TOUCH WOOD GROUP

ABOUT US

Touchwood Entertainment Limited is a name synonymous with celebration in India. As the country's first publicly listed event management company, we have spent over 29 years shaping the way India experiences weddings, milestones, and moments worth remembering.

Our journey began with a simple belief: that every celebration deserves to be as unique as the people it honors. That belief has since grown into a nationwide—and increasingly global—presence, spanning intimate gatherings to grand, multi-day extravaganzas that leave a lasting impression on everyone who attends them.

What sets us apart is not just scale, but sensibility. Behind every Touchwood event is a team that listens first and designs second—translating a client's story, culture, and aspirations into an experience that feels effortless, even when the planning behind it is anything but. Precision, creativity, and care

Looking ahead, we remain focused on one goal: making Touchwood a global benchmark for luxury celebrations. That means continuing to invest in fresh ideas, new formats, and the kind of service that turns clients into lifelong advocates.

"Every celebration tells a story. We make sure it's told beautifully."

CHAIRMAN'S MESSAGE

"At the core of our mission to exceed client expectations, we are dedicated to dedicated to transforming the standard of service into moments of delight."

DEAR SHAREHOLDERS,

We are pleased to present our Annual Report for the fiscal year 2025–2026, offering a detailed overview of our performance, growth, and strategic priorities over the year gone by. This report is a reflection of the vision that continues to guide us: turning every event into an experience that stays with people long after it ends.

At Touchwood, we approach each project as a chance to craft something truly distinctive. Our purpose is simple yet demanding—to ensure that every celebration, regardless of its scale, is planned with precision and delivered without compromise, staying true to each client's individual vision.

As we reflect on the year gone by, I am proud of the discipline, focus, and commitment our team has shown in strengthening the foundations of our business. We remain confident in our long-term strategy and the opportunities ahead, and our journey continues with the same ambition and energy. Together, we look forward to raising the bar even higher in the years to come.

THE YEAR UNDER REVIEW

Over the past year, our company has skillfully navigated a landscape shaped by economic fluctuations, rapid technological progress, global uncertainties, and the continuing evolution of the event industry. Through it all, the unwavering trust and confidence shown by our clients, partners, and employees have stood out as both a defining milestone and a powerful catalyst in our journey toward sustainable, long-term value creation.

The fiscal year 2025–2026 reflect a deliberate focus on strengthening long-term capabilities over short-term gains, we remain firmly committed to sustainable and disciplined growth. Our priority continues to be building a resilient foundation—one that positions us to deliver stronger, more consistent value in the years ahead.

Continuing our momentum, we made consistent progress throughout the year, reaching key milestones that strengthened our market position. Notably, our revenue grew by an encouraging 8.3%, reflecting the continued trust and confidence of our clients and partners across India and beyond.

LOOKING AHEAD

Financial Year 2025–2026 has been a year of steady and meaningful progress, and we carry that momentum forward with clarity, confidence, and purpose. Our focus remains on seizing new opportunities, embracing innovation, and building further on the strong journey we've shaped together so far.

At our core, our purpose has not wavered—to create experiences that leave a lasting impression, in every sense. Before I close, I want to express my heartfelt appreciation to our Board of Directors, the dedicated team at Touchwood Entertainment Limited, and every partner who has contributed to our story this year.

To our clients, shareholders, and employees—the confidence you continue to place in us is what drives everything we do. It is because of you that we keep pushing for more, aiming higher, and building something that lasts.

As the events industry keeps evolving, so do we—but what stays unchanged is the passion behind our work. That passion is, and has always been, at the heart of the trust our clients place in Touchwood Entertainment Limited.

I look ahead with genuine confidence in what our team can achieve—finding opportunity in every shift, and growing stronger through every challenge we take on. Together, we will keep building a future defined by shared purpose, creativity, and success.

Here's to the road ahead—full of new possibilities and even greater milestones to come.

REPORT ON CORPORATE GOVERNANCE

The Board of Directors ("the Board" / "the Directors") of Touchwood Entertainment Limited ("TEL" / "the Company") present the Company's Report on Corporate Governance for the year ended the 31st March, 2026. The said report is in compliance with the terms of Regulation 34(3) read with Schedule V to the Securities and Exchange Board of India ("SEBI") (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") as amended from time to time.

The Company ensures that its governance framework incorporates the amendments introduced in the Listing Regulations and the same are complied with on or before the effective date.

I. PHILOSOPHY:

Your Company is committed to set the highest standards of Corporate Governance right from its inception benchmarked with the best-in-class practices across the globe. Effective Corporate Governance is the manifestation of professional beliefs and values, which configures the organizational values, credo and actions of its employees. Transparency and accountability are the fundamental principles to sound Corporate Governance, which ensures that the organization is managed and monitored in a responsible manner for 'creating and sharing value'. It is the key element to carry on business operations based on the underlying principles of integrity, ethics, transparency and accountability. Systems and policies are required to be upgraded regularly, to meet the challenges of rapid growth in a dynamic business environment.

We believe that there is a need to view Corporate Governance as more than just regulatory requirements as there exists a fundamental link with the organization of business, corporate responsibility and shareholder's wealth maximization. Therefore, your Company is articulating a multi-stakeholder model (including shareholder value) of accountability that will manage the symbolic relationship between the various stakeholders. This approach will be central to the day-to-day functioning of your Company and in implementation of its business strategy.

We firmly believe that strong governance principles provide a nucleus for sustained value creation and build stronger bonds that safeguard interests of all stakeholders. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL EVENT INDUSTRY

Overview

The global events industry continues to demonstrate strong growth, supported by the expansion of corporate and trade events, increasing consumer spending on live entertainment and social events, growth in tourism and hospitality, rising sponsorship and brand activation expenditure, and the increasing adoption of digital technologies. According to industry estimates, the global events industry was valued at approximately **USD 1.46 trillion in 2026**, with certain market studies estimating the market at approximately **USD 1.66 trillion**. The industry is expected to maintain a strong growth trajectory over the coming years, with estimated CAGR ranging from approximately **9% to 11%**, depending on market definition and methodology.

The growth of the industry is being supported by increasing investments in corporate events, conferences, exhibitions, entertainment and experiential marketing. The expansion of sports leagues, destination events, weddings and social celebrations is also contributing to the increasing demand for professional event management services.

The Asia-Pacific region represents one of the fastest-growing markets for events, supported by rapid urbanisation, rising disposable incomes, increasing corporate activity, growth in tourism and hospitality, and greater adoption of digital and technology-enabled event solutions. The region is expected to remain an important contributor to global events industry growth over the coming years.

