The water scarcity problem in the village realised by the students and collected contribution for construction of check dam in village Salai (K) under Design for Change Programme.

Raju Latare, a farmer from village Antargaon became a resource farmer and guided many farmers as a torch bearer.

Construction of check dam not only increases the groundwater table but also serves as the source of irrigation for the resource poor farmers.

Small Producers Agri Resource Center (SPARC) serves as agri implement bank for the small and marginal farmers in village Akoli.

Construction of Bio-Gas not only saves the women from drudgery involved in cooking as well as collecting the fuelwood but also helps them in maintaining a clean environment.

Change in the cropping pattern and mixed cropping gave the confidence to farmers to mitigate the vagaries of nature and assured them an income in case the other failed.

Self Help Group women initiated income generation activities like making incense stick to support their families.

Dear Shareholders,

Since the latter half of the last financial year, the sugar industry has seen a healthy upswing globally. Sugar prices for the first time has crossed US 20 cents to a pound since October 2012. This is a long way forward from 15 cents to a pound witnessed at the beginning of the year. There has been a contraction in global production of sugar and a weak harvest in Brazil. In contrast, there has been a definitive rise in consumption of sugar in India and China. Based on this, the price surge is expected to remain till next year. In this backdrop, where till now the global sugar industry was in a very slack condition in the past three to four years is now looking forward to an improved realisation in the immediate future. It is our firm belief, based on the healthy rise of global prices, the sugar industry would witness a revival that in a very positive manner would create opportunities for the domestic sugar industry as well.

Back home in the domestic market, the sugar industry has also witnessed a very encouraging environment with improvement in cash flow. Being the second largest agro-based industry in India and over 500 million people dependent directly or indirectly, the improvement in its health would have very positive collateral benefits for the Indian economy as a whole.

The domestic sugar industry's production and sales volumes (including exports) during sugar year 2015-16, i.e. October 2015 to September 2016 is likely to be around 25 million MT and 27 million MT, respectively leading to inventory reduction of about 2 million MT. This demand supply gap would help reduce the surplus carry-over sugar inventory which in turn will help sustain the improved realisations from sugar sales.

With a healthy and more stable foundation of the twin benefits of higher recoveries and better realisations, the industry to address the three main focus areas. First would be to reduce the industry debt estimated to be over ₹ 51,000 crore accumulated in the last five years. As per industry body

ISMA, it is expected that the sugar industry may reduce its debt by ₹ 10,000 to 15,000 crore over the next twelve months. Second, the role of our sugarcane farmers in sustaining the health of the industry is an imperative necessity. Given the optimistic environment wherein 92 percent dues till June 2016 have already been paid to the sugarcane farmers by the mills. As a result, sugarcane arrears have nosedived from ₹ 21,800 crore last year to ₹ 4,230 crore at present (till June 2016). Third, there has been a dire need for plant modernisation in many mills, the added topline would help boost meet the capital expenditure requirement to address this priority need.

The export incentives provided last year saw a spurt in sugar exports. However, with domestic prices increasing fast, there was a sluggish interest for exports and a further export duty imposed recently has made exports almost non-viable. Analysts believe there should not be any remarkable change in domestic prices of sugar and though government estimates a fall in sugar production for 2016-17, there would be enough inventories due to carry-over stock that would prevent any unforeseen spike in domestic sugar prices.

Maintaining profitability of the sugar industry is extremely essential for survival of more than 50 million farmers and their families across all states of the country and around 2 million employees/workers and their families directly or indirectly dependent on the sugar industry. Profitability of the sugar industry is equally important to repay the bank loans without which payment to lenders and also others dependent on sugar industry will be impacted.

At this juncture, as a leader in the sugar industry, we would also wish to highlight the importance of a complete implementation of the Rangarajan Committee proposals, which the government needs to execute. The industry has welcomed them earlier and given the favourable situation today, this could be an opportunity to bring in the much-needed reforms. We would continue to support and push for any positive policies aimed for the overall industry and reforms that are best suited when the financial viability is improving, especially in the short to medium term.

Your Company, with its dedicated family of employees has consistently focussed on excellent corporate practices. As a market leader, we continue to share the same responsibilities in playing an important role in India's growth story. A reflection of our firm intent is expressed through the Company's increase in production and sales of sugar in the period 2015-16. During the year ended March 31, 2016, your Company crushed 10.922 MMT of sugarcane. The average recovery of sugar from sugarcane was higher at 10.32 percent as against 9.38 percent in the previous year. During this period, your Company produced 11,36,070 MT of sugar and 5,33,219 MT of molasses. Further, the Company sold 12,96,466 MT of sugar and 1,17,968 MT of molasses as against 12,39,186 MT of sugar and 33,684 MT of molasses during the previous year.

As always, your support has been overwhelming in seeing us through the downturn in the recent past. We believe the present upsurge in the sugar industry would enable us to focus on improving production and better financial management that would supplement us in maintaining our leadership role as an important player in the sugar industry in India.

Warm regards,

Kushagra Bajaj

3. Pump having smaller capacity installed at UGR for water re-circulation during off season which saved approximately 50% of previous power consumption.
4. Steam carrying lines are insulated to minimise heat loss.
5. Power Capacitors were installed in the Power House & all Motor Control Centres in all Sections & maintained Power Factor between 0.93 and 0.95 to reduce the Power Consumption.
6. Grease is used at Mills as lubricator which reduces the consumption of lubricant & same time pollutant load on ETP also get reduces.
7. Installed Sugar Engineering Device make auto system to reduce power consumption by reduction of injection water consumption.
8. Installation of auto shut off system for underground water reservoir pumps.
9. Arrangements made for use of surplus hot water in place of fresh water during chemical boiling etc.
10. Maximum utilisation of bio gas in 30 TPH Boiler to save bagasse consumption.
11. 100% circulation of cooling water to reduce the use of ground water and borewell running.
12. Variable Frequency Drives are installed at Boilers in 1x80 TPH & ID Fan of 1x50 TPH and Dyno Drives for Bagasse Feeder, VFDs installed at Rake & Cane Carriers of Mill for reduction in Power Consumption.
13. Online Stake Emission Monitoring Systems installed on Chimneys of Three (03) Boilers to as online data is required to UPPCB.
14. Use of Molasses Coolers to cool down Molasses before Storage.

(ii) Steps taken by the Company for utilising alternate sources of energy:

Bio gas used in 30 TPH Boiler.

(iii) Capital investment on energy conservation equipment: Nil

B. Technology absorption:

(i) Efforts made towards technology absorption:

Research and Development (R&D): Under Sugarcane Research & Development, specific areas in which R&D is carried out by the Company during the year ended March 31, 2016 were accelerated as under:

1. Application of organic manure & micro nutrients.
2. Seed multiplication in nurseries.
3. Foliar spray on sugar cane crop.
4. Dust separating screens has been installed at sugar hoppers to screen out dust from hopper sugar.
5. Modification done in 3500 Sq. M FFE Juice Circulation Line to avoid the leakages and reduce the breakdowns.
6. Modification done in spray pumps delivery headers to equalise the headers pressure to get better efficiency of mist cooling.
7. Installation of 60 Cu.M/Hr capacity cooling tower done to cool & reuse the surplus condensate water.
8. Preparation of Lagoon of Cap.11000 Cu.M holding done for treated Effluent to achieve the ZLD Norms.
9. Installation of 2 Nos. 20 Cu.M/Hr capacity vertical pumps done to recover the SHWW condensate water to reduce the effluent.
10. Plant is upgraded, the production of L grade sugar as per market requirement for better realisation.
11. A few new cane varieties Co 0238, Co 0018, Co 98014 in early group and CoJ 88 in general group were introduced in our area.
12. Magnet is installed at both hoppers with modification in its feeding chute.
13. Electronic Weighbridges were introduced in the year 2012-13 and they are running successfully at our centres for cane weightment.
14. Use of preventive maintenance - management tools for reduction of maintenance cost specially at our cane handlings equipment (Cane un-loaders).
15. Synchronisation of back-up power source of DG set.
16. Existing Cooling system of "Pan Circulator" have been modified from air cooled to water cooled.
17. "On line monitoring" of ETP effluent after treatment.
18. Introduced Zero Budget Natural Farming concept in the area in order to reduce farmers input cost and increase & sustain sugarcane productivity.
19. Internal design modification in Batch type Sulphur Furnace has been conducted.
20. Rain water harvesting & recirculation of hot and cold water reduces the use of ground water and same time its reduces the generation of effluent.
21. 100% GPS survey was organised for cane survey.

