**CHAIRMAN MESSAGE**

Dear and Esteemed Fellow Shareholders,

I am delighted to interact with you and present the annual report with financial statements of your Company for the fiscal 2019-20.

FY 2019-20 posed a challenging environment for the Indian economy, marked by liquidity constraints, muted investments, weak consumption and volatile raw material prices. Various macro indicators as well as overall GDP growth witnessed consistent deceleration. GDP which was 7.2% in FY2018 fell to 6.1% in FY2019. Now, it seems to have decelerated to 4.2% in FY2020 — driven by a mere 3.1% growth in January-March 2020.

These challenges were further aggravated by outbreak of COVID-19 pandemic towards the end of the fiscal year. As a responsible corporate entity, Beta family selflessly undertook a series of measures to ensure safety and well-being of our employees, partners and to support, distributors, customers, and close by communities.

In this milieu of challenging economic environment, your company (BDL) has performed well. The company's topline and bottom line grew at a healthy pace while EBITDA margins witnessed an expansion of 167 basis points improving to 20.15% from 18.47% compared with the same period a year ago. This was primarily driven by increased sale of own brand oncology products and exports to Asian, African countries & Latin America Countries.

During the year, BDL has continued its quest to cement its place as one of the premier manufacturer of Oncology medicines. The market for oncology medication is growing at a fast clip and its market size is estimated to be US\$200 billion which shows that BDL has a long runway of opportunities ahead.

❖ **ROAD AHEAD**

Our future priorities are as follows:

TKI's to drive growth

BDL is poised for strong growth as it has ventured into fast growing targeted therapy market with Tyrosine Kinase Inhibitors (TKIs), which accounts for 25% of total Oncology market in India and New Drug Delivery System (NDDS). The company plans to launch approximately sixteen new TKI's out of which eight TKI's are going to be off patent in next three years and have a current market size of more than Rs 400cr growing in double digits annually.

Presently, BDL has developed in-house a portfolio of 6 TKIs; Beedan (Dasatinib), Adtrinib (Sorafenib), Hertinib (Lapatinib), Gemcitabine (Ready to use), Docetaxel (Ready to use) & Erlotad (Erlotinib). We are glad to announce launch of first Indian

generic brand of DASATINIB; BEEDAN, which has put our company on a leadership ladder for the molecule. To provide the best quality and yet make drugs affordable, company intends to manufacture both API and formulation in-house for all the new molecules.

Pre-Filled Syringe Setup

BDL is also strengthening its market share of existing molecules by setting up a manufacturing facility of Pre-Filled Syringe which will be commissioned by end of Sept'2020. It will help to improve the product life cycle of existing products by providing advantage of patient compliance, ease of use, eliminating dosing error & less wastage of expensive drugs.

Increase High Margin Exports

BDL is focused on building a robust and high margin exports business for which it has built a strong exports sales team led by pharma professional with experience of over 25+ years in Oncology exports. Company's Uzbek venture is also shaping up well. Its 12 injectable have got registered and has received its (FIRST EXPORT ORDER).

On behalf of the Board and management, I would like to thank our shareholders, customers, distributors and other stakeholders for their continued support and trust. And a special thanks to all our employees for their sheer hard work and commitment, which has helped the company to deliver strong performance.

It is an honor to serve you all.

With Warm Regards

Sd/-

MANAGEMENT DISCUSSION AND ANALYSIS

In terms of Regulation 34 of SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 the Management Discussion and Analysis Report (MDAR) is structured as follows:

- Industry structure and developments
- Opportunities & Threats
- Segment-wise or product-wise performance
- Outlook
- Risk and Concerns
- Internal Control System
- Financial and operational performance
- Material Development in Human Resources

Some Statements in this discussion may be forward looking. Future performance may however differ from those stated in the management discussion and analysis on account of various factors such as changes in Government regulations, tax regimes, impact of competition, etc.

❖ INDUSTRY STRUCTURE AND DEVELOPMENTS:

Global growth is estimated at -4.9 percent in 2020, 1.9 percentage points below the April 2020 World Economic Outlook (WEO) projection. The COVID-19 pandemic has had a very damaging impact on activity in the first half of 2020 than expected, and the recovery is forecasted to be more gradual than previously expected. In 2021 global growth is forecasted at 5.4%. Overall, this would leave 2021 GDP some 6½ percentage points lower than in the pre-COVID-19 projections of January 2020. The adverse impact on low-income households is particularly acute, imperiling the significant progress made in reducing extreme poverty in the world since the 1990s. The Indian economy expanded 3.1 percent year-on-year in the first quarter of 2020, beating market forecasts of a 2.1 percent rise. Still, it is the slowest GDP growth since quarterly data became available in 2004, as the country imposed a nationwide lockdown from March 24th aiming to contain the spread of the coronavirus.

However, Indian pharma has been relatively resilient to the COVID disruption, and is poised to gain from favourable currency tailwinds and stable outlook for India.

❖ OPPORTUNITIES & THREATS:

While the domestic and International economic conditions continue to remain challenging and are expected to remain for some more time, we expect that with wide range of products, quality standards and team efforts, your Company will be in a position to weather this situation. Your Company has continued to be the preferred supplier of many leading companies and has been successful in expanding its approval base, adding leading players from the industry. Therefore, we expect that your Company will continue to be in a position to gradually expand its market reach and improve its market share. The Company regularly insures all its assets to enable itself in case of any mis-happening. The Company has formed a risk management team which constantly monitors the Indian and international markets and guides the management of any sort of prevailing risk to the company. The commodities prices being internationally traded are affected by the global market demand and supply forces and the dollar rate. The risk management team plays a major role here. Moreover, the industry is labour oriented and business operations of the Company may be materially affected by strikes, lock outs or work stoppage.

❖ SEGMENT WISE OR PRODUCT WISE PERFORMANCE:

Your company has only one segment that is trading and manufacturing of pharmaceutical products.

❖ OVERVIEW & OUTLOOK:

Indian pharmaceuticals industry is well respected worldwide and is one of the most successful industries in India contributing greatly to country's healthcare outcomes and GDP. Top notch capabilities and advantageous market conditions over the last many years have ensured that India continues to be one of the most profitable pharma markets across the world. It remains an attractive destination for generic R&D and manufacturing of pharmaceuticals owing to its strong capabilities across the value chain.

Oncology drugs market is expected to grow at a fast clip across the world primarily driven by an ageing population and lifestyle changes making population susceptible to cancer. In India the Oncology drugs market is expected market to grow in double digits for the next many years to come. Therefore, Beta Drugs being a leader in the oncology segment has long runaway ahead both in terms of opportunities and growth.

"ANNEXURE-B" TO THE AUDITORS' REPORT

Referred to in Paragraph 7 of Our Report of Even Date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Beta Drugs Limited** ("the Company") as of 31 March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with

generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

"ANNEXURE-B" TO THE AUDITORS' REPORT

Referred to in Paragraph 7 of Our Report of Even Date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Beta Drugs Limited** ("the Group") as of 31 March 2020 in conjunction with our audit of the financial statements of the Group for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2)

provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Companies have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**"ANNEXURE-B" TO THE AUDITORS' REPORT*****Referred to in Paragraph 7 of Our Report of Even Date*****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Adley Formulations Private Limited** ("the Company") as of 31 March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

"ANNEXURE-B" TO THE AUDITORS' REPORT***Referred to in Paragraph 7 of Our Report of Even Date*****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Adley Lab Limited** ("the Company") as of 31 March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance

regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
