Content clearly is indispensable for the success of a movie and it is imperative that the producers take cognisance of the changing tastes of the consumers and reassess their budgets and business models to create profitable films. The audience has become more experimental and open to new concepts, platforms and other sources of entertainment. The industry is inching closer towards digital as a potential revenue stream, which could disrupt the industry and completely alter its outlook, provided the industry is able to leverage and monetise it aptly.

As the Prime Minister's dream project of Digital India translates into reality, we are expecting the digital marketplace to grow even larger, reaching out to audiences all over India and the world. The big screen will be supported by all kinds of handset viewings and the length of films and formats will keep changing to attract viewers of different age groups and their viewing preferences. In fact, that is the future: Customized and interactive digital content at an affordable cost to the consumer.

I welcome you all to your Company's 23rd Annual General Meeting. It is a pleasure to be with you here today and to share the experiences of the year in retrospect. But more important is the fact that in the coming year we will enter our 25th year of business, a landmark we look forward to celebrating with all the stakeholders of this enterprise.

These past few years have seen some important changes in the nature of the media and entertainment business, changes that are going to fundamentally impact the future of the business and your company.

As a content maker we have traditionally had little control over the distribution process. Once we created the content we passed it on to studios and distributors who negotiated its release with exhibitors nationwide and overseas. The box office was the ultimate arbiter of the success of what we produced. And once we were able to pass that test, we released our content on television and home video.

Now, with the amazing growth of the digital universe, the whole world will be opening up for the exploitation of our content. There is a clear shift in the consumption patterns of the industry and millions of people are already watching what we make on their cell phones and laptops, tablets and desk computers. Exciting new web series and short features are currently the flavour of the season and the digital marketplace for feature films is growing apace. Even our promotional features and songs are getting a reach that far exceeds our expectations.

Your company is one of the first content makers to explore and exploit the opportunities that this expansion of the digital market offers. As the Prime Minister's dream project of Digital India translates into reality, we are expecting the digital marketplace to grow even larger, reaching out to audiences all over India and the world. The big screen will be supported by all kinds of handset viewings and the length of films and formats will keep changing to attract viewers of different age groups and their viewing preferences. In fact, that is the future: Customized and interactive digital content at an affordable cost to the consumer. Bought either by subscription or through an a la carte menu offered by streaming services.

This will mean enlarging our content offering. Both in theatres and on digital platforms that are available or will soon be available. We have already acquired the technology for distribution and online streaming and intend to put that out once we have adequate content offering of different formats in our library and the emerging business model for streaming acquires a more predictable nature.

The future looks quite rewarding but everything will depend on how the new digital scenario eventually pans out. The entire media and entertainment business is likely to go through a further sea change. Your company will be no exception. We are preparing ourselves for this transformation which is likely to yield better working results in years to come.

This statement will be incomplete without thanking all our stakeholders. We are slowly recovering from a difficult phase and it is the management's belief that results will continue to improve as we go along. I thank you, our shareholders. I thank our bankers, our business associates, our clients, our consumers, and all members of Team PNC who have worked so hard to keep pace with the changing scenario of the business. We look forward to bettering our performance as we go ahead.

Thank you for being here today and for being part of this annual occasion when we meet, talk, share our views. If there is anything more you may want to know, please feel free to contact our Vice President Yatender Verma at verma@pritishnandycom.com. The company's official internet site will continue to keep you informed of all developments on a regular, day to day basis.

AUDITOR'S REPORT

The Auditor's Report does not contain any qualifications, reservations or adverse remarks.

In the Emphasis of Matter paragraph, the auditor has stated:

We draw attention to note 32 on the standalone financial statements which describes the facts related to the arbitration proceedings initiated by the Company against Prasar Bharati, on account of wrongful encashment of bank guarantee of ₹ 75,050,000. The Company has obtained a legal opinion from Justice AM Ahmadi, former Chief Justice of Supreme Court of India, which supports the Company's stand that the amount is fully recoverable and hence no provision is made there against.

