## CHAIRMAN STATEMENT 2010

Dear Shareholders,

One of the biggest challenges in business is to get an organization to respond quickly to the changing business environment.

It was only a few years ago that everybody was rushing into film production in a big way as there were several corporate buyers, venturing to purchase rights of movies. High acquisition costs of film rights made production attractive but also resulted in production costs artificially going up particularly those with big star cast as demand outstripped supply. Movies with big stars was a panacea for quick returns and corporates wanting to show healthy top lines were signing up movies with big stars hoping to cash in on the hype. The consequence of this “gold rush” was star prices going through the roof, margins rapidly turning negative and as was inevitable when corporate pulled out, the production sector crashed.

Mukta Arts was among the first companies to foresee the rapidly changing scenario and was quickly able to rework existing projects and shelve projects unviable in the changed scenario. Companies that had invested heavily in production and paid up hefty signing amounts at prices that were meant to yield table profits took big hits or were not able to find buyers at rational prices. Mukta's quick response clubbed with its internal strength of movie distribution enabled it to change direction mid-stream with minimal collateral damage.

The focus of Mukta in the interim phase shifted to exhibition and distribution which though a low margin business was a low risk business. This is not to say that Mukta Arts is diluting its production strength. It has always been my vision and hope that production should be built on the strength of good stories and scripts, supported by good performances and innovative marketing. Good performers in well scripted movies are the future stars. I myself have been responsible for good actors turning into stars. However the challenge has always been to encash on the brand value of the star having contributed in making them into big brand names. There is no simple solution and answer to this. It is hardly surprising that many industry families launch their own family members to keep the brand value within the family or work closely with a few select stars. I myself have attempted to break away from this mould so that actors are launched on their inherent strength and work their way to stardom. It was with this thought that I launched Whistling Woods International (WWI) and I foresee that WWI would germinate a large talent pool creating a much wider base of stars to help the production sector move into script led success rather than star led hits. I am experimenting with this thought and have launched the first movie with talent primarily from WWI. The movie “Paschim Express” is expected to be released next year.

We have seen a similar over pricing phenomenon in the exhibition sector where costs of construction of multiplexes or leasing shells for multiplexes have been so high that they are struggling to break even. High real estate prices resulting in high ticket prices, stiff competition in residential catchment areas among multiplexes and lack of content that can attract or push clients into theatres is resulting in occupancy levels of just around 30%.

We spot an opportunity for miniplexes in cities where good theatres are non-existent. We had pioneered digital projection systems in India and seeing these in place with satellite delivery systems, the dream of movies reaching tier two and three cities simultaneously with A centres has become a reality. Mukta Arts is setting out to convert single screens in some cities into single/multiple screens and converting them into a comfortable viewing chain of low cost miniplexes or set up multiplexes in new malls. The concept of Mukta Arts Cinemas has already taken off the ground and we have already signed up with malls at Bhopal, Ahmedabad and Baroda. We hope to tie-up for 20 more theatres in the next two years and use them to build up our distribution and exhibition strength. We hope to convert this into a significant business opportunity.

I am confident that our Company will emerge as one of the leaders in Media and Entertainment. Already in terms of Media and Entertainment education the Company is a market leader in India. Two significant tie-ups have established the leadership of WWIL even further. The first is a tie-up with Central Board of Secondary Education (CBSE) introducing media education at the 11<sup>th</sup> and 12<sup>th</sup> standard level. While the pilot project has started this year with about 15 CBSE schools and over 300 students primarily in Mumbai, Pune and Delhi, by next year this is expected to expand to most CBSE schools.

The second tie-up is with Centum Learning Limited (a Bharti Airtel associate company) whereby WWI has designed the curriculum for media and entertainment in all its education centres. In the first phase this covers cities of Pune, Delhi, Mohali, Mumbai and Hyderabad and by next year is expected to include 15 new centres. WWIL is not only currently advising Centum on this segment of education but is also hand holding and giving a part of the training at its campus. These new verticals alongwith the current MBA project which WWIL runs with Manipal Universal ensures WWI's presence in media education in schools, colleges and post production extending its sphere of activity beyond its Film City complex. Education is recognized as a fast growing opportunity and we feel that we are ahead of the curve and can encash on this opportunity in years to come. WWIL expects to show profits in 2011.

