What began as a bad dream last year, continued to evolve into the worst nightmare that humanity could think of. Plans shelved, initiatives postponed. And hopes dashed. The proverbial light at the end of the tunnel, it turns out, seemed to be an oncoming train.

But even as the world grapples with Covid's extended reign, humanity continues to soldier on, always inventing newer ways of mitigating the effects of the disaster. In the year gone by, the world has seen countless inspiring stories of everyday heroes, who battled great personal and professional challenges to bounce back and win the day. Perhaps it is this quality that makes humans such a wonderful race.

At Emmbi, we've had our share of challenges, trials and tribulations. But the spirit of our employees, the support of their families and above all, the steadfast belief that tomorrow would dawn brighter – saw us through a difficult year.

In this edition of our annual report, we bring you a few inspiring stories of our employees who went above and beyond, fighting impossible circumstances and deadlines, to deliver:

The world calls it resilience.

We call it The Spirit of Emmbi.

Chairperson's Address

Dear Shareholders,

On behalf of the Board and the Employees, let me welcome you to the 27th Annual General Meeting, and thank you for being a part of the Emmbi family. I'm pleased to announce that our grit, determination, and resilience have helped overcome the obstacles thrown at us in the past 12 months, and we have once again grown our business. I had mentioned earlier that the strengths of our research, engineering capabilities, adaptability and developing human potential would pay off in the long run and am happy to re-iterate that it has aided us in these challenging times.

The combined effect of the of the lockdowns, disruptions across supply-chains, the fear, and pessimism shrunk the global economy by 4% and Indian economy by 7.6% in FY 20-21. It was an unprecedented year for industries across the globe, made only worse as it was preceded by the year (2019) that witnessed the slowest growth rate in almost a decade. Governments, and Central Banks, announced fiscal, and monetary measures to limit the damage, and assuage fears. Emmbi's prominent export markets, the US and Euro zones contracted by 4.30% and 6.80% respectively; we on the other hand, thanks to our product diversity, and superiority were not only able to grow in these markets, but also maintain our premium price points. The global outlook for '21 whilst not necessarily at its best, is at an acceptable 5.50%.

The Indian economy that had been gradually slowing down over the three years, contracted by almost 8% in fiscal '21; this was more pronounced in the first two quarters on account of the lockdowns, and reverse migration of labour. Despite the measures announced by the governments, and the RBI, capacity utilisation and consumer spending remained at record lows, which adversely affected both manufacturing, and services sectors. Given the present uncertainties, the economy (even from a lower base) is best expected to achieve an 8.5% growth, in fiscal 22, before moderating to 6% the following year.

We were impacted more on account of the lock-down and the subsequent shortage of labour (migrant workforce). We had 34 days as loss of the workdays for the manufacturing activity as an impact of Covid-19 during FY 20-21. Demand in the initial quarters (which despite the conditions, remained steady) and improve sequentially as the year progressed.

Outlook: What about the new year?

Demand: In the subsequent fiscal, the export demand is forecasted to be strong. We are already witnessing positive trends in the first quarter, and have an exceptionally strong order book, given the current situation.

Avana's Jalasanchay business was impacted this year due to reduced spending on consumer durables, as the country witnessed recessionary trends; however, here too, we are witnessing a pick-up in Q1.

The domestic sector is facing a slowdown, as seen by FMCG trends, however we are looking at Avana's Retail division to pick up the slack in the coming year. So far, we've been able to on-board 200+ multi-brand outlets to sell our retail products, and we plan on touching 1000 within the next fiscal, leading to an Avana Retail top-line of over Rs. 10 Crores in FY 22.

We have also launched a powerful CRM software, Salesforce, for efficient running of the B2C division. This is helping us improve follow-up with leads, as well as aiding in customer relationship and service management.

We are creating an online retail presence, through avanamart.com, which will sell smaller packages of our retail products. In addition, we will also focus on stronger inventory management software, warehousing, and selling through established e-commerce channels such as Flipkart and Amazon.

Given the above, if all else remains equal, we are expecting a robust growth of 25-30% in the next fiscal.

2021 – Year of Resilience

We commenced this fiscal with the government-imposed lockdown, and the first thing on our minds was to protect the company and shareholder interest. First, we ensured every employee's well-being, and then made sure we had adequate financial resources to counter the un-knowns. Next, we realigned the processes, and shifted resources to business and product lines that we felt would do well in the short-term (our flexible manufacturing facilities helped do this promptly). We hired local labour and skilled them through sustainable initiatives- Men (Operation- Dronacharya) and Women (Operation- Kalyani Brigade); this helped in minimising the impact of the migrant workforce returning homes to a large extent. That done, we engaged with our clients, suppliers, on a continual basis, which helped the flow of business, and reassured interested parties on our strengths. We then embarked on operating efficiency measures (Project Manthan) that translated into enhanced productivity.

In a year which unfortunately had more of despair than hope, the increased demand for the FIBC products made us tie-up with parties for contract manufacturing (where our investments would be low or negligible, in other words an asset-light model), that would handsomely augment our top-line the coming fiscal. We also tested, and soft launched, flexible-portable Avana tanks for the rural markets. Avana roped in well acclaimed celebrity 'Sayaji Shinde' as its Brand Ambassador, and TV commercials, and jingles were rolled out in select states.

We are certain that these efforts would commence to bear fruits, on the financial performances from the coming quarters.

The past year was of hardships, and sacrifices, across the world; we chose not to despair, but be resilient, protect stakeholder interests and grow. I am reasonably confident that your company will continue to make improvements on all operational, and financial parameters the coming years, and years to come.

I once again thank all our stakeholders for the faith entrusted upon us.

Warm Regards,

Makrand Appalwar

Chairman & Managing Director

Darshana Abgul with her son

“You are stronger than you think.”

Darshana Abgul, Manager – Accounts & Finance

When the national lockdown was announced in March 2020, the first thought in Darshana’s mind was, “but what about these payment vouchers that were supposed to be approved?” And so, Darshana – who’s responsible for maintaining accounts, effecting vendor payments and everything inbetween – got right down to work. She recalls that she worked late into the night on the day the lockdown was announced. “There was confusion. We had no idea when we would return to work. So we finished all the pending work, collected the important files and paperwork and left for home, hoping to return in a week’s time,” she says, “we would finish the rest of the work then.”

Little did she know that she’d not be able to return to work for months on end. With time, working from home became the new reality. “We enjoyed it at first,” Darshana reminisces, “No rush to wake up in the morning, finish household chores and run to catch the train.” But with time, a new realization dawned – that there was no longer any distinction between ‘home’ and ‘work’. And just because she was working from home didn’t mean that her household responsibilities ceased to exist. Ask her about how she managed balancing work and home and she laughs, “You know, the biggest problem was space. We have three rooms in the house and mine is a joint family. There were at least two others

working from home. And then there’s my son, who had his classes online. You can imagine the chaos that existed especially when there were two or more people had meetings at the same time.”

There were times where she almost gave up, times where she was despondent and times where she longed for a semblance of normalcy in the ‘new normal’. But through it all, Darshana soldiered on, managing her home, her son’s classes and home-work, and her work. With time, she learnt to cope, opting to attend to her work during times of relative quiet at home. Throughout the pandemic, Darshana managed the accounts and finance section with aplomb, taking pride in the fact that not one complaint of delays or disruptions in payments was made. During times of extreme stress, she leaned on her extended family for support – and they happily obliged.

“We realized soon enough that ‘normal’ was never going to happen,” she says, “so we had better make the most of what we had. There’s no use in brooding or complaining, it only causes you stress. You have just got to believe in yourself, because when it comes right down to it, you’re a lot stronger than you know.”

