Forward-looking Statement

Some information in this report may contain forward-looking statements which include statements regarding Company's expected financial position and results of operations, business plans and prospects etc. and are generally identified by forward-looking words such as "believe," "plan," "anticipate," "continue," "estimate," "expect," "may," "will" or other similar words. Forward-looking statements are dependent on assumptions or basis underlying such statements. We have chosen these assumptions or basis in good faith, and we believe that they are reasonable in all material respects. However, we caution that actual results, performances or achievements could differ materially from those expressed or implied in such forward-looking statements. We undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise.

Ever since Sandhar Technologies Limited set a strong foothold in the sheet metal components business, we have been relentlessly working towards expanding opportunities beyond single product category. Our sheer focus on enhancing the value of our business has fared well for us all these years and we are confident it will continue being so in the years to come!

We have not only successfully added a diverse range of product categories across automotive segments but have expanded our geographical reach to emerge as one of the leading players in key automotive components in the world. Our core aim, from the time we set sail on the journey to the present, has been to create value for not just our business, but also our employees, clients, and stakeholders. We shall continue, with equal zest to stride ahead and create more value and we are convinced that our competent team, our state-of-art R&D, and our core expertise will help us achieve greater heights while augmenting our capabilities, production and revenue.

ABOUT SANDHAR

A HOME GROWN COMPANY, SANDHAR TECHNOLOGIES LIMITED (SANDHAR), IS ONE OF THE LEADING MANUFACTURERS OF KEY AUTOMOTIVE COMPONENTS IN THE WORLD.

Established in 1987 as a sheet metal components supplier catering to a major local OEM, Sandhar has today grown to be multi-faceted manufacturing player supplying diverse range of products across automotive segments.

With enhanced focus on catering to customer needs, our innovation-led product portfolio and a team of dedicated professionals are driving the Company ahead as we aspire to become a global leader across key automotive component segments where we are present.

MESSAGE TO SHAREHOLDERS

THE YEAR 2018-19
WAS YET ANOTHER
PHENOMENAL YEAR
FOR SANDHAR
WHEREIN WE
DELIVERED A GROWTH
OF

20.01%

IN REVENUE.

**DEAR
SHAREHOLDERS,**

It was another spectacular year for us at Sandhar, as we continue to deliver results that resonate our belief and commitments to build a sustainable business. It gives me great pleasure to see Sandhar, a home-grown company, emerge as a global leader in key auto components.

The automobile industry landscape has been evolving at a fast pace, driven by various trends in global market including electrification, technology upgradation and autonomous mobility. A deep understanding of these trends and continuous innovation has led us to restructure our business to ensure sustained value creation. With stabilization in GST, the ancillary industry has become more organized and the industry has witnessed an increase in demand of quality products by consumers.

In an operating environment like this, our sustained growth depends upon our ability to innovate new products that meet the consumer's requirement. We, at Sandhar, have been leveraging our core strengths to convert these challenges into opportunities and outperform the industry average.

The year 2018-19 was yet another phenomenal year for Sandhar wherein we saw a growth of 20.01% in revenue to ₹2,335.82 crore, declaring a dividend of ₹2.50 per share. We started our journey

with just a few specific products centered around OEM in the two-wheeler segment. Over the years, we have expanded and diversified our offering across various auto components including commercial vehicles and off-highway vehicles.

Through our OEM-centric business model we aim at changing the industry standards and preference of consumers by providing innovative product offerings. To capitalize the growing opportunities and diversify our revenue stream, we launched many new products in 2018-19 including helmets, fuel pumps, oil filters, starter motors and electric vehicle (EV) components. Our endeavour for every segment we enter has been to emerge as a leader of the segment. In order to achieve the same, we entered into strategic partnerships and joint ventures that provide us with technological competencies that we leverage to drive competencies and market leadership.

Going forward, we will continue to expand our product offering with a focus on safety and security systems for automobiles, with thrust on electronic and connected technologies. We will continue to tap business opportunities that are coming our way on account of new global megatrends like electric mobility, autonomous driving, shared mobility and connected vehicles. Through our values that balance both business and environmental aspects, we are constantly working to ensure that our activities, and the results we achieve, can deliver long-term value for our shareholders and the society as a whole.

- › Auto relays
- › Switches
- › Hinges
- › Latches for OEMs in two-wheelers and four-wheelers
- › Door Handles for four-wheelers OEM

COMPONENTS DIVISION

As a part of strategy of being self-dependent, through this division we meet the internal requirement of key materials and processes required for products manufactured at our automotive division.

Products offered

- › Aluminium die casting components
- › Spools
- › Spindles
- › Sprockets
- › Plastic injection moulding
- › Sheet metal components

AUTOMACH DIVISION

As one of the top companies in the two-wheeler steel wheels market of India, with our state-of-the-art manufacturing technologies and process for wheel forming, tri-nickel chrome plating, and assembly machines.

Products offered

- Wheel rims
- Wheel assemblies
- Handle bars
- Clutch
- Brake
- Panels
- Fender Assemblies

CABINS AND FABRICATION DIVISION

For off-highway vehicle segment, we offer a diverse range of products that are high quality and cost effective consisting of precision steel metal components used in wheel loaders, cranes, tractors, hoe loaders, and excavators.

Products offered

- Operator Cabins
- Canopies
- Housings
- Panels
- Switchboards
- Control Cabinets

PROFILE OF BOARD OF DIRECTORS

DIRECTOR'S REPORT

Dear Shareholders,

The Directors of your Company take pleasure in presenting the 27th Annual Report on the business and operations of the Company together with financial statements for the financial year ended 31st March, 2019.

Operations - Financials

The summarised standalone and consolidated financial results of the Company for the financial year ended 31st March, 2019 as compared to the previous year are as under:

Corresponding figures for the previous year have been regrouped / recast wherever necessary to correspond to current year / year Classification	(₹ in Lakhs)			
	Standalone		Consolidated	
	Financial Year		Financial Year	
	2018-19	2017-18	2018-19	2017-18
Revenue and other Income (Net of Excise/GST)	204,326.80	168,861.21	234,219.41	195,109.25
EBITDA as per financial statement	22,760.82	19,092.39	25,784.23	21,303.29
Less: Financial Expenses	(1,745.91)	(3,811.87)	(2,394.62)	(4,317.43)
Profit before Exceptional Items, Depreciation & Tax	21,014.91	15,280.52	23,389.61	16,985.86
Less: Depreciation	(6,669.80)	(5,512.79)	(8,088.12)	(6,752.10)
Profit Before Exceptional Items and Tax Provisions	14,345.11	9,767.73	15,301.49	10,233.76
Less: Share in loss of jointly controlled entity	-	-	(685.94)	(531.62)
Less: Exceptional Items	(148.05)	-	(74.08)	-
Less: Tax Provisions	(4,664.36)	(2,995.08)	(4,956.23)	(3,140.21)
Net Profit After Tax Provisions	9,532.70	6,772.65	9,585.24	6,561.93
Add: Other Comprehensive Income/Expense	(65.11)	(57.58)	3.53	46.45
Less: Profit attributable to Non-controlling interest	-	-	(67.70)	(60.33)
Less: Appropriations:				
Dividend	(752.38)	(1,534.64)	(778.62)	(1,540.70)
Corporate Tax on Dividend Distribution	(144.80)	(309.98)	(144.80)	(309.98)
Balance carried forward in Balance Sheet	8,570.41	4,870.45	8,597.65	4697.37

The automotive sector, including the auto components manufacturers, witnessed one of the most volatile period in the recent history on account of several macro-economic factors as well as lack of consumer demand. The fiscal 2019 ended with modest growth trajectory with the second half registering a lower rate of growth than the first half for the first time post demonetisation. While, commercial vehicles (CV) segments surged impressively by 17.55% and two wheelers registered modest growth of 6.86%, it was the passenger vehicles segment which faced the headwinds and registered a nominal growth of 2.70%. Within the Two Wheelers segment, after successive double digit growth for several quarters, Scooters saw a decline by (-) 0.27 percent, whereas Motorcycles and Mopeds grew by 7.76 percent and 2.41 percent respectively in Fiscal 2019 over Fiscal 2018. Additionally, the high base of last year impacted the volume growth. Robust growth in the CV segment was mainly driven by the demand in H1 due to new infrastructure projects and fleet replacement. But for the implementation of revised axle

norms and tightened liquidity, this segment would have seen a much higher growth.

In the case of the Company, the Consolidated Revenue from Operations & Other Income stood at ₹234,219.41 Lakhs vis-a-vis ₹198,886.15 Lakhs in the previous year, following concerted efforts at business promotion and controls aimed at cost economies. The aforesaid Revenue numbers of the fiscal under review, are not comparable with the previous year, as they are computed in accordance with IND-AS 115 which requires netting of the Goods & Service Tax whereas Excise Duty form part of the Expenses in the previous year upto 30th June, 2017 prior to the date of GST implementation. Besides the turnover level as aforesaid, EBITDA also registered good growth of 21.03% at Consolidated level clocking ₹25,784.23 Lakhs vis-à-vis ₹21,303.29 Lakhs in the previous year, along with other operating parameters. At standalone level, the growth registered was 19.21% as compared to previous year.

The Profit before Depreciation, Exceptional Items and Tax at Consolidated level was 37.70% higher at ₹23,389.61 Lakhs in the fiscal year under review, as against ₹16,985.86 Lakhs in the previous fiscal year; the Profit after tax was more profound and higher at ₹9,585.24 Lakhs as against ₹6,561.93 Lakhs in the previous fiscal, following exceptional items and lower finance costs, registering a growth of 46.07%. At the standalone level the Profit before Depreciation, Exceptional Items and Tax was 37.53% higher than the previous fiscal and stood at ₹21,014.91 Lakhs vis-à-vis ₹15,280.52 Lakhs. At the standalone level the Profit after tax for the fiscal under review stood at ₹9,532.70 Lakhs vis-à-vis ₹6,772.65 Lakhs, registering a remarkable growth of 40.75%. The lower percentage of growth at Consolidated level is on account of share in losses of jointly controlled entities which are at the startup stages.

Your Company did well in managing the cash flows well within the manageable limits with conservation strategies, which ensured no fresh long term borrowing was needed. Looking ahead, the challenges are one of business growth in current volatile scenario and that too with growing margins: the overall outlook for the current year appears moderate with a single digit growth on account of predictably better monsoons, demand growth driven by OEMs (including plans of localisation)/renewable market, growth driven by regulatory changes and technological advancement as well as consumer preferences, the only foreseeable dampener being rise in commodity prices, crude oil prices, political instability, and dipped consumer sentiments. All possible steps are afoot

to meet 'on the ground' challenges with focus on Research & Development, holding over deferrable capital expenditure, cutting down on operational expenses without sacrificing effectiveness and deliverable capability and, of all, ensuring efficacious management of cash flow. Corporate strategies are planned to focus on creating value on the one hand and managing risk and shaping up enterprise performance on the other.

State of Company's Affairs

Discussion on state of affairs of the Company has been covered as part of the Management Discussion and Analysis (MDA). MDA for the year under review, as stipulated under Regulation 34 of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, is presented in a separate section forming part of this Annual Report.

Amount Transferred to Reserve

The Board of Directors has decided to retain the entire amount of profits in the profit and loss account.

Dividend

The Board in its meeting held on 05th November, 2018, declared an interim dividend of ₹1.25 per equity share as per particulars below:

S. No	Date of Declaration	Rate of Dividend	Amount (in ₹ Lakhs) (Excluding Dividend distribution tax)
1.	05 th November, 2018 (Interim Dividend)	12.5%	752.38

Further, the Board in its Meeting held on 27th May, 2019 recommended a final dividend of ₹1.25 per equity share for the Financial Year ended on 31st March 2019, subject to the approval of shareholders at the ensuing Annual General Meeting of the Company.

Consolidated Financial Statements

As per Regulation 33 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), applicable provisions of the Companies Act, 2013 ("Act") read with the rules issued thereunder and Indian Accounting Standard (AS)-110 on Consolidated Financial Statements, read with Ind AS-28 Investments in Associates and Joint Ventures, the Audited Consolidated Financial Statement for the FY ended 31st March, 2019 is provided in this Annual Report.

During the year, the Board of Directors reviewed the affairs of the subsidiaries in accordance with Section 129(3) of the Act. Consolidated financial statements together with the auditor's report form part of this annual report.

Share Capital

The Authorised Share Capital of the Company is ₹7,000.00 Lakhs divided into 680.00 Lakhs Equity Shares of ₹10/- (Rupees Ten only)

each and 2.00 Lakhs Preference shares of ₹100/- (Rupees Hundred only) each. The Paid up Capital of the Company is ₹6,019.07 Lakhs divided into 601.91 lakhs Equity Shares of ₹10/- each.

There was no public issue, rights issue, bonus issue or preferential issue, etc. during the year. The Company has not issued shares with differential voting rights, sweat equity shares, nor has it granted any stock options.

3. Sandhar Technologies Barcelona S.L., including step down subsidiaries at Mexico & Poland

Joint Ventures:

1. Sandhar Han sung Technologies Pvt. Ltd.
2. Indo Toolings Pvt. Ltd.
3. Sandhar ECCO Green Energy Pvt. Ltd.
4. Sandhar Daewha Automotive Systems Private Limited
5. Sandhar Amkin Industries Private Limited
6. Jinyoung Sandhar Mechatronics Private Limited
7. Sandhar Daeshin Auto Systems Private Limited (incorporated on 03rd May 2018)
8. Sandhar Whetron Electronics Private Limited (incorporated on 19th July 2018)
9. Kwangsung Sandhar Technologies Pvt. Ltd (incorporated on 06th February 2019)

Pursuant to the provisions of Section 129 (3) of the Companies Act, 2013, a statement containing the salient features of the financials statements of all the Joint Ventures/ Subsidiaries in form AOC-1 is annexed hereto as **Annexure-I** and, hence, not repeated here for the sake of brevity.

A copy of the audited financial statements of each of the subsidiary companies and English translation thereof will be kept for inspection by any Member of the Company at its Corporate Office during business hours. Further, pursuant to the provisions of Section 136 of the Companies Act, 2013, these financial statements are also placed on the Company's website www.sandhargroup.com. Copy of these financial statements shall be made available to any Member of the Company, on request.

Details of subsidiaries of the Company and their performance are covered in Management Discussion and Analysis Report forming part of the Annual Report.

Capex and Liquidity

During the fiscal Company spent 11,778.40 lakhs on Capex and Investments in Joint Ventures at standalone level. Despite this significant spent, the Company was able to keep the gross debt level stable during the year.

Cash and Cash Equivalents at the Consolidated level as at 31st March, 2019 was ₹370.33 Lakhs vis-à-vis ₹25,499.01 Lakhs in the previous fiscal.

Fixed Deposits

The Company has not accepted any deposits, thus far, within the meaning of Section 73 of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014.

Particulars of Loans, Guarantees and Investments

Details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in the Notes to the Financial Statements.

Related Party Transaction

Following the provisions of Section 188(1) of the Companies Act, 2013, all Related Party contracts / arrangements / transactions

entered by the Company during the financial year had been in the ordinary course of business and on arm's length basis, with Audit Committee having a domain role: the Board of Directors brought into picture, wherever necessary and/or obligatory. Therefore the provision of Section 188 of the Companies Act, 2013 were not attracted. There are no materially significant Related Party Transaction during the year under review made by the Company with Promoters, Directors or other designated person which may have a potential conflict with the interest of the Company at large. Thus, disclosure in Form AOC-2 is not required. Pertinent, in this context, is to say that, during the year, the Company has not entered into any contract / arrangement / transaction with related parties, which could be considered material in accordance with the policy of the Company on materiality of related party transactions.

During the year, the Company has amended the Policy on materiality of related party transactions and dealing with related party transactions in line with the requirements of SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018. The key change include, inter-alia, threshold limits for determining materiality. The amended policy is available on our website at www.sandhargroup.com

Related party transactions were disclosed to the Board on regular basis. Details of related party transactions may be referred to in Note 31 of the Standalone Financial Statements.

Material Changes and Commitments

There have been no significant or material changes in the operations, commitments and governance aspects, following the provisions of Companies Act '2013 and Rules made thereunder.

Notable Initiatives During the Year**Technical Collaborations / Joint Ventures:**

The Company had signed Joint Venture Agreements with foreign collaborators as below:

- **With Daeshin Machinery Ind. Co. Ltd., South Korea:** Company signed a 50:50 joint venture with Daeshin Machinery Ind. Co. Ltd, South Korea. A JV Company viz. Sandhar Daeshin Auto Systems Private Limited was incorporated under the Companies Act, 2013, on May 03, 2018 in Gurugram, Haryana. The main object of this joint venture company is manufacturing and sale of gear shifters (auto/manual), parking brakes for four wheelers, in India and abroad.
- **With Whetron Electronics Co. Ltd. Taiwan:** Company signed a 50:50 joint venture with Whetron Electronics Co., Ltd., Taiwan. Sandhar Whetron Electronics Private Limited was incorporated under the Companies Act, 2013, on July 19, 2018 in Gurugram, Haryana. This joint venture company would primarily engaged in manufacturing and sale of electronic parts and accessories for automobiles segment like Rear Parking Sensors, Auto Parking, Cameras, Around View Camera, Driver Monitoring System, Blind Spot Detection, Door Open Alert, Lane Departure Alert, DVRs, Radars to the Indian vehicle OEMs.

- **With Kwangsung Corporation Limited, South Korea:** Company signed a joint venture agreement with Kwangsung Corporation Limited, South Korea. Kwangsung Sandhar Technologies Pvt Ltd. was incorporated under the Companies Act, 2013 on Feb 06, 2019 in Gurugram, Haryana. The main object of this joint venture company is manufacturing and selling, inter-alia, interior and exterior parts plastic moulded parts and accessories for the passenger and utility vehicles segment which would include Sunvisor, Cargo Screen, Black-Out Tape, Glove Box & several other Blow-moulded products in a phased wise manner

The Company had also signed a notable Memorandum of Understanding ("MOU") during the Financial Year 2018-19:

S. No	Name of the Strategic Partner	Country	Contract Products	Nature of Agreement	Date of Agreement
1.	Winnercom Company Limited.	South Korea	Shark Finn Antenna, Micro Pole Antenna	MOU	24 th January 2019

Diversification in product range and continuing product development would add strength and vibrancy, on its way forward, to the Company's operations.

In-house R & D Division:

Added to the aforesaid, is the real-time emphasis on Research and Development, wherefore a dedicated organizational wing, with requisite Government approvals in place, is in operation. The programs for innovations, as chartered out and time lines set therefore, are closely monitored for their proceeding apace.

Information Technology

The Company continues to take full advantage of Information Technology, leveraging it as a source of competitive advantage. As in earlier years, the enterprise wide Oracle ERP platform forms the backbone of IT and encompasses all core business processes in the Company and also provides a comprehensive data warehouse with analytics capability that helps in better and speedier decisions.

Multiple new initiatives have been taken, to ensure that the investments in creation, maintenance and upgradation of IT Infrastructure is kept at optimal level and relevant new technologies are adopted to facilitate risk mitigation, ensuring business continuity, achieve scalability in operations and ensuring that data security and privacy are not compromised.

Company has embarked on an ambitious upgradation on Cloud based **Oracle Fusion** technology platform, which is a complete, end-to-end solution for digital expense management giving employees easy data entry options, and financial managers detailed spend information and policy-driven control.

Corporate Governance

Corporate governance is an ethically driven business process that is committed to values and aimed at enhancing an organization's brand and reputation. This is ensured by taking ethical business decisions and conducting business with firm commitment to values, while meeting stakeholders' expectations. Further corporate governance is based on the principles of conducting the business with all integrity, fairness and being transparent with all the transactions, making the necessary disclosures and decisions, complying with the laws of the land, accountability and responsibility towards the stakeholders and commitment of conducting the business in an ethical manner. At Sandhar,

it is ensured that Company's affairs are managed in a fair and transparent manner. This is vital to continue to gain and retain the trust of its stakeholders.

A separate section on Corporate Governance standards followed by your Company and the relevant disclosures, as stipulated under the Listing Regulations, Companies Act, 2013 and Rules made thereunder, forms part of this Annual Report.

A Certificate from M/s K.K. Sachdeva & Associates, Practising Company Secretary, confirming the compliance by the Company to the conditions of Corporate Governance as stipulated under the Listing Regulations, is annexed to the Report on Corporate Governance, which forms part of this Annual Report.

Directors & Key Managerial Personnel

The Company's policy is to maintain an optimum combination of Executive and Non-Executive Directors on the Board. The composition of the Board is as follows:

Managing Director	Shri Jayant Davar
Non-Executive Directors	Shri Dharmendar Nath Davar Smt Monica Davar
Non-Executive Independent Directors	Shri Arvind Kapur Shri Ravinder Nagpal Shri Krishan Lal Chugh Shri Mohan Lal Bhagat Shri Arjun Sharma Shri Gaurav Dalmia (resigned w.e.f. 11 th December, 2018) Smt Archana Capoor (w.e.f. 05 th November, 2018)
Executive Director	Shri Arvind Joshi

All the Non – executive Independent Directors are not disqualified to be appointed as such under the relevant provisions of the Companies Act, 2013 and the rules made thereunder and shall not be subject for determination by retirement of Directors by rotation. Under the provisions of Section 149, 150, 152, 160 of the Companies Act '2013 be not liable, having been appointed for 5 years, to determination by retirement of Directors by rotation.

Reappointment of Shri Krishan Lal Chugh, Shri Arvind Kapur, Shri Mohan Lal Bhagat and Shri Ravinder Nagpal as Independent Directors

Based on the commendations of Nomination and Remuneration Committee, Shri Krishan Lal Chugh, Shri Arvind Kapur, Shri Mohan

Lal Bhagat and Shri Ravinder Nagpal were reappointed as Independent Directors for a second term of five years effective 04th July, 2019 to 03rd July, 2024. The Board is of the opinion that the skills and knowledge of Shri Krishan Lal Chugh, Shri Arvind Kapur, Shri Mohan Lal Bhagat and Shri Ravinder Nagpal would be of immense help to the business interests of the Company. Proposal for their re-appointment as Independent Directors is being placed before the shareholders for approval at the ensuing Annual General Meeting.

Resignation of Shri Gaurav Dalmia

During the year under review, Shri Gaurav Dalmia, resigned from directorship of the Company on the 11th December, 2018 due to unavoidable circumstances.

Appointment of Smt Archana Capoor, Additional Non-Executive and Independent Director of the Company

During the year under review, in terms of section 149, 150 & 152 of the Companies Act, 2013, the Board of Directors at its meeting held on the 05th November, 2018 appointed Smt Archana Capoor as additional, Non-Executive, Independent Director to hold office from 05th November, 2018 till the ensuing Annual General Meeting of the Company based on the commendation of the Nomination & Remuneration Committee and to hold office for a period of 5 (five) consecutive years thereafter, subject to approval of the shareholders.

Brief Profile of Smt. Archana Capoor

Smt Archana Capoor, aged about 61 years, holds a masters' degree in Business Administration with specialization in Finance and Market Research, University of Allahabad, UP (India). She has a versatile profile in different sectors such as Tourism, Banking & Finance and Social. This apart she is an Independent Board Director/member of 6 listed Companies and 3 Private Companies since 2014 also a member secretary and project director of an NGO, India Trust or Rural heritage and culture (ITRHD). She has over 34 years of work experience in Finance, Legal & International Business.

Retirement of Directors by rotation

In terms of Section 152 of the Act, Shri Dharmendar Nath Davar, Chairman and Smt. Monica Davar, Non-Executive Director, shall retire by rotation at the ensuing AGM and being eligible, have offered themselves for re-appointment. Information as required under Regulation 36(3) of the Listing Regulations is provided in the Notice of 27th AGM.

Meetings of the Board

Regular meetings of the Board are held to discuss and decide on various business policies, strategies, financial matters and other businesses. The schedule of the Board/Committee meetings to be held in the forthcoming quarter is circulated to the Directors in advance to enable them to plan their schedule for effective participation in the meetings. Due to business exigencies, the Board has also been approving some proposals by circulation from time to time.

During the year under review, four Board Meetings were convened and held and the interim gap between the meetings was as per the period prescribed under the Companies Act, 2013.

S. No	Date of Board Meeting	Board Strength	No. of Directors Present
1.	26 th May, 2018	10	10
2.	04 th August, 2018	10	09
3.	05 th November, 2018	11	10
4.	02 nd February 2019	10	09

Additionally, several Committee meetings were held during the year including Audit Committee. The detailed information on the meetings of the Committees are included in the Report on Corporate Governance, which forms part of this Annual Report.

Policy on Director's appointment and remuneration

The current policy is to have an appropriate mix of executive and Independent Directors to maintain the independence of the Board, and separate its functions of governance and management. As on 31st March, 2019, the Board consists of ten members, two of whom are Executive or Whole-Time Directors, two are Non-Executive Directors including one woman Director and six are Independent Directors. The Board periodically evaluates the need for change in its composition and size.

The Policy of the Company on Director's appointment and remuneration including criteria for determining qualifications, positive attributes, independence of Directors and other matters provided under Section 178 (3) of the Companies Act, 2013 is adopted by the Board. The remuneration paid to the Directors is as per the provisions of Companies Act, 2013 and the rules thereunder. **Annexure-IIA**, Policy for Selection of Directors and determining Director's Independence and Appointment and Remuneration Policies are annexed as **Annexure – IIB**.

Declaration by Independent Directors

The Company has received necessary declarations from each Independent Director as per the provisions of Section 149(7) of the Companies Act, 2013, that they meet the criteria of Independence as laid down in Section 149(6) of the Companies Act, 2013 and Regulation 16 (1) (b) of the SEBI (LODR) Regulations, 2015 ("the Listing Regulations")

Directors' Remuneration Policy and Criteria for matters under Section 178

As stipulated under Section 178 of the Act and based on the recommendation of the Nomination and Remuneration Committee, the Board has approved a Nomination and Remuneration Policy of the Company. The Policy documents the mechanism for appointment, cessation, evaluation and remuneration of the Directors, Key Managerial Personnel and Senior Management of the Company. Information on the Policy and details of the criteria for determining qualifications, positive attributes and other matters in terms of Section 178 of the Act are provided in the Corporate Governance Report.

Information on Board Meeting Procedure and attendance during the Financial Year 2018-19

The Board meetings of the Company are conducted as per the provisions of the Act, Listing Regulations and applicable Secretarial Standards. Information as mentioned in the Act and

Schedule II to the Listing Regulations and all other material information, as may be decided by the management, is placed for consideration of the Board. Details on the matters to be discussed along with relevant supporting documents, data and other information is also furnished in the form of detailed agenda to the Board and the Committees concerned, to enable directors take critical decisions and accordingly advise the management.

Details regarding information furnished to the Board members, number of Committee and Board meetings held during the year along with attendance record of each director has been disclosed in the Corporate Governance Report of the Company.

Performance Evaluation of the Board

The Company has devised a Policy for performance evaluation of Independent Directors, Board, Committees and other individual Directors, which includes criteria for performance evaluation of the Non-Executive Directors and Executive Directors. On the basis of the laid out Policy, a process of evaluation was followed by the Board for its own performance and that of its Committees and individual Directors including Chairman.

The Company is committed to benchmark itself with best practices and standards in all areas including Corporate Governance. To this end, the Board has the analytical and functional support of Committee of Directors, Audit Committee, Nomination & Remuneration Committee & Corporate Social Responsibility Committee. The system brings insight & effectiveness in to the designated areas of Corporate Governance.

Committees of the Board

Currently, the Board has Six Committees which have been established in compliance with the requirements of the business and relevant provisions of the applicable laws and statutes. These are:

1. Audit Committee,
2. Nomination and Remuneration Committee,
3. Corporate Social Responsibility Committee,
4. Stakeholders Relationship Committee
5. Share Transfer & Allotment Committee and
6. Finance Committee.

The details with respect to the composition, terms of reference, number of meetings held etc. of these Committees are given in the Report on Corporate Governance which forms part of this Annual Report.

Corporate Social Responsibility (CSR) Committee

In compliance with Section 135 of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy), Rules, 2014, the Company has established Corporate Social Responsibility Committee (the "CSR Committee") and statutory disclosures with respect to the CSR Committee and an annual report on CSR activities forms part of this Report as Annexure VI.

In this regard following the recommendation of the said Committee, the Board has approved the CSR policy, which is also available on the website of the Company i.e. www.sandhargroup.com.

The composition of the CSR Committee is covered under the Corporate Governance Report which forms the part of the Annual Report.

