Major Line of business:

- I - Manufacturing : Solar PV Modules, Solar Inverters and Mounting Structures
- II - Solar Power Generation & Systems Integration
- III - Iron & Steel Foundry Products

Your Company with a strong back drop of 30 years of Power electronics and Power Systems experience is well positioned in the Renewable Energy space with over 50 MW of Solar Photovoltaic EPC experience. With a commanding and deep vertically integrated supply line management to cater its customers with business agility and superior technical know-how; is fully geared to tackle the challenges of the industry.

The drop in crude oil prices was posing a momentary delay in adoption of Solar Power. Also the fluctuations in foreign exchange was posing an inflation on the imported raw materials cost. Predatory and non-sustainable pricing by late entrants is also posing a challenging market environment. Recently, some Government PPA (Power Purchase Agreement) is following reverse bidding mechanism for price discovery on the tariff, which has instigated adventurous bidding by some industry players without long term sustainable business models.

This year the industry did have a bit of market consolidation and dynamics, still your Company saw the opportunity to grow and innovate. Based on its proven business acumen and market intelligence, your Company was able to record a significant growth and a profitable business enterprise.

General review of the Business of the Company:

During the year, your Company achieved a growth of 26.76 % over the previous financial year on (Standalone) total Revenue and income from operations. The Profit After Tax for the current year is Rs.2225.66 lakhs.

MANAGEMENT DISCUSSION AND ANALYSIS:

Industry structure and developments:

Key Highlights

I - Solar PV Modules Manufacturing

SWELECT under its Wholly Owned Subsidiary (WOS) – HHV Solar Technologies Ltd expanded the PV Modules manufacturing capacity to 100 MW and is poised to reach new markets in open category and DCR (Domestic Content Requirement) projects. The Company has implemented the capacity addition by installing a State-of-the-Art assembly line with very advance Taber Stringer machines from Germany and other process machinery from reputed suppliers. The new line was commissioned during the 3rd quarter of FY 2015-16.

II - Solar Power Generation & System Integration (new additions)

- DCR category 10 MW SPV Power plant near Musiri in Trichy District - under the SECI (Solar Energy Corporation of India) VGF program SWELECT was awarded this project and the same was under construction during FY 2014-15. This project has been successfully completed in June 2015 and went fully live from end of Q2 in FY 2015-16. The Power generated is being sold to SECI with a 25 years PPA. The company has also received the first tranche of 6.5 Crores VGF funding from SECI.
- Successful completion of 4 MW Solar Power Generating plant EPC in Karur District for Kovai Medical Centre and Hospital (KMCH) Limited, a leading Multispecialty Hospital in South India on turkey basis including land acquisition and land development, with 5 year Operation and maintenance contract.
- 1 MW of Roof top Solar Photovoltaic Power Plant on Turnkey EPC basis for M/s Indian Oil Corporation at Barauni in Bihar has been initiated during FY 2015-16 and is expected to be completed by 2nd quarter of FY 2016-17.
- SWELECT Energy has been awarded with a 10 MW Grid- connected Solar Power Project by Karnataka Renewable Energy Development Ltd in Kunigal Taluk, Tumkur District, Karnataka, India under Domestic Content Requirement (DCR) category. The project is expected to be completed by 4th quarter of FY 2016-17.
- 100 % acquisition of K J Solar Systems Private Limited (KJSSPL) on 18.02.2016 by SWELECT Solar Energy Private Limited, a wholly owned subsidiary Company of Swelect Energy Systems Limited and commissioning of a 2 MW SPV plant in a record time of less than one month. This project comes under Tamil Nadu preferential tariff of Rs 7.01/KWh generation and evacuated in the TANGEDCO Grid.
- Good number of Medium size Power projects have been completed and commissioned during FY 2015-16 including a 350 KW pay by use model for HPCL, Bangalore.

Business development in new markets

Incorporation of SWELECT Inc., Virginia, USA (a wholly owned subsidiary Company of SWELECT Energy Systems Ltd) and SWELECT Energy Systems LLC (a subsidiary Company of SWELECT Inc., Virginia, USA). This expansion will address the USA market where almost all the States have strong SPO (Solar Power Obligation) mandate.