NOTES

1. Considering the present Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its circular dated 5th May, 2020 read together with circulars dated 8th April, 2020, 13th April, 2020 and 13th January, 2021 (collectively referred to as "MCA Circulars") and the Securities and Exchange Board of India ("SEBI") has vide its circular dated 12th May, 2020 read together with circular dated 15th January, 2021 (collectively referred to as "SEBI Circulars") permitted convening the Annual General Meeting ("AGM" / "Meeting") through Video Conferencing ("VC") or Other Audio Visual Means ("OAVM"), without the physical presence of the members at a common venue. In accordance with the MCA Circulars, the SEBI Circulars, provisions of the Companies Act, 2013 ('the Act') and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the AGM of the Company is being held through VC / OAVM. The deemed venue for the AGM shall be the Registered Office of the Company.
2. **A Member entitled to attend and vote at the Annual General Meeting ("AGM") is entitled to appoint a proxy to attend and vote instead of himself and the proxy need not be a Member of the Company.**

A person can act as a proxy on behalf of members not exceeding fifty and holding in the aggregate not more than ten percent of the total share capital of the Company carrying voting rights. A member holding more than ten percent of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as a proxy for any other person or shareholder.
3. Since this AGM is being held through VC / OAVM pursuant to the MCA Circulars and SEBI Circulars, physical attendance of members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed hereto.
4. Members attending the meeting through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
5. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("Act") setting out material facts concerning the business under Item No. 4 of the Notice, is annexed hereto. The relevant details, pursuant to Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, in respect of Director seeking re-appointment at this AGM are also annexed to this Notice for Item No. 3 and 4.
6. M/s. R Daliya & Associates, Chartered Accountants, were appointed as Statutory Auditors of the Company at the 23rd Annual General Meeting held on 22nd September, 2017 for a period of 5 years. Pursuant to the Notification issued by the Ministry of Corporate Affairs on 7th May, 2018 amending section 139 of the Act and the Rules framed thereunder, the mandatory requirement for ratification of appointment of Auditors by the Members at every Annual General Meeting has been omitted, and hence the Company is not proposing an item on ratification of appointment of Auditors at this AGM.
7. Corporate members intending to participate their authorised representatives to attend the Meeting are requested to send to the Company a certified true copy of the Board Resolution/ Power of Attorney authorising their representative to attend and vote on their behalf at the Meeting.
8. **In compliance with the MCA Circulars and the SEBI Circulars, Notice of the AGM along with the Annual Report 2020-21 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/Depositories. Members may note that the Notice and Annual Report 2020-21 will also be available on the Company's website www.emmbi.com, websites of the Stock Exchanges, i.e., BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively.**
9. Relevant documents referred to in the Notice will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available electronically for inspection without any fee by the members from the date of circulation of this Notice upto the date of AGM. Members seeking to inspect such documents can send an email to info@emmbi.com.
10. Members seeking any information with regard to the accounts or any matter to be placed at the AGM, are requested to write to the Company on or before Monday, 20th September, 2021 through email on info@emmbi.com. The same will be replied by the Company suitably.
11. **BOOK CLOSURE:** The Register of Members and Share Transfer Register of the Company will remain closed from Wednesday, 22nd September, 2021 to Tuesday, 28th September, 2021 (both days inclusive) for the purpose of Dividend and AGM.

Further, instructions, if any, already given by them in respect of shares held in physical form will not be automatically applicable to shares held in the electronic mode.
- b) Members holding shares in physical form are requested to submit (i) scanned copy of the signed request letter which shall contain shareholder's name, folio number, bank details (Bank account number, Bank and Branch Name and address, IFSC, MICR details), (ii) self-attested copy of the PAN card and (iii) cancelled cheque leaf.

Members wishing to claim dividends of previous years, which remain unclaimed, are requested to correspond with Mr. Kaushal Patvi, Compliance Officer and Company Secretary, at the Company's Corporate Office. Members are requested to note that Dividends not encashed or claimed within seven years from the date of transfer to the Company's unpaid dividend account, will, as per Section 124 of the Companies Act, 2013 be transferred to the Investor Education and Protection Fund (IEPF).

13. **TDS ON DIVIDEND:** Pursuant to the Income-tax Act, 1961, as amended by the Finance Act, 2020, dividend income will be taxable in the hands of Members with effect from 1st April, 2020 and therefore, the Company shall be required to deduct tax at source (TDS) from dividend paid to Members at the prescribed rates. For the prescribed rates for various categories, Members are requested to refer to the Finance Act, 2020 and amendments thereof. Members are requested to update their Permanent Account Number ("PAN") with the Company/Datamatics Business Solutions Limited (in case of shares held in physical mode) and depositories (in case of shares held in demat mode).

For Resident Shareholders, tax shall be deducted at source under Section 194 of the Income-tax Act, 1961 @ 10% on the amount of Dividend declared and paid by the Company during the Financial Year ("FY") 2021- 22 provided PAN is provided by the shareholder. If PAN is not submitted, TDS would be deducted @ 20% as per Section 206AA of the Income-tax Act, 1961.

However, no TDS shall be deducted on the Dividend payable to a resident Individual if the total dividend to be received during FY 2021-22 does not exceed Rs. 5,000. Please note that this includes the future dividends if any which may be declared by the Board in the FY 2021-22.

Separately, in cases where the shareholder provides Form 15G (applicable to any person other than a Company or a Firm) / Form 15H (applicable to an Individual above the age of 60 years), no tax at source shall be deducted provided that the eligibility conditions are being met. Needless to say, PAN is mandatory. Members are requested to note that in case their PAN is not registered, the tax will be deducted at a higher rate of 20%.

For Non-resident Shareholders, taxes are required to be withheld in accordance with the provisions of section 195 of the Income-tax Act, 1961 at the applicable rates in force. As per the relevant provisions of section 195 of the said Act, the withholding tax shall be at the rate of 20% (plus applicable surcharge and cess) on the amount of Dividend payable to them. In case of GDRs and Foreign Portfolio Investors/ Foreign Institutional Investors, the withholding tax shall be as per the rates specified in Section 196C and 196D of the Act respectively plus applicable surcharge and cess on the amount of Dividend payable to them.

However, as per Section 90 read with Section 195 of the Income-tax Act, the non-resident shareholder has the option to be governed by the provisions of the Double Tax Avoidance Agreement ("DTAA") between India and the country of tax residence of the shareholder, if they are more beneficial to them. For this purpose, i.e. to avail the Tax Treaty benefits, the non-resident shareholder will have to provide the following:

- Self-attested true copy of Tax Residency Certificate (“TRC”) obtained from the tax authorities of the country of which the shareholder is resident for the Financial Year 2021-22;
- Self-declaration in Form 10F;
- Self-attested true copy of the PAN Card if allotted by the Indian Income Tax authorities;
- Self-declaration in the format prescribed by the Company, certifying the following points:
 - i. Shareholder is and will continue to remain a tax resident of the country of its residence during the Financial Year 2021-22;
 - ii. Shareholder is eligible to claim the beneficial DTAA rate for the purposes of tax withholding on dividend declared by the Company;
 - iii. Shareholder has no reason to believe that its claim for the benefits of the DTAA is impaired in any manner;
 - iv. Shareholder does not have a taxable presence or a Permanent Establishment (“PE”) in India during the Financial Year 2021- 22. In any case, the amounts paid/payable to the Shareholder are not attributable or effectively connected to the PE or fixed base, if any, which may have got constituted otherwise;
 - v. Shareholder is the ultimate beneficial owner of its shareholding in the Company and dividend receivable from the Company; and
 - vi. Non-resident shareholder is satisfying the Principle Purpose Test as per the respective tax treaty effective 1st April, 2020 (if applicable).

Please note that the Company is not obligated to apply the beneficial DTAA rates at the time of tax deduction/withholding on dividend amounts. Application of beneficial DTAA rate shall depend upon the completeness and satisfactory review by the Company, of the documents submitted by the Non-Resident shareholder.