Insider Trading Policy for prevention of insider trading and fair disclosure of Unpublished Price Sensitive Information

In terms of the SEBI (Prohibition of Insider Trading) Regulations, 2015, the Company has adopted a "**Insider Trading Policy**". Further, the Company has also adopted a "Corporate Policy on Investor Relations"

The Company has amended the Insider Trading Policy and Corporate Policy on Investor Relations in line with the SEBI (Prohibition of Insider Trading) (Amendment) Regulations, 2018. This policy includes Policy for Determination of Legitimate Purposes and Policy for procedure of Inquiry in case of Leak of Unpublished Price Sensitive Information ("UPSI"). The Company has automated the declarations and disclosures to identified designated persons, and the Board reviews the policy on need basis. The amended policy is available on our website, at www.sandhargroup.com.

The **Insider Trading Policy** and **Corporate Policy on Investor Relations** are drawn up on the principle that the Company's directors and employees owe a fiduciary duty, amongst others, to the shareholders of the Company to place the interest of shareholders above their own and conduct their personal securities transactions in a manner that does not give rise to any conflict of interest. These codes lay down the mechanism for ensuring timely and adequate disclosure of Unpublished Price Sensitive Information ("UPSI") to the investor community by the Company to enable them take informed investment decisions with regard to its securities.

The Insider Trading Policy prescribes the procedure for trading in securities of the Company and the disclosures to be made by persons covered under the Insider Trading Policy with respect to their shareholding in the Company, both direct and indirect.

Directors' Responsibility Statement

Pursuant to the provisions of Section 134(5) your Directors state that:

1. In the preparation of annual accounts for the year ended 31st March, 2019, the applicable accounting standards read with requirements set out under Schedule III to the Act, have been followed along with proper explanation relating to material departures;
2. The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31st March, 2019 and of the Profit of the Company for the year ended on that date;
3. The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities, and

4. The Directors have prepared the annual accounts on a going concern basis.
5. The Directors have laid down Internal Financial Controls to be followed by the Company have been laid down and that such internal financial controls are adequate and operating effectively.
6. The Directors have devised proper systems to ensure compliance with the provisions of all the applicable laws and that such Systems are adequate and operating effectively.

Policies of the Company

The Company is committed to high ethical standards in its business transactions guided by its value systems. The Listing Regulations mandate formulation of certain policies for listed companies. Accordingly, the Board of Directors has from time to time framed and approved policies as required by the Listing Regulations as well as under the Act. These policies are reviewed by the Board at periodic intervals.

Some of the key policies that have been adopted till date are as follows:

S. No	Name of Policy
1.	Code of Conduct Policy
2.	Determination of Materiality and Dealing with Related Party Transactions
3.	Remuneration Policy
4.	Whistle Blower Policy
5.	Independent Director Policy
6.	Policy on Material Subsidiaries
7.	Insider Trading Policy & Corporate Policy on Investor Relations
8.	CSR Policy
9.	Policy for preservation of Documents and Archival of Documents
10.	Policy on familiarisation of Independent Directors
11.	Policy for Determination of Materiality of Events

The Policies are available on the Company's website on the link www.sandhargroup.com/investor-relations/corporate-governance.

Business Risk Management

Pursuant to Section 134 (3) (n) of the Companies Act, 2013 the Company may constitute a Business Risk Management Committee which shall be entrusted with the responsibility to assist the Board in:

- Formulating and implementing Risk Management Policy;
- Overseeing and approving the Company's enterprise wide risk management framework; and
- Overseeing that all the risks that the Company faces such as strategic, financial, credit, market, liquidity, property, IT, legal, regulatory, reputational, employee and other risks have been identified and assessed and there is an adequate risk management infrastructure in place capable of addressing those risks.

At present the Company has not identified any element of risk which may perceptibly threaten the existence of the Company.

Credit rating:

During the year under review, ICRA Ltd, a credit rating agency registered with SEBI had improved the long term rating ICRA AA-/stable from ICRA A+ and reaffirmed ICRA A1+ from ICRA A1 for short term rating. India Rating & Research, a credit rating agency registered with SEBI had improved the long term rating IND AA-/stable from IND A+ and reaffirmed IND A1+ from IND A1 for short term rating.

Familiarisation Programmes

With a view to familiarising the independent directors with the Company's operations, as required under regulation 25(7) of the SEBI Listing Regulations, 2015, the Company held familiarisation programmes for the independent directors on an ongoing and continuous basis. The details of such familiarisation programmes are placed on website www.sandhargroup.com/uploads/downloads/details-of-familiarization-programmes-for-independent-directors-1.pdf

Vigil Mechanism / Whistle Blower Policy

The Vigil Mechanism of the Company, which also incorporates a Whistle Blower Policy is in place. There has been no case to report for the year 2018-2019, no individual was denied access to the Audit Committee for reporting concerns, if any. The Whistle Blower Policy was amended in line with SEBI (Prohibition of Insider Trading) (Amendment) Regulations, 2018 ("the insider trading regulations"), enabling employees to report any violations under the insider trading regulations and leak of Unpublished Price-Sensitive Information (UPS). The amended policy is available on the Company's website at www.sandhargroup.com

Disclosure under Sexual Harassment of Women at Work place (Prevention, Prohibition & Redressal) Act, 2013

There has been no case during the year requiring to be reported during the year under review.

Auditors

M/s. BSR & Co. LLP, Chartered Accountants (Firm's Registration No. 101248W/W-00022), hold office up to the conclusion of the 30th AGM.

M/s. BSR & Co. LLP were appointed as Statutory Auditors of the Company from the conclusion of 25th AGM i.e. from 29th July, 2017. In terms of the proviso to Section 139(1) of the Act, the said appointment was subject to ratification by Members at every AGM held during the tenure of their appointment. The proviso to Section 139(1) of the Act has been omitted by the Companies (Amendment) Act, 2017 with effect from 7th May, 2018; accordingly, the requirement of ratifying appointment of statutory auditors at every annual general meeting, during their tenure of appointment, has been dispensed with.

The Auditors' Reports, including the one on Internal Financial Controls, does not carry any observation or infirmity in the Company's affairs.

Secretarial Audit

Pursuant to the provisions of the Companies Act, 2013, M/s. K.K. Sachdeva & Associates, a firm of Company Secretaries in Practice had been appointed to undertake the Secretarial Audit, whose Audit Report is annexed vide **Annexure – III**. The Secretarial Audit Report does not contain any qualification, reservation or adverse remark.

Cost Audit

The Board on the recommendation of Audit Committee approved the appointment of M/s. A.N. Satija & Co, Cost Auditors for conducting the audit of cost records of the Company for its business for the financial year 2019-2020.

Secretarial Standards

During the year under review, the Company has complied with the provisions of the applicable Secretarial Standards issued by Institute of Companies Secretaries of India. The Company has devised proper systems to ensure compliance with the provisions of all applicable Secretarial Standards issued by the Institute of Company Secretaries of India and such systems are adequate and operating effectively

Internal Control Systems and Adequacy thereof

The Company's internal control systems as laid down are commensurate with the nature of its business, the size and the complexity of its operations. These are tested and certified by Statutory as well as Internal Auditors and cover all factories and key areas of business. Significant audit observations and follow up action thereon are reported to the Audit Committee. The Audit Committee, as aforesaid, reviews adequacy and effectiveness of the Company's internal control environment including in-house Commercial Audit headed by a senior professional and monitors the implementation of audit recommendations, including those relating to strengthening and adequacy of the Company's Risk Management policies and systems.

Extract of Annual Return

In terms of Sections 92(3) and 134(3) (a) of the Act and Rules made there under, extract of the Annual Return in Form No. MGT-9 is annexed as **Annexure- IV** to this Report.

Annexure II A to Director Report, 2019

Policy for Selection of Directors and determining Director's Independence

Background

Sandhar Technologies Ltd. (including its subsidiaries) (hereinafter referred as the 'Company') believes in the conduct of its affairs in a fair and transparent manner by adopting highest standards of professionalism, honesty, integrity and ethical in complete compliance of laws.

Authority for Laying Down the Criteria for Performance Evaluation of Board & Independent Directors

The Nomination & Remuneration Committee of the Company shall lay out the criteria for performance evaluation of the Board & Independent Directors, which shall be approved by the Board. The evaluation shall be done by the entire Board (excluding the director being evaluated). The criteria shall be reviewed by the Nomination & Remuneration Committee and the Board from time to time.

Brief Overview of the Provisions of Companies Act, 2013

In terms of Section 178 of the Act, and Regulation 19 read with Schedule II to the Listing Regulations. The Nomination and Remuneration Committee has laid down the criteria for performance evaluation of the Board as a whole, its Committees and individual directors. Based thereon, the evaluation is carried out by The Nomination and Remuneration Committee and the Board.

The Nomination and Remuneration Committee shall identify persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, recommend to the Board their appointment and removal and shall carry out evaluation of every director's performance (Section 178 & Companies (Meetings of Board and its Powers) Rules 2014)

The performance evaluation of independent directors (as defined in these provisions) shall be done by the entire Board of Directors, excluding the director being evaluated. On the basis of the report of performance evaluation, it shall be determined whether to extend or continue the term of appointment of the independent director (Section 149 – Schedule IV & Companies (Appointment and Qualification of Directors) Rules 2014 & Regulation 19 read with Schedule II to the Listing Regulations

Code for Independent Directors has been laid down. (Section 149 – Schedule IV & Regulation 19 read with Schedule II to the Listing Regulations

Individual Director Evaluation & Overall Board Evaluation Process

The criteria are based for assessment of peer directors and assessment of the overall performance of the Board.

EACH DIRECTOR has to complete an evaluation sheet by giving the appropriate rating number related to each of the criteria mentioned below that most closely reflects: -

- performance of individual peer directors, and
- overall performance of the Board.

For each of the criteria, rating number ranges between 1 and 5 as follows: -

01-indicating minimum positive.

05-indicating maximum positive.

00- indicating where the particular criterion is not applicable or Director does not have enough knowledge or information.

Separate sheet would be provided to each director for evaluation.

The ratings will be compiled and placed before the Board for discussions and evaluation.

The evaluation exercise is to be completed within a time frame.

Rating Criteria (Ratings from 1-5)

Individual Peer Review (By all directors)

- Whether the Directors uphold ethical standards of honesty and virtue?
- Whether the Directors have appropriate qualifications to meet the objectives of the Company?
- Whether they have financial/accounting or business literacy/ skills?

- Whether Board / Committee dedicate appropriate time and resources needed to execute their responsibilities?
- Whether Agenda and related information are circulated in advance of Board / Committee meetings to allow Directors sufficient time to study and understand the information?
- Whether written materials provided to Board / Committee members are relevant and concise?
- Whether the Chairman encourages inputs on agenda of Board / Committee meetings from their members, management, the internal auditors, and the independent auditor?
- Whether meetings of Board / Committee are conducted effectively, with sufficient time spent on significant matters?
- How well does management respond to request from the Board/ Committee for clarification or additional information?
- Whether proper minutes are maintained of each meeting of Board / Committee?
- Whether Board / Committee meetings are held with enough frequency to fulfil the Board's /Committee's duties?
- Whether Board / Committee (as required) consider the quality and appropriateness of financial/ accounting and reporting, including the transparency of disclosures?
- Whether Board / Committee consider the statutory audit plan and provide recommendations?
- Whether Board / Committee ensure that management takes action to achieve resolution when there are repeat comments from statutory auditors?
- Whether adjustments to the financial statements that resulted from the statutory audit are reviewed by the Audit Committee, regardless of whether they were recorded by management?

- Whether Board / Committee oversee the role of the statutory auditors and have an effective process to evaluate the auditor's qualifications and performance?
- Whether Board / Committee review the audit fees paid to the statutory auditors?
- Whether Board/ Committee consider internal audit reports, management's responses, and steps toward improvement?
- Whether Board/ Committee oversee the process and are notified of communications received from governmental or regulatory agencies related to alleged violations or areas of non-compliance?
- Whether the contributions of the Board/ Committee to ensuring robust and effective risk management are adequate?

Evaluation Criteria for Independent Directors

Each Independent director shall be evaluated by all other Directors of the Board BUT not by the Independent Director themselves.

Rating Criteria for **PEER REVIEW** (by all Directors) as stated hereinabove shall also apply to Independent directors to the extent there is no overlapping with the Rating Criteria of Independent Directors as stated hereinafter.

Whether Independent director/s (ID) follow professional Conduct, carry out their Roles and Functions and Duties as required in section 149 and Schedule IV of the Companies Act 2013 & given herein below?

Evaluation based on professional conduct

- Whether ID upholds ethical standards of integrity and probity?
- Whether ID acts objectively and constructively while exercising their duties?
- Whether ID exercises his/her responsibilities in a bona fide manner in the interest of the Company?
- Whether ID devotes sufficient time and attention to his/her professional obligations for informed and balanced decision making?
- Whether ID not allow any extraneous considerations that will vitiate his/her exercise of objective independent judgment in the paramount interest of the Company as a whole, while concurring in or dissenting from the collective judgment of the Board in its decision making?
- Whether ID does not abuse his/her positions to the detriment of the Company or its shareholders or for the purpose of gaining direct or indirect personal advantage or advantage for any associated person?
- Whether ID refrains from any action that would lead to loss of his/her independence?
- Where circumstances arise which make an independent director lose his/her independence, whether the independent director has immediately informed the Board accordingly?

- Whether ID assists the Company in implementing the best corporate governance practices?

Evaluation based on Role and functions

- Whether ID helps in bringing an independent judgment to bear on the Board's deliberations especially on issues of strategy, performance, risk management, resources, key appointments and standards of conduct?
- Whether ID brings an objective view in the evaluation of the performance of Board and management?
- Whether ID organization the performance of management in meeting agreed goals and objectives and monitor the reporting of performance?
- Whether ID satisfies himself/herself on the integrity of financial information and that financial control and the systems of risk management are robust and defensible?
- Whether ID has taken actions to safeguard the interests of all stakeholders, particularly the minority shareholders?
- Whether IDs balances the conflicting interest of the stakeholders?
- Whether ID during the Board/ Committee meetings along with other members determines appropriate levels of remuneration of executive directors, key managerial personnel and senior management and has a prime role in appointing and where necessary recommend removal of executive directors, key managerial personnel and senior management?
- Whether ID moderates and arbitrates in the interest of the Company as a whole, in situations of conflict between management and shareholder's interest?

Evaluation based on Duties

- Whether ID undertakes appropriate induction and regularly update and refresh his/her skills, knowledge and familiarity with the Company?
- Whether ID seeks appropriate clarification or amplification of information and, where necessary, take and follow appropriate professional advice and opinion of outside experts?
- Whether IDs strive to attend all meetings of the Board of Directors and of the Committees of which he/she is a member?

- Whether ID participates constructively and actively in the Committees of the Board in which he/she is chairperson or member?
- Whether ID strives to attend the general meetings of the Company?
- Where ID has concerns about the running of the Company or a proposed action, whether he/she ensures that these are addressed by the Board and, to the extent that they are not resolved, insist that their concerns are recorded in the minutes of the Board meeting?
- Whether ID does not unfairly obstruct the functioning of an otherwise proper Board or Committee of the Board?
- Whether ID gives sufficient attention and ensure that adequate deliberations are held before approving related party transactions and assure himself/herself that the same are in the interest of the Company?
- Whether ID ascertains and ensures that the Company has an adequate and functional vigil mechanism and also ensures that the interests of a person who uses such mechanism are not prejudicially affected on account of such use?
- Whether ID reports concerns about unethical, actual or suspected fraud or violation of the Company's Code of Conduct?
- Whether ID acts within his/her authority, assist in protecting the legitimate interests of the Company, shareholders and its employees?
- Whether ID does not disclose confidential information, including commercial secrets, technologies, advertising and sales promotion plans, unpublished price sensitive information, unless such disclosure is expressly approved by the Board or required by law?

COMPLIANCES

All evaluation shall be done annually.

Criteria and Evaluation shall be disclosed in the Annual Report of the Company.

On the basis of the report of performance evaluation, it shall be determined by the Nomination & Remuneration Committee & Board whether to extend or continue the term of appointment of the independent director subject to all other applicable compliances.

Annexure II B to Director Report, 2019

Remuneration Policy for Directors, Key Managerial Personnel and other Employees

Background

Sandhar Technologies Ltd. (including its subsidiaries) (hereinafter referred as the 'Company') believes in the conduct of its affairs in a fair and transparent manner by adopting highest standards of professionalism, honesty, integrity and ethical and in complete compliance of laws.

Brief Overview of Provisions under Companies Act, 2013

[Section 178 & Companies [Meetings of Board and its Powers] Rules, 2014] provides for:

Constitution of Nomination and Remuneration Committee consisting of three or more non-executive directors out of which not less than one-half shall be independent directors.

The Nomination and Remuneration Committee shall identify persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, recommend to the Board their appointment and removal and shall specify the manner for effective evaluation of performance of Board, its committees and individual directors to be carried out either by the Board, by the Nomination and Remuneration Committee or by an independent external agency and review its implementation and compliance.

The Nomination and Remuneration Committee shall formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees.

The Nomination and Remuneration Committee shall, while formulating the policy ensure that:-

- the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;
- relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals.

such policy shall be placed on the website of the company the salient features of the policy and changes therein, if any, along with the web address of the policy shall be disclosed in the Board's report.

Present Position of Directors & KMP of the Company

There exists a Nomination and Remuneration Committee of the Board of Directors (Board).

As on 31st March, 2019 there are total 10(Ten) directors as members of the Board of Directors of the Company (Board) out of which there are 8(Eight) Non-Executive Directors. Of the 2 (Two) Non -Executive Directors, 6 (Six) are also independent and the remaining 2(Two) are Executive Directors who are not independent. The Key Managerial Personnel (KMP) consists of Managing Director and employee Whole Time Director who also is the Chief Financial Officer and Company Secretary.

Terms of Reference of Nomination and Remuneration Committee

- Formulation of the criteria for determining qualifications, positive attributes and independence of a director and recommend to the board of directors a policy relating to, the remuneration of the directors, key managerial personnel and other employees
- Formulation of criteria for evaluation of performance of independent directors, board of directors, its committees and individual directors to be carried out either by the Board, by the Nomination and Remuneration Committee or by an independent external agency and review its implementation and compliance
- Devising a policy on diversity of board of directors;
- Identifying persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, and recommend to the board of directors their appointment and removal.
- Whether to extend or continue the term of appointment of the independent director, on the basis of the report of performance evaluation of independent directors.
- Recommend to the board, all remuneration, in whatever form, payable to senior management.
- To develop a succession plan for the Board and to regularly review the plan.

Criteria for Determining the Following: -

Qualifications for appointment of Directors (including Independent Directors): -

- No specific qualification/s for Directors Persons of eminence, standing and knowledge with significant achievements in business, professions and/or public service.

- Their financial or business literacy/skills.
- Their automotive / allied industry experience.
- Appropriate other qualification/experience to meet the objectives of the Company.
- Applicable provisions of Companies Act 2013, its Rules and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The above qualifications, (other than the statutory requirements which are mandatory), are preferable and desirable with absolute discretion to the Nomination and Remuneration Committee to consider and keep in view any other criteria or norms for selection of the most suitable candidate/s.

Positive attributes of Directors (including Independent Directors):-

- Directors are to demonstrate integrity, credibility, trustworthiness, ability to handle conflict constructively, and the willingness to address issues proactively.
- They are to actively refresh their knowledge and skill with the latest developments in the automotive and allied industry, market conditions and applicable legal provisions.
- They are to show willingness to devote sufficient time and attention for the Company and its business and execute their responsibilities
- They are to assist in bringing independent judgments to bear on the Board's deliberations especially on issues of strategy, performance, risk management, resources, key appointments and standards of conduct.
- They are able to develop a good working relationship with other Board members and contribute to the Board's working relationship with the senior management of the Company.
- They are to act within their authority, assist in protecting the legitimate interests of the Company, its shareholders and employees

Conditions of Independence of Directors: -

In compliance of terms of the Companies Act 2013 and its Rules [Section 149 – Schedule IV- Code for Independent Directors & Companies [Appointment and Qualification of Directors] Rules 2014] and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time.

Criteria for appointment in Senior Management including KMP: -

- Their required qualifications, experience, skills& expertise to effectively meet their areas of work, duties and responsibilities.
- Their Automotives/ allied industry experience.
- Their ability to assume the responsibilities and duties of their posts effectually.

- Appropriate other qualification/experience to meet the objectives of the Company.

Policy Relating to Remuneration of Directors, KMP & other Employees (On Appointment/ Subsequent Increases

- The Company shall ensure that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors, KMP and other employees of the quality required to run the Company successfully.
- It should be ensured that no director/KMP/ other employee are involved in deciding his or her own remuneration.
- The market rates/ quantum and structures of remuneration as applicable to the comparable organisations in the similar business spheres should be given due consideration.
- It is to be ensured that relationship of remuneration to the performance is clear & meets appropriate performance benchmarks.
- Performance benchmarks are laid down.
- Increase in remuneration should provide rewards for improved performance.
- Remuneration packages should strike a balance between fixed and incentive pay, where applicable, reflecting short and long term performance objectives appropriate to the Company's working and goals.

Following criteria are also to be considered: -

- Responsibilities and duties;
- Time & efforts devoted;
- Value addition;
- Profitability of the Company & growth of its business;
- Analyzing each and every position and skills for fixing the remuneration yardstick;
- Standards for certain functions/Departments like Die Casting, Plastic Injection Moulding production, Manufacturing Engineering, Quality Assurance, Maintenance & Business Development, where there is a huge scarcity of qualified resource;
- Ensuring tax efficient remuneration structures;
- Ensuring that remuneration structure is simple and that the Cost to the Company {CTC} is not shown inflated and, in comparison, the effective take home remuneration is not low;
- Any other criteria as may be applicable.

Consistent treatment of remuneration parameters across the organization.

Provisions of law with regard making payment of remuneration, as may be applicable, are complied.

Whenever, there is any deviation from the Policy, the justification/ reasons should also be indicated/disclosed adequately

Annexure III to Director Report, 2019

Secretarial Audit Report

For the Financial Year Ended on 31st March, 2019

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Sandhar Technologies Limited
B-6/20, L.S.C, Safdarjung Enclave,
New Delhi- 110029

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Sandhar Technologies Limited (CIN: L74999DL1987PLC029553)** (hereinafter called "the Company"). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on **31st March, 2019** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31st March, 2019** according to the provisions of:

1. The Companies Act, 2013 (the Act) read with the applicable provisions of Companies Amendment Act, 2017 and the Rules made thereunder;
2. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
3. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
4. The Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; and
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - i. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - ii. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - iii. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 (Not Applicable to the Company during the Audit period);
 - iv. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (Not Applicable to the Company during the audit period);
 - v. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (Not Applicable to the Company during the Audit period);
 - vi. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - vii. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (Not Applicable to the Company during the Audit period);
 - viii. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 (Not Applicable to the Company during the Audit period); and
 - ix. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015
6. We further report that having regard to compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the following laws applicable specifically to the Company:
 - i. The Factories Act, 1948;
 - ii. The Competition Act, 2002;

- iii. The Industries (Development and Regulation) Act, 1951 and rules/ regulations framed thereunder;
- iv. The Petroleum Act, 1934 and the rules made thereunder;
- v. The Environment Protection Act, 1986 and the rules made thereunder;
- vi. The Water (Prevention and Control of Pollution) Act, 1974 and the rules made thereunder;
- vii. The Air (Prevention and Control of Pollution) Act, 1981 and the rules made thereunder;
- viii. Noise Pollution (Regulation and control) Rules 2000;
- ix. The Goods and Service Tax Act, 2017;
- x. The Shop and Establishment Act, 1948;
- xi. The Industrial Disputes Act, 1947;
- xii. The Workmen's Compensation Act, 1923;
- xiii. The Payment of Wages Act, 1936
- xiv. The Minimum Wages Act, 1948;
- xv. The Payment of Bonus Act, 1965; and
- xvi. Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013

We further report that the compliance by the Company of applicable financial laws, like direct and indirect tax laws, has not been reviewed in this Audit since the same have been subject to review by statutory financial audit and other designated laws.

We have also examined compliance with the applicable clauses of the following:

1. Secretarial Standards (SS) with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by the Institute of Company Secretaries of India.
2. The Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange of India Limited.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and Women Director.

The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, Agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All the decisions at Board and Committee Meetings were carried out through unanimous consent as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period,

- a) M/S Sandhar Technologies Limited and Whetron Electronic Co. Ltd. (Company incorporated under the laws of Republic of China) have entered into Joint Venture Agreement dated 21st day of June, 2018 with the purpose of manufacturing and selling electronic parts and accessories for the automotive industries in India and pursuant to same established Sandhar Whetron Electronics Private Limited on 19th July, 2018 as a Joint Venture enterprise.
- b) M/S Sandhar Technologies Limited and Kwangsung Corporation Limited (established under the laws of Republic of Korea) have entered into Joint Venture Agreement dated 30th day of October, 2018 with the purpose of manufacturing and selling interior and exterior parts, plastic moulded parts and accessories for the passenger and utility vehicles and pursuant to same established Kwangsung Sandhar Technologies Private Limited on 6th February, 2019 as Joint Venture enterprise.

Shri Jayant Davar
(Chairman CSR Committee)

Shri Arvind Joshi
(Whole Time Director, Chief Financial Officer & Company Secretary)

Annexure VII to Director Report, 2019

Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo

[Section 134(3) (m) of The Companies Act, 2013 read with Rule 8(3) of the Companies (Account) Rules, 2014]

Energy Conservation, Technology Absorption (18-19)

Particulars of Energy Conservation, Technology Absorption and Foreign Exchange Earnings and Outgo Pursuant to section 134(3) (m) of Companies Act, 2013 read with the Companies (Accounts) Rules, 2014

A. Conservation of Energy

(i) Steps taken or impact on conservation of Energy

The Company has constantly been emphasizing an optimization of energy consumption in every possible area in its units. Various avenues are being explored at periodic interval and after careful analysis and planning measures are being initiated to minimise the consumption of energy by optimum utilization of energy consuming equipment. During the year under review, the following measures were initiated/ adopted for conservation and optimum utilization of energy.

- a) Conversion of Conventional Sodium/CFL lights to LED lights in our 22 units
- b) Various energy saving projects:
 - i) Air Compressor motor operation converted from Star delta to VFD for energy conservation.
 - ii) Conversion of Diesel burner into electrical heating in PDC Zinc bath.
 - iii) Changing the main compressed air PU pipe line with Aluminium pipe line for arresting air leakages.
 - iv) Installing timer and alarm system in Jig Coating Oven.
 - v) Installing Light Dependent Resistor (LDR) on street lights.
 - vi) VFD controlled Compressors in new projects.
 - vii) Monitoring & Interlocking of all machines for Idle Running & stopping for the same.
 - viii) Power Factor Improvement by installing APFC & CT panels.
 - ix) Sanction Load Reduction for Savings as per the present optimized condition.
 - x) Use of natural lights & Wind ventilators in most of the units & new projects as standard.
 - xi) Water conservation measures by Water balancing & using 90-95% efficient ETP system with Zero Liquid Discharge.
 - xii) Compressed Air conservation measures with FAD analysis & leakage control.

IMPACT: 8, 97,099 Kwh overall

(ii) Steps Taken for utilising alternate sources of Energy

- a. Solar Plants installation total of 1814 Kwp in (18-19).
- b. Solar Plants planned for new STL Units 930 Kwp in (19-20).

IMPACT: 18, 50,270 Kwh overall

(iii) Capital investment on Energy conservation equipment

Total Investment: 1.85 Cr

(iv) Green Initiatives

- a) Co-processing of Paint Sludge instead of Landfilling for reducing the burden of hazardous waste disposal on Environment thereby saving ₹31 Lakhs per Annum.
- b) Furnace fuel changed from HSD to LPG which is a cleaner and environment friendly source of fuel thereby saved ₹34 Lakhs per Annum.
- c) Wet scrubber system installed in the processes like shot blasting etc for better environmental condition.
- d) Feasibility Study of CNG/PNG gas (Clean fuel) use instead of Diesel in Oven.
- e) Feasibility Study of Bio-gasifier (Clean fuel) use instead of Diesel in Oven.

B. Technology Absorption

(i) Efforts made towards technology absorption:

- a) Robotic technology used for Welding & Painting Process instead of manual process for better quality performance & to reduce wastages & by 20-22%.
- b) Electrostatic technology used for Painting Systems. Net Efficiency increased from 30% to 65%.

C. Foreign Exchange Earning and Outflow

PRACTICING COMPANY SECRETARY'S CERTIFICATE ON CORPORATE GOVERNANCE

The Members,

Sandhar Technologies Limited

B-6/20 L.S.C. Safdarjung Enclave,
New Delhi-110029

We have examined the compliance of conditions of corporate governance by Sandhar Technologies Limited (hereinafter referred "the Company"), for the year ended on 31st March, 2019 as stipulated in relevant provisions of Securities and Exchange Board of India (Listing Obligations and Disclosures requirements) Regulations, 2015.