(ii) Benefits derived like product improvement, cost reduction, product development or import substitution:

1. Sugar recovery increased.
2. Average cane yield increased.
3. Lower cost of cultivation of sugar cane.
4. Quantity of dust in bagged sugar minimised to a greater extent
5. Leakages avoided, unknown sugar losses & breakdowns eliminated.
6. Spray water temperature reduced and Efficiency of PANs & Evaporators increased.
7. Got surplus cooled water and reused it in process.
8. Treated effluent stored and reused for horticulture purpose and helped us to fulfil the ZLD Norms.
9. Reduction in effluent generation.
10. Our total sale to buyers is increased in comparison to last year and also help us in improving our total realisation.
11. Introduction of new high sugar yielding varieties helped in achieving good sugar recovery in comparison to last year and help us in replacement / reduction of old deteriorating varieties to help in maintaining the proper varieties balance.
12. Magnetic particle loading reduced in the final product to maximum extent and has improved the quality of sugar.
13. Saved stationery and have controlled the advance purchasing at out centres.
14. On cane handling equipment, using preventive maintenance measures; zero failure of electrical drives has been achieved since last two years.
15. At backup power system synchronisation enhance the capacity utilisation of DG set during plant emergency.

16. There is a net fall of 15°C of gear box lube oil in the existing Cooling system of "Pan Circulator" resulting into enhance the equipment life cycle as well increase in up time.
17. Online monitoring helpful in instance trend of BOD & COD of treated effluent, also this is a statutory requirement.
18. Zero Budget Natural Farming helps in bringing down the cost of sugarcane cultivation while improving the soil fertility as well as productivity of sugarcane.
19. Problem of sulphited juice heater choking has been removed.
20. Reduced the use of ground water and same time its reduces the generation of effluent.
21. Reduction in labour cost and increment in the production of sugarcane due to application of mechanised techniques.

Corporate Governance Report

(Pursuant to Schedule V(c) of Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations 2015 (SEBI (LODR) Regulations 2015))

Tenets of Company's Corporate Governance philosophy

We strongly believe that retaining and enhancing stakeholder trust is indispensable for sustained corporate growth. Maximising the shareholder value while safeguarding and promoting the interests of other stakeholders and maintaining a resolute commitment to ethics and code of conduct forms the nucleus of the Company's Corporate Governance philosophy. For the Company, adherence to Corporate Governance stems not only from the letter of law but also from our inherent belief in doing fair business the right way. Bajaj Hindusthan Sugar Limited (Bajaj Hindusthan Sugar/BHSL) is in full compliance with the Corporate Governance norms and disclosures mentioned in Chapter IV of SEBI (LODR) Regulations 2015. We report our financial results and other relevant disclosures/developments in a clear and timely manner through print and electronic media. The Company files its quarterly, half yearly, annual results, quarterly shareholding patterns in the manner and within such time as prescribed in the SEBI (LODR) Regulations 2015. The Company's policies on Corporate Governance and compliance thereof in respect of specific areas for the financial year ended March 31, 2016, in the format prescribed by SEBI (LODR) Regulations 2015 are set out below for the information of the shareholders and investors of the Company. The fundamental theme of Corporate Governance at Bajaj Hindusthan Sugar is the nature and extent of accountability of people in the business. The tenets of honesty, transparency and fairness have been entrenched into the corporate culture and each of its associate to ensure adherence to the following main principles of Corporate Governance:-

- **Rights and equitable treatment of shareholders:** To respect the rights of shareholders and help shareholders to exercise those rights by openly and effectively communicating information and by encouraging shareholders to participate in general meetings.
- **Interests of other stakeholders:** To recognise that the Company has legal, contractual, social, and market driven obligations to the non-shareholder stakeholders comprising external stakeholder groups represented by investors, lenders, trade creditors, suppliers, customers, communities affected by the Company's activities, policy makers, etc. on the one hand and the internal stakeholders represented by the Board of Directors, executives and other employees on the other.
- **Role and responsibilities of the Board:** The Board possesses sufficient relevant skills and understanding to review and challenge management performance with appropriate levels of independence and commitment.
- **Integrity and ethical behaviour:** To practice that integrity is a fundamental requirement in choosing corporate officers and board members. The Company has developed a code of conduct for its Directors and executives that promotes ethical and responsible decision-making.
- **Disclosure and transparency:** The roles and responsibilities of Board and Management are clearly defined, make publicly disseminated to provide stakeholders with a level of accountability. All the material matters concerning the organisation are timely disclosed and balanced to ensure that all investors have access to clear, factual information.

Towards this end, all the Directors and Senior Management are committed to adhere to the Company's Code of Conduct and Code for Prevention of Insider Trading. The Management always aims at seeking practical solutions with the objective of strengthening corporate and board governance within the existing framework.

Meeting of Independent Directors

As stipulated by the Code of Independent Directors under the Companies Act, 2013 and the SEBI (LODR) Regulations 2015, a separate meeting of the Independent Directors of the Company during the calendar year 2015 was held on February 12, 2015 to review the performance of Non-Independent Directors (including the Chairman) and the Board as whole. The Independent Directors also reviewed the quality, content and timeliness of the flow of information between the Management and the Board and its Committees which is necessary to effectively and reasonably perform and discharge their duties.

Agenda

All the meetings are conducted as per well designed and structured agenda. All the agenda items are backed by necessary supporting information and documents (except for the critical price sensitive information, which is circulated at the meeting) to enable the Board to take informed decisions. Agenda also includes minutes of the meetings of all the Board Committees and Subsidiaries for the information of the Board. Additional agenda items in the form of "Other Business" are included with the permission of the Chairman. Agenda papers are generally circulated seven days prior to the Board Meeting. In addition, for any business exigencies, the resolutions are passed by circulation and later placed in the subsequent Board Meeting for noting and made part of the minutes of such meeting.

Invitees & proceedings

Apart from the Board members, the Company Secretary and the CFO are invited to attend the Board Meetings. Other senior management executives are called as and when necessary, to provide additional inputs for the items being discussed by the Board. The CFO makes presentation on the quarterly and annual operating and financial performance and on annual operating & capex budget. The Managing Director, CFO and other senior executives make presentations on capex proposals & progress, operational health & safety and other business issues. The Chairman of various Board Committees brief the Board on all the important matters discussed and decided at their respective committee meetings, which are generally held prior to the Board Meeting.

Post meeting action

Post meetings, all important decisions taken at the meeting are communicated to the concerned officials and departments. Action Taken Report is prepared and reviewed periodically by the Company Secretary for action taken/pending to be taken.

Support and role of Company Secretary

The Company Secretary is responsible for convening the Board and Committee meetings, preparation and distribution of Agenda and other documents and recording of the Minutes of the meetings. He acts as interface between the Board and the Management and provides required assistance and assurance to the Board and the Management on compliance and grievance aspects.

Induction & training of Board members

On appointment, the concerned Director is issued a Letter of Appointment setting out in detail, the terms of appointment, duties, responsibilities and expected time commitments. Each newly appointed Independent Director is taken through a formal induction programme including the presentation from the Chairman & Managing Director on the Company's manufacturing, marketing, finance and other important aspects. The Company Secretary briefs the Director about their legal and regulatory responsibilities as a Director. The induction for independent Directors include interactive sessions with Executive Committee Members, Business and Functional Heads, visit to the manufacturing site etc. On the matters of specialised nature, the Company engages outside experts/consultants for presentation and discussion with the Board members.

Familiarisation programmes for Independent Directors

Independent Directors have been explained about their roles, rights, responsibilities in the Company through detailed presentations on the changes in backdrop of Companies Act 2013 and SEBI (LODR) Regulations 2015. The Board including all Independent Directors were provided with relevant documents, reports and internal policies to enable them to familiarise with the Company's procedures and practices from time to time. Updates on relevant statutory changes on laws concerning the Company are informed to the entire Board on regular intervals. The Independent Directors are facilitated to meet without the presence of the Company's management to discuss matters pertaining to the Company's affairs. The Board including Independent Directors is also updated periodically on Related Party Transactions and their rationale, Litigation update, various Policies and Standard Operating Procedures of the Company, Entity Level Risk, Risk Mitigation Plans, etc.

