DRIVING KRAFT GROWTH AND CREATING CAPACITIES

WE GROW BETTER AND BETTER EVERY NEW DAY.

Incorporated in 1996, Genus Paper & Boards Limited is today one of India's leading manufacturers of industrial Kraft paper. An integral part of the Kailash Group, the Company has its business prominently into Kraft Paper. It has manufacturing facility based out of Moradabad. The Moradabad facility has two waste paper-based manufacturing plants of Kraft Paper within the factory premises.

The Company offers range of Kraft papers varying from 100 GSM to 400 GSM. This paper finds its application in the manufacturing of corrugated boxes, commonly known as carton boxes.

The Company meets the needs of various customer industries ranging from FMCG to pharmaceuticals and E-commerce. With a strong presence in North India, the Company is a preferred supplier for corrugated box manufacturers owing to its proximity to the end-user industries.

CHAIRMAN'S MESSAGE

*'Growth is never by mere chance;
it is the result of forces working together.'
-James Cash Penney'*

Dear Shareholders,

It gives me an immense pleasure to present before you the performance of your company for 2018-19. Having established Genus as a major player in paper industry known for superior quality in Kraft paper, we continue our journey on the path of growth and excellence.

Performance in FY19

Your company has achieved highest ever annual revenue of Rs. 431.44 Crores in FY19 against FY18 revenue of Rs. 345.52 Crores. The EBIDTA (Earnings before Interest, Tax, Depreciation and Amortization) stood at Rs. 33.83 Crores and PAT (Profit after Tax) stood at Rs. 7.83 Crores with EPS (Earning per Share) of Rs. 0.30 at the face value of Rs. 1.

Current Trend

The story of packaging and Kraft paper continues on its healthy growth path. The FMCG, white goods, consumer durables and e-commerce sectors are propelling engine of demand for Kraft paper at faster rate compared to overall paper industry. Here too the demand for higher quality and higher burst factor (BF) paper is growing faster which is an

area of strength for Genus. We believe that huge expansion of e-Commerce and entry of global players would further drive the growth for quality paper and packaging

“Everything has a cost. If the market is ready to pay for the quality, then we are ready to invest,”

Company's Future Outlook

Genus is a 100% recycling-based paper mill. Over the years, Genus has spent money and resources on technology to manufacture Kraft paper under the eco-friendly environment.

All the segments of paper are experiencing good growth both locally and internationally. Amidst this scenario, Genus Paper is well poised to leverage its growth story. We have never compromised on the product quality and made the required investments to achieve the same. Differentiation, innovation, and automation are our mantras for success.

Company would continue to focus on its key strengths to achieve healthy growth by further enhancement of quality. Though we enjoy premium

in pricing compared to other market players, we hope to improve the sales realization further due to our thrust on quality and brand positioning. We are constantly looking for growth opportunities in the manner most beneficial to all Stakeholders.

Acknowledgement

I am grateful to our shareholders, customers, bankers, our board of directors and our employees for their unstinted faith and support. All this gives us immense strength and confidence towards the journey of your company towards greater heights of growth and success in coming days.

Yours truly

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

As required by Section 102 of the Companies Act, 2013 ("Act"), the following explanatory statement sets out all material facts relating to the business mentioned under Item Nos. 4 to 8 of the accompanying Notice:

ITEM NO. 4

Mr. Rajendra Aggarwal was appointed as an Independent Non Executive Director of the Company by the members at the 04th Annual General Meeting of the Company held on 26th September, 2015 for a period of five consecutive years commencing from April 30th, 2015 up to April 29th, 2019.

As per Section 149(10) of the Act, an Independent Director shall hold office for a term of up to five consecutive years on the Board of a Company; but shall be eligible for re-appointment on passing a special resolution by the Company for another term of up to five consecutive years on the Board of a Company.