The compliance of conditions of corporate governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of corporate governance as stipulated in the above mentioned Listing Regulations, as applicable.

We further state that such compliance is neither an assurance as to the future viability of the Company nor efficiency or effectiveness with which the management has conducted the affairs of the Company

REPORT ON CORPORATE GOVERNANCE

The Securities and Exchange Board of India (SEBI) vide its notification no. SEBI/LAD-NRO/GN/2015-16/013 dated 2nd September, 2015, notified the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations"). This report elucidates the systems and processes followed by Sandhar to ensure compliance of corporate governance requirements under the Listing Regulations and the Companies Act, 2013 ("Act").

The Listing Regulations became applicable to the Company w.e.f. 02nd April, 2018, i.e. the date when the Equity Shares of face value of ₹10/- of the Company got listed on BSE Limited (BSE) and National Stock Exchange of India Limited (NSE). The information stated herein pertains to the financial year 2018-2019.

I. Philosophy:

Your Company is committed to set the highest standards of Corporate Governance right from its inception benchmarked with the best in class practices across the globe. Effective Corporate Governance is the manifestation of professional beliefs and values, which configures the organizational values, credo and actions of its employees. Transparency and accountability are the fundamental principles to sound Corporate Governance, which ensures that the organization is managed and monitored in a responsible manner for 'creating and sharing value'. It is the key element to carry on business operations based on the underlying principles of integrity, ethics, transparency and accountability. Systems and policies are required to be upgraded regularly, to meet the challenges of rapid growth in a dynamic business environment.

We believe that there is a need to view Corporate Governance as more than just regulatory requirements as there exists a fundamental link with the organization of business, corporate responsibility and shareholder's wealth maximization. Therefore, your Company is articulating a multi-stakeholder model (including shareholder value) of accountability that will manage the symbolic relationship between the various stakeholders. This approach will be central to the day-to-day functioning of your Company and in implementation of its business strategy.

We firmly believe that strong governance principles provide a nucleus for sustained value creation and build stronger bonds that safeguard interests of all stakeholders. Your Company's core philosophy revolves around Growth, Motivation and a Better Life. All employees of the Company are guided by the seven core values i.e. Spirit of accomplishment, Appropriate attitude, Never dying passion for excellence, Dynamic, Honest, Accountable and Reliable. These have been instilled in our corporate culture which is directed towards continuously improving the Corporate Governance framework and work ethos of your Company. At Sandhar, the Board of Directors (the 'Board') are at the core of our Corporate Governance practices and oversees how the Management serves and protects the long-term interests of our stakeholders. Our Corporate Governance framework ensures

that we make timely disclosures and share accurate information regarding our financials and performance, as well as the leadership and governance of the Company. The philosophy on corporate governance is well observed and forms part of the Company's Code of Conduct for Directors and Employees.

The Company is in compliance with the requirements stipulated under Regulation 17 to 27 read with Schedule V and clauses (b) to (i) of sub-regulation (2) of Regulation 46 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), as applicable, with regard to Corporate Governance.

II. Board of Directors:

Composition:

The composition of Board of Directors of the Company is governed by the relevant provisions of the Companies Act, 2013 and rules made thereunder, Regulation 17 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') and all other applicable laws and in accordance with the best practices in Corporate Governance.

The Corporate Governance philosophy of your Company establishes that the Board's independence is essential to bring objectivity and transparency in the Management and in the dealings of the Company.

As of 31st March, 2019, the Board of Directors comprises of 10 (ten) Directors, being a Non-Executive, Non-Independent Chairman, 6 Independent Directors, 1 Non-Executive Non-Independent Director, 1 Executive Director and Managing Director & Co-Chairman. The composition of Board of Directors represents optimal mix of professionalism, qualification, knowledge, skill sets, track record, integrity, expertise and diversity of experience as required in the automotive components business. The Board reviews its strength and combination from time to time to ensure that it remains aligned with the statutory as well as business requirements.

Further, as on 31st March, 2019:

1. None of the Directors on the Board held Directorships in more than ten Public Companies;
2. None of the Directors on the Board, was a member of more than ten committees, across all public limited companies in which he/she is a Director; and
3. None of the Directors of the Company was a chairman of more than five committees across all public limited companies in which he/she is a director.

For the purpose of sub-paragraphs (ii) and (iii) above, chairmanship/ membership of only the audit committee and/or the stakeholders' relationship committee have been considered.

Shri Dharmendar Nath Davar, Chairman, Shri Jayant Davar, Co-Chairman & Managing Director and Smt. Monica Davar Non- Executive Director of the Company are relatives in terms of the Act.

Composition of Board of Directors as on 31st March, 2019:-

III. Board Committees

The Board has constituted various Committees of Directors to monitor the activities in accordance with Board approved terms of reference. The Board Committees focus on specific areas and take informed decisions on the specific businesses assigned to them in the best interest of the Company.

The Committees also make specific recommendations to the Board on various matters whenever required. All observations, recommendations and decisions of the Committees are placed before the Board for information or for approval. The Company Secretary adheres to all the applicable laws and regulations for conducting the meeting of the Committees as adhered to the Board meetings. Some of the Committees of the Board were reconstituted to align with the provisions of the Companies Act, 2013, Listing Regulations and to meet the business requirements during the year under review. The terms of reference of the Board Committees are reviewed from time to time atleast annually to align the same with the regulatory/business requirements. The

Company has Six Board Committees as on 31st March, 2019, which are briefly described below:

A. Audit Committee

The primary objective of the Audit Committee is to act as a catalyst in helping the Company to achieve its objectives by overseeing the Integrity of the Company's Financial Statements; Adequacy & reliability of the Internal Control Systems of the Company; Compliance with legal & regulatory requirements and the Company's Code of Conduct; Performance of the Company's Statutory & Internal Auditors.

Audit Committee monitors & provides an effective supervision of the financial reporting process of the Company with a view to ensure accurate and timely disclosures with the highest level of transparency, integrity and quality.

a) Terms of Reference:

The Audit Committee was constituted by a meeting of the Board of Directors held on 31st May, 2010, the composition was altered by a circular resolution of the Board of Directors on 21st February, 2018 and then again reconstituted by a meeting of the Board of Directors held on 26th May, 2018 and by a circular resolution of the Board of Directors on 19th December, 2018. Our Company Secretary is the secretary of the Audit Committee. 7. major accounting entries involving estimates based on the exercise of judgment by management;
8. Significant adjustments made in the financial statements arising out of audit findings;
9. compliance with listing and other legal requirements relating to financial statements;
10. Disclosure of any related party transactions;
11. Modified opinion(s) in the draft audit report
12. Reviewing, with the management, the quarterly financial statements before submission to the board for approval
13. Reviewing, with the management, the statement of uses / application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilized for purposes other than those stated in the offer document / prospectus / notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public or rights issue, and making appropriate recommendations to the board to take up steps in this matter
14. Reviewing and monitoring the auditor's independence and performance, and effectiveness of audit process
15. Approval or any subsequent modification of transactions of the Company's with related parties;
16. Scrutiny of inter-corporate loans and investments
17. Valuation of undertakings or assets of the listed entity, wherever it is necessary
18. Evaluation of internal financial controls and risk management systems
19. Reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems;
20. Reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit
21. Discussion with internal auditors of any significant findings and follow up there on
22. Reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the board;
23. Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern
24. To look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
25. To review the functioning of the whistle blower mechanism
26. Approval of appointment of chief financial officer after assessing the qualifications, experience and background, etc. of the candidate

27. Carrying out any other function as is mentioned in the terms of reference of the audit committee
28. Reviewing the utilization of loans and/ or advances from/investment by the holding company in the subsidiary exceeding rupees 100 crore or 10% of the asset size of the subsidiary, whichever is lower including existing loans / advances / investments existing as on the date of coming into force of this provision.
29. Review management discussion and analysis of financial condition and results of operations;
30. Review statement of significant related party transactions (as defined by the audit committee), submitted by management;
31. Review management letters / letters of internal control weaknesses issued by the statutory auditors;
32. Review internal audit reports relating to internal control weaknesses; and
33. Review the appointment, removal and terms of remuneration of the chief internal auditor shall be subject to review by the audit committee.
34. Review statement of deviations:
35. Review quarterly statement of deviation(s) including report of monitoring agency, if applicable, submitted to stock exchange(s) in terms of Regulation 32(1).

36. Review annual statement of funds utilized for purposes other than those stated in the offer document/prospectus/notice in terms of Regulation 32(7)
37. Internal detailed review of the setup, procedures, systems, controls & organizational effectiveness of Sandhar Technologies Barcelona be arranged and the report be brought before the Audit Committee & the Board.
38. To review compliance with the provisions of Insider Trading Regulations at least once in a financial year and verify that the systems for internal control are adequate and are operating effectively.

The Audit Committee is required to meet at least four times in a year under Regulation 18 of the SEBI Listing Regulations.

The Chairman of the Audit Committee is a Non-Executive Independent Director of the Company.

b) Composition, Meetings & Attendance during the year

As on 31st March, 2019, the Audit Committee comprised of 3 members majority of them being Independent Directors in compliance with the provisions of Section 149 of the Companies Act, 2013 and Regulation 16 of the SEBI Listing Regulations. 3.	Shri Arvind Joshi	Member	Whole-Time Director, Chief Financial & Company Secretary

The Committee did not convene any meeting during the financial year 2018-2019.

IV. Remuneration Policy of Directors

The Company has a Board approved Remuneration Policy for Directors including Co-Chairman & Managing Director and is being reviewed on an annual basis. The details of the said policy are as follows:

A. Remuneration of Executive Directors

The remuneration of the Managing Director and Wholetime Director (Executive Directors) is recommended by the Nomination & Remuneration Committee (the "N&RC") to the Board for approval after considering the following factors, inter-alia:

- Function, role and responsibilities assigned;
- Benchmarking the same with the peers in the identical/similar industry;
- Industry benchmarking;
- Performance in the past and contribution to the long term strategies.

The Board considers the recommendations of N&RC and approves the remuneration, with or without modifications, subject to shareholders' and regulatory approvals. In the event of inadequacy of profit, the remuneration is regulated by Schedule V of the Companies Act, 2013 otherwise, to require the approval of the Central Government.

B. Remuneration of Non-Executive Directors

(i) Sitting Fees & Reimbursement of expenses

The NEDs are paid sitting fees for attending each meeting of the Board of Directors or any committee thereof as approved by the Board, within the permissible

limit prescribed under the Companies Act, 2013, Listing Regulations and other regulatory/statutory guidelines, as amended from time to time. Any change in sitting fees shall be recommended by the N&RC and approved by the Board of Directors of the Company. The N&RC considers the following factors while recommending the change in the sitting fees to the Board:

- Contribution expected from Directors considering size and complexity of organization,
- Comparison with the peers in the identical/similar industry/benchmarking,
- Regulatory guidelines as applicable, etc. The NEDs are entitled to reimbursement of expenses for participation in the meeting of the Board and Committees thereof.

The Board while approving the revision in the sitting fees payable to Directors for attending the meeting of the Board and Committees thereof, considers the recommendation of the N&RC.

(ii) Payment of Profit-based Commission to Non- Executive Directors

The Non- Executive Directors of the Company are paid profit based yearly commissions in accordance with the provisions of the Companies Act, 2013 subject to a maximum of 1% of the Net profits, over and above any fees and reimbursements payable to the NEDs, pursuant to the shareholders' resolution. The N&RC commends to the Board for such commission and the same is recommended by the Board for shareholders' approval for a period of five years and are renewed for a further period of five years.

(ii) Pecuniary transactions with Non- Executive Directors

During the year under review, there were no pecuniary transactions with any of the NEDs of the Company. The register of contracts is maintained by the Company under Section 189 of the Act and the same is placed before the Board for approval from time to time. The register so placed before the Board is signed by all the directors present at such meetings.

(iii) Details of remuneration to directors

The Company has no stock option plans for the directors and hence, it does not form part of the remuneration package payable to any Executive (Whole Time) and/or Non-Executive Director. During the year, the Company did not advance any loan to any of the executive and/or non-executive directors and the details of remuneration paid/payable to directors during 2018-2019 are provided in an **annexure to the Board's Report in Form MGT-9**, extract of the Annual Return.

for achieving sustainable and balanced growth of an organisation. The skills / expertise / competence of Directors are in the fields of:

1. Accountancy;
2. Economics;
3. Finance;
4. Law;
5. Information Technology;
6. Business Management;
7. Risk Management;
8. Human Resource; and
9. Technical knowledge of the auto component industry.

The Company's Board comprises professionals from different backgrounds. They bring on board perspective from different domains and these effectively contribute in enhancing functioning of the Board.

V. (a) Familiarisation Programme for Board Members

The Board of Directors has adopted a familiarization programme for its Independent Directors in accordance with Regulation 25 of the SEBI Listing Regulations. The aim of such Familiarisation Programme would be to familiarize Independent and other Directors of the Company to enable them to familiarize with the Company, its management, their roles, rights, responsibilities in the Company, nature of the auto component Industry, Business Model, Risk Management System, ERP systems encompassing Asset Management, Human Capital Management, Product Life Cycle Management, technology architecture and Information Security/ Cyber Security Awareness of the Company for the purpose of contributing significantly towards the growth of the Company.

During the financial year, Company familiarized the Directors on the Company's policies and procedures on a regular basis. Presentations/briefings were also made at the meeting of the Board of Directors/Committees by KMP's/ senior executives of the Company on industry scenario, Company's operating and financial performance, industrial relations status, marketing strategies, risk management etc.

The details of the familiarization programme of the Independent Directors are available on the website of the Company www.sandhargroup.com

V. (B) Skills / Expertise / Competence of Directors:

The Directors of the Company collectively bring with them a wide range of skills, expertise and competence with their rich experience, which enhances the quality of the Board's decision making process. The Company believes that building a diverse and inclusive culture is integral to its success. A diverse Board is able to leverage different skills, qualifications, professional experiences, perspectives and backgrounds, which is necessary

VI. Information Supplied/Available to The Board

The Directors are presented with important/critical information on the operations of the Company as well as that which requires deliberations at the highest level. The Board has complete access to all the relevant information within the Company and also access to the senior management of the Company and any additional information to make informed and timely decisions. All Board and Committee meetings are governed by structured agenda notes which are backed by comprehensive background along with relevant annexures.

The Board was presented with the information on various important matters of operations, risk management and business, new initiatives in business, budgets, financial results, update on Corporate Social Responsibility activities, minutes of Board and Committees of the Board, appointment and remuneration of the senior management, appointment/cessation of Key Managerial Personnel, details of joint ventures or collaborations, if any, information on subsidiaries, sale of investments, assets which are material in nature and not in the normal course of business, foreign exposure and non-compliance, if any with regulatory or statutory guidelines or in the Listing Regulations, etc., and other matters which are required to be placed before the Board in terms of the Companies Act, 2013, Listing Regulations. The Board and other Committees also approve various business proposals and regulatory approvals through circulations.

VII. Post Meeting Communication / Follow up System

The Company has an effective post meeting follow up procedure. The Company has a mechanism to track important decisions taken at the Board/Committee meetings till the closure of such decisions and a report on ongoing actionables (Action Taken Report) are being placed before the meeting of the Board/ Committees of the Board from time to time. Action Taken Report on the decisions taken in a meeting is placed at the succeeding meeting(s) of the Board/ Board Level Committees.

VIII. Material Subsidiaries

In terms of the requirement of the Policy on Material Subsidiaries, a subsidiary shall be considered as unlisted material subsidiary if its income or net worth exceeds ten (10) % of the consolidated income or net worth respectively, of the listed holding company and its subsidiaries in the immediately preceding accounting year.

During the year, the Company has amended the Policy for determining the Material Subsidiaries in line with the requirement of SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018. The amended policy is available on our website, at www.sandhargroup.com

In terms of the SEBI LODR amendment dated 9th May, 2018, effective from 1st April, 2019, the Company's foreign subsidiary viz. Sandhar Technologies Barcelona S.L. together with its step-down subsidiaries shall be considered as a Material Subsidiary.

The Audit Committee of the Company reviews the Consolidated Financial Statements of the Company and the investments made by its unlisted subsidiary companies. The minutes of the Board meetings along with a report on significant developments of the unlisted subsidiary companies are periodically placed before the Board of Directors of the Company.

IX. Management

(a) Management Discussion and Analysis report:

The Management Discussion and Analysis Report is given separately and forms part of this Annual Report.

(b) Disclosures on Related Party Transactions:

In compliance with the requirements of the SEBI Listing Regulations and following the provisions of Section 188(1) of the Companies Act, 2013, all Related Party contracts / arrangements / transactions entered by the Company during the financial year had been in the ordinary course of business and on arm's length basis, with Audit Committee having a domain role: the Board of Directors brought into picture, wherever necessary and/or obligatory. Therefore the provision of Section 188 of the Companies Act, 2013 were not attracted. There are no materially significant Related Party Transaction during the year under review made by the Company with promoters, directors or other designated person which may have a potential conflict with the interest of the Company at large. Thus, disclosure in Form AOC-2 is not required. Pertinent, in this context, is to say that, during the year, the Company has not entered into any contract / arrangement / transaction with related parties, which could be considered material in accordance with the policy of the Company on materiality of Related Party Transactions.

During the year, the Company has amended the Policy on materiality of related party transactions and dealing with related party transactions in line with the requirements of SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018. The key change include,

inter-alia, threshold limits for determining materiality. The amended policy is available on our website at www.sandhargroup.com

Related Party Transactions were disclosed to the Board on regular basis. Details of Related Party Transactions may be referred to in Note 31 of the Standalone Financial Statements

(c) Disclosure of accounting treatment in preparation of financial statements:

Pursuant to the provisions of Section 133 of Companies Act 2013 and Rule 4 (iii) (a) of Companies (Indian Accounting Standards) Rules 2015, the companies whose equity or debt securities were listed or were in the process of being listed on any stock exchange in India or outside India and having net worth of less than ` Five Hundred crores, had to comply with the Indian Accounting Standards (Ind AS), for the accounting periods beginning on or after April 01, 2017. Accordingly, Ind AS is applicable upon the Company and its subsidiaries beginning April 01, 2017.

(d) Details of non-compliance by the listed entity, penalties, structures imposed on the listed entity by stock exchange(s) or the board or any statutory authority, on any matter related to capital markets, during the last three years;

The equity shares of the Company got listed on the stock exchange(s) i.e. National Stock Exchange of India Limited ("NSE") and BSE Limited ("BSE") on April 02, 2018. For the Financial Year 2018-2019, there have been no instances of non-compliance by the Company for any matter related to the capital markets.

(e) Code of Conduct for Prevention of Insider Trading

Pursuant to SEBI (Prohibition of Insider Trading) Regulations, 2015, The Insider Trading Policy with Corporate Policy on Investor Relations was approved and adopted by the Company. The Insider Trading Policy is displayed on the website of the Company www.sandhargroup.com

(f) Managing Director & Chief Financial Officer certification:

The MD and the Chief Financial Officer ('CFO') have issued certificate pursuant to the provisions of Regulation 17 of the Listing Regulations certifying that the financial statements do not contain any materially untrue statement and these statements represent a true and fair view of the Company's affairs. They also certify that, to the best of their knowledge and belief, no transactions entered into during the year were fraudulent, illegal or in violation of the code of conduct of the Company, they are responsible for establishment and maintenance of the Internal Financial Controls for financial reporting and they have indicated to the auditors and the Audit Committee about any significant changes in internal control over financial reporting, significant changes in the accounting policies and instances of significant frauds, if any, which they were aware. The said certificate is annexed and forms part of this Annual Report.

(g) Code of Conduct:

The Board has formulated and adopted Code of Conduct and Ethics for the Board of Directors and Senior Management. The said code has been reviewed and approved by the Board at its meeting held on August 19th, 2014, as updated from time to time, and has been hosted on the website of the Company www.sandhargroup.com. All Board members and Senior Management Personnel affirmed compliance with the Code of Conduct.

(h) Sexual Harassment of Women at Workplace

Your Company is committed to creating and maintaining a secure work environment where its employees, agents, vendors and partners can work and pursue business together in an atmosphere free of harassment, exploitation and intimidation.

To empower women and protect women against sexual harassment, your Company has adopted a policy on prevention, prohibition and redressal of sexual harassment of Women at workplace in line with the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (India) and the Rules framed thereunder.

All employees (permanent, contractual, temporary, trainees) are covered under this policy. This policy allows employees to report sexual harassment at the workplace. The Internal Committee is empowered to look into all complaints of sexual harassment and facilitate free and fair enquiry process with clear timelines. During Financial Year 2018-2019, there has been no case during the year requiring to be reported during the year under review.

Disclosure of Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

No. of complaints filed during financial year : Nil
 No. of complaints disposed of during the financial year : Nil
 No. of complaints pending during the financial year : Nil

(i) Details of establishment of vigil mechanism, Whistle Blower Policy and affirmation that no personnel has been denied access to the Audit Committee

The Company has established a Whistle Blower Policy to enable stakeholders (including Directors, Employees, retainers, franchisees) to report unethical behaviour, actual

or suspected fraud or violation of the Company's Code of Conduct. The Policy provides adequate safeguards against victimization of Director(s)/ employee(s) and direct access to the Chairman of the Audit Committee in exceptional cases. The Protected Disclosures, if any reported under this Policy are to be appropriately and expeditiously investigated by the Ethics Committee. Your Company hereby affirms that no Director/ employee has been denied access to the Chairman of the Audit Committee and that no complaints were received during the year. The Whistle Blower Policy was amended in line with SEBI (Prohibition of Insider Trading) (Amendment) Regulations, 2018 ("the insider trading regulations"), enabling employees to report any violations under the insider trading regulations and leak of Unpublished Price-Sensitive Information (UPSI). The amended policy is available on the Company's website at www.sandhargroup.com

X. Compliance**(a) Details of compliance with mandatory requirements and adoption of the non-mandatory requirements;**

During the year 2018-2019, the Company has complied with all applicable mandatory requirements prescribed under the SEBI Listing Regulations.

(b) The Company has duly fulfilled the following discretionary requirements as prescribed in Part E of Schedule II of the SEBI Listing Regulations:

- Reporting of Internal Auditors: The Internal Auditor also reports to the Audit Committee while submitting internal audit report.
- The Company has duly appointed separate persons to the posts of Chairperson and Managing Director.
- The Company confirms that its financial statements are with unmodified audit opinion.
- The Internal Auditor reports directly to Audit Committee.

XI. Shareholders**(a) Means of communication:**

The Quarterly/Half-yearly/Annual financial results are forthwith communicated to the BSE Ltd. (BSE) and National Stock Exchange of India Limited (NSE), where the shares of the Company are listed, as soon as they are approved and taken on record by the Board of Directors. MANAGEMENT DISCUSSION & ANALYSIS (MD&A)

Global Economy overview

The year 2018 started on a high note but slowed down eventually reflecting a confluence of factors affecting major economies. The global growth, which was approx. 4% in 2017, softened to 3.6% in 2018 and is projected to decline further in 2019 to 3.3%. The factors that contributed to weakened global expansion includes increase in trade tensions and tariff hikes between the United States and China, decline in business confidence, tightening of financial conditions, and higher policy uncertainty across many economies.

In China, the growth slowed owing to both external factors, related to the trade war, and domestic factors, as financial de-risking efforts weigh on demand. The lower growth in China led to slower growth in emerging markets and developing economies (EMDEs), where the growth will slow down to 4.4% in 2019 from 4.5% in 2018. The recession in Turkey and deepening contraction in Iran further added to slower growth in EMDEs. While the growth in advance economies is estimated to slowdown from 2.2% in 2018 to 1.8% in 2019 owing to slower growth in almost all the countries, especially euro area.

However, the medium term outlook of global economy remains positive. With easing trade tension between the US and China and stabilizing monetary policies, the growth is expected to rebound in 2020 to 3.6%. The uptick in growth in second half of 2019 is estimated with ongoing build-up of policy stimulus in China, recent improvements in global financial market sentiment, the waning of some temporary drags on growth in the euro area, and a gradual stabilization of conditions in stressed emerging market economies, including Argentina and Turkey.

Indian Economy Overview

The Indian economy continues to be the fastest growing major economy, second time in a row, surpassing the growth rate of emerging countries such as China. The country registered a growth rate of 7.0% in the fiscal year 2019 as against 7.2% in the previous year. The growth showed a downward trend due to volatility in the global economy and slower than expected agriculture output. Nevertheless, the manufacturing activities showed a robust growth which expanded by 8.1% backed by strong expansion in corporate earnings. The index of industrial production (IIP) was on a firm footing reflecting robust demand for capital equipment, construction goods, and consumer durables.

The exports grew by 8.9%, slightly lower than previous year, buoyed by strong growth for refined petroleum exports, aided by the rise in global prices. While, the imports slowed by 9.8% in FY 2019 reflecting decreasing imports other than oil. With crude oil price being volatile and increasing domestic consumption propelled oil import growth by more than 32%. The Indian rupee depreciated by 7.2% against the US dollar during the year under review reflecting the widening current account deficit and tepid foreign investment flows.

Inflation, remaining largely benign in FY 2019, is anticipated to increase in FY 2020. The average global oil prices are anticipated to be 13% lower in 2019 than last year. However, the government is likely to increase taxes on deregulated fuels like gasoline and diesel due to stringent pollution control measures. With easing norms of doing business in India and healthy growth outlook are likely to attract strong inflows of foreign direct investment.

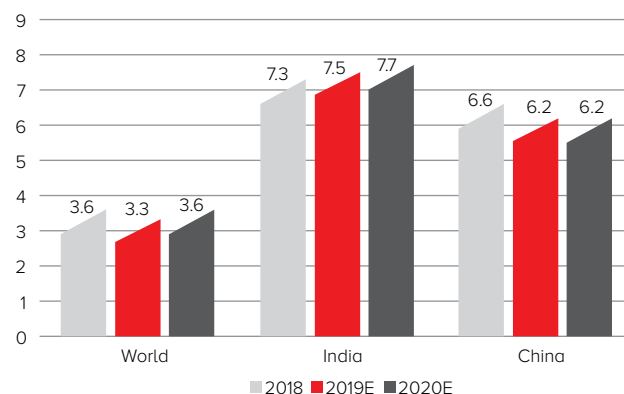

Although the global economy is anticipated to slowdown, outlook for India continues to be positive with GDP edging up to 7.2% in FY 2020 and further expand to 7.3% in FY 2021. The growth is anticipated to rebound on revived rural consumption, continued growth in private investment in response to improved bank and corporate balance sheets, more competitive domestic firms and products under the GST, and less drag from net exports. *Source: Asian Development Outlook (ADO) 2019: Strengthening Disaster Resilience*

Global Automotive Industry

The global automotive industry has been evolving significantly over the past decade. The convergence of various technologies, change in customer sentiment and economic health has played a vital role in its evolution. In 2018, global car and light commercial vehicle sales contracted by 0.5% to 86 million vehicles from 86.43 million vehicles in 2017. This was on account of trade tension between the two giants, China and the US, political changes in key markets and new threats to the status quo of the industry. Strong growth in India, Brazil, Russia and South East Asia offset the slower growth in Europe, China and the US.