The details of such familiarisation programmes for Independent Directors are posted on the website of the Company and can be accessed at www.bajajhindusthan.com

Evaluation of the Board's performance

During the financial year, the Board adopted a formal mechanism for evaluating its performance and as well as that of its Committees and Individual Directors, including the Chairman of the Board. The exercise was carried out through a structured evaluation process covering various aspects of the Boards functioning such as composition of the Board & Committees, experience and competencies, performance of specific duties and obligations, governance issues etc. Separate exercise was carried out to evaluate the performance of individual Director, including the Board Chairman who were evaluated on parameters such as attendance, contribution at the meetings and otherwise, independent judgement, safeguarding of minority shareholders interest etc. The evaluation of the Independent Directors was carried out by the entire Board and that of the Chairman and Non-independent Directors were carried out by the Independent Directors. The Directors were satisfied with the evaluation results, which reflected the overall engagement of the Board and its Committees with the Company.

Code of conduct

The Company has adopted a Code of Conduct for the Directors and senior management of the Company. The same has been posted on the website of the Company. The members of the Board and senior management of the Company have submitted their affirmation on compliance with the Code for the effective period. The Declaration by the Chairman & Managing Director to that effect forms part of this Report.

Prevention of insider trading code

As per SEBI (Prohibition of Insider Trading) Regulation, 2015, the Company has adopted a Code of Conduct for Prevention for Insider Trading. All the Directors, employees at Senior Management and other employees who could have access to the unpublished price sensitive information of the Company are governed by this code. The trading window is closed during the time of declaration of results and occurrence of any material events as per the code. The Company has appointed Mr. Kausik Adhikari, Deputy Company Secretary as Compliance Officer, who is responsible for setting forth procedures and implementation of the code for trading in Company's securities. During the financial year under review, there has been due compliance with the said code.

Disclosure of commodity price risks/foreign exchange risk and commodity/foreign exchange hedging activities

A. Commodity risks and hedging:

Sugar is traded in spot and future markets on commodity exchange both in the Indian and Global commodity markets. Most of the Company's sugar trade is however concentrated in domestic spot markets.

As per the Industry's convention, in domestic market, Physical Sugar is mostly traded on spot basis on prevailing physical sugar prices and is not through exchange (spot or futures market) barring miniscule trade of Institutional trade through exchange.

The company is exposed to usual price risk associated with fluctuations in sugar prices.

B. Foreign exchange risks and hedging:

The Company does not have material foreign exchange risk in the normal course of its business. The Company also does not have any foreign currency loans.

Hedging through forward/futures contracts is done as and when need arises for booking the exposure arising out of imports/exports.

Steps for prevention of insider trading practices

In compliance with the SEBI (Prevention of Insider Trading) Regulations as amended in 2015, the Company has issued a comprehensive set of guidelines after incorporating the amendments prescribed by SEBI, advising and cautioning management staff and other relevant business associates on the procedure to be followed while dealing in equity shares of Bajaj Hindusthan Sugar Limited and disclosure requirements in this regard. The Company believes that "The Code of Conduct for Regulating, Monitoring and Reporting of Trading by Insiders" and "The Code of Practices & Procedures for Fair Disclosure of Unpublished Price Sensitive Information" that it has framed in this regard will help in ensuring compliance with the amended SEBI regulations.

Disclosure of the compliance with corporate governance requirements

The Company has complied with corporate governance requirements specified in Regulation 17 to 27 of the SEBI (LODR) Regulations 2015. The Company also disseminated all the information as required under clauses (b) to (i) of sub regulations (2) of regulation 46 of SEBI (LODR) on its website www.bajajhindusthan.com.

Disclosures with respect to demat suspense account/unclaimed suspense account

Unclaimed dividends up to 1995-96 have been transferred to the General Revenue Account of the Central Government. Those who have not encashed their dividend warrants for the period prior to including 1995-96 are requested to claim the amount from Registrar of Companies – Maharashtra, CGO Building, 2nd Floor, "A" Wing, Opp. Police Commissioner's Office, C.B.D. Belapur, Navi Mumbai - 400 614.

In view of amended Section 205C of the Companies Act, 1956, followed by the issue of Investor Education and Protection Fund (Awareness and Protection of Investors) Rules, 2001, any money transferred by the Company to the unpaid dividend account and remaining unclaimed for a period of seven years from the date of such transfer shall be transferred by the Company to a fund called Investor Education and Protection Fund (the fund) set up by the Central Government.

Accordingly, unpaid/unclaimed dividends for the years 1997-98 to 2007-08 were transferred by the Company to the said fund on respective due dates. This would be followed by the transfer of the amounts of unpaid / unclaimed dividends every year in respect of dividends for subsequent years. Shareholders are therefore requested to verify their records and send claims, if any, for the relevant years from 2008-09 onwards, before the respective amounts become due for transfer to the fund. The details of unclaimed dividend are as under: -

Year	No. of shareholders	Amount (₹)	Due date of transfer to Investor Education and Protection Fund
2008-2009	11777	11,59,567.00	23/04/2017
2009-2010	14910	18,35,607.00	27/04/2018
2010-2011	18953	13,87,551.00	17/03/2019
2011-2012	24530	6,34,078.50	21/03/2020

No dividend was declared during the F.Y. 2012-14, 2014-15.

Unclaimed shares in the suspense account

In accordance with the requirement of Securities and Exchange Board of India (Listing and Disclosure Requirements) Regulations 2015, the Company reports the following details in respect of equity shares issued but remained unclaimed lying in the suspense account in demat form:

Management Discussion and Analysis

I. Global scenario

Production

After 4 years of consecutive surplus sugar scenario in demand supply global balance sheet, current year 2015-16 (Oct – Sept) is estimated to be the year with sizeable deficit.

As per Czarnikow (leading international analyst), global sugar deficit during sugar year 2015-16 (Oct – Sept) is estimated at 11.4 million MT which has been revised upwards from an earlier forecast of a deficit of 8.2 million MT made in December.

As per Czarnikow, deficit of same magnitude is expected during the year 2016-17 also. While sugar production has stagnated in recent years, consumption has continued to grow. Global sugar production in the year 2015-16 would barely exceed 174 million MT as against 187 million MT last year.

This figure of 174 million MT is worst production in last 5 years due to poor weather conditions and 4 years of declining price returns for producers.

Sugar deficit estimates of other analysts for the year 2015-16 (Oct – Sept) are as under:-

Kingsman	: 7.60 million MT
Green Pool	: 6.65 million MT
Rabobank	: 6.80 million MT
FO Licht	: 8.00 million MT
Czarnikow	: 11.4 million MT
Olam	: 6.90 million MT

So, year 2015-16 (Oct – Sept) will be sugar deficit year on global basis mainly on account of weather issues (El Niño during previous year) and depressed and record low sugar prices during last 2-3 years.

Sugar price

The graphical movement of international sugar prices during April 2015 – March 2016 are depicted below:-

Chart 1 : ICE 11 – Movement of raw sugar price

Chart 2 : LIFFE – Movement of white sugar price

From above international exchange daily sugar price charts, following may be observed :-

ICE 11: During the period April 2015 – March 2016, ICE 11 front month daily settlement price (raw sugar prices) started from the level of 12.3 cents / pound in April 2015 and closed at the level of 15.4 cents as on March 31, 2016.

ICE 11 sugar prices touched the low of 10.35 cents / pound during August 2015 (lowest level of prices in last 07 years) and highest levels were 16.7 cents during March 2016.

LIFFE: LIFFE (white sugar prices) front month daily settlement price has moved from the level of 358 USD/MT as on April 01, 2015 to the level of 448 USD/MT prevailing as on March 31, 2016.

White sugar prices have touched the high of 467 USD/MT during March 2016 and lowest levels of 333 USD/MT during August 2015.

It may be concluded that in last 1 year (i.e. April 2015 – March 2016), both raw sugar and white sugar prices have increased by almost 25%.

Rise in prices

The reasons for such rise in sugar prices are as under:-

El Niño: El Niño factor affecting the sugar production in all major sugar producing countries including Thailand, India, China, EU, etc.

Anticipation of deficit in world balance sheet

2015-16 (October-September) is anticipated as big deficit year after 4 consecutive years of surplus sugar production years.

Recovery in Brazilian Real

During the year 2015-16, Brazilian Real has gone above 4.0 and thereafter has recovered at a level of 3.56 as on March 31, 2016 which has also helped the sugar prices to recover.

Unsustainable price levels

Price level of 12.0 cents or below is quite depressed price level, much below the cost of production and was not a sustainable price level for long.

It was just waiting for a trigger which was contributed in the form of weather concerns affecting sugar production worldwide and improved macro factors like strengthening of Brazilian Real, Indian Rupee, etc. and helped the sugar prices to recover.

II. Indian scenario

Like world sugar balance sheet, Indian sugar supply demand balance sheet, after 05 years of consecutive surplus, current year 2015-16 (Oct – Sept) is estimated to be a deficit year.

