CHAIRMAN'S MESSAGE

“Evolve through resolve.”

Our perseverance with efforts to achieve higher efficiencies and reduced costs is paying-off as can be seen from our results for the year under review.

Particularly heartening is the fact that our Paper division has achieved a turnaround in profitability purely based on internal improvements. The project to add a further capacity of 25,000 MTPA for Tissue paper is also proceeding satisfactorily and should provide a further boost to this division's performance.

Our Electrical Consumer Durables business also continues to grow satisfactorily. Fans and Lighting businesses are already well established and the relatively new lines of Appliances and Switchgears are also gradually picking up.

We remain focused on increasing our market share and, at the same time, optimising our costs to continuously EVOLVE into an organization which all our stakeholders can be increasingly proud of.

Sincerely,

C.K. Birla

The Managing Director's report

Dear shareholders,

India has emerged as the fastest growing large economy in the world with a GDP growth of 7.6% during 2015-16. Viewed in the context of the turbulent world economy as well as sub-normal monsoons, this is certainly a positive indication of things to come.

Your Company has also performed well and has achieved a smart turnaround during the year. We believe that this improvement is not only sustainable but will gain further traction based upon several initiatives in hand.

We are particularly happy with the improved performance of our Paper division, which has been achieved primarily on the back of our internal focus on efficiency improvements and cost reduction. As a result, we could achieve 92% utilization of our paper capacity and reduce our costs even under challenging market conditions, particularly for the Writing & Printing paper segment.

Based on the encouraging market response to our tissue papers, we have embarked on the project to expand our Tissue paper capacity further by 25,000 MT per year. The project is progressing satisfactorily and is expected to be commissioned ahead of schedule within FY 2016-17.

Orient Electric products also continue to strengthen their position in the market.

Under Fans, our effort this year was on the introduction of premium models, improvement in our margins and working capital optimization. I am glad to say that we have largely been successful on all these fronts.

The Managing Director's review

We have also made major inroads in the Lighting segment. With a growth of 43% during the year, we now rank amongst the top-five LED Lighting manufacturers in the country.

We have completely revamped our product offerings in the Home Appliances vertical and the new range has received wide acceptance. We believe that we are well on our way of achieving a meaningful share of this huge market within the next two years.

Moreover, we supplemented our consumer durables bouquet by launching low voltage Switchgear with advanced safety features. This range is being positioned in the premium category and is being launched in a phased manner in selective markets so as to create a niche for ourselves.

With the world moving towards digital and online purchases, we launched our e-shop, www.orientelectricshop.com. This reinforces our omni-channel distribution strategy and makes our entire product range available online.

We also opened our first exclusive store christened 'Orient Smart Shop' in Karnal and plan to establish similar outlets in other locations in a phased manner.

Outlook

The Indian economy should get a further boost following a normal monsoon during FY 2016-17, higher spends on infrastructure, increasing FDI and the likely introduction of GST.

With the solid foundation laid during 2015-16, your Company is well-poised to take full advantage of this imminent growth for the benefit of all our stakeholders.

I look forward to your continued support in this exciting journey.

Best wishes,

M.L. Pachisia

Economic climate and our performance

Considering the slow-down in most World economies, including China, the Indian economy has performed relatively well by growing at around 7.5%. Macro fundamentals like Fiscal deficit and inflation have also been under control. All these factors bode well for the future.

However, wide spread impact of this growth has not yet percolated to all segments of the economy with the result that demand for industrial goods from several sectors has not seen commensurate growth. One of the major factors for this has been two successive failures of Monsoon, which has adversely impacted rural demand. Most of our products also faced subdued demand and supply-demand mismatch and consequent pressure on realizations.

Even with these challenges, we are happy to report that your Company could still achieve a double digit growth in turnover. Our continued focus on internal improvements have achieved significant success in increasing our efficiencies and reducing our costs.

As a result, our Paper division, which has been going through tough times in the past few years, has turned around to achieve positive bottom line during the period under review.

We have also embarked on expansion of our Tissue paper capacity by a further 25000 MT per year to meet the growing demand for this product both in the domestic and export markets. This project is expected to be commissioned towards the end of FY 2016-17 and will provide a robust platform for healthy growth of our Paper business.

Our Electric business continues to be profitable and maintain its leadership position in Fans while making steady strides in the

recently launched product lines of Lighting, Appliances and Switch gears.

As the Indian economy gets further traction, we are optimistic of achieving continuously improving results both in terms of turnover and profitability.

Sustainable Development and Environment

We consider sustainable development and environment protection as integral parts of our management culture and philosophy. Significant work continues to be done in these areas on a consistent and sustainable basis. Details of our efforts and activities in this direction are provided in subsequent chapters in this report.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31.03.2016

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members,
Orient Paper & Industries Limited
Unit VIII, Plot No. 7, Bhoinagar, Bhubaneswar - 751 012, Odisha

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Orient Paper & Industries Limited having its Registered Office at Unit VIII, Plot No. 7, Bhoinagar, Bhubaneswar - 751 012, Odisha (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended 31.03.2016 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

Auditors' Responsibility

Maintenance of Secretarial Records is the responsibility of the management of the Company. Our responsibility is to express an opinion on existence of adequate Board process and compliance management system, commensurate to the size of the Company, based on these secretarial records as shown to us during the said audit and also based on the information furnished to us by the officers' and the agents of the Company during the said audit.

We have followed the audit practices and processes as were appropriate to the best of our understanding to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that

the processes and practices, we followed, provide a reasonable basis for our opinion.

We have not verified the correctness, appropriateness and bases of financial records, books of accounts and decisions taken by the Board and by various committees of the Company during the period under scrutiny. We have checked the Board process and compliance management system to understand and to form an opinion as to whether there is an adequate system of seeking approval of respective committees of the Board, of the Board, of the members of the Company and of other authorities as per the provisions of various statutes as mentioned hereinafter.

Wherever required we have obtained the management representation about the compliance of the laws, rules and regulations and happening of events, etc.

The Compliance of the provisions of Corporate and other applicable laws, rules, regulations and standards is the responsibility of the management. Our examination was limited to the verification of compliance procedures on test basis.

Our report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness or accuracy with which the management has conducted the affairs of the Company.

We report that, we have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended 31.03.2016 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) Secretarial Standards (SS-1 and SS-2) as issued by The Institute of Company Secretaries of India and which became effective from 01.07.2015.

- (iii) Listing Agreement with the Stock Exchange.
- (iv) The Securities Contracts (Regulation) Act, 1956 and the rules made there under;
- (v) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (vi) Foreign Exchange Management Act, 1999 and the rules and regulation made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (vii) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 :
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulation, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulation, 2015;
 - (c) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (d) The Securities and Exchange Board of India (Listing Obligations and Discloser Requirements) Regulations, 2015.

We further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has specifically complied with the provisions of the following Acts :

1. The Hazardous Waste (Management, Handling and Transboundary Movement) Rules, 2008
2. The Petroleum Act, 1934 and The Petroleum Rules, 2002
3. Explosives Act, 1884

to the extent of their applicability to the Company during the financial year ended 31.03.2016 and our examination and reporting is based on the documents, records and files as produced and shown to and the information and explanations as provided to us by the Company and its management and to the best of our judgment and understanding of the applicability of the different enactments upon the Company. Further, to the best of our knowledge and understanding there are adequate systems and processes in the Company commensurate with its size and operation to monitor and ensure compliances with applicable laws including general laws, labour laws, competition law, environments laws, etc.

During the period under review the Company has complied

with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above. However, we have been informed that the Company is in process of filing of application for waiver of excess remuneration as being paid to the Managing Director during the year under report and the application for waiver of payment of excess remuneration to him for the previous year (2014-2015) is pending with the Central Government.

During the period under review, provisions of the following regulations/guidelines/standards were not applicable to the Company :

- (i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- (ii) SEBI (Share Based Employee Benefits) Regulations, 2014
- (iii) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- (iv) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulation, 2009;
- (v) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009.

We further report that :

- (a) The Board of Directors of the Company is duly constituted with proper balance of Executive Director, Non-Executive Directors and Independent Directors.
- (b) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- (c) Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes.
- (d) There are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

