally generates revenue from sale of power to distribution company. Power is sold under Power Purchase Agreements ("PPA") to distribution company from the Company's facility in accordance with the terms and conditions of the PPA. The sale price is determined as per the tariff agreement for supply of power executed between the Company and the distribution company. The payments terms are fixed as per the terms of PPA.

Revenue from sale of power is recognised if the performance obligation of the same is satisfied. Performance obligation is satisfied over the period of time. The company measures its performance obligation by using output method as specified in the standard on the basis of units billed.

Sale of services

Rent income / lease rentals are recognized on accrual basis in accordance with the terms of the respective agreement.

Revenue from renting a property is recognised if the performance obligation of the same is satisfied. Performance obligation is satisfied over the period of time. The Company measures its performance obligation by using output methods as specified in the standard on the basis of number of days the property was rented.

(b) Other Income:

Other income comprises of primarily of Interest, Dividend, Gain/ (Loss) on sale of investments, and Claims, if any.

Interest Income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset's net carrying amount on initial recognition.

Dividend Income is recognized as and when right to receive payment is established provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Gain/ (Loss) on Current/ Non Current Investments are recognized at the time of redemption / sale and at fair value at each reporting period.

(ix) Employee Benefits

The Company's contribution to provident fund, pension fund, employees' state insurance scheme and super-annuation fund are charged on accrual basis to Statement of Profit and Loss.

a. Short term benefits:

Short term employee benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.

b. Defined contribution retirement benefits :

Payments to defined contribution retirement benefits are recognised as an expense when employees have rendered services entitling them to the contributions. Defined contribution plans are those plans where the Company pays fixed contributions to funds/schemes managed by independent trusts or authority. Contributions are paid in return for services rendered by the employees during the year. The Company has no legal or constructive obligation to pay further contributions if the fund/scheme does not hold sufficient assets to pay/extend employee benefits. The Company provides Provident Fund facility to all employees. The contributions are expensed as they are incurred in line with the treatment of wages and salaries. The Company's Provident Fund is exempted under section 17 of Employees'

Notes to Financial Statement

Provident Fund and Miscellaneous Provision Act, 1952. Conditions for exemption stipulate that the Company shall make good deficiency, if any, in the interest rate declared by the trust vis-à-vis interest rate declared by the Employees' Provident Fund Organisation.

c. Defined benefit retirement benefits:

The cost of providing defined benefit retirement benefits are determined using the projected unit credit method, with independent actuarial valuations being carried out at the end of each reporting period. The Company provides gratuity to its employees.

Remeasurement, comprising actuarial gains and losses, return on plan assets excluding amounts included in net interest on the net benefit liability (asset) and any change in the effect of the asset ceiling (if applicable) are recognised in the balance sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in the comprehensive income are not reclassified to the Statement of Profit and Loss but recognised directly in the retained earnings. Past service costs are recognized in the Statement of Profit and Loss in the period in which the amendment to plan occurs. Net interest is calculated by applying the discount rate to the net defined liability or asset at the beginning of the period, taking into account of any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments.

Defined benefit costs which are recognized in the Statement of Profit and Loss are categorized as follows

- Service cost (including current service cost, past service cost as well as gains and losses on curtailments and settlements); and
- Net interest expense or income

The retirement benefit obligation recognized in the standalone Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reduction in future contributions to the plans.

The liability for termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs

d. Voluntary Retirement Scheme Benefits

Voluntary retirement scheme benefits are recognized as an expense in the year they are incurred.

e. Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

(x) Leases

a. Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Assets acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalised at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

b. Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of Profit & Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of Profit & Loss.

Notes to Financial Statement

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease. Initial direct costs relating to assets given on finance leases are charged to Statement of Profit and Loss.

(xi) Foreign currency transactions and Exchange Differences

The Company's functional currency is Indian Rupees. Transactions in currencies other than entity's functional currency (spot rates) are recorded at the rates of exchange prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies (other than derivative contracts) remaining unsettled at the end of the each reporting period are premeasured at the rates of exchange prevailing at that date. Exchange difference on monetary items are recognized in the statement of Profit & Loss in the period in which they arise. Non-monetary items carried at historical cost are translated using exchange rates at the dates of the initial transaction.

(xii) Provisions, Contingent Liabilities and Contingent Assets

a. Provisions & Warranties

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions for the expected cost of warranty obligations under local sale of goods legislation are recognise at the date of sale of the relevant products, at the management's best estimate of the expenditure -required to settle the Company's warranty obligation.

b. Onerous contracts

An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract. Present obligation arising under onerous contracts are recognised and measured as provisions.

c. Contingent liabilities

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or is a present obligation that arises from past events but is not recognized because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognized. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the standalone financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company is involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

d. Contingent Assets are neither recognized nor disclosed except when realization of income is virtually certain.

e. Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date.