During next year 2016-17, consumption is estimated to grow, production is estimated to further decline which will widen the sugar deficit in the year 2016-17.

Dip in sugar production is mainly due to major downfall in sugar production in states like Maharashtra and Karnataka which received scanty rains.

Interestingly, Maharashtra and Karnataka are low cost sugar producing states and any dip in production in these states is supportive for hike in domestic sugar prices.

Policy initiative by the Government

Indian sugar production has continuously surpassed consumption since last 5 years i.e. from sugar year 2010-11 till the year 2014-15.

Due to continued surplus production, sugar stocks within the country had significantly increased and thus making the whole sentiments quite depressed.

Irony is that while, industry is required to pay fix cane price as fixed by Central Govt. / State Govt. in the form of F&RP / SAP (depending from state to state), sugar prices are left open to market forces, which remained under pressure till the year 2014-15 due to surplus production and high stocks.

Government also realised the problem of surplus sugar faced by industry and took various measures as under to move the surplus sugar out of system.

Incentive on exports of raw sugar (defraying expenditure for incentive towards marketing & promotion services for raw sugar production)

During February 2015, Government of India extended the incentive towards marketing & promotion services for raw sugar production and notified incentive at ₹ 4,000 per MT for exports of up to 1.4 million MT raw sugar up to September 30, 2015.

Further, Government of Maharashtra has announced subsidy of ₹ 1,000 per MT on production and exports of raw sugar from Maharashtra.

Mandatory export of Sugar

Since the incentive on exports of sugar announced during February 2015 was actually announced very late and was not able to push significant export volumes out of system, Govt. decided to give mandatory export quotas to all sugar millers.

On September 18, 2015, Govt. announced mandatory export of 4.0 million MT sugar from country during the period October 01, 2015 – September 30, 2016. The quantity of 4.0 million MT was distributed amongst all India sugar millers in the form of mandatory quotas called Minimum Indicative Export Quotas (MIEQ) which was worked out on the basis of the average sugar production of last 3 years.

The only objective of giving mandatory export quotas was to move surplus sugar from the trade in form of exports, even if it is at a loss. Sugar millers were allowed to export any form of sugar out of country i.e. raw sugar, white sugar & refined sugar. Sugar millers were also allowed to get the sugar of other millers like costal millers exported through merchant exporter against their MIEQ's (Export Quotas).

Formation of committee to explore possibility of barter trade for sugar exports

Looking into depressed international prices of sugar, sugar export has not been viable from India and international demand was also quite weak. To encourage sugar exports from country, it was decided to explore the possibility of exporting of sugar in form of barter trade with major exporting countries to India like Indonesia, Iran, etc.

While, Govt. endeavour was very positive for the sugar industry and quite fair and one committee was also formed but it could not yield much of the results.

Cane subsidy

Govt. announced cane incentive @ ₹ 4.50 per qtl. payable directly to the farmers out of due cane payment of sugar millers to farmers.

The eligibility criteria for the availing cane subsidy was completion of 80% of the sugar export target by the miller and completion of 80% of ethanol supply quotas given by the Govt.

Sugar exports from country

During the year 2015-16 (October-September), country has exported a quantity of 1.4 million MT till date and it is expected that total exports during current year would be around 1.6 million MT.

All the above exports have taken place at a loss as compared to prevailing domestic sugar prices and these losses have been borne by respective sugar millers against their mandatory export quotas (MIEQ) allotted by the Govt.

During the year 2014-15 (October-September), exports on all India has been 1.09 million MT.

Sugar imports in country

To curb the imports of sugar in the country, the Government took following measures:-

- Increase in import duty to 25% during August 2014.
- Cabinet decision for further increase in import duty from 25% to 40% on April 29, 2015.
- Time period for re-export of sugar after sugar import under advance authorisation reduced from 18 months to 6 months as decided by the Cabinet on April 29, 2015.
- Withdrawal of scheme of Duty Free Import Authorisation (DFIA) for sugar as per cabinet decision on April 29, 2015.

All above decisions of the Govt. has ensured that no imports of sugar has taken place in country under OGL during the year 2014-15, otherwise it would have added to the woes of sugar industry already in deep waters.

Ethanol

Cabinet Committee of Economic Affairs (CCEA) on December 10, 2014 has fixed the uniform delivered price of ₹ 48.50 – 49.50 per litre for supply of anhydrous ethanol to depots of oil companies initially for the period up to November 2015 and then later on extended up to November 2016.

The distance-wise slab for fixation of uniform delivered price of ₹ 48.50 – 49.50 per litre are as under:

Table 3 : Distance-wise slab for fixation of uniform delivered price

Distance of oil company depot from factory gate	Delivered price
Up to 100 KM	₹ 48.50 per litre
101 – 300 KM	₹ 49.00 per litre
Above 300 KM	₹ 49.50 per litre

Government is committed to promote ethanol blending programme and is taking measures to resolve the difficulties being faced in terms of tender conditions, state excise duty procedures and formalities.

Increase in blending percentage from 5% to 10%

In line with Govt. commitment to increase blending percentage from 5% to 10%, oil companies floated EOI during August 2015 for their requirement of 266 crore Litres Ethanol at 10% blending level on all India basis during December 2015 – November 2016.

Waiver of central excise duty on ethanol

On April 29, 2015, cabinet has allowed waiver of central excise duty on ethanol from sugar season 2015-16. Further during October 2015, Govt. allowed CENVAT credit on ethanol with nil central excise duty on ethanol. Since, delivered price of ethanol given by oil companies is fixed and is not variable with change in taxes and duties, this waiver has given additional saving of ₹ 5.0 per litre on ethanol to sugar industry.

Ethanol production from 'B' heavy molasses

Taking into account the depressed sugar prices continuing for last 3-4 years, Govt. encouraged the industry to increase ethanol production from 'B' heavy molasses. This step would have served two purposes. On one hand, it would have given additional availability of ethanol for blending. On other hand it would have regulated the sugar production during times of excess sugar production and thus solving problem of sugar surplus.

Linking cane subsidy with ethanol supplies

Basis, ethanol production capacity, Govt. had given ethanol targets to sugar industry which works out to 161.96 crore litres on all India basis. Govt. has linked cane subsidy @ ₹ 4.50 per qtl with ethanol supply and one of the eligibility criteria for cane subsidy is completion of 80% ethanol targets. In fact, Government had been pushing the industry to supply more ethanol for blending earlier also and had linked raw sugar incentive with the ethanol production. With raw sugar incentive, sugar units with attached ethanol manufacturing facilities will not be eligible for raw sugar incentive if they are not supplying a minimum 25% of their ethanol production to oil companies.

Sugar

Domestic production and consumption

During 2015-16 sugar year (October-September), domestic production of sugar this year is estimated to come down by almost 12% or even more. During the year 2015-16, sugar production is estimated to be around 25.0 million MT as against 28.3 million MT last year.

Total sugar production during 2015-16 on all India basis is estimated at 25.0 million MT.

For world sugar prices, it has been seen that India has been a big swing factor because depending upon demand supply situation within the country / prevailing prices, country becomes net importer / exporter of sugar.

It has been seen whenever India exports sugar, it is bearish for world market and India entering the market for import of sugar helps the international prices to firm up.

During the year, India is expected to export 1.5 million MT of sugar and next year country is expected to import 2.0 – 3.0 million MT of sugar which means India will be influencing the world market by 3.5 – 4.5 million MT of sugar which is a big number and will further help the international sugar prices to firm up.

IMPROVED PROSPECTS FOR SUGAR TRADE DURING THE YEAR 2015-16

Sugar Industry is witnessing improved trade prospects during current sugar year Oct – Sept (2015-16) as under :

Improved domestic sugar prices

For last 3-4 years, domestic sugar prices were continuing to be quite depressed and much below the production cost of sugar.

During the year 2015-16, domestic sugar prices has improved, though sugar prices are required for further improvement to bail out the sugar industry.

Major reasons for improvement in domestic sugar prices are as under :

Estimated deficit in country's demand-supply balance sheet

After 5 years of consecutive surplus production in country leading to high stocks, year 2015-16 (Oct – Sept) is estimated to be deficit year when sugar production is estimated to be 25.0 million MT as against consumption of 25.6 million MT and estimated exports of 1.5 million MT.

Estimated deficit in world balance sheet

In line with Indian sugar balance sheet, after 4 years of consecutive surplus in world sugar balance sheet, year 2015-16 (Oct – Sept) will be first year of deficit with significantly high deficit.

