Letter to Shareholders

Dear Stake holders,

The year 2020 was a very unusual year for all of us. A year that was challenging on multiple fronts, but what stood out was the extraordinary resilience and adaptability of individuals and enterprises.

We are grateful to the frontline healthcare workers and other support teams who are selflessly and fearlessly serving humanity during these challenging times. The silver lining is the success of large-scale vaccination in a few countries in controlling the pandemic that is giving hope to humanity at large.

India was relatively successful in managing the first wave of the pandemic outbreak but unfortunately, the second wave of Covid-19 is spreading the virus much more rapidly across India, including the rural areas which were relatively less impacted in the first wave. We are cautious and hopeful that with an all-out effort, we will be able to overcome the challenging situation the country is facing.

As per the World Bank, the global economic output is recovering from the downturn triggered by Covid-19 but it will remain below pre-pandemic trends for a prolonged period. A well-coordinated response to the pandemic will shape the future of the global economy for years to come.

We are proud of the resilience AIRAN has shown in this challenging time to ensure personal safety and at the same time, being classified as essential service provider by the ministry of home affairs in the lockdown period, we could run the operations with very limited interruptions, which led to a sustained performance during the year.

Our Consolidated Revenue from Operations during the year stood at Rs. 6629.74 lacs, reflecting 14.94% year-on-year (YoY) growth.

Before I conclude, I wish to thank all my fellow Board members, management team, employees, customers, suppliers, regulatory authorities and our shareholders for their unflinching guidance and continued support throughout the year.

Wishing you all a safe year ahead!

Regards,

Sandeep Agrawal
Managing Director

Dear Shareholders,

I hope that you and your families are keeping safe in these trying times. Since March 2020, humanity has been braving a challenge that could not have been fathomed by most, even in their imagination. The global and Indian economies have passed through prolonged and repetitive lockdowns, brought about by fresh bouts of the COVID-19 contagion, some of which have proven the word unprecedented in every way.

In this current business environment, our company has delivered exceptional results. While we have onboarded new clients, the existing clients have been expanding their business with us. Our Airan Family is attributed towards the successful consistence of growth regardless the hurdles. Each year this family gets bigger and bigger, and we have prioritised the health and wellness of this family so that it never stops growing.

The sharp shift in client preferences has accelerated our digital transformation initiatives and we are now determined to expand our global service offerings. While staying true to our values, and helping our employees, clients and our community, we will use the power of technology to realise the potential of our company.

I thank all our stakeholders for their continued support during these testing times. We remain committed to turn these massive challenges into meaningful change and are hopeful of capitalising on opportunities while adapting rapidly.

Poonam Sandeepkumar Agrawal

Form No. MR-3

For the financial year ended March 31, 2021

[Pursuant to section 204(1) of the Companies Act, 2013 and

Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
AIRAN LIMITED (CIN: - L74140GJ1995PLC025519)
Reg Off:- 408 Kirtiman Complex B/H Rembrandt,
C.G Road Ahmedabad -380006

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Airan Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that, in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2021, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2021 according to the provisions of:

- i. The Companies Act, 2013 ("the Act") and the rules made there under as applicable;

MANAGEMENT DISCUSSIONS AND ANALYSIS (MD&A)

OVERVIEW OF THE INDUSTRY

In 2020, the world economy shrank by 4.3 per cent, over two and half times more than during the global financial crisis of 2009. The modest recovery of 4.7 per cent expected in 2021 would barely offset the losses of 2020, said the latest World Economic Situation and Prospects released by the UN.

In South Asia, the pandemic severely impacted most economies in the region, dragging down average GDP by -8.9 per cent in 2020. India, in particular, suffered its largest economic decline in history, with output falling by nearly 10 per cent in 2020.

However, while the multiple waves of the pandemic threatened lockdowns and downside risks, the IT & BPM sector is still driving growth to make up for some of the shortfalls. According to National Association of Software and Service Companies (Nasscom), the Indian IT industry's revenue is estimated to reach US\$ 194 billion in FY21, an increase of 2.3% YoY. The sector is the largest employer within the private sector. According to Gartner estimates, IT spending in India is estimated to reach US\$ 93 billion in 2021 (7.3% YoY growth) and further increase to US\$ 98.5 billion in 2022.

In Budget 2021, the government has allocated Rs. 53,108 crore (US\$ 7.31 billion) to the IT and telecom sector. The IT & BPM industry's revenue is estimated at US\$ 194 billion in FY21, an increase of 2.3% YoY. The domestic revenue of the IT industry is estimated at US\$ 45 billion and export revenue is estimated at US\$ 150 billion in FY21.

OUR BUSINESS

Airan Limited is a multi-national company providing IT enabled Services, Software as a Service, Consultation services, Application Outsourcing, Network Services, BPO, Platform Solutions, E-KYC, Banking Operations, Contact-Centre Services and various other value-added services. Our vision is to build a global and esteemed organisation delivering the best-of-breed business solutions by leveraging technology that is delivered by the best-in-class workforce. We are guided by our value system which motivates our attitudes and actions. Our core values are Client value; Leadership by example; Integrity; Transparency; Fairness; Information Security and Excellence.

Our strategic objective is to build a sustainable organisation that provides supreme and timely solutions to our clients, while creating growth opportunities for our employees, generating profitable growth for our investors and contributing to the community that we operate in.

Airan Limited has made rapid inroad into areas which hold immense potential for the future and we are optimistic with our strategies. India is well-placed to drive the IT and ITes related services. India's unique value proposition as the world's number one outsourcing destination continues to hold good at the back of its strong economic value propositions. The country provides access to largest technical talent pool, ensuring volume, high quality and faster time to the market.

TALENT ACQUISITION, ENGAGEMENT & RETENTION

As the financial year began in April 2020, the effects of the pandemic also simultaneously knocked on everyone's doors. The first wave came with an overwhelming feeling of uncertainty. While many organisations cut down their team by decreasing their staff strength. Airan Limited on the other hand has acquired a lot of talented individuals and deployed them in various processes across several states in India as well as abroad in countries like United Arab Emirates and Thailand.

We have an employee-first approach which proactively enhances our employee engagement. Our model of talent engagement is focussed on health and well-being, career development, lifelong learning, job satisfaction, social collaboration, positive working environment, and upholding the values of Airan Limited.

