2. Management Analysis and Discussions**Company performance:**

During the year, your Company earned total revenues of ₹10535.31 lacs compared with ₹7764.54 lacs during the previous year, reflecting a growth of 35% over the previous year. The profit before tax stood at ₹103.17 lacs as compared to ₹83.87 lacs in the previous year reflecting a growth of 24%. The Company has made a provision of tax totaling to ₹34.40 lacs and the profit after tax stood at ₹68.76 lacs for the current year. The Operating Profit (earnings before depreciation and interest and tax) grew from ₹358.77 lacs to ₹418.24 lacs.

Your Company has continued to delivery strong performance and further strengthened its position in the market. The performance was achieved in the background of a fast changing industry landscape and a challenging economic scenario. Your Company's growth has been a result of its customer centric approach and a balanced portfolio of integrated solutions and services. Core focus areas during the year have been customer acquisition and engagement of strategic customers to ensure products aligned with customer expectation and market requirements for sustained growth.

Industry structure and developments:

The year under review was one of the most challenging ones in recent years. The year saw continued volatility even in the midst of positive factors like declining oil prices and US economy showing signs of revival. The market for IT services is growing in the midst of continued volatility in large global economies in spite of oil prices showing a declining trend. In India although the sentiment continues to be positive, demand on the ground has not picked across product categories.

There is an increasing trend seen in customers both in India and in the Global context, embracing Social media, Mobility, Analytics and Cloud (SMAC) to drive growth and derive competitive advantage especially with analytics and mobility becoming integral to IT strategy. This has led to a dynamic value ecosystem digitally connecting products and services that combine to meet customer needs and deliver more business value.

Review of operations:

Dynacons' Enterprise Services offerings include a wide spectrum of Enterprise IT and Office Automation Services including Infrastructure Managed Services, Breakfix Services, Managed Print Services, Cloud Computing, Systems Integration Services, and Applications Development and Maintenance. The Company provides end-to-end technology and technology related services to corporations across industry verticals. The Company has deep domain knowledge across industry sectors and technology expertise across traditional and new age technologies.

Dynacons undertakes all activities related to IT infrastructure including infrastructure design and consulting services, turnkey systems integration of large network and data centre infrastructures including supply of associated equipment and software; on-site and remote facilities management of multi- location infrastructure of domestic clients. The Company's domain knowledge and technology expertise combined with its delivery capability offers unique advantage to its customers. The Company has built a strong customer base, variety of talent and a competent service delivery infrastructure.

The systems integration business focuses on creating solutions and providing services for the IT infrastructure requirements covering infrastructure architecture, design and consulting services; turnkey system integration of large network and data centre infrastructures. The scope of services includes supply of associated equipment and software; On-Site and Remote Support Services for multi-locations for the IT infrastructures. The Company has undertaken several solution deployments such as National Payments Corporation of India, IDBI Bank, Reserve Bank of India, State Bank of India, Central Bank, Bank of India, etc. Your Company undertakes large scale network setups and rollouts. We have successfully completed the networking setup of the 2 new lounges at the new Terminal 2, International Airport at Mumbai. This included setup of a wired and Wi-Fi infrastructure alongwith deployment of the server infrastructure.

Your Company made several wins in the state of Madhya Pradesh. Notable wins are the MP Advocate General Case Management System, Public Examination Board, IGRS and Water Resource Department. Services offered include Application Development, Data Centre build, System Integration, Digitization, Project Management, Networking and support over multiple years. Fully integrated into our service management solutions, our engineering capability enhances workspace delivery across the nation.

The Company's relentless focus on delivery excellence and customer satisfaction has won the Company multiple awards and recognitions in the marketplace. Your Company has won awards for work undertaken in the Managed Services, Data Centre, Storage and Security domain. These awards are testimony to the commitment of our team for the hard work and dedication which ensures that we deliver an extraordinary experience to our customer.

Our key differentiators include an end-to-end services and solutions driven model with a strong focus on quality in every aspect of service and product delivery. Dynacons has an established nationwide support network to provide multi location multi platform support for organisations. Our ability to align our teams to the customers business goals, together with our extensive domain and technology expertise, has helped us to remain relevant to our customers.

Strengths

The Company's market strategy is to offer the full range of IT services, have presence in all industry segments through a diverse range of products and service offerings, and continue expanding geography presence. The product and service portfolio is based on providing end-to-end solutions in the Systems Integration and Managed Services space. The Company maintains a competitive edge through a wide spectrum of technology skills, including niche areas.

