REPORT OF THE DIRECTORS

The Directors are pleased to present their Forty-first Annual Report together with audited financial statements for the financial year ended 31st March 2025.

PERFORMANCE REVIEW

During FY 2024-25, the Indian economy recorded GDP growth of 6.5% supported by increased private consumption expenditure and a rebound in exports. The growth was largely driven by service sector with sub-sectors like financial services, IT, public administration and trade. Furthermore, the industrial sector, particularly construction, saw a significant boost. However, the growth rate during the year under review was lower as compared to previous year's 8.2% with reduced growth in Government expenditure and moderation in capital formation.

During the year under review, the domestic CV industry witnessed a marginal decline of 1.2%, with volumes of 956,671. Sale of Light Commercial Vehicles (LCVs) contracted by 2.0%, with volumes at 582,852, and Medium & Heavy Commercial Vehicles (M&HCVs) recorded a slight dip of 0.1%, with volumes at 373,819. The export of commercial vehicles has witnessed a robust growth of 23.0%, with volumes at 80,986.

Against the above backdrop, sales volume of your Company for FY 2024-25 witnessed a growth of 3.1% to reach 14,221 vehicles against 13,797 vehicles sold during FY 2023-24.

The demand for commercial vehicles during the year under review witnessed mixed response. While the bus segment grew due to increased passenger mobility and steady demand from school & staff segment, the truck segment recorded a decline because of high base effect, weak freight economics and adverse impact of General Elections on infrastructure activities in first half of the year.

With higher volumes and softer commodity prices, the Company's financial performance improved significantly, and **Your Company posted its highest ever Profit after tax of Rs. 121.67 crores for FY 2024-25.**

Financial highlights are given below::

(Rs. in Crores)

Year ended 31st March	2025	2024

Less: Tax (including deferred tax)	40.71	(1.43)
Profit after tax	121.67	107.88
Add: Other Comprehensive Income / (Loss) [net of tax]	(1.44)	(0.24)
Total comprehensive income for the year	120.23	107.64

DIVIDEND

Keeping in view the improved financial performance of the Company during FY 2024-25, the Directors have recommended Final Dividend of 180% (Rs. 18/- per equity share of Rs.10 each fully paid up) for financial year ended on 31st March 2025. The cash outflow on this account will be Rs. 26.05 crores.

Pursuant to Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, as amended, the Board has approved and adopted a Dividend Distribution Policy, effective from 1st April, 2021. The policy is available on the Company's website at:

<https://smlisuzu.com/IN/investors/policies/corporate-policies>

DIVESTMENT BY PROMOTER / SIGNIFICANT PUBLIC SHAREHOLDER

As the Members may be aware, subsequent to the year end, Sumitomo Corporation, Japan, promoter of the Company and Isuzu Motors Limited, Japan, a public shareholder on 26th April, 2025 entered into a Share Purchase Agreements ("SPAs") with Mahindra & Mahindra Limited (M&M), a public listed entity, to sell their respective equity stake in the Company.

Pursuant to the aforesaid SPAs, M&M, on 1st August 2025, has completed the acquisition of (a) 63,62,306 equity shares constituting 43.96% of the equity share capital of the Company from Sumitomo Corporation and (b) 21,70,747 equity shares constituting 15.00% of the equity share capital of the Company from Isuzu Motors collectively aggregating to 85,33,053 equity shares constituting 58.96% of the existing share capital of the Company. Accordingly, M&M has acquired sole control of the Company and has been classified as a 'Promoter' of the Company w.e.f. 1st August, 2025.

Further, in accordance with the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as amended, M&M has announced an open offer for acquisition of up to 26.0% of the equity share capital of the Company, for cash consideration, from the eligible public shareholders of your Company.

Members may also note that consequent to the aforesaid transaction, your Company is now a subsidiary of M&M Limited w.e.f. 1st August, 2025.

Your Directors believe that the acquisition of this majority stake by M&M will usher in a new era of growth, innovation and progress for all the stakeholders of your Company.

Consequently, with the change in control due to this acquisition, the Board of your Company has been reconstituted, which is provided separately in the Board Report.

MANAGEMENT DISCUSSION AND ANALYSIS

Management Discussion and Analysis, which also covers the state of the Company's affairs, forms a part of this report.

CORPORATE GOVERNANCE

A report on corporate governance together with the Certificate from M/s. A. Arora & Co., a proprietorship Company Secretaries firm, confirming compliance with corporate governance norms as stipulated under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, forms a part of this report.

INDUSTRIAL RELATIONS

Industrial relations and work atmosphere remained cordial throughout the year with sustained communication and engagement with workforce through various forums.

SAFETY, HEALTH AND ENVIRONMENT

The Company continues to demonstrate a strong commitment to safety, health and environment which have been adopted as core organizational values. The Company ensures safety and audits its facilities in accordance with statutory and regulatory requirements. The Directors review these areas periodically through reports and presentations made at the Board Meetings.

The Company actively engages employees in SHE (Safety, Health & Environment) initiatives. Employees are continuously made aware of hazards / risks associated with their job, and their knowledge and skills are updated through requisite training, toolbox talks, safety drills to meet any emergency. Medical check-ups and eco-friendly activities are conducted periodically. Regular safety trainings are being conducted to promote awareness among all employees and stakeholders. Safe disposal of hazardous waste is ensured through recyclers / co-processors of hazardous waste. Effluent treatment plant and online monitoring systems have been installed for the treatment of trade & domestic effluents and the usage of treated water for other processes like green belt maintenance.

The Company has comprehensive emergency response plans, and regular drills are being conducted to ensure maintenance and check its emergency preparedness. Periodic safety audits are conducted to identify and mitigate potential risks.

The Company upholds ISO 9001:2015 (Quality Management System), IATF 16949:2016 (Automotive Quality Management System), ISO 27001:2022 (Information Security Management System), ISO 14001:2015 (Environmental Management System), ISO 45001:2018 (Occupational Health & Safety Management System) and ISO 50001:2018 (Energy Management System) certifications.

CURRENT BUSINESS ENVIRONMENT

During Q1 FY 2025-26, the domestic industry witnessed a marginal decline of 0.6%, with total volumes at 223,215 vehicles compared to 224,575 in the same period last year. The passenger carrier segment recorded a growth of 7.7%, driven by sustained demand from schools and staff segment, increased intercity travel, and fresh government bus tenders. In contrast, the M&HCV truck segment registered a decline of 4.5%, primarily due to moderating freight movement, delayed infrastructure execution, and the impact of a high base effect. The LCV truck segment remained largely stable, posting a slight de-growth of 0.6%, reflecting stabilized replacement demand and softer rural freight activity. Exports delivered a notable performance with 23.4 % increase.

During Q1 FY 2025-26, your Company's sales volume increased by 12.5% (from 4379 in Q1 2024-25 to 4926 in Q1 FY 2025-26). The Company's turnover for the first quarter was Rs. 845.9 crores and Profit before tax (PBT) was Rs. 89.6 crores against Q1 FY 2024-25 turnover of Rs. 746.0 crores and PBT of Rs. 62.0 crores.

Current scenario and outlook for CV industry are discussed in detail in the Management Discussion and Analysis, which forms part of this report.

DIRECTORS

During the financial year under review, the following changes took place in the board composition.

The Board at its Meeting held on 15th March, 2024, took note of the resignations of Mr. Masaki Morohoshi and Mr. Takuro Horikoshi, Non-Executive Non-Independent Directors, w.e.f. 31st March, 2024 and placed on record its deep appreciation for their valuable contributions to the Company.

The Board, on the recommendation of its Nomination & Remuneration Committee, appointed Mr. Ryusuke Miyake and Mr. Takahiro Jitoshō as Additional Directors of the Company w.e.f. 1st April, 2024, and their appointments were subsequently approved by the Members of the Company through a Postal Ballot on 23rd May, 2024.

MANAGEMENT DISCUSSION AND ANALYSIS

1. INDUSTRY REVIEW

The domestic commercial vehicle (CV) industry registered a marginal decline of 1.2% in FY 2024–25 with a volume of 956,671 vehicles (previous year: 968,770) against flat growth of 0.6 percent in FY 2023-24. This marginal contraction was primarily due to the high base effect, adverse impact of General Elections on infrastructure projects and elevated interest rates for most of the year. Notably, the bus segment remains a bright spot, and robust export growth emerged as a key pillar supporting overall industry performance.

The Medium & Heavy Commercial Vehicle (M&HCV) truck segment declined by 4.0%, with sales at 307,491 vehicles (previous year: 320,244), primarily attributed to a high base effect, slowdown in infrastructure activities in first half of the year due to General Elections, and subdued freight rates coupled with moderated fleet utilization.

The Light Commercial Vehicle (LCV) truck segment witnessed a contraction of 2.8%, with volumes at 528,045 vehicles (previous year: 543,008), impacted by the high base effect, sustained slowdown in e-commerce-led last-mile delivery demand and competition from electric three-wheelers (e3Ws).

In contrast, the bus segment registered significant growth of 14.8% with volumes reaching 121,135 vehicles against 105,518 in FY 2023-24, driven by increased passenger mobility, steady demand for school and staff transportation, and replacement demand from State Road Transport Undertakings supported by scrappage of old vehicles.

