'UNCOMPLICATING WEALTH'

begins with the people who work behind it, every day. It is shaped in conversations, in careful decisions and in the quiet discipline that goes into doing things the right way, consistently over time. What may appear simple on the surface is often the result of thoughtful effort and deep understanding in the background.

Behind every portfolio, every interaction and every outcome is the collective effort of our people. It is the attention they bring to every detail, the responsibility they carry for every outcome and the consistency with which they show up for our clients that brings our philosophy of uncomplicating wealth to life. For our clients, this creates an experience that feels intuitive and composed.

As the road ahead unfolds, one thing stays unchanged. Our people. In a world of constant flux, their judgement and their way of holding the long view will continue to ensure that complexity never overwhelms and the journey ahead remains uncomplicated and assured.

About Us

Uncomplicating Wealth Across Cycles

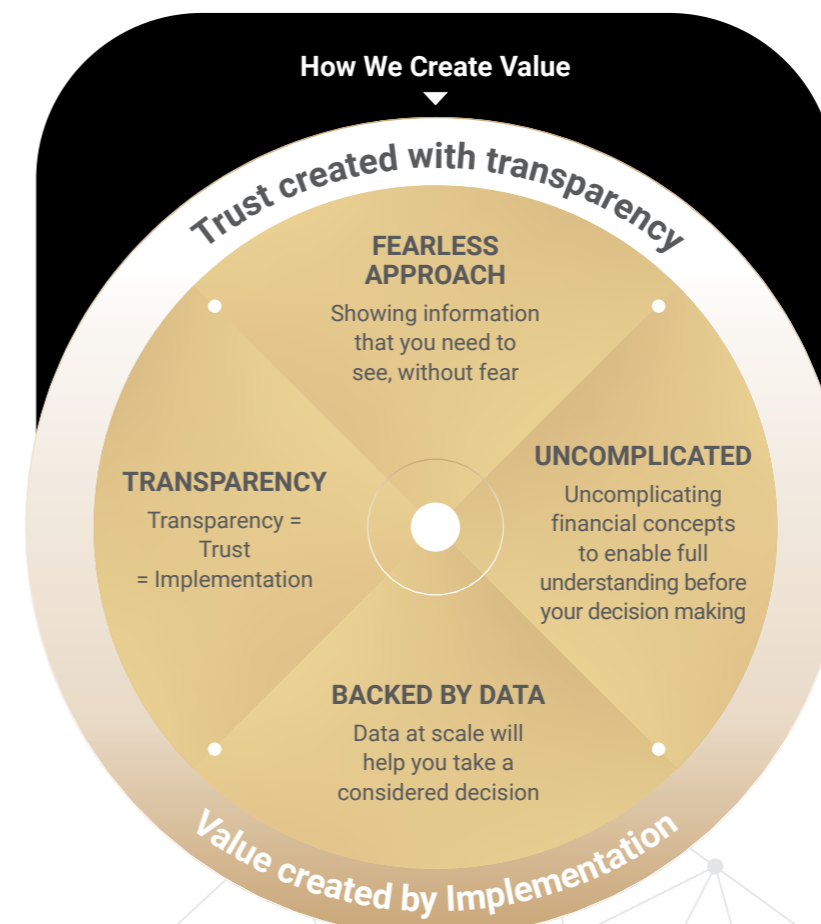

Anand Rathi Wealth Limited is a Nifty 500-listed company that has been in the business of private wealth since 2002, catering to High-Net-Worth Individuals (HNIs) and Ultra-High-Net-Worth Individuals (UHNIs).

Registered with AMFI as a Mutual Fund Distributor, we oversee Assets Under Management (AUM) of over ₹1,00,000 Crores across 13,395 client families in India and abroad. Our team of 401 Relationship Managers (RMs) operates across 18 cities in India, with an international presence in Dubai. We have opened our United Kingdom unit, which has also received FCA approval, further strengthening our global footprint.

As the CFO of our clients' personal wealth, we present structured, data-backed financial insights that help clients make informed decisions. Our focus is on showcasing financial data and analytics on wealth creation, risk assessment, tax efficiency, and inter-generational wealth planning ensuring clients have a clear view of the potential outcomes of their choices. We equip clients with precise data to evaluate probabilities, assess risks, and decide on the best course for their wealth.

Our core values of being fearless, providing data to make decisions, and following an uncomplicated and transparent approach position us as a reliable source of financial intelligence.

We have been certified as a 'Great Place to Work' eight times, reflecting our commitment to excellence and integrity.

#AUM as disclosed by the Company in its press release dated 10 April 2026 submitted to BSE and NSE.

What we have built has never been driven by scale alone. It has grown through conversations, relationships and an understanding of what truly matters to people. Over time, this belief has steered how we think and act. It has helped us uncomplicate wealth for our clientele. We continue to listen first before we advise. This remains our way forward.

Chairman's Message

Dear Shareholders,

It gives me great pleasure to share that FY 2025-26 has been another year of strong and disciplined growth for our company. Building on the momentum of previous years, and in spite of an environment marked by elevated global uncertainty, we have delivered steady growth in revenue, profitability, and Assets Under Management (AUM). This performance reflects the strength of our client-centric approach, which is uncomplicated, transparent, and focused on long-term alignment with client outcomes.

For FY 2025-26, our consolidated revenue stood at ₹1,198 Crores – up 22% Year on Year, profit after tax at ₹386 Crores up 28% Year on Year (excluding fair value gains on investments, ESOP expenses, and related tax effects) and Return on Equity at 46.7%, underscoring the strength, scalability and robustness of our business model. This performance has come in during one of the most challenging global environments. During the year, trade frictions intensified following unilateral tariff actions by the United States, while the escalation of the Israel–US conflict with Iran disrupted energy markets and supply chains. Crude oil prices rose sharply, inflation dynamics became more complex, and financial markets experienced prolonged phases of uncertainty. These developments unfolded even as economies were still adjusting to the after-effects of earlier monetary tightening cycles.

Our Private Wealth business remains the primary growth engine, supported by deep client relationships and increasing wallet share.

India, too, navigated a challenging external environment. Tariff pressures on exports, currency depreciation and elevated energy prices created macroeconomic headwinds. Yet, despite these near-term headwinds, India has continued to grow at a healthy pace, supported by resilient domestic demand, ongoing formalisation of savings and continued policy focus on growth and infrastructure. India's structural growth story remains intact.

Equity markets, however, reflected the strain of global developments. FY 2025-26 saw the largest foreign portfolio investor outflows in a single year, and Indian equities underperformed most major global markets. Volatility increased, valuations corrected in parts of the market, and earnings momentum moderated in select sectors. For many investors, this was a year of discomfort. In such periods discipline becomes a defining differentiator. Our data driven and objective led approach remained unchanged, anchored in asset allocation, risk management and long-term thinking. Rather than reacting to short-term market movements, we continued to emphasise consistency of processes.

Our clients, in turn, have maintained their long-term strategic stance, viewing the volatility of the year not as a reason to exit markets but as an opportunity to strengthen their portfolios in line with their goals. This alignment of philosophy and behaviour has helped turn adversity into long-term opportunity for both our clients and our business.

Against this backdrop, our Company has continued to make the most of the underlying opportunity in India. As of 31 March 2026, consolidated AUM reached ₹93,037 Crores, supported by net inflows of ₹13,457 Crores and continued discipline in retaining client assets.

In line with our commitment to creating shareholder value, I am pleased to inform you that the Board has approved the issuance of bonus shares in the ratio of 1:1. The Board has also declared a final dividend of ₹7 per share and distributed an interim dividend of ₹6 per share, taking the total dividend for the year to ₹13 per share.

Our Private Wealth business remains the primary growth engine, supported by deep client relationships and increasing wallet share. Our Digital Wealth and Omni Financial Advisor platforms are expanding our reach into adjacent segments, while maintaining alignment with our core philosophy.

We are strengthening our ESG (Environmental, Social, and Governance) framework by integrating responsible practices to stay aligned with evolving industry best practices. At the same time, we continue to reinforce our institutional foundation; our people, culture, and governance; through ongoing investment in talent development and a performance framework aligned with long-term client outcomes. Our governance structures, internal controls, and risk management processes remain robust, reflecting our

commitment to operating with integrity and transparency.

Looking ahead, we remain constructive on the long-term opportunities. India's wealth creation cycle appears structurally strong, supported by favourable demographics, entrepreneurship, rising financial awareness and a rapidly expanding base of HNI and UHNI families. At the same time, the events of the last year are a reminder that global markets can move swiftly in response to geopolitical and policy shocks. In this environment, we believe our objective driven and uncomplicated approach to wealth solutions will remain highly relevant and that our business model and disciplined approach position us well to continue creating long-term value for all stakeholders.

On behalf of the Board, I extend my sincere gratitude to all our stakeholders – our clients for their trust, our employees for their commitment, our partners for their support, and our regulators, lenders and shareholders for their confidence. We remain committed to upholding that trust and delivering sustained long-term value.

I wish you all the best.

With warm regards,

Anand Nandkishore Rathi
Chairman and Non-Executive Director

CEO's Message

Dear Shareholders,

The FY 2025-26 year has reaffirmed a simple yet important principle: in uncertain environments, how a business operates is as important as what it delivers. Despite market volatility and fluctuating sentiment, Anand Rathi Wealth Limited continued to grow, demonstrating the strength of our business model designed to endure through various equity market cycles,

the resilience of our teams, and the clarity with which we executed our strategic priorities.

We work with clients across three clear objectives: 1) targeting 14%-15.5% per annum returns with a Beta of 0.6 and a Jensen's Alpha of 5%-6.5%; 2) ring-fencing wealth against unforeseen liabilities; and 3) achieving near-zero transmission loss through an effective estate plan. The strategy to achieve these has remained intact, and portfolio outcomes have largely been in line with these objectives. This consistency in delivery has led clients to stay with us over long periods and refer

others to us. It is this consistent delivery on our commitments that gives us the conviction to grow this organisation significantly in the years ahead.

During the year, these principles were tested. Markets presented multiple distractions—sharp movements in commodity prices, renewed interest in global equities, and episodic shifts in sentiment. Rather than responding tactically, we remained anchored on our process. Our investment frameworks remained unchanged, and our engagement with clients became more intensive and data-driven.

The outcome of this disciplined approach is reflected in the consistency of our financial performance. In FY 2025-26, we delivered over 20% growth in revenue and over 25% growth in profits, in line with our long-term growth guidance, supported by healthy net inflows, client additions and a steady increase in AUM. We have maintained a consistent track record of exceeding our stated revenue and profit guidance, which continued for FY 2025-26. We have recently won the Diamond Award in the ESG category at the Workplace Excellence Awards 2026, organized by INFHRA for the Mumbai region.

Looking ahead, our priorities remain unchanged. We will deepen relationships with existing clients, add new clients aligned with our philosophy, strengthen our talent pool, and continue investing in research, technology and processes while keeping our proposition uncomplicated. For us, Growth is a function of consistency rather than expansion for its own sake.

India continues to offer strong long-term wealth creation opportunities. While markets may remain volatile due to global developments, the underlying structural growth of the Indian economy and rising financialisation remain intact. This will continue to drive the need for trusted wealth solutions providers. At Anand Rathi Wealth Limited, we are well positioned to navigate this environment with a disciplined approach and a strong focus on our clients' long-term financial goals.

I would like to thank our clients, teams, partners and shareholders for their continued trust. We remain committed to being responsible stewards of both your capital and your confidence.

Warm regards,

Rakesh Rawal

Whole-time Director & Chief
Executive Officer

Beyond the Letter: Rakesh Rawal Uncomplicated

For those who would like to understand the thinking and philosophy behind our approach in greater depth, we have created a six-part podcast series titled "Rakesh Rawal Uncomplicated".

In this podcast series, Rakesh Rawal is in conversation with four of our long-standing colleagues—Manish Srivastava, Poonam Raghuvanshi, Aarti Desikan and Divya Sreenivasan—each of whom, like Rakesh, has been with the organisation since 2007. Through these conversations, Rakesh Rawal reflects on the principles, decisions, and the thought process that shaped Anand Rathi Wealth Limited in its early years and continue to guide it today.

“Anand Rathi Wealth Limited continued to grow with consistency, reflecting the strength of our business model designed to endure across cycles, the resilience of our teams, and the clarity with which we have executed our strategic priorities.”

Joint CEO's Message

Dear Friends,

Before I discuss the year, I would like to acknowledge a deeply personal loss. We lost our colleague, Chethan Shenoy, who played a pivotal role in shaping our research and product philosophy. More than his professional contribution, he will be remembered for his integrity, intellectual clarity and unwavering commitment. His presence enriched our workplace, and his legacy will remain an integral part of our culture.

People and culture remain central to our ability to deliver. Our "grow from within" approach means most new Relationship Managers are promoted from Account Manager roles after several years of training in our philosophy, tools and client-engagement standards.

“I would like to thank our teams for their dedication and commitment, and our clients for the trust they place in us. Their continued support enables us to deliver consistent outcomes and build enduring relationships.”

This ensures that as we scale, we do so without compromising the quality and consistency of our approach, and our Relationship Managers feel deep ownership of client outcomes.

Over the past year, we dedicated our efforts to enhancing client engagement and improving on-the-ground execution. Our interactions with clients became more focused and data-driven, emphasising discussions about probabilities, drawdowns, and long-term outcomes rather than just short-term performance. This consistent and disciplined approach has allowed us to maintain strong relationships with our clients, as evidenced by an exceptionally low client attrition rate of 0.54% in FY 2025-26, measured by assets under management lost.

We added net 21 Relationship Managers, taking the total RM strength to 401 as of 31 March 2026, with regret RM attrition again contained below 2%. We continued to be recognised as a Great Place to Work for the 8th year, which we see as an important indicator of our long-term sustainability.

As we move forward, our focus remains on strengthening the foundation of our business—our people, our processes and our client relationships. We will continue to invest in building capabilities, nurturing talent internally, and ensuring that our teams remain aligned with the philosophy that defines us.

I would like to thank our teams for their dedication and commitment, and our clients for the trust they place in us. Their continued support enables us to deliver consistent outcomes and build enduring relationships.

Warm regards,

Feroze Azeez

Joint Chief Executive Officer

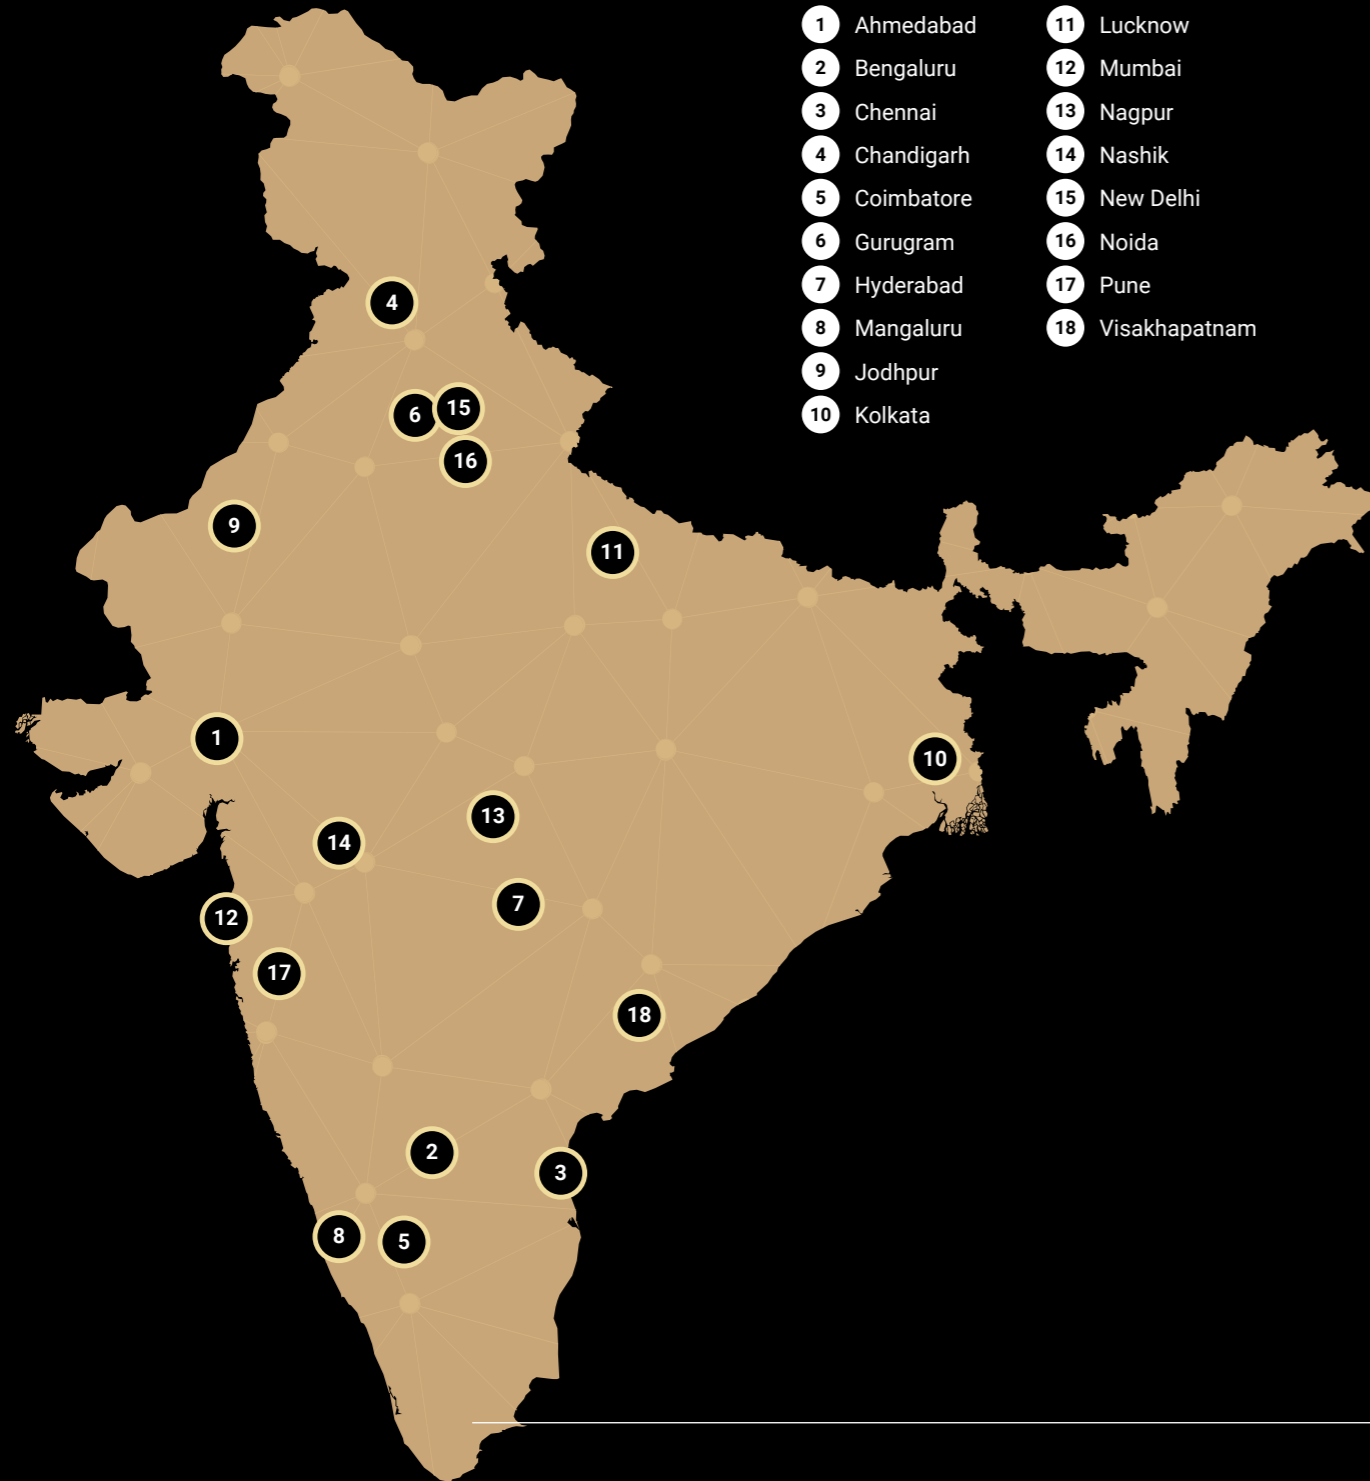

“During the year, our focus remained on strengthening client engagement and execution on the ground. Our interactions with clients became more intensive and data-driven, with conversations centered on probabilities, drawdowns and long-term outcomes rather than short-term performance.”

From Goals to Portfolios: The Journey

Product and Solution Innovation

Advancing Capabilities with Purpose

ARWL's offering is built as a continuous journey, not a one-time exercise—starting with understanding client goals and extending through strategy, execution, and regular review. It translates financial planning into a clear, structured investment path aligned to each client's objectives. Portfolios are designed to evolve with changing circumstances, rather than short-term market movements. Clear communication by relationship managers ensures clients stay informed and confident in their decisions.

What we offer

Plan A: Mutual Funds

We select funds through a rigorous evaluation framework that combines quantitative metrics and qualitative insights. This method ensures alignment with portfolio objectives while maintaining consistency over time.

01

Excess Return over Benchmark

We identify sources of excess return that can be generated for the client through disciplined market-cap allocation, category selection and finally scheme selection. This enables us to capture differentiated return opportunities across market cycles.

03

Scheme Selection

We shortlist investment options through a combination of quantitative metrics and qualitative assessment, including performance consistency, futuristic expectations, risk parameters and fund management capabilities. This approach ensures a well-considered selection.

02

Allocation Strategy

We allocate capital across equity Mutual funds categories based on return potential, risk dynamics and liquidity considerations. The intent is to build portfolios that remain aligned to long-term objectives while adapting to shifting market conditions.

04

Continuous Review

We continuously monitor portfolio performance and underlying investments. This allows for timely rebalancing and refinement as market conditions evolve

Plan B - Structured Products as a stabiliser

"Plan B" complements the core portfolio by introducing structured products aimed at enhancing portfolio stability. These instruments are selectively deployed to manage downside risk and provide greater visibility on return outcomes, particularly in uncertain market environments.