We further draw attention to note 37 on the standalone financial statements which relates to investment in subsidiary company PNC Wellness Ltd. The investment in this subsidiary stands at ₹ 29,100,000 whereas the net worth of the subsidiary is ₹ 10,768,360 as at March 31, 2016. The management considers the diminution in value of this investment as of temporary nature, in view of its commitment to the business in the new form. In view of this no provision for diminution in value of investment, which is considered temporary, is made at this stage.

We further draw attention to note 38 on the standalone financial statements which describes the facts related to the legal proceedings initiated by the Company for the recovery of advance amounting to ₹ 15,000,000. The management considers the same as good and fully recoverable. The legal opinion obtained by the Company supports this. We have relied on the opinion and consequently the Company has not made provision of any amount there against.

Our opinion is not modified in respect of these matters.

Your Directors confirm that the matters referred to in the segment relation to Emphasis of Matter by the independent auditors in their report have been clarified in notes 32, 37 and 38 on the financial statement forming part of the Balance Sheet and Statement of Profit and Loss, and are self explanatory and reproduced below.

NOTE 32

Arbitration proceedings initiated by the Company against Prasar Bharati on account of wrongful encashment of bank guarantees of ₹ 75,050,000 were ongoing before former Chief Justice YV Chandrachud. The parties completed the pleadings before the Arbitrator but unfortunately he passed away in July 2008 while the cross examinations were on. The Company had filed a petition before the Hon. High Court at Bombay for appointment of a Sole Arbitrator in place and stead of Justice Chandrachud in January 2009. The Bombay High Court appointed Justice BN Srikrishna, former Judge of Supreme Court of India as Sole Arbitrator vide order dated November 27, 2009 and the arbitration proceedings are ongoing. Opinion obtained by the Company from Justice AM Ahmadi, former Chief Justice of the Supreme Court of India, supports the Company's stand that the amount is fully recoverable. In view of this, the management of the Company does not consider it necessary to make a provision there against in the accounts. The Company is showing amount withheld by Prasar Bharti as "Long Term Loans and Advances".

NOTE 37

Investment in wholly owned subsidiary, PNC Wellness Ltd

The Company has an investment of ₹ 29,100,000 (last year ₹ 29,100,000) in equity shares of wholly owned subsidiary viz PNC Wellness Ltd. The net worth of this subsidiary is ₹ 10,768,360 as on March 31, 2016.

This subsidiary company owns the wellness brand Moksh and sub brands like Power Yoga, Passion Yoga, Cool Yoga, Couple Yoga etc. This subsidiary is in the process of realigning its business through the digital medium and is in an ongoing dialogue with others in the wellness segment to develop a non-rental model which delivers wellness services to customers without depending on the uncertainty of increasing costs relating to rental premises. This subsidiary company has obtained a valuation report from M/s Dharmendra Molani & Co, Chartered Accountants, valuing the business enterprise at ₹ 216.30 lakh. The management is of the view that the diminution in net worth of this subsidiary is temporary and transient and not of a permanent nature. Therefore the management considers the investment as fully realisable.

NOTE 38

Loans and Advances of ₹ 15,000,000 against the Music, Asian and Indian Satellite rights of a film, where the Company has lien over the exploitation of the said rights. The Company has filed a Summary Suit with the Hon. High Court at Bombay which is pending hearing and disposal. The management considers the same is good and fully recoverable. Legal opinion obtained by the Company from SF Rego, Judge (Retired), City Civil and Sessions Court, Mumbai, supports this and consequently no provision has been made in the accounts at this stage. The Company is showing this amount as "Long Term Loans and Advances".

OVERVIEW

The Indian film industry has always displayed a strong potential for growth. The current industry scenario has encouraged several innovations in content production which are clearly backed by a growing acceptance by the audience. Good, intelligent, sharp content is meeting commercial success side-by-side with traditional content. This encourages your Company to go back to its roots, re-align itself with the audience's new acceptances and focus on making good cinema which can cut through clutter as well as mass reach cinema which may have commercial appeal across audiences. Your Directors believe that your Company has the capability, expertise and experience to emerge as one of the leading companies in this renewed entertainment industry.