On the export front, CV volumes surged by 23.0%, reaching 80,986 vehicles, up from 65,818 vehicles in the previous year. This growth was driven by improved demand in key overseas markets, supported by strong government initiatives and enhanced market access through trade agreements, and the cost competitiveness of Indian offerings particularly in Africa, the Middle East, and neighboring South Asian countries such as Bangladesh and Nepal.

The Company's sales volume reached 14,221 vehicles in FY 2024-25 (13,797 vehicles in FY 2023-24) – up 3.1%.

2. INDUSTRY OUTLOOK

During Q1 FY 2025–26, the CV industry witnessed a marginal decline of 0.6%, with total volumes at 223,215 vehicles compared to 224,575 in the same period last year. The passenger carrier segment recorded a growth of 7.7%, driven by sustained demand from schools and staff segment, increased intercity travel, and fresh government bus tenders. In contrast, the M&HCV truck segment registered a decline of 4.5%, primarily due to moderating freight movement, delayed infrastructure execution, and the impact of a high base effect. The LCV truck segment remained largely stable, posting a slight de-growth of 0.6%, reflecting stabilized replacement demand and softer rural freight activity. Export delivered a notable performance with 23.4% increase.

According to industry experts, the Indian commercial vehicle (CV) industry is expected to see a moderate recovery in FY2025-26. The growth in FY 2025-26 is expected to be driven by a combination of factors such as improvements in construction and infrastructure activities, favourable monsoon predictions, better financing conditions, sustained rural demand, and replacement demand prompted by aging fleets and incentives under the Government's scrappage policy. Further, the reduction in interest rates is likely to lower financing costs thereby enhancing affordability for buyers and supporting overall demand. Ongoing government initiatives in infrastructure development, increased budgetary allocations, and enhanced highway connectivity are expected to drive growth in the coming years.

The M&HCV truck category is expected to witness a marginal growth in FY 2025-26. The Government's renewed focus on infrastructure development is expected to stimulate demand for commercial vehicles. The rollout of stalled projects and increased capital outlay in roads, logistics, and urban mobility should support medium and heavy commercial vehicle (M&HCV) demand.

Light commercial vehicles (LCVs) trucks are expected to witness a moderate recovery in FY 2025-26, driven by an improving economic environment and ongoing recovery in the e-commerce segment, which are likely to remain the key drivers for the segment.

Bus segment is expected to continue its growth trajectory in FY 2025-26 supported by strong replacement demand expected from State Road Transport Undertakings with phasing out of older government vehicles and steady demand anticipations from schools and offices.

However, timely execution of infrastructure projects, an uncertain global environment, commodity price fluctuations, and interest rate movements remain critical factors to be monitored for the industry.

While the near-term outlook for the domestic CV industry remains cautious due to regulatory cost pressures, demand moderation in select segments, and evolving freight economics, the long-term fundamentals remain intact.

3. COMPANY PERFORMANCE

During FY 2024-25, the Company achieved a sales volume of **14,221 vehicles, compared to 13,797 in the previous year – an increase of 3.1%**, primarily due to higher sales of Passenger vehicles. A break up of sales volume is given below:

(Nos.)

	2024-25	2023-24
Passenger vehicles (buses)	10,006	9,472
Cargo vehicles (trucks)	4,215	4,325
Total	14,221	13,797

To enhance truck sales, the Company continues to focus on retail-based BTL (Below-the-Line) activities, expand its distribution network, strengthen review mechanisms, and provide comprehensive training to field teams to equip them with extensive market and competitive knowledge.

Total Income for FY 2024-25 was Rs. 2,405.1 crores against Rs. 2,201.3 crores in the previous year, as detailed below:

(Rs. in Crores)

	2024-25	2023-24
Sale of Vehicles	2,244.0	2,058.7
Sale of Spare Parts	134.7	121.0
Other operating income	20.3	16.2
Other income	6.1	5.4
Total Income	2,405.1	2,201.3

Material cost at 75.8% (77.1%) of total income was lower, primarily due to the product mix, higher per-vehicle realization and softening of commodity prices during the year.

Employee costs at Rs. 206.3 crores (Rs. 195.7 crores) as a percentage to total income was lower at 8.6% (8.9%), mainly due to increase in sales revenue.

Marketing cost (including allowance for doubtful trade receivables, bad debts / advances written off, packing & freight, warranty and sales promotion) at Rs. 79.8 crores (Rs. 73.4 crores) remained at last year level of 3.3% of total income.

Other operating & administrative expenses at Rs. 56.2 crores (Rs. 50.6 crores) made up 2.3% (2.3%) of total income, same as last year.

Depreciation charge stood at Rs. 48.4 crores (Rs. 47.5 crores).

Operating profit increased to Rs. 240.6 crores, representing 10.0% of total income, up from Rs. 184.3 crores (8.4% of total income) last year, owing to higher sales volumes and effective cost management.

Finance costs were at Rs. 29.9 crores (Rs. 30.4 crores).

As a result of above, Profit before tax rose to Rs. 162.4 crores (6.8% of total income) compared to the previous year's Rs. 106.5 Crores (4.8% of total income). Profit after tax was Rs. 121.7 crores (Rs. 107.9 crores), which translates to an earnings per share of Rs. 84.08 (Rs. 74.54).

Net worth of the Company as of 31st March, 2025 was Rs. 382.7 crores (Rs. 285.6 crores as on 31st March 2024) made up of equity component of Rs. 14.5 crores (Rs. 14.5 crores) and other equity of Rs. 368.2 crores (Rs. 271.1 crores).

Year-end short-term and long-term borrowings (term loans including current maturities) from banks stood at Rs. 225.0 crores (Rs. 350.0 crores) and Rs. 96.7 crores (Rs. 65.6 crores) respectively. Property, Plant & Equipment including Capital Work-in-progress, right of use assets, intangible assets under development and Intangible assets stood at Rs. 380.5 crores (Rs. 351.1 crores).

Inventories at the year-end stood at Rs. 578.0 crores, marginally decreasing from last year's level of Rs. 579.7 crores.

Year-end trade receivables were at Rs. 265.3 crores (Rs. 169.0 crores) and trade payables were Rs. 370.1 crores (Rs. 331.9 crores).

Cash & Bank Balances (including Fixed Deposits with Banks) were Rs. 19.8 crores (Rs. 48.7 crores).

KEY FINANCIAL RATIOS

Particulars	Year ended		
	31 March 2025	31 March 2024	Change %
(i) Debtors Turnover	11.05	17.95	- 38.4%
(ii) Inventory Turnover	3.15	3.39	- 7.1%
(iii) Interest Coverage Ratio	8.05	6.07	32.6%
(iv) Current Ratio	1.17	1.01	16.3%
(v) Debt Equity Ratio	0.84	1.46	- 42.2%
(vi) Operating Profit Margin (%)	10.03%	8.39%	19.5%
(vii) Net Profit Margin (%)	5.07%	4.91%	3.2%
(viii) Return on Net worth (%)	35.98%	46.44%	- 22.5%

Reason for variation of 25% or more in Key Financial Ratio:

Debtors turnover ratio declined mainly due to a higher level of trade receivables as at 31 March 2025, resulting from increased sales in the last quarter.

Due to higher earnings before depreciation, finance costs and tax, the interest coverage ratio is high.

With the reduction in short term debt and an increase in total equity on account of profit during the year, the Debt Equity ratio has improved compared to previous year.

4. INTERNAL CONTROL SYSTEM AND ADEQUACY

The Company conducts its affairs within the framework of well-defined business plans, which provide appropriate guidance and direction to its employees. The Annual Business Plan for each fiscal year is formulated based on well-defined processes and is approved by the Board of Directors. Finance & Accounts function is adequately staffed by professionally qualified and experienced personnel.

The Company has an effective reporting and monitoring system, which is regularly reviewed at the meetings of the Audit Committee and the Board while considering quarterly business performance. Business projections are revised in relation to market expectations, and appropriate actions are taken by the Management to offset adverse changes to the extent possible. Policies and procedures have been laid down to provide reasonable assurance that assets are safeguarded from risks of unauthorized use or disposition and that transactions are recorded and reported with propriety, accuracy and speed. These aspects of operations are regularly reviewed and verified by the Internal Auditors and the Statutory Auditors.

The Internal Auditor has carried out an audit based on the Internal Audit Plan, as approved by the Audit Committee which also covers testing of established internal controls and standard operating procedures. Significant observations of the Auditors are presented to the Audit Committee for its consideration and guidance. The Audit Committee also reviews the adequacy and effectiveness of the Company's internal financial controls.

5. HUMAN RESOURCES

The Company is committed to attracting top talent, fostering an engaging workplace, retaining high performers, and strengthening organizational commitment among employees. Raising employees' involvement in the decision-making process and grooming them for leadership positions has been an ongoing process. Industrial relations and the work atmosphere remained cordial throughout the year, with sustained communication and engagement with the workforce through various forums. Employee strength as of 31st March, 2025, was 990 (957).

6. OPPORTUNITIES AND THREATS

The long-term outlook for the Indian commercial vehicle industry remains intact. The sustained push in infrastructure development with higher infrastructure capital outlay in the recent budgetary allocation, a steady increase in mining activities and the improvement in roads/highway connectivity are expected to support volumes going forward.