Centralised Expertise – Product & Research Team

The delivery of uncomplicated solutions is underpinned by a centralised ecosystem of specialist teams across research, product, and portfolio construction. These teams are responsible for identifying opportunities, monitoring performance, and continuously refining model portfolios.

A key feature of this architecture is the presence of defined internal filters and approval processes. Every recommendation undergoes rigorous evaluation before being incorporated into client portfolios, ensuring consistency in both quality and communication. This centralisation of expertise allows relationship managers to focus on client engagement while relying on a robust institutional

framework for investment decisions. It also ensures that, regardless of scale, each client benefits from the same disciplined approach—where complexity is absorbed within the system and delivered as clarity at the front end.

Growth Strategy

Progressing with Structure and Stability

Our growth is not driven by a single factor but by a combination of levers that work together over time. These include deeper client engagement, broader reach and stronger execution. Together, these drivers create a balanced path to growth, one that remains scalable while staying aligned with long-term client outcomes.

Where Growth Comes From

Deepening Client Wallet Share

As trust builds and portfolios mature, clients progressively allocate a larger share of their investable surplus. As a result, many relationship managers reach the stage of managing the client's entire wealth.

Client Expansion

We continue to grow our presence across markets and client segments through calibrated expansion. A wider presence, coupled with rising financial awareness, continues to widen the scope of opportunity.

Talent Strength

The Relationship Manager network forms the core of our growth engine. Much of our growth comes from within. We promote internally, where an AM trained under an RM for a minimum of 3 years is promoted to Relationship Manager. This model has been successful as the AM has the exposure of the culture and process, and now must deliver it themselves.

Portfolio-Led Growth

AUM growth is supported by disciplined investing, long-term compounding and consistent client engagement. Portfolio rebalancing and sustained participation allow us to navigate cycles while maintaining momentum.

Board's Report (Contd.)

FINANCIAL & BUSINESS PERFORMANCE DURING FY 2025-26

Our Company has reported another year of consistent, market-agnostic performance. For FY26, the Company's consolidated revenue stood at ₹1,253.11 Crores and reported Profit After Tax (PAT) was ₹397.17 Crores, after considering fair value gains on investments of ₹54.62 Crores, ESOP expenses of ₹39.34 Crores, and the related combined tax effects of ₹3.84 Crores.

For better comparability with prior period numbers, excluding fair value gains on investments, ESOP expenses, and the related tax impact, consolidated total income stood at ₹1,198.49 Crores as against ₹980.24 Crores in the previous year, reflecting a year-on-year growth of 22.3%. Additionally, PAT for FY26 stood at ₹385.73 Crores compared to ₹300.51 Crores in FY25, marking a year-on-year growth of 28.4%. This performance underscores the Company's consistency and its ability to navigate challenging market conditions while maintaining a strong focus on delivering value to its stakeholders.

FY 2025-26 was a difficult year for Indian equity markets, with uncertainty and changing investor sentiment weighing on overall performance. This was reflected in a significant market downturn, marking the weakest fiscal performance since FY20, with the Nifty 50 declining by 5% and the BSE Sensex falling by over 7%. The year was further characterized by heightened volatility, sustained FII outflows, rising crude prices, and geopolitical tensions.

In spite of subdued market conditions, the Company's consolidated Assets Under Management (AUM) stood at ₹93,037 Crores as of 31 March 2026, a year-on-year increase of 21%. This growth can be attributed to a robust expansion in client base and the net inflows evident from 14% increase in active client families to 13,395 as on 31 March 2026. Furthermore, consolidated net inflows saw an increase of 7%, reaching ₹13,457 Crores in FY 2025-26.

We added 21 Relationship Managers (RMs) on a net basis during FY 2025-26, bringing the total to 401 by the end of the year. Most of these RMs were promoted from Account Managers, who continue to be our largest source of RMs and a key competitive strength. For the full year, regret RM attrition remained below 2%. This highlights the resilience of the Company's organisational culture and the effectiveness of long-term employee engagement strategies.

As part of the Company's global expansion initiatives, it has incorporated a wholly owned subsidiary in London, UK, and obtained authorisation from the Financial Conduct Authority (FCA) to establish a wealth management business. Additionally, the Company is in the process of obtaining requisite regulatory approvals to establish a presence in Bahrain and to commence operations in GIFT City, India.

INDUSTRY OVERVIEW

Global financial wealth sector continues to expand, supported by market performance and steady savings accumulation. The global pool of financial wealth reached \$305 trillion in 2024, an all-time high (Source: BCG Global Wealth Report 2025) with

medium-term growth expected to remain in the mid-single digits. This expansion has been driven by a combination of market performance—particularly equities—and steady accumulation of savings, even as interest rate cycles and geopolitical disruptions have introduced periodic volatility.

However, a significant portion of this wealth remains outside professionally managed channels. This under-penetration is particularly pronounced in emerging markets, where a large share of assets is held in deposits, physical assets or directly managed portfolios. This creates a structural opportunity for the wealth management industry.

India's household savings behaviour is undergoing a gradual transformation. While physical assets remain significant, there is a clear shift towards financial instruments. This transition is not linear. Cyclical factors continue to influence savings patterns, but the long-term trend is towards greater financialisation, supported by rising incomes and improved access to financial products.

India's household financial wealth has expanded rapidly over the past decade, rising more than threefold between 2015 and 2025, but the composition of this wealth has shifted in important ways. Deposits continue to remain the largest component, though their share has declined from about 46% to 36%. While absolute savings in bank instruments have grown steadily, households are increasingly allocating incremental savings to a broader set of financial assets.

India's wealth management industry is entering a structurally stronger phase, driven less by market cycles and more by behavioural and institutional shifts. One of the most important changes underway is the gradual move from do-it-yourself investing to professionally managed portfolios. While direct participation in equities has increased, a growing share of incremental flows is now being channeled through intermediate products such as mutual funds, portfolio management services and advisory-led solutions. This transition is prominently visible in the HNI and UHNI segments, which represent the most attractive opportunity for the industry not only in India but in the global context as well. A parallel and equally important driver has been the sustained push towards investor education. Indian wealth management industry is one of the fastest growing globally and at over \$5 trillion has become sizable, positioning it well for sustained and broad-based growth.

BUSINESS OVERVIEW

Anand Rathi Wealth Limited (ARWL) operates with a clear strategic focus as a pure-play wealth solutions firm. Unlike diversified financial institutions that combine lending, broking or investment banking with advisory, ARWL has built a singularly focused business centered on providing uncomplicated, transparent, fearless and data driven wealth solutions to ultra-high-net-worth (UHNI) and high-net-worth (HNI) clients.

Board's Report (Contd.)

Our company's approach is fundamentally solution-oriented rather than product-led. Portfolios for clients are constructed through a disciplined framework that prioritises asset allocation, risk calibration and long-term compounding, rather than short-term market opportunities.

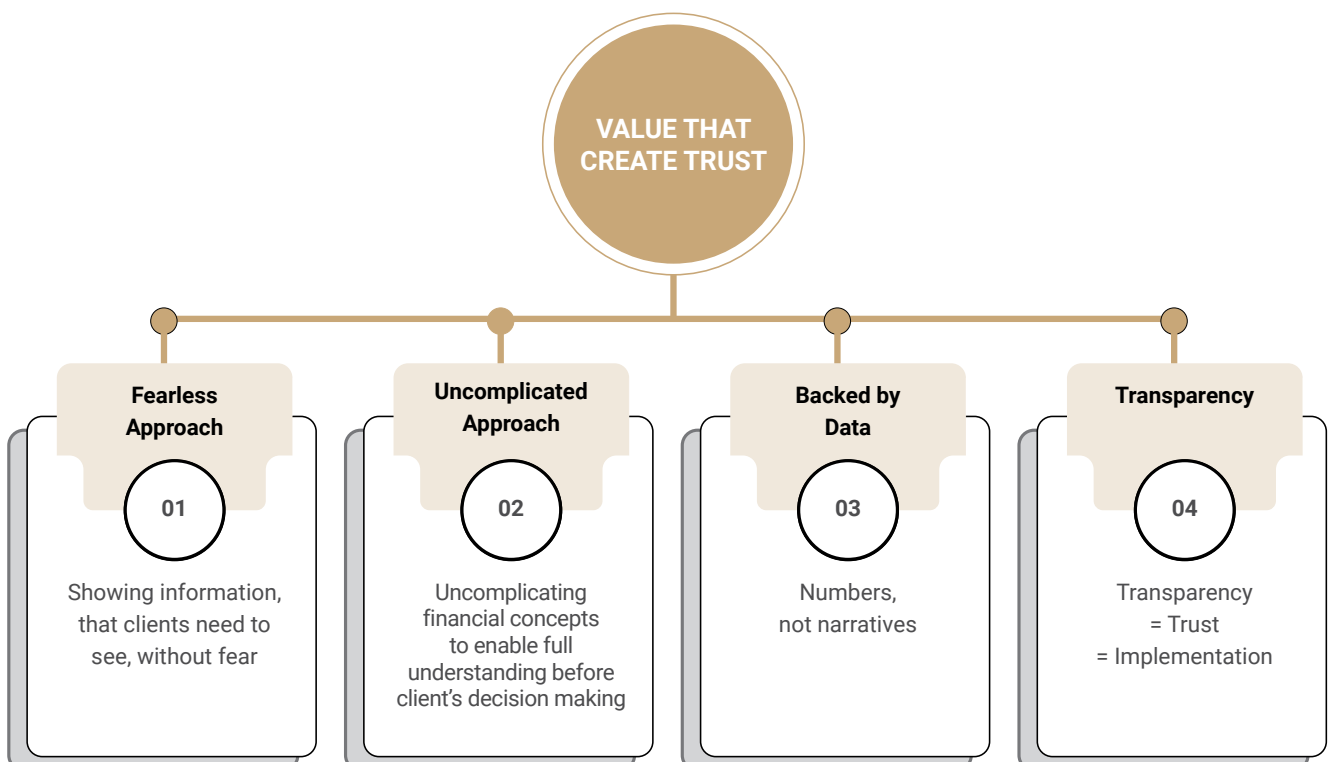

ARWL's Private Wealth business is built around a clearly defined client segment—HNI and UHNI families—with investable surpluses typically exceeding ₹5 Crores. The company manages clients across different stages of their financial lifecycle, from wealth creation during peak earning years to preservation and succession planning in later stages.

Client relationships are characterised by a long-term orientation, with portfolios constructed around clearly defined financial goals rather than episodic market opportunities. The average relationship size has steadily increased over time, reflecting both rising affluence and ARWL's ability to deepen wallet share. Importantly, the firm maintains a calibrated client-to-relationship-manager ratio, ensuring personalised engagement while retaining scalability. The complexity of client needs—ranging from return generation to capital preservation and succession planning—is addressed through a structured framework. This positions ARWL as a long-term partner rather than a transactional intermediary.

ARWL's primary investment approach, **'Plan A'**, is centered on mutual funds as the core vehicle for long-term wealth creation.

From a large and fragmented universe, the firm identifies a select set of funds through a disciplined evaluation process that emphasises consistency, risk-adjusted performance, and fund management quality. These funds are integrated into model portfolios that combine asset allocation and fund selection into a single framework. This eliminates the need for clients to navigate multiple categories or make tactical allocation decisions. Instead, portfolios are constructed to deliver steady compounding through a coherent, long-term strategy. The result is a standardised yet flexible approach—capable of maintaining consistency across clients while adapting to different risk profiles and investment horizons.

'Plan B' complements the core portfolio by introducing structured products aimed at enhancing portfolio stability. These instruments are selectively deployed to manage downside risk and provide greater visibility on return outcomes, particularly in uncertain market environments. While the underlying structures can be complex, ARWL's approach focuses on outcome-based communication. Clients are presented with clearly defined scenarios—covering potential returns, protection levels, and investment timelines—allowing them to evaluate trade-offs without engaging with product intricacies. Used judiciously, structured products serve as a stabilising layer within the portfolio, balancing the growth orientation of mutual fund investments with elements of predictability.

Board's Report (Contd.)

OUTLOOK

ARWL's primary strategic focus remains deepening wallet share within existing client families while adding new clients in the HNI and UHNI segments. In parallel, ARWL is investing in specialised capabilities across areas such as taxation, estate planning, and product structuring. These capabilities are intended to support relationship managers in addressing increasingly complex client needs, thereby enhancing the depth and quality of engagement without diluting uncomplicated approach with client interactions.

The medium-term outlook for ARWL remains favourable, supported by structural tailwinds in India's wealth management industry, including rising financialisation of savings and increasing demand for professionals.

Key growth drivers shaping the Company's long-term growth roadmap are as follows:

- Penetration in the existing client families.
- Addition of new clients.
- Addition of new relationship managers.
- Return on investments gets added to AUM.

DIVIDEND

The Company has actively rewarded its shareholders by declaring and disbursing Interim Dividend for FY 2025-26 & Final Dividend for FY 2024-25 as below:

Sr. No.	Type of Dividend	Amount of Dividend	Record Date	Relevant to Financial Year
1.	Final Dividend	₹7/-	09 May 2025	FY 2024-25
2.	Interim Dividend	₹6/-	17 October 2025	FY 2025-26

The dividend recommendation is in accordance with the guiding principles and parameters set out in the Dividend Distribution Policy of the Company.

In accordance with the resolution passed by the Board of Directors on 13 October 2025, an Interim Dividend of ₹6/- per share was paid to the shareholders of the Company as on Record date of 17 October 2025. The Shareholders are requested to confirm the same at the ensuing Annual General Meeting. Further, subject to the approval of the Members at the ensuing Annual General Meeting, the Board of Directors of the Company have recommended Final Dividend of ₹7/- per equity share of ₹5/- each, fully paid-up for the financial year ended 31 March 2026 which shall be paid within the statutory timelines prescribed under the Companies Act, 2013 (the "Act") and the applicable provisions of "SEBI Listing Regulations".

Pursuant to the provisions of the Income-tax Act, 2025, dividends paid or distributed by the Company shall be taxable in the hands of the Members. The Company shall accordingly deduct tax at source ("TDS") at the applicable rates at the time of payment of dividend, in accordance with the provisions of the Income-tax Act, 2025 and the rules made thereunder.

We believe these four growth pillars will drive our growth by 20% or more annually in net profit.

DIVIDEND DISTRIBUTION POLICY

Pursuant to Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the Company has formulated and adopted a Dividend Distribution Policy.

The Policy lays down the guiding principles, parameters and internal factors to be taken into account by the Board of Directors while recommending or declaring dividends, including circumstances under which profits may be retained in the interest of long-term growth, capital adequacy, liquidity requirements and overall financial prudence. The Dividend distribution policy is available on the website of the Company: <https://www.anandrathiwealth.in/newpdf/pdf/3dec/DividendDistributionPolicy.pdf>

UNCLAIMED DIVIDEND

As of 31 March 2026, an amount of ₹3.57 Lakhs towards Dividend remain unclaimed in the Company's Unpaid Dividend Accounts. In the interest of transparency and to facilitate ease of claim, the Company has published a detailed statement on its website <https://www.anandrathiwealth.in/annual-submission.php>, comprising the names, Depository Participant IDs, Client IDs, shareholding details, and unclaimed amounts of the concerned shareholders.

TRANSFER TO RESERVES

The Board of Directors of the company have decided not to transfer any amount to the reserves for the financial year 2025-26. This decision is in line with the company's financial strategy and prudential approach, ensuring optimal utilization of profits for business operations, growth initiatives, and shareholder value creation, while maintaining full compliance with the applicable provisions of the Act and SEBI Listing Regulations.

Board's Report (Contd.)

DETAILS OF SUBSIDIARIES

As at date of this Report, the Company has following Subsidiaries:

Board's Report (Contd.)

1. AR Digital Wealth Private Limited (ARDWPL) - Digital Wealth (DW) Vertical

Our digital wealth business is an extension of our established private wealth expertise. The same investment discipline – uncomplicated, transparent, fearless, data driven and client-first philosophy that define our Private Wealth practice now empower our Digital Wealth platform. In today's rapidly evolving fintech landscape, technology is not merely a tool – it is the infrastructure through which we are scaling trusted, personalised wealth services to a broader universe of investors. We are streamlining wealth services strategies to make it more efficient, smart and accessible for the growing mass affluent segment – individuals with investible assets between ₹10 Lakhs and ₹5 Crores. Our distinctive phygital model integrates the care of personal touch with the speed and convenience of technology. This ensures that clients not only receive expert guidance tailored to their goals but also benefit from seamless digital experiences.

During the year under review, the Company recorded a growth of 22% year-on-year in Assets Under Management (AUM), increasing from ₹1,812 Crores as on 31 March 2025 to ₹2,218 Crores as on 31 March 2026. The client base also expanded from 6,087 as on 31 March 2025 to 7,106 as on 31 March 2026, reflecting a growth of 17% year-on-year.

Financial performance remained robust, with total revenue rising from ₹29.20 Crores in FY 2024–25 to ₹38.08 Crores in FY 2025–26. Net profit registered a growth of 60%, increasing from ₹3.88 Crores in FY 2024–25 to ₹6.22 Crores in FY 2025–26.

2. Ffreedom Intermediary Infrastructure Private Limited (FIINFRA) – Omni Financial Advisors (OFA) Vertical

The Omni Financial Advisor (OFA) platform is a flagship strategic initiative of the Company, purpose-built to empower Mutual Fund Distributors (MFDs) and Independent Financial Advisors (IFAs/ARN holders) with a robust, technology-driven digital infrastructure. At its core, OFA is designed to enable distributors to scale their business, deepen client relationships, and operate with greater professionalism, transparency, and efficiency in an increasingly competitive landscape.

The mutual fund distribution ecosystem in India has long been constrained by structural limitations. A large majority of independent distributors continue to operate without access to adequate digital tools, relying on transaction-led, low-engagement client servicing models that offer limited scope for retention or long-term relationship building. Poor scalability and the absence of structured client engagement frameworks have further hindered their ability to grow sustainably. OFA was conceived precisely to bridge these gaps – equipping MFDs and IFAs with the digital capabilities they need to thrive in an ever-changing financial landscape and achieve long-term, sustainable success.

The OFA platform offers a co-branded, mobile-first experience designed for both the distributor and their end clients, ensuring seamless accessibility and a consistent brand identity. The platform delivers end-to-end services spanning goal-based financial planning, client reporting, dashboard analytics, online transaction execution, and client engagement tools – consolidating the entire advisory and servicing workflow into a single, intuitive interface. Access to the platform is offered on a subscription basis, providing MFDs and IFAs with the flexibility and affordability to adopt digital capabilities without significant upfront investment. Beyond transactional enablement, OFA equips distributors with a comprehensive suite of sales and post-sales enablement tools and additional product capabilities, empowering them to evolve from traditional order-execution intermediaries into full-service financial advisory practices.

Key Platform Features:

OFA's feature set addresses the full spectrum of a distributor's operational and client servicing needs:

- Client Reporting - Clear, Professional portfolio insights for every client
- Online MF Transactions - Seamless end-to-end execution, paperless
- Business Dashboard - Real-time AUA, client activity & revenue view
- Goal Planning - Life-goal anchored financials advisory conversations
- Client Engagement Tools - Structures communication workflows that strengthen advisor-client relationships and drive retention

The OFA platform continued its strong growth trajectory during FY 2025-26. The number of MFD/IFA subscribers on the platform grew from 6,447 as on 31 March 2025, to 6,906 as on 31 March 2026, reflecting growing adoption of the Company's digital infrastructure among mutual fund distributors and independent financial advisors across the country.

Platform Clients – representing the end-clients serviced by these MFDs/IFAs through the OFA platform – increased from ₹22.47 Lakhs as of 31 March 2025, to ₹23.52 Lakhs as of 31 March 2026. Correspondingly, Platform Assets Under Management (AUM) the aggregate AUM managed by MFDs/IFAs on behalf of their clients through the platform – grew from ₹1,42,000+ Crores as of 31 March 2025, to ₹1,47,000+ Crores as of 31 March 2026.

These metrics collectively reflect the expanding scale and deepening engagement of the OFA ecosystem, underscoring the platform's growing role as a trusted digital backbone for mutual fund distribution in India.

3. Freedom Wealth Solutions Private Limited (FWSPL)

Pursuant to a Share Purchase Agreement ("SPA") executed during the Financial Year 2025-26, the Company divested

Board's Report (Contd.)

its entire equity stake in its subsidiary, Freedom Wealth Solutions Private Limited ("FWSPL").

Accordingly, FWSPL has ceased to be a subsidiary of the Company with effect from the date of completion of the transaction i.e. 17 December 2025.

The aforesaid divestment was undertaken as part of the Company's strategic review and rationalization of its business structure, with a view to enhancing operational efficiency and sharpening focus on its core wealth solutions business.

The company earned total income of ₹36.79 Lakhs and PAT of ₹27.51 Lakhs (from 01 April 2025 to 17 December 2025).

4. Anand Rathi Wealth (UK) Limited

Anand Rathi Wealth (UK) Limited, incorporated in London, UK to expand the global footprint in UK market. Accordingly, the Company is registered with the Registrar of Companies for England and Wales, UK, as a Wholly Owned Subsidiary of the Company. The Subsidiary Company has received authorization as a Non-MiFID Adviser and Arranger from the Financial Conduct Authority (FCA), UK.

Anand Rathi Wealth Limited (the Holding Company) has infused capital of GBP 5,00,000/- in the Subsidiary during the quarter ended 31 December 2025.

The salient features of the financial position of the Subsidiary are disclosed in Form AOC-1 annexed to this Report, as required under Section 129(3) of the Companies Act, 2013. Necessary disclosures under Regulation 30 of the SEBI Listing Regulations have been duly made to the Stock Exchange(s) within prescribed timelines.

5. Anand Rathi FME (IFSC) Private Limited

During the year under review, Anand Rathi FME (IFSC) Private Limited was incorporated on 16 February 2026 as a wholly-owned subsidiary of ARWL. The subsidiary is established in GIFT City, Gujarat, India, with the strategic objective of acting as a fund management entity, specifically to set up and manage Alternate Investment Funds (AIFs) in compliance with International Financial Services Centres Authority (IFSCA) Regulations. Being a wholly-owned subsidiary, the incorporation and funding did not constitute a related party transaction requiring arm's length disclosures. The Company continues to provide oversight and support to the subsidiary, ensuring alignment with its regulatory, governance, and operational standards.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

In compliance with Section 134(3)(m) of the Act, as elaborated by Rule 8 of the Companies (Accounts) Rules, 2014, we provide an annual disclosure on key operational aspects, namely energy conservation, technology absorption, and foreign exchange earnings and outgo.