Notes to Financial Statement

(xiii) Valuation of Inventories

Raw materials, work-in-progress and finished products are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes purchase price non refundable taxes and duties and other directly attributable costs incurred in bringing the goods to the point of sale. Work-in-progress and finished goods include appropriate proportion of overheads and where applicable, excise duty.

Stores and Spares are valued on the "weighted average" basis.

(xiv) Cash & Cash Equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of less than three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balance with banks which are unrestricted for withdrawal and usage.

(xv) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use.

(xvi) Segment Reporting

- a. Based on the organizational structures and its Financial Reporting System, the Company has classified its operation into three business segments namely Real Estate, Hydro Power and Others.
- b. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses which are related to the enterprise as a whole and are not allocable to segments on a reasonable basis have been included under un-allocable expenses.
- c. Segment assets and liabilities for each segment is classified on the basis of allocable assets and allocable liabilities identifiable to each segment on reasonable basis.

(xvii) Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

a. Current income taxes

The current income tax expense includes income taxes payable by the Company and its branches in India and overseas. The current tax payable by the Company in India is Indian income tax payable on worldwide income after taking credit for tax relief available for export operations in Special Economic Zones (SEZs). Current income tax payable by overseas branches of the Company is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The taxes paid are generally available for set off against the Indian income tax liability of the Company's worldwide income. Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

b. Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Notes to Financial Statement

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

(xviii) Government Grant

The Company may receive government grants that require compliance with certain conditions related to the Company's operating activities or are provided to the Company by way of financial assistance on the basis of certain qualifying criteria. Government grants are recognised when there is reasonable assurance that the grant will be received, and the Company will comply with the conditions attached to the grant. Accordingly, government grants:

- (a) related to or used for assets are included in the Balance Sheet as deferred income and recognised as income over the useful life of the assets.

- (b) related to incurring specific expenditures are taken to the Statement of Profit and Loss on the same basis and in the same periods as the expenditures incurred.
- (c) by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable. In the unlikely event that a grant previously recognized is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

(xix) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(xx) Cash Flow Statement

Cash Flow is reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from regular revenue generating, financing and investing activities of the Company is segregated.

Nature and purpose of each Reserves

- Capital Redemption Reserve is created pursuant to redemption of preference shares issued in earlier years. This reserve shall be utilised in accordance with the provisions of the Act.
- Securities Premium is used to record the premium on issue of shares. This reserve shall be utilised in accordance with the provisions of the Act.
- General Reserve represents the reserve created through annual transfer of net profit at a specified percentage in accordance with the provisions of the erstwhile Companies Act, 1956. Consequent to the introduction of the Companies Act, 2013, the requirement to mandatory transfer a specified percentage of its profit to general reserve has been withdrawn, though the Company may voluntarily transfer such percentage of its profits for the financial year, as it may consider appropriate. This reserve can be utilised in accordance with the provisions of the Act.
- Retained Earnings represents the undistributed profit / amount of accumulated earnings of the Company.
- Equity Instruments through other comprehensive income represents the cumulative gains and losses arising on fair valuation of equity instruments measured at fair value through other comprehensive income net of tax.
- Debt instruments through other comprehensive income represents the cumulative gains and losses arising on fair valuation of debt instruments measured at fair value through other comprehensive income net of tax.
- Remeasurement of defined benefit plans comprises actuarial gains and losses which are recognised in other comprehensive income and then immediately transferred to retained earnings.

Notes to Financial Statement

Note 47 Financial Risk Management Objectives and policies-

The Company's activities expose it to Credit Risk, Liquidity Risk, Market Risk and Equity Price Risk.

This note explains the source of risk which the Company is exposed to and how the Company manages the risk and the impact. The management of the company ensures that risks are identified, measured and mitigated in accordance with the Risk Management Policy of the company. The Board provides guiding principles on risk management and also review these risks and related risk management policies which are given as under.

The Company's financial liabilities comprise borrowings, capital creditors and trade and other payables. The company's financial assets include trade and other receivables, cash and cash equivalents, investments including investments in subsidiaries, loans & advances and deposits

A. Credit Risk- A risk that counterparty may not meet its obligations under a financial instrument or customer contract, leading to a financial loss is defined as Credit Risk. The Company is exposed to credit risk from its operating and financial activities.

Customer credit risk is managed by the respective marketing department subject to the Company's established policy, procedures and control relating to customer credit risk management. The Company reviews the creditworthiness of these customers on an on-going basis. The Company estimates the expected credit loss on the basis of past data, experience and policy laid down in this respect. The maximum exposure to the credit risk at the reporting date is the carrying value of the trade receivables disclosed in Note 11 as the Company does not hold any collateral as security. The Company has a practice to provide for doubtful debts as per its approved policy.

Ageing analysis of trade receivable as at 31.03.2019

C. Market Risk- A risk that the fair value of future cash flows of a financial instrument may fluctuate because of changes in market prices is defined as Marketing Risk. Such changes in the value of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

Notes to Financial Statement

Note 47 Financial Risk Management Objectives and policies- (Contd.)