Year 2016-17 is also estimated to be deficit year on global basis with deficit of similar quantum as in 2015-16.

Bigger deficit in year 2016-17 (Oct – Sept)

Due to poor acreage in states of Maharashtra and Karnataka due to drought conditions during 2015, year 2016-17 is estimated to witness further decline of production by another 2 – 3 million MT means production of 22 – 23 million MT. So on one hand production will come down, on the other hand, consumption is estimated to increase to the level of 26.0 million MT which means depletion of stocks by 3.0 to 4.0 million MT, unless imported.

Improvement in recovery of sugar in state of U.P.

During the sugar year 2015-16, sugar recovery from cane in state of U.P. has also significantly improved from last year level of 9.54% to this year level of 10.6% due to Industry's efforts for cane development, increased availability of better variety of cane and also perfect and ideal weather conditions.

Import of sugar

Due to estimated deficit in country's sugar balance sheet during the year 2016-17, India is set to import sugar October 2016 onwards to the tune of 2.0 – 3.0 million MT of sugar.

Import of sugar will mainly be done by port-based refineries, states of Maharashtra and Karnataka where there is major shortfall in production and also by inland sugar mills in a limited way.

III. Bajaj Hindusthan Sugar's (BHSL) Position

BHSL has 14 sugar plants having an aggregate crushing capacity of 136000 TCD, 6 distilleries with aggregate capacity of 800 KL/day and about 151 MW of surplus power.

Key risks and concerns

1. Raw material

BHSL has continued its thrust on cane quality promotion and is continually investing in cane variety development. During the sugar year (Oct – Sept) 2015-16, the results of continued investment in cane development are also visible in the form of increased availability of better variety of cane and better sugar recovery. BHSL sees cane development as major thrust area to improve the revenue generation and is continuously striving towards it.

The major area of concern is the ability to make timely cane price payment to farmers given the unremunerative sugar realisations in the domestic market and further exaggerated by the irrationally high cane price fixed by the State Government.

2. Sugar price risk

While cane price is fixed by the State Government, sugar realisations are totally market driven and are dependent on demand supply dynamics. This has often led to complete mismatch between the cane price and sugar realisations. Due to continued surplus production and high stocks in country, market has continuously witnessed depressed sugar prices much lower than the cost of production. It is during 2015-16 that sugar prices has started improving on account of lower production and estimated deficit in demand supply balance sheet.

3. Regulatory risk

Sugar industry is subject to many regulatory risks like environment, raw material pricing, government policies, etc. The biggest risk to the business is the disjointed irrational sugarcane price fixed by the State Government.

De-risking strategy

As part of our business strategy, we are rapidly derisking our business with the investment in power generation capacity. This business is non-cyclical and therefore expected to generate steady cash flows year on year. Further, sustained ethanol supplies to oil companies has provided some element of risk mitigation.

Table 7 : Market share of BHSL in U.P. and on all India basis for sugar production:-

Particulars	Unit	Year (October-September)		
		2013-14	2014-15	2015-16
BHSL production	Million MT	1.07	1.15	1.05

BHSL % of UP	%	16.44	16.21	15.46
BHSL % of all India	%	4.38	4.07	4.21

Sugar market spread - all units of BHSL

Bajaj Group (Bajaj Hindusthan Sugar Limited) has 14 units evenly spread throughout the state of Uttar Pradesh with 5 sugar mills in western UP, 5 in central UP and 4 in eastern UP.

The zonewise details and the crushing capacity of the mills are as under:-

Table 8 : Zonewise details of crushing capacity

ZONE	NO. OF MILLS	CRUSHING CAPACITY (TCD)
WEST	5	48000
CENTRAL	5	48000
EAST	4	40000
TOTAL	14	136000

Markets

West U.P.: Sugar produced by our west UP mills is sold in the region of west UP and neighbouring states in northern India like Punjab, Haryana, Rajasthan and Delhi etc.

Central U.P.: Sugar produced by our central UP mills is sold in central U.P., east UP, Bihar, Bengal, Jharkhand and North East States.

East U.P.: Sugar produced by our east UP mills is sold in the region of eastern UP and states like Bihar, Jharkhand, West Bengal, Assam and North East States.

Competition

Other than the mills in state of UP, we have to face competition mainly from mills in the state of Maharashtra, Karnataka and refinery in West Bengal. For movement of sugar to neighbouring states like Punjab, Haryana, Bihar, UP millers face competition from mills in these states, as well. Sugar sales outside of UP is purely on the basis of the price parity with competing mills.

No competition from sugar imports :

Due to continued surplus sugar production and high stocks, depressed and all time low international sugar prices, Govt. has imposed import duty of 40% restricting sugar imports.

However, during the year 2016-17 due to estimated deficit in country, country will be required to import sugar and thus import parity will influence domestic sugar prices also.

Internal control system and their adequacy

Preparing reliable financial information is a key responsibility of the management of every company. The ability to effectively manage the company's business requires access to timely and accurate information. Moreover, investors must be able to

place confidence in a company's financial reports. Management's ability to fulfil its financial reporting responsibilities depends in part on the design and effectiveness of the internal controls, processes and safeguards, which it has put in place. The internal audit function has to be commensurate with the size of business. The system has to ensure that all the transactions are authorised, recorded & reported correctly. Without such controls, it would be extremely difficult for most business organisations - especially those with numerous locations, operations, and processes - to prepare timely and reliable financial reports for management, investors, lenders, and other users. An effective system of internal control over financial reporting can substantially reduce the risk of misstatements and inaccuracies in a company's financial statements. Over the time, an effective internal control over financial reporting has become a legal obligation.

Bajaj Hindusthan Sugar has a strong & independent internal audit function. Through internal controls & policies, management sends a message down the line that the operations managers must ensure that all operations within their area are compliant and adequate to safeguard assets and protect them from any loss against the risks due to unauthorised use or disposition. Internal audit function in our company is conducted by in-house team; with one zonal coordinator & one support staff in each of the 3 zones, who are responsible for facilitating audit, arranging unit comments from auditee & implementation of audit recommendations. Reports are prepared to create awareness and to take corrective actions on the respective units or areas, which need rectifications. These reports are then reviewed by the management team and the audit committee for follow-up action.

The internal audit team carries out audit effectively throughout the year covering all areas of operations and activities as approved by the audit committee. The audit approach is based on random sample selection and takes into consideration the generally accepted business practices. The internal audit reports are first discussed by the management and subsequently placed before the audit committee of the Board of Directors along with the action plan recommended by the respective functional head. The direction is implemented by the respective head of the departments and action taken reports are placed before the audit committee members in next meeting for their review.

Human resources/industrial relations

The industrial relations at the company's sugar mills and head office were cordial throughout the year under review. The company is committed to create an organisation that nurtures the talent and enterprise of its people, helping them grow and find fulfilment in an open culture. Its growth strategies are based on a strong Human Resource (HR) foundation created through a judicious use of innovative and complementary HR processes and systems. HR policies are reviewed, revised and updated from time to time to make it relevant, effective and useful to the employees and also to the company. The basic objective is to facilitate the smooth execution of transparent policies. As of March 31, 2016, BHSL had 7,149 employees.

The various HR initiatives carried out by the company during the year are listed below:

Programmes

- In-house Training & Development - HR department prepares advance training calendar on six monthly bases scheduling various topics after consulting all the departments for the subject and strength of the participants. After preparing the list of the topics, schedule and name of the participants, it is communicated to everyone concerned by the HR department. On an average, 20-25 persons attend any such training programme session. The major topics covered by our internal training faculty are on cane sowing, irrigation and pest management techniques, operational procedure and skill upgradation methods, safety, house-keeping, fire fighting, environment health & occupational hazards, energy conservation, attitudinal & behavioural management, taxation, computer awareness, statutory compliances, awareness on health & occupational diseases, etc.

Independent Auditors' Report

To The Members of Bajaj Hindusthan Sugar Limited (Formerly Bajaj Hindusthan Limited)

Report on the Financial Statements

We have audited the accompanying financial statements of **Bajaj Hindusthan Sugar Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of the appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and fair presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2016, and its loss and its cash flows for the year ended on that date.

Emphasis of matter

As stated in Note 41 of the accompanying financial statements, the Company carries investment of ₹ 693.72 crore by way of beneficial interest in trust. Also, Company has investment of ₹ 720.52 crore in Preference shares and Debentures of Phenil Sugars Limited. The realisable value of these investments has reduced substantially. For the reasons stated in the note and in view of long term nature of these investments, in the opinion of the management no provision for permanent diminution in value of these investments is considered necessary.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of Sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c. The matter described in the Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
 - d. The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this report are in agreement with the books of account.
 - e. In our opinion, the aforesaid financial statements comply with the accounting standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - f. On the basis of written representations received from the directors as on March 31, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2016, from being appointed as a director in terms of Section 164(2) of the Act.
 - g. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rules 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 35 to the financial statements.