Energy Conservation

Your company along with its subsidiaries, primarily offers financial services—a sector not traditionally associated with high energy consumption. Despite this, we continuously explore avenues to reduce our operational carbon footprint, although the direct impact remains minimal due to the nature of our business activities.

Technology Absorption and Innovation

We operate on a technology-driven model, encompassing an in-house team dedicated to innovation and digital infrastructure. Our commitment to technology underpins our strategy to enhance wealth solutions and elevate client servicing through superior engagement platforms. Each segment of our operation, from back office processes to client-facing interfaces, is supported by proprietary technology developed internally using advanced, scalable frameworks.

The introduction of 'Workstation', a comprehensive web and mobile platform for our Relationship Managers (RMs), exemplifies our innovative approach. This tool not only facilitates seamless access to client data and transaction capabilities but also integrates daily internal workflows, such as RM and specialist collaborations, into a singular digital environment.

Moreover, our investment in a fully cloud-based infrastructure allows us to scale operations efficiently while maintaining robust security measures against cyber threats. Current development efforts are focused on enhancing user autonomy through advanced self-service options, such as chatbots and analytical tools, which enable our product teams to refine advisory services and further enrich client interactions.

Research and Development (R&D)

The Company's R&D endeavors are concentrated on the continuous evaluation of financial products, economic trends, and industry developments. Our dedicated team, comprising over 80 research analysts, works closely with RMs to ensure that insights are effectively translated into actionable strategies for our clients.

Foreign Exchange Earnings and Outgo

During the financial year under review, the Company recorded foreign exchange earnings of ₹0.40 Lakhs, as compared to nil in the previous year. However, our foreign exchange expenditure saw a significant increase to ₹49.98 Crores from ₹29.94 Crores in the preceding year, underscoring a heightened activity in global financial engagements that align with our expanding market strategy.

CORPORATE SOCIAL RESPONSIBILITY ("CSR")

Pursuant to the provisions of Section 135 of the Act read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, the Company has constituted a Corporate Social Responsibility ("CSR") Committee and adopted a CSR Policy outlining its approach towards the Company's Corporate Social Responsibility initiatives.

Board's Report (Contd.)

The CSR Committee of the Company comprises the following Directors as on 31 March 2026:

- I. Mr. Anand Nandkishore Rathi (DIN: 00112853), Chairman

During the Financial Year 2025-26, the CSR Committee met 2 times. The details of the meetings held and attendance of members thereat form part of the Annual Report on CSR Activities annexed to this Report.

For the Financial year 2025-26, the CSR obligation of the Company was ₹620.84 Lakhs. The Company adjusted a surplus of ₹14.84 Lakhs carried forward from previous financial years, comprising ₹0.29 Lakhs pertaining to FY 2023-24 and ₹14.55 Lakhs pertaining to FY 2024-25. Accordingly, the net CSR obligation for the year stood at ₹606.00 Lakhs, which has been fully spent on CSR activities in accordance with the applicable provisions of the Act and the Companies (Corporate Social Responsibility Policy) Rules, 2014 or ("CSR Rules"). Further, a surplus of ₹19.86 Lakhs pertaining to FY 2024-25 remains available for set-off against CSR obligations of the succeeding financial years.

In terms of Rule 8(1) of the CSR Rules, the Annual Report on CSR activities for the Financial Year ended 31 March 2026 is annexed to this Report as Annexure II and forms an integral part hereof. The said report contains details of the CSR Policy, composition of the CSR Committee, approved projects, amount spent, unspent amount (if any) and other prescribed disclosures.

CORPORATE GOVERNANCE

The Company is firmly committed to upholding the highest standards of Corporate Governance and continuously benchmarks its governance framework against best practices. The Company believes that sound governance is fundamental to sustaining long-term shareholder value, strengthening stakeholder trust and ensuring responsible business conduct.

The Corporate Governance framework of the Company is designed to ensure transparency, accountability, fairness and integrity in all its dealings. Robust systems and processes are in place to ensure compliance with the provisions of the Act and SEBI Listing Regulations.

Further demonstrating our compliance, a certificate from M/s. Rathi & Associates, Company Secretaries based in Mumbai, has been obtained. This certificate confirms our adherence to the conditions of corporate governance stipulated under SEBI Listing Regulations. For detailed verification and reference, this certificate is attached as Annexure III to this report.

DISCLOSURE OF EMPLOYEES

Pursuant to Section 197(12) of the Companies Act, 2013 read with Rules 5(1), 5(2) and 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

In accordance with the provisions of Section 197(12) of the Act read with Rules 5(1), 5(2) and 5(3) of the Companies

(Appointment and Remuneration of Managerial Personnel) Rules, 2014 ("Remuneration Rules"), the prescribed disclosures relating to remuneration of Directors, Key Managerial Personnel and other employees form part of this Report.

The information required under Rule 5(1) of the Remuneration Rules is provided in Annexure IV to this Report and forms an integral part of the Annual Report.

Further, the statement containing particulars of employees as required under Rules 5(2) and 5(3) of Remuneration Rules, including the names and other prescribed details of employees drawing remuneration in excess of the limits set out in the Remuneration Rules, is maintained in accordance with the provisions of the Act.

However, pursuant to the provisions of Section 136 of the Act, the Annual Report and Financial Statements circulated to the Members do not include the said statement. Any Member interested in obtaining a copy of the same may write to the Company Secretary at csarwsl@rathi.com, and the same will be provided upon request.

INTERNAL FINANCIAL CONTROLS

The Company has established adequate Internal Financial Controls ("IFC") with reference to Financial Statements in accordance with the provisions of Section 134(5)(e) of the Act. The IFC framework is designed to provide reasonable assurance regarding the reliability of financial reporting and preparation of Financial Statements in accordance with applicable Accounting Standards.

The framework ensures orderly and efficient conduct of business, adherence to applicable policies, laws and regulations, safeguarding of assets, prevention and detection of frauds and errors, accuracy and completeness of accounting records, and timely preparation of reliable financial information.

The internal audit function, along with management oversight, evaluates the adequacy and operating effectiveness of controls on an ongoing basis. The Audit Committee periodically reviews internal audit reports, risk assessments, and management responses to strengthen the overall control environment.

Based on such review, the Board of Directors confirms that the Internal Financial Controls with reference to Financial Statements were adequate and operating effectively during the Financial Year 2025-26, commensurate with the size, scale, and complexity of the Company's operations.

The Statutory Auditors have also issued their report on the adequacy and operating effectiveness of IFC under Section 143(3)(i) of the Act, which forms part of the Annual Report.

RISK MANAGEMENT

The Company has adopted a comprehensive Risk Management Policy in accordance with the provisions of the Act and Regulation

Board's Report (Contd.)

17(9) of the SEBI Listing Regulations. The Policy provides for a structured and disciplined approach to risk identification, assessment, mitigation, monitoring and reporting.

Risk management is integral to the Company and is fundamental to ensuring sustained profitability, capital protection, operational resilience and long-term stability. In an evolving economic, geopolitical, regulatory and financial environment, the Company continues to strengthen and leverage its risk management frameworks to address emerging risks proactively.

The Risk Management Committee oversees the implementation and effectiveness of the risk management framework and periodically reviews key risk indicators, mitigation measures and emerging risk trends.

The Board, after reviewing the risk management framework and the risk assessment reports, is of the opinion that there are no material risks that may threaten the existence of the Company.

Market Risk

Fluctuations in equity markets, interest rates, and currency movements directly impact client AUM valuations and fee income. Managed through continuous portfolio surveillance and asset allocation frameworks aligned to client risk profiles.

Regulatory & Compliance Risk

Operations governed by a multi-regulatory framework – SEBI Listing Regulations, RBI (FEMA for NRI clients), the Companies Act, 2013 and other laws as may be applicable from time to time. Non-compliance may result in imposition of penalties, etc. A dedicated team ensures adherence to all applicable and evolving regulations.

IT & Cyber Security Risk

Digital platforms and client data repositories are vulnerable to cyber-attacks, data breaches, and system failures. Mitigated through Data Loss Prevention (DLP), multi-factor authentication, regular vulnerability assessments, and ISO-aligned IT governance.

Reputational Risk

Being a trust-driven, relationship-intensive business, any instance of mis-selling, conflict of interest, or unsuitable product recommendation can severely impact client retention and brand equity. Managed through strict suitability assessments, transparent fee disclosures, and a robust grievance redressal mechanism.

Key Person & Talent Risk

Heavy dependence on KMP and experienced Relationship Managers makes attrition a critical business risk. Mitigated through succession planning, competitive compensation structures, and a strong internal talent pipeline.

RISK MANAGEMENT POLICY

The Company has a well-defined risk management framework that is embedded into its operational and strategic processes.

The framework enables systematic identification, assessment, and mitigation of risks, ensuring continuity of business operations and informed decision-making.

Key business risks and their mitigation strategies are reviewed periodically and are integrated into the Company's annual and strategic business planning processes. The risk management framework is supported by robust mitigation controls and a structured reporting mechanism that ensures timely escalation and resolution of risk-related matters.

In compliance with Regulation 21 of the SEBI Listing Regulations, the Board of Directors has constituted a Risk Management Committee. The Committee is entrusted with the responsibility of overseeing the Company's risk management plans, monitoring emerging risks, reviewing the adequacy of mitigation measures, and ensuring that the overall risk management framework remains relevant and effective in the face of evolving business and regulatory environments.

The Board is of the opinion that the risk management framework of the Company is adequate and commensurate with the nature, size, and complexity of its operations.

Details of the composition of the Risk Management Committee, its terms of reference, and meetings held during the Financial Year are provided in the Report on Corporate Governance forming part of the Annual Report.

RISK MANAGEMENT REPORT

Pursuant to the provisions of Section 134(3)(n) of the Act and Regulation 21 of SEBI Listing Regulations, the Company has a robust and structured Risk Management framework in place.

The Board of Directors has constituted a Risk Management Committee which is responsible for overseeing the identification, assessment, monitoring, and mitigation of material risks that could potentially impact the business objectives and operations of the Company.

The Board is satisfied that there are no risks which in its opinion threaten the existence of the Company.

VIGIL MECHANISM / WHISTLE BLOWER POLICY

Pursuant to the provisions of Section 177(9) and (10) of the Act read with Rule 7 of the Companies (Meetings of Board and its Powers) Rules, 2014 and Regulation 22 of the SEBI Listing Regulations, the Company has established a Vigil Mechanism and Whistle Blower Policy for its Directors, employees, and other stakeholders.

The Policy provides a formal and confidential channel for reporting genuine concerns relating to unethical behaviour, actual or suspected fraud, violations of the Company's Code of Conduct, or any other improper activity. The Policy ensures adequate safeguards against victimisation of persons who avail

Board's Report (Contd.)

of the mechanism and provides for direct access to the Chairman of the Audit Committee in appropriate or exceptional cases.

The Audit Committee of the Board oversees the functioning of the Vigil Mechanism and reviews its adequacy and effectiveness on a periodic basis.

During the Financial Year 2025-26, no complaints were received under the Whistle Blower Policy.

The Whistle Blower Policy of the Company is available on the Company's website at www.anandrathiwealth.in/company-policies.php.

DISCLOSURE UNDER THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013

The Company is committed to providing a safe, secure, and dignified work environment for all its employees, free from any form of sexual harassment. In accordance with the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("POSH Act") and the Rules made thereunder, the Company has in place a Policy for Prevention, Prohibition and Redressal of Sexual Harassment of Women at the Workplace.

The Company has constituted an Internal Complaints Committee ("ICC") in accordance with the requirements of Section 4 of the POSH Act, comprising the prescribed composition, including an external member, as mandated under the POSH Act, to receive, inquire into, and redress complaints pertaining to sexual harassment at the workplace.

Pursuant to Section 22 of the POSH Act, the Board of Directors hereby confirms that during the Financial Year 2025-26, no complaint of sexual harassment was filed, disposed of, or remained pending before the ICC for a period of more than ninety days. The Company conducts periodic awareness programmes and training sessions to sensitise employees on the provisions of the POSH Act and the redressal mechanism available to them.

FINANCIAL STATEMENTS

The Board of Directors, at its meeting held on 09 April 2026, approved the Audited Standalone and Consolidated Financial Statements of the Company for the Financial Year ended 31 March 2026, prepared in accordance with the Companies Act, 2013, applicable Indian Accounting Standards (Ind AS), and SEBI Listing Regulations. The said Financial Statements form part of this Annual Report.

The audited Financial Statements and related documents are available on the Company's website at www.anandrathiwealth.in/financial.php. Members may also inspect the same at the Registered Office of the Company upon prior intimation at csarwsl@rathi.com.

Directors and Key Managerial Personnel

The Board of Directors ("Board") of the Company is strategically composed to ensure an optimal balance of Executive, Non-Executive and Independent Directors, including an Independent Woman Director, in full compliance with the provisions of the Act and the SEBI Listing Regulations. The Board brings together diverse professional expertise, knowledge and experience, providing strategic guidance and oversight across all aspects of the Company's operations.

The details of Directors of the Company during the Financial Year ended 31 March 2026 are as follows.

Board's Report (Contd.)

CHANGES TO THE BOARD OF DIRECTORS DURING FY 2025-26

Appointments of Independent Directors

Based on the recommendations of the Nomination and Remuneration Committee (NRC) and pursuant to the provisions of the Act, the Board, at its meeting held on 12 January 2026, appointed the following persons as Additional Directors in the category of Non-Executive Independent Directors, for a term of five consecutive years commencing from 12 January 2026 up to and including 11 January 2031, not liable to retire by rotation, in accordance with Section 149 read with Schedule IV to the Act and applicable SEBI Listing Regulations:

- Mr. Debasish Panda (DIN: 06479085)
- Mr. Adesh Kumar Gupta (DIN: 00020403)
- Mrs. Deena Asit Mehta (DIN: 00168992)

The Shareholders of the Company approved the respective appointment of above named three Non-Executive, Independent Directors by passing Special Resolutions through Postal Ballot on 15 February 2026.

Brief profile of the newly appointed Independent Directors

Mr. Adesh Kumar Gupta is a Chartered Accountant, Company Secretary, and AMP from Harvard Business School with over 40 years of experience in corporate strategy, mergers and acquisitions, business restructuring, fund raising, and taxation. He has held senior board positions across multiple companies at the Aditya Birla Group and currently serves as an Independent Director on the boards of Grasim Industries Limited and Krsnaa Diagnostics Limited.

Mr. Debasish Panda is a Senior IAS officer of the 1987 batch with deep expertise in financial services regulation. He served as Secretary in the Department of Financial Services, Government of India, before being appointed as Chairman of the Insurance Regulatory and Development Authority of India (IRDAI). His regulatory experience spans health, family welfare, and financial services sectors.

Mrs. Deena Asit Mehta is a pioneering figure in Indian capital markets – the first woman to enter the BSE trading ring. A Chartered Accountant with a Master's in Management (Finance), she brings over 150 Board year's of experience and has served on the boards of BSE, CDSL, ITI Limited, and the National Payments Corporation of India (NPCI).

The expertise of the newly appointed Independent Directors will be of immense value to the Board and the Company.

Re-appointment of Whole-time Director & CEO

Based on the recommendation of the NRC, the Board approved re-appointment of Mr. Rakesh Rawal (DIN: 02839168) as Whole-time Director & Chief Executive Officer of the Company

for a further term of three years, effective for the period from 01 April 2026 to 31 March 2029. The Shareholders approved his appointment via a Special Resolution passed through Postal Ballot on 15 February 2026, with 92.67% of valid votes cast in favor.

Cessation of Independent Directors

During the year under review, the following Independent Directors completed their maximum permissible tenure as prescribed under Section 149(11) of the Act and accordingly ceased to be Independent Directors of the Company:

- Mr. Mohan Vasant Tanksale (DIN: 02971181) completed his second consecutive term of five years as an Independent Director and accordingly ceased to be Independent Director and Member of the Board with effect from the close of business hours on 05 February 2026.
- Mr. Kishan Gopal Somani (DIN: 00014648), Mr. Ramesh Chandak (DIN: 00026581), and Mrs. Sudha Pravin Navandar (DIN: 02804964) completed their second consecutive term of five years as Independent Directors and accordingly ceased to be Independent Directors and Members of the Board with effect from the close of business hours on 14 March 2026.

Their cessation was solely on account of completion of tenure and was not attributable to any resignation, disqualification, or any other reason. Consequent to their cessation, they also ceased to be Chairman or Members of the respective Board Committees on which they served.

The Board of Directors places on record its deep appreciation for the invaluable guidance, wisdom, and contribution made by Mr. Mohan Vasant Tanksale, Mr. Kishan Gopal Somani, Mr. Ramesh Chandak, and Mrs. Sudha Pravin Navandar during their long and distinguished association with the Company.

The Company reaffirms that the Company has been in compliance with the requirements relating to the composition of the Board of Directors, including the minimum number of Independent Directors, as prescribed under Regulation 17 of the SEBI Listing Regulations at all times during the year.

Meeting and Governance Overview

Shareholders Meetings

The Company held its most recent Annual General Meeting (AGM) on 23 May 2025.

Independent Directors' Meetings

On 13 October 2025 and 12 January 2026, respectively the Independent Directors met privately to evaluate the performance of Non-Independent Directors, the Board, and its committees. This assessment utilized a detailed questionnaire focusing on:

- The performance of Non-Independent Directors and the Board as a whole;
- The performance of the Chairperson of the Company; and
- The quality, quantity and timeliness of information flow between the management and the Board.

The Independent Directors expressed satisfaction with the overall functioning, governance standards and effectiveness of the Board and its Committees during the Financial Year 2025-26.

Evaluation Results and Strategy

The feedback from this process was consolidated into a formal report for the Nomination and Remuneration Committee and the Board. This report serves as a roadmap for enhancing Board effectiveness. The Directors expressed high satisfaction with the process, noting its value in strengthening the company's governance and operational efficiency.

DECLARATION BY INDEPENDENT DIRECTORS

In accordance with the provisions of Section 149(7) of the Act and Regulation 25(8) of SEBI Listing Regulations, all Independent Directors of the Company have submitted the

requisite written declarations confirming that they meet the criteria of independence as prescribed under Section 149(6) of the Act and Regulation 16(1)(b) of SEBI Listing Regulations and that they are independent of the management. The Board has taken on record the said declarations after due assessment.

All Independent Directors of the Company have valid registrations in the Independent Directors' Databank maintained by the Indian Institute of Corporate Affairs (IICA) in terms of Section 150 of the Act read with Rule 6 of the Companies (Appointment and Qualifications of Directors) Rules, 2014 and have complied with the applicable proficiency and renewal requirements prescribed thereunder.

The Board, after due review and evaluation, is of the opinion that all Independent Directors consistently demonstrate integrity, expertise, and experience, and are significantly contributing to the governance of the Company. Additionally, all Directors of the Company have confirmed that there are no disqualifications against them for appointment as directors in accordance with Section 164 of the Companies Act, 2013.

FAMILIARISATION PROGRAMME FOR INDEPENDENT DIRECTORS

The Company has a structured Familiarisation Program for Independent Directors to familiarise them with the Company's business, operations, industry, roles, rights, and responsibilities. At the time of appointment and on an ongoing basis, Independent Directors are provided with relevant information about the Company's operations, business environment, and regulatory framework to enable them to effectively discharge their duties.

The details of the Familiarisation Program are disclosed in the Corporate Governance Report and are also available on the Company's website in compliance with the SEBI Listing Regulations.

ANNUAL PERFORMANCE EVALUATION

Pursuant to the provisions of Section 134(3)(p) and Section 178 of the Companies Act, 2013 and Regulation 17(10) of the SEBI Listing Regulations, the Company has instituted a structured framework for the annual performance evaluation of the Board as a whole, its Committees, and Individual Directors.

RELATED PARTY TRANSACTIONS

The Company has in place a Policy on Related Party Transactions ("RPT Policy"), duly approved by the Board of Directors, in accordance with the provisions of Section 188 of the Act read with the Rules made thereunder and Regulation 23 of the SEBI Listing Regulations. The RPT Policy outlines the framework for identification, approval, reporting, and disclosure of related party transactions and is available on the Company's website at www.anandrathiwealth.in/company-policies.php.

Board's Report (Contd.)

During the Financial Year 2025-26, all contracts, arrangements, and transactions entered into by the Company with related parties were:

- in the ordinary course of business;
- on an arm's length basis; and
- in compliance with the applicable provisions of the Act

All related party transactions were placed before the Audit Committee for prior approval. Omnibus approval was obtained for related party transactions that were repetitive in nature and fulfilled the criteria prescribed under the applicable provisions. Wherever required, approvals of the Board of Directors and the Members of the Company were duly obtained.

The particulars of contracts or arrangements with related parties referred to in Section 188(1) of the Act, in the prescribed Form AOC-2, are annexed to this Report as Annexure V.

Details of related party transactions as required under Indian Accounting Standard (Ind AS-24) are disclosed in the Notes to the Standalone and Consolidated Financial Statements forming part of this Annual Report.

The Company had obtained approval of the Members through Postal Ballot by way of remote e-voting for certain Material Related Party Transactions with Anand Rathi Global Finance Limited, and Anand Rathi Financial Services Limited, being Related Parties, for the Financial Year 2025-26, in terms of Regulation 23(4) of SEBI Listing Regulations.

DIRECTOR'S RESPONSIBILITY STATEMENT

Pursuant to the provisions of Section 134(3)(c) read with Section 134(5) of the Companies Act, 2013, the Board of Directors of Anand Rathi Wealth Limited, to the best of its knowledge and ability, hereby confirms and states that:

- (a) in the preparation of the Annual Accounts for the Financial Year ended 31 March 2026, the applicable Accounting Standards have been followed and there are no material departures therefrom;
- (b) the Directors have selected such accounting policies and applied them consistently and made judgements and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31 March 2026 and of the profit of the Company for the Financial Year ended on that date;
- (c) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (d) the Annual Accounts have been prepared on a going concern basis;

- (e) the Directors have laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and are operating effectively; and
- (f) the Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

Based on the framework of internal financial controls and compliance systems established and maintained by the Company, the work performed by the Internal Auditors, Statutory Auditors, and Secretarial Auditors, and the reviews conducted by the Management and the Audit Committee, the Board is of the opinion that the Company's internal financial controls were adequate and operating effectively during the Financial Year 2025-26.