(A) CONSERVATION OF ENERGY

Paper Division

Energy conservation measures taken-

Sr. No.	Description of Proposal Implemented	Qty.
1	Pre-heater Installation at Digester # 3, Digester # 5, Digester # 6, Digester # 7 for reduction in steam Consumption by 09 TPD each & subsequently pulp Quality Improvement .	04 Nos.
2	Installation of new SCAPH at Recovery Boiler to improve air temperature from 90°C to 165°C to improve combustion in Black Liquor and subsequently improvement in steam generation.	01 No.
3	Installation of LT motor (200 kW) with VFD for FD Fan at Recovery Boiler to save 89 Kwh of Power.	01 No.
4	Stage Heater taken in line at Power Boiler to increase Feed Water Temperature from 140°C to 180°C to improve steam generation.	01 No.
5	Installation and Commissioning of new 100 m3 condensate tank in plant to improve condensate recovery from 53% to 66%.	01 No.
6	Installation of VFD 55 Kw,90 Kw & 110 Kw in CD Washer Vat Dilution Pump ,Caustic Washer VAT Dilution Pump & Blow Tank Stock Pump at Pulp Mill.	03 No.
7	1000 KVA Transformer bypassing by improving Supply system to 11 KV feeder from Tissue 2 to Pilot plant.	01 No.
8	2.5 MVA, 3.3 kV transformer is put off by shifting its load to another lightly loaded transformer in Chipper House.	01 No.
9	2.5 MVA,3.3 kV transformer made spare by shifting of H.T compressor and conical refiner at other location in Stock preparation.	01 No.
10	Reduction in frequency of 50 HZ to 49.6 HZ	
11	CPP 30MW Auxiliary transformer tap position change from (2 to 1)	03 No.
12	Power Saving in Tissue #1 by interlocking of Agitator with pump (M318, M395, M134, M402)	04 Nos
13	Downsizing the impeller of machine Chest Pump of Main machine from 400 mm dia to 340 mm dia. Power consumption reduces by 30 kWh.	01 No.
14	Utilization of Natural Energy/Light by fixing of transparent sheets in place of asbestos sheets.	10 Nos.
15	High Mast Towers installation in Bamboo Yards considering LED in place of 400W Metal halide.	04 Nos.
16	Evaporator steam condensate westing house old motor replaced with new motor(15 Kw)	1 No.
17	Stoppage of Consistency regulation Pump in Paper Machine.	1 No.
18	Stoppage of stock refiner at Tissue 2 by using DSR.	1 No.
19	Reduction of compressed Air pressure from 10 to 8.5 kg/sq.cm. (30 kw Motor)-Tissue 1.	1 No.
20	Reduction of compressed Air pressure from 10 to 8.5 kg/sq.cm. (30 kw Motor)-Tissue 2.	1 No.
21	Stoppage of Drum Chest Pump (7.5 kW Motor)	1 No.
22	DEF Colony Booster running hours reduces to 7 hrs. per day W.E.F from 10 Jan 2016.	1 No.

Electric Division

1. Installed LED light in office/stores/ shop floor area to save power consumption.
2. In Fan Sub Division Energy Efficient BLDC fan installed in assembly line, stores etc.
3. In Fan Sub Division installed Energy Efficient VFD controlled Screw Compressors in Place of Screw Compressors.
4. In Fan Sub Division studied complete factory electrical load to reduce losses and leakages and thereby reduced contract load with Electrical authorities from 550 KVA to 450 KVA.
5. Improved Power Factor to 0.995 from 0.95 increasing rebate on Energy Charges.
6. In lighting Sub Division Nitro gas consumption reduced by replacing hot air for sealing operation and introduced PNG gas in place of LT saving about 10-15% in cost in DT Mfg.
7. In Switch Gear Sub Division Installed 100 CFM Compressor with Auto on/off and installed 125 KVA Generator to reduce energy and fuel consumption during lean hours.

(B) ADDITIONAL INVESTMENT & PROPOSAL, IF ANY BEING IMPLEMENTED FOR REDUCING CONSUMPTION OF ENERGY

Paper Division

	Detailed Proposals	Estimated Investment in next 3 years ₹ in Lacs
1	Installation of VFD (132 kW) in Blow Tank Pump at Pulp Mill.	7
2	Installation of VFD in PA Fan (Motor 160 kW) in CPP.	10
3	Installation of VFD in over fire fan, (Motor 55 kW) in power house.	3
4	Installation of VFD (75 kW) in Cooling Water Pump in power house.	5
5	Installation of VFD (75 kW) in Holding Chest Pump in Paper Machine.	5
6	HT motors (300 kW) to be replaced with New LT motors & VFD (250 kW) for Mill Water Pumps.	25
7	3rd & 4th effect Pump replacement with energy efficient pump to avoid running of 2 pumps.	5
8	Pre-heater Installation at Digester # 2 & Digester # 4 for pulp Quality Improvement & Energy Conservation.	70
9	Installation of 500kVAR capacitor Bank to improve PF from 0.80 to 0.90 in Tissue 2.	4
10	Installation of LED light fittings.	5
11	Fixing of transparent sheets in place of asbestos sheets for Utilization of Natural light.	2
	Total	141

Electric Division

In Fan subdivision installation of Speed Motor Design Software from CD-ADAPCO to optimized energy efficiency in existing motors, installation of in house OrCAD PCB design Professional V16.6 for complete design, Installation of various instrumentation to improve Testing and validation of Laboratory Set up and installation of energy efficient LED lights & BLDC fan all around Plants.

In Lighting sub-division installation of Assembly lines at both Faridabad and Noida Plants for absorbing LED bulb production requirement.

(C) IMPACT OF MEASURES (A) ABOVE FOR REDUCTION OF ENERGY AND CONSEQUENT IMPACT ON COST OF PRODUCT

(D) TECHNOLOGY ABSORPTION

Research & Development

Paper Division

I. Specific area in which R&D carried out by the Company

1. Pulping studies on conventional raw materials in respect of yield & properties of various type of Bamboo and Wood, pulping studies of Silo Chips and pulping characteristics of mix furnish.
2. Micro-biological analysis of various location in Paper machine, Tissue Machine #1&2 and White water clarifier.
3. Evaluation of the existing slime control programme running on Paper Machine & Tissue Machine #1&2.
4. Analysis of scales from Pulp Mill & Soda Recovery Processes.
5. Fibre morphology of competitor's tissue sample of various grades.
6. Heavy metal analysis of Grade-II & III inlet and outlet effluent.
7. Monthly compilation: Grade II and III effluent discharge analysis report for PCB submission
8. Monthly Analysis of Peizometric sample from surrounding areas.
9. Soil analysis of various location of Mill surrounding.
10. Special samples analysis of water from Upstream and downstream of Sone River.
11. Special samples analysis of Treated Effluent in different Ratio of Grade II & III of ETP.
12. Monitoring of white water samples & its characteristics.
13. Monitoring of Krofta Performance of Tissue Machine # 1& 2.
14. Monitoring of effluent from different drains inside Mill.

15. Monitoring of COD, SS, BOD & Colour for on line discharge effluent sample.
16. Monitoring of DM & RO water.
17. Analysis of Condensate Deposit & Turbine oil deposition sample of Power House.
18. Monitoring of the fibre loss in Tissue machine #1&2 and Pilot plant.
19. Monitoring of the refining treatment of pulp in Tissue machine #1&2 .
20. Nitrogen and Phosphorous analysis in Urea and Ammonium Sulphate being used in ETP and sludge Pond.
21. Monitoring of Ambient Air, Dust emission and Stack at different locations.

Electric Division

1. In Fan Sub division introduced various types of Fans including 48" Ecogale (BLDC with LCD display), BLDC Railway Carriage Fans, Premium Table, Wall and Pedestal Fans with potential energy saving benefits and suitability for Indian markets.
2. In lighting sub division introduced LED bulbs of 3w, 12w, 14w, LED T5 batten, 10w/15w/20w down lighters and 18w LED tubes to enhance market range, Implemented CRS system for LED Bulb, Removing potting in 9w bulb by design improving.

II. Benefit derived as a result of R&D

Paper Division

1. Pulping studies on incoming and fed Raw Materials to suggest optimum Raw material procurement mix and furnish mix. .
2. Micro-biological analysis of various locations to ascertain the health of machine wet end and smooth running of the machine.
3. Evaluation of the existing slime control programme running helps in optimizing chemical dose and guide to Process people

to take appropriate action at machine timely.

4. Weak & thick black liquor analysis to give feedback to process owner for better control in the plant.
5. Analysis of scales from Pulp Mill & Soda Recovery Process feedback given to process for better control.
6. Fibre morphology of competitor's tissue sample of various grades for to take advantage for new product development.
7. Heavy metal analysis of Grade-II & III effluent results given to ETP for better control.
8. Soil analysis of various location of Mill surrounding helps to determine health of HRTS System.
9. Special samples analysis of Treated Effluent in different Ratio of Grade II & III of ETP for further modification of ETP as per the requirement.
10. Monitoring of white water samples any abnormal rise in its characteristics is carried out and reported for effective white water utilization in Paper Machine & Pulp Mill.
11. Monitoring of Krofta Performance of Tissue Machine # 1& 2, to save the fibre recovery and to conserve the water.
12. Monitoring of unbleached pulp COD of the composite sample of the 4th press, for to optimization of the chemical usage in bleaching section of pulp Mill.
13. Monitoring of COD, SS, BOD & Colour for on line discharge effluent sample to Environment department for comparison with On-line instrument for stabilization.
14. Monitoring of DM & RO water is carried out for effective boiler operations.
15. Analysis of Condensate deposit & Turbine oil deposition sample of Power House for effective boiler operations.
16. Monitoring of the fibre loss in Tissue Machine #1&2 and Pilot plant and feedback given to Process in-charge for better control in process to reduce the fibre loss .
17. Nitrogen and Phosphorous analysis in Activated sludge pond & Urea and Ammonium Sulphate for better use in ETP.
18. Monitoring of Ambient Air and Stack at different locations to meet PCB regulation.

19. Monitoring of Dust emission in Chipper House, Power House, Coal Yard and Soda Recovery area for evaluation of pollution load in plant.

Electric Division

1. In Fan division increase sales and improve market in high speed fans, decorative fans and energy saving fans.
2. In lighting division increase sales and reduced cost of LED bulbs.

III. Papers published during the year 2015-2016

Nil

IV. Future plan of action

Paper Division

To continue research in the above areas and to work out to implement other new emerging technologies for the benefits of the pulp & paper industry.

