Sh. SAGAR CHAND JAIN
18-11-1920 to 31-12-2009

With profound grief and sorrow we wish to inform the sad demise of our Chairman
Emeritus
SHRI SAGAR CHAND JAIN
who left for his heavenly abode on 31st December 2009.

Shri Jain started his business career in 1945 by forming a trading company. Over decades his vision and dedication has made Lumax a household name in India. Shri Jain was a very simple man and always worked for the betterment of society and upliftment of his family. He was a man of few words but believed in action. His passion for new technology and total focus on quality has gone a long way in making Lumax a market leader in the Indian Automotive lighting arena. Shri Jain was a very approachable man and would entertain any worker or supplier who came to meet him for his advice. He had a big heart and believed in forgiveness. The whole Lumax family prays for his kind soul and pledges to take forward the great legacy laid down by him to achieve greater heights in future.

Chairman's Message

Dear Shareholders,

With a heavy heart, I wish to inform you about the said demise of our chairman Emeritus, my father Shri Sagar Chand Jain who left for his heavenly abode on 31st December, 2009.

Through humble beginnings to a corporate entity of Rs.1000 crore, has been a journey of more than 6 decades which was the vision of Shri S.C. Jain. He was instrumental in laying a strong foundation for growth and a brighter future for the group. His principals of honesty, hard work, dedication and customer focus have made the group grow leaps and bounds and attain a respectable name throughout our customer base. November the 18th, the birthday of Shri S.C. Jain is marked as the founder's day in the whole group. This is the day when we pledge to walk on the path shown by our Chairman Emeritus with Integrity, Loyalty, Passion and Commitment, to make our group an entity which India takes pride in.

Shri S.C. Jain's loss is a big loss not only to me personally but to the whole group. I request you to join me in praying for his holy soul.

Constantly working on the path shown by our founder, in the last 6 decades the group has established 5 companies with 13 manufacturing plants across the country.

The country and auto industry weathered the storm of the worst financial crisis with a lot of courage, determination and sound government policies. The stage now looks set for bigger and better things in the coming decade, and more.

In line with the country's economic growth of 7.40%, the Indian Automobile sector showed a remarkable recovery in the year ended March 31, 2010 and it registered a growth of 25.76 percent this year, which is the highest growth rate in the last seven years.

Your company also registered a remarkable growth of 21.23% in line with Industry growth trend for the year ended March 31st 2010. The EBDITA margins were recorded at Rs.517.56 Million for this year as against Rs.278.27 million in the previous year - an increase of 86% as compared to the previous year.

With the Indian Economy on a growth path, we are all poised to be a part of this growth. However, I would like to urge that we should constantly monitor our expenses and should ensure best utilization of our resources. In the past one year, we have taken lot of measures to face recession, we must not forget these initiatives in times of growth.

I would like to thank all the employees of Lumax for their unconditional support, especially in hard times and to you for being with us through thick and thin. We remain committed towards enhancing our shareholders value.

D.K. Jain

DIVIDEND

Keeping in view of the philosophy of the Company to reward its shareholders and to continue the tradition of recommending dividend for the last 25 years, your Directors are pleased to recommend a Dividend of 30% (Rs.3/- per Equity Share) for the Financial Year 2009-2010 as against 10% for the corresponding last year. The total amount of Dividend proposed to be distributed and tax thereon aggregates to Rs. 32.70 Million (including Dividend Tax) as against Rs. 10.94 Million.

A sum of Rs. 6.00 million have been transferred to the General Reserve of the Company. This reaffirms the inherent financial strength of your Company.

BUSINESS PERFORMANCE

The global financial crises in the auto industry, which began during the latter half of 2008, was also aggravated by the substantially more expensive auto fuels linked to the 2003-08 oil crises . The related credit crunch put a lot of pressure on raw material prices, and their availability. But once again, India came up triumphant. The country and auto industry weathered the storm of the worst financial crisis with a lot of courage, determination and sound government policies. The stage now looks set for bigger and better things in the coming decade, and more.