Members may submit the aforementioned documents at Datamatics Business Solutions Limited, Address: Plot No. A-16 and 17, MIDC, Part B Cross Lane, Marol, Andheri (East), Mumbai 400 093, Tel. No. 66712151-56; Fax No. 66712011; Email: investorsqry@datamaticsbpm.com on or before Monday, 20th September, 2021 in order to enable the Company to determine and deduct appropriate tax. No communication on the tax determination / deduction shall be entertained post Monday, 20th September, 2021. It may be further noted that in case the tax on said dividend is deducted at a higher rate in absence of receipt of the aforementioned details/ documents from the Shareholders, there would still be an option available with the Shareholders to file the return of income and claim an appropriate refund, if eligible.

The Company will issue soft copy of the TDS certificate to its shareholders through email registered with the Company / Datamatics Business Solutions Limited post payment of the dividend. Shareholders will be able to download the TDS certificate from the Income Tax Department’s website <https://incometaxindiaefiling.gov.in> (refer to Form 26AS). Application of TDS rate is subject to necessary verification by the Company of the shareholder details as available in Register of Members as on the Record Date, and other documents available with the Company / Datamatics Business Solutions Limited.

In the event of any income tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided by the Member/s, such Member/s will be responsible to indemnify the Company and also, provide the Company with all information / documents and co-operation in any appellate proceedings.

This Communication is not exhaustive and does not purport to be a complete analysis or listing of all potential tax consequences in the matter of dividend payment. Shareholders should consult their tax advisors for requisite action to be taken by them.

14. **IEPF:** Under the Act, dividends that are unclaimed/ unpaid for a period of seven years are required to be transferred to the Investor Education and Protection Fund (“IEPF”) established by the Central Government. Details of dividends so far transferred to the IEPF Authority are available on the website of IEPF Authority and the same can be accessed through the link www.iepf.gov.in.

Pursuant to the provisions of Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (“IEPF Rules”), the Company has uploaded the details of unpaid and unclaimed amounts lying with the Company as on 31st March, 2020 on the website of the Company at www.emmbi.com and also on the website of the MCA at <http://www.iepf.gov.in/>. Members are requested to note that, pursuant to the provisions of section 124 of the Act read with IEPF Rules, all shares on which dividend has not been paid or claimed for seven consecutive years or more shall be transferred to IEPF Authority as notified by the MCA.

In accordance with the aforesaid IEPF Rules, the Company has sent individual communication to all Members whose shares are due for transfer to the IEPF Authority and whose email IDs are available, informing them to claim their unclaimed/unpaid dividend before due date to avoid such transfer of shares to IEPF Authority and has also published notice in this regards in Newspapers.

Members whose unclaimed dividends/shares are/will be transferred to the IEPF Authority can claim the same by making an online application to the IEPF Authority in web Form No. IEPF-5 by following the refund procedure as detailed on the website of IEPF Authority <http://www.iepf.gov.in/IEPF/refund.html>.

15. **TRANSFER OF SHARES PERMITTED IN DEMAT FORM ONLY:** As per Regulation 40 of the Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialised form with effect from 1st April, 2019, except in case of transmission or transposition of securities. In view of the above and to eliminate risk associated with physical shares and to avail various benefits of dematerialisation, Members are advised to dematerialise their shares held in physical form.

Members are accordingly requested to get in touch with any Depository Participant having registration with SEBI to open a Demat account. Members may also visit web site of depositories viz. National Securities Depository Limited viz. <https://nsdl.co.in/faqs/faq.php> or Central Depository Services (India) Limited viz. <https://www.cdsindia.com/investors/open-demat.html> for further understanding of the demat procedure.

AWARDS AND RECOGNITIONS

Emmbi Industries Limited was conferred with the coveted and prestigious **Golden Peacock Award for Eco-Innovation 2020**. The Award ceremony was virtually hosted by the Institute of Directors on 15th December 2020. Emmbi was awarded this honor for the invention of 100% Recyclable FIBC Bags, which was achieved by using TexturePro, a technology developed in house at the Emmbi Innovation Lab. TexturePro uses a single homopolymer for the entire bag, rather than using different materials for each part as is traditionally done, making it simpler to recycle.

Shri. Arjun Ram Meghwal, Hon'ble Union Minister of State for Parliamentary Affairs and Heavy Industries & Public Enterprises, Government of India was the Chief Guest and Shri. Girish Chandra Murmu, IAS, Hon'ble Comptroller and Auditor General of India & former Lt. Governor of Jammu & Kashmir was the Guest of Honour.

The Prestigious Award was virtually accepted by Mr. Makrand Appalwar, CMD on behalf of Emmbi Industries Limited.

ACKNOWLEDGEMENT

Your Directors would like to express their appreciation for the assistance and co-operation received from the investors, customers, distributors, dealers, suppliers, stock exchanges, banks, financial institutions, Export Promotion Councils, Trade Bodies, Regulators such as SEBI, BSE, NSE, ROC, RBI, etc, Central and State Government authorities, other Semi Government & local authorities, Administration of Union Territory of Dadra & Nagar Haveli and business associates at all levels during the year under review.

ANNEXURE 2 TO THE DIRECTORS' REPORT**Risk Management****Business Risk**

Unforeseen factors, be it related to industry, regulations, and/or the economy could affect business in an adverse manner, that could lead to impairment to income and capital. Also in a capital-intensive industry, any downward swings in revenues could be detrimental to earnings.

Emmbi is not in an industry that is overtly exposed to governmental regulations, and the fact that we have been profitable since inception and is a regular dividend payer mitigates the business risk to a large extent. Our capacity utilisation taking into account the expansion to 27,440 mtpa stands at 70%, and this is expected to move up to 85% to 90% over the next two years. We have used a mix of out-sourcing, automation, and adoption of Industry 4.0, to ensure the best distribution of fixed costs. We consciously ensure that our production is not concentrated on one unit and is spread across five locations to mitigate any eventuality. We always maintain cordial and healthy relationship with workers, ensuring their safety and wellbeing.

Financial Risk

Emmbi's capital structure is very conservative, and it's cash flows adequate to meet obligations when due. Also the fair value of assets, far exceed the book value providing additional buffer in the event of a remote outlier. We are also rated investment grade with a positive outlook on our debt, and are confident that in the next few years this would only improve given the growth in our business, and overall growth. In addition we do not rely on one lender, and have a multiple banking arrangement system, ample lines, and a good standing with all the lenders.

Liquidity Risk

We maintain adequate cash at all times. Despite making some purchases on an advance payment basis we have ample liquidity, and do not lock up our operating cash flow in non-core or unproductive assets. Inventories and debtors are managed prudently, and impairments negligible. We maintain a healthy dividend pay out which cements that Emmbi is a very liquid company.

Single Product Risk

Emmbi's product line is well diversified with sales to over 200 clients in 66 countries across 40 products. No single client contributes to more than 5% of total revenues. We have strategically reduced our dependence on low margin products. Our foray into the B2C has also decoupled our concentration risk, where the consumers are more granular in nature.

Single Geography Risk

Emmbi exports to 66 countries and is not exposed to a single market or its vagaries.

Foreign Exchange Risk

Emmbi has an internal policy to hedge all its export revenues, and it has no exposure to foreign currency borrowings. The company also does not trade, or speculate in the foreign currency market or make any opportunistic positions.

Systems & Enterprise Wide Risk

We are compliant with international best practices, as can be noted from the continual certifications, and the periodic audits. The Management at Emmbi does not view risks in silos, however analyses, how it can impact the whole organisation. The fact that Emmbi is an accredited as an R&D House by the Government of India also emphasises that our risk management practices have been approved and commended by the Government.

We have in the past year, invested into a supply-chain ERP, designed specifically for our B2C segment. It is in the process of being rolled out, this would lead to benefits in operational efficiencies, and better cost management.

Pandemic and Unforeseen Events

Whilst there are events, whose probability of occurrence may be very-low, however the impact can be very-severe, threaten disruptions to both earnings, and capital. Emmbi ensures that in case of such a rarity, it's prudent way of decision making, policies, financial resources, flexible manufacturing, and experience of the Management, makes it on a better footing to handle such events. Manish Murarka, Suresh Shetty, Dinesh Sapariya

“All you need is that Human Touch.”