Electric Division

1. In Fan sub division Planning to introduce 1200 mm Eco Quasar, 1300 mm subaris 3 light option Wooden Blades, 1200 mm Aerodynamic fan, 1050 mm Hugger fan, 12V/24V BLDC Motor to run solar system, 1300 mm under light with LED Option, BLDC technology in TPW fans, and introduction of smart fan with unique features like motion sensor, Temperature and humidity sensor, fan control through Remote and Mobile Phone etc.
2. In Lighting Sub Division Planning to Introduce LED lighting in place of conventional lighting for energy reduction and productivity improvement in LED bulb manufacturing by adopting smart automation and smart group automation in DT line to reduce cost.
3. In switch gear sub division planning to introduce MCB RCCB and modular Switch range, introduction of new models in decorative range with next generation features i.e. Bluetooth / WIFI controlled fans for small house automation.

TECHNOLOGY ABSORPTION AND INNOVATION**A. Efforts in brief made towards absorption, adoption and innovation****Paper Division****1. Paper Machine:**

- I. Started use of Recovered fibre from White water clarifier at Pilot Machine to save Fibre & Fillers.
- II. Installed On-site PCC slurry plant by M/s Gulshan Polyols to reduce the CO₂ emission from the boiler stack, thereby to reduce carbon footprint. Improving paper quality with reducing the filler cost.
- III. Started use of 100% Precipitated calcium carbonate slurry as a filler in paper to improve Bulk, Opacity, Brightness, Whiteness & Print quality of paper.
- IV. Fugitive emission eliminated from Main Machine by using 100% Precipitated Calcium Carbonate slurry.
- V. Develop Water mark papers for government tender and for other customers.
- VI. High quality printing paper introduced into market.
- VII. Installed & Commissioned Broke Thickener to improve paper cleanliness.

2. Pulp Mill:

- I. Improved Viscosity & Brightness of Bleached Pulp by optimizing COD level and all other process parameters.
- II. ODL operation process optimization.
- III. Cooking parameters i.e. sulphidity, viscosity, cooking time & temperature are tuned for better performance.
- IV. Five (5) New pre-heaters (150 sqm.) installed for consistent

quality with improved viscosity of pulp and Condensate recovery by avoiding direct cooking of pulp and reduction in steam consumption by 3.0MT / digester after installation of pre-heaters.

- V. New Black liquor filter installed at Pulp Mill to reduce the fines carry over in Black Liquor supply to Recovery.
- VI. Condensate recovery system revamped at digester house resulted in recovery of condensate by 250 M³/day.

3. Chipper House:

- I. Installed Metal detectors in all the three chipper to arrest any foreign material inside the chipper. This results in reduced downtime and saved the life of fly & bed knives.
- II. Introduced mechanized system of raw material feeding & transportation in yard.

1. Tissue Plant #1 & 2:

- I. High quality facial & toilet paper developed in Tissue-1.
- II. Bulk content increased in Toilet & Napkin grade quality in Tissue -1.
- III. HRT Torkmatic High Strength tissue paper developed in Tissue-2.
- IV. Optimized the MD - CD ratio in Towel grade paper to improve the strength in CD.
- V. Developed high wet strength Baby Diaper paper at Tissue -2.
- VI. Installation & Commissioning of Quality Control System (QCS) at Tissue # 2 to improve the Moisture & Basis weight profile of paper.

2. In-house water conserved measures

The Mill water consumption has been minimized substantially

keeping in view the concept '3R's i.e. Reduce, Reuse & Recycle.

3. Chemical Recovery , Chlorine Dioxide plant

- I. Improved Overall Recovery Efficiency to 93 % by minimizing the Alkali loss and optimisation of the plant.
- II. Switch over from conventional R-2 process for ClO₂ production to Eco-friendly HP-A (Hydrogen Peroxide-Atmospheric) process for Environment protection & Cost reduction initiative.

ELECTRIC DIVISION

1. In Fan sub division Introduction of Bluetooth / WIFI technology in fan for small house automation, DEC Ceiling fan motor for operation on solar power, Automatic Bearing dispenser in assembly lines, Auto cleaning unit for cleaning and Automatic lubrication system in paint shop and Assembly setup for Brushless DC Railway Carriages.
2. In lighting Sub Division Optimize resource application to improve per hour production number in DT production line and improvement in coil feeder efficiency in Faridabad unit and installation of M20 SMD Machine for making 4 feet tube light, build up Manufacturing capacity for street lights and enhancing the Manufacturing Capacity of SMD Section.
3. In Switch gear Sub Division lean initiative & implementation of best manufacturing practices.

B. Benefit derived as a results of above efforts i.e. product improvement, cost reduction, product development, and import substitution

Paper Division

- a. Improved paper quality with cost reduction.
- b. Reduce Mill water consumption.
- c. Reduce energy consumption by way of reduction in Coal consumption.
- d. Better Monitoring and meeting the requirement of Pollution control Board.

- e. Effective Boiler operation in Power House.
- f. Better monitoring of Ambient air, Stack and dust emission in Plant.
- g. Waste control and recovery of fiber reducing the fiber loss.

Electric Division

1. New innovative designs like smart fan; Blue tooth/WIFI enabled fan, introduction of different concept i.e. under light fan, flush mounting hanging system Fan.
2. Reduction in wastages in the process & reduce inventory level.
3. Improved quality assessment system enabling to offer reliable product i.e. High Speed TPW fans.

Awards & Certification- Paper Division

1. Received OHSAS 18001-2007 certification in Aug'15.
2. Received Energy Management Certification EnMS 50001 in Sep'15.
3. Received award in Gold Category from Green Tech Foundation award FY 2015 in Environment Management.
4. Received CAPEXIL award for FY 12-13.

Foreign Exchange Earnings & Outgo

The Foreign Exchange earned during the year is ₹ 22175.90 lacs and the Foreign Exchange outgo during the year is ₹ 10911.06 lacs.

In case of imported technology (imported during the last five years reckoned from the beginning of financial year), following information may be furnished.

Annexure V

Directors' responsibility statement

On the basis of compliance certificates received from various executives of the Company and subject to disclosures in the annual accounts, as also on the basis of the discussion with the statutory auditors of the Company from time to time, the Board of Directors state that:

- (a) in the preparation of the annual accounts for the financial year ended 31st March 2016, the applicable accounting standards had been followed along with proper explanation relating to material departures;
- (b) the directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit and loss of the company for this period ;
- (c) the directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- (d) the directors had prepared the annual accounts on a going concern basis ; and
- (e) the directors had laid down internal financial controls to be followed by the company and that such internal financial controls are adequate and were operating effectively.
- (f) the directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Management discussion and analysis

1. OVERALL ECONOMY

Indian economy is estimated to have grown by around 7.5% during the year under review. Considering the slow-down in the World economy including China as well as two successive failures of Monsoon, this is obviously good news.

While this has not yet started to reflect in all segments of the economy, there are signs of green shoots emerging during the last quarter of the year under review.

The Government has taken some good initiatives like 'Make in India' and 'Skill India' programmes, which should be beneficial to the Indian Industry. However, the long awaited GST has not yet materialized this year but we do hope that this will become a reality soon.

On our part, we have taken concrete steps to increase our market penetration, improve efficiencies and reduce our costs.

As a result, we have been able to achieve a double digit growth in our turnover and are also able to report a healthy net profit for the year under review.

As the Indian economy picks up further, we look forward to even better days ahead.

2. SEGMENT-WISE BUSINESS ANALYSIS

2.1 Business segment - Electric

2.1.1 Industry Structure & Developments

Fans

Growth in the fans industry continued to remain sluggish at around 3%. While the slow growth was a result of multitude of factors, some of the prominent ones were: low growth in the real estate sector especially in the housing sector, demand saturation and heavy rains/ floods in some of the big states like Tamil Nadu in Q3.

The organized sector accounts for about 40 million fans worth approximately ₹ 4,100 crores. Out of this, ceiling fans account for roughly 70% of the total domestic demand for fans. Orient Electric continued to remain a very strong player in this segment with 74% of our domestic and 76% of our total sales

of Fans coming from ceiling fans. However, it is noteworthy that the demand for table, pedestal, wall & exhaust fans grew at a higher rate than that of ceiling fans in the year gone by.

The industry continues to be fiercely competitive with new players entering the market and every major player vying for a greater market share. What also deserves a mention is the increasing customer preference for energy efficient and premium fans, with every leading player making a foray into this category.

Lighting

Year 2015-16 has been a watershed year for the Indian Lighting Industry as LED took over conventional lighting. This was spearheaded by the Government as it took the initiative of taking LED to common households as a part of a National programme to save energy and contribute to greener environment.

Lighting Industry grew to ₹ 13,000 Crores from ₹ 10,500 crores in the previous year, with LED lighting segment increasing its share to 32% of the total at ₹ 4200 cores. While the overall Lighting market grew by 9%, LED segment grew by close to 50%, majority of this growth has come from Government sourced LED products. The demand for CFL and conventional lighting bulbs as expected is gradually declining.

Due to large volumes of LED lamps and its ever evolving technology, the input costs of the LED lamps and other such products have seen continuous downtrend which has helped the industry to pass on the resultant benefits to the consumers. This has bridged the gap between the prices of CFL and LED lamps and thus accelerated the shift in demand from CFLs to LED products. As a result Compact Fluorescent Lamps (CFLs) business registered a negative growth of about 20%. Shorter payback periods from LED products also helped Industrial units and project customers to replace the high-wattage HID lamps with LED based lighting products for industrial, street-lighting and floodlighting applications.