The global Events Industry can broadly be segmented across the following categories:

- **By Type:** Music Concerts, Festivals, Sports Events, Exhibitions and Conferences, Corporate Events and Seminars, and Others
- **By Revenue Source:** Ticket Sales, Sponsorship, Food & Beverage and Other Revenue Sources
- **By Organizer:** Corporate, Sports, Education, Entertainment and Other Organizers
- **By Age Group:** Below 20 Years, 21–40 Years and Above 40 Years
- **By Region:** North America, Europe, Asia-Pacific, Middle East & Africa and Latin America

Technology has emerged as a key enabler of the modern events ecosystem, transforming the manner in which events are planned, managed and delivered. Event registration and ticketing platforms, mobile event applications, live-streaming solutions, artificial intelligence, augmented and virtual reality, data analytics and personalised digital experiences are increasingly being integrated into event management processes.

The adoption of technology is improving operational efficiency, enhancing attendee engagement, enabling wider event reach and providing organisers with deeper insights into attendee behaviour. The event management software market is itself expected to grow

significantly, reflecting the increasing digitisation and automation of event-related activities.

INDIAN EVENT INDUSTRY

Overview

The Indian events industry continues to witness strong growth, supported by India's expanding economy, rising disposable incomes, rapid urbanisation, increasing corporate activity and the country's diverse cultural and social landscape. The industry encompasses a broad range of activities, including corporate events, weddings, exhibitions, conferences, festivals, concerts, sports events, brand activations and other experiential events. Event service providers increasingly offer end-to-end solutions covering event conceptualisation, venue selection, event production, logistics and vendor management, attendee engagement, marketing and promotion, technical support, catering, entertainment and post-event services. The increasing preference for professionally managed, customised and experience-led events is creating significant opportunities for organised event management companies.

Market Size

According to Mordor Intelligence, the India Event and Exhibition Market was valued at approximately USD 5.69 billion in 2025 and is estimated to reach USD 6.15 billion in 2026. The market is projected to reach USD 9.04 billion by 2031, registering a CAGR of approximately 8.05% during 2026–2031.

In addition, the Government of India has identified the live-events segment as an important pillar of India's media and entertainment ecosystem. Industry estimates cited by the Government indicate that the organised live-events sector was valued at approximately **₹145 billion in 2025** and is projected to reach **₹196 billion by 2028**, representing approximately 10% CAGR during the period.

The Indian events and exhibitions industry is supported by the following key growth factors:

- **Growing corporate expenditure:** Increasing investments by companies in conferences, exhibitions, product launches, employee engagement programmes, brand activations and experiential marketing are supporting demand for professional event services.
- **Expansion of the MICE sector:** India's growing position as a business and tourism destination is contributing to the expansion of Meetings, Incentives, Conferences and Exhibitions (MICE), creating opportunities for event organisers and related service providers.
- **Growth in weddings and social celebrations:** Rising consumer spending, greater preference for personalised experiences and increasing demand for destination and premium weddings are supporting the organised wedding and social-events segment. The India wedding services market was estimated at USD 103.93 billion in 2024 and is projected to grow at a CAGR of 14.3% from 2025 to 2030.

- **Expansion beyond metropolitan cities:** Event organisers are increasingly expanding into Tier-II and Tier-III cities, supported by improving infrastructure, growing consumer markets and increasing corporate and social-event activity.

- **Government support and infrastructure development:** Government initiatives aimed at improving the ease of doing business, tourism infrastructure and the live-events ecosystem are expected to support further development of the industry. In 2026, the Government also outlined measures to streamline permissions and licensing for live events through a single-window mechanism and encouraged States and Union Territories to adopt measures facilitating the growth of the sector.

- **Growing consumer market:** India's large and expanding consumer base provides significant opportunities for exhibitions, brand activations, entertainment events and experiential marketing. India's retail and consumer ecosystem continues to expand, creating additional opportunities for businesses to use exhibitions and events as platforms for customer engagement and brand building.

COMPANY'S OVERVIEW

ELEMENTS FOR GROWTH: A PROVEN FORMULA FOR OUR SUCCESS

At Touchwood, we believe growth is like planting a garden. It requires careful nurturing, dedication, and a commitment to excellence. These principles are the seeds of our success, blooming into continuous innovation and advancement.

- **Client-Centric Approach:** At the core of our business lies a client-centric philosophy. Our clients are not just patrons; they are the heartbeat of our organization. We take the time to understand their needs and goals, allowing us to work together seamlessly. This fosters trust and

loyalty, laying the foundation for strong, lasting partnerships.

- **Talent Development:** Our formula for success prioritizes not just the "what" of events, but the "who" behind them: our talented team. This is where we bloom! We believe in nurturing the talent within our team. We offer ongoing training programs, workshops, and mentorship opportunities to develop new skills and keep our team at the forefront of industry trends. This continuous learning fosters a culture of excellence and allows us to adapt to new technologies and changing client demands.
- **Innovative Thinking:** Fresh perspectives are the lifeblood of exceptional events. We encourage a culture of creative exploration, where team members feel empowered to challenge the status quo and brainstorm new ideas.
- **Strategic partnerships**: Strategic partnerships serve as our cornerstone for success, enabling us to leverage expertise and expand our market reach through collaborative efforts.
- **Adaptability and Agility:** In the dynamic event industry, agility is key. We embrace continuous learning, readily adapting our strategies to incorporate new technologies, trends, and client needs. This flexibility allows us to navigate challenges and capitalize on emerging opportunities. Additionally, our team's adaptability ensures that events run smoothly and client expectations are met, even in the face of unforeseen circumstances.
- **Leadership and Excellence:** Empowered leadership guides our journey, inspiring informed decisions and maximizing team potential. Our unwavering passion for excellence fuels every project, setting new industry benchmarks.

These elements, woven into the fabric of our organization, propel us forward on our journey of growth. At Touchwood, our blend of core values and agile practices allows us to thrive in a dynamic environment. We're more than event planners; we're responsive partners, adept at anticipating client needs and navigating industry shifts. Embracing agility positions us to deliver exceptional events and lead the industry into the future. Through nurturing core values and strategic partnerships, including our subsidiary WedStudios, we create an ecosystem for continued growth and innovation, delivering impactful event experiences that leave a lasting mark on the industry.

LATEST TRENDS IN EVENT MANAGEMENT

- Experiential events are the artists of the event industry, painting immersive experiences that resonate deeply with attendees. Through interactive activities, storytelling, and technology, they combat shrinking attention spans and yield impressive returns on investment. This global trend prioritizes attendee engagement, innovation, and measurable success metrics, revolutionizing event planning.
- AI, AR, and VR are reshaping events into immersive playgrounds, offering warp-speed personalization, boundary-breaking exploration, and hyper-interactive engagement. These

technologies drive data-driven decisions, breaking geographical barriers to foster global communities. As architects of a dynamic event landscape, AI, AR, and VR promise unforgettable experiences and lasting impact.