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT (BRSR)

In accordance with the requirements of Regulation 34(2)(f) of the SEBI Listing Regulations, the Company presents a comprehensive account of its initiatives and performance across Environmental, Social, Governance and Sustainability dimensions through its Business Responsibility and Sustainability Report ("BRSR"). The BRSR forms a dedicated section of the Annual Report and is separately accessible on the Company's official website at www.anandrathiwealth.in.

The BRSR has been structured in alignment with the nine (9) Principles of the National Guidelines on Responsible Business Conduct (NGBRCs) issued by the Ministry of Corporate Affairs. For each of the nine Principles, a detailed report has been prepared encompassing both Essential Indicators – which are mandatory disclosures – and Leadership Indicators – which reflect the Company's voluntary commitments and higher-order sustainability practices beyond statutory obligations.

In a significant regulatory development, SEBI, vide its Circular No. SEBI/HO/CFD/CFDSEC-2/P/CIR/2023/122 dated 12 July, 2023, introduced the concept of BRSR Core – a focused subset of the BRSR framework comprising specific Key Performance Indicators (KPIs) mapped across nine (9) ESG attributes. These KPIs are now subject to mandatory reasonable assurance by an Independent Third-Party Assurance Provider, applicable with effect from Financial Year 2025-26 to the Company.

In compliance with the aforesaid regulatory requirement, the Company has engaged M/s. Rathi & Associates as its Independent Assurance Provider for the Financial Year 2025-26. Their independent assurance report on the BRSR Core KPIs of the Company for Financial Year 2025-26 forms part of this Report.

The overall governance and oversight of the BRSR framework, including review of related policies and sustainability disclosures, is vested with the Business Responsibility and Sustainability

Board's Report (Contd.)

Committee of the Board, which periodically evaluates the Company's performance and ensures continued alignment with evolving regulatory and stakeholder expectations.

CORPORATE GOVERNANCE REPORT

The Company remains committed to maintaining the highest standards of transparency, accountability, and ethical conduct in its operations. The Corporate Governance Report, prepared in accordance with Regulation 34(3) read with Schedule V of the SEBI Listing Regulations, is annexed and forms part of the Annual Report.

RECLASSIFICATION OF PROMOTER GROUP SHAREHOLDER

The Company had received a request from Mr. Amit Rathi, forming part of the Promoter Group, for reclassification of his status from "Promoter Group" to "Public" shareholder under Regulation 31A of the SEBI Listing Regulations.

The Board of Directors, at its meeting held on 13 January 2025, approved the said request, subject to approval of the Stock Exchanges and the Members of the Company. The Company received No-Objection letters from The BSE Limited and National Stock Exchange of India Limited on 28 March 2025.

The Members approved the reclassification by way of an Ordinary Resolution at the 30th Annual General Meeting held on 23 May 2025. Accordingly, Mr. Amit Rathi (holding 38,00,000 equity shares representing 4.58% of the paid-up equity share capital) stands reclassified as a "Public" shareholder with effect from 23 May 2025.

The Company continues to comply with the minimum public shareholding requirements under Regulation 31A of the SEBI Listing Regulations and all other applicable regulatory provisions.

Management Discussion & Analysis

1. Global Economic Environment and Outlook

1.1. Resilient Growth Amid Renewed Fragmentation

During the last one year, the global growth environment has moderated but remained resilient, with world output holding close to post-pandemic (2022-24) pace and only limited loss of momentum. Advanced economies have remained in a low growth trajectory, while emerging markets, especially in Asia, continue to expand faster, broadly maintaining the earlier growth gap with advanced peers.

Advanced economies remain on a structurally lower growth trajectory. The United States has been the primary engine of demand, supported by resilient consumption and sustained investment, particularly in technology-related sectors. In contrast, the euro area and Japan continue to exhibit subdued growth, constrained by weak manufacturing activity and cautious domestic demand. China's growth, while still robust in absolute terms, is moderating as structural headwinds—most notably in the property sector and demographics—persist.

GDP Growth (% YoY)

Period	World	Advanced	Emerging Market	China	EU	Japan	US
2015-19	3.4	2.3	4.3	6.8	1.8	0.8	2.6
2022-24	3.5	1.8	4.3	5.0	2.8	1.0	2.8
2025	3.3	1.7	4.4	5.0	2.1	1.1	2.1
2026 (E)	3.3	1.8	4.2	4.5	2.4	0.7	2.4
2027 (E)	3.2	1.7	4.1	4.0	2.0	0.6	2.0

Source: IMF World Economic Outlook.

Note: Period 2015-19 and 2022-24 values are medians of annual data.

Macroeconomic conditions during the year have been shaped by two opposing forces. On the negative side, the flare-up of trade tensions from April 2025, broader policy fragmentation, and still tight financing conditions in several highly indebted large economies have weighed on trade, investment and confidence. Offsetting this, disinflation has progressed, allowing a shift away from peak monetary restraint, stabilising real incomes and supporting consumption, particularly in larger advanced and Asian emerging economies.

1.2. Disinflation Progresses, but Not Uniformly

Inflation has continued to ease globally, though the path has been gradual and uneven. Advanced economies have seen a meaningful decline in price pressures, with inflation moving closer to pre-pandemic norms. This moderation has been driven by tighter monetary policy, normalisation of supply chains and easing energy prices.

Emerging markets have also experienced disinflation, but inflation levels remain relatively higher. This reflects greater sensitivity to food and fuel prices, exchange rate pass-through and, in some cases, less restrictive policy stances.

The composition of inflation has shifted. Goods inflation has moderated sharply as supply disruptions have receded, while services inflation remains relatively sticky, particularly in labour-tight economies. Wage pressures, though easing, continue to be a key variable in determining the pace of further disinflation.

Retail Inflation (% YoY)

Period	World	Advanced	Emerging Market	EU	China	Japan	US
2015-19	3.3	1.4	4.8	1.2	2.0	0.5	1.8
2022-24	6.7	4.6	8.2	5.4	0.2	2.7	4.1
2025	4.1	2.5	5.2	2.1	0.0	3.3	2.7
2026 (E)	3.8	2.2	4.8	1.9	0.7	2.1	2.4
2027 (E)	3.4	2.1	4.3	2.1	1.4	2.0	2.2

Management Discussion & Analysis (Contd.)

China presents a contrasting case, with persistently low inflation driven by weak domestic demand. Japan, after decades of low inflation, has seen a delayed but more volatile price cycle, influenced by currency movements and evolving wage dynamics.

1.3. Interest Rates - From Tightening to Gradual Normalisation

The global interest rate cycle has transitioned from aggressive tightening to a more measured phase of normalisation. Major central banks have begun easing policy rates from their peaks, reflecting progress on inflation.

However, financial conditions remain restrictive relative to the pre-pandemic period. Real interest rates are still positive across most advanced economies, and policy rates remain well above the ultra-low levels that characterised the previous decade.

Long-term yields have been more stable, reflecting a balance between declining inflation expectations and persistent term premia linked to fiscal concerns and geopolitical risks. The resulting yield environment is flatter but structurally higher than in the past.

This shift has important implications. While the peak of monetary tightening is behind, the cost of capital remains elevated, influencing investment decisions, asset valuations and capital flows globally.

1.4. Fiscal Constraints and Rising Debt Burdens

Government finances across the world remain under pressure. Fiscal deficits have narrowed from pandemic peaks, but consolidation has been gradual and incomplete. In many advanced economies, higher interest costs are increasingly absorbing fiscal space, limiting the scope for policy flexibility.

Public debt levels have resumed an upward trajectory after a temporary stabilisation. Several economies are now operating with debt burdens close to, or exceeding, pandemic highs. This has heightened sensitivity to interest rates and increased the risk of fiscal stress in vulnerable economies.

Emerging markets face a different set of challenges. While fiscal consolidation has begun in several countries, weaker revenue bases and higher borrowing costs have made adjustment uneven and, in some cases, fragile.

The interaction between fiscal policy, interest rates and growth is likely to remain a defining feature of the global macro landscape.

1.5. Outlook: Stable Growth, Elevated Risks

The global economy is expected to grow at around 3.2–3.3% over the next two years, broadly in line with recent trends. Emerging markets will continue to contribute the bulk of incremental growth, while advanced economies remain in a low-growth equilibrium.

However, the risk environment is unusually elevated. Geopolitical tensions—particularly in West Asia—have reintroduced energy price volatility. Disruptions around critical trade routes and supply chains remain a persistent risk. Trade fragmentation and policy uncertainty continue to weigh on global integration.

At the same time, several positive factors provide a counterbalance. Disinflation is supporting real income growth, monetary policy is gradually easing, and investment in technology and AI is creating new growth impulses.

The baseline outlook is therefore one of stability without comfort—steady growth, but with heightened vulnerability to shocks.

2. Indian Economic Environment and Outlook

2.1. Strong Growth with Improving Composition

India's growth trajectory has strengthened in both magnitude and quality. Real GDP growth has remained in the 7–7.5% range, positioning India as the fastest-growing major economy globally.

More importantly, the composition of growth has improved. While consumption continues to anchor demand, the current cycle has seen a stronger contribution from investment and exports. Public capital expenditure has played a catalytic role, crowding in private investment and supporting infrastructure development.

India's GDP Growth (% YoY)

Period	GDP	Private Consumption	Govt. Consumption	Fixed Investment	Export	Import
2015-19	7.4	7.1	7.5	7.8	4.6	4.4
2022-24	7.6	7.5	0.6	8.5	10.3	8.9
2025	7.1	5.8	6.5	6.4	6.6	5.3

Management Discussion & Analysis (Contd.)

Export performance, particularly in services, has remained robust despite a challenging global environment. The economy is thus transitioning towards a more balanced growth model, with multiple drivers operating simultaneously.

2.2. Disinflation Without Growth Trade-Off

A notable feature of the current macro environment has been the sharp decline in inflation without a corresponding slowdown in growth. Headline inflation has fallen to relatively low levels, driven by easing food and fuel prices. This contrasts with earlier periods, where inflation moderation was slower and more policy-driven. The current phase reflects a favourable alignment of supply conditions and policy.

Monetary policy has responded with a calibrated shift towards easing, while maintaining positive real interest rates. This has allowed the economy to sustain growth momentum while anchoring inflation expectations.

Inflation, Policy Rate and Interest Rate Environment in India, (% YoY)

Period	CPI Inflation	Repo Rate	91-day T-Bill	10-year G-Sec
2015-19	4.5	6.4	6.6	7.7
2022-24	5.5	5.6	5.9	7.2
2025	4.6	6.5	6.6	6.9
2026YTD	1.9	5.5	5.5	6.5

2.3. Fiscal Strategy: Quality Over Quantity

India's fiscal position reflects a deliberate shift towards quality of expenditure. Strong tax buoyancy—driven by formalisation and compliance—has supported revenue growth, reducing reliance on non-tax sources. At the same time, expenditure has been reoriented towards capital investment. Infrastructure spending has increased significantly, while revenue expenditure has been relatively contained.

Fiscal consolidation is progressing along a gradual glide path, with a clear emphasis on investment-led growth rather than contractionary adjustment. This approach enhances the long-term growth potential of the economy while maintaining macro stability.

2.4. External Sector: Structural Strength with Cyclical Pressures

India's external balance reflects a combination of structural resilience and cyclical vulnerability. The trade deficit remains elevated, largely due to strong domestic demand and dependence on energy imports. However, the services surplus has emerged as a key stabilising factor. Growth in IT, business and professional services has created a relatively stable and non-cyclical source of foreign exchange earnings.

On the capital account, flows have become more volatile. Lower dependence on short-term capital is a positive structural shift, but it also places greater reliance on domestic savings and reserve buffers. Overall, the external sector is more resilient than in previous cycles, but remains sensitive to global shocks—particularly energy prices and capital flows.

2.5. Outlook: Strong Core, External Sensitivity

India's growth outlook remains favourable, supported by domestic demand, investment momentum and structural reforms. Macro-financial conditions are supportive, with low inflation, stable interest rates and strong balance sheets across banks and corporates. The key risks are external. Energy price shocks, geopolitical tensions and volatile capital flows could create intermittent pressure on the currency and external balances. The baseline remains one of strong, non-inflationary growth, with the capacity to absorb shocks, though not without short-term volatility.

3. Overview and Outlook of Indian Capital Markets

3.1. Equities: From Outperformance to Reset

Indian equities have transitioned from a phase of sustained outperformance to one of correction and recalibration. Following several years of strong returns and valuation expansion, the market entered a period of adjustment in 2025–26. Foreign outflows, elevated valuations and sectoral earnings moderation contributed to underperformance relative to global peers. The correction has been broad-based, particularly in segments where valuations had become stretched.

This phase is best understood as a reset rather than a reversal. Valuation premia have narrowed, sector leadership has rotated, and forward returns are increasingly tied to earnings rather than multiple expansion.

3.2. Debt Markets: Stability Amid Heavy Supply

India's debt markets have remained relatively stable despite significant borrowing requirements. Yields have moderated from peak levels, reflecting easing inflation and supportive liquidity conditions. However, the supply of government securities remains elevated, creating a structural floor for yields. The interplay between fiscal borrowing, global rates and domestic liquidity has resulted in a relatively anchored yield curve. India continues to offer a meaningful real yield premium, making it attractive from a global perspective, though not immune to external pressures.

3.3. Outlook: Near-Term Volatility, Medium-Term Strength

The sharp underperformance of Indian equities since 2025 has largely been a valuation and positioning reset after years of outperformance, not a fundamental break in the story. Multiple years of high returns left pockets of the market expensive just as global rates stayed elevated and capital rotated towards AI-centric and developed markets, triggering sustained FPI selling even as domestic investors kept buying. With this correction, valuation premia over global peers have compressed and FPI ownership in Indian equities has fallen, reducing crowding risk and improving the medium term risk-reward for new capital.

Looking ahead, the equity outlook hinges on a still robust macro backdrop—fastest-growing major economy, low and stable inflation, healthy bank and corporate balance sheets—and on the breadth of earnings growth beyond a handful of sectors. Services exports and public capex continue to underpin aggregate demand, while rising domestic financialisation provides a sticky source of equity demand that can partly offset foreign risk-off phases.

Near-term, however, global and local headwinds argue for continued volatility. The Israel-US war with Iran and associated supply disruptions are likely to keep oil and gas prices elevated, complicating inflation, fiscal and external

balances. High gross borrowing by the Centre and states, portfolio debt outflows, large government-securities inventories at public banks and the risk of fiscal slippage via higher subsidies or lower fuel taxes all point to a period of relatively firm bond yields despite RBI liquidity support.

Taken together, this argues for a constructively cautious stance: in the near term, lingering FPI risk aversion, high global rates and geopolitics can cap multiples and keep yields elevated. Beyond the first-half of 2026-27 and especially from 1-3 year perspective, however, India's combination of growth, macro stability, deepening domestic savings and improving entry valuations still supports a positive outlook for both equities and high-quality duration, especially once the global rate cycle turns more decisively.

4. Wealth Management Industry: Performance and Prospects

4.1. Global Context: Growth with Under-Penetration

Global financial wealth continues to expand, supported by market performance and steady savings accumulation. The global pool of financial wealth reached \$305 trillion in 2024, an all-time high (Source: BCG Global Wealth Report 2025) with medium-term growth expected to remain in the mid-single digits. This expansion has been driven by a combination of market performance—particularly equities—and steady accumulation of savings, even as interest rate cycles and geopolitical disruptions have introduced periodic volatility.

However, a significant portion of this wealth remains outside professionally managed channels. This under-penetration is particularly pronounced in emerging markets, where a large share of assets is held in deposits, physical assets or directly managed portfolios. This creates a structural opportunity for the wealth management industry.

Management Discussion & Analysis (Contd.)

4.2. India: From Saving to Investing

India's household savings behaviour is undergoing a gradual transformation. While physical assets remain significant, there is a clear shift towards financial instruments. This transition is not linear. Cyclical factors continue to influence savings patterns, but the long-term trend is towards greater financialisation, supported by rising incomes and improved access to financial products.

4.3. Financial Wealth: Scale and Diversification

India's household financial wealth has expanded rapidly over the past decade, rising more than threefold between 2015 and 2025, but the composition of this wealth has shifted in important ways. Deposits continue to remain the largest component, though their share has declined from about 46% to 36%. While absolute savings in bank instruments have grown steadily, households are increasingly allocating incremental savings to a broader set of financial assets.

Financial Wealth of Indian Households

Financial Product	2015 (₹ Lakhs Crores)	2015 (%)	2025 (₹ Lakhs Crores)	2025 (%)	CAGR (%)
Currency	13.9	10.7	35.4	8.0	9.8

The most striking change is the sharp rise in market-linked instruments. Direct equity holdings have grown strongly, while equity mutual funds have expanded at an even faster pace, reflecting a clear shift towards intermediated participation in capital markets. This trend is consistent with data from the Reserve Bank of India and market regulators, which point to sustained inflows into mutual funds, growing retail demat accounts and increasing familiarity with financial products. The rise of systematic investment plans, digital distribution platforms and greater financial awareness has played a central role in this transition.

At the same time, contractual savings—insurance and provident/pension funds—have remained a stable and growing pillar, together accounting for nearly 30% of financial assets. Their steady expansion reflects rising formalisation of the economy, increased retirement planning and policy support for long-term savings instruments.

Other categories present a more nuanced picture. Currency holdings have declined as a share of wealth, reversing the temporary surge seen during the pandemic years. Small savings have held their share broadly stable, supported by administered interest rates and their appeal

Management Discussion & Analysis (Contd.)

among risk-averse households. Government securities remain a marginal component, reflecting limited direct household participation.

The evolution of household financial wealth in India points to a gradual but clear financialisation of savings, driven by rising incomes, improving access to financial products and the deepening of capital markets. While traditional instruments continue to dominate, the faster growth of equities, mutual funds and retirement-linked assets indicates a steady shift towards more diversified and market-oriented portfolios.

4.4. Industry Outlook: Structural Tailwinds

India's wealth management industry is entering a structurally stronger phase, driven less by market cycles and more by behavioural and institutional shifts. One of the most important changes underway is the gradual move from do-it-yourself investing to professionally managed portfolios. While direct participation in equities has increased, a growing share of incremental flows is now being channelled through intermediated products such as mutual funds, portfolio management services and advisory-led solutions. Data indicate rising participation alongside increasing use of structured investment vehicles, suggesting that investors are moving beyond opportunistic trading towards more disciplined allocation.

This transition is particularly pronounced in the HNI and UHNI segments, which represent the most attractive opportunity for the industry not only in India but in the global context as well. These investors typically have more complex balance sheets, multi-asset exposure and intergenerational objectives, making professional advice not just desirable but necessary. As wealth expands—driven by entrepreneurship, financialisation of savings and strong capital market performance—the need for portfolio construction, risk management and estate planning is becoming more central.

A parallel and equally important driver has been the sustained push towards investor education. Regulatory initiatives, industry efforts and digital dissemination of information have collectively improved financial literacy. The steady rise of systematic investment plans and long-term holding behaviour suggests that a meaningful segment of investors is transitioning from short-term speculation to goal-oriented investing. This has helped reduce the tendency to time markets and has increased acceptance of volatility as part of long-term wealth creation.

Indian wealth management industry is one of the fastest growing globally and at over \$5 trillion has become sizable. The combination of rising financial wealth, increasing complexity of investor needs and improving investor behaviour is likely to support sustained growth

in professionally managed assets, with the HNI and UHNI segments at the core of this expansion.

The Indian wealth management industry is entering a structurally favourable phase. Growth is being driven not only by rising wealth, but also by behavioural shifts towards professional management. The HNI and UHNI segments represent the most significant opportunity, given their increasing complexity of financial needs. At the same time, improved investor education is fostering a shift from speculative behaviour to disciplined investing. The industry's growth trajectory is therefore likely to be sustained and broad-based.

5. Anand Rathi Wealth – Business Model and Positioning

5.1. Pure-Play Private Wealth Business

Anand Rathi Wealth Limited (ARWL) operates with a clear strategic focus as a pure-play wealth solutions firm. Unlike diversified financial institutions that combine lending, broking or investment banking with advisory, ARWL has built a singularly focused business centred on providing uncomplicated, transparent, fearless and data driven wealth solutions to ultra-high-net-worth (UHNI) and high-net-worth (HNI) clients.

At the core of this model is the Private Wealth business, which contributes the majority of revenues and profits. The firm's approach is fundamentally solution-oriented rather than product-led. Portfolios are constructed through a disciplined framework that prioritises asset allocation, risk calibration and long-term compounding, rather than short-term market opportunities.

Over time, the firm has expanded its engagement from wealth creation to include wealth protection and intergenerational transfer, evolving into a more comprehensive wealth solutions platform. However, the strategic anchor remains unchanged—a focused, process-driven private wealth business.

5.2. Scaling with Discipline

ARWL has delivered consistent growth across assets under management (AUM), revenues, and profit especially post public listing four years ago, reflecting both steady client acquisition and a deeper wallet share.

Total revenue rose from ₹425 Crores in FY22 to ₹1,198 Crores in FY26, registering CAGR of 30%. The composition of revenues has steadily shifted towards mutual fund distribution income, improving earnings visibility. Mutual fund distribution income grew at CAGR of 34% from ₹154 Crores in FY22 to ₹494 Crores in FY26 and as % of total revenue improved from 36% in FY22 to 41% in FY26. PAT grew from ₹125 Crores in FY22 to ₹386 Crores in FY26,

Management Discussion & Analysis (Contd.)

registering CAGR of 33%. (Note: FY26 figures are excluding fair value gains on investments of ₹54.6 Crores, ESOP expenses of ₹39.3 Crores, and the related combined tax effects of ₹3.8 Crores).

