Management Discussion and Analysis

Copper, one of the base metals has gained significant importance in the recent years both globally and in the domestic context. Country's demand of copper metal is met largely through imported concentrates. The last five years witnessed wide fluctuations in the prices of copper metal. Copper being a versatile metal finds uses in many sectors right from households, infrastructure to telecommunication. Hence, from the raw material security point of view it was considered necessary to take up a Market Survey on Copper to analyse its domestic availability / demand, import dependence, the global scenario and the future outlook.

Copper is one of the most commonly used of the base metals, and when in high demand, copper is a reliable indicator of our economic health. But its importance isn't confined to electrical wires and thermal conductors. Copper also plays a vital role in the rise of renewable energies and the production of electric vehicles, helping us transition to a low-carbon economy.

Our team of experts provides global and local data-driven insights, prices, forecasts and market news to help you make sense of the forces influencing the copper market.

A) INDUSTRY STRUCTURE AND DEVELOPMENTS:

Industry Structure:

The copper industry is a vital component of the global economy, with its widespread applications in infrastructure, electronics, and transportation sectors. Despite our best efforts, the company faced significant headwinds during the year, leading to financial losses. In this report, we aim to provide an in-depth analysis of the factors contributing to the losses and our strategy to address these challenges going forward.

Industry Overview:

The copper industry is a fundamental component of the global economy, finding applications in various sectors such as construction, electronics, and transportation. The industry is influenced by macroeconomic factors, commodity price fluctuations, and geopolitical events. During the previous fiscal year, the copper industry experienced a volatile market, marked by a decline in demand from certain sectors and disruptions in the supply chain.

Company Performance:

During the F.Y. 2022-23 Madhav Copper Limited faced several challenges that resulted in financial losses:

1. **Cost Pressures:** We encountered cost pressures during the year, driven by rising input costs, particularly in energy and labor. These factors negatively impacted our margins and overall profitability.
2. **Market Volatility:** The copper industry experienced significant price volatility, with copper prices fluctuating widely throughout the year. The unpredictability of market conditions affected our ability to plan and respond effectively.

Strategic Initiatives:

To address the challenges and financial losses faced during the previous year 2022-23 Madhav Copper Limited, undertook the following strategic initiatives:

1. **Cost Optimization:** We initiated a comprehensive cost optimization program to identify inefficiencies

in our operations and streamline our expenses. This involved renegotiating contracts, improving procurement processes, and implementing efficiency measures in our production facilities.

2. **Diversification:** Recognizing the need to reduce reliance on traditional markets, we explored opportunities to diversify our customer base and expand into new geographic regions. This included targeting emerging economies with strong growth potential.
3. **Innovation and R&D:** We increased our focus on research and development to explore new applications for copper and develop innovative products that meet evolving customer demands.
4. **Sustainability Efforts:** We intensified our commitment to sustainability and responsible mining practices. By embracing eco-friendly processes and enhancing our environmental initiatives, we aimed to strengthen our reputation and attract socially conscious investors and customers.

Outlook and Future Strategy:

While the previous year presented considerable challenges, we remain optimistic about the future and are taking the following steps to position Madhav Copper Limited for growth and resilience:

1. **Market Analysis:** We will closely monitor market trends and customer demands to identify potential growth opportunities and areas for improvement.
2. **Risk Mitigation:** Our risk management strategy will be strengthened to anticipate and address potential threats, including market volatility and supply chain disruptions.
3. **Innovation:** By investing in research and development, we will continue to explore innovative applications for copper and differentiate ourselves in the market.
4. **Financial Prudence:** Our financial management practices will prioritize maintaining a strong balance sheet and adequate liquidity to weather unforeseen challenges.

With the government pushing for smart cities, there will be a greater demand for solutions to make homes, commercial complexes, industries and cities smarter. Initiatives by the government like “Make in India” and “Digital India”, amongst others, will further boost interest in India as it gives a fillip to the manufacturing sector.

Guided by its purpose of building a greener, stronger, smarter world, our company provides innovative solutions for a sustainable planet

Madhav Copper has taken several cost optimization initiatives across the Country to improve efficiency and reduce the overall cost of production at all its facilities.