The year 2018 marked a record year for the sale of battery-powered electric vehicles (EV). Passenger electric cars recorded 74% YoY

growth to 1.26 million sales throughout the year. EV recorded the highest sales across all categories in the global market. The growth was supported by several factors notably increasing demand for EVs in China as a measure to reduce environmental impact and rising diesel price in countries like Europe lead to consumers to shift towards EVs. Source: Car Sales Statistics

The global auto component industry is a diversified sector which involves engine and auto component manufacturers, including aftermarket parts manufacturers, suppliers and dealers. Between CY 2013-CY2018 the market share of this industry has increased by 4.4%, and sales revenue has reached nearly US\$ 2 Trillion in CY 2018. During the same time frame, the sales output of the global auto component sector grew by 13.1% and employee strength has accelerated to 5.5%. Auto component manufacturers are gradually shifting towards Asian countries such as China and India, due to higher market potential and low-cost raw material. The rising importance of electronics have led to accelerate the growth of global auto components markets in Asian countries. (Lucintel.com, IBIS World)

The outlook for the global automotive industry for the next two years will remain stable, due to accelerating trends in sales in China, India, and Europe. However, the market is expected to face multiple challenges in 2019 and 2020 due to factors such as the looming trade tensions, rising interest rates, and higher fuel prices would dampen the sales for the next years. It is projected that by 2020, global profits for automotive OEMs will rise by almost 50%. The auto component market is expected to dominate the global market in the coming years with a high market valuation. It is projected that the value of the global auto component market will reach to US\$ 212 Billion by 2025. Source: Persistence Market Research, Cnbc

Indian Automobile Industry

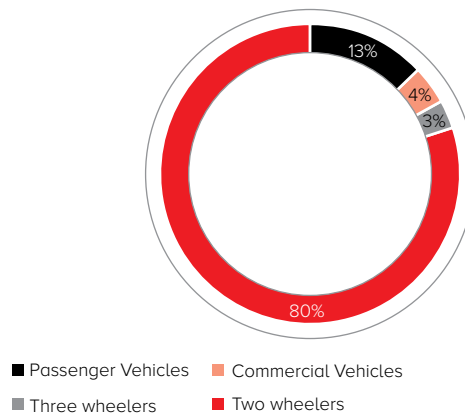

The Indian Automobile industry is the fourth largest industry in the world and the seventh largest manufacturer of consumer vehicles. The Indian automobile industry registered a growth rate of 5% YoY to 26.27 lakhs in FY 2018-19 from 24.98 lakhs in FY 2017-18. The total production in the industry accounted for 30.91 lakhs vehicles across all category registering growth of 6.26% YoY in 2018-19 from 29.09 lakhs in 2017-18. The commercial vehicle segment accounted for the highest growth of 17.6% YoY followed by three wheeler segment, which grew by 10.3% YoY. Source: Society of Indian Automobile Manufacturer (SIAM)

The sector is slowly shifting towards a service oriented model with new players focusing extensively on customer experience and consumer data. With new technologies changing the market, the companies has been extensively investing in these technologies to capture the changing consumer preference. Strong government focus on environment regulation has also lead to investment in new models and EVs. Source: Business Wire

The Indian Automotive component is expected to witness a healthy growth by FY 2020 owing to increasing domestic demand, rising exports and increasing flow of investments in the automotive component sector. The country is expected to become the third largest passenger vehicle market by FY 2021. PV production in India is expected to grow at a CAGR of 9% between FY 2019 to FY 2020. According to the Automotive Mission Plan 2026, the government and the automotive industry have set a target to triple industry revenue to \$ 300 Billion, and expand exports to US\$ 80 Billion. Demand Drivers**Two wheeler**

The key demand drivers for the two wheeler market in India can be illustrated as under:

- The demand for Two wheelers (2Ws) in India has been driven by resilient rural sentiments that are supported by normal monsoon precipitation for the consecutive two fiscal years, viz; FY 2018 and FY 2019.
- New products launches in the 2W industry are targeting the niche clients, increasing urbanization and rising disposable income which leads to a greater penetration in the urban areas.
- Rising disposable income and increasing young population have led to increase the demand growth for 2Ws in India.
- Women form near about 33% of 2W riders, which leads to an increasing demand for scooters. With more women joining the workforce has led to increase the demand for two wheelers in India.

Passenger Vehicle

The passenger vehicle industry saw a growth of 2.7% in 2018-19 and are expected to grow 3-5% in the next fiscal year i.e. 2019-2020. The following demand drivers for the domestic passenger vehicle (PV) industry can be related as under:

- Rise in the price of domestic fuel and higher interest rates have led to increase the utility of PVs in India.
- Factors such as rise in the disposable income, rapid urbanization and rise in infrastructural development have accelerated the growth of passenger vehicle industry in India.
- Growing demand of passenger vehicle in the rural and semi-urban markets

Company Overview

Sandhar Technologies Limited (Sandhar) is one of the largest companies catering to the commercial vehicle locking systems market and the two wheeler rear view market in India. It is an auto component supplier mainly catering to automotive OEMs and primarily focused on safety and security systems of vehicles. The organization engages in designing and manufacturing a range of automotive components, parts and systems, driven by technology, process, people and governance. Sandhar has a rising international footprint with 21 product categories and 31 manufacturing facilities in India, 2 in Spain, 1 in Mexico and 5 manufacturing facilities are in the process of getting commissioned in India.

Financial Overview

During the year under review, the revenue from operation grew by 20% to ₹2,336 crore from ₹1,946 crore on account of healthy demand in the downstream industry in the domestic market. While, the Company's EBITDA grew by 20% to reach ₹258 crore and the Profit after Tax (PAT) grew by 45% to reach ₹96 crore in fiscal 2018-19 from ₹66 lakhs in the previous year. Table below provides a summary of the financial parameters along with key ratios affecting the Company.

Particulars	FY 2019	FY 2018	YoY growth
Revenue (₹ in crore)	2,336	1,946	20.04%
EBITDA (₹ in crore)	258	213	20.66%
PAT (₹ in crore)	96	66	45.45%
EBITDA Margin (in %)	11.0	10.9	10 bps
Net Profit Margin (in %)	4.1	3.4	70 bps
Debt Equity Ratio (in times)	0.38	0.76	0.38 times
Current Ratio (in times)	0.89	0.87	0.02 times

SWOT Analysis

Strengths

- Most of the facilities are in vicinity to the customer base.
- Long standing and growing relationships with major Original Equipment Manufacturers (OEMs).
- Manufacturing locations in close proximity to automobile hubs.
- Inorganic growth through strategic acquisitions.
- Ensures efficiency and cost optimization.
- Leverages innovation and design capabilities.

Weakness

- Higher customer concentration can impact the financial performance.
- It has substantial amount of indebtedness.
- High dependency on its promoters.
- Major revenue reliability on the two-wheeler market.

Opportunities

- Expansion of product portfolio mix by making investments in new products and business with high growth potential.
- Expansion of customers in the global market.

Threats

- Decrease in two wheeler, passenger vehicles and consumer vehicle industries could impact the overall sales volume.
- Increasing competition from other automotive competitors.
- Changes in regulatory and industry requirement can obsolete the product.

Outlook & Strategy

Sandhar continues to outperform the industry average. To continue its robust growth trajectory, the company plans to diversify its product offering to newer segments in order to increase its market share. The company is targeting a growth rate of approx. 15% overall growth for the next fiscal year. It also plans to increase its production capacity to cater to the growing domestic and international market demand. Sandhar has plans to leverage current trends in the automotive sectors such as increasing focus on safety, fuel efficiency, comfort, customization, as well as auto electronics. It intends to focus on adopting strategies to establish a standardised platform across its business units for its processes, hardware and software infrastructures and workforce. Going ahead, Sandhar would focus more on offering high value added products like ABS/CBS, Tyre pressure monitors etc.

Risk Mitigation

Sandhar's risk management policies are formulated in such a way that the company can respond swiftly and implement the necessary mitigation strategies. A prudent risk management framework has been structured such that a cautious approach is undertaken to identify and analyse internal and external risks and minimize its impact on the manufacturing operations.

Key Risks	Nature of Risk	Risk Mitigation Strategies
Customer Retention Risk	Inability to address customer needs and growing competition may lead loss in revenue.	<ul style="list-style-type: none"> Sandhar has a well-integrated product portfolio mix to cater the needs of changing tastes and preferences of the customers. The R&D and marketing team merge marketing trends and adapt innovative architectural theorems to design new auto component parts.
Currency Risk	With significant exports and foreign currency volatility, Sandhar's profitability remains under threat.	<ul style="list-style-type: none"> Sandhar has followed a consistent policy of hedging to avoid any major fluctuations.
Interest Rate Risk	The Company is always looking at expanding its presence. It uses borrowings to fund its expansion plans and hence, has an incremental exposure to interest rate risk.	<ul style="list-style-type: none"> Sandhar's financial planning team ensures average cost of borrowings remains at adequate level. A considerate mix of loan portfolio and internal cash accruals is carried out to fund its expansion plans, while working capital loan is maintained at a sufficient threshold.
Employee Retention Risk	Attrition of key employees could impact business operations and growth of the company.	<ul style="list-style-type: none"> Sandhar's employee-centric policies and initiatives facilitate in retaining key intellectuals. Its training calendar, performance management system, and people involvement and motivation programs help encourage and retain talent.
Components costs	Increase in prices of raw materials used in product may lead to higher production cost and have adverse effect on the profitability of the company.	<ul style="list-style-type: none"> Sandhar has a system of bulk purchase of the required material on quarterly or six month basis to offset the volatility in price. The company also undertake re-designing of the product to reduce the material content and material standardization to globally available raw materials Sandhar take supplies for limited suppliers, hence giving it the benefit of bulk purchase at a competitive price.
Pricing and Competition risk	Automobile component industry consists of many small and big players. Hence the company face intense competition from domestic as well as international players. The company may face margin pressures with rising input cost and been able to pass the same onto the consumers.	<ul style="list-style-type: none"> Sandhar has an established brand reputation in the market, giving it an edge over the competitors. The focus has always been on cost-reduction and creating value added products for the customer. This strategies help the company to gain customer loyalty and trust Sandhar continuously monitors its cost to sales ratio in order to maintain the desired level of profitability.
Dependence on Suppliers	With the given nature of Sandhar's business, it dependence upon its suppliers for bought out components being supplied by several Tier-2 suppliers, at each stage of production. If the suppliers fail to deliver the products on time may have adverse effect on the business.	<ul style="list-style-type: none"> The company maintains optimum number of suppliers in every segment and has develop alternate suppliers around in multiple geographical locations resulting in uninterrupted and high quality supplies of the required material.

Human Resources

Human resources are the most critical element of Sandhar. The company strive towards attracting and retaining the best talent required for the business to grow. The company possess a talented pool of human procurement team which chooses the best employee with the able skill set which is apt for the working process of Sandhar. The company focuses on leveraging the skill set and competencies by regularly training their employees in technical and soft skills to help enhance their capabilities and performances. Sandhar appreciates and recognizes outstanding employee performances and achievements through performance oriented annual rewards and incentive schemes. As on 31st March 2019, [] new employees were recruited and they are in the process being trained by the in house talent acquisition team.

The human capital of the company ensures that the employees should work in such a way which will leverage them both personally as well as professionally. Its focus is to ensure transparent, safe, healthy, progressive and engaging work environment which is aimed at creating leaders of the future. Employees have a sense of belongingness and feel empowered in driving business profitability.

Information Technology

Sandhar has invested in the Oracle enterprise resource planning systems ("ERP") and have implemented ERP systems since 2009 which encompasses the management of all production, materials, maintenance and human resource functions. It has always made conscious efforts to consistently upgrade its systems to ensure efficiency and reduce redundancies. All our security systems and business continuity management systems are ISO certified. The Company has also established use of information technology systems in design, development and prototyping such as Autodesk, Dassault, Ironcad, Delcam, Mastercam and Unigraphics. The Company has initiated several measures to reduce its dependency on Hardware Infrastructure and move to cloud-based solutions to optimise its IT related costs.

Internal control and adequacy

The Company has put in place adequate internal financial control systems commensurate with its size, nature and complexity of operations. These controls are adequate for ensuring the orderly and efficient conduct of the business and are working effectively. These controls have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, adherence to the Company's policies, safeguarding of assets from unauthorized use and prevention and detection of frauds and errors.

The internal audit function is carried out by an independent firm of Chartered Accountants, viz. M/s. GSA & Associates, New Delhi which has the requisite experience and knowledge of the industry segment and the control systems necessary for the nature, size and scale of operations of the Company and it reviews the adequacy of internal control systems and covers significant areas of the Company's operations. Risk based audits are performed, based on an annual internal audit plan, which is developed in

consultation with the Audit Committee. Internal Audit reports are regularly reviewed by the Top Management. The Internal Audit process also monitors the progress in implementation of suggestions for improvements.

The Audit Committee reviews the adequacy and effectiveness of internal control systems and suggests ways of further strengthening them. During the period, the Audit Committee met regularly to review the reports submitted by the Internal Auditors. All significant audit observations and improvement actions thereon were reported to the Audit Committee.

Besides the internal audit, the Company has an internal team which undertakes Commercial audit, the objective of which, inter-alia, is to identify areas of operational improvement and efficiency, unlocking of capital from idle or under-utilised assets and identify aspects of cost over-runs and undesirable expenses incurred due to non-compliance or non-adherence to standard operating procedures.

Health, Environment & Safety

Sandhar has always taken initiatives to reduce the risk of accidents at its facilities by carrying out trainings, safety audits, and by installing safety devices such as sensors, exhaust, fire extinguishers. The Company observes and celebrates safety day in its facilities to improve awareness among employees on safety at workplaces. In addition to creating initiatives to improve employee safety at workplaces, it has also implement initiatives to reduce the environmental impact of its operations. Such initiatives include:

- Maintaining treatment plants to avoid water pollution and soil contamination;
- Recycling and reusing water wherever possible;
- Ensuring zero discharge wherever possible;
- Implementing 'Swachh Bharat Abhiyan' in all facilities;
- Managing e-wastes and hazardous wastes;
- Installing solar panels to conserve energy;
- Obtaining OHSAS 18001 certification for its units;
- Obtaining LEED Certification (Energy Saving) for its Corporate Office; and
- Planting new saplings on a yearly basis in each one of its units.

Environmental requirements imposed by the Government will continue to have an effect on operations of the Company, though not significant. The Company believes that it has complied with, and will continue to comply with all applicable environmental laws, rules and regulations. The Company has obtained, or is in the process of renewing, all material environmental consents and licenses from the relevant governmental agencies that are necessary for it to carry on with its business. The activities of the Company is subject to the environmental laws and regulations of India which govern, air emissions, waste water discharges, the handling, storage and disposal of hazardous substances and wastes, the remediation of contaminated sites, natural resource damages, and employee health and employee safety. The Company's overseas subsidiaries in Mexico, Poland and Spain are also subject to regulations relating to environmental, health and safety measures.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Sandhar Technologies Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the Standalone Financial Statements of Sandhar Technologies Limited ("the Company"), which comprise the Standalone Balance Sheet as at 31 March 2019, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year ended, and notes to the Standalone Financial Statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Description of Key Audit Matter

Revenue recognition

See note 2 (i) to the Standalone Financial statements

The key audit matter

As disclosed in Note 16, the Company's revenue from operations for the year ended 31 March 2019 was ₹203,699.38 Lacs. As revenue is qualitatively significant to the Standalone Statement of Profit and Loss and is one of key performance indicators of the Company, there may be risks of material misstatements related to revenue recognition due to which the completeness, existence and accuracy of revenue recognition is identified as a key audit matter.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current year. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

How the matter was addressed in our audit

In view of the significance of the matter, we applied the following audit procedures in this area, amongst others to obtain sufficient appropriate audit evidence:

- Obtaining an understanding of and assessing the design, implementation and operating effectiveness of management's key internal controls in relation to revenue recognition;
- On a sample basis, making selections from sales entries and tracing to their contracts, invoices, delivery challans and goods outward register.
- Trade receivables outstanding at the year end. Selecting a sample of trade receivables and assessing their recoverability with reference to post year end cash receipts.
- Selecting a sample of transactions recorded during the year and assessing whether revenue has been recognised in the correct period with reference to supporting invoices, terms and conditions with customers and cash receipts; and
- Assessing the appropriateness of unbilled revenue at the year end with reference to post year end billings and cash receipts.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate Internal Financial Controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures,

and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(A) As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Standalone balance sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 March 2019 taken on record by the Board of Directors, none of the

directors is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act.

- f) With respect to the adequacy of the Internal Financial Controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations as at 31 March 2019 on its financial position in its Standalone Financial Statements - Refer Note 30 to the Standalone Financial Statements;
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company; and
- iv. The disclosures in the Standalone Financial Statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these Financial Statements since they do not pertain to the financial year ended 31 March 2019.

(C) With respect to the matter to be included in the Auditor's Report under Section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A REFERRED TO IN OUR INDEPENDENT AUDITOR'S REPORT

to the members of Sandhar Technologies Limited on the Standalone Financial Statements for the year ended 31 March 2019.

- (i) (a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets (property, plant and equipment).
- (b) According to the information and explanations given to us, the Company has a regular programme of physical verification of its property, plant and equipment by which all fixed assets (property, plant and equipment) are verified once in two years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, all fixed assets were physically verified by the management during the previous year. As informed to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of the immovable property is held in the name of the Company, except for:

Land situation*	Whether leasehold / freehold	Gross block as at 31 March 2019 (₹ In Lacs)	Net block as at 31 March 2019 (₹ In Lacs)
Attibele	Freehold	35.02	35.02
Chennai	Freehold	21.31	21.31
Manesar	Freehold	529.15	529.15
Mysore	Freehold	28.54	28.54
Peenya	Freehold	5,006.68	5,006.68
Total		5,620.70	5,620.70

*The aforesaid lands have been transferred to the Company pursuant to the schemes of amalgamation dated 2 May 2013 and 29 December 2015 for which registration in the name of the Company is pending.

- (ii) According to the information and explanations given to us, the inventories, except good-in-transit and stock lying with third parties, have been physically verified by the management at the year end. In our opinion, the frequency of such verification is reasonable having regard to the size of the Company and nature of its business. For stocks lying with third parties as at the year-end, written confirmation have been obtained. As informed to us, the discrepancies noticed on comparison of physical verification of inventories with book records were not material and have been properly dealt with in the books of account.
- (iii) According to the information and explanations given to us, the Company has granted loans to two companies covered in the register maintained under Section 189 of the Companies Act, 2013 ('the Act').

- (a) In our opinion, the rate of interest and other terms and conditions on which the loans had been granted to the companies listed in the register maintained under Section 189 of the Act were not, prima facie, prejudicial to the interest of the Company.
- (b) In case of the loans granted to the companies listed in the register maintained under Section 189 of the Act, the borrower has been regular in the repayment of the principal and payment of interest on such loans as and when demanded by the Company as stipulated.
- (c) There are no overdue amounts in respect of the loans granted to the companies listed in the register maintained under Section 189 of the Act. Accordingly, para 3 (iii) (c) of the Order is not applicable.

(iv) According to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, with respect to the loans, investments, guarantees and security made.

(v) As per the information and explanations given to us, the Company has not accepted any deposits as mentioned in the directives issued by the Reserve Bank of India and the provisions of Section 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, para 3(v) of the Order is not applicable.

(vi) The Central Government has prescribed the maintenance of cost records under sub-section (l) of Section 148 of the Act for certain activities carried out by the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under Section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employees' State Insurance, Income-tax, Goods and Services Tax ('GST'), Duty of customs and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Income-tax, GST, Service tax, Duty of excise, Sales tax, Value added tax, Duty of customs and other material statutory dues were in arrears as at 31 March 2019 for a period of more than six months from the date they became payable.

Also refer note 30, wherein, it is explained that on account of the uncertainty with respect to the applicability of the Hon'ble Supreme Court Judgement on the provident fund matter, management has not recognized and deposited any additional provident fund amount with respect to the previous years.

- (b) According to the information and explanations given to us, there are no dues in respect of Income-tax, GST, Sales-tax, Service tax, Duty of custom, Duty of excise and Value added tax which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the Statute	Nature of dues	Financial year to which amount relates	Forum where dispute is pending	Amount (₹ in Lacs)	Amount paid under protest (₹ in Lacs)

(viii) According to the information and explanations given to us, there is no default existing at the balance sheet date in repayment of loans or borrowings to banks and a financial institution. The Company did not have any outstanding dues to any debenture holder and government during the year.

(ix) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, during the current year, the Company has utilized all the money raised by way of initial public offer, for the purpose for which they were raised. Further, the Company did not raise any money by way of further public offer (including debt instruments) during the year.

(x) According to the information and explanations given to us, no material fraud by the Company and neither any material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the managerial remuneration has been paid or provided by the Company in accordance with the provisions of Section 197 read with Schedule V of the Act.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable.

(xiii) According to the information and explanation given to us and on the basis of our examination of the records of the Company, all the transactions with related parties are in

compliance with the provisions of Section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.

(xiv) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or person connected with him. Accordingly, paragraph 3 (xv) of the Order is not applicable.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE B REFERRED TO IN OUR INDEPENDENT AUDITOR'S REPORT

on the Standalone Financial Statements of Sandhar Technologies Limited for the year ended 31 March 2019

Report on the Internal Financial Controls with reference to the aforesaid Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 1 (A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the Internal Financial Controls with reference to Standalone Financial Statements of Sandhar Technologies Limited ("the Company") as of 31 March 2019 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate Internal Financial Controls with reference to Standalone Financial Statements and such Internal Financial Controls were operating effectively as at 31 March 2019, based on the Internal Financial Controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining Internal Financial Controls based on the Internal Financial Controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls with reference to Standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of Internal Financial Controls with

reference to Standalone Financial Statements included obtaining an understanding of such Internal Financial Controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls with reference to Standalone Financial Statements.

Meaning of Internal Financial controls with Reference to Standalone Financial Statements

A Company's Internal Financial Controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's Internal Financial Controls with reference to Standalone Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial controls with Reference to Standalone Financial Statements

Because of the inherent limitations of Internal Financial Controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls with reference to Standalone Financial Statements to future periods are subject to the risk that the Internal Financial Controls with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

STANDALONE STATEMENT OF CHANGES IN EQUITY for the year ended March 31, 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

A. Equity share capital:

Particulars	Note	Equity Shares	
		No. of shares in lacs	Amount
Balance as at 1 April 2017		511.55	5,115.46
Changes during the year	8	90.36	903.61
Balance as at 31 March 2018		601.91	6,019.07
Changes during the year		-	-
Balance as at 31 March 2019		601.91	6,019.07

B. Other equity

Particulars	Reserves and Surplus (1)			Items of other comprehensive income (2)	Total
	Retained earnings	Security Premium	Capital reserves	Remeasurements of defined benefit liability	
Balance as at 1 April 2017	20,985.57	311.36	2,653.66	(93.45)	23,857.14
Transactions with owners directly recorded in equity					
Fresh issue of equity shares	-	29,096.38	-	-	29,096.38
Share issue expenses	-	(1,485.32)	-	-	(1,485.32)
Total Comprehensive income for the year ended 31 March 2018					-
Profit for the Year	6,772.65	-	-	-	6,772.65
Other comprehensive income (net of tax)	-	-	-	(57.58)	(57.58)
Contribution by and distribution to owner					-
Dividend on equity shares (Final)	(511.55)	-	-	-	(511.55)
Dividend on equity shares (Interim)	(1,023.09)	-	-	-	(1,023.09)
Tax on Dividend (interim and final)	(309.98)	-	-	-	(309.98)

STANDALONE STATEMENT OF CHANGES IN EQUITY for the year ended March 31, 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Particulars	Reserves and Surplus (1)			Items of other comprehensive income (2)	Total
	Retained earnings	Security Premium	Capital reserves	Remeasurements of defined benefit liability	
Balance as at 31 March 2018	25,913.60	27,922.42	2,653.66	(151.03)	56,338.65
Transactions with owners directly recorded in equity					
Share issue expenses	-	(62.75)	-	-	(62.75)
Total Comprehensive income for the year ended 31 March 2019					-
Profit for the Year	9,532.70	-	-	-	9,532.70
Other comprehensive income (net of tax)	-	-	-	(65.11)	(65.11)
Contribution by and distribution to owner					-
Dividend on equity shares (Interim)	(752.38)	-	-	-	(752.38)
Tax on Dividend (interim)	(144.80)	-	-	-	(144.80)
Balance as at 31 March 2019	34,549.12	27,859.67	2,653.66	(216.14)	64,846.31

Notes:

- During the year ended 31 March 2019 and 31 March 2018, the Company has paid dividend to its shareholders. This has resulted in payment of Dividend Distribution Tax (DDT) to the taxation authorities. The Company believes that DDT represents additional payment to taxation authority on behalf of the shareholders. Hence DDT paid is charged to equity.
- Refer note 9 for nature and purpose of other equity

STANDALONE STATEMENT OF CASH FLOWS for the year ended March 31, 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
A Cash flow from operating activities		
1 Profit before tax	14,197.06	9,767.73
2 Adjustments for :		
Depreciation and amortization expense	6,669.80	5,512.79
Loss on account of impairment of investment in joint venture	148.05	-
Loss/ (Profit) on sale of property, plant and equipment	(37.17)	22.94
Bad debts and advances written off	20.66	-
Unrealised foreign exchange (gain)/loss	8.93	38.99
Interest expense	1,745.91	3,811.87
MTM loss on derivative liability	-	26.55
Interest income on security deposits measured at amortised cost	(11.06)	(10.64)
Gain on investments carried at fair value through profit or loss	(0.15)	(43.29)
Interest income	(118.56)	(63.40)
Government grant	-	(3.00)
Dividend income	(47.95)	(11.99)
3 Operating profit before working capital changes (1+2)	22,575.52	19,048.55
4 Movements in working capital:		
Increase in trade receivables	(6,612.24)	(6,366.20)
Increase in inventories	(1,258.97)	(2,624.52)
Increase in long-term loans and advances	(151.49)	(344.39)
Decrease/(Increase) in financial assets, including assets held for sale	(400.76)	160.04
Decrease/(Increase) in other current assets	638.54	(1,414.86)
Increase in trade payables	417.34	10,431.04
Increase in current provisions	63.79	62.71
Increase/(Decrease) in other financial liabilities	32.14	(7.28)
Increase in other current liabilities	442.00	438.37
Total movement in working capital:	(6,829.65)	334.91
5 Cash generated from operations (3+4)	15,745.87	19,383.46
6 Income tax paid (net of refunds)	5,117.74	1,737.88
7 Net cash generated from operating activities (5-6)	10,628.13	17,645.58
B Cash flow from investing activities:		
Purchase of Property, plant and equipment, Capital work in progress, other intangible assets and capital advances	(9,814.02)	(14,135.71)
Proceeds from sale of property, plant and equipment	159.52	66.75
Purchase of non-current investment in joint ventures	(1,964.38)	(1,387.92)
Redemption/(Increase) of Bank deposits (having original maturity of more than 3 months)	(4.24)	0.74
Dividend income	47.95	11.99
Interest received	127.37	74.77
Net cash used in investing activities:	(11,447.80)	(15,369.38)
C Cash flow from financing activities:		
Repayment of long-term borrowings	(25,446.35)	(6,206.03)
Proceeds from long-term borrowings	-	8,209.89
(Repayment)/ proceeds from short-term borrowings (net)	3,917.85	(2,001.76)
Proceeds from issue of equity share capital	-	30,000.00
Share issue expenses	(62.75)	(1,485.32)
Dividend paid during the year (including dividend distribution tax)	(897.18)	(1,844.61)
Interest paid	(1,981.15)	(3,842.53)
Net cash (used in)/generated from financing activities:	(24,469.58)	22,829.64
D Net increase/(decrease) in Cash and cash equivalents (A+B+C)	(25,289.25)	25,105.84

STANDALONE STATEMENT OF CASH FLOWS for the year ended March 31, 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
E - 1 Cash and cash equivalents as at the beginning of year	25,347.17	241.33
E - 2 Cash and cash equivalents as at end of the year	57.92	25,347.17
Cash and cash equivalents include :		
Balances with banks:		
– In current accounts	1.27	25,339.54
– Cheques on hand	41.99	-
Cash on hand	14.66	7.63
Cash and cash equivalents at the end of the year	57.92	25,347.17

Reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities:

Particulars	Non - current borrowings*	Current borrowings
Opening balance as at 1 April 2018	25,669.38	7,399.40
Cash flows during the year	(25,552.67)	3,917.85
Non-cash changes:	-	-
Closing balance as at 31 March 2019	116.71	11,317.25

*Includes current maturities of non-current borrowings and interest accrued thereon, refer Note 12.

Notes:

- The standalone cash flow statement has been prepared in accordance with "Indirect Method" as set out on Indian Accounting Standard -7 on "Statement on Cash Flows".
- Refer note 2 for significant accounting policies.
- The Company paid in cash ₹196.83 Lacs for the year ended 31 March 2019 and ₹86.93 Lacs for the year ended 31 March 2018 towards Corporate Social Responsibility (CSR) expenditure.

The accompanying notes are an integral part of these Standalone Financial Statements.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

1. Corporate information

Sandhar Technologies Limited ('STL' or 'the Company') is a Public Limited Company domiciled in India. The Company was incorporated on 19 October 1987 in New Delhi, India. The Company is primarily engaged in the manufacturing and assembling of safety and security systems and its associated components for the automotive industry.

2. Significant accounting policies

2.1 Basis of preparation

(i) Statement of compliance

These Standalone Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of Companies Act, 2013 (the 'Act'), read with Companies (Indian Accounting Standards) Rules as amended from time to time and other relevant provisions of the Act.