Manish Murarka, Assistant Manager – Export Sales

Dinesh Sapariya, Manager – EXIM

Suresh Shetty, Senior Manager – Human Resources & Admin

Manish Murarka and Dinesh Sapariya caught Covid within a few days of each other: “We used to travel together in the car,” jokes Dinesh, “I got it first, so maybe I gave it to Manish.” That was over a year ago. Manish quarantined himself at home and got better without having to go to the hospital. Dinesh was not so lucky. He spent almost a week in a hospital before he got better.

Suresh, on the other hand, never caught Covid although he was quarantined thrice. “I supposedly came in contact with someone who caught Covid,” he laughs, “So even though I never had it, I know what one might go through.”

Perhaps that is the reason that Dinesh, Suresh and Manish became Emmbi’s Covid Warriors. They all saw the isolation first-hand, and along with that, the loneliness that Covid patients battle along with the disease itself. “I know what it feels like,” says Suresh, “Each time, I almost went mad, all alone, in my room. I mean, how much television can you watch?” Dinesh echoes the same sentiment. “I had a single room to begin with,” he says, “but one day I happened to walk into the general ward. I saw people interacting with each other; playing a game of Carrom... It lifted my spirits. That’s when I realized how important human company was, during isolation.” Dinesh transferred to the general ward the very next day.

Back at work, the Covid Warriors became a sort of a lifeline for their coworkers who were battling the disease. From sourcing medicines, arranging for healthy, home-cooked meals to finding vacant hospital beds – Dinesh, Suresh and Manish are just a phone call away for their colleagues. The trio has been working tirelessly, providing that much needed human touch to their colleagues. Manish says, “Sometimes all that is needed is a phone call. You’re so alone in that room, with nobody being allowed to visit, that any form of human contact is welcome. And that in itself helps you recover, because it puts you in a better frame of mind.”

Suresh, on the other hand, took to visiting his colleagues in the hospital regularly, sometimes with food, sometimes with medicines. At other times, he’d visit just to keep his colleagues company. Isn’t he worried he’d catch the infection, especially since he’s never had it? “Yes, you’re scared at first. But you realize that there is something much bigger than fear – humanity.”

One can’t really argue with that, can we?

ANNEXURE 3 TO DIRECTOR'S REPORT

Form No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st March 2021

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
EMMBI INDUSTRIES LIMITED
Silvassa

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by EMMBI INDUSTRIES LIMITED (hereinafter called the company). Secretarial Audit was conducted in a manner that provided a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the EMMBI INDUSTRIES LIMITED books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March 2021 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2021 according to the provisions of:

Management Discussion and Analysis

Forward Looking Statements

The report contains forward-looking statements, identified by words like 'plans', 'expects', 'will', 'anticipates', 'believes', 'intends', 'projects', 'estimates' and so on. All statements that address expectations or projections about the future, but not limited to the Company's strategy for growth, product development, market position, expenditures and financial results, are forward-looking statements. Since these are based on certain assumptions and expectations of future events, the Company cannot guarantee that these are accurate or will be realised. The Company's actual results, performance or achievements could thus differ from those projected in any forward-looking statements. The Company assumes no responsibility to publicly amend, modify or revise any such statements on the basis of subsequent developments, information or events.

Economy and Outlook

The slowdown in the global growth in over the past few years, took a turn for the worse in 2020 on account of the pandemic, that ravaged across different parts of the world, from the beginning of the calendar year. The combined effect of the of the lock-downs, disruptions across supply-chains, the fear, and pessimism shrunk the global economy by almost 4% in calendar '20. The Advanced economies shrunk by 3.30%, with the Euro Areas and the UK being the hardest hit. The US, primarily a consumption and services led economy, decelerated by 3.50%. Whilst the Emerging Markets, and Developing Economies, de-grew almost 3%; China was the only exception with a growth of 2.20%. The IMF estimates a growth in output at 6%, this being disparate across economies, and industries. Emmbi's export markets, that shrunk in '20, are expected to grow at a much faster pace, on account of both the containment of the pandemic, as well as measures taken by the respective governments.

The Indian economy that was on a fragile ground throughout the past two fiscals, came off the cliff in fiscal '21. The first two quarters were the worst beginning with the lock-down, followed by the exodus of migrant labour. The gradual reopening, and the measures initiated by the governments assisted to some extent in the latter half of the year, however consumption remained muted, which translated into industrial output. The outlook for fiscal '22 is mixed with caution, as pockets of the country remain under partial lock-down and agencies predict a 11% growth (from a lower base) in the domestic economy.

Emmbi's thought process had been to focus on margins, rather than volumes, and the strategic decision to have flexible manufacturing capabilities, invest in people, and a robust distribution network, coupled with continual innovation has helped it not only be resilient, but grow its businesses in these unprecedented times. Barring the one-off costs that came about on account of the lockdown, which resulted in the loss of production, and productivity, demand did sustain itself, and while the trend appears positive. Whilst being cautious, we also wish to continue in pursuing our aspirational goals, balancing reward and risk so whilst protecting stakeholder interests.

Sector Performance

The world is witnessing an exponential growth in the usage and consumption of polymers. Production that used to range at 340 million tons p.a. in 2010, crossed 550 tons the turn of the decade (a CAGR of 10%). The completely man-made nature of polymers makes innovation and creation of new materials and applications limitless. The Polymer sector in India is estimated at over \$75 billion, and this is expected to exhibit near double-digit growth in the next five years. Despite being one of the world's largest economies, India lags in the consumption of polymers at just under 10kgs (World Average 30kgs).

There has been a perceptible up-tick in the past two years the government’s emphasis on infrastructure, the manufacturing pick-up, and the emphasis on water conservation products, are the primary double-digit growth drivers in the medium term.

GARDEN
WASTE BAG

Impact of post Covid-19 world is yet to be studied on this sector. As large part of polymers are part of the essential class of the supply chain in the industry we have a feeling that the impact of the Covid-19 will be substantially lower on this sector than other sectors like Aviation or Hospitality.

Emmbi’s Industries International and Domestic Business

Product Range

We are proud to state that we have over 30 individual products that cater to a client base of over 200, spread across 66 countries.

Business Split: Product wise & Region wise

International:

Revenues from Exports stood at Rs. 1850.78 million, notably across 66 countries with North America being the largest contributor, followed by Europe. In addition to diversification across geographies, Emmbi’s clientele include a wide range of industries.

Domestic Business

Domestic growth was dominated by water conservation, and retail distribution in Agro-polymer segments. The strategic move initiated in the earlier years, in terms of resource allocation to high margin products that began to pay-off in 2017, has since consolidated and is expected to contribute significantly to the coming years. Revenues for fiscal '22, despite challenging circumstances and the rough weather ahead, is likely to be sustainable, on account of the salient factors:

- 1. Emmbi’s innovation, track record, and distribution network makes it a first-choice provider for existing clients and serves as a referral base.
- 2. Increase in the Export demand of products under Advanced Composites & Speciality Packaging.
- 3. ‘Avana’ that has made a mark in few states, is expanding across India and introducing newer products, that have found tremendous acceptance.
- 4. The increased focus on hygiene, and food security augurs well for the product lines the company is present.
- 5. The Government’s initiatives for improving farmer’s incomes, and a greater thrust across rural India on Pond manufacturing.
- 6. Introduction of the world’s first flexible, portable, and easy-to-assemble HDPE tank, whose usages range from storing water to mixing fertilisers.
- 7. An increase in the consumption of polymer products across the globe.
- 8. Consumption Shift both in B2C, and B2B – the increased usage of e-commerce (Avanamart) polypropylene bags, polymer syringes, polymer lined tanks, polymer mixes in highways etc.

EXPORT GEOGRAPHIES

Retail Operations

The investment in both human capital, and brand identity has paid off handsomely with the higher margin B2C business contributing to higher margins of overall revenues. Avana, Emmbi’s ‘Strategic Business Unit’ (SBU) which operates the B2C segment is now well entrenched in Maharashtra, Rajasthan, Madhya Pradesh and Karnataka. It ventured into Punjab, Haryana, Andhra Pradesh and Telangana in fiscal '21, with the introduction of shrimp ponds, and plans to consolidate the operations during this year.

