CMD Message

Dear Shareholders,

With enormous honour and privilege, once again I am thrilled to present you another successful year of achievements while reaching new milestones. Despite Global economic and political turmoil your Company has delivered best operating and financial performance in the history of the Company.

The vision of the present Indian Government, is to place India high in digital platform of technology in the world. With all large scale national connectivity plans like Bharat Net and Network for Spectrum (NFS) which are presently in the advance stages of commissioning, the demand for the next phase of last mile OFC connectivity is just around the horizon. With the vision of the Government to provide Good Governance, E-Governance is playing pivotal role in delivering services through a digital platform to increase their reach and provide citizens with effective governance.

With all the major developments, announcements and rigorous work being put by various agencies, India today is truly on its way to become a global superpower with all technological advancements being made available to its citizens; be it healthcare services being delivered by an e-health centre or the facility to withdraw money without having to go to an ATM, are true marvels of this global connected age.

Global cues are always a good indicator of internal growth. There was some pleasant news here too, with the industry experiencing solid increase in exports: close to 9%. The percentage change in demand for optical fibre in India of 19%, and that only begins to narrate the positive outlook I envision for the industry. China although is setting the pace for market growth, India sure is giving them some serious competition. ASEAN countries which though accounts for a small global demand holds strong global prospects

Revenue growth for India's telecom industry in 2016 will depend largely on the ability to stimulate and monetize demand for data amid a sluggish economic recovery and regulatory uncertainty. Fixed-mobile convergence will set the tone of competition with varying levels of promotional activity across the country.

The phrase "internet of things" has arisen to reflect the growing number of smart, connected products and highlight the new opportunities they can represent. The internet, whether involving people or things, is simply a mechanism for transmitting information. What makes smart, connected products fundamentally different is not the internet, but the changing nature of the "things." It is the expanded capabilities of smart, connected products and the data they generate that are ushering in a new era of competition. Companies must look beyond the technologies themselves to

the competitive transformation taking place. This evolution to "Internet of Things (IoT) will multiply the data connectivity many fold.

Another interesting change that is just about to take off is the "Cloud". Change happens in the information technology space, whether you want it or not. But even with all the talk of the post-PC era and the emergence of the demon that is cloud computing that's forcing itself upon organizations. Undoubtedly, enterprise cloud computing is ballooning. Several enterprise IT players have agreed of late that, if you aren't in the cloud, you're nowhere. It certainly seems the case, given the growth of cloud-based services over the past few years.

Owing to several of these domestic and global factors, connectivity is once again at the fore front and the focus is solely on one person- THE CONSUMER. The Internet and Mobile Association of India recently announced that internet users in India now exceed 350 million. This has taken the internet penetration to 27% in India however the rural users accounting for barely 17% of India's internet community, despite representing 70% of the country's population. With barely 10% of the country's fixed-line connections achieving 'broadband' status a lot has yet to be achieved in terms of digital networking.

The optical fibre market is all set to maintain the upsurge in growth that it has generated lately. Globally the optical fibre demand has increased so much so that there have been unanimous supply issues. Aksh been proactive in recognizing this demand and had planned expansion to meet the same.

In line to diversify your company we are concentrating to provide easier solutions to the much unorganized ophthalmic lens industry in India. The market potential for this sector is quite encouraging as few Indian manufacturers exist with limited production capacity. We have chosen this sector as it suits the Company's vision to be the market leader in the areas of its operation. I am of the opinion that we would be able to synergies our existing competencies very efficiently with overall experience of 29 years.

The passing of the GST Bill is a major turning point in India's history and will be a game changing reform for Indian economy. The Government's idea of a single tax regime is crucial to improve ease of doing business in India and address the ambiguities of the current indirect tax landscape, proving beneficial for the economy, at large. The industry welcomes and celebrates this iconic reform.

I would extend my sincere gratitude and honour to relentless and untiring commitment of the entire AKSH Family who made the vision of the Company a true reality and have been able to take the brand and place it high on a global platform.

I would finally like to thank all our stakeholders (Valued Shareholders, Board Members Investors, Bankers, Customers and suppliers) for their continued faith and commitment towards the AKSH Family growth and prosperity.

We hope to make significant strides in the year to come.

Dr. Kailash S. Choudhari

DMD Message

Dear Shareholders,

It is with immense pleasure we present you the 29th Annual report of the Company. Growing with sustainability we are geared up for presenting the market with enhanced service and affordable solutions.

India presents high growth opportunity for optical fibre manufacturers due to rising Internet penetration, the development of high-speed transmission networks, and government initiatives like the National Optical Fibre Network and the Network for Spectrum. Countries such as India, China and Malaysia are witnessing major growth adding a major mark on the global telecom infrastructure landscape. Availability and rise in usage of inexpensive 3G- and 4G-enabled smartphones, along with demand for Internet protocol-based voice, data, and video services, are propelling market growth.

Huge demand of Optical fibre cable has led to industry wide shortfall of fibre supply and surge in fibre prices, which surely calls for scaling the overall manufacturing capacity. Aksh is set to cater to the market demand and has planned phased expansion at all its divisions to meet future requirements. The performance capacity of the fibre manufacturers would be a game changer, not only for the domestic operations but for exports as well.

Aksh is committed to leverage the global and domestic industry wide demand in its favour. This is evident from the strong financials and results for this year: a spectacular growth in revenue and EBITDA which shows the steep growth trajectory your company is headed on. I am happy to inform that your Company has recorded its highest ever turnover and has strong commitment to breach Rs 500 Crore barrier in the coming year.

The e-Governance arm of the Company 1 Stop Aksh is on track to open 10,000 kiosks by the end of 2016. Key services like Micro

ATM services, Aadhar Card Enrolments, LED distribution and payment of Government bills remain the top revenue generators for the division. 1 Stop Aksh has also forayed into providing digital literacy and promoting employable skill development in the state of Rajasthan through projects like IT Gyan Kendras (ITGK), "National Digital Literacy Mission (NDLM)" and "Telecom Sector Skill Council (TSSC)"

Exploring new territories to diversify product portfolio, we discovered that around 4.5 billion people needed vision correction in the world out of which only 45% could get it. In India alone around 450 million people need eye correction and only 25% get proper treatment. This creates a huge potential for selection of our product of 'Ophthalmic Lens'. The ophthalmic lens market in India is largely unorganised and dependent on imports. Aksh is looking to aggressively tap into this market and the need to have an organized player providing a world class product at "Make in India" prices. This project is not just an offline product diversification but an organized phased movement to venture into the greater optical engineering space; which the company has extensive experience in.

Our efforts towards our community and our collective social responsibility remain as one of the prime focus. Good education and good health are the two main growth drivers for the economy. As part of CSR activities we are focussing on these activities through School adoptions and tree plantation drives. For our little efforts in the field of education, Aksh has been awarded with the prestigious Bhamashah award for the second time in a row by the Government of Rajasthan.