D. Foreign Currency Risk- A risk that the fair value or future value of the cash flows of forex exposure will fluctuate because of changes in foreign exchange rates is defined as Foreign Currency Risk. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's export, import and foreign currency loan/ derivatives operating activities. The Company, as per its risk management policy, uses foreign exchange and other derivative instruments primarily to hedge foreign exchange exposure. The management monitors the foreign exchange fluctuations on a continuous basis.

E. Equity Price Risk- A risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in equity prices (other than those arising from interest rate or foreign exchange rate risk), whether those changes are caused by factors specific to the individual financial instruments or its issuer, or by factors affecting all similar financial instruments traded in the market is defined as Equity Price Risk.

The Company generally invests in the equity shares of the Subsidiaries, Associates, Joint Ventures and some of the group companies as part of the Company's overall business strategy and policy. The Company manages the equity price risk through placing limits on individual and total equity investment in each of the subsidiaries and group companies based on the respective business plan of each of the companies. The Company's investment in quoted equity instruments (other than above) is not material. For sensitivity analysis of Company's investments in equity instruments, refer Note No. 49 (Fair Value).

Note 48 Capital Management

The Company's objective when managing capital (defined as net debt and equity) is to safeguard the Company's ability to continue as a going concern in order to provide returns to shareholders and benefits for other stakeholders, while protecting and strengthening the Balance Sheet through the appropriate balance of debt and equity funding. The Company manages its capital structure and makes adjustments to it, in taking into consideration the economic conditions and strategic objectives of the Company.

Note 49 Fair Value

* The carrying value and the fair value approximates.

B. Measurement of fair values

The above table analyses financial instruments carried at fair value, by valuation method. The different levels have been defined below:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

C. Valuation techniques

The following methods and assumptions were used to estimate the fair values

- 1) Fair value of the cash and short term deposits, current loans and advances and other current financial liabilities, short term borrowing from banks and other financial institutions and other similar items approximate their carrying value largely due to short term maturities of these instruments.
- 2) Long-term receivables/borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, individual credit worthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.
- 3) The fair value of unquoted instruments, loans from banks/financial institution and other financial liabilities is estimated by discounting future cash flows using rates currently available for debt of similar terms, credit risk and remaining maturities.

Note 51 The Company has applied the following standards and amendments for the first time for the year ended 31st March, 2019:

- Ind AS 115 – Revenue from Contracts with Customers.
- Appendix B, foreign currency transactions and advance consideration to Ind AS 21 – The Effects of Changes in Foreign Exchange Rates.
- Amendment to Ind AS 12 – Income Taxes.

The application of Ind AS 115 and other amendments listed above did not have any impact on the amounts recognized in prior periods and are not expected to significantly affect the current or future periods.

Standards Issued but not yet Effective

Ind AS 116:

Ind AS 116 is effective for period beginning on or after 1st April, 2019. It will replace previous lease standard Ind AS 17.

Ind AS 116 sets out the principles for recognition, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to accounting for finance leases under Ind AS 17.

Ind AS 116 requires lessees to recognize a 'right-of-use asset' and a 'lease liability' for almost all leasing arrangements. Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. The lessor still has to classify leases as either finance or operating.

Notes to Financial Statement

Note 51 The Company has applied the following standards and amendments for the first time for the year ended 31st March, 2019: (Contd..)

The Company is evaluating the impact of the standard and amendment on the financial position and results of operation.

Appendix C, Uncertainty over Income Tax Treatments to Ind AS 12

Appendix C has been added to Ind AS 12 which seeks to bring clarity to the accounting for uncertainties on income tax treatment that are yet to be accepted by tax authorities and to reflect in the measurement of current and deferred taxes.

The Company is evaluating the impact of the standard and amendment on the financial position and results of operation.

Prepayment Features with Negative Compensation, Amendments to Ind AS 109

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments. The Company does not expect this amendment to have any impact on its financial statements.

Plan Amendment, Curtailment or Settlement- Amendments to Ind AS 19

On 30th March, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

Note 52

Previous year figure have been regrouped/ rearranged/ restated/ recast wherever necessary to confirm this year classification.

Note 53

Figures below ₹ 500/- have been omitted for rounding off, ₹ 500/- and above have been rounded off to the next ₹ 1,000/-.

Independent Auditor's report

To,
The Members of
Texmaco Infrastructure & Holdings Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Texmaco Infrastructure & Holdings Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associates, which comprise the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at March 31, 2019, the consolidated profit, consolidated total comprehensive losses, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associates in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter

Investments (Note No. 4 & 10)

Investments include investments made by the Company in various quoted and unquoted equity shares, mutual funds and preference share of associates and others.

These investments constitute 64% of the Company's total assets.