The team came up with the world’s first light-weight water tank, that can store up to 1,000 litres of water, and can be folded, and transported in a backpack. Made from HDPE not only is the endurance high, the cost is a fraction of the other water storage systems. Innovations such as this are backed by a motivated sales team, and a robust distribution network. The B2C segment is in the right path in terms of contributing to one-fourth of the firm’s total revenues, leading to margin improvements at the overall level.

The brand is an acceptable and sought out name amongst farmers, and having it endorsed by the acclaimed celebrity ‘Sayaji Shinde’, himself the son of an agriculturist would cement the consumer to the company.

Emmbi’s Manufacturing Operations

Plant Capacity and Utilisation

Plant capacity remained at 27,440 MT/ Annum, and Capex spend, was on routine maintenance. Industry 4.0 standards (IoT), and Robotic Process

Automation (RPA) have increased operational efficiencies, improved product technicalities, and reduced wastage to a near zero levels.

The increased demand for FIBC made us tie up with a contract manufacturer, where with almost negligible capex, we would increment the manufacturing capacity by 3000 MT per annum. This facility located at Silvassa once fully operational (Anticipated start date Q3 of fiscal '22) is likely to augment revenues by Rs. 500 million.

Inventories Management

Emmbi's strategy of managing business in a non-speculative nature, translates down to its inventory management policies. We always make it a point to match the order pipeline to the inventory levels. Procurements of raw material is simultaneous to order booking, and that way neither the fluctuations in the prices of crude, and thereby its derivatives impact the income statement or capital in an adverse manner. More-over the relationship between crude prices, and polymer prices is not entirely direct. The floor cost of polymers, irrespective of the prices of crude can be pegged around US \$ 1000-1050-1110 considering the fixed costs, and logistics. Finally, it is the many stages derivative Polypropylene that goes into our products, and the actual impact of crude price constitutes only under 15% of the total product component. Despite this linkage, we as a policy continue to apply effective hedge mechanisms.

Record Earnings

Considering the Covid situation we continued to impress both in terms of revenues, and earnings to shareholders. The company recorded a marginal decline of 3.99% in top line (It's a growth Considering 34 Non operative days due to covid) in revenues to Rs. 3198.39 million and a While the profit was under stress due to lower utilisation of assets and substantial additional expense on account of managing manufacturing facility and field team profit of Rs.100.33 million.

Quality and Adherence

We adhere to the latest international standards and believe in adapting the best practices in the industry, be it people, processes, quality of our products or internal systems. We are in the process of "Integrated Management System" (IMS) a customised combination of ISO 9001:2015, 14001:2015 and 45001:2018.

People and Processes

We continue in investing and developing existing talent, and source human resources when needed. We continue to conduct workshops on both technical, and soft skills, with the help of internally created teams, and external experts. We have in place a 'Whistle Blower' policy keeping in check with the best practices (Detailed in the Corporate Governance Section).

Information Technology

All our plants across the five locations are integrated, and they in-turn communicate to the head offices, through various systems. We are one of the first to adopt Industry 4.0 standards that has led to process and operational improvements, and getting translated into financial savings.

Research & Development

We are now a full-fledged R&D Development centre, accredited by the Department of Science and Technology, the Government of India. Our R&D department is staffed with a 30 member team. As a policy we allocate ~2.50% of revenues towards, research and product development. This not only helps us getting tangible benefits like tax breaks, excise and VAT benefits, preferred bidder for Government projects, etc. We also get invaluable intangible benefits such as visibility in the international arena, through government initiatives.

Cautionary Statement

The estimation and expectation made in this report may differ from actual performance due to extraneous factors such as economic conditions, governmental policies, regulations, and other factors.

Bhaskar Manna

“Where there’s a will there is a way.”

Bhaskar Manna, Manager Production PWS

Like the rest of the country, the announcement of the lockdown took Bhaskar Manna completely by surprise. Being in the middle of the shift, his first thought was completing the production run for the night and getting the workers back home to safety. But when the initial adrenaline rush ebbed, new questions began to rear their head: What about tomorrow’s shift? What about the month-end shipping schedule? What about the consignment that was promised to Unilever? Tired and weary, Bhaskar settled into a fitful, uneasy sleep.

With time, it became easier to cope. An “essential services” tag ensured that the factory could function, albeit with a strength of just 30%. Bhaskar got passes made for his workers and production lines slowly came back online, with strict controls on entry into the factory and maintenance of a staff register.

But just as things began to settle down, new problems began cropping up. In its zealous pursuit of the “trace, test, treat” protocol, the local government sealed the entire housing complex where Bhaskar’s workers lived. What use was an “essential services” tag if there were no workers to run your factory? Thinking quickly, Bhaskar devised a way where the workers could be transported to the factory through a back gate, with permissions from the authorities. “You just have to have the will,” quips Bhaskar, “The way will show itself.” Days turned to weeks,

and weeks into months. The factory was running smoothly, with strict protocols in place.

Or, so it seemed. For, just as Bhaskar began to relax, the government allowed inter-state travel to resume. Almost immediately, the workers began leaving Silvassa for the relative safety of their villages. No amount of encouraging, cajoling or begging seemed to persuade them. And just like that, Bhaskar lost almost half of the stitching department in a span of a few days.

This was a problem almost nobody had anticipated, and one for which no solution seemed to exist. After all, how could Bhaskar ‘create’ a team of trained workers to man the factory? Until, at a brainstorm, an outrageous idea presented itself – what if Emmbi were to employ the wives of the workers that had stayed behind? After all, the stitching department did not require a high degree of technical expertise. For the workers, it meant additional income. It seemed like a win-win solution. Bhaskar got right to work, training the women and deploying them on the shop floor. The experiment was wildly successful, and before long, Bhaskar’s unit was humming along smoothly.

Today, Bhaskar runs Emmbi’s first “all women” production unit that’s the model of diversity and inclusion in the company. Every cloud, it seems, does have a silver lining.

Analysis of Financial Performance

Revenue from Operations

By and large in most businesses, the last quarter of a fiscal year is always crucial, with growth in normal times, exceeding those of the preceding quarters. Emmbi surpassed, Rs. 1 billion in Sales in Q4, the first in its history of Operations – a significant double-digit, growth both sequentially, and on a YoY basis. Revenues at an overall level was lower on a YoY basis, as the lock-down, and other measures imposed on the industry resulted in the loss of 34 production days. If one had to negate this, then the Company on a like-for-like comparison (the norm for manufacturing sector), exhibited actual growth across all parameters. Domestic sales accounted for 42% (57%) of revenues, whilst exports constituted the balance 58% (43%). Despite the challenged thrown at it, the company's inherent strengths, such as fungible manufacturing capacity, strong presence in international markets, brand and client relationship helped in the growth in exports.

Cost of Operations

The fungibility, and flexibility of the factory, and the production lines, helped to contain cost over-runs (and at the time of this report, production is graduating to normalcy levels). Constantly engaging with and improving upon production techniques including- Robotic Process Automation (RPA), Industry 4.0, and Kaizen (Project Manthan) also helped in ensuring that there were no catastrophic setbacks either financially or operationally.

Cost of Finance

Finance costs stood at Rs. 113.61 million (Rs. 119.42 million), the improvement on account of lower finance costs, and as a percentage of revenues improved to 4.15% (3.93%), despite a lower denominator – this was commendable, and would improve in the following quarters. Interest coverage ratio remained a healthy 2.52x and Emmbi's ratings remain investment grade. Depreciation and amortisation expenses stood at Rs. 72 million (Rs. 70 million).

Profits and Distribution

Emmbi industries reported an after-tax profit of Rs. 77 million (Rs. 146 million), the decline mainly on account of one-off expenditures incurred on account of Covid-19, and higher raw material procurement costs in the last quarter (which of course would be passed on in the following

quarter); this also did not include any export incentives to be announced by the government. The Company's liquidity, and financial position continued to remain strong, with both un-utilised lines of credit, as well as healthy cash balances. The company declared a dividend of Rs. 0.40 per share.