Our biggest assets are our employees. During the year Company continued to make significant progress on talent acquisition, training and development.

I would once again like to take this opportunity to thank all our valued Stakeholders for their faith and commitment towards Aksh family. I hope that we are able to deliver value across the board for all our stake holders; both internal and external.

The Onward CSR March at Aksh Optifibre Limited

The year 2015 was a very fulfilling year for the Company with major breakthroughs and developments on the CSR side of both the environmental & educational CSR campaigns;

All of CSR Campaigns: a) Muskan- The education development programme at Bhiwadi; b) Shiksha Hamara Swabhiman at Reengus; c) Upvan- Environment re-vitalization programme at Bhiwadi and; d) Aksh Econation programme at Reengus, have been able to generate immense traction both with the people and the social welfare watchers. True testimony to this is that for the second time in a row State Government of Rajasthan duly recognized and appreciated Aksh CSR initiatives in the field of Education and accordingly Hon'ble Governor of Rajasthan bestowed the prestigious "BHAMASHAH AWARD" to both of its manufacturing locations at Bhiwadi and Reengus for Company's contribution in education sector.

Furthering the company's commitment to quality education, during the year, the company adopted one more school at Reengus (Sikar) under its Mission 'Shiksha Hamara Swabhiman' thus making a total of 3 Schools under the education development programme.

Under Mission 'Muskaan' in Bhiwadi, the Company further improved the infra of its already adopted school and funded the renovations of the school buildings and playground, distribution of winter uniforms to the children and provision of clean toilets, especially for the girls of the school. The company is also taking care of the provision of clean drinking water to the children of the school. Apart from the developmental work being initiated for the school, the company has also setup a state-of-the-art computer lab for the students where they can hone their computer skills and be future ready with the aid of technology.

The company has also made significant progress with its plantation drive 'Upvan', which is aimed at improving the ecological balance and spread the message of Environment protection in the Industrial town of Bhiwadi. More than 50 industries, NGOs and educational institutions from Bhiwadi have joined in the initiative of the Company and carried out a massive rally "Prayavaran Jagrukta Rally" to spread awareness on importance of plantation in community. The Company was able to plant more than 25,000 saplings during the year, up from the previous year's record plantation of 12,000 saplings. For this effort the company was recognized and appreciated by the Bhiwadi Manufacturers Association (BMA), the Indian Medical association, the Rotary Club Bhiwadi and other organizations.

The company has also launched a new programme "Aksh Econation" at Reengus (Sikar). The local schools and Gram Panchayats have joined the company's initiative and have together planted more than 4500 trees so far. The CSR activities of the company are more of an extension of its Corporate DNA than as a compliance subject. All the CSR programmes; Muskan, Upvan, Shiksha Hamara Swabhiman & Aksh Econation have been able to bring positive change to the lives of people in Bhiwadi & Reengus, which is being felt across the towns. The company truly believes that Good Education & Healthy Environment are true enablers for any human being and that is what the Company is committed to provide to the communities that it is associated with.

DIRECTORS' REPORT

Dear Shareholders,

Your Directors have pleasure in presenting the 29th Annual Report together with the audited financial statement of accounts for the financial year ended March 31, 2016.

It gives immense pleasure to share the vision and path that we at Aksh are committed to and continue to add value. The last couple of years have been truly amazing not just for the telecom sector, but for the Optical Fibre Sector in particular. With the realization of large scale telecom projects and increased focus on IP enabled services; the demand for Optical Fibre Cable has been on the upswing not just in India but globally as well.

Your Company has been able to add several new geographies in ever expanding export portfolio and happy to report that the Company now exports to over 70 countries across 6 continents. The export division has stood strong against the global macro-economic headwinds and slowdown and has continued to add value not just to the company but also to the companies that we cater to by delivering world class customized products and services.

OPERATIONAL REVIEW

Financial year 2015-16 closed with revenue of Rs.43,831.46 Lacs, EBIDTA of Rs.7,364.51 Lacs and PAT of Rs.3,351.88 Lacs. The

manufacturing business earned revenues of Rs.39,689.70 Lacs at an EBIT margin of 14.34%.

During the year, the Company introduced certain new products and adding new markets in the manufacturing business. Your Company continues to be recognized globally for high quality Fibre Reinforced Plastic (FRP) Rods, and Optical Fibre Cables.

The detailed analysis of Company's operations and segment wise performance is covered under Management Discussion & Analysis Report.

DIVIDEND

The directors are unable to recommend any dividend in view of the capital expenditure required for expansion and diversification by the Company.

FUTURE OUTLOOK

The domestic Indian market is currently on a high with most service providers rapidly expanding and improving their network performance. Carriers need to continue to focus on providing data and voice services that are high quality, reliable, and affordable. The challenge in 2016 will be doing this in a market where there is increasing usage, declining rates, and scarce spectrum.

Data usage has been growing dramatically, particularly due to streaming services, and is expected to continue that path in the year ahead. Wi-Fi usage will continue to be key, especially as carriers look to offload more mobile traffic onto broadband networks (especially fibre) as well as considerations around other spectrum efficiency technologies and potentially unlicensed spectrum solutions (i.e., LTE-U). Voice over LTE (VoLTE) and Voice over Wi-Fi (VoWiFi) services will also be a key focus to help carriers rationalize networks and potentially offer improved and expanded services.

Growth in APAC is expected to be higher than other regions, at a CAGR of 11.45%. APAC continues to dominate the market with demand for optical fibre and optical fibre cables primarily driven by China, Japan, South Korea, and Taiwan in the FTTx market. This explosive growth has triggered a scarcity in the 'Perform' market and driving both the vendors and users to scramble for sourcing fibre. The market price of fibre has scaled up by over 30% in last six months with a predictive surge in demand for next few months

As in China, data growth and government impetus will drive data demand in India. Though 'Smart Cities' is being touted as the next big growth story for digital India, the primary focus would be to create a duality of a 'Smart Home' and a 'Smart City'. Therefore, in India too, the FTTx market would see a phenomenal demand for optical fibre networks for next few years.

In India, annual demand for telecom sector showed signs of revival with government offering spectrum licenses to cover virgin territories across India especially in Tier III regions. Besides railways modernization, additionally, the infrastructure segment covering Greenfield projects viz., dedicated freight corridors, metro rail and renewable energy is experiencing great demand for optical fibre network.

India continues to march the growth trajectory in NOFN, NFS and Triple Play applications.

