The net loss after Tax is Rs.848.49 lakhs against net loss of Rs.1332.82 lakhs made during the previous year.

Review of Operations

During the year under review, the company's sales and other income was 1633.52 Lakhs. This includes Rs. 20.64 lakhs towards execution of TCIL's CSR Project for supply of 150 numbers Tablet PCs to ten Government Schools in Vellore district of Tamilnadu. The balance Rs. 1612.88 lakhs is achieved from the Optical Fibre Unit. Overall the market condition of OFC was not encouraging during the year and the order booking status was not as expected. The major order received and executed during the year was 3206 kms. order from BSNL with the new design of HDPE double sheathing. Your company is thriving hard to survive in the price war by implementing various cost-cutting and value engineering measures in the manufacturing operations.

Your Company successfully obtained TSEC approval for the new design cable of 24F Metal Free Optical Fiber Cable with double HDPE Sheath for BSNL. In the diversification front, as a feasibility study, your Company has successfully executed assembly, validation and supply of Tablet PCs in small quantum of 150 numbers to Government Schools. Your Company has also applied and registered with BSNL, QA for obtaining TSEC approval for the cable design of 24F Metal Free Optic Fiber Cable with double HDPE Sheath for the newly formed SPV of the Government M/s. Bharat Broadband Network Limited (BBNL).

You are aware that BIFR has issued a Sanctioned Scheme to the Company on 21.07.2010. As per the Sanctioned Scheme the Board of Directors have issued 1,54,32,700 equity shares of Rs.10 each to M/s. Telecommunications Consultants India Limited (TCIL), 42,47,500 equity shares of Rs.10 each to State Bank of India, 20,70,600 equity shares of Rs.10 each to Andhra Bank and 12,65,200 equity shares

of Rs.10 each to Punjab National Bank by converting part of the loans into equity. The shares in physical format were issued on 14.09.2010. Out of the bridge loan of Rs.12.50 crores from TCIL as per the Sanctioned Scheme of BIFR, the Company has availed Rs.11.66 crores towards OTS to consortium bankers and towards the Tamilnadu Government land in possession of the Company. With the above restructuring the net worth became positive during 2010-11. However from 2010-11 onwards, the desired results as projected in the Scheme couldn't be achieved due to OFC market conditions. The OFC market from 2010-11 was not as projected and the order booking status was not encouraging. The big order from BSNL during 2010-11 also could not materialize due to non availability of one of the critical Raw Material Nylon 12. Due to this, the Network has again eroded during 2011-12 and became negative. The year under review was slightly better as the Company has received an order from BSNL for 3,206 kms for manufacturing 24F Optical Fiber Cable with HDPE double Sheath and the same was successfully completed during November 2012. Other than the above BSNL's order, there were no major orders during the year under review which again resulted in accumulation of losses and thereby the Network has further eroded. On the diversification front, as a feasibility study, the Company during the year has executed the CSR Project of TCIL by assembling and supplying 150 numbers of Tablet PCs to ten Government Schools in Vellore district along with training for three months. Your Company is looking forward for getting better improvements in the diversification front in future.

The long awaited National Optic Fiber Network (NOFN) tender has been floated by BBNL during March 2013 under six packages for connecting broadband in 2.50 lakhs villages in India. The Company has participated in package E covering Southern India. The Company is in L3 status and is anticipating order equivalent to its six months production capacity out of the overflow quantities, since the volume of tender is huge. Since the OFC market is picking up and the Company is also exploring successful diversification project, a revised Draft Rehabilitation Scheme shall be prepared at appropriate time for submission to BIFR through the Monitoring Agency.