Based on recommendation of Nomination and Remuneration Committee and in terms of the provisions of Section 149, 152 read with Schedule IV and any other applicable provisions of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Mr. Aggarwal, being eligible for re-appointment as an Independent Director and offering himself for re-appointment, is proposed to be re-appointed as an Independent Director for second term of five consecutive years from April 30, 2019 up to April 29, 2024.

The Company has received declaration from him stating that he meets the criteria of Independence as prescribed under sub-section (6) of Section 149 of the Companies Act, 2013 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. He has also given the consent to continue to act as a Director of the Company, if so appointed by the members.

In the opinion of the Board, Mr. Aggarwal fulfils the conditions specified under Section 149(6) of the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1) (b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for his re-appointment as an Independent Non-Executive Director of the Company and is independent of the management. Copy of the draft letter for appointment of Mr. Aggarwal as an Independent Non-Executive Director setting out terms and conditions would be available for inspection without any fee by the members at the Registered Office of the Company during normal business hours (09:00 am to 06:00 pm) on any working day, except Saturday up to and including the date of AGM of the Company.

The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mr. Aggarwal as an Independent Director.

Accordingly, the Board recommends passing of the Special Resolution in relation to the re-appointment of Mr. Aggarwal as an Independent Director for another term of five consecutive years with effect from April 30, 2019 up to April 29, 2024, for the approval by the shareholders of the Company.

Except Mr. Rajendra Aggarwal being an appointee and his relatives none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No 4 of the accompanying Notice of the AGM. Mr. Aggarwal is not related to any Director of the Company.

ITEM NO. 5

Mr. Rameshwar Pareek was appointed as an Independent Non Executive Director of the Company by the members at the 03rd Annual General Meeting of the Company held on 30th September, 2014 for a period of five consecutive years commencing from August 01st, 2014 up to July 31st, 2019.

As per Section 149(10) of the Act, an Independent Director shall hold office for a term of up to five consecutive years on the Board of a Company; but shall be eligible for re-appointment on passing a special resolution by the Company for another term of up to five consecutive years on the Board of a Company.

Based on recommendation of Nomination and Remuneration Committee and in terms of the provisions of Section 149, 152 read with Schedule IV and any other applicable provisions of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Mr. Pareek, being eligible for re-appointment as an Independent Director and offering himself for re-appointment, is proposed to be re-appointed as an Independent Director for second term of five consecutive years from August 01, 2019 up to July 31, 2024.

The Company has received declaration from him stating that he meets the criteria of Independence as prescribed under sub-section (6) of

Annexure to the Notice (contd.)

Section 149 of the Companies Act, 2013 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. He has also given the consent to continue to act as a Director of the Company, if so appointed by the members.

In the opinion of the Board, Mr. Pareek fulfils the conditions specified under Section 149(6) of the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1) (b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for his re-appointment as an Independent Non-Executive Director of the Company and is independent of the management. Copy of the draft letter for appointment of Mr. Pareek as an Independent Non-Executive Director setting out terms and conditions would be available for inspection without any fee by the members at the Registered Office of the Company during normal business hours (09.00 am to 06.00 pm) on any working day, except Saturday up to and including the date of AGM of the Company.

The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mr. Pareek as an Independent Director.

Accordingly, the Board recommends passing of the Special Resolution in relation to the re-appointment of Mr. Pareek as an Independent Director for another term of five consecutive years with effect from August 01, 2019 up to July 31, 2024, for the approval by the shareholders of the Company.

Except Mr. Rameshwar Pareek being an appointee and his relatives none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No 5 of the accompanying Notice of the AGM. Mr. Pareek is not related to any Director of the Company.

ITEM NO. 6

Mr. Udit Agarwal was appointed as an Independent Non Executive Director of the Company by the members at the 03rd Annual General Meeting of the Company held on 30th September, 2014 for a period of five consecutive years commencing from August 01st, 2014 up to July 31st, 2019.

As per Section 149(10) of the Act, an Independent Director shall hold office for a term of up to five consecutive years on the Board of a Company; but shall be eligible for re-appointment on passing a special resolution by the Company for another term of up to five consecutive years on the Board of a Company.