AUM growth has been robust, supported by net inflows, rising client engagement and favourable market conditions. AUM expanded from ₹32,906 Crores as of 31 March 2022 to ₹93,037 Crores as of 31 March 2026, CAGR 30%.

The number of client families increased from 7,082 as of 31 March 2022 to 13,395 as of 31 March 2026. Relationship managers grew from 271 to 401 over the same period, while the office network increased from 11 to 18 locations in India, and our international presence expanded from Dubai to the UK, with approvals currently underway for Bahrain and GIFT City.

5.3. Client Segmentation

ARWL's Private Wealth business is built around a clearly defined client segment—HNI and UHNI families—with investable surpluses typically exceeding ₹5 Crores. The company manages clients across different stages of their financial lifecycle, from wealth creation during peak earning years to preservation and succession planning in later stages.

Client relationships are characterised by a long-term orientation, with portfolios constructed around clearly defined financial goals rather than episodic market opportunities. The average relationship size has steadily increased over time, reflecting both rising affluence and ARWL's ability to deepen wallet share. Importantly, the firm maintains a calibrated client-to-relationship-manager ratio, ensuring personalised engagement while retaining scalability. The complexity of client needs—ranging from return generation to capital preservation and succession planning—is addressed through a structured framework. This positions ARWL as a long-term partner rather than a transactional intermediary.

5.4. Holistic Wealth Solutions

ARWL's proposition extends beyond portfolio construction to a broader framework encompassing wealth creation, protection, and transmission. While wealth creation remains the core, the firm has progressively expanded its offering to address adjacent needs that are critical for client families.

On the creation side, portfolios are built using a model-based approach with a focus on consistency, risk management, and long-term compounding. This is complemented by wealth protection solutions, including structured products and strategies designed to mitigate downside risks and preserve capital across market cycles.

The third pillar—wealth transmission—has gained increasing importance as client relationships mature. ARWL supports clients in planning inter-generational transfers, ensuring continuity of wealth through appropriate structuring and advisory inputs. This integrated approach allows the firm to move from a product-centric to a solution-centric strengthening client stickiness and enhancing lifetime value.

At the core of ARWL's "uncomplicated" philosophy lies a structured solution that converts financial complexity into clear, actionable pathways for clients. This is anchored by relationship managers (RMs), supported by account managers (AMs), product specialists, and an in-house research function. RMs serve as the primary interface, aligning investment strategy with client objectives and risk appetite. AMs ensure seamless execution and continuity, while product and research teams undertake rigorous evaluation of investment opportunities and portfolio construction.

A defining feature of this approach is consistency—clients, irrespective of size, receive uniform offerings. By combining specialised expertise with a standardised process, ARWL delivers clarity in an otherwise complex financial environment, reinforcing its role as a long-term wealth partner rather than a transactional intermediary.

5.5. Data-Led Decision Architecture

Beneath an uncomplicated client experience, ARWL's investment approach is supported by a rigorously structured, data-driven decision-making architecture. The process is anchored in quantitative frameworks that emphasise objectivity and consistency, ensuring that decisions are based on empirical evidence rather than market narratives.

The process begins with a comprehensive evaluation of investment products using established statistical models and screening mechanisms. Products are assessed across defined parameters, including risk-adjusted returns, liquidity, downside protection, and performance consistency. This evaluation is supported by quantitative techniques such as historical performance analysis and scenario testing, which act as internal filters for product selection.

Portfolio construction is subsequently undertaken through a rule-based framework designed to minimise behavioural biases and ensure adherence to stated investment principles. This disciplined approach also supports scalability, enabling consistent portfolio outcomes across a growing client base.

The investment framework is operationalised through structured tools that facilitate both internal decision-making

Management Discussion & Analysis (Contd.)

and external communication. A standardised approach consolidates return expectations, risk parameters, and portfolio assumptions into a common reference framework for advisors and clients. The design of these tools emphasises clarity and consistency, with underlying analytical complexity embedded within the system.

In periods of market volatility, predefined decision frameworks guide portfolio actions, including maintaining allocations, rebalancing, or adjusting exposures within defined parameters. This approach reduces reliance on discretionary judgement and supports alignment with long-term investment objectives. Teams operate within clearly articulated principles, ensuring consistency in investment actions and client communication.

Accordingly, market volatility is incorporated within the investment process as an expected condition, enabling portfolios to remain aligned with stated objectives while supporting informed client engagement.

5.6. From Goals to Portfolios: The Journey

ARWL's offering is designed as a continuous process rather than a one-time exercise. It begins with a detailed assessment of client objectives, risk tolerance, and time horizon, and extends through defining strategy, portfolio construction, execution, and ongoing review. The strength of this framework lies in its ability to convert financial planning into a structured investment pathway. Asset allocation, product selection, and performance evaluation are all anchored to clearly defined client goals, ensuring that portfolios evolve in line with changing circumstances rather than market noise. Relationship managers are equipped to communicate portfolio strategy and outcomes in a clear, intuitive manner—bridging the gap between analytical complexity and client understanding. This ensures that decision-making remains informed.

5.7. Plan A: Equity Mutual Funds

ARWL's primary investment approach, "Plan A," is centred on mutual funds as the core vehicle for long-term wealth creation. From a large and fragmented universe, the firm identifies a select set of funds through a disciplined evaluation process that emphasises consistency, risk-adjusted performance, and fund management quality. These funds are integrated into model portfolios that combine asset allocation and fund selection into a single framework. This eliminates the need for clients to navigate multiple categories or make tactical allocation decisions. Instead, portfolios are constructed to deliver steady compounding through a coherent, long-term strategy. The result is a standardised yet flexible approach—capable of maintaining consistency across clients while adapting to different risk profiles and investment horizons.

5.8. Plan B: Structured Products as a Stabiliser

"Plan B" complements the core portfolio by introducing structured products aimed at enhancing portfolio stability. These instruments are selectively deployed to manage downside risk and provide greater visibility on return outcomes, particularly in uncertain market environments. While the underlying structures can be complex, ARWL's approach focuses on outcome-based communication. Clients are presented with clearly defined scenarios—covering potential returns, protection levels, and investment timelines—allowing them to evaluate trade-offs without engaging with product intricacies. Used judiciously, structured products serve as a stabilising layer within the portfolio, balancing the growth orientation of mutual fund investments with elements of predictability.

5.9. Centralised Expertise

The delivery of simplified advice is underpinned by a centralised ecosystem of specialist teams across research, product, and portfolio construction. These teams are responsible for identifying opportunities, monitoring performance, and continuously refining model portfolios. A key feature of this architecture is the presence of defined internal filters and approval processes. Every recommendation undergoes rigorous evaluation before being incorporated into client portfolios, ensuring consistency in both quality and communication. This centralisation of expertise allows relationship managers to focus on client engagement while relying on a robust institutional framework for investment decisions. It also ensures that, regardless of scale, each client benefits from the same disciplined approach—where complexity is absorbed within the system and delivered as clarity at the front end.

5.10. Other Businesses: Technology-Led Extensions

In addition to the Private Wealth (PW) segment, ARWL has broadened its service offerings through two additional verticals. Digital Wealth and the Omni Financial Advisory (OFA) platform. These platforms are designed to cater to a broader segment of clients, leveraging digital interfaces and scalable processes while retaining the firm's underlying investment philosophy.

1. Digital Wealth (DW):

Digital wealth business is an extension of our established private wealth expertise. The same investment discipline – uncomplicated, transparent, fearless, data driven and client-first philosophy that define our Private Wealth practice now empower our Digital Wealth platform. In today's rapidly evolving fintech landscape, technology is not merely a tool –

Management Discussion & Analysis (Contd.)

it is the infrastructure through which we are scaling trusted, personalised wealth services to a broader universe of investors.

We are streamlining wealth services strategies to make it more efficient, smart and accessible for the growing mass affluent segment—individuals with investible assets between ₹10 Lakhs and ₹5 Crores. Our distinctive phygital model integrates the care of personal touch with the speed and convenience of technology. This ensures that clients not only receive expert guidance tailored to their goals but also benefit from seamless digital experiences.

2. Omni Financial Advisor (OFA):

The Omni Financial Advisor (OFA) platform is a flagship strategic initiative of the Company, purpose-built to empower Mutual Fund Distributors (MFDs) and Independent Financial Advisors (IFAs/ARN holders) with a robust, technology-driven digital infrastructure. At its core, OFA is designed to enable distributors to scale their business, deepen client relationships, and operate with greater professionalism, transparency, and efficiency in an increasingly competitive landscape. Strong potential exists to improve scalability through the development of structured client engagement frameworks, supporting sustainable growth. OFA was conceived precisely to bridge these gaps — equipping MFDs and IFAs with the digital capabilities they need to thrive in an ever-changing financial landscape and achieve long-term, sustainable success.

The OFA platform offers a co-branded, mobile-first experience designed for both the distributor and their end clients, ensuring seamless accessibility and a consistent brand identity.

5.11. Strategic Priorities and Outlook

ARWL's primary strategic focus remains deepening wallet share within existing client families while adding new clients in the HNI and UHNI segments. In parallel, ARWL is investing in specialised capabilities across areas such as taxation, estate planning, and product structuring. These capabilities are intended to support relationship managers in addressing increasingly complex client needs, thereby enhancing the depth and quality of engagement without diluting uncomplicated approach with client interactions.

Sustaining growth will require parallel investment in people and culture. ARWL is focused on developing the next line of leadership, building succession pipelines, and strengthening regional teams to support geographic

expansion. At the same time, there is a conscious effort to preserve the cultural attributes—ownership, transparency, and client-first thinking—that underpin the firm's "uncomplicated" philosophy. As the organisation scales, maintaining this cultural continuity will be critical to ensuring consistency in client experience.

Outlook

The medium-term outlook for ARWL remains favourable, supported by structural tailwinds in India's wealth management industry, including rising financialisation of savings and increasing demand for professionals. At the same time, the firm remains cognisant of key risks, including market volatility, evolving regulatory frameworks, and the need to scale without compromising quality. Within this context, ARWL's approach is likely to remain measured and disciplined, focusing on sustainable growth, high-quality client acquisition, and continued strengthening of its core business model.

Key growth drivers shaping the Company's long-term growth roadmap are as follows.

1. Penetration in the existing 13,300+ clients' families. There is a massive scope for increasing our wallet share.
2. Addition of new clients.
3. Addition of new relationship managers.
4. Return on investments gets added to AUM.

We believe these four growth pillars will drive our growth by 20% or more annually. This ambitious yet achievable target is backed by our proven track record and strategic insights, reinforcing our position as a leader in India's wealth management sector.

6. Risk Management and Internal Controls

6.1. Risk Governance Framework

ARWL operates within a well-defined risk governance structure anchored by Board oversight and supported by specialised committees. These bodies are responsible for setting the firm's risk tolerance level, approving key policies, and ensuring that risk considerations are embedded across business decisions. The governance framework is designed to provide clear accountability and timely escalation of issues. Regular reviews of risk exposure, control effectiveness, and compliance status ensure that emerging risks are identified and addressed proactively. This structured oversight enables the firm to balance growth objectives with prudent risk management.

Management Discussion & Analysis (Contd.)

6.2. Principal Risks and Mitigation

As a wealth solutions firm, ARWL is exposed to a range of risks including market, regulatory, operational, technology, people, counterparty, and reputational risks. Market volatility can impact client portfolios and engagement levels, while regulatory changes may influence product structures and distribution practices.

These risks are mitigated through a combination of disciplined processes and cultural attributes. A data-driven investment framework helps manage market-related risks, while robust due diligence and diversification reduce counterparty exposure. Operational and technology risks are addressed through standardised processes and system controls.

Importantly, training, transparency, and a client-first culture play a central role in mitigating reputational and advisory risks. Clear communication of risks and realistic expectations helps build resilience in client relationships, particularly during periods of market stress.

6.3. Internal Controls and Compliance

ARWL maintains a strong internal control environment covering both financial reporting and business operations. Established processes and checks ensure accuracy, completeness, and reliability of financial information, while operational controls safeguard against process lapses. The compliance framework is aligned with applicable regulatory requirements, supported by monitoring systems and periodic audits. There is continuous oversight to ensure adherence to policies and timely resolution of any observations. As per publicly available disclosures, there are no material regulatory matters that adversely impact the firm's operations, reflecting the strength of its compliance discipline.

6.4. ESG Framework

ARWL's approach to responsible wealth solutions begins with its philosophy, anchored in suitability, transparency, and client education. Investment recommendations are aligned with client goals, risk appetite, and time horizon, ensuring that portfolios are constructed with a clear understanding of potential outcomes. Communication is structured to present both risks and returns in a balanced manner, avoiding over-promising or product-led bias. This is complemented by ongoing client education, helping clients understand market behaviour, portfolio dynamics, and the importance of long-term discipline. By embedding responsibility within the processes, ARWL seeks to foster informed decision-making and sustainable wealth creation.

- **Environment** - ARWL promotes digital-first interactions and paperless processes, reducing its environmental footprint while delivering efficient and accessible financial services to clients. ARWL is committed to sustainable practices such as reducing carbon emissions, enhancing energy efficiency and preserving natural resources. Such companies are better positioned to comply with environmental regulations and mitigate associated risks.

Corporate Governance Report (Contd.)

(k) Confirmation of the Board for Independent Directors

Based on the declarations received from the Independent Directors, the Board of Directors has confirmed that they meet the criteria of independence as mentioned under Section 149(6) of the Act and Regulation 16(1)(b) of the SEBI Listing Regulations and that they are independent of the management.

The Independent Directors have also registered their names in the Data Bank maintained by the Indian Institute of Corporate Affairs as mandated in the Companies (Appointment and Qualification of Directors), Rules, 2014 as amended. Further, none of the Independent Directors has any other material pecuniary relationship or transaction with the Company, its Promoters, or Directors, or Senior Management which, in their judgment, would affect their independence.

(l) Board Processes

Meeting Schedule: For seamless scheduling of meetings, the calendar of meetings is blocked in consultation with the Directors, thereby giving appropriate notice in advance of the meetings. The Board meets at least once a quarter to review the quarterly financial results, amongst other matters.

Video-Conferencing Facilities: In addition to physical participation, the Company provides secure video-conferencing and other audio-visual means to enable Directors to attend and participate in Board and Committee meetings from remote locations. This facility is extended as an additional convenience to ensure effective participation of Directors who are unable to be present physically due to travel or other commitments.

Availability of Information to Board Members: Board members have unrestricted access to all Company-related information, including insights from senior management and employees. Depending on the agenda, members of the senior leadership team are invited to attend meetings to offer strategic input and facilitate comprehensive discussion.

Post-meeting follow up system: The Company has instituted an effective post-meeting follow-up mechanism. An Action Taken Report is presented at the subsequent meeting, updating the Board on the implementation status of decisions taken in the previous meeting.

Agenda Papers: The Company circulates the agenda papers for Board and Committee meetings electronically, which results in increasing confidentiality, integrity, and secure transmission of sensitive information.

Minutes of the meeting: The draft minutes of the proceedings of the meetings are circulated amongst the members of the Board and the Committees. Comments and suggestions, if any, received from members are incorporated in the Minutes, in consultation with the Chairperson of the Board and Committees, respectively. Thereafter, signed minutes of the meetings are circulated amongst the members of the Board and Committees, in compliance with the applicable Secretarial Standards issued by the Institute of Company Secretaries of India.

(m) Presentation by Management to the Board

Prior to the announcement of quarterly and annual financial results, the Management presents a comprehensive business update to the Board. The presentation covers:

- Overall operational and financial performance of the Company;
- Performance of business;
- Financial and operational highlights of subsidiary companies;
- Market initiatives undertaken;
- Any other developments having a bearing on the Company's business or financial position.

This practice ensures that the Board is thoroughly briefed on all aspects of the business before financial results are made public, enabling informed review, meaningful discussion and effective governance oversight.

(n) Post-Meeting Follow-up Mechanism

The Company has put in place a structured follow-up process to ensure that decisions taken at Board and Committee meetings translate into timely action. Once a meeting concludes, the key decisions are promptly communicated to the relevant departments and business units responsible for implementation.

At every subsequent Board or Committee meeting, an Action Taken Report (ATR) is placed before the members, if any, capturing the status of decisions and suggestions made at the previous meeting. This ensures continuity, accountability and closure on all matters deliberated by the Board.

(o) Details of Non-compliance

No penalties or strictures were imposed on the Company by stock exchanges or SEBI on any matter related to the capital market during the last three years.

SCORES (SEBI Complaints Redress System) AND ODR (ONLINE DISPUTE RESOLUTION):

SCORES and ODR are the two primary digital systems established by the Securities and Exchange Board of India (SEBI) to resolve investor grievances and disputes in the Indian securities market.

SEBI Complaints Redress System (SCORES)

Securities and Exchange Board of India ("SEBI") administers a centralised web-based complaints redress system ("SCORES"). It enables investors to lodge and follow up complaints and track the status of redressal online on the website at <https://scores.sebi.gov.in>. It also enables the market intermediaries and listed companies to receive the complaints from investors against them, redress such complaints and report redressal of such complaints. All the activities starting from lodging of a complaint till its disposal are carried online in an automated environment and the status of every complaint can be viewed online at any time. The Company has registered itself on SCORES and endeavors to resolve all investor complaints received through SCORES.

During the financial year 2025-2026, no complaints were received from the investors.

SMART ODR

The Securities and Exchange Board of India (SEBI) has released a significant master circular on 31 July 2023, aimed at enhancing the resolution of disputes within the Indian securities market. This circular introduces a comprehensive framework for Online Dispute Resolution (ODR) to streamline the resolution process and protect the interests of investors, companies and intermediaries.

The framework encompasses various stakeholders, including Recognized Stock Exchanges, Clearing Corporations, Depositories, Stockbrokers, Depository Participants, Listed Companies, and SEBI Registered Intermediaries. The circular emphasizes the usage of online conciliation and arbitration mechanisms, offering investors and market participants an efficient way to resolve disputes. The Company has registered itself on ODR portal and endeavours to resolve all complaints.

2. Processing of Investor Service Requests

All investor service requests, such as duplicate share certificates, transmission, transposition and consolidation, are processed in demat form only. A Letter of Confirmation (LOC) is issued by the RTA upon processing, valid for 120 days. Shareholders are advised to complete their demat request within this period to avoid transfer of shares to the Company's Suspense Escrow Demat Account.

3. KYC Updation

SEBI has made KYC updation mandatory for all shareholders holding shares in physical form. Shareholders are requested to ensure the following details are updated with the RTA or their Depository Participant (DP):

- (a) PAN & Aadhaar;
- (b) Postal Address with PIN Code;
- (c) Mobile Number & Email Address;
- (d) Bank Account details; and
- (e) Nomination details.

4. PAN–Aadhaar Linking

All shareholders holding shares in physical form are required to link their PAN with Aadhaar as mandated by SEBI. This is essential for processing any investor service request.

5. Nomination Facility

Shareholders holding shares in physical form may register their nominee by submitting Form SH-13 to the RTA. Shareholders holding shares in demat form may update their nomination directly with their DP. This facility is especially recommended for shareholders holding shares in a single name.

6. Email Registration

Shareholders who have not registered their email address are requested to do so immediately to receive all communications digitally. Registration can be done through Form ISR-1 submitted to the RTA or their respective DP.

7. Non-Resident Shareholders

Non-resident shareholders are requested to promptly update the following with the RTA (for physical shares) or their DP (for demat shares): (a) Indian correspondence address; (b) Email address and contact number; (c) Change in residential status, if applicable; (d) Indian bank account details along with a cancelled cheque copy; and (e) RBI approval details for dividend credit, if applicable.

8. Service of Documents in Electronic Form (Green Initiative)

As part of the Green Initiative in Corporate Governance, the Ministry of Corporate Affairs (MCA) has permitted companies to serve documents such as Notices of General Meetings, Financial Statements, Board's Reports and Auditors' Reports to shareholders in electronic form. The Company is committed to supporting this initiative and encourages all shareholders to register their email address to receive all communications digitally. Shareholders who have not yet registered their email address may do so by submitting Form ISR-1 to the RTA or their respective DP.

The key benefits of registering your email address are as follows: (a) timely receipt of all communications; (b) elimination of risk of loss of documents in postal transit; and (c) contribution towards conservation of paper and protection of the environment.

Corporate Governance Report (Contd.)

9. Shareholder Feedback

The Company values the feedback and suggestions of its shareholders. Members are requested to share their valuable suggestions for improvement of investor services by writing to the Company at its Registered Office or via email at the dedicated investor relations email address of the Company.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Considering the nature of the Company business, it does not generate any hazardous or toxic chemical waste as a part of its operations. However, the Company exhibits proactive environmental stewardship by actively exploring sustainable alternatives to minimise plastic usage across its office and branch locations. Waste generated is handled in a systematic manner, as described below:

- Paper and dustbin bags are responsibly handled and sent to the state municipal authorities.
- E-waste disposal is meticulously managed through accredited vendors, ensuring adherence to environmental standards and regulations.

Waste Management Practices | Single-Use Plastic Compliance | BuffFree India Certified

In alignment with Principle 6 of SEBI's BRSR framework – Businesses should respect and make efforts to protect and restore the environment – the Company has obtained BuffFree India certification for the responsible management of cigarette buff waste. Cigarette buffs are formally identified as a high-priority Single-Use Plastic under CPCB's Guidelines for Disposal of Cigarette/Bidi Buffs (November 2022), and are subject to the National Green Tribunal's directions which mandated the CPCB to lay down a regulatory framework for their safe disposal.

The Company has installed dedicated collection bins at all designated smoking zones. Collected waste is segregated at source, transported to a certified recycling partner, and subjected to detoxification before being upcycled into finished products. No cigarette buff waste from Company premises is disposed of in open drains, water bodies, or landfills. This initiative forms part of the Company's broader commitment to plastic waste minimisation under the Plastic Waste Management Rules, 2022.

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, the Company has an Emergency Preparedness and Response Plan.

The plan was crafted to establish a structured framework and procedures for effectively addressing a range of emergencies, including fire, earthquake, and bomb threats. Clear roles and responsibilities have been assigned to staff members to ensure a seamlessly coordinated response during crisis situations. This protocol prioritises human safety, minimises property damage, and swiftly restores normal Company operations, while facilitating responsive communication with all relevant parties.