1. INDUSTRY, SEGMENT-WISE PERFORMANCE, OPPORTUNITIES AND OUTLOOK

a. CONTENT

With an upward-looking global economic environment and a stable central government, the country's current financial outlook and business sentiment appears encouraging. With positive demographics enhancing consumer base, a strong macro-economic outlook, business friendly regulatory environment, the requisite ingredients are in place to power the Indian entertainment industry to greater heights. Given this strong fundamental backdrop, the medium term outlook for the entertainment sector is upbeat.

During the year we passed through a learning curve and focused our energies on understanding the exhaustive process of getting a film by the Central Board of Film Certification. We are working on becoming a trend-setting content production house and getting our slate right to release at least one movie each year. We are now moving a step forward and becoming even more productive by understanding the system and streamlining the organization. Our aim is to explore how best we can leverage PNC's competitive strengths to create entertainment products across multiple exploitation platforms.

During the year of March 31, 2016, the film titled 'Mastizaade' featuring Sunny Leone, Tushar Kapoor, Vir Das and Riteish Deshmukh in a special appearance released worldwide. The film did average business at the box office.

Our key growth driver are innovating ideas and storylines that are appealing and cater to the shifting and constantly changing audiences' choices. Movies with strong and differentiated content are getting appreciated both critically as well as commercially.

Your Company's core activity is creating and marketing content across all platforms. With the growth of multiplexes providing a larger platform for the first exhibition of cinematic content and with digitization and hand held devices opening up a wide range of new delivery systems, the entertainment industry and the Company's opportunities to create and distribute new content products continues to grow. Emerging media are opening up new avenues of revenue. Broadband, IPTV and DTH subscriptions are growing exponentially. Depending on the opportunities available, the Company will seek to enhance and/or diversify its focus on multiple content platforms.

The Company continues to focus on film content and several projects are at advanced pre-production stage being planned to move into production shortly. The Company has the capability, skill sets and experience to emerge as a leader in the entertainment industry.

b. DIGITAL AND WELLNESS: The Company has two subsidiaries viz. PNC Digital Ltd and PNC Wellness Ltd.

PNC Digital Ltd

There has been no material change in the nature of the business of this subsidiary. Its principal business is creating content for digital streaming, setting up a delivery system for digital streaming and running the business of content streaming as well as any other technology business using the internet as its primary delivery platform, including any further innovations in the broad field of web technology. In April 2015 this subsidiary identified and entered into an arrangement with an investor who was ready to invest in the exploitation of Ogle worldwide. To enable this exploitation a joint venture company, Ogle Technologies Ltd, was incorporated at British Virgin Islands. This subsidiary owns 51% of the issued and paid up capital of Ogle Technologies Ltd. The commercial exploitation of Ogle will be taken up and conducted by Ogle Technologies Ltd. The launch of Ogle has not yet commenced due to operational reasons beyond the management's control. However the subsidiary has launched and is actively pursuing the business of creating content for digital streaming through its existing content creation abilities.

PNC Wellness Ltd

There has been no material change in the nature of the business of this subsidiary. During the year, the Company operated only in one business segment, i.e. wellness segment. Although there was no revenue generation, this subsidiary company owns the wellness brand Moksh and sub brands like Power Yoga, Passion Yoga, Cool Yoga, Couple Yoga etc. This subsidiary is in the process of realigning its business through the digital medium and is in an ongoing dialogue with others in the wellness segment to develop a non-rental model which delivers wellness services to customers without depending on the uncertainty of increasing costs relating to rental premises. The Company has obtained a valuation report from M/s Dharmendra Molani & Co, Chartered Accountants, valuing the business enterprise at ₹ 216.30 lakh. The Holding Company is facilitating and supporting the revival of this subsidiary's business.

2. RISKS, CONCERNS AND THREATS

The content business is risk-prone. Shifting audience preferences has made the market fickle and unpredictable with films having shorter windows for garnering revenues at the time of their first theatrical release and with distributors reluctant to take risks by paying minimum guarantees upfront. The Company is therefore focusing on strategies for recovering its investment in content prior to or at the time of a film release. The Company however plays a vital role in designing the marketing and distribution of its films.

Digital Piracy suddenly has become a serious risk in this business.

The Company continues its multi-product portfolio approach to minimize and manage the inherent risks of the business. The Company is also constantly researching audience tastes and creating innovative products that can meet the challenge of changing audience expectations through constantly changing technology.