Balance Sheet Items

Emmbi prides itself with it's efforts to grow continuously, with minimum risks to shareholders, and its stakeholders. Such a culture always holds good in the long-run, and especially good in challenging times.

Assets and Deployment

Assets for the year stood at Rs. 3,285 million (Rs. 2,985 million), the 10% growth on account of core assets, required for business operations. Fixed assets addition pertained more towards routine maintenance and marginal capacity expansion (de-bottleneck capacity), which stood at 27,440 mtpa.

Current Assets

Inventories stood at the year-end stood at Rs. 902 million (Rs. 787 million); the increase on account of both higher prices, and volumes to match the demand. The average inventories holding is normally three to four months, the primary supplier of raw materials to the industry normally shutdown their plant for maintenance in March, so as a prudent principle the company maintains higher inventories in the last quarter. The year also saw a surge in demand for exports (reflected in the performance), and this also required the company to hold larger inventories.

Receivables stood at Rs. 638 million (Rs. 520 million), on account of higher exports. The company's exports are backed by ECGC guarantees.

Fixed Assets

The company invested very marginally in the creation of fixed assets, as the expansion plans were completed last year, and with the de-bottleneck the current capacity stands at 27,440 mtpa.

Capital and Borrowings

The growth was financed through a mix of internal accruals, additional term borrowings, and working capital. Debt-Equity was conservative at 1.01x (0.90x), and the current ratio improved to a healthy 1.55x (1.39 x). The company still had un-drawn lines of credit with banks.

Total net worth increased to Rs. 1,352 million (Rs. 1,284 million), whilst overall bank borrowings stood at Rs. 1,364 million (Rs. 1,158 million). In the course of the year the company repaid it's obligations, as per schedule.

Sandeep Hiwale

“Miracles do happen. But hard work helps.”

Sandeep Hiwale, Cluster Sales Manager

19th March is a day that Sandeep remembers well. On the way home from his sales calls in Aurangabad, he received a call that his colleague – Sashin Jaiswal – was serious and admitted to the Covid ward in Latur. Sandeep swung into action, covering a distance of 270 kms in 6 hours. He finally reached Latur well past midnight and rushed straight to the hospital where his friend and colleague was battling for his life.

It did not look good.

Sashin was admitted to the ICU and was on oxygen support. His CT Scan score was 21 out of a possible 25 (25 being the worst). The doctors' opinion was unanimous – he had to be shifted to a bigger facility. “But he seems fine, doctor,” Sandeep said, “I mean, he’s talking to us.” This was also a sentiment that Sashin’s father echoed. “Well,” replied the doctor, “As long as Covid patients are on oxygen, they usually talk right until their last moment.”

Sandeep was stunned. Never in his wildest dreams had he thought that it would come to this. His dear friend had been visiting family in Beed and had been en-route back to his base in Aurangabad when he had collapsed at the bus stand. Life truly was so transient.

He put in a call to his CEO. “Do whatever you need to do, Sandeep,” his CEO replied, “Just save him.” It weighed heavily on Sandeep’s mind that his friend’s wife was pregnant with their first child.

But shifting Sashin was easier said than done. For one, his father was uncomfortable with the idea. “What if something happens to him,” he asked, “Will you accept responsibility?” But the father’s reluctance apart, how were they to shift Sashin to Mumbai? The company had made arrangements for an air ambulance, but unseasonal rains and a broken airport wall put lid to those plans. The authorities refused permission for the chopper to land.

They’d have to fight it out in Latur itself. Steeling himself, Sandeep went about securing supplies of critical medicines, food and everything else. The doctors had said Sashin might need at least ten doses of Remdesivir – a precious drug that was acutely in short supply at that time. Sandeep left no stone unturned and procured twelve doses.

For the next two weeks, Sandeep camped at the hospital, making sure that nothing was wanting for Sashin’s treatment. Between organizing Remdesivir, arranging for food, updating the team and consoling Sashin’s distraught family, Sandeep continued to stay connected with his sales team over phone. With time, Sashin got better and went home to a long and arduous recovery process.

Today, Sandeep looks back fondly at the lunch he had last month with Sashin – now recovered fully – and his family.

“Miracles do happen,” he smiles, “You just need to do your part.”

Independent Auditor's Report

TO THE MEMBERS OF
EMMBI INDUSTRIES LIMITED.

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Emmbi Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the following matter to be the key audit matter to be communicated in our Report.

Key Audit Matter

Evaluation of uncertain tax position

The company has material uncertain tax positions including matters under dispute which involves significant judgement to determine the possible outcome of these disputes.

Refer Note 26 to the Standalone Financial Statements.

Auditor's Response

Our audit procedures include the following :-

- Gained an understanding of the process of identification of claims, litigations and contingent liabilities and identified key controls in the process. For selected controls we have performed tests of controls.
- Obtained the summary of Company's legal and tax cases and critically assessed management's position through discussion with the Legal Counsel on both the probability of success in significant cases and the magnitude of any potential loss.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash

flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure A"**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - The Company doesn't have any long term contracts including derivative contracts requiring provision for material foreseeable losses.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in **"Annexure B"** a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexures to the Independent Auditor's Report

Annexure A

(Referred to in Paragraph 1 (f) of the Report on Other Legal and Regulatory Requirements in our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of Emmbi Industries Ltd. ("the Company") as of 31 March, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on internal controls over financial reporting criteria established by the company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013 ("the Act").

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under Section 143 (10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the Ind AS financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance

Notes Forming Part of the Standalone Financial Statements For The Year Ended On 31st March , 2021.

NOTE: 1 COMPANY OVERVIEW

EMMBI INDUSTRIES LIMITED ("Emmbi" or "The Company") is a public limited company incorporated and domiciled in India and has its registered office at Silvassa, India. The Company has its primary listings on the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). The financials were authorized for issuance by the company's Board of Directors and Audit Committee on June 25th, 2021.

The principal activities of the Company comprises of Manufacturing of HDPE & PP- Woven Polymer Based Products.

NOTE: 2 BASIS OF PREPARATION AND MEASUREMENT

2.1 Statement of Compliance

The Financial statements as at the end for the year ended March 31, 2021 have been prepared in accordance with the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended.

2.2 Accounting Convention and Basis of Measurement

The financial statements have been prepared on the historical cost convention and on an accrual basis, except the following material items that have been measured at fair value as required by relevant Ind AS:

- i. Certain financial assets measured at fair value (refer accounting policy on financial instruments)
- ii. Defined benefit and other long – term employee benefits.

2.3 Functional and presentation currency

The financial statements are presented in India rupees, which is the functional currency of the company and the currency of the primary economic environment in which the company operates. All financial information presented in Indian rupees has been rounded to the nearest million of rupees except share and per share data.

2.4 Use of Judgments, estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses and the disclosure of contingent liabilities and contingent assets. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions in respect of following areas, that have most significant effect to the carrying amounts within the next financial year are included in the relevant notes.

- i. Useful Lives of property, plant and equipment and intangibles.
- ii. Measurement of defined benefit obligations.
- iii. Measurements and likelihood of occurrence if provisions and contingencies.
- iv. Recognition of deferred tax assets.

2.5 Operating Cycle:

Based on the nature of products / activities of the company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

NOTE: 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Property, Plant and Equipment (PPE)

- i. Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any.
- ii. The cost of property, plant and equipment includes those incurred directly for the construction or acquisition of the assets, and directly attributable to bringing it to the location and condition necessary for it to be capable of operating in the manner intended by the management.
- iii. The cost of major spares is recognised in the carrying amount of the item of property, plant and equipment, in accordance with the recognition criteria set out in the standard. The carrying amount of the replaced part is derecognized at the time of actual replacement. The costs of day-to-day servicing of the item are recognised in statement of profit and loss as incurred.

Shubham Deshmukh

“Your biggest strength is belief in yourself.”

