EXPLANATORY STATEMENTS PURSUANT TO SECTION 102[1] OF THE COMPANIES ACT, 2013

The following statements set out all material facts relating to Special Businesses mentioned in the accompanying Notice.

In respect of Item No. 3: Borrowing Limits of the Company.

Under the provisions of Section 180 (1)(a),(c),(d) of the Companies Act, 2013, the Board of Directors of a Company could, with the consent of the shareholders obtained by a Special Resolution, borrow moneys, apart from temporary loans obtained from the Company's Bankers in the ordinary course of business, in excess of the aggregate of paid-up capital, free reserves of the Company, that is to say, reserves not set apart for any specific purpose and Securities Premium and the above powers can be exercised by the Board only with the consent of the shareholders obtained by a Special Resolution. Under the provisions of Section 180 (1)(a) of the Companies Act, 2013, the Board of Directors of a Company could, with the consent of the shareholders obtained by a Special Resolution, create charge/mortgage/hypothecation on the Company's assets, both present and future, in favor of the lenders/trustees for the holders of debentures/bonds, to secure the repayment of moneys borrowed by the Company (including temporary loans obtained from the Company's Bankers in the ordinary course of business). As such, it is necessary to obtain approval of the shareholders by means of a Special Resolution, to enable the Board of Directors of the Company to create charge/mortgage/hypothecation on the Company's assets, both present and future, in favor of the lenders/trustees for the holders of debentures/bonds, to secure the repayment of moneys borrowed by the Company (including temporary loans obtained from the Company's Bankers in the ordinary course of business). As the documents to be executed between the Company and the lenders/trustees for the holders of debentures/bonds may contain the power to take over the management of the Company in certain events, it is necessary to obtain Member's approval under Section 180 (1)(a) of the Companies Act, 2013, by way of a Special Resolution. The Board recommends the Resolution at Item No.6 of the Notice for approval of the shareholders by a Special Resolution. None of the Directors and key managerial personnel of the Company, their respective relatives are concerned or interested in the Resolution.

IN RESPECT OF ITEM NO 4: -APPROVAL FOR ENTERING INTO RELATED PARTY TRANSACTIONS BY THE COMPANY :

The Companies Act, 2013 aims to ensure transparency in the transactions and dealings between the related parties of the Company. The provisions of Section 188(1) of the Companies Act, 2013 that govern the Related Party Transactions, requires that for entering into any contract or arrangement as mentioned herein below with the related party, the Company must obtain prior approval of the Board of Directors and in case of the listed Company having a paid-up share capital of rupees Ten crore or more, prior approval of the shareholders by way of a Special Resolution must be obtained:

1. Sale, purchase or supply of any goods or materials;
2. Selling or otherwise disposing of, or buying, property of any kind;

MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

Indian economic overview:

The Indian economy has exhibited remarkable resilience in overcoming challenges during FY 2023. An analysis of various sectors indicates that the predominant growth has been driven by strong domestic demand and increased construction activity, facilitated by substantial infrastructure investments from both the central and state governments.

These investments have stimulated economic growth and created numerous employment opportunities. While still in the early stages of recovery, there are promising signs that private investment may rise in the post-pandemic period, particularly in the manufacturing and services sectors. The manufacturing sector, in particular, has witnessed a gradual increase in private investment, indicating a favourable investment cycle.

The Reserve Bank of India (RBI) reports that retail inflation in India declined below 6% in March 2023, leading to a certain degree of stability in commodity prices.¹ This, coupled with a resurgence in consumer demand, can be attributed to the government's implementation of favourable policies that help mitigate risks to the Indian economy. A range of high-frequency indicators, such as GST collections, railway and air traffic growth, electronic toll collections and E-Way bill volumes, all point to a robust economic recovery.

Moreover, India's consistent growth momentum has bolstered confidence and created a conducive environment for attracting investments. India is projected to be the fastest-growing economy among the G-20 nations in the coming years. Moreover, India's leadership of the G20 Summit in 2023 presents a significant opportunity to foster global coordination for economic stability and prosperity.