During the year 2009-10, the recovery in the automobile sector in India was remarkably, quick and sharp. It was aided by a fairly diverse set of factors, including fiscal stimulus. The recovery in the automobile sales has been phenomenal in several aspects. It has been broad based, with all segments recovering, including heavy commercial vehicles, which was affected the most and was the last to see sales pick up. The recovery has also been quick and sharp with sales taking less than a year to revert to the trend line. This has been unprecedented in comparison to the previous downturns, where the trough in sales lasted for a few years. The same is evident from the fact that the Automobile Production has increased from 11.17 million vehicles to 14.04 million vehicles during the year 2009-10, registering an increase of 25.75% as compared to previous year and the Automobile Domestic Sales increased from 9.72 million vehicles to 12.29 million vehicles during the year 2009-10, registering an increase of 26.41% as compared to previous year. (Source: SIAM)

As your Company's business is directly dependent on the Original Equipment Manufacturer(s) of Automobiles (OEMs), consequently, in this background, during the year under review your Company has achieved a 21.23 percent growth in the Annual Sales by clocking the sales of Rs.6,341.54 million as compared to Rs. 5,230.82 million in the previous year ended March 31, 2009.

Your Company posted Earnings Before Depreciation, Interest and Tax (EBDITA) of Rs.517.56 Million for the year ended March 31st 2010 as against Rs.278.27 million in the previous year an increase of 86% as compared to the previous year.

Your Directors are pleased to inform you that as compared to Loss of Rs. 16.19 million during the previous year, your company has posted a Profit After Tax of Rs. 59.27 million. The improvement on margins was accomplished through better sales realizations, effective cost rationalization measures which included better control over the material cost and overheads cost, apart from the sharp focus on operational efficiencies.

Lumax Industries Limited

Further, pursuant to completion of negotiations with customer in relation with the company's investment in a plant in Singur, West Bengal and after giving consideration to its alternative plans, your Company has assessed the carrying value of its assets and made adequate provisions as considered necessary.

A detailed discussion on the business performance and future outlook is provided in the Chapter on Management Discussion & Analysis Report (MDA).

RECOGNITION AND AWARDS

Your Company's commitment on continuous improvement in quality and TQM practices is being recognized and appreciated by the Customers, as a result of which the Company has received the following awards and recognitions from Customers and other Agencies during the year under review :

- ❖ Silver Trophy for "Manufacturing Excellence" from ACMA.
- ❖ "Tier – 2 Upgradation" Award by Maruti Suzuki India Ltd.

- (i) That in the preparation of the Annual Accounts for the Financial Year ended 31st March, 2010, the applicable Accounting Standards have been followed along with proper explanation relating to material departures in the Auditor Report and Notes to Accounts;
- (ii) That the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit or loss of the company for that period;
- (iii) That the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- (iv) That the Directors have prepared the Annual Accounts on a "Going Concern" basis.

AUTOMOTIVE PARTS

FIXED DEPOSITS

During the year under review the company has not accepted any Deposit under Sections 58A and 58AA of the Companies Act, 1956 read with the Companies (Acceptance of Deposits) Rules, 1975.

AUDITORS

M/s S.R. Batliboi & Associates, Chartered Accountants are proposed for re-appointment as Statutory Auditors of the Company from the conclusion of the ensuing Annual General Meeting till the conclusion of the next Annual General Meeting. They have given their consent to act as Auditors of the Company and have further confirmed that their appointment would be in conformity of the provision of Section 224(1B) of the Companies Act, 1956. The Board recommends their re-appointment for the approval of members in the ensuing Annual General Meeting.

The explanations of your Board of Directors on the Auditor's observations as contained in their report, read with the relevant notes to accounts are as follows.

- (I) With reference to the observation in Para (v)(b) to the Annexure of their Report in respect of transactions exceeding Rs. 5 Lacs in which comparable prices are not available, it is explained that the nature of these transactions covers under two categories viz. (a) Designing and Development of Tools, Moulds and (b) Specialized Nature of Raw Material, Semi Finished and Finished Products.