Overall, it is forecasted that global fibre optics market will reach \$12.2 billion by 2020, at a CAGR of 9.5% with growth buoyancy dominated in APAC region. The demand for FRP is also set to rise by 9 % during the current year as compared to the previous year. It is anticipated that the demand of FRP will rise by 18-20% by 2020 as compared to FY 2015-16. Aksh share of FRP market is ~ 21%, which is set to rise by >10% by 2020.

SERVICES DIVISION: 1 STOP AKSH

A special mention is required for the services division of the Company- 1 Stop Aksh. The services team has made sure that the 1 Stop Aksh brand reaches even the most difficult territories of Rajasthan and the service quality & delivery is at par with the Urban areas of Rajasthan. 1 Stop Aksh is well on its course to open a record of 10000+ e-kiosks in the state of Rajasthan by the end of next financial year. With over 8000+ operational kiosks in the state, 1 Stop Aksh is already a market leader in the e-governance space with over 250+ services currently on offer through the brand. It is estimated that over 16 million citizens across the state of Rajasthan are benefitting from the services rendered on the 1 Stop Aksh network.

The company has also launched a massive employability skill development campaign with IT Gyan Kendras (ITGK), "National Digital Literacy Mission (NDLM)" and "Telecom Sector Skill Council (TSSC)". The company has set an aggressive target of training over 100,000+ candidates in the state through various programmes.

The company is also offering to recruit and help find employment to candidates who undergo necessary OFC related training that the company is delivering via Telecom Sector Skill Council (TSSC) programmes, which is a first in the country by any large scale Optical Fibre Cable player in India.

DIVERSIFICATION

During the year, with a view to increase product portfolio and brand presence, Board of Directors decided to enter into new line of business to manufacture Ophthalmic Lenses. The operation of proposed manufacturing facilities will be initiated during 2016-17 and the same is to be completed in a phased manner in next 3-5 years with production capacity of 200,000 pairs of lenses per day at a project outlay of INR 85 cr.

Currently, 95% of domestic requirement of ophthalmic lenses is met through imports. There is no Indian Manufacturer with such huge capacities and there is handful of organised players in India. Setting up these facilities in India shall give a boost to make India as self reliant and is a notable step towards "Make in India" project. It shall also be a step forward towards sustainable growth of Company in years to come.

EXPANSION

To cater upcoming robust demand in Optical Fibre Industry and also to maintain its leadership position, Board of Directors also approved capital expenditure of Rs.95 Cr for expansion and modernization of existing manufacturing facilities and to enhance the capacity in Optical Fibre by 100%, Optical Fibre cable by 50% and Fibre Reinforced Plastic by 200%. The capacity expansion is being strategically planned to cater the market demands and is on track to become operational during FY 2016-17.

CORPORATE GOVERNANCE REPORT

CONTINUED DEDICATION TO CORPORATE FAIRNESS, TRANSPERENCY AND ACCOUNTABILITY

Your Company believes in conducting its affairs with the highest levels of integrity, proper authorizations, accountability, disclosure and transparency. The Company strongly believes in maintaining a simple and transparent corporate structure driven solely by business needs. Shareholders' interests are on utmost priority and the management is only a trustee to carry out the activities in a truthful and fruitful manner.

The details of the Corporate Governance compliance by the Company as per the Regulation 34(3) and Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred as "Listing Regulations, 2015") entered into with Stock Exchanges are as under:

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

AKSH is committed to attain the highest levels of transparency, accountability and equity in all facets of its operations and in all its interactions with its shareholders, employees, government, lenders and the society at large. The underlying goal of the Company is to enhance its overall enterprise value and retain the trust and faith of all its valuable stakeholders, over a sustainable tenure.

Good Governance is an essential and integral part of corporate success and sustainable economic growth encouraging the efficient use of resources and equally to require accountability for the stewardship of those resources.

In addition to the adherence to its philosophy and values, the Company has also complied with the Regulations & Schedule as per SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, which deals with the compliance of Corporate Governance requirements. A detail, in line with the same is as follows:

2. THE BOARD OF DIRECTORS

Composition

The Company's policy is to maintain an optimum balance of Executive & Non-Executive Directors as per Regulation 17(1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Composition of the Board and category of Directors as on March 31, 2016 was as follows:

Category	Name of Director(s)
Promoter & Chairman & Managing Director	Dr. Kailash S Choudhari*
Non Executive Non Independent Director	Mr. B. R. Rakhecha
Independent Directors	Mr. D. K. Mathur
	Mr. Narendra Kumbhat
	Mr. Amrit Nath
	Ms. Devika Raveendran**

*Appointed as Chairman & Managing Director for a term of 3 years w.e.f. June 1, 2015;

**Appointed as an Independent Director for a term of 5 years w.e.f. May 30, 2015.

Further, in the Board Meeting held on May 28, 2016, Mr. Satyendra Gupta, was appointed as Deputy Managing Director w.e.f. May 28, 2016, for a term of 3 years till May 27, 2019, subject to the approval of Shareholders.

As per the statutory requirements of Regulation 26(1) of the Listing Regulations 2015, as entered with the Stock Exchanges none of the Directors on the Board of your Company are holding directorships in more than 15 Public Companies and memberships of more than 10 Committees along with the Chairmanships of not more than 5 Committees across all the Companies in which they are Directors. All the Non- Executive Directors on the Board of your Company are liable to retire by rotation unless otherwise specifically approved by the shareholders.

As per the statutory requirements of the Listing Regulations, 2015 all the Independent Directors on the Board of your Company are experienced and renowned persons from their respective fields. They take active part in the Board and Committee meetings which add value in the decision making process of the Board of Directors.

Board Functioning & Procedure

The Company believes that the core of its corporate governance practice is the Board, which oversees how the management serves and protects the long-term interests of all stakeholders of the company. An active, well-informed and independent Board is necessary to ensure the highest standards of corporate governance. The Company believes that composition of Board is conducive for making decisions expediently, with the benefit of a variety of perspectives and skills, and in the best interests of the Company as a whole rather than of individual shareholders or interest groups.

In accordance with the provisions of Regulation 17(2) of the Listing Regulations 2015, the Board meets at least once in every quarter to review the quarterly results and other items of agenda as required under Listing Regulations 2015, and if necessary, additional meetings are held. The Chairman of the Board and the Company Secretary discuss the items to be included in the agenda and the agenda is sent in advance to the Directors along with the draft of relevant documents and explanatory notes.

During the financial year ended on March 31, 2016, the Board of Directors had **4 (Four) meetings** with not more than one hundred and twenty days gap between any two meetings. The date of Board Meetings held during the year is as follows:

(i) May 30, 2015 (ii) August 11, 2015 (iii) November 14, 2015 (iv) February 11, 2016.

Separate Independent Directors' Meetings

As per the provisions of the Companies Act 2013 & Regulation 25(3) of Listing Regulations 2015, the Independent Directors have to meet at least once in a year, without the presence of Executive Directors or Management representatives.