Covid-19 Preventative Best Practices

As the Novel Coronavirus continues to become more potent, it is imperative for all of us to take all the possible measures to prevent transmission, reduce the impact of outbreaks and implement control measures. Airan Limited has been following and complying with all of the various advisories issued by the Government of India, including the Ministry of Health and Family Welfare (MoH&FW) and Department of Personnel and Training.

- We ensure proper cleaning and frequent sanitisation of the workplaces, particularly of the frequently touched surfaces (e.g., desks, railings etc.) and daily wiping of the frequently touched objects (e.g., telephones, keyboards etc.)
- Hand sanitising stations are set-up across all offices and there is a regular supply of soap and running water in all washrooms.
- All employees, suppliers, and visitors are subject to mandatory diagnosis of essential indicators, namely: thermal reading, oxygen saturation, and heart rate at all entry and exit points of all the office premises. Further a disinfection tunnel is installed at the entry / exit point of the head-office.
- Ensuring social distancing at the office premises by implementation of staggered lunch breaks and keeping one workstation unoccupied alternatively till the time of the lockdown.
- The staff is enabled to work from home wherever feasible.
- There is a periodical distribution of face-masks, face-shields, hand-sanitizers, and homeopathic immunity boosters to all the employees. As well as distribution of rubber gloves to employees handling physical cheques / cash and parcels.

Airan Foundation Canteen

Airan Foundation/Limited has opened a fully funded new Canteen at the Head Office of Airan Limited. The Canteen serves various beverages, snacks and refreshments. The principal objectives behind the opening of this canteen are:

- Exclusive canteen for employees only and to prevent employees from going to crowded areas unnecessarily.
- The rates for all the items are subsidised to bring financial ease for all employees.
- The canteen is completely hygienic through regular cleaning and sanitisation, clean and filtered water, and uninterrupted utilities. This ensures the well-being of the employees and prevents employee's unnecessary exposure to unhygienic food places.

Airan Health Log Portal

The state-of-the-art "tele/web-health" system of Airan Limited called 'Airan Health Log Portal' which was designed especially for COVID-19 last year is in full effect and has been developed further to include previous doctor reports, Covid-19 Test reports and vaccination certificates. This has enabled the efficient mapping and recordation of the regular reporting of body temperature and symptoms, previous reports, and vaccination status followed by telephonic/web-consultations for required personnel in-order-to assess the risk of exposure to COVID-19.

Vaccination Camp

At Airan Limited, we have initiated a 100% Vaccination Policy wherein Government Provided Vaccination is mandatory for all existing and new employees.

In the beginning of 2021: The Prime Minister of India Mr. Narendra Modi along with the Central Government initiated the World's Largest Free Vaccination Campaign across the country. The vaccines are available free of the cost in government-run vaccination centres and the Government of India is providing free vaccination to all the states, this makes it easier for our employees across India to easily avail this important opportunity.

While the government is continuing the vaccination drive, Airan Foundation had also held a Free Vaccination Camp for all employees at the Airan Limited Head Office in Ahmedabad. The vaccination was performed by the Amdavad Municipal Corporation (AMC).

Life-Insurance

Airan Foundation/Limited have initiated a very attractive opportunity to all the top-level management of the company by offering a life-insurance term plan to them. At Airan, we understand that the well-being of our employees is directly consequential to the well-being of their families and life insurance gives the team a financial confidence that their family will have financial stability in their absence.

Regular and Periodical Rewards and Recognition (R&R)

The empowering culture of Airan Limited, philosophy of investing in people, career growth opportunities, and progressive HR policies have resulted in consistently high retention levels and developed a strong employer brand.

As companies struggle to find a way to deal with the global economic slowdown, the simple act of recognizing an employee in a meaningful and memorable way is the missing link that can heighten the productivity levels, lower employee turnover, and create a sense of belonging.

Rewards and recognition signify the appropriate acknowledgment, appreciation, and prompt incentivization of an employees' effort.

The Rewards and Recognition winners are selected through a merit-based system and determined by regularity, individual performance and leadership skills.

OPPORTUNITIES AND THREATS

The Fiscal Year 2020 had entailed many exciting opportunities for Airan Limited. The most prominent one was winning the contract from Standard Chartered Bank to provide IT enabled Services in 34 countries including India. These services include transaction processing, business process management and several other value-added services. This global mandate is an incredible milestone for our company as we have the opportunity to serve the bank around the world and expand our horizon both in terms of services as well as presence.

Furthermore, Airan has seized several opportunities nationally by initiating new services as well as providing existing services to new clients. These services include but are not limited to Doorstep Banking Support Services, Contact Centre Services, Customer Onboarding, Transaction Processing, Software as a Service Offerings, and Software Development.

At Airan Limited, we believe that competitive analysis involves clear-eyed judgment, ruthless introspection, and unflinching candor. It involves what some philosophers call Methodic Doubt – test all assumptions, question hypothesis, seek answers. This enables us to assess our competitive position through which we can utilise our strengths, and offset our weakness. Upon making an efficient assessment, our management has envisioned Airan Limited as one of the world's leading IT & ITeS Company by harnessing threats into opportunities. We believe that a vision is paramount for success. The principal reason that a vision of success – i.e., a goal – is so important is that it enables us to communicate, discuss and negotiate ideas and qualities that are otherwise intangible.

These goals of our company have aligned with the vision of a few like-minded people in the industry and they have merged their business with Airan to fuel growth and innovation like in the last Financial Year Synergy Cash Management Services Pvt. Ltd. and Synergy Datalinks Pvt. Ltd. This financial year, another such prominent regional company is Sri Sairam Enterprises (SSRE). Headquartered at Vijayawada, AP the company has a strong field presence in its region as well as several processing centres across the South-East region of India. This merging of business will empower us to seize the opportunities in the South-East Region with a robust set-up.

In line with the above, Airan Limited has acquired Quadpro ITeS Limited, an IT enabled services provider headquartered at Bangalore, KA. Quadpro is an innovative company with presence across India especially a strong hold in the Southern Region of India. Along with a resident team of developers, Quadpro has excellent research capabilities and a consequent scope for innovative services that can be offered to the BFSI Industry.

