Message from

The Managing Director

I am glad to report that there was a significant turnaround in the subsequent months in the Cement Division with improved market realisations.

Dear Shareholders,

We will be missing the pleasure of personally meeting and interacting with you at the ensuing Annual General Meeting. We have to be satisfied with the virtual meeting by electronic means occasioned by the COVID 19 pandemic. I am sure that the dark clouds of the pandemic blow will blow over, and look forward to the AGM 2021 with renewed hope and vigour.

At NCL, we bestow utmost importance to the health and safety of our employees who constitute our most valuable assets. We are taking all possible steps to ensure their well being by strictly following the norms of social distancing, safety and sanitation, and periodic testing of the employees.

In the business front, the COVID 19 lock-down brought all activities to a virtual standstill, and the first month of the current financial year have been a near washout. I am glad to report that there was a significant turnaround in the subsequent months in the Cement Division with improved market realisations. Recovery has been slower in the Boards and Doors Divisions but there are signs of return to near normalcy.

Progress in the joint venture with the Chinese company for pre-engineered steel structures had to be kept on hold due to the prevailing scenario of bilateral relations between the two countries. Fortunately, there has been no significant investment on this venture, and the infrastructure created for the project can be put to alternative uses.

It is expected that the construction activity will gradually pick up as a part of the post COVID 19 revival efforts by the Government. Cement and building materials are likely witness a significant growth in demand, to cope with the increased expenditure for infrastructure. However, when the intensity of the pandemic will assume a declining path is matter of speculation. Let us hope that we will back in the growth path sooner rather than later.

Let me end this communication on this note of cautious optimism and wish you a safe and healthy year ahead.

A handwritten signature in black ink, appearing to be 'K Ravi'.

ITEM NO. 10:

Under the provisions of Section 180(1) (c) of the Companies Act, 2013 the Board of Directors of a Company can, with the consent of the shareholders obtained by Special Resolution, borrow monies, apart from temporary loans obtained from the Company's Bankers in the ordinary course of business, in excess of the aggregate of paid-up capital and free reserves of the Company, that is to say, reserves not set apart for any specific purpose.

The shareholders of the Company at the Annual General Meeting held on 29th September, 2014, through Special resolution reaffirmed their consent accorded earlier under the erstwhile Section 293(1)(d) of the Companies Act, 1956 to the Board of Directors for borrowing up to a ceiling of 500 Crores given at the Extra-Ordinary General Meeting held on 30th July, 2007.

Since 2007, operations of the company have been increased substantially with several expansion and diversification projects. Considering the future plans and business needs, it is proposed to increase the borrowing limits to enable the Directors to borrow from time to time, up to a ceiling of ₹ 750 crores (Rupees seven hundred and fifty crores only) over and above the amount of share capital and free reserves of the company. Hence it is necessary to obtain fresh approval of the shareholders by means of a Special Resolution.

The Board recommends the Resolution at Item No.10 of the Notice for approval of the shareholders by a Special Resolution be passed.

None of the Directors and key managerial personnel of the Company are concerned or interested in the Resolution mentioned at Item No.10 of the Notice.

BUSINESS RESPONSIBILITY REPORT

[See Regulation 34(2)(f)]

The philosophy of the Company is to conduct its business in a manner befitting a corporate citizen. Adherence to the unexceptionable principles enunciated should be a way of life rather than enforceable by statutory provisions or filling up the formats for Business Responsibility Reporting.

We note that the SEBI Circular No. CIR/CFD/CMD/10/2015 dated November 4, 2015 refers to the National Voluntary Guidelines (NVG) issued by the Ministry of Corporate Affairs. However, the NVG has been revised and replaced by the MCA by the National Guidelines on Responsible Business Conduct (NGRBC)

The format contained in National Guidelines on Responsible Business Conduct issued by the MCA and the SEBI Circular dated 4th November 2015 being suggested and not mandatory, the company has devised its format for preparing this Report, taking the essential features of both the formats, and eliminating information which is already contained in other parts of the Directors' Report,

The company believes that this fulfils the requirement of Regulation 34(2) (f) of the SEBI (LODR) Regulations 2015 and the NGRBC.

This being the first year in which the BRR has become applicable to it, the Company will adopt any format that may be prescribed by the Statute or Regulation (as distinct from suggested or recommended) that may be pointed to it.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Company's performance during the year ended 31st March, 2020 and the Management's view on future outlook are detailed below:

A. INDUSTRY STRUCTURE AND DEVELOPMENT

Your Company has five operating Divisions with Cement being the major revenue contributor. The Industry Structure and Developments in respect of each of the Divisions are briefly discussed below:

Cement

Cement is indispensable for building and construction work and cement industry is considered one of the vital constituents of the country's economy. Being a major input along with steel in the construction of houses, roads and other buildings and other infrastructure projects, the fortunes of the cement industry are closely linked with the progress of infrastructure industry. Demand for housing is driven by income growth while infrastructure development largely depends on both state and central government expenditure.

The outlook of the cement industry has been encouraging, given the importance accorded by successive governments to infrastructure and housing. The demand drivers in cement are major initiatives like Housing for All by 2022, Prime Minister's Gram Sadak Yojana, the National Investment and Infrastructure Fund (NIIF). Though the COVID 19 epidemic and the exodus of migrant labour caused a temporary suspension of the construction activity, it is expected that the demand will pick up in the medium and long run.

Ready Mix Concrete (RMC)

RMC is a natural adjunct to the cement industry. Over the past decade, more and more cement manufacturers have been opting for setting up their in-house RMC units as an outlet for their main product of cement, and also to retain and propagate their brand image. RMC is also eco-friendly as it reduces the noise and air pollution because mixing is done in closed chamber as compared to site mix concrete. The relatively low shelf life of RMC – 3 to 5 hours- imposes severe restrictions on the distance between the end user and plant site. In spite of this handicap, RMC industry is likely to witness a steady growth in the next few years.

Boards

Your Company is the only manufacturer of Cement Bonded Particle Boards (CBPB) in the country, marketed under the brand name Bison Panel. Bison Panels are normally used for construction of prefabricated structures and have been extensively used in the infrastructure and housing sectors. The third Bison Panels unit set up by your Company at Simhapuri has

commenced its operations, and has been performing satisfactorily.

Prefab

As mentioned in the report for the previous year, your company is no more active in the direct retail business of the Prefab structures. There were no operations in the Prefab Division during the year under review. Your Company's quest for identifying a technology partner in this field is continuing.

