Opportunity for Specialty chemicals / Market growth drivers

Specialty chemicals are finding niche applications across textiles, industrial, infrastructure & agrochemical segments driven by the overall growth of the Indian economy.

Chinese exports have shrunk over the last few years, as there were strict penalties enforced by the Chinese Ministry of Environmental protection. This has opened up huge export opportunities for India due to its cost competitiveness, scale, reliability, R&D capability, huge pool of technical human resource & ability to customise.

Indian specialty chemicals markets saw faster growth (13% annual average), against global market growth of ~4-5% last year and has grown faster GDP in India.

As opportunities and ambitions expand, there are heightened levels of M&A interest by players across the spectrum in the specialty chemical space. The increased globalisation of the sector, sustained market opportunities and the emergence of Indian leaders are combining to create an exciting period for specialty chemicals.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONS

The Company's performance during the year shows a jump of 35.08% in profit after tax over the last year. There is a quantum jump in profitability due to Company's conscious effort to improve quality of the products as per customers' requirements which has helped in enhancing margins as well as increase in the market share. However due to the rising raw material costs the profit before tax has remained almost at the same level in the year under review. The Company is a zero debt Company with no borrowings for its local operations. Short term borrowings are restricted to need based working capital requirements. The salient indicators are as under :-

(Rs. In lakhs)

	Standalone		Consolidated	
	2015-16	2014-15	2015-16	2014-15
Income from Operations	6806.30	6,499.21	10873.30	10198.04
PBDIT	1,822.97	1,126.13	2,791.04	1,936.81

	Standalone		Consolidated	
	2015-16	2014-15	2015-16	2014-15
PAT	1,513.05	1,120.68	1,971.37	1,459.49
EPS (of Rs 2/-) (Basic & Diluted)	1.35	1.00	1.52	1.15

During the year under review the plant had smooth operations.

As per the Accounting Standard 17 issued by the Institute of Chartered Accountants of India and Companies (Accounting Standards) Rules, 2006, the Company has only one segment i.e. specialty or auxiliary chemicals and preparations which are mainly used in textile processing. The Company's products play an important role in the textile manufacturing processes. With the cautious growth expected in the textile industry in the coming year with increasing demand for chemicals needed for this industry based on the increasing expectation of quality and fashionable textile products, the Company expects a growth in turnover for the current year. However the margins continue to be under stress. The total quantitative sales in 2015-16 were 8,275 MT against 7,725 MT in 2014-15. It is pertinent to note that quantity is not a very indicative criteria to evaluate performance as the quantity may vary depending upon the concentration level of products sold.

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Fineotex Chemical Limited ("the Company") as of 31st March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over

financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors referred to in the 'Other Matters' paragraph is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's and its subsidiary companies incorporated in India's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper

management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Holding Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matter

Our aforesaid report under section 143(3) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to the subsidiary companies incorporated in India is based on the corresponding reports of the auditors of such companies.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2016

Notes:

- i. The above amounts / percentage of net assets and net profit or (loss) in respect of Fineotex Chemical Limited and its subsidiaries are determined based on the amounts of the respective entities included in consolidated financial statements before inter-company eliminations / consolidation adjustments.
 - ii. Net Assets and Share in Profit / Loss of the foreign subsidiaries are converted to INR based on the closing exchange rate.
- 33** The Consolidated Financial Statements have been prepared on the basis of unaudited Financial Statements of the Foreign subsidiary companies and audited Financial Statements of the Indian subsidiary companies provided by the Management for the purpose of consolidation.
- 34** Significant Accounting policies and notes to these Consolidated Financial Statements are intended to serve as a means of informative disclosures and a guide for better understanding of the consolidated position of the Group. Recognising this purpose, the Group has disclosed only such policies and notes from the individual Financial Statements which fairly represent the needed disclosures. Lack of homogeneity and other similar considerations made it desirable to exclude some of them, which in the opinion of the management, could be better viewed when referred from the individual Financial Statements.
- 35** The Group has not received any intimation from suppliers regarding their status under the Micro, Small and Medium Enterprises Development Act, 2006 and hence disclosures, if any, relating to amounts unpaid as at the year end together with interest paid / payable as required under the said Act could not be furnished.
- 36** Balance of sundry debtors, creditors and loans and advances are subject to confirmation, reconciliation, if any.
- 37** In the opinion of board and to the best of their knowledge and belief, the value on realisation of loans, advances and current assets in the ordinary course of business will not be less than the amount at which they are stated in the Balance Sheet.
- 38** Figures pertaining to the Subsidiary Companies have been reclassified wherever necessary to bring in line with the Company's Financial Statements.
- 39** Previous year's figures have been regrouped, rearranged and reclassified wherever necessary.