GLS lamps and Linear Fluorescent Lamps (FTL) registered single digit growth of about 3%. Market is mainly confined

to 4-5 major players having manufacturing base for these products and this market too would eventually convert to LED. Major demand for the GLS and FTL products is in small towns and villages which are still in the transition phase of switching from GLS/FTL to LED.

LED products will contribute almost 60-70% of the total Lighting business in next 3 years' time due to its increased acceptance based on Energy efficiency, short payback periods, longer life, continually-declining costs and aesthetic fixtures and design flexibility.

Appliances

Home Small-Appliances industry is estimated to have grown by 5% in 2015-16. However, major segments which are relevant to your Company like Room coolers grew by 12%, Mixer Grinders by 10%, whereas the Water heater segment decline by 15%.

Switchgear

The domestic switchgear market is divided into five product categories, namely, MCB, RCCB, DB, Changeover Switch and MCCB (100A). Orient electric has entered in the market with MCB, RCCB and DBs with total estimated market potential of ₹ 1975 Crores. In the first year of operation Switchgear SBU launched its products in Delhi, Haryana and Rajasthan with a clear focus to establish Orient MCBs as the most premium retail brand in the targeted markets.

Orient Electric's Switchgear SBU used the SDB technology as the differentiator and successfully broke both internal and external barriers and established MOP at most premium level in the market. The quality of our MCB and the new revolutionary SDB technology has been well accepted in the targeted retail markets.

2.1.2 Opportunities & Threats

Fans

The industry is likely to continue to register low growth of around 4-5% year on year. With emergence of new and educated middle class segment, the Fan market is expecting significant improvement in the sales of energy efficient fans,

premium fans and value added products. We witnessed a robust increase in sales in the last quarter of the fiscal year under review, and we hope to carry forward the trend in the next financial year, as well.

Global players are set to enter the Indian Market. These brands are major players in their respective segments and are technologically strong. This is expected to increase the competition even further in the organized Fans Market.

Fan Exports – The total export of Fans from India during the FY 2015-16 remained almost at the same level as last year at around 21 lacs fans. Orient Electric registered a growth of 1%, from 13.21 lacs fans in FY 2014-15 to 13.39 lacs in FY 2015-16. The Company lost sales in Nigeria which was partially recovered by opening new markets like Barbados, Kuwait and Egypt, and better than expected sales in Nepal, Sri Lanka and Bahrain.

Orient Electric continued to maintain its healthy market share of around 63% out of Fans exported from India. Special focus was given on branding to make Orient recognizable as a strong global brand.

Lighting

There is huge opportunity for growth of LED Lighting business in India over the next 3 years with an expected CAGR of around 45%. Increasing number of electrified households and change in consumer preference for energy efficient lighting will drive the growth of this segment going forward.

Emergence of Government procurement as a powerful channel providing volume growth for LED lamps and Streetlights is one of the biggest growth enablers. A rub off effect of this is also visible in the overall market.

For an emerging player to be successful, manufacturing base along with competency in Electronics will be the key differentiator. Newly notified BIS standards for LED products and their effective implementation will be another crucial factor, as this will help to regulate cheap and substandard imported products and also boost the "Make in India" initiative.

Constant evolution of LED technology and emergence of

more LED chip manufacturers in the global market will keep on pushing down input costs and thus result in constant reduction in prices to consumers. Volatility in currency rates will also impact costs as significant portion of the input raw materials in LEDs are still imported.

Home Appliances

Orient Electric is well placed in the Home Comfort segment of appliances, therefore it is important to invest in this category which is a potential growth driver. Room Heaters market in India is dominated by 3-4 players where Orient Electric introduced new OFR (oil filled radiators) range & got good response. Leveraging Orient Electric's brand strength, there is a clear opportunity to grow in heating and cooling appliances segments.

While opportunities exist in each segment of the Home Appliances industry, FY 15-16 saw higher growth in the mid-premium and economy segments, whereas the premium and super-premium segments continued to look sluggish.

Switchgear

Orient Electric's successful price positioning in the target retail markets opens up the opportunity to establish itself as the retail price leader. Therefore it is important to continue to invest on incentivization of retailers and on BTL activities to capture the market.

Having additional products like wiring accessories and switches would enhance our ability to compete more aggressively with other established players.

2.1.3 Segment review and analysis

Net Sales turnover of the Electric division increased to ₹ 1296 crores from ₹ 1190 crores in the previous year.

Fans

Primary growth for Orient Electric in the domestic market in volume terms remained almost flat in 2015-16 as compared to the previous year, largely due to stock corrections at distributors' end. However, overall secondary sales grew by 2%+.

Net Sales turnover of the Fans BU increased to ₹ 884 crores from ₹ 874 crores in the previous year. Southern region logged an impressive growth of around 9% in primary and 8% in secondary sales. While West registered a de-growth of 5%

in primary sales due to stock correction at distributors end, however, the secondary sales were higher in the region by around 5%. Growth was flat in Northern markets. Control over input raw material prices and better price realizations have resulted in improved contribution margin from both domestic and exports sales.

Lighting

Orient's lighting business registered a revenue growth of 43% vis-à-vis single digit industry growth. LED sales multiplied more than 4 times to ₹ 119 crores and contributed 40% to the total lighting sales. Orient Electric was able to compete successfully in the Government tender for LEDs worth ₹ 70 crores of revenue. Strategic Investment on Noida plant's automation and flexible manufacturing plan at the Faridabad factory helped achieve this growth.

Government Tender business will remain a strategic area for LED products. We plan to consolidate our presence in LED Lamps segment further. We also plan to enter the Street lighting segment which has huge potential for growth in next 3 years' time.

Our newly created Laboratory at NOIDA has started delivering benefits in terms of efficient designs and testing of LED products. We will be strengthening it further with more modern and sophisticated equipment during the year as we plan to increase our Lighting business in FY 16-17 with focus on LED products.

Home Appliances

Orient Electric's Appliances SBU achieved a turnover of ₹ 81 crores in FY 2015-16. The Company launched appliances in 86 cities with prime focus on 45 Cities. Twenty three Authorized Service Centers were added during the year taking the tally to 138 service centers. Four new SKUs of Air Coolers were launched, five new SKUs of heating and four SKUs of Kitchen Appliances were added to the existing product portfolio.

The Appliances BU faced some challenges in the year under review owing to clean-up of accounts receivables and liquidation of old stock.

The business plan for 2016-17 assumes higher targets in the Home Comfort segment which includes room coolers, water heaters and room heaters. The focus will be on improving

product Quality, service readiness, channel reach and building a premium brand for Home appliances.

Switchgear

Progressively a total of 639 counters were added during the year. The BU achieved a turnover of ₹ 7.61 crores.

Switchgear BU has huge of its potential in the institutional segment which is currently untapped. The business plan for Switchgear for the year 2016-17 recognizes this opportunity and plans to introduce new MCB group of products for the institutional segment along with switches by 2017-18.

2.1.4 Risks & Concerns

Fans

Sluggish real estate growth will have direct impact on demand for Company's products. Unstable conditions in Africa and Middle East has adversely impacted our sales in some of our high selling markets and situation is likely to remain same for the current year as well.

Lighting

Slower growth in Infrastructure and reality sectors could impact demand for decorative residential lighting and outdoor luminaires.

Home Appliances

High dependency on seasonal products causes to sales skew in few months of the year.

Adherence to Quality standards by the vendors and migration from existing vendors to better vendor needs strict diligence and is a time consuming process.

Switchgear

There is a delay in getting required certification for the entire range of products due to lack of design support from our collaborator. The Company is in discussion with the collaborator to resolve the issue quickly.

We will continue to face higher cost challenge due to our manufacturing being located in Excise zone as against some of our competitors who are based in excise-free areas. This is likely to change once GST is implemented.

2.1.5 Outlook

Infrastructure is emerging as a key area of focus for development from the various Government pronouncements and initiatives

including "Housing for all by 2022". A KPMG study estimates that India's urban population is expected to increase significantly with more than 1 crore population getting added annually to urban areas creating huge demand for housing in the cities. The Company is optimistic that new house will generate robust demand for all its products in Electric SBU.

Fans

In the Domestic market, the Company is confident of better performance with focus on expanding distribution network to widen the reach, launching of new and technologically superior products and stronger connect with the retailers.

In the international markets, development focus is on markets with high buying potential like US and Latin America and leverage sales in existing markets.

A well laid out marketing plan, including regional specific ATL & BTL plan will help in improving the customer association with the brand.

The fans division is strongly looking forward to harness the future opportunities to gain even stronger foothold in the fans industry.

Lighting

We have emerged as one of leading Indian Lighting companies for in-house manufacturing of LED lamp and have now entered the luminaires and street lighting assembly also. Our focus in 2016-17 will be on LED products in Consumer and Professional applications. A major thrust would be on increasing manufacturing capacity of LED tubes and various types of Luminaires and expand our reach in selected geographic markets through retailers who specialize in selling LED products. We plan to support these initiatives with increased branding and sales promotion activities. Another major area of growth is the Professional Luminaires segment where we have made some in-roads in FY 2015-16. Key focus segments will be Healthcare, IT and Financial sector with focus on Key Accounts.

We have also started using our electronics design and manufacturing competency to manufacture drivers for various LED products and assembly for LED tubes and street lighting luminaires.

All-in-all we are well poised to take advantage of the immense

growth opportunity in LED lighting business.