(a) Designing and Development of Tools, Moulds

The Tools and Moulds etc are of specialized nature of products which needs to be designed and developed with specialized knowledge and skill as per the Customer specifications and requirements. The specifications provided by Customer for designing and development of Tools are of a Confidential Nature and having immense Intellectual Property Value. Therefore, the Company arranges the Designing and development of Tools with the Technical Support and Guidance from its Collaborator Stanley Electric Co., Ltd. and its associates. In some cases, the Tool designing and its development is also undertaken by Vendors which transactions are not in pursuance of such contracts and arrangements as referred to in Para (v)(b) to the Annexure of the Audit Report.

In all these cases the Company need to share the Technical Specification and Other Information of Customer which is of immense Intellectual Property Value with the Vendor which can only be done after entering into Legally binding Contracts which includes Confidentiality Agreements also, with the respective Vendor. These Vendors are Finalised after due Financial and Technical Assessment of their capability to execute the job. In view of this background, it is not possible for the Company to share the Customers Information/Specifications with alternate vendors only for the purpose of arranging comparable quotes/prices.

(b) Raw Material, Semi Finished and Finished Products

In most of these cases, the Company procures the raw material and components from the Vendors after supplying, Tools, Moulds, Jigs Dies for its manufacturing and some of the items purchased are of a specialized and unique nature for which no alternate sources of supply available to enable comparison of prices. As these raw material and components are of specialized and unique nature and its comparable market prices are not available.

- (II) With reference to the observations of the Auditor in Para (ix) (a) to the Annexure of their Report regarding slight delay in deposit of Statutory Dues, it is informed that the said dues have since been paid.

During the year, all the recommendations of the Audit Committee were accepted by the Board. Hence there is no need for disclosure of the same in this Report.

MATERIAL CHANGES AND COMMITMENTS

No material changes and commitments affecting the Financial position of the Company have occurred between April 1, 2010 and the date on which this Report has been signed.

CORPORATE SOCIAL RESPONSIBILITY

Behaving responsibly and contributing to the communities in which we operate is an essential part of our heritage. The Corporate Social Responsibility (CSR) programs is an integral part of the way the Company conducts its business.

Your Company has adopted the concept of "Nanhi Chhaan" across all facilities around August 2009, promoted by Confederation of Indian Industry (CII) for promoting the girl child amongst general population, reinforcing the sentiment of cherishing and being proud of parenting a girl and to promote community's involvement in a forestation drive, thereby impacting the environment through extended green coverage with people participation.

Under the campaign "Nanhi Chhaan" your Company has designated an area in each of the facilities and shall be used for this purpose. A banner shall be put to highlight the area with the message of "LUMAX KI NANHI CHHAAN". Whenever a girl child is born in the Lumax family, a plant sapling shall be planted in her name by the respective parent of the child together with the Plant Head of that facility. The sapling shall further have a plate bearing the name of the child, the parents name and the date of birth. Outside the area there shall be a board having the "Lumax Ki Nanhi Chhaan count till date ____", which will help any person to gauge the number of saplings planted till date.

Further, a Free Charitable Dispensary has been organized up by the Company for providing Free Checkup and medication, a doctor has been appointed and available for check ups. A Free eye check – up and Cataract Operation Camp are also being organized under these programs.

MANAGEMENT DISCUSSION & ANALYSIS
a). INDUSTRY STRUCTURE , DEVELOPMENTS AND OUTLOOK
ECONOMIC ENVIRONMENT

The fiscal year 2009-10 began as a difficult one. There was a significant slowdown in the growth rate in the second half of 2008-09, following the financial crisis that began in the industrialized nations in 2007 and spread to the real economy across the world. The growth rate of the Gross Domestic Product (GDP) in 2008-09 was 6.7 per cent, with growth in the last two quarters hovering around 6 per cent. There was apprehension that this trend would persist for some time, as the full impact of the economic slowdown in the developed world worked through the system. It was also a year of reckoning for the policy makers, who had taken a calculated risk in providing substantial fiscal expansion to counter the negative fallout of the global slowdown.