The valuation of each category of the aforesaid securities is to be done as per the provisions of Ind AS which involves collection of data/information from various sources such as rates quoted on BSE / NSE, Demat statement, financial statements of unlisted companies etc. Considering the complexities and extent of judgement involved in the valuation, this has been determined as Key Audit Matter.

How our audit addressed the key audit matter

Our Procedure:

We have verified these investments with reference to the provisions of Ind AS and also internal policies and procedure of the Company as follows:

- carried out evaluation of the design and operating effectiveness of the internal controls and performed substantive audit procedures.
- assessed and evaluated the process adopted for collection of information from various sources for determining fair value of these investments.
- verified compliance with the presentation and disclosure requirements as per Ind AS and the Companies Act, 2013. This test was conducted for the entire population.

Based on the above procedures performed, we observed the management's valuation assessment to be reasonable.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Report on corporate Governance but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed and the reports of other auditors as furnished to us as referred to in the Other Matter paragraph below, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group and its associates in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and its associates are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and its associates are responsible for assessing the

Group and its associates' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and its associates or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and its associates are also responsible for overseeing the financial reporting process of the Group and its associates.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports,

whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report and the audit evidence obtained by the other auditors in terms of their reports referred to in other matter paragraph below. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse

consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements/ financial information of three step-down subsidiaries included in the consolidated financial results, whose financial statements reflect total assets of Rs. 907.64 Lakh as at 31st March, 2019, total revenues of Rs. NIL and net cash outflow Rs. 10.55 Lakh for the year ended on that date as considered in the financial statements. The consolidated financial statements also include the Group's share of Net Profit of Rs. 1867.69 Lakh and total comprehensive income of Rs. 0.68 Lakh for the year ended 31st March, 2019 as considered in the consolidated financial statements in respect of one associate whose financial statements have not been audited by us. These financial statements/ financial information have been audited by other auditors whose reports have been furnished to us by the Management of the Holding Company and our opinion on the consolidated financial statements, in so far as it relates to the amount and disclosures included in respect of these subsidiaries and associate and our report in terms of Sub section (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associate, is based solely on the reports of other auditors.
- (b) The consolidated financial statements include the Group's share of Net Profit of Rs. 315.65 Lakh and total comprehensive income of Rs. NIL for the year ended 31st March, 2019 as considered in the consolidated financial statements in respect of three associates whose financial statements are unaudited. These financial statements have been certified by the management of the respective associates and furnished to us by the management of the Holding Company and our opinion on the consolidated financial statements, in so far as it relates to the amount and disclosures included in respect of these associates is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the management of the Holding Company, these unaudited financial statements are not material to the consolidated financial statements.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the unaudited financial statements/ financial information certified/ reported upon by the management of the respective entities.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2019 taken on record by the Board of Directors of the Holding Company and its subsidiaries incorporated in India and the reports of the statutory auditors of its subsidiary companies and associate companies incorporated in India, none of the directors of the Group and its associates incorporated in India is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the Auditor's reports of the Holding Company and its subsidiary

companies and associate companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose impact of pending litigations on the consolidated financial position of the Group and its associates.
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiary companies and associates companies incorporated in India.

"Annexure A" to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March, 2019, we have audited the internal financial controls over financial reporting of Texmaco Infrastructure & Holdings limited ("the Holding Company"), its subsidiary companies and associate companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies and associate companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiary companies and associate companies, which are incorporated in India, based on our audit and reports of other auditors. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing, prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain

reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in the other matter paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company, its subsidiary companies and associate companies which are companies incorporated in India.

"Annexure A" to the Independent Auditor's Report

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance

regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of other auditors referred to in other matters paragraph below, the Holding Company, its subsidiary companies and its associate companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting, in so far as it relates to one associate of the Company which is a company incorporated in India, is based solely on the corresponding reports furnished to us by the auditors of such companies incorporated in India.

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to 3 associate companies, which are companies incorporated in India, whose financial information is unaudited and whose efficacy of internal financial controls over financial reporting is based solely on the Management's certification provided to us and our opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Group is not affected as the financial information of such entities is not material to the Group.

Our opinion is not modified in respect of the above matters with respect to our reliance on the work done by and the reports of such other auditors and the financial information certified by the Management.

Notes on Consolidated Financial Statement

1. GENERAL CORPORATE INFORMATION

Texmaco Infrastructure & Holdings Limited, founded in 1939, has demerged its Heavy Engineering and Steel Foundry businesses, constituting the major part of its operations, into a separate company called Texmaco Rail & Engineering Limited.

Texmaco Infrastructure & Holdings Limited is presently concentrated in the businesses of Real Estate, Mini Hydel Power and Investments. The demerger of the Company was with the prime objective of each constituent company being able to focus in the core areas of its respective business segments.

The Company is a public limited company incorporated and domiciled in India. The address of its corporate office is Belgharia, Kolkata-700 056.

