Chairman's Message

Dear Shareholders,

The global economy continues to struggle with moderate growth in 2014. Europe remains a concern because of issues around the Greek economy. Events such as the uncertainty related to the Russia-Ukraine crisis, the Middle-East and the economic slowdown in China have further added to the woes of the global economy. The rapid decline in oil prices and quick adjustments in exchange rates, the appreciation of US dollar and weakening of most other currencies, notably the euro have had a major impact on global trade flows. But contrary to what is happening around the world, FY 2014-15 has been a good one for the Indian economy. The Indian economy has been successfully placed on growth track on the back of strong policies and a new optimism and it grew in excess of 7% for the first time since the FY 2010-11

Global and Domestic Economic Affairs

2014 was a year of mixed fortunes for the world economy. While advanced economies reflected a pick-up in growth relative to the previous year, emerging market & developing economies witnessed a slowdown. As per the International Monetary Fund (IMF), advanced economies grew by 1.8% in 2014 compared to 1.4% in 2013, while emerging market & developing economies growth reduced from 5% to 4.6%. The growth in advanced economies is projected to strengthen to 2.1% in 2015, but in emerging market and developing economies it is expected to be weaker. For emerging and developing economies except India, the IMF has projected a weaker pace of growth from 4.6% in 2014 to 4.2% in 2015. The slowdown reflects the dampening impact of lower commodity prices and tighter external financial conditions. In 2016, growth in emerging market and developing economies is expected to pick up to 4.7 %, largely on account of the projected improvement in economic conditions in a number of distressed economies, including Russia and some economies in the Middle East and North Africa.

The US economy performed comparatively well during 2014 due to factors such as improvement in domestic demand, advantage of drop in global oil prices and an accommodative monetary policy. However, during the first quarter of 2015, the US economy was confronted with sluggish conditions due to the harsh winter weather, port strikes, and downsizing in the energy sector.

The world economy grew at 3.4% in 2014 and is projected to grow at 3.3 % in 2015. A setback to activity is being felt in Greece and China and the impact has resulted in a downward revision in global growth to 3.3% for 2015 from earlier outlook of 3.5%. In 2016 however, growth is expected to strengthen to 3.8%.

Nevertheless, the underlying drivers for a gradual acceleration in economic activity in advanced economies i.e easy financial conditions, a more neutral fiscal policy in the euro area, lower fuel prices improving confidence and labor market conditions remain intact. In emerging market economies, the continued growth slowdown reflects several factors, including lower commodity prices and tighter external financial conditions, structural bottlenecks, rebalancing in China and economic distress related to geopolitical factors. A rebound

in activity in a number of distressed economies is expected to result in a pickup in growth in 2016. I believe the economic turnaround is underway but the recovery will be gradual and the world economy is still a few years away from attaining sustainable growth.

Contrary to growth outlook for the global economy, the financial year (FY) in India started with a 'good feel' factor of a new majority government and possibilities of external vulnerabilities on the wane. Coupled with continuing softening of oil prices since September 2014, it was projected as the year of revival.

India is set to emerge as the world's fastest-growing major economy by 2015 ahead of China, as per the report of The World Bank. The improvement in India's economic fundamentals has accelerated in the year 2015 with the combined impact of strong government reforms and RBI's inflation focus supported by benign global commodity prices. The year also witnessed lower volatility in the foreign exchange market with the rupee remaining relatively stable during 2014-15, as compared to 2013-14. It remained in the range of Rs. 60 to Rs. 63 per US Dollar during most part of the year. The Indian Rupee appreciated significantly against the other global currencies like the Euro and Japanese Yen during 2014-15.

The Indian economy grew at 7.3% in 2014-15 as compared to 6.9% in 2013-14 as per the new series of national accounts with the base year of 2011-12. This growth came from improvement in the performance of both services as well as manufacturing sectors. The fourth quarter (January-March) of last fiscal saw the economy grow at 7.5 % which was better than the growth recorded by China.

Indian Automobile market and our Future Outlook

The Indian automotive market is full of tremendous opportunities and is capable of scaling to greater heights. The Indian automotive industry has experienced healthy sequential growth during 2014-15. The overall sales during April-March 2015 registered a growth of 8.32%.

The total sales (including exports) of Passenger Vehicles during April-March 2015 were at 3,223,581 as against 3,099,651 in the previous period and registered a positive growth of 4.00%. However, sales of Commercial Vehicles stood at 700,743 against 709,901 and registered a negative growth of 1.29%.

The sales of Two Wheelers stood at 18,462,178 against 16,890,778 in previous year, thereby registering a growth of over 9.30%. Within the Two-wheeler segment, scooters and motorcycles grew at 27.19% and 4.26% respectively.

The growth in 2014-15 can be attributed to factors such as strong buoyancy in the end-user industry, recovery of the global economy, improved consumer sentiment and return of adequate liquidity in the financial system, fiscal stimulus programme of the government etc.

From the ground level, three powerful forces are impacting the auto industry: shifts in consumer demand, stricter regulatory requirements for safety and fuel economy, and the increased availability of data and information. Although this is not likely to have a major impact on sales volume, it is affecting how much people are willing to pay for automobiles.

Since coming to power last year the new government's main concern has been the revival of growth in the Indian economy and crucially enough, it has chosen to give the Industrial sector a structural push to achieve its goal. The government announced the 'Make in India' initiative, which intends to make manufacturing the engine of growth and also generate employment. Under the initiative there would be increased focus on new processes, new infrastructure, new sectors and creating a new mindset in order to increase the share of manufacturing in GDP to 25% from the current 17%. The focus of Make in India Programme is on 25 sectors out of which one of the important sectors is Automobiles.

Over the last decade countries in our neighborhood like China and other East Asian countries had developed strong economic models that relied more on exports to develop their automotive industry as well as pave the way for their rapid economic growth. Our government's latest initiative also aims to follow a similar path.

However, very recent events towards the end of August 2015, caused by the devaluation in the Chinese Yuan, have resulted in a steep volatility in the BSE Sensex and NSE and have also led to a significant loss in the value of the INR vs. the USD to levels of Rs.66 – 68. This uncertainty will impact the RBI's policies and reduction in interest rates may be further deferred. India's GDP growth in FY 15 -16 could therefore be held back to 7 % levels, instead of rising to 8 % +. This is an area of concern for all of us and especially to the manufacturing sector. The significant monsoon deficit could also be a constraint for such growth targets, with its negative impact on agricultural production and rural purchasing power for manufactured products.

Company Performance and Strategy

You will be glad to know that there are very few Companies in the world which supply to OEMs manufacturing two wheelers to truck and your Company is one out of those few and caters to the needs of major , two wheeler, Commercial Vehicles, Tractor and Off-road vehicle manufacturers in India and overseas. . The Company's principle products include two wheeler transmission components, engine and transmission components for commercial and passenger vehicles, precision forgings etc.

I am pleased to inform you that the financial year 2014-15 was an encouraging year for your Company and your Company's turnover has crossed the Rs. 400 crore mark in 2014-15 & touched Rs. 432 crores as compared to Rs. 361 crores in the previous year (net of excise duty). The profit before tax and after tax was Rs. 26.30 crores and Rs. 18.42 crores respectively, compared to Rs. 22.06 crores and Rs. 15.93 crores in the previous year. I am further pleased to inform you that in order to share our gains with you. Your Board of Directors had declared an Interim Dividend of 10% and further recommends a final dividend of 15% for your approval. Your company will continue to explore opportunities for growth in the years ahead. Though there will be challenges on many fronts but I am confident that together we will be successful in the endeavour to scale up operations so as to achieve long term sustenance and growth.

We have enough experience in our portfolio as manufacturers and suppliers of gears and transmission equipments. Now, we will be called as a full fledged 'Assembly' supplier. We are proud to say that we have started supplies of counter shafts, main shafts and kick starters assemblies to the major OEM customer in Two wheeler segment to their satisfaction. The benefit of being an 'Assembly' supplier is not only the additional value add, but will also ensure the growth of business at higher levels.