The continued recession in the developed world, for the better part of 2009-10, meant a sluggish export recovery and a slowdown in financial flows into the economy. Yet, over the span of the year, the economy posted a remarkable recovery, not only in terms of overall growth figures but, more importantly, in terms of certain fundamentals, which justify optimism for the Indian economy in the medium to long term. The real turnaround came in the second quarter of 2009-10 when the economy grew by 7.9 per cent, thereafter 8.60% in the fourth quarter and 7.40% for the full year. [Source : *Economic Survey 2009-10*]

The fast-paced recovery of the economy underscores the effectiveness of the policy response of the Government in the wake of the financial crisis. Moreover, the broad-based nature of the recovery creates scope for a gradual rollback, in due course, of some of the measures undertaken over the last fifteen to eighteen months, as part of the policy response to the global slowdown, so as to put the economy back on to the growth path of 9 per cent per annum.

AUTO AND AUTO COMPONENT INDUSTRY OUTLOOK

On the canvas of the Indian economy, automotive industry occupies a prominent place. Due to its deep forward and backward linkages with several key segments of the economy, automotive industry has a strong multiplier effect and is capable of being the driver of economic growth. A sound transportation system plays a pivotal role in the country's rapid economic and industrial development. The well-developed Indian automotive industry fulfils this catalytic role by producing a wide variety of vehicles viz passenger cars, light, medium and heavy commercial vehicles, multi-utility vehicles such as jeeps, scooters, motorcycles, mopeds, three wheelers, tractors etc.

Automotive Industry comprises of automobile and auto component sectors and is one of the key drivers of the national economy as it provides large-scale employment, having a strong multiplier effect. Being one of the largest industries in India, this industry has been witnessing impressive growth during the last two decades. It has been able to restructure itself, absorb newer technology, align itself to the global developments and realize its potential. This has significantly increased automotive industry's contribution to overall industrial growth in the country.

The Indian Automobile sector showed a remarkable recovery in the year ended March 31, 2010 and it registered a growth of 25.76 percent this year, which is the highest growth rate in the last seven years.

Passenger vehicle production crossed two million units, of which Maruti itself produced one million cars, while two – wheeler production crossed 10 million – unit mark.

Passenger vehicle sales during 2009-10 grew at 25.57 percent, utility vehicles up by 20.88 percent and MPV's growing by 40.94% in this period. The overall Commercial Vehicle segment was up by 38.31 percent during April 2009-10 as compared to the same period the previous fiscal. Two – Wheeler sales were up by 26% and overall exports during April 2009-2010 were up by 17.90%.

AUTO COMPONENT INDUSTRY

Surge in Automobile Industry since the nineties has led to robust growth of the auto component sector in the country. In tandem with the industry trends, the Indian component sector has shown great advances in recent years in terms of growth, spread, absorption of new technologies and flexibility. Indian auto component industry has seen major growth with the arrival of world vehicle manufacturers from Japan, Korea, US and Europe. Today, India is emerging as one of the key auto components center in Asia and is expected to play a significant role in the global automotive supply chain in the near future. The auto component industry is also expected to drive the growth of the engineering sector in view of its strong downstream and upstream linkages with many other segments of the engineering sector like raw materials, capital goods, intermediate products etc. Auto component industry supports industries like automobiles, machine tools, steel, aluminum, rubber, plastics, electrical, electronics, forgings and machining. India has also emerged as an outsourcing hub for auto parts for international companies such as Ford, General Motors, Daimler Chrysler, Fiat, Volkswagen, and Toyota.

The India's Automotive Component Industry manufactures the entire range of parts required by the Automobile Industry. It is conversant in all Global Automotive Standards, has appropriate investment in Research and Development, and possess the flexibility for Small Batch production to cater the OE requirements.

b). OPPORTUNITIES & THREATS

In order to face the ongoing challenges your Company has been continuously making efforts to widen its customer base, pulling in new accounts from OEM's such as Maruti Suzuki India Limited, Hero Honda, Mahindra & Mahindra (M&M), Tata Motors, Honda Motorcycle and Scooter India (HMSI), Honda Sael Cars, Ashok Leyland, Toyota and General Motors India for their upcoming products and International OEM Customers for Exports.