In addition, our Company has set up copper Furnace and production through the same is already started. This has resulted into added capacity to our existing manufacturing capacity as well as introduction of new products i.e. Copper Bus Bars, Profile, Copper Stripes, Oxygen Free Copper Rod, Paper Insulated Copper Conductor, Fibber Glass Copper Conductor.

Global Business Scenario :

Copper is a versatile metal and has become a vital component of modern society. Copper has anti-bacterial qualities; hence it is perfect for use in medical applications. Additionally, it can be recycled and reused repetitively, making it a sustainable metal. Copper is crucial for the manufacture of electronic systems used across diverse sectors because of its adaptability and excellent electric and heat conductivity. Approximately

three quarters of all copper used worldwide is in smart gadgets, computers, wiring or cables, telecommunications, and electronics.

In the changed post COVID-19 business landscape, the global market for Copper estimated at US\$170.6 Billion in the year 2022, is projected to reach a revised size of US\$298.4 Billion by 2030, growing at a CAGR of 7.2% over the period 2022-2030.

The global copper market size will grow from \$160.7 billion in 2022 to \$176.74 billion in 2023 at a compound annual growth rate (CAGR) of 10.0%. The Russia-Ukraine war disrupted the chances of global economic recovery from the COVID-19 pandemic, at least in the short term. The war between these two countries has led to economic sanctions on multiple countries, a surge in commodity prices, and supply chain disruptions, causing inflation across goods and services and affecting many markets across the globe. The copper market size is expected to grow from \$254.33 billion in 2027 at a CAGR of 9.5%,

Asia-Pacific was the largest region in the Copper ore mining market in 2022. The Regions covered in this copper ore mining market report are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, and Africa.

B) OPPORTUNITIES

- Urbanization in developing countries and infrastructure projects in both developed and developing nations create a substantial demand for copper in building construction, transportation networks, and power distribution.
- As environmental concerns become more significant, the recycling of copper products gains importance. The industry can benefit from promoting sustainable practices and participating in circular economy initiatives.

C) THREATS

- **Supply Chain Disruptions:** The copper industry heavily relies on global supply chains for raw materials, equipment, and distribution. Any disruptions, such as geopolitical tensions, trade wars, or natural disasters, can impact the industry's operations and prices.
- **Energy and Labor Costs:** The copper industry is energy-intensive, and fluctuations in energy prices can impact production costs. Additionally, labor costs and availability can influence mining and production operations.
- **Technological Shifts:** While technological advancements can be an opportunity, they can also be a threat if the industry fails to keep up with innovations. New materials or technologies could replace copper in certain applications, affecting demand.
- **Economic Downturns:** During economic downturns, demand for copper in various industries may decline, leading to reduced revenues and potential financial challenges for copper producers.

The copper industry is influenced by a complex interplay of factors, and it must adapt to changing market conditions, technology developments, and environmental concerns to remain competitive and sustainable in the long term.

D) SEGMENT WISE PERFORMANCE

The Company has only one segment. Performance of the same is given below in **point H**.

E) OUTLOOK

Copper demand is expected to grow at 7% -8% in India. The growing demand from the power sector in view of Government laying thrust on renewable energy and increasing demand from the households for consumer durables will increase demand for copper in India. Manufacturing of hybrid and electric vehicles (EVs) will also augment the consumption of copper as EVs use four times more copper than traditional internal combustion engines. Copper is essential to EV technology and its supporting infrastructure. The evolving EVs market will have a substantial impact on copper demand. Copper demand is expected to increase further in health sector due to its biocidal properties.

F) RISKS AND CONCERNS

In the winding wire business, the global demand and supply of copper and its prices plays a vital role and could significantly affect your Company's turnover. Your company is fairly exposed to the domestic and global political and economic risks. The prices advanced on rapidly increasing demand for copper from China, India and the other emerging economies of Asia. Your company also continuously keeps working on getting approvals from new and renowned customers to increase its market share commensurate with its capacity.

Intense competition in the market could affect our cost advantages and result in decreased turnover. Failure to complete fixed price, fixed time frame deliveries could result in lower revenues of the company. The business of your company could suffer if we fail to anticipate and develop new products and enhance existing range to keep pace with the rapid changes in the winding wire industry. Currency fluctuations could affect the results of operations.