Appliances

The Appliances BU has set a target to nearly double its sales revenue in year 2016-17. It aims to achieve this by optimizing product range across focus segments, building a strong team in focus towns and re-engineering the business processes for quick response to business needs. The Company is optimistic of achieving its target and is well poised to capitalise on the likely market opportunities in future.

Switchgear

The Switchgear BU has also set an aggressive growth target for the FY 2016-17. It aims to achieve this by planned geographical expansion to more states like UP, Uttarakhand, Punjab, Bihar, West Bengal, Kerala and Karnataka. The BU plans to expand its retailer base to 3,200. The BU is well poised to take advantage of growth opportunities in the infrastructure and housing sectors.

2.2. Business segment - Paper

2.2.1 Industry Structure & Development

Paper Industry in India, particularly the Writing & Printing (W&P) segment remained dull & sluggish till 3rd quarter with stagnant demand & falling realisations. As per IPMA statistics till 3rd quarter, Writing & Printing papers sales were marginally lower than the same period in the previous year. However, W & P market has shown some positive signs from Feb'16 onwards.

Domestic demand for Tissue papers remained steady. Export demand for Tissue papers remained firm but prices in Dollar terms came under some pressure down due to increased Chinese competition after devaluation of their currency. However weaker Rupee, enhanced export Incentives and lower ocean freights could compensate that reduction.

2.2.2 Opportunities & Threats:

Writing & Printing Paper market is expected to stabilize as no major capacity additions are on the horizon for W & P papers. Therefore the current supply/demand imbalance should gradually get corrected.

Domestic demand for tissue papers continues to register robust growth of around 15 % annually. This trend is expected

to gather further momentum with changes in life styles and we are well poised to take full advantage of this inevitable growth.

Exports markets also offer good opportunity for quality tissue papers. We have already been exporting over 62 % of our total tissue paper sales and have been successful in developing regular customers in several markets abroad many of whom have expressed their willingness to increase their off-take from us.

Recognising this opportunity for growth in Tissue Papers, we have decided to expand our Tissue paper capacity by 25000 tons per year. The project is already under execution and is expected to be operational by the end of FY 2016-17.

The biggest threat for the Integrated Paper Industry in India continues to be the shortage of Pulp wood from Local sources. To mitigate this, we are focusing on promoting farm forestry and creating awareness amongst land owners about the advantage of planting pulp wood to get increased return from their available land. In addition, we are in active discussion with the State Government of Madhya Pradesh and Chhatisgarh to formulate practical guidelines for permitting use of degraded forest land for plantations. As local availability of pulpwood increases through these efforts our cost of raw materials should gradually reduce.

Another major challenge is the imposition of stringent Environment laws including an aggressive Water Recycling for Pollution Prevention (WRPP) charter by Central Pollution Control Board. We have taken up several steps in this direction and are confident that we shall be able to comply with these new norms.

2.2.3 Segmental review & analysis

Despite the above challenges, our Paper division could increase the paper sales by 6 % to 77965 MT from 73616 MT last year.

Tissue papers accounted for 29% of our total paper volume. Significantly, we were able to export 62% of our total Tissue paper sales to diverse markets where our products have been very well accepted.

Our Caustic volume also increased from 32082 MT to 34172 MT with corresponding increase in sales of Chlorine & HCL.

Besides increase in our sales volume, our focus this year was on cost reduction and improvement in efficiencies. As a result of our sustained efforts in this direction, we have been able to achieve substantial savings in all major cost parameters like Raw material yield, Chemical recovery Efficiency, Condensate recovery, Energy Conservation & Coal consumption etc.

We also got our supplier of PCC (Precipitated Calcium Carbonate) to set up an on-site plant and started use of 100 % PCC as a filler. This not only resulted in substantial cost reduction but also in improved quality in terms of Improved Bulk, Brightness, Opacity and Smoothness of paper.

We upgraded our Chlorine Dioxide Production technology from conventional R-2 process to Eco-friendly HP-A (Hydrogen Peroxide).

As a result of our sustained plantation efforts over the last few years, we could increase procurement of pulpwood from our nearby areas by 44% this year compared to the previous year. Based on this, we have been able to optimise our raw material furnish by increasing wood to 80% from around 40% earlier.

We also placed a major thrust on Environment conservation and compliance by installing on-line monitoring of discharge water and ambient air. Water consumption has also been reduced by 30%.

We could achieve certifications under OSHAS 18001-2007 and Energy Management 50001-2011 and also received Gold Award from Greentech Foundation for Environment Management.

As a result of these improvements, our Paper division achieved, despite tough market situation, an increase of 9% in Net sales turnover to ₹ 507.82 crores from ₹ 465.17 crores last year.

This has also been a turn-around year for our Paper division mostly achieved by our internal improvements. This is reflected in the fact that the division recorded a PBIDT of ₹ 34.93 crores compared to loss of ₹ 9.33 crores last year and a PBIT of ₹ 12.60 crores compared to a loss of ₹ 33.12 crores last year.

2.2.4 Risks & Concerns -Amlai Plant

A major area of concern is the proposal to move coal linkages to auction mode which could potentially increase the price of coal.

Although we have taken several steps to reduce our manpower costs, this still remains higher than many of our competitors. We believe that addition of the new Tissue paper capacity, for which we do not anticipate increase in manpower strength, will address this concern to a large extent.

Another area of concern is the possibility of water scarcity during severe draught years. Although we have built reservoirs of 250 million gallons, our experience during this year suggests that we need to further augment this capacity for which we are taking necessary steps.

2.2.5 Outlook - Amlai plant FY 16-17

We believe that the division is well on its way to build upon the successes achieved during the year under review and is poised to achieve improving profitability through continuous and sustained cost reduction initiatives. In addition, expansion of Tissue paper capacity will provide further boost to the growth of both our top and bottom lines.

We are therefore quite confident of substantially improved results from Paper Business in FY 16-17.

2.3 Brajrajnagar plant

As reported earlier, operations at this plant continue to remain suspended. While we continue to explore the possibilities of revival of industrial activity at the site, these are still under review.

3. COMPANY'S OVERALL PERFORMANCE AND ANALYSIS

Sales and profit

Our gross sales increased by 9.5% to ₹ 1967.17 crores this year from ₹ 1796.72 crores last year, while net sales increased by 9.1% to ₹ 1820.35 crores from ₹ 1668.85 crores.

We achieved a PBIDT of ₹ 116.84 crores compared to ₹ 45.34 crores in the previous year and cash profit of ₹ 65.65 crores as against ₹ 1.56 crores last year.

Our PBT for the year was ₹ 21.34 crores compared to a loss of ₹ 42.13 crores last year.

Net profit after tax has been ₹ 21.02 crores this year against a loss of ₹ 28.65 crores last year.

We invested ₹ 66.69 crores on capital projects during the year.

Financial position of the Company continues to be fairly stable with our debt equity ratio at 0.38 and the DSCR of 1.47.

We believe that your Company has performed well during the year under review and has made well coordinated strides towards overcoming the challenging circumstances faced in the last few years. We are sure that these efforts will result in accelerated progress hereafter.

4. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has established adequate internal control systems, which provide reasonable assurances with regard to safeguarding Company's assets, promoting operational efficiencies and ensuring compliance with various statutory provisions. In addition to its own internal audit department, the company has retained PriceWaterhouse & Coopers (PwC) to regularly review internal control systems in business processes and verify compliance with the laid down policies and procedures. Reports of these internal audits are reviewed by the senior management and are also placed before and comprehensively discussed at meetings of the Audit committee. The Audit Committee reviews the adequacy of internal control systems, audit findings and suggestions. The internal audit group also keeps a track of and monitors the progress on implementation of suggestions for improvements.

The Company's statutory auditors regularly interact with the Audit Committee to share their findings and the status of further improvement actions under implementation.

5. HUMAN RESOURCE DEVELOPMENT / INDUSTRIAL RELATIONS

The Company has adopted a progressive policy of development of its human resources through continuous training and motivation to achieve greater efficiencies and competencies. Progress made by the company was possible in no small measure by efforts of the entire team. The total number of permanent employees as on 31 March 2016 was 2741.

Industrial relations were harmonious at all our units. Safety, welfare and training at all levels of our employees continue to be the areas of major focus for the Company.

6. CAUTIONARY STATEMENT

Statements in this report on Management discussion and analysis relating to the Company's objectives, projections, estimates, expectations or predictions may be forward looking statements within the meaning of applicable security laws or regulations. These statements are based upon certain assumptions and expectations of future events. Actual results could however differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include global and domestic demand-supply conditions, selling prices, raw material costs and availability, changes in government regulations and tax structure, general economic developments in India and abroad, factors such as litigation, industrial relations and other unforeseen events.

A structured questionnaire was prepared after taking into consideration inputs received from the Directors, covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its Committees, Board culture, execution and performance of specific duties, obligations and governance.

A separate exercise was carried out to evaluate the performance of individual Directors including the Chairman of the Board, who were evaluated on parameters such as level of engagement and contribution, independence of judgment, safeguarding the interest of the Company.