The consolidated financial statements for the year ended 31st March, 2019 were approved by the Board of Directors and authorized for issue on 13th May, 2019.

2. SIGNIFICANT ACCOUNTING POLICIES

(i) Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

Accounting policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

(ii) Basis of Accounting

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All the assets and liabilities have been classified as current and non-current as per the company's normal operating cycle and criteria set out in schedule III (Division II) of the Companies Act 2013.

The Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

(iii) Use of Estimates

The preparation of the Financial Statements in conformity with Ind AS requires the Management to make estimates, judgments and assumptions. These estimates, judgment and assumptions affect the application of accounting policies and the reported amount of Assets and Liabilities and disclosure of contingent Liabilities on the date of the Financial Statements and reported amounts of revenues and expenses for the year.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of investments, useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities and fair value measurement of financial instruments have been discussed below. Key source of estimation of uncertainty in respect of revenue recognition and employee benefits have been discussed in their respective policies.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Valuation of deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy has been explained under note 2 (xvii) (b).

(iv) Property, plant and equipment

Property, plant and equipment are carried at the cost of acquisition or construction less accumulated depreciation. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management.

Depreciation has been provided on straight line method in accordance with the life of the respective assets as prescribed in Schedule II of the Companies Act, 2013 except certain assets for which useful life of assets has been ascertained based on report of technical experts. All assets costing ₹ 5,000 or below are fully depreciated in the year of addition.

The Company, based on technical assessment made by technical expert and management estimate,

Notes on Consolidated Financial Statement

depreciates Electricals over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The estimated useful lives and residual value are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis. The estimated useful lives are as mentioned below:

- Buildings & Roads: 30 to 60 years
- Plant & Equipment 15 years
- Electricals 20 years (As per technical assessment)
- Furniture 10 years
- Office Equipment 5 years
- Computers 3 years
- Motor Vehicles 8 years

Capital work-in-progress is stated at the amount expended upto the date of Balance Sheet for the cost of fixed assets that are not yet ready for their intended use.

The Company assesses at each balance sheet date whether there is any indication that a Property, plant and equipment may have been impaired. If any such indication exists, the Company estimates the recoverable amount of the Property, plant and equipment. If such recoverable amount of the Property, plant and equipment or the recoverable amount of the cash generating unit to which the Property, plant and equipment belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the Asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(v) Derivative Financial Instruments

The Company enters into derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts. The Company holds derivative financial instruments such as foreign exchange forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these contracts is generally a bank.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end

of each reporting period. The resulting gain or loss is recognized to statement of profit or loss immediately.

(vi) Financial Instrument

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not measured at fair value through profit or loss, are added/ deducted to the fair value on initial recognition.

All recognized financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

a. Financial assets carried at amortised cost

A Financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Investment in Equity Instruments at fair value through other comprehensive income

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'.

c. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

d. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the

Notes on Consolidated Financial Statement

carrying amounts approximate fair value due to the short maturity of these instruments.

e. Investment in Subsidiaries and Associates

Investment in Subsidiaries and Associates are carried at cost in the Financial Statements.

f. Impairment

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

g. Equity Instruments

Equity instruments are recognised at the value of the proceeds, net of direct costs of the capital issue.

h. Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(vii) Measurement of Fair Values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

Fair Values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value

of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

(viii) Revenue Recognition

With effect from 1st April, 2018, the Company has adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method. Accordingly, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

Refer Note No. 2 "Significant Accounting Policies," in the Company's Annual Report relating to the year ended 31st March 2018 for the policies in effect for revenue prior to 1st April, 2018.

The following is a summary of new and/or revised significant accounting policies related to revenue recognition.

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control over a product or service to customers.

The Company recognizes revenue to depict the transfer of promised goods or services to customers in amounts that reflect the payment to which the Company expects to be entitled in exchange for those goods or services by applying the principles under Ind AS 115.

If the transaction price includes variable consideration, the estimated amount of variable consideration is included in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The Company presents revenues net of indirect taxes in its statement of Profit and loss

(a) Revenue from operations:

Sale of goods

The Company principally generates revenue from sale of power to distribution company. Power is sold under Power Purchase Agreements ("PPA") to distribution company from the Company's facility in accordance with the terms and conditions of the PPA. The sale price is determined as per the tariff agreement for supply of power executed between the Company and the distribution company. The payments terms are fixed as per the terms of PPA.

Notes on Consolidated Financial Statement

Revenue from sale of power is recognized if the performance obligation of the same is satisfied. Performance obligation is satisfied over the period of time. The Company measures its performance obligation by using output method as specified in the standard on the basis of units billed.

Sale of services

Rent income / lease rentals and manpower services are recognized on accrual basis in accordance with the terms of the respective agreement.

Revenue from renting of property is recognized if the performance obligation of the same is satisfied. Performance obligation is satisfied over the period of time. The Company measures its performance obligation by using output method as specified in the standard on the basis of number of days the property was rented.