The Independent Directors met once, i.e. on 30.05.2015 during the Financial Year ended March 31, 2016 to take note of the following activities to be undertaken by them:

- the performance of non-Independent Directors and the Board as a whole;
- the performance of the Chairperson of the Company, taking into account the views of Executive Directors and Non- Executive Directors;
- the parameters for evaluation of Independent Directors; and
- the quality, quantity and timeliness of flow of information between the Company management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

Directors' Induction and Familiarization

The provision of an appropriate induction programme for new Directors and ongoing training for existing Directors is a major contributor to the maintenance of high Corporate Governance standards of the Company. The Company Secretary is responsible for ensuring that such induction and training programmes are provided to Directors. The Independent Directors, from time to time request management to provide detailed understanding of any specific project, activity or process of the Company. The management provides such information and training either at the meeting of Board of Directors or otherwise.

The induction process is designed to:

- build an understanding of Aksh, its businesses and the markets and regulatory environment in which it operates;
- provide an appreciation of the role and responsibilities of the Director;
- fully equip Directors to perform their role on the Board effectively; and

- develop understanding of Company's people and its key stakeholder relationships.

Upon appointment, Directors receive a Letter of Appointment setting out in detail, the terms of appointment, duties, responsibilities and expected time commitments.

In addition to the induction and training provided as part of the familiarization programme, the Independent Directors are also taken through business activities of the Company in the Board meetings to discuss future strategy.

The details of Director's induction and familiarization are available on the Company's website at www.akshoptifibre.com/policies/

Board Evaluation

The Nomination and Remuneration Committee of the Company has approved an Evaluation Policy, adopted by the Board of Directors. The policy provides for evaluation of the Board, the Committees of the Board and individual Directors, including the Chairman of the Board.

Upon conclusion of the F.Y. 2015-16, the Evaluation was completed by the Company which included the Evaluation of the Board as a whole, Board Committees and Directors. The Evaluation process focused on various aspects of the Board and Committees functioning such as composition of the Board and Committees, experience and competencies, performance of specific duties and obligations, governance issues etc. Separate exercise was carried out to evaluate the performance of individual Directors on parameters such as attendance, contribution and independent judgment.

The results of the Evaluation were shared with the Board, Chairman of respective Committees and individual Directors. Based on the outcome of the Evaluation, the Board and Committees have agreed on the action plan to improve on the identified parameters.

Performance Evaluation of Independent Directors:

Pursuant to Regulation 17 of Listing Regulations, 2015 and Schedule IV of Companies Act, 2013, the Board had carried out the evaluation of Independent Directors as per the criteria laid by the Nomination and Remuneration Committee and adopted by the Board.

MANAGEMENT DISCUSSION AND ANALYSIS OF THE FINANCIAL STATEMENTS AND OPERATIONAL RESULTS

CAUTIONARY STATEMENT

Statement in the management's discussions and analysis describing the Company's projections, estimates, expectations or predictions may be 'forward looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that would make a difference to the Company's operations include demand-supply conditions, raw material prices, changes in government regulations, tax regimes and economic developments within the country and abroad and such other factors.

Industry Structure and Developments

Global Industry Scenario

The telecom sector continues to be at the epicenter for growth, innovation, and disruption for virtually any industry. Mobile devices and related broadband connectivity continue to be more and more embedded in the fabric of society today and they are the key in driving the momentum around some key trends such as video streaming, Internet of Things (IoT), and mobile payments.

The number of "connected things" continues to grow as mobile and "smart" device utilization and connectivity continues to expand—which will ultimately shape and define the IoT space. This is a big deal for all sectors within the telecom industry including wireless and wireline/broadband carriers, network equipment/infrastructure companies, and device manufacturers who are all critical components of this key ecosystem. As the number of embedded devices that require mobile connectivity grows, telecommunications companies will be looking for opportunities to increase revenue through their core businesses such as network connectivity, sale of network equipment and devices, all of which this emerging ecosystem will require, as well as through new products and services that are enabled by these core businesses.

The consumer oriented "things" that comprise IoT will in large part consist of wearables, smartphones, "connected" cars and "smart" homes. Sectors like manufacturing, transportation, utilities, retail, and hospitality to be big contributors to this rapidly emerging and complex ecosystem particularly in the enterprise space. Telecommunications companies will also find new opportunities for growth in the public sector, as "smart cities" gains more traction. Consumer demand for digital technologies that make it easier to access and pay for public services using mobile devices, such as parking and transportation, will help to drive these initiatives, as will municipal demand to operate the city more effectively and efficiently through applications such as connected city lighting, asset monitoring and tracking, and video security.

In developed economies, a modest yet uneven recovery is expected to continue, with a gradual further narrowing of output gaps. Few challenges exist in most emerging markets and developing economies which once overcome may present

a better picture. The slowdown and rebalancing of the Chinese economy, lower commodity prices, and strains in some large emerging market economies will continue to weigh on growth prospects in 2016–17.

THE INDIA GROWTH STORY- ADVANTAGE INDIA

India has been consistently ranked amongst the top 3 emerging nations in terms of telecom infrastructure and development. Over 1.2 Billion telecom subscribers at the end of the FY16 bear true testimony to the fact that things are indeed looking good for the telecom sector in India. Increased focus on rural penetration and the constant network development efforts in urban areas has ensured that even the most remote areas of India are experiencing a surge of not just connectivity but access to information via high-speed data highways.

The focus of private telecom players on increasing their spectrum capacity and launching best quality voice and data services via converged networks is the wave that currently engulfs the market. CUSTOMER FIRST; be it for the network operators or infrastructure service providers has been the definitive shift in attitude that has fuelled this growth story.

On the back of all this growth, India is set to emerge as a leading player in the virtual world by having 700 million internet users out of the 4.7 billion global users by 2025, as per a Microsoft report. With the government's favourable regulation policies and 4G services hitting the market, the Indian telecommunication sector is expected to witness fast paced growth.

The announcement of "Smart Cities" being developed across various parts of the country have also been a major highlight of the past year. The "Digital India" campaign along with the "Smart Cities" initiative is a major push that the Govt. of India has provided to bring the country a step closer to lay the foundation of a 21st Century India, with amenities much at par with the developed countries. The telecom sector has a much larger role to play in this success story where virtually everything from; households to cars and parking systems to healthcare services all connected and available to the citizen at the click of a button. That for us is the ultimate realization of the Digital India dream.

International Data Corporation (IDC) predicts India to overtake US as the second-largest smartphone market globally by 2017 and to maintain high growth rate over the next few years as people switch to smartphones and gradually upgrade to 4G. In spite of only 5 per cent increase in mobile connections in 2015, overall expenditure on mobile services in India is expected to increase to US\$ 21.4 billion in 2015, led by 15 per cent growth in data services expenditure.