Further, according to CARE Research, a division of Credit Analysis and Research Limited (CARE) the domestic passenger vehicle sales to accelerate at a compounded annual growth rate (CAGR) of 13.90 percent from 1.55 million units in F.Y 2008-09 to 2.98 Million units in FY 2013-14.

Further, the domestic passenger car sales would be fuelled by small car (mini and compact sub segments) the sales of which are likely to grow at a CAGR of 15.80 percent from 0.94 million units in FY 2008-09 to 1.95 million units in FY 13-14.

Furthermore, around 70 percent of the households affording a car can actually afford to buy a small car only. This is the reason for small cars accounting for more than three – fourth of the Passenger Cars sold in India and also makes the presence in the small car sub segment one of the key success factors for a Passenger Vehicle manufacturer to be amongst the significant players in India.

INDIA LIKELY TO TAKE THE CENTRE STAGE IN SMALL CAR PRODUCTION

Original Equipment Manufacturers (OEMs) have also taken into cognizance the humungous opportunity in small car sub segment. Four out of the six launches in 2009 falls in small car sub – segment, which includes Tata Nano, Maruti Ritz, Fiat Punto and Honda Jazz. Only Tata Manza and Chevrolet Cruze fall in the mid size sub segment and eight more launches are expected in the small car sub segment in the next 15-18 months.

Global Auto majors have acknowledged India as the potential hub for the small car production, given the advantage of abundant low-cost labour, local availability of steel, aluminium and natural rubber as well as strong ancillary industry in addition to the 100 percent Foreign Direct Investment allowed in the Sector. Volkswagen, General Motors and Ford have big plans for India, specially in the small car sub segment NISSAN, the seventh - largest Passenger Vehicle manufacturer will be the latest entrant into Indian market.

Additionally, the Foreign Auto majors have either invested or are investing in setting up Research and Development (R&D) centres in India to support their manufacturing activities. While Maruti Suzuki, General Motors, Hyundai and Mercedes – Benz already have R&D centres in India, Fiat and Volkswagen are planning to set up ones here. This indicates the seriousness of their plans to make India as the epicenter to manufacture small cars. This in fact carves out a long term path towards placing India at the Centre stage of the Global Passenger Vehicle Industry.

The focus of the global auto majors on India as their small car hub corroborated with domestic players like Tata Motors and Maruti Suzuki enhancing their small car capacities would drive Passenger Vehicle exports. According to CARE Research Passenger Vehicle exports to augment at a strong CAGR of 22 percent from 335,739 units in FY- 2008-09 to 909,000 in FY 2013-14. Your Company is well placed with having five existing plants with huge manufacturing capacities and adding up three more facilities – (i) One in Haridwar - (already commenced production in March 2010), (ii) Second in Sanand, Gujarat and (iii) Third in Bidadi, Bangalore to cater the growing demand in the automotive sector.

The growing opportunity in the Indian Auto Industry with the emergence of foreign auto majors, the Indian Auto Component Industry has also to face challenges in the form of increasing insistence and demand from these Customers for Warranty Claims and Product Liability commitments. However, the Indian Component Industry is accepting the challenges of these commitments and at the same time focusing on delivery of excellent quality products to its customers. The other challenges being faced by the Auto Component Industry are presence of counterfeit components, pressure from OEMs to reduce prices, volatile environment, volatile interest rate movements, talent crunch and competition.

Your Company propose to convert the opportunities into growth of the Company by focusing on Product Quality, Design, cost reduction measures, appropriate automation leading to economic production costs and consistent quality product, strengthening I.T capability for Design, Development and Simulation, process improvements, quality up-gradations, increase market share by diversifying existing customer base with the addition of new strategic customers and enhancing the existing relationship.