Moreover, the procedure includes specific measures to familiarise employees with essential protocols. This include 'Action in the event of fire' and 'Action on hearing the alarm,' as well as identifying designated 'Assembly Points' for each work premises. This ensures that all staff are well-prepared and equipped to respond effectively to emergencies, fostering a culture of safety and awareness in the workplace.

Additionally, the Company is currently in the process of establishing an Emergency Response Team (ERT). This dedicated team will play a vital role in proactively managing emergency preparedness by conducting regular safety drills, maintaining emergency equipment, and staying informed about best practices. Furthermore, by maintaining a constant state of readiness, the Company aims to ensure that its workplace is well-prepared to handle a wide range of potential emergencies, safeguarding the well-being of its employees and the continuity of its operations.

- (b) Limited level of assurance for the non-financial disclosures in BRSR; in respect of the reporting period of 01 April 2025, to 31 March 2026 (hereinafter referred to as "**Scope**").

The Company operates plants and/or operations/office at 18 locations in India plus 1 international location.

The assurance activities were carried out together with a desk review during the period from 04 April 2026 to 07 April 2026 and verification activities were performed at the Company's Registered Office at Floor No. 2, Block B & C, E Wing, Trade Link, Kamala Mills Compound, Senapati Bapat Marg, Lower Parel, Mumbai - 400013.

We confirm that neither we, nor any of our associates provide any non-audit/non-assurance related service including consulting services, to the Company or its group entities.

Management's Responsibility:

The selection of reporting boundary, monitoring and measurement of data, preparation and presentation of information for the BRSR is the sole responsibility of the management of the Company. R&A was not involved in the drafting or preparation of the of the BRSR Report, BRSR Core KPIs and/or related back-up data. Our sole responsibility was to provide independent assurance on its content.

The Company is also responsible for archiving the related data for a reasonable time period. The intended users of this assurance statement are the management of the Company. The data is verified on a sample basis and the responsibility for the authenticity of data lies with the Company.

Our Responsibility:

R&A's responsibility in relation to this engagement is to provide a limited assurance of non-financial information and reasonable assurance on the BRSR Core KPIs and to express a conclusion based on the work performed. Our engagement did not include an assessment of the adequacy or the effectiveness of the Company's strategy, management of ESG related issues or the sufficiency of the Report against BRSR reporting principles, other than those mentioned in the scope of the assurance.

R&A expressly disclaims any liability or co-responsibility:

- 1) for any decision a person or entity would make based on this assurance statement, and
- 2) for any damages in case of erroneous data being reported. This assurance engagement is based on the assumption that the data and information provided to R&A by the Company are complete and true.

Limitations:

We performed a reasonable Level of assurance for the BRSR Core indicators and a limited level of assurance for the BRSR reporting. The assurance scope has the following limitations:

- The assurance engagement considers an uncertainty of $\pm 5\%$, based on the materiality threshold for Assumption/ estimation/ measurement errors and omissions;
- R&A has not been involved in evaluation or assessment of any financial data/performance of the Company. Our opinion on the financial indicators is based on the third party audited financial reports of the Company. R&A does not take any responsibility for the financial data reported in the audited financial reports of the Company.
- The assurance does not cover the Company's statements that express opinions, claims, beliefs, aspirations, expectations, aims, or future intentions. Additionally, assertions related to Intellectual Property Rights and other competitive issues are beyond the scope of this assurance.
- The assessment does not include a review of the Company's strategy, or other related linkages expressed in the Report. These aspects are not within the scope of the assurance engagement.

- The assurance does not extend to mapping the Report with reporting frameworks other than those specifically mentioned. Any assessments or comparisons with frameworks beyond the specified ones are not considered in this engagement.
- The assurance engagement does not include a review of legal compliances. Compliance with legal requirements is not within the scope of this assurance, and the Company is responsible for ensuring adherence to relevant laws.
- The assurance engagement is based on the assumption that the data and information provided by the Company are complete, sufficient and authentic.

Verification Methodology:

During the assurance engagement, R&A has verified the disclosures and assessed the robustness of the underlying data management system, information flows and controls.

In respect of the BRSR Core indicators:

- R&A reviewed the disclosures under BRSR Core, encompassing the framework for assurance consisting of a set of Key Performance Indicators (KPIs) under 9 ESG attributes;
- R&A evaluated the implementation of key systems, processes and controls for collecting, managing and reporting the BRSR Core indicators;
- R&A sought evidence across all relevant areas, ensuring a detailed examination of BRSR Core indicators. Engaged directly with stakeholders to gather insights and corroborative evidence for each disclosed indicator;
- Conducted Interviews with selected senior managers responsible for management of disclosures and reviewed, on test check basis, the evidence provided to support environmental KPIs and metrics disclosed the Report;
- Conducted a comprehensive examination of key material aspects within the BRSR Core framework supporting adherence to the assurance based on applicable principles plus specified data and information.

In respect of the rest of the non-financial disclosures in BRSR Report:

- R&A reviewed the disclosures under BRSR reporting guidelines focussing on general disclosures, management processes, principle wise performance (essential indicators, and leadership indicators) and any other key metrics specified under the reporting framework.

- R&A understood the key systems, processes and controls for collecting, managing and reporting the non-financial disclosures in BRSR report.
- R&A reviewed the data provided on a sample basis, evaluated documentary evidence supporting adherence to the reporting principles;
- R&A interviewed the senior managers responsible for management of disclosures with overall responsibility of monitoring, data collation and reporting the selected indicators.

Reasonable Assurance Conclusion:

Reasonable level of Assurance - BRSR 9 Core Attributes:

Based on our review and procedures followed for reasonable level of assurance, R&A is of the opinion that in all material aspects, indicators under the BRSR 9 Core attributes (as listed in Annex I of this statement) for FY 2025-26 are reported in accordance with reporting requirements outlined in BRSR Core (Annexure I of SEBI Circular bearing No. SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated 12 July 2023).

Limited Level of Assurance- BRSR Reporting Format:

On the basis of the assessment undertaken, nothing has come to our attention to suggest that the disclosures do not properly adhere to the reporting requirements as per BRSR Reporting Guidelines (Annexure II of SEBI Circular No. SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated 12 July 2023).

Statement of Independence:

R&A is a professional services firm offering a range of advisory services to both domestic and international clients across industries. We have complied with independence and ethical requirements which are founded on the fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

Financial Statements

Independent Auditor's Report

To
The Members of
Anand Rathi Wealth Limited

Report on the audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying Standalone Financial Statements of **Anand Rathi Wealth Limited** ('the Company'), which comprise the Standalone Balance Sheet as at 31 March 2026, and the Standalone Statement of Profit And Loss (including Other Comprehensive Loss), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year ended on that date, and notes to the Standalone Financial Statements, including a summary of material accounting policies and other explanatory information ('the Standalone Financial Statements').
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the State of Affairs of the Company as at 31 March 2026, and its Profit and Other Comprehensive Loss, Changes in Equity and its Cash Flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act, and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current year. These matters were addressed in the context of our audit

of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

5. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the Standalone Financial Statements and our auditors' report thereon.
6. Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

8. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the State of Affairs, profit and Other Comprehensive Loss, Changes in Equity and Cash Flows of the Company in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection of the appropriate accounting software for ensuring compliance with applicable laws and regulations including those related to retention of audit logs; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for

ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

9. In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Standalone Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - 11.1. Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - 11.2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
 - 11.3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
 - 11.4. Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained,

whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

11.5. Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by the Companies (Auditor's Report) Order, 2020 ('the Order'), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the '**Annexure A**' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
16. As required by section 143(3) of the Act, we report that:
 - 16.1. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - 16.2. In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.

- 16.3. The standalone balance sheet, the standalone statement of profit and loss (including Other Comprehensive Loss), the Statement of Changes in Equity and the Standalone Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- 16.4. In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under section 133 of the Act read with the relevant rules thereunder.
- 16.5. On the basis of the written representations received from the directors as on 01 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of section 164(2) of the Act.
- 16.6. With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in '**Annexure B**'.
- 16.7. In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Act.
17. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
- 17.1. The Company does not have any pending litigations which would impact its financial position. Refer Note 34(a).
- 17.2. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. Refer Note 34(b).
- 17.3. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- 17.4. The Management has represented, to best of their knowledge and belief, that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ('Intermediaries'), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- 17.5. The Management has represented, to best of their knowledge and belief, that no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- 17.6. Based on such audit procedures, that have been considered reasonable and appropriate in the circumstances, performed by us, nothing has come to our notice that has caused us to believe that the representation under sub clause (i) and (ii) of Rule 11(e), as provided under para 17.4 and 17.5 above, contain any material misstatement.
- 17.7. In our opinion and according to the information and explanations given to us,
- a) The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
- b) The interim dividend declared and paid by the Company during the year and until the date of this report is in compliance with section 123 of the Act.
- c) As stated in Note 39 to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend is declared in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- 17.8. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.
- Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure 'B' to the Independent Auditors' report on the Standalone Financial Statements of Anand Rathi Wealth Limited for the year ended 31 March 2026

(Referred to in paragraph '16.6' under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to the aforesaid Standalone Financial Statements under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013 ('the Act').

Opinion

1. We have audited the internal financial controls with reference to the Standalone Financial Statements of Anand Rathi Wealth Limited ('the Company') as at 31 March 2026 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.
2. In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to the Standalone Financial Statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('the Guidance Note').

Management's responsibility for Internal Financial Controls

3. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

4. Our responsibility is to express an opinion on the Company's internal financial controls with reference to the Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing (SA), prescribed under section

143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the Standalone Financial Statements. Those SAs and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects.

5. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to the Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.
6. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to the Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to the Standalone Financial Statements

7. A company's internal financial controls with reference to the Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the Standalone Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are

being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's / Bank's assets that could have a material effect on the Standalone Financial Statements.

internal financial controls with reference to the Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Inherent Limitations of Internal Financial Controls with reference to the Standalone Financial Statements

8. Because of the inherent limitations of internal financial controls with reference to the Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Standalone Financial Statements to future periods are subject to the risk that the

(a) Statement of Compliance

These Ind AS Standalone Financial Statements for the year ended 31 March 2026 have been prepared in accordance with the Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ("the Act"), amendments thereto and other relevant provisions of the Act.

The Ind AS Standalone Financial Statements were approved for issue by the Board of Directors of the Company at their meeting held on 09 April 2026.

(b) Basis of preparation of Ind AS Standalone Financial Statements

These Ind AS Standalone Financial Statements have been prepared on historical cost basis, except for certain financial instruments, which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

The company has considered the amendments to Schedule III of the Act as amended notified by Ministry of Corporate Affairs ("MCA") via notification dated 24 March 2021 in the Ind AS Financial Statement disclosures, wherever applicable.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these Ind AS standalone financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102 and leasing transactions that are within the scope of Ind AS 116.

The accounting policies adopted in the preparation of the Ind AS Financial Statements are consistent with those followed in the previous year by the Company. The financial statements have been prepared on a going concern basis, as management believes the Company will continue its operations and meet its obligations in the foreseeable future.

Fair Value Measurement

In addition, for financial reporting purpose, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

- **Level 1** inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date;
- **Level 2** inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- **Level 3** inputs are unobservable inputs for the assets or liability.

Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Act, as amended. The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act as amended, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards. Amounts in the financial statements are presented in Indian Rupees in Lakh [1 Lakh = 1,00,000] rounded off to two decimal places as permitted by Schedule III to the Act as amended. Per share data are presented in Indian Rupees to two decimals places.

Functional and presentation of currency

The financial statements are presented in Indian Rupees, which is the Company's functional and presentation currency and all amounts are rounded to the nearest rupees in Lakhs; except when otherwise stated.

Foreign Currency Translation

The financial statements are presented in Indian currency (INR), which is the Company's presentation currency. It is necessary for the results and financial position of each individual entity included in the reporting entity to be translated into the currency in which the reporting entity

Notes to Ind AS Standalone Financial Statements

For the year ended 31 March 2026

presents its financial statements. As the reporting entity presents its financial statement in INR, the financial statements of foreign representative office in Dubai are also translated into INR.

Foreign currency transactions are translated into presentation currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the year end exchange rates are recognised in other comprehensive income.

Non-monetary items that are measured at fair value in the foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences or non-monetary assets such as equity investments classified as FVTOCI are recognised in other comprehensive income.

The financial statements are translated from functional currency to presentation currency by using the following procedures:

- (a) assets and liabilities for each balance sheet presented (i.e. including comparatives) shall be translated at the closing rate at the date of that balance sheet;
 - (b) income and expenses for each statement of profit and loss presented (i.e. including comparatives) shall be translated at average exchange rates during the year; and
 - (c) all resulting exchange differences shall be recognised in other comprehensive income.
- (c) Critical Accounting Judgments and Key Sources of Estimation Uncertainty**

The preparation of the Company's Ind AS Standalone Financial Statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

Estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected.

- (i) Depreciation / Amortisation and useful lives of property, plant and equipment: Company depreciates its tangible assets over the useful life of an Asset as prescribed under Part C of Schedule II of the Act. Company remeasures remaining useful life of an asset at the end of each reporting date.
- (ii) Fair value measurement: Fair Value is a price of orderly transaction between market participants at the measurement date under current market conditions. Company determines Fair Value of Quoted Investment from available market price. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using appropriate valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.
- (iii) Provisions: Provisions are recognized when there is a present obligation (legal or constructive) as a result of past event; and it is probable that an outflow of resources will be required to settle the obligation. Management estimates it by using its best judgement of future cash outflow
- (iv) Taxes: The Company periodically assesses its liabilities and contingencies related to income taxes for all years open to scrutiny based on latest information available. For matters where it is probable that an adjustment will be made, the Company records its best estimates of the tax liability in the current tax provision. The Management believes that it has adequately provided for the probable outcome of these matters.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

- (v) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities.

Notes to Ind AS Standalone Financial Statements

For the year ended 31 March 2026

(vi) Leases: The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics."

(vii) Impairment of Goodwill: Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGUs) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes. The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell. Key assumptions in the cash flow projections are prepared based on current economic conditions and comprises estimated long term growth rates, weighted average cost of capital and estimated operating margins

(d) Current and Non-Current Classification

An asset shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within twelve months after the reporting date; or

- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets shall be classified as non-current.

A liability shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the reporting date; or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities shall be classified as non-current.

(e) Property, Plant and Equipment & Intangible Assets and Depreciation & Amortisation

Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Direct costs in relation to the fixed assets are capitalized until such assets are ready for use.

- (i) Tangible Assets: Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets estimated by the Management. Depreciation for assets purchased during a period is proportionately charged. The Management estimates the useful lives and residual values of the fixed assets as prescribed under Part C of Schedule II of the Act as follows.

Fixed Assets	Useful Life
Office Equipments	5 years
Computer Equipments	
a. Server	6 years
b. Other Computer Equipments	3 years
Motor Car	8 years
Furniture and Fixtures	10 years
Building	60 years

- (ii) Improvements on leased premises are depreciated over the lease period or useful life of the fixtures, whichever is lower.

Notes to Ind AS Standalone Financial Statements

For the year ended 31 March 2026

- (iii) Capital work-in-progress comprises cost of property, plant and equipment that are not yet ready for their intended use as at the year end

(f) Financials Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments

Initial Recognition :

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss. Trade receivables that do not contain a significant financing component are measured at transaction price.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest."

(i) Classification & Measurement of Financial Assets

Financial assets are classified as 'Amortised Cost', 'Fair Value through Profit and Loss' (FVTPL) and 'Fair Value through Other Comprehensive Income' (FVTOCI) in the following categories:

Debt Instruments at amortised cost: Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for those designated at FVTPL on initial recognition)

- The asset is held within a business model whose objective is to hold asset to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt Instruments at FVTOCI: Debt instruments that meet the following conditions are subsequently measured at FVTOCI (except for those designated at FVTPL on initial recognition)

- the asset is held within a business model whose objective is achieved both by

collecting contractual cash flows and selling financial assets; and

- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt Instruments at FVTPL: Any debt instrument which is either initially designated at FVTPL or which does not meet the criteria for Amortised cost or FVTOCI is measured at FVTPL.

Effective Interest Rate Method: Interest income from security deposits and debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Equity Instruments at FVTOCI: On initial recognition, the Company can make an irrevocable election (on an instrument by instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the instrument is held for trading. The cumulative gain or loss is not reclassified to the Statement of Profit and Loss on disposal of the investment.

Equity Instruments at amortised cost: The Company's investment in its subsidiaries are carried at cost net of accumulated impairment loss, if any. On disposal of the Investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

Financial Assets at FVTPL: Investments in equity instruments are classified at FVTPL, unless they were irrevocably elected on initial recognition as FVOCI. Financial Assets at FVTPL are measured at Fair Value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

Dividends are recognised in statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Notes to Ind AS Standalone Financial Statements

For the year ended 31 March 2026

(ii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost, FVOCI debt instruments, and other financial assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 38 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables, the Company applies the simplified approach permitted by Ind AS 109 "Financial Instruments" which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iii) Derecognition of financial assets

A financial asset is derecognised only when :

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(iv) Financial Liabilities:

Financial liabilities which are held for trading or are designated at FVTPL are measured at fair value with changes being recognised in the statement of Profit and Loss.

Financial liabilities that are not held for trading and are not designated as at FVTPL, are measured at amortised cost. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

(v) Derecognition of financial liabilities

Company derecognises financial liabilities when, and only when, the company's obligations are discharged, cancelled or have expired. A substantial modification in the terms of an existing financial liability is accounted as a discharge of original financial liability and recognition of new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised as profit or loss.

(vi) Offsetting financial assets and liabilities

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right and ability to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

(g) Impairment of non-financial assets

Property, plant or equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amount may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value in use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent to those from other assets.

The Carrying Amount of Assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss, if any, is charged to Statement of Profit and Loss in the year in which an asset is identified as impaired. Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the assets no longer exists or have decreased

(h) Cash and cash equivalents

- (i) Cash and cash equivalents in the balance sheet comprise cash at bank and on hand and short-term deposit with original maturity upto three months, which are subject to insignificant risk of changes in value.
- (ii) For the purpose of presentation in the statement of cash flows, cash and cash equivalents consists of cash and short-term deposit, as defined above, as they are considered as an integral part of Company's cash management.

Notes to Ind AS Standalone Financial Statements

(i) Borrowing Cost and Finance Charges

Borrowing cost attributable to acquisition and construction of qualifying assets are capitalized as a part of the cost of such assets up to the date when such assets are ready for its intended use. Other borrowing cost are charged to the statement of profit and loss in the year in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowings.

(j) Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated on a straight-line basis over the lease term. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(k) Employee Benefits

Defined Contribution plan – Retirement benefit in the form of Provident Fund is a defined contribution scheme. The Company is statutorily required to contribute a specified portion of the basic salary of an employee to a provident fund as a part of retirement benefits to its employees. The contributions during the year are charged to statement of profit and loss. The Company recognizes contribution payable to the Provident Fund scheme as an expenditure when an employee renders related service.

Defined Benefit Plan – Gratuity, which is in the nature of Defined Benefit Schemes, are payable only to employees and accounted for on accrual basis. The Cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses are recognised in other comprehensive income in the period in which they occur and are not reclassified to the Statement of Profit and Loss.

The Company has funded its Gratuity liability under group scheme with an Insurer. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of the scheme assets. Any asset resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the scheme."

Short Term Employee Benefits - The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include incentive and Annual Leave which are expected to occur within twelve months after the end of the year in which the employee renders the related service.

Notes to Ind AS Standalone Financial Statements

For the year ended 31 March 2026

(l) Revenue Recognition

The Company recognizes revenue from contracts with customers based on a five step model as set out in Ind AS 115, Revenue from Contracts with Customers, to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customer. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur. Revenue is measured at fair value of the consideration received or receivable. Revenue is recognised when (or as) the Company satisfies a performance obligation by transferring a promised service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. When (or as) a performance obligation is satisfied, the Company recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation.

The Company applies the five-step approach for recognition of revenue:

- Identification of contract(s) with customers;
- Identification of the separate performance obligations in the contract;
- Determination of transaction price;
- Allocation of transaction price to the separate performance obligations; and
- Recognition of revenue when (or as) each performance obligation is satisfied.

Income from Distribution and sale of Financial product includes Distribution income on Mutual Fund, Referral fees, Consultancy income, Gain/ Loss on sale of Investment (Structured Product), Commission income and Marketing Support charges.

1. Income related with Distribution income on Mutual Fund, PMS, Referral fees, Consultancy, commission Income and Marketing Support charges is accounted on accrual basis.
2. Dividend income is accounted for when the right to receive the payment is established.
3. Difference between the sale price and the carrying value of investment is recognised as profit or loss on sale/ redemption on investment on trade date of transaction. Carrying value of investments

is determined based on first in first out value of investments sold.

4. Interest income is recognised using the effective interest method.

(m) Taxes on Income

Current Tax: Provision for Income Tax is determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred Tax: Deferred tax is provided, on all temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date. Tax relating to items recognised directly in equity or OCI is recognised in equity or OCI and not in the Statement of Profit and Loss.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable."

(n) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when there is a present obligation (legal or constructive) as a result of past event; and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date, taking into account the risks and uncertainties surrounding the obligation.

Contingent Liabilities are possible but not probable obligations as on the Balance Sheet date, based on the available evidence. Contingent Liabilities are not recognised in the Ind AS Standalone Financial Statements.

Contingent Assets are neither recognized nor disclosed.

Notes to Ind AS Standalone Financial Statements

For the year ended 31 March 2026

(o) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the company by the weighted average number of equity shares outstanding during the year.

The Weighted average number of equity shares outstanding during the year is adjusted for events such as issue of shares, bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares), without a corresponding change in resources.

Diluted earnings per share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(p) Cash Flow Statement

Cash flows statement is prepared using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(q) Share Based payment Arrangements

Equity settled share based payments to employees and others are measured at the fair value of equity instruments

at the grant date. The fair value determined at the grant date of the equity settled share based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instrument that will eventually vest, with a corresponding increase in equity.

(r) Segment Reporting:

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance based on only one segment i.e. Services for distributions and sale of financial products within India. The CODM has been identified as CEO/CFO of the Company.