Your company's manufacturing facilities are based in India. Any changes in the legal, fiscal and other regulatory regimes of our country could affect our performance. In the event that the Government of India brings about any changes in import tariffs in India and reduction or curtailment of income tax benefits available to some of our operations in India can pose risks to your company. It also has a wide customer base and changes in the legal, fiscal or regulatory regimes can also affect the competitiveness of our product and affect your company's performance.

G) INTERNAL CONTROL SYSTEM

The Company has implemented internal control system at floor to shop level and we believe that Internal controls and systems implemented are adequate. These are also reviewed periodically by the Audit Committee and efforts are made to improve further, wherever possible.

To ensure effective Financial Controls the Company has laid down following measures:

- All legal and regulatory compliance are ensured on quarterly basis. Any amendment is regularly updated by internal and external agencies.
- Approval of all transactions is ensured through pre-approved Delegation of Authority Schedule which is reviewed periodically.

H) DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During a year production of the company was not-operative. The company has incurred a loss in current financial year as compared to substantial profit of previous financial year. The Company's revenue from operations for FY 2022-23 stood at zero as compared to ₹ 12,225.24 Lakhs in the previous year.

The Company's profit before tax was ₹ -527.39 Lakhs during the year as compared to ₹. -188.86 Lakhs in the previous year. The Company has incurred a loss i.e. net profit after tax of ₹ -441.44 lakhs, as against a net profit after tax of ₹ -243.97 Lakhs in the previous year

I) HUMAN RESOURCE DEVELOPMENT

Training:

Training to employees at all levels is provided regularly to develop the knowledge and skills. The management is fully committed to the development of its human resources. Your company aims at providing in-class training to each employee. Every new recruit receives complete safety training and on the job training from his colleagues/supervisor. Functional and developmental training is provided from time-to-time to all employees to enhance their skills and productivity. There is an all-round support from the management to the development of human resources.

Knowledge Management:

Madhav Group has a practice of sharing experiences of one company with other group companies in various fields of production / finance / marketing. Knowledge Management is being developed by involving and sharing of information on key performance parameters at all levels which results in an overall improvement. This has been formalized by having a daily Business Meeting which is held at all locations of the group companies.

Industrial Relations:

Your company continues to maintain healthy and cordial industrial relations. The values and the culture of the group foster family feelings amongst all its employees.

Details of significant changes in key financial ratios:

Ratios	Current Financial Year 2022-2023	Previous Financial Year 2021-2022

Details of any change in return on Net worth as with immediately previous financial year.	-32.53%	-17.98%

Conclusion:

Despite facing financial losses during the previous year, Madhav Copper Limited remains committed to overcoming the challenges and positioning ourselves for long-term success. We acknowledge the difficulties in the copper industry but are confident in our ability to navigate the evolving landscape and emerge stronger. We extend our gratitude to our dedicated employees, customers, and shareholders for their unwavering support during these challenging times. Together, we will work towards creating a sustainable and profitable future for Madhav Copper Limited.

No sitting fee is paid to Executive Directors.

Remuneration paid to Executive Directors includes Company's contribution to Provident Fund and Pension Fund.

1. Introduction: Remuneration Policy

The remuneration policy for members of the Board of Directors and Executive Management of Madhav Copper Limited (herein after referred to as "Madhav") reflects the interest of the shareholders and the Company taking into consideration any specific matters, including the assignments, the responsibilities undertaken and also be competitive with the external market. The Company recognizes the benefit of a Board that possesses the right balance of skills, knowledge, experience, expertise and diversity of perspective.

- The Nomination and Remuneration Committee** shall formulate eligible criteria for nomination and selection of Directors and recommended remuneration policy for the directors.
- Appointment and Qualification of the Directors and the Composition of the Board shall be governed by the Nomination and Remuneration Committee.**

In recognition of the fact that the selection of qualified directors is complex and crucial to the long-term success of the Company, the Nomination and Remuneration Committee has established the following guidelines for the identification and evaluation of candidates for the membership on the Company's Board of Directors.