Key projects such as Bharatmala Pariyojana, Gati Shakti Master Plan, dedicated freight corridors, and smart city developments are already translating into higher freight movement and transport demand. Moreover, rising rural and semi-urban consumption, and the shift towards organized fleet operations are creating new opportunities in both M&HCV and LCV segments.

The Government's ongoing focus on scrappage of old vehicles, cleaner mobility, and emission regulations is also expected to generate strong replacement demand, particularly from aging fleet segments. Expanding mining & construction activities, along with multi-modal logistics park development, are likely to support volumes in the truck segment.

Bus demand is expected to grow further, driven by continued investments in public transport, steady demand from schools, staff segment and tourism. Government initiatives promoting cleaner, safer, and more efficient buses especially through various schemes will further accelerate the adoption of electric and CNG buses, strengthening the segment's medium to long-term outlook.

The Company sees good opportunities in special application vehicles such as 4-wheel-drive transport vehicles for defence and paramilitary forces (including state police), water tankers for rural areas and municipal corporations, dual-cabin trucks for specialized applications, and GS ambulances, which are expected to drive volumes.

Exports to neighboring countries is improving, supported by the Government of India's initiatives and revival of demand in these countries. Expanding trade ties with regions like Africa, ASEAN, and the Middle East is enhancing market accessibility. In line with this, the Company has started exports to African countries including Angola, Gabon, Senegal, Guinea, and Algeria. Further, efforts are underway to tap additional high potential markets with rising demand for commercial vehicles. The favorable export environment in Bangladesh, Nepal, Sri Lanka, Ghana and Bhutan is expected to improve the Company's export business.

The growing shift towards electric vehicles, driven by rising fuel costs, environmental regulations, and government support, is creating strong opportunities. The Company is preparing to tap this opportunity through focused product development and strategic readiness. Recently, the Company has also displayed its Electric Bus at Auto Expo 2025.

Uncertain global environment, volatile commodity prices, supply chain disruptions, the availability of skilled manpower especially in emerging technologies, etc. will remain a challenge for the CV industry.

Key challenges, during the current fiscal and going forward, for the Company would be to expand its product portfolio, capacity utilization, enhance operational efficiencies, and comply with the new regulatory requirements announced by the government.

7. BUSINESS RISKS AND CONCERNS

The demand for commercial vehicles is highly sensitive to macroeconomic conditions, including GDP growth, infrastructure spending, freight movement, interest rates, fuel and commodity prices, tax and emission regulations, etc. Unfavourable trends in any of these factors pose a risk of demand contraction for commercial vehicles.

In recent years, the CV Industry has seen a series of regulatory changes, requiring substantial capital expenditure and product redesign. In FY 2022-23, CV Industry implemented BS6-IOBD2 (Integrated On-board Diagnostics for both CNG and Diesel vehicles) and Electronic Stability Control (ESC) which had significantly impacted the cost of production due to changes in product designs, additional/modified components, and an increase in other costs. During FY 2023-24, the CV Industry implemented the Fire Alarm & Protection System (FAPS) in school buses, which has significantly increased the production cost due to modifications in designs and additional investment in new technologies, components, and manufacturing processes up-gradations.

The Government has now mandated the inclusion of factory-fitted air-conditioning (AC) units in truck cabins. This required significant structural modifications to cabin design, upgradation of manufacturing processes, and the sourcing of additional components. It will increase production costs and, consequently, impact vehicle prices.

Frequent regulatory changes have heightened cost pressures on OEMs, posing significant challenges to demand sustainability, especially in price-sensitive market segments.

Another emerging concern is the transition towards electric mobility and sustainability practices. While this transition presents long-term opportunities, it also poses significant challenges in terms of substantial investments in R&D, battery technology, high upfront costs for electric vehicles, limited charging infrastructure, and skill gaps in electric vehicle service and maintenance ecosystems.

Moreover, ongoing global geopolitical issues, volatility in input costs, supply chain disruptions, high base effect and the availability of skilled manpower continue to be operational risks for the industry.

To address the above challenges, the Company continues to focus on product development & up-gradation, innovative and cost-effective technological solutions, low-cost automation, better after-sales service, customer engagement through various activities, reforming the distribution network, and cost optimization across its operations to remain competitive in the market.

The Risk Management Committee of the Board actively monitors these evolving risks and therefore, regularly evaluates the company's risk mitigation framework to ensure readiness for current and emerging challenges in the business environment.

8. CAUTIONARY STATEMENT

15. Commodity Price Risks and Hedging Activities

The Company being a user of wide variety of commodities (directly or indirectly) is exposed to commodity price risk. The commodities such as steel & its derivatives - castings & forgings; rubber, plastics, etc. are either purchased directly or components are purchased from suppliers, who procure and process these commodities. The Company procures most of its commodities indirectly and, accordingly, the direct purchase value of commodities by the Company is lower. However, any changes in prices of commodities impact procurement cost of components.

The Company has a risk management framework for identifying, monitoring and mitigating such risks.

Total Exposure of the Company to various commodities (Purchased directly):

Commodity Name	Exposure in INR towards the particular commodity	Exposure in quantity terms towards the particular commodity	% of such exposure hedged through commodity derivatives				
			Domestic market		International market		Total
			OTC	Exchange	OTC	Exchange	
Steel (Sheet Metal)	Rs 5540 Lacs	7667 Ton	Nil	Nil	Nil	Nil	Nil

ANNEXURE A TO DIRECTORS' REPORT

NOMINATION AND REMUNERATION POLICY OF THE COMPANY

Introduction

Section 178 of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (erstwhile Clause 49 of the Listing Agreement), together with Guiding Principles set out therein, require the Nomination and Remuneration Committee ('NRC') to recommend to the Board a policy in respect of selection, appointment, performance evaluation and removal of Independent Directors and other Directors, including whole time directors, Key Management Personnel ('KMP') and other senior management, and a policy of remuneration to them.

Accordingly, as proposed by the NRC and in order to formalize the Company's current and ongoing policy and practices for the above mentioned objectives in a more structured manner, the Board sets out a policy framework as under.

General

The composition of the Board of Directors, the appointment of Directors, their number, duration of appointment, their remuneration and their removal, where appropriate, will always be in accordance with the Companies Act and any other applicable law, the Listing Agreement and the Memorandum & Articles of Association.

The Company will continue its policy of non-discrimination on grounds of race, ethnicity, language and religion or caste in appointment, promotion and remuneration of employees.

NRC will monitor the policy and processes as set out herein on behalf of the Board.

Composition of the Board

The Board is composed of Independent Directors and other Directors, both men and women, with diverse experience in different industries and professions, both in India and other countries, Managing Director and whole time directors holding executive positions in the Company with relevant expertise and experience. The process of appointment is transparent backed by appropriate documentation.

Independent Directors

The law and good governance requires the Company to appoint a third of its members of the Board (as defined in the Companies Act) to be independent.

Principal criteria for selecting an independent director are that he/she:

- must have considerable experience at senior levels in business, industry, professions, government or industry/finance related institutions in India and/or other countries;
- has no conflict of interest, including any material or pecuniary interest, except for remuneration received as approved by law and/or shareholders;
- has the ability to evaluate and advise on strategy and business of the Company;
- has the ability to challenge and evaluate performance of the management, financial performance and risks in the business;
- has the ability to relate and advise on the effects of macro level economic, industrial and political environment and developments, including government policies, on the Company's affairs and management of its business.

The remuneration of Independent Directors, which may include sitting fees and commission on profit, is determined by the Board on recommendation of NRC and is subject to shareholders' approval and as required by law.

The maximum term of appointment of an Independent Director is determined by law and as approved by the Shareholders.

Performance of an Independent Director is evaluated annually by the NRC and the Board, excluding the director being evaluated, according to the evaluation criteria set by the Board.

An independent Director may be removed from the Board by a majority decision by its members for sufficient reasons which may include a conflict of interest, lack of attendance at meetings of the Board and its Committees and inadequate performance at such meetings as evaluated by the Board annually or otherwise.

Performance evaluation for an Independent Director is principally based on the following factors:

1. Attendance at meetings of the Board, Committees of which he / she is a member and of Shareholders;
2. Compliance with the Code of Conduct;
3. Constructive participation in the proceedings of the Board and Committees;
4. Evaluation and advice relating to the Company's performance, both financial and commercial;
5. Awareness of the Company's operations and organisation, applicable corporate and other major laws and regulations, fiduciary responsibilities and matters relating to Stock Exchanges, SEBI and corporate governance generally;
6. Adherence to independence, no-conflict of interest and protection of interests of stakeholders.

Other Directors

The Board may invite any person to join as member who may not qualify as Independent Director and is not an employee of the Company. For the sake of clarity and only for this policy framework such director is referred herein as 'non-executive director' (NED).

The criteria of selection of NED may include, among others, expertise or specialized knowledge in one or more areas of the Company's activities, knowledge of similar or related activities gained in the business of the promoter, technology provider or other business associate.

The duration of the term of appointment, remuneration and removal of NED is at the absolute discretion of the Board, but always according to law and the Listing Agreement, and under no circumstance can the remuneration to a NED exceeds that of any Independent Director.