III – Iron & Steel Foundry Products

The WOS of SWELECT, AMEX Alloys & AMEX Irons have been improving their International market presence and new customers have been added from Germany (BFG) and Italy (AST & OMAL). With the addition of the Investment casting foundry, AMEX has become the only Indian Foundry that has the capability to offer a range of Iron Castings, Steel Castings and Investment castings all under one roof. This ONE-STOP-SOLUTION capability is a Distinction to SWELECT group in the Foundry Industry space.

- Rajiv Gandhi national Quality Award of the year 2008 from Bureau of Indian Standards, New Delhi.

Opportunities and Threats

Entry of small time and unorganised players from overseas with short term business vision are posing a threat to the industry with substandard quality of products and project execution. Lack of enforcement of RPO (Renewable Purchase Obligation) is slowing down the adoption of renewable sources of energy. Cheap Chinese PV Modules and Anti-dumping Duty (ADD) has not been enforced by the Central Govt. which is causing a strain on the domestic manufacturing. The Company is expecting clear policies that are required to safeguard the Solar Investors through standardisation on implementation process.

Segment-wise or product-wise performance (standalone)

The Company's operations represents revenue from Solar power projects, solar and wind power generation, contract manufacturing services, installation and maintenance services, sale of solar PV inverters and energy efficient lighting systems. Accordingly, revenues based on class of products comprise the primary basis of segmental information set out in the financial statements.

Comparative segment-wise performance for the current year and previous year.

Corporate Social Responsibility (CSR)

[Pursuant to clause (o) of sub-section (3) of section 134 of the Act and Rule 9 of the Companies (Corporate Social Responsibility) Rules, 2014]

The Company seeks to be a good corporate citizen wherever it does business and respects local concerns, customs and traditions. The Company gives more importance to education sector as it believes that Education is the most powerful weapon which can be used to change the world.

The Company formed the Corporate Social Responsibility (CSR) committee on 06.02.2014 which comprises of the following Directors.

- | | |
|-----------------------|------------------------|
| 1) Mr. R. Chellappan | - Managing Director |
| 2) Mr. N. Natarajan | - Independent Director |
| 3) Mr. V.C. Raghunath | - Whole Time Director |

The Committee has been entrusted with the responsibility of formulating and recommending to the Board, a Corporate Social Responsibility Policy (CSR Policy) indicating the activities to be undertaken by the Company, monitoring the implementation of the framework of the CSR Policy and recommending the amount to be spent on CSR activities. The Policy of the CSR is available on Company's website www.swelectes.com.

The Company is required to spend 2% of the average net profit of the Company as per section 135 of the Companies Act 2013. The amount arrived for the CSR activities was Rs.43,51,766/- for the financial year 2015-2016.

The Company spent the following amount towards the CSR activities.

- | | |
|--|---------------|
| 1. Prime Minister National Relief fund | - Rs 10 Lakhs |
| 2. International Justice Mission | - Rs 5 Lakhs |
| 3. Sri Ramcharan Charitable trust | - Rs 2 Lakhs |
| | ----- |
| Total | - Rs 17 Lakhs |
| | ----- |

Apart from the above CSR activities, the Board noted the contribution made amounting to Rs.5 Lakhs to Chief Minister's Flood Relief Fund during flood in Chennai.

The Company couldn't spend the entire amount budgeted for CSR activities, since there was delay in release of subsidy and completed project payments from Government departments. The Company is in the process of evaluating various projects in the coming years.

The Company will continue to support the local initiatives to improve infrastructure as well as support in other corporate social responsibility initiatives.

The Committee met on 14th March 2016 to discuss and review the amount spent on CSR during the year.

Policy on Corporate Social Responsibility

Preamble

Corporate social responsibility may also be referred to as "corporate citizenship" and can involve incurring short-term costs that do not provide an immediate financial benefit to the company, but instead promotes positive social and environmental change.

OBJECTIVE

- (1) Every company having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during any financial year shall constitute a Corporate Social Responsibility Committee of the Board consisting of three or more directors, out of which at least one director shall be an independent director.