Candidates should be distinguished individuals who are prominent in their fields or otherwise possess exemplary qualities that will enable them to effectively function as directors of the Company. While the Nomination and Remuneration Committee may not believe it appropriate at this to establish any specific minimum qualification for candidates, the Committee shall focus on the following qualities in identifying and evaluating candidates for Board membership.

Board Membership Criteria

- Educational background, business experience and skills
- Charter, reputation of highest ethical standards and personal integrity
- Practical wisdom, Sound Business Judgment and strong sense of professionalism
- Independence and objectivity
- Diversity and multi-cultural experience and understanding
- Strong understanding of marketing, finance and other disciplines relevant to the success of business.

- Willingness to commit, as well as have sufficient time to discharge his or her duties to the Board.
- Ability to consider and understand all the constituencies of the Company, which includes stockholders, employees, customers, governmental units, creditors and the general public.
- Any other factors that the Nomination and Compensation Committee may consider to be relevant and appropriate for the appointment.

Recognizing that the overall composition of the Board is essential to the effective functioning of the Board the Nomination and Remuneration Committee shall make appointment in the context of the existing composition of the Board so as to achieve an appropriate mix of backgrounds, skills, diversity and qualities. In making its determinations, the Nomination and Remuneration Committee shall take into account all applicable legal, regulatory and stock exchange requirements concerning the composition of the Board and its committees.

4. Evaluation Criteria:

The Board constantly evaluates the contribution of the members and re-appoints them for tenure as per company requirement based on their performance linked to strategic objectives of the Company. Evaluation criteria may be membership accountability, governance, board operations, legal responsibilities, financial overview, board management relations and personal leadership.

5. Remuneration to the Board of Directors and Executive Management:

The remuneration of the Board of Directors and Executive Management is set by the Nomination and Remuneration Committee under the delegated powers of Board.

Efforts are made to ensure that the remuneration of the Managing Director / Whole time Director matches the level in comparable companies, whilst also taking into consideration board members' required competencies, qualification, efforts and scope of the board work, including the number of meetings.

Attracting and retaining top talent is the key objective of our approach to remuneration. This is done keeping in mind that the competitive and fair awards are linked to the key deliverable and also aligned with the market practices and stakeholders' expectations.

Accordingly, the Board of Directors believes that a combination of fixed and performance based pay to the Executive Management helps ensure the Company can attract, motive and retain key employees while reflecting the short and long term performance objectives and goal of the Company.

6. Linkage to Performance:

The relationship of remuneration to performance is clear and ties the larger part of remuneration to long-term performance. The level varies according to performance relative to measure linked directly to strategic priorities.

7. Policy on Diversity:

MCL is committed to the highest standards of corporate governance, transparency and accountability. Hence, we strive to leverage Diversity to contribute to the achievement of MCL's strategic objectives.

Accordingly, the Board aims to attract and maintain a Board which has an appropriate mix of Diversity, education, skills, knowledge, experience, expertise and cultural background. The MCL Board recognizes the value of appointment of individual who bring a variety of diverse opinions, perspectives, skills, experience, background and orientations to its business decision and its decision-making processes.

An overriding principle is that all appointment to the Board will be based upon the merit and suitability of the candidate. Taking this in to account, appointment of female members to the Board is also to add value of a more diverse board.

8. Review of the Board Diversity Policy:

The Nomination and Remuneration committee shall review this policy, as appropriate, to ensure the effectiveness of this policy. The nomination committee shall discuss any revision that may be required and recommend any such revisions to the Board for consideration any approval.

INDEPENDENT AUDITOR'S REPORT

To,

The Members of

MADHAV COPPER LIMITED

Bhavnagar.

Report on the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **Madhav Copper Limited ("the Company")**, which comprise the Balance Sheet as at 31st March, 2023, and the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its Loss (including Other Comprehensive profit), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Results section of our report. We are independent of the Company, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial results under the provisions of the Act, and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management and those charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we

conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Results, including the disclosures, and whether the Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.

- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other matter

For other matter kindly refer clause no seven and nineteen of CARO, 2020.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure-I a statement on the matters specified in paragraphs 3 and 4 of the Order.