Performance of an NED is evaluated annually by the NRC and the Board, excluding the director being evaluated, according to the evaluation criteria set by the Board.

Performance evaluation for an NED is principally based on the same factors as for Independent Directors and, in addition, on his/her contribution in respect of the specific areas of expertise and knowledge where applicable.

Remuneration of NED, where payable, is recommended by NRC on a case by case basis.

Key Managerial Personnel ('KMP') and Senior Management

This group comprises:

1. Managing Director/Chief Executive Officer 'CEO'
2. Chief Financial Officer 'CFO'
3. Company Secretary
4. **Senior Management** – Executives of the Company who are members of its core management team, members one level below the Chief Executive Officer/ Managing Director/ Whole-time Director and the functional heads.

Managing Director

Appointment of the Managing Director/CEO is made by the Board on the recommendation of NRC.

Criteria for selection of Managing Director are knowledge of the business of the Company, experience in that business or any related business, leadership qualities, incisive understanding of the market, understanding socio-economic and political milieu in which the Company operates and effects thereof on the Company's policies and operations, objective setting and implementation of such objectives, ability to interact with the Board, ability to communicate effectively with employees, shareholders and other stakeholders and other publics.

Remuneration of Managing Director is determined by the Board on recommendation of NRC and approved by Shareholders and / or Central Government as required by law. While recommending remuneration payable NRC will consider, inter alia the factors as set out below for evaluation of performance.

Evaluation criteria for CEO's performance are: development and implementation of the Company strategy, achievement of short and long term plans, overall financial performance of the Company, effectiveness of management controls and systems in the Company, demonstrated communication skills and continued assessment of the effectiveness of organization structure, and protection of the Company's wealth and good standing.

Whole-time Director

NRC in consultation with the Managing Director considers and recommends to the Board the appointment of a whole-time director from amongst the KMP and Senior Management.

Criteria for such selection and appointment as a director principally are:

- the need felt by the Board for expertise and experience of the individual to be available for Board deliberations as a member.
- as a reward/promotion for specially good performance and contribution to the Company's business.

Remuneration of a whole time director is determined by the Board on recommendation of NRC and approved by Shareholders and / or Central Government as required by law. While recommending remuneration payable, NRC considers the remuneration structure for senior management and additional responsibilities as a member of the Board.

Performance evaluation of a whole time director is made by the Managing Director in respect of his executive/operational responsibilities and by NRC on his performance at the Board on criteria similar to that set out for NED.

KMP (other than Managing/Whole-time Director) and Senior Management

Managing Director propose the appointment and removal of KMP (other than Managing / Whole-time Directors) and Senior Management to NRC and Board.

Evaluation of KMP and Senior Management is made annually by the Managing Director, principally based on both quantitative and qualitative performance in their specific area of executive responsibility, financial and other objectives as set in annual business plans, effectiveness of their leadership, management of people reporting to them, implementation of systems and controls in their operations, their contribution in the deliberations of executive and management groups and positive interaction with other executives and employees.

The remuneration of these personnel is proposed by the Managing Director in consonance with the Company's policy to give fair managerial compensation taking account of their performance and contribution to the Company's overall performance. Further, in designing and setting the levels of KMP and Senior Management, relevant statutory provisions, market trends and other relevant factors are taken into account.

The Company's compensation policy provides for variable content related to performance in remuneration package for all managerial personnel.

NRC develops its process and forms/matrices for performance evaluation from time to time as it deems appropriate.

5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

Not Applicable

PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 2024-25 (in Gigajoules)	FY 2023-24 (in Gigajoules)
From renewable sources		
Total electricity consumption (A)	13,706	7,611
Total fuel consumption (B)	-	-
Energy consumption through other sources (C)	-	-
Total energy consumed from renewable sources (A+B+C)	13,706	7,611
From non-renewable sources		
Total electricity consumption (D)	22,192	28,647
Total fuel consumption (E)	45,991	47,507
Energy consumption Through other sources (F)	-	-
Total energy consumed from non-renewable sources (D+E+F)	68,183	76,154
Total energy consumed (A+B+C+D+E+F)	81,889	83,765
Energy intensity per rupee of turnover (Total energy consumed in Gigajoules/ Revenue from operations in Rupees Crores)	34.1	38.1
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed in Gigajoules / Revenue from operations in Rupees Crores adjusted for PPP *)	705.2	854.5
Energy intensity in terms of physical Output (Total energy consumed in Gigajoules / Total vehicles produced)	5.8	5.6
Energy intensity (<i>optional</i>) - the relevant metric may be selected by the entity	-	-

* The revenue from operations has been adjusted for PPP based on the latest implied PPP conversion factor published [https://www.imf.org/external/datamapper/PPPEX@WEO/OEMDC/ADVEC/WEOWORLD] for the year 2025 by the IMF which is 20.66.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, data evaluation / verification has been carried out by BSI (British Standards Institution).

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

The Company does not have sites/facilities identified as designated consumer under the Performance, Achieve and Trade (PAT) Scheme of the Government of India.

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in kilolitres)		
(i) Surface water	-	-
(ii) Groundwater	94,917	99,668
(iii) Third party water	-	-
(iv) Seawater / desalinated water	-	-
(v) Others	-	-
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	94,917	99,668
Total volume of water consumption (in kilolitres)	94,917	99,668
Water intensity per rupee of turnover (Water Consumed in Kiloliters / Revenue from operations in Rupees Crores)	39.6	45.4
Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption in Kilolitres/ Revenue from operations in Rupees Crores adjusted for PPP)	817.4	1016.7
Water intensity in terms of physical Output (Total water consumption in Kilolitres / Total vehicles produced)	6.7	6.7
Water intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No, however, monthly water extraction record is submitted to PWRDA (Punjab Water Regulation and Development Authority).

4. Provide the following details related to water discharged:

Parameter	FY 2024-25	FY 2023-24
Water discharge by destination and level of treatment (in kilolitres)		
(i) To Surface water		
- No treatment	-	-

- No treatment	-	-
- With treatment – please specify level of treatment	71,797 (Tertiary)	56,713 (Tertiary)
Total water discharged (in kilolitres)	71,797	56,713

* Data pertains to STP/ETP treated water used for in-house plantations.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No, the quality of effluent discharge is being ensured through Punjab Pollution Control Board (PPCB) approved labs. Treated water reports are also submitted to PPCB whenever required.

5. **Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.**

Yes. The Company has accomplished 'Zero Liquid Discharge' through the appropriate reuse of Effluent Treatment Plant (ETP) and Sewerage Treatment Plant (STP) as per the consent to operate issued by the regulatory bodies i.e. Punjab Pollution Control Board (PPCB). The quality of effluent discharge is being ensured through approved labs and is also regularly checked by PPCB.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 2024-25	FY 2023-24
NOx (Nitrogen oxide)	ppm	320	378
SOx (Sulphur Oxide)	mg/Nm3	BDL (Below Detection Limit)	BDL (Below Detection Limit)
Particulate matter (PM)	mg/Nm3	40	36
Persistent organic pollutants (POP)	ppm	-	-
Volatile organic compounds (VOC)	ppm	-	-
Hazardous air pollutants (HAP)	ppm	-	-
Others—please specify	-	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No. However, assessment / evaluation is being carried by PPCB and PPCB approved laboratories on quarterly basis.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	<i>Metric tonnes of Co2 equivalent</i>	3,116	3,324
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	<i>Metric tonnes of CO2 equivalent</i>	4,482	5,698
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations in rupees crores)	<i>Metric tonnes of CO2 equivalent per rupee of turnover in rupees Crores</i>	3.2	4.1
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations in rupees crores adjusted for PPP)	<i>Metric tonnes of CO2 Equivalent per rupee of turnover in rupees crores adjusted for PPP</i>	65.4	91.8
Total Scope 1 and Scope 2 emission intensity in terms of physical output (Total Scope 1 and Scope 2 GHG emissions / Total vehicles produced)	<i>Metric tonnes of CO2 Equivalent per vehicle produced</i>	0.5	0.6
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity	-	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, data evaluation / verification has been carried out by BSI (British Standards Institution).

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Yes, the Company has taken several initiatives to optimize its energy consumption such as solar power plant to harness renewable energy, switching to PNG in place of diesel in manufacturing process and replacing old lights with energy-efficient LED light etc.

As an alternate source of energy, the Company has installed 3.04 MWp rooftop solar power plant, which produced 4,316,766 KWH produced through solar in FY 2024-25 that will lead to reduction in Carbon emissions.

The Company is also improving its Products in terms of fuel efficiency, emission and material usage. The Company is adopting new technology in its operations to reduce waste and to optimize the consumption of natural resources. To encourage a culture of continuous improvements and for long term success, the Company has attained and upheld ISO 14001:2015 (Environment Management System) certification.

9. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2024-25 (In Metric tonnes)	FY 2023-24 (In Metric tonnes)
Plastic waste (A)	105.37	100.40
E-waste (B)	4.96	1.00

Total waste generated for each category other than non-hazardous waste, is being disposed-off through recyclers and co-processors authorized by Pollution Control Board .

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.-

No assessment has been carried out by any external agency.