(s) Rounding of amounts

All amounts disclosed in the Ind AS Standalone Financial Statements and notes have been rounded off to the nearest thousand as per the requirement of Schedule III to the Act, unless otherwise stated.

(t) Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

The Company is recognizing and accruing the retirement benefits as per Indian Accounting Standard (Ind AS) 19 on "Employee Benefits". The details are as enunciated below as certified by an Independent Actuary.

A Defined Benefit Plans

Gratuity:

The gratuity payable to employees is based on the employee's service and last drawn salary at the time of leaving the services of the Group and is in accordance with the Rules of the Company for payment of gratuity.

Inherent Risk:

The plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, this exposes the Company to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employee in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

There are no amounts included in the fair value of plan assets for:

- i) Company's own financial instrument
- ii) Property occupied by or other assets used by the Company

Discount Rate:

Discount Rate for this valuation is based on Yield to Maturity (YTM) available on Government bonds having similar term to decrement-adjusted estimated term of liabilities.

For valuation as at 31 March, 2026 the estimated term of liabilities is 14.55 years, corresponding to which YTM on government bonds is 7.50%, after rounding to nearest 0.05%

Expected rate of return on assets:

It is the average long term rate of return expected on investments of the Trust Fund.

Salary Escalation Rate:

Salary escalation assumption has been set in discussions with the enterprise based on their estimates of overall long-term salary growth rates after taking into consideration expected earnings inflation as well as performance and seniority related increases.

Withdrawal Rate:

Assumptions regarding withdrawal rates is based on the estimates of expected long term employee turnover within the organization.

Mortality Rate:

It is based on Indian Assured Lives Mortality (2012-14) Ult. as issued by Institute of Actuaries of India for the actuarial valuation.

Sensitivity Analysis:

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the year and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognized in the Balance Sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous year.

Asset Liability Matching Strategy:

The money contributed by the Company to the Gratuity fund to finance the liabilities of the plan has to be invested. The trustees of the plan have outsourced the investment management of the fund to an Insurance Company. The Insurance Company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it is not possible to explicitly follow an asset liability matching strategy.

There is no compulsion on the part of the Company to fully prefund the liability of the Plan. The Company's philosophy is to fund these benefits based on its own liquidity and the level of underfunding of the plan.

Earnings Per Share (in ₹)*		
- Basic	47.15	35.52
- Diluted	46.46	35.52

* Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the standalone financial statements by the Board of Directors.

36 Financial Ratios (Contd..)

- (1) Current ratio increased due to increased short-term investment leading to increase in current assets.
- (2) Debt equity ratio decreased due to repayment of vehicle loans during the financial year 2025-26 & increase in total equity.
- (3) Net Capital to turnover ratio decreased due to increase in working capital more than the increase in turnover.
- (4) Due to increase in capital employed, return on capital employed has been decreased.

Explanations to items included in computing the above ratios

1. Current Ratio: Current Asset (excluding assets held for sales) over Current Liabilities.
2. Debt-Equity Ratio: Debt (includes Current & Non-Current Borrowings excluding lease liabilities) over total share holders equity (Includes average of opening and closing equity capital and other equity).
3. Debt Service Coverage Ratio: Earnings available for debt service (includes profit after tax, depreciation and finance cost) over debt service (includes interest on borrowings - car loan and property loan, principal repayment made and lease payments).
4. Return on Equity Ratio: Profit After Tax over Equity (includes average of opening and closing equity capital and other equity).
5. Net capital turnover ratio: Revenue from operations over average working capital (current assets net of current liabilities).
6. Net profit ratio: Profit After Tax over Revenue from operations.
7. Return on Capital employed: Earnings Before Interest & Tax over Capital Employed (which includes tangible net worth and total debt).

Note: a. Considering the nature of business activities, only ratios applicable to the company are provided.

37 FINANCIAL INSTRUMENT - FAIR VALUES

Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Independent Auditor's Report

To
The Members of
Anand Rathi Wealth Limited

Report on the audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying Consolidated Financial Statements of **Anand Rathi Wealth Limited** ('the Holding Company' or 'the Parent' or 'the Company') and its subsidiaries (the parent and its subsidiaries together referred to as 'the Group'), which comprise the Consolidated Balance Sheet as at 31 March 2026 and the Consolidated Statement of Profit (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year ended on that date, and notes to the Consolidated Financial Statements, including a summary of material accounting policies and other explanatory information ('the Consolidated Financial Statements').
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries as were audited by the other auditors, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the Consolidated State of Affairs of the Group as at 31 March 2026, and its Consolidated Profit And Other Comprehensive Income, Consolidated Changes in Equity and its Consolidated Cash Flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act, and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained along with the consideration of audit reports of the other auditors referred

to in the 'Other Matters' paragraph below is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current year. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

5. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report but does not include the Consolidated Financial Statements and our auditors' report thereon.
6. Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done / audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

8. The Holding Company's Board of Directors are responsible for the preparation and presentation of these Consolidated Financial Statements, that give a true and fair view of the Consolidated State of Affairs, Consolidated Profit and Other Comprehensive Income, Consolidated Changes in Equity and Consolidated Cash Flows of the Group is in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India. The

respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection of the appropriate accounting software for ensuring compliance with applicable laws and regulations including those related to retention of audit logs; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

9. In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
10. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's responsibilities for the audit of the Consolidated Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.
12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - 12.1. Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- 12.2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to the Consolidated Financial Statements and the operating effectiveness of such controls.
 - 12.3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
 - 12.4. Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
 - 12.5. Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - 12.6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
13. We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit

findings, including any significant deficiencies in internal control that we identify during our audit.

14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

16. We did not audit the financial statements of three subsidiaries whose financial statements reflect total assets of ₹ 9,032.80 Lakhs as at 31 March 2026, total revenues of ₹ 4,665.42 Lakhs and net cash flows amounting to ₹ (326.26) Lakhs for the year ended on that date, as considered in the Consolidated Financial Statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of section 143(3) of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.
17. 20.4. The respective managements of the Holding Company, its subsidiaries incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries, to best of their knowledge and belief, that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ('Intermediaries'), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding

Company or any of such subsidiaries ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

20.5. The respective managements of the Holding Company, its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries, to best of their knowledge and belief, that no funds have been received by the Holding Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ('Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

20.6. Based on such audit procedures, that have been considered reasonable and appropriate in the circumstances, performed by us and those performed by auditors of the subsidiaries incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or other auditors to believe that the representation under sub clause (i) and (ii) of Rule 11(e), as provided under para 20.4 and 20.5 above, contain any material misstatement.

20.7. In our opinion and according to the information and explanations given to us,

- a) The final dividend paid by the Holding Company during the year, in respect of the same declared for the previous year, is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
- b) The interim dividend declared and paid by the Holding Company during the year and until the date of this report is in compliance with section 123 of the Act.
- c) As stated in Note 47 to the consolidated financial statements, the Board of Directors of the Holding Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend is declared in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

21. Based on our examination which included test checks and that performed by respective auditors of the subsidiaries which are the companies incorporated in India whose financial statements have been audited under the Act, the company, subsidiaries have used an accounting software for maintaining its books of accounts which has a feature of recording audit trail facility (edit log) and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we and respective auditors of the above referred subsidiaries did not come across any instance of audit trail feature being tampered with.

Additionally, the audit trail has been preserved by the Company and above referred subsidiaries as per the statutory requirements for record retention.

22. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 ('CARO') issued by Central Government in terms of section 143(11) of the Act, to be included in Auditor's report,

according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and based on our consideration of CARO reports issued by respective auditors of the companies included in consolidated financial statements, we report that there are no qualifications or adverse remarks in these CARO reports.

Annexure 'A' to the Independent Auditors' report on the Consolidated Financial Statements of Anand Rathi Wealth Limited for the year ended 31 March 2026

(Referred to in paragraph '19.6' under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to the aforesaid Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

Opinion

1. In conjunction with our audit of the Consolidated Financial Statements of Anand Rathi Wealth Limited as of and for the year ended 31 March 2026, we have audited the internal financial controls with reference to the Consolidated Financial Statements of Anand Rathi Wealth Limited ('the Holding Company') and its subsidiary companies, which are companies incorporated in India, as of that date.
2. In our opinion, the Holding Company, and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to the Consolidated Financial Statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal controls over financial reporting criteria established by the respective companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('the Guidance Note').

Management's responsibility for Internal Financial Controls

3. The respective Board of Directors of the Holding Company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal controls over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

4. Our responsibility is to express an opinion on the Holding Company, its subsidiaries, which are companies incorporated in India, internal financial controls with reference to the Consolidated Financial Statements based

on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('SA'), prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the Consolidated Financial Statements. Those SAs and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

5. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to the Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.
6. We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors in terms of their reports referred to in the 'Other Matters' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to the Consolidated Financial Statements.

Meaning of Internal Financial controls with reference to the Consolidated Financial Statements

7. A company's internal financial controls with reference to the Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only

in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to the consolidated Financial Statements

8. Because of the inherent limitations of internal financial controls with reference to the Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Consolidated Financial Statements to future periods are subject to the risk that the internal financial controls with reference to the Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

9. Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls system with reference to the Consolidated Financial Statements in so far as it relates to two subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India.

Notes to Ind AS Consolidated Financial Statements

For the year ended March 31, 2026

1 CORPORATE INFORMATION

Anand Rathi Wealth Limited (the "Holding Company" or "the Company") (Previously known as Anand Rathi Wealth Services Limited) having CIN L67120MH1995PLC086696 was incorporated on 22 March 1995. On 8 March 2017, the Holding Company was converted from Private Company to Public Company. Its registered office is at Floor No. 2, Block B & C, E wing, Trade Link, Kamala Mills Compound, Senapati Bapat Marg, Lower Parel, Delisle Road, Mumbai, Maharashtra, India, 400013.

The Holding Company and its subsidiaries are engaged in the business of providing Services for Distribution and Sale of Financial Products. The Holding Company and its subsidiaries are together referred to as the "Group" and the Holding Company is referred as Anand Rathi Wealth Limited.

2 MATERIAL ACCOUNTING POLICY INFORMATION

(a) Statement of Compliance

These Ind AS Consolidated Financial Statements (hereinafter referred to as "financial statements") are prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of Companies Act, 2013 ("the Act"), amendments thereto and other relevant provisions of the Act.

The Ind AS consolidated financial statements were approved for issue by the Board of Directors of the Company at their meeting held on 09 April 2026.

(b) Basis of preparation of Ind AS Consolidated Financial Statements

These Ind AS Consolidated Financial Statements have been prepared on historical cost basis, except for certain financial instruments, which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

The group has considered the amendments to Schedule III of the Act as amended notified by Ministry of Corporate Affairs ("MCA") via notification dated 24 March 2021 in the Ind AS Financial Statement disclosures, wherever applicable.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation

technique. In estimating the fair value of an asset or a liability, the group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these Ind AS financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102 and leasing transactions that are within the scope of Ind AS 116.

The accounting policies adopted in the preparation of the Ind AS Consolidated Financial Statements are consistent with those followed in the previous year by the group.

The Financial statements have been prepared on a going concern basis, as management believes the Company will continue its operations and meet its obligations in the foreseeable future.

Fair Value Measurement

In addition, for financial reporting purpose, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

- **Level 1** inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date;
- **Level 2** inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- **Level 3** inputs are unobservable inputs for the assets or liability.

Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Act as amended. The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act as amended, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards. Amounts in the financial statements are presented in Indian Rupees in Lakh [1 Lakh = 1,00,000] rounded off to two decimal places as permitted by Schedule III to the Act as amended. Per share data are presented in Indian Rupees to two decimals places.

Notes to Ind AS Consolidated Financial Statements

For the year ended March 31, 2026

Functional and presentation of currency

The financial statements are presented in Indian Rupees, which is the Group's functional and presentation currency and all amounts are rounded to the nearest rupees in Lakhs; except when otherwise stated.

Foreign Currency Translation

The financial statements are presented in Indian currency (INR), which is the Company's presentation currency. It is necessary for the results and financial position of each individual entity included in the reporting entity to be translated into the currency in which the reporting entity presents its financial statements. As the reporting entity presents its financial statement in INR, the financial statements of foreign representative office in Dubai are also translated into INR.

Foreign currency transactions are translated into presentation currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the year end exchange rates are recognised in other comprehensive income.

Non-monetary items that are measured at fair value in the foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVTOCI are recognised in other comprehensive income.

The financial statements are translated from functional currency to presentation currency by using the following procedures:

- (a) assets and liabilities for each balance sheet presented (ie including comparatives) shall be translated at the closing rate at the date of that balance sheet;
- (b) income and expenses for each statement of profit and loss presented (ie including comparatives) shall be translated at average exchange rates during the year; and
- (c) all resulting exchange differences shall be recognised in other comprehensive income.

(c) Principles of Consolidation

The Ind AS Consolidated Financial Statements of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions. Profits or losses resulting from intra-group transactions that are recognised in assets, such as Property, Plant and Equipment, are eliminated in full. The Ind AS Consolidated Financial Statements have been prepared using uniform accounting policies.

Goodwill represents the difference between the Holding Company's share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries.

Non-Controlling Interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the Group in order to arrive at the net income attributable to shareholders of the Holding Company. Non-Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Ind AS Consolidated Balance Sheet.

(d) Critical Accounting Judgements and key Sources of Estimation Uncertainty

The preparation of the Group's Ind AS Consolidated Financial Statements requires the Group's Management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

Estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

- (i) Depreciation / Amortisation and useful lives of property, plant and equipment: The Group depreciates its tangible assets over the useful life of an Asset as prescribed under Part C of Schedule II of the Act. The Group remeasures remaining useful life of an asset at the end of each reporting date.
- (ii) Fair value measurement: Fair Value is a price of orderly transaction between market participants at the measurement date under current market

Notes to Ind AS Consolidated Financial Statements

For the year ended March 31, 2026

conditions. The Group determines Fair Value of Quoted Instruments from available market price. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using appropriate valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

- (iii) Provisions: Provisions are recognized when there is a present obligation (legal or constructive) as a result of past event; and it is probable that an outflow of resources will be required to settle the obligation. The Management estimates it by using its best judgement of future cash outflow.
- (iv) Taxes: The Group periodically assesses its liabilities and contingencies related to income taxes for all years open to scrutiny based on latest information available. For matters where it is probable that an adjustment will be made, the Group records its best estimates of the tax liability in the current tax provision. The Management believes that it has adequately provided for the probable outcome of these matters.

Deferred tax assets/liabilities are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

- (v) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities.

- (vi) Leases: The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines

the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

- (vii) Impairment of Goodwill: Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGUs) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes. The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell. Key assumptions in the cash flow projections are prepared based on current economic conditions and comprises estimated long term growth rates, weighted average cost of capital and estimated operating margins

(e) Current and Non-Current Classification

An asset shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be realised in, or is intended for sale or consumption in, the Group's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within twelve months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets shall be classified as non-current.

Notes to Ind AS Consolidated Financial Statements

For the year ended March 31, 2026

A liability shall be classified as current when it satisfies any of the following criteria:—

- (a) it is expected to be settled in the Group's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the reporting date; or
- (d) the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities shall be classified as non-current.

(f) Property, Plant and Equipment & Intangible Assets and Depreciation & Amortisation

Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Direct costs in relation to the property, plant and equipment are capitalized until such assets are ready for use.

- (i) **Tangible Assets:** Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets estimated by the Management. Depreciation for assets purchased during the year is proportionately charged. The Management estimates the useful lives and residual values of the property, plant and equipment as prescribed under Part C of Schedule II of the Act as follows.

Fixed Assets	Useful Life
Office Equipments	5 years
Computer Equipments	
a. Server	6 years
b. Other Computer Equipments	3 years
Vehicles	8 years
Furniture and Fixtures	10 years
Building	60 years

- (ii) Improvements on leased premises are depreciated over the lease period or useful life of the fixtures, whichever is lower.
- (iii) **Intangible Assets:** Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost

less accumulated amortisation and impairment, if any. Amortisation is recognised in profit & loss on a straight line basis over the estimated useful lives of respective intangible assets, but not exceeding the useful lives given hereunder:

Software of Holding Company is amortized over a period of 3 Years on the straight-line method.

Software (OFA Plus) of a subsidiary i.e. Ffreedom Intermediary Infrastructure Private Limited had been amortized on straight line basis over a period of 5 Years till FY 2018-19 and 7 years in FY 2019-20 and in the FY 2020-21 the same has been amortised for the period of 10 years.

Software of a subsidiary AR Digital Wealth Private Limited is amortized over a period of 7 Years on the straight-line method till FY 2019-20. And in the FY 2020-21 the same has been amortised for the period of 10 years.

Trade mark of one of the subsidiary i.e. Ffreedom Intermediary Infrastructure Private Limited is amortized over a period of 10 Years on the straight-line method.

- (iv) Capital work-in-progress comprises cost of property, plant and equipment that are not yet ready for their intended use as at the year end

(g) Financials Instruments

Financial assets and financial liabilities are recognised when a Group becomes a party to the contractual provisions of the instruments.

Initial Recognition :

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss. Trade receivables that do not contain a significant financing component are measured at transaction price.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Notes to Ind AS Consolidated Financial Statements

For the year ended March 31, 2026

(i) Classification & Subsequent Measurement of Financial Assets

Financial assets are classified as 'Amortised Cost', 'Fair Value through Profit and Loss' (FVTPL) and 'Fair Value through Other Comprehensive Income' (FVTOCI) on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Financial assets are classified in the following categories :

Debt Instruments at amortised cost: Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for those designated at FVTPL on initial recognition)

- the asset is held within a business model whose objective is to hold asset to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt Instruments at FVTOCI: Debt instruments that meet the following conditions are subsequently measured at FVTOCI (except for those designated at FVTPL on initial recognition)

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt Instruments at FVTPL: Any debt instrument which is either initially designated at FVTPL or which does not meet the criteria for amortised cost or FVTOCI is measured at FVTPL.

Effective Interest Rate Method: Interest income from security deposits and debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that

exactly discounts estimated future cash receipts through the expected life of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Equity Instruments at FVTOCI: On initial recognition, the Group can make an irrevocable election (on an instrument by instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the instrument is held for trading. The cumulative gain or loss is not reclassified to the Statement of Profit and Loss on disposal of the investment.

Equity Instruments at Amortised Cost: The company has accounted for its Investment in subsidiaries at cost less impairment loss (if any).

Financial Assets at FVTPL: Investments in equity instruments are classified at FVTPL, unless they were irrevocably elected on initial recognition as FVOCI. Financial Assets at FVTPL are measured at Fair Value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

Dividends are recognised in statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

(ii) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost, FVOCI debt instruments, and other financial assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 41 details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables, the Company applies the simplified approach permitted by Ind AS 109 "Financial Instruments" which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iii) Derecognition of financial assets

A financial asset is derecognised only when :

Notes to Ind AS Consolidated Financial Statements

For the year ended March 31, 2026

- The Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(iv) Financial Liabilities:

Financial liabilities which are held for trading or are designated at FVTPL are measured at fair value with changes being recognised in the Statement of Profit and Loss.

Financial liabilities that are not held for trading and are not designated as at FVTPL, are measured at amortised cost. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

(v) Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. A substantial modification in the terms of an existing financial liability is accounted as a discharge of original financial liability and recognition of new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised as profit or loss.

(vi) Offsetting financial assets and liabilities

Financial assets and liabilities are offset and the net amount presented in the statement of financial

position when, and only when, the Group has a legal right and ability to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

(h) Impairment of Non-Financial Assets

Property, plant or equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amount may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value in use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent to those from other assets.

The Carrying Amount of Assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss, if any, is charged to Statement of Profit and Loss in the year in which an asset is identified as impaired. Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the assets no longer exists or have decreased.

(i) Cash and cash equivalents

- Cash and cash equivalents in the balance sheet comprise cash at bank and on hand and short-term deposit with original maturity upto three months, which are subject to insignificant risk of changes in value.
- For the purpose of presentation in the statement of cash flows, cash and cash equivalents consists of cash and short-term deposit, as defined above, as they are considered as an integral part of the Group's cash management.

(j) Borrowing Cost and Finance Charges

Borrowing cost attributable to acquisition and construction of qualifying assets are capitalized as a part of the cost of such assets up to the date when such assets are ready for its intended use. Other borrowing cost are charged to the statement of profit and loss in the year in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowings.

(k) Leases

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the

Notes to Ind AS Consolidated Financial Statements

For the year ended March 31, 2026

Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated on a straight-line basis over the lease term. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(l) Goodwill

Goodwill arising out of Consolidation of financial statements of subsidiaries is tested for impairment at each reporting date.

(m) Business Combination:

Anand Rathi Wealth Limited consolidates entities which it owns or controls. The consolidated financial statements comprise the financial statements of the Company, its controlled its subsidiaries. Control exists when the parent has power over the entity, is exposed, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The Holding Company applies the acquisition method in accounting for business combinations under the provision of Ind AS 103 Business Combination. The consideration transferred by the Holding Company to obtain control of a business is calculated as the sum of the fair values of assets transferred, liabilities incurred and the equity interests issued by the Holding Company as at the acquisition date i.e. date on which it obtains control of the acquire which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition-related costs are recognised in the Statement of Profit and Loss as incurred, except to the extent related to the issue of debt or equity securities.

Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values on acquisition-date.

Intangible Assets acquired in a Business Combination and recognised separately from Goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost). Subsequent to initial recognition, intangible assets acquired in a Business Combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

Goodwill is measured as the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the excess is termed as Gain on Bargain Purchase/Capital reserve.

(n) Employee Benefits

Defined Contribution plan – Retirement benefit in the form of Provident Fund is a defined contribution scheme. The Group is statutorily required to contribute a specified portion of the basic salary of an employee to a provident fund as a part of retirement benefits to its employees. The contributions during the year are charged to Statement

Notes to Ind AS Consolidated Financial Statements

For the year ended March 31, 2026

of Profit and Loss. The Group recognizes contribution payable to the Provident Fund scheme as an expenditure when an employee renders related service.

Defined Benefit Plan – Gratuity, which is in the nature of Defined Benefit Schemes, are payable only to employees and accounted for on accrual basis. The Cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses are recognised in other comprehensive income in the year in which they occur and are not reclassified to the Statement of Profit and Loss.