The third convocation of WWI was held recently where Shri Shammi Kapoor and Shri Gulzar were conferred Lifetime Achievement Awards and a keynote address were presented by Shekhar Kapur to the students. This was also the occasion where the first batch of MBA (M&E) students entered the industry.

I thank you the shareholders in continuing to have faith in my leadership and assure you that the Company which has not shown good results this year is poised to show good results in years to come.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Industry Performance:

The Entertainment industry grew at a marginal 2% as indicated in PWC's research report and while some sectors of the industry have shown healthy growths sectors such as print, film and OOH have shown negative growth with film sector showing -11% growth as against the GDP growth which is estimated to be between 8-9%.

Developments that have occurred during the year which are likely to affect the industry positively or negatively include

- (a) While growth in the multiplexes continues growth rates have slowed down.
- (b) There is almost a total collapse in the home video market. In an effort to reduce video sell through rates to match the street prices of the pirates, video as a territory for producers has been killed.
- (c) Physical formats in music has virtually collapsed and the primary business continues to be in the download and mobile CRBT segment.
- (d) Producers are under pressure to recover almost their entire production costs primarily from the theatrical market and satellite rights. This has brought down margins and made production a risky proposition.
- (e) Internet downloads have not taken off significantly but streaming has taken off in a big way. Its monetization in any significant way is yet to happen given the ad driven revenue model with too many intermediaries.
- (f) The DTH market is growing well and seems to be on track and may become a major competitor to cable in years to come. HD channels on DTH will further spurt the growth.
- (g) The emergence of 3G on the horizon gives hope for increased content use and monetization in the mobile space.
- (h) FM radio continues to be stable, however further licensing has got delayed significantly.
- (i) IPL has made cricket into a major entertainment event and despite the various controversies surrounding the IPL it has remained and will continue to be the single largest happening in sports entertainment space.
- (j) The entry of Hollywood Studios in the production space has not made any waves as the early entrants have not had good pay offs.

### Company Performance:

The Company slowed down in its production sector and released only two movies which were in the pipeline "Paying Guest" directed by Paritosh Painter starring Shreyas Talpade, Jaaved Jafferri, Aashish Chowdhary, Vatsal Sheth, Celina Jaitley, Neha Dhupia, Riya Sen, Sayali Bhagat and others and "Right Yaaa Wrong" directed by Neeraj Pathak starring Sunny Deol, Irrfan Khan, Eesha Koppikhar, Konkona Sen, Sanjay Singh, Deepal Shaw and others. Owing to the collapse of the buyers, Mukta Arts had to risk releasing both the movies itself. Neither of the two movies performed very well at the Box Office, "Paying Guest" had an average run and "Right Yaaa Wrong" despite getting good critical acclaim was overrun by the IPL which took place at the time of release. This resulted in the Company having significant losses during the year. The losses were also high as the Company amortised the entire cost of the movies at release, despite the fact that some of the rights would be sold in subsequent years.

The movies in the pipeline include "Hello Darling" (releasing on 27th August) and "Paschim Express" which uses fresh talent from WWIL. This is a bold new experiment using talent from the pool generated by WWIL and if this succeeds we hope to scale this up in a big way. The other movies in the pipeline is the Bengali movie "Nauka Dubi" directed by Rituparno Ghosh which is now complete and we expect to release it in the forthcoming year which is also the 150<sup>th</sup> Birth Anniversary of Rabindranath Tagore, since the movie is based on one of his stories. Company has signed well known Director, Mr. Priyadarshan to direct one of its forthcoming films.

### Distribution and Exhibition:

The Company's distribution and exhibition business did reasonably well during the year. Among the movies distributed during the year were "Acid Factory", "All the Best", "Athithi Tum Kab Jaoge", "Aa Dekhe Zara", "Avatar", "District-9", "Jail", "Ishqiya", "My Name is Khan", "Shaapit", "Teen Patti", "X-Man Origins" etc.

The Company had withdrawn from exhibition booking after its tie-up as PVR ended. The Company has thereafter tied up with Reliance Big Cinemas and is currently booking for all their theatres in addition to several other exhibitors in Delhi, UP and Punjab.

The Company has also taken an initiative in signing up for a few theatres in new Malls in A class cities as also in tier two and three cities in an effort to convert them into low cost multiplexes and plans to expand rapidly in this space. They would have digital screenings, comfortable seating, air cooled / air conditioned and computerized booking.