The Indian telecom sector is expected to generate four million direct and indirect jobs over the next five years according to estimates by Randstad India. The employment opportunities are expected to be created due to combination of government's efforts to increase penetration in rural areas and the rapid increase in smartphone sales and rising internet usage.

OFC AT THE FOREFRONT

With all this development, OFC usage in India is at an all time high. With the basic infrastructure in place, the last mile connectivity operations are currently underway and are fuelling this massive demand. Large scale Government projects like Bharat Net, Network-For-Spectrum (NFS) and the Smart Cities projects will continue to keep up the pace while also pushing service providers to venture into providing more value driven products and services.

The year 2015 saw multiple announcements of public Wi-Fi projects, including announcements from the Delhi government, Pune municipality and Prime Minister Narendra Modi's announcement of the Indian Railways Wi-Fi project in partnership with Google. Such initiatives and the willingness of the private and public sector has opened up a host of opportunities for the entire OFC sector.

The Bharat Net project which incubated the exponential demand for fibre optics in India is progressing well with over 111,000 Kms of fibre installed across the country. Under this project, 250,000 gram panchayats are to be connected to high-speed broadband networks using optical fibre. The demand is being further fuelled by the Digital India and smart cities programme by government of India. The Digital India Campaign has adopted the following nine pillars to enable digitization across the country:

Nine Pillars – Digital India		
Broadband Highways	E-Governance – Reforming government through Technology	Electronics Manufacturing – Target NET ZERO Imports
Universal Access to Phones	eKranti – Electronic delivery of services	IT for Jobs
Internet Access Programme	Information for All	Early Harvest Programmes

Smart cities is another ambitious government initiative to develop 100 smart cities by FY 2019-20. The smart cities would be developed on these basic principles:

Smart Cities Key Principles	
Making governance citizen-friendly and cost effective — increasingly rely on online services to bring about accountability and transparency, especially using mobiles to reduce cost of services and providing services without having to go to municipal offices; form e-groups to listen to people and obtain feedback and use online monitoring of programs and activities with the aid of cyber tour of worksites	Preserving and developing open spaces — parks, playgrounds, and recreational spaces in order to enhance the quality of life of citizens, reduce the urban heat effects in Areas and generally promote eco-balance
Applying Smart Solutions to infrastructure and services in area-based development in order to make them better	Promoting a variety of transport options — Transit Oriented Development (TOD), public transport and last mile para-transport connectivity

E-Governance Services

Company is one of early entrants in the space of E-governance in India and stands today as one of the largest e-governance service providers in the State of Rajasthan. Keeping in mind the vision of e-Kranti, an integral part of the Digital India programme with a vision "Transforming e-Governance for Transforming Governance". The mission of e-Kranti is "To ensure a Government wide transformation by delivering all Government services electronically to the citizens through integrated and interoperable systems via multiple modes, while ensuring efficiency, transparency and reliability of such services at affordable costs."

Leveraging e-governance services has many advantages over traditional methods such as:

- It greatly simplifies the process of information accumulation for citizens and businesses.
- It empowers people to gather information regarding any department of government and get involved in the process of decision making.
- E-Governance strengthens the very fabric of democracy by ensuring greater citizen participation at all levels of governance
- E-Governance leads to automation of services, ensuring that information regarding every work of public welfare is easily available to all citizens, eliminating corruption.
- This revolutionizes the way governments function, ensuring much more transparency in the functioning, thereby eliminating corruption.
- Since the information regarding every activity of government is easily available, it would make every government department responsible as they know that every action of theirs is closely monitored.
- Proper implementation of e-Governance practices make it possible for people to get their work done online thereby sparing themselves of unnecessary hassles of traveling to the respective offices.
- Successful implementation of e-Governance practices offer better delivery of services to citizens, improved interactions with business and industry, citizen empowerment through access to information, better management, greater convenience, revenue growth, cost reductions etc.
- Furthermore, introduction of e-Governance brings governments closer to citizens. So much so that today it becomes extremely convenient to get in touch with a government agency. Indeed, citizen service centers are located closer to the citizens now. Such centers may consist of an unattended kiosk in the government agency, a service kiosk located close to the client, or the use of a personal computer in the home or office.
- E-Governance practices help business access information that might be important for them at a click. E-Governance helps to simplify the processes and make access of government information easier. The other estimated benefits of e-governance include efficiency in services, improvement in services delivery, standardization of services, better accessibility of services, and more transparency and accountability.

Aksh has been partnering the state of Rajasthan in India to aggressively impart E-governance to the rural most part of it. We are now also targeting to provide similar services in other states of India

SWOT

RISK MANAGEMENT

Your Company's ability to maintain or grow its business depends upon a number of performance factors, including its ability to (i) identify emerging trends and customer requirements and develop product and service offerings superior to those of its competitors, (ii) meet or surpass the price, quality and delivery requirements of its end-customers in a cost-effective and competitive manner, and (iii) develop and retain employees and leaders with the necessary expertise. Customer's specific business considerations including changes in their strategies regarding utilization of alternative opportunities available to them to source products and services currently provided by your Company, may also reduce the level and/or mix of their business with the Company. Pricing pressures on sales of goods and services to customers or a reduction in the volume or change in the mix of orders or sales to them can be expected to have a material adverse impact on the revenues and profits of the Company.

While your Company is diversified in various products, industries and geographies, major macroeconomic indicators due to government initiatives on digitalisation is speeding up industrial business. Your Company is expecting to achieve a fair share and diversification is helping it to manage these trends. While the fundamentals appear to be strong, and infrastructure investments will continue to be resilient, the overall competitive landscape is becoming more and

more aggressive. Volatility of foreign exchange rates continues to be a risk due to large exposure to foreign currencies that the Company has on account of imports as well as exports.

INTERNAL CONTROL AND THEIR ADEQUACY

Internal audit is used as an effective tool to check and enhance the efficacy of systems, processes and controls of the Company. It is carried out by an independent agency and internal enterprise risk management team. The review plan, drawn in consultation with the senior management, covers all major areas. The standard operating procedure compliance and management-approved policies are reviewed and areas of improvement, if any, are identified. The observations and suggestions for improvement form a part of the report. The report is discussed with Senior Management and the Board's Audit Committee. Wherever necessary, adequate corrective measures are initiated to ensure compliance.

HUMAN RESOURCES

Human resource is our most important resource and we have prime focus to develop and enable our employees. As we promote a culture of transparency, development, equality and recognition we look into the year as one where we would realign ourselves better. Our focus from HR front is to create a performance driven organization where each employee goals contributing in fulfilling the shareholder value. Our people policy related to development, growth and operational excellence is being restructured. Further the company has well defined talent identification process to tap internal and external resources for diversification and growth.