Approaching our goals with discipline and focus has been essential to our approach. Each time we look at a growth horizon, we look at how we can improve and add value to our business; how we can make a difference in the markets that we operate in, make our offerings more expansive and deliver on our mission to create healthier communities globally.

Your Company's strategy has been to focus on four pathways: leveraging our core strengths, improving the efficiency of our operations, optimising our resources and enriching the capabilities of our people as we move on to a higher growth trajectory.

As I conclude, I, on my behalf and on behalf of my colleagues on the Board would like to thank and record our sincere gratitude to all our stakeholders for the confidence & trust reposed upon us and our deep appreciation to all employees of the Company for their hard work, commitment and whole hearted support for achieving company's goals and targets. I further thank all our customers, our supply chain partners and our bankers for reposing their confidence & support in us. As we step into a new phase, there are many reasons to be excited about the future of our business. There will be more opportunities to deliver something meaningful and purposeful as we race ahead with our plans for your Company's future in the years to come. I am confident that together we will chart the road map of the Company for continuous growth & profitability and will steer the Company to greater heights.

Deep Kapuria
Chairman

Managing Director's Message

Dear Shareholders,

I am happy as always to connect with you to reflect on the performance of your company in the year that went by and share with you our ambition for the future.

The last year has been a comparatively good one for the Indian economy with a positive change in the macroeconomic parameters. A sustainable turnaround appears more probable now. At a time when concerns have been raised about global growth prospects, the Indian economy has marched on and has in fact entered a sweet spot. Government data shows that GDP had grown by 7.3% in the FY15 against 6.9% in FY2014. There is a real sense that a new set of reforms and the enthusiasm in the markets can lead India towards another prosperous era of high growth.

Macro Economic update

The Global Economy continued to face challenges of volatility in 2014 led by upheavals in the global financial markets, uncertainty on global oil prices over the long run as well as low inflation and stagnation. The global economy grew at 3.4% in 2014, reflecting a pickup in growth in advanced economies relative to the previous year and a slowdown in emerging market and developing economies. Growth in emerging markets & developing economies is projected to slow down further in 2015 because of the dampening impact of lower commodity prices and tighter external financial conditions but in 2016 growth in emerging market and developing economies is expected to pick up, largely on account of the projected improvement in economic conditions in a number of distressed economies, including Russia and some economies in the Middle East and North Africa.

Global growth is projected at 3.3 % in 2015, marginally lower than in 2014, with a gradual pickup in advanced economies and a slowdown in emerging market and developing economies. In 2016, growth is expected to strengthen to 3.8 %.

The Indian economy grew the fastest since 2011 and is almost in line with the advance estimates. But the main number to get prominence was that the economy grew by 7.5% in Q4 FY2014-15 which was better than the growth recorded by China.

In view of the positive indications emanating from the Government's commitment to reforms, favorable situation on account of the reduced international prices of oil and benign inflationary outlook which could provide room to RBI for easing the monetary policy, the prospects for growth in 2015-16 appear bright. Previous months saw reduction in the bank rate and repo rate by the Reserve Bank of India (RBI) on account of easing inflationary pressures in the economy. In the coming period the RBI may further reduce the rates, provided the favourable conditions continue.

Certain recent global events towards the end of August 2015 such as the devaluation of the Chinese currency and its consequent negative impact on the Indian Rupee and the Indian Stock Markets are a cause for concern and may restrict the RBI from lowering interest rates. Relatively fewer monsoons may also negatively impact rural income levels and their power to purchase manufactured products. These are factors that we have to keep in mind as we move towards the second half of the current financial year FY 16 and take necessary actions within our control to minimize the impact of such macro economic and environmental factors.

The latest policy initiative of the Indian Government "Make in India" is a welcome move and a step in the right direction for the Indian Manufacturing Industry. The Government of India, under the Make in India initiative, is trying to give a boost to the contribution made by the manufacturing sector and aims to take it up to 25% of the GDP. We believe the economic recovery, which is already in place, will gather momentum in the coming

years and in due course see India returning to a high growth trajectory.

Automotive Business

After seeing challenging times, the Indian automobile industry finally saw an uptick in sales for the first time in three years in FY 2014-15. Although the revival is slow but all the vehicle categories except Commercial Vehicles (CVs) are in positive territory in FY 2014-15. Total Automotive production increased by 8.68% compared to FY 2013-14 by registering the total production to 23,366,246 units, and this higher growth is attributed largely to the hopes of an economic revival after a new government took charge in the country and the renewed business scenario. Further, the major attraction for the previous year remain the Two Wheeler Segment, which produced 18,499,970 units and sold 18,462,178 units against 16,833,049 units and 16,890,778 units in the same period in previous year. The continuation of the excise duty benefit till December 2014, correction in fuel prices and an increase in replacement demand with easing financing cost has contributed to increased demand. This is the first time in three years that passenger vehicle sales have recorded positive growth. High fuel and interest costs coupled with slowdown in economic activity had dented automobile sales earlier which seem to be in control now. The Indian auto industry has entered the new fiscal on an optimistic note after reporting a 7.22% increase in overall domestic vehicle sales in 2014-15, ending two years of sales fall, on the back of rising demand for passenger vehicles, two wheelers and medium and heavy commercial vehicles.

India to emerge as the destination of choice in the world for design and manufacture of automobiles and auto components and now can expect double-digit growth in sales in this fiscal on improving macro-economic sentiments, stable commodity prices, re-start of mining activity and infra projects, and higher industrial activity with an improved investment climate. An array of new product launches and a possible vehicle fleet modernisation programme that would go a long way to solve the environmental issue, too, are expected to generate significant incremental sales.

In fact, it is also interesting to note that while India's total exports stagnated, the Indian auto component industry exports grew by 11.4% to Rs 68,500 crore (USD 11.2 billion) from Rs 61,400 crore (USD 10.2 billion) in 2013-14. The key export items include engine parts, transmission parts, brake system & components, body parts, exhaust systems, turbochargers etc. Consistent growth in the auto component exports is an indication of growing credibility of 'India made' components. Similarly, the aftermarket for auto components in FY 2014-15 also grew by 12% to Rs. 39,875 crores.

The industry's focus on exports, quality and various cost saving initiatives has helped it weather the weak business environment leading to a double-digit growth.

Performance of the company

2014-15 was a year in which we made continued progress in many areas. The sales turnover of the Company increased to Rs.431.92 crores (net of excise duty) from Rs. 361.02 crores in the previous year, registering a significant increase of 19.64%. Profit before tax was Rs. 26.30 crores and profit after tax stood at Rs. 18.42 crores compared to Rs. 22.06 crores and Rs. 15.93 crores during the same period in the previous year. Earnings per Share (EPS) of the Company increased to Rs. 9.81 from Rs. 8.49 in the previous year.

The Company recorded an export turnover of Rs. 93.17 Crores, in 2014-15, compared to Rs. 83.34 Crores in the previous year, thus recording an increase of 11.80 %. We at Hi-Tech strongly believe that we will achieve the lost ground of sales in 2011-12, in a very short period.

Recognising the importance of sharing the gains with the shareholders who have placed their funds and trust in the Company at all times, an amount of Rs. 4.69 Crores is being paid out by way of dividends.

A journey of excellence is an ongoing one where there is continuous improvement and learning. This is also important if Quality has to become a way of life. The three signposts which guide us in our journey towards quality excellence are technology, training and sustainability. While technology opens the door to scientific data management and improved controls, continuous training helps us create the right focus and environment in the workplace. Continuous improvement is the key to sustaining and consistently delivering on quality parameters.