To The Independent Auditor's Report of even date on the Ind AS Financial statements of Madhav Copper Limited Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Madhav Copper Limited ("the Company") as of 31st March, 2023 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has in place, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at **31st March 2023**, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

B. Significant accounting policies:

1. Basic of Accounting

The financial statements are prepared under historical cost convention from the books of accounts maintained under accrual basis except for certain financial instruments which are measured at fair value and in accordance with the Indian Accounting Standards prescribed under Companies Act, 2013.

2. Application of Indian Accounting Standard (Ind-AS)

In the current year, Indian Accounting Standards (Ind AS) have been notified by MCA under the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS Rules"), of the Companies Act, 2013 and are

mandatorily effective for the accounting period that begins on or after 1 April 2020.

The Company has adopted all the Ind AS as applicable and its adoption was carried out in accordance with Ind AS 101 - First Time Adoption of Indian Accounting Standards. The transition was carried out from the previous accounting principles generally accepted in India (IGAAP) to the current Ind AS and its effect with reconciliation and description have been summarized in Note No. I, II & III.

3. Use of Estimates

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

4. Revenue Recognition

The company earns and recognizes the income on accrual basis. The revenue is recognized when it is earned and no significant uncertainty exists as to its ultimate realization or collection.

5. Employees Benefit

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to Statement of Profit or Loss. Past service cost is recognized in Statement of Profit or Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

- i. Service cost (including current service cost, past service cost, etc.);
- ii. Net interest expense or income; and
- iii. Re-measurement.

The company presents the first two components of defined benefit costs in profit or loss in the line item 'employee benefits expense'.

The retirement benefit obligation recognized in the statement of financial position represents the actual deficit or surplus in the company defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognized at the earlier of when the company can no longer withdraw the offer of the termination benefit and when the company recognizes any related restructuring costs.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the company in respect of services provided by employees up to the reporting date.

6. Depreciation and Amortization

The company has used the exemption available in Ind AS 101 with respect to recognition of Plant, Property and Equipment (PPE) and Intangible Assets at their carrying value being deemed cost.

The depreciable amount of an item of PPE is allocated on a WDV basis over its useful life prescribed in Schedule II of the Companies Act, 2013. The residual value and the useful life of an asset are reviewed, at each financial year-end. Each part of an item of PPE with a cost that is significant in relation to the total cost of the item is depreciated separately. Depreciation on all such items have been provided from the date they are 'Put to Use' till the date of sale. Freehold land is not depreciated. The residual value of all such items is taken at 5% of the original cost of individual asset.

An item of PPE is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Certain consumable items of small value whose useful life is very limited are directly charged to revenue in the year of purchase..

From the date Ind AS came into effect, the carrying amount of an asset is depreciated over the remaining useful life of the asset as per estimate of remaining useful life. Wherever, the remaining useful life of an asset is nil, the carrying amount is recognized in the opening balance of retained earnings after retaining the residual value.

7. Taxation

Income tax expense represents the sum of current tax.

Current Tax

The current tax payable is based on taxable profit for the year as determined from net profit before tax as represented in Statement of Profit and Loss and Other Comprehensive Income, in line with different provisions under Income Tax Act 1961.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and Deferred Tax for the year

Current and deferred tax are recognized in Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

8. Property Plant and Equipments

The cost of an item of PPE is recognized as an asset if and only if, it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The cost of an item of PPE is the cash price equivalent at the recognition date. The cost of an item of PPE comprises:

- 1) Purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- 2) Costs directly attributable to bringing the PPE to the location and condition necessary for it to be capable of operating in the manner intended by management.
- 3) The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the company incurs either when the PPE is acquired or as a consequence of having used the PPE during a particular period for purposes other than to produce inventories during that period.

The company has chosen the cost model of recognition and this model is applied to an entire class of PPE. After recognition as an asset, an item of PPE is carried at its cost less any accumulated depreciation and any accumulated impairment losses.

In respect of expenditure during construction/development of a new unit/project in a new location, all direct capital expenditure as well as all indirect expenditure incidentals to construction are capitalized allocating to various items of PPE on an appropriate basis. Expansion program involving construction concurrently run with normal production activities in an existing unit, all direct capital expenditure in relation to such expansion are capitalized but indirect expenditure are charged to revenue. Borrowing costs that are attributable to the acquisition or construction of qualifying asset are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Expenses incurred for implementation of new projects are carried forward against respective projects till execution. Expenses rendered in fruitless projects abandoned subsequently are provided for in the Statement of Profit & Loss.