The fiscal year of 2022 poses several intimidations with multiple waves of the pandemic. The client market segments we serve are facing challenges as well as opportunities that have arisen from the COVID-19 pandemic and its resulting impact on the economy. We intend to continue channelling the uncertainty and threats of the pandemic into positive and worthwhile decisions that will bring us closer to our goals.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The company has a proper and adequate system of Internal Control including internal financial controls. Company has an Audit Committee headed by an Independent director, inter-alia, to oversee company's financial reporting process, disclosure of financial information, and reviewing the performance of statutory and internal auditors with management. The internal control system, including internal financial controls of the Company, is monitored by an independent internal audit team, which encompasses examination/ periodic reviews to ascertain adequacy of internal controls and compliance to Company's policies. The committee also looks into related party transactions, preventive controls, investigations, as well as other areas requiring mandatory review as per applicable laws. The powers of Committee, inter-alia, include seeking information from any employee, obtaining outside legal or other professional advice, and investigating any activity of the Company within the committee's term of reference.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During the year under review, the company has shown remarkable development which can be ensured by comparison of its Net Profit which is Rs. 55,700,000. in the year 2020-2021 as compared to previous year which is Rs. 63,932,000 in the year 2019-2020.

Financial Statements Standalone

Independent Auditors' Report

To The Members of Airan Limited Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Airan Limited ("the Company"), which comprise the Standalone Balance Sheet as at 31 March 2021, and the Standalone Statement of Profit and Loss (including other comprehensive income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that :
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended :

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us :
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- 2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 3. With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Airan Limited of even date)

Report on the Internal Financial Control under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of Airan Limited ('the company') as of March 31, 2021 in conjunction with our audit of the financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Control

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards of Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls. These Standards and the Guidance Notes required that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that material weakness exists, and testing and evaluating the design and operating effectiveness of the internal control based on the assessed risk. The procedures selected depends on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our audit opinion of the company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company;
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitations of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to fraud or error may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Annexure - B to the Independent Auditors' Report

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Airan Limited of even date)

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, we report that:

- i. In respect of the Company's fixed assets:
 - a. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b. The Company has a program of verification to cover all the items of its fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. In accordance with this program, certain fixed assets were physically verified during the year. According to information and explanations given to us, no material discrepancies were noticed on such verification.
 - c. According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the Balance Sheet date. In respect of immovable properties of land and building that have been taken on lease and disclosed as fixed assets in the standalone financial statements, the lease agreements are in the name of the Company.
- ii. The Company is in the business of providing Business Auxiliary & Support services and does not have any physical inventories. Accordingly, reporting under Clause 3 (ii) of the Order is not applicable to the Company.
- iii. According to the information and explanations given to us, the Company has not granted unsecured loans to any body corporate, covered in the register maintained under Section 189 of the Companies Act, 2013, in respect of which.
 - a. The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company's interest.
 - b. The schedule of repayment of principal and payment of interest has been stipulated and repayments or receipts of principal amounts and interest have been regular as per stipulations.
 - c. There is no overdue amount remaining outstanding as at the year-end
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2021 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- vi. The maintenance of cost records has not been specified by the Central Government under Section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Thus reporting under Clause 3(vi) of the order is not applicable to the Company.

vii. According to the information and explanations given to us, in respect of statutory dues :

- a. The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Goods and Service Tax, Value Added Tax, Customs Duty, Excise Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.
- b. There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Value Added Tax, Goods and Service Tax, Customs Duty, Excise Duty, Cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable except for the following:

Notes on Standalone Financial Statements for the year ended 31st March 2021

1 Corporate information

Airan Limited is a public company incorporated under provisions of Companies Act, 1956. The Company is a leading provider of consulting, technology, outsourcing and next generation digital services & software, enabling clients to execute strategies for their digital transformation. Strategic objective of the company is to build a suitable organisation that remains relevant to the agenda of clients, while creating growth opportunities for employees and generating profitable returns for investors. The Company's strategy is to be a navigator for our clients as they ideate on, plan and execute their journey to a digital future.

1(a) Statement of Compliance

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

2 Basis of preparation of financial statements

2.1 Basis of Preparation and presentation

The Financial Statements have been prepared under historical cost convention basis except for certain financial assets and financial liabilities which have been measured at fair value. Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Company's presentation and functional currency is Indian Rupees (₹) and all values are rounded to the nearest Rupees in Lakhs

2.2 Use of estimates

The preparation of the Company's IndAS financial statements requires management to make informed judgements, reasonable assumptions and estimates that affect the amounts reported in the financial statements and notes thereto. Uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit & Loss in the period in which the estimates are revised and in any future periods affected.

In the assessment of the Company, the most significant effects of use of judgments and/or estimates on the amounts recognized in the financial statements relate to the following areas:

- **Useful lives of property, plant & equipment:** The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. (Refer note 5)
- **Impairment of investments in subsidiaries:** The Company reviews its carrying value of investments carried at cost (net of impairment, if any) annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss. (Refer note 7(a))
- **Provision for income tax and deferred tax assets (Note 16 and Note 19):** The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period
- **Employee benefits (Note 3.13):** The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

3 Significant accounting policies

3.1 Current and Non-current classification

The Company presents assets and liabilities in the Balance Sheet based on Current / Non-Current classification.

An asset is treated as Current when it is

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

3.2 Property, plant and equipment

Recognition and measurement

- a) The cost of an item of property, plant and equipment is recognized as an asset only if it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.
- b) Property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment loss, if any.
- c) The initial cost of an asset comprises its purchase price or construction cost (including import duties and non-refundable taxes) after deducting trade discounts and rebates, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation (if any) and the applicable borrowing cost till the asset is ready for its intended use.
- d) Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.
- e) Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.
- f) Spare parts which meet the definition of property plant and equipment are capitalized as property, plant and equipment. In other cases, the spare parts are inventorised on procurement and charged to Statement of Profit & Loss on issue/consumption.

Capital work-in-progress:

Projects under which property, plant and equipment are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

3.3 Intangible assets:

Intangible assets acquired separately are measured at cost of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and impairment losses, if any.