- 10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.**

The Company has well established EHS management System and waste management is an integral part of our EHS management system. The company is certified to ISO 14001: 2015 (Environment Management System) and ISO 45001: 2018 (Occupation health and safety management system). The Company also have

obtained authorization from State Pollution Control Board for management of Hazardous and Non-hazardous waste. All types of waste are segregated at source and stored at designated storage area. Generation and disposal records are being maintained for every type of waste as per consent / applicable rule requirement. Our operations does not generate any hazardous / toxic chemicals. Chemicals are being handled as per their MSDS by trained persons and consumption is reduced based on the specific process requirement. The Company also conducts regular awareness programs on waste management for its employees & workers to ensure proper waste handling and safety.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

S. No	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N). If no, the reasons thereof and corrective action taken, if any.
Not Applicable			

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency(Yes/No)	Results communicated in public domain (Yes/No)	Relevant Web link
Not Applicable					

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non compliances, in the following format:

Yes, the Company is compliant with all the applicable laws.

S. No.	Specify the law/ regulation/ guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
Not applicable				

Leadership Indicators

- Water withdrawal, consumption and discharge in areas of **water stress** (in kilolitres):
For each facility / plant located in areas of water stress, provide the following information:
 - Name of the area
 - Nature of operations
 - Water withdrawal, consumption and discharge in the following format:

Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in kilolitres)		
(i) Surface water	-	-
(ii) Groundwater	-	-
(iii) Third party water	-	-
(iv) Seawater / desalinated water	-	-
(v) Others	-	-

Total water discharged (in kilolitres)	-	-

The Company's Plant is not located in water stress area.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Not Applicable.

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	-	-
Total Scope 3 emissions per rupee of turnover		-	-
Total Scope 3 emission intensity (<i>optional</i>) - the relevant metric may be selected by the entity		-	-

Presently, the Company is not maintaining the details of Scope 3 emissions.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Not applicable.

3. **With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along with prevention and remediation activities.**

Not Applicable.

4. **If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:**

Sr.No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Solar Power Plant: as alternate of electricity consumption.	Total 3.04 MWp solar power plant installed on rooftop to harness energy.	4,316,766 KWH produced through solar in FY 2024-25 that will lead to reduction in Carbon emissions
2	Use of PNG: in place of Diesel & LPG	PNG pipeline installed in Plant to use PNG in place of Diesel & LPG in manufacturing facilities.	Reduction in Carbon emissions
3	Energy efficient Lights in place on conventional lights : LED Lights are being used in place of conventional lights	275 nos. conventional lighting fixtures have been replaced with LED lights	More than 81,000 kWh of electricity saved in FY 2024-25.
4	Improvements in STP (sewerage treatment Plant) & ETP (Effluent treatment plant)	Installed separate secondary tube settler for ETP and screw press to improve ETP/STP efficiency.	71,797 KL water treated and used for plantation in FY 2024-25
5	Waste Management	The Company has registered with CPCB for E-waste and Plastic waste under EPR compliance.	Meeting EPR compliances.

5. **Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.**

Disaster management is an integral part of our EHS management system. The Company has implemented an onsite emergency plan to tackle emergency situations, which covers emergency preparedness (EPPs) addressing emergencies such as flooding, earthquake, major fires, disease outbreaks etc. These plans are focused on mitigation, preparedness, response and recovery to ensure minimal disruptions to business operations in case of emergencies. Key locations are equipped with emergency sirens, first aid, medical treatment facilities, and identified assembly points. To maintain a high level of preparedness, relevant training, and capacity-building programmes, including mock drills, are undertaken for employees and workers. Disaster management plans are readily available and easily accessible to all relevant stakeholders.

Overall, the Company's disaster management and emergency preparedness plans aim to ensure business continuity in case of emergencies or disasters and ensure safety of all personnel, assets and other resources.

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant impact on the financial statements are as mentioned below:

Note 2 (e), 18 (A), 18 (B) and 37 – measurement of defined benefit obligations: key actuarial assumptions

Note 2 (g), 18 (A), 18 (B) and 31 – recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.

Note 2 (o) (ii) – Impairment test of non-financial assets: key assumptions underlying recoverable amounts

Note 2 (o) (i) - Impairment of financial assets

Note 38 (B) and 2 (a) (v) - Fair value measurement of financial instruments

Note 19 and 2 (l) - Recognition of deferred tax assets: availability of future taxable profits against which such deferred tax assets can be adjusted

(v) Measurement of fair values

A number of the Company's accounting policies and disclosures require measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to measurement of fair values.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

Notes forming part of the financial statements for the year ended 31 March 2025

(All amounts in Rs. Lakhs unless stated otherwise)

When measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the changes have occurred.

Further information about the assumptions made while measuring fair values is included in note 38 - financial instruments.

(vi) *New Accounting Standards and amendments adopted by the Company*

The Ministry of Corporate Affairs vide notification dated 9 September 2024 and 28 September 2024 notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024 and Companies (Indian Accounting Standards) Third Amendment Rules, 2024, respectively, which amended / notified certain accounting standards (see below), and are effective on or after 1 April 2024:

- Insurance Contracts – Ind AS 117

- Lease liability in sale and leaseback - amendments to Ind AS 116

These amendments did not have any material impact on the financial statements of the Company.

(b) **Property, plant and equipment ('PPE')**

(i) *Recognition and measurement*

Property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and/ or accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Capital work-in-progress comprises the cost of PPE that are not ready for their intended use at the reporting date.

Advances paid towards acquisition of PPE outstanding at each Balance sheet date, are shown as capital advances under other non-current assets.

Any gain or loss on disposal of item of PPE is recognised in the Statement of Profit and Loss.

Notes forming part of the financial statements for the year ended 31 March 2025

(All amounts in Rs. Lakhs unless stated otherwise)

(ii) *Subsequent expenditure*

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iii) *Depreciation*

Depreciation is calculated on cost of items of PPE less their estimated residual values over their estimated useful lives using the straight-line method, and is recognised in the Statement of Profit and Loss. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term. Freehold land is not depreciated.

Depreciation on items of PPE is calculated on the basis useful lives as specified below:

Particulars	Management estimate of useful life (Years)	Useful life as per Schedule II of the Companies Act, 2013 (Years)
Buildings	3-60	3-60
Office equipment	2-10	5
Furniture and fixtures	3-10	10
Vehicles	4-10	8-10
Plant and equipment	2-35	15-35
Computers	3-6	3-6

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

(c) **Intangible assets**

(i) *Intangible assets acquired separately:*

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Notes forming part of the financial statements for the year ended 31 March 2025

(All amounts in Rs. Lakhs unless stated otherwise)

(ii) *Internally generated: Research and development*

Expenditure on research activities is recognised in the Statement of Profit and Loss as incurred.

Development expenditure is capitalised as part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in the Statement of Profit and Loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortisation and/ or any accumulated impairment losses.

(iii) *Subsequent expenditure*

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in the Statement of Profit and Loss as incurred.

(iv) *Amortisation*

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in the Statement of Profit and Loss.

The estimated useful lives are as follows:

- Software 3-10 years
- Technical know-how 2.5-15 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

(v) *Derecognition*

Intangible assets are derecognised on disposal or when no future economic benefits are expected from their use and disposal.

(d) **Inventories**

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the moving weighted average method, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. In the case of manufactured inventories and work-in-progress, cost includes an appropriate share of fixed production overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Notes forming part of the financial statements for the year ended 31 March 2025**(All amounts in Rs. Lakhs unless stated otherwise)**

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value. The comparison of cost and net realisable value is made on an item-by-item basis.

(e) Employee benefits*Short-term employee benefits*

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., salaries and wages, short term compensated absences and bonus etc., if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

*Post-employment benefits***- Defined contribution plans**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions and will have no legal or constructive obligation to pay further amounts. The Company makes specified contributions towards these schemes such as Superannuation Fund, Provident Fund, Employee State Insurance and other funds as determined under relevant schemes and/ or statute. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the Statement of Profit and Loss in the periods during which the related services are rendered by employees.

- Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. Gratuity is a defined benefit plan. The liability or asset recognised in the balance sheet in respect of gratuity plan is the present value of the defined benefits obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by an actuary using the projected unit credit method.

Remeasurement of the net defined benefit liability i.e. Gratuity, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in retained earnings. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefits that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in the Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Notes forming part of the financial statements for the year ended 31 March 2025

(All amounts in Rs. Lakhs unless stated otherwise)

Other long-term employee benefits

Compensated absences

The Company's net obligations in respect of long-term employee benefits other than post-employment benefits is the amount of future benefits that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. Obligations such as those related to compensated absences are measured on the basis of an annual independent actuarial valuation using the projected unit cost credit method. The employees can carry forward unutilized compensated absences and utilize them in future periods or receive cash in lieu thereof as per the Company's policy. Remeasurement gains or losses are recognised in the Statement of Profit and Loss in the period in which they arise.

Termination benefits

Termination benefits are recognised as an expense when, as a result of past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

(f) Provisions (other than for employee benefits)

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Expected future operating losses are not provided for.

(i) Warranties

Provision for warranties is recognised when the underlying products or services are sold. The provision is based on technical evaluation, historical warranty data and a weighing of all possible outcomes by their associated probabilities. The timing of outflows will vary as and when warranty claim will arise.