5.5 Remuneration Policy

The Nomination and Remuneration Committee (NRC) has adopted a Remuneration Policy which, inter alia, deals with manner of selection and determining remuneration of the directors and executives of the Company. The extracts of the contents of the Policy are as under:

Remuneration of Non-Executive Directors

The Non-Executive Directors (including independent Directors) on the Board receive a competitive remuneration package consisting of the following components:

- **Sitting Fees:** Non-Executive Directors receive fixed sitting fees, which is decided by the Board in accordance with the Act.
In addition to the sitting fees, the Non-Executive Directors, who are also members of one of the Board committees, receive sitting fees for participation in such Board committee meetings. The sitting fees for participation in such Board committee meetings are also approved by the Board in accordance with the Act.
- **Profit related commission:** The Non-Executive Directors are entitled to profit related commission not exceeding 1% (one per cent) of the net profits of the Company. Such profit related commission is approved by the ordinary resolution of the shareholders in a general meeting of the Company, and if required under the Act, the Company will also obtain Central Government approval.
- **Reimbursement of expenses:** Expenses in connection with Board and committee meetings are reimbursed as per account rendered.

Remuneration of the Executives

The Board believes that a combination of fixed and performance-based pay to the Executives helps ensure that the Company can attract and retain the Executives. At the same time, the Executives are given an incentive to create shareholder value through partly incentive-based pay.

The Executives are employed under management service contracts, employment agreement or through appointment letter, and the Board sets the terms of such management service contracts employment agreement or appointment letter. However, if the Executive is a whole-time Director (including the managing Director), he / she may be appointed pursuant to a resolution of the Board, which is confirmed by the shareholders in the succeeding annual general meeting of the Company, and on such terms and conditions as the Board may deem fit, and confirmation.

The Committee submits proposals concerning the remuneration of the Executives and ensures that the remuneration is in line with the conditions in comparable companies. The proposals are submitted for approval in a Board meeting, and where the proposal

is in relation to an Executive, who is proposed to be appointed as a whole time Director (including the Managing Director), such proposal is also submitted for approval of the shareholders (by ordinary resolution, or in case of inadequacy of profits, by special resolution) in a general meeting of the Company, and if required, the Company also obtains Central Government approval. The remuneration package of the Executives is reviewed annually by the Committee in the course of the performance appraisal system followed by the Company.

The Executives receive a competitive remuneration package consisting of the following components:

- **Fixed salary:** The fixed salary shall be competitive and reflective of the individual's role, responsibility and experience in relation to performance of day-to-day activities. The fixed salary shall include basic salary, special pay, and personal pay.
- **House rent allowance:** The Executives shall be entitled to receive house rent allowance, which shall not exceed 60% of the basic salary of the Executive.
- **Variable components:** The Committee may, in its discretion, structure any portion of remuneration to link rewards to corporate and individual performance, fulfilment of specified improvement targets or the attainment of certain financial or other objectives set by the Board. The amount payable as a variable component is determined by the Committee, based on performance against pre-determined financial and non-financial metrics and shall always be within the limits of the overall guidelines for incentive pay. The Executives participate in a performance linked variable pay scheme based on the results for the year, pursuant to which the Executives are entitled to performance-based variable remuneration.
- **Personal benefits**

The Executives have access to a number of work-related benefits, including car, telephones, broadband at home, and work-related newspapers and magazines. The extent of individual benefits is negotiated with each individual Executive.

The Executives are covered by the Company's insurance policies:

- Accident insurance
- Health insurance
- Directors and officers liability insurance.

- Other annual emoluments

The Executives will receive the following annual emoluments:

- Medical reimbursement of up to one month's basic salary, in accordance with the Company's policies;
- leave travel assistance of up to one month's basic salary as per scale formulated in this behalf; and
- leave encashment, in accordance with the Company's policies.

- Gratuity contributions

Contributions are made in accordance with applicable laws, employment agreements and policies of the Company.

- Severance pay

There are, in the usual course, no severance fees (routine notice period not considered as severance fees) or other severance benefits.

- (iv) Oversee and monitor the progress of the initiatives rolled out under this Policy; and
- (v) Submit a report, to the Board on all CSR activities undertaken during the financial year

The CSR Committee comprises two Non-Executive Independent Directors namely Shri B. K. Jhawar, Shri N. S. Sisodia and an Executive Director Shri M. L. Pachisia. Shri B. K. Jhawar is the Chairman of the Committee. The Company Secretary acts as Secretary to the Committee.

One CSR Committee meeting was held on 11th May 2015. All the members except Shri B. K. Jhawar attended the meeting.

Corporate Social Responsibility (CSR) Policy

The Company has adopted a CSR Policy. The salient features of the policy are as under:

Corporate Social Responsibility ("CSR") at Orient Paper & Industries Limited portrays the deep symbiotic relationship that the Company enjoys with the communities it is engaged with. As a responsible corporate citizen, we try to contribute for social and economic development on regular basis. We believe that to succeed, an organization must maintain highest standards of corporate behaviour towards its employees, consumers and societies in which it operates. We are of opinion that CSR underlines the objective of bringing about a difference and adding value in our stakeholder's lives.

I. CSR Programmes & Projects

- (a) The Company proposes to adopt one or more of the following CSR activities as prescribed by applicable laws, including Schedule VII of the Companies Act, 2013, as amended from time to time:
 - (i) eradicating hunger, poverty and malnutrition, promoting health care (including preventive health care) and sanitation including contribution to the Swachh Bharat Kosh set-up by the Central Government for the promotion of sanitation and making available safe drinking water;

- (ii) promoting education, including special education and employment enhancing vocation skills especially among children, women, elderly, and the differently abled and livelihood enhancement projects;

- (iii) promoting gender equality, empowering women, setting up homes and hostels for women and orphans; setting up old age homes, day care centres and such other facilities for senior citizens and measures for reducing inequalities faced by socially and economically backward groups;

- (iv) ensuring environmental sustainability, ecological balance, protection of flora and fauna, animal welfare, agroforestry, conservation of natural resources and maintaining quality of soil, air and water including contribution to Clean Ganga Fund set-up by the Central Government for rejuvenation of river Ganga;

- (v) protection of national heritage, art and culture including restoration of buildings and sites of historical importance and works of art; setting up public libraries; promotion and development of traditional arts and handicrafts;

- (vi) measures for the benefit of armed forces veterans, war widows and their dependents;

- (vii) training to promote rural sports, nationally recognised sports, paralympic sports and Olympic sports;

- (viii) contribution to the Prime Minister's National Relief Fund or any other fund set up by the Central Government for socio-economic development and relief and welfare of the Scheduled Castes, the Scheduled Tribes, other backward classes, minorities and women;

- (ix) contributions or funds provided to technology incubators located within academic institutions which are approved by the Central Government;

- (x) rural development projects; and

- (xi) Slum area development.

- (b) The CSR activities shall be undertaken within the territory of the Republic of India.
- (c) The Company's CSR projects and programmes will be undertaken by the Company by itself or with joint and collaborative efforts of other companies.
- (d) The CSR projects and programmes may also be implemented through registered public charitable trusts, not-for-profit companies set up under Section 25 of the Companies Act,

1956 (corresponding to Section 8 of the Companies Act, 2013) through recognized and reputed NGOs and similar entities.

II. Financial Outlay for CSR activities

- a. Every year, the Company shall with the approval of its Board make a budgetary allocation for CSR activities/ projects for the year. The budgetary allocation will be based on the profitability of the Company and the requirements of applicable laws.
- b. The Company expects to spend the budgeted amount allocated for CSR activities/ projects planned for each financial year, within that year. If for any reason, the budget of a year remains unutilised, the same would not lapse and would be carried forward to the next year for expenditure on CSR activities, which were planned for implementation in the previous year, but could not be completed due to some reason. The CSR Committee and the Board of Directors will disclose the reasons for not being able to spend the entire budgeted amount on the CSR activities as planned for that year.
- c. The amount allocated for emergency needs but not utilised in the year of its allocation may be carried forward to the next year for utilization for CSR activities.
- d. Any surplus arising out of the CSR activities, projects or programs shall not form part of the business profits of the Company.

III. Implementation

- (a) The Company will integrate its CSR plans and strategy with its business plans and strategies. For effective implementation, long-term CSR plans will be broken down into medium-term and short-term plans. Each plan recommended by the CSR Committee should specify the CSR activities planned to be undertaken for each year, define the responsibilities of the designated authorities to be engaged in this task, and also prescribe the measurable and the expected outcome and social/ environmental impact of the CSR activities.
- (b) The Company recognizes that the period of implementation of its long term CSR projects can extend over several years depending upon the expected outcomes/ impact thereof. While planning for such long term projects the CSR Committee would estimate the total cost of each project and recommend to the board of directors of the Company that the Company should commit such amount for long term expenditure till the completion of the project.

- (c) Each long term project will be broken up into annual targets and activities to be implemented sequentially on a yearly basis, and the budget would have to be allocated for the implementation of these activities and achievement of targets set for each successive year, till the final completion of the project.
- (d) Where the CSR activities are closely aligned with the business strategy and the Company possesses core competence to do it, the Company may take up the implementation of CSR project with its own manpower and resources, if the CSR Committee is confident of its organisational capability to execute such projects.
- (e) If in the opinion of the CSR Committee, the implementation of CSR projects requires specialised knowledge and skills, and if the Company does not have such expertise in-house, wherewithal, and dedicated staff to carry out such activities, the CSR Committee may recommend to avail the services of external specialised agencies for the implementation of such CSR projects.
- (f) In the event an external agency is engaged for the purposes of the CSR initiatives of the Company, the Company will need to enter into an agreement with the relevant executing/ implementing external agency, setting out the terms and conditions of the engagement of the external agency.