Annexure "B" to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Control over financial reporting of Bajaj Hindusthan Sugar Limited ("the company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year then ended.

Management responsibility for the Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes forming part of financial statements

1. Corporate information

Bajaj Hindusthan Sugar Limited ('the Company') is a public limited company incorporated in India. Its shares are listed on Bombay Stock Exchange and National Stock Exchange. The Company is engaged in the manufacture of sugar, alcohol and generation of power.

The name of the company has been changed from Bajaj Hindusthan Limited to Bajaj Hindusthan Sugar Limited w.e.f. January 30, 2015.

2. Significant accounting policies

2.1 Basis of accounting:

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act 2013 ('the Act'), read together with paragraph 7 of the Companies (Accounts) Rules, 2014.

The financial statements have been prepared on an accrual basis and under the historical cost convention, except for certain Fixed Assets which are carried at revalued amounts. The financial statements are presented in Indian rupees rounded off to the nearest rupees in crore.

2.2 Use of estimates:

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

2.3 Current–non-current classification:

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realised within 12 months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within 12 months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

2.4 Operating cycle:

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out above which are in accordance with the Schedule III to the Act. Based on the nature of services and the time between the acquisition of assets for providing of services and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

2.5 Revenue recognition:

- (i) Revenue is recognised when the significant risk and rewards of ownership of the goods have been passed to the buyers. Sale of goods is exclusive of excise and sales tax/ VAT. Sales excludes captive consumption.
- (ii) The revenue from sale of renewable energy certificates (REC) recognised in the year of sale.
- (iii) Export incentives accrued under foreign trade policy are accounted for in the year of export.
- (iv) Dividend income is recognised when the right to receive payment is established.
- (v) Interest income is recognised on a time-proportion basis taking into account the amount outstanding and the interest rate applicable.

2.6 Fixed assets and depreciation:

- (a) Fixed Assets:
 - (i) Fixed assets are carried at cost of acquisition or construction cost and includes amount added on fair valuation, less accumulated depreciation (except free hold land), amortisation and impairment loss, if any.
 - (ii) Expenditure during construction period incurred on the projects under implementation are treated as Pre-operative Expenses pending allocation to the assets, and are included under "Capital-Work-in-Progress". These expenses are apportioned to fixed assets on commencement of commercial production. Capital - Work-in-Progress is stated at the amount incurred up to the date of Balance Sheet.
- (b) Depreciation:
 - (i) Depreciation on tangible fixed assets has been provided based on the useful life prescribed in Schedule II of the Companies Act, 2013 in the manner stated therein. Intangible assets represented by computer software is being amortised over a period of five years. Leasehold land is amortised over the lease period.
 - (ii) Depreciation on assets added, sold or discarded during the year has been provided on pro-rata basis.

2.7 Investments:

Long-term investments are stated at cost of acquisition. Diminution in value of such long-term investments is not provided for except where determined to be of permanent nature. Current investments are stated at lower of cost or fair market value.

2.8 Inventories:

- (i) Stock of Raw Materials is valued at cost or net realisable value whichever is lower. Cost is arrived at on FIFO Basis.
- (ii) Stock of Materials-in-Process and Finished Goods is valued at cost or net realisable value, whichever is lower.
- (iii) Stores, Spares and Packing material are valued at cost. Cost is arrived at on Weighted Average Basis.
- (iv) Obsolete stores and spares when identified and technically determined, are valued at estimated realisable value.
- (v) By-products - Molasses and Bagasse has been valued at estimated realisable value.
- (vi) Trial-run inventories are valued at cost or estimated realisable value, whichever is lower.

2.9 Research and development:

Revenue expenditure on Research and Development is expensed out in the statement of profit and loss for the year.

Capital expenditure on Research and Development is shown as an addition to Fixed Assets.

2.10 Government grants:

Government grants / subsidies received towards specific fixed assets have been deducted from the gross value of the concerned fixed assets and grant / subsidies received during the year towards revenue expenses have been reduced from respective expenses. Capital Subsidies under Sugar Promotion Policy, 2004 is recognised to the extent the claims are accepted and settled.

Government grants / subsidies related to cane purchased are recognised as and when Company becomes eligible.

2.11 Foreign currency transactions:

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of transaction. Monetary foreign currency assets and liabilities outstanding at the close of the financial year are revalued at the exchange rates prevailing on the balance sheet date. Exchange differences arising on account of fluctuation in the rate of exchange is recognised in the statement of profit and loss. However, in respect of long-term

foreign currency monetary items, the exchange difference relating to acquisition of capital assets, has been adjusted to the capital assets.

In case of items which are covered by forward exchange contracts, the difference between the year end rate and rate on the date of the contract is recognised as exchange difference and the premium paid on forward contract is recognised over the life of the contract. In case of other financial derivative contracts, premiums paid, gains/ losses on settlement and provision for losses, are recognised in the statement of profit and loss.

2.12 Employee benefits:

(a) Short-term employee benefits:

Short-term employee benefits are recognised as expenditure at the undiscounted value in the statement of profit and loss of the year in which the related service is rendered.

(b) Post employment benefits:

(i) Defined contribution plans:

Company's contribution to the superannuation scheme, pension under Employees' Pension Scheme, 1995 etc. are recognised during the year in which the related service is rendered.

(ii) Defined benefit plans:

- Gratuity:

Gratuity liability is covered under the Gratuity-cum-Insurance Policy of Life Insurance Corporation of India (LIC). The present value of the obligation is determined based on an actuarial valuation, using the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the statement of profit and loss. The amount funded by the Trust administered by the Company under the aforesaid Policy, is reduced from the gross obligation under the defined benefit plan, to recognise the obligation on a net basis.

- Provident Fund:

Monthly contributions are made to a Trust administered by the Company. The interest rate payable by the Trust to the beneficiaries is notified by the Government. The Company has an obligation to make good the shortfall, if any, between the return on the investments of the Trust and the notified interest rate.

(c) Long-term compensated absences are provided on the basis of actuarial valuation.

(d) Compensation to employees under Voluntary Retirement Scheme is charged to Profit and Loss Account in the year of accrual.

2.13 Borrowing cost:

Borrowing cost attributable to acquisition and construction of assets are capitalised as part of the cost of such assets up to the date when such assets are ready for intended use and other borrowing costs are charged to statement of profit and loss.

2.14 Operating leases:

Assets acquired under leases other than finance leases are classified as operating leases. The total lease rentals (including scheduled rental increases) in respect of an asset taken on operating lease are charged to the statement of profit and loss on a straight line basis over the lease term unless another systematic basis is more representative of the time pattern of the benefit. Initial direct costs incurred specifically for an operating lease are deferred and charged to the statement of profit and loss over the lease term.

Assets given by the Company under operating lease are included in fixed assets. Lease income from operating leases is recognised in the statement of profit and loss on a straight line basis over the lease term unless another systematic basis is more representative of the time pattern in which benefit derived from the leased asset is diminished. Costs, including depreciation, incurred in earning the lease income are recognised as expenses. Initial direct costs incurred specifically for an operating lease are deferred and recognised in the statement of profit and loss over the lease term in proportion to the recognition of lease income.

2.15 Earnings per share (EPS):

Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year.

2.16 Provision for current and deferred tax:

(i) Provision for current tax is made with reference to taxable income computed for the accounting period for which the financial statements are prepared by applying the tax rates relevant to the respective 'Previous

Year'. Minimum Alternate Tax (MAT) eligible for set-off in subsequent years (as per tax laws), is recognised as an asset by way of credit to the statement of profit and loss only if there is convincing evidence of its realisation. At each Balance Sheet date, the carrying amount of MAT Credit Entitlement receivable is reviewed to reassure realisation.

- (ii) Deferred tax resulting from 'timing difference' between book and taxable profit for the year is accounted for using the current tax rates. The deferred tax asset is recognised and carried forward only to the extent that there is a reasonable certainty that the assets will be adjusted in future. However, in case of deferred tax assets (representing unabsorbed depreciation or carry forward losses) are recognised, if and only if there is a virtual certainty that there would be adequate future taxable income against which such deferred tax assets can be realised, or to the extent of deferred tax liabilities.