- The pandemic accelerated the adoption of virtual and hybrid event formats. This trend is expected to continue, offering flexibility and wider reach for events.
- In the evolving landscape of event management, there's a notable shift towards eco-conscious practices and sustainable approaches. From reducing waste to utilizing recycled materials, the focus is on preserving our planet while crafting unforgettable experiences.
- In the world of event planning, data-driven decisions are like the compass guiding a ship through uncharted waters. Event organizers use data analytics to navigate attendee behavior and gauge the success of their events. With this insight, they chart a course for future events with confidence, transforming raw data into memorable experiences.
- Events serve as the foundation for community building, nurturing connections and engagement that reach beyond the event's boundaries, with online platforms serving as the roots of this interconnected ecosystem.
- Safety reigns supreme in the event industry, spanning both physical and virtual domains. Trained security personnel and stringent fire safety protocols ensure physical well-being, while robust encryption and AI monitoring bolster virtual security. Events prioritize inclusivity, providing amenities for all attendees. This unwavering focus on safety guarantees a welcoming environment for all to relish unforgettable experiences with peace of mind.

Events are playing an increasingly important role in the Marketing and Communications mix for all companies. Today, Event Management has become an integral part of any Marketing plan. A large number of companies have already recognized the benefits of Direct Marketing through events. Events are considered as a means to Launch, Advertise or Build a brand. These events also act as a bridge to remove the communication gap. These events can be seen as an interactive experience among different employees working in various industries.

OUR RESPONSE TO LATEST TRENDS

At Touchwood, we believe in harnessing the power of innovation to craft unforgettable event experiences. We don't just follow trends; we translate them into strategies that resonate with audiences and deliver measurable results. Here's how we're pushing the boundaries of event management in India:

- We've moved beyond traditional presentations, embracing the power of experiential events. With a focus on interactive activities, captivating storytelling, and cutting-edge technology, we combat shrinking attention spans and create experiences that leave a lasting impact. This data-driven approach ensures a high ROI, making your event a powerful marketing tool.
- The pandemic accelerated the adoption of virtual and hybrid events, and we're at the forefront of this trend. Our expertise allows you to reach a wider audience with flexible and engaging formats, maximizing the impact of your event.

- We use data analytics to understand attendee behavior and gauge the effectiveness of your event. These insights allow us to tailor future events with confidence, transforming data into unforgettable memories.
- Our eco-conscious approach ensures responsible practices at every stage of the event lifecycle, from pre-event marketing to post-event follow-up, leaving a positive impact on both attendees and the planet.
- One-size-fits-all is a concept of the past. Our events are customized to cater to each attendee's preferences and interests. Through data-driven insights, we create personalized event journeys that leave a lasting impact and forge stronger connections.
- We prioritize attendee well-being through physical and virtual security measures, including trained personnel and robust encryption. Our unwavering focus on inclusivity ensures a welcoming environment for all attendees, allowing everyone to create lasting memories with peace of mind.
- We understand the power of influencers in shaping perceptions. By collaborating with respected voices, we amplify our events' reach and credibility, ensuring our message resonates with a wider audience.
- We seamlessly blend global trends with India's rich essence, crafting events that reflect contemporary international influences while deeply resonating with the Indian audience.
- Embracing change is our strength. Our ability to adapt swiftly keeps our strategies aligned with shifting trends, positioning us at the forefront of the industry.

By embracing these trends and translating them into impactful strategies, Touchwood helps you turn events into powerful tools for achieving your marketing and communication goals, while ensuring a sustainable future and a secure, inclusive experience for all.

SWOT ANALYSIS

Strengths:

- **Experience and Reputation:** Over two decades in the industry have established our company as a reputable and reliable player, instilling trust in clients**.**
- **Strong Core Values:** Emphasis on client focus, innovative thinking, empowered leadership, operational excellence, and passion for excellence creates a strong foundation for success.
- **Adaptability and Agility:** Ability to embrace changing trends, unforeseen circumstances, and client needs ensures success in a dynamic industry.
- **Diverse Service Portfolio:** Our broad range of services, from event management, wedding planning, wedding décor to stage show organizing, showcases versatility and meets varied client needs**.**
- **Vendor Relationships:** Strong connections with vendors and suppliers ensure seamless event execution and access to quality resources.
- **Strong Client Relationships:** Personalized solutions and a client-centric approach led to loyal clientele who value our tailored event experiences.
- **Experienced Team:** We have a skilled and experienced team that brings diverse expertise to event planning and execution.

Weaknesses:

- **Dependence on Seasonality**: Relying on peak seasons for various services can lead to revenue fluctuations and operational pressure during off-peak periods.

- **Limited Global Reach:** While established locally, expanding into new markets may pose challenges due to unfamiliarity with different regions.
- **Intense Competition:** The event management industry is competitive, and sustaining our market share requires consistent innovation and differentiation.
- **Talent Acquisition and Retention:** Securing and retaining skilled and creative event professionals can be challenging.
- **Scalability:** Expanding services or geographic reach may require overcoming logistical hurdles.

Opportunities

- **Experiential Events:** Focus on immersive and interactive experiences combats shrinking attention spans and delivers a high return on investment.
- **Data-Driven Decisions:** Utilization of data analytics allows for understanding client preferences, measuring event effectiveness, and refining future approaches.
- **Sustainability and Wellness:** The demand for eco-friendly and wellness-focused events is likely to grow, providing opportunities for the Company to offer environmentally conscious and health-oriented experiences.
- **Personalized Experiences:** Customized event experiences tailored to individual preferences will helps the company to differentiate itself from other event management companies and create more meaningful interactions.
- **Educational Impact:** Enhanced Learning Experience: While online classes are available, introducing offline classes offers a unique opportunity for hands-on learning and close interaction, enriching the educational impact of Touchwood Wedding School. This initiative can significantly contribute to skill development and industry education, cultivating a pool of well-trained professionals.

Threats:

- **Various approvals & legal paperwork required**: A lot of hurdles in the form of rules, for which organizers need to get permissions from the concerned multiple authorities is another challenge for the industry and becomes tedious when there are deadlines to be met.
- **Economic Downturn:** Reduced client budgets and decreased spending on events can negatively impact revenue.
- **Technological Disruption:** Rapid technological advancements may require continuous investments to keep up, potentially affecting profitability.
- **Interlinked with other Industries:** The event management companies work a lot in co-operation with different industries such as food, beverage, hospitality and entertainment and thus is quite dependent on each of them. The volatility in any one industry could therefore affect the event management service industry directly and hence could prove as a restrain at times.
- **ROI Measurement Standard**: Brands are likely to increase their expenditure on experiential marketing if the return on their spends could be demonstrated in standard manner. Due to unique nature of each event, there is no universally accepted standard to measure ROI. We need to define standards to measure performance against client expectations (such as sales, trial, awareness, database creation etc.).

This SWOT analysis offers insights into our company's internal strengths and weaknesses, alongside external opportunities and threats. By capitalizing on our strengths, addressing weaknesses, seizing opportunities, and mitigating threats,

we pave the way for sustainable growth and success.