Based on recommendation of Nomination and Remuneration Committee and in terms of the provisions of Section 149, 152 read with Schedule IV and any other applicable provisions of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Mr. Udit Agarwal, being eligible for re-appointment as an Independent Director and offering himself for re-appointment, is proposed to be re-appointed as an Independent Director for second term of five consecutive years from August 01, 2019 up to July 31, 2024.

The Company has received declaration from him stating that he meets the criteria of Independence as prescribed under sub-section (6) of Section 149 of the Companies Act, 2013 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. He has also given the consent to continue to act as a Director of the Company, if so appointed by the members.

In the opinion of the Board, Mr. Udit Agarwal fulfils the conditions specified under Section 149(6) of the Act, the Companies (Appointment and Qualification of Directors) Rules 2014 and Regulation 16(1) (b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for his re-appointment as an Independent Non-Executive Director of the Company and is independent of the management. Copy of the draft letter for appointment of Mr. Udit Agarwal as an Independent Non-Executive Director setting out terms and conditions would be available for inspection without any fee by the members at the Registered Office of the Company during normal business hours (09.00 am to 06.00 pm) on any working day, except Saturday up to and including the date of AGM of the Company.

The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mr. Udit Agarwal as an Independent Director.

Accordingly, the Board recommends passing of the Special Resolution in relation to the re-appointment of Mr. Udit Agarwal as an Independent Director for another term of five consecutive years with effect from August 01, 2019 up to July 31, 2024, for the approval by the shareholders of the Company.

Except Mr. Udit Agarwal being an appointee and his relatives none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of the accompanying Notice of the AGM.

Mr. Udit Agarwal is not related to any Director of the Company.

ITEM NO. 7

It is informed that Mr. Pradeep Narain Tandon (DIN-08490641) was appointed as an Additional Director of the Company with effect from 25th June, 2019 to comply with the provisions of Section 149 of Companies Act, 2013 ("the Act") and in terms of Section 161 of the Act, he will hold office up to the date of the ensuing Annual General Meeting.

It is further informed that the Board of Directors of the Company recommended his appointment as an Independent Non Executive Director for a consecutive term of 5 (five) years with effect from June 25th, 2019 to June 24th, 2024 not liable to retire by rotation, in its meeting held on July 31st, 2019.

It is further informed that Mr. Pradeep Narain Tandon (DIN-08490641), 62, is having a degree of Master of Arts (Economics) and has cleared examination of CAIIB (Certified Associate of Indian Institute of Bankers). Management Discussion and Analysis

I. INDIAN PAPER INDUSTRY

India's share in the demand for paper across the globe was analyzed is growing, as the domestic demand is increasing at a steady pace, while the demand in western nations is shrinking. Notably, the demand for domestic paper in India rose from 9.4 million tonnes in FY08 to 15.4 million tonnes in FY16. Despite the continuous growth in the industry, per capita paper consumption in the country stands at a little over 14 kg, which is still well below the global average of 57 kg and considerably below 200 kg in North America.

The Indian paper & paper products market is projected to grow from \$ 8.6 billion in 2018 to \$ 13.4 billion by 2024, exhibiting a CAGR of 7.8% during 2019-2024.

Growing manufacturing sector, requirement of better quality packaging of FMCG products marketed through organized retail and the demand for the upstream market of paper products, such as tissue paper, filter paper, tea bags, light weight online coated paper and medical grade coated paper are expected to drive the paper & paper products market in India in coming years.

Moreover, many of the existing players are increasing their capacity to meet the growing demand. However, high cost of production as a result of unavailability and high cost of raw materials, high cost of power, concentration of mills in specific areas only, technological obsolescence as well as environmental challenges are some of the factors hampering the market growth.

The Indian paper & paper products market has been segmented into raw material, application and region. Based on raw material, the market has been categorized into waste & recycled paper, wood and agro residue. The waste & recycled paper segment is expected to dominate the market during forecast period, owing to growing concerns about the cutting down of trees for producing pulp. Further, based on application, the market has been bifurcated into writing & printing paper, paperboard & packaging, newsprint and specialty paper.