“Annexure B” to the Independent Auditor’s Report

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of AKSH OPTIFIBRE LIMITED (“the Company”) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the ‘Guidance Note’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statements for the year ended March 31, 2016

1 CORPORATE INFORMATION

Aksh Optifibre Limited is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 2013. Its shares are listed at The Bombay Stock Exchange Limited and The National Stock Exchange Limited in India. The Company is engaged in the manufacturing and selling of Optical Fibre, Optical Fibre Cable, Fibre Reinforced Plastic Rods and Impregnated Glass Roving Reinforcement. The Company caters to both domestic and international markets. The Company also provides the E Governance services, FTTH and Internet Protocol Television (IPTV) services in North India.

2 BASIS OF PREPARATION

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under Companies Act, 2013. Additional disclosures specified in the Accounting Standards shall be made in the notes to accounts or by way of additional statement unless required to be disclosed on the face of the Financial Statements. Similarly, all other disclosures as required by the Companies Act, 2013 shall be made in the notes to accounts in addition to the requirements set out in this Schedule.

2.1 SIGNIFICANT ACCOUNTING POLICIES

a) Use of Estimates

The preparation of the financial statements is in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting year. Difference between the actual result and estimates are recognized in the year in which the results are known/ materialized.

b) Fixed Assets

- i) Fixed Assets are stated at cost of acquisition less accumulated depreciation and impairment. Cost includes any borrowing costs directly attributable to the acquisition/ construction of fixed assets and bringing the assets to its working condition for its intended use.
- ii) Exchange difference arising on account of liabilities incurred for acquisition or construction of Fixed Assets is adjusted in the carrying amount of related Fixed Assets.

c) Capital Work-in-Progress

Advances paid towards the acquisition of fixed assets, costs of assets not ready for use before the year-end and expenditure during construction period that is directly or indirectly related to construction, including borrowing costs are included under Capital Work-in-Progress.

d) Depreciation

"Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:"

Particulars	Useful life in years
Factory Buildings	28
Plant and equipment including Telecom Networking, Testing instrument, electrical equipments, Fork lift and office equipment	20
Furniture and fixtures	15
Data Processing System	5

Leasehold land is amortized over the duration of the lease.

Intangible assets are amortized over their estimated useful life on straight line method.

e) Impairment of Assets

- i) The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted at their present value at the weighted average cost of capital.
- ii) After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.
- iii) A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

f) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Long Term investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such diminution is other than temporary. Current Investments are carried at the lower of cost and fair value and provisions are made to recognize the decline in the carrying value.

g) Inventories

- i) Raw materials, work-in-process, finished goods, trading stock, packing material and stores and spares parts are valued at the lower of cost and net realizable value except scrap which is valued at net realizable value.
- ii) Cost of inventories of items that are not ordinarily interchangeable or are meant for specific projects is assigned by specific identification of their individual cost. Cost of other inventories is ascertained on the FIFO basis. In determining the cost of work-in-process and finished goods, fixed production overheads are allocated on the basis of normal capacity of production facilities.
- iii) The comparison of cost and realizable value is made on an item-by-item basis.
- iv) Net realizable value of work-in-process is determined on the basis of selling prices of related finished products.
- v) Raw Material and other supplies held for use in production of inventories are not written down below cost unless their prices have declined and it is estimated that the cost of related finished goods will exceed their net realizable value.

h) Foreign Currency Transactions

- i) Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of transaction.
- ii) Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.
- iii) Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expense in the year in which they arise.
- iv) The premium or discount arising at the inception of forward exchange contracts is amortized as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit & loss in the year in which exchange rate changes. Any profit or loss arising on cancellation or renewal of forward exchange contracts is recognized as income or expense for the year. None of the forward exchange contracts are taken for trading or speculation purpose.

i) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset.

All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that Company incurs in connection with the borrowing of funds.

j) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be readily measured.

Sales of Goods and Services

Revenue is recognized when the significant risks and rewards of ownership of the goods have been passed to the buyer (usually at the point of dispatch to customers). Sales include excise duty, sale of scrap and net of sale tax and quantity discount.

Income from services is recognized on the completion of services. Period based services are accounted for proportionately over the period of service.

Income from Interest

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Other Incomes

Other Incomes are accrued as earned except where the receipt of income is uncertain.

k) Retirement and other Employee Benefits

- i) Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are charged to the statement of Profit and Loss for the year when the contributions to the respective funds are due. The Company has no other obligation other than the contribution payable.
- ii) Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on Projected Unit Credit Method calculated at the end of each financial year. The liability with regard to gratuity in respect of any employee not covered under group gratuity scheme is provided on the basis of amount payable to such employees as if they were to retire on the last day of financial year.
- iii) Compensated Absences liability is provided for based on actuarial valuation done as per Projected Unit Credit Method calculated at the end of each financial year.
- iv) Actuarial gains/losses are immediately taken to profit and loss account and are not deferred.

l) Export Incentives

Export Incentive in the form of advance licenses / credit earned under duty entitlement pass book scheme are treated as income in the year of export at the estimated realizable value / actual credit earned on exports made during the year.

m) Taxes on Income

Tax expense comprises of current and deferred tax. Current income tax is determined as the amount of tax payable in respect of taxable income for the year based on provisions of Income Tax Act, 1961. Deferred income tax reflects the

impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if legally and enforceable right exist to set off current tax asset against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In case of unabsorbed depreciation and carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each balance sheet date the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

n) Operating Leases

Assets given on operating leases are included in fixed assets. Lease income is recognized in the statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the Profit and Loss Account.

o) Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Notified AS 20 under the Companies (Ac-

counting Standards) Rules, 2006 issued by The Institute of Chartered Accountants of India on 'Earnings Per Share'. Basic earnings per share is computed by dividing the net profit or loss for the period attributable to equity shareholders after deducting attributable taxes by the weighted average number of equity shares outstanding during the period. Diluted earnings per share are computed by dividing the net profit or loss for the period by the weighted average number of equity shares outstanding during the period. Both profit for the year and weighted average numbers of shares are adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

p) Provisions, Contingent Liabilities and Contingent Assets

As per Notified AS 29 under the Companies (Accounting Standards) Rules, 2006, Provisions, Contingent Liabilities and Contingent Assets, issued by the Institute of Chartered Accountants of India, the Company recognizes provisions (without discounting to its present value) only when it has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation as and when a reliable estimate of the amount of the obligation can be made.

No provision is recognized for—

Any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or

Any present obligation that arises from past events but is not recognized because —

- It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- A reliable estimate of the amount of obligation cannot be made.