SEGMENT WISE OR PRODUCT WISE PERFORMANCE

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF TOUCHWOOD ENTERTAINMENT LIMITED
Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Touchwood Entertainment Limited** ("the Company"), which comprise the Balance Sheet as at March 31st, 2026, the Statement of Profit and Loss & Other Comprehensive Income, and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2026, the profit and its cash flows for the year ended on that date

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Emphasis of Matter

We draw your attention to:

- *Note no. (5) for considering the advance given to Jaypee Infratech Ltd. for purchase of Pent House at JAYPEE GREENS, NOIDA, as good despite Jaypee Infratech Ltd. undergoing insolvency proceedings since July 2017.*
- *Amount outstanding from/to parties is subject to their confirmation and reconciliations. Therefore, consequential impact on account of non-confirmation of balances and non-adequacy for the provision for the doubtful debts are not ascertainable.*
- *During the year under review at the company's corporate office, the income tax department conducted a Search & seizure operation from 28th Jan 2026 to 31st January 2026. The company fully co operated with the Income tax department officials in providing requisite details and documents . The company is yet to receive any order about any unforeseen liability and/or tax demand , in this matter which is still under investigation. During the search , The income tax officials seized an amount of Rs. 21 lacs in cash which were although appearing in the books of accounts.*
- *During the year under review the company has written off a balance under Sundry Debtor of Rs. 99.20 lacs, which was outstanding for more than 5 years. This has significantly affected the profit of company for the Mar' 2026qtr and the year as a whole.*

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period.

These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information required under section 134(3) of the Companies Act, 2013 included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.
Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. However, we have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the Ind-AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate Internal financial controls with reference to financial statements in place and the operating effectiveness of such controls

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern

- Evaluate the overall presentation, structure, and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss & Other Comprehensive Income including the Statement of Cash Flow dealt

with by this Report are in agreement with the relevant books of account

d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standard specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015 read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of the written representations received from the directors as on March 31st, 2026 taken on record by the Board of Directors, none of the director is disqualified as on March 31st, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act including approval from members through SR.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

I. The Company has disclosed the impact of pending litigation on its financial position in its Standalone financial statements. Refer Note 8 under notes to accounts on its financial position as at 31 March 2026 on its Standalone Financial Statements.

II. The Company does not have any long-term contract including derivative contracts except advance given for purchase of Pent House at Jaypee Greens, Noida, and Considered good. (Refer matter paragraph) for which there may be a material loss. The company did not have any long term derivative contract.

III. There has been no delay in transferring amount, No amount was required to be transferred to the Investor Education and Protection Fund by the Company.

IV. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

V. The management has represented, that, to the best of its knowledge and belief, the Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

VI. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) and (v) contain any material mis-statement.

VII. The Company has declared, paid the final and interim dividend, wherever applicable, in compliance with Section 123, during the year and subsequently at the year-end.

VIII. Based on our examination which included test checks, the Company has used an accounting software, tally, for maintaining its books of account which has a feature of recording audit trail (edit log) facility but the same has not been operated during the year for all relevant transactions recorded in the software. Consequently, we are unable to comment on audit trail feature of the said software and its impact on financial transactions.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **M/s Touchwood Entertainment Limited** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have examined the internal financial controls over financial reporting of **M/s Touchwood Entertainment Limited** ("the Company") as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and

Expenditure of the company is being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **M/s Touchwood Entertainment Limited** of even date)

1) In respect of the Company's Property, Plant & Equipment and Intangible assets:

(a) I) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant & Equipment.

ii) The Company has maintained proper records showing full particulars of Intangible assets, wherever applicable.

(b) The Company has a process of verification, to cover all the items of Property, Plant & Equipment in a phased manner which and in our opinion, it is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the process, certain Property, Plant & Equipment were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) Based on our examination of registered sale deed provided to us, we report that in respect of the title of immovable property as at the balance sheet date, are held in the name of the company. Except to the above and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has made a part payment of Rs.1,13,48,880/- to M/s Jaypee Infratech Limited for purchase of a Pent House at Jaypee Greens, Noida (UNIT NO. KRH21-3202) for which no title deed held with the company as the project is under dispute. The same will take place after completion of the project. (Refer Note No. (5) in Notes to the Accounts)

(d) The company has not revalued its Property, Plant & Equipment (including Right to Use assets) or intangible assets during the year.

(e) No proceedings have been initiated or pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1998) and rules made there under.

2) The Company's core business is providing event management services during the year under review. The company purchases and procure need-based goods & services directly delivered at site by the suppliers, as and when required for organizing and conducting the events

a) The inventory has been physically verified by the management during the year except for inventories lying with third parties. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate. Inventories lying with third parties have been confirmed by management as at 31st March, 2026. No discrepancies were noticed on verification between the physical stock and book records that were 10% or more in aggregate for each of inventory.

b) The Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at any point of time during the year, from banks or financial institutions on the basis of security of current assets. Hence reporting under clause 3(ii)(b) of the order is not applicable.

3) According to the information and explanations given to us, the Company has given interest free rent security of Rs.10 Lacs to one of its directors, covered in the register maintained under section 189 of the Companies Act, 2013. However, the company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnership or any other parties covered under the register maintained under section 189 of the Companies Act 2013. Hence clauses (a) to (c) are Not Applicable.

4) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act 2013 in respect of loans, investment, guarantees and securities.

5) The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2026 and

therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.

6) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Thus, reporting under clause 3(vi) of the order is not applicable to the Company.

7) According to the information and explanations given to us, in respect of statutory dues:

(a) On the basis of our examination of books of account and information and explanation furnished by the management provisions of sales tax, duty of customs, duty of excise, value added tax and cess are not applicable to the company. No outstanding statutory dues as on the last day of the financial year was outstanding for a period of more than six months from the date it became payable.

(b) The company has filed an income tax appeal for AY 2018-19 towards an Income tax demand of Rs. 15,98,413/- against the company. The company is hopeful of a favourable decision in their favour and expects the IT demand to be deleted.
Further an amount of Rs. 25 lacs had been seized by the investigation wing of IT Department during the FY 2018-19 and the company has shown the same under "Other Current Assets." The company is replying to the query raised in this matter by the IT Department.

Further during the year under review at the company's corporate office, the income tax department conducted a Search & seizure operation from 28th Jan 2026 to 31st January 2026. The company is yet to receive any order about any unforeseen liability and/or tax demand , in this matter which is still under investigation. During the search , The income tax officials seized an amount of Rs. 21 lacs in cash which were although appearing in the books of accounts.

8) According to the records of the company examined by us and the information and explanations given to us, no transaction have been recorded in the books of accounts which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

(d) According to the information and explanation given to us, and the procedures performed by us, and on overall examination of financial statement of the company, we report that no funds raised on short-term basis have been used for long-term purposes by the company.
(e) According to the information and explanation given to us, and the procedures performed by us, and on overall examination of financial statement of the company, we report that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates, or joint ventures.
(f) According to the information and explanation given to us, and the procedures applied by us, we report that the company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures, or associate companies.