Among the application segments, the demand for paperboard & packaging is growing at the fastest pace, as paperboard & packaging caters to industries including FMCG, food & beverages, textiles and pharmaceutical. The segment is also expected to dominate the market, owing to factors such as rising urbanization, increasing preference for ready-to-eat foods and requirement of better-quality packaging of FMCG products marketed through organized retail.

The paper mills use a variety of raw materials such as wood, bamboo, bagasse, recycled fiber, wheat straw, rice and husk. The geographical location of the mill often determines the type of raw material used. Most mills in the northern and western regions of India depend heavily on agricultural residues and wastepaper as their raw material. While pulp & paper production in southern and eastern regions use wood and bamboo as raw materials.

II. GROWTH AND OPPORTUNITIES

India paper market has grown at more than 10% CAGR starting from 2011-12 to 2016-17. Total paper market is combination of paperboard & industrial packaging paper, paper stationery, newspaper print and specialty paper. The paperboard & industrial packaging paper and newspaper print market altogether will be anticipated to acquire more than 60 % market share of overall paper market at the end of forecasted year. But it is to be forecasted that paper stationery market and specialty paper market will show the upward trend in annual growth of the market in volume term, where as in value term the growth of paper stationery shows the downward trend. Currently, increasing demand for eco-friendly drives the marketer to find the effective way to meet this emerging demand. With the help of technology advancement paper market touch the new heights as paper industry is benefited in co many ways likewise, production capacity increase, fuel cost decrease, etc.

The Indian paper industry faces challenges like low economies of scale, environmental concerns, increasing cost of inputs & utilities and so on, which need to be addressed by the industry. Many mills have upgraded the technology and are expanding capacities through brown field expansion/ new capacity additions and by focusing on cost control measures. The Company has improved significantly the operational efficiencies. Further, the Mill Expansion Programme envisaging setting up of co-generation power plant and installation of new capacity of finished paper and other capital expenditure projects will enable the Company to have an edge in quality and further improve the efficiencies.

III. OUTLOOK

Kraft paper is a paper or paperboard that has a more high strength and high tear resistance. It is largely used in the packaging industry and is made from wood pulp or recycling materials and adding chemicals to increase its fiber's strength, thickness, and durability while maintaining the light weighted property. The growing environmental concerns to use recyclable and degradable packages have led to a rise in the demand for Kraft papers. Kraft papers have a rising trend of manufacturing it through natural recycling which has though lesser strength than virgin natural craft paper, but it is more eco-friendly and still has enough strength to fill void applications. The growing packaging industry and paper industry is largely driving the growth of the global kraft paper market.

Management Discussion and Analysis (Contd.)

Moreover, there is a huge demand for printed craft paper, as the packaging of products such as sandwiches or burgers or shoes also has the company name and logo printed that makes it appealing to the customers. Kraft papers are available in different forms as per the business requirement, thus ranging from kraft paper rolls to kraft paper sheets. Moreover, for packaging the metal objects, poly coated kraft paper is largely used. Further, the government of various countries has mandated to use paper as a packaging substitute; kraft paper where strength is required which has provided the manufacturers an advantageous position and earn higher profits. Goldstein Research analyst forecast that the Global kraft paper market is set to reach nearly USD 87.5 billion by 2024, growing at a CAGR of 3.60% over the forecast period (2017-2025).

IV. RISKS AND CONCERNS

The Company is deriving 98.24% of its revenue from paper business and 1.76% from other business. Environmental issues, continuous availability of raw materials & fuels and increasing interest rates are the important issues concerning the paper industry.

The paper industry is one of the highly polluting categories of industries today. The Company is meeting all the norms as prescribed under Environment Protection Act, 1986 and other environmental laws consistently.