INDEPENDENT AUDITOR'S REPORT

To the Members of Swelect Energy Systems Limited

Report on the Financial Statements

We have audited the accompanying standalone financial statements of Swelect Energy Systems Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2016, its profit, and its cash flows for the year ended on that date.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SWELECT ENERGY SYSTEMS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of Swelect Energy Systems Limited

We have audited the internal financial controls over financial reporting of Swelect Energy Systems Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Nature of operations

SWELECT ENERGY SYSTEMS LIMITED ('the Company') was incorporated as a Public Limited Company on September 12, 1994. The Company is engaged in the business of manufacturing and trading of Solar power projects, solar and wind power generation, contract manufacturing services, installation and maintenance services, sale of Solar Photovoltaic inverters and energy efficient lighting systems.

2. Summary of significant accounting policies

(a) Basis of preparation

The financial statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis under the historical cost convention.

The accounting policies, adopted in the preparation of financial statements are, except when disclosed otherwise consistent with those used in the previous years.

(b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities on the date of the financial statements and reported amounts of income and expenses during the year. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revision to the accounting estimates is recognised prospectively in the current and future years.

(c) Tangible and intangible fixed assets

Tangible and intangible fixed assets are stated at cost, less accumulated depreciation/amortisation and impairment losses, if any. The cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Intangible assets comprise of goodwill and computer software.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the year during which such expenses are incurred.

Gains and losses arising from derecognition of tangible assets and intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of the profit and loss when the asset is derecognised.

(d) Depreciation and amortisation

Depreciation is provided using the straight line method as per the useful lives of the assets estimated by the management as follows:

Building	30 years
Plant and machinery (other than Windmills & Solar Plant)	15 years
Windmills (included under Plant and Machinery)	22 years
Solar Plant	25 years
Office equipment	5 years
Electrical equipment	10 years
Computers	3 years
Furniture and fittings	10 years
Vehicles (Motor cars/Motor Vehicles)	8 years / 10 years

Useful lives/ depreciation rates

Considering the applicability of Schedule II, the management has estimated the useful lives and residual values of all its fixed assets.

The management, supported by independent assessment by professionals has estimated, the useful lives of the following classes of assets.

- The useful lives of certain Solar Plant and Machinery to 25 years, respectively. These lives are higher than those indicated in schedule II.

Leasehold improvements are amortised using the straight-line method over their estimated useful lives (5 years) or the remainder of primary lease period, whichever is lower.

Intangible assets are amortised using the straight-line method over a period of five years.

(e) Impairment of tangible and intangible fixed assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

(f) Investments

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statement at the lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of long term investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

(g) Inventories

Inventories are valued as follows:

Raw materials, stores and spares	Lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis.
Work-in-progress, finished goods	Lower of cost and net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on a weighted average basis.
Traded goods	Lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a first in first out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and to make the sale.

(h) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Sale of goods

Revenue from sale of goods, its accessories and other traded/manufactured goods are recognised when significant risks and rewards of ownership are passed to the buyer, which generally coincides with dispatch of goods. Revenues under composite contracts comprising supply, installation and commissioning are recognised on dispatch as such services are generally considered insignificant to the contract. The Company collects sales taxes and valued added taxes (VAT) on behalf of the Government and, therefore, these are not economic benefits flowing to the Company. Hence they are excluded from the revenue.

Excise duty deducted from turnover (gross) is the amount that is included in the amount of turnover (gross) and not the entire amount of liability arising during the year.

Sale of power

Income from sale of power

Revenue from sale of power from renewable energy sources is recognised in accordance with the price agreed under the provisions of the power purchase agreement entered into with Tamilnadu Generation and Distribution Corporation Limited (TANGEDCO) and other customers. Such revenue is recognised on the basis of actual units generated and transmitted.

Income from Sale of Renewable Energy Certificates

The revenue from sale of Renewable Energy Certificates (REC) is recognised on delivery thereof or sale of right therein, as the case may be, in accordance with the terms of contract with the respective buyer.

Income from service

Revenue from maintenance contracts and installation contracts are recognised pro-rata over the period of the contract as and when services are rendered. The Company collects service tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Service tax is excluded from revenue.

Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included under the head "other income" in the statement of profit and loss.