Hydel Energy (Small Hydro)

In India, hydro projects up to 25 MW station capacities have been categorized as Small Hydro Power (SHP) projects. The estimated **potential** for power generation in the country from such plants is about 20,000 MW. Projects in this segment, in which your company is operating, are normally economically viable. However, the viability is dependent upon the release of water in the reservoirs by the Government. With an installed capacity of 15.75 MW your company is a marginal player in this field.

B. OPPORTUNITIES AND THREATS

The continued focus of the Central and State Governments on infrastructure projects offer an ongoing opportunity to cement manufacturers. As already mentioned, the thrust given by the Governments for infrastructure development is a demand driver, and a major opportunity. Recently Housing and Urban Affairs Ministry launched digital platforms of real estate bodies CREDAI and NAREDCO to market residential properties for affordable rental housing scheme for migrants which is a boon to housing industry.

As indicated in the foregoing paragraphs, the setback in demand caused by the effect of COVID 19 pandemic is expected to be temporary. However, since there are no accurate studies on how long the ongoing pandemic will last and its term impact on the life styles and economy on the long run, the uncertainty poses a threat.

Its products being building materials, the Boards Division is also likely to share the opportunities and threats as detailed above. The emergence of alternative and new products to the boards division and the resultant competition continues to be a challenge requiring constant attention. The company is planned to introduce sandwich panel boards as an add on product to bison panel to improve its sales.

Your Company is a relatively small player in the Hydel Energy and RMC segments. As of now these divisions do not constitute a significant part of the company's overall activity.

C SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS AS COMPARED TO THE PREVIOUS YEAR

During the year under review no significant changes in key financial ratios as compared to the previous year. Close monitoring on debtors reduced the debtors' turnover ratio during the year under review. Key Ratios are as under:

S.No	Ratios	2019-20	2018-19	% of Change
1	Inventory Turnover Ratio	9.81	13.88	(29.32)*
2	Interest coverage Ratio	4.64	4.05	14.57
3	Current Ratio	1.00	1.10	10

Ready Made Dorrs Concrete	0.11	916 (Nos)	151.26	(361.67)

E. OUTLOOK

As already stated earlier, the outlook for the cement and building materials industry looks promising medium term despite the uncertainty caused by COVID 19 in the short term.

F. RISKS AND CONCERNS.

Your Company does not perceive any serious risks and concerns apart from the normal business risks connected with the industries in which it operates. The recent outbreak of Covid-19, which led to a country wide lockdown to curtail the spread of the virus, has made a severe challenge and has altered the outlook for the country. Real estate sector in India, which was struggling to re-emerge from the turbulence of structural changes, is now set to witness major fallout. It is a major concern to building material industry.

G. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY.

The Company has proper and adequate systems for internal controls in place. The Company has appointed independent Internal Auditors to conduct the internal audit across all plant locations whose reports are regularly monitored by the management. Statutory Auditors of the company independently examine the adequacy of the internal control procedures commensurate with the size of the company. Both these Auditors attend the Audit Committee Meetings and express their opinion on issues of concern. The Management continuously reviews the internal control systems and procedures to ensure orderly and efficient conduct of business. Emphasis on internal controls prevails across functions and processes covering the entire gamut of activities including finance, supply chain, sales, distribution, marketing etc.

H. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE.

This aspect has been covered in the analysis of the Segment-wise performance in the previous paragraphs.

I. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED.

The senior management team has been strengthened with the recruitment of additional personnel to provide leadership below the Executive Director level. Systematic training in site operational control and management are imparted regularly to ensure efficient execution. The Company has cordial relations with employees and staff. As on 31st March 2020, the company has 861 employees working in its factories and various offices.

J. CAUTIONARY STATEMENT

Some of the statements made in this Report are forward looking, based on the perceptions and views of the management. The projections or expectations are subject to market uncertainties and vicissitudes. Shareholders and investors are advised to form their own opinion, and management assumes no responsibilities for the variances if any in the actual scenario emerging.

Annexure - D

Corporate Social Responsibility (CSR) Activities

Your Company is conscious that it is an integral part of the society at large, and it has a responsibility to contribute to the general welfare of the society to which it belongs. Right from its inception, your company has been actively engaged in efforts to improve the quality of life in the contiguous localities.

After the provisions relating to CSR became applicable, your company constituted a CSR Committee. As on the date of this Report, the CSR Committee consists of Dr.R.Kalidas as Chairman, Mr. K.Gautam (Executive Director) and Lt.Gen (Retd) T A DCunha (Director) are other members.

The Company has adopted a comprehensive CSR Policy, which can be accessed at the Web link <https://www.nclind.com/csr-policy>

As per the minutes of the Board and Board committees I noticed that all the decisions were carried through unanimously.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

The Company has entered into a joint venture agreement with a Chinese Company and has registered for that purpose a new Company NCL Gangzheng Structures Limited and made some investment. No investment was received from the JV partner during the year under review due to Covid 19 pandemic and by virtue of the shareholding it became a 100% subsidiary.

I further report that, during the audit period, there were no other specific events /actions in pursuance of the above referred laws, rules, regulations, guidelines etc. having major bearing on the Company's affairs.

This report is to be read with our letter of even date which is annexed as Annexure-A and forms an integral part of this report

Independent Auditor's Report

To the Board of Directors of NCL INDUSTRIES LIMITED

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the standalone Ind AS financial statements of **NCL INDUSTRIES LIMITED** ("the Company"), which comprises the balance sheet as at 31st March 2020, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under

those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

We draw attention to Note No. 44 of the standalone Financial Statements regarding impact of COVID-19 pandemic. The situation continues to be uncertain and the Company is evaluating the situation on an ongoing basis with respect to the challenges faced.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements for the financial year ended March 31, 2020. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers" (new revenue accounting standard) Principal Audit Procedures We assessed the Company's process to identify the impact of adoption of the new revenue accounting standard. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows: The application of the new revenue accounting standard involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognised over a period. Additionally, new revenue accounting standard contains disclosures which involves collation of information in respect of disaggregated revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date	Principal Audit Procedures: We assessed the Company's process to identify the impact of adoption of the new revenue accounting standard. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows: The application of the new revenue accounting standard involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognised over a period. Additionally, Evaluated the design of internal controls relating to implementation of the new revenue accounting standard. Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings. We reviewed the collation of information and the logic of the report generated from the budgeting system used to prepare the disclosure relating to the periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.