Effective 1 April 2016, the Company transitioned to Ind AS while the Financial Statements were being prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (previous GAAP) till 31 March 2017 and the transition was carried out in accordance with Ind AS 101 "First time adoption of Indian Accounting Standards". While carrying out transition, in addition to the mandatory exemptions, the Company had elected to certain exemption which are listed as below:

a) Business Combination:

Company has opted for exemption under Ind AS 101 with respect to Business Combinations whereby Company has elected not to apply Ind AS 103 retrospectively to past business combinations i.e. to business combinations that occurred before the date of transition to Ind AS.

b) Deemed cost exemption on Property, Plant and Equipment

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

c) Investment in subsidiaries:

As per the requirements of Ind AS 27, Company has opted to record its equity investment in subsidiary at cost. Ind AS 101 provides that while measuring investment at cost, an entity shall measure that investment at one of the following amounts in its separate opening Ind AS Balance Sheet:

- (i) cost determined in accordance with Ind AS 27; or
- (ii) deemed cost. The deemed cost of such an investment shall be its
 - (a) fair value at the entity's date of transition to Ind ASs in its Separate Financial Statements; or
 - (b) previous GAAP carrying amount at that date.

Accordingly, Company has opted to record its investment in subsidiary at previous GAAP carrying amount at transition date.

d) Leases:

Ind AS 101 permits that if there is any land lease newly classified as finance lease then the first time adopter may recognise assets and liability at fair value on that date; and any difference between those fair values is recognized in retained earnings.

Company has therefore classified land leases with multi decade lease periods as finance lease as on transition date.

(ii) Functional and presentation currency

These Standalone Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest Lakhs, unless otherwise indicated.

(iii) Basis of measurement

These Standalone Financial Statements have been prepared on a historical cost basis, except for the following items which have been measured at fair value or revalued amount:

Items	Measurement basis
Certain financial assets and financial liability	Fair value
Investment in preference shares (unquoted)	Fair value
Net defined benefit plan (asset)/ liability	Fair value of plan assets less present value of defined benefit obligation.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

(iv) Use of estimates and judgements

In preparation of these Standalone Financial Statements, management has made judgements, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognized prospectively. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Standalone Financial Statements is included in the following notes.

- Recognition and estimation of tax expense including deferred tax – Note 27
- Estimated impairment of financial assets and non-financial assets – Note 2.4 (o)
- Assessment of useful life of property, plant and equipment and intangible asset – Note 2.4 (a)
- Estimation of obligations relating to employee benefits: key actuarial assumptions – Note 29
- Valuation of Inventories – Note 2.4 (g)
- Recognition and measurement of provision and contingencies: Key assumption about the likelihood and magnitude of an outflow of resources – Note 30
- Lease classification – Note 33
- Fair value measurement – Note 2.1 (v)

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Where the normal operating cycle cannot be identified, it is assumed to have a duration of twelve months.

(v) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Company's audit committee.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in Note 37 – Financial instrument.

2.2 Changes in significant accounting policies

The Company has initially applied Ind AS 115 from 1 April 2018.

Due to the transition methods chosen by the company in applying the above standard, comparative information throughout these Standalone Financial Statements has not been restated to reflect the requirements of the new standard.

There is no significant impact of transition from Ind AS 18 to Ind AS 115 in recognizing revenue by the Company.

Ind AS 115 establishes a comprehensive framework for determining whether, how much and when revenue is recognized. It replaced Ind AS 18 Revenue Recognition, Ind AS 11 Construction Contracts and related interpretations. Under Ind AS 115, revenue is recognized when a customer obtains control of the goods or services. Determining the timing of the transfer of control – at a point in time or over time – requires judgment.

The Company has adopted Ind AS 115 using the cumulative effect method (without practical expedients), with the effect of initially applying this standard recognized at the date of initial application (i.e. 1 April 2018). Accordingly, the information presented for 2017-18 has not been restated – i.e. it is presented, as previously reported, under Ind AS 18, Ind AS 11 and related interpretations. Additionally, the disclosure requirements in Ind AS 115 have not generally been applied to comparative information.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

2.3 Summary of significant accounting policies

a. Property, plant and equipment

(i) Recognition and Measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment includes its purchase price, import duties and non-refundable purchase taxes, duties or levies, after deducting trade discounts and rebates, any other directly attributable cost of bringing the asset to its working condition for its intended use and estimated cost of dismantling and removing the items and restoring the site on which it is located. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. Refer to note 2.1(iv) regarding significant accounting judgements, estimates and assumptions.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Standalone Statement of Profit and Loss when the asset is derecognized.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

A property, plant and equipment is eliminated from the Standalone Financial Statements on disposal or when no further benefit is expected from its use and disposal. Assets retired from active use and held for disposal are generally stated at the lower of their net book value and net realizable value. Any gain or losses arising on disposal of property, plant and equipment is recognized in the Standalone Statement of Profit and Loss.

Once classified as held-for-sale, property, plant and equipment are no longer depreciated.

Gains or losses arising from de-recognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Standalone Statement of Profit and Loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iii) Depreciation

Depreciation on property, plant and equipment is calculated on a straight-line basis to allocate their cost, net of their estimated residual values, over the estimated useful lives and is recognized in the Standalone Statement of Profit and Loss. The identified components are depreciated over their useful life, the remaining asset is depreciated over the life of the principal asset. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term. Freehold land is not depreciated.

Leasehold land is amortized on a straight line basis over the period of the lease which ranges between 89-99 years.

The Company has used the following rates to provide depreciation which coincides with the rates indicated in Schedule II of the Act on its property, plant and equipment, except for temporary erection, Computers (Servers and networks) and Non – commercial vehicles.

Asset category	Useful lives estimated by the management (years)
Factory Buildings	30 years
Other Buildings	60 years
Carpeted RCC Roads	10 years
Tube wells	5 years
Plant and Machinery	7.5 – 15 years
Electrical Installations	10 years
Office Equipment	5 years
Racks and Bins	10 years
Furniture & Fixtures	10 years
Commercial Vehicles	8 years
Tools, Moulds and Dies	6 years

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

The management has estimated, supported by independent assessment by technical experts, professionals, the useful lives of the following classes of assets:

- The useful lives of temporary erection is estimated 1 year, which is lower than those indicated in Schedule II
- Computers (Servers and networks) are depreciated over the estimated useful lives of 3 years, which is lower than those indicated in Schedule II.
- Non Commercial Vehicles are depreciated over the estimated useful lives of 6 years, which is lower than those indicated in Schedule II.

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted, if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

b. Intangible assets

(i) Recognition and Measurement

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an item of intangible asset comprises its purchase price, including import duties and other non-refundable taxes or levies and any attributable costs of bringing the asset to its working condition for its intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in the Standalone Statement of Profit or Loss in the period in which the expenditure is incurred.

An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and disposal. Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Standalone Statement of Profit and Loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in the Standalone Statement of Profit and Loss as incurred.

(iii) Amortization

The useful lives of intangible assets are assessed as either finite or indefinite

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made prospective basis.

- Technical knowhow

Amounts paid towards technical know-how fees for specifically identified projects/products being development expenditure incurred towards product design is carried forward based on assessment of benefits arising from such expenditure. Such expenditure is amortized over the period of expected future sales from the related product, i.e. the estimated period of 60 to 72 months on straight line basis based on past trends, commencing from the month of commencement of commercial production.

- Software

Software purchased by the Company are amortized on a straight line basis i.e. non-standard (customized) software in four years and standard (non-customized) software in five years.

- Goodwill

Goodwill is not amortized but will be tested for impairment annually.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Standalone Statement of Profit and Loss when the asset is derecognized.

Amortization method, useful lives and residual lives are reviewed at the end of each financial year and adjusted, if appropriate.

c. Leases

(i) Determining whether an arrangement contains a lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

At inception or on reassessment of the arrangement that contains a lease, the payments and other consideration required by such an arrangement are separated into those for the lease and those for other elements on the basis of their relative fair values. If it is concluded for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognized at an amount equal to the fair value of the underlying asset. The liability is reduced as payments are made and an imputed finance cost on the liability is recognized using the incremental borrowing rate.

(ii) Assets held under lease

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalized at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in finance costs in the Standalone Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs (See note 2.4d). Contingent rentals are recognized as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term. Subsequent to the initial recognition, the assets are accounted for in accordance with the accounting policies applicable to similar owned assets. Assets held under leases that do not transfer to the Company substantially all the risk and rewards of ownership (i.e. operating lease) are not recognized in the Company's Balance Sheet.

(iii) Lease payments

Payments made under operating leases are generally recognized in the Standalone Statement of Profit and Loss on a straight line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase. Lease incentive received are recognized as an integral part of the total lease expense over the term of the lease.

Payments made under finance lease are allocated between the outstanding liability and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

d. Borrowing Costs

Borrowing cost includes interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs), amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they are incurred.

e. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

smallest Group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

An asset's recoverable amount is the higher of an individual asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

The Company's corporate assets do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses, if any, are recognized in the Standalone Statement of Profit and Loss. Impairment losses of continuing operations, including impairment on inventories, are recognized in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties,

the impairment is recognized in OCI up to the amount of any previous revaluation surplus.

In regard to assets for which impairment loss has been recognized in prior period, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

An assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Standalone Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Goodwill is tested for impairment annually at the CGU level, as appropriate, and when circumstances indicate that the carrying value may be impaired.

f. Government grant

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as other operating revenue on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments.

g. Inventories

Inventories which includes raw materials, components, stores, work in progress, finished goods and spares are valued at the lower of cost and net realizable value. However, raw materials, components and other items

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost or in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials and components: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of raw material, components, stores and spares is determined on first in, first out basis.
- Finished goods and work in progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost is determined on first in, first out basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The net realizable value of work-in-progress is determined with reference to the selling prices of related finished products.

The comparison of cost and net realizable value is made on an item-by-item basis.

h. Foreign currency transactions

Transactions in foreign currencies are initially recorded by the Company at functional currency spot rates at the date the transaction first qualifies for recognition or an average rate if the average rate approximates the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the Standalone Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or the statement of profit and loss are also recognized in OCI or the statement of profit and loss, respectively).

i. Revenue

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

However, sales tax/ value added tax (VAT)/ Goods and Services Tax (GST) is not received by the Company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognized.

Effective 1 April 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue.

The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. 1 April 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the Standalone Statement of Profit and Loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18. Refer note

2.2 (i) – Significant accounting policies – Revenue recognition in the Annual report of the Company for the year ended 31 March 2018, for the revenue recognition policy as per Ind AS 18. The impact of the adoption of the standard on the Standalone Financial Statements of the Company is insignificant.

Sale of goods

The Company recognized revenue when (or as) a performance obligation was satisfied, i.e. when 'control' of the goods underlying the particular performance obligation were transferred to the customer.

Further, revenue from sale of goods is recognized based on a 5-Step Methodology which is as follows:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned or deferred revenue is recognised when there is billings in excess of revenues.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

Use of significant judgements in revenue recognition:

- a) The Company's contracts with customers could include promises to transfer products to a customer. The Company assesses the products promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.
- b) Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

- c) The Company uses judgement to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative standalone selling price of each distinct product or service promised in the contract.
- d) The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Rendering of services

Revenue from services rendered is recognized in profit or loss in proportion to the stage of completion of the transaction at the reporting date. The stage of completion is assessed by reference to surveys of work performed.

Job work and development charges are recognized upon full completion of the job work and development services and when all the significant risks and rewards of ownership of the goods have been passed to the buyer, on delivery of the goods and no significant uncertainty exists regarding the collection of the consideration.

Interest income

For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in the statement of profit and loss.

Dividends

Revenue is recognized when the Company's right to receive the payment is established by the reporting date.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

j. Income tax

Income tax expense comprises current and deferred tax. It is recognized in the Standalone Statement of Profit and Loss except to the extent that it relates to a business combination or to an item recognized directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is provided using the Balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences.

In the situations where the Company is entitled to a tax holiday under the Income Tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax asset is recognized in respect of timing differences which are reversed during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Company restricts recognition of deferred tax assets to the extent that it has become

reasonably certain that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

Deferred tax assets are recognized on carry forward of unused tax credits and any unused tax losses.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

k. Segment reporting

Basis for segmentation

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. The Company is primarily engaged in the manufacturing and assembling of safety and security systems and its associated components for the automotive industry. All operating segments' operating results are reviewed regularly by the Company's Chief Operating Decision Maker ("CODM") to make decisions about resources to be allocated to the segments and assess their performance. CODM believes that these are governed by same set of risk and returns hence CODM reviews as one balance sheet component.

l. Earnings per share (EPS)

Basic earnings / (loss) per share are calculated by dividing the Profit or Loss for the year attributable to the shareholders of the Company by the weighted average number of equity shares outstanding at the end of the reporting period. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue, if any, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earning per share, the profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares except where the results will be anti-dilutive.

m. Provisions (Other than employee benefits)

General provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed the expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money

and the risks specific to the liability. The unwinding of the discount is recognized as finance cost. Expected future operating losses are not provided for.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Warranty provisions

Provision for warranty related costs are recognized when the product is sold or service provided and is based on historical experience. The provision is based on technical evaluation/ historical warranty data and after weighting of all possible outcomes by their associated probabilities. The estimate of such warranty related costs is revised annually. Where the effect of the time value of money is material, the amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably.

n. Employee benefits

i. Short-term employee benefits

All employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay the amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions to the Regional Provident Fund Commissioner towards provident fund

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

and employee state insurance scheme ('ESI'). Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in the Statement of Profit and Loss in the periods during which the related services are rendered by employees. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

iii. Defined benefit plans

The Company operates a defined benefit gratuity plan, which requires contributions to be made to Kotak Mahindra Old Mutual Life Insurance Limited and LIC of India. There are no other obligations other than the contribution payable to the respective trust.

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of five years of service.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method, which recognizes each year of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on

the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognized in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognizes related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

iv. Other long term employee benefits

Compensated absences

The employees can carry-forward a portion of the unutilized accrued compensated absences and utilize it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

As per the compensated absence encashment policy, the Company does not have an unconditional right to defer the compensated absence of employees, accordingly the entire compensated absence obligation as determined by an independent actuary has been classified as current liability as at the period/ year end.

o. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

i. Recognition and initial measurement

Trade receivables and debt securities are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:

- Amortized cost;
- Fair Value through Other Comprehensive Income ('FVOCI') – debt instrument;
- FVOCI – equity investment; or
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables. Company has recognized financial assets viz. security deposit, trade receivables, employee advances at amortized cost.

A debt instrument is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On de-recognition of the asset, cumulative gain or loss previously recognized in OCI is re-classified from the equity to Standalone Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to the Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVPL category are measured at fair value with all changes recognised in the Standalone Statement of Profit and Loss.

Investments in joint ventures

Investments in joint ventures are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in joint ventures, the difference between net disposal proceeds and the carrying amounts are recognized in the Standalone Statement of Profit and Loss.

Investments in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the Standalone Statement of Profit and Loss.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held

within that business model) and how those risks are managed;

- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purpose of this assessment 'Principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Company considers:

- contingents events that would change the amounts or timings of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non - recourse features)

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual amount, as feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. Interest income, foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss.
Debt investment at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognized in profit or loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investment at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are not reclassified to profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

iii. Derecognition

Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in profit or loss.

iv. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

v. Derivative financial instruments

The Company uses derivative instruments such as foreign exchange forward contracts and currency swaps to hedge its foreign currency and interest rate risk exposure. Embedded derivatives are separated from the host contract and accounted for separately if the host contract is not a financial asset and certain criteria are met.

Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value and changes therein are generally recognized in profit and loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Impairment of financial assets

The Company recognizes loss allowances for expected credit losses on:

- Financial assets measured at amortized cost; and
- Financial assets measured at FVOCI – debt instruments.

At each reporting date, the Company assesses whether financial assets carried at amortized cost and debt instruments at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit – impaired includes the following observable data:

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowance for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is charged to the Standalone Statement of the Profit and Loss and is recognized in OCI.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient

cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with Company's procedures for the recovery of amount due.

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for the measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortized cost e.g., deposits and advances
- b. Trade receivables that result from transactions that are within the scope of Ind AS 115
- c. Financial guarantee contracts which are not measured as at FVTPL.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Standalone Statement of Profit and Loss. This amount is reflected under the head 'other expenses' in the Standalone Statement of Profit and Loss. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortized cost and contractual revenue receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

p. Recognition of interest expense

Interest expense is recognized using effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments through the expected life of the financial instrument to:

- the amortized cost of the financial liability.

In calculating interest expense, the effective interest rate is applied to the amortized cost of the liability.

q. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and cheques on hand, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash at bank, cash on hand and cheques on hand as they are considered an integral part of the Company's cash management.

r. Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

s. Cash dividend and non-cash distribution to equity holders of the parent

The Company recognizes a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

t. Corporate Social Responsibility ("CSR") expenditure:

CSR expenditure incurred by the Company is charged to the Standalone Statement of the Profit and Loss.

u. Research and development:

Expenditure on research and development activities is recognized in the Standalone Statement of Profit and Loss as incurred.

Development expenditure is capitalized as part of cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognized in profit or loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortisation and any accumulated impairment losses, if any.

v. Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA"), through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified the following new and amendments to Ind ASs which the Company has not applied as they are effective from 1 April 2019:

A. Ind AS 116 - 'Leases'

Ind AS 116 sets out principles for recognition, measurement, presentation and disclosure of

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Standalone Statement of Profit and Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements as per Ind AS 17. This new standard provides two approaches to transition:

1. Full retrospective approach- Under this approach, the lessee applies the new standard retrospectively to each prior period presented and recognised an adjustment in equity at the beginning of the earliest period presented in accordance with Ind AS -8.
2. Modified retrospective approach- Under this approach, the lessee applies the new standard from the beginning of the current period and recognised an adjustment in equity at the beginning of the current and does not restate its prior financial information.

The effective date for adoption of this standard is annual period beginning on or after 1 April 2019. The Company will adopt this standard using modified retrospective approach effective 1 April 2019 for transition to IND AS 116 and will be recognised as an adjustment to the opening balance of retained earnings at 1 April 2019, with no restatement of comparative information.

The Company plans to apply the practical expedient to grandfather the definition of a lease on transition. This means that it will apply Ind AS 116 to all contracts entered into before 1 April 2019 and identified as leases in accordance with Ind AS 17.

The Company has completed an initial assessment of the potential impact on its Standalone Financial Statements but has not yet completed its detailed assessment. The quantitative impact of adoption of Ind AS 116 on the Standalone Financial Statements in the period of initial application is not reasonably estimable as at present.

B. Amendment to Ind AS 19 – ‘Employee benefits’

The amendments to Ind AS 19, clarify that if a plan amendment, curtailment or settlement occurs, it is

mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The Company does not expect this amendment to have any significant impact on its Standalone Financial Statements.

C. Amendments to Ind AS 12 - ‘Income taxes’

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Company does not expect any impact from this pronouncement. It is relevant to note that the amendment does not amend situations where the entity pays a tax on dividend which is effectively a portion of dividends paid to taxation authorities on behalf of shareholders. Such amount paid or payable to taxation authorities continues to be charged to equity as part of dividend, in accordance with Ind AS 12.

The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. It outlines the following: (1) the entity has to use judgement, to determine whether each tax treatment should be considered separately or whether some can be considered together. The decision should be based on the approach which provides better predictions of the resolution of the uncertainty (2) the entity is to assume that the taxation authority will have full knowledge of all relevant information while examining any amount (3) entity has to consider the probability of the relevant taxation authority accepting the tax treatment and the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates would depend upon the probability.

The Company does not expect any significant impact of the above amendment on its Standalone Financial Statements.

*Impairment testing of goodwill

For the purposes of impairment testing, goodwill is allocated to the Cash Generating Unit (CGU) which represents the lowest level at which the goodwill is monitored for internal management reporting purposes.

The recoverable amount of the cash generating unit was based on its value in use. The value in use of this unit was determined to be higher than the carrying amount and an analysis of the calculation's sensitivity towards change in key assumptions did not identify any probable scenarios where the CGU recoverable amount would fall below their carry amount.

Value in use was determined by discounting the future cash flows generated from the continuing use of the CGU. The calculation was based on the following key assumptions:

- The anticipated annual revenue growth and margin included in the cash flow projections are based on past experience, actual operating results and the 5-year business plan in all periods presented.
- The terminal growth rate ranges from 2% to 3% representing management view on the future long-term growth rate.
- Discount rate ranging from 7% to 13% for all periods presented was applied in determining the recoverable amount of the CGU. The discount rate was estimated based on past experience and companies average weighted average cost of capital.

The values assigned to the key assumptions represent the management's assessment of future trends in the industry and based on both internal and external sources.

(Rupees in lacs, except share data, per share data and unless otherwise stated)

5. Financial assets (Contd..)

**During the year ended 31 March 2019, the Company noted an impairment trigger on account of proposed discontinuation of business in its joint venture company ('Sandhar Ecco Green Energy Private Limited'). Company performed an impairment assessment of its investment in equity shares of Sandhar Ecco Green Energy Private Limited to compute the fair value of its investment. Based on management's assessment, as the fair value of the investment is lower than the carrying amount of the investment, an impairment charge of ₹148.05 Lacs is recognized in the financial statements.

***On 28 March 2018, the Company remitted ₹81.17 Lacs to Sandhar Daewha Automotive Systems Private Limited for the purchase of 8.12 Lacs equity shares of ₹10/- each, fully paid up. The allotment of these equity shares was pending as at 31 March 2018. Subsequently these shares were allotted to the Company on 23 April 2018.

8. Share Capital (Contd..)

Rights, preferences and restrictions attached to equity shares

The Company has one class of equity shares having par value of ₹10 per share (31 March 2018: ₹10 per share). Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividend in Indian rupees.

On 27 May, 2019, the Board of Directors of the Company recommended a final dividend of ₹1.25 per equity share of face value ₹10 each in respect of the year ended 31 March 2019. The dividend payout is subject to approval of shareholders at the Annual General Meeting. The company has paid an interim dividend of ₹1.25 per equity share of face value ₹10 each, which was declared on 5 November 2018.

In the event of liquidation of the Company, the share holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the share holders.

The disaggregation of changes to OCI by each type of reserve in equity is shown below:

During the year ended 31 March 2019:

Particulars	Retained earnings	Total
Re-measurement losses on defined benefit plans	(100.08)	(100.08)
Tax impact on re-measurement loss on defined benefit plans	34.97	34.97
	(65.11)	(65.11)

During the year ended 31 March 2018:

Particulars	Retained earnings	Total
Re-measurement losses on defined benefit plans	(88.05)	(88.05)
Tax impact on re-measurement loss on defined benefit plans	30.47	30.47
	(57.58)	(57.58)

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

26. Earnings Per Share (EPS)

Basic and Diluted EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	Year ended 31 March 2019	Year ended 31 March 2018
Profit attributable to equity holders of the Company	9,532.70	6,772.65
Weighted average number of equity shares used for computing Earning per Share (Basic and Diluted) (Number of shares in Lacs)	601.91	512.79
Earning Per Share (Basic and Diluted) (₹)	15.84	13.21
Face value per share (₹)	10	10

Reconciliation of weighted average number of equity shares for calculation of Basic and Diluted earnings per share:

Particulars	Number of equity shares	Weighted average number of shares
Equity shares of face value of ₹10 per share:		
Balance as at 1 April 2017	511.55	511.55
Issued during the year 2017-18	90.36	1.24
Balance as at 31 March 2018	601.91	512.79
Issued during the year 2018-19 (Number of shares in lacs)	-	-
Balance as at 31 March 2019	601.91	601.91

At present, the Company does not have any dilutive potential equity shares

27. Income Tax

Particulars	Year ended 31 March 2019	Year ended 31 March 2018
(a) The major components of income tax expense for the years ended 31 March 2019 and 31 March 2018 are:		
Income tax recognized in statement of profit or loss		
Current income tax:		
Current tax	4,079.07	2,966.97
Deferred tax:		
Relating to origination and reversal of temporary differences	585.29	28.11
Income tax expense reported in the statement of profit or loss	4,664.36	2,995.09
Income tax recognized in other comprehensive income		
Deferred tax related to items recognised in OCI during the year:		
Net loss on remeasurements of defined benefit plans	34.97	30.47
Income tax charged to other comprehensive income	34.97	30.47

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

27. Income Tax (Contd..)

Particulars	Year ended 31 March 2019	Year ended 31 March 2018
(b) Reconciliation of effective tax rate		
Reconciliation between average effective tax rate and applicable tax rate for the year ended 31 March 2019 and 31 March 2018:		
Profit for the year	14,197.06	9,767.73

(Rupees in lacs, except share data, per share data and unless otherwise stated)

29. Gratuity and other post-employment benefit plans

A. Defined contribution plan

The Company makes contributions, determined as a specified percentage of employee salaries, towards Provident Fund, National pension scheme and Employee state insurance scheme ('ESI') which are collectively defined as defined contribution plan. The Company has no obligations other than to make the specified contributions. The contributions are charged to the Statement of Profit and Loss as they accrued.

The amount recognized as an expense/ (adjusted):

Particulars	Year ended 31 March 2019	Year ended 31 March 2018
Contribution to provident fund	694.05	597.93
Contribution to national pension scheme	51.97	40.54
Contribution to employee state insurance scheme	107.48	114.28

B. Defined benefit plan

The Company has a defined benefit gratuity plan for its employees, governed by the Payment of Gratuity Act, 1972. Every employee who has rendered at least five years of continuous service gets a gratuity on departure at the rate of fifteen days of last drawn salary for each completed year of service or part thereof in excess of 6 months. The scheme is funded with insurance companies in the form of qualifying insurance policies. Gratuity benefits are valued in accordance with the Payment of Gratuity Act, 1972.

The most recent actuarial valuation of present value of the defined benefit obligation for gratuity were carried out as at 31 March 2019. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

I. Reconciliation of the present value of defined benefit obligation and the fair value of the plan assets

Particulars	As at 31 March 2019	As at 31 March 2018
Liability for gratuity	2,187.91	1,912.07
Plan asset for gratuity	1,839.20	1,579.91
Net defined benefit liability (Current):	(348.71)	(332.16)

II. Reconciliation of present value of defined benefit obligation:

Particulars	Year ended 31 March 2019	Year ended 31 March 2018
Balance at the beginning of the year	1,912.07	1612.02
Current service cost	235.88	211.64
Interest cost	150.86	120.74
Benefits paid	(107.10)	(100.47)
Past Service Cost including curtailment Gains/Losses	-	58.01
Actuarial (gain) / loss on obligation recognised in other comprehensive income	(3.79)	10.13
Balance at the end of the year	2,187.92	1,912.07

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

29. Gratuity and other post-employment benefit plans (Contd..)

III. Reconciliation of fair value of plan assets:

Particulars	Year ended 31 March 2019	Year ended 31 March 2018
Balance at the beginning of the year	1,579.91	1399.05
Actual return on plan asset	124.65	104.79
Contribution paid into the plan	225.00	176.00
Benefits paid	(101.42)	(87.33)
Actuarial (gain)/loss on plan assets recognized in other comprehensive income	11.05	(12.60)
Closing fair value of plan asset	1,839.19	1,579.91

IV. Expense recognised in the Statement of Profit and Loss under employee benefits expense:

Particulars	Year ended 31 March 2019	Year ended 31 March 2018
Current service cost	235.88	269.64
Past service cost	-	-
Interest cost	26.21	15.95
Expense recognised in the Statement of Profit and Loss	262.09	285.59

V. Remeasurement recognised in other comprehensive income (OCI)

Particulars	Year ended March 2019	Year ended March 2018
Actuarial gain / (loss) on Defined Benefit Obligation	3.79	(10.13)
Return on Plan Assets excluding interest income	11.05	(12.60)
Amount recognised in the Other Comprehensive Income	14.84	(22.73)

VI. Bifurcation of Actuarial Gain/Loss on Defined benefit obligation:

Particulars	Year ended March 2019	Year ended March 2018
Actuarial gain/(loss) due to demographic assumption change	-	-
Actuarial gain/(loss) due to financial assumption change	(30.94)	81.77
Actuarial gain/(loss) due to experience adjustment	34.73	(91.90)
Amount recognised in the Other Comprehensive Income	3.79	(10.13)

The principal assumptions used in determining gratuity and compensated absences are as follows:

(a) Economic assumptions

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been selected by the company.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

29. Gratuity and other post-employment benefit plans (Contd..)

Particulars	As at March 2019	As at March 2018
Discount rate	7.75%	7.89% p.a.
Inflation rate	8.00%	8.00% p.a.
Expected rate of return on assets	8.00%	8.00% p.a.

(b) Demographic assumptions

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

Particulars	As at March 2019	As at March 2018
Mortality table	IALM (2006-08)	IALM (2006-08)
Retirement Age	58 years	58 years
Attrition Rate		
Up to 30 years	10% p.a.	10% p.a.
From 31 to 44 years	3% p.a.	3% p.a.
Above 44 years	1% p.a.	1% p.a.