10) (a) The Company has not raised any monies by way of initial public offer or further public offer (including debts instruments) hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) During the year, the company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

11) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no fraud on the Company by its officers or employees has been noticed or reported during the year under review.
(b.) No report under sub-section (12) of section 143 of the Companies Act, has been filed in Form ADT-4 as prescribed under rule 13 of the Companies (Audit and Auditors) Rules, 2014 with Central Government.
(c.) The company has not received any complaint from any whistle blower during the year. Therefore, we do not have any comment on the nature, timing, and extent of audit procedures on such complaints.

12) The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable to the Company.

13) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 wherever applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable Ind-AS.

14) (a) In our opinion and based on examination, the company has an internal audit system commensurate with size and nature of its business.
(b.) We have considered the internal audit report of the company issued till date for the period under audit.

15) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

16) (a) In our opinion, Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence reporting under clause 3(xvi)(a), (b) and (c) of the order is not applicable.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026

1 **Corporate Information**

The Company was incorporated as a Private Limited company on 1st August 1997 under the provisions of Companies Act 1956 and gets itself converted into Limited Company after passing Special Resolution on 08/03/2003 in terms of Section 31/21 read with Section 44 of the Companies Act 1956. The Company is engaged in all type of Event Management Services including weddings. The Equity Shares of the Company are listed at National Stock Exchange (NSE) of India since 21st December 2017 with Symbol: TOUCHWOOD and Series ISIN: INE486Y01013

2 **Significant Accounting Policies**

(a) Basis of Preparation

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with the Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant accounting principles generally accepted in India.

(b) Basis of Measurement

The financial statements of the Company have been prepared using the historical cost basis.

Summary of Significant Accounting Policies

a. **Use of Estimates**

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management of the company to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities (including disclosure of contingent liabilities) at the end of the reporting period.

The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/materialise.

b. **Current versus Non-Current Classification**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primary for the purpose of trading.
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified a non current. A liability is current when:

- It is expected to be settled in normal operating cycle It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

c. **Foreign Currencies**

The Company's financial statements are presented in INR lacs , which is also the Company's functional currency. Functional currency is the currency of the primary economic environment in which the entity operates and is normally the currency in which the entity primarily generates and expends cash during the year.

Transactions and Balances

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

d. **Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

However, Goods and Service Tax (GST) is not received by the Company on its own account. Rather, it is tax collected by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised.

Interest income

Interest income is recognized on time proportion basis considering the funds deployed and the applicable interest rates.

Dividend income

Dividend Income is accounted for as income, when the right to receive dividend is established.

Investment Income

Gain/Loss on investment in equities are recognised as per value of the investment held on the date of Balance sheet i.e. 31.03.2026.

e. **Taxes**

Current Income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities.

The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is, recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

During the year under review the company has made Income tax provision of Rs. 146.54 Lacs (Previous Year Rs. 184.36 Lacs) under section 115BAA of the income tax Act.

Deferred Tax

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

During the year under review the company has reversed Deferred tax asset of Rs. 7.23 lacs (deferred tax assets Previous Year Rs. 0.86 lacs) on account of timing difference.

f. Property, Plant and Equipment

(i) Recognition and Measurement

Property, plant and equipment are tangible items that are held for use in the production or supply for goods and services, rental to others or for administrative purposes and are expected to be used during more than one period.

The cost of an item of property, plant and equipment shall be recognised as an asset if and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Freehold lands are stated at cost. All other items of property, plant and equipment are stated at cost, net of recoverable taxes less accumulated depreciation, and impairment loss, if any.

The cost of an asset includes the purchase cost of material, including import duties and non-refundable taxes, and any directly attributable costs of bringing an asset to the location and condition of its intended use. Interest on borrowings used to finance the construction of qualifying assets are capitalised as part of the cost of the asset until such time that the asset is ready for its intended use. The carrying amount of the replaced part is derecognised. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

The present value of the expected cost for the decommissioning of an asset after its use, if any, is included in the cost of the respective asset if the recognition criteria for a provision are met. Assets identified and technically evaluated as obsolete are retired from active use and held for disposal are stated at the lower of its carrying amount and fair value less cost to sell.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future

economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

(i) Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.

Depreciation

Depreciation has been provided based on life assigned to each asset in accordance with Schedule II of the Companies Act, 2013. Depreciation on Property, Plant & Equipment (other than Intangible assets) is provided based on the following useful life of the assets:-

Asset Category	Useful Life (In years)
Office Equipments	5 years
Motor Cars	8 years
Furniture and Fixtures	10 years
Electrical Items	5 years
Computer and Peripherals	3 years
Generator	15 years
Printer	5 years
Television	5 years
Composting Machine	15 years

Depreciation on additions is provided on a pro-rata basis from the date of such additions. Similarly, depreciation on assets sold/ disposed off during the year is being provided upto the date on which the assets are sold/ disposed off.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Modification or extension to an existing asset, which is of capital nature and which becomes an integral part thereof is depreciated prospectively over the remaining useful life of that asset.

During the year under review and in earlier financial years , the company has purchased some assets which are located at the Pandal taken on rent for commercial purposes/events.

g. Intangible Assets

(i) Recognition and Measurement

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Intangible assets assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

(ii) Subsequent Expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits from the specific asset to which it relates.

(iii) Amortisation

Intangible Assets is amortised on a straight-line basis over a period of three years, being the period over which the Company expects to derive economic benefits from the use of the Intangible Assets.

h. Borrowing Costs

Borrowing costs directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

i. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that is largely independent of cash flows of other assets or group of assets (CGU).

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

j. Provisions, Contingent Liabilities and Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require and outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continuously and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

A contingent asset is not recognised but disclosed, when possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

The figure of the contingent liability had been provided in the relevant note to the financial statement for the year under review.

During the year under review at the company's corporate office the income tax department conducted a Search & seizure operation from 28th Jan 2026 to 31st Jan 2026. The company fully co operated with the Income tax department officials in providing requisite details and documents . The company is yet to receive any order about any unforeseen liability and/or tax demand , in this matter and the matter is still under investigation.

k. **Employee Benefits**

i. **Short-Term Obligations**

Short-term obligations liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the undiscounted amounts expected to be paid when the liabilities are settled. The liabilities are presented as current benefit obligations in the balance sheet.

ii. **Retirement and Other Employee Benefits**

The Company provides for Gratuity covering eligible employees of company. The Gratuity provides a lumpsum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The company does not have any policy for leave encashment/ carry forward of leaves.

Liabilities with regard to the Gratuity are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. During the current year under review and based on the report by the registered actuarial, an employee had resigned and his

gratuity provision had been converted into actual liability. The gratuity provision for the rest of the employee had been carried on as normal.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gain and loss arising from experience adjustments and change actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of change in equity and in the balance sheet.

l. **Cash and Cash Equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and current deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

m. **Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another company.

(A) Financial Assets

Initial Recognition and Measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

(i) Financial Assets carried at Amortised Cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income for these financial assets is included in other income using the effective interest rate method.