Intangible assets are amortized over their respective estimated useful life which reflects the manner in which the economic benefit is expected to be generated. The estimated useful life of amortizable intangibles is reviewed at the end of each reporting period and change in estimates if any are accounted for on a prospective basis

3.4 Depreciation

Depreciation is provided for property, plant and equipment on a written down value so as to expense the cost less residual value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of Asset	Useful Lives
Buildings	60 Years
Office Equipments	5 Years
Furniture & Fixtures	10 Years
Vehicles	8 Years
Computer Equipments	3 Years

Depreciation on assets acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition/disposal.

Intangible assets are amortized over a period of its useful life as estimated by the management.

Softwares having specific estimated life of 3 Years / 5 Years are depreciated over a period of their useful life considering the straight line method of depreciation.

3.5 Cash flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

3.6 Transaction in Foreign Currency

Foreign currency transactions are recorded at the exchange rate prevailing on the date of such transaction. Foreign currency monetary assets and liabilities are reported using the closing rate. Gains and losses arising on account of difference in foreign exchange rates on settlement/translation of monetary assets and liabilities on the closing date are recognized in the Statement of Profit and Loss.

3.7 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.7.1 Cash and cash equivalents

Cash comprises cash on hand and demand / short term deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

3.7.2 Investments

Investments in liquid funds and equity shares are primarily held for Company's temporary cash requirements and can be readily convertible in cash. These investments are initially recorded at fair value and classified as fair value through profit or loss. The Company measures investment in subsidiaries at cost less provision for impairment, if any.

3.7.3 Trade receivables

Trade receivables are amounts due from customers for sale of services in the ordinary course of business. Trade receivables are initially recognized at its transaction price and are classified as current assets as it is expected to be realised in the normal operating cycle of the business.

3.7.4 Borrowings

Borrowings are initially recorded at fair value and subsequently measured at amortized costs using effective interest method. Transaction costs are charged to statement of profit and loss as financial expenses over the term of borrowing as part of effective Interest Expense.

3.7.5 Trade payables

Trade payables are amounts due to vendors for purchase of goods and services in the ordinary course of business and are classified as current liabilities as it is expected to be settled in the normal operating cycle of the business.

3.7.6 Other financial assets and liabilities

Other non-derivative financial instruments are initially recognized at fair value and subsequently measured at amortized costs using the effective interest method.

3.7.7 De-recognition of financial assets and liabilities

The Company derecognizes a financial asset when the contractual right to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction which substantially all the risk and rewards of ownership of the financial asset are transferred. The Company derecognizes a financial liability when its contractual obligations are discharged, cancelled or expired; the difference between the carrying amount of derecognized financial liability and the consideration paid is recognized as profit or loss.

3.8 Leases - Company as a lessee

The Company has adopted Ind AS 116 - Leases effective 1 April 2019, using the modified retrospective method. However there is no significant impact due to this on the Company's financial statements. The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

3.9 Impairment of assets

Financial assets

At each balance sheet date, the Company assesses whether a financial asset is to be impaired. The Company measures the loss allowance for financial assets at an amount equal to lifetime expected credit losses if the credit risk on that financial asset has increased significantly since initial recognition.

For Trade Receivables, Lease Receivables and Contract Assets, the Company applies "Simplified Approach" which require expected lifetime losses to be recognised from initial recognition of the receivables and other things. If the credit risk on a financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for financial assets at an amount equal to 12-month expected credit losses. The Company uses both forward-looking and historical information to determine whether a significant increase in credit risk has occurred.

Non-financial assets

Tangible and Intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit and loss to such extent. When an impairment loss subsequently reverses, the carrying amount of the asset (or a CGU) is increased to the revised estimate of its recoverable amount, such that the increase in the carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or CGU) in prior years. A reversal of an impairment loss is recognised immediately in statement of profit and loss.

3.10 Revenue Recognition

The Company derives revenues primarily from consulting, technology, outsourcing, next-generation services and software. Contracts with customers are either on a time, unit of work, fixed-price or on a fixed-timeframe basis.

Revenues from customer contracts are considered for recognition and measurement when the contract has been approved in writing by the parties to the contract, the parties to the contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. Revenue is recognized upon transfer of control of promised services ("performance obligations") to customers in an amount that reflects the consideration the Company is entitled to receive in exchange for these services ("transaction price").

The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. The Company allocates the transaction price to each distinct performance obligation based on the relative selling price. The price that is regularly charged for a service when sold separately is the best evidence of its relative selling price.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer.

Revenue also excludes taxes collected from customers. Revenue from subsidiaries is recognised based on transaction price which is at arm's length.

3.11 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of these assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred. There was no such case necessitating capitalization of borrowing costs during the year.

3.12 Provisions and Contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

3.13 Employees Benefit

Short term employee benefits:

Short term employee benefits are recognized as expenses at the undiscounted amount in the Statement of Profit and Loss of the year for which the related service is rendered.

Long term employee benefits:

a) Defined Contribution Plan:

As per applicable laws the eligible employees of the company are entitled to receive benefits under the provident fund, a defined contribution plan, in which both employees and company make monthly contribution at specified percentage of the covered employee salary. The contributions as specified under the law are paid to the respective provident fund authorities as specified by law as per the scheme framed under the governing laws.

b) Defined benefit plans:

The company has not formulated any specific terms of employment providing for specific retirement benefits. However as per applicable laws, the company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees at retirement, death/disablement while in employment or termination of employment, of an amount equivalent to 15 days salary with reference to the number of completed year of service and last drawn salary. As required under Ind AS 19 "Employee Benefits", the company has made provision and account for liability for gratuity payable in future based on an independent actuarial valuation.

c) Termination benefits :

Termination benefits are charged to the Statement of Profit and Loss in the year of accrual when the Company is committed without any possibility of withdrawal of an offer made to either terminate employment before the normal retirement date or as a result of an offer made to encourage voluntary retirement.

3.14 Taxes on income

Income tax expense comprises current and deferred tax expense. Income tax expenses are recognized in statement of profit and loss, except when they relate to items recognized in other comprehensive income or directly in equity, in which case, income tax expenses are also recognized in other comprehensive income or directly in equity respectively.

Current tax is the tax payable on the taxable profit for the year, using tax rates enacted or substantively enacted by the end of reporting period by the governing taxation laws, and any adjustment to tax payable in respect of previous periods. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred taxes arising from deductible and taxable temporary differences between the tax base of assets and liabilities and their carrying amount in the financial statements are recognized using substantively enacted tax rates and laws expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. The deferred tax arising from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction are not recognized.