The sensitivity analysis above has been determined based on reasonably possible changes of the respective assumptions occurring at the end of the year and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant.

Particulars	As at March 2019		As at March 2018	
	Increase	Decrease	Increase	Decrease
Discount rate (0.5% movement)	(108.63)	117.70	(96.31)	104.38
Expected rate of future salary increase (0.5% movement)	107.79	(101.36)	95.67	(89.97)

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

Gratuity expense expected to be incurred in the next year is ₹306.90 Lacs (previous year ₹279.14 Lacs).

Expected maturity analysis:

Particulars	As at 31 March 2019	As at 31 March 2018
Less than 1 year	101.55	61.78
1-2 years	45.10	40.43
2-5 years	130.34	183.51
More than 5 years	1,910.92	1,626.35

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

29. Gratuity and other post-employment benefit plans (Contd..)

Other long-term employee benefits:

During the year ended 31 March 2019, the Company has incurred an expense on compensated absences amounting to ₹224.37 (previous year ₹197.03). The Company determines the expense for compensated absences basis the actuarial valuation of present value of the obligation, using the Projected Unit Credit Method.

30. Contingent liabilities and commitments (to the extent not provided for)

A. Capital commitments

Particulars	31 March 2019	31 March 2018
Estimated amount of contracts remaining to be executed on capital account (net of advances) and not provided for	1,957.95	2,357.66

The Company has purchased a land at Pune wherein the Company shall commence the construction on the land and commence production within three years from the date of sub lease deed.

B. Contingent liabilities

Particulars	31 March 2019	31 March 2018

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

30. Contingent liabilities and commitments (to the extent not provided for)

- vi) In respect of assessment year 2014-15, demand was issued against expenses disallowed under section 35(2AB) for which deduction under Chapter-VIA was claimed. The appeal has been filed with ITAT. The amount involved is ₹3.12 (31 March 2018: ₹3.12)
- vii) In respect of assessment year 2015-16 demand was issued against certain expenses disallowed under section 35(2AB), 14A etc. The appeal has been filed with CIT (Appeal-22). The amount involved is ₹4.06 (31 March 2018: ₹ NIL).
- viii) In respect of assessment year 2016-17 demand was issued against certain expenses disallowed under section 35(2AB), 14A etc. The appeal has been filed with CIT (Appeal-22). The amount involved is ₹1.48 (31 March 2018: ₹ NIL).
- ix) In respect of assessment year 2014-15 demand was issued for penalty proceeding. The appeal has been filed with CIT (Appeal-22). The amount involved is ₹3.13 (31 March 2018: ₹ NIL).

Note C:

- i) In respect of Pathredi Land, Rajasthan State Industrial Development and Investment Corporation has issued a letter dated October 23, 2015 whereby demand of ₹761.04 has been raised for allowing a time extension for making additional investment in the project on land allotted to the Company (31 March 2018: ₹761.04). The Company has filed a request letter to waive off the same.
- ii) In respect of Chakan Land, Maharashtra Industrial Development Corporation has issued a letter dated March 3, 2015, asking Company to pay an additional amount aggregating to ₹76.48 for a further time extension (31 March 2018: ₹76.48). The Company is in process to file the waiver letter to Maharashtra Industrial Development Corporation.

Based on the status of cases and as advised by Company's tax/legal advisors, wherever applicable, the management believes that the Company has strong chance of success and hence no provision against matters disclosed in "Claims against the Company not acknowledged as debts" are considered necessary.

Note D:

In relation to 32(2) above guarantee given by the Company:

To facilitate grant of financing facilities to the Company's Joint Ventures Subsidiaries and others, Company has given Corporate Guarantees to banks. As at the year-end, the outstanding Corporate Guarantee/Stand by-Letter of Credits/ bank guarantees so given amounts to ₹9,865.71 (31 March 2018: ₹9,316.54).

Note E:

Pursuant to recent judgement by the Hon'ble Supreme Court dated 28 February 2019, it was held that basic wages for the purpose of provident fund, to include special allowances which are common for all employees. However there is uncertainty with respect to the applicable of the judgement and period from which the same applies. The Company has estimated the impact of the same from 1 March 2019 to 31 March 2019 based on a prospective approach and has recognized the same in the financial statements.

Owing to the aforesaid uncertainty and pending clarification from the authority in this regard, the Company has not recognised any provision for the previous years. Further management also believes that the impact of the same on the Company will not be material.

31. Related party transactions

For the purpose of these financial statements, parties are considered to be related to the Company, if the Company has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Company and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

* During the year ended 31 March 2019, the Company noted an impairment trigger on account of proposed discontinuation of business in its joint venture company ("Sandhar Ecco Green Energy Private Limited"). Company performed an impairment assessment of its investment in equity shares of Sandhar Ecco Green Energy Private Limited to compute the fair value of its investment. Based on management's assessment, as the fair value of the investment is lower than the carrying amount of the investment, an impairment charge of ₹148.05 is recognized in the financial statements.

C. Terms and conditions of transactions with related parties

All transactions with these related parties are priced on arm's length basis and resulting outstanding balances at the year-end are unsecured and interest free and are to be settled in cash. The Company has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Financial liabilities				
A. Amortised Cost:				
Borrowings				
Loans	11,417.87	32,946.37	11,417.87	32,946.37
Finance Lease Obligations	4.24	4.04	4.24	4.04
Total	11,422.11	32,950.41	11,422.11	32,950.41

The management assessed that the fair values of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short-term maturities of these instruments. Accordingly, management has not disclosed fair values for financial instruments such as trade receivables, trade payables, cash and cash equivalents, other current assets, interest accrued on fixed deposits, other current liabilities etc.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Long-term fixed-rate and variable-rate Receivables/Borrowings are evaluated by the company based on parameters such as interest Rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

The fair value of unquoted instruments, is calculated by arriving at intrinsic value of the investee. The fair value of loans from banks and other financial liabilities, obligations under finance leases, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.

The Company has entered into derivative financial instruments with financial institutions/ banks through Cross currency interest rate swap and principals swap.

Such derivatives are valued using valuation techniques, which employs the use of market observable inputs. Valuation technique applied by the company is Mark to Market as provided by the bank as on the date of valuation.

Discount rates used in determining fair value:

The interest rates used to discount estimated future cash flows, where applicable, are based on the discount rate that reflects the issuer's borrowing rate as at the end of the reporting period.

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. In addition, the Company internally reviews valuation, including independent price validation for certain instruments.

37. Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial statements that are

- recognised and measured at fair value and
- measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into three levels prescribed under the accounting standard.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

37. Fair value hierarchy (Contd..)

All financial instruments for which fair value is recognised or disclosed are categorised with in the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The company has an established control framework with respect to the measurements of fair values. This includes a valuation team and has overall responsibility for overseeing all significant fair value measurements and reports directly to the Chief Finance Officer. The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified. Significant valuation issues are reported to the Company's audit committee.

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

A. Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2019:

Particulars	Total	Fair value measurement using		
		Quoted prices in active markets	Significant observable inputs	Significant unobservable inputs
		(Level 1)	(Level 2)	(Level 3)
Assets measured at FVTPL:				
Investment in Unquoted Equity Shares	44.8	-	-	44.8
Assets measured at amortised cost for which fair values are disclosed (refer note 36):

Loans to employees	30.30	-	-	30.30
Other advances	143.10	-	-	143.10
Liabilities measured at amortised cost for which fair values are disclosed (refer note 36):				
Loans	32,946.37	-	-	32,946.37
Finance Lease Obligations	4.04	-	-	4.04

During the year ended 31 March 2018, there were no transfers between Level 1 and Level 2 fair value measurements.

38. Financial risk management objectives and policies

The Company is primarily engaged in the manufacturing and assembling of automotive components such as lock-set, mirrors and various sheet metal components including cabins for two wheelers, four wheelers and off road vehicle industry. The Company's principal financial liabilities, comprises loans and borrowings, trade and other payables and finance lease obligation. The main purpose of these financial liabilities is to support the Company's operations. The Company's principal financial assets include investments in equity, employee advances, trade and other receivables, security deposits, cash and short-term deposits that derive directly from its operations. The Company also enters into derivative transactions viz. CCIRS and Principal Swaps.

The Company has exposure to the following risks arising from financial instruments

- Market risk (see (b));
- Credit risk (see (c)); and
- Liquidity risk (see (d)).

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

a) Risk Management Framework

The Company's activities makes it susceptible to various risks. The company has taken adequate measures to address such concerns by developing adequate systems and practices. The Company's overall risk management program focuses on the unpredictability of markets and seeks to manage the impact of these risks on the Company's financial performance.

The Company's senior management oversee the management of these risks and advises on financial risks and the appropriate financial risk governance framework for the Company. The board provides assurance to the shareholders that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken.

The Company's risk management policies are established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and company's activities. The company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

38. Financial risk management objectives and policies (Contd..)

The Company's audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements

Risk	Exposure arising from	Measurement	Management of risk
Credit Risk	Cash and cash equivalents, trade receivables, derivative financial instruments, financial assets measured at amortised cost.	Ageing analysis, Credit ratings	Diversification of bank deposits, credit limits and letter of credit.
Liquidity Risk	Borrowings and liabilities	Cash flow forecasting, Sensitivity analysis	Availability of borrowing facilities.
Market risk - foreign currency risk	Future commercial transactions, Recognised financial liabilities not denominates in Indian Rupee (INR)	Cash flow forecasting, Sensitivity analysis	Cross currency principal interest swaps
Market risk – interest rate risk	Long-term borrowings at variable rates	Sensitivity analysis	

b) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises following types of risk: interest rate risk, currency risk, price risk, and commodity risk. Financial instruments affected by market risk include loans and borrowings, investment, deposits, advances and derivative financial instruments.

The sensitivity analyses in the following sections relate to the position as at 31 March 2019 and 31 March 2018. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of floating to fixed interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant in place at 31 March 2019.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions.

The following assumptions have been made in calculating the sensitivity analyses:

-The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2019 and 31 March 2018.

c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with fixed interest rates.

The Company enters Cross Currency Interest Rate Swaps to manage its Forex and interest rate risk, in which it agrees to exchange, at specified intervals, the difference between floating and fixed rate interest amounts calculated by reference to an agreed-upon notional principal amount.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

38. Financial risk management objectives and policies (Contd..)

Exposure to interest rate risk

The interest rate profile of the Company's interest bearing financial instruments as reported to management is as follows:

Particulars	31 March 2019	31 March 2018
Financial Liabilities		
Fixed rate instruments		
- Vehicle Loan	100.62	139.16
Variable rate instruments		
- Term Loans	-	25,407.81
- Cash credit from bank	11,317.25	7,399.40
Financial Assets		
Fixed rate instruments		
- Fixed Deposits	105.74	101.69
- Loans	1,323.87	1,080.99

The Company does not account for fixed rate financial assets or financial liabilities at fair value through profit or loss, and the company does not designate derivatives (interest rate swaps) as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Interest Rate sensitivity

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

Particulars	Increase / decrease in basic points	Profit or loss	Profit or loss (net of tax)
31 March 2019			
Secured term loan from banks	100	1.01	0.68
Cash credit from bank	100	113.17	76.39
Other borrowings	100	-	-
Secured term loan from banks	(100)	(1.01)	(0.68)
Cash credit from bank	(100)	(113.17)	(76.39)
Other borrowings	(100)	(-)	(-)
31 March 2018			
Secured term loan	100	204.83	142.09
Cash credit from bank	100	73.99	51.33
Other borrowings	100	49.25	34.16
Secured term loan	(100)	(204.83)	(142.09)
Cash credit from bank	(100)	(73.99)	(51.33)
Other borrowings	(100)	(49.25)	(34.16)

Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency) and borrowings in foreign currency (ECB borrowings).

The Company manages its foreign currency risk by entering into derivatives. When a derivative is entered into for the purpose of hedging, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

38. Financial risk management objectives and policies (Contd..)

Details of unhedged foreign currency exposures:

Particulars	As at 31 March 2019		As at 31 March 2018	
	Amount In Foreign Currency	Amount in ₹	Amount In Foreign Currency	Amount in ₹
Trade Payables (USD)	4.49	310.77	31.17	2,031.50
Trade Payables (JPY)	1,825.48	1,142.06	2,444.39	1,490.39
Trade Payables (GBP)	0.07	6.37	0.22	19.73
Trade Payables (EUR)	1.68	130.73	5.64	452.56
Trade Receivables (USD)	3.17	218.98	3.79	246.77

The following significant exchange rates were applied at the year end:

Particulars	Year end rates	
	As at 31 March 2019	As at 31 March 2018
INR/ JPY	0.6256	0.6097
INR/ USD	69.17	65.17
INR/ GBP	90.48	91.7050
INR/ EUR	77.70	80.174

Sensitivity Analysis

Any changes in the exchange rate of foreign currency against INR is not expected to have significant impact on the Company's profit due to the short credit period. Accordingly, a 1% appreciation/depreciation of the INR as indicated below, against the USD would have increased/reduced profit by the amounts shown below. This analysis is based on the foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variable remains constant.

Particulars	Change in currency rate	Nature of Exposure	Year end rates	Changes in rates	Net exposure JPY	Effect on profit before tax (INR)	Effect on profit after tax (INR)
As at 31 March 2019	INR/JPY Increases by 1 %	Import Trade payables	0.6256	0.0063	1825.48	(11.42)	(7.71)
	INR/JPY Decreases by 1 %		0.6256	(0.0063)	1825.48	11.42	7.71
As at 31 March 2018	INR/JPY Increases by 1 %		0.6097	0.0061	2,444.39	(14.90)	(10.34)
	INR/JPY Decreases by 1 %		0.6097	(0.0061)	2,444.39	14.90	10.34

Equity price risk

The Company's listed & non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and by placing limits on total equity instruments. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all equity investment decisions.

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), including foreign exchange transactions and other financial instruments.

Trade receivables

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each date of statements of financial position whether a financial asset or a company of financial assets is impaired. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Company's exposure to customers is diversified and some customer contributes more than 10% of outstanding accounts receivable as of 31 March 2019 and 31 March 2018 however there was no default on account of those customers in the past.

Before accepting any new customer, the Company assesses the potential customer's credit quality and defines credit limits to customer. Limits and scoring attributed to customers are reviewed on periodic basis.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

38. Financial risk management objectives and policies (Contd..)

The Company performs credit assessment for customers on an annual basis and recognizes credit risk, on the basis lifetime expected losses and where receivables are due for more than six months.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

(a) Financial assets for which loss allowance is measured using 12 months Expected Credit Losses (ECL)

Particulars	As at 31 March 2019	As at 31 March 2018
Loans	405.06	313.67
Other financial assets	1,341.50	1,029.35
Total	1,746.56	1,343.02

(b) The ageing analysis of trade receivables for which loss allowance is measured using Life time Expected Credit Losses as of the reporting date is as follows:

Particulars	As at 31 March 2019	0- 6 Month	6 – 12 month	More than 12 months
Gross Carrying Amount	30,253.77	29,806.70	190.31	256.76
Expected credit loss (Loss allowance provision)	185.34	-	-	185.34
Carrying amount of trade receivables	30,068.43	29,806.70	190.31	71.42

Particulars	As at 31 March 2018	0- 6 Month	6 – 12 month	More than 12 months
Gross Carrying Amount	23,647.46	23,401.18	71.52	174.76
Expected credit loss (Loss allowance provision)	167.34	-	-	167.34
Carrying amount of trade receivables	23,480.12	23,401.18	71.52	7.42

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Corporate finance department in accordance with the Company's policy. Investments of surplus funds are made only in schemes of alternate investment fund/or other appropriate avenues including term and recurring deposits with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company places its cash and cash equivalents and term deposits with banks with high investment grade ratings, limits the amount of credit exposure with any one bank and conducts ongoing evaluation of the credit worthiness of the banks with which it does business. Given the high credit ratings of these banks, the Company does not expect these banks to fail in meeting their obligations. The maximum exposure to credit risk for the components of the balance sheet at 31 March 2019 and 31 March 2018 is represented by the carrying amount of each financial asset.

d) Liquidity risk

Liquidity risk refers to the risk that the company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

38. Financial risk management objectives and policies (Contd..)

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, buyers credit and bank loans. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Particulars	Contractual cash flows			
	Carrying value as at 31 March 2019	0- 1 year	1- 5 year	More than 5 year
Trade Payable	29,369.83	29,369.83	-	-
Borrowings	11,417.87	11,358.44	59.43	-
Other financial liabilities	1,950.43	1,946.48	3.95	-
Total	42,738.13	42,674.75	63.38	-

Particulars	Contractual cash flows			
	Carrying value as at 31 March 2018	0- 1 year	1- 5 year	More than 5 year
Trade Payable	28,946.81	28,946.81	-	-
Borrowings	32,946.37	32,846.12	100.25	-
Other financial liabilities	3,705.28	3,701.52	3.76	-
Total	65,598.46	65,494.45	104.01	-

39. Capital management

The Company's capital management objectives are:

The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital employed, as well as the level of dividends to equity shareholders.

The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.

The Company uses debt ratio as a capital management index and calculates the ratio as Net debt divided by total equity. Net debt and total equity are based on the amounts stated in the financial statements.

Particulars	31 March 2019	31 March 2018
Net Debt (A)*	11,254.02	7,497.50
Equity (B)	70,865.38	62,357.72
Debt Ratio (A/B)	0.16	0.12

*Net debt includes Non-Current borrowing, Current borrowing, Current maturities of non-current borrowing net off cash and cash equivalent and other bank balance

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

40. Segment Reporting

The Company is engaged in the business of manufacturing and assembling of automotive components. The Chief Operating Decision Maker (CODM) evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by industry classes. All operating segments' operating results are reviewed regularly by CODM to make decisions about resources to be allocated to the segments and assess their performance. CODM believes that these are governed by same set of risk and returns hence CODM reviews as one balance sheet component. Further, the economic environment in which the company operates is significantly similar and not subject to materially different risk and rewards.

The operating segment of the Company is identified to be "Safety and security systems" as the CODM reviews business performance at an overall Company level as one segment.

Accordingly, as the company operates in a single business and geographical segment, the reporting requirements for primary and secondary disclosures under Indian Accounting Standard - 108 Operating Segment have not been provided in the financial statements.

41. Disclosure in relation to Micro and Small enterprises 'Suppliers' as defined in the Micro, Small and Medium Enterprises Development Act, 2006.

The dues to Micro, Small and Medium Enterprises as required under the Micro, Small and Medium Enterprises Development Act, 2006 to the extent information available with the company is given below:

Particulars	As at 31 March 2019	As at 31 March 2018
(a) The principal amount remaining unpaid to any supplier as at the end of the year	1,387.97	2,069.36
(b) The interest due on principal amount remaining unpaid to any supplier as at the end of the year	3.31	0.12
(c) The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 alongwith the amounts of the payments made to the supplier beyond the appointed day during each accounting year		
- Interest paid	163.05	6.56
- Payment to Suppliers	515.03	436.02
(d) Amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act.	30.90	34.02
(e) Amount of Interest accrued and remaining unpaid at the end of the year	34.21	34.14
(f) Amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under the MSMED Act.	70.41	199.33

42. Research & Development (R & D) Expenses

The Company has incurred following expenditure on its Research and Development center at Gurgaon approved and recognised by the Ministry of Science & Technology, Government of India.

a. Capital Expenditure

Particulars	31 March 2019	31 March 2018
Capital Expenditure	87.96	11.54

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

b. Revenue Expenditure

Particulars	31 March 2019	31 March 2018
Employee benefits expenses	467.04	373.89
Power & Fuel	4.74	4.40
Repair & maintenance	36.13	19.24
Travelling & conveyance	10.71	11.83
Legal & professional charges	1.12	12.81
Miscellaneous expenses	18.01	27.82
Total	537.75	449.99

*This includes amount of ₹39.21 which is not allowed as deduction under section 35(2AB) of Income Tax Act 1961 as R&D Expenditure.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Sandhar Technologies Limited**

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the Consolidated Financial Statements of Sandhar Technologies Limited (hereinafter referred to as the 'Holding Company') and its Subsidiaries (Holding Company and its Subsidiaries together referred to as "the Group") and its Joint Ventures, which comprise the Consolidated Balance Sheet as at 31 March 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on Separate Financial Statements of such Subsidiaries and Joint Ventures as were audited by the other auditors, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted

in India, of the Consolidated State of Affairs of the Group and its Joint Ventures as at 31 March 2019, of its Consolidated Profit and Other Comprehensive Income, Consolidated Changes in Equity and Consolidated Cash Flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of reports of other auditors on Separate Financial Statements of three Subsidiary Companies and seven Joint Venture Company, audited by them, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

Revenue recognition

See note 2.4 (k) to the Consolidated Financial statements

The key audit matter

As disclosed in Note 18, the Group's revenue from operations for the year ended 31 March 2019 was ₹233,582.39 Lacs. As revenue is qualitatively significant to the Consolidated Statement of Profit and Loss and is one of key performance indicators of the Group, there may be risks of material misstatements related to revenue recognition due to which completeness, existence and accuracy of revenue recognition is identified as a key audit matter.

How the matter was addressed in our audit

In view of the significance of the matter, we applied the following audit procedures in this area, amongst others to obtain sufficient appropriate audit evidence:

- Obtaining an understanding of and assessing the design, implementation and operating effectiveness of management's key internal controls in relation to revenue recognition;
- On a sample basis, making selections from sales entries and tracing to their contracts, invoices, delivery challans and goods outward register.
- Trade receivables outstanding at the year end. Selecting a sample of trade receivables and assessing their recoverability with reference to post year end cash receipts.
- Selecting a sample of transactions recorded during the year and assessing whether revenue has been recognised in the correct period with reference to supporting invoices, terms and conditions with customers and cash receipts; and
- Assessing the appropriateness of unbilled revenue at the year end with reference to post year end billings and cash receipts.

Other Information

The Holding Company's management and Board of Directors are responsible for the Other Information. The Other Information comprises the information included in the Holding Company's annual report, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the Other Information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Act that give a true and fair view of the Consolidated State of Affairs, Consolidated Profit and Other Comprehensive Income, Consolidated Statement of Changes in Equity and Consolidated Cash Flows of the Group including its Joint Ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Board of Directors of the Companies included in the Group and of its Joint Ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate Internal Financial Controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective management and Board of Directors of the Companies included in the Group and of its Joint Ventures are responsible for

assessing the ability of each Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group and of its Joint Ventures is responsible for overseeing the financial reporting process of each Company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate Internal Financial Controls with reference to Financial Statements in place and the operating effectiveness of such Controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of Consolidated Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt

on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group (Holding Company and Subsidiaries) as well as joint ventures to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its Joint Ventures to express an opinion on the Consolidated Financial Statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the Key Audit Matters. We describe these matters in our auditor's report unless law or

regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the Financial Statements of three Subsidiaries, whose Financial Statements reflect total assets of ₹32,059.04 Lacs as at 31 March 2019, total revenues of ₹29,989.03 Lacs and net cash flows amounting to ₹160.59 Lacs for the year ended on that date, as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Group's share of net loss (and other comprehensive income) of ₹664.19 Lacs for the year ended 31 March 2019, in respect of seven Joint Ventures, whose Financial Statements have not been audited by us. These Financial Statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these Subsidiaries and Joint Ventures and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid Subsidiaries and Joint Ventures is based solely on the audit reports of the other auditors.

Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- A. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on Separate Financial Statements of such Subsidiaries and Joint ventures as were audited by other auditors, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.

- d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2019 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its Subsidiary Companies and Joint Ventures incorporated in India, none of the directors of the Group Companies and Joint Ventures incorporated in India is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the Internal Financial Controls with reference to Financial Statements of the Holding Company, its Subsidiary Companies and Joint Ventures incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on Separate Financial Statements of the Subsidiaries and Joint Ventures, as noted in the 'Other Matters' paragraph:
- i. The Consolidated Financial Statements disclose the impact of pending litigations as at 31 March 2019 on the Consolidated Financial Position of the Group and its Joint Ventures. Refer Note 31 to the Consolidated Financial Statements.
- ii. The Group and its Joint ventures did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2019.
- iii. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Holding Company or its Subsidiary Companies and Joint Ventures incorporated in India during the year ended 31 March 2019.
- iv. The disclosures in the Consolidated Financial Statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in the Consolidated Financial Statements since they do not pertain to the financial year ended 31 March 2019.
- C. With respect to the matter to be included in the Auditor's report under Section 197(16):
- In our opinion and according to the information and explanations given to us, the remuneration paid during the current year by the Holding Company to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.
- Further, based on the reports of the statutory auditors of three Subsidiary Companies and Seven Joint Venture Companies incorporated in India which were not audited by us, these Subsidiary Companies and Joint Venture Companies are Private Limited Companies and accordingly the requirements as stipulated by the provisions of Section 197(16) of the Act are not applicable to these Subsidiary Companies and Joint Venture Companies.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls with reference to the aforesaid Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph A (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended 31 March 2019, we have audited the Internal Financial Controls with reference to Consolidated Financial Statements of Sandhar Technologies Limited (hereinafter referred to as "the Holding Company") and such Companies incorporated in India under the Companies Act, 2013 which are its Subsidiary Companies and its Joint Venture Companies, as of that date.

In our opinion, the Holding Company and its three Subsidiary Companies and seven Joint Venture Companies, have, in all material respects, adequate Internal Financial Controls with reference to Consolidated Financial Statements and such Internal Financial Controls were operating effectively as at 31 March 2019, based on the Internal Financial Controls with reference to Consolidated Financial Statements criteria established by such Companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining Internal Financial Controls with reference to Consolidated Financial Statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Internal Financial Controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with

the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of Internal Financial Controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls with reference to Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of Internal Financial Controls with reference to Consolidated Financial Statements included obtaining an understanding of Internal Financial Controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant Subsidiary Companies and Joint Venture Companies in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Internal Financial Controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A Company's Internal Financial Controls with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's Internal Financial Controls with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial controls with Reference to Consolidated Financial Statements

Because of the inherent limitations of Internal Financial Controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the Internal Financial Controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the Internal Financial Controls with reference to Consolidated Financial Statements in so far as it relates to three Subsidiary Companies and seven Joint

Venture Companies, which are Companies incorporated in India, is based on the corresponding reports of the auditors of such Companies incorporated in India.

Further, two Joint Venture Companies, incorporated in India, are exempted from the requirement of their auditor reporting on whether the respective Joint Venture Company has adequate Internal Financial Controls system in place and the operating effectiveness of such controls.

Our opinion is not modified in respect of the above matters.

Dividend on equity shares (Interim)	(144.80)	-	-	-	(144.80)	-	(144.80)
Tax on Dividend (Interim)	-	-	-	-	-	-	-
Balance as at 31 March 2019	34,705.27	27,859.67	3,190.97	(221.81)	65,940.23	350.51	66,290.74

Notes:

- During the year ended 31 March 2019 and 31 March 2018, the Company has paid dividend to its shareholders. This has resulted in payment of Dividend Distribution Tax (DDT) to the taxation authorities. The Company believes that DDT represents additional payment to taxation authority on behalf of the shareholders. Hence DDT paid is charged to equity.
- Refer note 10 for nature and purpose of other equity.

The accompanying notes are an integral part of these Consolidated Financial Statements.