VI. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Your Company has evolved a system of internal controls to ensure that the assets are safeguarded and transactions are authorised, recorded and correctly reported. The internal control system is supplemented by management reviews and independent periodical reviews by the outside chartered accountancy firms which evaluate the functioning and quality of internal controls and provides assurance of its adequacy and effectiveness. The scope of internal audit covers a wide variety of operational methods and, as a minimum, ensures compliance with specified standards with regard to availability and suitability of policies and procedures, extent of adherence, reliability of management information system and authorization procedures including steps for safeguarding of assets. The Reports of internal audit are placed before Audit Committee of the Directors. Audit Committee reviews such audit findings and the adequacy of internal control systems. The Statutory Auditors, Internal Auditors and the Cost Auditors of the Company also interact with the Audit Committee to share their findings and the status of corrective actions under implementation.

VII. HUMAN RESOURCES

Inspite of enduring perhaps the toughest phase in the Company's history it must be mentioned that the trusted loyal work force has always stood firmly in the hour of need. The Company also looks after its human resources well and always judiciously rewarded performance.

VIII. CAUTIONARY STATEMENT

Statements in this "Management's Discussions and Analysis" describing the Company's objectives, projections, estimates, expectations or predictions may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include global and Indian demand supply conditions, finished goods prices, raw material availability and prices, cyclical demand, changes in Government regulations, environmental laws, tax regimes, economic developments within India and abroad and other factors such as litigation, industrial relations and other unforeseen events.

INDEPENDENT AUDITOR'S REPORT

To the Members of Genus Paper & Boards Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Genus Paper & Boards Limited ("the Company"), which comprise the balance sheet as at 31st March 2019, and the statement of Profit and Loss, and Cash Flow Statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its Profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statement.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended March 31, 2019. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements

INDEPENDENT AUDITOR'S REPORT (Contd.)

Key audit matters	How our audit addressed the key audit matter
1. Revenue Recognition as per Ind As 115 “Revenue from Contracts with Customers” (New Accounting Standards)	
The application of the new revenue accounting standard involves certain key-judgments relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period. Revenue from sale of goods is recognised when control of the products being sold is transferred to the customer and when there are no longer any unfulfilled obligations. The performance obligations in the contracts are fulfilled at the time of dispatch. Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts or and any taxes or duties collected on behalf of the government such as goods and services tax, etc. Accumulated experience is used to estimate the provision for discounts and rebates. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur. There is a risk of revenue being overstated due to fraud including through manipulation of rebates and discounts resulting from pressure the management may feel to achieve performance targets at the reporting period end.	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: We assessed the appropriateness of the revenue recognition accounting policies, including those relating to rebates and discounts by comparing with applicable accounting standard. Evaluated the design of internal controls relating to implementation of the new revenue accounting standard, calculation of discounts and rebates. In addition, tested material contracts on samples basis in respect of revenue recorded and evaluated the operating effectiveness of the internal control relating to identification of the distinct performance obligations and determination of transaction price, We carried out a combination of procedures involving inquiry and observation, reperformance and inspection of evidence in respect of operation of these controls. Selected a sample of continuing and new contracts and read the distinct performance obligations in these contracts assessing the Company's revenue recognition policies with reference to the requirements of the applicable accounting standard. We performed substantive testing by selecting samples of revenue transactions recorded during the year by verifying the underlying documents, which included goods dispatch notes. We performed cut-off testing for samples of revenue transactions recorded before and after the financial year end date by comparing with relevant underlying documentation, which included goods dispatch notes to assess whether the revenue was recognized in the correct period. We assessed manual journals posted to revenue to identify unusual items.
2. Procurement of Raw Materials and Valuation of Inventories	
We identified procurement of Raw material and valuation of inventories as a key audit matters because of significance of costs incurred during the year, related inventories as at reporting date and significant degree of management judgment involved in verification and valuation thereof.	Evaluated the design and operating effectiveness of internal controls relating to procurement and inventory. We carried out a combination of procedures involving inquiry and observation, re-performance and inspection of evidence in respect of operation of these controls. We performed substantive testing by selecting samples of purchase transactions recorded during the year by verifying the underlying documents, i.e. supplier invoices, goods receipt notes etc. Observed inventory verification on a sample basis. Re-computed the closing rate of sample items of inventories to check whether the same are in line with the accounting policy of the Company. Obtained an understanding of the underlying data and estimates used for calculation of the yield ratio and compared the same with the previous years. We performed cut-off testing for samples of purchase transactions recorded before and after the financial year end date by comparing with relevant underlying documentation, which included supplier invoices, goods receipt notes etc. to assess whether the purchases were recognized in the correct period. We assessed manual journals posted to purchases to identify unusual items.