With measures in place to curb inflation, manage the depreciation of the Indian currency and mitigate the immediate effects of the fiscal deficit on the economy, there is an expectation of substantial improvement in business prospects. This, combined with a favourable policy environment and reduced risks that could adversely impact the economy, is anticipated to enhance consumer confidence, offering some relief to the Indian economy.

Industry overview:

Indian agricultural industry India's agricultural sector has experienced substantial progress, exhibiting an average annual growth rate of 4.6% over the past six years. It represents 18.3% of India's Gross Value Added (GVA) at current prices for FY 2022-23. This commendable performance has played a pivotal role in fostering the nation's overall advancement and development and ensuring food security. Additionally, India has recently emerged as a net exporter of agricultural commodities, achieving an export value of USD 40.37 billion from April 2022 to January 2023.

The Government has implemented a policy of progressively raising the Minimum Support Price (MSP) for all 22 Kharif, Rabi and other commercial crops. The MSP is set at a minimum of 50% above the all-India weighted average cost of production, starting from the agricultural year 2018-19. Notably, higher MSPs have been allocated to pulses and oilseeds to align with evolving dietary

preferences and foster self-sufficiency in their production.

The agricultural sector in India has witnessed significant growth in the production of major crops, including rice, wheat, maize, cereals and lentils. The estimated food grain production is projected to reach 3305.34 lakh tones. Additionally, the United Nations has designated the year 2023-24 as the 'International Year of Millets'. This substantial surge in agricultural output contributes to enhancing food security and plays a vital role in supporting the economic stability and prosperity of farmers.

The augmentation in the production of coarse grains underscores the significance of promoting nutrient-rich grains within the nation. Supported by the farmer-friendly policies of the Government and the efforts of farmers and scientists, the agricultural sector in India is poised for sustained advancement and further expansion in the upcoming years. These estimations serve as a pivotal gauge of the progress and potential of India's agricultural industry, accentuating the country's commitment towards attaining self-reliance in agricultural production and the goal of doubling farmers' income.

Improved access to agricultural credit:

The Government has established a goal of achieving agricultural credit flows amounting to H 18.5 lakh crore in FY 2022-23. Demonstrating a consistent pattern, the Government has consistently raised this target annually and has successfully surpassed the set target for several consecutive years. Notably, in FY 2021-22, the actual credit flow exceeded the target of Rs. 16.5 lakh crore by approximately 13%.

This accomplishment was facilitated by the Government's implementation of various initiatives aimed at facilitating convenient access to credit for farmers at competitive interest rates. Noteworthy, among these initiatives are the Kisan Credit Card (KCC) Scheme, which enables farmers to obtain credit at any time and the Modified Interest Subvention Scheme, which offers subsidised interest rates on short-term agricultural loans of up to Rs. 3 lakhs.

As of December 2022, Kisan Credit Cards have been issued to approximately 3.89 crore eligible farmers, amounting to a total KCC limit of Rs. 4,51,672 crore. Moreover, in FY 2018-19, the Government of India extended the KCC facility to include farmers in the fisheries and animal husbandry sectors. As of October 17, 2022, over 1.0 lakh KCCs had been sanctioned for the fisheries sector, while for the animal husbandry sector, the number stood at 9.5 lakh as of November 4, 2022.

Organic and natural farming:

India has the highest count of organic farmers globally, standing at 44.3 lakh. Also, an impressive 59.1 lakh hectares of land have been dedicated to organic farming as of FY 2021-22. The adoption of organic and natural farming practices ensures the production of food grains and crops free from chemical and pesticide residues. Additionally, it contributes to the enhancement of soil health and the mitigation of pollution. The Government has facilitated the advancement of organic farming through the implementation of two dedicated schemes, namely the Paramparagat Krishi Vikas Yojana (PKVY) and the Mission Organic Value Chain Development for Northeastern Region (MOVCDNER). These schemes primarily focus on the establishment of clusters and the formation of Farmer Producer Organisations (FPOs) to promote organic farming practices. As of November 2022, PKVY has successfully encompassed 32,384 clusters, covering a total area of 6.4 lakh hectares, benefiting 16.1 lakh farmers. Similarly, under MOVCDNER, 177 FPOs/FPCs have been established,

benefiting 1.5 lakh farmers and facilitating organic farming of niche crops across 1.7 lakh hectares in the Northeast Region. Under the initiative known as Bhartiya Prakratik Krishi Paddhati (BPKP), a programme has been implemented to facilitate the adoption of diverse traditional and ecological farming practices, notably Zero-Budget Natural Farming (ZBNF). As a result of this scheme, a total of 4.09 lakh hectares of agricultural land have been successfully transitioned to natural farming across eight states.