Your Company has not confined itself to the Indian markets but has made its presence felt globally. Your Company understands that the exposure to the global environment can lead to strong developmental opportunities. In coming times your Company wants to expand its Global presence further and succeed in the new areas. Many of your company's major customers (like: Cummins, Daimler, JCB etc.) are globally located. It confronts your company with tough contractual terms because even minor discrepancies are not acceptable in case of global contracts. OEMs are continuously acknowledging the quality and competitiveness of your company and have conferred several awards upon your company. These awards are of great significance and value to your company as they reflect your company's commitment to quality and customer focus. Your Company will continue to leverage its positioning and also rely on building its relationships and product development plans to grow.

In recognition of its efforts, the Automotive Components Manufacturers Association (ACMA), the premier agency for the Indian Auto Component Industry, awarded the company with the Gold Trophy for Excellence in Exports (Large Category).

Your Company has further identified both the Customers and the potential partners with whom your Company has planned to go ahead. The Board of Directors and the whole team is working hard to enable the company to achieve these plans. The export programs are also expected to gain momentum. Overall, the focus will continue to be on quality delivery at optimum costs.

Your Company has also launched the Car Transmission Vertical to cater to the ever growing need for Car Transmission components in both the domestic and export markets.

The automotive industry is bracing for its biggest engineering challenge in the times to come. The Corporate Average Fuel Economy (CAFE) regulations call for an increase in fuel efficiency through improving the quality of Transmission Equipments etc. on a continuous basis. We are striving to improve & make a stand in the World Market & present quality products to improve our credentials. For a manufacturer to provide this level of performance, efficiency, and quality, it obviously requires a serious commitment which your Company believes in and is willing to leave no stone unturned in achieving the same.

Looking at the opportunities, your company is considering setting up an entity in the North American Free Trade Agreement (NAFTA) Region, in order to tap the new locations to manufacture and deliver the products from there only without affecting the existing business.

Turning to people, your Company ensures investing in people, because people are the greatest assets. Your Company believes

that people are the assets that must be valued, measured and developed. People are not hard-assets that depreciate in value and can be written off; they are dynamic assets that can increase in value with time. It is only with the determination and dedication of our people that we can serve our clients, generate long-term value for you and contribute to the growth of the country.

Our journey of growth and success is a testament to the talent and resourcefulness of our people. Guided by a spirit of entrepreneurship they have actively sought out opportunities to drive efficiencies and support business growth. I would like to thank them wholeheartedly for their passion, dedication and hard work.

In respect of internal controls, your company has been working with Internal Auditor of the Company with the objective of strengthening internal controls, improving internal processes and they have been reporting to the Audit Committee of the Board regularly every quarter. These internal audits will continue though the Internal Auditors may be rotated periodically to ensure a fresh approach and outlook every few years.

Further, I am pleased to inform you that the journey of growth which began in a small way has been gathering momentum with each passing year, adding new dimensions and venturing into pioneering pathways. In this eventful journey, each year has been packed with achievements that underline our committed performance.

On behalf of HGL team, I thank you for your continued support and assure you of our unceasing efforts to grow your Company's performance and image year after year.

General Information

The FY 2014-15 has witnessed key policy reforms, aimed at aiding growth revival and surmounting the structural constraints in the Indian Economy. The Indian Economy grew at 7.3 % in FY 2014-15. The Economy posted a 7.5 % growth in the January to March quarter of the fiscal, outpacing China's GDP of 7 % in that quarter. Growth rebounded in the three most crucial components of industrial sector i.e. mining, manufacturing and electricity. The latest policy initiative of the Indian Government "Make in India" is a welcome move for the growth of Indian Economy.

Automobile Sector showed growth both in Domestic as well as Export Sales. FY 2014-15 numbers reveal all vehicle categories other than Commercial Vehicles are in positive territory. Riding on the back of a gradual uplift in market sentiments, excise duty cuts continuing through to December 2014 and the opening up of the mining and infrastructure sectors, the Indian automotive industry posted an overall

growth of 7.22 % in FY 2014-15, as compared to 3.53 % in the previous fiscal year.

According to International Monetary Fund, the global economy is expected to grow at 3.5% in 2015 and 3.8% in 2016. However, Global recovery will continue to be moderate and uneven. While developed economies are expected to strengthen, aided by lower oil prices and low interest rates, most emerging economies are expected to slow down moderately, due to country specific reasons-with India being an exception. The Indian economy is expected to grow by 7.5% in 2015-16. Growth will benefit from recent policy reforms, a consequent pick-up in investment, and lower oil prices". Demand is expected to grow due to various underlying factors including "Make in India", "Digital India", raising per capita income, growing urbanization etc.

Operations

Growth of your Company has been satisfactory and upto the expectation. During the FY 2014-15, total revenue from operations (net of excise) stood at Rs.431.92 crores as compared to Rs 361.02 crores in FY 2013-14, registering an impressive increase of 19.63%. The profit before tax stood at Rs 26.30 crores as compared to Rs 22.07 crores in previous year. Similarly, the Net profit of the Company also grew by 15.65% i.e. from Rs 15.94 crores to Rs 18.41 crores.

Exports of our country were not much encouraging due to massive fluctuation of the exchange rate, recession in the world economy & the pressure of rising raw material cost. Still, your company's export sales were increased by 12% with export revenue of Rs 94.12 crores in the FY 2014-15 as compared to previous year of Rs 84.04 crores, registering a growth of 12%. This was made possible, because of your Company's continuing efforts to tap new customers and markets.

Your Company expects to benefit over the next period from its good business linkage with OEMs, due to its healthy operating efficiencies. In view of this, the long term prospects of your Company are bright.

Share Capital

The paid up Equity Share Capital as on 31st March 2015 was Rs. 18,76,80,000. During the year under review, the Company has not issued shares or granted stock options or sweat equity.

Dividend

During the year under review, an interim dividend of 10 % i.e. Rs. 1.0 per equity share amounting to Rs. 187.68 lacs was declared and paid, the same is being confirmed at the forthcoming AGM. The Directors have now recommended to the shareholders a final dividend of 15% i.e. Rs. 1.50 per equity share, resulting in a payout of Rs. 281.52 lacs. The total dividend payout stands at Rs 469.20 Lacs (Previous year

Rs 469.20 Lacs) & tax on dividend comes to Rs 93.81 Lacs (Previous year 79.74 Lacs). Additionally, an amount of Rs. 1.00 Crore is transferred to General Reserve.

If the dividend on the shares as, recommended by the Board of Directors, is approved by the shareholders in their 29th Annual General Meeting, payment of such dividend will be made to those members whose names appear in the Register of Members as per Book closure dates mentioned in the shareholder's information.

ANNEXURE III

INFORMATION AS PER SECTION 134 (3) (M) OF THE COMPANIES ACT, 2013, READ WITH RULE 8(3) OF THE COMPANIES (ACCOUNTS) RULES, 2014 FORMING PART OF DIRECTORS' REPORT FOR THE YEAR ENDED MARCH 31, 2015.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS & OUTGO

A. CONSERVATION OF ENERGY

Continuous efforts are being made to conserve the energy. The activities are ongoing to save and optimum utilization for electricity and fuel and thereby reducing energy cost. Some of initiatives taken/ improved are as under:

- Company continued to purchase power from alternate source for all its Plants from other electricity providers through Energy Exchange at the competitive rates, resulting reduction of power cost.
- Own generation of Energy from DG sets minimized.
- Water conservation measures to minimize water consumption.
- Machine cycle of CNC machines of the plants are modified to achieve energy saving by automatic switching off conveyors & hydraulic motors when not in use.
- The high capacity motors installed on the machines are being replaced with lower capacity motors as per consumption needs resulting in energy consumption reduction.
- Auto power factor control (APFC) panel are installed and maintained for improving the power factor to reduce the energy cost.
- Adaptation of variable frequency drive (VFD) on Air Compressors to achieve considerable reduction in energy consumption.
- Adaptation of auto system in Cooling Tower to switch off the cooling fan when ambient temperature is low.
- Energy conservation by adaptation of small Air Compressors in place of big size compressor in case of less demand.
- Systematic maintenance and loss reduction in Induction Furnaces to optimize energy consumption per ton.
- Air Leakage test on regular intervals and arresting leakages to reduce air consumption.
- Reduce the voltage level after ignition of Metal hide lamps for plant lighting applications.
- FRP fans installed in cooling tower for reduction of power consumption.