Revenue from manpower services is recognized if the performance obligation of the same is satisfied. Performance obligation is satisfied over the period of time. The Company measures its performance obligation by using output method as specified in the standard on the basis of number of labours and manhours provided.

(b) Other Income:

Other income comprises of primarily of Interest, Dividend, Gain/ (Loss) on sale of investments, and Claims, if any.

Interest Income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset's net carrying amount on initial recognition.

Dividend Income is recognized as and when right to receive payment is established provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Gain/(Loss) on Current/Non Current Investments are recognized at the time of redemption / sale and at fair value at each reporting period.

(ix) Employee Benefits

The Company's contribution to provident fund, pension fund, employees' state insurance scheme and

super-annuation fund are charged on accrual basis to Statement of Profit and Loss.

a. Short term benefits:

Short term employee benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.

b. Defined contribution retirement benefits :

Payments to defined contribution retirement benefits are recognised as an expense when employees have rendered services entitling them to the contributions. Defined contribution plans are those plans where the Company pays fixed contributions to funds/schemes managed by independent trusts or authority. Contributions are paid in return for services rendered by the employees during the year. The Company has no legal or constructive obligation to pay further contributions if the fund/scheme does not hold sufficient assets to pay/extend employee benefits. The Company provides Provident Fund facility to all employees. The contributions are expensed as they are incurred in line with the treatment of wages and salaries. The Company's Provident Fund is exempted under section 17 of Employees' Provident Fund and Miscellaneous Provision Act, 1952. Conditions for exemption stipulate that the Company shall make good deficiency, if any, in the interest rate declared by the trust vis-à-vis interest rate declared by the Employees' Provident Fund Organisation.

c. Defined benefit retirement benefits:

The cost of providing defined benefit retirement benefits are determined using the projected unit credit method, with independent actuarial valuations being carried out at the end of each reporting period. The Company provides gratuity to its employees.

Remeasurement, comprising actuarial gains and losses, return on plan assets excluding amounts included in net interest on the net benefit liability (asset) and any change in the effect of the asset ceiling (if applicable) are recognised in the balance sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in the comprehensive income are not reclassified to the Statement of Profit and Loss but recognised directly in the retained earnings. Past service costs are recognized in the Statement of Profit and Loss in the period in which the amendment to plan occurs. Net interest is calculated by applying the discount rate to the net defined liability or asset at the beginning of

Notes on Consolidated Financial Statement

the period, taking into account of any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments.

Defined benefit costs which are recognized in the Statement of Profit and Loss are categorized as follows

- Service cost (including current service cost, past service cost as well as gains and losses on curtailments and settlements); and
- Net interest expense or income

The retirement benefit obligation recognized in the standalone Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reduction in future contributions to the plans.

The liability for termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs

d. Voluntary Retirement Scheme Benefits

Voluntary retirement scheme benefits are recognized as an expense in the year they are incurred.

e. Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

(x) Leases

a. Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Assets acquired under leases where the Company has substantially all the risks and rewards of

ownership are classified as finance leases. Such assets are capitalised at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

b. Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of Profit & Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of Profit & Loss.

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease. Initial direct costs relating to assets given on finance leases are charged to Statement of Profit and Loss.

(xi) Foreign currency transactions and Exchange Differences

The Company's functional currency is Indian Rupees. Transactions in currencies other than entity's functional currency (spot rates) are recorded at the rates of exchange prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies (other than derivative contracts) remaining unsettled at the end of the each reporting period are premeasured at the rates of exchange prevailing at that date. Exchange difference on monetary items are recognized in the statement of Profit & Loss in the period in which they arise. Non-monetary items carried at historical cost are translated using exchange rates at the dates of the initial transaction.

(xii) Provisions, Contingent Liabilities and Contingent Assets

a. Provisions & Warranties

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the

Notes on Consolidated Financial Statement

present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions for the expected cost of warranty obligations under local sale of goods legislation are recognised at the date of sale of the relevant products, at the management's best estimate of the expenditure required to settle the Company's warranty obligation.

b. Onerous contracts

An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract. Present obligation arising under onerous contracts are recognised and measured as provisions.

c. Contingent liabilities

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or is a present obligation that arises from past events but is not recognized because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognized. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the standalone financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company is

involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

- d. Contingent Assets are neither recognized nor disclosed except when realization of income is virtually certain.
- e. Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date.

(xiii) Valuation of Inventories

Raw materials, work-in-progress and finished products are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes purchase price non refundable taxes and duties and other directly attributable costs incurred in bringing the goods to the point of sale. Work-in-progress and finished goods include appropriate proportion of overheads and where applicable, excise duty.

Stores and Spares are valued on the "weighted average" basis.

(xiv) Cash & Cash Equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of less than three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balance with banks which are unrestricted for withdrawal and usage.