(iii) Financial Assets at Fair Value through Profit or Loss (FVTPL)

A financial asset/equity investment which is in scope of Ind AS 109 and is not classified in any of the above categories are measured at FVTPL.

During the year under review the company has invested in Listed equity shares, In which case the company has identified the valuation at the end of Quarter/year and respective increase/diminution in value have been dealt in the financials of the company.

(B) Financial Liabilities

Initial Recognition and Measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

Subsequent Measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(C) Derecognition of Financial Instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(D) Reclassification of Financial Assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(E) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

n. Earnings per Share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and equivalent dilutive equity shares outstanding during the year, except where the result would be anti-dilutive. Definitive figures of EPS are provided in the financial statement of the company for the year under review.

o. Use of Estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management of the Company to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities (including disclosure of contingent liabilities) at the end of the reporting period.

The areas involving critical judgements are as follows-

(i) **Depreciation/Amortisation and useful lives of Property, Plant and Equipment/Intangible assets**

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

(ii) **Provisions**

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

(iii) **Defined Benefit Obligations**

The costs of providing gratuity and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates.

The same is disclosed in Note 18.

(iv) **Income Tax**

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.

Notes to Account

1. During the year under review at the company's corporate office, the income tax department conducted a Search & seizure operation from 28th Jan 2026 to 31st Jan 2026. The Company was incorporated as a Private Limited company on 1st August 1997 under the provisions of Companies Act 1956 and gets itself converted into Limited Company after passing Special Resolution on 08/03/2003 in terms of Section 31/21 read with Section 44 of the Companies Act 1956. The Company is engaged in all type of Event Management Services including weddings. The Equity Shares of the Company are listed at National Stock Exchange (NSE) of India since 21st December 2017 with Symbol: TOUCHWOOD and Series ISIN: INE486Y01013

2 **Significant Accounting Policies**

(a) Basis of Preparation

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with the Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant accounting principles generally accepted in India.

(b) Basis of Measurement

The financial statements of the Company have been prepared using the historical cost basis.

Summary of Significant Accounting Policies

a. **Use of Estimates**

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management of the company to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities (including disclosure of contingent liabilities) at the end of the reporting period.

The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/materialise.

b. **Current versus Non-Current Classification**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primary for the purpose of trading.
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified a non current. A liability is current when:

- It is expected to be settled in normal operating cycle It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

c. **Foreign Currencies**

The Company's financial statements are presented in INR lacs , which is also the Company's functional currency. Functional currency is the currency of the primary economic environment in which the entity operates and is normally the currency in which the entity primarily generates and expends cash during the year.

Transactions and Balances

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

d. **Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

However, Goods and Service Tax (GST) is not received by the Company on its own account. Rather, it is tax collected by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised.

Interest income

Interest income is recognized on time proportion basis considering the funds deployed and the applicable interest rates.

Dividend income

Dividend Income is accounted for as income, when the right to receive dividend is established.

Investment Income

Gain/Loss on investment in equities are recognised as per value of the investment held on the date of Balance sheet i.e. 31.03.2026.

e. **Taxes**

Current Income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities.

The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is, recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

During the year under review the company has made Income tax provision of Rs. 146.54 Lacs (Previous Year Rs. 184.36 Lacs) under section 115BAA of the income tax Act.

Deferred Tax

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

During the year under review the company has reversed Deferred tax asset of Rs. 7.23 lacs (deferred tax assets Previous Year Rs. 0.86 lacs) on account of timing difference.

f. **Property, Plant and Equipment**

(i) Recognition and Measurement

Property, plant and equipment are tangible items that are held for use in the production or supply for goods and services, rental to others or for administrative purposes and are expected to be used during more than one period.

The cost of an item of property, plant and equipment shall be recognised as an asset if and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Freehold lands are stated at cost. All other items of property, plant and equipment are stated at cost, net of recoverable taxes less accumulated depreciation, and impairment loss, if any.

The cost of an asset includes the purchase cost of material, including import duties and non-refundable taxes, and any directly attributable costs of bringing an asset to the location and condition of its intended use. Interest on borrowings used to finance the construction of qualifying assets are capitalised as part of the cost of the asset until such time that the asset is ready for its intended use. The carrying amount of the replaced part is derecognised. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

The present value of the expected cost for the decommissioning of an asset after its use, if any, is included in the cost of the respective asset if the recognition criteria for a provision are met. Assets identified and technically evaluated as obsolete are retired from active use and held for disposal are stated at the lower of its carrying amount and fair value less cost to sell.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future

economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

(i) Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.

Depreciation

Depreciation has been provided based on life assigned to each asset in accordance with Schedule II of the Companies Act, 2013. Depreciation on Property, Plant & Equipment (other than Intangible assets) is provided based on the following useful life of the assets:-

Asset Category	Useful Life (In years)
Office Equipments	5 years
Motor Cars	8 years
Furniture and Fixtures	10 years
Electrical Items	5 years
Computer and Peripherals	3 years
Generator	15 years
Printer	5 years
Television	5 years
Composting Machine	15 years

Depreciation on additions is provided on a pro-rata basis from the date of such additions. Similarly, depreciation on assets sold/ disposed off during the year is being provided upto the date on which the assets are sold/ disposed off.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Modification or extension to an existing asset, which is of capital nature and which becomes an integral part thereof is depreciated prospectively over the remaining useful life of that asset.

During the year under review and in earlier financial years , the company has purchased some assets which are located at the Pandal taken on rent for commercial purposes/events.

g. Intangible Assets

(i) Recognition and Measurement

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Intangible assets assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

(ii) Subsequent Expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits from the specific asset to which it relates.

(iii) Amortisation

Intangible Assets is amortised on a straight-line basis over a period of three years, being the period over which the Company expects to derive economic benefits from the use of the Intangible Assets.

h. Borrowing Costs

Borrowing costs directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

i. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that is largely independent of cash flows of other assets or group of assets (CGU).

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

j. Provisions, Contingent Liabilities and Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require and outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continuously and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

A contingent asset is not recognised but disclosed, when possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

The figure of the contingent liability had been provided in the relevant note to the financial statement for the year under review.

During the year under review at the company's corporate office the income tax department conducted a Search & seizure operation from 28th Jan 2026 to 31st Jan 2026. The company fully co operated with the Income tax department officials in providing requisite details and documents . The company is yet to receive any order about any unforeseen liability and/or tax demand , in this matter and the matter is still under investigation.

k. Employee Benefits

i. Short-Term Obligations

Short-term obligations liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the undiscounted amounts expected to be paid when the liabilities are settled. The liabilities are presented as current benefit obligations in the balance sheet.

ii. Retirement and Other Employee Benefits

The Company provides for Gratuity covering eligible employees of company. The Gratuity provides a lumpsum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The company does not have any policy for leave encashment/ carry forward of leaves.