Your company has unique end to end servicing and solution capabilities that differentiate it from the traditional vendors in the market place. Dynacons has a team of specialists with experience in leveraging technology to help improve efficiency. The Company provides dynamic technology solutions and has the capability to address the increased complexity, cost and risk associated with these technology platforms. Your Company's offerings span across areas relevant to each organization.

Quality

Sustained commitment to highest levels of quality, best-in-class service management, robust information security practices and mature business continuity processes helped the Company attain significant milestones during the year. Your Company continues to strive towards maintaining sustainable growth through the philosophy of business excellence. Recognizing that workforce competency is a powerful growth engine, competency mapping and development was completed for the workforce with appropriate interventions through a learning and development plan.

Your Company continues to strive towards process improvement for ensuring high quality delivery and high levels of customer satisfaction. A strong emphasis is based on quality in every aspect of the company's activities. In line with this philosophy we have designed our quality management program and have defined several key parameters for measurement of quality levels to ensure improvement in the quality of the deliverables.

Customer satisfaction and excellence in quality are key elements for succeeding in the competitive global market. Review of key business processes like business planning, reporting and communication has been done to make them more effective in meeting business objectives. The Company's ERP system enables the business to yield higher employee productivity, save time and our employees can focus their energy and time in providing enhanced services and capturing new clients. Moving forward your company shall continue to further strengthen its processes by adopting best in class standards.

Outlook

We are at the beginning of a new era - the Digital Revolution - which is resulting in the Consumerisation of IT fuelled by a set of technologies referred to as Social, Mobile, big Data and Cloud. This began as a technological change but is rapidly transforming and impacting every facet of our lives and work. Such transformations are driving businesses to change and adapt. Going forward, new concepts like service as a software, agile platforms and artificial intelligence will play a bigger role in enterprise IT and your Company is well positioned to play a significant role in this journey.

There is a rising intensity of technology adoption across industry verticals which are fuelling adoption of newer platforms. The technologies themselves have a shorter shelf life now than ever before. This leads businesses to move from committing and investing on a technology platform to making use of technology on an Opex model. Therefore, there is a greater propensity to outsource which is showing no sign of tapering off. Overall the objective is to minimise the overall transaction costs by appropriate and customised use of Technology. IT companies like ours are already well positioned and ahead of the curve taking advantage of the emerging opportunities.

Indian IT industry would continue its growth path and will weather any volatility in the global economy on the back of strong domestic market which is still largely unserved and has unmet needs. The IT skills supply is marked by some very high levels of skills and cutting edge web technologies. In addition there is a strong trend towards digital and e-commerce based start-ups indicating a healthy innovative culture building up which would foster IP-led as an add-on to services-led growth so far witnessed.

The Company's strategy for long term growth continues to be to (a) expand its addressable market by investing in newer geographies and newer businesses and (b) strengthen and deepen existing client relationships through a customer-centric approach, superior execution that gives clients an experience of certainty, a full services capability and a scalable global network delivery model. Your Company will continue to invest in the three horizon portfolio of derivative innovation (improvements on current offerings), platform innovations (near term advancements) and disruptive innovations (long term or new market focused investments). With the maturity of technologies around the 'Internet of Things', your Company has scaled up its efforts to build competencies in that area.

As an organization, your Company continues to be driven by a strong performance ethic and a strong set of values and behaviours and is committed to delivering excellence. Our investments in our people, capabilities, technology and infrastructure continue to ensure that your Company remains the partner of choice for customers.

Opportunities and threats

Opportunities

- (1) Domestic market to get boosted due to Government focus on "Digital India" and "Make in India" and "Smart Cities".
- (2) Increasing penetration of Internet in India with the rapid expansion of broadband spectrum availability is enabling businesses to look at Tier II/Tier III cities not only for addressing newer markets but also for IT companies to look for delivery centres in

these places. As a result, IT and network Infrastructures services and associated value added services would therefore be a growth area.

- (3) The adoption of SMAC technologies is expected to drive growth in all the segments. Cloud and client maturity are the major drivers for across the industry verticals.
- (4) E Commerce is driving rapid growth with unprecedented levels of funding. This will bring in opportunities for IT services and associated opportunities for provision of skilling services.

Threats

Competition is the main threat to most tech outfits, considering the relentless product cycles, the typically rapid move towards commoditization in the sector and also changes in technology and markets, changes in government policy or regulations / legislation etc. also brings challenges and treats to the smooth functioning of the Company. Since the IT sector is exposed to high attrition rate due to more opportunities available in market for the employee, retaining existing talent pool and attracting new talented manpower is a major risk to the Company. The Company has initiated various measures to enhance the retention of employees during the year.