(xv) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use.

(xvi) Segment Reporting

- a. Based on the organizational structures and its Financial Reporting System, the Company has classified its operation into four business segments namely Real Estate, Hydro Power, Manpower Services and Others.
- b. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses which are related to the enterprise as a whole and are not allocable to segments on a reasonable basis have been included under un-allocable expenses.

Notes on Consolidated Financial Statement

- c. Segment assets and liabilities for each segment is classified on the basis of allocable assets and allocable liabilities identifiable to each segment on reasonable basis.

(xvii) Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

a. Current income taxes

The current income tax expense includes income taxes payable by the Company and its branches in India and overseas. The current tax payable by the Company in India is Indian income tax payable on worldwide income after taking credit for tax relief available for export operations in Special Economic Zones (SEZs). Current income tax payable by overseas branches of the Company is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The taxes paid are generally available for set off against the Indian income tax liability of the Company's worldwide income. Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

b. Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

(xviii) Government Grant

The Company may receive government grants that require compliance with certain conditions related to the Company's operating activities or are provided to the Company by way of financial assistance on the basis of certain qualifying criteria. Government grants are recognised when there is reasonable assurance that the grant will be received, and the Company will comply with the conditions attached to the grant. Accordingly, government grants:

- related to or used for assets are included in the Balance Sheet as deferred income and recognised as income over the useful life of the assets.
- related to incurring specific expenditures are taken to the Statement of Profit and Loss on the same basis and in the same periods as the expenditures incurred.
- by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable. In the unlikely event that a grant previously recognized is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

(xix) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(xx) Cash Flow Statement

Cash Flow is reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from regular revenue generating, financing and investing activities of the Company is segregated.

Nature and purpose of each Reserves

- Capital Redemption Reserve is created pursuant to redemption of preference shares issued in earlier years. This reserve shall be utilised in accordance with the provisions of the Act.
- Securities Premium is used to record the premium on issue of shares. This reserve shall be utilised in accordance with the provisions of the Act.

Notes on Consolidated Financial Statement

Note 19 Other Equity

- General Reserve represents the reserve created through annual transfer of net profit at a specified percentage in accordance with the provisions of the erstwhile Companies Act, 1956. Consequent to the introduction of the Companies Act, 2013, the requirement to mandatory transfer a specified percentage of its profit to general reserve has been withdrawn, though the Company may voluntarily transfer such percentage of its profits for the financial year, as it may consider appropriate. This reserve can be utilised in accordance with the provisions of the Act.
- Retained Earnings represents the undistributed profit / amount of accumulated earnings of the Company.
- Equity Instruments through other comprehensive income represents the cumulative gains and losses arising on fair valuation of equity instruments measured at fair value through other comprehensive income net of tax.
- Debt instruments through other comprehensive income represents the cumulative gains and losses arising on fair valuation of debt instruments measured at fair value through other comprehensive income net of tax.
- Remeasurement of defined benefit plans comprises actuarial gains and losses which are recognised in other comprehensive income and then immediately transferred to retained earnings.

- b) These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provision of the Act.

All assets and liabilities have been classified as current or non – current as per the Company's normal operating cycle and other criteria set out in the Schedule III (Division II) to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and realisation in cash and cash equivalents, the company has ascertained its operating cycle as 12 month for the purpose of current or non-current classification of assets and liabilities.

- c) Accounting policies applicable in consolidated financial statements
- The Company combines the financial statements of the parent and its subsidiaries by adding together line items of assets, liabilities, equity, income and expenses. Inter-company transaction, balances and unrealised gains on transactions between group companies are eliminated.
 - Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Balance Sheet, Consolidated Statement of Profit and Loss and Consolidated Statement of Changes in Equity respectively.
 - Investments in Associates are accounted for using the equity method of accounting, after initially being recognized at cost. Under the equity method of accounting, the investments are adjusted thereafter to recognize the Company's share of the post – acquisition profit or losses in the investees' statement of profit and loss, and the company's share of other comprehensive income in the investees' statement of Profit and Loss.
 - Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where the Company is able to control the timing of reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Note 46 Financial Risk Management Objectives and policies-

The Company's activities expose it to Credit Risk, Liquidity Risk, Market Risk and Equity Price Risk.

This note explains the source of risk which the Company is exposed to and how the Company manages the risk and the impact. The management of the company ensures that risks are identified, measured and mitigated in accordance with the Risk Management Policy of the company. The Board provides guiding principles on risk management and also review these risks and related risk management policies which are given as under.

The Company's financial liabilities comprise borrowings, capital creditors and trade and other payables. The company's financial assets include trade and other receivables, cash and cash equivalents, investments including investments in subsidiaries, loans & advances and deposits

A. Credit Risk- A risk that counterparty may not meet its obligations under a financial instrument or customer contract, leading to a financial loss is defined as Credit Risk. The Company is exposed to credit risk from its operating and financial activities.