(ii) Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

(g) Contingent liabilities

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

Notes forming part of the financial statements for the year ended 31 March 2025**(All amounts in Rs. Lakhs unless stated otherwise)**

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are recognized when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

A contingent asset is disclosed where an inflow of economic benefits is probable.

(h) Commitments

Commitments include the amount of purchase order / contracts (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each reporting date.

(i) Revenue**(a) Revenue from contract with customers*****Sale of goods and rendering of services***

Under Ind AS 115, the Company recognizes revenue when or as a performance obligation is satisfied by transferring a promised good or service to a customer.

Further, revenue is recognized based on a 5-Step Methodology which is as follows:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when or as the entity satisfies a performance obligation

The Company disaggregates revenue from contracts with customers by geography.

Use of significant judgements in revenue recognition:

- i. The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.
- ii. Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

Notes forming part of the financial statements for the year ended 31 March 2025

(All amounts in Rs. Lakhs unless stated otherwise)

- iii. The Company uses judgement to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative standalone selling price of each distinct product or service promised in the contract.
- iv. The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Sale of products

Revenue from sale of products is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of the products at an amount that reflect the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

Rendering of services

Consideration received for services not yet rendered and for which Company has an obligation to perform is recognised as revenue received in advance and subsequently recognised as revenue in the Statement of Profit and Loss over the period of the contract.

Revenue from royalty is recognized on accrual basis as per the terms of agreement entered into with the respective parties.

Revenue from dealer support services is recognized on accrual basis as per the terms of agreement entered into with the Dealers.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

(b) Other operating revenue – Export incentives

Export incentives are accounted for on an accrual basis.

(j) Recognition of interest income or expense

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument to:

- The gross carrying amount of the financial asset; or
- The amortised cost of the financial liability.

Notes forming part of the financial statements for the year ended 31 March 2025**(All amounts in Rs. Lakhs unless stated otherwise)**

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

(k) Borrowing costs

Borrowing costs includes interest and other costs (including exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(l) Income-tax

Income tax comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of the assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax asset is recognised for the carryforward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised. Therefore, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized.

Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefits will be realized.

Notes forming part of the financial statements for the year ended 31 March 2025

(All amounts in Rs. Lakhs unless stated otherwise)

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset only if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authorities.

(m) Leases

The Company's lease asset classes primarily consist of leases for Buildings and Plant and equipment. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date. These are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates of the Company. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Notes forming part of the financial statements for the year ended 31 March 2025**(All amounts in Rs. Lakhs unless stated otherwise)***Judgements and estimates:-*

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

(n) Financial Instruments*i) Recognition and initial measurement*

Trade receivables are initially recognised at their transaction price. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

*ii) Classification and subsequent measurement*Financial assets

On initial recognition, a financial asset is classified as measured at:

- a. Amortised cost; or
- b. Fair value through profit and loss ('FVTPL')

Financial assets are not reclassified subsequent to their initial recognition, except if the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets which are not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets, unless they are designated as hedging instruments, for which hedge accounting is applied. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Notes forming part of the financial statements for the year ended 31 March 2025

(All amounts in Rs. Lakhs unless stated otherwise)

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on de-recognition is recognised in profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL, if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on de-recognition is also recognised in profit or loss.

iii) *De-recognition*

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or if it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Notes forming part of the financial statements for the year ended 31 March 2025**(All amounts in Rs. Lakhs unless stated otherwise)**

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

iv) Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

(o) Impairment*i) Impairment of financial assets*

The Company recognises loss allowances for expected credit loss on financial assets measured at amortised cost. At each reporting date, the Company assesses whether financial assets carried at amortised cost is credit-impaired. A financial asset is 'credit-impaired' when one or more events that have detrimental impact on the estimated future cash flows of the financial assets have occurred.

The Company measures loss allowances at an amount equal to lifetime expected credit losses for a financial instrument if the credit risk on that financial instrument has increased significantly since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12 month ECL.

With respect to trade receivables, the loss allowances are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. The Company follows 'simplified approach' for recognition of impairment loss allowance for trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime expected credit loss at each reporting date, right from its initial recognition.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

To assess whether there is a significant increase in credit risk, the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as the date of initial recognition.

Notes forming part of the financial statements for the year ended 31 March 2025

(All amounts in Rs. Lakhs unless stated otherwise)

The Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. difference between the cash flow due to the Company in accordance with the contract and the cash flow that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowance for financial assets measured at amortised cost is deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtors do not have assets or sources of income that could generate sufficient cash flows to repay the amount subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedure for recovery of amounts due.

ii) *Impairment of non-financial assets*

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in profit or loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the assets of the CGU (or group of CGUs) on a pro rata basis.

An impairment loss in respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Notes forming part of the financial statements for the year ended 31 March 2025**(All amounts in Rs. Lakhs unless stated otherwise)****(p) Operating segments**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Company's Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance.

(q) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash in hand, demand deposits held with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(r) Statement of Cash flows

Cash flows are reported using the indirect method, whereby profit / (loss) for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(s) Earnings per share

Basic earnings per share are calculated by dividing the net profit / (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year end, except where the results would be anti-dilutive.

(t) Research and development

Expenditure on research is recognised in the Statement of Profit and Loss under the respective heads of account in the period in which it is incurred.

Expenditure on development activities, whereby research findings are applied to a plan or design for the production of new or substantially improved products and processes, is capitalised, if the cost can be reliably measured, the product or process is technically and commercially feasible and the Company has sufficient resources to complete the development and right to use the asset. The expenditure capitalised includes the cost of materials, direct labour and an appropriate proportion of overheads that are directly attributable to preparing the asset for its intended use. Other development expenditure is recognised in the Statement of Profit and Loss as an expense as incurred.

Capitalised development expenditure is stated at cost less accumulated amortisation and impairment losses. Property, plant and equipment used for research and development are depreciated in accordance with the Company's policy as stated above.

(u) Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 7 May 2025, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2025, applicable from 1 April 2025, as below:

Ind AS 21 - The Effects of Changes in Foreign Exchange Rates - This amendment requires entities to assess currency exchangeability, estimate exchange rates when currencies are not readily exchangeable, and provide additional disclosures in such cases. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2025. The Company has evaluated the amendment and does not expect this amendment to have any significant impact in its financial statements.

2. Rights, preferences and restrictions attached to the equity shares :-

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts, if any, in proportion to the number of equity shares held.

*** Represents provision for contingencies pertaining to estimated outflow in respect of litigations and disputes. While the timing and amount of cash outflows is determinable only on occurrence of future uncertain events, the Company expects outflow within one year from the reporting date. It includes:

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(All amounts in Rs. Lakhs unless stated otherwise)

- (i) contingencies pertaining to arbitration award received by the company amounting to Rs. 1,152.44 lakhs. In September 2010, the Company had initiated arbitration proceedings against the Delhi Metro Railway Corporation (DMRC) seeking compensation for losses due to cancellation of a contract. The Company had won an arbitral award in August 2014 allowing claims of Rs. 1,152.44 lakhs which was challenged by DMRC before Hon'ble High Court of Delhi ('High Court'). During the year ended 31 March 2024, the Company had filed an Execution Petition before High Court for enforcement of Arbitration Award and High Court directed the release of the said amount to the Company, subject to satisfaction of the Registrar General on submission of security. The amount of Rs. 1,152.44 lakhs was released to the Company on 30 March 2024, upon furnishing bank guarantee. The management is expecting a favorable outcome based on the evaluation of the case. As the case filed by DMRC is presently sub-judice and bank guarantee had been furnished, the management recorded a provision for contingencies of Rs. 1,152.44 lakhs in the financial statements during the year ended 31 March 2024.
- (ii) contingencies pertaining to sales tax and consumer court case amounting to Rs. 134.50 lakhs (previous year Rs. 122.62 lakhs).

35 The Company has established a comprehensive system for maintenance of information and documents as required by the transfer pricing regulation under sections 92-92F of the Income-Tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company continuously updates its documentation for the international transactions entered into with the associated enterprises during the financial year and expects such records to be in existence latest by the due date as required under law. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of income tax expense and that of provision for taxation.

	632.21	718.97
Total	4,594.29	5,165.98

For details about the related employee benefit expenses, refer to note 27.

(ii) Defined benefit plan - Gratuity

The Company operates a gratuity plan wherein every employee is entitled to the benefit equivalent to 15 days salary (includes dearness allowance) last drawn for each completed year of service. The same is payable on termination of service, or retirement, or death whichever is earlier. The benefits vest after five years of continuous service. Gratuity benefits valued are in accordance with the payment of Gratuity Act, 1972.

The above defined benefit plan exposes the Company to following risks:

Interest rate risk:

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

Salary inflation risk:

Higher than expected increases in salary will increase the defined benefit obligation.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(All amounts in Rs. Lakhs unless stated otherwise)

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

The Company actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. The Company has not changed the processes used to manage its risks from previous periods. The funds are managed by specialised team of Life Insurance Corporation of India.

a) Funding

This is a funded benefit plan for qualifying employees. The Company makes contributions to Life Insurance Corporation of India ("LIC of India"). The assets managed by the fund manager are highly liquid in nature and the Company does not expect any significant liquidity risks.