INDEPENDENT AUDITOR'S REPORT (Contd.)

Other Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Director's Report and other company related information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate Internal Financial Controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to

INDEPENDENT AUDITOR'S REPORT (Contd.)

continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the said Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

Annexure -2

Annexure 2 to the Independent Auditor's Report

Referred to in Paragraph 2 under “Report on Other Legal and Regulatory Requirements” section of our report on even date to the members of Genus Paper & Boards Limited on the Financial Statements for the year ended 31st March, 2019.

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Act.

We have audited the internal financial controls with reference to Financial Statements of Genus Paper & Boards Limited (“the Company”) as of 31st March, 2019 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to Financial Statements based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to Financial Statements and their operating effectiveness. Our audit of internal financial control with reference to Financial Statements included obtaining an understanding of internal financial control with reference to Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Financial Statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to Financial Statements

A Company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal

financial controls with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Financial Statements in place and such internal financial controls with respect to Financial Statements were operating effectively as at 31 March 2019, based on the internal controls over financial reporting criteria established by the Company considering the components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Notes to the financial statement

For the year ended 31st March, 2019

1. Corporate Information

Genus Paper & Boards Limited (referred to as “Genus” or the “Company”) is a public company domiciled in India. The Company is primarily engaged in the business manufacturing of Kraft paper and steel ingot. The equity shares of the Company are listed on National Stock Exchange of India Limited and BSE Limited. The registered office of the Company is located at Village Aghwanpur, Kanth Road, Moradabad, Uttar Pradesh – 244 001.

The financial statements were authorised for issue in accordance with a resolution of the directors on May 29, 2019.

2. Significant Accounting Policies for the year ended March 31, 2019

2.1 Basis of Preparation

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the Standalone Financial Statements.

The standalone financial statement has been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value (refer accounting policies regarding financial instruments)

The standalone financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

2.2 Summary of Significant Accounting Policies

a. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b. Use of Estimates

The preparation of financial statement requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the results and estimates are recognized in the period in which the results are known / materialized.

Notes to the financial statement

For the year ended 31st March, 2019 (Contd.)

c. Foreign currencies

The financial statements are presented in Indian rupees, which is the functional currency of the Company.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Company in INR at spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at INR spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

d. Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure the fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

e. Revenue Recognition

Effective 1st April, 2018 the company adopted IND As 115, "Revenue from contracts with customers". The effect of adoption of Ind As 115 was insignificant. The following is a summary of new and /or revised significant accounting policies related to revenue recognition. Revenue is recognised upon transfer of control of promised product or services to customer in an amount that reflects the consideration we expect to receive in exchange for those product or service, regardless of when the payment is received. Revenue is measured at the transaction price, excluding amounts collected on behalf of the third parties. The specific recognition criteria for the various types of the company's activities are described below:

Notes to the financial statement

For the year ended 31st March, 2019 (Contd.)

Revenue from contracts with customer is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The Company applied Ind AS 115 for the first time. Several other amendments and interpretations apply for the first time in 2019, but do not have an impact on the Ind AS financial statements of the Company. The Company has not early adopted any standards, interpretations or amendments that have been issued, but are not yet effective.

Ind AS 115 supersedes Ind AS 11 Construction Contracts and Ind AS 18 Revenue and it applies, with limited exceptions, to all revenue arising from contracts with customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind AS 115 requires entities to exercise Judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers.