The Company has completed the Audeus and Communication Centre complex. A major portion of the Audeus complex has been leased out to NDTV Imagine now taken over by Turner International, a Viacom company. A major portion of the Communication Centre has been leased out to Reliance Media Works Ltd. Mukta Arts offices have moved to the top floor of the Communication Centre which is now called as Mukta House. Some portion of the Audeus complex and Mukta House are yet to be leased out and we hope to lease it out soon.

**Whistling Woods International Limited:**

During the year WWIL showed good growth and its student community continued to increase. WWIL has virtually become a most visited spot for those interested in Bollywood and the Film City.

Among the important guests that visited WWIL include the Premier of Bermuda Ewart Brown and the US Under Secretary Ms. Judith McHale, Consul General of the US-Paul Folmsbee and the Consul General of the Netherlands- Ms. Marieke Littel.

During the year, films of Whistling Woods International students were sent to various Film Festivals including the PIFF 2010. An animation film made by WWI students won the Best Film Award at the PIFF Students competitive section and MIFF 2010.

The Mumbai International Children's Film Festival and IberMumbai were conducted at the WWI campus.

In another significant development WWIL has tied up with the CBSE and Centum Learning Limited (a Bharti Airtel associate company). The tie-ups are based on WWI developing curriculum and programmes in Media and Entertainment studies for CBSE 11<sup>th</sup> and 12<sup>th</sup> standard and for Graduates and Post Graduates for Centum Learning. Part of the training will be done at WWIL.

#### **Others**

Public Interest Litigation ('PIL') has been filed by Mr. Abdul Hamid Patel & Others alleging that the Maharashtra Film Stage and Cultural Development Corporation Limited (MFSCDCL) has not followed proper procedure while allotting the 20 acre land to the Company. The PIL is admitted and pending before the High Court. However, no injunction/interim relief was granted to the petitioners. In the opinion of the management, the Company has a good chance of winning the case. In the year 1973-74, the Government of Maharashtra ('GOM'), as per the scheme, invited applications of plots for development of film industry infrastructure in film city at Goregaon (East), Mumbai. Many applications were received and M/s PDR Videotronics (India) Private Limited ('PDR') was one of the applicant. The GOM issued a letter to PDR for allotment of one hectare of land. Thereafter, MFSCDCL was formed for development of film city and as per the recommendation of Godbole Committee, the above scheme was scrapped. However, before scrapping of the scheme, PDR filed a suit in the High Court demanding specific performance of the scheme. The High Court admitted the suit and same is still pending. Meanwhile, PDR took out a notice of motion saying that MFSCDCL is carrying out the activities on the allotted land thereby affecting their rights. Since the MFSCDCL didn't argue the High Court granted the injunction in favour of PDR. Thereafter in the year 2003, the contempt petition was filed by PDR alleging that the construction work is being carried out on the said allotted land in violation of injunction. However, subsequently the contempt petition was disposed off by the High Court. PDR took out another notice of motion on the same issue. The High Court refused to grant any relief to PDR and directed that the notice of motion be clubbed with the original suit of PDR against MFSCDCL and same suit to be expedited. With a view to peacefully resolve the issue, the Company has offered to earmark one hectare of land out of the available free land for a possible assignment to PDR, in case the final decision of the High Court is in the favour of PDR. In the opinion of the management the Company has a good chance of winning the case. Arrears of dividend on RCPS (Redeemable Cumulative Preference Shares) excluding dividend distribution tax not provided Rs 47,123,287 (2009: Rs 31,123,287)

The Management's explanation to the Auditors observation in their report is detailed herein below:

- 1) The Auditors have observed that no provision has been made in the Financial Statements for the Income Tax Liability for the Assessment year 2003-04, 2004-05, 2005-06 and 2006-07. Management has capitalized all costs till commencement of Project. In case interest Income is considered, as per the Appellate Tribunal Order, then corresponding administrative expenses for the relevant period also needs to be considered which will leave no taxable Income. Management has gone in appeal as only the income has been considered disallowing capitalization of the same. Management has been advised that stand is correct and chances of success in appeal are fair, hence no provision is made.
- 2) Fixed assets register were prepared and presented for the perusal of the Auditors; however it was observed by Auditors that process of purchase and recording of assets needs to be strengthened. Management has introduced necessary controls to streamline the process.
- 3) The Institute is presently working at 75% of its optimum capacity in line with the projections prepared at the time of commencement of the Institute. The losses include large amounts of depreciation provided. Management is hopeful of wiping of the accumulated losses in the next few years when the optimum capacity utilization is achieved.
- 4) During the project development stage, the short term funds available with the Company have been utilized partly for project related expenditure.
- 5) Due to the temporary funds constraint, there has been slight delay in repayment of loan to Punjab National Bank.