Liabilities with regard to the Gratuity are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. During the current year under review and based on the report by the registered actuarial, an employee had resigned and his

gratuity provision had been converted into actual liability. The gratuity provision for the rest of the employee had been carried on as normal.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gain and loss arising from experience adjustments and change actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of change in equity and in the balance sheet.

l. **Cash and Cash Equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and current deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

m. **Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another company.

(A) **Financial Assets**

Initial Recognition and Measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

(i) **Financial Assets carried at Amortised Cost (AC)**

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) **Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI)**

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income for these financial assets is included in other income using the effective interest rate method.

(iii) **Financial Assets at Fair Value through Profit or Loss (FVTPL)**

A financial asset/equity investment which is in scope of Ind AS 109 and is not classified in any of the above categories are measured at FVTPL.

During the year under review the company has invested in Listed equity shares, In which case the company has identified the valuation at the end of Quarter/year and respective increase/diminution in value have been dealt in the financials of the company.

(B) Financial Liabilities

Initial Recognition and Measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

Subsequent Measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(C) Derecognition of Financial Instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(D) Reclassification of Financial Assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties.

A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(E) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

n. Earnings per Share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and equivalent dilutive equity shares outstanding during the year, except where the result would be anti-dilutive. Definitive figures of EPS are provided in the financial statement of the company for the year under review.

o. Use of Estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management of the Company to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities (including disclosure of contingent liabilities) at the end of the reporting period.

The areas involving critical judgements are as follows-

(i) **Depreciation/Amortisation and useful lives of Property, Plant and Equipment/Intangible assets**

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

(ii) **Provisions**

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

(iii) **Defined Benefit Obligations**

The costs of providing gratuity and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates.

The same is disclosed in Note 18.

(iv) **Income Tax**

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF TOUCHWOOD ENTERTAINMENT LIMITED
Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of **Touchwood Entertainment Limited** hereinafter referred to as "the holding company") and its wholly owned subsidiary (the holding Company and its two subsidiary collectively referred to as "the Group"), comprising the Consolidated Balance Sheet as at March 31st, 2026, the Consolidated Statement of Profit and Loss & Other Comprehensive Income, and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as" the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2026, the consolidated profit and total consolidated comprehensive income, and its consolidated cash flow statement for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Emphasis of Matter

We draw your attention to:

- ***Note no. (5) For considering the advance given to Jaypee Infratech Ltd. for purchase of Pent House at JAYPEE GREENS, NOIDA, as good despite Jaypee Infratech Ltd. undergoing insolvency proceedings since July 2017.***
- ***Amount outstanding from/to parties is subject to their confirmation and reconciliations. Therefore, consequential impact on account of non-confirmation of balances and non-adequacy for the provision for the doubtful debts are not ascertainable.***

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon.
Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. However, we have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate Internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para 1 to para 4 of the section titled "Other Matters" in this Audit report.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters;

We did not audit the financial statements of one subsidiary and one wholly owned subsidiary of the company namely i) MakeMeUp Pvt. Ltd. And ii) WedAdvisor Solutions Pvt. Ltd. The accompanying statements include the audited financial results/statements of these two subsidiaries out of which one is a subsidiary and the other is wholly owned subsidiary whose financial statements/results for the year ended 31st March, 2026 as considered in the consolidated financial statements. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these two wholly owned subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid two subsidiaries, is based solely on such audited financial statements.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report and on the consideration of audited financial statements of subsidiary and wholly owned subsidiary as referred in "Other Matters" paragraph, we report, to the extent applicable, that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and audited financials.

c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income) including the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;

d) In our opinion, the aforesaid Consolidated financial statements comply with the Indian Accounting Standard specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015 as amended, and other accounting principles generally accepted in India;

e) On the basis of the written representations received from the directors as on March 31st, 2026 taken on record by the Board of Directors, none of the director is disqualified as on March 31st, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion

on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014 to the extent applicable, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the management certified financial statements including the other financial information of the subsidiaries companies, as noted in "Other Matters" paragraph:

I. The Company has disclosed the impact of pending litigation on its financial position in its Stanalone financial statements. Refer Note 8 under notes to accounts on its financial position as at 31 March 2026 on its Stanalone Financial Statements.

II. The Company does not have any long-term contract including derivative contracts except advance given for purchase of Pent House at Jaypee Greens, Noida, and Considered good. (refer matter paragraph) for which there may be a material loss.

III. There has been no delay in transferring amount to to the Investor Education and Protection Fund however no amount was required to be transferred to the Investor Education and Protection Fund by the Company.

IV. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

V. The management has represented, that, to the best of its knowledge and belief, The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

VI. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) and (v) contain any material misstatement.

VII. The Company has declared, paid the final and interim dividend, wherever applicable, in compliance with Section 123, during the

year and subsequently at the year-end.

VIII. Based on our examination which included test checks, the Company has used an accounting software, tally, for maintaining its books of account which has a feature of recording audit trail (edit log) facility but the same has not been operated during the year for all relevant transactions recorded in the software. Consequently, we are unable to comment on audit trail feature of the said software and its impact on financial transactions.

2. With respect to the matter of paras 3 (xxi) and 4 of the Companies (Auditor's Report) Order 2020, the two subsidiaries out of which one is wholly owned subsidiary which were audited as mentioned in the section titled "Other Matters" and CARO report has been issued by the Auditors of such entities as on the date of issue of this report. Based on the CARO report issued by us for the company for the year ended 31st March 2026, we report that there are no qualification or adverse remarks in the CARO report.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED IND AS FINANCIAL STATEMENTS OF TOUCHWOOD ENTERTAINMENT LIMITED

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **M/s Touchwood Entertainment Limited** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have examine the internal financial controls over financial reporting of **M/s Touchwood Entertainment Limited** ("the Company") as of March 31st, 2026 in conjunction with our audit of the Consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Holding company, its subsidiary company which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of

consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to two subsidiaries out of which one is wholly owned subsidiary , which are companies incorporated in India, is based on the audited financials of these two subsidiary companies incorporated in India.

Opinion

In our opinion, the Holding Company, its two subsidiaries out of which one is wholly owned subsidiary, which are entities incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026

1 **Corporate Information**

The Company was incorporated as a Private Limited company on 1st August 1997 under the provisions of Companies Act 1956 and gets itself converted into Limited Company after passing Special Resolution on 08/03/2003 in terms of Section 31/21 read with Section 44 of the Companies Act 1956. The Company is engaged in Event Management Services. The Equity Shares of the Company are listed at National Stock Exchange (NSE) of India since 21st December 2017 with Symbol: TOUCHWOOD and Series ISIN: INE486Y01013

2 **Significant Accounting Policies**

(a) Basis of Preparation

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with the Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant accounting principles generally accepted in India. The consolidated financial statements also include the financials of two newly incorporated subsidiaries also namely, MakeMeUp Pvt Ltd and WedAdvisor Solutions Pvt Ltd.

(b) Basis of Measurement

The consolidated financial statements of the Company have been prepared using the historical cost basis.