9. Intangible Assets

Identifiable intangible assets are recognized when the company controls the asset; it is probable that future economic benefits associated with respective assets will be realized for more than one economic period. At initial recognition, intangible assets are recognized at cost. Intangible assets are amortized on straight line basis over estimated useful life from the date on which they are available on use. Intangible Assets other than Software are amortized over estimated useful life which is equivalent to license period, generally not more than 5 years. However, Software which are considered as Intangible Assets are fully amortized in the year in which the expenses are incurred.

10. Inventories

Stocks of raw materials and other stock of manufacturing purchase are valued at cost and incidental expenses there too. Loose tools when issued are charged off to revenue.

Finished goods and Traded goods are valued at the lower of the cost of material consumed plus manufacturing expenses incidental thereto or market value.

Scrap are valued at average market value of last month's sales.

Consumable items are valued at latest purchase price as the latest stock are in the inventory.

The inventories out of inter-unit transfers at the close of the year are valued on the basis of cost to the transferor unit.

There are no sales or purchase transaction during the year. We have taken same value of inventory after giving effect of the theft quantity which was valued at the end of the previous year.

11. Foreign Exchange Transactions

Transactions in currencies other than the company's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Foreign currency monetary items (except overdue recoverable where reliability is uncertain) are converted using the closing rate as defined in the Ind AS-21- The effects of changes in Foreign Exchange Rates. Non-monetary items are reported using the exchange rate at the date of the transaction. The exchange difference gain/loss is recognized in the Statement of Profit and Loss.

Liability in foreign currency loans relating to acquisition of fixed assets is converted using the closing rate as defined in Ind AS 21-The effects of changes in Foreign Exchange Rates and the difference in exchange is recognized in terms of exemptions given in paragraph D13AA of Appendix D to Ind AS-101, where the effect of exchange differences on foreign currency loans of the company is accounted for by addition or deduction to the cost of the assets so far it relates to the depreciable capital assets and shall be depreciated over the balance life of the assets.

12. Provisions

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event and it is probable that the company will be required to settle the obligation, and are liable estimate can be made of the amount of the obligation.

13. Events Occurring after the Reporting Period

The company adjusts the amount recognized in its financial statements to reflect adjusting material events after the reporting period and does not adjust the amount to reflect non-adjusting events after the reporting period. However where retrospective restatement is not practicable for a particular prior period then the circumstances that lead to the existence of that condition and the description of how and from where the error is corrected are disclosed in Notes on Accounts.

14. Prior Period Items

Errors of material amount relating to prior period(s) are disclosed by a note with nature of prior period errors, amount of correction of each such prior period presented retrospectively, to the extent practicable along with change in basic and diluted earnings per share. However where retrospective restatement is not practicable for a particular period then the circumstances that lead to the existence of that condition and the description of how and from where the error is corrected are disclosed in Notes on Accounts.

15. Dividends

Final dividend on shares are recorded as a liability on the date of approval by the share holders in general meeting and interim dividends are recorded as a liability on the date of declaration by the directors in the meeting of the Board of Directors

20. Other financial assets

Credit risk relating to cash and cash equivalents is considered negligible because our counter parties are scheduled banks. We consider the credit quality of term deposits with such banks as good as these banks are under the regulatory framework of Reserve Bank of India. We review these banking relationships on an ongoing basis.

21. Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the Company. The primary objective of the Company's capital management is to maximize the shareholder value.

22. The physical verification of raw materials, WIP and finished goods have been conducted

departmentally at reasonable intervals during the year. In respect of stores and spares, advisable to physical verify the same from external agencies once during the year. Shortages/ (Excesses) identified on such physical verification have been duly adjusted in the books of accounts.

23. In the opinion of the board of directors, the current assets, loans and advances are approximately of the same value if realized in the ordinary courses of business and the provision for all known liabilities is adequately made and not in excess of the amount reasonably consider necessary.

24. GST Related accounts is not set off or adjusted because on GST portal all the GST credit is freeze. The previous year's figures have been regrouped / rearranged, wherever necessary.