Such obligations are disclosed as Contingent Liabilities. These are assessed continually and only that part of the obligation for which an outflow of resources embodying economic benefits is probable, is provided for, except in the extremely rare circumstances where no reliable estimate can be made.

q) Miscellaneous Expenditure

Expenditure on issue of shares / foreign currency convertible bonds (FCCBs) / Global Depository Receipts (GDRs) / shares under Qualified Institutional Placements (QIP) and premium on redemption of FCCBs are adjusted against Securities Premium account.

r) Measurement of EBITDA

As permitted by the Guidance Note on the Revised Schedule III to the Companies Act, 2013, the Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The Company measures EBITDA on the basis of profit/ (loss) from continuing operations. In its measurement, the Company does not include depreciation and amortization expense, finance costs and tax expense.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS TO THE MEMBERS OF AKSH OPTIFIBRE LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of AKSH OPTIFIBRE LIMITED (hereinafter referred to as "the Company") and its subsidiaries (the Company and its subsidiaries together referred to as "the Aksh Group"), which comprise of the Consolidated Balance Sheet as at March 31, 2016, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements.

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Company(Accounts) Rules, 2014. The respective Board of Directors of the Company included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of these consolidated financial statements by the Board of Director of the Company.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In

making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors referred to in the 'Other Matters' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors' on separate financial statement of the subsidiary, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls over financial reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of AKSH OPTIFIBRE LIMITED ('the Holding Company') and its subsidiary companies which incorporated in India as at March 31, 2016, as of that date. In conjunction with our audit of the consolidated financial statements of the Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over

financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies incorporated in India, in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial

reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes to Consolidated financial statements for the year ended March 31, 2016

1 CORPORATE INFORMATION

Aksh Optifibre Limited is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 2013. Its shares are listed at The Bombay Stock Exchange Limited and The National Stock Exchange Limited in India. The Company is engaged in the manufacturing and selling of Optical Fibre, Optical Fibre Cable, Fibre Reinforced Plastic Rods and Impregnated Glass Roving Reinforcement. The Company caters to both domestic and international markets. The Company also provides the E Governance services, FTTH and Internet Protocol Television (IPTV) services in North India.

2 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES TO THE CONSOLIDATED FINANCIAL STATEMENTS

The significant accounting policies adopted by Aksh Optifibre Limited (the Company) and its subsidiaries (hereinafter referred to as the "Group") in respect of these Consolidated Financial Statements, are set out below.

2.1 SIGNIFICANT ACCOUNTING POLICIES

a) BASIS OF PREPARATION

These consolidated financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies Act, 2013. Additional disclosures specified in the Accounting Standards shall be made in the notes to accounts or by way of additional statement unless required to be disclosed on the face of the Financial Statements. Similarly, all other disclosures as required by the Companies Act, 2013 shall be made in the notes to accounts in addition to the requirements set out in this Schedule. These consolidated financial statements are prepared under the historical cost convention on the accrual basis of accounting and in accordance with the reporting requirements of Accounting Standard - 21 'Consolidated Financial Statements' issued by the ICAI.

b) Principles of Consolidation

These accounts represent consolidated accounts of the Group and its majority owned subsidiaries as follows:

Entity	Country of Incorporation	Shareholding as at March 31, 2016
APAKSH Broadband Limited (APAKSH)	India	99.92%
AOL FZE	UAE	100%
AOL Projects DMCC subsidiary of AOL FZE	UAE	100%

c) Use of Estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting year. Difference between the actual result and estimates are recognized in the year in which the results are known/materialized.

d) Fixed Assets

- Fixed Assets are stated at cost of acquisition less accumulated depreciation and impairment. Cost includes any borrowing costs directly attributable to the acquisition/ construction of fixed assets and bringing the assets to its working condition for its intended use.

- Exchange difference arising on account of liabilities incurred for acquisition or construction of Fixed Assets is adjusted in the carrying amount of related Fixed Assets.

e) Capital Work-in-Progress

Advances paid towards the acquisition of fixed assets, costs of assets not ready for use before the year-end and expenditure during construction period that is directly or indirectly related to construction, including borrowing costs are included under Capital Work-in-Progress.

f) Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:

Particulars	Useful life in years
Factory Buildings	28
Plant and equipment including Telecom Networking, Testing instrument, electrical equipments, Fork lift and office equipment	20
Furniture and fixtures	15
Data Processing System	5

Leasehold land is amortized over the duration of the lease.

Intangible assets are amortized over their estimated useful life on straight line method.

g) Impairment of Assets

- The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted at their present value at the weighted average cost of capital.
- After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.
- A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

h) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Long Term investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such diminution is other than temporary. Current Investments are carried at the lower of cost and fair value and

Notes to Consolidated financial statements for the year ended March 31, 2016

provisions are made to recognize the decline in the carrying value.

i) Inventories

- i) Raw materials, work-in-process, finished goods, trading stock, packing material and stores and spares parts are valued at the lower of cost and net realizable value except scrap which is valued at net realizable value.
- ii) Cost of inventories of items that are not ordinarily interchangeable or are meant for specific projects is assigned by specific identification of their individual cost. Cost of other inventories is ascertained on the FIFO basis. In determining the cost of work-in-process and finished goods, fixed production overheads are allocated on the basis of normal capacity of production facilities.
- iii) The comparison of cost and realizable value is made on an item-by-item basis.
- iv) Net realizable value of work-in-process is determined on the basis of selling prices of related finished products.
- v) Raw Material and other supplies held for use in production of inventories are not written down below cost unless their prices have declined and it is estimated that cost of related finished goods will exceed their net realizable value.

j) Foreign Currency Transactions

- i) Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of transaction.
- ii) Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.
- iii) Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expense in the year in which they arise.
- iv) The premium or discount arising at the inception of forward exchange contracts is amortized as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which exchange rate changes. Any profit or loss arising on cancellation or renewal of forward exchange contracts is recognized as income or expense for the year. None of the forward exchange contracts are taken for trading or speculation purpose.

k) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that company incurs in connection with the borrowing of funds.

l) Revenue Recognition

Revenue is recognized to the extent that it is probable that the

economic benefits will flow to the Company and the revenue can be readily measured.

Sales of Goods and Services

Revenue is recognized when the significant risks and rewards of ownership of the goods have been passed to the buyer (usually at the point of dispatch to customers). Sales include excise duty, sale of scrap and net of sale tax and quantity discount.

Income from services is recognized on the completion of services. Period based services are accounted for proportionately over the period of service.