The cumulative effect of initially applying Ind AS 115, if any, is recognised at the date of initial application as an adjustment to the opening balance of retained earnings. Therefore, the comparative information is not restated and continues to be reported under Ind AS 11 and Ind AS 18.

There has been no significant impact of adopting Ind AS 115 as at 1 April 2018,

The Goods and service Tax (GST) is not received by the Company on its own account. It is a tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it has been excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of goods

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances.

Interest income

For all financial instrument measured at amortised cost, interest income is recorded using effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included under the head "other income" in the statement of profit and loss.

Dividends

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Other Income

Other Income is accounted for on accrual basis except, where the receipt of income is uncertain.

Foreign currency transactions

Foreign currency transactions are translated into Indian rupee using the exchange rates prevailing on the date of the transaction. Foreign exchange gains and losses resulting from the settlement of these transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in profit or loss.

f. Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in India.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provision where appropriate.

Notes to the financial statement

For the year ended 31st March, 2019 (Contd.)

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period/year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as deferred tax asset only to the extent it is probable that sufficient taxable profit will be available to allow all or part of MAT credit to be utilised during the specified period, i.e., the period for which such credit is allowed to be utilised.

g. Property, Plant & Equipment

Under the previous GAAP (Indian GAAP), property, plant and equipment and capital work in progress were carried in the balance sheet at cost of acquisition. The Company has elected to regard those values of property as deemed cost at the date of the acquisition since they were broadly comparable to fair value and there is no change in the functional currency of the Company except for Freehold Land which have been measured at fair value at the date of transition to Ind AS. The Company regards the fair value as deemed cost at the transition date, viz., April 01, 2016.

Property, plant and equipment and capital work in progress are stated at cost, net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance or extends its estimated useful life.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses upon disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within "other (income)/expense, net" in the statement of profit and loss.

Depreciation is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management, which is equal to the life prescribed under the Schedule II to the Companies Act, 2013.

Notes to the financial statement

For the year ended 31st March, 2019 (Contd.)

The lives of the assets are as follows:

Assets	Life of the assets (In Years)
Residential buildings	60
Factory buildings	30
Plant and equipment	15
Furniture & fixtures	10
Computers	3
Vehicles	8

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial period/year end and adjusted prospectively, if appropriate.

h. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

i. Inventories

Inventories are valued at the lower of cost and net realisable value. Cost is determined on weighted average basis

Costs incurred in bringing each product to its present location and conditions are accounted for as follows:

- Raw materials and Components: Materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.
- Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs.
- Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

j. Impairment of Non- Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Notes to the financial statement

For the year ended 31st March, 2019 (Contd.)

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated.

Impairment losses, including impairment on inventories, are recognised in the statement of profit and loss. An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior periods/ years. Such reversal is recognised in the statement of profit and loss.

k. Provision

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Other Litigation claims

Provision for litigation related obligation represents liabilities that are expected to materialise in respect of matters in appeal.

Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

The cost of providing benefits under the defined benefit plan is determined based on actuarial valuation under purchase unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to statement of profit and loss in subsequent periods.

Past service costs are recognised in statement of profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

The Company treats accumulated leave, as a long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on an actuarial valuation using the projected unit credit method at the period-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the entire liability in respect of leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement beyond 12 months after the reporting date.

l. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Notes to the financial statement

For the year ended 31st March, 2019 (Contd.)

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instrument at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the OCI. However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit and loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Equity investments:

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in OCI subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Notes to the financial statement

For the year ended 31st March, 2019 (Contd.)