Other information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from

material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books ;
- c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

- e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) In our opinion, the managerial remuneration for the year ended March 31, 2020 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The pending litigations of the company that might impact the financial position of the company are disclosed in the standalone financial statements – Refer note no. 33 to the financial statements;
 - ii. The company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. The Company transferred an amount of ₹ 25.61 lakhs, being the unpaid dividend transferred to the Investor Education and Protection Fund on 31.10.2019.

Annexure - A to the Auditors' Report

The Annexure A referred to in our Independent Auditor's Report to the members of the Company on the Standalone financial statements for the year ended 31 March 2020, we report that:

- i. In respect of its fixed assets:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified during the year. In accordance with this programme, fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- ii. In respect of Inventories:
 - (a) The inventories have been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable.
 - (b) The procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
 - (c) The Company has maintained proper records of the said stocks. As explained to us, there were no material discrepancies noticed on physical verification of inventory as compared to the book records.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act'). Consequently, clauses 3 (iii) (a) and 3 (iii) (b) of the Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans, investments, guarantees and securities.
- v. In our opinion and according to the information and explanations given to us, the Company has complied with the directives issued by the Reserve Bank of India and the provisions of Section 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder in respect of deposits accepted. We are informed that no order was passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or Tribunal.
- vi. We have broadly reviewed the books of account relating to materials, labour and other items of cost maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of the activities carried on by the Company, wherever applicable and we are of the opinion that prima facie the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.
- vii. In respect of statutory dues:
 - a) According to the information and explanations given to us and on the basis of examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income-tax, Goods and service tax, duty of customs, cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts are payable in respect of income tax, Goods and services tax, duty of customs, cess and other material statutory dues were in arrears as at 31 March 2020 for a period of more than six months from the date they became payable.
 - b) According to the information and explanations given to us, the dues of Sales tax, Service tax, Duty of Custom and Duty of Excise which have not been deposited on March 31, 2020 on account of any dispute, are as follows:

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s. NCL INDUSTRIES LIMITED** ("the Company") as of 31 March 2020 in conjunction with our audit of Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit

opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Standalone Financial Statements

Note 1: COMPANY OVERVIEW AND SIGNIFICANT ACCOUNTING POLICIES:

Company Overview

NCL Industries Limited ("the Company"), is a public company domiciled in India and was incorporated on 10 September 1979 under the provisions of the Companies Act, 1956 applicable in India. Its shares are listed on National Stock Exchange of India (NSE) and Bombay Stock Exchange (BSE) of India. The Registered office of the Company is located at NCL Pearl, 7th floor, SD Road, Secunderabad, Telangana. The Company is principally engaged in the business of manufacturing and selling of Cement, Ready Mix concrete (RMC), Cement Bonded Particle Boards (CBPB), Doors, and operates two Small Hydro Power (SHP) projects. The Company has manufacturing facilities in the states of Telangana, Andhra Pradesh, Karnataka and Himachal Pradesh of India and caters mainly to the domestic market.

Basis of Preparation of Financial Statements:

The Standalone financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), the provisions of the Companies Act, 2013 ("the Companies Act"), as applicable and guidelines issued by the Securities and Exchange Board of India ("SEBI"). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The accounting policies have been applied consistently to all periods presented in these standalone financial statements.

The Standalone financial statements were approved for issue in accordance with the resolution of the Board of Directors on June 30, 2020.

Basis of Measurement

The Standalone financial statements have been prepared on a historical cost convention and on an accrual basis, except for certain assets and liabilities which have been measured at fair value as per Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

The Standalone financial statements are presented in Indian Rupees (INR) being the functional currency of the Company.

All financial information presented in Indian rupees has been rounded to the nearest lakhs, except otherwise indicated.

Use of Estimates

The preparation of Standalone financial statements in conformity with Ind AS requires management to make estimates, judgments' and assumptions (including revisions, if any). These estimates, judgments and assumptions affect the application of accounting policies and reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenue and expenses during the period.

Appropriate changes in the estimates are made as management becomes aware of changes in circumstances. Changes in the estimates are reflected in the financial statements in the period in which changes are made.

Classification of Current / Non-Current Assets and Liabilities

All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets: An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realised within twelve months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within twelve months after the reporting date; or
- the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets/ liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in

Cash or cash equivalents, the Company has ascertained its normal operating cycle as 12 months for the purpose of Current / Non-current classification of assets and liabilities.

Revenue of Recognition:

NCL primarily generates revenue from simply structured sales of building materials, such as cement, Cement Bonded Particle Boards, Ready Mix Concrete and Power generation, for which the control passes to the customer at a specific point in time. In the context of the sale of the products, separate performance obligations may arise from freight and transport services as well as from services directly related to the sale of the products. These services are generally performed at the time that the control of the products is transferred.

Revenue is the amount of consideration expected to be received in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (GST). Revenue is recognized when (or as) a performance obligation is satisfied by transferring the control of a promised good or service to the customer. A customer obtains control of a good or service if it has the ability to direct the use of and obtain substantially all of the remaining benefits from that good or service. Control is transferred over time or at a point in time. Revenue from the sale of goods is recognised when control of the good is transferred to the customer, usually upon delivery and there is no unfulfilled obligation that could affect the customer's acceptance of the products. The Company adopted Ind AS 115 for its revenue from contracts with customers.

Rendering of services: Revenue arising from services is recognised in the accounting period in which the services are rendered, and it is measured using either output methods or input methods, depending on the nature of service provided. A receivable is recognized when there is an unconditional right to consideration for the performance obligations to the customer that are satisfied. Interest income is recognized using the effective interest rate method.

A contract asset is recognized when the performance obligation to the customer is satisfied before the customers pays or before payment is due, usually when goods or services are transferred to the customer before the Company has a right to invoice. A contract liability is recognized when there is an obligation to transfer goods or services to a customer for which the Company has received consideration from the customer (prepayments) or there is an unconditional right to receive consideration before the Group or the Company transfers a good or a service (deferred income). The contract liability is derecognized when the promise is fulfilled and revenue is recorded in the profit or loss statement.

Revenue is net of GST wherever applicable, recognized on accrual basis, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods: Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer on delivery of the goods.

Income from Services: Revenues from maintenance contracts are recognized pro-rata over the period of the contract as and when services are rendered.

Rendering of services: Revenue from services is recognised with reference to the stage of completion of a contract when outcome can be measured reliably. Stage of completion is measured by the services performed till Balance Sheet date as a percentage of total services contracted.

Interest income is recognized using the effective interest rate method.