Government initiatives:

Policies such as the implementation of Soil Health Cards, the establishment of the Micro Irrigation Fund and the promotion of organic and natural farming practices have proven effective in assisting farmers in optimizing their use of resources and reducing cultivation costs. Additionally, the encouragement of Farmer Producer Organizations (FPOs) and the implementation of the National Agriculture Market (e-NAM) extension platform have empowered farmers, bolstered their resources and yielded favorable returns on their investments. Moreover, the Agri Infrastructure Fund (AIF) has provided support for the establishment of diverse agricultural infrastructure. The introduction of the Kisan Rail, a dedicated transportation service for perishable agrihorticultural commodities, has catered exclusively to the transportation needs of such goods. The Cluster Development Programme (CDP) has successfully encouraged the integrated and market-oriented growth of horticulture clusters. Also, efforts have been made to foster a start-up ecosystem in agriculture and allied sectors by providing support and resources to farmers. These collective measures aim to bolster agricultural productivity, ensuring its sustained contribution to overall economic growth in the medium term.

Outlook:

The competition in crop production, particularly concerning value-added traits, is expected to intensify. This trend is driven by the need to address climate change and shifts, which contribute to the increasing complexity of diseases and their impact on the durability of agricultural products. To meet these challenges, there is a growing emphasis on fast-track breeding using new genetic technologies. The expansion of protected and organic cultivation, along with specialised products, is anticipated. Additionally, there is an increasing focus on seed enhancement technologies, which involve the utilisation of counted seeds of high value. This shift is driven by the rising demand from professional vegetable growers, who require high-performing seeds. Another significant development is the consolidation of vegetable seed companies. Multinational corporations (MNCs) are expected to invest more in breeding and technologies to gain a competitive edge in the market. Also, it is projected that the majority of crops will undergo more than 80% hybridisation. Over the course of ten years, the vegetable seed market is forecast to grow by 50%. This growth is likely to be accompanied by an increase in the area dedicated to vegetable cultivation, estimated to rise from 9.8 million hectares to 12 million hectares. This expansion is driven by rising demand and market trends. To keep pace with the evolving industry, a more sustainable seed business model is necessary, characterised by robust systems, processes, and well-defined business plans, as adopted by many MNCs. SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members of
INDO US BIO-TECH LIMITED
309, Shanti Mall, Satadhar Char Rasta
Opp. Navrang Tower, Sola Road,
Ahmedabad, Gujarat, India,
380061.

Dear Sir,

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **INDO US BIO-TECH LIMITED (CIN-L01122GJ2004PLC043550)** (hereinafter called the “Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of **INDO US BIO-TECH LIMITED’s** books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on **31st March, 2025**, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **INDO US BIO-TECH LIMITED** (“the Company”) for the financial year ended on **31st March, 2025**, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;

Independent Auditors' Report

To,
The Members of
Indo US Bio-Tech Limited
(CIN: L01122GJ2004PLC043550)
Ahmedabad

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of **Indo US Bio-Tech Limited** having CIN: L01122GJ2004PLC043550 ("the Company"), which comprise the Standalone Balance Sheet as at 31st March 2025, the Standalone Statement of Profit and Loss (including other comprehensive income), Standalone Statement of Cash Flows and Standalone Statement of Changes in Equity for the year then ended, and notes to the Standalone financial statements, including a summary of material accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and the other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2025 and its Profit (financial performance including other comprehensive income), the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. Attention is invited to note no 32 in respect of confirmations yet to be received on certain accounts of Trade Receivable, Trade Payable, Unsecured Loans, Employees, Loans and Advances including advances given to growers.
5. In respect of cash sales affected by the company to retail customers/ farmers, the requisite details of customers / farmers could not be made available for our verification. Refer Note No 34 of the Standalone financial statements.
6. Attention is drawn to Note No. 2(a)(4), which pertains to the depreciation charged on the company's assets using the Written Down Value (WDV) method. In the opinion of the management, the value of the assets as reflected as of 31st March 2025 represents their fair value, and no significant impairment in asset value is anticipated.