- Periodic cleaning of Air Filters and preventive maintenance of AHUs.
- Energy Audits are done on periodic basis and corrective actions taken, wherever required.
- Various Modules are developed to conserve and save the energy. The same are monitored thru Project Management system.

Additionally, the newly built up state of the art plant in Bhiwadi, an 'ECOFAC Plant', i.e. a sustainable green manufacturing plant is working to satisfy all green needs. The Plant has been awarded the Gold rating by the Indian Green Building Council. It has many energy conservation features.

Additional cost, if any for above measures are absorbed in the production/operation process, thus no cost is identified separately

New ideas are being adopted across the shop floor, factory area and even in office premises to conserve and promote efficiency of operations. Accordingly, the company will continue to adopt future proposals for consumption of energy.

The impacts of above measures are mainly reduction in power & fuel consumption, resulting reduction of cost of production. The information relating to Total Energy Consumption and Energy Consumption per unit of production is not applicable to Company, thus the Form A is not furnished.

B. TECHNOLOGY ABSORPTION

i) Efforts made in Technology Absorption:

The Company has absorbed the technologies received from its partners in the past and in the last five years; no further technologies have been imported.

The steps initiated by the Company for implementation and absorption of Lean Manufacturing are consistently showing encouraging outcome. Further, Company's commitment towards Total Productivity Maintenance (TPM) has yielded excellent results in quality and design of the products. These efforts shall ensure that the above said technology and the work culture is harnessed and percolated down to the entire organization. Your Company has continuously endeavored to acquire world-class technology both in hardware and software.

The benefit and impacts of above mentioned measures are lead time reduction of the various complex methods, elimination of waste and saving of time and efforts.

- ii) Specific areas in which Research and Development carried out by the Company.

The company is registered under the DSIR for undertaking research and development. Research & Development were carried in product development, process development, energy conservation, environment protection, cost reduction and automation. In this process of Research & Development, development is also achieved thru Customer Collaboration on a continuous basis, resulting in improved and enhanced design and material database.

- iii) Benefits derived with the installation of various additional equipments have made it possible to achieve consistency in production and quality of the existing finished product and the new product development.

- iv) Future plan of Action

- a) Reduction in process losses by identifying the area of operation.
- b) Development of new products
- c) Measures required for the utilization of the renewable energy
- d) Plans for high & Energy efficient motors to be replaced with old motors.

- e) Project adopted for optimizing the motor capacity in machines.

- f) Usage of LED lights instead of conventional lights.

- g) Use of solar light for street light around the building.

- v) Expenditure on Research & Development

Development and improvement of products has been an inbuilt and ongoing activity within the existing manufacturing facilities, Management has identified the quantum, which is mentioned in Note no. 45 of Notes to Accounts.

C. FOREIGN EXCHANGE EARNINGS & OUTGO

MANAGEMENT DISCUSSION ANALYSIS

The Macro Economic Environment

Indian economy has faced many challenges successfully in past and is currently placed on a upswing, on the back of committed policies and a belief of new optimism. In the recent gone by time, the economy faced tough time with issues like lower growth, high levels of inflation and widening current account deficit; escalated by an unsupportive external environment. Growth seems to be back, with its desirable mild inflation and manageable current account balance with stable rupee and rising foreign exchange reserves, signaling much awaited improvements in macro-economic stability.

India's economy has witnessed a significant economic growth in the previous year. The steps taken by the government have shown positive results as India's gross domestic product (GDP) at constant (2011-12) prices 2014-15 is Rs 106.4 trillion (US\$ 1.596 trillion), as against Rs 99.21 trillion (US\$ 1.488 trillion) in 2013-14, registering a growth rate of 7.3% in 2014-15 as against 6.9% in 2013-14 at new method of calculation of GDP. The manufacturing sector Gross Value Added rose by 7.1% during the year as against 5.3% in 2013-14. It further said that per capita income at current prices during 2014-15 rose by 9.2% to Rs 87,748 as against Rs 80,388 in the previous fiscal. During the year 2014-15, IIP growth was 2.8% as compared to (-) 0.1% in the previous year. The improvement in India's economic fundamentals has expedited in the year 2015 with the combined impact of strong & committed government reforms, RBI's inflation focus supported by benign global commodity prices. The economic activities which witnessed significant growth were 'financing, insurance, real estate and business services' and 'trade, hotels, transport and communication services'.

According to International Monetary Fund (IMF) World Economic Outlook, April, 2015, India ranks seventh globally in terms of GDP at current prices. The IMF and the Moody's Investors Service have forecasted that India will witness a GDP growth rate of 7.5% in FY 2016, due to improved investor confidence, lower food prices and better policy reforms. However, the Government is more optimistic and expected the growth to be at 8%. Growth will further be benefitted from a consequent pick-up in Investment and lower oil prices. Furthermore, initiatives like "Make in India" and "Digital India" will play a vital role in driving the Indian economy.

On the other side, the global economy has grown by 3.4% in 2014 and expected to grow at 3.3% in 2015. The flat or downward international situation has taken place on account of several factors. However, Global recovery will continue to be moderate and uneven. While developed economies, including US are expected to strengthen, aided by lower oil prices and low interest rates, most emerging economies are expected to slow down moderately, due to country specific reasons-with India seems to be an exception. China is trying to align itself with the major slowdown of demand in its domestic & export markets, after seeing a great period for

last many years. At the same time Japan & Eurozone are still to recover from the shadow of uncertainties marked by recession in 2008-09. Overall, global economic activity is expected to strengthen in FY2016 with most of the momentum coming from mature market economies. Other economies will also show some strength & contribution towards much awaited growth.

The previous year witnesseth a come back, as growth returned, inflation reduced & external accounts come under control. From there, there are visible positivity built around the Indian growth story & India seems to be poised to enjoy another spurt of much awaited growth in all sectors.

Industry & Segment Dynamics

Indian automotive market is full of tremendous opportunities and is capable of scaling to greater heights. The rapid urbanization, coupled with an overwhelming growth in the middle class population and their incomes, has created an Indian Market that is extremely conducive for the automobile industry to flourish.

Similarly, the Indian auto components industry has experienced healthy sequential growth over the last one-and-a-half years. The growth can be attributed to factors such as resilience in the end-user industry, signs of recovery of the global economy, improved consumer sentiment and return of adequate liquidity in the financial system. The revival of the auto industry was initially driven by the fiscal stimulus programme of the government.

The industry currently accounts for sizable amount of India's gross domestic product (GDP) and employs about 19 million people, both directly and indirectly. The ever-increasing development in infrastructure, big domestic market, increasing purchasing power and stable government framework have made India a favourable destination for investment. However there are certain factors that stand as challenges before the automobile industry. The most immediate challenge is the unevenness of global markets, auto industry executives and experts tend about the U.S. market & other regions, weaker outlook in Europe as the region is emerging fitfully from a six-year sales slump. Meanwhile, the Indian market's performance has been inconsistent. And growth in China, the world's largest vehicle market, has slowed, even though investments by most original equipment manufacturers (OEMs), which are betting big on future demand, continue to ramp up. Reacting strategically to these demand shifts will be an absolute priority for industry leaders in coming time.

Production Trends of the Automobile Sector in 2014-15

The industry produced a total of 23,366,246 vehicles including passenger vehicles, commercial vehicles, three wheelers and two wheelers in FY 2014-15 as against 21,500,165 in FY 2013-14, registering a growth of 8.68 % over the same period last year.

The Production of Passenger Vehicles grew by 4.28 % in FY 2014-15 over the same period last year. Within the Passenger Vehicles segment, Passenger Cars and Utility Vehicles grew by 4.06 % and 10.65 % respectively, while Vans hit the most and declined by (-) 11.51 % in FY 2014-15 over the same period last year.