The Company expects to pay Nil (previous year Rs. 100 lakhs) in contribution to its defined benefit plans in 2025-26.

b) Reconciliation of present value of defined benefit obligation

Particulars	As at 31 March 2025	As at 31 March 2024
Balance at the beginning of the year	6,104.91	5,774.33
Benefits paid	(674.37)	(496.51)

(All amounts in Rs. Lakhs unless stated otherwise)

d) Expense recognised in profit or loss

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Current service cost	415.86	374.75
Interest cost	60.24	80.68
	476.10	455.43

e) Remeasurements recognised in other comprehensive income

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Actuarial loss / (gain) on defined benefit obligation	162.94	45.62
Remeasurement loss / (gain) - return on plan assets	30.28	(14.10)
	193.22	31.52

f) Plan assets

The plan assets are maintained with Life Insurance Corporation of India Gratuity Scheme. The details of investments maintained by Life Insurance Corporation of India and asset-liability matching strategies are not available with the Company and have not been disclosed.

g) Actuarial assumptions

Particulars	As at 31 March 2025	As at 31 March 2024
Discount rate (per annum)	6.90% p.a	7.23% p.a
Future salary growth rate (per annum)	9.00% p.a	9.00% p.a
Attrition rate	5.00% p.a	5.00% p.a
Future Mortality	IALM 2012-14 (Ultimate)	IALM 2012-14 (Ultimate)

h) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would increase / (decrease) defined benefit obligation by the amounts shown below:-

	As at 31 March 2025		As at 31 March 2024	
	Increase	Decrease	Increase	Decrease
Discount rate (0.5% movement)	(215.44)	229.46	(196.93)	209.59
Future salary growth rate (1.0% movement)	459.94	(413.96)	421.33	(379.63)
Attrition rate (0.5% movement)	(28.07)	29.86	(21.56)	22.97

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same methods (present value of defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(All amounts in Rs. Lakhs unless stated otherwise)

The methods and assumptions used in preparing the sensitivity analysis did not change as compared to the previous year.

Maturity profile of defined benefit obligation:

Expected cash flows (valued on undiscounted basis):

Particulars	As at 31 March 2025	As at 31 March 2024
Within 1 year	767.05	785.43
2-5 years	2,592.41	2,599.42
6-10 years	2,632.08	2,485.12
After 10 years	5,580.78	5,279.64

The weighted average duration of the defined benefit obligation of gratuity fund at 31 March 2025 is 14.77 years (previous year 14.19 years).

(iii) Defined contribution plans

The Company makes contribution towards employees' provident fund, superannuation fund and employees' state insurance plan scheme. Under the schemes, the Company is required to contribute a specified percentage of payroll cost, as specified in the rules of the scheme, to these defined contribution schemes. The Company has recognised expense towards contribution to these plans as detailed below:

Particulars*	Year ended 31 March 2025	Year ended 31 March 2024
Provident fund	1,050.24	1,006.33
Superannuation fund	330.15	282.73
Employees' state insurance scheme	4.41	3.42
	1,384.80	1,292.48

* Included in contribution to provident and other funds in note 27

38 Financial Instruments - Risk Management and Fair Values

(A) Financial risk management

During the course of its business, the Company is exposed to certain financial risks that could have significant influence on the Company's business and operational / financial performance. These include market risk (including foreign currency risk, interest rate risk), credit risk and liquidity risk.

The Board of Directors reviews and approves risk management framework and policies for managing these risks and has constituted Risk Management Committee to monitor mitigating actions taken by Management, minimize potential adverse effects and achieve greater predictability to earnings.

The Company uses derivative financial instruments to hedge risk exposures in accordance with the Company's policies as approved by the Board of Directors.

The Company has exposure to the following risk arising from financial instruments:

- Market risk (refer (I))
- Credit risk (refer (II)) and
- Liquidity risk (refer (III))

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(All amounts in Rs. Lakhs unless stated otherwise)

(I) Market risk

Market risk is the risk of any loss in future earnings, realisable fair values or future cash flows that may result from fluctuations in the pricing of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates as future market changes cannot be normally predicted with reasonable accuracy.

i. Foreign currency risk management:

The Company is exposed to foreign currency risk to the extent that there is a mismatch between the currencies in which sales and purchases are denominated and functional currency of the Company, i.e. Indian Rupee (Rs.). The currencies in which these transactions are primarily denominated are US Dollar, Euro, Pound (GBP) and Japanese Yen (Yen). The Company uses currency swap contracts to hedge its currency risk as per the approved policy of the Company. The Company's policy is to ensure that its net exposure is kept to an acceptable level which will not have material effect on the profits of the Company if there is any fluctuation in the currency rates.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period, as reported to management, are as follows:

As on 31 March 2025:

Foreign Currency	Liabilities			Assets			Net overall exposure-net assets / (net liabilities) (in Rs. lakhs)
	Gross Exposure (in Rs. lakhs)	Exposure hedged using derivatives i.e. Cross currency interest rate swaps (in Rs. lakhs)	Net liability exposure (in Rs. lakhs)	Gross Exposure (in Rs. lakhs)	Exposure hedged using derivatives (in Rs. lakhs)	Net asset exposure (in Rs. lakhs)	
USD	-	-	-	816.01	-	816.01	816.01
EUR	48.18	-	48.18	-	-	-	(48.18)

As on 31 March 2024:

Foreign Currency	Liabilities			Assets			Net overall exposure-net assets / (net liabilities) (in Rs. lakhs)
	Gross Exposure (in Rs. lakhs)	Exposure hedged using derivatives i.e. Cross currency interest rate swaps (in Rs. lakhs)	Net liability exposure (in Rs. lakhs)	Gross Exposure (in Rs. lakhs)	Exposure hedged using derivatives (in Rs. lakhs)	Net asset exposure (in Rs. lakhs)	
USD	98.64	-	98.64	82.04	-	82.04	(16.60)
YEN	8.83	-	8.83	-	-	-	(8.83)

- Sensitivity analysis:

A reasonably possible strengthening (weakening) of the Indian Rupee by 1% against below currencies at 31 March 2025 and 31 March 2024 would have impacted the exposure in relation to financial instruments denominated in foreign currency and increased / decreased profit before tax and equity by the amounts shown below. This analysis is performed on foreign currency denominated monetary financial assets and financial liabilities outstanding as at the year end. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(All amounts in Rs. Lakhs unless stated otherwise)

Particulars	31 March 2025		31 March 2024	
	Rs. strengthens by 1%	Rs. Weakens by 1%	Rs. strengthens by 1%	Rs. Weakens by 1%
Impact on profit before tax and equity for the year				
USD	(8.16)	8.16	0.17	(0.17)
EURO	0.48	(0.48)	-	-
YEN	-	-	0.09	(0.09)

ii. Interest rate risk management :

The Company is exposed to interest rate risk pertaining to funds borrowed at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies.

As at year end, financial liabilities (borrowings) of Rs. 32,019.43 lakhs (previous year Rs. 41,370.08 lakhs) were subject to variable interest rates.

- Sensitivity analysis:

The sensitivity analysis below has been determined based on the exposure to interest rates at the end of the reporting period. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

A reasonably possible change of 1 % in interest rates at the reporting date would have increased / decreased the profit before tax and equity by the amounts shown below. This analysis assumes that all other variables remain constant.

Particulars	31 March 2025	31 March 2024
Impact on profit before tax and equity for the year	320.19	413.70

The Company's certain long term loans taken from bank carries variable rate of interest, hence, it is subject to interest rate risk since carrying amount or the future cash flows will fluctuate because of a change in market interest rates.

(II) Credit risk :

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. None of the financial instruments of the Company result in material concentrations of credit risks.

The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets as at 31 March 2025 and 31 March 2024.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(All amounts in Rs. Lakhs unless stated otherwise)

The Company primarily has exposure from following types of customers:

- Dealers
- Government institutions

To manage trade receivables, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts, aging of such receivables and the country in which customers operate.

The Company's exposure to credit risk for trade receivables by the type of customers is as follows:

	Carrying amount as at	
	31 March 2025	31 March 2024
Dealers	21,166.25	13,110.77
Government institutions	5,239.42	3,732.68
Others	119.64	53.78
	26,525.31	16,897.23

Age analysis of Trade receivables is as follows:

	As at 31 March 2025				As at 31 March 2024			
	Gross	Allowance	Net	Average expected credit loss rate %	Gross	Allowance	Net	Average expected credit loss rate %
Not due	20,518.48	-	20,518.48	-	13,146.32	-	13,146.32	-

The Company makes an allowance for doubtful trade receivables using the simplified approach for expected credit loss and by continuously monitoring the recoverability of receivable balances.

Movement in expected credit loss allowance

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Balance at the beginning of the year	211.80	208.50
Add: Incremental expected credit allowance	32.02	6.68
Less: Bad debts written off	9.22	1.09
Less: Reversal of provisions	1.67	2.29
Balance at the end of the year	232.93	211.80

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(All amounts in Rs. Lakhs unless stated otherwise)

The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings.

Other financial assets measured at amortised cost: Other financial assets measured at amortized cost includes security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously and there were no indications that defaults in payment obligations would occur.

(III) Liquidity risk :

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company has obtained working capital borrowing limits of Rs. 80,783.56 lakhs from various banks to meet its liquidity needs, out of which Rs. 22,504.43 lakhs has been utilised as at 31 March 2025.