Deferred tax asset are recognized only to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilized. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the balance sheet when the assets can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized.

3.15 Earning Per Share

Basic earnings per share is computed and disclosed using the weighted average number of common shares outstanding during the year. Dilutive earning per share is computed and disclosed using the weighted average number of common and dilutive common equivalent shares outstanding during the year, except when the results would be anti-dilutive.

1. Securities premium : Securities premium reflects issuance of the shares by the Company at a premium, whether for cash or otherwise i.e. a sum equal to the aggregate amount of the premium received on shares is transferred to a "securities premium account" as per the provisions of the Companies Act, 2013. The reserve can be utilised in accordance with the provisions of the Act.

2. Retained earnings : The retained earnings reflect the profit of the company earned till date net of appropriations. The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the balance in this reserve, after considering the requirements of the Companies Act, 2013.

Capital management : For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders, debt, cash and cash equivalents. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total equity. The Company includes within net debt, borrowings, interest accrued on it less cash and cash equivalents.

B. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- a) credit risk
- b) liquidity risk
- c) market risk

i. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors along with the top management are responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company,

ii. Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade receivables, certain loans and advances and other financial assets.

The carrying amount of financial assets represents the maximum credit exposure.

The maximum exposure to credit risk for trade and other receivables are as follows:

Particulars	Note	Carrying Amount (Amount in Lakhs)	
		As at March 31, 2021	As at March 31, 2020
Trade receivables	9	1,926.09	1,490.47
Cash and cash equivalents	10	80.47	132.70
Loans	7	1,663.27	2,077.46
Other financial assets	8	396.85	329.94
		4,066.68	4,030.56

Trade receivables

The Company has developed guidelines for the management of credit risk from trade receivables. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

Financial instruments - Fair value and risk management (continued)**Trade receivables (continued)**

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behavior and extensive analysis of customer credit risk.

The Company's exposure to credit risk for trade receivables by relationship is as follows:

Particulars	Note	As at March 31, 2021	As at March 31, 2020
Third party customers		1,922.47	1,490.47
Related parties		3.61	-

Other financial assets

This balance primarily constitute of Bank fixed deposits having maturity of more than 12 months.

Cash and cash equivalents

The Company held cash and cash equivalents with credit worthy banks and financial institutions as at the reporting dates which has been measured on the 12-month expected loss basis. The credit worthiness of such banks and financial institutions are evaluated by the management on an ongoing basis and is considered to be good with low credit risk. Also, no impairment loss has been recorded in respect of fixed deposits that are with recognised commercial banks and are not past due.

iii. Liquidity risks

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has current financial assets which the management believes is sufficient to meet all its liabilities maturing during the next 12 months.

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, including contractual interest.

iv. Market risks

Market risk is the risk of loss of future earnings or fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables. The Company is exposed to market risk primarily related to foreign exchange rate risk (currency risk), interest rate risk and the market value of its investments. Thus the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

28 As per Ind AS 19 - "Employee benefits", the disclosures are given below:

28.1 The Company operates the following unfunded defined benefit plan

Unfunded:

Gratuity

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is unfunded plan.

28.2 The principal assumptions used for the purpose of the actuarial valuations were as follows:

Valuation as at	As at March 31, 2021	As at March 31, 2020
Discount rate	6.40%	6.00%
Salary growth rate	5.00%	5.00%

Change in discount rate (delta effect of +/-1%)	50.16	42.75	23.30	19.69
Change in withdrawal rate (delta effect of +/-1%)	44.20	41.71	20.25	19.07

28.5 Risk exposure

Though its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below

Interest Risk

A decrease in the bond interest rate will increase the plan liability.

Longevity Risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk

The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Financial Statements Consolidated

Independent Auditor's Report

To The Members of Airan Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the Consolidated Financial Statements of Airan Limited ("the Company"), which comprise the Consolidated Balance Sheet as at 31 March 2021, and the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Consolidated Financial Statements and our auditors' report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid Consolidated Financial Statements comply with the AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended :

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us :
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Consolidated Financial Statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- 2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure A to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Airan Limited of even date)

Report on the Internal Financial Control under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of Airan Limited ('the company') as of March 31, 2021 in conjunction with our audit of the financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Control

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards of Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls. These Standards and the Guidance Notes required that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that material weakness exists, and testing and evaluating the design and operating effectiveness of the internal control based on the assessed risk. The procedures selected depends on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our audit opinion of the company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company;
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitations of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to fraud or error may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Annexure - B to the Independent Auditors' Report

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Airan Limited of even date)

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, we report that:

- i. In respect of the Company's fixed assets:
 - a. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b. The Company has a program of verification to cover all the items of its fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. In accordance with this program, certain fixed assets were physically verified during the year. According to information and explanations given to us, no material discrepancies were noticed on such verification.
 - c. According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the Balance Sheet date. In respect of immovable properties of land and building that have been taken on lease and disclosed as fixed assets in the Consolidated Financial Statements, the lease agreements are in the name of the Company.
- ii. The Company is in the business of providing Business Auxiliary & Support services and does not have any physical inventories. Accordingly, reporting under Clause 3 (ii) of the Order is not applicable to the Company.
- iii. According to the information and explanations given to us, the Company has not granted unsecured loans to anybody corporate, covered in the register maintained under Section 189 of the Companies Act, 2013, in respect of which.
 - a. The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company's interest.
 - b. The schedule of repayment of principal and payment of interest has been stipulated and repayments or receipts of principal amounts and interest have been regular as per stipulations.
 - c. There is no overdue amount remaining outstanding as at the year-end
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2021 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- vi. The maintenance of cost records has not been specified by the Central Government under Section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Thus reporting under Clause 3(vi) of the order is not applicable to the Company.

vii. According to the information and explanations given to us, in respect of statutory dues :

- a. The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Goods and Service Tax, Value Added Tax, Customs Duty, Excise Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.
- b. There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Value Added Tax, Goods and Service Tax, Customs Duty, Excise Duty, Cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable except for the following:

Name of Statute	Nature of Dues	Amount (Rs. In Lakhs)	Period	Forum Where Dispute is Pending
The Income Tax Act, 1961 (Company : Airan Limited)	Income Tax	103.84	Assessment Year 2017-18	Commissioner of Income Tax (Appeals)

- viii. The Company has not defaulted in the repayment of loans or borrowings to a financial institution or a bank or government and has not issued any debentures during the year during the year.
- ix. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments), hence reporting under Clause 3 (ix) of the Order is not applicable to the Company.
- x. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi. In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii. The Company is not a Nidhi company and hence, reporting under Clause 3 (xii) of the Order is not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Consolidated Financial Statements as required by the applicable accounting standards.
- xiv. During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence, reporting under Clause 3 (xiv) of the Order is not applicable to the Company.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

Notes on Consolidated Financial Statements for the year ended 31st March 2021

1 Corporate information

Airan Limited is a public company incorporated under provisions of Companies Act, 1956. The Group is a leading provider of consulting, technology, outsourcing and next generation digital services & software, enabling clients to execute strategies for their digital transformation. Strategic objective of the group is to build a suitable organisation that remains relevant to the agenda of clients, while creating growth opportunities for employees and generating profitable returns for investors. The Group's strategy is to be a navigator for our clients as they ideate on, plan and execute their journey to a digital future.

1(a) Statement of Compliance

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

2(a) Basis of preparation of financial statements

2.1 Basis of Preparation and presentation

The Financial Statements have been prepared under historical cost convention basis except for certain financial assets and financial liabilities which have been measured at fair value. Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Group's presentation and functional currency is Indian Rupees (₹) and all values are rounded to the nearest Rupees in Lakhs

2.2 Use of estimates

The preparation of the Group's IndAS financial statements requires management to make informed judgements, reasonable assumptions and estimates that affect the amounts reported in the financial statements and notes thereto. Uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit & Loss in the period in which the estimates are revised and in any future periods affected.

In the assessment of the Group, the most significant effects of use of judgments and/or estimates on the amounts recognized in the financial statements relate to the following areas:

- **Useful lives of property, plant & equipment:** The Group reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. (Refer note 5)
- **Impairment of investments in subsidiaries:** The Group reviews its carrying value of investments carried at cost (net of impairment, if any) annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss. (Refer note 7(a))
- **Provision for income tax and deferred tax assets (Note 16 and Note 19):** The Group uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Group exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.
- **Employee benefits (Note 3.13):** The accounting of employee benefit plans in the nature of defined benefit requires the Group to use assumptions. These assumptions have been explained under employee benefits note.

2(b) Principles of Consolidation

- The financial statements of the Parent Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- Profits or losses resulting from intra-group transactions that are recognised in assets, such as Property, Plant and Equipment, are eliminated in full.
- In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve (FCTR).

- d) Goodwill represents the difference between the Group's share in the net worth of subsidiaries and the cost of acquisition at the point of acquiring controlling stake in the subsidiaries.
- e) The audited / unaudited financial statements of foreign subsidiaries / joint ventures / associates have been prepared in accordance with the Generally Accepted Accounting Principle of its Country of Incorporation or Accounting Standards and the appropriate adjustments were made to the financial statements of foreign subsidiaries / joint ventures / associates to bring them in line with the requirements of Ind AS.
- f) The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.
- g) Non-Controlling Interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the Group in order to arrive at the net income attributable to shareholders of the Group.

2 (c) Business combinations and Goodwill:

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations.

The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Group. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Contingent consideration is remeasured at fair value at each reporting date and changes in the fair value of the contingent consideration are recognized in the Consolidated Statement of Profit and Loss. The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interests' proportionate share of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity of subsidiaries. However till date the company has adopted the fair value approach for all its business combination transactions.

Business combinations between entities under common control is accounted for at carrying value of the assets and liabilities in the Group's Consolidated financial statements. Transaction costs that the Group incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

The excess of the purchase consideration paid over the fair value of net assets acquired has been attributed to goodwill. Goodwill majorly includes the value expected from increase in revenues from various new streams of business, addition of new customers, and estimated synergies which does not qualify as an intangible asset.

3 Significant accounting policies

3.1 Current and Non-current classification

The Group presents assets and liabilities in the Balance Sheet based on Current / Non-Current classification.

An asset is treated as Current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities

3.2 Property, plant and equipment

Recognition and measurement

- a) The cost of an item of property, plant and equipment is recognized as an asset only if it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.
- b) Property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment loss, if any.
- c) The initial cost of an asset comprises its purchase price or construction cost (including import duties and non-refundable taxes) after deducting trade discounts and rebates, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation (if any) and the applicable borrowing cost till the asset is ready for its intended use.
- d) Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.
- e) Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.
- f) Spare parts which meet the definition of property plant and equipment are capitalized as property, plant and equipment. In other cases, the spare parts are inventorised on procurement and charged to Statement of Profit & Loss on issue / consumption.

Capital work-in-progress:

Projects under which property, plant and equipment are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

3.3 Intangible assets:

Intangible assets acquired separately are measured at cost of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and impairment losses, if any.

Intangible assets are amortized over their respective estimated useful life which reflects the manner in which the economic benefit is expected to be generated. The estimated useful life of amortizable intangibles is reviewed at the end of each reporting period and change in estimates if any are accounted for on a prospective basis.

3.4 Depreciation

Depreciation is provided for property, plant and equipment on a written down value so as to expense the cost less residual value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of Asset	Useful Lives
Buildings	60 Years
Office Equipments	5 Years
Furniture & Fixtures	10 Years
Vehicles	8 Years
Computer Equipments	3 Years

Depreciation on assets acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal.

Intangible assets are amortized over a period of its useful life as estimated by the management.

Softwares having specific estimated life of 3 Years / 5 Years are depreciated over a period of their useful life considering the straight line method of depreciation.

3.5 Cash flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

3.6 Transaction in Foreign Currency

Foreign currency transactions are recorded at the exchange rate prevailing on the date of such transaction. Foreign currency monetary assets and liabilities are reported using the closing rate. Gains and losses arising on account of difference in foreign exchange rates on settlement/translation of monetary assets and liabilities on the closing date are recognized in the Statement of Profit and Loss.