Property Plant and Equipment:

Property, Plant and Equipment are stated at cost net of GST, if any and subsequently at cost less depreciation and impairment losses if any.

Depreciation on Buildings and Plant & Machinery is charged on straight line method and other assets on Written Down Value method based on the useful lives of the assets, as per Schedule II of the Companies Act 2013 and depreciation on Assets of Energy Division is charged as per Part B of the Schedule. Depreciation on fixed assets of Energy Division is provided on straight line method at the rates and in the manner prescribed as per notification no.151 dated 29.03.1994 issued by Ministry of Power (Department of Power). Depreciation for assets purchased/sold during the period is proportionately charged. Individual low cost assets (acquired for ₹ 5,000/- or less) are depreciated at 100 % in the year of acquisition/ purchase.

Inventories

Inventories are valued at lower of cost or net realizable value.

Basis of determination of cost remain as follows:

Raw Materials, Packing materials - On Weighted average cost basis.

Spares- at Cost

Work-in-process: At cost of inputs plus overheads up to the stage of completion.

Finished goods are valued at lower of cost or net realizable value.

Impairment:

As at the end of each Balance Sheet date, the carrying amount of assets is assessed as to whether there is any indication of impairment. If the estimated recoverable amount is found less than its carrying amount, the impairment loss is recognized and assets are written down to their recoverable amount.

Borrowing Costs

Borrowing Costs Borrowing cost directly attributable to acquisition and construction of assets that necessarily takes substantial period of time are capitalised as part of the cost of such assets up to the date when such assets are ready for intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Foreign Exchange Transactions/Translation

Transactions in foreign currencies are accounted at functional currency, at the exchange rate prevailing on the date of transactions. Gains/losses arising out of the fluctuations in the exchange rate between functional currency and foreign currency are recognized in the Statement of Profit & Loss in the period in which they arise. The fluctuations between foreign currency and functional currency relating to monetary items at the year ending are accounted as gains / losses in the Statement of Profit & Loss.

Research and Development

All expenses incurred for Research & Development are charged to revenue as incurred. Capital Expenditure incurred during the year on Research & Development is shown as additions to Fixed Assets.

Provisions, Contingent Assets/ Contingent Liabilities

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Show cause notices issued by Government Authorities where the probability of outflow of economic resources is remote are not considered as obligations. When the demands are raised against show-cause notices and are disputed by the company, these are treated as disputed obligations along with other contingent liabilities. Such contingent liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

Warranty Provisions: Provisions for Warranty related costs are recognized when the product is sold or service is provided. Provision is based on historical experience. The estimate of such warranty related costs is revised annually

Leases

Effective from April 1, 2019 Ind AS 116 is applicable to the company. These leases being not material, no asset or liability was created in the books of account.

Income Tax:

Income tax expense represents the sum of current tax payable and deferred tax. Current Tax: The tax currently payable is based on the current year taxable profit for the year. The current tax is calculated using the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax: Deferred tax is provided using the Balance Sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that the taxable profits will be available against which those deductible temporary differences can be utilized. Deferred tax is calculated using the tax rates that have been enacted

or substantively enacted at the end of the reporting period. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Minimum Alternate Tax (MAT) Credit entitlement

Minimum Alternative Tax ('MAT') under the provisions of the Income Tax Act, 1961 is recognised as current tax in the statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

Earnings per Share

The Company presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year, adjusted for shares held. Diluted earnings per share is determined by adjusting the profit or loss attribute to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for shares held, for the effects of all dilutive potential ordinary shares.

Employee benefits:

Defined Contribution Plans: Payments made to a defined contribution plan such as provident Fund are charged as an expense in the Profit and Loss Account as they fall due.

Defined Benefit Plans: Company's liability towards gratuity to past employees is determined using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Past services are recognized on a straight-line basis over the average period until the amended benefits become vested. Actuarial gain and losses are recognized immediately in the statement of profit and loss Account as income or expense. Obligation is measured at the present value of estimated future cash flows using a discounted rate that is determined by reference to market yields at the Balance Sheet date on Government Securities where the currency and terms of the Government Securities are consistent with the currency and estimate terms of the defined benefit obligations.

Financial Instruments:

Non-derivative financial instruments

Non-derivative financial instruments consist of:

Financial assets, which include cash and cash equivalents, trade receivables, other advances and eligible current and non-current assets;

Financial liabilities, which include long and short-term loans and borrowings, trade payables, eligible current and non-current liabilities.

Non derivative financial instruments are recognized initially at fair value including any directly attributable transaction costs. Financial assets are derecognized when substantial risks and rewards of ownership of the financial asset have been transferred. In cases where substantial risks and rewards of ownership of the financial assets are neither transferred nor retained, financial assets are derecognized only when the Company has not retained control over the financial asset.

Subsequent to initial recognition, non-derivative financial instruments are measured as described below:

Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents include cash in hand, at banks and demand deposits with banks, net of outstanding bank overdrafts, if any, that are repayable on demand and are considered part of the Company's cash management system.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Loans and receivables are initially recognized at fair value plus directly attributable transaction costs and subsequently measured at amortized cost, less any impairment losses. Loans and receivables comprise trade receivables and other assets.

The company estimates the un-collectability of accounts receivable by analyzing historical payment patterns, customer concentrations, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

Borrowings

Borrowings are initially recognized when a Company becomes a party to the contractual provisions subsequently measured at amortised cost using the EIR method.

Trade and payable

Liabilities are recognized for amounts to be paid in future for goods or services received, whether billed by the supplier or not.

Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Segment Information:

Identification of segments: An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by

the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. The Company has identified Managing Director and Executive Director & Chief Finance Officer as CODM.

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

Allocation of common costs Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs. Inter-segment transfers Inter-segment revenue has been accounted for based on the transaction price agreed to between segments which is based on current market prices.

a) Segment Assets and Liabilities:

Segment assets include all operating assets used by the segment and consist principally of fixed assets, inventories, sundry debtors and loans & advances less current liabilities. Segment assets and liabilities do not include investments, cash and bank balances, inter corporate deposits, reserves and surplus, borrowings, provision for contingencies and income tax (both current and deferred).

b) Segment Revenue and Expenses:

Segment revenue and expenses are taken directly as attributable to the segment. It does not include interest income on inter-corporate deposits, profit on sale of investments, interest expense, provision for contingencies and income tax.

Unallocated items Revenue, expenses, assets and liabilities which relate to the Company as a whole and not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'. Segment Policies.

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

Operating segment is reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM)

Events after the reporting period :

Adjusting events are events that provide further evidence of condition that existed at the end of the reporting period. The financial statements are adjusted for such events before authorization for issue.