Market Scenario and Outlook

Though the OFC market condition in India was not encouraging from 2010-11 onwards, considering the present NOFN tender of BBNL and the improving OFC market conditions, the OFC market will again pick up and will grow further in future. MTNL and BSNL are both focusing on Fibre Termination to Home (FTTH) deployment as this gained momentum across the Globe. The demand for data services is increasing. The company expects that OF telecom cables sector to increase in volumes in the back-drop of the increased plan of BSNL for deployment of high fibre count OFC for inter exchange links and long-haul projects is likely to provide the much needed fillip for Ribbon type Optical Fibre Cables. This may reinforce and add to the competitive strength of the company which is one of the few players equipped to manufacture Ribbon type of OFC in India.

The industry also expects the advent of Conditional Access System (CAS) and broadband applications to spur the growth of optical fibre cable networks in the coming years. In power sector ADSS cable applications are increasing day by day.

During the year under review your company has been able to export Optical Fibre Cables on favourable terms through the Company's promoters, i.e., TCIL for their projects abroad. The optic fibre industry at home is also poised for a period of significant growth and the demand is expected to surpass the current manufacturing facility in the months to come. This favourable trend is expected to continue at least over the next few years. The company continues to take all initiatives to retain the competitive edge and be in a position to meet the requirements of the market. The medium / long-term prospects will augur well for the company. The company continues to emphasize on cost cutting through enhanced productivity, reduction in logistics and other costs. The company will continue its efforts to further prune all its fixed costs including administrative and discretionary overheads.

The Company is also exploring the possibilities for diversification in the related areas like manufacturing and supply of FTTH components, OFC accessories, tablet PCs etc. For implementation of any of this successful venture after feasibility study, the vacant land available with the Company will be utilized for this project by having tie up arrangement with suitable Joint Venture partner. As an initiative under the feasibility study, the Company has successfully assembled and supplied 150 numbers of tablet PCs under TCIL's CSR project to ten Government Schools. Efforts are being taken to study the market and to identify a suitable JV partner to proceed further. On finalizing a successful project, action for executing in big volume will be considered after taking all relevant approvals including from BIFR.

Cautionary Statement

Statements in the Directors' Report and Management Discussion & Analysis contain forward looking statements. Actual results, performances or achievements may vary materially from those expressed or implied, depending upon economic conditions, Government policies, subsequent developments and other incidental factors.

Risk & Concern

The industry is facing challenging cost pressures as the cost of major raw materials are increasing because the market is volatile due to frequent changes in crude oil price. The increasing exchange rate fluctuation is also a threat towards cost of production. The competition within OFC business is becoming fierce due to emerging new technologies and frequent new product introductions in Optical fibre products which command competitive prices and preference in the market. However, the market price of cables is also comparatively increasing which is a good sign for the Company.

In accordance with Sec.256 of the Companies Act, 1956, read with Articles 79 & 80 of the Articles of Association of the company, Shri Ajai Kumar Gupta and Shri. B.Elangovan, will retire from the Directorship of the company by rotation and being eligible, offers themselves for re-appointment.

TTL has adequate internal control procedures in respect of all its operations. It has laid down internal control procedures to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and transactions are authorized, recorded and reported correctly.

TAMILNADU TELECOMMUNICATIONS LIMITED

Internal Audit is being carried out by Independent Audit Firm of Chartered Accountants on an on going basis and it recommends appropriate improvements apart from ensuring adherence in company policies as well as regulatory compliance. The Audit Committee periodically reviews the audit findings.

Auditors

In terms of Section 619(2) of the Companies Act, 1956, the Comptroller and Auditor General of India (CAG) had appointed M/s. Ramesh and Ramachandran, Chartered Accountants as the Auditors of the company for the year 2012-13 at a remuneration of Rs. 1,00,000/- besides reimbursement of traveling and out-of-pocket expenses at actuals, subject to the other items and conditions as specified by the CAG.