As usual the growth was majorly led by Two Wheeler segment which registered growth of 9.58 % in FY 2014-15 over FY 2013-14. Within the Two Wheelers segment, Scooters, Motorcycles and Mopeds grew by 28.43 %, 4.40 % and 3.16 % respectively in FY 2014-15 over FY 2013-14. In recent time, the major attraction in Two Wheeler segment is the scooters/ scooterettes, which grew by 28.43% due to its easy maintenance and city driving convenience.

Three Wheelers production grew by 14.33 % in FY 2014-15 over the same period last year. Passenger Carriers and Goods Carriers grew by 15.32 % and 6.76 % respectively in FY 2014-15 over FY 2013-14.

The sad part of the vehicle production was the overall Commercial Vehicle segment. This segment registered a de-growth of (-) 0.28 % in FY 2014-15 as compared to same period last year. Medium & Heavy Commercial Vehicles (M&HCVs) grew by 21.21 % and Light Commercial Vehicles declined by (-) 10.25 %.

Domestic & Export Sales Trends of the Automobile Sector in 2014-15

In the year 2014-15 the Automobile Sector showed growth both in Domestic as well as Export Sales. FY 2014-15 numbers reveal all vehicle categories other than Commercial Vehicles (CVs) are in positive territory. Riding on the back of a gradual uplift in market sentiments, excise duty cuts continuing through to December 2014 and the opening up of the mining and infrastructure sectors, the Indian automotive industry posted an overall domestic sales growth of 7.22% in fiscal year 2014-15, as compared to 3.53% in the previous fiscal year.

The sales of Passenger Vehicles grew by 3.90% in FY 2014-15 over the same period last year. Within the Passenger Vehicles segment, Passenger Cars and Utility Vehicles grew by 4.99% and 5.30% respectively, while Vans declined by (-) 10.19% in FY 2014-15 over the same period last year.

Two Wheelers sales registered growth of 8.09 % in FY 2014-15 over FY 2013-14. Within the Two Wheelers segment, Scooters, Motorcycles and Mopeds grew by 25.06 %, 2.50 % and 4.51 % respectively in FY 2014-15 over FY 2013-14.

Three Wheelers sales grew by 10.80 % in FY 2014-15 over the same period last year. Passenger Carriers and Goods Carriers grew by 12.16 % and 5.27 % respectively in FY 2014-15 over FY 2013-14.

The overall Commercial Vehicles segment registered a de-growth of (-) 2.83 % in FY 2014-15 as compared to same period last year. Medium & Heavy Commercial Vehicles (M&HCVs) grew by 16.02 % and Light Commercial Vehicles declined by (-) 11.57 %. Unseasonal rainfall has put pressure on food prices and continuation of high interest rates for vehicles has kept the rural buyer away from the markets due to which motorcycles, tractors and LCVs, which are mostly used in this region, have not done well.

In FY 2014-15, overall automobile exports grew by 14.89 % over the same period last year. Passenger Vehicles, Commercial Vehicles, Three Wheelers and Two Wheelers grew by 4.42 %, 11.33 %, 15.44 % and 17.93 % respectively during FY 2014-15 over the same period last year.

With the government's 'Make in India' initiative and factors such as expectation of normal monsoon, lower prices of petrol and diesel, commodity prices under control, growth in industrial activity, softening of interest rates, the auto industry is expected to perform even better in FY 2015-2016.

Future Outlook

The Indian auto component industry is expected to register a turnover of US\$ 66 billion by FY 15-16 with the likelihood to touch US\$ 115 billion by FY 20-21 depending on favourable conditions, as per the estimates by Automotive Component Manufacturers Association of India (ACMA). In addition, industry exports are projected to reach US\$ 12 billion by FY 15-16 and add up to US\$ 30 billion by FY 20-21.

The Government has come a long way in ensuring the growth of this sector in the global market. It is expected that this sector's contribution to the GDP will double reaching a turnover of US\$ 145 billion in 2016 due to the government's special focus on exports of small cars, multi-utility vehicles (MUVs), two and three-wheelers and auto components. Also, the deregulation of FDI in this sector has helped foreign companies to invest huge amounts in India.

The rapidly globalising world is opening new avenues for the transportation industry, generating the need for more efficient, safe and reliable modes of transportation, which is subsequently adding to the auto component industry's growing opportunities. According to a report by the

Confederation of Indian Industry (CII), the Indian auto component industry is set to become the third largest in the world by 2025. Also, by that time, newer verticals and opportunities for component manufacturers will open up as the automobile market will shift towards electric, electronic and hybrid cars and newer technologies will have to be adopted via systematic research and development.

Indian auto component makers are well positioned to benefit from the globalisation of the sector as exports potential could be increased to the new heights. India is already becoming global manufacturing hub for manufacture of all categories of vehicles including Passenger Vehicles & Commercial Vehicles.

The latest policy initiative of the Indian Government “Make in India” will help accelerating the growth of Industrial Activity including the automobile industry. The following are some key implications this campaign is likely to have on few key issues in the sector that have for long proven to be barriers to sector growth.

- To create job opportunities for at least 100 million youths in India over time.
- Boost to Exports
- Ease of doing business by making customs process more efficient, quicken license-issuing process, facilitating clearance and approvals for land acquisition for new businesses and by creating a foundation for Strong anti-corruption laws and culture going forward.
- Boost to FDI
- Infrastructure Growth
- Boost to public policy making and planning
- Unlock rural demand
- Labour law reforms
- Skill development
- Promote R&D

The above give impression that the long term prospects seems to be bright; demand will grow due to various underlying factors such as rising per capita income, increasing rural demand, growing urbanization, swelling replacement demand etc.

Opportunities, Threat & Mitigation strategy

There is a greater need for collaboration between the component manufacturers, OEMs, machine tool supplies and the raw material industry. To overcome the problem of overdependence on the automobile industry, the component industry needs to consciously consider diversifying into adjacent markets including defense, aerospace, railways etc. your company is keeping abreast of even minute changes in the industry, and is therefore better equipped to overcome the constraints and develop measures to restrict the impact.

At the operational level there are several risks that are inherent to the business of company. These are typically transactional in nature. These risks are managed through internal processes and controls. In addition, the Company has to deal

certain major micro risks that affect the Company's strategy implementation, some of them are enumerated below:

Two-Wheeler business: Competition in the two wheeler segment has increased significantly. This has had a serious adverse impact on the margins of the component manufacturers. To overcome, the risk of dependency on the two wheeler business, your Company has been developing clients for engine and transmission components in India and abroad.

Input material: Steel is the primary raw material for the products of the company, and is a very significant part of the cost of the final product. Rising steel prices continue to be a challenge & pose a threat to the margins of the company in this competitive auto component sector.

Power: The other major cost in production is energy cost. Presently the company is getting power from the State Electricity Board at per the higher tariff rate.

To mitigate the risk, the Company continues to strive to improve its operational performance and develop new components, which are technologically superior and have an edge over the competitors. However, any further increase of steel prices may lead to reduction of margins. To address the energy cost, the company is implementing a process, whereby it is proposing to purchase electricity through the Electricity Exchange by getting competitive quotes.

Customer profile: Company is primarily a gear & transmission equipment manufacturer and supplier. The Company has a large focus amongst a few groups of customers and industry segment. This limited focus adds to market risks and also highlights the fact that one or some customers moving out could leave a large impact on the operation and financial of the Company. To mitigate this risk Company is focusing on widening its customer base, entering new user segments and spreading operations across geographies to mitigate this market risks.

Technology Risk: OEMs continuously ask for the technology updation and material changes. Thus, the company needs to continuously stay in touch with such progress. To mitigate Company has always invested in upgrading its technology to meet changing customer demand.