2.17 Impairment of assets:

The carrying amount of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. An impairment loss is charged to the statement of profit and loss in the year in which an asset is identified as impaired. An impairment loss recognised in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount.

2.18 Provisions, contingent liabilities and contingent assets:

Provisions involving a substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognised but are disclosed in the Financial Statements. Contingent Assets are neither recognised nor disclosed in the Financial Statements.

2.19 Employee stock options and shares plan (ESOP):

In accordance with SEBI guidelines, the excess of the market price of the shares, at the date of grant of options under the ESOP, over the exercise price, is treated as Employee Compensation Expense.

38. As required by paragraph 46 inserted vide notification dated March 31, 2009 to the Accounting Standard AS-11 "The Effect of Changes in Foreign Exchange Rates", the Company had already opted to adjust the exchange fluctuations on long-term monetary items to the carrying cost of fixed assets. The unamortised foreign exchange fluctuation capitalised to fixed assets, amounts to ₹ 330.37 crore (P.Y. ₹ 355.34 crore) as at March 31, 2016.

39. (a) At the request of the Company, the Joint Lenders' Forum (JLF lenders) led by State Bank of India has approved the corrective action plan for restructuring of credit facilities on December 03, 2014 under JLF route in accordance with the applicable framework and guidelines issued by Reserve Bank of India. Accordingly, a Master Restructuring Agreement (MRA) has been signed on December 30, 2014 among the Company and JLF lenders, by virtue of which the restructured facilities are governed by the provisions specified in the MRA. The cut-off date for restructuring under JLF route is July 31, 2014.

(b) The MRA as well as guidelines of Reserve Bank of India issued on debt restructuring under JLF route give a right to the JLF lenders to get recompense of their waivers and sacrifices made as per corrective action plan. The recompense payable by the company is contingent on various factors including improved performance of the Company and many other conditions, the outcome of which currently is materially uncertain and hence the proportionate amount payable as recompense is treated as a contingent liability. The aggregate present value of recompense till March 31, 2016 payable to the JLF lenders as per MRA is approximately ₹ 57.55 crore for the company.

(c) As per the terms of restructuring approved by lenders, the Promoters were required to bring promoter contribution amounting to ₹ 200 crore in phased manner till September 2015 in the form of equity capital/preference capital/unsecured loan/other similar instruments. An amount of ₹ 200 crore has been brought by promoters as unsecured loan within the stipulated period.

(d) As per the terms of MRA, interest payable on the term loan for the period from August 01, 2014 to July 31, 2016 would be converted into Funded Interest Term Loan (FITL). 70% of FITL shall be converted in to equity. The shareholders approved the preferential issue of shares to lenders through postal ballot. Part of the FITL, has been converted into equity by allotment of 47,74,17,863 equity shares to lenders till March 31, 2016 at a premium of ₹ 20.77 per share. The balance 1,67,42,168 shares have been allotted to lenders on April 06, 2016 at the premium of ₹ 20.77 per share.

40. Details of Loans given, investment made and guarantee given covered under Section 186(4) of the Companies Act, 2013:

- Investment made are given under note 13
- Loan given to subsidiaries are given under note 19
- Loans given to others and guarantees / securities given by the Company as at March 31, 2016 are as under:

Sr. No.	Name of the Company	Nature	As at March 31, 2016 ₹ Crore	As at March 31, 2015 ₹ Crore
(i)	Ojas Industries Private Ltd.	Loan for business purposes	397.63	359.43

(iii)	Bajaj Power Generation Private Ltd.	Guarantee given	99.00	99.00

41. The Company holds entire beneficial interest in BHL Securities Trust ("the Trust") that holds equity shares of the Company carried at ₹ 693.72 crore as at March 31, 2016, which were allotted to the Trust in 2010 pursuant to the Scheme of Amalgamation of its erstwhile subsidiary Bajaj Hindusthan Sugar and Industries Ltd. with the Company as approved by the Hon'ble Bombay High Court. The market value of these shares as at March 31, 2016 is ₹ 62.20 crore, resulting into substantial diminution in its value. The Company also holds unquoted non-convertible Preference Shares at ₹ 350.04 crore and unquoted optionally convertible debentures at ₹ 370.48 crore as at March 31, 2016 in Phenil Sugars Ltd. whose net worth has been substantially eroded. Based on the likely policy measures for the sugar industry by Central and State Governments, approval of debt restructuring schemes for the company

as well as Phenil Sugars Ltd, and their resultant business outlook, the management is of the opinion that these diminution in value of investments are temporary in nature and will be recovered in the next few years with improved performance and therefore no provision for the same is made during the year.

42. For the sugar season 2015-16, the cane liability has been provided @ ₹ 280/- per quintal (SAP declared by Government of Uttar Pradesh). The "financial assistance" on cane purchased receivable (subject to certain conditions) from the Government of Uttar Pradesh, pursuant to its letter No.150 CD/46-3-16-3(48)/98-99 dated January 22, 2016, will be recognised by the Company as and when the Company becomes eligible.

Central Government has announced subsidy of ₹ 4.50 per quintal of cane crushed for the sugar season 2015-16 vide its notification no. 20(43)/2015-S.P.-I dated December 02, 2015. Company has accounted for subsidy of ₹ 20.04 crore on the basis of eligibility.

43. Exceptional items in respect of previous year includes ₹ 294.76 crore written back of depreciation due to change of method, ₹148.02 crore impairment of fixed assets of board division and ₹ 142.91 crore written off of current assets.
44. Since last few sugar seasons, sugar industry have been reeling under continuous operational losses. This scenario was mainly attributable to high sugarcane price and low sugar realisation, particularly in case of sugar mills in the State of Uttar Pradesh. During the last few years, due to surplus sugar production as compared to domestic consumption, sugar realisation has remained lower than cost of production. These factors coupled with high interest burden significantly impacted the performance and cash flows of the Company. Operational losses in past three years have resulted into erosion of considerable net worth of the Company. Sugar season 2015-16 has brought slight respite for sugar mills after a long gap. Improvement in the yield of sugar from sugarcane and sugar prices has resulted in low sugarcane cost per quintal of sugar and better revenue generation. Considering certain key policy decisions and reliefs for sugar mills being contemplated by the governments and better market scenario in coming years, the Management expects to improve operating cash flows through cost synergies, revenue management, improved realisation etc. These measures are expected to result in sustainable cash flows and accordingly the Financial Statements continue to be presented on a going concern basis, which contemplates realisation of assets and settlement of liabilities in the normal course of business.
45. Previous year figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosures.
46. As per Accounting Standard (AS)-17 on "Segment Reporting", segment information has been provided under the notes to Consolidated Financial Statements.

Independent Auditors' Report

To,

**The Members of
Bajaj Hindusthan Sugar Limited
(Formerly Bajaj Hindusthan Limited)**

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **Bajaj Hindusthan Sugar Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate, comprising the Consolidated Balance Sheet as at March 31, 2016, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associate in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances and for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in

conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at March 31, 2016, and their consolidated losses and their consolidated cash flows for the year ended on that date.

Emphasis of matter

As stated in Note 36 of the accompanying consolidated financial statements, the Holding Company carries investment of ₹ 693.72 crore by way of beneficial interest in trust. Also, Holding Company has investment of ₹ 720.52 crore in Preference Shares and Debentures of Phenil Sugars Limited. The realisable value of these investments has reduced substantially. For the reasons stated in the notes and in view of long-term nature of these investments, in the opinion of the Management, no provision for permanent diminution in value of these investments is considered necessary.

Other matters

1. Financial statements of three subsidiaries, whose financial statements reflect total assets of ₹ 1,389.40 crore as at March 31, 2016, total revenues of ₹ 14.57 crore and net cash flows amounting to ₹ 9.61 crore for the year ended on that date, are considered in the consolidated financial statements. These financial statements of subsidiary companies have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of Sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.
2. We have relied on the unaudited financial statements of two subsidiaries whose financial statements reflect total assets of ₹ 4.52 crore as at March 31, 2016, total revenue of ₹ 0.00 crore (₹ 29,656/-) and net cash flows amounting to ₹ 0.31 crore for the year then ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of ₹ 0.10 crore (up to March 02, 2016) for the year ended March 31, 2016, in respect of one associate, whose financial statements have not been audited by us. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate, and our report in terms of Sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries and associate, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on other legal and regulatory requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The matter described in the Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
 - (d) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (e) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
 - (g) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of subsidiary companies incorporated in India, none of the directors of holding company or of its subsidiary companies incorporated in India is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group referred to in Note 30 to the consolidated financial statements.
- ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure-A to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Control over financial reporting of Bajaj Hindusthan Sugar Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India as of 31st March, 2016 in conjunction with our audit of the consolidated financial statements of the Company for the year then ended.