Key Audit Matters

1. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Audit Procedures
Agricultural Activities	
<p>The company is engaged in the production and processing of commercial and vegetable seeds at various pieces of lands taken on lease from various land owners/ growers/farmers spread over throughout India. The company enters into seed production agreements with these farmers / growers. The company is compensating the farmers/growers for various cultivation expenses based upon the rate agreement entered in to. Thus, the company is engaged in the growing of various kinds of seeds based on the programs chalked out by the management depending on the area, climatic conditions, soil conditions, water resources, education of farmers, processing facilities etc.</p>	<p>We have performed the following principal audit procedures in relation to Agricultural Activities:-</p> <ul style="list-style-type: none"> - Evaluation and understanding of Seed production agreements. - Verification and evaluation of the documents for existence of land owners/farmers/growers of the seeds on sample basis. - Verification and evaluation of documents on sample basis for the existence of leasehold land. - Evaluation of the control / supervision over the crop. - Evaluating the appropriateness of the adequate disclosures in accordance with the applicable accounting standards.
Adoption of Ind AS 116 Leases	
<p>The Company has long term leasing arrangements for lands and premises (Agricultural lands, office, stores, go-down etc.), without lease payment.</p>	<p>Our audit procedures on adoption of Ind AS 116 include:</p> <ul style="list-style-type: none"> - Assessed and tested processes and controls in respect of the lease accounting standard (Ind AS 116); - Assessed the company's evaluation on identification of leases based on the contractual agreements and our knowledge of the business; - Assessed the key terms and conditions of each lease with the underlying lease contracts and evaluation of the lease liability. - Assessed and tested the presentation and disclosures relating to Ind AS 116.

Information other than the Standalone Financial Statements and Auditor's Report thereon

8. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report but does not include the standalone financial statements and our auditor's report thereon.
9. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

10. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

11. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
12. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
13. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

14. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
15. As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.

- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

16. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
17. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
18. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

19. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss, and the Standalone Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 31 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) the Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) the Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and.

(c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
 - v. In respect of dividend: -
 - a. Interim dividend is declared and paid by the Company during the year.
 - b. The Board of Directors of the Company has neither proposed final dividend for the year ended on 31st March 2025 nor proposed and declared final dividend for the year ended on 31st March 2024.

vi.

Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of accounts for the financial year ended 31st March 2025 which has a feature of recording audit trail (edit log) facility and the same has been made operational throughout the year for all relevant transactions recorded in the software. Further, during our audit we did not come across any instance of the audit trail feature being tampered with.

ANNEXURE "B" TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of **Indo Us Bio-Tech Limited** ("the Company") as of 31st March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence, we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles.

7. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

8. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

9. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, subject to our comments in CARO reporting above for updation of Property, Plant & Equipment's records and strengthening internal audit system an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025 subject of our comment in Emphasis of matter para in our main report, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes

A. General Information:

Indo US Biotech Limited (CIN L01122GJ2004PLC043550) is incorporated under the Companies Act, 1956 with its registered office at 309, Shanti Mall, Satadhar Char Rasta, Ahmedabad. The company is engaged in the business of Production, Processing, and Marketing of Hybrid and GM Seeds. The Company has a product range of Field crops and Vegetable crops. The Equity Shares are listed on National Stock Exchange and Bombay Stock Exchange of India.

B. Material Accounting Policies:

I Basis of Accounting Policy

i) The financial statements are prepared in accordance with applicable Indian Accounting Standards (Ind AS) and on accounting principles of going concern. These financial statements have been prepared to comply with all material aspects with the Indian accounting standards notified under section 133 of the Act, (the "Act") read with Rule 7 of the Companies (Accounts) Rules, 2014, and the other relevant provisions of the Act.

ii) Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policies hitherto in use.

iii) All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current classification of assets and liabilities.

II Use of Estimates

The preparation of Financial Statements requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of Financial Statements and the reported amounts of revenues and expenses during the reporting period. Difference between the actual results and the estimates are recognised in the period in which the results are known/ materialised.