Regulatory Change: Regulations are changing to accommodate the awareness about the environmental responsibilities. The developed countries have slowly been adopting the new Corporate Average Fuel Economy (CAFÉ) Regulations, which requires OEMs to nearly double fuel economy to 54.5 miles per gallon by 2025. In India, also it is expected that Government will bring similar regulations. HGL is committed to comply with all applicable environmental and related regulations.

Brief of Financial Results

The Company posted higher sales in the financial year 2014-15 and the Company's turnover crossed the Rs. 400 Crores

mark. The sales turnover of the Company increased to 431.93 crores (net of excise duty) from Rs. 361.02 crores in the previous year, registering a significant increase of 19.64%. This was due to rise in the sales of all the business verticals of the Company & its exports. Profit before tax for the year 2014-15 was at Rs. 26.30 crores and profit after tax stood at Rs. 18.42 crores compared to Rs. 22.06 crores and 15.93 crores during the same period previous year.

At the export front, the Company also did well and recorded an export turnover of Rs. 93.17 crores compare to Rs. 83.34 crores of previous year, thereby recorded an increase of 11.80%. The total exports are 21.57% of the total turnover.

Recognizing the importance of allocation the gains with the shareholders who have placed their finance and trust in the Company at all times, an amount of Rs. 4.69 Crores is being paid out by way of dividends for the year 2014-15. Out of which an interim dividend of 10% was declared and already paid in Feb/Mar 2015 and a final dividend of 15% is being recommended to the shareholders for their approval.

Operational Excellence, Awards & Recognitions

Hi-Tech Gears is continuing its journey to be a global footprint company and a benchmark for world class manufacturing systems, as manifested in its vision statement. In this journey, our efforts have been recognized by esteemed Automotive Components Manufacturers Association (ACMA), the nodal agency for the Indian Auto Component Industry and the ACMA has awarded us with Gold Trophy for Excellence in Export (Large Category).

Steps initiated by the Company for implementation and absorption of Lean Manufacturing and Total Productivity Maintenance (TPM) practices are consistently showing

encouraging results. The customers are appreciating and recognizing Company from time to time. Customer recognitions are the strongest testimony to a company's excellence. The ECOFAC Plant (Plant –III) is running to its capacity and is unique in its kind. This 'Gold Award' conferred Plant by Green Building Council is one of few plants by the component manufacturers in north India, which has become a world-class Indian brand with a green and sustainable strategy of growth. ECOFAC means a sustainable green manufacturing plant. This plant is fully operational. This has all features of safety, energy & water conservation, waste management etc. All modern concepts of Lean, TPM and TEI for best utility are being implemented in this Plant from its initial stage. This has been highly appreciated not only by the concerned authorities but also by customers and will become a model for future sustainable manufacturing growth.

The commercial vehicle sector is generally a good indicator of a country's economic progress and it isn't unknown that it was not in the best of its shape from past few years. This year also Light Commercial Vehicle (LCV) segment registered de-growth but it is expected that Indian Government 'Make in Indian' Campaign will unlock the rural demand in the coming years & LCV Segment will also see remarkable growth. Pick-up in the execution of infrastructure projects and mining will also support the demand for this segment. Therefore, we are thinking of increasing our presence in Commercial Vehicle segment. Though it's possible that in beginning we won't get expected return but we at hitech believe in first to hit and last to recover strategy. Once we will make our presence feel in the sector we are assure that we will get good return too.

Segment Reporting

The Company is primarily engaged in the business of gears and transmission components, inherent nature of both the activities is governed by the same set of risk and returns, these have been grouped as a single segment in the above disclosures. The said treatment is in accordance with the principle provided as per Accounting Standard on Segment Reporting (AS-17).

INDEPENDENT AUDITORS' REPORT

**To The Members of
Hi-Tech Gears Limited**

Report on the Financial Statements

We have audited the accompanying financial statements of Hi-Tech Gears Limited ('the Company'), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act, read with Rule 7 of the companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgment and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of

material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by company's directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2015 and its profit and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following matters in the notes to the financial statements:

Note no. 35B(1) and (5) to the financial statements, which describes the uncertainty related to the outcome of the various lawsuits filed against the Company.

Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2015 ('the Order') issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this report are in agreement with the books of account.

(d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

(e) On the basis of written representations received from the directors as on March 31, 2015, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015, from being appointed as a director in terms of sub section (2) of section 164 of the Act.

(f) With respect to the other matters included in the auditor's report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to best of our information and according to the explanation given to us:

- i. The company has disclosed the impact of pending litigations on its financial position in its

financial statement- Refer Note 35 B(3) and (6) to the financial statements;

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- iii. There has been no delay in transferring amounts, required to be transferred, to the investor's education and protection fund by the company.

ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) The Company has maintained proper records to show full particulars including quantitative details and situations of fixed assets.
- (b) As per the information and explanations given to us, the Company has a regular programme of verification of fixed assets. All the fixed assets except furniture and fixtures and office equipments have been physically verified by the management during the year, which in our opinion is reasonable having regard to size of the Company and nature of fixed assets. No material discrepancies were noticed on such verification.
- (ii) (a) As per the information and explanations given to us, the inventories have been physically verified during the year by the management at reasonable intervals.
- (b) In our opinion and as per the information and explanations given to us, procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and nature of its business.
- (c) In our opinion and on the basis of our examination of the records, the Company is generally maintaining proper records of its inventories. No material discrepancy was noticed on physical verification of stocks by the management as compared to book records.
- (iii) According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has not granted any loans, secured or unsecured, to companies, firms or other parties listed in the register maintained under Section 189 of the Companies Act, 2013. Consequently, the provisions of clauses (iii) (a) and (iii) (b) of the order are not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, there is generally an adequate internal control procedure commensurate with the size of the Company and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit, no major instance of continuing failure to correct any weaknesses in the internal control system has been noticed.
- (v) According to the information and explanations given to us, the Company has not accepted any deposit from the public during the year and hence the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under are not applicable to the Company.
- (vi) According to the information and explanations given to us, the Companies (Cost Records and Audit) Rules, 2014, prescribed by the Central Government under Section 148 (1) of the Companies Act, 2013 are not applicable to the Company.

NOTE '1' – NOTES FORMING PART OF FINANCIAL STATEMENTS

1.1 Basis of Preparation of Financial Statements

The Financial Statements are prepared under the historical cost convention on accrual basis and in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013.

Accounting Policies not specifically referred to otherwise are consistent and in accordance with generally accepted accounting principles.

1.2 Use of Estimates

In preparing Company's financial statements in conformity with accounting principles generally accepted in India, the Management is required to make estimates & assumptions that affect the reported amount of Assets & Liabilities and the disclosure of Contingent Liabilities at the date of the Financial Statements and the reported amount of revenues & expenses during the reporting period. Actual results could differ from those estimates. Any revision to accounting estimates is recognized in the period the same is determined.

1.3 Inventories

The basis of valuation for various categories of inventories is as follows:-

Stores, Spares and : **At cost (First in First out)**
Loose Tools and
Raw Materials

Work in progress : **At material cost plus conversion cost on the basis of absorption costing or Net Realisable value, whichever is lower**

Finished Goods : **At material cost plus conversion cost on the basis of absorption costing or Net Realisable value, whichever is lower (Inclusive of excise duty payable)**

Scrap : **At realizable value.**

Stock in Trade includes Raw Materials & Scrap.

1.4 Provisions, Contingent Liabilities and Contingent Assets

The Company makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable & a reliable estimate of the amount of obligation can be made.

The disclosure is made for possible or present obligation that may require outflow of resources as contingent liability in the financial statements. Depending on the facts of each case and after due evaluation of relevant legal aspects, claims against the Company not acknowledged as debts are disclosed as contingent liabilities. In respect of the statutory matters, contingent liabilities are disclosed only for those demand(s) that are contested by the Company.

Contingent assets are neither recognized nor disclosed in the financial statements.

1.5 Revenue Recognition

The revenue from Sale of Goods is recognized on transfer of all significant risk & rewards of ownership to the buyer. Sale value is inclusive of excise duty. Price revisions of goods sold are accounted for at the time of billing except in the case where reasonable certainty has been measured up to the date of Balance Sheet.