Management's responsibility for Internal Financial Control

The respective Board of Directors of the Holding company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other matters

Our aforesaid reports under Section 143(3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to two subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes forming part of consolidated financial statements

1. Corporate information

Bajaj Hindusthan Sugar Limited ('the Company') is a public limited company incorporated in India. Its shares are listed on Bombay Stock Exchange and National Stock Exchange. The Company is engaged in the manufacture of sugar, alcohol and generation of power.

2. Significant accounting policies

2.1 Basis of accounting:

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act 2013 ('the Act'), read together with paragraph 7 of the Companies (Accounts) Rules, 2014.

The financial statements have been prepared on an accrual basis and under the historical cost convention, except for certain Fixed Assets which are carried at revalued amounts. The financial statements are presented in Indian rupees rounded off to the nearest rupees in crore.

2.2 Principles of consolidation:

(i) The consolidated financial statements of the group have been prepared on the following basis:

- The consolidated financial statements of the group are prepared in accordance with the Accounting Standard - 21 "Consolidated Financial Statements" and Accounting Standard - 23 "Accounting for Investments in Associates in Consolidated Financial Statements".
- The financial statements of the Company and its Subsidiary Companies have been consolidated on a line-by-line basis by adding together the book value of like items of assets, liabilities, income and expenses, after eliminating intra-group balances and intra-group transactions resulting in unrealised profits or unrealised cash losses.
- Investment in the Associate has been accounted as per the equity method as prescribed in Accounting Standard - 23.
- The excess of cost of investment in the Subsidiary Companies over the Company's portion of equity of the Subsidiary at the date of investment made is recognised in the financial statements as goodwill, which is written off over a period of five years. The excess of Company's portion of equity of the Subsidiary over the cost of investment therein is treated as capital reserve.
- The financial statements of non-integral foreign operation are translated as follows:
 - The assets and liabilities are translated at the closing rate.
 - Income and expenses items are translated at average rate prevailing during the year.
 - All differences are accumulated in a foreign currency translation reserve on consolidation until the disposal of the net investment.
- The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Company's separate financial statements.
- Minority Interest's share of net profit of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company. Minority Interest's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separate from liabilities and the equity of the Company's shareholders.

(ii) Companies considered in the consolidated financial statements are:

 - 9 Loan taken of ₹ 25 crore (P.Y. ₹ 64.50 crore) from M/s SKB Roop Commercial LLP (a promoter group company).
 - 10 Restructured term loan from banks aggregating to ₹ 6,812.19 crore are secured by personal guarantee of Mr. Kushagra Bajaj (Managing Director) and corporate guarantee by M/s Bajaj International Realty Private Ltd. (a promoter group company) and pledge of entire shares held by the promoters of the Company.
- 34.** As required by paragraph 46 inserted vide notification dated March 31, 2009 to the Accounting Standard AS-11 "The Effect of Changes in Foreign Exchange Rates", the Company had already opted to adjust the exchange fluctuations on long-term monetary items to the carrying cost of fixed assets. The unamortised foreign exchange fluctuation capitalised to fixed assets, amounts to ₹ 330.37 crore (P.Y. ₹ 355.34 crore) as at March 31, 2016.
- 35.** a) At the request of the Company, the Joint lenders Forum (JLF lenders) led by State Bank of India has approved the corrective action plan for restructuring of credit facilities on December 03, 2014 under JLF route in accordance with the applicable framework and guidelines issued by Reserve Bank of India. Accordingly, a Master Restructuring Agreement (MRA) has been signed on December 30, 2014 among the Company and JLF lenders, by virtue of which the restructured facilities are governed by the provisions specified in the MRA. The cut-off date for restructuring under JLF route is July 31, 2014.
- b) The MRA as well as guidelines of Reserve Bank of India issued on debt restructuring under JLF route give a right to the JLF lenders to get recompense of their waivers and sacrifices made as per corrective action plan. The recompense payable by the Company is contingent on various factors including improved performance of the Company and many other conditions, the outcome of which currently is materially uncertain and hence the proportionate amount payable as recompense is treated as a contingent liability. The aggregate present value of recompense till March 31, 2016 payable to the JLF lenders as per MRA is approximately ₹ 57.55 crore for the Company.
- c) As per terms of restructuring approved by lenders, the Promoters were required to bring promoter contribution amounting to ₹ 200 crore in a phased manner till September 2015 in the form of equity capital/preference

capital/unsecured loan/other similar instruments. An amount of ₹ 200 crore has been brought by promoters as unsecured loan within stipulated period.

- d) As per the terms of MRA, interest payable on the term loan for the period from August 01, 2014 to July 31, 2016 would be converted into Funded Interest Term Loan (FITL). 70% of FITL shall be converted into equity. The shareholders approved the preferential issue of shares to lenders through postal ballot. Part of the FITL, has been converted into equity by allotment of 47,74,17,863 equity shares to lenders till March 31, 2016 at the premium of ₹ 20.77 per share. The balance 1,67,42,168 Shares have been allotted to lenders on April 06, 2016 at the premium of ₹ 20.77 per share.
- 36.** The Company holds entire beneficial interest in BHL Securities Trust ("the Trust") that holds equity shares of the Company carried at ₹ 693.72 crore as at March 31, 2016, which were allotted to the Trust in 2010 pursuant to the Scheme of Amalgamation of its erstwhile subsidiary Bajaj Hindusthan Sugar and Industries Ltd. with the Company as approved by the Hon'ble Bombay High Court. The market value of these shares as at March 31, 2016 is ₹ 62.20 crore, resulting into substantial diminution in its value. The Company also holds unquoted non-convertible Preference Shares at ₹ 350.04 crore and unquoted optionally convertible debentures at ₹ 370.48 crore as at March 31, 2016 in Phenil Sugars Ltd. whose net worth has been substantially eroded. Based on the likely policy measures for the sugar industry by Central and State Governments, approval of debt restructuring schemes for the Company as well as Phenil Sugars Ltd, and their resultant business outlook, the management is of the opinion that these diminution in value of investments are temporary in nature and will be recovered in the next few years with improved performance and therefore no provision for the same is made during the year.
- 37.** For the sugar season 2015-16, the cane liability has been provided @ ₹ 280/- per quintal (SAP declared by Government of Uttar Pradesh). The "financial assistance" on cane purchased receivable (subject to certain conditions) from the Government of Uttar Pradesh, pursuant to its letter No.150 CD/46-3-16-3(48)/98-99 dated January 22, 2016, will be recognised by the Company as and when the Company becomes eligible.
- Central Government has announced subsidy of ₹ 4.50 per quintal of cane crushed for the sugar season 2015-16 vide its notification No. 20(43)/2015-S.P.-I dated December 02, 2015. Company has accounted for subsidy of ₹ 20.04 crore on the basis of eligibility.
- 38.** Exceptional items in respect of previous year includes ₹ 294.76 crore written back of depreciation due to change of method, ₹148.02 crore impairment of fixed assets of board division and ₹142.91 crore written off of current assets.
- 39.** Additional information, as required under Schedule III to the Companies Act, 2013, of enterprises consolidated as Subsidiary / Associates.

40. Since last few sugar seasons, sugar industry has been reeling under continuous operational losses. This scenario was mainly attributable to high sugarcane price and low sugar realisation, particularly in case of sugar mills in the State of Uttar Pradesh. During last few years, due to surplus sugar production as compared to domestic consumption, sugar realisation has remained lower than cost of production. These factors coupled with high interest burden significantly impacted the performance and cash flows of the Company. Operational losses in past three years have resulted into erosion of considerable net worth of the Company. Sugar season 2015-16 has brought slight respite for sugar mills after a long gap. Improvement in the yield of sugar from sugarcane and sugar prices has resulted in low sugarcane cost per quintal of sugar and better revenue generation. Considering certain key policy decisions and reliefs for sugar mills being contemplated by the governments and better market scenario in coming years, the Management expects to improve operating cash flows through cost synergies, revenue management, improved realisation etc. These measures are expected to result in sustainable cash flows and accordingly the Financial Statements continue to be presented on a going concern basis, which contemplates realisation of assets and settlement of liabilities in the normal course of business.
41. Information pursuant to first proviso to Sub-section (3) of Section 129 read with rule 5 of Companies (Accounts) Rules, 2014 is disclosed in Annexure "A".
42. Previous year figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosures.