Dividend

Revenue is recognised when the Company's right as a shareholder/unit holder to receive payment is established by the reporting date.

(i) Foreign currency transactions and translations

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

Exchange differences

Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

Forward exchange contracts entered into to hedge foreign currency risk of an existing asset/liability

The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

(j) Retirement and other employee benefits

- (i) Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent of the pre-payment.

- (ii) Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Actuarial gains / losses are immediately taken to statement of profit and loss, and are not deferred.
- (iii) Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet; to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

(k) Income taxes

Provision for income tax is made for current and deferred taxes. Provision for current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets, other than those arising from undertakings enjoying tax holiday benefits, are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against the future taxable profits.

At each balance sheet date the Company reassesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognises MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

(l) Earnings per share

Basic earnings per share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, if any.

(m) Leases

Leases where, the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

(n) Provision

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

(o) Provision for warranty

Provisions for warranty related costs are recognised when the product is sold or service provided. Provision is based on historical experience. The estimate of such warranty related costs is revised annually. A provision is recognised for expected warranty claims on product sold, based on past experience of the levels of repairs and returns. Assumptions used to calculate the provision for warranties are based on the current sales levels and current information available about returns based on the average warranty period for the product portfolio of the Company.

(p) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

(p) Cash and cash equivalents

Cash and Cash equivalents for the purpose of cash flow statement comprise cash at bank and on hand, including cheques on hand and short-term investments with an original maturity of three months or less.

(q) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost / inventory of the respective asset. All other borrowing costs are expended in the period they occur. Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

(r) Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future cash receipts or payments and items associated with investing or financing cash flows. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

(s) Government grants

Grants from the government are recognised when there is reasonable assurance that (i) the company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognised as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate.

Where the grant relates to an asset, it is recognised as deferred income and released to income in equal amounts over the expected useful life of the related asset.

INDEPENDENT AUDITOR'S REPORT

To the Members of Swelect Energy Systems Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Swelect Energy Systems Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the consolidated Balance Sheet as at March 31, 2016, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms with the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph (a) of the Other Matters below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, its associates and jointly controlled entities as at March 31, 2016, their consolidated profit, and their consolidated cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

As required by section 143 (3) of the Act, we report, to the extent applicable, that:

- (a) We / the other auditors whose reports we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss, and consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the auditors who are appointed under Section 139 of the Act, of its subsidiary companies incorporated in India, none of the directors of the Group's companies incorporated in India is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporated in India, refer to our separate report in "Annexure 1" to this report;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group Refer Note 33 to the consolidated financial statements;
 - (ii) The Group did not have any material foreseeable losses in long-term contracts including derivative contracts.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiaries.

Other Matter

- (a) The accompanying consolidated financial statements include total assets of Rs 4906.93 lakhs as at March 31, 2016, and total revenues and net cash outflows of Rs 3817.49 lakhs and Rs 665.93 lakhs for the year ended on that date, in respect of 7 subsidiaries, which have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report(s) of such other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements above, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SWELECT ENERGY SYSTEMS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Swelect Energy Systems Limited as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Intellect Design Arena Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for the Financial Statements

The respective Board of Directors of the of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, which are companies incorporated in India, have maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Holding Company, insofar as it relates to these four subsidiaries companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiary incorporated in India.

Company overview

SWELECT ENERGY SYSTEMS LIMITED ('the Company') was incorporated as a public limited company on 12 September 1994. The Company along with its subsidiaries, together referred to as ('the Group') is engaged in the manufacturing, sale and trading of solar power projects, solar and wind power generation, contract manufacturing services, installation and maintenance services, sale of Solar Photovoltaic inverters, energy efficient lighting system, manufacture of iron and aluminum alloy foundry castings and manufacture and sale of Solar Photovoltaic modules.

1. Basis of preparation and presentation of consolidated financial statements

The consolidated financial statements are prepared in accordance with Indian GAAP under the historical cost convention and on an accrual basis. GAAP comprises mandatory accounting standards notified under section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014 and relevant requirements/guidelines issued by SEBI. The consolidated financial statements ('CFS') have been prepared in accordance with the requirements of Accounting Standards (AS) 21, Consolidated financial statements notified pursuant to the Companies (Accounting Standards) Rules, 2014, (as amended). The accounting policies have been consistently applied by the Group and are consistent with those used in the previous years.