Independent Auditors' Report

Clarification on Auditors observations is given below:

'Emphasis of Matter' of the Independent Auditors' Report: *Without qualifying our conclusion, we draw attention to Note No: 3 in the Notes to Accounts. As at March 31, 2013, the Company's accumulated losses of Rs.75,07,73,425 has eroded the net worth of the Company, indicating the existence of a material uncertainty that may cast a doubt about the Company's ability to continue as a going concern. The Company has incurred a loss of Rs.8,48,49,176 for the year under audit. Based on the mitigating factors discussed in the said note, the Management believes that the Going Concern assumption is appropriate.*

As mentioned in Note no. 3, the company is confident of getting orders from NOFN project and RailTel in addition to the already received add-on order of 1,602 kms from BSNL, during the year 2013-14 itself. The OFC market is picking up after a dull phase during the last three years. As mentioned, the Company is hoping to get continuous orders from 2013-14 onwards regularly since the OFC market is picking up. The order booking position is expected to be continuously good. Considering the scope during the immediate future and TCIL's continuous financial support, the accounts have been prepared on going concern basis.

'Other Matter' of the Independent Auditors' Report: *The deferred tax asset amounts to Rs. 9,20,23,736 as on 31st March 2013 considering all eligible carried forward losses as per AS-22-Accounting for Taxes on Income. The same has not been provided for in the books of account, considering the absence of virtual certainty of earning profits and Prudence concept.*

The Company has disclosed the facts of non-provisioning for deferred tax assets / liabilities vide Note no. 6(b) under "II. Notes to Accounts" of Note 24.

Item No.9 (a) of the Annexure to the Independent Auditors' Report

According to the records of the company, undisputed statutory dues including Provident Fund, Employees State Insurance, Income Tax, Sales tax, Service tax, Customs duty, Excise duty, cess to the extent applicable and any other statutory dues have generally been regularly deposited with the appropriate authorities. According to the information and explanations given to us, outstanding statutory due as on 31st of March, 2013 for a period of more

than six months from the date they became payable is as follows:

S.No	Nature of due	Amount (₹)
1	Property tax payable	31,37,750

With reference to clause 11.5.3 of the Sanctioned Scheme issued to the company by BIFR, the company has requested and continuously insisting the concerned authority for waiver of the Property Tax of the past and during the rehabilitation period. No positive reply from the authority is received. However provision has been made in the books of accounts. Continuously pursuing for waiver. On waiver, the liability will be reversed accordingly.

Item No.10 of the Annexure to the Independent Auditors' Report

The accumulated losses of the Company at the end of the financial year, has exceeded the Net Worth of the Company. The Company has also incurred Cash losses during the financial year and immediately preceding financial year.

The OFC market condition from the year 2010-11 onwards was not as projected due to various reasons beyond the control of the OFC manufacturers. Lack of orders is the major reason for such performance, which was experienced by all the OFC manufacturers. However, the OFC market is improving and is expected to grow from the year 2013-14 onwards and the Company is confident of avoiding cash loss. On identification of successful diversification project and based on the expected OFC orders, a revised DRS shall be prepared and submitted at appropriate time to BIFR through the Monitoring Agency.

Cost Auditors:

M/s. SBK & Associates, Cost Accountants of Chennai were appointed as Cost Auditors for the year 2012-13 and Cost Audit Report will be filed before the due date (27th September 2013). In the year 2011-12, Cost Audit was not applicable. The form of Compliance Report with annexures for the year 2011-12 has been filed on 26th December 2012, within the due date.

Comments of the Comptroller and Auditor General

The Comptroller and Auditor General of India have decided not to review the report of the Statutory Auditor on the Accounts of the year under review. The Comments of the Comptroller and Auditor General of India under Section 619(4) of the Companies Act, 1956 for the year ended 31st March 2013 are enclosed as part of the Report.

Independent Auditors' Report**To the Members of
Tamilnadu Telecommunications Limited.****Report on the Financial Statements**

We have audited the accompanying financial statements of **M/s. Tamilnadu Telecommunications Limited**, which comprise the Balance Sheet as at March 31, 2013, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by The Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- b) in the case of the Statement of Profit and Loss, of the loss for the year ended on that date; and

- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Emphasis of Matter:

Without qualifying our conclusion, we draw attention to Note No: 3 in the Notes to Accounts. As at March 31, 2013, the Company's accumulated losses of Rs. 75,07,73,425 has eroded the networth of the Company, indicating the existence of a material uncertainty that may cast a doubt about the Company's ability to continue as a going concern. The Company has incurred a loss of Rs. 8,48,49,176 for the year under audit. Based on the mitigating factors discussed in the said note, the Management believes that the Going Concern assumption is appropriate.