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- a) the rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset, and

- (i) the Company has transferred substantially all the risks and rewards of the asset, or
(ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

m. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

Notes to the financial statement

For the year ended 31st March, 2019 (Contd.)

n. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS amounts are calculated by dividing the profit attributable to equity shareholders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of equity shares outstanding, for the effects of all dilutive potential shares.

o. Segment reporting

The Company's operations predominantly relate only to manufacture and sale of craft Paper and allied product and accordingly this is the only primary segment. Further, the Company has major operations in one part of India and therefore there are no geographical segments.

p. Contingent Liability and contingent assets

A contingent liability is possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise the contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Company does not recognise the contingent assets but discloses its existence in the financial statements.

q. CSR expenditure

The Company has opted to charge its CSR expenditure incurred during the year to the statement of profit and loss.

r. Change in account policies and disclosures

New and amended standards

The Company applied Ind AS 115 for the first time. The nature and effect of the changes as a result of adoption of these new accounting standards are described below.

Several other amendments and interpretations apply for the first time in 2019, but do not have an impact on the standalone financial statements of the Company. The Company has not early adopted any standards or amendments that have been issued but are not yet effective.

Ind AS 115 Revenue From Contracts with Customers Ind AS 115 was issued on 28 March 2018 and supersedes Ind AS 11 Construction Contracts an Ind AS 18 Revenue and it applies, with limited exceptions, to all revenue arising from contracts with its customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. In addition, the standard requires extensive disclosures.

The Company adopted Ind AS 115 using the modified retrospective method of adoption with the date of initial application of April 01, 2018. There were no significant adjustments required to the retained earnings at April 01, 2018.

The accompanying notes are an integral part of the financial statements.

38 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Financial Risk Management Framework

The Company is exposed primarily to Credit Risk, Liquidity Risk and Market risk. The Company has a risk management policy and its management is supported by a risk management committee that advises on risk and appropriate financial risk governance framework for the Company. The risk management committee provides assurance to the Company's management that the risk activities are governed by appropriate policies and procedures and that risks are identified, measured and managed in accordance with the Company's policies and risk objectives. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee are responsible for overseeing Company's financial risk assessment and management policies and processes.

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and loans to companies).

Exposure to credit risk:

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was Rs. 8,573.05 lakhs, (March 31, 2018: Rs. 14,898.31 lakhs, being the total of the carrying amount of balances with trade receivables and loans to companies).

Liquidity Risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

The table below summarises the maturity profile of the Company's financial liabilities based in contractual undiscounted payments:

	10,895.03	2,137.21	-	13,032.24

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

Notes to the financial statement

For the year ended 31st March, 2019 (Contd.)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The borrowings of the Company are fixed rates and therefore the Company is not exposed significantly to the interest rate risk.

Foreign Currency exchange rate risk

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. The risks primarily relate to fluctuations in US Dollar, Japanese Yen, SGD and Euro against the functional currency of the Company. The Company, as per its risk management policy, uses derivative instruments primarily to hedge foreign currency payable. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies.

44 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's separate financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. There are no significant areas involving a high degree of judgement or complexity.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are

Notes to the financial statement

For the year ended 31st March, 2019 (Contd.)

determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on expected future inflation. Further details about gratuity obligations are given in Note 36(2).

45 CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value and keep the debt equity ratio within acceptable range. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders and issue new shares.

46 STANDARDS ISSUED BUT NOT YET EFFECTIVE

Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was notified on March 28, 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after April 01, 2018 and will be applied accordingly. The Company is evaluating the impact of Ind AS 115 related to the recognition of revenue from contracts with customers and it continues to evaluate the changes to accounting system and processes, and additional disclosure requirements that may be necessary. A reliable estimate of the quantitative impact of Ind AS 115 on the financial statements will only be possible once the evaluation has been completed.

Other Amendments:

On March 28, 2018, the MCA, issued certain amendments to Ind AS. The amendments relate to following standards:

- Ind AS 21, The Effects of Changes in Foreign Exchange Rates
- Ind AS 12, Income Taxes
- Ind AS 28, Investments in Associates and Joint Ventures

The amendments are effective from April 01, 2018. The company believes that the aforementioned amendments will not materially impact the financial statements of the Company.

The accompanying notes are an integral part of the financial statements.