Risks and Concerns

The Company's objectives and expectations may be forward looking within the meaning of applicable laws and regulations. The competition from large international and Indian IT companies is increasing in the domestic market space. Actual results may differ materially from those expressed. Important factors that could influence the Company's operations include change in government regulations, tax laws, increased competition, economic and political developments.

The growth in the economy and IT industry is expected to lead to higher job opportunities and increased demand. This is leading to higher attrition across the IT industry. The speed of technology obsolescence has increased as a natural reaction to fast changing technologies. The productive life of IT resources and competencies is shrinking, thereby increasing the level of investment needed to meet the market requirements.

Internal control systems and their adequacy

Your Company has an effective internal control and risk mitigation system, which are constantly assessed and strengthened with new/revised standards operating procedures. The Company's internal control system is commensurate with its size, scale and complexities of its operations. INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF DYNACONS SYSTEMS & SOLUTIONS LIMITED

Report On The Financial Statements

We have audited the accompanying standalone financial statements of DYNACONS SYSTEMS & SOLUTIONS LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March, 2015, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies act 2013 ("the Act") with respect to the preparation of these financial statements to give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act, read with Rule 7 of Companies (Accounts) Rules, 2015. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act and the Rules made thereunder including the accounting standards and matters which are required to be included in the audit report.

We conducted our audit in accordance with the standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control relevant to the Company's preparation of the financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls systems over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2015, and its profit and its cash flows for the year ended on that date.

In accordance with such programme, the management has physically verified fixed assets during the year and no material discrepancies were noticed on such verification.
2. In respect of the inventories of the Company
 - (a) As explained to us, the stocks of equipment and components/spares for maintenance and resale have been verified by the management during the year at reasonable intervals. In our opinion, having regard to the nature and location of stocks, the frequency of the physical verification is reasonable.
 - (b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business.
 - (c) In our opinion, the Company has maintained proper inventory records. The discrepancies noticed between the physical stocks and book records were not material and the same have been properly dealt with in the books of account.
3. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the Register maintained under Section 189 of the Act.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the Company and the nature of its business for the purchase of inventory, fixed assets and for the sale of goods and services.
5. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits during the year and does not have any unclaimed deposits. Therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
6. The provisions of clause 3 (vi) of the Order are not applicable to the Company as the Company is not covered by the Companies (Cost Records and Audit) Rules, 2014.
7. According to the information and explanations given to us and records of the Company examined by us in our opinion :
 - a. The Company is generally regular in depositing the undisputed statutory dues including provident fund, income tax, service tax, sales tax as applicable with the appropriate authorities during the year.
 - b. There are no undisputed dues payable in respect of income tax, wealth tax, sales tax and cess which have remained outstanding as at 31st March 2015 for a period of more than six months from the date they became payable except service tax amounting to Rs. 3.98 lakhs.
 - c. Details of dues of Income Tax, Sales Tax and Value Added Tax and Service Tax which have not been deposited as at March 31, 2015 on account of dispute are given below

Particulars	Period to which the amount relates	Forum where the dispute is pending	Amount (₹ lakhs)
Income Tax	AY 2012-13	Deputy Commissioner of Income Appeals	6.11
Value Added Tax	FY 2005-06	Deputy Commissioner of Sales Tax Appeals	2.43
Value Added Tax	FY 2008-09	Deputy Commissioner of Sales Tax Appeals	11.14

- d. There was no amount required to be transferred to the Investors Education and Protection Fund by the Company during the year ended March 31, 2015.

8. The Company does not have any accumulated losses and has not incurred any cash losses during the current financial year and the immediately preceding financial year.
9. Based on the examination of the books of account and related records and according to the information and explanations provided to us, the Company has not defaulted in repayment of dues to the banks and financial Institutions.
10. In our opinion and according to the information and explanations given to us, the terms and conditions of the guarantee given by the Company for loan taken by Dyancons Technologies Limited for Rs. 7 Crores (Previous year 7.00 Crores) from a bank is not prima facie prejudicial to the interest of the Company.
11. According to the information and explanations given to us, the term loans raised during the year were used for the purpose for which they were raised.
12. Based on the examination of the books of account and related records and according to the information and explanations provided to us, the Company has not utilized funds raised on short-term basis for long term investment and vice versa.
13. According to the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the year.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS**SIGNIFICANT ACCOUNTING POLICIES****Company Overview**

Dynacons Systems & Solutions Ltd. is an IT solutions company with global perspectives and is engaged in providing a comprehensive range of end-to-end solutions to customers. Dynacons has the technical expertise and the service delivery infrastructure to serve Customers at a level of quality consistent with their expectations. Dynacons helps in the selection of the right technology and application that will yield the greatest return and build a business case for implementation based on lower Total cost of ownership and higher performance.