III Property, Plant & Equipment

Tangible Assets are stated at cost net of recoverable taxes, trade discounts and rebates, less accumulated depreciation and impairment loss, if any. The cost of Tangible Assets comprises of its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use.

Subsequent expenditures related to an item of Tangible Asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

An item of fixed assets is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Expenditure related to and incurred during the implementation of the projects is included under Capital Work-in-Progress and the same are capitalized under the appropriate heads on completion of the projects.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2023 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

IV Expenditure related to and incurred during the implementation of the projects is included under Capital Work-in-Progress and the same are capitalized under the appropriate heads on completion of the projects.

V Depreciation

Depreciation is provided on assets adopting written down value method as per the rates prescribed in schedule XIV of the eirthwhile Companies Act 1956.

Depreciation on additions to the assets and the assets sold or disposed off, during the year is provided on prorata basis, at their respective useful life or rate of depreciation as prescribed with reference to the date of acquisition / installation or date of sale / disposal.

Assets	Depreciation Rate
i) Farm Building, Godown & Cold Storage	4.87%
ii) Plant & Machinerics	18.10%
iii) Farm Equipments	45.07%
iv) Furniture & Fixture	25.89%
v) Electrical Fittings	25.89%
vi) Office Equipment's	45.07%
vii) Motor Vehicle	25.89%
viii) Computers and Data Processing Units	63.16%
ix) Solar Plant	18.10%

VI Impairment

(i) Assessment is done at each Balance Sheet date as to whether there is any indication that an asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

(ii) The assets which have completed their respective useful life have been fully impaired and deducted from the cost of assets.

VII Biological Assets

Recognition and measurement

The company recognises the biological asset (agricultural produce) when:

- (a) the company controls the asset as a result of past events;
- (b) it is probable that future economic benefits associated with the asset will flow to the company; and
- (c) the fair value or cost of the asset can be measured reliably

The biological asset are measured at the end of each reporting period at its fair value less costs to sell.

VIII Inventories

Inventories are valued at lower of cost or net realizable value. Inventories are taken as valued and certified by the management of the company.

Inventories comprise of Unprocessed seeds, Processed Seeds, traded goods packing materials and consumables. Inventories are valued at the lower of cost or the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition and receiving charges.

IX Revenue Recognition

(i) Revenue is primarily derived from sale of seeds to distributors, dealers and farmers. Revenue is recognized only when risks and rewards incidental to ownership are transferred to the customer, it can be reliably measured and it is reasonable to expect ultimate collection. Revenue from operations includes sale of goods.

- (ii) Sales return are accounted for / provided for in the year of return.
- (iii) Interest and other income is accounted for on the basis of accrual.
- (iv) Subsidy, Incentive is accounted for on cash/receipt basis.

X Research And Development Expenditure:

Revenue expenditure pertaining to research and cost of development of products is charged to the Statement of Profit and Loss.

XI Foreign Currency Transactions:

- i) Transactions in foreign currency are recorded at the rate prevailing on the date of the transaction.
- ii) Monetary assets and liabilities in foreign currency outstanding as at the year-end are stated at the rates of exchange prevailing at the close of the year. The resultant gains/losses of the year are recognized in the Statement of Profit and Loss.

XII Taxation

(I) Income Tax

Provision for Current Tax is made and retained in the accounts on the basis of estimated tax liability as per applicable provisions of Income Tax Act 1961.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(iii) Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

(iv) Current and deferred tax for the period

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

The Company recognises interest levied and penalties related to Income Tax assessments in the tax expense.

XIII Investments

Non Current investments are stated at cost. Provision for diminution in the value of Non Current investments is made only if such a decline is other than temporary.

XIV Provisions, Contingent Liabilities and Contingent Assets

(i) Provision is recognized in the accounts when there is a present obligation as a result of past event(s) and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

(ii) Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

(iii) Contingent assets are neither recognized nor disclosed in the financial statements.

XV Employee Benefits

Liability as at the year end in respect of retirement benefits is provided for and charged to Statement of Profit and Loss as follows:

i) Retirement benefit costs and termination benefit

The Company determines the present value of the defined benefit obligation and recognizes the liability or asset in the balance sheet. The present value of the obligation is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each year.