The Holding Company has funded its Gratuity liability under group scheme with an Insurer. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of the scheme assets. Any asset resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the scheme.

Short Term Employee Benefits - The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include incentive and Annual Leave which are expected to occur within twelve months after the end of the year in which the employee renders the related service.

(o) Revenue Recognition

The Group recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115, Revenue from Contracts with Customers, to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customer. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognized when (or as) the Group satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. When (or as) a performance obligation is satisfied, the Group recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation.

The Group applies the five-step approach for recognition of revenue:

- Identification of contract(s) with customers: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.
- Identification of the separate performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.
- Determination of transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.
- Allocation of transaction price to the separate performance obligations: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.
- Recognition of revenue when (or as) each performance obligation is satisfied.
 1. Income related with Distribution and sale of Financial product including Distribution income on Mutual Fund, Referral fees, Gain/Loss on sale of Investment (Structured Product), Consultancy, Commission Income, Software license & Subscription fees and Marketing Support charges is accounted on accrual basis.
 2. Dividend income is accounted for when the right to receive the payment is established.
 3. Difference between the sale price and the carrying value of investment is recognised as profit or loss on sale/ redemption on investment on trade date of transaction. Carrying value of investments is determined based on first in first out value of investments sold.
 4. Interest income is recognised using the effective interest method.

(p) Taxes on Income

Current Tax: Provision for Income Tax is determined in accordance with the provisions of the Income Tax Act, 1961.

Notes to Ind AS Consolidated Financial Statements

For the year ended March 31, 2026

Deferred Tax: Deferred tax is provided, on all temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date. Tax relating to items recognised directly in equity or OCI is recognised in equity or OCI and not in the Statement of Profit and Loss.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable.

(q) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when there is a present obligation (legal or constructive) as a result of past event; and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date, taking into account the risks and uncertainties surrounding the obligation.

Contingent Liabilities are possible but not probable obligations as on the Balance Sheet date, based on the available evidence. Contingent Liabilities are not recognised in the Ind AS Consolidated Financial Statements.

Contingent Assets are neither recognized nor disclosed.

(r) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Holding company by the weighted average number of equity shares outstanding during the year.

The Weighted average number of equity shares outstanding during the year is adjusted for events such as issue of shares, bonus issue, bonus element in a rights issue, share split, and reverse share split

(consolidation of shares), without a corresponding change in resources.

Diluted earnings per share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(s) Cash Flow Statement

Cash flow statement is prepared using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

(t) Share Based payment Arrangements

Equity settled share based payments to employees and others are measured at the fair value of equity instruments at the grant date. The fair value determined at the grant date of the equity settled share based payments is expensed on a straight line basis over the vesting period, based on the Holding Company's estimate of equity instrument that will eventually vest, with a corresponding increase in equity.

(u) Segment Reporting:

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance based on only one segment i.e. Services for distributions and sale of financial products within India. The CODM has been identified as CEO/CFO of the Company.

(v) Rounding of amounts

All amounts disclosed in the Ind AS Consolidated Financial Statements and notes have been rounded off to the nearest thousand as per the requirement of Schedule III to the Act, unless otherwise stated.

(w) Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

The Group is recognizing and accruing the retirement benefits as per Indian Accounting Standard (Ind AS) 19 on "Employee Benefits". The details are as enunciated below as certified by an independent actuary.

A Defined Benefit Plans

Gratuity

The gratuity payable to employees is based on the employee's service and last drawn salary at the time of leaving the services of the Group and is in accordance with the Rules of the Group for payment of gratuity.

Inherent Risk

The plan is defined benefit in nature which is sponsored by the Holding company and its subsidiary company AR Digital Wealth Private Limited and Ffreedom Intermediary Infrastructures Private Limited hence it underwrites all the risks pertaining to the plan. In particular, this exposes the Group to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employee in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

There are no amounts included in the fair value of plan assets for:

- i) Company's own financial instrument
- ii) Property occupied by or other assets used by the company

Discount Rate:

Discount Rate for this valuation is based on Yield to Maturity(YTM) available on Government bonds having similar term to decrement-adjusted estimated term of liabilities.

For valuation as at 31 March, 2026 the estimated term of liabilities is 14.55 years, corresponding to which YTM on government bonds is 7.50%, after rounding to nearest 0.05%

Expected rate of return on assets:

It is the average long term rate of return expected on investments of the Trust Fund.

Salary Escalation Rate:

Salary escalation assumption is based on estimates of over all long-term salary growth rates after taking in to consideration expected earnings inflation as well as performance and seniority related increases.

Withdrawal Rate:

Assumptions regarding withdrawal rates is based on the estimates of expected long term employee turnover within the organization.

Mortality Rate:

It is based on Indian Assured Lives Mortality (2012-14) Ult. as issued by Institute of Actuaries of India for the actuarial valuation.

Sensitivity Analysis

The sensitivity analyses have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the year and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognized in the Balance Sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous year.

Asset Liability Matching Strategy

The Holding Company has funded its gratuity liability. The money contributed by the Holding Company to the Gratuity fund to finance the liabilities of the plan has to be invested.

The trustees of the plan have outsourced the investment management of the fund to an Insurance Company. The Insurance Company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it is not possible to explicitly follow an asset liability matching strategy. There is no compulsion on the part of the Group to fully prefund the liability of the Plan. The Group's philosophy is to fund these benefits based on its own liquidity and the level of underfunding of the plan.

* Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Holding Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Holding Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the standalone financial statements by the Board of Directors.

40 FINANCIAL INSTRUMENT - FAIR VALUES (Contd..)

Note 1 - Figures in brackets in the above table represent previous year numbers.

Note 2 - Valuation techniques used to determine the fair values:

- Market approach method has been used to determine the fair value of unquoted equity shares of the other companies. The Valuation guideline is based on public companies data.
- The Company has made necessary adjustments to the observable and unobservable inputs used for the purpose of valuation

Fair value measurements using significant unobservable inputs (level 3)

The fair value of financial instruments that are not traded in an active market (Non-Principal Protected Structured Product) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

The following table presents the changes in level 1, level 2 and level 3 items for the year ended 31 March 2026 and 31 March 2025.

41 FINANCIAL INSTRUMENT – RISK MANAGEMENT

Risk management framework

The Group's activities expose it to a variety of financial risks, including market risk, credit risk, liquidity risk and currency risk. The Group's primary risk management focus is to minimize potential adverse effects on revenue. The Group's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Group's activities. The Board of Directors and the Audit Committee of the Holding Company is responsible for overseeing the Group's risk assessment and management policies and processes.

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The Group manages liquidity risk by maintaining sufficient cash and marketable securities. The cash flows, funding requirements and liquidity of Group is regularly monitored by Management of the Group. The objective is to optimize the efficiency and effectiveness of Group's capital resources.

Exposure to liquidity risk

The table below analyses the Group's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities.

Notes:

- Pursuant to the General Circular Nos. 14/2020 dated 08 April 2020, 17/2020 dated 13 April 2020, read with other relevant circulars issued in this regard, the latest being General Circular No. 03/2025 dated 22 September 2025 ("MCA circulars"), the Annual General Meeting (AGM) of the Company is being held through Video Conferencing/ Other Audio Visual Means (VC/OAVM). The deemed venue for AGM shall be the Registered Office of the Company, at Floor No. 2, Block B & C, E Wing, Trade Link, Kamala Mills Compound, Senapati Bapat Marg, Lower Parel, Mumbai - 400 013.
- Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under section 103 of the Companies Act, 2013 ("Act").
- Since this AGM is being held pursuant to VC/OAVM, physical attendance of members has been dispensed with; accordingly, the facility for appointment of proxies by the members will not be available for the AGM.
- The Members can join the AGM in the VC / OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility for participation at the AGM through VC / OAVM will be made available to at least for 1000 members on a first-come, first-served basis.
- Pursuant to section 113 of the Act, representatives of Corporate Members may be appointed for the purpose of voting through remote e-voting or for participation and voting in the Meeting to be conducted through VC/ OAVM.

Corporate Members intending to attend the Meeting through their authorised representatives are requested to send a scanned copy of the Certified True Copy of the Board Resolution /Authorisation or Power of Attorney along with the attested specimen signature(s) of the authorised representative(s) in PDF/ JPG Format, if any, authorising their representative to attend and vote on their behalf at the Meeting. The said Resolution/Authorisation or Power of Attorney (PDF/JPG Format), if any, shall be sent to the Company by email through its registered email address to csarwsl@rathi.com with a copy marked to the Company at associates.rathi8@gmail.com.
- Institutional investors, who are Members of the Company, are encouraged to attend and vote at the Meeting of the Company.
- An Explanatory Statement pursuant to section 102(1) of the Companies Act, 2013 ('the Act'), relating to the business set out under Item No. 3 of the accompanying Notice is annexed hereto. Further, additional information with respect to Item No. 3 also forms part of the explanatory statement as required under Regulation 36(5) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('SEBI Listing Regulations') and as per the provisions of Secretarial Standards-2 (SS-2) on General Meetings as issued by the Institute of Company Secretaries of India (ICSI).
- Members will be provided with a facility of electronic voting (e-voting) and for attending the AGM through VC/OAVM by the MUFG Intime India Private Limited (Formerly Known as Link Intime India Private Limited) e-Voting system.
- Members may please note that the AGM notice, annual reports as mentioned in the annual report are available on the Company's website at <https://www.anandrathiwealth.in>, on websites of the stock exchanges i.e. The BSE Limited and National Stock Exchange of India Limited at <https://www.bseindia.com/> and <https://www.nseindia.com/>, respectively.
- In compliance with the MCA Circular No. 03/2025 dated 22 September 2025, the notice of the AGM and the Annual Report for FY 2025-26 are being sent electronically to members whose email addresses are registered with the Company or Depositories. For members whose email addresses are not registered, the Company is sending a physical letter containing a web link and QR code to access the Annual Report and Notice digitally, as permitted under Regulation 36 of the SEBI Listing Regulations. Physical copies of the full Annual Report will be provided only upon specific request. Members holding shares in physical form are requested to register their email addresses with the Company's RTA, MUFG Intime India Private Limited, while those in dematerialised form should contact their respective Depository Participants for updation.
- Final Dividend of ₹7/- per equity share as recommended by the Board of Directors for the year ended 31 March 2026, if approved at the AGM, will be payable to those Members of the Company who hold shares:
 - In dematerialised ('demat') mode, based on the beneficial ownership details to be received from National Securities Depository Limited ('NSDL') and Central Depository Services (India) Limited ('CDSL') as at the close of business hours as on 15 May 2026.
 - In physical mode, if their names appear in the Company's Register of Members as on 15 May 2026.
- Pursuant to the Income Tax Act, 2025, as amended, dividend income is taxable in the hands of the shareholders and the Company is required to deduct tax at source on dividend paid to the Members at the prescribed rates. The Members of the Company are requested to kindly go through the important communication of the Company with respect to deduction of tax at source on dividend.
- The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested

Notes: (Contd..)

to submit their PAN to their Depository Participants with whom they are maintaining their demat accounts. Further, as per SEBI Master Circular No. HO/38/13/(3)2026-MIRSD-POD/I/3763/2026 dated 06 February 2026, all security holders holding securities in physical form are mandatorily required to furnish their PAN, KYC details, and Bank Account details to the Company's RTA. Please note that failure to update these details will result in dividends being paid only through electronic mode upon subsequent updation, and the RTA will not be able to process any service requests until the folio is KYC-compliant.

14. The Members may kindly note that as per Regulation 40 of the SEBI Listing Regulations (as amended by the SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2026), transfer of securities is mandatorily required to be in dematerialised form, subject to the special window (open from 05 February 2026 to 04 February 2027) for re-lodgement of physical transfer deeds executed prior to 01 April 2019. Members may also note that SEBI, vide its Circular No. HO/38/13/(3)2026-MIRSD-POD/I/3763/2026 dated 30 January 2026, has mandated listed companies to credit securities directly to the demat account of the investor while processing service requests viz. Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; subdivision/ splitting; consolidation of folios; transmission and transposition. The issuance of a 'Letter of Confirmation' has been discontinued. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR – 4, the format of which is available on the Company's website i.e. <https://www.anandrathiwealth.in/wealthpdf/23april25/FormISR-4.pdf>. It may be noted that any service request can be processed only after the folio is KYC Compliant. Accordingly, members holding shares in physical mode are advised to demat their physical shareholdings at the earliest.
15. SEBI, via its Master Circular No. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/195 dated 28 December 2023 (as amended), requires shareholders to first submit grievances directly to the listed entity. If unresolved, complaints can be escalated via the SCORES 2.0 portal. Only after exhausting these options can disputes be taken to the Online Dispute Resolution ("ODR") Portal, in line with SEBI requirements. The Master Circular is available at: https://www.sebi.gov.in/legal/master-circulars/dec-2023/master-circular-for-online-resolution-of-disputes-in-the-indian-securities-market_80236.html.
16. SEBI, via its Master Circular No. HO/38/13/(3)2026-MIRSD-POD/I/3763/2026 dated 06 February 2026 (superseding earlier circulars), has mandated that security holders holding shares in physical form must furnish their PAN, KYC details, Bank Account details, and Specimen Signature to be eligible for any dividend payments. Effective 01 April 2024, such payments are made only through electronic mode. Please note that while providing a 'Choice of Nomination' is no longer a mandatory prerequisite for receiving dividends, shareholders are strongly encouraged to update this for seamless asset transmission. Relevant FAQs can be viewed on the SEBI website at: https://www.sebi.gov.in/sebi_data/faqfiles/jan-2026/1767611333081.pdf.
17. Members holding shares in physical form and desirous of making a nomination in respect of their shareholdings in the Company, as permitted under section 72 of the Act read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014, may fill Form SH-13 or in case member desires to opt out or cancel the earlier nomination, he/ she may do so by filing Form ISR-3 or SH-14 as the case may be and send the same to the office of the Company and/or its RTA. In case of shares held in dematerialised form, the nomination/change in nomination should be lodged with their respective DPs.
18. Members holding shares in dematerialised form may please note that, in accordance with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) and the Master Circular dated 30 January 2026, dividends will be distributed exclusively through electronic mode using bank details furnished by the respective depositories. Please note that the Company will no longer issue physical dividend warrants or cheques as a fallback. For members who have not updated their bank account details, the dividend will be withheld and paid electronically only upon the successful updation of KYC and bank mandates. To ensure timely receipt, members are requested to update their bank account details and KYC with their Depository Participants (DPs) (for demat holdings) or the Company's RTA, MUFG Intime India Private Limited (for physical holdings). The Company or its RTA cannot act on direct requests for change or deletion of bank details for shares held in demat form; such changes must be lodged only with the respective DP.
19. The Register of Members and the Share Transfer Books of the Company will remain closed from 15 May 2026 to 21 May 2026, both days inclusive, for the purpose of AGM and for determining the entitlement of members to the final dividend, if approved.
20. The requisite Statutory Registers such as Register of Directors and Key Managerial Personnel, the Register of contracts or arrangements in which the Directors are interested and relevant documents referred to in the accompanying notice are open for inspection by the members at the Registered Office of the Company on all working days, except Saturday and Sunday between 11.00 A.M. and 5.00 P.M. from the date hereof up to the date of the AGM.
21. Members are requested to send all communications relating to shares and unclaimed dividends, change of address, bank details, e-mail address etc. to the RTA at the following address:

**EXPLANATORY STATEMENT
(PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013)**

As required under Section 102(1) of the Companies Act, 2013 (the Act), the following Explanatory Statement sets out the material facts relating to the Business(es) mentioned under item No. 3 in the accompanying Notice:

Item No. 3: Special Resolution:

Mr. Anand Nandkishore Rathi (DIN: 00112853), Non-Executive Director of the Company, is liable to retire by rotation at the ensuing Annual General Meeting pursuant to Section 152(6) of the Companies Act, 2013. Being eligible, he has offered himself for re-appointment.

Since Mr. Rathi has attained the age of 79 years, his re-appointment at this Annual General Meeting, though arising on account of retirement by rotation, is required to be approved by the Members by way of passing a Special Resolution in compliance with Regulation 17(1A) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

The Nomination and Remuneration Committee at its meeting held on 09 April 2026, after evaluating the performance, background, expertise, and continued active contribution of Mr. Rathi, recommended his re-appointment to the Board. The Board of Directors at its meeting held on 09 April 2026, considered and accepted the said recommendation.

Mr. Rathi is Promoter of the Company. Under his visionary leadership and guidance, the Company has emerged as a leading organization in the Wealth Solutions Industry, distinguished by its outstanding prominence for customized and prepackaged structured products and wealth solutions. The Company has significantly benefitted from Mr. Rathi's varied experience, expertise and strategic acumen accumulated over the years. His deep understanding of the Company's operations and invaluable guidance to the management, continues to make a meaningful and substantive contribution to the deliberations and functioning of the Board.

In view of the above, the continuation of Mr. Rathi's Directorship in the Company is in the best interest of the Company and its stakeholders, and the Board recommends the passing of the Special Resolution as set out in Item No. 3 of the attached Notice.

Except Mr. Anand Nandkishore Rathi and Mr. Pradeep Navratan Gupta, none of the Directors, Key Managerial Personnel of the Company or their relatives are in any way concerned or interested in the above resolution mentioned at Item No. 3 of the Notice except to the extent of their respective shareholding in the Company or to the extent of the shareholding of companies/institutions/trusts/other entities of which they are directors or members or trustees or hold other similar positions.

The Board recommends the relevant resolution set forth at Item no. 3 in the Notice for the approval of the Members as a Special Resolution.

Item No. 4: Ordinary Resolution:

Presently, the Authorised Share Capital of the Company is ₹50,00,00,000 (Rupees Fifty Crores Only) divided into 10,00,00,000 (Ten Crores) Equity Shares of ₹5 (Rupees Five only) each.

Considering the size and operations of the Company and in order to facilitate further capital issuances, the Board of Directors at its meeting held on 09 April 2026, have recommended to increase the Authorised Share Capital to 100,00,00,000/- (Rupees One Hundred Crores Only) divided into 20,00,00,000 (Twenty Crores) Equity Shares of ₹5/- (Rupees Five only) each by creation of new 10,00,00,000 (Ten Crores) Equity Shares of ₹5/- (Rupees Five only) each. The increase in the Authorised Share Capital as aforesaid would require consequential alteration to the existing Clause V of the Memorandum of Association of the Company. The increase in the Authorised Share Capital and consequential alteration to Clause V of the Memorandum of Association of the Company require members' approval in terms of Sections 13 and 61 of the Companies Act, 2013. Accordingly, approval of members is sought for passing the ordinary resolution set out at Item No. 4 of this Notice.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of this Notice except to the extent of their respective shareholding in the Company or to the extent of the shareholding of companies/institutions/trusts/ other entities of which they are directors or members or trustees or hold other similar positions.

The Board of Directors of the Company recommends the resolution set out at Item No. 4 of this Notice for approval of the Members as an Ordinary Resolution.

Item No. 5: Ordinary Resolution:

As per the Company's policy to reward shareholders, the Board of Directors at their Meeting held on 09 April 2026 recommended issuance of Bonus Equity Shares, subject to requisite approvals of the Shareholders and other regulatory authorities, to the Shareholders of the Company in the ratio of 1:1 i.e. issue of bonus equity shares of ₹5/- (Rupees Five only) each, credited as fully paid-up to the holders of the Equity Shares of the Company, whose names appear on the Register of Members on the 'Record Date' to be determined by the Board, in the proportion of 1 (One) Bonus Equity Share of ₹5/- (Rupees Five only) each, for every 1 (One) fully paid-up Equity Share of ₹5/- (Rupees Five only) each held by Member. Besides rewarding shareholders, this will improve the liquidity in the market, facilitating larger participation of investors in the growth of the Company.

Notes: (Contd..)

The issue of bonus shares, by way of capitalizing reserves and surplus, is authorized by the Company's Articles of Association.

In accordance with clause 4.2 read with clause 14 of the ARWL ESOP - 2025 scheme and pursuant to the SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 and any amendments thereto from time to time, it is proposed to authorise the Board of Directors to make appropriate adjustments to the number of stock options which are available for granting and those already granted but not exercised (whether vested or unvested including lapsed and forfeited options available for re-issuance) including exercise price thereof, with a view to extend the entitlement for the bonus equity shares to the employees covered under the said scheme.

The issue of bonus equity shares is subject to Members' approval in terms of Section 63 of the Companies Act, 2013 and any other applicable statutory and regulatory approvals.

Article 63 of the Articles of Association of the Company permits capitalisation of any part of the amount for the time being standing to the credit of the securities premium account and capital redemption reserve account or any other permissible reserve account of the Company as may be considered necessary, for the purpose of issue of fully paid-up bonus shares.

Members are requested to note that in terms of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, the new equity shares to be allotted pursuant to the bonus issue shall be allotted in dematerialised form only. Accordingly, with respect to the bonus shares of members holding equity shares in physical form, the said bonus shares shall be credited in dematerialised form to a new demat suspense account or to a demat account in the name of a trustee of a trust to be settled by the Company to hold these shares till they are credited to the beneficiary accounts of the respective members holding equity shares in physical form. The voting rights on the bonus equity shares held in the demat suspense account / trust account, shall remain frozen.

Pursuant to proviso to Regulation 295 of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, the bonus issue shall be implemented within two months from the date of the meeting of the Board of Directors. Accordingly, the Company will take the requisite steps for implementing the aforesaid corporate actions with the prescribed statutory timeline.

The Company hereby confirms that :

- i. the proposed issue of bonus equity shares is not in lieu of dividend;
- ii. it has not defaulted in payment of interest or principal in respect of fixed deposit or debt securities issued by it;
- iii. it has not defaulted in respect of the payment of statutory dues of the employees such as contribution to Provident fund, gratuity and bonus; and
- iv. there are no outstanding partly-paid shares on the date of this Notice.

None of the Directors, Key Managerial Personnel of the Company or their relatives are in any way concerned or interested in the above resolution mentioned at Item No. 5 of the Notice except to the extent of their respective shareholding in the Company or to the extent of the shareholding of companies/institutions/trusts/ other entities of which they are directors or members or trustees or hold other similar positions.

The Board recommends the relevant ordinary resolution set forth at Item no. 5 in the Notice for the approval of the Members.

By order of the Board of Directors