SIGNIFICANT ACCOUNTING POLICIES :**1. Basis of accounting**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") / Companies Act, 1956 ("the 1956 Act"), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2. Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/materialise.

3. Revenue Recognition

Revenue relating to equipment supplied is recognized on delivery to the customers and acknowledgement thereof, in accordance with the terms of the individual contracts. Revenue from software development on time-and-material basis is recognised based on software developed and billed to clients as per the terms of specific contracts. In the case of fixed-price contracts, revenue is recognised based on the completion method. Revenue from the sale of software products is recognised when the sale has been completed and the title has been passed to the client. Revenue from Annual Maintenance Contracts and services is recognized over the life of the contracts.

4. Expenditure Recognition

Expenses are accounted on the accrual basis and provisions for all known losses and liabilities are made. Provisions are made for future unforeseeable factors, which may affect the ultimate profit on fixed price software development contracts. Expenses on software development on time-and-material basis are accounted for in the year in which it is expended. Expenses incurred for future software projects are carried forward and will be adjusted against revenue, based on the completion method. In case of new products, which are clearly defined and the costs are attributable to the products, such costs are deferred and amortized equally over a period of three to five years based on Management's evaluation of expected sales volumes and duration of the product life cycle.

5. Other Income

Interest income is accounted on accrual basis. Dividend income is accounted when the right to receive it is established.

6. Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances, (with original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

7. Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

8. Fixed Assets & Intangible Assets

Fixed Assets are stated at their cost less accumulated depreciation. Fixed assets are capitalised at the cost of acquisition including all expenses directly attributable to bringing the asset to its working condition for intended use. Capital Work-in-Progress comprises the costs of fixed assets that are not ready for the intended use at the Balance Sheet date and includes advances paid to acquire fixed

assets. No depreciation has been calculated on the same. Fixed Assets which are not in active use and scrapped, due to technological obsolescence or otherwise, are written off. Intangible Assets are recorded at the consideration paid for their acquisition. Cost of an internally generated asset comprises all expenditure that can be directly attributed, or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use.

9. Research & Development Expenditure

Revenue expenditure incurred on research is charged to revenue in the year it is incurred. Assets used for research are included in Fixed Assets. Development Expenditure are capitalized only if future economic benefits are expected to flow.

10. Depreciation

In respect of fixed assets (other than freehold land and capital work-in-progress) acquired during the year, depreciation/amortisation is charged on a straight line basis so as to write off the cost of the assets over the useful lives and for the assets acquired prior to 1 April, 2014, the carrying amount as on 1 April, 2014 is depreciated over the remaining useful life based on an evaluation:

Type of asset	Estimated useful life (Years)
Plant and equipment	
- Computers - Desktops / Laptops	6
- Computers - Servers / Storages	3
- Computers - Others	2
Furniture and fixtures	10
Vehicles	8
Office equipment	5
Intangible assets	6

Assets costing less than ₹ 5,000 individually have been fully depreciated in the year of purchase.

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

11. Inventories

Inventories are valued at the lower of the cost and the net realizable value. A periodic review is made of slow-moving stock and appropriate provisions are made for anticipated losses, if any. Cost is determined using the first-in first-out method.

12. Investments

Trade investments are the investments made to enhance the company's business interests. Investments being long term in nature are carried at cost, and provision is made to recognise any decline, other than temporary, in the value of such investment. Earnings from investments are accounted for on an accrual basis.

13. Foreign Currency transactions

Sales and Expenditure in foreign currency are accounted at the exchange rate prevalent as of the date of the respective transactions. The exchange differences, if any, arising on foreign currency transactions are recognized as income or expense in the year in which they arise. Current Assets and Current Liabilities denominated in foreign currency are translated at the exchange rate prevalent as at the date of the Balance Sheet. The resulting difference is also recorded in the Profit and Loss Account.

14. Retirement Benefits to employees

i. Post-employment benefit plans

Defined contribution plan

Payment to defined contribution retirement benefit schemes are charged as an expense as they fall due.

Defined Benefit plan

For defined benefit schemes, the cost of providing benefits is determined using Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognized in full in the profit & loss account for the period in which they occur. Past service cost is recognized to the extent the benefits are already vested, and otherwise is amortized on a Straight-Line method over the average period until the benefits become vested. The retirement benefit obligation recognized in the balance sheet represents the present value of the defined benefit obligations as adjusted for unrecognized past service cost.

ii. Short-term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange of services rendered by employees is recognized during the period when the employee renders the service. These benefits include performance incentives, paid annual leave, medical allowance, etc.