Export Sale is accounted for at exchange rate notified on monthly basis by Central Govt. under Custom Law. Bills outstanding on the Balance Sheet date are reinstated with the exchange rate on that date and the difference on this account is booked in the Profit & Loss Account.

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable. Dividend income is recognized, when right to receive is established.

1.6 Fixed Assets and Depreciation

All Tangible & Intangible Assets are stated at cost less accumulated depreciation and impairment of Loss, if any. Depreciation on Buildings and Plant and Equipment is charged on pro-rata basis on Straight Line Method based on the life assigned to each asset in accordance with Schedule II of Companies Act, 2013. Intangible assets are amortized over their respective individual estimated useful life on written down value basis commencing from the date, the asset is available to the company for its use. Depreciation on rest of the

fixed assets has been provided on Written Down Value basis based on the life assigned to each asset in accordance with Schedule II of Companies Act, 2013.

1.7 Retirement Benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

For defined benefit schemes, the cost of providing benefits is determined using Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Actuarial gain & losses are recognized in full in the Profit & Loss account for the period in which they occur. Past service cost is recognized to the extent the benefits are already vested, and otherwise is amortized on a Straight-line method over the average period until the benefits become vested.

The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligations as adjusted for unrecognized past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the scheme.

(i) Gratuity Plan

The Company makes annual contribution to the Employee's Group Gratuity-cum-Life Assurance scheme of the Life Insurance Corporation of India, a funded defined benefit plan for qualifying employees. The scheme provides for lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of 6 months. Vesting occurs upon completion of 5 years of continued service.

(ii) Leave Encashment Plan

The Company is making a provision on actuarial basis for leave encashment benefit of the employees, the amount of provision & paid during the year is charged to Profit & Loss Account.

1.8 Foreign Currency Transactions

- (i) Transaction in foreign currencies is converted in rupees at the rates prevailing on the date of transaction. Loans and other outstanding balances in foreign currencies at the end of the

year are converted at the rates prevailing on that date.

Pursuant to the notification of the Companies (Accounting Standards) Amended Rules 2009 issued on 31st March 2009, exchange differences relating to long term monetary items, arising during the year, in so far as they relate to the acquisition of a depreciable capital asset are added to / deducted from the cost of the asset w.e.f 1st April 2007 and depreciated over the balance life of the asset.

(ii) Derivative Instruments and Hedge accounting:

The Company uses foreign exchange forward contracts and options to hedge its exposure to movements in foreign exchange rates. These foreign exchange forward contracts and options are not used for trading or speculation purposes.

For unexpired forward contracts or options that are designated as effective cash flow hedges the gain or loss from the effective portion of the hedge is recorded and reported directly in the shareholders' fund (under the head "Hedging Reserve) and will be transferred to Profit and Loss account upon the occurrence of the events when the contracts get transacted.

The Company recognizes gains or losses from forward contracts and options that are not designated as effective cash flow hedges for accounting purposes in the profit and loss account in the period in which they occur.

1.9 Investments

Long term investments are carried at cost. However provision for diminution, if any, is made to recognize a decline, other than temporary, in the value of investment.

1.10 Borrowing Cost

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to Profit and Loss account.

1.11 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.12 Provision for Current & Deferred Taxes

Tax expenses comprise current and deferred taxes. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws. Deferred income taxes reflects the impact of current period timing difference between taxable and accounting income for the period and reversal of timing differences of earlier years. Deferred taxes is measured based on the tax rates and the tax laws enacted or substantively enacted as at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty and sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets are recognized on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty that such deferred tax assets can be realized against future taxable profit.

1.13 Research and Development Costs

Revenue expenditure incurred on research and development has been charged to the Profit & Loss Account in the year it is incurred. Capital expenditure is included in respective heads under fixed assets.

1.14 Impairment of Assets

At each Balance Sheet date, the Company reviews whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount. If the carrying amount of the asset exceeds its recoverable amount, an impairment loss is recognized in the Profit & Loss Account to the extent the carrying amount exceeds the recoverable amount.

1.15 Prior period and extra ordinary items and changes in accounting policies having material impact on the financial affairs of the Company are disclosed appropriately.

1.16 Material events occurring after the Balance Sheet date are taken into cognizance and disclosed appropriately.

* Notes: During the Financial Year 2007-08 the company had revalued its land situated at Revenue Estate of Shi Village, Tehsil & Distt Gurgaon (Haryana) at Rs.32,74,71,300/- admeasuring 41,684.50 Sq.Yards pursuant to the state Government notification permitting its commercial use. The Valuation had been done by the Govt. approved valuer. The Original cost of this land was Rs.1,01,69,853/-. The increase of Rs.31,73,01,647/- had been credited to Revaluation reserve and debited to Land Account.

Further, during the Financial Year 2010-11 a part of above land was acquired by the Government of Haryana and amount of Rs.35,20,396/- was received as compensation against 3 Kanal and 8 marla land. Revaluation reserve amounting to Rs.1,56,57,846/- pertaining to the acquired part of land had been reversed during the Financial Year 2010-11.

During the year, pursuant to the notification of Schedule II to the Companies Act, 2013 with effect from April 1, 2014, the Company revised the estimated useful life of its assets to align the useful life with those specified in Schedule II. Further, assets individually costing Rs.5,000/- or less that were depreciated fully in the year of purchase are now depreciated based on the useful life considered by the Company for the respective category of assets. Pursuant to the transition provisions prescribed in Schedule II to the Companies Act, 2013, the Company has fully depreciated the carrying value of assets, net of residual value, where the remaining useful life of the asset was determined to be nil as on April 1, 2014, and has adjusted an amount of Rs. 111,097,213/- (net of deferred tax of Rs. 73,335,270/-) against the opening Surplus balance in the Statement of Profit and Loss under Reserves and Surplus.

NOTE '30' – SEGMENT INFORMATION (AS-17)

The Company is primarily engaged in the business of Gears and transmission components. Inherent nature of both the activities is governed by the same set of risk and returns; these have been grouped as a single segment in the above disclosures. Hi-Tech (E-Soft) is a division of the Company engaged in the business of engineering software solutions. But, its total revenue does not exceed 10% of total revenue. Hence, Hi-Tech (E-Soft) cannot be a primary segment for disclosure under AS-17 and therefore, Geographical segment can be considered as the primary segment. Geographical revenues are allocated based on the location of the customer. Geographic segments of the Company are America, India and Others.

Since all the manufacturing activity is done at India, therefore segregation of expenses/result/assets/liabilities to each of the geographic location is not practicable. The geographic segments individually contributing 10 percent or more of the Company's revenues are given below:

Amount in Rs.

Except Mr. Deep Kapuria, Mr. Pranav Kapuria and Mr. Anuj Kapuria, Directors, being related to each other, none of the Directors and Key Managerial Personnel of the

Company and their relatives are concerned or interested, financial or otherwise, in the agenda as set out at item no. 5 of the notice.

Your Directors recommend the resolution set forth in item no. 5 for approval of the members as Special Resolution.

Item No. 6

Mr. Anuj Kapuria was re-appointed as Executive Director of the Company for a period of 5 years. The appointment was effective w.e.f. 15th May, 2010 & is valid upto 14th May, 2015. The approval for the same was accorded by the members in their 24th Annual General Meeting held on 27th September, 2010.

In view of his experience & valuable contribution made by him towards the growth of the Company & the job responsibilities handled by Mr. Anuj Kapuria, the Board of Directors upon the recommendation of the Nomination & Remuneration Committee, in its meeting held on 21st May, 2015, approved the reappointment and remuneration of Mr. Anuj Kapuria as Executive Director for another period of 5 years, w.e.f. 15th May, 2015 upto the 14th May, 2020.