CONSOLIDATED STATEMENT OF CASH FLOWS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
A Cash flow from operating activities		
1 Profit before tax	14,541.47	9,702.14
2 Adjustments for :		
Depreciation and amortization expense	8,088.12	6,752.10
(Profit) / Loss on sale of property, plant and equipment	(34.92)	27.02
Unrealised foreign exchange loss	8.95	38.99
Interest expense	2,394.62	4,317.43
Loss on account of cessation of joint venture	74.08	-
MTM loss on derivative liability	-	26.55
Bad debts and advances written off	20.68	1.47
Interest income on security deposits measured at amortised cost	(11.06)	(10.64)
Gain on investments carried at fair value through profit or loss	(32.23)	(59.73)
Interest income	(122.64)	(73.62)
Government grant	-	(3.00)
3 Operating profit before working capital changes (1+2)	24,927.07	20,718.71
4 Movements in working capital:		
Increase in trade receivables	(7,002.41)	(6,211.82)
Increase in inventories	(1,368.28)	(4,385.38)
Increase in long-term loans and advances	(151.74)	(361.66)
Increase in financial assets, including assets held for sale	(822.50)	(46.33)
Decrease/(Increase) in other current assets	533.42	(1,293.47)
Increase in trade payables	670.00	11,525.52
Increase/(Decrease) in current provisions	98.49	(4.14)
Increase in other financial liabilities	395.34	9.58
Increase in other current liabilities	575.22	612.03
Total movement in working capital:	(7,072.46)	(155.67)
5 Cash generated from operations (3+4)	17,854.61	20,563.04
6 Less : Income tax paid (net of refunds)	5,247.01	1,765.15
7 Net cash generated from operating activities (5-6)	12,607.60	18,797.89
B Cash flow from investing activities:		
Purchase of Property, plant and equipment, Capital work in progress, other intangible assets and capital advances	(12,356.96)	(17,613.96)
Proceeds from sale of property, plant and equipment	289.27	91.75
Purchase of non-current investment in joint ventures	(1,280.53)	(830.92)
Purchase of current investment	(246.34)	(468.25)
(Increase) / Redemption of Bank deposits (having original maturity of more than 3 months)	(4.25)	1.16
Interest received	116.75	85.22
Net cash used in investing activities:	(13,482.06)	(18,735.00)
C Cash flow from financing activities:		
Repayment of long-term borrowings	(26,022.96)	(8,503.79)
Proceeds from long-term borrowings	-	8,234.01
Proceeds from short-term borrowings (net)	5,166.69	2,590.94
Proceeds from issue of equity share capital	-	30,000.00
Share issue expenses	(62.75)	(1,485.32)
Dividend paid during the year (including dividend distribution tax)	(923.42)	(1,850.68)
Interest paid	(2,500.94)	(4,259.20)
Net cash (used in) / generated from financing activities:	(24,343.38)	24,725.96
D Net (decrease) / increase in Cash and cash equivalents (A+B+C)	(25,217.84)	24,788.85
E-1 Cash and cash equivalents as at the beginning of year	25,499.01	567.82
E-2 Cash and cash equivalents as at end of the year	370.33	25,499.01
Cash and cash equivalents include :		
Balances with banks:		
– In current accounts	136.60	25,488.54
– Cheques on hand	41.99	-
Cash on hand	18.79	10.47
Deposits with original maturity for less than three months	172.95	-
Cash and cash equivalents at the end of the year	370.33	25,499.01

CONSOLIDATED STATEMENT OF CASH FLOWS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities:

Particulars	Non - current borrowings*	Current borrowings
Opening balance as at 1 April 2018	27,680.54	20,799.75
Cash flows during the year	(26,129.29)	5,166.69
Non-cash changes due to:		
- Foreign currency translation	-	(20.60)
Closing balance as at 31 March 2019	1,551.25	25,945.84

*Includes current maturities of non-current borrowings and interest accrued thereon, refer Note 14.

Notes:

1. The Consolidated cash flow statement has been prepared in accordance with "Indirect Method" as set out on Indian Accounting Standard -7 on "Statement on Cash Flows".
2. Refer note 2 for significant accounting policies.
3. The Company paid in cash ₹196.83 Lacs for the year ended 31 March 2019 and ₹86.93 Lacs for the year ended 31 March 2018 towards Corporate Social Responsibility (CSR) expenditure.

The accompanying notes are an integral part of these Consolidated Financial Statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

1. Corporate Information

Sandhar Technologies Limited ('STL' or 'the Company' or 'the Parent Company') is a Public Limited Company domiciled in India and was incorporated on 19 October 1987 in New Delhi, India under the provisions of the Companies Act in India. Sandhar Group (the Parent Company and its subsidiary companies together referred to as "the Group") and its joint ventures are principally engaged in the manufacturing and assembling of safety and security systems and its associated components for the automotive industry in India, designing and manufacturing of moulds, dies and dies parts, machine tools, jigs and fixtures and fabrication and assembly and construction, agri – farm and railway products.

The Consolidated Financial Statements for the year ended 31 March 2019 comprise Financial Statements of the Group and its joint ventures.

2. Significant Accounting Policies, Principles of Consolidation and Basis of preparation

2.1 Principles of Consolidation

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Financial Statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

i. Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Financial Statements of subsidiaries are included in the Consolidated Financial Statements from the date on which control commences until the date on which control ceases.

The subsidiary companies which are included in the Consolidation and the Parent Company's holding therein is as under:

S. No.	Name of the Subsidiary Company	Nature of relation	Ownership in % either directly or through subsidiaries		Country of Incorporation and Principal place of Business
			2018-19	2017-18	
1	Sandhar Tooling Private Limited (STPL)	Subsidiary	79.92	79.92	India
2	Sandhar Technologies Barcelona S.L. (STB)	Subsidiary	100	100	Spain
	A Breniar Project, SL (BP)	Step Down	100	100	Spain

		Step Down	100	100	Poland
	C Sandhar Technologies de Mexico S de RL de CV (STM)	Subsidiary			
		Step Down	100	100	Mexico
3	PT Sandhar Indonesia (PTSI) (ceased w.e.f 29 August 2016)	Subsidiary	-	-	Indonesia
4	Sandhar Euro Holdings B.V. (SHBV) (ceased w.e.f 2 January 2017)	Subsidiary	-	-	Netherlands
5	Sandhar Strategic Systems Private Limited	Subsidiary	99.99	99.99	India

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the Consolidated Financial Statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's Financial Statements in preparing the Consolidated Financial Statements to ensure conformity with the Group's accounting policies.

The Financial Statements of all entities used for the purpose of Consolidation are drawn up to same reporting date as that of the parent Group, i.e., year ended on 31 March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for Consolidation purposes, additional Financial Information as of the same date as the Financial Statements of the parent to enable the parent to Consolidate the Financial Information of the subsidiary, unless it is impracticable to do so.

ii. Non-controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

iii. Loss of control

When the Group loses control over a subsidiary, it derecognizes the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognized in profit or loss.

iv. Equity accounted investees

The Group's interests in equity accounted investees comprise interests in its joint ventures.

The joint venture companies which are included in the Consolidation and the Parent Company's holding therein is as under:

S. No.	Name of the Joint Venture Company	JV Partner	% Share in JV		Country of Incorporation and Principal place of Business
			2018-19	2017-18	
1.	Indo Toolings Private Limited (ITPL)	JBM Auto Limited	50	50	India
2.	Sandhar Han Sung Technologies Private Limited (SHTPL)	Han Sung Imp Co. Limited	50	50	India
3.	Sandhar Ecco Green Energy Private Limited	DMRG Investment Private Limited and Tarun Agarwal	50	50	India
4.	Jinyoung Sandhar Mechatronics Private Limited	Jinyoung Electro-Mechanics Co. Ltd.	50	50	India
5.	Sandhar Amkin Industries Private Limited	Amkin Group Private Limited	50	50	India
6.	Sandhar Daewha Automotive Systems Private Limited	Daehwa fuel pump Ind., Limited	50	50	India
7.	Sandhar Daeshin Auto Systems Private Limited (Incorporated on 3 May 2018)	Daeshin Machinery Ind. Co. Ltd.	50	NA	India
8.	Sandhar Whetron Electronics Private Limited (Incorporated on 19 July 2018)	Whetron Electronics Co. Ltd.	50	NA	India
9.	Kwangsung Sandhar Technologies Private Limited (Incorporated on 6 February 2019)	Kwangsung Corporation Limited	50	NA	India

A joint venture is an arrangement in which the Group has joint control and has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

Interests in joint ventures are accounted for using the equity method. They are initially recognized at cost

which includes transaction costs. Subsequent to initial recognition, the Consolidated Financial Statements include the Group's share of profit or loss and OCI of equity-accounted investees until the date on which significant influence or joint control ceases.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Consolidation procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the Consolidated Financial Statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and property, plant and equipment ('PPE'), are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the Consolidated Financial Statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the Financial Statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on Consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognizes the assets (including goodwill) and liabilities of the subsidiary
- Derecognizes the carrying amount of any non-controlling interests
- Derecognizes the cumulative translation differences recorded in equity
- Recognizes the fair value of the consideration received

- Recognizes the fair value of any investment retained
- Recognizes any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognized in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

2.2 Basis of preparation

(i) Statement of compliance

These Consolidated Financial Statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of Companies Act, 2013, (the 'Act'), read with Companies (Indian Accounting Standards) (Amendment) Rules as amended from time to time and other relevant provisions of the Act.

Effective 1 April 2016, the Company had transitioned to Ind AS while the Financial Statements were being prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (previous GAAP) till 31 March 2017 and the transition was carried out in accordance of Ind AS 101 "First time adoption of Indian Accounting Standards". While carrying out transition, in addition to the mandatory exemptions, the Company had elected to certain exemption which are listed as below:

a) Business Combination:

Company has opted for exemption under Ind AS 101 with respect to Business Combinations whereby Company has elected not to apply Ind AS 103 retrospectively to past business combinations i.e. (to business combinations that occurred before the date of transition to Ind AS).

b) Deemed cost exemption on Property, Plant and Equipment

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the Financial Statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

c) Investment in subsidiaries:

As per the requirements of Ind AS 27, Company has opted to record its equity investment in subsidiary at cost. Ind AS 101 provides that while measuring investment at cost, an entity shall measure that investment at one of the following amounts in its separate opening Ind AS Balance Sheet:

- (i) cost determined in accordance with Ind AS 27; or
- (ii) deemed cost. The deemed cost of such an investment shall be its
 - (a) fair value at the entity's date of transition to Ind ASs in its Separate Financial Statements; or
 - (b) previous GAAP carrying amount at that date.

Accordingly, Company has opted to record its investment in subsidiary at previous GAAP carrying amount at transition date.

d) Investment in joint ventures

Ind AS 101 permits a first-time adopter to elect while changing from proportionate consolidation to equity method, to measure its investments in a joint venture at the date of transition as the aggregate of the carrying amount of the assets and liabilities that the entity had previously proportionately consolidated, including any goodwill arising from acquisition. The resultant amount is regarded as deemed cost of investment in the joint venture at initial recognition. Accordingly, the Group has elected to carry the deemed cost of investment in joint ventures as the aggregate amount of the assets of liabilities that was previously proportionately consolidated.

e) Leases:

Ind AS 101 permits that if there is any land lease newly classified as finance lease then the first time adopter may recognise assets and liability at fair value on that date; and any difference between those fair values is recognized in retained earnings.

Company has therefore classified land leases with multi decade lease periods as finance lease as on transition date.

(ii) Functional and presentation currency

These Consolidated Financial Statements are presented in Indian Rupees (INR), which is also the Group's functional currency. All amounts have been rounded-off to the nearest Lakhs, unless otherwise indicated.

(iii) Basis of measurement

The Consolidated Financial Statements have been prepared on a historical cost basis, except for the items which have been measured at fair value or revalued amount:

Items	Measurement basis
Certain financial assets and financial liability	Fair value
Investment in preference shares (unquoted)	Fair value
Net defined benefit plan (asset)/ liability	Fair value of plan assets less present value of defined benefit obligation.

(iv) Use of estimates and judgements

In preparation of these Consolidated Financial Statements, management has made judgements, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognized prospectively. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Consolidated Financial Statements is included in the following notes.

- Recognition and estimation of tax expense including deferred tax – Note 29
- Estimated impairment of financial assets and non-financial assets – Note 2.4(r) and 2.4(q)
- Assessment of useful life of property, plant and equipment and intangible asset – Note 2.4(d)
- Estimation of obligations relating to employee benefits: key actuarial assumptions – Note 30
- Valuation of Inventories – Note 2.4(j)
- Recognition and measurement of provisions and contingencies: Key assumption about the likelihood and magnitude of an outflow of resources – Note 31
- Lease classification – Note 33
- Fair value measurement – Note 2.2(v)

(v) Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Parent Company's audit committee.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in Note 34 – Financial instrument.

2.3 Changes in significant accounting policies

The Group has initially applied Ind AS 115 from 1 April 2018.

Due to the transition methods chosen by the Company in applying the above standard, comparative information throughout these Financial Statements has not been restated to reflect the requirements of the new standard.

There is no significant impact of transition from Ind AS 18 to Ind AS 115 in recognizing revenue by the Group.

Ind AS 115 establishes a comprehensive framework for determining whether, how much and when revenue is recognized. It replaced Ind AS 18 Revenue Recognition, Ind AS 11 Construction Contracts and related interpretations. Under Ind AS 115, revenue is recognized when a customer obtains control of the goods or services. Determining the timing of the transfer of control – at a point in time or over time – requires judgment.

The Group has adopted Ind AS 115 using the cumulative effect method (without practical expedients), with the effect of initially applying this standard recognized at the date of initial application (i.e. 1 April 2018). Accordingly, the information presented for 2017-18 has not been restated – i.e. it is presented, as previously reported, under Ind AS 18, Ind AS 11 and related interpretations. Additionally, the disclosure requirements in Ind AS 115 have not generally been applied to comparative information.

2.4 Summary of significant accounting policies

a. Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognized at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- (a) Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognized and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.
- (b) Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

- (c) Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets held for Sale and Discontinued Operations are measured in accordance with that standard.
- (d) Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognized in profit or loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognized at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognized in profit or loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognized at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognized in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognizes the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose

of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognized in profit or loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognized, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

b. Investment in joint ventures

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining joint control are similar to those necessary to determine control over the subsidiaries.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

The Group's investments in its joint venture are accounted for using the equity method. Under the equity method, the investment in joint venture is initially recognized at cost. The carrying amount of the investment is adjusted to recognize changes in the Group's share of net assets of the joint venture since the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The Consolidated Statement of Profit and Loss reflects the Group's share of the results of operations of the joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognized directly in the equity joint venture, the Group recognizes its share of any changes, when applicable, in the Consolidated Statement of Changes in Equity. Unrealized gains and losses resulting from transactions between the Group and the joint venture are eliminated to the extent of the interest in joint venture.

If an entity's share of losses of a joint venture equals or exceeds its interest in joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in joint venture), the entity discontinues recognizing its share of further losses. Additional losses are recognized only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of joint venture. If the joint venture subsequently reports profits, the entity resumes recognizing its share of those profits only after its share of the profits equals the share of losses not recognized.

The aggregate of the Group's share of profit or loss of a joint venture is shown on the face of the Consolidated Statement of Profit and Loss.

The Financial Statements of the joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognize an impairment loss on its investment in its joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value, and then recognizes the loss as 'Share of profit of a joint venture' in the Consolidated Statement of Profit and Loss.

Upon loss of joint control over the joint venture, the Group measures and recognizes any retained investment at its fair value. Any difference between the carrying amount

of the joint venture upon loss of joint control and the fair value of the retained investment and proceeds from disposal is recognized in profit or loss.

c. Foreign currency transactions

The Group's Consolidated Financial Statements are presented in INR, which is also the Parent Company's functional currency. For each entity the Group determines the functional currency and items included in the Financial Statements of each entity are measured using that functional currency.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition or an average rate if the average rate approximates the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognized in profit or loss with the exception of the following:

- Exchange differences arising on monetary items that forms part of a reporting entity's net investment in a foreign operation are recognized in profit or loss in the Separate Financial Statements of the reporting entity or the individual Financial Statements of the foreign operation, as appropriate. In the Financial Statements that include the foreign operation and the reporting entity such exchange differences are recognized initially in OCI. These exchange differences are reclassified from equity to profit or loss on disposal of the net investment.
- Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or the statement of profit and loss are also recognized in OCI or the Statement of Profit and Loss, respectively).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Group companies

On Consolidation, the assets and liabilities of foreign operations are translated into INR at the rate of exchange prevailing at the reporting date and their Statements of Profit or Loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the Group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for Consolidation are recognized in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognized in profit or loss.

Any goodwill arising in the acquisition/ business combination of a foreign operation on or after 1 April 2016 and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.

Foreign operations

The assets and liabilities of foreign operations (subsidiaries) including goodwill and fair value adjustments arising on acquisition, are translated into INR, the functional currency of the Group and its joint ventures, at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into INR at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

When a foreign operation is disposed of in its entirety or partially such that control, significant influence or joint control is lost, the cumulative amount of exchange differences related to that foreign operation recognized in OCI is reclassified to profit or loss as part of the gain or loss on disposal. If the Group disposes of part of its interest in a subsidiary but retains control, then the relevant proportion of the cumulative amount is re-allocated to NCI. When the Group disposes of only a part of its interest in an associate or a joint venture while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

d. Property, plant and equipment ('PPE')

(i) Recognition and Measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment includes its purchase price, import duties and non-refundable purchase taxes, duties or levies, after deducting trade discounts and rebates, any other directly attributable cost of bringing the asset to its working condition for its intended use the cost of replacing part of the plant and equipment and borrowing costs for long – term construction projects if the recognition criteria are met and estimated cost of dismantling and removing the items and restoring the site on which it is located. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. Refer to note 2.2 (iv) regarding significant accounting judgements, estimates and assumptions.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognized.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

A property, plant and equipment is eliminated from the Consolidated Financial Statements on disposal or when no further benefit is expected from its use and disposal. Assets retired from active use and held for disposal are generally stated at the lower of their net book value and net realizable value. Any gain or losses arising on disposal of property, plant and equipment is recognized in the Statement of Profit and Loss.

Once classified as held-for-sale, intangible assets, property, plant and equipment are no longer amortized or depreciated.

Gains or losses arising from de-recognition of PPE are measured as the difference between the net

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

disposal proceeds and the carrying amount of the asset and are recognized in the Consolidated Statement of Profit and Loss when the asset is derecognized. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

(iii) Depreciation

Depreciation on PPE is calculated on a straight-line basis to allocate their cost, net of their estimated residual values, over the estimated useful lives and is recognized in the Consolidated Statement of Profit and Loss. The identified components are depreciated over their useful life, the remaining asset is depreciated over the life of the principal asset. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Freehold land is not depreciated.

Leasehold land is amortized on a straight line basis over the period of the lease which ranges between 89-99 years.

The Group has used the following rates to provide depreciation which coincides with the rates indicated in Schedule II of the Act, on its PPE, except for temporary erection, Computers (Servers and networks) and Non – commercial vehicles.

Asset category	Useful lives estimated by the management (years)
Factory Buildings	30 years
Other Buildings	60 years
Carpeted RCC	10 years
Roads	
Tube wells	5 years
Plant and Machinery	7.5 - 20 years
Electrical	10 - 25 years
Installations	
Office Equipment	5 years
Racks and Bins	10 years
Furniture & Fixtures	10 - 20 years
Commercial	8 years
Vehicles	
Tools, Moulds and	5 - 6 years
Dies	

The management has estimated, supported by independent assessment by technical experts, professionals, the useful lives of the following classes of assets:

- The useful lives of temporary erection is estimated 1 year, which is lower than those indicated in Schedule II
- Computers (Servers and networks) are depreciated over the estimated useful lives of 3 - 4 years, which is lower than those indicated in Schedule II.
- Non Commercial Vehicles are depreciated over the estimated useful lives of 6 years, which is lower than those indicated in Schedule II.

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted, if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

In case of Sandhar Technologies Barcelona S.L., the costs of acquisition of equipment, systems or installations for the elimination, reduction or control of the possible environment impacts of the business are capitalized.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

e. Goodwill and other intangible assets

(i) Recognition and Measurement

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an item of intangible asset comprises its purchase price, including import duties and other non-refundable taxes or levies and any attributable costs of bringing the asset to its working condition for its intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in the Consolidated Statement of Profit or Loss in the period in which the expenditure is incurred.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and disposal. Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Consolidated Statement of Profit and Loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

(iii) Amortization

The useful lives of intangible assets are assessed as either finite or indefinite

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets is recognized in the Consolidated Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset. Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made prospective basis.

- Technical knowhow

Amounts paid towards technical know-how fees for specifically identified projects/products being development expenditure incurred towards product design is carried forward based on assessment of benefits arising from such expenditure. Such expenditure is amortized over the period of expected future sales from the related product, i.e. the estimated period of

60 to 72 months on straight line basis based on past trends, commencing from the month of commencement of commercial production.

- Software

Software purchased by the Group are amortized on a straight line basis i.e. non-standard (customized) software in four years and standard (non-customized) software in five years.

- Goodwill

Goodwill is not amortized but will be tested for impairment annually.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Consolidated Statement of Profit and Loss when the asset is derecognized.

Amortization method, useful lives and residual lives are reviewed at the end of each financial year and adjusted, if appropriate

f. Leases

(i) Determining whether an arrangement contains a lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

At inception or on reassessment of the arrangement that contains a lease, the payments and other consideration required by such an arrangement are separated into those for the lease and those for other elements on the basis of their relative fair values. If it is concluded for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognized at an amount equal to the fair value of the underlying asset. The liability is reduced as payments are made and an imputed finance cost on the liability is recognized using the incremental borrowing rate.

(ii) Assets held under lease

A lease is classified at the inception date as a finance lease or an operating lease. A lease that

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

transfers substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease.

Finance leases are capitalized at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in finance costs in the Consolidated Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group's general policy on the borrowing costs (See note 2.4 (g)). Contingent rentals are recognized as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term. Subsequent to the initial recognition, the assets are accounted for in accordance with the accounting policies applicable to similar owned assets. Assets held under leases that do not transfer to the Group and its joint ventures substantially all the risk and rewards of ownership (i.e. operating lease) are not recognized in the Group's Balance Sheet.

(iii) Lease payments

Payments made under operating leases are generally recognized in the Consolidated Statement of Profit and Loss on a straight line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase. Lease incentive received are recognized as an integral part of the total lease expense over the term of the lease. Operating lease payments are not straight lined in cases where the escalation is expected to increase in line with the expected general inflation to compensate for the lessor's expected inflationary cost.

Payments made under finance lease are allocated between the outstanding liability and finance cost. The finance cost is charged to the Consolidated Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

g. Borrowing Costs

Borrowing cost includes interest, and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs), amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they are incurred.

h. Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest Group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

An asset's recoverable amount is the higher of an individual asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

The Groups's corporate assets do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses, if any, are recognized in the Consolidated Statement of Profit and Loss. Impairment losses of continuing operations, including impairment on inventories, are recognized in the Consolidated Statement of Profit and Loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognized in OCI up to the amount of any previous revaluation surplus.

In regard to assets for which impairment loss has been recognized in prior period, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

An assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have

been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Consolidated Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Goodwill is tested for impairment annually at the CGU level, as appropriate, and when circumstances indicate that the carrying value may be impaired.

i. Government grant

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as other operating revenue on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

When the Group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments.

j. Inventories

Inventories which includes raw materials, components, stores, work in progress, finished goods and spares are valued at the lower of cost and net realizable value. However, raw materials, components and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost or in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- **Raw materials and components:** Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Companies in the Group, adopt First-in-first-out (FIFO) method for valuing raw materials, components, stores and spares (RM & Stores).
- **Finished goods and work in progress:** Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost of work-in-progress (WIP) and finished goods (FG) is based on FIFO method.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The net realizable value of work-in-progress is determined with reference to the selling prices of related finished products.

The comparison of cost and net realizable value is made on an item-by-item basis.

k. Revenue

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

However, sales tax/ value added tax (VAT)/ Goods and Services Tax (GST) is not received by the Group on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognized.

Effective 1 April 2018, the Group has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue. The Group has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. 1 April 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the Consolidated Statement of Profit and Loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18. Refer note 2.3 (k) – Significant accounting policies – Revenue recognition in the Annual report of the Parent Company for the year ended 31 March 2018, for the revenue recognition policy as per Ind AS 18. The impact of the adoption of the standard on the Consolidated Financial Statements is insignificant.

Sale of goods

The Group recognized revenue when (or as) a performance obligation was satisfied, i.e. when 'control' of the goods underlying the particular performance obligation were transferred to the customer.

Further, revenue from sale of goods is recognized based on a 5-Step Methodology which is as follows:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned or deferred revenue is recognised when there is billings in excess of revenues.

Contracts are subject to modification to account for changes in contract specification and requirements. The Group reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

Use of significant judgements in revenue recognition:

- a) The Group's contracts with customers could include promises to transfer products to a customer. The Group assesses the products promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.
- b) Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

- c) The Group uses judgement to determine an appropriate standalone selling price for a performance obligation. The Group allocates the transaction price to each performance obligation on the basis of the relative standalone selling price of each distinct product or service promised in the contract.
- d) The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Rendering of services

Revenue from services rendered is recognized in profit or loss in proportion to the stage of completion of the transaction at the reporting date. The stage of completion is assessed by reference to surveys of work performed.

Job work and development charges are recognized upon full completion of the job work and development services and when all the significant risks and rewards of ownership of the goods have been passed to the buyer, on delivery of the goods and no significant uncertainty exists regarding the collection of the consideration.

Interest income

For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest

rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in the Consolidated Statement of Profit and Loss.

Dividends

Revenue is recognized when the Group's right to receive the payment is established by the reporting date.

L. Income tax

Income tax expense comprises current and deferred tax. It is recognized in Consolidated Statement of Profit and Loss except to the extent that it relates to a business combination or to an item recognized directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is provided using the Balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Deferred tax liabilities are recognized for all taxable temporary differences.

In the situations where the Group is entitled to a tax holiday under the Income Tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax asset is recognized in respect of timing differences which are reversed during the tax holiday period, to the extent the Group's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Group restricts recognition of deferred tax assets to the extent that it has become reasonably certain that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

Deferred tax assets are recognized on carry forward of unused tax credits and any unused tax losses.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Group recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Deferred income tax are not provided on the undistributed earnings of the subsidiaries where it is expected that the earnings of the subsidiary will not be distributed in the foreseeable future.

Minimum alternate tax (MAT) paid in a year is charged to the Consolidated Statement of Profit and Loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the Consolidated Statement of Profit and Loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

m. Segment reporting

Basis for segmentation

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, and for which discrete financial information is available. The Group is primarily engaged in the manufacturing and assembling of safety and security systems and its associated components for the automotive industry. All operating segments' operating results are reviewed regularly by the Group's Chief Operating Decision Maker ("CODM") to make decisions about resources to be allocated to the segments and assess their performance. CODM believes that these are governed by same set of risk and returns hence CODM reviews as one balance sheet component.

The Group and its joint ventures are governed by the same set of risks and returns but subject to the geographical industry trends and hence the Group and its joint ventures business activities fall within a single primary business segment. The principal geographical

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

segments are classified as India, Europe and others since there are different risks and returns of the geographies.

n. Earnings per share (EPS)

Basic earnings / (loss) per share are calculated by dividing the profit or loss for the year attributable to the shareholders of the Group by the weighted average number of equity shares outstanding at the end of the reporting period. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue, if any, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earning per share, the profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

o. Provisions (other than for employee benefits)

General

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed the expense relating to a provision is presented in the Consolidated Statement of Profit and Loss net of any reimbursement. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost. Expected future operating losses are not provided for.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Warranties

Provision for warranty related costs are recognized when the product is sold or service provided and is based on historical experience. The provision is based on technical evaluation/ historical warranty data and after weighting of all possible outcomes by their associated probabilities.

The estimate of such warranty related costs is revised annually. Where the effect of the time value of money is material, the amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably.

p. Employee benefits

India

i. Short-term employee benefits

All employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid, if the Group has a present legal or constructive obligation to pay the amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group makes specified monthly contributions to the Regional Provident Fund Commissioner towards provident fund, superannuation fund scheme and employee state insurance scheme ('ESI'). Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in the Consolidated Statement of Profit and Loss in the periods during which the related services are rendered by employees. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

iii. Defined benefit plans

The Group operates a defined benefit gratuity plan, which requires contributions to be made to Kotak Mahindra Old Mutual Life Insurance Limited and LIC of India. There are no other obligations other than the contribution payable to the respective trust.

The Group has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of five years of service.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method, which recognizes each year of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognized in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Group recognizes related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognizes the following changes in the net defined benefit obligation as an expense in the Consolidated Statement of Profit and Loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

iv. Other long term employee benefits

Compensated absences

The employees can carry-forward a portion of the unused accrued compensated absences and utilize it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Group records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

As per the compensated absence encashment policy, the Group does not have an unconditional right to defer the compensated absence of employees, accordingly the entire compensated absence obligation as determined by an independent actuary has been classified as current liability as at year end.

Europe

In case of Sandhar Technologies Barcelona S.L. according to the sector social agreement (Convenio Siderometalurgico de la provincia de Barcelona) the Company pays 2 additional payrolls in June and December. The 2 additional payments, as well as the holiday payroll are provisioned every month on accrual basis.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

q. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Recognition and initial measurement

Trade receivables and debt securities are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Group becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss ('FVTPL'), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:

- Amortized cost;
- Fair Value through Other Comprehensive Income ('FVOCI') – debt instrument;
- FVOCI – equity investment; or
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Group. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss.

The losses arising from impairment are recognized in the Consolidated Statement of Profit and Loss. This category generally applies to trade and other receivables. The Group has recognized financial assets viz. security deposit, trade receivables, employee advances at amortized cost.