Auditors' Certificate on Corporate Governance

To,
The Members of Lumax Industries Limited

We have examined the compliance of conditions of Corporate Governance by Lumax Industries Limited, for the year ended on March 31, 2010, as stipulated in clause 49 of the Listing Agreement of the said Company with Stock Exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Auditors' Report

To

The Members of Lumax Industries Limited

1. We have audited the attached Balance Sheet of Lumax Industries Limited ('the Company') as at March 31, 2010 and also the Profit and Loss account and the Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 (as amended) issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
4. Further to our comments in the Annexure referred to above, we report that:
 - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - ii. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - iii. The balance sheet, profit and loss account and cash flow statement dealt with by this report are in agreement with the books of account;
 - iv. In our opinion, the balance sheet, profit and loss account and cash flow statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956.
 - v. On the basis of the written representations received from the directors, as on March 31, 2010, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on March 31, 2010 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
 - vi. In our opinion and to the best of our information and according to the explanations given to us, the said accounts, give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;
 - a) in the case of the Balance Sheet, of the State of Affairs of the Company as at March 31, 2010;
 - b) in the case of the Profit and Loss Account, of the profit for the year ended on that date; and

- c) in the case of Cash Flow Statement, of the Cash Flows for the year ended on that date.

Annexure referred to in paragraph [3] of our report of even date **Re: Lumax Industries Limited ('the Company')**

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets were physically verified by the management in the previous years in accordance with a planned programme of verifying them once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets.
- (c) There was no substantial disposal of fixed assets during the year.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The Company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.
- (iii) (a) As informed, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956. Accordingly, the provisions of clauses (iii)(b), (iii)(c) and (iii)(d) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.
- (b) As informed, the Company has not taken any loans, secured or unsecured from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956. Accordingly, the provisions of clauses (iii)(f) and (iii)(g) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.
- (iv) The Company's major purchases of inventory and fixed assets and major sales of components are stated to be of proprietary/ specialized nature, and hence, in such cases, the comparison of prices with the market rates or with purchases from/ sales to other parties cannot be made. Read with the above, in our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for the sale of goods. The clause relating to sale of services is not applicable to the Company. During the course of our audit, no major weakness has been noticed in the internal control system in respect of these areas and accordingly the

Lumax Industries Limited

question on commenting on whether there is a continuing failure to correct major weakness in the internal control system of the Company does not arise.

- (v) (a) According to the information and explanations provided by the management, we are of the opinion that the particulars of contracts or arrangements referred to in section 301 of the Act that need to be entered into the register maintained under section 301 have been so entered.
- (b) *In respect of transactions made in pursuance of such contracts or arrangements exceeding value of Rupees five lakhs entered into during the financial year, as informed, because of the unique and specialized nature of the items involved and absence of any comparable prices, we are unable to comment whether the transactions were made at prevailing market prices at the relevant time.*
- (vi) The Company has not accepted any deposits from the public.
- (vii) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (viii) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 209(1)(d) of the Companies Act, 1956, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained.
- (ix) (a) Undisputed statutory dues including provident fund, investor education and protection fund, or employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty and excise duty have generally been regularly deposited with the appropriate authorities *though there has been a slight delay in a few cases.*

Further, since the Central Government has till date not prescribed the amount of cess payable under section 441 A of the Companies Act, 1956, we are not in a position to comment upon the regularity or otherwise of the company in depositing the same.

- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty and other undisputed statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty and cess on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (Rs)	Period to which the amount relates	Forum where dispute is pending
The Central Excise Act, 1944	Excise duty demand against rejected goods sent on 57(f)(4) challans	7,255,448	July 1994 to February 1999	High Court, Chandigarh
The Central Excise Act, 1944	Excise duty demand against excess credit taken against the material procured from 100% EOU	461,372	1999-2000 to 2001-02	High Court, Chandigarh

Name of the statute	Nature of dues	Amount (Rs)	Period to which the amount relates	Forum where dispute is pending
The Central Excise Act, 1944	Excise duty demand against excess credit taken against the material procured from 100% EOU	1,617,745	1999-2000 to 2001-02	Joint Commissioner of Central Excise-Gurgaon
Service Tax Act, 1994	Service tax demand raised on royalty and technical knowhow	3,451,809	1999-2000 to 2002-03	Joint Commissioner of Service Tax-Gurgaon
Local Area Development Tax Act, 2005	Demand of tax on certain fixed assets including interest	105,971	2000-01	Joint Excise and Taxation Commissioner (Appeals), Faridabad
Income Tax Act, 1961	Income tax demand on various disallowances	2,375,490	AY 2004-05	Commissioner of Income Tax- Appeals, New Delhi

There are no outstanding dues under dispute for provident fund, investor education and protection fund, employees' state insurance and customs duty.