The aforesaid re-appointment and remuneration of Mr. Anuj Kapuria as Executive Director (Whole Time Director) is subject to the approval of the Members of the company and other concerned statutory and other authorities, if applicable.

A brief resume & additional information of Mr. Anuj Kapuria, is annexed herewith in Annexure A, mentioning therein the nature of his expertise in specific functional areas and the name of the company in which he holds the position of a Director as per clause 49 (VIII) (E) of the Listing agreement.

Except Mr. Deep Kapuria, Mr. Pranav Kapuria and Mr. Anuj Kapuria, Directors, being related to each other, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the agenda as set out at item no. 6 of the notice.

Your Directors recommend the resolution set forth in item no. 6 for approval of the members as Special Resolution.

Item No. 7

The Board of Directors (“the Board”), on the recommendation of the Nomination and Remuneration Committee, appointed Ms. Malini Sud as an Additional Director. Her appointment is effective from February 12, 2015 for a period of 5 (five) years not liable to retire by rotation. In first instance, she holds the office till the conclusion of present meeting, but the members may appoint her as a regular director.

The Company has received a Notice in writing from a Member of the Company along with the deposit of requisite amount under Section 160 of the Act proposing the candidature of Ms. Malini Sud for the office of Director

of the Company.

Ms. Malini Sud has consented to act as a Director of the Company and has given a declaration to the Board that she meets the criteria of independence as provided under Section 149(6) of the Act.

A brief resume & additional information of Ms. Malini Sud is annexed herewith in Annexure A, mentioning therein the nature of her expertise in specific functional areas and the name of the company in which she holds the position of a Director as per clause 49 (VIII) (E) of the Listing agreement.

Copy of the draft letter for appointment having the terms and conditions of appointment of Ms. Sud as an Independent Director are open for inspection by Members at the Registered Office of the Company during normal working hours between 11.00 a.m. and 1.00 p.m. on all working days (except Saturdays & Sundays).

Having regard to the qualification, experience and knowledge, the Nomination and Remuneration Committee and the Board is of the view that her appointment as an Independent Director will be in the interest of the Company. The Company will be benefited with her contribution in the Board process, Governance and overall working. The Board recommends the Resolution as set out at Item No. 7 of the Notice for the approval by the members of the Company by way of an Ordinary Resolution.

She is not related to any other Director of the Company.

Except Ms. Malini Sud, none of the Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the agenda as set out at Item No. 7 of the Notice.

Your Directors recommend the resolution set forth in item no. 7 for approval of the members as an Ordinary Resolution.

Item No. 8

It is proposed to change the name of the Company from 'HI-TECH GEARS LIMITED' to 'THE HI-TECH GEARS LIMITED' as indicated in the proposed Resolution. The Board believes that "Hi-Tech" name is the slightly generic & it is used by some companies which are doing the business in the various fields. The Company is trying to differentiate itself from the other Companies which are using the word Hi-Tech, by way of prefixing the word "THE" in the existing name.

The word "THE" will be used before the key words, it is being Definite Article and denotes particular, specified persons or things.

As the Company has done well in all spheres of business. HI-TECH is the shorter reference of High Technology & Quality. The Company started its manufacturing of high technology quality products such as gears, transmission shafts & related equipments at a very low level & achieved

the present state. The Company is engaging aforesaid meaning of Hi-Tech in its day to day operations. The Company while doing has proved and created a 'niche' for itself and feel that "THE" is appropriate to distinguish itself from other Hi-Tech Companies doing business in same of other fields.

The Registrar of Companies, Jaipur, has confirmed the availability of this new name to the Company vide letter dated 7th August, 2015.

The proposed change of name will not affect any of the rights of the Company or of the shareholders/stakeholders of the Company. All existing share certificates bearing the current name of the Company will, after the change of name, continue to be valid for all purposes.

The provisions of the Companies Act, 2013 require the Company to seek the approval of Members by Special Resolution for change in name and consequent alteration in the Memorandum and in the Articles of Association of the Company.

None of the Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the agenda as set out at Item No. 8 of the Notice.

Your Directors recommend the resolution set forth in item no. 8 for approval of the members as Special Resolution.

Item No. 9

The existing Articles of Association of the Company, are in accordance with the Companies Act, 1956 and several regulations in the existing Articles of Association contain references to specific sections of the Companies Act, 1956. Moreover, some regulations in the existing Articles of Association are no longer in conformity with the new Companies Act, 2013. Upon enactment of the Act and pursuant to the notifications of Ministry of Corporate Affairs dated September 12, 2013 and March 26, 2014 respectively, various provisions of the Companies Act, 1956 have been repealed and in view of the same the existing Articles of Association of the Company needed to be re-aligned as per the provisions of the new Act.

The Board of Directors ("Board") decided to incorporate/substitute /alter certain provisions as per the Act. As this would result in a number of changes in the existing Articles of Association of the Company, it is desirable to adopt a new set of Articles of Association in place of and in exclusion to the existing Articles of Association of the Company.

The new set of Articles of Association to be substituted in place of existing Articles of Association is majorly based on Table 'F' of Schedule I of the Act which sets out the model Articles of Association for a Company limited by shares.

The proposed new draft Articles of Association is being

uploaded on the Company's website i.e. www.hitechgears.com for perusal by the Members and is available for inspection at the Registered Office of the Company during business hours on all working days (except Saturdays & Sundays) from 11:00 A.M. to 1:00 P.M. including and upto the date of the meeting.

The member may be accessed proposed new set of articles on the website of the Company.

None of the Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the agenda as set out at Item No. 9 of the Notice.

Your Directors recommend the resolution set forth in item no. 9 for approval of the members as Special Resolution.

Item No. 10

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s Kabra & Associates, Cost Accountants as the Cost Auditors of the Company to conduct the audit of the cost records of the Company for the financial year 2015-16 at a fee of Rs. 130,000/- plus Service Tax and out of pocket expenses.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors, has to be ratified by the members of the Company. Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 10 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending March 31, 2016.

None of the Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the agenda as set out at Item No. 10 of the Notice.

Your Directors recommend the resolution set forth in item no. 10 for approval of the members as Ordinary Resolution.

Item No. 11

In terms of clause 49 of the Listing Agreement, Section 188 and other applicable provisions of the Companies Act, 2013 all transactions with related parties, which are of material in nature, are subject to the approval of the Members of the Company by way of Special Resolution.

For this purpose, the term "Material Transaction" means any transaction entered either individually or taken together with previous transactions during a financial year, that exceeds 10 % of the annual consolidated turnover as per the last audited financial statements of the Company.

Each of the proposed transaction with entities, such as Vulcan Electro Controls Limited (hereinafter referred to

as 'Vulcan') and The Hi-Tech Engineering Systems Private Limited (hereinafter referred to as 'THESPL') is exceeding the materiality threshold as provided under clause 49 of the Listing Agreement therefore would require the approval of the members by way of special resolution.

Though, the transactions are in the ordinary course of business and at the arm's length basis, still the same is proposed to the shareholders as a matter of abundant precaution.

In order to comply with the requirements of clause 49 of the Listing Agreement, the Company proposes the members to approve the aforesaid related party transactions by way of Special Resolution, the details of which are mentioned below:

4. Name of the Directors / Key Managerial Personnel who is related, if any

Mr. Deep Kapuria, Chairman, Mr. Pranav Kapuria, Managing Director and Mr. Anuj Kapuria, Executive Director.

5. **Any other information relevant or important for the Members to make a decision on the proposed transactions**

Limit of said transactions are upto 31.03.2016 and thereafter with increase of 15% p.a. on each transaction on year to year basis.

The Audit Committee and Board of Directors in its meeting held on 11th August, 2015, has already approved the aforesaid transactions with Vulcan & THESPL.

Except Mr. Deep Kapuria, Mr. Pranav Kapuria and Mr. Anuj Kapuria, Directors, being related to each other, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the agenda as set out at item no. 11 of the notice.

Your Directors recommend the resolution set forth in item no. 11 for approval of the members as Special Resolution.