- (i) The particulars of subsidiary companies, which are included in consolidation and the Company's holding therein, are as under:

Name	Country of incorporation	Percentage holding as at 31 March 2016	Percentage holding as at 31 March 2016

- (ii) The financial statements of the subsidiaries used for consolidation are drawn for the same reporting period as that of the Company i.e. year ended 31 March 2016.
- (iii) The financial statements of the Company and its subsidiaries have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses and after eliminating intra-group balances, intra-group transactions and unrealised profits/losses.

- (iv) Any excess/shortage of the cost to the Company of its investment in the subsidiaries over its proportionate share in the equity of such subsidiaries as at the date of the investment is recognised as goodwill/capital reserve in the CFS.
- (v) Intra-group balances, intra-group transactions and unrealised profits / losses have been eliminated to the extent of the Company's proportionate share.
- (vi) The CFS has been prepared using uniform accounting policies, except as stated otherwise, for like transactions and is presented to the extent possible, in the same manner as the Company's separate financial statements.

2. Summary of significant accounting policies

(a) Use of estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities on the date of the financial statements and reported amounts of income and expenses during the year.

Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in current and future years.

(b) Tangible and intangible fixed assets

Tangible and intangible fixed assets are stated at cost, less accumulated depreciation and impairment loss if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

In case of revaluation of fixed assets, any revaluation surplus is credited to the revaluation reserve, except to the extent that it reverses a revaluation decrease of the same asset previously recognised in the consolidated statement of profit and loss, in which case the increase is recognised in the consolidated statement of profit and loss. A revaluation deficit is recognised in the consolidated statement of profit and loss, except to the extent that it offsets an existing surplus on the same asset recognised in the asset revaluation reserve.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Intangible assets comprise of goodwill and computer software.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the consolidated statement of profit and loss for the year during which such expenses are incurred.

Gains and losses arising from derecognition of tangible and intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the consolidated statement of the profit and loss when the asset is derecognised.

(c) Depreciation and amortisation

Depreciation is provided using the straight line method as per the useful lives of the assets estimated by the management as follows:

Building	30 years
Plant and machinery (other than Windmills & Solar Plant)	15 years
Windmills (included under Plant and Machinery)	22 years
Solar Plant	25 years
Office equipment	5 years
Electrical equipment	10 years
Computers	3 years
Furniture and fittings	10 years
Vehicles (Motor Cars / Motor Vehicles)	8 years / 10 years

(i) Useful lives/ depreciation rates

Considering the applicability of Schedule II, the management has estimated useful lives and residual values of all its fixed assets. The management believes that the depreciation rates currently used fairly reflect its estimate of the useful lives and residual values of fixed assets, though these rates in certain cases are different from the lives prescribed under Schedule II.

The management has estimated, supported by independent assessment by professionals, the useful lives of the following classes of assets.

The useful lives of certain Solar Plant and Machinery is 25 years. These lives are higher than those indicated in Schedule II.

Leasehold improvements are amortised using the straight-line method over their estimated useful lives (5 years) or the remainder of primary lease period, whichever is lower.

Intangible assets are amortised using the straight-line method over a period of five years.

Where a depreciable asset is revalued, the additional depreciation relatable to revaluation is adjusted against "Revaluation reserve" by transfer to the consolidated statement of profit and loss from revaluation reserve.

(d) Impairment of tangible and intangible fixed assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

(e) Investments

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statement at the lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of long term investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the consolidated statement of profit and loss.

(f) Inventories

Inventories are valued as follows:

Raw materials, stores and spares	Lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis.
Work-in-progress, finished goods	Lower of cost and net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on a weighted average basis.
Traded goods	Lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a first in first out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and to make the sale.

(g) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Sale of goods

Revenue from sales of goods, its accessories and other traded/manufactured goods are recognised when significant risks and rewards of ownership are passed to the buyer, which generally coincides with dispatch of goods. Revenues under composite contracts comprising supply, installation and commissioning are recognised on dispatch as such services are generally considered insignificant to the contract. The Group collects sales taxes and valued added taxes (VAT) on behalf of the Government and, therefore, these are not economic benefits flowing to the Group. Hence they are excluded from revenue.