The management evaluates all recently issued and revised accounting standards on an ongoing basis

**2.2 Use of estimates**

The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. ## SCHEDULES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2010

### 2. Summary of significant accounting policies (*Continued*)

#### 2.5 Impairment

In accordance with AS 28 on 'Impairment of Assets', where there is an indication of impairment of the Company's assets, the carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any impairment. The recoverable amount of the asset (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. An impairment loss is recognised whenever the carrying amount of an asset or the cash generating unit exceeds its recoverable amount. Impairment loss is recognised in the profit and loss account or against revaluation surplus, where applicable.

Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the assets and from their disposal at the end of their useful life.

#### 2.6 Retirement benefits

##### (a) Defined contribution plan

The Company makes contribution towards provident fund to a defined contribution retirement benefit plan for qualifying employees. Both the employee and the Company make monthly contribution equal to a specified percentage of the covered employee's salary. The monthly contributions payable to the Provident fund are charged to the profit and loss account as incurred.

##### (b) Defined benefit plans

The Company provides for gratuity using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognized in the profit and loss account in the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested, and otherwise is amortised on a straight-line basis over the average period until the benefits become vested.

The retirement benefit obligation recognized in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from the calculation is limited to the present value of available refunds and reductions in future contributions to the scheme. The gratuity plan is managed by LIC to which contributions are made by the Company.

##### (c) Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave and sickness leave. Short term employee benefits are recognised as an expense at the undiscounted amount in the profit and loss account of the year in which the related service is rendered.

##### (d) Other Long term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the Balance Sheet date. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

#### 2.7 Revenue recognition

Revenue from tuition fee is recognized over the period of the course. Revenue from acceptance and admission fees is recognized at the time of acceptance/admission of the student. Revenue from sale of prospectus and other materials/goods is recognized on delivery to the student.

Monetary assets and liabilities in foreign currency which are outstanding as at the period-end are translated at the period-end at the closing exchange rate and the resultant exchange differences are recognised in the profit and loss account.

Deferred tax assets and liabilities are measured using the tax rates and the tax laws that have been enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in the future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is virtual certainty of realisation of such assets. Deferred tax assets are reassessed for the appropriateness of their respective carrying values at each balance sheet date.

### *Others*

Public Interest Litigation ('PIL') has been filed by Mr. Abdul Hamid Patel & Others alleging that the Maharashtra Film Stage and Cultural Development Corporation Limited (MFSCDCL) has not followed proper procedure while allotting the 20 acre land to the Company. The PIL is admitted and pending before the High Court. However, no injunction/interim relief was granted to the petitioners. In the opinion of the management, the Company has a good chance of winning the case.

In the year 1973-74, the Government of Maharashtra ('GOM'), as per the scheme, invited applications of plots for development of film industry infrastructure in film city at Goregaon (East), Mumbai. Many applications were received and M/s PDR Videotronics (India) Private Limited ('PDR') was one of the applicant. The GOM issued a letter to PDR for allotment of one hectare of land. Thereafter, MFSCDCL was formed for development of film city and as per the recommendation of Godbole Committee, the above scheme was scrapped. However, before scrapping of the scheme, PDR filed a suit in the High Court demanding specific performance of the scheme. The High Court admitted the suit and same is still pending. Meanwhile, PDR took out a notice of motion saying that MFSCDCL is carrying out the activities on the allotted land thereby affecting their rights. Since the MFSCDCL didn't argue the High Court granted the injunction in favour of PDR. Thereafter in the year 2003, the contempt petition was filed by PDR alleging that the construction work is being carried out on the said allotted land in violation of injunction. However, subsequently the contempt petition was disposed off by the High Court. PDR took out another notice of motion on the same issue. The High Court refused to grant any relief to PDR and directed that the notice of motion be clubbed with the original suit of PDR against MFSCDCL and same suit to be expedited. With a view to peacefully resolve the issue, the Company has offered to earmark one hectare of land out of the available free land for a possible assignment to PDR, in case the final decision of the High Court is in the favour of PDR. In the opinion of the management the Company has a good chance of winning the case.