3. INTERNAL CONTROL SYSTEMS, THEIR ADEQUACY AND RISK MANAGEMENT

The Company has adequate internal control systems in place. These systems constantly assess and vet creative ideas. There is collective responsibility at every stage of decision making and a Corporate Leadership Team including all the department heads examines and clears each project for implementation. Your Company has in place an adequate system of internal controls with documented procedures covering all corporate functions. Systems of internal controls are designed to provide reasonable assurance regarding the effectiveness and efficiency of operations, the adequacy of safeguards for assets, the reliability of financial controls and compliance with applicable laws and regulations.

Adequate internal control measures are in the form of various policies and procedures issued by the management covering all critical and important activities viz. revenue management, production operations, purchase, finance, compliances, human resources, safety, etc. These policies and procedures are updated from time to time and compliance is monitored by internal audit. The effectiveness of internal controls is reviewed through the internal audit process, which is undertaken for every operational activity. The focus of these reviews is as follow:

- Identify weakness and areas of improvement
- Compliance with defined policies and processes
- Safeguarding of tangible and intangible assets

We draw attention to note 32 on the standalone financial statements which describes the facts related to the arbitration proceedings initiated by the Company against Prasara Bharati, on account of wrongful encashment of bank guarantee of ₹ 75,050,000. The Company has obtained legal opinion from Justice AM Ahmadi, former Chief Justice of Supreme Court of India, which supports the Company's stand that the amount is fully recoverable and hence no provision is made there against.

We further draw attention to note 37 on the standalone financial statements which relates to investment in subsidiary company "PNC Wellness Ltd". The investment in this subsidiary stands at ₹ 29,100,000 whereas the net worth of the subsidiary is ₹ 10,768,360 as at March 31, 2016. The management considers the diminution in value of this investment as of temporary nature in view of its commitment for the business in the new form. In view of the proposed business plans of the subsidiary company no provision for diminution in value of investment, which is considered temporary, is made at this stage.

We further draw attention to note 38 on the standalone financial statements which describes the facts related to the legal proceedings initiated by the Company for the recovery of advance amounting to ₹ 15,000,000. The management considers the same as good and fully recoverable. The legal opinion obtained by the Company supports this. We have relied on the opinion and consequently the Company has not made provision of any amount there against.

Our opinion is not modified in respect of these matters.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our Report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Pritish Nandy Communications Ltd ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Company is engaged in the production/ making of cinematic and television content, which requires various types, qualities and quantities of raw materials and inputs in different denominations. Due to the multiplicity and complexity of the items it is not practicable to maintain the quantitative record/ continuous stock register, as the process of making content is not amenable to the same. Hence quantitative details are not maintained. Physical stock of finished content is taken at the end of year.

NOTE 32

Arbitration proceedings initiated by the Company against Prasar Bharati on account of wrongful encashment of bank guarantees of ₹ 75,050,000 were ongoing before former Chief Justice YV Chandrachud. The parties completed the pleadings before the Arbitrator but unfortunately he passed away in July 2008 while the cross examinations were on. The Company had filed a petition before the Hon. High Court at Bombay for appointment of a Sole Arbitrator in place and stead of Justice Chandrachud in January 2009. The Bombay High Court appointed Justice BN Srikrishna, former Judge of Supreme Court of India as Sole Arbitrator vide order dated November 27, 2009 and the arbitration proceedings are ongoing. Opinion obtained by the Company from Justice AM Ahmadi, former Chief Justice of the Supreme Court of India, supports the Company's stand that the amount is fully recoverable. In view of this, the management of the Company does not consider it necessary to make a provision there against in the accounts. The Company is showing amount withheld by Prasar Bharti as "Long Term Loans and Advances".

NOTE 33

Accounting Standard (AS) 26 on "Intangible Assets" states that in the absence of persuasive evidence, there is presumption that intangible assets have a useful life of 10 years. In respect of cinematic content, the Company has persuasive evidence that the useful life of cinematic content is over 20 years.