3.7 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.7.1 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

3.7.2 Investments

Investments in liquid funds and equity shares are primarily held for Group's temporary cash requirements and can be readily convertible in cash. These investments are initially recorded at fair value and classified as fair value through profit or loss. The Group measures investment in subsidiaries at cost less provision for impairment, if any.

3.7.3 Trade receivables

Trade receivables are amounts due from customers for sale of services in the ordinary course of business. Trade receivables are initially recognized at its transaction price and are classified as current assets as it is expected to be realised in the normal operating cycle of the business.

3.7.4 Borrowings

Borrowings are initially recorded at fair value and subsequently measured at amortized costs using effective interest method. Transaction costs are charged to statement of profit and loss as financial expenses over the term of borrowing as part of effective Interest Expense.

3.7.5 Trade payables

Trade payables are amounts due to vendors for purchase of goods and services in the ordinary course of business and are classified as current liabilities as it is expected to be settled in the normal operating cycle of the business.

3.7.6 Other financial assets and liabilities

Other non-derivative financial instruments are initially recognized at fair value and subsequently measured at amortized costs using the effective interest method.

3.7.7 De-recognition of financial assets and liabilities

The Group derecognizes a financial asset when the contractual right to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risk and rewards of ownership of the financial asset are transferred. The Group derecognizes a financial liability when its contractual obligations are discharged, cancelled or expired; the difference between the carrying amount of derecognized financial liability and the consideration paid is recognized as profit or loss.

3.8 Leases - Group as a lessee

The Group has adopted Ind AS 116 - Leases effective 1 April 2019, using the modified retrospective method. However there is no significant impact due to this on the Group's financial statements. The Group, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the lease term.

3.9 Impairment of assets

Financial assets

At each balance sheet date, the Group assesses whether a financial asset is to be impaired. The Group measures the loss allowance for financial assets at an amount equal to lifetime expected credit losses if the credit risk on that financial asset has increased significantly since initial recognition.

For Trade Receivables, Lease Receivables and Contract Assets, the Group applies “Simplified Approach” which require expected lifetime losses to be recognised from initial recognition of the receivables and other things. If the credit risk on a financial asset has not increased significantly since initial recognition, the Group measures the loss allowance for financial assets at an amount equal to 12-month expected credit losses. The Group uses both forward-looking and historical information to determine whether a significant increase in credit risk has occurred.

Non-financial assets

Tangible and Intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to disposal and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit and loss to such extent. When an impairment loss subsequently reverses, the carrying amount of the asset (or a CGU) is increased to the revised estimate of its recoverable amount, such that the increase in the carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or CGU) in prior years. A reversal of an impairment loss is recognised immediately in statement of profit and loss.

3.10 Revenue Recognition

The Group derives revenues primarily from consulting, technology, outsourcing, next-generation services and software. Contracts with customers are either on a time, unit of work, fixed-price or on a fixed-timeframe basis.

Revenues from customer contracts are considered for recognition and measurement when the contract has been approved in writing by the parties to the contract, the parties to the contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. Revenue is recognized upon transfer of control of promised services (“performance obligations”) to customers in an amount that reflects the consideration the Group is entitled to receive in exchange for these services (“transaction price”).

The Group assesses the services promised in a contract and identifies distinct performance obligations in the contract. The Group allocates the transaction price to each distinct performance obligation based on the relative selling price. The price that is regularly charged for a service when sold separately is the best evidence of its relative selling price.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

3.11 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of these assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred. There was no such case necessitating capitalization of borrowing costs during the year.

3.12 Provisions and Contingencies

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

3.13 Employees Benefit

Short term employee benefits:

Short term employee benefits are recognized as expenses at the undiscounted amount in the Statement of Profit and Loss of the year for which the related service is rendered.

Long term employee benefits:

a) Defined Contribution Plan:

As per applicable laws the eligible employees of the group are entitled to receive benefits under the provident fund, a defined contribution plan, in which both employees and group make monthly contribution at specified percentage of the covered employee salary. The contributions as specified under the law are paid to the respective provident fund authorities as specified by law as per the scheme framed under the governing laws.

b) Defined benefit plans:

The group has not formulated any specific terms of employment providing for specific retirement benefits. However as per applicable laws, the group has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees at retirement, death/disablement while in employment or termination of employment, of an amount equivalent to 15 days salary with reference to the number of completed year of service and last drawn salary. As required under Ind AS 19 "Employee Benefits", the group has made provision and account for liability for gratuity payable in future based on an independent actuarial valuation.

c) Termination benefits:

Termination benefits are charged to the Statement of Profit and Loss in the year of accrual when the group is committed without any possibility of withdrawal of an offer made to either terminate employment before the normal retirement date or as a result of an offer made to encourage voluntary retirement.

3.14 Taxes on income

Income tax expense comprises current and deferred tax expense. Income tax expenses are recognized in statement of profit and loss, except when they relate to items recognized in other comprehensive income or directly in equity, in which case, income tax expenses are also recognized in other comprehensive income or directly in equity respectively.

Current tax is the tax payable on the taxable profit for the year, using tax rates enacted or substantively enacted by the end of reporting period by the governing taxation laws, and any adjustment to tax payable in respect of previous periods. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred taxes arising from deductible and taxable temporary differences between the tax base of assets and liabilities and their carrying amount in the financial statements are recognized using substantively enacted tax rates and laws expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. The deferred tax arising from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction are not recognized.

Deferred tax asset are recognized only to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilized. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the balance sheet when the assets can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized.

3.15 Earning Per Share

Basic earnings per share is computed and disclosed using the weighted average number of common shares outstanding during the year. Dilutive earning per share is computed and disclosed using the weighted average number of common and dilutive common equivalent shares outstanding during the year, except when the results would be anti-dilutive.

1. Securities premium : Securities premium reflects issuance of the shares by the Company at a premium, whether for cash or otherwise i.e. a sum equal to the aggregate amount of the premium received on shares is transferred to a "securities premium account" as per the provisions of the Companies Act, 2013. The reserve can be utilised in accordance with the provisions of the Act.

2. Retained earnings : The retained earnings reflect the profit of the company earned till date net of appropriations. The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the balance in this reserve, after considering the requirements of the Companies Act, 2013.