- (x) The Company has no accumulated losses at the end of the financial year and it has not incurred cash losses in the current and immediately preceding financial year.
- (xi) Based on our audit procedures and as per the information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to a financial institution or bank. We have been informed that the Company has not issued any debentures.
- (xii) According to the information and explanations given to us and based on the documents and records produced to us, the Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
- (xiii) In our opinion, the Company is not a chit fund or a nidhi / mutual benefit fund / society. Therefore, the provisions of clause 4(xiii) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.
- (xiv) In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.
- (xv) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from bank or financial institutions.
- (xvi) Based on information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
- (xvii) According to the information and explanation given to us on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used

for long-term investment.

- (xviii) The Company has not made any preferential allotment of shares to parties or companies covered in the register maintained under section 301 of the Companies Act, 1956.
- (xix) The Company did not have any outstanding debentures during the year.
- (xx) The Company has not raised any money through a public issue during the year.
- (xxi) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud on or by the Company has been noticed or reported during the course of our audit.

Lumax Industries Limited

Schedule 24 : Notes to Accounts

1. Nature of operations

Lumax Industries Limited ('the Company') is a leading manufacturer and supplier of auto components, mainly automotive lighting systems for four wheeler and two wheeler applications. The Company has technical as well as financial collaboration with Stanley Electric Co. Ltd., Japan.

2. Statement of Significant Accounting Policies

a) Basis of preparation

The financial statements have been prepared to comply in all material respects in accordance with the notified Accounting Standards issued under Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which revaluation is carried out. The accounting policies have been consistently applied by the Company and are consistent with those applied in the previous year.

b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

c) Fixed Assets

- i) Fixed assets are stated at cost (or revalued amounts, as the case may be) less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which take substantial period of time to get ready for its intended use are included to the extent they relate to the period till such assets are ready to be put to use.
- ii) Insurance spares / stand by equipments are capitalized as part of respective mother assets.
- iii) In respect of accounting periods commencing on or after 7th December, 2006, exchange differences arising on reporting of the long-term foreign currency monetary items at rates different from those at which they were initially recorded during the period, or reported in the previous financial statements are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset, if these monetary items pertain to the acquisition of a depreciable fixed asset.

d) Depreciation

- i) Depreciation is provided using the Straight Line Method as per the useful lives of assets estimated by the management, or at the rates prescribed under schedule XIV of the Companies Act, 1956, whichever is higher. The rates prescribed under schedule XIV of the Companies Act, 1956 are considered fair representation for the life estimated by the management.
- ii) Cost of Leasehold land is amortized over the period of lease and leased plant and machinery is amortized over the period of lease or their useful lives whichever is lower.
- iii) Individual assets costing up-to Rs.5000/- are depreciated fully in the month of purchase.
- iv) Insurance spares / standby equipments are depreciated prospectively over the remaining useful lives of the respective mother assets.
- v) In respect of the revalued assets, the difference between the depreciation calculated on the revalued amount and that calculated on the original cost is recouped from the Revaluation Reserve Account.

e) Intangibles

Intangibles assets are amortized using straight-line method over their estimated useful lives as follows:

S.No.	Intangible Assets	Estimated Useful Life (Years)
1	Computer Software	Over the estimated economic useful lives ranging from 3.5 to 4 years
2	Technical Know-how	Over the period of Technical Assistance Agreement i.e. 8 years

Research & Development Costs

Research cost are expensed as incurred. Development expenditure incurred on an individual project is recognized as an intangible asset.

f) Impairment

- i) The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.
- ii) After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

g) Leases

Where the Company is the lessee

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income. Lease management fees, legal charges and other initial direct costs are capitalised.

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

Where the Company is the lessor

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease rentals are apportioned between principal and interest on the IRR method. The principal amount received reduces the net investment in the lease and interest is recognised as revenue. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Profit and Loss Account.