The management has considered the following factors viz. the expected usage of the asset by the enterprise, typical product life cycles, technical, technological or other types of obsolescence, expected actions by competitors or potential competitors, the level of maintenance expenditure required to obtain the expected future economic benefits from the asset, the period of control over the asset, the useful life of the asset and for reasons viz. shelf lives of movies have substantially increased since 2000, getting better value for longer lease in excess of ten years, emergence of channels dedicated only for featuring content more than ten years old, growth in the number of distribution channels, rapid multiplication of remaking, animation and other new versions etc., and hence is of the view that the useful life of the cinematic content is 20 years. Hence, amortisation of ₹ 156,703,165 in respect of cinematic content having life of more than 10 years, is not required to be made. The Company is in line with International Accounting Practices and is a step towards complying with IFRS norms.

The details of cinematic and television content is as under

	Cinematic content ₹	Television content ₹	Total ₹
Gross carrying amount as at April 1, 2015	1,813,540,769	811,389,424	2,624,930,193
Add: Additions during the year 2015-16	44,592,897	0	44,592,897
Total	1,858,133,666	811,389,424	2,669,523,090
Less: Amortised up to March 31, 2015	1,299,414,872	788,389,424	2,087,804,296
Less: Amortised during the year 2015-16	73,386,237	0	73,386,237
Net carrying amount as at March 31, 2016	485,332,557	23,000,000	508,332,557

Based on a review of estimates of future realisations taken as a whole, the management is of the view that future recoverable amount from content rights to be more than its carrying unamortised cost of content. Hence, no impairment/ write down is considered necessary on this account.

There is no individual content that is material to the financial statements of the Company as a whole. There is no content whose title is restricted. The content was pledged to Yes Bank Ltd as security for overdraft facility of ₹ 50,000,000.

ANNEXURE A TO INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of Independent Auditors' Report on consolidated financial statements of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Pritish Nandy Communications Ltd ("the Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company and its subsidiary companies, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTE 32

Arbitration proceedings initiated by the Company against Prasar Bharati on account of wrongful encashment of bank guarantees of ₹ 75,050,000 were ongoing before former Chief Justice YV Chandrachud. The parties completed the pleadings before the Arbitrator but unfortunately he passed away in July 2008 while the cross examinations were on. The Company had filed a petition before the High Court at Bombay for appointment of a Sole Arbitrator in place and stead of Justice Chandrachud in January 2009. The Bombay High Court appointed Justice BN Srikrishna, former Judge of Supreme Court of India as Sole Arbitrator vide order dated November 27, 2009 and the arbitration proceedings are ongoing. Opinion obtained by the Company from Justice AM Ahmadi, former Chief Justice of the Supreme Court of India, supports the Company's stand that the amount is fully recoverable. In view of this, the management of the Company does not consider it necessary to make a provision there against in the accounts. The Company is showing amount withheld by Prasar Bharti as "Long Term Loans and Advances".

NOTE 33

Accounting Standard (AS) 26 on "Intangible Assets" states that in the absence of persuasive evidence there is a presumption that intangible assets have a useful life of 10 years. In respect of cinematic content, the Company has persuasive evidence that the useful life of cinematic content is over 20 years.

The management has considered the following factors viz. the expected usage of the asset by the enterprise, typical product life cycles, technical, technological or other types of obsolescence, expected actions by competitors or potential competitors, the level of maintenance expenditure required to obtain the expected future economic benefits from the asset, the period of control over the asset, the useful life of the asset and for reasons viz. shelf lives of movies have substantially increased since 2000, getting better value for longer lease in excess of ten years, emergence of channels dedicated only for featuring content more than ten years old, growth in the numbers of distribution channels, rapid multiplication of remaking, animation and other new versions etc., is of the view that the useful life of the cinematic content is over 20 years. Hence, amortisation of ₹ 155,328,685 is not required to be made. The Company is in line with International Accounting Practices and this is a step towards complying with IFRS norms.

The details of cinematic and television content is as under

As the audience gets more discerning, the multiplex experience would be reserved for the big budget films and the smaller films would be consumed via personal devices. In short, the digital penetration would create a more democratic environment for the sector, giving a thrust to the small budget good content films. Thus, in order to maximise returns from digital platforms, it is important for the digital players to chalk out a scalable model whereby Indian users can see value in paying for content.