A debt instrument is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the Consolidated Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the Consolidated Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to the Consolidated Statement of Profit and Loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVPL category are measured at fair value with all changes recognised in the Consolidated Statement of Profit and Loss.

Financial assets: Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- The stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realizing cash flows through the sale of the assets;
- How the performance of the portfolio is evaluated and reported to the Group's management;
- The risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- The frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial asset: Assessment whether contractual cash flows are solely payments of principal and interest

For the purpose of this assessment 'Principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Group considers:

- Contingent events that would change the amounts or timings of cash flows;
- Terms that may adjust the contractual coupon rate, including variable interest rate features;
- Prepayment and extension features; and
- Terms that limit the Group's claim to cash flows from specified assets (e.g. non-recourse features)

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual at par amount, as feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. Interest income, foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss.
Debt investment at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognized in profit or loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investment at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are not reclassified to profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

iii. Derecognition

Financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Group enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

The Group derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in profit or loss.

iv. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

v. Derivative financial instruments and hedge accounting

The Group uses derivative instruments such as foreign exchange forward contracts and currency swaps to hedge its foreign currency and interest rate risk exposure. Embedded derivatives are separated from the host contract and accounted for separately if the host contract is not a financial asset and certain criteria are met.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value and changes therein are generally recognized in profit and loss.

Impairment of financial assets

The Group recognizes loss allowances for expected credit losses on:

- Financial assets measured at amortized cost; and
- Financial assets measured at FVOCI – debt instruments.

At each reporting date, the Group assesses whether financial assets carried at amortized cost and debt instruments at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit – impaired includes the following observable data:

For recognition of impairment loss on financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Group considers a financial asset to be in default when:

- The borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realizing security (if any is held); or
- The financial asset is 90 days or more past due.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are

measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowance for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

For debt securities at FVOCI, the loss allowance is charged to Consolidated Statement of Profit and Loss and is recognized in OCI.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for the recovery of amount due.

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for the measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortized cost e.g., deposits, and advances.
- b. Trade receivables that result from transactions that are within the scope of Ind AS 115
- c. Financial guarantee contracts which are not measured as at FVTPL.

The Group follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Group does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

r. Recognition of interest expense

Interest expense is recognized using effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments through the expected life of the financial instrument to:

- The amortized cost of the financial liability.

In calculating interest expense, the effective interest rate is applied to the amortized cost of the liability.

s. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and cheques on hand, which are subject to an insignificant risk of changes in value.

For the purpose of the Consolidated Statement of Cash Flows, cash and cash equivalents consist of cash at bank, cash on hand and cheques on hand as they are considered an integral part of the Group's cash management.

t. Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

u. Cash dividend and non-cash distribution to equity holders of the parent

The Group recognizes a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

v. Corporate Social Responsibility ("CSR") expenditure:

CSR expenditure incurred by the Group is charged to the Consolidated Statement of the Profit and Loss.

w. Research and development:

Expenditure on research and development activities is recognized in the Consolidated Statement of Profit and Loss as incurred.

Development expenditure is capitalized as part of cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Group intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognized in profit or loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortization and any accumulated impairment losses, if any.

x. Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA"), through Companies (Indian Accounting Standards) Amendment Rules, 2019

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

and Companies (Indian Accounting Standards) Second Amendment Rules, has notified the following new and amendments to Ind ASs which the Group has not applied as they are effective from 1 April 2019:

A. Ind AS 116, Leases

Ind AS 116 sets out principles for recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Consolidated Statement of Profit and Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements as per Ind AS 17. This new standard provides two approaches to transition:

1. Full retrospective approach- Under this approach, the lessee applies the new standard retrospectively to each prior period presented and recognised an adjustment in equity at the beginning of the earliest period presented in accordance with Ind AS -8.
2. Modified retrospective approach- Under this approach, the lessee applies the new standard from the beginning of the current period and recognised an adjustment in equity at the beginning of the current and does not restate its prior financial information.

The effective date for adoption of this standard is annual period beginning on or after 1 April 2019. The Group will adopt this standard using modified retrospective approach effective 1 April 2019 for transition to IND AS 116 and will be recognised as an adjustment to the opening balance of retained earnings at 1 April 2019, with no restatement of comparative information.

The Group plans to apply the practical expedient to grandfather the definition of a lease on transition. This means that it will apply Ind AS 116 to all contracts entered into before 1 April 2019 and identified as leases in accordance with Ind AS 17.

The Group has completed an initial assessment of the potential impact on its Consolidated Financial Statements but has not yet completed its detailed assessment. The quantitative impact of adoption of Ind AS 116 on the Consolidated Financial Statements

in the period of initial application is not reasonably estimable as at present.

B. Amendment to Ind AS 19 – ‘Employee benefits’

The amendments to Ind AS 19, clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The Group does not expect this amendment to have any significant impact on its Consolidated Financial Statements.

C. Amendments to Ind AS 12 - ‘Income taxes’

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Group does not expect any impact from this pronouncement. It is relevant to note that the amendment does not amend situations where the entity pays a tax on dividend which is effectively a portion of dividends paid to taxation authorities on behalf of shareholders. Such amount paid or payable to taxation authorities continues to be charged to equity as part of dividend, in accordance with Ind AS 12.

The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. It outlines the following: (1) the entity has to use judgement, to determine whether each tax treatment should be considered separately or whether some can be considered together. The decision should be based on the approach which provides better predictions of the resolution of the uncertainty (2) the entity is to assume that the taxation authority will have full knowledge of all relevant information while examining any amount (3) entity has to consider the probability of the relevant taxation authority accepting the tax treatment and the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates would depend upon the probability. The Group does not expect any significant impact of the above amendment on its Consolidated Financial Statements.

* Impairment testing of goodwill

For the purposes of impairment testing, goodwill is allocated to the Cash Generating Unit (CGU) which represents the lowest level at which the goodwill is monitored for internal management reporting purposes.

The recoverable amount of the cash generating unit was based on its value in use. The value in use of this unit was determined to be higher than the carrying amount and an analysis of the calculation's sensitivity towards change in key assumptions did not identify any probable scenarios where the CGU recoverable amount would fall below their carry amount.

Value in use was determined by discounting the future cash flows generated from the continuing use of the CGU. The calculation was based on the following key assumptions:

- The anticipated annual revenue growth and margin included in the cash flow projections are based on past experience, actual operating results and the 5-year business plan in all periods presented.
- The terminal growth rate ranges from 2% to 3% representing management view on the future long-term growth rate.
- Discount rate ranging from 7% to 13% for all periods presented was applied in determining the recoverable amount of the CGU. The discount rate was estimated based on past experience and companies average weighted average cost of capital.

The values assigned to the key assumptions represent the management's assessment of future trends in the industry and based on both internal and external sources.

Less: Aggregate amount of impairment in the value of equity accounted investee		
Investment in Joint Ventures**		
(i) In fully paid equity shares	(74.08)	-
Total aggregate amount of impairment	(74.08)	-
Total equity accounted investees (net of impairment)	2,182.52	1,006.81

* On 28 March 2018, the Company remitted ₹81.17 Lacs to Sandhar Daewha Automotive Systems Private Limited for the purchase of 8.12 Lacs equity shares of ₹10/- each, fully paid up. The allotment of these equity shares was pending as at 31 March 2018. Subsequently these shares were allotted to the Company on 23 April 2018.

** During the year ended 31 March 2019, the Company noted an impairment trigger on account of proposed discontinuation of business in its joint venture company ('Sandhar Ecco Green Energy Private Limited'). Company performed an impairment assessment of its investment in equity shares of Sandhar Ecco Green Energy Private Limited to compute the fair value of its investment. Based on management's assessment, as the fair value of the investment is lower than the carrying amount of the investment, an impairment charge of ₹74.08 Lacs is recognized in the financial statements.

Tax impact on translating the financial statements of foreign operations	(33.85)	(33.85)
	46.45	46.45

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

28. Earnings Per Share (EPS)

Basic and Diluted EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	Year ended 31 March 2019	Year ended 31 March 2018
Profit attributable to equity holders of the Company	9,585.24	6,561.93
Weighted average number of equity shares used for computing Earning per Share (Basic and Diluted) (Number of shares in Lacs)	601.91	512.78
Earning Per Share (Basic and Diluted) (₹)	15.92	12.80
Face value per share (₹)	10	10

Reconciliation of weighted average number of equity shares for calculation of Basic and Diluted earnings per share:

Particulars	Number of equity shares	Weighted average number of shares
Equity shares of face value of ₹10 per share:		
Balance as at 1 April 2017	511.55	511.55
Issued during the year 2017-18 (Number of shares in lacs)	90.36	90.36
Balance as at 31 March 2018	601.91	601.91
Issued during the year 2018-19 (Number of shares in lacs)	-	-
Balance as at 31 March 2019	601.91	601.91

At present, the Group does not have any dilutive potential equity shares

29. Income Tax

Particulars	Year ended 31 March 2019	Year ended 31 March 2018
(a) The major components of income tax expense for the years ended 31 March 2019 and 31 March 2018 are:		
Income tax recognized in statement of profit or loss		
Current income tax:		
Current tax	4,206.86	3,090.69
Deferred tax:		
Relating to origination and reversal of temporary differences	749.37	49.52

- Others	41.97	(50.64)
Income tax expense after adjustment of tax impact of non deductible items	4,956.23	3,140.21

30. Gratuity and other post-employment benefit plans

A. Defined Contribution Plans - General Description

The Group has a defined benefit gratuity plan for its employees, governed by the Payment of Gratuity Act, 1972. Every employee who has rendered at least five years of continuous service gets a gratuity on departure at the rate of fifteen days of last drawn salary for each completed year of service or part thereof in excess of 6 months. The scheme is funded with insurance companies in the form of qualifying insurance policies. Gratuity benefits are valued in accordance with the Payment of Gratuity Act, 1972.

The most recent actuarial valuation of present value of the defined benefit obligation for gratuity were carried out as at 31 March 2019. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

I. Reconciliation of the present value of defined benefit obligation and the fair value of the plan assets

Particulars	As at 31 March 2019	As at 31 March 2018
Liability for gratuity	2,252.69	1,957.05
Plan asset for gratuity	1,839.20	1,579.91
Net defined benefit liability (Current):	(413.49)	(377.14)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

30. Gratuity and other post-employment benefit plans (Contd..)

A. Defined Contribution Plans - General Description (Contd..)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

30. Gratuity and other post-employment benefit plans (Contd..)

A. Defined Contribution Plans - General Description (Contd..)

The principal assumptions used in determining gratuity and compensated absences are as follows:

(a) Economic assumptions

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been selected by the company.

Particulars	As at 31 March 2019	As at 31 March 2018
Discount rate	7.75% p.a.	7.89%-7.96% p.a.
Inflation rate	8.00% p.a.	8.00% p.a.
Expected rate of return on assets	8.00% p.a.	8.00% p.a.

(b) Demographic assumptions

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

Particulars	As at 31 March 2019	As at 31 March 2018
Mortality table	IALM (2006-08)	IALM (2006-08)
Retirement Age	58 years	58 years
Attrition Rate		
Up to 30 years	10%-12% p.a.	10%-12% p.a.
From 31 to 44 years	3%-12% p.a.	3%-12% p.a.
Above 44 years	1% p.a.	1% p.a.

The sensitivity analysis above has been determined based on reasonably possible changes of the respective assumptions occurring at the end of the year and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant.

Particulars	As at 31 March 2019		As at 31 March 2018	
	Increase	Decrease	Increase	Decrease
Discount rate (0.5% movement)	(113.53)	123.26	(100.00)	108.58
Expected rate of future salary increase (0.5% movement)	113.28	(106.29)	99.83	(93.69)

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

Gratuity expense expected to be incurred in the next year is ₹306.90 Lacs (previous year ₹279.14 Lacs).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

30. Gratuity and other post-employment benefit plans (Contd..)

A. Defined Contribution Plans - General Description (Contd..)

Expected maturity analysis:

Particulars	As at 31 March 2019	As at 31 March 2018
Less than 1 year	104.67	64.31
1-2 years	48.66	43.01
2-5 years	162.79	192.99
More than 5 years	1,975.22	1,689.69

Other long-term employee benefits:

During the year ended 31 March 2019, the Company has incurred an expense on compensated absences amounting to ₹224.37 lacs (previous year ₹197.03 lacs). The Company determines the expense for compensated absences basis the actuarial valuation of present value of the obligation, using the Projected Unit Credit Method.

31. Contingent liabilities and commitments (to the extent not provided for)

A. Capital commitments

Particulars	31 March 2019	31 March 2018

- ix) In respect of assessment year 2014-15 demand was issued for penalty proceeding. The appeal has been filed with CIT (A) LTU. The amount involved is ₹3.12 (31 March 2018: ₹ NIL).

Note C:

- i) In respect of Pathredi Land, Rajasthan State Industrial Development and Investment Corporation has issued a letter dated October 23, 2015 whereby demand of ₹761.04 has been raised for allowing a time extension for making additional investment in the project on land allotted to the Company (31 March 2018: ₹761.04). The Company has filed a request letter to waive off the same.
- ii) In respect of Chakan Land, Maharashtra Industrial Development Corporation has issued a letter dated March 3, 2015, asking Company to pay an additional amount aggregating to ₹76.48 for a further time extension (31 March 2018: ₹76.48). The Company is in process to file the waiver letter to Maharashtra Industrial Development Corporation.

Based on the status of cases and as advised by Company's tax/legal advisors, wherever applicable, the management believes that the Company has strong chance of success and hence no provision against matters disclosed in "Claims against the Company not acknowledged as debts" are considered necessary.

Note D:

In relation to 32(2) above guarantee given by the Company:

To facilitate grant of financing facilities to the Company's Joint Ventures and Subsidiaries, Company has given Corporate Guarantees to banks. As at the year-end, the outstanding Corporate Guarantee/Stand by-Letter of Credits so given amounts to ₹279.93 (31 March 2018: ₹364.43).

Note E:

Pursuant to recent judgement by the Hon'ble Supreme Court dated 28 February 2019, it was held that basic wages for the purpose of provident fund, to include special allowances which are common for all employees. However, there is uncertainty with respect to the applicable of the judgement and period from which the same applies. The Company has estimated the impact of the same from 1 March 2019 to 31 March 2019 based on a prospective approach and has recognized the same in the financial statements.

Owing to the aforesaid uncertainty and pending clarification from the authority in this regard, the Company has not recognised any provision for the previous years. Further management also believes that the impact of the same on the Company will not be material.

*During the year ended 31 March 2019, the Company noted an impairment trigger on account of proposed discontinuation of business in its joint venture company ('Sandhar Ecco Green Energy Private Limited'). Company performed an impairment assessment of its investment in equity shares of Sandhar Ecco Green Energy Private Limited to compute the fair value of its investment. Based on management's assessment, as the fair value of the investment is lower than the carrying amount of the investment, an impairment charge of ₹74.08 Lacs is recognized in the financial statements. Thus the carrying value of the investment is ₹74.43 Lacs as at 31 March 2019.

C. Terms and conditions of transactions with related parties

All transactions with these related parties are priced on arm's length basis and resulting outstanding balances at the year-end are unsecured and interest free and are to be settled in cash. The Company has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Total	347.47	345.15	2.42	347.75	345.17	2.58

34. Financial Instruments- Fair Values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

Particulars	Carrying value		Fair value	
	As at 31 March 2019	As at 31 March 2018	As at 31 March 2019	As at 31 March 2018
Financial assets				
A. FVTPL:				
Investment in Unquoted Equity Shares	44.80	44.60	44.80	44.60
Investment in Unquoted Mutual Funds	854.86	576.43	854.86	576.43
B. Amortised Cost:				
Security deposit	1,236.24	1,064.59	1,236.24	1,064.59
Loans recoverable from related parties	30.00	5.19	30.00	5.19
Loans to employees	25.86	30.30	25.86	30.30
Other advances	1,426.16	973.91	1,426.16	973.91
Total	2,718.26	2,073.99	2,718.26	2,073.99
Financial liabilities				
A. Amortised Cost:				
Borrowings				
Loans	27,480.99	48,357.87	27,480.99	48,357.87
Finance Lease Obligations	4.24	4.04	4.24	4.04
Total	27,485.23	48,361.91	27,485.23	48,361.91

The management assessed that the fair values of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short-term maturities of these instruments. Accordingly, management has not disclosed fair values for financial instruments such as trade receivables, trade payables, cash and cash equivalents, other current assets, interest accrued on fixed deposits, other current liabilities etc.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Long-term fixed-rate and variable-rate Receivables/Borrowings are evaluated by the company based on parameters such as interest Rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

The fair value of unquoted instruments, is calculated by arriving at intrinsic value of the investee. The fair value of loans from banks and other financial liabilities, obligations under finance leases, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

34. Financial Instruments- Fair Values (Contd..)

Discount rates used in determining fair value:

The interest rates used to discount estimated future cash flows, where applicable, are based on the discount rate that reflects the issuer's borrowing rate as at the end of the reporting period.

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. In addition, the Company internally reviews valuation, including independent price validation for certain instruments.

35. Fair Values hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial statements that are

- (a) recognised and measured at fair value and
- (b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into three levels prescribed under the accounting standard.

All financial instruments for which fair value is recognised or disclosed are categorized with in the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The company has an established control framework with respect to the measurements of fair values. This includes a valuation team and has overall responsibility for overseeing all significant fair value measurements and reports directly to the Chief Finance Officer. The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified. Significant valuation issues are reported to the Company's audit committee.

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

A. Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2019:

Particulars	Total	Fair value measurement using		
		Quoted prices in active markets	Significant observable inputs	Significant unobservable inputs
		(Level 1)	(Level 2)	(Level 3)
Assets measured at FVTPL:				
Investment in Unquoted Equity Shares	44.80	-	-	44.80
Investment in Unquoted Mutual Funds	854.86			854.86
Assets measured at amortised cost for which fair values are disclosed (refer note 34):				
Security deposit	1,236.24	-	-	1,236.24
Loans recoverable from related parties	30.00	-	-	30.00
Loans to employees	25.86	-	-	25.86
Other advances	1,426.16	-	-	1,426.16

Loans to employees	30.30	-	-	30.30
Other advances	973.91	-	-	973.91
Liabilities measured at amortised cost for which fair values are disclosed (refer note 34):				
Loans	48,357.87	-	-	48,357.87
Finance Lease Obligations	4.04	-	-	4.04

There have been no transfers between Level 1 and Level 2 during the period.

36. Financial risk management objectives and policies

The Company is primarily engaged in the manufacturing and assembling of automotive components such as lock-set, mirrors and various sheet metal components including cabins for two wheelers, four wheelers and off road vehicle industry. The Company's principal financial liabilities, comprises loans and borrowings, trade and other payables and finance lease obligation. The main purpose of these financial liabilities is to support the Company's operations. The Company's principal financial assets include investments in equity, employee advances, trade and other receivables, security deposits, cash and short-term deposits that derive directly from its operations. The Company also enters into derivative transactions viz. CCIRS and Principal Swaps.

The Company has exposure to the following risks arising from financial instruments

- Market risk (see (b));
- Credit risk (see (c)); and
- Liquidity risk (see (d)).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

36. Financial risk management objectives and policies (Contd..)

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

a) Risk Management Framework

The Company's activities make it susceptible to various risks. The company has taken adequate measures to address such concerns by developing adequate systems and practices. The Company's overall risk management program focuses on the unpredictability of markets and seeks to manage the impact of these risks on the Company's financial performance.

The Company's senior management oversee the management of these risks and advises on financial risks and the appropriate financial risk governance framework for the Company. The board provides assurance to the shareholders that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken.

The Company's risk management policies are established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and company's activities. The company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements

Risk	Exposure arising from	Measurement	Management of risk
Credit Risk	Cash and cash equivalents, trade receivables, derivative financial instruments, financial assets measured at amortised cost.	Ageing analysis, Credit ratings	Diversification of bank deposits, credit limits and letter of credit.
Liquidity Risk	Borrowings and liabilities	Cash flow forecasting, Sensitivity analysis	Availability of borrowing facilities.
Market risk - foreign currency risk	Future commercial transactions, Recognised financial liabilities not denominates in Indian Rupee (INR)	Cash flow forecasting, Sensitivity analysis	Cross currency principal interest swaps
Market risk – interest rate risk	Long-term borrowings at variable rates	Sensitivity analysis	

b) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises following types of risk: interest rate risk, currency risk, price risk, and commodity risk. Financial instruments affected by market risk include loans and borrowings, investment, deposits, advances and derivative financial instruments.

The sensitivity analyses in the following sections relate to the position as at 31 March 2019 and 31 March 2018. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of floating to fixed interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant in place at 31 March 2019.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions.

The following assumptions have been made in calculating the sensitivity analysis:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

36. Financial risk management objectives and policies (Contd..)

b) Market Risk (Contd..)

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2019 and 31 March 2018.

c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with fixed interest rates.

The Company enters Cross Currency Interest Rate Swaps to manage its Forex and interest rate risk, in which it agrees to exchange, at specified intervals, the difference between floating and fixed rate interest amounts calculated by reference to an agreed-upon notional principal amount.

Exposure to interest rate risk

The interest rate profile of the Company's interest bearing financial instruments as reported to management is as follows:

Particulars	31 March 2019	31 March 2018
Financial Liabilities		
Fixed rate instruments		
- Vehicle Loan	100.62	139.16
Variable rate instruments		
- Term Loans	1,434.53	27,418.96
- Cash credit from bank	25,945.84	20,799.75
Financial Assets		
Fixed rate instruments		
- Fixed Deposits	278.69	101.69
- Loans	2,718.26	2,073.99

The Company does not account for fixed rate financial assets or financial liabilities at fair value through profit or loss, and the company does not designate derivatives (interest rate swaps) as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Interest Rate sensitivity

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

Risk	Increase / decrease in basic points	Profit or loss	Profit or loss (net of tax)
31-Mar-19			
Secured term loan from banks	100	12.61	8.75
Cash credit from bank	100	259.46	179.98
Other borrowings	100	2.74	1.90
Secured term loan	(100)	(12.61)	(8.75)
Cash credit from bank	(100)	(259.46)	(179.98)
Other borrowings	(100)	(2.74)	(1.90)
31-Mar-18			
Secured term loan	100	217.62	150.96
Cash credit from bank	100	207.99	144.29
Other borrowings	100	56.57	39.24
Secured term loan	(100)	(217.62)	(150.96)
Cash credit from bank	(100)	(207.99)	(144.29)
Other borrowings	(100)	(56.57)	(39.24)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

36. Financial risk management objectives and policies (Contd..)

Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency) and borrowings in foreign currency (ECB borrowings).

The Company manages its foreign currency risk by entering into derivatives. When a derivative is entered into for the purpose of hedging, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure.

Details of unhedged foreign currency exposures:

Particulars	As at 31 March 2019		As at 31 March 2018	
	Amount In Foreign Currency	Amount in ₹	Amount In Foreign Currency	Amount in ₹
Trade Payables (USD)	10.34	717.15	70.44	4,582.05
Trade Payables (JPY)	1,825.48	1,142.06	2,444.39	1,490.29
Trade Payables (GBP)	0.07	6.37	0.22	19.73
Trade Payables (EUR)	5.70	444.03	12.17	974.71
Trade Receivables (USD)	3.17	218.98	10.51	683.68
Trade Receivables (MXN)	12.89	46.10	-	-

The following significant exchange rates were applied at the year end:

Particulars	Year end rates	
	As at 31 March 2019	As at 31 March 2018
INR/ JPY	0.6256	0.6097
INR/ USD	69.3267	65.0462
INR/ GBP	90.4756	91.7050
INR/ EUR	77.8477	80.1022
INR/ MXN	3.5759	-

Sensitivity Analysis

Any changes in the exchange rate of foreign currency against INR is not expected to have significant impact on the Company's profit due to the short credit period. Accordingly, a 1% appreciation/depreciation of the INR as indicated below, against the USD would have increased/reduced profit by the amounts shown below. This analysis is based on the foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variable remains constant.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

36. Financial risk management objectives and policies (Contd..)

Equity price risk

The Company's listed & non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and by placing limits on total equity instruments. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all equity investment decisions.

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), including foreign exchange transactions and other financial instruments.

Trade receivables

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each date of statements of financial position whether a financial asset or a company of financial assets is impaired. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Company's exposure to customers is diversified and some customer contributes more than 10% of outstanding accounts receivable as of 31 March 2019 and 31 March 2018, however there was no default on account of those customers in the past.

Before accepting any new customer, the Company assesses the potential customer's credit quality and defines credit limits to customer. Limits and scoring attributed to customers are reviewed on periodic basis.

The Company performs credit assessment for customers on an annual basis and recognizes credit risk, on the basis lifetime expected losses and where receivables are due for more than six months.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

(a) Financial assets for which loss allowance is measured using 12 months Expected Credit Losses (ECL)

Particulars	As at 31 March 2019	As at 31 March 2018
Loans	1,637.10	1,144.57
Other financial assets	1,376.79	1,029.35
Total	3,013.89	2,173.92

(b) The ageing analysis of trade receivables for which loss allowance is measured using Life time Expected Credit Losses as of the reporting date is as follows:

Particulars	As at 31 March 2019	0- 6 Month	6 – 12 month	More than 12 months
Gross Carrying Amount	33,906.94	33,459.87	190.31	256.76
Expected credit loss (Loss allowance provision)	185.34	-	-	185.34
Carrying amount of trade receivables	33,721.60	33,459.87	190.31	71.42

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

36. Financial risk management objectives and policies (Contd..)

- (b) The ageing analysis of trade receivables for which loss allowance is measured using Life time Expected Credit Losses as of the reporting date is as follows: (Contd..)

Particulars	As at 31 March 2018	0- 6 Month	6 – 12 month	More than 12 months
Gross Carrying Amount	26,910.49	26,664.21	71.52	174.76
Expected credit loss (Loss allowance provision)	167.34	-	-	167.34
Carrying amount of trade receivables	26,743.15	26,664.21	71.52	7.42

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Corporate finance department in accordance with the Company's policy. Investments of surplus funds are made only in schemes of alternate investment fund/or other appropriate avenues including term and recurring deposits with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company places its cash and cash equivalents and term deposits with banks with high investment grade ratings, limits the amount of credit exposure with any one bank and conducts ongoing evaluation of the credit worthiness of the banks with which it does business. Given the high credit ratings of these banks, the Company does not expect these banks to fail in meeting their obligations. The maximum exposure to credit risk for the components of the balance sheet at 31 March 2019 and 31 March 2018 is represented by the carrying amount of each financial asset.

d) Liquidity risk

Liquidity risk refers to the risk that the company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, buyers credit and bank loans. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Particulars	Contractual cash flows			
	Carrying value as at 31 March 2019	0- 1 year	1- 5 year	More than 5 year
Trade Payable	35,481.51	35,479.84	1.67	-
Borrowings	27,480.99	26,637.95	843.04	-
Other financial liabilities	4,989.96	4,388.36	601.60	-
Total	67,952.46	66,506.15	1,446.31	-

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31 March 2019

(Rupees in lacs, except share data, per share data and unless otherwise stated)

36. Financial risk management objectives and policies (Contd..)

d) Liquidity risk

Particulars	Contractual cash flows			
	Carrying value as at 31 March 2018	0- 1 year	1- 5 year	More than 5 year
Trade Payable	34,805.83	34,805.83	-	-
Borrowings	48,357.87	47,074.97	1,282.90	-
Other financial liabilities	6,122.50	5,110.64	1,011.85	-
Total	89,286.20	86,991.44	2,294.75	-

37. Capital management

The Company's capital management objectives are:

The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital employed, as well as the level of dividends to equity shareholders.

The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.

The Company uses debt ratio as a capital management index and calculates the ratio as Net debt divided by total equity. Net debt and total equity are based on the amounts stated in the financial statements.

Particulars	31 March 2019	31 March 2018
Net Debt (A)*	26,149.88	22,180.74
Equity (B)	72,309.81	63,707.21
Debt Ratio (A/B)	0.36	0.35

* Net debt includes Non-Current borrowing, Current borrowing, Current maturities of non-current borrowing net off Current investment and cash, cash equivalent and other bank balance.

38. Segment Reporting

Information reported to the chief operating decision maker (CODM) for the purposes of resource allocation and assessment of segment performance focuses on the types of goods or services delivered or provided. The Company is in the business of manufacture and sale of automobile components, which in the context of Indian Accounting Standard 108 'Segment Information' represents single reportable business segment. The accounting policies of the reportable segments are the same as the accounting policies disclosed in Note 2. The revenues, total expenses and net profit as per the Statement of Profit and Loss represents the revenue, total expenses and the net profit of the sole reportable segment.