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the Profit and Loss Account on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the Profit and Loss Account. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Profit and Loss Account.

h) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long - term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long - term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of such investments.

i) Inventories

Inventories are valued as follows:

Raw materials and components, Stores and spares (including packing materials)	At Cost and Net Realizable Value, whichever is lower. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on moving weighted average basis. Cost of raw materials and components lying in bonded warehouse includes custom duty accounted for on accrual basis.
Finished goods & Traded goods, Work-in-progress and Moulds, tools and dies in process	At Cost and Net Realizable Value, whichever is lower. Cost of Finished goods and Work-in-progress (including moulds, tools and dies in process) includes direct materials, labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of traded goods is determined on moving weighted average basis. Cost of finished goods includes excise duty.
Waste	At Net Realizable Value.
Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and to make the sale.	

Lumax Industries Limited

j) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, which coincides with their delivery to the customer. Excise Duty, Sales Tax and VAT deducted from turnover (gross) are the amount that is included in the amount of turnover (gross) and not the entire amount of liability arising during the year.

Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend

Revenue is recognised when the shareholders' right to receive payment is established by the balance sheet date.

k) Miscellaneous Expenditure

Payments made under the Voluntary Retirement Scheme are amortised over a period of five years or by March 31, 2010, whichever is earlier.

l) Foreign Currency Translation

Foreign currency transactions

i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reinstatement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses.

Exchange differences, in respect of accounting periods commencing on or after 7th December, 2006, arising on reporting of long-term foreign currency monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements, in so far as they relate to the acquisition of a depreciable capital asset, are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset, and in other cases, are accumulated in a "Foreign Currency Monetary Item Translation Difference Account" in the enterprise's financial statements and amortized over the balance period of such long-term asset/liability but not beyond accounting period ending on or before 31st March, 2011.

Exchange differences arising on the settlement of monetary items not covered above, or on reporting such monetary items of company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

iv) Forward exchange contracts not intended for trading or speculation purposes

The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

m) Retirement and other Employee Benefits

i) Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation at the end of each year. The actuarial valuation is done as per projected unit credit method.

ii) Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit cost

method made at the end of each financial year. The liability as at the year end represents the differences between the actuarial valuation of the future gratuity liability of continuing employees and the fair value of the plan assets with the Life Insurance Corporation of India (LIC) as at the end of the year.

- iii) Actuarial gains/losses are immediately taken to profit and loss account.
- iv) The Company has superannuation obligation towards "Lumax Industries Limited Employees superannuation Scheme" administered by the trustees. There are no other obligations other than the contribution payable to the respective trusts.

n) Income Taxes

Tax expense comprises of current, deferred and fringe benefit tax. Current income tax and fringe benefit tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situation where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realised against future taxable profits.

At each balance sheet date, the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company recognises / writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is subsequently reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

o) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

p) Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best management estimates.

Accordingly, warranty costs are provided on an accrual basis, taking into account the past trend of warranty claims received by the Company, to settle the obligation at the balance sheet date.

q) Expenditure on new projects and substantial expansion

Expenditure directly relating to construction activity is capitalised. Indirect expenditure incurred during construction period is capitalised as part of the construction cost to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period which is not related to the construction activity nor is incidental thereto is charged to the Profit and Loss Account. Income earned, if any, during construction period is deducted from the total of the indirect expenditure.

All direct capital expenditure on expansion are capitalised. As regards indirect expenditure on expansion, only that portion is capitalised which represents the marginal increase in such expenditure involved as a result of capital expansion. Both direct and indirect expenditure are capitalised only if they increase the value of the asset beyond its original standard of performance.

Lumax Industries Limited

r) Segment Reporting Policies

The Company's operating businesses are organised and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the geographical location of the customers.

s) Cash and Cash equivalents

Cash and cash equivalents in the cash flow statement comprise cash at bank and in hand and short- term investments with an original maturity of three months or less.

t) Derivative instruments

As per the ICAI Announcement, accounting for derivative contracts, other than those covered under AS-11, are marked to market on a portfolio basis, and the net loss after considering the offsetting effect on the underlying hedge item is charged to the income statement. Net gains are ignored.

3. Segment Information