Defined benefit costs are composed of:

(a) service cost – recognized in profit or loss; service cost comprises (i) current cost which is the increase in the present value of defined benefit obligations resulting from employee service in the current period, (ii) past service cost which is the increase in the present value of defined benefit obligations resulting from employee service in the prior periods resulting from a plan amendment, and (iii) gain or loss on settlement.

(b) remeasurements of the liability or asset - recognized in other comprehensive income.

(c) remeasurements of the liability or asset essentially comprise of actuarial gains and losses (i.e. changes in the present value of defined benefit obligations resulting from experience adjustments and effects of changes in actuarial assumptions).

Short-term benefits: A liability is recognised for benefits accruing to employees in respect of wages and salaries and other short term benefits in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Other long-term benefits: Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

ii) Bonus

The company recognises a liability and expense for bonus. The company recognises a provision where contractually obliged or where there is past practice that has created a constructive obligation.

XVI Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred. The Company determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset. The Company suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset.

XVII Agricultural Activities

- i) Income from the agricultural activities is accounted for up to the stage of dispatch of goods by the Company to the customer after processing.
- ii) Expenses which are directly related to the agricultural activities have been accounted for in the books of account under the respective activities. Expenses which are not related to the specific activities are allocated on the basis of turnover (net of return) of Agricultural activities and Trading activities.

XVIII Earning per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year attributable to equity share holders. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

XIX Cash And Cash Equivalent

In the Statement of Cash Flow, cash and cash equivalents includes cash in hand, demand and term deposits with banks, other short-term highly liquid investments.

XX Financial Assets At Amortised Cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

XXI Financial Assets At Fair Value Through Other Comprehensive Income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and a contractual terms of the financial assets give rise on the specified dates to cash flows that are solely payment of the principal and interest on the principal amount outstanding.

XXII Financial Assets At Fair Value Through Profit Or Loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of assets and liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

XXIII Financial Liabilities

Financial liabilities are measured at amortised cost using the effective interest method, if tenure of repayment of such liability exceeds one year.

XXIV Equity Instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. The Company recognises equity instruments at proceeds received net off direct issue cost.

XXV Reclassification Of Financial Assets

The Company determines classification of the financial assets and liabilities on initial recognitions. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when a company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses (including impairment gains and losses) or interest.

XXVI Offsetting Of Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet if there is currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

XXVII Leases:

As a Lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset;
- the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and
- the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Short term leases

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

As a Lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

27.1 During the year, the company initiated comprehensive R&D trials across the states of Jharkhand, Odisha, Maharashtra, Karnataka, Telangana, Haryana, Madhya Pradesh, Rajasthan, and Gujarat, focusing on key crops such as Tomato, Brinjal, Chilli, Bottle Gourd, Capsicum, and other field crops. These research activities included zone-wise testing of germplasm specific to each state, germplasm screening, segment-wise crop breeding, development of parental lines, and hotspot screening. Additionally, trials were conducted to evaluate nutritional value traits in various hybrids and varieties. These efforts are part of the company's ongoing commitment to strengthen crop improvement programs and develop region-specific, high-performing seed solutions.

28 First Time adoption of Ind AS

Transition to Ind AS .

These are the Company's first financial statement prepared in accordance with Ind AS.

The accounting policies set out in Note 1, have been applied in preparing the financial statements for the year ended March 31, 2025, the comparative information presented in these financial statements for the year ended March 31, 2024 and in the preparation of opening Ind AS balance sheet as at April 1, 2023. In preparing its opening balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

**28.1 Exemptions and exceptions
Ind AS optional exemptions cost.**

28.1.1. Deemed cost:- Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as for the previous GAAP and use that as its deemed cost as at date of transition after making necessary adjustments for decommissioning liabilities. The exemption can also be used for intangible assets covered by Ind -38 Intangible Assets. Accordingly, the Company has elected to measure all of its property, plant and equipment at their previous GAAP carrying values as at April 1, 2023. There are no decommissioning liabilities of the Company.

28.1.2 Leases: Appendix -C to Ind AS 116 requires an entity to assess whether a contract or arrangement contains a lease. In accordance with Ind AS 116, this assessment should be carried out at the inception of the contract or arrangement. Ind AS 101 provides an option to make this assessment on the basis of facts and circumstances existing at the date of transition to Ind AS, except where the effect is expected not to be material. The Company has elected to apply this exemption for such contracts / arrangements, wherever applicable.