Income from Interest

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Other Incomes

Other Incomes are accrued as earned except where the receipt of income is uncertain.

m) Retirement and other Employee Benefits

- i) Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are charged to the Profit and Loss for the year when the contributions to the respective funds are due. The company has no other obligation other than the contribution payable.
- ii) Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on Projected Unit Credit Method calculated at the end of each financial year. The liability with regard to gratuity in respect of any employee not covered under group gratuity scheme is provided on the basis of amount payable to such employees as if they were to retire on the last day of financial year.
- iii) Leave Encashment liability is provided for based on actuarial valuation done as per Projected Unit Credit Method calculated at the end of each financial year.
- iv) Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

n) Export Incentives

Export Incentive in the form of advance licenses / credit earned under duty entitlement pass book scheme are treated as income in the year of export at the estimated realizable value / actual credit earned on exports made during the year.

o) Taxes on Income

Income taxes are computed using the tax effect accounting method where taxes are accrued in the same period, as the related revenue and expenses to which they relate. The differences that result between profit offered for income tax and the profit before tax as per financial statements are identified and deferred tax assets or deferred tax liabilities are recorded for timing differences, namely differences that originate in one accounting period and are capable of reversal in future. Deferred tax assets and liabilities are measured using tax rates and tax laws enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized only if there is reasonable certainty that they will be realized. However, where the Company has unabsorbed depreciation or carried forward losses under taxation laws, a much stricter test, viz, virtual certainty of realization, is applied for recognition of deferred tax assets. Deferred tax assets are reviewed for the continuing appropriateness of their respective carrying values at each balance sheet date and written down or written up to reflect

Notes to Consolidated financial statements for the year ended March 31, 2016

the amount that is reasonably/ virtually certain (as the case may be) of realization.

Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

p) Operating Leases

Assets given on operating leases are included in fixed assets. Lease income is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the Statement of Profit and Loss.

q) Earnings Per Share

The Group reports basic and diluted earnings per share in accordance with Notified AS 20 under the Companies (Accounting Standards) Rules, 2006 issued by The Institute of Chartered Accountants of India on 'Earnings Per Share'. Basic earnings per share is computed by dividing the net profit or loss for the period attributable to equity shareholders after deducting attributable taxes by the weighted average number of equity shares outstanding during the period. Diluted earnings per share are computed by dividing the net profit or loss for the period by the weighted average number of equity shares outstanding during the period. Both profit for the year and weighted average numbers of shares are adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

r) Provisions, Contingent Liabilities and Contingent Assets

As per Notified AS 29 under the Companies (Accounting Standards) Rules, 2006, Provisions, Contingent Liabilities and Contingent Assets, issued by the Institute of Chartered Accountants of India, the Company recognizes provisions (without discounting to its present value) only when it has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation as and when a reliable estimate of the amount of the obligation can be made.

No provision is recognized for:

Any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or

Any present obligation that arises from past events but is not recognized because –

- It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- A reliable estimate of the amount of obligation cannot be made.

Such obligations are disclosed as Contingent Liabilities. These are assessed continually and only that part of the obligation for which an outflow of resources embodying economic benefits is probable, is provided for, except in the extremely rare circumstances where no reliable estimate can be made.

s) Project Development Expenditure

Expenses incurred relating to project prior to commencement of commercial production / start of the project is classified as Project Development Expenditure net of income earned during the project development stage.

t) Miscellaneous Expenditure

Expenditure on issue of shares / foreign currency convertible bonds (FCCBs) / Global Depository Receipts (GDRs) / shares under Qualified Institutional Placements (QIP) and premium on redemption of FCCBs are adjusted against Securities Premium account.

u) Translation of Foreign Subsidiary

In case of foreign subsidiary, the revenue and expense transactions at the year end reflected in the Statement of Profit and Loss have been translated at the average exchange rates for the period to which the financial statements relate. The assets and liabilities, both monetary and non-monetary, have been translated at the closing exchange rate prevailing on the date of the Balance Sheet.

Exchange difference arising on the Company's net investment in foreign subsidiary are accumulated in a foreign currency translation reserve until the disposal of such investment, at which time they are recognized as income and expense.

v) Measurement of EBITDA

As permitted by the Guidance Note on the Revised Schedule VI to the Companies Act, 1956, the Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the Statement of Profit and Loss. The Company measures EBITDA on the basis of profit/ (loss) from continuing operations. In its measurement, the Company does not include depreciation and amortization expense, finance costs and tax expense.

Notes: Please read the instructions printed below carefully before exercising your vote.

INSTRUCTIONS

1. This Ballot Form is provided for the benefit of Members who do not have access to e-voting facility.
2. A Member can opt for only one mode of voting i.e. either through e-voting or by Ballot. If a Member cast votes by both modes, then voting done through e-voting shall prevail and ballot shall be treated as invalid.
3. For detailed instructions on e-voting, please refer to the notes appended to the Notice of the AGM.
4. The scrutinizer will collate the votes downloaded from the e-voting system and votes received through post to declare the final result for each of the Resolutions forming part of the Notice of the AGM.

Process and manner for Members opting to vote by using the Ballot Form

1. Please complete and sign the Ballot Form and send it so as to reach the Scrutinizer appointed by the Board of Directors of the Company, Ms. Pooja Anand, Company Secretary in Practice, at the Corporate Office of the Company i.e. J-1/1, B-1 Extension, Mohan Co-operative Industrial Estate, Mathura Road, New Delhi-110044
2. The Form should be signed by the Member as per the specimen signature registered with the Company/Depositories. In case of joint holding, the Form should be completed and signed by the first named Member and in his/her absence, by the next named joint holder. Exercise of vote by Ballot is not permitted through proxy.
3. In case the shares are held by companies, trusts, societies, etc. the duly completed Ballot Form should be accompanied by a certified true copy of the relevant Board Resolution/Authorization.
4. Votes should be cast in case of each resolution, either in favour or against by putting the tick (✓) mark in the column provided in the Ballot.
5. The voting rights of shareholders shall be in proportion of the shares held by them in the paid up equity share capital of the Company as on Saturday, September 17, 2016 as per the Register of Members of the Company.
6. Duly completed Ballot Form should reach the Scrutinizer not later than September 23, 2016 (5:00 p.m. IST). Ballot Form received after September 23, 2016 will be strictly treated as if the reply from the Members has not been received.
7. A Member may request for a duplicate Ballot Form, if so required. However, duly filled in and signed duplicate Form should reach the Scrutinizer not later than the date and time specified in serial no. 6 above.
8. Unsigned, incomplete, improperly or incorrectly tick marked Ballot Forms will be rejected. A Form will also be rejected if it is received torn, defaced or mutilated to an extent which makes it difficult for the Scrutinizer to identify either the Member or as to whether the votes are in favour or against or if the signature cannot be verified.
9. The decision of the Scrutinizer on the validity of the Ballot Form and any other related matter shall be final.
10. The results declared along with Scrutinizer's Report, shall be placed on the Company's website www.akshoptifibre.com and on the website of the Karvy Computershare Private Limited and communicated to the Bombay Stock Exchange Limited and National Stock Exchange of India Limited, where the shares of the Company are listed.