Excise Duty deducted from turnover (gross) is the amount that is included in the amount of turnover (gross) and not the entire amount of liability arising during the year.

Sale of power

Income from sale of power

Revenue from sale of power from renewable energy sources is recognised in accordance with the price agreed under the provisions of the power purchase agreement entered into with Tamilnadu Generation and Distribution Corporation Limited (TANGEDCO) and other customers. Such revenue is recognised on the basis of actual units generated and transmitted.

Income from Sale of Renewable Energy Certificates

The revenue from Renewable Energy certificates (REC) is recognised on delivery thereof or sale of right therein, as the case may be, in accordance with the terms of contract with the respective buyer.

Income from service

Revenue from maintenance contracts and installation contracts are recognised pro-rata over the period of the contract as and when services are rendered. The Group collects service tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Group. Service tax is excluded from the revenue.

Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included under the head "other income" in the consolidated statement of profit and loss.

Dividend

Revenue is recognised when the Company's right as a shareholder/unit holder to receive payment is established by the reporting date.

(h) Foreign currency transactions and translations

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Exchange differences

Exchange differences arising on the settlement of monetary items or on reporting Group's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

Translation of Non-integral foreign operation

In translating the financial statements of a non-integral foreign operation for incorporation in financial statements, the assets and liabilities, both monetary and non-monetary, of the non-integral foreign operation are translated at the closing rate; income and expense items of the non-integral foreign operation are translated at exchange rates at the dates of the transactions; and all resulting exchange differences are accumulated in a foreign currency translation reserve until the disposal of the net investment.

On the disposal of a non-integral foreign operation, the cumulative amount of the exchange differences which have been deferred and which relate to that operation are recognised as income or as expenses in the same period in which the gain or loss on disposal is recognised.

Forward exchange contracts entered into to hedge foreign currency risk of an existing asset/liability

The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the consolidated statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

(i) Retirement and other employee benefits

- (i) Retirement benefit in the form of provident fund is a defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent of the pre payment.
- (ii) Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Actuarial gains / losses are immediately taken to consolidated statement of profit and loss and, are not deferred.
- (iii) Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the consolidated statement of profit and loss and are not deferred.

(j) Income taxes

Provision for income tax is made for current and deferred taxes. Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961.

Tax expense relating to overseas operations is determined in accordance with tax laws applicable in countries where such operations are domiciled. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets, other than those arising from undertakings enjoying tax holiday benefits, are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Group has unabsorbed depreciation or carry forward losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against the future taxable profits.

At each balance sheet date the Group re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Group writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Minimum alternate tax (MAT) paid in a year is charged to the consolidated statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

Provision for income-tax has been determined on the basis of the tax laws of the respective countries in which the companies have been incorporated.

(k) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, if any.

(l) Leases

Leases where, the lessor effectively retains substantially all the risks and benefits of ownership of the leased term are classified as operating leases. Operating lease payments are recognised as an expense in the consolidated statement of profit and loss on a straight-line basis over the lease term.

Leases in which the Group does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognised in the consolidated statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the consolidated statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the consolidated statement of profit and loss.

(m) Provision

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

(n) Provision for warranty

Provisions for warranty-related costs are recognised when the product is sold or service provided. Provision is based on historical experience. The estimate of such warranty-related costs is revised annually. A provision is recognised for expected warranty claims on product sold, based on past experience of the levels of repairs and returns. Assumptions used to calculate the provision for warranties are based on the current sales levels and current information available about returns based on the average warranty period for the product portfolio of the Group.

(o) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation.

A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

(p) Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand, cheques in hand and short-term investments with an original maturity of three months or less.

(q) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

(r) Statement of cash flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future cash receipts or payments and items associated with investing or financing cash flows. The cash flows from regular revenue generating, investing and financing activities of the Group are segregated.

(s) Government grants

Grants from the government are recognized when there is reasonable assurance that (i) the company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate.

Where the grant relates to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related asset.