40. The Ministry of Corporate Affairs (MCA) has prescribed a requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 inserted by the Companies (Accounts) Amendment Rules 2021 requiring companies which uses accounting software for maintaining its books of account, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.

The Company uses certain accounting software for maintaining accounting records, employee reimbursement records and dealer expenses/ claims records which have a feature of recording audit trail (edit log) facility and the same have been operated throughout the year for all relevant transactions recorded in the software. Furthermore, the audit trail has been preserved by the Company as per the statutory requirements for record retention from the date the audit trail was enabled for the accounting software.

41 (a) Capital management

The Company manages its capital to ensure that the Company will be able to continue as a going concern, while maximising the return to stakeholders through efficient allocation of capital towards expansion of business, optimisation of working capital requirements and deployment of surplus funds. The Company uses the operational cash flows and equity to meet its working capital requirements. The funding requirements are met through equity, internal accruals and a combination of both long-term and short-term borrowings. The Company is not subject to any externally imposed capital requirements.

Management of the Company reviews the capital structure of the Company on a regular basis and uses debt equity ratio to monitor the same. As part of this review, management of the Company considers risks associated with the movement in the working capital and capex needs.

The following table summarises the capital structure of the Company:

	As at 31 March 2025	As at 31 March 2024
Borrowings (current and non-current)*	32,177.97	41,565.55
Less: Cash and cash equivalents	310.10	3,482.01
Net debt (A)	31,867.87	38,083.54
Total Equity (B)	38,266.27	28,558.88
Net debt to equity ratio (A/B)	0.83	1.33

- * The Company is required to comply with certain covenants under the agreement executed for some of its long term borrowings. During the financial year ended 31 March 2024, for borrowings aggregating to Rs. 594.06 lakhs, one of the financial covenants was not met by the Company and the lenders had the option to recall the said borrowings. The lender waived off the requirement of meeting the financial covenants for the year ended 31 March 2024 on borrowing amounting to Rs. 594.06 lakhs, hence, maturities of said loan due after 12 months of the reporting date had been classified as non-current liability as at 31 March 2024.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SML ISUZU LIMITED

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of SML Isuzu Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2025, the Statement of Profit and Loss (including Other Comprehensive Income/ Loss), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its profit (including other comprehensive income/ loss), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Revenue from Contract with Customers: The Company generates revenue mainly from sale of commercial vehicles such as buses and trucks, and from sale of chassis and related spares, parts and accessories, to a wide range of customers through a network of dealers established within India and outside India. The Company also provides after-sales service to its customers. Refer note 2(i) to the accompanying financial statements for the accounting policies on revenue recognition and note 23 for the details of the revenue recognised during the current year.	Our audit procedures relating to revenue recognition included, but were not limited to, the following procedures: • Understood the process of revenue recognition and evaluated the appropriateness of the revenue recognition accounting policy, adopted by the management on revenue recognition in accordance with Ind AS 115. • Evaluated the design and tested the operating effectiveness of relevant key control around revenue recognition for a sample of transactions.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(All amounts in Rs. Lakhs unless stated otherwise)

Key audit matter	How our audit addressed the key audit matter
Revenue recognition for sale of products and services in accordance with the principles of Ind AS 115 'Revenue from contracts with customers' (Ind AS 115) involves certain key judgements such as identification of performance obligations, determination of transaction price of the identified performance obligations including variable consideration in the form of volume discounts, service level credits, performance bonuses, price concessions and incentives offered by the Company, assessment of satisfaction of the performance obligations using an appropriate basis to measure the transfer of control of the products sold and services rendered to the customers. Revenue is recognised at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring goods or services to the customer, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government such as goods and services tax etc. Management judgement is involved to estimate the provision for warranty, service coupons and liquidated damages to be recorded with respect to sales made during the year. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur. Revenue is also a key performance indicator of the Company and is identified as a significant audit risk in accordance with the standards on auditing primarily as there is a risk that revenue is recognised on sale of products or services before the control is transferred. Accordingly, occurrence of revenue is a key focus area. Considering the materiality of the amounts involved, significant estimates and judgements involved in revenue recognition, this matter has been identified as a key audit matter for the current year audit.	- Selected a sample of continuing and new contracts and read the performance obligations in these contracts assessing the Company's revenue recognition policies with reference to the requirements of the applicable accounting standards. - Performed substantive testing, on a sample basis, on revenue transactions recorded during the year and revenue transactions recorded during a specific period before and after year end based on average delivery period, by inspecting supporting documents such as invoices, customer contracts, purchase orders, sales order, proof of dispatch and delivery, etc. to ensure such transactions are recorded accurately by correct amount and in correct period - Performed substantive analytical procedures such as variance analysis on revenue to identify any unusual trends or any unusual items. - Performed a retrospective review of estimates involved in warranty provision measurement and ascertained that the carrying value is reflective of the expected future obligation basis consistent application of method of estimation basis past trends. - Tested manual journal entries, if any, posted to revenue selected on a sample basis using risk based criteria in order to identify any unusual items. - Evaluated appropriateness and adequacy of the disclosures made in the accompanying financial statements in respect of revenue recognition in accordance with requirements of applicable financial reporting framework.

Information other than the Financial Statements and Auditor's Report thereon

6. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

7. The accompanying financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income/ loss, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
9. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
16. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure I a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
17. Further to our comments in Annexure I, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying financial statements;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books. Further, the back-up of the books of accounts and other books and papers of the Company maintained in electronic mode has been maintained on servers physically located in India, on a daily basis;

- c) The financial statements dealt with by this report are in agreement with the books of account;
- d) In our opinion, the aforesaid financial statements comply with Ind AS specified under section 133 of the Act;
- e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2025 and the operating effectiveness of such controls, refer to our separate report in Annexure II wherein we have expressed unmodified opinion; and
- g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company, as detailed in note 31 to the financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2025;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2025;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2025;
- iv. a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 48(a) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
- b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 48(b) to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- v. The final dividend paid by the Company during the year ended 31 March 2025 in respect of such dividend declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 43 to the accompanying financial statements, the Board of Directors of the Company have proposed final dividend for the year ended 31 March 2025 which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

- vi. As stated in Note 40 to the financial statements and based on our examination which included test checks, the Company, in respect of financial year commencing on 1 April 2024, has used accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and the same have been operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Furthermore, the audit trail has been preserved by the Company as per the statutory requirements for record retention from the date the audit trail was enabled for the accounting software.

Annexure I referred to in paragraph 16 of the Independent Auditor's Report of even date to the members of SML Isuzu Limited on the financial statements for the year ended 31 March 2025

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work-in-progress and relevant details of right-of-use assets.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a regular programme of physical verification of its property, plant and equipment, capital work-in-progress and relevant details of right-of-use assets under which the assets are physically verified in a phased manner over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain property, plant and equipment, capital work-in-progress and relevant details of right-of-use assets were verified during the year and no material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in Note 3 to the financial statements, are held in the name of the Company.
- (d) The Company has not revalued its property, plant and equipment including right-of-use assets or intangible assets during the year.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended) and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year, except for goods-in-transit and inventory lying with third parties. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed as compared to book records. In respect of inventory lying with third parties, these have substantially been confirmed by the third parties and in respect of goods-in-transit, these have been confirmed from corresponding receipt and/or dispatch inventory records.
- (b) As disclosed in Note 15 to the financial statements, the Company has been sanctioned a working capital limit in excess of Rs. 500 lakhs by banks based on the security of current assets. The quarterly statements, in respect of the working capital limits have been filed by the Company with such banks and such statements are in agreement with the books of account of the Company for the quarter ended 30 June 2024, 30 September 2024 and 31 December 2024, which were not subject to audit and for the quarter ended 31 March 2025 which is subject to audit.
- (iii) The Company has not made any investment in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or any other parties during the year. Accordingly, reporting under clause 3(iii) of the Order is not applicable to the Company.
- (iv) The Company has not entered into any transaction covered under sections 185 and 186 of the Act. Accordingly, reporting under clause 3(iv) of the Order is not applicable to the Company.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there are no amounts which have been deemed to be deposits within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.

Annexure I referred to in paragraph 16 of the Independent Auditor's Report of even date to the members of SML Isuzu Limited on the financial statements for the year ended 31 March 2025

- (vi) The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's products/ services / business activities. Accordingly, reporting under clause 3(vi) of the Order is not applicable.
- (vii) (a) In our opinion and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited with the appropriate authorities by the Company, though there have been slight delays in a few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, we report that there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Independent Auditor's Report on the internal financial controls with reference to the financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the financial statements of SML Isuzu Limited ('the Company') as at and for the year ended 31 March 2025, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on internal financial controls with respect to financial statements criteria established by the company considering the essential components of internal financial controls stated in Guidance Note on Audit of internal Financial Controls over Financial Reporting ('The Guidance Note') issued by the institute of Chartered Accountants of India (the ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit

preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2025, based on internal financial controls with respect to financial statements criteria established by the company considering the essential components of internal financial controls stated in Guidance Note on Audit of internal Financial Controls over Financial Reporting ('The Guidance Note') issued by ICAI.