IV. Monitoring

- (a) The Company recognises that monitoring is critical for assessment of the progress as regards timelines, budgetary expenditure and achievement of targets. Monitoring may be done periodically with the help of identified key performance indicators, the periodicity being determined primarily by the nature of key performance indicators.
- (b) Monitoring will be done in project mode with continuous feedback mechanism, and recourse always available for mid-course correction in implementation, whenever required.
- (c) The performance of the Company's CSR activities would be monitored on the basis of their achievement of annual targets and the utilization of their annual budgets for the activities planned and the targets set for each year.
- (d) Implementation and monitoring of the CSR activities will be overseen by the CSR Committee. The monitoring and evaluation may be assigned by the CSR Committee to an independent external agency for the sake of objectivity and

transparency.

- (e) If the projects are being implemented by external agencies, the Company may in consultation with CSR Committee designate special executives for this purpose.

Independent Auditor's Report

To the Members of
Orient Paper & Industries Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Orient Paper & Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2016, its profit, and its cash flows for the year ended on that date.

Emphasis of Matter

- (a) We draw attention to Note 35 to the financial statements regarding non provision of water tax demand amounting to ₹47,434.91 lacs (including interest and penalty of ₹46,021.91 lacs) against which the Company has filed writ petition with the Hon'ble High Court and obtained an interim stay on the recovery, as more fully described therein. Pending final decision in the matter, no adjustments are considered necessary at this stage.
- (b) We draw attention to Note 36 to the financial statements regarding remuneration paid to/provided for the Managing Director of the Company during the years ended March 31, 2015 and March 31, 2016 which is in excess of the limit prescribed under Section 197 of the Act read with Schedule V to the Act, by ₹178.19 lacs and ₹177.70 lacs respectively. As informed to us, waiver application has since been filed by the Company for the year ended March 31, 2015 and the

Company is in the process of filing waiver application for the year ended March 31, 2016 with the Central Government for the above excess remuneration. Pending the filing of waiver application and receipt of the approval, no adjustments to financial statements have been made.

Our Opinion is not qualified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) On the basis of written representations received from the directors as on March 31, 2016, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2016, from being appointed as a director in terms of section 164 (2) of the Act;

- (f) The matter (a) described under the Emphasis of Matters paragraph above, in our opinion, may have an adverse effect on the functioning of the Company, in case of an unfavourable decision;
- (g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer note 34 and 35 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure 1

referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date to the members of Orient Paper & Industries Limited as at and for the year ended March 31, 2016

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification (except for assets of the written down value of ₹544.68 lacs at Brajrajnagar unit, due to suspension of production activities) which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. As informed, no material discrepancies were noticed on such verification. However, discrepancies, if any, at Brajrajnagar unit are unascertainable due to non-verification of fixed assets for the reasons mentioned above.
- (c) According to information and explanations given by the management, the title deeds of immovable properties, included in Fixed Assets and Investment Property are held in the name of the Company except in respect of land valuing ₹432.94 lacs, held in joint ownership and flats valuing ₹79.87 lacs whose registration in the name of the Company is still pending. Further, in respect of land aggregating to ₹150.11 lacs as at March 31, 2016 pertaining to the Company's Electric unit at Faridabad for which original title deeds were not available with the Company and hence we are unable to comment on the same, although the photocopies of the title deeds were made available to us.
- (ii) The management has conducted physical verification of inventory at reasonable intervals during the year except for the value of ₹32.90 lacs at Brajrajnagar unit, due to suspension of production activities and no material discrepancies were noticed on such physical verification.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees and securities granted in respect of which provisions of section 185 and 186 of the Companies Act 2013 are applicable and hence not commented upon.
- (v) The Company has not accepted any deposits from the public.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013 and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases.
- (b) According to the information and explanations given to us, undisputed dues in respect of provident fund, employees' state insurance, income-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues outstanding, at the year end, for a period of more than six months from the date they became payable are as follows

Name of the statute	Nature of the dues	Amount (₹ in lacs)	Period to which the amount relates	Due Date	Date of Payment
Orissa Municipal Act	Industrial Licence Fees	26.73	1996-97 to 2014-15	Beginning of the respective years	Not yet Paid

- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, service tax, duty on custom, duty of excise and value added tax on account of any dispute, are as follows:

Name of the statute	Nature of the dues	Period to which the amount relates	Amount (₹ in lacs)	Forum where dispute is pending
Central Excise and Customs Act, 1944	Disallowance of Cenvat credit on inputs and capital goods	1979-83, 1986-98, 2000-2015	546.22	Deputy/Assistant Commissioner / Commissioner/ High Court/ CESTAT

- (viii) In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of dues to a financial institution or banks. The Company did not have any outstanding dues in respect of Government or debenture holders during the year.
- (ix) In our opinion and according to the information and explanations given by the management, the Company has utilized the monies raised by way of term loans for the purpose for which the loans were obtained. The Company has not raised any money by way of initial public offer / further public offer / debt instruments during the year.
- (x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or on the Company by the officers and employees of the Company has been noticed or reported during the year.
- (xi) According to the information and explanations given by the management, during the year the remuneration paid to/ provided for the Managing Director of the Company is in excess of the limit prescribed under section 197 read with Schedule V to the Companies Act, 2013 by ₹177.70 lacs.

Further, the Company has also paid managerial remuneration for the years 2013-14 and 2014-15 in excess of the limit prescribed under the applicable Companies Act by ₹127.42 lacs and ₹178.19 lacs respectively. The Company's application to the Central Government for such excess remuneration paid in 2014-15 is pending approval by the concerned authority and pending disposal of the same, no steps have been taken for recovery of the excess amount so paid. Also, the Company has shown the amount of ₹127.42 lacs as recoverable from the Managing Director in respect of excess remuneration paid for the year 2013-14 due to non-approval of the same by the Central Government and steps are being taken to recover the said amount. Also refer EOM para (b) in the main audit report.

(xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the order are not applicable to the Company and hence not commented upon.

(xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company

has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence reporting requirements under clause 3(xiv) are not applicable to the Company and, not commented upon.

(xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of Companies Act, 2013.

(xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

Annexure 2

to the Independent Auditor's Report of even date on the Financial Statements of Orient Paper & Industries Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Orient Paper & Industries Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial

controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the

internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statements as at and for the year ended 31 March 2016

1. Corporate information

Orient Paper & Industries Ltd. ("the Company") is a public company domiciled in India. Its shares are listed on National and Bombay Stock Exchanges in India. The Company is primarily engaged in manufacture and sale of Paper, Electrical Consumer Durables, Chemicals, Industrial Blowers and Air Pollution Control Equipments. The Company presently has manufacturing facilities at Amlai, Brajrajnagar, Faridabad, Noida and Kolkata.

2. Basis of preparation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention except in case of assets for which revaluation is carried out.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

2.1 Summary of significant accounting policies

(a) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(b) Tangible fixed assets

Tangible fixed assets are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price inclusive of duties (net of cenvat), taxes (net of VAT / CST), incidental expenses, erection / commissioning expenses etc. and borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components of building and machinery. When significant parts of fixed assets are required to be replaced at intervals, the Company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on an existing fixed asset, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the year during which such expenses are incurred.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Machinery spares which can be used only in connection with an item of fixed asset and whose use as per technical assessment is expected to be irregular, are capitalised and depreciated over the residual life of the respective assets.

(c) Depreciation on tangible fixed assets

The classification of plant and machinery into continuous and non-continuous process is done as per technical certification and depreciation thereon is provided accordingly.

Depreciation on fixed assets is provided under Straight Line Method (except for furniture, fixtures and vehicles valuing ₹707.26 lacs (31 March 2015, ₹696.94 lacs) where Written Down Value method is followed) using the rates arrived at based on the useful lives estimated by the management which is in line with Schedule II of the Companies Act, 2013. The Company has used the following rates to provide depreciation on its fixed assets :-

Notes to financial statements (contd.) as at and for the year ended 31 March 2016

Class of Asset	Useful Lives estimated by the management (years)
Factory Buildings	30
Non-Factory Buildings	5 to 60
Railway Sidings	15
Plant and equipments	3 to 40
Furnitures & Fixtures	8 to 10
Computers (included under plant & equipments)	3
Office Equipments	5
Vehicles	8 to 10

Depreciation on assets added / disposed off during the year is provided on pro-rata basis with reference to the date of addition/ disposal.

The management has estimated, supported by independent assessment by professionals, the useful lives of certain plant and equipment as 3 to 20 years. These lives are lower than those indicated in Schedule II to the Companies Act, 2013.

Leasehold properties are depreciated over the primary period of lease or their respective useful lives, whichever is shorter.

(d) (i) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the Statement of Profit and Loss in the year in which the expenditure is incurred. Research costs are expensed as incurred.

(d) (ii) Amortisation of Intangible assets

Intangible assets are amortized on a straight line basis over the estimated useful economic life of the asset. The Company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. If the persuasive evidence exists to the effect that useful life of an intangible asset exceeds ten years, the Company amortizes the intangible asset over the best estimate of its useful life. Such intangible assets and intangible assets not yet available for use are tested for impairment annually, either individually or at the cash-generating unit level. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with AS 5 Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Intangible assets being Specialized Software and Technical Know how are amortised on a straight line basis over their useful lives of 3 years and 10 years respectively.