15. Income Tax

The tax expense for the year comprises of Current Tax and Deferred Tax. Current Taxes are measured at the amounts expected to be paid using the applicable tax rates and tax laws. Deferred tax assets and liabilities are recognized for the future tax consequences of timing differences, subject to the consideration of prudence. Deferred tax assets and liabilities are measured using the tax rates enacted or substantively enacted by the balance sheet date.

16. Borrowing Costs

Borrowing Costs that are directly attributable to the acquisition of qualifying assets are capitalised for the period until the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

17. Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the note 25.1. Contingent assets are not recognised in the financial statements.

18. Service tax input credit

Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is no uncertainty in availing / utilising the credits.

19. Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

20. Impairment

At each Balance Sheet date, the company reviews the carrying amounts of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and the value in use. In assessing the value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to the present value using a pre-discount rate that reflects the current market assessments of time value of money and the risks specific to the asset. Reversal of impairment loss is recognized immediately as income in the profit and loss account.

21. Leases**Operating Lease**

Leases where the lessor effectively retains substantially all the risks and rewards of ownership of the leased asset are classified as operating leases. Operating lease charges are recognized as an expense in the profit and loss account on a straight-line basis over the lease term.

Finance Lease

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. The lower of fair value of asset and present value of minimum lease rentals is capitalized as fixed assets with corresponding amount shown as lease liability. The principle component in the lease rentals is adjusted against the lease liability and interest component is charged to profit and loss account.

22. Earnings per share

The Company reports basic and diluted earnings per equity share in accordance with Accounting Standard 20 'Earnings per share'. Basic earnings per equity share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit for the year by the weighted average number of equity shares during the year as adjusted to the effects of all dilutive potential equity shares, except where results are anti dilutive.

INSTRUCTIONS

1. This Ballot Form is provided for the benefit of members who do not have access to e-voting facility.
 2. A member can opt for only one mode of voting i.e. either through e-voting or by ballot. If a member casts votes by both modes, then voting done through e-voting shall prevail and ballot shall be treated as invalid.
 3. For detailed instructions on e-voting, please refer to the notes appended to the notice of the AGM.
 4. The scrutiniser will collate the votes downloaded from the e-voting system and votes cast through ballot to declare the final result for each of the resolutions forming a part of the notice of the AGM.
- Process and manner for Members opting to vote by using the Ballot Form:
1. Please complete and sign the Ballot Form (no other form or photocopy thereof is permitted) and send it so as to reach the Scrutinizer Ms. Shruti H. Shah, Practising Company Secretary, (Membership No. 22923) at the Registered Office of the Company on or before the date of the AGM. Alternatively, the Ballot can also be deposited in the box to be made available at the venue during the AGM.
 2. The Ballot Form should be signed by the member as per the specimen signature registered with the Company / Depositories. In case of Joint holding, the form should be completed and signed by the first named member and in his / her absence, by the next named joint holder. A Power of Attorney (POA) holder may vote on behalf of a member, mentioning the registration no. of POA registered with the Company or enclosing an attested copy of POA.
 3. In case the shares are held by companies, trusts, societies, etc. the duly completed Ballot Form should be accompanied by a certified true copy of the relevant Board Resolution / Authorization.
 4. Votes should be cast in case of each resolution, either in favour or against by putting the tick (✓) mark in the column provided in the ballot.
 5. The voting rights of shareholders shall be in proportion of the shares held by them in the paid up equity share capital of the Company as on 28th August, 2015 and as per the register of members of the Company.
 6. A member may request for a duplicate Ballot Form, if so required.
 7. Duly completed Ballot Form should reach the Scrutinizer not later than Tuesday, September 29, 2015 (5:00 p.m. IST). Ballot Form received after September 29, 2015 will be strictly treated as if the reply from the Members has not been received.
 8. Unsigned, incomplete, improperly or incorrectly tick marked Ballot Forms will be rejected. A form will also be rejected if it is received torn, defaced or mutilated to an extent which makes it difficult for the scrutiniser to identify either the member or as to whether votes are in favour or against or if signature cannot be verified.
 9. The decision of the scrutiniser on the validity of the Ballot Form and any other related matter shall be final.
 10. The results declared along with the Scrutiniser's report, shall be placed on the Company's website www.dynacons.com within two working days of the passing of the resolutions at the AGM of the Company on September 30, 2015, and communicated to BSE Limited and National Stock Exchange of India Limited, where the shares of the Company are listed.