28.1.3. Decommissioning liability included in the cost of property, plant and equipment: An entity need not to comply with the requirements of Appendix A of Ind AS -16 changes in Existing Decommissioning, Restoration similar liabilities for liabilities occurred before the date of transition to Ind AS. An entity can measure the liability as at the date transition. The Company has elected to measure such liabilities as on the date of transition and on the basis of such evaluations no liabilities need to be recognised, wherever applicable.

28.2.2 Classification and measurement of financial assets: Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date transition to Ind AS.

28.2.3. Impairment of financial assets: An entity shall determine the approximate credit risk at the date that financial instruments were initially recognized and compare that to the credit risk at the date of transition to Ind. This should be based on reasonable and supportable information that is available without undue cost or efforts. If any entity is unable to make this determination without undue cost or effort, it shall recognise a loss allowance at an amount equal to lifetime expected credit losses at each reporting date until that financial instrument is de-recognised. The Company has this exception to analyse credit risk of the financial assets as the date of transition instead of the date of initial recognition.

The management assessed that the fair values of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short term maturities of these instruments. The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction among willing parties, other than in a forced or liquidation sale

The Company determines fair values of financial assets and financial liabilities by discounting contractual cash inflows/ outflows using prevailing interest rates of financial instruments with similar terms. The fair value of investment is determined using quoted net assets value from the fund. Further, the subsequent measurement of all finance assets and liabilities (other than investment in mutual funds) is at amortized cost, using the effective interest method.

Discount rates used in determining fair value

The interest rate used to discount estimated future cash flows, where applicable, are based on the incremental borrowing rate of the borrower which in case of financial liabilities is the weighted

average cost of borrowing of the Company and in case of financial assets is the average market rate of similar credits rated instrument.

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. In addition, the Company internally reviews valuation, including independent price validation for certain instruments.

Fair value of financial assets and liabilities is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

The following methods and assumptions were used to estimate fair value:-

- a) Fair value of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short term maturities of these instruments.
- b) The fair value of the Company's interest borrowing received are determined using discount rate reflects the entity's borrowing rate as at the end of the reporting period. The own non performance risk as at the end of reporting period was assessed to be insignificant.

Fair value hierarchy

All financial instruments for which fair value is recognized or disclosed are categorized within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level -1

Quoted (unadjusted) price is active market for identical assets or liabilities

Level 2:

Valuation technique for which the lowest level input that has a significant effect on the fair value measurement are observed, either directly or indirectly.

Level 3

Valuation technique for which the lowest level input has a significant effect on the fair value measurement is not based on observation market data.

Review

i) Capital Management

The Company's capital management objectives are:-

The Board policy is to maintain a strong capital base so as to maintain investor, creditors and market confidence and to future development of the business. The Board of Directors monitors return on capital employed.

The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.

The Company uses debt ratio as a capital management index and calculates the ratio as Net debt divided by total equity. Net debt and total equity are based on the amounts stated in the financial statements.

Debt-to-equity ratio is as follows

ii) Credit Risk

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limit and creditworthiness of customers on a continuous basis to whom the credit has been granted offer necessary approvals for credit.

Financial instruments that are subject to concentration of credit risk principally consists of trade receivable investments, derivative financial instruments and other financial assets. None of the financial instruments of the Company results in material concentration of credit risk.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk is as under, being the total of the carrying amount of balances with trade receivables.

As on	Amount in Rs
31st March, 2025	15,00,07,859
31st March, 2024	19,04,50,228

Trade receivables

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each date of financial statement whether a financial asset or group of financial assets is impaired. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 months expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

Before accenting any new customer, the Company uses an external/internal credit scoring system to asses potential customer's credit quality and defines credit limits by customer. Limits and scoring attributed to customer are reviewed periodic basis.

iii) Liquidity Risk

a) Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

b) Maturities of financial liabilities

The following tables detail the remaining contractual maturities for its financial liabilities with agreed repayment period. The amount disclosed in the tables have been draw up based on the undiscounted cash flow of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.