Capital management : For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders, debt, cash and cash equivalents. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total equity. The Company includes within net debt, borrowings, interest accrued on it less cash and cash equivalents.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any borrowing in the current period. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2021 and 31 March 2020.

B. Financial risk management

The Group has exposure to the following risks arising from financial instruments:

- a) credit risk
- b) liquidity risk
- c) market risk

i. Risk management framework

The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The board of directors along with the top management are responsible for developing and monitoring the Group's risk management policies.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group's audit committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group,

ii. Credit risk

Credit risk is the risk of financial loss to the group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's trade receivables, certain loans and advances and other financial assets.

The carrying amount of financial assets represents the maximum credit exposure.

The maximum exposure to credit risk for trade and other receivables are as follows:

Particulars	Note	Carrying Amount (Amount in Lakhs)	
		As at March 31, 2021	As at March 31, 2020
Trade receivables	9	2,232.71	1,516.89
Cash and cash equivalents	10	150.22	233.64
Loans	7	2,154.84	2,462.32
Other financial assets	8	428.49	329.94
		4,966.26	4,542.79

Trade receivables

The Group has developed guidelines for the management of credit risk from trade receivables. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

Financial instruments - Fair value and risk management (continued)**Trade receivables (continued)**

Exposures to customers outstanding at the end of each reporting period are reviewed by the Group to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Group have not undergone any substantial change, the Group expects the historical trend of minimal credit losses to continue. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behavior and extensive analysis of customer credit risk.

The Group's exposure to credit risk for trade receivables by relationship is as follows:

Particulars	Note	As at March 31, 2021	As at March 31, 2020
Third party customers		2,232.71	1,516.89
Related parties		-	-

Other financial assets

This balance primarily constitute of Bank fixed deposits having maturity of more than 12 months.

Cash and cash equivalents

The Group held cash and cash equivalents with credit worthy banks and financial institutions as at the reporting dates which has been measured on the 12-month expected loss basis. The credit worthiness of such banks and financial institutions are evaluated by the management on an ongoing basis and is considered to be good with low credit risk. Also, no impairment loss has been recorded in respect of fixed deposits that are with recognised commercial banks and are not past due.

iii. Liquidity risks

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group has current financial assets which the management believes is sufficient to meet all its liabilities maturing during the next 12 months.

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, including contractual interest.

	1,178.16	1,178.16	1,178.16	-	-	-

Financial instruments - Fair value and risk management (continued)

iv. Market risks

Market risk is the risk of loss of future earnings or fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables. The Group is exposed to market risk primarily related to foreign exchange rate risk (currency risk), interest rate risk and the market value of its investments. Thus the Group's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

EXPLANATORY STATEMENT

(Pursuant to Section 102 (1) of the Companies Act 2013 and Secretarial Standard II on General Meetings)

Item No.3:

Re-appointment of Mr. Siddharth Sampatji Dugar (DIN: 07703369) as an Independent Director of the Company .

Mr. Siddharth Sampatji Dugar is currently an Independent Director of the Company and the Chairman of Audit Committee ('AC') and Member of the Nomination and Remuneration Committee.

Mr. Siddharth Sampatji Dugar was appointed as an Independent Director of the Company by the Members at an EGM of the Company to hold office upto January 18, 2022 and is eligible for re-appointment for a second term on the Board of the Company as an Independent Director. Based on the recommendations of the NRC, the Board of Directors propose the re-appointment of Mr. Siddharth Sampatji Dugar as an Independent Director of the Company, not liable to retire by rotation, for a second term of 5 (five) consecutive years commencing from January 18, 2022 to January 17, 2027, subject to the approval of the Members by a Special Resolution. The Company has in terms of Section 160(1) of the Act received a notice from a Member proposing his candidature for the office of Director.

Based on the performance evaluation of the Independent Directors and as per the recommendations of the NRC, given his background, experience and contribution, the Board is of the opinion that Mr. Siddharth Sampatji Dugar's continued association would be of immense benefit to the Company and it is therefore desirable to continue to avail his services as an Independent Director.

The Company has received a declaration from Mr. Siddharth Sampatji Dugar confirming that he meets the criteria of independence as prescribed under Section 149(6) of the Act and Regulation 16(1)(b) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'). In terms of Regulation 25(8) of the SEBI Listing Regulations, Mr. Siddharth Sampatji Dugar has confirmed that he is not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact his ability to discharge his duties. Mr. Siddharth Sampatji Dugar has also confirmed that he is not debarred from holding the office of Director by virtue of any SEBI Order or any such authority pursuant to circulars dated June 20, 2018 issued by National Stock Exchange of India Limited pertaining to enforcement of SEBI Orders regarding appointment of Directors by the listed companies. Further, Mr. Siddharth Sampatji Dugar is not disqualified from being appointed as Director in terms of Section 164 of the Act and has given his consent to act as Director, subject to re-appointment by the Members. Mr. Siddharth Sampatji Dugar has confirmed that he is in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualification of Directors) Rules, 2014, with respect to his registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs ('IICA'). Mr. Siddharth Sampatji Dugar has successfully cleared online proficiency self-assessment test conducted by IICA.

In the opinion of the Board, Mr. Siddharth Sampatji Dugar fulfils the conditions specified in the Act and the SEBI Listing Regulations for re-appointment as an Independent Director and that he is independent of the Management. The terms and conditions of the re-appointment of Independent Directors would be made available for inspection to the Members by sending a request along with their DP/Client ID or Folio No. from their registered email address to the Company at shares@airanlimited.in.

In compliance with the provisions of Section 149 read with Schedule IV to the Act, Regulation 17 of the SEBI Listing Regulations and other applicable provisions of the Act and SEBI Listing Regulations, the re-appointment of Mr. Siddharth Sampatji Dugar as an Independent Director is now placed for the approval of the Members by a Special Resolution. The Board commends the Special Resolution set out in Item No. 5 of the accompanying Notice for approval of the Members.

Except Mr. Siddharth Sampatji Dugar and his relatives, none of the Directors or Key Managerial Personnel ('KMP') of the Company and their respective relatives are concerned or interested in the resolution set out at Item No. 3 of the accompanying Notice. Mr. Siddharth Sampatji Dugar is not related to any other Director or KMP of the Company.