Summary of Significant Accounting Policies

a. **Use of Estimates**

The preparation of consolidated financial statements in conformity with Indian Accounting Standards (Ind AS) requires management of the company to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities (including disclosure of contingent liabilities) at the end of the reporting period.

The management believes that the estimates used in preparation of the consolidated financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/materialise.

b. **Current versus Non-Current Classification**

The Company presents assets and liabilities in the consolidated balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primary for the purpose of trading.
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified a non current. A liability is current when:

- It is expected to be settled in normal operating cycle

It is held primarily for the purpose of trading

- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/non current classification of assets and liabilities.

c. **Foreign Currencies**

The Company's financial statements are presented in INR, which is also the Company's functional currency. Functional currency is the currency of the primary economic environment in which the entity operates and is normally the currency in which the entity primarily generates and expends cash.

Transactions and Balances

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

d. **Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

However, Goods and Service Tax (GST) is not received by the Company on its own account. Rather, it is tax collected by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised.

Interest income

Interest income is recognized on time proportion basis considering the funds deployed and the applicable interest rates.

Dividend income

Dividend Income is accounted for as income, when the right to receive dividend is established.

Investment Income

Gain/Loss on investment in equities are recognised as per value of the investment held on the date of Balance sheet i.e. 31.03.2026.

e. **Taxes**

Current Income Tax

Current income tax assets and liabilities are measured at the

amount expected to be recovered from or paid to the taxation authorities.

The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is, recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

During the year under review the company has made Income tax provision of Rs. 146.54 lacs (Previous Year Rs. 184.36 lacs) under section 115BAA of the income tax Act.

Deferred Tax

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

During the year under review the company has reversed Deferred tax asset of Rs. 7.23 lacs (deferred tax assets Previous Year Rs. 0.86 lacs) on account of timing difference.

f. Property, Plant and Equipment

(i) Recognition and Measurement

Property, plant and equipment are tangible items that are held for use in the production or supply for goods and services, rental to others or for administrative purposes and are expected to be used during more than one period.

The cost of an item of property, plant and equipment shall be recognised as an asset if and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Freehold lands are stated at cost. All other items of property, plant and equipment are stated at cost, net of recoverable taxes less accumulated depreciation, and impairment loss, if any.

The cost of an asset includes the purchase cost of material, including import duties and non-refundable taxes, and any directly attributable costs of bringing an asset to the

location and condition of its intended use. Interest on borrowings used to finance the construction of qualifying assets are capitalised as part of the cost of the asset until such time that the asset is ready for its intended use. The carrying amount of the replaced part is derecognised. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

The present value of the expected cost for the decommissioning of an asset after its use, if any, is included in the cost of the respective asset if the recognition criteria for a provision are met. Assets identified and technically evaluated as obsolete are retired from active use and held for disposal are stated at the lower of its carrying amount and fair value less cost to sell.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.

The consolidated property, plant and equipment and intangible assets include balances of holding and two subsidiary companies.

(i) Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.

Depreciation

Depreciation has been provided based on life assigned to each asset in accordance with Schedule II of the Companies Act, 2013. Depreciation on Property, Plant & Equipment (other than Intangible assets) is provided based on the following useful life of the assets:-

Asset Category	Useful Life (In years)
Office Equipments	5 years
Motor Cars	8 years
Furniture and Fixtures	10 years
Electrical Items	5 years
Computer and Peripherals	3 years
Generator	15 years
Printer	5 years
Television	5 years
Composting Machine	15 years

Depreciation on additions is provided on a pro-rata basis from the date of such additions. Similarly, depreciation on assets sold/ disposed off during the year is being provided upto the date on which the assets are sold/ disposed off.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Modification or extension to an existing asset, which is of capital nature and which becomes an integral part thereof is depreciated prospectively over the remaining useful life of that asset.

During the year under review and in earlier financial years , the company has purchased some assets which are located at the Pandal taken on rent for commercial purposes/events.

g. Intangible Assets

(i) Recognition and Measurement

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Intangible assets assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

(ii) Subsequent Expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits from the specific asset to which it relates.

(iii) Amortisation

Intangible Assets is amortised on a straight-line basis over a period of three years, being the period over which the Company expects to derive economic benefits from the use of the Intangible Assets.

h. Borrowing Costs

Borrowing costs directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

i. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset,

unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that is largely independent of cash flows of other assets or group of assets (CGU).

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

j. **Provisions, Contingent Liabilities and Assets**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require and outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continuously and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

A contingent asset is not recognised but disclosed, when possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

During the year under review at the company's corporate office the income tax department conducted a Search & seizure operation from 28th Jan 2026 to 31st Jan 2026. The company fully co operated with the Income tax department officials in providing requisite details and documents . The company is yet to receive any order about any unforeseen liability and/or tax demand , in this matter and the matter is still under investigation.

k. **Employee Benefits**

i. **Short-Term Obligations**

Short-term obligations liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the undiscounted amounts expected to be paid when the liabilities are settled. The liabilities are presented as current benefit obligations in the balance sheet.

ii. **Retirement and Other Employee Benefits**

The Company provides for Gratuity covering eligible employees of company. The Gratuity provides a lumpsum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The company does not have any policy for leave encashment/ carry forward of leaves.

Liabilities with regard to the Gratuity are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. During the current year under review and based on the report by the registered actuarial, an employee had resigned and his gratuity provision had been converted into actual liability. The gratuity provision for the rest of the employee had been carried on as normal.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gain and loss arising from experience adjustments and change actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of change in equity and in the balance sheet.

l. **Cash and Cash Equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and current deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

m. **Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another company.

(A) Financial Assets

Initial Recognition and Measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

(i) Financial Assets carried at Amortised Cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income for these financial assets is included in other income using the effective interest rate method.

(iii) Financial Assets at Fair Value through Profit or Loss (FVTPL)

A financial asset/equity investment which is in scope of Ind AS 109 and is not classified in any of the above categories are measured at FVTPL.

During the year under review the company has invested in Listed equity shares, In which case the company has identified the valuation at the end of Quarter/year and respective increase/diminution in value have been dealt in the financials of the company.

(B) Financial Liabilities

Initial Recognition and Measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

Subsequent Measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(C) Derecognition of Financial Instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers

the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(D) Reclassification of Financial Assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(E) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

n. Earnings per Share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and equivalent dilutive equity shares outstanding during the year, except where the result would be anti-dilutive. Definitive figures of EPS are provided in the financial statement of the company for the year under review.

o. Use of Estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management of the Company to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities (including disclosure of contingent liabilities) at the end of the reporting period.

The areas involving critical judgements are as follows-

(i) Depreciation/Amortisation and useful lives of Property, Plant and Equipment/Intangible assets

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

(ii) Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

(iii) Defined Benefit Obligations

The costs of providing gratuity and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. **The same is disclosed in Note 17.**

(iv) Income Tax

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.