Other Matter:

The deferred tax asset amounts to Rs. 9,20,23,736 as on 31st March 2013 considering all eligible carried forward losses as per AS-22-Accounting for Taxes on Income. The same has not been provided for in the books of account, considering the absence of virtual certainty of earning profits and Prudence concept.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2003 issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Companies Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Act, we report that:
 - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) in our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in subsection (3C) of section 211 of the Companies Act, 1956.
 - e) on the basis of written representations received from the directors as on March 31, 2013, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2013, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.

TAMILNADU TELECOMMUNICATIONS LIMITED

II Notes to Accounts :

- 1 The Company is having a system of sending letters to the Debtors for confirming the balance as on the year end 31st March. However the balances of debtors, creditors, loans and advances (other than TCIL) are subject to confirmation.
- 2
 - a. No provision is made for certain long pending debtors Rs. 35,283,109 (previous year Rs. 35,283,109) in view of the arbitration proceeding completed against the Purchaser for which the Award is received in favour of the Company but has since been challenged by the Purchaser in the court. Further the court remitted back the case to the Arbitrator in one case for speaking orders. In another case the court has given the order in favour of the Company.
 - b. No provision is made for Rs. 1,339,656 (previous year Rs. 1,339,656) due from RailTel which is under arbitration. Arbitration proceedings in progress.
- 3 After restructuring as per the Sanctioned Scheme of BIFR during 2010-11, the net worth of the Company was more than the accumulated losses. However during the year 2011-12 the net worth has again eroded. The Company is already under rehabilitation period as per the BIFR Sanctioned Scheme. Lack of orders and dull phase of OFC market during the years 2010-11 and 2011-12 were the reasons for the poor performance. However the Company has received order from BSNL for supply of 3206 KMs of OFC during the year valuing Rs.159,701,104. The Company has successfully executed the order in time and got add-on order APO during first week of May,2013, for another 1602 KMs valuing Rs.79,800,740. The Company's earlier expectation of good order from M/s.Reliance InfoTel has not matured, since Reliance has changed their modus operandi. M/s.Bharat Broadband Network Limited (BBNL), the Special Purpose Vehicle of the Government, has floated the tender towards the National Optic Fiber Network (NOFN) project to connect all the villages by broad band. The date of tender opening was 08.05.2013. Though the initial projection was 600000 KMs, the tender called for is to cover 404995 KMs under six packages based on geographical location. For this huge quantum, BBNL has fixed the delivery time frame of eight months only including initial two months for preliminary arrangements. The Company has participated in one package considering its production capacity to cover the quantum in the given short delivery period. The Company is hopeful of getting orders to the extent of around 7000 KMs and the composite value expected is around Rs. 39 crores. The project is going to be funded by USOF. The Company has proposed to participate in another two big tenders of RailTel due for opening in May & June, 2013, covering 7726 KMs and the composite value expected is around Rs. 50 Crores, to be awarded to two parties. Even at 40% the expected value would be Rs. 20 crores. The Company is hoping to get continuous orders from 2013-14 onwards regularly since the OFC market is picking up. The order booking position is expected to be continuously good. Considering the scope during the immediate future and TCIL's continuous financial support, the accounts have been prepared on going concern basis.
- 4 Land: The Company is in possession of free hold land from CMDA and the Tamilnadu State Govt. measuring around 9.82 acres. In case of sale of CMDA land by the company it has to be first offered to CMDA at the same purchase price. The land can be sold to other third parties only after getting NOC from CMDA. In the case of Tamilnadu State Govt. land it is to be utilized for the purpose for which it is allotted and surplus land if any, has to be surrendered.