Prior Period Errors

Errors of material amount relating to prior period(s) are disclosed by a note with nature of prior period errors, amount of correction of each such prior period presented retrospectively, to the extent practicable along with change in basic and diluted earnings per share. However, where retrospective restatement is not practicable for a particular period then the circumstances that lead to the existence of that condition and the description of how and from where the error is corrected are disclosed in Notes to Accounts.

B. Significant judgements in the application of this standard

- Revenue is recognized by the company when the company satisfies a performance obligation by transferring a promised good or service to its customers. Asset/goods/services are considered to be transferred when the customer obtains control of those asset/goods/services.
- The company considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (for example, GST etc.).
- The consideration promised in a contract with a customer may include fixed amounts, variable amounts, or both. Any further adjustment will be made by raising debit/credit notes on the customer. While determining the transaction price effects of variable consideration, constraining estimates of variable consideration, the existence of a significant financing component in the contract, non-cash consideration and consideration payable to a customer is also considered.

Fair Value Hierarchy Management considers that, the carrying amount of those financial assets and financial liabilities that are not subsequently measured at fair value in the Financial Statements approximate their transaction value. No financial instruments are recognized and measured at fair value for which fair values are determined using the judgments and estimates. The fair value of Financial Instruments referred below has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities. (Level-1 measurements) and lowest priority to unobservable (Level-3 measurements). Investments in subsidiary is at cost.

b) Financial Risk Management:

The Company's actual exposure to a variety of financial risks viz., market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is credit risk and liquidity risk.

c) Management of Market Risk:

Market risks comprises of Price risk and Interest rate risk. The Company does not designate any fixed rate financial assets as fair value through Profit and Loss nor at fair value through OCI. Therefore, the Company is not exposed to any interest rate risk. Similarly, the Company does not have any Financial Instrument which is exposed to change in price.

d) Foreign Currency Risks:

The Company is exposed to foreign exchange risk arising from various Currency exposures primarily with respect to the US Dollars (USD)/EURO, for the imports being made by the Company.

e) Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer fails to meet its contractual obligations. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. The company considers that, all the financial assets that are not impaired and past due as on each reporting dates under review are considered credit worthy

Credit risk is the risk arising from credit exposure to customers, cash and cash equivalents held with banks and current and non-current financial assets.

With respect to credit exposure from customers, the Company has a procedure in place aiming to minimise collection losses. Credit Control team assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. Cash or other collaterals are obtained from customers as and when required.

The carrying amount of trade receivables represents company's maximum exposure to the credit risk. No other financial asset carry a significant exposure with respect to the credit risk. Bank deposits and cash balances are placed with reputable banks.

The credit quality of financial assets is satisfactory, taking into account the allowance for credit losses. The management also considers the factors that may influence the credit risk of its customer base, including default risk associated with the industry and country in which customers operate. Credit quality of a customer is assessed based on the past track record.

An impairment analysis is performed at each reporting date on an individual basis for receivables. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company also holds deposits as security from certain customers to mitigate credit risk.

Credit risk on trade receivables and other financial assets is evaluated as follows:

38. Capital Management

The Company's objectives when managing capital are to

Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the group monitors capital on the basis of the following gearing ratio:

Net debt (total borrowings net of cash and cash equivalents) divided by Total 'equity' (as shown in the balance sheet, including non-controlling interests).

The gearing ratio at the end of the reporting period was as follows:

Particulars	As at March 31, 2020	As at March 31, 2019

Note 44:**Impact of the COVID-19 pandemic on the business, supply chain and demand. Ability to maintain operations including the factories/units/office spaces functioning and lockdown**

The COVID-19 pandemic has had an unprecedented impact on the nation, its citizens, the economy and business. To slowdown the spread of COVID-19, the government announced a nationwide lockdown from 24th March, 2020. However even before the nationwide lockdown, various state governments and local administrations had implemented different containment measures such as sealing borders, closing public places, suspending transport services and state-specific lockdown. Hence, the adverse impact of COVID-19 in form of fractured supply lines and demand decline has been felt from mid-March.

Our operations at manufacturing sites and distribution were disrupted. Immediately following the nationwide lockdown, operations came to a near standstill and we were able to operate at moderate level of the pre-COVID normative levels. Lockdown has severely impacted the Construction industry and the loss of livelihoods has taken a substantial toll on consumer demand in the urban part of India. However, rural part of the country are less effected by the Pandemic and the demand is fairly steady.

The Company's utmost priority has been health, safety and well-being of our employees and partners. The Company had rapidly implemented safe operations even before a strict lockdown came into place. Strict standards of access control, social distancing in supply chain and sales force, use of Personal Protection Equipment (PPE) as well as strict hygiene and sanitization procedures are active across our operations.

The future impact on the business operations is not that adverse at this point, as the situation is unravelling at a fast pace. We are fully committed to working with the Government and our partners to ensure that we overcome this crisis together. Even though the current situation is very volatile, we are confident about our ability to manage the crisis and come out of it in a strengthened position.

The Company is well positioned well to fulfil its obligations with respect to all the existing contracts and agreements. We do not foresee any material impact arising from non-fulfilment of obligation by any party in existing contracts or agreements.

Independent Auditor's Report

To the Board of Directors of NCL INDUSTRIES LIMITED

Report on the Audit of the Ind AS Consolidated financial statements

Opinion

We have audited the accompanying Consolidated financial statements of **NCL INDUSTRIES LIMITED** (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the consolidated Balance sheet as at March 31, 2020, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the Consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate consolidated financial statements and on the other financial information of the subsidiaries, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2020, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

We draw attention to Note No. 44 of the consolidated financial statements regarding impact of COVID-19 pandemic. The situation continues to be uncertain and the Company is evaluating the situation on an ongoing basis with respect to the challenges faced.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2020. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Additionally, Evaluated the design of internal controls relating to implementation of the new revenue accounting standard. Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings. We reviewed the collation of information and the logic of the report generated from the budgeting system used to prepare the disclosure relating to the periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.

Other information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Holding Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Holding Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing

the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the annual financial statements of the subsidiary included in the Statement, whose financial information reflects total assets of ₹ 45.89 lakhs as at 31 March 2020, total revenues of nil, total net loss after tax of ₹ 0.50 lakhs, total comprehensive income of ₹ (0.50 lakhs) and cash flows (net) of ₹ 1.41 lakhs for the year ended on that date, as considered in the Statement. These annual financial statements have been audited by other auditors and whose audit reports have been furnished to us by the management, and our opinion in so far as it relates to the amounts and disclosures included in respect of the subsidiary is based solely on the audit reports of such other auditors, and the procedures performed by us as stated above.