(e) Leases

Finance Lease:

Where the Company is lessee

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value

Notes to financial statements (contd.) as at and for the year ended 31 March 2016

of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the Statement of Profit and Loss. Lease management fees, legal charges and other initial direct costs of lease are capitalized.

A leased asset is depreciated on a straight-line basis over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, the capitalized asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset or the lease term.

Operating Lease:

Where the Company is lessee

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Where the Company is the lessor

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets/ investment property. Lease income on an operating lease is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the Statement of Profit and Loss.

(f) Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the year they occur.

(g) Impairment of tangible and intangible assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Company's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses, including impairment on inventories, are recognized in the statement of profit and loss, except for previously revalued plant, property and equipment, where the revaluation was taken to revaluation reserve. In this case, the impairment is also recognized in the revaluation reserve up to the amount of any previous revaluation. After impairment, if any, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(h) Government grants and subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the Statement of Profit and Loss

Notes to financial statements (contd.) as at and for the year ended 31 March 2016

over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, its value is deducted in arriving at the carrying amount of the related asset.

(i) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

(i) (a) Investment property

An investment in land or buildings, which is not intended to be occupied substantially for use by, or in the operations of the Company, is classified as investment property. Investment properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the investment property to its working condition for the intended use.

Depreciation on investment property is calculated on a straight-line basis using the rate arrived at based on the useful life estimated by the management. The Company has used the following rates to provide depreciation on its Investment Property:-

Class of Asset	Useful Lives estimated by the management (years)
Non-Factory Buildings	60
Plant and equipments	15
Office Equipments	5

On disposal of an investment property, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

(j) Inventories

Raw materials components, stores, chemicals and spare parts are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials components, stores, chemicals and spare parts is determined on annual weighted average / transaction moving weighted average method.

Work-in-progress, finished goods and traded goods are valued at lower of cost and net realizable value. Cost includes cost of direct materials, labour, and a proportion of manufacturing overheads based on normal operating capacity. Cost of Work-in-progress is determined on annual weighted average basis. Cost of finished goods includes excise duty and is determined on annual weighted average basis.

By-products are valued at net realisable value.

Saleable scrap, whose cost is not identifiable, is valued at net realisable value.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(k) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Notes to financial statements (contd.) as at and for the year ended 31 March 2016

Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, which usually take place (or happens) on delivery of the goods. The Company collects sales taxes and value added taxes on behalf of the government and, therefore, they are excluded from revenue as these are not economic benefits flowing to the Company. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the Statement of Profit and Loss.

Dividends

Dividend income is recognized when the Company's right to receive dividend is established by the reporting date.

Claims / Refunds

Insurance & other claims / refunds, due to uncertainty in realisation, are accounted for on acceptance / actual receipt basis.

(l) Foreign currency translation

Foreign currency transactions and balances

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined. Investment in foreign companies are considered at the exchange rates prevailing on the date of their acquisition.

Exchange differences

Exchange differences arising on the settlement/conversion of monetary items are recognized as income or expenses in the year in which they arise.

Forward exchange contracts entered into to hedge foreign currency risk of an existing asset / liability

The premium or discount arising at the inception of forward exchange contract is amortized and recognized as an expense / income over the life of the contract. Exchange differences on such contracts are recognized in the Statement of Profit and Loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognized as income or as expense for the year.

(m) Retirement and other employee benefits

Retirement benefit in the form of Provident Fund and Superannuation Schemes are defined contribution schemes. The Company has no obligation, other than the contribution payable to the respective funds. The Company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment or a cash refund.

Gratuity liability is defined benefit obligation and is provided for on the basis of actuarial valuation done on projected unit credit method at the end of Balance Sheet date. Actuarial gains and losses are recognized in full in the year in which they occur in the Statement of Profit and Loss.

Notes to financial statements (contd.) as at and for the year ended 31 March 2016

The Company treats accumulated leaves expected to be carried forward beyond twelve months, as long term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. The Company presents the leave as current liability in the Balance Sheet, to the extent it does not have an unconditional right to defer its settlement beyond 12 months after the reporting date. Where company has unconditional legal and contractual right to defer the settlement for the period beyond 12 months, the same is presented as non current liability. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred.

(n) Income taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the Statement of Profit and Loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Minimum alternate tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under The Income-tax Act, 1961, the said asset is created by way of credit to the Statement of Profit and Loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

(o) Segment reporting

Identification of segments

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which the customers of the Company are located.

Allocation of common costs

Common allocable costs are allocated to each segment on a case to case basis applying the ratio, appropriate to each relevant case. Revenue and expenses, which relate to the enterprise as a whole and are not allocable to segment on a reasonable basis, are included under the head "Unallocated".

Notes to financial statements (contd.) as at and for the year ended 31 March 2016

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

(p) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(q) Provisions

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

(q) (a) Warranty Provisions

Provisions for warranty-related costs are recognised when the product is sold or service provided. Provision is based on historical experience. The estimate of such warranty-related costs is revised annually.

(r) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

(s) Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

(t) Derivative instruments not for trading or speculation

In accordance with the ICAI announcement, derivative contracts, other than foreign currency forward contracts covered under AS 11, are marked to market on a portfolio basis, and the loss, if any, after considering the offsetting effect of gain on the underlying hedged item, is charged to the statement of profit and loss. Gains are ignored as a matter of prudence.

(u) Excise Duty & Custom Duty

Excise duty on Finished goods stock lying at the factories is accounted for at the point of manufacture of goods and accordingly, is considered for valuation of finished goods stock lying in the factories as on the Balance Sheet date. Similarly, customs duty on imported materials in transit / lying in bonded warehouse is accounted for at the time of import / bonding of materials.

(v) Measurement of EBITDA

As permitted by the Guidance Note on the Revised Schedule VI of the Companies Act, 1956, the Company has elected to present earnings before finance costs, tax, depreciation and amortisation (EBITDA) as a separate line item on the face of the Statement of Profit and Loss. In the measurement of EBITDA, the Company does not include depreciation and amortization expense, finance costs and tax expense.

30. Interest in a joint venture

The Company has 29.34% share of interest valuing ₹413.92 lacs in its Joint Venture Company namely Pan African Paper Mills (EA) Limited, Kenya which is engaged in the manufacturing of Paper.

The Company has ceased to have joint control over the above Joint Venture Company subsequent to suspension of operations from 30th January, 2009 and in view of the circumstances arising thereafter. Accordingly, no disclosure for interest in said Joint Venture asset, liabilities, income, expenses etc. have been made in these accounts.

31. Segment information

The primary segment reporting format is determined to be business segments as the company's risks and rates of return are affected predominantly by differences in the products and services produced. Secondary information is reported geographically. The operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Accordingly, the Company has identified "Paper" and "Electrical Consumer Durables" as the business segments.

Paper – Consists of manufacture and sale of pulp, paper & board and chemicals.

Electrical Consumer Durables – Consists of manufacture / purchase and sale of Electric Fans – ceiling, portable and airflow, along with Components and Accessories thereof, Lights & Luminaries, Appliances & Switchgears.

Others – Consist of other miscellaneous business/services comprising less than 10% revenues.

The Company primarily operates in India and therefore the analysis of geographical segments is demarcated into its Indian and Overseas Operations.

35. In October 1963, the paper division of the Company had applied to the Public Work Department (Irrigation) of the Madhya Pradesh State Government for drawing water without any charge from Some River upto 1165 Million Cubic Feet (MCF) with the provision for increase upto 2500 MCF on full development of paper mill, the permission for which was granted by the State Government. In August 2000, the Madhya Pradesh State Government issued a notification and decided to levy charges on water consumption from river resources for industrial purposes with retrospective effect from June, 1998, the constitutional validity of which was challenged by the Company by way of a writ petition in the High Court of Madhya Pradesh. During the pendency of the said writ petition, the Water Resource Department (WRD) of the State Government started raising the bill for consumption of water on the basis of assumption of total quantum of water allowed to be drawn by the Company at 2500 MCF whereas, as per the Company, the quantum of water allowed to be drawn was 1165 MCF and the Company had never drawn the water even upto the initial quantity of 1165 MCF since it had not attained full development of the paper mill. One of the major reasons for not being able to achieve full development was frequent and perennial shortage of water. Based on an interim order passed by the Madhya Pradesh High Court in the aforesaid writ petition, the Company started paying water charges based on actual consumption of water (less than 1165 MCF), while the WRD of the State Government continued to raise bills on the basis of assumed consumption of 2500 MCF plus interest and penalty thereon. In January 2009, the High Court of Madhya Pradesh upheld the constitutional validity of August 2000 notification. After the aforesaid judgement, the Company paid ₹908.47 lacs being the difference amount between the assumed quantity of 1165 MCF and the actual consumption, while the WRD of the State Government continued to raise the bills on the basis of assumed quantity of water consumption of 2500 MCF till April 2009, when the Company entered into a new agreement with the WRD of the State Government for water consumption of only 440 MCF effective from May 2009. The total balance demand for the aforesaid period amounts to ₹47434.91 lacs (including interest and penalty of ₹46021.91 lacs) as at 31 March 2016, for which no provision has been made in the books. The WRD of the State Government issued a notice for recovery of aforesaid demand in February 2015, against which the Company filed a writ petition in the Madhya Pradesh High Court and obtained an interim stay on the recovery. Also, Madhya Pradesh High Court has set aside demand for penal interest in a similar case for another Company. The Company has been legally advised that it has a fit case for quashing the present demand.