Customer credit risk is managed by the respective marketing department subject to the Company's established policy, procedures and control relating to customer credit risk management. The Company reviews the creditworthiness of these customers on an on-going basis. The Company estimates the expected credit loss on the basis of past data, experience and policy laid down in this respect. The maximum exposure to the credit risk at the reporting date is the carrying value of the trade receivables disclosed in Note 11 as the Company does not hold any collateral as security. The Company has a practice to provide for doubtful debts as per its approved policy.

Note 46 Financial Risk Management Objectives and policies- (Contd..)

- B. Liquidity Risk-** A risk that the Company may not be able to settle or meet its obligations at a reasonable price is defined as liquidity risks. The Company's treasury department is responsible for managing liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credits, Term loans among others.

The table below summarises the Company's financial liabilities into relevant maturity groupings based on their contractual maturities:

(₹ in Lakhs)

Particulars	Less than 1 year	1-5 years	More than 5 years	Total

- C. Market Risk-** A risk that the fair value of future cash flows of a financial instrument may fluctuate because of changes in market prices is defined as Marketing Risk. Such changes in the value of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.
- D. Foreign Currency Risk-** A risk that the fair value or future value of the cash flows of forex exposure will fluctuate because of changes in foreign exchange rates is defined as Foreign Currency Risk. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's export, import and foreign currency loan/ derivatives operating activities. The Company, as per its risk management policy, uses foreign exchange and other derivative instruments primarily to hedge foreign exchange exposure. The management monitors the foreign exchange fluctuations on a continuous basis.
- E. Equity Price Risk-** A risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in equity prices (other than those arising from interest rate or foreign exchange rate risk), whether those changes are caused by factors specific to the individual financial instruments or its issuer, or by factors affecting all similar financial instruments traded in the market is defined as Equity Price Risk.

The Company generally invests in the equity shares of the Subsidiaries, Associates, Joint Ventures and some of the group companies as part of the Company's overall business strategy and policy. The Company manages the equity price risk through placing limits on individual and total equity investment in each of the subsidiaries and group companies based on the respective business plan of each of the companies. The Company's investment in quoted equity instruments (other than above) is not material. For sensitivity analysis of Company's investments in equity instruments, refer Note No. 48 (Fair Value).

Note 47 Capital Management

The Company's objective when managing capital (defined as net debt and equity) is to safeguard the Company's ability to continue as a going concern in order to provide returns to shareholders and benefits for other stakeholders, while protecting and strengthening the Balance Sheet through the appropriate balance of debt and equity funding. The Company manages its capital structure and makes adjustments to it, in taking into consideration the economic conditions and strategic objectives of the Company.

Notes on Consolidated Financial Statement

Note 48 Fair Value (Contd.)

B. Measurement of fair values

The above table analyses financial instruments carried at fair value, by valuation method. The different levels have been defined below:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

C. Valuation techniques

The following methods and assumptions were used to estimate the fair values

- 1) Fair value of the cash and short term deposits, current loans and advances and other current financial liabilities, short term borrowing from banks and other financial institutions and other similar items approximate their carrying value largely due to short term maturities of these instruments.
- 2) Long-term receivables/borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, individual credit worthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.
- 3) The fair value of unquoted instruments, loans from banks/financial institution and other financial liabilities is estimated by discounting future cash flows using rates currently available for debt of similar terms, credit risk and remaining maturities.

Ind AS 116 :

Ind AS 116 is effective for period beginning on or after 1st April, 2019. It will replace previous lease standard Ind AS 17.

Ind AS 116 sets out the principles for recognition, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to accounting for finance leases under Ind AS 17.

Ind AS 116 requires lessees to recognize a 'right-of-use asset' and a 'lease liability' for almost all leasing arrangements. Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. The lessor still has to classify leases as either finance or operating.

The Company is evaluating the impact of the standard and amendment on the financial position and results of operation.

Appendix C, Uncertainty over Income Tax Treatments to Ind AS 12

Appendix C has been added to Ind AS 12 which seeks to bring clarity to the accounting for uncertainties on income tax treatment that are yet to be accepted by tax authorities and to reflect in the measurement of current and deferred taxes.

The Company is evaluating the impact of the standard and amendment on the financial position and results of operation.

Prepayment Features with Negative Compensation, Amendments to Ind AS 109

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments. The Company does not expect this amendment to have any impact on its financial statements.

Plan Amendment, Curtailment or Settlement- Amendments to Ind AS 19

On 30th March, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

Note 53

Previous year figure have been regrouped/ rearranged/ restated/ recast wherever necessary to confirm this year classification.

Note 54

Figures below Rs. 500/- have been omitted for rounding off, Rs. 500/- and above have been rounded off to the next Rs. 1,000/-.

The accompanying notes 1 to 54 are an integral part of the Consolidated Financial Statements.

In terms of our Report of even date attached herewith.