Our opinion above on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries as noted in the 'other matters' paragraph we report, to the extent applicable, that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements;
- In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the Consolidated Financial Statements;
- In our opinion, the aforesaid Consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- On the basis of the written representations received from the directors of holding company and the report of other statutory auditors of its subsidiaries as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;
- With respect to the adequacy of the internal financial controls over financial reporting With reference to these Consolidated Financial Statements of the Holding Company and its subsidiaries, incorporated in India, refer to our separate Report in "Annexure A" to this report;
- In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries incorporated in India, the managerial remuneration for the year ended March 31, 2020 has been paid/ provided by the Holding Company, its subsidiaries incorporated in India to their directors in accordance with the provisions of Section 197 read with Schedule V to the Act;
- With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of

the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries as noted in the 'Other Matters' paragraph:

- i. The Consolidated Financial Statements disclose the impact of pending litigations on its consolidated financial position of the Group in its Consolidated Financial Statements – Refer Note 33 to the Consolidated Financial Statements;
- ii. The company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;

- iii. The Holding Company transferred an amount of ₹ 25.61 lakhs, being the unpaid dividend transferred to the Investor Education and Protection Fund on 31.10.2019. There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company, its subsidiaries, incorporated in India during the year ended March 31, 2020.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Financial Statements of **NCL INDUSTRIES LIMITED** for the year ended March 31, 2020, we have audited the internal financial controls over financial reporting of **NCL INDUSTRIES LIMITED** (hereinafter referred to as the "Holding Company") and its subsidiaries, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiaries which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company, its subsidiaries which are companies incorporated in India, internal financial controls over financial reporting with reference to these Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating

effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these Consolidated Financial Statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these Consolidated Financial Statements

A company's internal financial control over financial reporting with reference to these Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to these Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Consolidated Financial Statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors, as referred to in Other Matters paragraph below, the Holding Company and

its subsidiaries which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls over financial reporting with reference to these Consolidated Financial Statements and such internal financial controls over financial reporting with reference to these Consolidated Financial Statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to these Consolidated Financial Statements of the Holding Company, in so far as it relates to separate financial statement of a subsidiary, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India.

Notes forming part of the Consolidated Financial Statements

Note 1: COMPANY OVERVIEW AND SIGNIFICANT ACCOUNTING POLICIES:

Company Overview

NCL Industries Limited ("the Company"), is a public company domiciled in India and was incorporated on 10 September 1979 under the provisions of the Companies Act, 1956 applicable in India. Its shares are listed on National Stock Exchange of India (NSE) and Bombay Stock Exchange (BSE) of India. The Registered office of the Company is located at NCL Pearl, 7th floor, SD Road, Secunderabad, Telangana. These consolidated financial statements comprise the Company and its subsidiary.

The following subsidiary is considered in the Consolidated Financial Statement of the Company.

Name of the Company	Country of Incorporation	Percentage of Equity interest
Subsidiary		
NCL Guangzheng Structures Ltd	India	100%

The Company is principally engaged in the business of manufacturing and selling of Cement, Ready Mix concrete(RMC), Cement Bonded Particle Boards (CBPB), Doors, and operates two Small Hydro Power (SHP) projects. The Company has manufacturing facilities in the states of Telangana, Andhra Pradesh, Karnataka and Himachal Pradesh of India and caters mainly to the domestic market.

Basis of Preparation of Financial Statements: These consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), the provisions of the Companies Act, 2013 ("the Companies Act"), as applicable and guidelines issued by the Securities and Exchange Board of India ("SEBI"). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

These consolidated financial statements were approved for issue in accordance with the resolution of the Board of Directors on June 30, 2020.

Basis of Consolidation

The accounting policies have been applied consistently to all periods presented in the consolidated financial statements. Being the first year of consolidation previous year figures given are that of standalone and are not comparable.

Subsidiary: The Subsidiary entity controlled by the Company (NCL). NCL controls an entity when it is exposed

to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of the subsidiary are included in the consolidated financial statements from the date of incorporation on which the control commences until the date on which the control ceases.

Transactions eliminated on consolidation: Intra group balances and transactions, and any unrealised income and expenses arising from intra group transactions are eliminated. Unrealised incomes or losses arising from equity accounted investees are eliminated against the investment to the extent that there is no impairment.

Basis of Measurement The consolidated financial statements have been prepared on a historical cost convention and on an accrual basis, except for certain assets and liabilities which have been measured at fair value as per Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

The consolidated financial statements are presented in Indian Rupees (INR) being the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest lakhs, except otherwise indicated.

Use of Estimates

The preparation of consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions (including revisions, if any). These estimates, judgments and assumptions affect the application of accounting policies and reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenue and expenses during the period.

Appropriate changes in the estimates are made as management becomes aware of changes in circumstances. Changes in the estimates are reflected in the financial statements in the period in which changes are made.

Classification of Current / Non-Current Assets and Liabilities

All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets: An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realised within twelve months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within twelve months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets/ liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in Cash or cash equivalents, the Company has ascertained its normal operating cycle as 12 months for the purpose of Current / Non-current classification of assets and liabilities.

Revenue of Recognition:

NCL primarily generates revenue from simply structured sales of building materials, such as cement, Cement Bonded Particle Boards, Ready Mix Concrete and Power generation, for which the control passes to the customer at a specific point in time. In the context of the sale of the products, separate performance obligations may arise from freight and transport services as well as from services directly related to the sale of the products. These services are generally performed at the time that the control of the products is transferred.

Revenue is the amount of consideration expected to be received in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (GST). Revenue is recognized when (or as) a performance obligation is satisfied by transferring the control of a promised good or service to the customer. A customer obtains control of a good or service if it has the ability to direct the use of and obtain substantially all of the remaining benefits from that good or service. Control is transferred over time or at a point in time. Revenue from the sale of goods is recognised when control of the good is transferred to the customer, usually upon delivery and there is no unfulfilled obligation that could affect the customer's acceptance of the products.

Rendering of services: Revenue arising from services is recognised in the accounting period in which the services are rendered, and it is measured using either output methods or input methods, depending on the nature of service provided. A receivable is recognized when there is an unconditional right to consideration for the performance obligations to the customer that are satisfied. Interest income is recognized using the effective interest rate method.