Shubham Deshmukh, Manager Operations (Avana)

For Shubham Deshmukh, the switch from college life to working life was quite a learning experience. Replacing theoretical knowledge with practical experience, having to unlearn and relearn basic concepts and above all, getting workers on the shop floor to listen to this wet-behind-the-ears engineering graduate, all proved to be a challenge. But nothing would prepare him for the challenges that Covid would bring.

Avana Jalasanchay was always much sought-after; the innovative product that it was. But the Covid-induced lockdown meant that Emmbi's distributors couldn't send workmen out to the field to seal and install the artificial ponds. There were thousands of square-meters of cloth that would soon become dead inventory for them, unless they found another way to use it. The germ of an idea for Avana tanks was born.

It fell to Shubham and his team to convert this idea into a viable product concept. Never one to shy away from challenges, Shubham dove right in, and figured immediately, that the existing product concept had problems – for one, it took three hours to create a single tank and worse, a cubical design meant multiple joints – and greater chances of leakage. A decision was taken to create a circular tank, which would be a lot less prone to leakages.

A special machine that helped weave it was imported from Swizerland. The Avana tank seemed tantalizingly close to becoming a reality.

Until, the team discovered that sealing the tank perfectly was easier said than done. Countless late nights later, the team decided to consult the manufacturer of the machine. The manufacturer sent a team down, who camped at the factory for two weeks, trying innumerable permutations and combinations. Close to three hundred tanks were made.

Every one of them leaked.

Tired, weary and disheartened, the team almost gave up. “I was alone in the factory one night,” recalls Shubham, “I had just about given up. Makrand sir came up to me and said, ‘why are you so scared? You know you're on the right path, so there's no way you will fail.’ Those words injected a new hope in me.”

Over the next three months, Shubham and his team worked tirelessly, trying out newer and newer ways of sealing the tank.

Until, finally, they created one that did not leak.

And that is how an idea that was born six months ago, at the peak of the pandemic, became Emmbi's latest innovation.

- iv. Depreciation on tangible assets including those on leasehold premises is provided under straight line method over the useful life of assets specified in Part C of Schedule II to the Companies Act, 2013 and in the manner specified therein, except in respect of dies and moulds which are depreciated over their technically estimated useful lives on straight line method.
- v. Depreciation methods, useful lives and residual values are reviewed at each reporting date and accounted as change in accounting estimate.
- vi. Each component / part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately only when it has a different useful life. The gain or loss arising from the de-recognition of an item or property, plant and equipment is included in statement of profit or loss when the item is derecognized.
- vii. Expenditure attributable / relating to PPE under construction / erection is accounted as below:
 - A. To the extent directly identifiable to any specific plant /unit, trial run expenditure net of revenue is included in the cost of property, plant and equipment.
 - B. To the extent work not completed to any specific plant /unit, is grouped under 'capital work-in-progress'.

3.2 Intangible Assets

- i. Intangible asset is recognised when it is probable that future economic benefits are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.
- ii. Acquired Brand and Knowledge Development Cost is recognized as intangible asset upon completion of development and commencement of commercial production.
- iii. Intangibles asset are amortized on straight line method over their technically estimated useful lives.
- iv. Residual values and useful lives for all intangible assets are reviewed at each reporting date. Changes, if any, are accounted for as changes in accounting estimates.

3.3 Inventories are valued as under:

I) Raw materials, components, consumables and stores and spares	Cost or net realisable value, whichever is lower.
II) Work in progress and finished goods	Net realisable value or cost of materials plus cost of conversion and other costs incurred in bringing them to the present location and condition, whichever is lower
III) Consumable Spares	Cost or net realisable value, whichever is lower.

3.4 Revenue from contracts with customers

The Company derives revenues primarily from sale of HDPE & PP- Woven Polymer Based Products.

Ind AS 115 "Revenue from Contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- Identify the contract(s) with a customer;
- Identify the performance obligations;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations;
- Recognise revenue when or as an entity satisfies performance obligation.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, except for the agency services below, because it typically controls the goods or services before transferring them to the customer.

Revenue excludes amounts collected on behalf of third parties.

Sale of goods

For sale of goods, revenue is recognised when control of the goods has transferred at a point in time i.e. when the goods have been delivered to the specific location (delivery). Following delivery, the customer has full discretion over the responsibility, manner of distribution, price to sell the goods and bears the risks of obsolescence and loss in relation to the goods. A receivable is recognised by the Company when the goods are delivered to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due. Payment is due within 45-120 days. The Company considers the effects of variable consideration, the existence of significant financing components, noncash consideration, and consideration payable to the customer (if any).

3.5 Employee Benefits

i) Short term benefits:

All employee benefits falling due wholly within twelve months of rendering the services are classified as short term employee benefits. The cost of the benefits like salaries, wages, medical, leave travel assistance, short term compensated absences, bonus, exgratia, etc. is recognised in the period in which the employee renders the related service.

ii) Post Employment benefits:

A) Defined contribution plans:

The contribution paid/ payable under provident fund scheme, ESI, scheme and employee pension scheme is recognised as expenditure in the period in which the employee renders the related service.

B) Defined benefit plans:

The company's obligation towards gratuity is a benefit plan. The present value of the estimated future cash flows of the obligation under such plan is determined based on actuarial valuation using the projected unit credit method. Any difference between the interest income on plan assets and the return actually achieved and any changes in the liabilities over the year due to changes in actuarial assumptions or experienced adjustments within the plan are recognised immediately in other comprehensive income and subsequently not reclassified to the statement of profit and loss.

3.6 Foreign currency transactions

- i. Transactions relating to non-monetary items and sale of goods/ services denominated in foreign currency are recorded at the exchange rate prevailing or a rate that approximates the actual rate on the date of transactions.
- ii. Assets and liabilities in the nature of monetary items denominated in foreign currency are restated at prevailing exchange rate as at the end of the reporting period.
- iii. Exchange differences arising on account of settlement/conversion of foreign currency monetary items are recognised as expense or income in the period in which they arise.

3.7 Current Tax and Deferred Tax

i) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

ii) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profits differ as reported in the statement of profit and loss because of items of income and expense that are taxable or deductible in other years and items that are never taxable or deductible. The company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

iii) Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all temporary differences to the extent that it is possible that taxable profits will be available against those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Minimum Alternate Tax

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

3.8 Borrowing Costs

- i. Borrowing costs incurred for obtaining assets which take substantial period to get ready for their intended use are capitalized to the respective assets wherever the costs are directly attributable to such assets and in other case by applying weighted average cost of borrowings to the expenditure on such assets. Post the commercial production or trial run, borrowing cost will be treated as expense for the year.
- ii. Other borrowing costs are treated as expense for the year.

3.9 Financial instruments (Financial assets and financial liabilities)

- i. All financial instruments are recognised initially at fair value. The classification of financial of financial instruments depends on the objective of the business model for which it is held and the contractual cash flows that are solely payments of principal and interest on the principal amount outstanding. For the purpose of subsequent measurement, financial instruments of the company are classified into (a) Non-Derivative financial instruments and (b) Derivative financial instruments.
- ii. **Financial instruments.**
 - A) Security deposits, cash and cash equivalents, employee and other advances, trade receivables and eligible current and non-current financial assets are classified as financial assets under this clause.

- B) Loans and borrowings, trade and other payables including deposits collected from various parties and eligible current and non-current financial liabilities are classified as financial liabilities under this clause.
- C) Financial instruments are subsequently carried at amortized cost wherever applicable using effective interest rate method (EIR) less impairment loss.
- D) Transaction cost that are attributable financial recognized at amortized cost are included in the fair value of such instruments.
- E) Investments in equity shares, including investment in foreign company and LLP, are measured at fair value through profit and loss as per Ind AS 109.

3.10 Impairment

i. Financial Assets

- A) The company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure.
 - Financial assets that are debt instruments, and are measured at amortized cost wherever applicable for e.g. loans, debt securities, deposits, and bank balance.
 - Trade Receivables
- B) The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component. The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

ii. Non-financial Assets

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial asset is impaired. If any such indication exists, the company estimates the amount of impairment loss.