A contract asset is recognized when the performance obligation to the customer is satisfied before the customers pays or before payment is due, usually when goods or services are transferred to the customer before the Company has a right to invoice. A contract liability is recognized when there is an obligation to transfer goods or services to a customer for which the Company has received consideration from the customer (prepayments) or there is an unconditional right to receive consideration before the Group or the Company transfers a good or a service (deferred income). The contract liability is derecognized when the promise is fulfilled and revenue is recorded in the profit or loss statement.

Revenue is net of GST wherever applicable, recognized on accrual basis, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods: Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer on delivery of the goods.

Income from Services: Revenues from maintenance contracts are recognized pro-rata over the period of the contract as and when services are rendered.

Rendering of services: Revenue from services is recognised with reference to the stage of completion of a contract when outcome can be measured reliably. Stage of completion is measured by the services performed till Balance Sheet date as a percentage of total services contracted.

Interest income is recognized using the effective interest rate method.

Property Plant and Equipment:

Property, Plant and Equipment are stated at cost net of GST, if any and subsequently at cost less depreciation and impairment losses if any.

Depreciation on Buildings and Plant & Machinery is charged on straight line method and other assets on Written Down Value method based on the useful lives of the assets, as per Schedule II of the Companies Act 2013 and depreciation on Assets of Energy Division is charged as per Part B of the Schedule. Depreciation on fixed assets of Energy Division is provided on straight line method at the rates and in the manner prescribed as per notification no.151 dated 29.03.1994 issued by Ministry of Power (Department of Power). Depreciation for assets purchased/sold during the period is proportionately charged. Individual low cost assets (acquired for ₹ 5,000/- or less) are depreciated at 100 % in the year of acquisition/ purchase.

Inventories

Inventories are valued at lower of cost or net realizable value.

Basis of determination of cost remain as follows:

Raw Materials, Packing materials - On Weighted average cost basis.

Spares- at Cost

Work-in-process: At cost of inputs plus overheads up to the stage of completion.

Finished goods are valued at lower of cost or net realizable value.

Impairment:

As at the end of each Balance Sheet date, the carrying amount of assets is assessed as to whether there is any indication of impairment. If the estimated recoverable amount is found less than its carrying amount, the impairment loss is recognized and assets are written down to their recoverable amount.

Borrowing Costs

Borrowing Costs Borrowing cost directly attributable to acquisition and construction of assets that necessarily takes substantial period of time are capitalised as part of the cost of such assets up to the date when such assets are ready for intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Foreign Exchange Transactions/Translation

Transactions in foreign currencies are accounted at functional currency, at the exchange rate prevailing on the date of transactions. Gains/losses arising out of the fluctuations in the exchange rate between functional currency and foreign currency are recognized in the Statement of Profit & Loss in the period in which they arise. The fluctuations between foreign currency and functional currency relating to monetary items at the year ending are accounted as gains / losses in the Statement of Profit & Loss.

Research and Development

All expenses incurred for Research & Development are charged to revenue as incurred. Capital Expenditure incurred during the year on Research & Development is shown as additions to Fixed Assets.

Provisions, Contingent Assets/ Contingent Liabilities

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Show cause notices issued by Government Authorities where the probability of outflow of economic resources is remote are not considered as obligations. When the demands are raised against show-cause notices and are

disputed by the company, these are treated as disputed obligations along with other contingent liabilities. Such contingent liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

Warranty Provisions: Provisions for Warranty related costs are recognized when the product is sold or service is provided. Provision is based on historical experience. The estimate of such warranty related costs is revised annually

Leases

Effective from April 1, 2019 Ind AS 116 is applicable to the company. These leases being not material, no asset or liability was created in the books of account.

Income Tax:

Income tax expense represents the sum of current tax payable and deferred tax. Current Tax: The tax currently payable is based on the current year taxable profit for the year. The current tax is calculated using the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax: Deferred tax is provided using the Balance Sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that the taxable profits will be available against which those deductible temporary differences can be utilized. Deferred tax is calculated using the tax rates that have been enacted or substantively enacted at the end of the reporting period. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Minimum Alternate Tax (MAT) Credit entitlement

Minimum Alternative Tax ('MAT') under the provisions of the Income Tax Act, 1961 is recognised as current tax in the statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

Earnings per Share

The Company presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year, adjusted for shares held. Diluted earnings per share is determined by adjusting the profit or loss attribute to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for shares held, for the effects of all dilutive potential ordinary shares.

Employee benefits:

Defined Contribution Plans: Payments made to a defined contribution plan such as provident Fund are charged as an expense in the Profit and Loss Account as they fall due.

Defined Benefit Plans: Company's liability towards gratuity to past employees is determined using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Past services are recognized on a straight-line basis over the average period until the amended benefits become vested. Actuarial gain and losses are recognized immediately in the statement of profit and loss Account as income or expense. Obligation is measured at the present value of estimated future cash flows using a discounted rate that is determined by reference to market yields at the Balance Sheet date on Government Securities where the currency and terms of the Government Securities are consistent with the currency and estimate terms of the defined benefit obligations.

Financial Instruments:**Non-derivative financial instruments**

Non-derivative financial instruments consist of:

Financial assets, which include cash and cash equivalents, trade receivables, other advances and eligible current and non-current assets;

Financial liabilities, which include long and short-term loans and borrowings, trade payables, eligible current and non-current liabilities.

Non derivative financial instruments are recognized initially at fair value including any directly attributable transaction costs. Financial assets are derecognized when substantial risks and rewards of ownership of the financial asset have been transferred. In cases where substantial risks and rewards of ownership of the financial assets are neither transferred nor retained, financial assets are derecognized only when the Company has not retained control over the financial asset.

Subsequent to initial recognition, non-derivative financial instruments are measured as described below:

Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents include cash in hand, at banks and demand deposits with banks, net of outstanding bank overdrafts, if any, that are repayable on demand and are considered part of the Company's cash management system.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Loans and receivables are initially recognized at fair value plus directly attributable transaction costs and subsequently measured at amortized cost, less any impairment losses. Loans and receivables comprise trade receivables and other assets.

The company estimates the un-collectability of accounts receivable by analyzing historical payment patterns, customer concentrations, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

Borrowings

Borrowings are initially recognized when a Company becomes a party to the contractual provisions subsequently measured at amortised cost using the EIR method.

Trade and payable

Liabilities are recognized for amounts to be paid in future for goods or services received, whether billed by the supplier or not.

Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Segment Information:

Identification of segments: An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. The Company has identified Managing Director and Executive Director & Chief Finance Officer as CODM.