3.11 Provisions

- i. Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefit will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.
- ii. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risk and uncertainties surrounding the obligation.
- iii. When some or all of the economic benefits require to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount if the receivable can be measured reliably.

3.12 Earnings per share (EPS)

- i. Basic EPS is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year/ period.
- ii. Diluted EPS is computed by dividing the profit after tax, as adjusted for dividend, interest and other charges to expenses or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic EPS and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

3.13 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the

carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the remeasurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue to allocate the consideration in the contract.

4.1 Changes in accounting policies and disclosures

New and amended standards

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, etc.

4.2 Standards issued but not yet effective up to the date of Financial Statements Standards issued but not yet effective:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

4.3 Impact of Covid-19

On March 11, 2020, the World Health Organisation declared COVID-19 outbreak as a pandemic. Responding to the potentially serious threat that this pandemic has to public health, the Indian Government has taken a series of measures to contain the outbreak, which included imposing multiple 'lock-downs' across the country, from March 22, 2020, and extended up to June 30, 2020. The business has been severely impacted during the year on account of COVID-19.

The Company witnessed softer revenues due to the lockdown imposed during the first six months of the year. With the unlocking of restrictions, all the Company's manufacturing facilities have been opened and business is expected to gradually improve. During the second half of the year, the Company witnessed some signs of recovery. Whilst there has been a second wave of the COVID-19 pandemic in the last few months in some States, there has also been increased vaccination drive by the Government and the Company continues to closely monitor the situation. The Company has also assessed the possible impact of COVID-19 in preparation of the standalone financial statements, including but not limited to its assessment of liquidity and going concern assumption, recoverable values of its financial and non-financial assets and impact on revenues and costs.

The Company has considered internal and external sources of information and has performed sensitivity analysis on the assumptions used and based on current estimates, expects to recover the carrying amount of these assets. The impact of COVID-19 may be different from that estimated as at the date of approval of these standalone financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

The Company has adequate funds at its disposal and the Management is confident of securing additional financing, as required, for the next 12 months to enable the Company to meet its debts and obligations as they fall due

NOTE 42: EMPLOYEE BENEFIT OBLIGATIONS

The Company has classified the various employee benefits provided to employees as under:

INR MILLION

I Defined Benefit Plans	March 31, 2021	March 31, 2020
Gratuity		
Non-Current	13.14	12.79
Total	13.14	12.79

The significant actuarial assumptions were as follows :

Particulars	March 31, 2021	March 31, 2020
Discount rate	6.75% p.a.	6.75% p.a.
Salary escalation rate	6.50% p.a.	6.50% p.a.
Retirement age	58 years	60 years
Mortality rate	Indian Assured Lives Mortality (2012-14) Ultimate Mortality Rates	Indian Assured Lives Mortality (2012-14) Ultimate Mortality Rates

B Risk Exposure

Through its defined benefit plan, the Company is exposed to a number of risks, the most significant of which are detailed below:

Life expectancy:

This is particularly significant where inflationary increases result in higher sensitivity to changes in life expectancy.

Future salary increase and inflation risk:

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

Asset-Liability mismatch risk:

Risk arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the Company is successfully able to neutralize valuation swings caused by interest rate movements. The Company ensures that the investment positions are managed within an asset-liability matching (ALM) framework that has been developed to achieve long-term investments that are in line with the obligations under the employee benefit plans.

II Defined Contribution Plans

During the year, the Company has recognised the following amounts in the Statement of Profit and Loss :-

Present value of funded obligation	13.15	12.80
Fair value of plan assets	0.01	0.01
Surplus of funded plan	13.14	12.79

iii) Sensitivity analysis

The sensitivity of defined obligation to changes in the weighted principal assumptions is:

Assumption	Impact on defined benefit obligation March 31, 2021	
	%	Rs
Discount rate		
1.00% increase	-12.45%	(1.64)
1.00% decrease	15.11%	1.99
Future salary increase		
1.00% increase	14.99%	1.97
1.00% decrease	-12.59%	(1.65)

Assumption	Impact on defined benefit obligation March 31, 2020	
	%	Rs
Discount rate		
1.00% increase	-14.5%	(1.85)
1.00% decrease	17.92%	2.29
Future salary increase		
1.00% increase	17.78%	2.27
1.00% decrease	-14.6%	(1.87)

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

The following payments are expected contributions to the defined benefit plan in future years:

Particulars	March 31, 2021	March 31, 2020
Less than a year	0.24	0.49
Between 1- 2 years	0.31	-
Between 2- 5 years	1.78	0.44
Over 5 years	37.26	45.58
Total	39.60	46.50

Capital Management:

"The Company's objectives when managing capital are to:

- safeguard their ability to continue as a concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholders value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders. The Capital structure of the Company is as follows:

Financial risk management

The management of the Company has implemented a risk management system that is monitored by the Board of Directors. The general conditions for compliance with the requirements for proper and future-oriented risk management within the Company are set out in the risk management principles. These principles aim at encouraging all members of staff to responsibly deal with risks as well as supporting a sustained process to improve risk awareness. The guidelines on risk management specify risk management processes, compulsory limitations, and the application of financial instruments. The risk management system aims at identifying, analyzing, managing, controlling and communicating risks promptly throughout the Company. Risk management reporting is a continuous process and part of regular Group reporting. In addition, our Corporate Function Internal Auditing regularly checks whether Company complies with risk management system requirements..

The Company is exposed to credit, liquidity and market risks (foreign currency risk and price risk) during the course of ordinary activities. The aim of risk management is to limit the risks arising from operating activities and associated financing requirements by applying selected derivative and non-derivative hedging instruments.

Credit risk

The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments. The balances with banks, loans given to employees, security deposits are subject to low credit risk since the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil. Hence, no provision has been created for expected credit loss for credit risk arising from these financial assets.

Trade receivables

Credit risk arises from the possibility that customer will not be able to settle their obligations as and when agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, analysis of historical bad debts, ageing of accounts receivable and forward looking information.

Export related trade receivables are fully secured under the Export Credit Guarantee Corporation Scheme and therefore the Company is not exposed to significant credit risk.

The provision for expected credit loss is recognised on the basis of life-time expected credit losses (simplified approach). An expected loss rate is calculated at each year-end, based on combination of rate of default and rate of delay. The Company considers the rate of default and delay.

There is no significant expected loss recognised.

Expected credit loss:**March 31, 2021**

Liquidity risk

Liquidity risk is the risk that the Company is unable to meet its existing or future obligations due to insufficient availability of cash or cash equivalents. Managing liquidity risk, and therefore allocating resources are some of the central tasks of the Company's management. In order to be able to ensure the Company's solvency and financial flexibility at all times, credit limits and cash and cash equivalents are reserved on the basis of perennial financial planning.

Market risk

Market risk is the risk that fair values or future cash flows of non-derivative or derivative financial instruments will fluctuate due to changes in risk factors. Among market risks relevant to the Company are foreign currency risk and price risks. Associated with these risks are fluctuations in income, equity and cash flow. The objective of risk management is to eliminate or limit emerging risks by taking appropriate precautions, especially by applying derivatives. The application of derivatives is subject to strict controls set up on the basis of guidelines as part of regular reporting. Various measures are used to mitigate or eliminate the risk of fluctuations in the fair value of future cash flows from financial instruments due to market changes. These mainly include foreign currency forward contracts with banks. The use of derivative financial instruments is extensively monitored, with checks being carried out on the basis of policies in the framework of regular reporting.

Foreign currency risk

The international nature of the Company's business activities generates numerous cash flows in different currencies especially in USD and EURO. Hedging the resulting currency risk exposures is an essential part of the Company's risk management. To contain the risks of numerous payment flows in different currencies, in particular USD and EURO, the Company follows group wise policies for foreign currency management.

The Company does not have any material exposure to foreign currency at the balance sheet date.