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

Allocation of common costs Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs. Inter-segment transfers Inter-segment revenue has been accounted for based on the transaction price agreed to between segments which is based on current market prices.

a) Segment Assets and Liabilities:

Segment assets include all operating assets used by the segment and consist principally of fixed assets, inventories, sundry debtors and loans & advances less current liabilities. Segment assets and liabilities do not include investments, cash and bank balances, inter corporate deposits, reserves and surplus, borrowings, provision for contingencies and income tax (both current and deferred).

b) Segment Revenue and Expenses:

Segment revenue and expenses are taken directly as attributable to the segment. It does not include interest income on inter-corporate deposits, profit on sale of investments, interest expense, provision for contingencies and income tax.

Unallocated items Revenue, expenses, assets and liabilities which relate to the Company as a whole and not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'. Segment Policies.

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

Operating segment is reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM)

Events after the reporting period :

Adjusting events are events that provide further evidence of condition that existed at the end of the reporting period. The financial statements are adjusted for such events before authorization for issue.

Prior Period Errors

Errors of material amount relating to prior period(s) are disclosed by a note with nature of prior period errors, amount of correction of each such prior period presented retrospectively, to the extent practicable along with change in basic and diluted earnings per share. However, where retrospective restatement is not practicable for a particular period then the circumstances that lead to the existence of that condition and the description of how and from where the error is corrected are disclosed in Notes to Accounts.

B. Significant judgements in the application of this standard

- Revenue is recognized by the company when the company satisfies a performance obligation by transferring a promised good or service to its customers. Asset/goods/services are considered to be transferred when the customer obtains control of those asset/goods/services.
- The company considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (for example, GST etc.).
- The consideration promised in a contract with a customer may include fixed amounts, variable amounts, or both. Any further adjustment will be made by raising debit/credit notes on the customer. While determining the transaction price effects of variable consideration, constraining estimates of variable consideration, the existence of a significant financing component in the contract, non-cash consideration and consideration payable to a customer is also considered.

Fair Value Hierarchy Management considers that, the carrying amount of those financial assets and financial liabilities that are not subsequently measured at fair value in the Financial Statements approximate their transaction value. No financial instruments are recognized and measured at fair value for which fair values are determined using the judgments and estimates. The fair value of Financial Instruments referred below has been classified into three categories depending

on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities. (Level-1 measurements) and lowest priority to unobservable (Level-3 measurements).

b) Financial Risk Management:

The Company's actual exposure to a variety of financial risks viz., market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is credit risk and liquidity risk.

c) Management of Market Risk:

Market risks comprises of Price risk and Interest rate risk. The Company does not designate any fixed rate financial assets as fair value through Profit and Loss nor at fair value through OCI. Therefore, the Company is not exposed to any interest rate risk. Similarly, the Company does not have any Financial Instrument which is exposed to change in price.

d) Foreign Currency Risks:

The Company is exposed to foreign exchange risk arising from various Currency exposures primarily with respect to the US Dollars (USD)/EURO, for the imports being made by the Company.

The Company exposure to foreign currency risk as at the end of the reporting period expressed in INR as on March 31, 2020 is as follows:

e) Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer fails to meet its contractual obligations. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. The company considers that, all the financial assets that are not impaired and past due as on each reporting dates under review are considered credit worthy

Credit risk is the risk arising from credit exposure to customers, cash and cash equivalents held with banks and current and non-current financial assets.

With respect to credit exposure from customers, the Company has a procedure in place aiming to minimise collection losses. Credit Control team assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. Cash or other collaterals are obtained from customers as and when required.

The carrying amount of trade receivables represents company's maximum exposure to the credit risk. No other financial asset carry a significant exposure with respect to the credit risk. Bank deposits and cash balances are placed with reputable banks.

The credit quality of financial assets is satisfactory, taking into account the allowance for credit losses. The management also considers the factors that may influence the credit risk of its customer base, including default risk associated with the industry and country in which customers operate. Credit quality of a customer is assessed based on the past track record.

An impairment analysis is performed at each reporting date on an individual basis for receivables. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company also holds deposits as security from certain customers to mitigate credit risk.

Credit risk on trade receivables and other financial assets is evaluated as follows:

For the year ended March 31, 2020

Paticulars	Gross Carrying Amount	Less than one year	More than one year	More than two year	More than three year

38. Capital Management

The Company's objectives when managing capital are to

Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the group monitors capital on the basis of the following gearing ratio:

Net debt (total borrowings net of cash and cash equivalents) divided by Total 'equity' (as shown in the balance sheet, including non-controlling interests).

The gearing ratio at the end of the reporting period was as follows:

Particulars	As at March 31, 2020	As at March 31, 2019
Borrowings		
Current	12,151.87	7,940.17

Note 44:**Impact of the COVID-19 pandemic on the business, supply chain and demand. Ability to maintain operations including the factories/units/office spaces functioning and lockdown**

The COVID 19 pandemic has had an unprecedented impact on the nation, its citizens, the economy and business. To slowdown the spread of COVID'19, the government announced a nationwide lockdown from 24th March, 2020. However even before the nationwide lockdown, various state governments and local administrations had implemented different containment measures such as sealing borders, closing public places, suspending transport services and state-specific lockdown. Hence, the adverse impact of COVID-19 in form of fractured supply lines and demand decline has been felt from mid-March.

Our operations at manufacturing sites and distribution were disrupted. Immediately following the nationwide lockdown, operations came to a near standstill and we were able to operate at moderate level of the pre-COVID normative levels. Lockdown has severely impacted the Construction industry and the loss of livelihoods has taken a substantial toll on consumer demand in the urban part of India. However, rural part of the country are less effected by the Pandemic and the demand is fairly steady.

The Company's utmost priority has been health, safety and well-being of our employees and partners. The Company had rapidly implemented safe operations even before a strict lockdown came into place Strict standards of access control, social distancing in supply chain and sales force, use of Personal Protection Equipment (PPE) as well as strict hygiene and sanitization procedures are active across our operations.

The future impact on the business operations is not that adverse at this point, as the situation is unravelling at a fast pace. We are fully committed to working with the Government and our partners to ensure that we overcome this crisis together. Even though the current situation is very volatile, we are confident about our ability to manage the crisis and come out of it in a strengthened position.

The Company is well positioned well to fulfil its obligations with respect to all the existing contracts and agreements. We do not foresee any material impact arising from non-fulfilment of obligation by any party in existing contracts or agreements.
